

ITEM 9
LEGISLATIVE UPDATE
2021 LEGISLATION

The 2021-22 Regular Legislative Session convened on December 7, 2020. The Legislature was originally scheduled to return from interim recess on January 4, 2021, however, due to the surge in Covid-19 infections including more than a dozen cases among Capitol staff since the Legislature has reconvened, their return has been pushed back to January 11, 2021. There are no new bills related to the mandates process to report on at this time. However, Commission staff will continue to monitor for any legislation that affects the mandates process.
