1 SECTION 1. LEGISLATIVE HISTORY PRIOR TO JANUARY 1, 1975

2 None. The Leroy Greene State School Building Lease-Purchase Law of 1976,
3 was adopted after this date. All other bonds and funding sources providing for school
4 and community college construction, renovation, maintenance and modernization of
5 facilities, included in this test claim, were adopted after January 1, 1975.

6 SECTION 2. LEGISLATIVE HISTORY AFTER JANUARY 1, 1975

7 A. EDUCATION CODES

8 PART 10. SCHOOL BONDS

9 CHAPTER 1.5. STRICT ACCOUNTABILITY IN LOCAL SCHOOL
10 CONSTRUCTION BONDS ACT OF 2000

11 Chapter 44, Statutes of 2000, Section 3, added Chapter 1.5, "Strict
12 Accountability in Local School Construction Bonds Act of 2000," operative upon
13 passage of Initiative Measure (Prop. 39) at the November 7, 2000, general election.

14 ARTICLE 1. GENERAL PROVISIONS

15 Chapter 44, Statutes of 2000, Section 3, added Education Code Section 15264²

² Education Code Section 15264, added by Chapter 44, Statutes of 2000,
Section 3:

"It is the intent of the Legislature that all of the following are realized:

(a) Vigorous efforts are undertaken to ensure that the expenditure of bond
measures, including those authorized pursuant to paragraph (3) of subdivision (b) of
Section 1 of Article XIII A of the California Constitution, are in strict conformity with the
law.

(b) Taxpayers directly participate in the oversight of bond expenditures.

(c) The members of the oversight committees appointed pursuant to this chapter
promptly alert the public to any waste or improper expenditure of school construction

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 to state that vigorous efforts must be undertaken to ensure that the expenditure of bond
2 measures are in strict conformity with the law. Subdivision (c) requires that the
3 members of the oversight committees, appointed pursuant to Article 2 "Citizens'
4 Oversight Committee," Sections 15278 through 15282, promptly alert the public to any
5 waste or improper expenditure of school construction money. Subdivision (d) requires
6 that unauthorized expenditures of school construction bond revenues be vigorously
7 investigated and prosecuted.

8 Chapter 132, Statutes of 2001, Section 1, amended Education Code Section
9 15266³. Subdivision (a) provides that the governing board of a school or community

bond money.

(d) That unauthorized expenditures of school construction bond revenues are vigorously investigated, prosecuted, and that the courts act swiftly to restrain any improper expenditures."

³ Education Code Section 15266, added by Chapter 44, Statutes of 2000, Section 3, as amended by Chapter 132, Statutes of 2001, Section 1:

"(a) As an alternative to authorizing and issuing bonds pursuant to Chapter 1 (commencing with Section 15100) or Chapter 2 (commencing with Section 15300), the governing board of a school district or community college district may decide, pursuant to a two-thirds vote and subject to Section 15100 or 15302, as appropriate, to pursue the authorization and issuance of bonds pursuant to paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution and subdivision (b) of Section 18 of Article XVI of the California Constitution. An election may only be ordered on the question of whether bonds of a school district or community college district shall be issued and sold pursuant to subdivision (b) of Section 18 of Article XVI of the California Constitution at a primary or general election, a regularly scheduled local election, or a statewide special election.

(b) Upon adopting a resolution to incur bonded indebtedness pursuant to subdivision (b) of Section 18 of Article XVI of the California Constitution and after the question has been submitted to the voters, if approved at the election, the bonds shall be issued pursuant to paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 college district shall, as may be necessary, pursue the authorization and issuance of
2 bonds in accordance with paragraph (3) of subdivision (b) of Section 1 of Article XIII A of
3 the California Constitution⁴ requiring that any proposition for bonded indebtedness

California Constitution and this chapter, and the governing board may not, regardless of the number of votes cast in favor of the bond, subsequently proceed exclusively under Chapter 1 (commencing with Section 15100) or under Chapter 2 (commencing with Section 15300), as appropriate. Where not inconsistent, the provisions of Chapter 1 (commencing with Section 15100) or Chapter 2 (commencing with Section 15300), as appropriate, shall apply to this chapter.”

⁴ Section 1, Article XIII A, California Constitution, Paragraph 3, Subdivision (b):

“(a) The maximum amount of any ad valorem tax on real property shall not exceed one percent (1%) of the full cash value of such property. The one percent (1%) tax to be collected by the counties and apportioned according to law to the districts within the counties.

(b) The limitation provided for in subdivision (a) shall not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on any of the following: (1) Indebtedness approved by the voters prior to July 1, 1978. (2) Bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition. (3) Bonded indebtedness incurred by a school district, community college district, or county office of education for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, approved by 55 percent of the voters of the district or county, as appropriate, voting on the proposition on or after the effective date of the measure adding this paragraph. This paragraph shall apply only if the proposition approved by the voters and resulting in the bonded indebtedness includes all of the following accountability requirements: (A) A requirement that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b) (3), and not for any other purpose, including teacher and administrator salaries and other school operating expenses. (B) A list of the specific school facilities projects to be funded and certification that the school district board, community college board, or county office of education has evaluated safety, class size reduction, and information technology needs in developing that list. (C) A requirement that the school district board, community college board, or county office of education conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed. (D) A requirement that the school district

1 approved by the voters must comply with the following:

2 (A) The proceeds from the sale of the bonds be used only for the purposes
3 specified herein, and not for any other purpose, including teacher and
4 administrator salaries and other school operating expenses;

5 (B) A list of the specific school facilities projects to be funded and certification
6 that the school district board, community college board, or county office of
7 education has evaluated safety, class size reduction, and information technology
8 needs in developing that list;

9 (C) The assurance that the school district board, community college board, or
10 county office of education conducted an annual, independent performance audit
11 providing that the funds have been expended only on the specific projects listed;
12 and

13 (D) A requirement that the school district board, community college board, or
14 county office of education conduct an annual, independent financial audit of the
15 proceeds from the sale of the bonds until all of those proceeds have been
16 expended for the school facilities projects.

17 The governing board of a school or community college district shall also, as may be

board, community college board, or county office of education conduct an annual,
independent financial audit of the proceeds from the sale of the bonds until all of those
proceeds have been expended for the school facilities projects.

(c) Notwithstanding any other provisions of law or of this Constitution, school
districts, community college districts, and county offices of education may levy a 55
percent vote ad valorem tax pursuant to subdivision (b)."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 necessary, pursue the authorization and issuance of bonds in accordance with
2 subdivision (b) of Section 18 of Article XVI of the California Constitution⁵ requiring that
3 any proposition for the incurrence of indebtedness in the form of general obligation
4 bonds for the construction, reconstruction, rehabilitation, or replacement of school

⁵ Section 18, Article XVI, California Constitution, Subdivision (b):

“(a) No county, city, town, township, board of education, or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the voters of the public entity voting at an election to be held for that purpose, except that with respect to any such public entity which is authorized to incur indebtedness for public school purposes, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the purpose of repairing, reconstructing or replacing public school buildings determined, in the manner prescribed by law, to be structurally unsafe for school use, shall be adopted upon the approval of a majority of the voters of the public entity voting on the proposition at such election; nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and to provide for a sinking fund for the payment of the principal thereof, on or before maturity, which shall not exceed forty years from the time of contracting the indebtedness.

(b) Notwithstanding subdivision (a), on or after the effective date of the measure adding this subdivision, in the case of any school district, community college district, or county office of education, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, shall be adopted upon the approval of 55 percent of the voters of the district or county, as appropriate, voting on the proposition at an election. This subdivision shall apply only to a proposition for the incurrence of indebtedness in the form of general obligation bonds for the purposes specified in this subdivision if the proposition meets all of the accountability requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A.

(c) When two or more propositions for incurring any indebtedness or liability are submitted at the same election, the votes cast for and against each proposition shall be counted separately, and when two-thirds or a majority or 55 percent of the voters, as the case may be, voting on any one of those propositions, vote in favor thereof, the proposition shall be deemed adopted.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 facilities, including the furnishing and equipping of school facilities, or the acquisition or
2 lease of real property for school facilities, shall be adopted only upon the approval of 55
3 percent of the voters of the district or county. A school district or community college
4 district shall, as may be necessary, pursue authorization and issuance of bonds under
5 either section of the California Constitution as opposed to seeking authorization and
6 issuance of bonds pursuant to Chapter 1 "Bonds of School Districts and Community
7 College Districts" (commencing with Section 15100) or Chapter 2 "Bonds of School
8 Facilities Improvement Districts" (commencing with Section 15300). However, a school
9 district or community college shall only order an election on bonds pursuant to
10 subdivision (b) of Section 18 of Article XVI of the California Constitution at a primary or
11 general election, a regularly scheduled local election, or a statewide special election.
12 Subdivision (b) provides that upon adopting a resolution to incur bonded indebtedness
13 pursuant to subdivision (b) of Section 18 of Article XVI of the California Constitution and
14 after the question has been submitted to the voters, if approved at the election, the
15 bonds shall be issued pursuant to paragraph (3) of subdivision (b) of Section 1 of Article
16 XIII A of the California Constitution and this chapter. The governing board may not then,
17 regardless of the number of votes cast in favor of the bond, subsequently proceed
18 exclusively under Chapter 1 "Bonds of School Districts and Community College
19 Districts" or under Chapter 2 "Bonds of School Facilities Improvement Districts."
20 However, where not inconsistent, the provisions of Chapter 1 or Chapter 2, as
21 appropriate, shall also apply to this chapter.

1 Chapter 580, Statutes of 2000, Section 2, amended Education Code Section
2 15268⁶ to set the total amount of bonds that may be issued to school districts or
3 community college districts. The bonds shall not exceed 1.25 percent of the taxable
4 property of the district as shown by the last equalized assessment of the county or
5 counties in which the district is located. Bonds may only be issued if the tax rate levied
6 to meet the requirements of Section 18 of Article XVI of the California Constitution (see
7 Fn. 4 supra) in the case of indebtedness incurred by a school district pursuant to this
8 chapter, at a single election, would not exceed thirty dollars (\$30) per year per one
9 hundred thousand dollars (\$100,000) of taxable property when assessed valuation is
10 projected by the district to increase in accordance with Article XIII A of the California

⁶ Education Code Section 15268, added by Chapter 44, Statutes of 2000, Section 2, as amended by Chapter 580, Statutes of 2000, Section 3:

"The total amount of bonds issued, including bonds issued pursuant to this section and Section 15102 Chapter 1 (commencing with Section 15100), shall not exceed 1.25 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. The bonds may only be issued if the tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of indebtedness incurred by a school district pursuant to this chapter, at a single election, would not exceed thirty dollars (\$30) per year per one hundred thousand dollars (\$100,000) of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution. For purposes of this section, the taxable property of a district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property of the district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property within the district for the 1987-88 fiscal year by the gross assessed value of all unitary and operating nonunitary property within the county in which the district is located for the 1987-88 fiscal year, and multiplying that result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Constitution (see Fn. 3 supra). Any calculation of the taxable property of a district for
2 any fiscal year shall include the assessed value of all unitary and operating nonunitary
3 property of the district.

4 Chapter 132, Statutes of 2001, Section 2, amended Education Code Section
5 15270⁷. Subdivision (a) provides that any unified school shall, as may be necessary,

⁷ Education Code Section 15270, added by Chapter 44, Statutes of 2000, Section 3, as amended by Chapter 132, Statutes of 2001, Section 2:

“(a) Notwithstanding Sections 15102 and 15268, any unified school district may issue bonds pursuant to this article that, in aggregation with bonds issued pursuant to ~~Section 15106 Chapter 1 (commencing with Section 15100)~~, may not exceed 2.5 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. The bonds may only be issued if ~~t~~The tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of indebtedness incurred pursuant to this chapter at a single election, by a unified school district, would not exceed sixty dollars (\$60) per year per one hundred thousand dollars (\$100,000) of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution.

(b) Notwithstanding Sections 15102 and 15268, any community college district may issue bonds pursuant to this article that, in aggregation with bonds issued pursuant to ~~Section 15106 Chapter 1 (commencing with Section 15100)~~, may not exceed 2.5 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. The bonds may only be issued if ~~t~~The tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of indebtedness incurred pursuant to this chapter at a single election, by a community college district, would not exceed twenty-five dollars (\$25) per year per one hundred thousand dollars (\$100,000) of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution.

(c) In computing the outstanding bonded indebtedness of any unified school district or community college district for all purposes of this section, any outstanding bonds shall be deemed to have been issued for elementary school purposes, high school purposes, and community college purposes, respectively, in the respective amounts that the proceeds of the sale of those outstanding bonds, excluding any premium and accrued interest received on that sale, were or have been allocated by the

1 issue bonds that do not exceed 2.5 percent of the taxable property of the district as
2 shown by the last equalized assessment of the county or counties in which the district is
3 located. The unified school district shall only issue bonds if the tax rate levied to meet
4 the requirements of Section 18 of Article XVI of the California Constitution (see Fn. 4
5 supra), in the case of indebtedness incurred pursuant to this chapter at a single
6 election, would not exceed sixty dollars (\$60) per year per one hundred thousand
7 dollars (\$100,000) of taxable property when assessed valuation is projected by the
8 district to increase in accordance with Article XIII A of the California Constitution (see
9 Fn. 3 supra). Subdivision (b) provides that bonds shall not be issued by any community
10 college district pursuant to the same standards as set forth in subdivision (a) if the tax

governing board of the unified school district or community college district to each of those purposes respectively.

(d) For purposes of this section, the taxable property of a district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property of the district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property within the district for the 1987-88 fiscal year by the gross assessed value of all unitary and operating nonunitary property within the county in which the district is located for the 1987-88 fiscal year, and multiplying the result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll. In the event of the unification of two or more school districts subsequent to the 1987-88 fiscal year, the assessed value of all unitary and operating nonunitary property of the unified district shall be deemed to be the total of the assessed value of the taxable property of each of the unifying districts as that assessed value would be determined under Section 15268.

(e) For the purposes of this article, "general obligation bonds," as that term is used in Section 18 of Article XVI of the California Constitution, means bonds of a school district or community college district the repayment of which is provided for by this chapter and Chapter 1 (commencing with Section 15100) of Part 10, and includes bonds of a school facilities improvement district the repayment of which is provided for by this chapter and Chapter 2 (commencing with Section 15300)."

1 rate levied to meet the requirements of Section 18 of Article XVI of the California
2 Constitution in the case of indebtedness incurred pursuant to this chapter at a single
3 election exceeds twenty-five dollars (\$25) per year per one hundred thousand dollars
4 (\$100,000) of taxable property. Subdivision (c) determines the computation of
5 outstanding bonded indebtedness for any unified school district or community college
6 district. Subdivision (d) requires that the calculation of the taxable property of a district,
7 or the taxable property of any unified school districts, for any fiscal year shall include
8 the assessed value of all unitary and operating nonunitary property of the district(s).
9 Subdivision (e) defines "general obligation bonds."

10 Chapter 132, Statutes of 2001, Section 3, added Education Code Section
11 15271⁸ to provide that the governing board of a school district or community college
12 district shall proceed pursuant to this chapter as may be necessary, on behalf of a
13 school facilities improvement district created by and under the exclusive authority of the
14 school district or community college district. The governing board of a school district or
15 community college district shall, as may be necessary, act on behalf of the school
16 facilities district as provided pursuant to Chapter 2 "Bonds of School Facilities

⁸ Education Code Section 15271, added by Chapter 132, Statutes of 2001,
Section 3:

"The governing board of a school district or community college district may proceed pursuant to this chapter on behalf of a school facilities improvement district that is created by and under the exclusive authority of the school district or community college district and act on behalf of the school facilities district as provided pursuant to Chapter 2 (commencing with Section 15300)."

1 Improvement Districts” (commencing with Section 15300).

2 Chapter 44, Statutes of 2000, Section 3, added Education Code Section 15272⁹
3 to require that the ballots for bond measures shall, in addition to the ballot requirements
4 of Section 15122 (referenced generally in the Legislative History Prior to January 1,
5 1975 when discussing Chapter 1 “Bonds of School Districts and Community College
6 Districts”) and the ballot provisions of this code applicable to governing board member
7 elections, be printed with a statement that the board will appoint a citizens’ oversight
8 committee and conduct annual independent audits to assure that funds are spent only
9 on school and classroom improvements and for no other purposes.

10 Chapter 44, Statutes of 2000, Section 3, added Education Code Section 15274¹⁰

⁹ Education Code Section 15272, added by Chapter 44, Statutes of 2000,
Section 3:

“In addition to the ballot requirements of Section 15122 and the ballot provisions
of this code applicable to governing board member elections, for bond measures
pursuant to this chapter, the ballot shall also be printed with a statement that the board
will appoint a citizens’ oversight committee and conduct annual independent audits to
assure that funds are spent only on school and classroom improvements and for no
other purposes.”

¹⁰ Education Code Section 15274, added by Chapter 44, Statutes of 2000,
Section 3:

“If it appears from the certificate of election results that 55 percent of the votes
cast on the proposition of issuing bonds pursuant to subdivision (b) of Section 18 of
Article XVI of the California Constitution are in favor of issuing bonds, the governing
board shall cause an entry of that fact to be made upon its minutes. The governing
board shall then certify to the board of supervisors of the county whose superintendent
of schools has jurisdiction over the district, all proceedings had in the premises. The
county superintendent of schools shall send a copy of the certificate of election results
to the board of supervisors of the county.”

1 to require the governing board to cause a factual entry upon its minutes if it appears
2 from the certificate of election results that 55 percent of the votes cast on the
3 proposition of issuing bonds pursuant to subdivision (b) of Section 18 of Article XVI of
4 the California Constitution are in favor of issuing bonds. The governing board shall
5 then certify to the board of supervisors of the county whose superintendent of schools
6 has jurisdiction over the district, all proceedings had in the premises. The county
7 superintendent of schools shall send a copy of the certificate of election results to the
8 board of supervisors of the county.

9 Chapter 44, Statutes of 2000, Section 3, added Education Code Section 15276
10 to provide that "notwithstanding any other provision of law, a county board of education
11 may not order an election to determine whether bonds may be issued under this article
12 to raise funds for a county office of education."

13 ARTICLE 2. CITIZENS' OVERSIGHT COMMITTEE

14 Chapter 44, Statutes of 2000, Section 3, added Education Code Section
15 15278¹¹. Subdivision (a) provides that the governing board of the school district or

¹¹ Education Code Section 15278, added by Chapter 44, Statutes of 2000,
Section 3:

"(a) If a bond measure authorized pursuant to paragraph (3) of subdivision (b) of
Section 1 of Article XIII A of the California Constitution and subdivision (b) of Section 18
of Article XVI of the California Constitution is approved, the governing board of the
school district or community college shall establish and appoint members to an
independent citizens' oversight committee, pursuant to Section 15282, within 60 days of
the date that the governing board enters the election results on its minutes pursuant to
Section 15274.

(b) The purpose of the citizens' oversight committee shall be to inform the public

1 community college shall establish and appoint members to an independent citizens'

concerning the expenditure of bond revenues. The citizens' oversight committee shall actively review and report on the proper expenditure of taxpayers' money for school construction. The citizens' oversight committee shall advise the public as to whether a school district or community college district is in compliance with the requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution. The citizens' oversight committee shall convene to provide oversight for, but not be limited to, both of the following:

(1) Ensuring that bond revenues are expended only for the purposes described in paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.

(2) Ensuring that, as prohibited by subparagraph (A) of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, no funds are used for any teacher or administrative salaries or other school operating expenses.

(c) In furtherance of its purpose, the citizens' oversight committee may engage in any of the following activities:

(1) Receiving and reviewing copies of the annual, independent performance audit required by subparagraph (C) of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.

(2) Receiving and reviewing copies of the annual, independent financial audit required by subparagraph (C) of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.

(3) Inspecting school facilities and grounds to ensure that bond revenues are expended in compliance with the requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.

(4) Receiving and reviewing copies of any deferred maintenance proposals or plans developed by a school district or community college district, including any reports required by Section 17584.1.

(5) Reviewing efforts by the school district or community college district to maximize bond revenues by implementing cost-saving measures, including, but not limited to, all of the following:

(A) Mechanisms designed to reduce the costs of professional fees.

(B) Mechanisms designed to reduce the costs of site preparation.

(C) Recommendations regarding the joint use of core facilities.

(D) Mechanisms designed to reduce costs by incorporating efficiencies in schoolsite design.

(E) Recommendations regarding the use of cost-effective and efficient reusable facility plans."

1 oversight committee, pursuant to Section 15282, within 60 days of the date that the
2 governing board enters the election results on its minutes pursuant to Section 15274, if
3 an authorized bond measure is approved pursuant to the California Constitution.

4 Subdivisions (b) and (c) provide the purpose of the citizens' oversight committee and
5 the activities the committee shall engage in.

6 Chapter 44, Statutes of 2000, Section 3, added Education Code Section
7 15280¹². Subdivision (a) requires that the governing board of the district, without
8 expending bond funds, provide the citizens' oversight committee with any necessary
9 technical assistance, administrative assistance in furtherance of its purpose, and
10 sufficient resources to publicize the conclusions of the citizens' oversight committee.
11 Subdivision (b) requires the governing board to maintain an Internet website detailing
12 the citizens' oversight committee's minutes, and all documents received and reports
13 issued. Further, these minutes, documents and reports must be preserved as a matter

¹² Education Code Section 15280, added by Chapter 44, Statutes of 2000,
Section 3:

"(a) The governing board of the district shall, without expending bond funds, provide the citizens' oversight committee with any necessary technical assistance and shall provide administrative assistance in furtherance of its purpose and sufficient resources to publicize the conclusions of the citizens' oversight committee.

(b) All committee proceedings shall be open to the public and notice to the public shall be provided in the same manner as the proceedings of the governing board. The citizens' oversight committee shall issue regular reports on the results of its activities. A report shall be issued at least once a year. Minutes of the proceedings of the citizens' oversight committee and all documents received and reports issued shall be a matter of public record and be made available on an Internet website maintained by the governing board."

1 of public record.

2 Chapter 44, Statutes 2000, Section 3, added Education Code Section 15282¹³
3 to provide the membership requirements for the citizens' oversight committee.
4 Subdivision (b) provides that no employee or official of the district, nor any vendor,
5 contractor or consultant of the district, shall be appointed to the citizens' oversight
6 committee.

¹³ Education Code Section 15282, added by Chapter 44, Statutes of 2000,
Section 3:

“(a) The citizens' oversight committee shall consist of at least seven members to serve for a term of two years without compensation and for no more than two consecutive terms. While consisting of a minimum of at least seven members, the citizens' oversight committee shall be comprised, as follows:

(1) One member shall be active in a business organization representing the business community located within the district.

(2) One member shall be active in a senior citizens' organization.

(3) One member shall be active in a bona fide taxpayers' organization.

(4) For a school district, one member shall be the parent or guardian of a child enrolled in the district. For a community college district, one member shall be a student who is both currently enrolled in the district and active in a community college group, such as student government. The community college student member may, at the discretion of the board, serve up to six months after his or her graduation.

(5) For a school district, one member shall be both a parent or guardian of a child enrolled in the district and active in a parent-teacher organization, such as the Parent Teacher Association or schoolsite council. For a community college district, one member shall be active in the support and organization of a community college or the community colleges of the district, such as a member of an advisory council or foundation.

(b) No employee or official of the district shall be appointed to the citizens' oversight committee. No vendor, contractor, or consultant of the district shall be appointed to the citizens' oversight committee. Members of the citizens' oversight committee shall, pursuant to Sections 35233 and 72533, abide by the prohibitions contained in Article 4 (commencing with Section 1090) and Article 4.7 (commencing with Section 1125) of Division 4 of Title 1 of the Government Code.”

1 ARTICLE 3. BOND ACCOUNTABILITY

2 Chapter 44, Statutes 2000, Section 3, added Education Code Section 15284¹⁴ to

¹⁴ Education Code Section 15284, added by Chapter 44, Statutes of 2000,
Section 3:

“(a) An action to obtain an order restraining and preventing any expenditure of funds received by a school district or community college district through the sale of bonds authorized by this chapter pursuant to paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution and subdivision (b) of Section 18 of Article XVI of the California Constitution may be maintained against any officer, agent, or other person acting on behalf of, that school district or community college district, by a citizen residing in the school or community college district who is assessed and is liable to pay an ad valorem tax on real property within the school or community college district, or who has paid an ad valorem tax on real property within the school or community college district within one year before the commencement of the action if it appears by the complaint or affidavits that any of the following conditions are present:

(1) An expenditure of funds received by a school district or community college district through the sale of bonds authorized by this chapter is for purposes other than those specified in paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.

(2) The expenditure is not in compliance with paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.

(3) That an expenditure in violation of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution will be made or will continue to be made during the litigation that would produce waste or great or irreparable injury.

(4) The governing board of a school district or community college has willfully failed to appoint the citizens' oversight committee in violation of the requirements of Section 15278.

(b) An action brought pursuant to this section shall take special precedence over all civil matters on the calendar of the court except those matters granted equal precedence by law.

(c) The rights, remedies, or penalties established by this section are cumulative to the rights, remedies, or penalties established under other laws, including subdivision (a) of Section 526 of Chapter 3 of Title 7 of Part 2 of the Code of Civil Procedure.

(d) If an order is obtained to restrain and prevent an expenditure of funds pursuant to subdivision (a), a court may award attorneys' fees pursuant to Chapter 6 (commencing with Section 1021.5) of Title 14 of Part 2 of the Code of Civil Procedure.

(e) The action authorized by this section shall be known as a 'School Bond

1 establish a civil remedy called the "School Bond Waste Prevention Action," granting a
2 resident taxpayer standing to enjoin and prevent any expenditure of funds authorized
3 under this chapter by any officer, agent, or other person acting on behalf of, that school
4 district or community college district if any of the following conditions are present:

5 (1) An expenditure of funds for purposes other than those specified in paragraph
6 (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution
7 (see Fn. 3 supra);

8 (2) An expenditure not in compliance with paragraph (3) of subdivision (b) of
9 Section 1 of Article XIII A of the California Constitution;

10 (3) An expenditure in violation of paragraph (3) of subdivision (b) of Section 1 of
11 Article XIII A of the California Constitution that would produce waste or great or
12 irreparable injury; or

13 (4) The governing board of a school district or community college has willfully
14 failed to appoint the citizens' oversight committee.

15 Chapter 44, Statutes of 2000, Section 3, added Education Code Section 15288¹⁵
16 to provide that any allegations of waste or misuse of bond funds shall lead to an

Waste Prevention Action."

¹⁵ Education Code Section 15288, added by Chapter 44, Statutes of 2000,
Section 3:

"It is the intent of the Legislature that upon receipt of allegations of waste or
misuse of bond funds authorized in this chapter, appropriate law enforcement officials
shall expeditiously pursue the investigation and prosecution of any violation of law
associated with the expenditure of those funds."

1 investigation by the appropriate law enforcement official, and any violation of law
2 associated with the expenditure of those funds shall lead to prosecution.

3 CHAPTER 2. BONDS OF SCHOOL FACILITIES IMPROVEMENT DISTRICTS

4 Chapter 277, Statutes of 1996, Section 2, added Chapter 2, "Bonds of School
5 Facilities Improvement Districts."

6 ARTICLE 1. GENERAL PROVISIONS

7 Chapter 893, Statutes of 1997, Section 5, added¹⁶ Education Code Section
8 15300¹⁷ to provide a method under this chapter for the formation of school facilities
9 improvement districts consisting of a portion of the territory within a school district or
10 community college district and for the issuance of general obligation bonds by a school
facilities improvement district.

12 Chapter 940, Statutes of 1997, Section 1, amended Education Code Section
13 15301¹⁸. Subdivision (a) provides that any school district or community college district

¹⁶ Former Education Code Section 15300, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15300, was repealed by Chapter 893, Statutes of 1997, Section 5.

¹⁷ Education Code section 15300, added by Chapter 893, Statutes of 1997, Section 6:

"This chapter provides a method for the formation of school facilities improvement districts consisting of a portion of the territory within a school district or community college district and for the issuance of general obligation bonds by a school facilities improvement district."

¹⁸ Education Code Section 15301, added by Chapter 1005, Statutes of 1994, Section 1, as amended by Chapter 940, Statutes of 1997, Section 1:

1 that has a community facilities district formed pursuant to the Mello-Roos Community
2 Facilities Act of 1982, and also having as one of its purposes the construction of school
3 facilities within a portion of the territory of the school district or community college
4 district, shall as may be necessary proceed under this chapter. Subdivision (b) requires

“(a) Any school district or community college district that has a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, that has as one of its purposes the construction of school facilities within a portion of the territory of the school district or community college district, may proceed under this chapter.

(b) The boundaries of any school facilities improvement district formed pursuant to this chapter shall include all of the portion of the territory within the boundaries of the school district or community college district that is not located within the boundaries of the community facilities district as described in subdivision (a).

(c) A school district or community college district may proceed under this chapter without meeting the requirements of subdivisions (a) and (b) if the governing board of the school district or community college district determines that it is necessary and in the best interest of the school district or community college district, respectively, to form a school facilities improvement district pursuant to this chapter to finance any or all of the improvements set forth in Section 15302. As a part of that determination, the governing board of the school district or community college district shall make a finding that the overall cost of financing the bonds issued pursuant to this chapter would be less than the overall cost of other school facilities financing options available to the school district or community college district, including, but not limited to, issuing bonds pursuant to the Mello-Roos Communities Facilities Act of 1982 (Ch. 2.5 (commencing with Sec. 53311), Pt. 1, Div. 2, Title 5, Gov. C.). The governing board of the school district or community college district proceeding under this subdivision shall define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the school district or community college district, except that the boundaries may not include all or a portion of the territory of the community facilities district described in subdivision (a).

(d) The governing body of a school district or community college district that proceeds under this chapter shall comply with the filing requirements established by Section 54902 of the Government Code. Any plat or map that is filed pursuant to this subdivision shall specifically identify any property, located within the school district or community college district, that is not located within the improvement district established by the school district or community college district pursuant to this chapter.”

1 that the boundaries of any school facilities improvement district formed pursuant to this
2 chapter shall also incorporate all other territory within the boundaries of the school
3 district or community college district not already accounted for pursuant to the Mello-
4 Roos Community Facilities Act of 1982. Subdivision (c) provides that a school district
5 or community college district shall proceed under this chapter without complying with
6 subdivisions (a) and (b) if the governing board of the school district determines that it is
7 necessary to form a school facilities improvement district in order to finance any or all of
8 the improvements set forth in Section 15302. The governing board of the school district
9 or community college district must make a finding that the overall cost of financing
10 bonds issued pursuant to this chapter would be less than the overall cost of other
11 school facilities financing options including any bonds issued pursuant to the Mello-
12 Roos Communities Facilities Act of 1982. The governing board of the school district or
13 community college district must then define the boundaries of the school facilities
14 improvement district to include any portion of territory within the jurisdiction of the
15 school district of community college district except for any territory described in
16 subdivision (a). Subdivision (d) requires that the governing body of a school district or
17 community college district that proceeds under this chapter must comply with the filing
18 requirements established by Section 54902 of the Government Code (providing that "on
19 or before December 1 of the year immediately proceeding the year in which the
20 assessments or taxes are to be levied, the statement shall be filed with the auditor of
21 each levying county, and the statement and the map or plat shall be filed with each

1 assessor whose roll is used for the levy and with the State Board of Equalization in
2 Sacramento”).

3 Chapter 277, Statutes of 1996, Section 2, added¹⁹ Education Code Section
4 15302²⁰ to provide that school facilities improvement districts shall as may be necessary
5 issue general obligation bonds for the following purposes benefitting the land within the
6 school facilities improvement district:

- 7 (a) To purchase real estate upon which to construct school facilities;
8 (b) To build or purchase school facilities;

¹⁹ Former Education Code Section 15302, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15302, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰ Education Code Section 15302, added by Chapter 277, Statutes of 1996, Section 2:

“General obligation bonds of the school facilities improvement district may be issued for the following purposes, if the purpose of the bonds is to benefit the land within the school facilities improvement district consistent with any of the following:

- (a) To purchase real property upon which to construct school facilities.
- (b) To build or purchase school facilities.
- (c) To make alterations or additions to the school facilities other than those necessary for ordinary maintenance, operation, or repairs.
- (d) To repair, restore, or rebuild any school facilities damaged, injured, or destroyed by fire or other public calamity.
- (e) To supply playgrounds with furniture, equipment, or necessary apparatus of a permanent nature.
- (f) To permanently improve school grounds.
- (g) To refund any valid outstanding indebtedness of the school facilities improvement district that is evidenced by bonds.
- (h) To carry out the projects or purposes authorized in Section 39613.
- (i) To demolish or raze any school building with the intent to replace it with another school building, whether in the same location or in any other location.”

1 (c) To make alterations or additions to the school facilities other than those
2 necessary for ordinary maintenance, operation, or repairs;

3 (d) To repair, restore, or rebuild any school facilities damaged, injured, or
4 destroyed by fire or other public calamity;

5 (e) To supply playgrounds with furniture, equipment, or necessary apparatus of a
6 permanent nature;

7 (f) To permanently improve school grounds;

8 (g) To refund any valid outstanding indebtedness of the school facilities
9 improvement district that is evidenced by bonds;

10 (h) To carry out the projects or purposes authorized in Section 39613, namely
the construction and maintenance of sewers and drains; or

12 (i) To demolish or raze any school building with the intent to replace it with
13 another school building, whether in the same location or in any other location.

14 Chapter 893, Statutes of 1997, Section 10, added²¹ Education Code Section
15 15303²² to require that the board of supervisors adopt this chapter by majority resolution

²¹ Former Education Code Section 15303, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15303, was repealed by Chapter 893, Statutes of 1997, Section 9.

²² Education Code Section 15303, added by Chapter 893, Statutes of 1997, Section 10:

"This chapter shall not be operative in any county or counties until the board of supervisors of either the county in which the county superintendent of schools having jurisdiction over the school district or community college district in which the school facilities improvement district is located or, if a school facilities improvement district lies

1 before it is applicable and operative in any county or counties.

2 ARTICLE 2. FORMATION OF DISTRICT

3 Chapter 893, Statutes 1997, Section 12, added²³ Education Code Section
4 15320²⁴ to require that whenever the governing board of a school district or community

in two or more counties, the board of supervisors for those counties, by resolution adopted by a majority vote of the board of supervisors, makes this chapter applicable in the county or counties."

²³ Former Education Code Section 15320, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15320, was repealed by Chapter 893, Statutes of 1997, Section 11.

²⁴ Education Code Section 15320, added by Chapter 893, Statutes of 1997, Section 12:

"Whenever the governing board of a school district or community college district meeting the requirements set forth in Section 15301 determines that a school facilities improvement district is necessary, the governing board shall adopt a resolution of intention that states all of the following:

(a) The intention of the governing board to form the proposed school facilities improvement district.

(b) The purpose for which the proposed school facilities improvement district is to be formed, consistent with the requirements set forth in Section 15302.

(c) The estimated cost of the school facilities improvement project.

(d) That any taxes levied for the purpose of financing the general obligation bonds issued to finance the project shall be levied exclusively upon the lands in the proposed school facilities improvement district.

(e) That a map showing the exterior boundaries of the proposed school facilities improvement district is on file with the governing board of the school district or community college district and is available for inspection by the public. The boundaries of the school facilities improvement district shall meet the requirements set forth in subdivision (b) of Section 15301.

(f) The time and place for a hearing by the governing board on the formation of the proposed school facilities improvement district.

(h) That any interested persons, including all persons owning lands in the school district or community college district, or in the proposed school facilities improvement district, may appear and be heard."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 college district meeting the requirements set forth in Section 15301 determines that a
2 school facilities improvement district is necessary, it shall adopt a resolution of intention
3 that states all of the following:

4 (a) The intention of the governing board to form the proposed school facilities
5 improvement district;

6 (b) The purpose for which the proposed school facilities improvement district is to
7 be formed, consistent with the requirements set forth in Section 15302;

8 (c) The estimated cost of the school facilities improvement project;

9 (d) That any taxes levied for the purpose of financing the general obligation
10 bonds issued to finance the project shall be levied exclusively upon the lands in
11 the proposed school facilities improvement district;

12 (e) That a map showing the exterior boundaries of the proposed school facilities
13 improvement district is on file with the governing board of the school district or
14 community college district and is available for inspection by the public;

15 (f) The time and place for a hearing by the governing board on the formation of
16 the proposed school facilities improvement district;

17 [There is no subdivision (g)]; and

18 (h) That any interested persons, including all persons owning lands in the school
19 district or community college district, or in the proposed school facilities
20 improvement district, may appear and be heard.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Chapter 277, Statutes of 1996, Section 2, added²⁵ Education Code Section
2 15321²⁶ to require that notice of the hearing shall be given by publishing a copy of the
3 resolution of intention in a newspaper of general circulation published in each affected
4 county, and posting a copy of the resolution in three public places located within the
5 proposed school facilities improvement district for at least 14 days prior to the time fixed
6 for the hearing.

7 Chapter 893, Statutes of 1997, Section 14, added²⁷ Education Code Section
8 15322²⁸ to require that the governing board of the school district or community college

²⁵ Former Education Code Section 15321, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15321, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁶ Education Code Section 15321, added by Chapter 277, Statutes of 1996, Section 2:

“Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in each affected county, pursuant to Section 6066 of the Government Code, the first publication shall be at least 14 days prior to the time fixed for the hearing. The notice shall also be given by posting a copy of the resolution in three public places located within the proposed school facilities improvement district for at least 14 days prior to the time fixed for the hearing. No notice other than that required by this section need be given.”

²⁷ Former Education Code Section 15322, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15322, was repealed by Chapter 893, Statutes of 1997, Section 13.

²⁸ Education Code Section 15322, added by Chapter 893, Statutes of 1997, Section 14:

“The governing board of the school district or community college district shall hold the hearing provided for by resolution of intention at the time and place fixed by that resolution. Any interested person, including, but not limited to, all persons owning

1 district shall hold hearings provided for by resolution of intention at the time and place
2 fixed by that resolution. These hearings shall not exclude any persons owning land in
3 the school district, the proposed school facilities improvement district, or the community
4 college district.

5 Chapter 893, Statutes of 1997, Section 16, added²⁹ Education Code Section
6 15323³⁰ to provide that the governing board of the school district or community college
7 district shall adopt, as may be necessary, a resolution proposing modifications,
8 consistent with Section 15302, of the purpose stated in the resolution of intention. A
9 resolution proposing modification shall describe the proposed modifications, state the
10 change, if any, in the estimated cost of carrying out the purpose, and shall fix a time
and place for hearing by the governing board.

land in the school district, or in the proposed school facilities improvement district or
community college district, may appear and be heard concerning any matters set forth
in the resolution of intention."

²⁹ Former Education Code Section 15323, (added by Chapter 1005, Statutes of
1994, Section 1), relating to similar subject matter as new Section 15323, was repealed
by Chapter 893, Statutes of 1997, Section 15.

³⁰ Education Code Section 15323, added by Chapter 893, Statutes of 1997,
Section 16:

"At the hearing, the governing board of the school district or community college
district may adopt a resolution proposing modifications, consistent with Section 15302,
of the purpose stated in the resolution of intention. A resolution proposing modification
shall describe the proposed modifications, state the change, if any, in the estimated
cost of carrying out the purpose, and shall fix a time and place for hearing by the
governing board."

1 Chapter 893, Statutes of 1997, Section 18, added³¹ Education Code Section
2 15324³² to require that the governing board publish the resolution proposing the
3 modifications to the resolution of intention once in the same newspaper in which the
4 resolution of intention was first published at least 14 days prior to the date of hearing on
5 the proposed modifications.

6 Chapter 277, Statutes of 1996, Section 2, added³³ Education Code Section
7 15325³⁴ to provide that the hearing on any proposed modifications shall be held, as
8 may be necessary, at the same time and place as any continued hearing on the
9 resolution of intention and both hearings shall be held and conducted concurrently, as

³¹ Former Education Code Section 15324, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15324, was repealed by Chapter 893, Statutes of 1997, Section 17.

³² Education Code Section 15324, added by Chapter 893, Statutes of 1997, Section 18:

“The governing board of the school district or community college district shall publish the resolution proposing the modifications to the resolution of intention once in the same newspaper in which the resolution of intention was published at least 14 days prior to the date of hearing on the proposed modifications.”

³³ Former Education Code Section 15325, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15325, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁴ Education Code Section 15325, added by Chapter 277, Statutes of 1996, Section 2:

“The hearing on any proposed modifications may be held at the same time and place as any continued hearing on the resolution of intention and both hearings may be held and conducted concurrently.”

1 necessary.

2 Chapter 893, Statutes of 1997, Section 20, added³⁵ Education Code Section
3 15326³⁶ to require that at the conclusion of the hearing on the resolution of intention
4 and of the hearing, if any, upon proposed modifications, the governing board shall by
5 resolution order the school facilities improvement district formed. The resolution shall
6 state its estimated cost, and name and number the school facilities improvement district
7 formed.

8 Chapter 893, Statutes of 1997, Section 22, added³⁷ Education Code Section

³⁵ Former Education Code Section 15326, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15326, was repealed by Chapter 893, Statutes of 1997, Section 19.

³⁶ Education Code Section 15326, added by Chapter 893, Statutes of 1997, Section 20:

“At the conclusion of the hearing on the resolution of intention and of the hearing, if any, upon proposed modifications, the governing board may by resolution order the school facilities improvement district formed for the purpose and with the boundaries described in the resolution of intention, and, if relevant, the resolution proposing modifications. The resolution ordering the school facilities improvement district formed shall state the estimated cost of carrying out the purpose described in the resolution. The resolution shall also number and designate the school facilities improvement district substantially as ‘School Facilities Improvement District of the ____ School District’ or ‘School Facilities Improvement District of the ____ Community College District.’”

³⁷ Former Education Code Section 15327, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15327, was repealed by Chapter 893, Statutes of 1997, Section 21.

1 15327³⁸ to provide that the governing board of the school district or community college
2 district in which a school facilities improvement district has been formed shall have the
3 same rights, powers, duties and responsibilities with respect to the formation and
4 government of school facilities improvement district as the governing board has with
5 respect to the school district or community college district.

6 ARTICLE 3. FINANCING THE BONDS

7 Chapter 277, Statutes of 1996, Section 2, added³⁹ Education Code Section
8 15330⁴⁰ to require that the total amount of bonds issued shall not exceed 1.25 percent

³⁸ Education Code Section 15327, added by Chapter 893, Statutes of 1997,
Section 22:

“The governing board of the school district or community college district in which
a school facilities improvement district has been formed shall have the same rights,
powers, duties and responsibilities with respect to the formation and government of
school facilities improvement district as the governing board has with respect to the
school district or community college district.”

³⁹ Former Education Code Section 15330, (added by Chapter 1005, Statutes of
1994, Section 1), relating to similar subject matter as new Section 15330, was repealed
by Chapter 277, Statutes of 1996, Section 1.

⁴⁰ Education Code Section 15330, added by Chapter 277, Statutes of 1996,
Section 2:

“The total amount of bonds issued shall not exceed 1.25 percent of the taxable
property of the school facilities improvement district as shown by the last equalized
assessment of the county or counties in which the school facilities improvement district
is located. For purposes of this section, the taxable property of a school facilities
improvement district for any fiscal year shall be calculated to include, but not be limited
to, the assessed value of all unitary and operating nonunitary property located within
the school facilities improvement district, which shall be derived by dividing the gross
assessed value of the unitary and operating nonunitary property located within the
school facilities improvement district for the fiscal year by the gross assessed value of

1 of the taxable property of the school facilities improvement district. The calculation of
2 the taxable property of a school facilities improvement district for any fiscal year shall
3 include the assessed value of all unitary and operating nonunitary property located
4 within the school facilities improvement of the district.

5 Chapter 277, Statutes of 1996, Section 2, added⁴¹ Education Code Section
6 15331⁴² to require that for the purpose of computing the limit on the amount of bonds
7 that may be issued by a school facilities improvement district pursuant to the provisions
8 of this chapter, the taxable property shall be determined upon the basis that the school
9 facilities improvement district's assessed value has not been reduced by the exemption
10 of the assessed value of business inventories in the school facilities improvement
district or reduced by the homeowner's property tax exemption.

all unitary and operating nonunitary property located within the county in which the
school facilities improvement district is located for the fiscal year, and multiplying that
result by the gross assessed value of all unitary and operating nonunitary property of
the county on the last equalized assessment roll."

⁴¹ Former Education Code Section 15331, (added by Chapter 1005, Statutes of
1994, Section 1), relating to similar subject matter as new Section 15331, was repealed
by Chapter 277, Statutes of 1996, Section 1.

⁴² Education Code Section 15331, added by Chapter 277, Statutes of 1996,
Section 2:

"Notwithstanding any other law, for the purpose of computing the limit on the
amount of bonds that may be issued by a school facilities improvement district pursuant
to the provisions of this chapter, the taxable property of the school facilities
improvement district shall be determined upon the basis that the school facilities
improvement district's assessed value has not been reduced by the exemption of the
assessed value of business inventories in the school facilities improvement district or
reduced by the homeowner's property tax exemption."

1 Chapter 277, Statutes of 1996, Section 2, added⁴³ Education Code Section
2 15332⁴⁴ to require that, notwithstanding Section 15330, any school facilities
3 improvement district that is located within the boundaries of a unified school district
4 shall, as may be necessary, issue bonds not to exceed 2.5 percent of the taxable
5 property of the school facilities improvement district as shown by the last equalized
6 assessment of the county or counties in which the school facilities improvement district

⁴³ Former Education Code Section 15332, (added by Chapter 1005, Statutes of 1994, Chapter 1), relating to similar subject matter as new Section 15332, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁴⁴ Education Code Section 15332, added by Chapter 277, Statutes of 1996, Chapter 2:

“Notwithstanding Section 15330, any school facilities improvement district that is located within the boundaries of a unified school district may issue bonds not to exceed 2.5 percent of the taxable property of the school facilities improvement district as shown by the last equalized assessment of the county or counties in which the school facilities improvement district is located.

In computing the outstanding bonded indebtedness of any school facilities improvement district that is located in any unified school district, any outstanding bonds shall be deemed to have been issued for elementary school purposes, high school purposes, respectively, in the respective amounts that the proceeds of the sale of those outstanding bonds, excluding any premium and accrued interest received on that sale, were or have been allocated by the governing board of the unified school district to each of those purposes respectively.

For purposes of this section, the taxable property of a school facilities improvement district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property located within the school facilities improvement district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property located within the district for the fiscal year by the gross assessed value of all unitary and operating nonunitary property located within the county in which the district is located for the fiscal year, and multiplying the result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll.”

1 is located. Pursuant to this section, the calculation of the taxable property of a school
2 facilities improvement district for any fiscal year shall include the assessed value of all
3 unitary and operating nonunitary property located within the school facilities
4 improvement of the district.

5 Chapter 277, Statutes of 1996, Section 2, added⁴⁵ Education Code Section
6 15333⁴⁶ to require in computing the limitation of indebtedness of any school facilities
7 improvement district, hereinafter referred to as the "bonding district," the outstanding
8 indebtedness of any previously existing district all or any part of which forms a

⁴⁵ Former Education Code Section 15334, (added by Chapter 1005, Statutes of 1996, Section 1), relating to similar subject matter as new Section 15334, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁴⁶ Education Code Section 15333, added by Chapter 277, Statutes of 1996, Section 2:

"In computing the limitation of indebtedness of any school facilities improvement district, hereinafter in this section referred to as the "bonding district," the outstanding indebtedness of any previously existing district all or any part of which forms a component part of the bonding district and the outstanding indebtedness of any district for which any territory that has become a part of the bonding district is liable shall be excluded and shall not be deemed, for the purposes of computing the limitation of indebtedness under Sections 15330 and 15332, to constitute outstanding indebtedness of the bonding district, except to the extent that the outstanding indebtedness has been expressly assumed by the bonding district by vote of not less than two-thirds of the electors of the bonding district voting at an election at which the proposition of assuming the indebtedness is voted upon. Nothing in this section shall operate to release any property from liability for taxes to pay the principal and interest of indebtedness incurred by any component district or for which any territory that has become a part of the bonding district is liable and in which the taxable property is located at the time of the incurring of the indebtedness. It is the intent of the Legislature to provide in this section a special method of computing the limitation of indebtedness of school facilities improvement districts irrespective of liability of the area embraced within the school districts for the payment of any bonded indebtedness."

1 component part of the bonding district and the outstanding indebtedness of any district
2 for which any territory that has become a part of the bonding district is liable shall be
3 excluded and shall not be deemed, for the purposes of computing the limitation of
4 indebtedness under Sections 15330 and 15332, to constitute outstanding indebtedness
5 of the bonding district, except to the extent that the outstanding indebtedness has been
6 expressly assumed by the bonding district by vote of not less than two-thirds of the
7 electors of the bonding district voting at an election at which the proposition of
8 assuming the indebtedness is voted upon.

9 Chapter 277, Statutes of 1996, Section 2, added⁴⁷ Education Code Section
10 15334⁴⁸ to exclude that portion of the bonded indebtedness of the school facilities
11 improvement district for which another district or territory in another district is liable from
12 the determination of indebtedness of a school facilities improvement district at issue
13 under Section 15330 or 15332.

⁴⁷ Former Education Code Section 15334, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15334, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁴⁸ Education Code Section 15334, added by Chapter 277, Statutes of 1996, Section 2:

“For the purpose of determining the limitation of indebtedness of a school facilities improvement district under Section 15330 or 15332, that portion of the bonded indebtedness of the school facilities improvement district for which another district or territory in another district is liable shall be excluded and shall not be deemed to constitute outstanding bonded indebtedness of the school facilities improvement district.”

1 Chapter 893, Statutes of 1997, Section 24, added⁴⁹ Education Code Section
2 15334.5⁵⁰ to require that no bonded indebtedness shall be incurred in an amount that
3 would cause the bonded indebtedness of the territory of the school district or
4 community college district of which the school facilities improvement district is a part, to
5 exceed 1.25 percent of the taxable property of the school facilities improvement district
6 as shown by the last equalized assessment of the county or counties in which the
7 school facilities improvement district is located, or 2.5 percent for any school facilities
8 improvement district that is located within the boundaries of a unified school district.

9 Chapter 277, Statutes of 1996, Section 2, added⁵¹ Education Code Section

⁴⁹ Former Education Code Section 15334.5, (added by Chapter 1072, Statutes of 1996, Section 10), relating to similar subject matter as new Section 15334.5, was repealed by Chapter 893, Statutes of 1997, Section 23.

⁵⁰ Education Code Section 15334.5, added by Chapter 893, Statutes of 1997, Section 24:

“Notwithstanding any other provision of law, no bonded indebtedness may be incurred pursuant to this chapter in an amount that would cause the bonded indebtedness of the territory of the school district or community college district of which the school facilities improvement district is a part, to exceed the limitation of indebtedness specified in Sections 15102 and 15106. No bonded indebtedness may be incurred pursuant to this chapter in an amount that would cause the bonded indebtedness of the territory of the school facilities improvement district to exceed the limitation of indebtedness specified in Sections 15330 and 15332.”

⁵¹ Former Education Code Section 15335, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15335, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 15335⁵² to provide that a civil action to determine the validity of bonds and of the
2 ordering of the improvement or acquisition shall be commenced as necessary.

3 Chapter 893, Statutes of 1997, Section 26, added⁵³ Education Code Section
4 15336⁵⁴ to require that the governing board of the school district or community college
5 district in which the school facilities improvement district is located submit a report,
6 within 30 days after the end of each fiscal year, to the county superintendent of schools
7 who has jurisdiction over the school district or community college district including: (a)

⁵² Education Code Section 15335, added by Chapter 277, Statutes of 1996,
Section 2:

“An action to determine the validity of bonds and of the ordering of the improvement or acquisition may be commenced pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. In the action, all findings, conclusions and determinations of the legislative body that conducted the proceedings shall be conclusive in the absence of actual fraud.”

⁵³ Former Education Code Section 15336, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15336, was repealed by Chapter 893, Statutes of 1997, Section 25.

⁵⁴ Education Code Section 15336, added by Chapter 893, Statutes of 1997,
Section 26:

“Within 30 days after the end of each fiscal year, the governing board of the school district or community college district in which the school facilities improvement district is located shall submit a report containing the information to an election held pursuant to Article 4 (commencing with Section 15340), to the county superintendent of schools who has jurisdiction over the school district or community college district:

(a) The total amount of the bond issue, bonded indebtedness, or other indebtedness involved.

(b) The percentage of qualified electors who are residents of the school facilities improvement district who voted at the election.

(c) The results of the election, with the percentage of votes cast for and against the proposition involved.”

1 the total amount of the bond issue, bonded indebtedness, or other indebtedness
2 involved; (b) the percentage of qualified electors who are residents of the school
3 facilities improvement district who voted at the election; and (c) the results of the
4 election, with the percentage of votes cast for and against the proposition involved.

5 ARTICLE 4. GENERAL PROVISIONS FOR BOND ELECTIONS

6 Chapter 199, Statutes of 2002, Section 2 amended⁵⁵ Education Code Section
7 15340⁵⁶. Subdivision (a) requires that, after adopting the resolution ordering the
8 formation of the school facilities improvement district, the governing board shall as
9 necessary provide for and call a special bond election within the school facilities
10 improvement district to submit to the voters of the school facilities improvement district

⁵⁵ Former Education Code Section 15340, (added by Chapter 1005, Statutes of 1994, Section 1) relating to similar subject matter as new Section 15340, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁵⁶ Education Code Section 15340, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 199, Statutes of 2002, Section 2:

“(a) After adopting the resolution ordering the formation of the school facilities improvement district, the governing board may provide for and call a special bond election within the school facilities improvement district to, or may at the next statewide election, submit to the voters of the school facilities improvement district a proposition of whether or not an indebtedness of the district shall be incurred and bonds issued therefor in an amount not exceeding the estimate stated in the resolution ordering the school facilities improvement district formed. ~~Notwithstanding any other provision of law, any special election called pursuant to this section may be called for any date except as set forth in Section 1100 of the Elections Code, and except as provided in subdivision (a) of Section 15266 for bonds authorized and issued under the authority of subdivision (b) of Section 15348 and Chapter 1.5 (commencing with Section 15264).~~

(b) The indebtedness and the bonds shall be payable from taxes to be levied and collected upon lands located within the school facilities improvement district.”

1 a proposition of whether or not an indebtedness of the district shall be incurred and
2 bonds issued therefor in an amount not exceeding the estimate stated in the resolution
3 ordering the school facilities improvement district formed. Subdivision (b) requires that
4 the indebtedness and the bonds shall be payable from taxes to be levied and collected
5 upon lands located within the school facilities improvement district.

6 Chapter 199, Statutes of 2002, Section 3, added Education Code Section
7 15341⁵⁷ to require that no special bond elections may not be held pursuant to this
8 chapter within 45 days before a statewide election or within 45 days after a statewide
9 election unless conducted at the same time as the statewide election.

10 Chapter 893, Statutes of 1997, Section 28, added⁵⁸ Education Code Section
11 15342⁵⁹ to provide that the governing board of the school district or community college

⁵⁷ Education Code Section 15341, added by Chapter 199, Statutes of 2002, Section 3:

“Notwithstanding any other law, an election may not be held pursuant to this chapter within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election, subject to Part 3 (commencing with Section 10400) of Division 10 of the Elections Code, or on an established election date pursuant to Section 1000 of the Elections Code.”

⁵⁸ Former Education Code Section 15342, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15342, was repealed by Chapter 893, Statutes of 1997, Section 27.

⁵⁹ Education Code Section 15342, added by Chapter 893, Statutes of 1997, Section 28:

“Any one or more of the purposes enumerated in Section 15302, except that of refunding any outstanding valid indebtedness of the school facilities improvement district evidenced by bonds, may, by order of the governing board of the school district

1 district in which the school facilities improvement district is located shall, as may be
2 necessary, order a united and single proposition for any one or more of the purposes
3 enumerated in Section 15302 for issuing general obligation bonds, except that of
4 refunding any outstanding valid indebtedness of the school facilities improvement
5 district evidenced by bonds.

6 Chapter 277, Statutes of 1996, Section 2, added⁶⁰ Education Code section
7 15343⁶¹ to require that the election shall be conducted as required by the Election Code
8 except:

or community college district in which the school facilities improvement district is
located, be united and voted upon in a single proposition.”

⁶⁰ Former Education Code Section 15343, (added by Chapter 1005, Statutes of
1994, Section 1), relating to similar subject matter as new Section 15343, was repealed
by Chapter 277, Statutes of 1996, Section 1.

⁶¹ Education Code Section 15343, added by Chapter 277, Statutes of 1996,
Section 2:

“The election shall be conducted as provided in Chapter 3 (commencing with
Section 5300) of Part 4 except as provided by each of the following:

- (a) As otherwise provided in this chapter.
- (b) That the formal notice of the election shall contain and specify, in
addition to the items specified in Section 5361:
 - (1) The purposes for which the bonds are to be issued.
 - (2) The amount of the bonds.
 - (3) The maximum rate of interest, not to exceed the maximum rate
of interest allowed by Article 5 (commencing with Section 15350).
 - (4) The maximum number of years, not to exceed 25, not to exceed
which the bonds or any series thereof are to run.
- (c) No election shall be held under the provisions of this section in any
school facilities improvement district for a period of 90 days after an election in
the same school facilities improvement district.”

1 (a) As otherwise provided in this chapter;

2 (b) That the formal notice of the election shall contain and specify: (1) the
3 purposes for which the bonds are to be issued, (2) the amount of the bonds, (3)
4 the maximum rate of interest, and (4) the maximum number of years, not to
5 exceed 25, which the bonds or any series thereof are to run; and

6 (c) No election shall be held under the provisions of this section in any school
7 facilities improvement district for a period of 90 days after an election in the
8 same school facilities improvement district.

9 Chapter 277, Statutes of 1996, Section 2, added⁶² Education Code Section
10 15344⁶³ to provide that any election called pursuant to this chapter may be consolidated
11 with any other election pursuant to the Elections Code.

12 Chapter 277, Statutes of 1996, Section 2, added⁶⁴ Education Code Section

⁶² Former Education Code Section 15344, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15344, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁶³ Education Code Section 15344, added by Chapter 277, Statutes of 1996, Section 2:

“Any election called pursuant to this chapter may be consolidated with any other election pursuant to the provisions of Part 2.5 (commencing with Section 23300) of Division 14 of the Elections Code.”

⁶⁴ Former Education Code Section 15345, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15345, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 15345⁶⁵ to provide that any qualified elector who is a resident of the territory of the
2 school facilities improvement district may vote on the proposition of issuing bonds of the
3 school facilities improvement district.

4 Chapter 277, Statutes of 1996, Section 2, added⁶⁶ Education Code Section
5 15346⁶⁷ to require specific wording on the ballot forms. In addition, a brief statement of
6 the proposition, setting forth the amount of the bonds to be voted upon, the maximum
7 rate of interest, and the purposes for which the proceeds of the sale of the bonds are to
8 be used, shall be printed upon the ballot. However, no defect in the statement other
9 than in the statement of the amount of the bonds to be authorized shall invalidate the
10 bonds election.

⁶⁵ Education Code Section 15345, added by Chapter 277, Statutes of 1996,
Section 2:

"Any qualified elector who is a resident of the territory of the school facilities
improvement district may vote on the proposition of issuing bonds of the school facilities
improvement district."

⁶⁶ Former Education Code Section 15346, (added by Chapter 1005, Statutes of
1994, Section 1), relating to similar subject matter as new Section 15346, was repealed
by Chapter 277, Statutes of 1996, Section 1.

⁶⁷ Education Code Section 15346, added by Chapter 277, Statutes of 1996,
Section 2:

"The words to appear upon the ballots shall be "Bonds--Yes" and "Bonds--No,"
or words of similar import. A brief statement of the proposition, setting forth the amount
of the bonds to be voted upon, the maximum rate of interest, and the purposes for
which the proceeds of the sale of the bonds are to be used, shall be printed upon the
ballot. No defect in the statement other than in the statement of the amount of the
bonds to be authorized shall invalidate the bonds election."

1 Chapter 277, Statutes of 1996, Section 2, added⁶⁸ Education Code Section
2 15347⁶⁹ to require the form and details of all ballots at school facilities improvement
3 elections shall comply with ballot provisions in the Government Code, unless otherwise
4 specified in this chapter.

5 Chapter 132, Statutes of 2001, Section 5 amended⁷⁰ Education Code Section
6 15348⁷¹. Subdivision (a) provides that the proposition shall be deemed approved upon

⁶⁸ Former Education Code Section 15347, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15347, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁶⁹ Education Code Section 15347, added by Chapter 277, Statutes of 1996, Section 2:

“Unless otherwise specified in this chapter, the form and details of all ballots at school facilities improvement elections shall comply with ballot provisions of Part 4 (commencing with Section 2400) of the Government Code.”

⁷⁰ Former Education Code Section 15348, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15348, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁷¹ Education Code Section 15348, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 132, Statutes of 2001, Section 5:

“(a) The proposition shall be deemed approved upon approval by two-thirds of the votes cast by voters voting on the proposition of issuing bonds of the school facilities improvement district unless subdivision (b) is applicable.

(b) Alternatively, for a governing board of a school district or community college district that proceeds pursuant to Chapter 1.5 (commencing with Section 15264) and subject to the requirements therein on behalf of a school facilities improvement district that is created by and under the exclusive authority of the school district or community college district, as specified in Section 15359.3, the proposition shall be deemed approved upon approval by 55 percent of the votes cast by voters voting on the proposition of issuing bonds of the school facilities improvement district.”

1 approval by two-thirds of the votes cast by voters voting on the proposition of issuing
2 bonds of the school facilities improvement district. Subdivision (b) alternatively provides
3 that for a governing board of a school district or community college district which
4 proceeds pursuant to Chapter 1.5 "Strict Accountability in Local School Construction
5 Bonds Act of 2000" (commencing with Section 15264), and subject to requirements
6 specified in Section 15359.3, the proposition shall be deemed approved upon approval
7 by 55 percent of the votes cast by voters on the proposition of issuing bonds of the
8 school facilities district.

9 Chapter 893, Statutes of 1997, Section 30, added⁷² Education Code Section
10 15349⁷³ to require that the governing board of the school district or community college
district in which the school facilities improvement district is located shall cause an entry
12 to be made upon its minutes if it appears from the certificate of election results that

⁷² Former Education Code Section 15349, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15349, was repealed by Chapter 893, Statutes of 1997, Section 29.

⁷³ Education Code Section 15349, added by Chapter 893, Statutes of 1997, Section 30:

"If it appears from the certificate of election results that two-thirds of the votes cast by the voters voting on the proposition of issuing bonds of the school facilities improvement district are in favor of issuing the bonds, the governing board of the school district or community college district in which the school facilities improvement district is located shall cause an entry of that fact to be made upon its minutes. The governing board of the school district or community college district shall then certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district or community college district, all proceedings had in the premises. The county superintendent of schools shall send a copy of the certificate of election results to the board of supervisors of the county."

1 two-thirds of the votes cast by the voters voting on the proposition of issuing bonds of
2 the school facilities improvement district are in favor of issuing the bonds. The
3 governing board of the school district or community college district shall then certify to
4 the board of supervisors of the county whose superintendent of schools has jurisdiction
5 over the school district or community college district, all proceedings had in the
6 premises. The county superintendent of schools shall send a copy of the certificate of
7 election results to the board of supervisors of the county.

8 Chapter 277, Statutes of 1996, Section 2, added⁷⁴ Education Code Section
9 15349.1⁷⁵ to require that the proceedings relating to the authorization of bonds of a
10 school facilities improvement district that is located within a joint school district of any
11 type need be certified only to the board of supervisors of the county whose
12 superintendent of schools has jurisdiction over the school district in which the school
13 facilities improvement district exists. The board of supervisors shall as necessary issue

⁷⁴ Former Education Code Section 15349.1, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15349.1, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁷⁵ Education Code Section 15349.1, added by Chapter 277, Statutes of 1996, Section 2:

“The proceedings relating to the authorization of bonds of a school facilities improvement district that is located within a joint school district of any type need be certified only to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district in which the school facilities improvement district exists. The board of supervisors may issue and sell the bonds and no action of the board of supervisors of any other county in which the school board is situated shall be required in connection with the issuance and sale of the bonds, and the bonds need not be signed by any officer of any other county.”

1 and sell the bonds and no action of the board of supervisors of any other county in
2 which the school board is situated shall be required in connection with the issuance and
3 sale of the bonds, and the bonds need not be signed by any officer of any other county.

4 Chapter 277, Statutes of 1996, Section 2, added⁷⁶ Education Code Section
5 15349.2⁷⁷ to require that an election or any bonds authorized by that election shall not
6 be invalidated by error, irregularity, or omission that does not affect the substantial
7 rights of the taxpayers within the school facilities improvement district or the qualified
8 electors voting at any election at which bonds of any school facilities improvement
9 district are authorized to be issued.

10 ARTICLE 5. ISSUANCE AND SALE OF BONDS

1 Chapter 893, Statutes of 1997, Section 32, added⁷⁸ Education Code Section

⁷⁶ Former Education Code Section 15349.2, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15349.2, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁷⁷ Education Code Section 15349.2, added by Chapter 277, Statutes of 1996, Section 2:

“No error, irregularity, or omission that does not affect the substantial rights of the taxpayers within the school facilities improvement district or the qualified electors voting at any election at which bonds of any school facilities improvement district are authorized to be issued shall invalidate the election or any bonds authorized by that election.”

⁷⁸ Former Education Code Section 15350, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15350, was repealed by Chapter 893, Statutes of 1997, Section 31.

1 15350⁷⁹ to require that bonds of a school facilities improvement district shall be offered
2 for sale by the board of supervisors of the county in which the county superintendent of
3 schools has jurisdiction over the school district or community college district in which
4 the school facilities improvement district is located as soon as possible, when
5 appropriate, following receipt of a resolution duly adopted by the governing board of
6 that school district or community college district. The resolution shall prescribe the total
7 amount of bonds to be sold. The resolution shall also, as may be necessary, prescribe
8 the maximum acceptable interest rate, not to exceed 8 percent, and the time or times
9 when the whole or any part of the principal of the bonds shall be payable, which shall
10 not be more than 25 years from the date of the bonds.

11 Chapter 893, Statutes of 1997, Section 34, added⁸⁰ Education Code Section

⁷⁹ Education Code Section 15350, added by Chapter 893, Statutes of 1997, Section 32:

“Bonds of a school facilities improvement district shall be offered for sale by the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located as soon as possible, when appropriate, following receipt of a resolution duly adopted by the governing board of that school district or community college district. The resolution shall prescribe the total amount of bonds to be sold. The resolution may also prescribe the maximum acceptable interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds.”

⁸⁰ Former Education Code Section 15351, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15351, was repealed by Chapter 893, Statutes of 1997, Section 33.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 15351⁸¹ to provide that, when authorized by the governing board of the school district or
2 community college district in which the school facilities improvement district is located,
3 bonds of the school facilities improvement district shall be offered for sale as a group by
4 the board of supervisors of the county in which the county superintendent of schools
5 has jurisdiction over the school district or community college district in which the school
6 facilities improvement district is located, at a time determined by the board of
7 supervisors following receipt of a resolution duly adopted by the governing board of that
8 school district or community college district. The resolution shall prescribe the total
9 amount of bonds to be sold. The resolution shall also, as may be necessary, prescribe
10 the maximum acceptable interest rate, not to exceed 8 percent, and the time or times

⁸¹ Education Code Section 15351, added by Chapter 893, Statutes of 1997,
Section 34:

“When authorized by the governing board of the school district or community college district in which the school facilities improvement district is located, bonds of the school facilities improvement district may be offered for sale as a group by the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located, at a time determined by the board of supervisors following receipt of a resolution duly adopted by the governing board of that school district or community college district. The resolution shall prescribe the total amount of bonds to be sold. The resolution may also prescribe the maximum acceptable interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds. Bidders shall be required to bid a lump-sum bid on all bonds as a group. If bids satisfactory to the governing board of each school district or community college district in which a school facilities improvement district is located are received, the bonds offered for sale shall be awarded to the bidder whose bid will result in the lowest net interest cost for the group or for the bonds of any district included within the group. Bonds shall be issued and sold in the name of each school facilities improvement district in the same manner as provided in this chapter.”

⁸³ Education Code Section 15352, added by Chapter 893, Statutes of 1997, Section 36:

“The bonds shall be issued in the name of the school facilities improvement district and shall be designated "Bonds of the School Facilities Improvement District of the ____ School District" or "Bonds of the School Facilities Improvement District of the ____ Community College District" and each bond and all interest coupons shall state that the tax for the payment thereof shall be limited to annual taxes to be levied upon and collected from the lands within the school facilities improvement district.”

1 district.

2 Chapter 893, Statutes of 1997, Section 38, added⁸⁴ Education Code Section
3 15353⁸⁵ to require that the bonds shall be issued in the denomination or denominations
4 as the board of supervisors of the county in which the county superintendent of schools
5 has jurisdiction over the school district or community college district in which the school
6 facilities improvement district is located may prescribe.

7 Chapter 277, Statutes of 1996, Section 2, added⁸⁶ Education Code Section
8 15354 to require that “the bonds shall not bear a rate of interest greater than 8 percent
9 per annum, payable annually or semiannually.”

10 Chapter 277, Statutes of 1996, Section 2, added⁸⁷ Education Code Section
15355 to provide that “the number of years the whole or any part of the bonds are to

⁸⁴ Former Education Code Section 15353, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15353, was repealed by Chapter 893, Statutes of 1997, Section 37.

⁸⁵ Education Code Section 15353, added by Chapter 893, Statutes of 1997, Section 38:

“The bonds shall be issued in the denomination or denominations as the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located may prescribe.”

⁸⁶ Former Education Code Section 15354, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15354, was repealed by Chapter 277, Statutes of 1996, Section 1.

⁸⁷ Former Education Code Section 15355, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15355, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 run shall not exceed 25 years, from the date of the bonds or the date of any series
2 thereof.”

3 Chapter 893, Statutes of 1997, Section 40, added⁸⁸ Education Code Section
4 15356⁸⁹. Subdivision (a)(1) provides that the board of supervisors of the county in

⁸⁸ Former Education Code Section 15356, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15356, was repealed by Chapter 893, Statutes of 1997, Section 39.

⁸⁹ Education Code Section 15356, added by Chapter 893, Statutes of 1997, Section 40:

“(a) (1) The board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located shall prescribe the form of the bonds by an order entered upon its minutes.

(2) The bonds shall be signed by the chairperson of the board of supervisors, or by any other member thereof as the board of supervisors shall, by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose, and also signed by the treasurer of the county, and shall be countersigned by the clerk of the board of supervisors or by a deputy of either of the officers. Unless the board of supervisors otherwise provides, all the signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced except that one of the signatures or countersignatures to the bonds shall be manually affixed. Any signature may be affixed in accordance with the provisions of the Uniform Facsimile Signatures of Public Officials Act, Chapter 6 (commencing with Section 5500) of Title 1 of the Government Code.

(3) All expenses incurred for the preparation, sale, and delivery of the school facilities improvement bonds, including but not limited to, fees of an independent financial consultant, the publication of the official notice of sale of the bonds, the preparation, printing, and distribution of the official statement, the obtaining of a rating, the purchase of insurance insuring the prompt payment of interest and principal, the preparation of the certified copy of the transcript for the successful bidder, the printing of the bonds, and legal fees of independent bond counsel retained by the school facilities improvement district issuing the bonds are legal charges against the funds of the school facilities improvement district issuing the bonds and may be paid from the proceeds of sale of the bonds.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 which the county superintendent of schools has jurisdiction over the school district or
2 community college district in which the school facilities improvement district is located
3 shall prescribe the form of the bonds by an order entered upon its minutes. Subdivision
4 (a)(2) provides the requirements for authorizing and designating the bonds, and the
5 signatures and votes required. Subdivision (a)(3) describes the necessary expenses
6 incurred in preparing, selling and delivery the school facilities improvement bonds.
7 Subdivision (b) provides for the temporary approval of bonds by faxed-signatures.

8 Chapter 893, Statutes of 1997, Section 42, added⁹⁰ Education Code Section
9 15357⁹¹ to require that the board of supervisors shall establish within the county
10 treasury a school facilities improvement fund for each school facilities improvement
district for the purpose of depositing the proceeds of the bonds issued pursuant to this

(b) Notwithstanding subdivision (a), the board of supervisors may, in its discretion, determine that all of the required signatures and countersignatures shall be by facsimiles, provided, however, that the bonds shall not be valid or become obligatory for any purpose until manually signed by an authenticating agent duly appointed by the board or its authorized designee.”

⁹⁰ Former Education Code Section 15357, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15357, was repealed by Chapter 893, Statutes of 1997, Section 41.

⁹¹ Education Code Section 15357, added by Chapter 893, Statutes of 1997, Section 42:

“The board of supervisors shall establish within the county treasury a school facilities improvement fund for each school facilities improvement district the purpose of depositing the proceeds of the bonds issued pursuant to this chapter. The board of supervisors shall also establish within the county treasury a school facilities improvement bond interest and sinking fund for each school facilities improvement district.”

1 chapter, and a school facilities improvement bond interest and sinking fund for each
2 school facilities improvement district.

3 Chapter 893, Statutes of 1997, Section 44, added⁹² Education Code Section
4 15358⁹³. Subdivision (a) provides that the bonds shall be issued by the board of
5 supervisors, payable out of the interest and sinking fund of the school facilities
6 improvement district. Subdivision (b) requires that the proceeds of the sale of the

⁹² Former Education Code Section 15358, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15358, was repealed by Chapter 893, Statutes of 1997, Section 43.

⁹³ Education Code Section 15358, added by Chapter 893, Statutes of 1997, Section 44:

“(a) The bonds shall be issued by the board of supervisors, payable out of the interest and sinking fund of the school facilities improvement district. The board of supervisors, in its discretion, and without further authorization from the governing board of the school district or community college district in which the school facilities improvement district is located, may sell the bonds at a negotiated sale or by competitive bidding. The bonds may be sold at a discount not to exceed 5 percent and at an interest rate not exceeding the maximum permitted by Section 15354. If the sale is by competitive bid, the board of supervisors shall comply with the provisions of Sections 15359 and 15359.1. The bonds shall be sold by the board of supervisors no later than the date designated by the governing board of the school district or community college district in which the school facilities improvement district is located as the final date for the sale of the bonds.

(b) The proceeds of the sale of the bonds, exclusive of any premium received, shall be deposited in the county treasury to the credit of the school facilities improvement fund of the school facilities improvement district. The proceeds deposited shall be drawn out as necessary to finance the purposes approved by the voters pursuant to this chapter. The bond proceeds withdrawn shall not be applied to any other purposes than those for which the bonds were issued. Any premium or accrued interest received from the sale of the bonds shall be deposited in the interest and sinking fund of the county treasury established for the school facilities improvement district.”

1 bonds, exclusive of any premium received, shall be deposited in the county treasury to
2 the credit of the school facilities improvement fund of the school facilities improvement
3 district.

4 Chapter 893, Statutes of 1997, Section 46, added⁹⁴ Education Code Section
5 15359⁹⁵ to require that before the board of supervisors sells the bonds, or any part of
6 them, it shall seeks bids for at least two weeks by advertising in a daily or weekly
7 newspaper of general circulation published in the county in which the school facilities
8 improvement district is located.

9 Chapter 221, Statutes of 2002, Section 11, amended⁹⁶ Education Code Section
10 15359.1⁹⁷. Subdivision (a) requires that if satisfactory bids are received, the bonds

⁹⁴ Former Education Code Section 15359, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15359, was repealed by Chapter 893, Statutes of 1997, Section 45.

⁹⁵ Education Code Section 15359, added by Chapter 893, Statutes of 1997, Section 46:

“Before selling the bonds, or any part of them, the board of supervisors as appropriate, shall advertise for bids at least two weeks in some daily or weekly newspaper of general circulation published in the county whose county superintendent of schools has jurisdiction over the governing board of the school district or community college district in which the school facilities improvement district is located or if there is no newspaper published in the county, in a newspaper published in some other county in the state having a general circulation in the county.”

⁹⁶ Former Education Code Section 15359.1, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15359.1, was repealed by Chapter 893, Statutes of 1997, Section 47.

⁹⁷ Education Code Section 15359.1, added by Chapter 893, Statutes of 1997, Section 48, as amended by Chapter 221, Statutes of 2002, Section 11:

1 offered for sale shall be awarded to the highest responsible bidder or bidders.
2 Subdivision (b) provides the formula for calculating whether or not a bid exceeds the
3 maximum acceptable interest rate.

4 Chapter 893, Statutes of 1997, Section 50, added Education Code Section
5 15359.2⁹⁸. Subdivision (a) provides that the issuing school facilities improvement

“(a) If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder or bidders, and the county clerk of the board of supervisors shall prepare and certify to all of the proceedings on file in his or her office relative to the issuance and sale of the bonds, which transcript of proceedings shall be delivered to the successful bidder or bidders without charge. If no bids are received, or if the board determines that the bids received exceed either the maximum acceptable interest rate prescribed by the governing board or the maximum rate prescribed by Section 15353, or that they are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and without further authorization from the governing board of the school district or community college district in which the school facilities improvement district is located, either readvertise or sell the bonds at private sale.

(b) For the purpose of determining whether or not a bid exceeds the maximum acceptable interest rate, the interest rate of that bid shall be deemed to be the interest rate resulting from the total net interest cost arrived at by computing the total amount of interest that the school facilities improvement district would be required to pay from the date of the bonds to the respective maturity dates thereof at the rate or rates specified in the bid and by deducting therefrom any premium bid.”

⁹⁸ Education Code Section 15359.2, added by Chapter 893, Statutes of 1997, Section 50:

“(a) The issuing school facilities improvement district, by action of the governing board of the school district or community college district in which the school facilities improvement district is located, may prepare, or have prepared, bond brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of the bonds, the expense of the brochures shall be payable out of the funds of the district. The brochures may be prepared only after the issuance of the bonds to be sold has been approved by the electors of the school facilities improvement district pursuant to Article 4 (commencing with Section 15340).

1 district, by action of the governing board, may prepare, or have prepared, bond
2 brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of
3 the bonds. The expense of the brochures shall be payable out of the funds of the
4 district. However, the brochures shall only be prepared once the issuance of the bonds
5 to be sold has been approved by the electors of the school facilities improvement
6 district. Subdivision (b) provides that the issuing school facilities improvement district,
7 through its governing board, shall, as may be necessary, expend funds for the purposes
8 of advertising the availability of bonds for sale in any publications or newspaper that will
9 give proper notice to potential buyers.

10 Chapter 132, Statutes of 2001, Section 6, added Education Code Section
11 15359.3 to provide that "the governing board of a school district or community college
12 district may proceed pursuant to Chapter 1.5 (commencing with Section 15264) and
13 subject to the requirements therein on behalf of a school facilities improvement district
14 that is created by and under the exclusive authority of the school district or community
15 college district under this chapter."

16
17

(b) The issuing school facilities improvement district by action of the governing board in which the school facilities improvement district is located may expend funds of the school facilities improvement district for the purposes of advertising the availability of the bonds for purchase in any publication or newspaper that in the opinion of that governing board will give notice to prospective bond buyers that the bonds are available for purchase by bond buyers."

1 ARTICLE 6. REQUIRED FORM OF BONDS

2 Chapter 277, Statutes of 1996, Section 2, added⁹⁹ Education Code Section
3 15360 to provide that “notwithstanding any other provision of law, whenever any bonds
4 are issued pursuant to this chapter, the bonds may be issued either in the form of
5 coupon bonds, or in the form of registered bonds, or some in the form of coupon bonds
6 and some in the form of registered bonds, as may be provided in the proceedings for
7 the issuance of the bonds.”

8 Chapter 277, Statutes of 1996, Section 2, added¹⁰⁰ Education Code Section
9 15361¹⁰¹ to provide that if any officer whose signature, countersignature, or attestation
10 appears on any school facilities improvement bonds or coupons ceases to be an officer
11 before the delivery of the bonds to the purchaser, the signature, countersignature, or

⁹⁹ Former Education Code Section 15360, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15360, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁰⁰ Former Education Code Section 15361, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15361, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁰¹ Education Code Section 15361, added by Chapter 277, Statutes of 1996, Section 2:

“If any officer whose signature, countersignature, or attestation appears on any school facilities improvement bonds or coupons ceases to be an officer before the delivery of the bonds to the purchaser, the signature, countersignature, or attestation either on the bonds or the coupons, or on both, is valid and sufficient for all purposes as if the officer had remained in office until the delivery of the bonds, and the signature upon the coupons of the person who is auditor at the date of the bonds, is valid although the bonds themselves may be attested by a different person who is auditor at the time of delivery of the bonds.”

1 attestation either on the bonds or the coupons, or on both, remains valid.

2 Chapter 277, Statutes of 1996, Section 2, added¹⁰² Education Code Section
3 15362 to provide that “any bonds executed in the manner provided by the board of
4 supervisors shall be valid, notwithstanding any change in the officers who signed the
5 bonds or the coupons, or in the seal of the board of supervisors, occurring after the
6 execution.”

7 ARTICLE 7. REGISTRATION OF BONDS

8 Article 7, Sections 15370 through 15374 pertain to bond ownership rights.

9 ARTICLE 8. CANCELLATION OF UNSOLD BONDS

10 Chapter 893, Statutes of 1997, Section 52, added¹⁰³ Education Code Section
15380¹⁰⁴ to provide that the governing board may petition the board of supervisors that

¹⁰² Former Education Code Section 15362, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15362, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁰³ Former Education Code Section 15380, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15380, was repealed by Chapter 893, Statutes of 1997, Section 51.

¹⁰⁴ Education Code Section 15380, added by Chapter 893, Statutes of 1997, Section 52:

“If any bonds authorized under this chapter have not been offered for sale for one year from the date of the election at which they were authorized or remain unsold for a period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the governing board of the school district or community college district in which the school facilities improvement district is located and for which the bonds were authorized, may petition the board of supervisors that has jurisdiction of the issuance and sale of the bonds to cause the unsold bonds to be canceled.”

1 has jurisdiction of the issuance and sale of the bonds to cancel any unsold bonds if the
2 bonds have not been offered for sale for one year from the date of the election at which
3 they were authorized or remain unsold for a period of six months after having been
4 offered for sale.

5 Chapter 893, Statutes of 1997, Section 54, added¹⁰⁵ Education Code Section
6 15381¹⁰⁶ to require that, upon receiving the petition, signed by a majority of the
7 members of the governing board of the school district or community college district in
8 which the school facilities improvement district is located, the board of supervisors shall
9 fix a time for a hearing, which shall not be more than 30 days after receipt of the
10 petition, and shall cause a notice stating the time and place of the hearing, and the
11 object of the petition in general terms, to be published for 10 days prior to the hearing,
12 in a newspaper published in the school facilities improvement district if there is one, and

¹⁰⁵ Former Education Code Section 15381, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15381, was repealed by Chapter 893, Statutes of 1997, Section 53.

¹⁰⁶ Education Code Section 15381, added by Chapter 893, Statutes of 1997, Section 54:

“Upon receiving the petition, signed by a majority of the members of the governing board of the school district or community college district in which the school facilities improvement district is located, the board of supervisors shall fix a time for a hearing, which shall not be more than 30 days after receipt of the petition, and shall cause a notice stating the time and place of the hearing, and the object of the petition in general terms, to be published for 10 days prior to the hearing, in a newspaper published in the school facilities improvement district if there is one, and if there is no newspaper published in the school facilities improvement district, in a newspaper published at the county seat of the county.”

1 if there is no newspaper published in the school facilities improvement district, in a
2 newspaper published at the county seat of the county.

3 Chapter 277, Statutes of 1996, Section 2, added¹⁰⁷ Education Code Section
4 15382 to provide that "at the time and place designated in the notice, or at any
5 subsequent time to which the hearing may be postponed, the board of supervisors shall
6 hear any reasons that may be submitted for or against the granting of the petition."

7 Chapter 277, Statutes of 1996, Section 2, added¹⁰⁸ Education Code Section
8 15383 to provide that "if the board of supervisors deem it for the best interests of the
9 school facilities improvement district named in the petition that the unsold bonds be
10 canceled, it shall make and enter an order in the minutes of its proceedings that the
11 unsold bonds be canceled. Upon the entry of the order the bonds and the vote by which
12 they were authorized to be issued shall cease to be of any validity."

13 Chapter 893, Statutes of 1997, Section 56, added¹⁰⁹ Education Section Code

¹⁰⁷ Former Education Code Section 15382, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15382, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁰⁸ Former Education Code Section 15383, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15383, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁰⁹ Former Education Code Section 15384, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15384, was repealed by Chapter 893, Statutes of 1997, Section 55.

1 15384¹¹⁰ to provide that the governing board shall, as may be necessary, petition the
2 board of supervisors to cancel the remaining authorization of that district to issue and
3 sell bonds resulting from any particular school bond election after the sale of at least 90
4 percent of the bonds authorized at the election if the amount of the remaining
5 authorization is not more than twenty-five thousand dollars (\$25,000) and the sale of
6 the remaining bonds would not be economically justified. The board of supervisors, if it
7 determines that the public interest will be served thereby, may make and enter an order
8 in the minutes of its proceedings that the remaining authorization be canceled. Upon
9 the entry of the order, the vote by which the remaining authorization was created shall
10 cease to be of any validity with respect to the remaining authorization.
11
12

¹¹⁰ Education Code Section 15384, added by Chapter 893, Statutes of 1997,
Section 56:

"The governing board of a school district or community college district in which a school facilities improvement district is located may petition the board of supervisors to cancel the remaining authorization of that district to issue and sell bonds resulting from any particular school bond election after the sale of at least 90 percent of the bonds authorized at the election if the amount of the remaining authorization is not more than twenty-five thousand dollars (\$25,000) and in the opinion of the governing board the sale of the remaining bonds would not be economically justified. Sections 15381 and 15382 shall be applicable and at or following the hearing therein provided for, the board of supervisors, if it determines that the public interest will be served thereby, may make and enter an order in the minutes of its proceedings that the remaining authorization be canceled. Upon the entry of the order, the vote by which the remaining authorization was created shall cease to be of any validity with respect to the remaining authorization."

1 ARTICLE 9. PURCHASE OF BONDS BY ISSUING SCHOOL DISTRICTS

2 Chapter 893, Statutes of 1997, Section 58, added¹¹¹ Education Code Section
3 15390 to provide that "the governing board of a school district or community college
4 district in which a school facilities improvement district is located may purchase in the
5 open market bonds issued by the school facilities improvement district with available
6 funds from the school facilities improvement fund."

7 Chapter 893, Statutes of 1997, Section 60, added¹¹² Education Code Section
8 15391¹¹³ to provide that when any bonds issued by a school facilities improvement
9 district have been purchased by the governing board, the bonds shall be deemed
10 canceled and of no further validity. The governing board shall immediately, after

¹¹¹ Former Education Code Section 15390, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15390, was repealed by Chapter 893, Statutes of 1997, Section 57.

¹¹² Former Education Code Section 15391, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15391, was repealed by Chapter 893, Statutes of 1997, Section 59.

¹¹³ Education Code Section 15391, added by Chapter 893, statutes of 1997, Section 60:

"When any bonds issued by a school facilities improvement district have been purchased by the governing board of the school district or community college district in which the school facilities improvement district is located, the bonds shall be deemed canceled and of no further validity. The governing board of the school district or community college district in which the school facilities improvement district is located shall immediately, after purchasing the bonds, notify the board of supervisors of its action, describing the bonds purchased. At its first meeting thereafter, the board of supervisors shall note the purchase and cancellation of the bonds in the minutes of its proceedings."

1 purchasing the bonds, notify the board of supervisors of its action, describing the bonds
2 purchased. At its first meeting thereafter, the board of supervisors shall note the
3 purchase and cancellation of the bonds in the minutes of its proceedings.

4 ARTICLE 10. METHOD OF BOND PAYMENT

5 Chapter 893, Statutes of 1997, Section 62, added¹¹⁴ Education Code Section
6 15400¹¹⁵. Subdivision (a) provides that the board of supervisors, by an order entered
7 upon its minutes, shall fix the time when the whole or any part of the principal of the

¹¹⁴ Former Education Code Section 15400, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15400, was repealed by Chapter 893, Statutes of 1997, Section 61.

¹¹⁵ Education Code Section 15400, added by Chapter 893, Statutes of 1997, Section 62:

“(a) The board of supervisors, by an order entered upon its minutes, shall fix the time when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds. If the governing board of the school district or community college district in which the school facilities improvement district is located has prescribed in its resolution the time or times when the whole or any part of the bonds shall be payable, the times and amounts shall be fixed by the order of the board of supervisors.

(b) Any bonds may be issued subject to call and redemption before maturity at the option of the governing board of the school district or community college district in which the school facilities improvement district exists. The governing board may include in its resolution a requirement that all or any part of the bonds shall be issued subject to call and redemption before maturity and the price or prices at which said bonds shall be redeemed. The board of supervisors, in its order fixing the form of the bonds and the maturities thereof, shall provide that the bonds be redeemable at the option of the governing board and at the price or prices fixed in the resolution. Bonds issued subject to call and redemption prior to maturity shall contain a recital to that effect, and no bond shall be subject to call or redemption prior to maturity unless it contains the recital. The board of supervisors in its order shall fix the method of giving notice of redemption to holders of bonds to be redeemed.”

1 bonds shall be payable, which shall not be more than 25 years from the date of the
2 bonds. If the governing board has prescribed in its resolution the time or times when
3 the whole or any part of the bonds shall be payable, the times and amounts shall be
4 fixed by the order of the board of supervisors. Subdivision (b) provides that any bonds
5 may be issued subject to call and redemption before maturity at the option of the
6 governing board. The governing board may include in its resolution a requirement that
7 all or any part of the bonds shall be issued subject to call and redemption before
8 maturity and the price or prices at which said bonds shall be redeemed. The board of
9 supervisors, in its order fixing the form of the bonds and the maturities thereof, shall
10 provide that the bonds be redeemable at the option of the governing board and at the
11 price or prices fixed in the resolution. Bonds issued subject to call and redemption prior
12 to maturity shall contain a recital to that effect, and no bond shall be subject to call or
13 redemption prior to maturity unless it contains the recital. The board of supervisors in
14 its order shall fix the method of giving notice of redemption to holders of bonds to be
15 redeemed.

16 Chapter 893, Statutes of 1997, Section 64, added¹¹⁶ Education Code Section
17 15401¹¹⁷ to provide that the board of supervisors, at the direction of the governing

¹¹⁶ Former Education Code Section 15401, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15401, was repealed by Chapter 893, Statutes of 1997, Section 63.

¹¹⁷ Education Code Section 15401, added by Chapter 893, Statutes of 1997, Section 64:

1 board, may divide the principal amount of bonds authorized at any election into two or
2 more series and may fix different dates for the bonds of each series, in which event the
3 maximum maturity date of the bonds shall be calculated from the date of each series
4 respectively. When the issuance of bonds shall have been authorized pursuant to two
5 or more propositions submitted at the same or different elections, all or any part of the
6 bonds not theretofore issued may be combined and issued and sold as one or more
7 series.

8 Chapter 277, Statutes of 1996, Section 2, added¹¹⁸ Education Code Section
9 15402¹¹⁹ to provide that the board of supervisors may make the principal and interest of

“The board of supervisors, at the direction of the governing board of the school district or community college district in which the school facilities improvement district is located, may divide the principal amount of bonds authorized at any election into two or more series and may fix different dates for the bonds of each series, in which event the maximum maturity date of the bonds shall be calculated from the date of each series respectively. When the issuance of bonds shall have been authorized pursuant to two or more propositions submitted at the same or different elections, all or any part of the bonds not theretofore issued may be combined and issued and sold as one or more series.”

¹¹⁸ Former Education Code Section 15402, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15402, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹¹⁹ Education Code Section 15402, added by Chapter 277, Statutes of 1996, Section 2:

“The board of supervisors may make the principal and interest of the bonds payable at the office of the treasurer of the county, or at any other place within the United States which the board may designate, or at the office of the county treasurer, or at any other designated place at the option of the bondholder. The place of payment shall be specified in the bonds. The expense of paying the bonds elsewhere than at the office of the treasurer shall be a proper charge against the school facilities

1 the bonds payable at the office of the treasurer of the county, or at any other place
2 within the United States which the board may designate, or at any other designated
3 place at the option of the bondholder. The place of payment shall be specified in the
4 bonds. The expense of paying the bonds elsewhere than at the office of the treasurer
5 shall be a proper charge against the school facilities improvement district to be paid out
6 of the tax levied and collected for the payment of the bonds.

7 Chapter 893, Statutes of 1997, Section 66, added¹²⁰ Education Code Section
8 15403¹²¹ to provide that the principal and interest on the bonds shall be paid by the
9 county treasurer, at the place required by the terms of the bonds, upon presentation
10 and surrender of warrants drawn by the county auditor in payment thereof, after he or
she has canceled the bonds and coupons, or upon the receipt of the registered owner,

improvement district to be paid out of the tax levied and collected for the payment of the
bonds.”

¹²⁰ Former Education Code Section 15403, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15403, was repealed by Chapter 893, Statutes of 1997, Section 65.

¹²¹ Education Code Section 15403, added by Chapter 893, Statutes of 1997, Section 66:

“The principal and interest on the bonds shall be paid by the county treasurer of the county in which the superintendent of schools has jurisdiction of the school district or community college district in which the school facilities improvement district is located, at the place required by the terms of the bonds, upon presentation and surrender of warrants drawn by the county auditor in payment thereof, after he or she has canceled the bonds and coupons, or upon the receipt of the registered owner, if the bonds are registered, after a proper warrant has been drawn by the auditor, out of the fund provided for their payment.”

1 if the bonds are registered, after a proper warrant has been drawn by the auditor, out of
2 the fund provided for their payment.

3 Chapter 893, Statutes of 1997, Section 68, added¹²² Education Code Section
4 15404¹²³ to require that upon the order of the auditor, any money remaining in the
5 interest and sinking fund of any school facilities improvement district after the payment
6 of all bonds and coupons payable from the fund, or any money in excess of an amount
7 sufficient to pay all unpaid bonds and coupons payable from the fund, shall be
8 transferred to the general fund of the governing board.

9 Chapter 893, Statutes of 1997, Section 70, added¹²⁴ Education Code Section
10 15405 to provide that "any money paid into the county treasury of the county and
11 credited to the interest and sinking fund of any school facilities improvement district
12 remaining after the payment of all bonds and coupons payable from the fund, or which

¹²² Former Education Code Section 15404, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15404, was repealed by Chapter 893, Statutes of 1997, Section 67.

¹²³ Education Code Section 15404, added by Chapter 893, Statutes of 1997, Section 68:

"Upon the order of the auditor, any money remaining in the interest and sinking fund of any school facilities improvement district after the payment of all bonds and coupons payable from the fund, or any money in excess of an amount sufficient to pay all unpaid bonds and coupons payable from the fund, shall be transferred to the general fund of the governing board of the school district or community college district in which the school facilities improvement district is located."

¹²⁴ Former Education Code Section 15405, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15405, was repealed by Chapter 893, Statutes of 1997, Section 69.

1 is in excess of an amount sufficient to pay all unpaid bonds and coupons payable from
2 the fund, shall be transferred to the special reserve fund of the school district or
3 community college district in which the school facilities improvement district is located
4 and may be used only for the purpose specified in Section 42840.”

5 ARTICLE 11. TAX FOR PAYMENT OF BONDS

6 Article 11, Sections 15410 through 15414 provides for the levying and collection
7 of taxes on bonds.

8 ARTICLE 12. TAX FOR PAYMENT OF BONDS OF SCHOOL FACILITIES

9 IMPROVEMENT DISTRICT LOCATED IN TWO OF MORE COUNTIES.

10 Article 12, Sections 15420 through 15422 provides for the assessment of taxes
to each county when a school district is located in two of more counties.

12 ARTICLE 13. MAXIMUM TAX FOR PAYMENT OF BONDS

13 Chapter 893, Statutes of 1997, Section 80, added¹²⁵ Education Code Section
14 15425¹²⁶ to provide that notwithstanding any other provision of this chapter, the rate of

¹²⁵ Former Education Code Section 15425, (added by Chapter 1005, Statutes of 1994, Section 1), relating to similar subject matter as new Section 15425, was repealed by Chapter 893, Statutes of 1997, Section 79.

¹²⁶ Education Code Section 15425, added by Chapter 893, Statutes of 1997, Section 80:

“Notwithstanding any other provision of this chapter, it is the intent of the Legislature that the rate of taxes levied annually upon the property in a school facilities improvement district formed pursuant to subdivision (a) of Section 15301 not be greater than the rate of the annual special tax levied upon parcels in the same school district or community college district that are part of a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5

1 taxes levied annually upon the property in a school facilities improvement district
2 formed pursuant to subdivision (a) of Section 15301 shall not be greater than the rate of
3 the annual special tax levied upon parcels in the same school district or community
4 college district that are part of a community facilities district formed pursuant to the
5 Mello-Roos Community Facilities Act of 1982. A determination by the governing board
6 of a school district or community college district, made at the time bonds are sold
7 pursuant to this chapter, that the rate of taxes to be levied annually upon the property in
8 the school facilities improvement district does not exceed the rate of the annual special
9 tax levied upon parcels in the same school district or community college district that are
10 part of a community facilities district formed pursuant to the Mello-Roos Community
11 Facilities Act of 1982, shall be conclusive evidence of compliance with the intent of this
12 section.

(commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code. A determination by the governing board of a school district or community college district, made at the time bonds are sold pursuant to this chapter, that the rate of taxes to be levied annually upon the property in the school facilities improvement district, based upon tax rate estimates prepared pursuant to Section 9401 of the Elections Code, does not exceed the rate of the annual special tax levied upon parcels in the same school district or community college district that are part of a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, shall be conclusive evidence of compliance with the intent of this section."

1 CHAPTER 12. STATE SCHOOL BUILDING LEASE-PURCHASE LAW OF 1976

2 ARTICLE 1. GENERAL PROVISIONS

3 Chapter 277, Statutes of 1996, Section 2, added¹²⁷ Education Code Section
4 17000¹²⁸ to cite Chapter 12 as the "Leroy F. Greene State School Building
5 Lease-Purchase Law of 1976."

6 Chapter 277, Statutes of 1996, Section 2, added¹²⁹ Education Code Section
7 17001¹³⁰. Subdivision (a) provides that, in the interest of the state and the people

¹²⁷ Former Education Code Section 19350, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as 17700 by Chapter 1010, Statutes of 1976, Section 2), relating to similar subject matter as new Section 17000, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹²⁸ Education Code Section 17000, added by Chapter 277, Statutes of 1996, Section 2:

"This chapter may be cited as the 'Leroy F. Greene State School Building Lease-Purchase Law of 1976.'"

¹²⁹ Former Education Code Section 19351, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as 17701 by Chapter 1010, Statutes of 1976, Section 2), relating to similar subject matter as new Section 17001, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹³⁰ Education Code Section 17001, added by Chapter 277, Statutes of 1996, Section 2:

"(a) The Legislature hereby declares that it is in the interest of the state and the people thereof for the state to reconstruct, remodel, or replace existing school buildings that are educationally inadequate or that do not meet present-day structural safety requirements, and to acquire new schoolsites and buildings for the purpose of making them available to local school districts for the pupils of the public school system, that system being a matter of general concern inasmuch as the education of the children of the state is an obligation and function of the state.

(b) In order to expedite the elimination of the use of nonconforming school

1 thereof, the state shall reconstruct, remodel, or replace existing school buildings that
2 are educationally inadequate or that do not meet present-day structural safety
3 requirements, and to acquire new schoolsites and buildings for the purpose of making
4 them available to local school districts for the pupils of the public school system.
5 Subdivision (b) provides that in order to expedite the elimination of the use of
6 nonconforming school buildings that are used or designed to be used for instructional
7 purposes or intended to be entered by pupils, the State Allocation Board may establish
8 criteria that considers the special circumstances of school districts under which funds
9 may be allocated for the reconstruction of nonconforming buildings. However, the
10 allocated funds cannot exceed 75 percent of the cost of facility replacement.
11 Subdivision (c) requires that all construction projects be designed and constructed to
12 maximize the use of educational technology, including computers, telephones,
13 televisions, and video cassette recorders.

14 Chapter 277, Statutes of 1996, Section 2, added¹³¹ Education Code Section

buildings that are used or designed to be used for instructional purposes or intended to be entered by pupils, the State Allocation Board may establish criteria that considers special circumstances under which funds may be allocated for the reconstruction of nonconforming buildings. The funds allocated in accordance with this section shall not exceed 75 percent of the cost of facility replacement.

(c) It is the intent of the Legislature that all construction projects be designed and constructed to maximize the use of educational technology, as set forth in subdivision (b) of Section 17002.”

¹³¹ Former Education Code Section 19352, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as 17702 by Chapter 1010, Statutes of 1976, Section 2), relating to similar subject matter as new Section 17002, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17002¹³² to define the terms "board," "cost of project," "lease," "project," "property," and
2 "apportionment."
3 Chapter 277, Statutes of 1996, Section 2, added¹³³ Education Code Section

¹³² Education Code Section 17002, added by Chapter 277, Statutes of 1996,
Section 2:

"The following terms wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Board" means the State Allocation Board.

(b) "Cost of project" includes, but is not limited to, the cost of all real estate property rights, and easements acquired, and the cost of developing the site and streets and utilities immediately adjacent thereto, the cost of construction, reconstruction, or modernization of buildings and the furnishing and equipping, including the purchase of educational technology hardware, of those buildings, the supporting wiring and cabling, and the technological modernization of existing buildings to support that hardware, the cost of plans, specifications, surveys, and estimates of costs, and other expenses that are necessary or incidental to the financing of the project. For purposes of this section, "educational technology hardware" includes, but is not limited to, computers, telephones, televisions, and video cassette recorders.

(c) The term "lease" includes a lease with an option to purchase.

(d) "Project" means the facility being constructed or acquired by the state for rental to the applicant school district and may include the reconstruction or modernization of existing buildings, construction of new buildings, the grading and development of sites, acquisition of sites therefor and any easements or rights-of-way pertinent thereto or necessary for its full use including the development of streets and utilities.

(e) "Property" includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(f) "Apportionment" means a reservation of funds necessary to finance the cost of any project approved by the board for lease to an applicant school district."

¹³³ Former Education Code Section 17702.1, (added by Chapter 899, Statutes of 1980, Section 1 and last amended by Chapter 1439, Statutes of 1989, Section 1) relating to similar subject matter as renumbered Section 17002.1, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17002.1¹³⁴ to require the inclusion of the terms and concepts of reconstruction,
2 modernization, replacement of facilities, and the performance of deferred maintenance
3 activities on facilities under the rubric of construction as used in this chapter. Funding
4 for deferred maintenance activities for a facility shall be approved under this chapter
5 without regard to whether project funding for the reconstruction, modernization, or
6 replacement of the facility is prohibited under Section 17021 (providing that funding will
7 not be approved for the reconstruction, modernization, or replacement of any school
8 building that was constructed or reconstructed less than 30 years ago, or any portable
9 classroom less than 20 years ago).

10 Chapter 277, Statutes of 1996, Section 2, added¹³⁵ Education Code Section
11 17005.1¹³⁶ to require an annual plan for allocation of funds for each forthcoming fiscal

¹³⁴ Education Code Section 17002.1, added by Chapter 277, Statutes of 1996, Section 2:

“As used in this chapter, construction shall include, but not be limited to, reconstruction, modernization, and replacement of facilities, and the performance of deferred maintenance activities on facilities pursuant to rules and regulations regarding those activities as may be adopted by the board. Funding for deferred maintenance activities for a facility may be approved under this chapter without regard to whether project funding for the reconstruction, modernization, or replacement of the facility is prohibited under Section 17021.”

¹³⁵ Former Education Code Section 17705.1, (added by Chapter 899, Statutes of 1980, Section 2) relating to similar subject matter as renumbered Section 17005.1, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹³⁶ Education Code Section 17005.1, added by Chapter 277, Statutes of 1996, Section 2:

“On or before June 30, 1981, and on or before June 30 of each year thereafter,

1 year for the purposes of deferred maintenance activities and the manner in which such
2 funds shall be allocated to applicant districts.

3 Chapter 277, Statutes of 1996, Section 2, added¹³⁷ Education Code Section
4 17005.3¹³⁸. Subdivision (a) provides that any school district with an average daily

the board shall approve a plan specifying (a) the amount of funds to be allocated in the forthcoming fiscal year for the purposes of deferred maintenance activities and (b) the manner in which such funds shall be allocated to applicant districts.”

¹³⁷ Former Education Code Section 17705.11, (added by Chapter 1048, Statutes of 1993, Section 1 and amended by Chapter 194, Statutes of 1994, Section 1) relating to similar subject matter as renumbered Section 17005.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹³⁸ Education Code Section 17005.3, added by Chapter 277, Statutes of 1996, Section 2:

(a) Any school district with an average daily attendance of less than 2,501 pupils may apply to the board for a loan to cover the project activities of the first or second phase, as those phases were defined on July 1, 1993, of a project funded under this chapter. The loan shall not be utilized for the purchase of real property and shall be repaid by the school district either through a dedication of fees or charges levied pursuant to Section 17620 until the loan is repaid or upon receiving the project funding at the construction phase, but, in any event, the loan shall be repaid within five years from the date on which the board makes the loan. In addition to the other methods of repayment specified in this subdivision, the board may also notify the Controller if a school district is 90 days late in making loan repayments, in which case the Controller shall reduce the apportionments to which the school district is otherwise entitled under Section 42238 as necessary to recover past due payments and any current payments.

(b) The board may make loans under this section to the extent that the board determines that funds are available for that purpose. The total annual maximum funds that may be loaned under this section is ten million dollars (\$10,000,000) per fiscal year.

(c) The board may make loans under this section only for those projects and phases that have met all of the eligibility standards of the board and receive approval for an apportionment, but for which apportionment funds are not available. In any event, the amount of the loan shall not exceed the amount that would have been eligible for apportionment.”

1 attendance of less than 2,501 pupils shall, when necessary, apply to the board for a
2 loan to cover the project activities of the first or second phase, as those phases were
3 defined on July 1, 1993, of a project funded under this chapter. The loan shall not be
4 utilized for the purchase of real property and shall be repaid by the school district either
5 through a dedication of fees or charges levied pursuant to Section 17620 (the subject of
6 another Test Claim) until the loan is repaid or upon receiving the project funding at the
7 construction phase. The loan shall be repaid within five years from the date on which
8 the board makes the loan. The board may also notify the Controller if a school district
9 is 90 days late in making loan repayments, and the Controller shall then reduce the
10 apportionments to which the school district is otherwise entitled as necessary to recover
11 past due payments and any current payments. Subdivision (b) provides that the
12 maximum allocation of funds that could be loaned under this section is ten million
13 dollars (\$10,000,000) per fiscal year. Subdivision (c) requires that only those projects
14 and phases that have met all of the eligibility standards of the board and have received
15 approval for an apportionment, but for which apportionment funds are not available, are
16 eligible for a loan from the board. The amount of the loan shall not exceed the amount
17 that would have been eligible for apportionment.

18 Chapter 277, Statutes of 1996, Section 2, added¹³⁹ Education Code Section

¹³⁹ Former Education Code Section 17705.15, (added by Chapter 1111, Statutes of 1994, Section 1) relating to similar subject matter as renumbered Section 17005.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 17005.5¹⁴⁰ to provide that school districts shall, as may be necessary, receive aid in the
2 form of loans from the board out of the proceeds of the sale of bonds pursuant to the
3 School Facilities Bond Act of 1992 and the 1992 School Facilities Bond Act when those
4 proceeds are available in the State School Building Lease-Purchase Fund. However, In
5 order to have a loan provided, both of the following conditions shall be met: (a) the
6 amount of the loan shall not exceed the amount set forth in legislation enacted that
7 specifies the loan amount; and (b) the loan shall be repaid pursuant to a schedule set
8 forth in legislation enacted that specifies a loan repayment schedule.

9 Chapter 277, Statutes of 1996, Section 2, added¹⁴¹ Education Code Section
10 17006¹⁴². Subdivision (a) provides that the board will not enter into any lease with

¹⁴⁰ Education Code Section 17005.5, added by Chapter 277, Statutes of 1996,
Section 2:

“The board may provide a loan to any school district from the proceeds of the sale of bonds pursuant to the School Facilities Bond Act of 1992, and the 1992 School Facilities Bond Act, to provide aid for school districts in accordance with this chapter, when those proceeds are available in the State School Building Lease-Purchase Fund. In order to provide a loan, both of the following conditions shall be met:

(a) The amount of the loan shall not exceed the amount set forth in legislation enacted that specifies the loan amount.

(b) The loan shall be repaid pursuant to a schedule set forth in legislation enacted that specifies a loan repayment schedule.”

¹⁴¹ Former Education Code Section 19356, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as 17706 by Chapter 1010, Statutes of 1976, Section 2), relating to similar subject matter as new Section 17006, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁴² Education Code Section 17006, added by Chapter 277, Statutes of 1996,
Section 2:

1 respect to an application for replacing inadequate school facilities unless it first has
2 investigated and made a finding, or the governing board of a self-certifying district, as
3 applicable, first certifies that it has investigated and made a finding, consistent with
4 guidelines adopted by the board, that one or both of the following conditions exists: (1)
5 it would not be economical or good practice to rehabilitate those facilities, and/or (2) the
6 school facilities are inadequate due to their susceptibility to repeated flooding. The
7 board shall develop and adopt regulations that define inadequacy of school facilities on
8 the basis of susceptibility to repeated flooding. The building area of any facility found to
9 be inadequate pursuant to this subdivision shall be excluded, for the purposes of any

“(a) The board shall not enter into any lease with respect to an application for replacing inadequate school facilities unless it first has investigated and made a finding, or the governing board of a self-certifying district, as applicable, first certifies that it has investigated and made a finding, consistent with guidelines adopted by the board, that one or both of the following conditions exists:

(1) It would not be economical or good practice to rehabilitate those facilities.

(2) The school facilities are inadequate due to their susceptibility to repeated flooding. The board shall develop and adopt regulations that define inadequacy of school facilities on the basis of susceptibility to repeated flooding. The building area of any facility found to be inadequate pursuant to this subdivision shall be excluded, for the purposes of any application for the replacement of any facility, from the calculation under this chapter of the area of adequate school construction existing in the applicant school district.

(b) The self-certifying district shall maintain documentation of each investigation and finding it conducts pursuant to subdivision (a) as may be required by the board, and the investigation and finding shall be subject to subsequent audit as the board may direct.

(c) For purposes of this chapter, a "self-certifying district" as to any project to be funded under this chapter, is an applicant district that provides 50 percent or more of the cost of the project from funding sources other than any state program administered by the board.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 application for the replacement of any facility, from the calculation under this chapter of
2 the area of adequate school construction existing in the applicant school district.

3 Subdivision (b) requires the self-certifying district to maintain documentation of each
4 investigation and finding it conducts pursuant to subdivision (a) as may be required by
5 the board, and the investigation and finding shall be subject to subsequent audit as the
6 board may direct. Subdivision (c) provides that for purposes of this chapter, a
7 "self-certifying district" as to any project to be funded under this chapter, is an applicant
8 district that provides 50 percent or more of the cost of the project from funding sources
9 other than any state program administered by the board.

10 Chapter 277, Statutes of 1996, Section 2, added¹⁴³ Education Code Section
11 17008¹⁴⁴ to create a State Treasury fund known as the State School Building
12 Lease-Purchase Fund. All money in the State School Building Lease-Purchase Fund,

¹⁴³ Former Education Code Section 19358, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as 17706 by Chapter 1010, Statutes of 1976, Section 2), relating to similar subject matter as new Section 17008, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁴⁴ Education Code Section 17008, added by Chapter 277, Statutes of 1996, Section 2:

"A fund is hereby created in the State Treasury to be known as the State School Building Lease-Purchase Fund. All money in the State School Building Lease-Purchase Fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated for expenditure pursuant to this chapter.

The State Allocation Board may apportion funds to school districts for the purposes of this chapter from funds transferred to the State School Building Lease-Purchase Fund from any source."

1 including any money deposited in that fund from any source whatsoever, is
2 appropriated for expenditure pursuant to this chapter.

3 Chapter 277, Statutes of 1996, Section 2, added¹⁴⁵ Education Code Section
4 17008.3¹⁴⁶. Subdivision (a) provides that a revolving loan account within the State
5 School Building Lease-Purchase Fund shall be established as necessary, from which

¹⁴⁵ Former Education Code Section 17708.3, (added by Chapter 886, Statutes of 1986, Section 3) relating to similar subject matter as Section 17008.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁴⁶ Education Code Section 17008.3, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The board may establish a revolving loan account within the State School Building Lease-Purchase Fund, and may allocate from the fund to that account those amounts it determines to be necessary for the purposes of this section.

(b) The board may apportion to any school district that submits to the board a statement of its intent to subsequently file a project application under this chapter, a loan for the purpose of advance planning and related administrative costs pursuant to the preparation of that application. The loan amount shall not exceed 3 percent of the estimated project cost, as determined pursuant to the building cost standards established under this chapter.

(c) If, within a period of 24 months following the receipt of any loan amounts under this section, the project for which those advance planning funds were provided has not been found by the board to be qualified for funding under this chapter, the board shall so notify the Controller, who shall reduce the apportionments to which the district is otherwise entitled under Section 42238 as necessary to repay the amount of all loans provided under this section, over such period of time as the board finds to be reasonable. The Controller shall transfer the amount of all apportionment reductions imposed under this subdivision to the revolving loan account established under this section.

(d) The repayment of loan amounts received under this section by school districts other than those described under subdivision (c) shall be accomplished by the withholding, as determined by the board, of apportionment funds that would be available to the district for purposes of the project for which the district received funding approval under this chapter.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 funds will be allocated by the board as determined necessary for the purposes of this
2 section. Subdivision (b) provides that if any school district submits to the board a
3 statement of its intent to subsequently file a project application under this chapter, the
4 board shall, as may be necessary, apportion a loan for the purpose of advance
5 planning and related administrative costs pursuant to the preparation of that application.
6 The loan will not exceed 3 percent of the estimated project cost, as determined
7 pursuant to the building cost standards established under this chapter. Subdivision (c)
8 provides that if, within a period of 24 months following the receipt of any loan amounts
9 under this section, the school district's project for which those advance planning funds
10 were provided has not been found by the board to be qualified for funding under this
11 chapter, the board shall so notify the Controller, who shall reduce the apportionments
12 as necessary to repay the amount of all loans provided under this section, over such
13 period of time as the board finds to be reasonable. Subdivision (d) requires school
14 districts to repay the loan amounts received under this section, other than those
15 described under subdivision (c), by having apportioned funds that would have been
16 available to the district for purposes of an approved project withheld by the board.

17 Chapter 277, Statutes of 1996, Section 2, added¹⁴⁷ Education Code Section

¹⁴⁷ Former Education Code Section 17708.5, (added by Chapter 1749, Statutes of 1984, Section 1), relating to similar subject matter as Section 17008.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17008.5¹⁴⁸ to provide that projects may be approved and funds may be apportioned in
2 amounts not exceeding those funds on deposit in the State School Building
3 Lease-Purchase Fund plus any amount of bonds authorized by the State School
4 Building Finance Committee but not yet sold by the Treasurer. Disbursements may be
5 made under any apportionment made from any funds in the State School Building
6 Lease-Purchase Fund, irrespective of whether there exists at the time of the
7 disbursement a sufficient amount in the State School Building Lease-Purchase Fund to
8 permit payment in full of all apportionments previously made. However, no
9 disbursement shall be made from any funds required by law to be transferred to the
10 General Fund.

11 Chapter 277, Statutes of 1996, Section 2, added¹⁴⁹ Education Code Section

¹⁴⁸ Education Code Section 17008.5, added by Chapter 277, Statutes of 1996,
Section 2:

“The board may approve projects and make apportionments in amounts not exceeding those funds on deposit in the State School Building Lease-Purchase Fund plus any amount of bonds authorized by the State School Building Finance Committee but not yet sold by the Treasurer.

Disbursements may be made under any apportionment made from any funds in the State School Building Lease-Purchase Fund, irrespective of whether there exists at the time of the disbursement a sufficient amount in the State School Building Lease-Purchase Fund to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.”

¹⁴⁹ Former Education Code Section 17709, (added by Chapter 388, Statutes of 1993, Section 1) relating to similar subject matter as Section 17009, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17009¹⁵⁰. Subdivision (a) provides that the county superintendent of schools or county
2 office of education shall be eligible to receive any funds from the portion of the
3 proceeds of the sale of any state bonds that are set aside for the construction,
4 reconstruction, or modernization of, or deferred maintenance on facilities to house
5 special education pupils who are defined as severely handicapped and eligible pursuant
6 to Section 17047 (providing that allowable new building area necessarily be allocated to
7 providing special day class and Resource Specialist Program facilities for special
8 education students). Subdivision (b) provides that subdivision (a) is only applicable if
9 the county superintendent of schools or county office of education has filed with the
10 board a regionalized facility plan, as developed and approved by the State Department
of Education, that covers the county or special education local planning agency area of
12 responsibility.

13 Chapter 407, Statutes of 1998, Section 2, added Education code Section
14 17009.3 to provide that "the board may not approve any projects pursuant to this

¹⁵⁰ Education Code Section 17009, added by Chapter 277, Statutes of 1996,
Section 2:

"(a) The county superintendent of schools or county office of education shall be eligible to receive any funds from the portion of the proceeds of the sale of any state bonds that are set aside for the construction, reconstruction, or modernization of, or deferred maintenance on facilities to house special education pupils who are defined as severely handicapped and eligible pursuant to Section 17047.

(b) Subdivision (a) is only applicable if the county superintendent of schools or county office of education has filed with the State Allocation Board a regionalized facility plan, as developed and approved by the State Department of Education, that covers the county or special education local planning agency area of responsibility."

1 chapter on and after November 4, 1998.”

2 Chapter 753, Statutes of 2000, Section 1, amended Education Code Section
3 17009.5¹⁵¹. Subdivision (a) requires that the board shall only approve and fund school

¹⁵¹ Education Code Section 17009.5, added by Chapter 407, Statutes of 1998, Section 3, as amended by Chapter 753, Statutes of 2000, Section 1:

“(a) * * * Except as set forth in Section 17052, on and after November 4, 1998, the board shall only approve and fund school facilities construction projects pursuant to Chapter 12.5 (commencing with Section 17070.10).

(b) A school district with a first priority project that has received a construction approval by the Department of General Services, Division of the State Architect, or a joint-use project approval by the board, prior to November 4, 1998, for growth or modernization pursuant to this chapter shall receive funding pursuant to this chapter for all unfunded approved project costs as it would have received under this chapter, and the increased capacity assigned to the project shall be included in calculating the district's capacity pursuant to Chapter 12.5 (commencing with Section 17070.10). Funds received for projects described in this subdivision shall constitute the state's final and full contribution to these projects. The board shall not consider additional project funding except when otherwise authorized under Chapter 12.5 (commencing with Section 17070.10).

(c) A school district with a second priority project that has received a construction approval by the Department of General Services, Division of the State Architect prior to November 4, 1998, for growth or modernization pursuant to this chapter shall elect to do either of the following:

(1) Withdraw the application under this chapter, submit an initial report and application pursuant to Chapter 12.5 (commencing with Section 17070.10), and receive per pupil allocations as set forth in Chapter 12.5 (commencing with Section 17070.10). If the district withdraws the application, any funds previously allocated under this chapter for the project shall be offset from the first grant to the district under Chapter 12.5 (commencing with Section 17070.10).

(2) Convert the second priority project approved under this chapter to a first priority status and receive funds in accordance with this chapter.

(d) Notwithstanding priorities established pursuant to Chapter 12.5 (commencing with Section 17070.10), projects authorized for funding as set forth in this section shall be funded by the board pursuant to this chapter prior to funding other projects pursuant to Chapter 12.5 (commencing with Section 17070.10).

(e) For purposes of funding priority for modernization grants under Chapter 12.5 (commencing with Section 17070.10), a district that applies under subdivision (b) or

1 facilities construction projects pursuant to Chapter 12.5 "Leroy F. Greene School
2 Facilities Act of 1998" (commencing with Section 17070.10), except as set forth in
3 Section 17052, on and after November 4, 1998. Subdivision (b) provides that a school
4 district with a first priority project that has received a construction approval by the
5 Department of General Services, Division of the State Architect, or a joint-use project
6 approval by the board, prior to November 4, 1998, for growth or modernization pursuant
7 to this chapter shall receive funding pursuant to this chapter for all unfunded approved
8 project costs as it would have received under this chapter, and the increased capacity
9 assigned to the project shall be included in calculating the district's capacity pursuant to
10 Chapter 12.5. Funds received for projects described in this subdivision shall constitute
11 the state's final and full contribution to these projects. The board shall not consider
12 additional project funding except when otherwise authorized under Chapter 12.5.
13 Subdivision (c) requires that a school district with a second priority project that has
14 received a construction approval by the Department of General Services, Division of the
15 State Architect prior to November 4, 1998, for growth or modernization pursuant to this
16 chapter shall elect to do either of the following: (1) withdraw the application under this
17 chapter, submit an initial report and application pursuant to Chapter 12.5, and receive

paragraph (1) of subdivision (c) shall retain its original project approval date.

(f) Notwithstanding Section 17017.1, West Contra Costa Unified School District shall be eligible for state facilities funds beginning November 4, 1998.

(g) The State Allocation Board shall adopt regulations to ensure that an appropriate offset is made from funds approved pursuant to this chapter, for funds awarded to school districts pursuant to Chapter 12 (commencing with Section 17000) prior to November 4, 1998."

1 per pupil allocations as set forth in Chapter 12.5. If the district withdraws the
2 application, any funds previously allocated under this chapter for the project shall be
3 offset from the first grant to the district under Chapter 12.5; or (2) convert the second
4 priority project approved under this chapter to a first priority status and receive funds in
5 accordance with this chapter. Subdivision (d) provides that notwithstanding priorities
6 established pursuant to Chapter 12.5, projects authorized for funding as set forth in this
7 section shall be funded by the board pursuant to this chapter prior to funding other
8 projects pursuant to Chapter 12.5. Subdivision (e) provides that for purposes of funding
9 priority for modernization grants under Chapter 12.5, a district that applies under
10 subdivision (b) or paragraph (1) of subdivision (c) shall retain its original project
11 approval date. Subdivision (f) relates specifically to the West Contra Costa Unified
12 School District. Subdivision (g) requires that the State Allocation Board shall adopt
13 regulations to ensure that an appropriate offset is made from funds approved pursuant
14 to this chapter, for funds awarded to school districts pursuant to this chapter prior to
15 November 4, 1998.

16 ARTICLE 2. PROJECTS

17 Chapter 277, Statutes of 1996, Section 2, added¹⁵² Education Code Section

¹⁵² Former Education Code Section 19359, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17710 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as new Section 17010, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17010¹⁵³ to provide that the board may construct any project, and may acquire all
2 property necessary therefor, on any terms and conditions as it may deem advisable.
3 When any part of the work is to be done or performed by any public body or the United
4 States jointly or in conjunction with the board, the portion of the cost of the project to be
5 borne by the board may be turned over to the government of the United States or to
6 any other public body, to be expended by it in the acquisition, construction or
7 completion of the project.

8 Chapter 277, Statutes of 1996, Section 2, added¹⁵⁴ Education Code Section
9 17011 to provide that “the board may use for the payment of the costs of acquisition,
10 construction or completion of any project any funds made available to the board by the
11 State of California or any other funds provided by the board from any source, to be
12 expended for accomplishing the purposes set forth in this chapter, together with the
13 proceeds of bonds issued and sold pursuant to the State School Building

¹⁵³ Education Code Section 17010, added by Chapter 277, Statutes of 1996,
Section 2:

“The board may construct any project, and may acquire all property necessary therefor, on any terms and conditions as it may deem advisable. When any part of the work is to be done or performed by any public body or the United States jointly or in conjunction with the board, the portion of the cost of the project to be borne by the board may be turned over to the government of the United States or to any other public body, to be expended by it in the acquisition, construction or completion of the project.”

¹⁵⁴ Former Education Code Section 19360, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17711 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as new Section 17011, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Lease-Purchase Bond Law of 1976.”

2 Chapter 277, Statutes of 1996, Section 2, added¹⁵⁵ Education Code Section
3 17012 to provide that “the board has full charge of the acquisition, construction,
4 completion, and control of all projects authorized by them and may proceed with such
5 work forthwith.”

6 Chapter 277, Statutes of 1996, Section 2, added¹⁵⁶ Education Code Section
7 17013 to provide that “title to all property acquired, constructed, or improved by the
8 board and the revenues and income therefrom, is in the State of California. All such
9 property, and the income therefrom are exempt from all taxation by the State of
10 California or by any county, city and county, city, district, political subdivision or public
11 corporation thereof.”

12 Chapter 513, Statutes of 1997, Section 1, amended¹⁵⁷ Education Code Section

¹⁵⁵ Former Education Code Section 19361, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17712 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as new Section 17012, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁵⁶ Former Education Code Section 19362, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17713 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as new Section 17013, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁵⁷ Former Education Code Section 19363, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17714 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17014, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17014¹⁵⁸. Subdivision (a) requires the school district to make all necessary repairs,

¹⁵⁸ Education Code Section 17014, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 513, Statutes of 1997, Section 1:

"(a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and encourage applicants to maintain all buildings under their control, the board shall require the applicant to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the district's general fund for the exclusive purpose of providing moneys for regular maintenance and routine repair of school buildings, according the highest priority to funding for the purpose set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for the term of the lease agreements of all projects constructed under this chapter, a minimum amount equal to or greater than 2 percent of the applicant's General Fund budget for that fiscal year. This paragraph is applicable only to the following districts:

(A) High school districts with average daily attendance greater than 300.

(B) Elementary school districts with average daily attendance greater than 900.

(C) Unified school districts with average daily attendance greater than 1,200.

(c) For each project funded after July 1, 1998, the board shall require the applicant school district governing board to certify, as part of the school district's annual budget process and beginning in the fiscal year in which the project is funded by the state, that a plan has been prepared for completing major maintenance, repair, and replacement requirements for the project. For purposes of this subdivision, the term "major maintenance, repair, and replacement" means roofing, siding, painting, floor and window coverings, fixtures, cabinets, heating and cooling systems, landscaping, fences, and other items designated by the governing board of the school district. The board shall require the school district's governing board to certify that the plan includes and is being implemented as follows:

(1) Identification of the major maintenance, repair, and replacement needs for the project.

(2) Specification of a schedule for completing the major maintenance, repair, and replacement needs.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 renewals, and replacements to ensure that a project is at all times kept in good repair,
2 working order, and condition. All costs incurred for this purpose shall be borne by the
3 school district. Subdivision (b) requires that in order to ensure compliance with
4 subdivision (a) and to encourage applicants to maintain all buildings under their control,
5 applicants must do all of the following prior to the board-approval of a project: (1)
6 establish a restricted account within the district's general fund for the exclusive purpose
7 of providing moneys for regular maintenance and routine repair of school buildings,
8 according the highest priority to funding for the purpose set forth in subdivision (a); (2)
9 agree to deposit into the restricted account, in each fiscal year for the term of the lease
10 agreements of all projects constructed under this chapter, a minimum amount equal to
11 or greater than 2 percent of the applicant's General Fund budget for that fiscal year.
12 This paragraph is applicable only to the following districts: (A) high school districts with

(3) Specification of a current cost estimate for the scheduled major maintenance, repair, and replacement needs.

(4) Specification of the school district's schedule for funding a reserve to pay for the scheduled major maintenance, repair, and replacement needs.

(5) Review of the plan annually, as a part of the school district's annual budget process, and update, as needed, the major maintenance, repair, and replacement needs, the estimates of expected costs, and any adjustments in funding the reserve.

(6) Availability for public inspection of the original plan, and all updated versions of the plan, at the office of the superintendent of the school district during the working hours of the school district.

(7) Provision in the school district's annual budget of a provision that states the total funding available in reserve for scheduled major maintenance, repair and replacement needs as specified in the updated plan, and an explanation if this amount is less than that specified in the updated plan. The reserve shall be maintained in the restricted account established pursuant to subdivision (b)."

1 average daily attendance greater than 300; (B) elementary school districts with average
2 daily attendance greater than 900; and (C) unified school districts with average daily
3 attendance greater than 1,200. Subdivision (c) requires that for each project funded
4 after July 1, 1998, the applicant school district governing board must certify, as part of
5 the school district's annual budget process and beginning in the fiscal year in which the
6 project is funded by the state, that a plan has been prepared for completing major
7 maintenance, repair, and replacement requirements for the project. For purposes of
8 this subdivision, the term "major maintenance, repair, and replacement" means roofing,
9 siding, painting, floor and window coverings, fixtures, cabinets, heating and cooling
10 systems, landscaping, fences, and other items designated by the governing board of
the school district. The school district's governing board is further required to certify
12 that the plan includes:

13 (1) Identification of the major maintenance, repair, and replacement needs for
14 the project;

15 (2) Specification of a schedule for completing the major maintenance, repair, and
16 replacement needs;

17 (3) Specification of a current cost estimate for the scheduled major maintenance,
18 repair, and replacement needs;

19 (4) Specification of the school district's schedule for funding a reserve to pay for
20 the scheduled major maintenance, repair, and replacement needs;

21 (5) Review of the plan annually, as a part of the school district's annual budget.

1 process, and update, as needed, the major maintenance, repair, and
2 replacement needs, the estimates of expected costs, and any adjustments in
3 funding the reserve;

4 (6) Availability for public inspection of the original plan, and all updated versions
5 of the plan, at the office of the superintendent of the school district during the
6 working hours of the school district; and

7 (7) A provision in the school district's annual budget stating the total funding
8 available in reserve for scheduled major maintenance, repair and replacement
9 needs as specified in the updated plan, and an explanation if this amount is less
10 than that specified in the updated plan. The reserve shall be maintained in the
11 restricted account established pursuant to subdivision (b).

12 Chapter 277, Statutes of 1996, Section 2, added¹⁵⁹ Education Code Section
13 17015 to provide that "the board shall require the school district to insure against public
14 liability or property damage in connection with any project."

15 Chapter 485, Statutes of 1998, Section 45, amended¹⁶⁰ Education Code Section

¹⁵⁹ Former Education Code Section 19364, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17715 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17015, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁶⁰ Former Education Code Section 19365, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17716 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17016, was repealed by Chapter 893, Statutes of 1997, Section 99.

1 17016¹⁶¹. Subdivision (a) provides that the board, by the adoption of rules, may
2 establish priorities for the construction and leasing of projects to those school districts
3 the pupils of which will benefit most. The board shall, as may be necessary, make
4 exceptions from established priorities when it determines that to do so will benefit the
5 pupils affected. Subdivision (b) provides that the board shall adopt rules establishing
6 priorities for the acquisition and leasing of portable classrooms to county
7 superintendents of schools that will most benefit pupils needing a county community
8 school. Each county superintendent of schools who leases portable classrooms
9 pursuant to Section 17017.2 is required to demonstrate that the portable classrooms
10 are utilized solely for operation of a county community school.

1 Chapter 277, Statutes of 1996, Section 2, added¹⁶² Education Code Section

¹⁶¹ Education Code Section 17016, added by Chapter 893, Statutes of 1997, Section 83, as amended by Chapter 485, Statutes of 1998, Section 45:

“(a) The board, by the adoption of rules, may establish priorities for the construction and leasing of projects to those school districts the pupils of which will benefit most. The board may make exceptions from established priorities when it determines that to do so will benefit the pupils affected.

(b) The board may adopt rules establishing priorities for the acquisition and leasing of portable classrooms to county superintendents of schools that will most benefit pupils needing a county community school. The board shall require each county superintendent of schools who leases portable classrooms pursuant to Section 17017.2 to demonstrate that the portable classrooms are utilized solely for operation of a county community school.”

¹⁶² Former Education Code Section 19366, (added by Chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17717 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17017, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17017¹⁶³ to require each school district that desires to lease a project for a grade level
2 maintained by it, to submit through its governing board an application therefor to the
3 board in the form and number of copies that the board may prescribe. Immediately
4 upon receipt of an application in the prescribed form accompanied by the required
5 estimate of cost, a copy thereof shall be transmitted by the board to the Director of
6 General Services. Each copy of the application shall be accompanied by a statement
7 of the estimated cost of the project certified by an architect or structural engineer, and
8 by layout plans showing the entire construction project. Before the board approves an

¹⁶³ Education Code Section 17017, added by Chapter 277, Statutes of 1996,
Section 2:

“Each school district that desires to lease a project for a grade level maintained by it, shall submit through its governing board an application therefor to the board in the form and number of copies that the board may prescribe. Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the Director of General Services.

Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project.

Before the board approves an application for a construction project, it shall establish cost standards for all new construction included therein. The cost standards shall not exceed typical comparable new construction by school districts in the same area, or if there has been no new construction by school districts in the area, the cost standards shall not exceed the reasonable current cost of similar construction in the area. The board shall determine such typical current costs or such reasonable current costs. In applying cost standards the board shall take into account the size and type of the construction proposed and may make any deviations that in its judgment are justified. When a standard has been set by the board to cover any individual apportionment, no project shall be approved by the board in excess of the standard, unless the board shall find that in view of a subsequent increase in building costs an adjustment is warranted. No contract shall be let for a construction project which has been approved by the board if the cost exceeds the construction cost standards fixed by the board under this section for the new construction.”

1 application for a construction project, it shall establish cost standards for all new
2 construction included therein. The cost standards shall not exceed typical comparable
3 new construction by school districts in the same area, or if there has been no new
4 construction by school districts in the area, the cost standards shall not exceed the
5 reasonable current cost of similar construction in the area. The board shall determine
6 such typical current costs or such reasonable current costs. In applying cost standards
7 the board shall take into account the size and type of the construction proposed and
8 may make any deviations that in its judgment are justified. When a standard has been
9 set by the board to cover any individual apportionment, no project shall be approved by
10 the board in excess of the standard, unless the board shall find that in view of a
11 subsequent increase in building costs an adjustment is warranted. No contract shall be
12 let for a construction project which has been approved by the board if the cost exceeds
13 the construction cost standards fixed by the board under this section for the new
14 construction.

15 Chapter 893, Statutes of 1997, Section 84, added¹⁶⁴ Education Code Section
16 17017.2¹⁶⁵. Subdivision (a) provides that the board shall, as may be necessary, own,

¹⁶⁴ Former Education Code Section 17717.2, (added by Chapter 1059, Statutes of 1996, Section 3), relating to similar subject matter as new Section 17017.2, was repealed by Chapter 893, Statutes of 1997, Section 100.

¹⁶⁵ Education Code Section 17017.2, added by Chapter 893, Statutes of 1997, Section 84:

“(a) The board may own, have maintained, and lease portable classrooms to any county superintendent of schools who provides a county community school program, as

1 have maintained, and lease portable classrooms to any county superintendent of
2 schools who provides a county community school program, as defined in Section 1986
3 (providing that if a county superintendent of schools elects to operate a community
4 school pursuant to Chapter 6.5 "County Community Schools," he or she shall apply for
5 emergency portable classrooms pursuant to Section 17017.2). These portable
6 classrooms shall be adequately equipped to meet the educational needs of these

defined in Section 1986. These portable classrooms shall be adequately equipped to meet the educational needs of these pupils, including, but not limited to, sinks and restroom facilities.

(b) The board, with the advice of the Superintendent of Public Instruction, may have portable classrooms constructed, furnished, or equipped, and may otherwise require whatever work is necessary to place portable classrooms for county community schools where needed, including the acquisition and preparation of sites. The board shall, in consultation with the Superintendent of Public Instruction, establish standards for the acquisition of land, with land acquisition limited to no more than 10,000 square feet per portable classroom, waivable by the board only as needed to meet local zoning and land use requirements or health and safety considerations.

(c) A county superintendent of schools who desires to lease portable classrooms shall have prepared for the board's use performance specifications for portable classrooms and bids for their construction that can be solicited from more than one responsible bidder.

(d) No portable classroom shall be made available to a county superintendent of schools unless the county superintendent of schools furnishes evidence, satisfactory to the board, that the county superintendent of schools has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(e) If at any time the board determines that a lessee's need for particular portable classrooms that were made available to the lessee pursuant to this chapter has ceased, the board may take possession of the portable classrooms and may lease them to other county superintendents of schools or, if there is no longer a need for portable classrooms, the board may dispose of them to public or private parties in the manner it deems to be in the best interest of the state.

(f) This section does not limit the authority of a county superintendent of schools to provide facilities without assistance from the board for pupils who are enrolled in a county community school."

1 pupils, including, but not limited to, sinks and restroom facilities. Subdivision (b)
2 provides that the board, with the advice of the Superintendent of Public Instruction, may
3 have portable classrooms constructed, furnished, or equipped, and may otherwise
4 require whatever work is necessary to place portable classrooms for county community
5 schools where needed, including the acquisition and preparation of sites. The board
6 shall, in consultation with the Superintendent of Public Instruction, establish standards
7 for the acquisition of land, with land acquisition limited to no more than 10,000 square
8 feet per portable classroom, waivable by the board only as needed to meet local zoning
9 and land use requirements or health and safety considerations. Subdivision (c)
10 provides that a county superintendent of schools who desires to lease portable
11 classrooms shall have prepared for the board's use performance specifications for
12 portable classrooms and bids for their construction that can be solicited from more than
13 one responsible bidder. Subdivision (d) requires that no portable classroom shall be
14 made available to a county superintendent of schools unless the county superintendent
15 of schools furnishes evidence, satisfactory to the board, that the county superintendent
16 of schools has no other facility available for rental, lease, or purchase in the geographic
17 service area that is economically or otherwise feasible. Subdivision (e) provides that if
18 at any time the board determines that a lessee's need for particular portable classrooms
19 that were made available to the lessee pursuant to this chapter has ceased, the board
20 may take possession of the portable classrooms and may lease them to other county
21 superintendents of schools or, if there is no longer a need for portable classrooms, the

1 board may dispose of them to public or private parties in the manner it deems to be in
2 the best interest of the state. Subdivision (f) provides that this section does not limit the
3 authority of a county superintendent of schools to provide facilities without assistance
4 from the board for pupils who are enrolled in a county community school.

5 Chapter 277, Statutes of 1996, Section 2, added¹⁶⁶ Education Code Section
6 17017.5¹⁶⁷. Subdivision (a) provides that the board shall, as may be necessary,

¹⁶⁶ Former Education Code Section 17717.5, (added by Chapter 1354, Statutes of 1980, Section 8.5 and amended extensively) relating to similar subject matter as Section 17017.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁶⁷ Education Code Section 17017.5, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The board may approve, in whole or in part, an application submitted by a school district under Section 17017 or 17020 in an amount not exceeding the amount applied for as the board may deem appropriate.

(b) The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make apportionments of project funding not exceeding in the aggregate the total amount determined by the board under subdivision (a) for the portion or portions of the project for which the board determines the district is ready to proceed. Subsequent to the board's approval of a project, any requirement imposed by the board that the compliance of the project with building cost or area standards and related guidelines adopted by the board be established as a condition of the apportionment of funds under this chapter shall be satisfied, as to a project for a self-certifying district, by the certification by the district of that compliance. In addition, the board shall not require that estimates of average daily attendance be updated as to that project more often than once every 12 months subsequent to the board's approval of the project. The self-certifying district shall maintain documentation of the compliance certified pursuant to this subdivision as may be required by the board, and that compliance shall be subject to subsequent audit as the board may direct.

(c) Whenever a district files an application, the board shall require the district to submit to the board and the State Department of Education a five-year plan for construction and rehabilitation of school facilities, and to obtain the written approval of the department that the plan complies with standards that are established by the department for this purpose to ensure that the applicant district has adequately

1 approve, in whole or in part, an application submitted by a school district under Section
2 17017 (application for projects) or Section 17020 (application for advance purchase of
3 land and preparation plans) in an amount not exceeding the amount applied for as the
4 board may deem appropriate. Subdivision (b) provides that the board shall, as may be
5 necessary, upon approval of the application, in whole or in part, and subsequently from
6 time to time, make apportionments of project funding not exceeding in the aggregate
7 the total amount determined by the board under subdivision (a) for the portion or
8 portions of the project for which the board determines the district is ready to proceed.
9 Subsequent to the board's approval of a project, any requirement imposed by the board
10 that the compliance of the project with building cost or area standards and related
11 guidelines adopted by the board be established as a condition of the apportionment of
12 funds under this chapter shall be satisfied, as to a project for a self-certifying district, by
13 the certification by the district of that compliance. In addition, the board shall not
14 require that estimates of average daily attendance be updated as to that project more

anticipated its school facilities needs and identified funding sources as necessary to meet those needs. The plan may be adjusted to reflect adjusted growth targets.

(d) The board shall not approve any application under this chapter after January 1, 1990, unless accompanied by a study examining the feasibility of implementing in the district a year-round multitrack educational program that is designed to increase pupil capacity in the district or in overcrowded high school attendance areas by at least 20 percent.

(e) The board may waive subdivision (d) or the requirements of Section 17017.7, or both, if a school district demonstrates that these requirements will result in a particular educational or financial hardship to the district. Further, the board shall waive subdivision (d), if it finds that there is clear hardship to a district due to declining enrollment or no growth."

1 often than once every 12 months subsequent to the board's approval of the project.
2 The self-certifying district shall maintain documentation of the compliance certified
3 pursuant to this subdivision as may be required by the board, and that compliance shall
4 be subject to subsequent audit as the board may direct. Subdivision (c) requires that
5 the district, upon filing an application, submit to the board and the State Department of
6 Education a five-year plan for construction and rehabilitation of school facilities, and to
7 obtain the written approval of the department that the plan complies with standards that
8 are established by the department for this purpose to ensure that the applicant district
9 has adequately anticipated its school facilities needs and identified funding sources as
10 necessary to meet those needs. The plan may be adjusted to reflect adjusted growth
11 targets. Subdivision (d) provides that the board shall not approve any application under
12 this chapter after January 1, 1990, unless accompanied by a study examining the
13 feasibility of implementing in the district a year-round multi-track educational program
14 that is designed to increase pupil capacity in the district or in overcrowded high school
15 attendance areas by at least 20 percent. Subdivision (e) provides that the board may
16 waive subdivision (d) or the requirements of Section 17017.7 (relating to the priority of
17 funding allocation for new construction projects), or both, if a school district
18 demonstrates that these requirements will result in a particular educational or financial
19 hardship to the district. Further, the board shall waive subdivision (d), if it finds that
20 there is clear hardship to a district due to declining enrollment or no growth.

1 Chapter 277, Statutes of 1996, Section 2, added¹⁶⁸ Education Code Section
2 17017.6¹⁶⁹ to provide that notwithstanding Section 17017.7 (relating to the priority of
3 funding allocation for new construction projects), the definition of "substantial
4 enrollment" set forth in that section shall apply only to elementary and unified school
5 districts. For a high school district, "substantial enrollment in multitrack year-round
6 schools," for the purposes of Section 17017.7, means that at least 30 percent of the
7 pupils enrolled in the high school district are enrolled in multi-track year-round schools,
8 or that 40 percent of the pupils enrolled in public school in kindergarten and grades 1 to
9 12, inclusive, within the boundaries of the high school attendance area for which the
10 school district is applying for new facilities are enrolled in multi-track year-round
schools. In addition, a high school district shall be deemed to have a substantial

¹⁶⁸ Former Education Code Section 17717.6, (added by Chapter 588, Statutes of 1991, Section 1 and amended by Chapter 759, Statutes of 1992, Section 4) relating to similar subject matter as Section 17017.6, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁶⁹ Education Code Section 17017.6, added by Chapter 277, Statutes of 1996, Section 2:

"Notwithstanding Section 17017.7, the definition of "substantial enrollment" set forth in that section shall apply only to elementary and unified school districts. For a high school district, "substantial enrollment in multitrack year-round schools," for the purposes of Section 17017.7, means that at least 30 percent of the pupils enrolled in the high school district are enrolled in multitrack year-round schools, or that 40 percent of the pupils enrolled in public school in kindergarten and grades 1 to 12, inclusive, within the boundaries of the high school attendance area for which the school district is applying for new facilities are enrolled in multitrack year-round schools. In addition, a high school district shall be deemed to have a substantial enrollment in multitrack year-round schools for purposes of Section 17017.7 if, at the option of the district, the entire high school to be constructed is to operate on a multitrack year-round basis."

1 enrollment in multi-track year-round schools for purposes of Section 17017.7 if, at the
2 option of the district, the entire high school to be constructed is to operate on a multi-
3 track year-round basis.

4 Chapter 277, Statutes of 1996, Section 2, added¹⁷⁰ Education Code Section
5 17017.7¹⁷¹. Subdivision (a) provides that notwithstanding any other provision of this

¹⁷⁰ Former Education Code Section 17717.7, (added by Chapter 1261, Statutes of 1990, Section 2 and last amended by Chapter 1296, Statutes of 1993, Section 2), relating to similar subject matter as new section 17017.7, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁷¹ Education Code Section 17017.7, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Notwithstanding any other provision of this chapter, priority for the approval of project funding for new construction under this chapter, shall be as follows:

(1) First priority for construction funds shall be given to school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would be constructed to operate on a multitrack year-round basis.

(2) Second priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(3) Third priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project to operate on a multitrack year-round basis.

(4) Fourth priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(5) Fifth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would not operate on a multitrack year-round basis.

(6) Sixth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would not operate on a multitrack year-round basis.

1 chapter, priority for the approval of project funding for new construction under this
2 chapter, shall be as follows:

3 (1) First priority for construction funds shall be given to school districts with a
4 substantial enrollment in multi-track year-round schools requesting state funding
5 for 50 percent of the cost of a project that would be constructed to operate on a

(b) The board shall not restrict the availability of funding for construction of multitrack year-round schools, from any funding source available to the State School Building Lease-Purchase Fund, but shall make approval of project funding for those projects the first priority in accordance with this section.

(c) "Substantial enrollment," for the purposes of this section, means enrollment of at least 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and grades 1 to 12, inclusive, in the high school attendance area for which the school district is applying for new facilities. The calculation set forth in this subdivision, as to a self-certifying district, shall be made by the district, in accordance with any standards governing that calculation that are adopted by the board. The calculation shall be certified by the district to the board and used by the board for the purposes of this section. The self-certifying district shall maintain documentation of the calculation as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct. If a self-certifying district is found by the board to have materially misrepresented its pupil enrollment pursuant to this subdivision, the board may impose either or both of the penalties set forth in paragraphs (1) and (2) of subdivision (b) of Section 17041.2, in accordance with that section.

(d) "Multitrack year-round school," for purposes of this section, means a school for which the applicant district demonstrates that both of the following criteria are satisfied:

(1) The pupils are divided into three or more groups or tracks, which rotate attendance so that, for a majority of schooldays during the school year, at least one group or track is not attending the school while all other groups or tracks are in attendance.

(2) The operation of the school on a multitrack year-round basis has resulted in an increase in enrollment capacity.

(e) Notwithstanding any other provision of this section, the State Allocation Board may continue to implement any year-round school priority provisions for hardships adopted prior to September 1, 1990."

1 multi-track year-round basis;

2 (2) Second priority shall be for school districts with a substantial enrollment in
3 multi-track year-round schools requesting state funding for the entire cost of a
4 project that would be constructed to operate on a multi-track year-round basis;

5 (3) Third priority shall be for school districts without a substantial enrollment in
6 multi-track year-round schools requesting state funding for 50 percent of the cost
7 of a project to operate on a multi-track year-round basis;

8 (4) Fourth priority shall be for school districts without a substantial enrollment in
9 multi-track year-round schools requesting state funding for the entire cost of a
10 project that would be constructed to operate on a multi-track year-round basis;

11 (5) Fifth priority shall be for school districts with a substantial enrollment in multi-
12 track year-round schools requesting state funding for 50 percent of the cost of a
13 project that would not operate on a multi-track year-round basis;

14 (6) Sixth priority shall be for school districts with a substantial enrollment in multi-
15 track year-round schools requesting state funding for the entire cost of a project
16 that would not operate on a multi-track year-round basis.

17 Subdivision (b) requires the board to not restrict the availability of funding for
18 construction of multi-track year-round schools, from any funding source available to the
19 State School Building Lease-Purchase Fund, and make approval of project funding for
20 those projects the first priority in accordance with this section. Subdivision (c) defines
21 "Substantial enrollment," for the purposes of this section, to mean enrollment of at least

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of
2 pupils in kindergarten and grades 1 to 12, inclusive, in the high school attendance area
3 for which the school district is applying for new facilities. The calculation set forth in this
4 subdivision, as to a self-certifying district, shall be made by the district, in accordance
5 with any standards governing that calculation that are adopted by the board. The
6 calculation shall be certified by the district to the board and used by the board for the
7 purposes of this section. The self-certifying district shall maintain documentation of the
8 calculation as may be required by the board, and the calculation shall be subject to
9 subsequent audit as the board may direct. If a self-certifying district is found by the
10 board to have materially misrepresented its pupil enrollment pursuant to this
11 subdivision, the board may impose either or both of the penalties set forth in
12 paragraphs (1) and (2) of subdivision (b) of Section 17041.2 (providing that if a school
13 district fails to repay project funds to the board with a five year period including
14 appropriate interest, the board may withhold any funds that would otherwise be
15 allocable to the school district and the board may assume control of information that
16 otherwise may be certified under this chapter by a self-certifying district applying for
17 project funding for a period of up to five years). Subdivision (d) defines "Multitrack
18 year-round school," for purposes of this section, to mean a school for which the
19 applicant district demonstrates that both of the following criteria are satisfied: (1) the
20 pupils are divided into three or more groups or tracks, which rotate attendance so that,
21 for a majority of schooldays during the school year, at least one group or track is not

1 attending the school while all other groups or tracks are in attendance, and (2) the
2 operation of the school on a multi-track year-round basis has resulted in an increase in
3 enrollment capacity. Subdivision (e) provides that notwithstanding any other provision
4 of this section, the State Allocation Board may continue to implement any year-round
5 school priority provisions for hardships adopted prior to September 1, 1990.

6 Chapter 957, Statutes of 1998, Section 1, amended¹⁷² Education Code Section
7 17017.9¹⁷³. Subdivision (a) provides that notwithstanding any other provision of law, a

¹⁷² Former Education Code Section 17717.9, (added by Chapter 771, Statutes of 1992, Section 1) relating to similar subject matter as 17017.9, was repealed by chapter 277, Statutes of 1996, Section 2.

¹⁷³ Education Code Section 17017.9, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 957, Statutes of 1998, Section 1:

“(a) Notwithstanding any other provision of law, a project shall be accorded, subject to subdivision (b), the priority status that otherwise is accorded under Section 17017.7 to a project for which state funding is requested for only 50 percent of the cost, if all of the following conditions are met:

(1) The applicant district documents to the satisfaction of the board that it has incurred bonded indebtedness in an amount not less than 95 percent of the bonding capacity of the district. “Bonded indebtedness” for the purposes of this section includes, but is not limited to, funding provided pursuant to Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code.

(2) The applicant district agrees that *** up to 95 percent of the *** unexpended bonding capacity of the district, existing on or after the date of the district's first application for project funding pursuant to this section, shall apply toward the cost of projects.

(3) Either of the following apply:

(A) *** The applicant district agrees that developer fees imposed pursuant to Section 17620 shall apply toward the cost of projects for which the district requests state funding pursuant to this chapter, not to exceed 50 percent of the cost of any project. Fees needed for interim housing for capital outlay purposes for modernization and new

1 project shall be accorded, subject to subdivision (b), the priority status that otherwise is
2 accorded under Section 17017.7 to a project for which state funding is requested for
3 only 50 percent of the cost, if the applicant district: (1) documents to the satisfaction of
4 the board that it has incurred bonded indebtedness in an amount not less than 95
5 percent of the bonding capacity of the district. ("Bonded indebtedness" for the purposes
6 of this section includes, but is not limited to, funding provided pursuant to Chapter 2.5
7 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government
8 Code); (2) agrees that up to 95 percent of the unexpended bonding capacity of the
9 district, existing on or after the date of the district's first application for project funding
10 pursuant to this section, shall apply toward the cost of projects; and (3) either agrees

construction projects, school district administration capital outlay projects, and capital outlay projects for transportation needs, are exempt from this requirement.

(B) * * * The applicant is a school district with an average daily attendance of 2,500 or less.

(b) An applicant district qualifying for the priority status described in subdivision (a) as to any project shall continue to be accorded that status for all subsequent projects under this chapter until the time that the bonding capacity of the district determined for purposes of that subdivision increases by 20 percent.

(c) The condition set forth in paragraph (2) of subdivision (a) shall apply until either the applicant district's eligibility under this section terminates pursuant to subdivision (b), or funding for the district is approved and apportioned under this chapter for a project for which 50 percent or more of the cost is provided by the district from funding sources other than any state program administered by the board, whichever occurs first.

(d) Notwithstanding any other provision of law, as to any project for which priority status is accorded pursuant to subdivision (a), the estimate of average daily attendance for the applicant district may be calculated, upon request of the district, in the manner set forth in subdivision (a) of Section 17040.3.

(e) The board may recalculate program allowances and apportionments pursuant to this section."

1 that developer fees imposed pursuant to Section 17620 (providing for levies against
2 development projects by school districts) shall apply toward the cost of projects for
3 which the district requests state funding pursuant to this chapter, not to exceed 50
4 percent of the cost of any project (fees needed for interim housing for capital outlay
5 purposes for modernization and new construction projects, school district administration
6 capital outlay projects, and capital outlay projects for transportation needs, are exempt
7 from this requirement), or has an average daily attendance of 2,500 or less.

8 Subdivision (b) provides that an applicant district qualifying for the priority status
9 described in subdivision (a) as to any project shall continue to be accorded that status
10 for all subsequent projects under this chapter until the time that the bonding capacity of
11 the district determined for purposes of that subdivision increases by 20 percent.

12 Subdivision (c) states that the condition set forth in paragraph (2) of subdivision (a) shall
13 apply until either the applicant district's eligibility under this section terminates pursuant
14 to subdivision (b), or funding for the district is approved and apportioned under this
15 chapter for a project for which 50 percent or more of the cost is provided by the district
16 from funding sources other than any state program administered by the board,
17 whichever occurs first. Subdivision (d) provides that notwithstanding any other
18 provision of law, as to any project for which priority status is accorded pursuant to
19 subdivision (a), the estimate of average daily attendance for the applicant district may
20 be calculated, upon request of the district, in the manner set forth in subdivision (a) of
21 Section 17040.3. Subdivision (e) provides that the board may recalculate program

1 allowances and apportionments pursuant to this section.

2 Chapter 277, Statutes of 1996, Section 2, added¹⁷⁴ Education Code Section
3 17018 to provide that “in approving applications pursuant to this chapter, the board
4 shall encourage the design and construction of facilities which will conserve
5 unreplenishable energy resources by consideration of alternate design and insulation
6 concepts as well as unconventional energy sources. In so doing, the board may
7 increase cost allowances to reflect the difference between conventional and
8 unconventional concepts when the board is satisfied that the life cycle cost of the
9 project is not expected to exceed the life cycle cost of a conventionally designed
10 project.”

Chapter 277, Statutes of 1996, Section 2, added¹⁷⁵ Education Code Section
12 17018.5¹⁷⁶. Subdivision (a) provides that school districts are encouraged to utilize

¹⁷⁴ Former Education Code Section 19366.1, (added by chapter 1009, Statutes of 1975, Section 1 and renumbered as Section 17718 by Chapter 1010, Statutes of 1976, Section 2), relating to similar subject matter as Section 17018, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁷⁵ Former Education Code Section 17718.5, (added by Chapter 1170, Statutes of 1986, Section 1 and subsequently amended several times), relating to similar subject matter as Section 17018.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁷⁶ Education Code Section 17018.5, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The Legislature intends for the board to encourage school districts to utilize alternative methods to fund school facilities.

(b) The board shall approve applications pursuant to the requirements of this section that request the board to share a portion of the cost of projects constructed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth by Chapter

1 alternative methods to fund school facilities. Subdivision (b) requires that applications
2 pursuant to the requirements of this section that request the board to share a portion of
3 the cost of projects constructed pursuant to the Mello-Roos Community Facilities Act of
4 1982, shall be approved. The fact that structures have been constructed in accordance
5 with that act, shall not be considered. Any application for cost sharing shall not be
6 considered or approved until the time that the applicant school district would have
7 become eligible for approval of its application during the normal process established for
8 considering and approving applications. Subdivision (c) provides that applications for
9 cost sharing shall be approved based upon: (1) estimates of average daily attendance

2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code. The board shall disregard the fact that structures have been constructed in accordance with that act, and neither consider nor approve any application for cost sharing until the time that the applicant school district would have become eligible for approval of its application during the normal process established for considering and approving applications.

(c) The board shall approve applications for cost sharing based on both of the following factors:

(1) Estimates of average daily attendance at the time the application is considered.

(2) The amount of cost sharing requested.

(d) The costs shared by the board shall be an amount equal to the cost that would have been allowed for the project had it been originally approved pursuant to this chapter less 5 percent per year depreciation, exclusive of land, for each year that the project was constructed in advance of the application approval, but no more than the lesser of an amount equal to 75 percent of the allowable cost of the project or the principal amount of any outstanding callable bonds and other debts incurred to finance the project under the Mello-Roos Community Facilities Act of 1982.

(e) If the board utilizes a point system to prioritize applications for funding, the computation of priorities for an application pursuant to this section shall be increased by 4 percent for each year from the date of construction of the project to the date of approval of the cost-sharing application."

1 at the time the application is considered, and (2) the amount of cost sharing requested.
2 Subdivision (d) states that the costs shared by the board shall be an amount equal to
3 the cost that would have been allowed for the project had it been originally approved
4 pursuant to this chapter less 5 percent per year depreciation, exclusive of land, for each
5 year that the project was constructed in advance of the application approval, but no
6 more than the lesser of an amount equal to 75 percent of the allowable cost of the
7 project or the principal amount of any outstanding callable bonds and other debts
8 incurred to finance the project under the Mello-Roos Community Facilities Act of 1982.
9 Subdivision (e) provides that if the board utilizes a point system to prioritize applications
10 for funding, the computation of priorities for an application pursuant to this section shall
11 be increased by 4 percent for each year from the date of construction of the project to
12 the date of approval of the cost-sharing application.

13 Chapter 941, Statutes of 1998, Section 1, added Education Code Section
14 17018.7¹⁷⁷. Subdivision (a) provides that notwithstanding any other provision of law to

¹⁷⁷ Education Code Section 17018.7, added by Chapter 941, Statutes of 1998,
Section 1:

“(a) Notwithstanding any other provision of law to the contrary, a school district that has, within the previous 24-month period, constructed or otherwise acquired school facilities with 100 percent local funding, may apply for funding for the construction of a gymnasium or multipurpose room on the site where it constructed or otherwise acquired school facilities with 100 percent local funding.

(b) If the State Allocation Board determines that the schoolsite does not have adequate gymnasium or multipurpose room facilities, the board may approve the application pursuant to this section.

(c) For an application approved pursuant to this section, the board shall grant the school district a credit against its local matching share requirement of up to 50 percent

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 the contrary, a school district that has, within the previous 24-month period, constructed
2 or otherwise acquired school facilities with 100 percent local funding, shall, as may be
3 necessary, apply for funding for the construction of a gymnasium or multipurpose room
4 on the site where it constructed or otherwise acquired school facilities with 100 percent
5 local funding. Subdivision (b) provides that if the board determines that the schoolsite
6 does not have adequate gymnasium or multipurpose room facilities, it may approve the
7 application pursuant to this section. Subdivision (c) requires that once an application is
8 approved pursuant to this section, the board shall grant the school district a credit
9 against its local matching share requirement of up to 50 percent of the costs of the
10 project or the total local funds expended by the school district on any school facilities
11 funded by 100 percent local funds within the immediately preceding 24-month period,
12 whichever is less. Subdivision (d) provides that for an application approved under this
13 section, the project shall be accorded the priority status that is otherwise accorded
14 under Section 17017.7 to a project for which state funding is requested for only 50
15 percent of the costs. Subdivision (e) defines "100 percent local funding" to include

of the costs of the project or the total local funds expended by the school district on any school facilities funded by 100 percent local funds within the immediately preceding 24-month period, whichever is less.

(d) For an application approved under this section, the project shall be accorded the priority status that is otherwise accorded under Section 17017.7 to a project for which state funding is requested for only 50 percent of the costs.

(e) As used in this section "100 percent local funding" includes construction or acquisition of a school facility with 40 percent funding from the general fund of the school district and with the remainder of the local funding from the sale of surplus school property."

1 construction or acquisition of a school facility with 40 percent funding from the general
2 fund of the school district and with the remainder of the local funding from the sale of
3 surplus school property.

4 Chapter 277, Statutes of 1996, Section 2, added¹⁷⁸ Education Code Section
5 17019 to provide that "before the board approves any project that includes the
6 acquisition of furniture or equipment, it shall establish current cost and quality standards
7 for furniture and equipment, including, but not limited to, educational technology
8 hardware. The standards shall not exceed the cost and quality of furniture and
9 equipment for comparable facilities purchased by school districts in the same area.

10 The standards shall consist of furniture and equipment costs for each type of classroom
or pupil station having different cost criteria. The standards shall be reviewed quarterly
12 by the board and adjustments made in accordance with actual current costs. When
13 cost and quality standards have been adopted by the board, the standards shall not be
14 exceeded unless a subsequent increase in actual current costs warrants an adjustment.

15 Before the board approves a project for the replacement, reconstruction, or alteration
16 of, or addition to, a school building, full consideration shall be given to all usable
17 furniture and equipment existing in the applicant district. The board may approve all or
18 a portion of the amount applied for."

¹⁷⁸ Former Education Code Section 19367, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17719, by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as 17019, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added¹⁷⁹ Education Code Section
2 17019.3¹⁸⁰. Subdivision (a) provides that any applicant school district shall, as may be
3 necessary, contract with a firm for construction project management services to assist
4 in the development or implementation of a project for which the district has applied for
5 funding under this chapter. The contract is subject to the requirement that a
6 performance bond be required from all building contractors hired to construct the
7 project in order to ensure the completion of performance under the contract.
8 Subdivision (b) provides that a portion of any contract, as described in subdivision (a),

¹⁷⁹ Former Education Code Section 17719.3, (added by Chapter 1499, Statutes of 1988, Section 2), relating to similar subject matter as Section 17019.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁸⁰ Education Code Section 17019.3, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Any applicant school district may contract with a firm, as defined in Section 4525 of the Government Code, for construction project management services to assist in the development or implementation of a project for which the district has applied for funding under this chapter, subject to the requirement that a performance bond be required from all building contractors hired to construct the project in order to ensure the completion of performance under the contract.

(b) That portion of any contract, as described in subdivision (a), concerning the final phase of construction of the project, shall be submitted by the applicant district to the board for approval. If the board does not approve, reject, or recommend modifications to, that contract portion within 15 business days after receiving that contract information, that portion of the contract shall be deemed to be approved by the board.

(c) From the amount of funding approved by the board under this chapter for any project, the board shall authorize the expenditure of funds for the costs of construction project management services provided to the project, as described in subdivision (a), where the board finds that the contracting for those services was necessary and appropriate to the school district's development or implementation of that project.”

1 concerning the final phase of construction of the project, shall be submitted by the
2 applicant district to the board for approval. If the board does not approve, reject, or
3 recommend modifications to, that contract portion within 15 business days after
4 receiving that contract information, that portion of the contract shall be deemed to be
5 approved by the board. Subdivision (c) requires that from the amount of funding
6 approved by the board under this chapter for any project, the board shall authorize the
7 expenditure of funds for the costs of construction project management services
8 provided to the project, as described in subdivision (a), where the board finds that the
9 contracting for those services was necessary and appropriate to the school district's
10 development or implementation of that project.

Chapter 277, Statutes of 1996, Section 2, added¹⁸¹ Education Code Section
12 17019.5 to provide that "for a school district having an average daily attendance of
13 2,500 or less for the prior fiscal year, the board may approve, subject to the building
14 cost standards established under this chapter, a supplemental apportionment up to five
15 thousand five hundred dollars (\$5,500) for any new construction project, and up to one
16 thousand three hundred twenty dollars (\$1,320) for any other project approved under
17 this chapter, as reimbursement for administrative expenses incurred by the district in
18 filing the application for the project. The amount of the supplemental apportionments

¹⁸¹ Former Education Code Section 17719.5, (added by Chapter 886, Statutes of 1986, Section 7, and amended by Chapter 1209, Statutes of 1989, Section 8) relating to similar subject matter as 17019.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 shall be adjusted in 1990, and every two years thereafter, by the board at its January
2 meeting, which adjustment shall be in an amount equal to the amount of the adjustment
3 for inflation set forth in the statewide cost index for class D construction.”

4 Chapter 277, Statutes of 1996, Section 2, added¹⁸² Education Code Section
5 17020¹⁸³. Subdivision (a) provides that notwithstanding other provisions of this chapter,

¹⁸² Former Education Code Section 19368, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as 17720 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17020, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁸³ Education Code Section 17020, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Notwithstanding other provisions of this chapter, in order to expedite a total school facility a school district may first apply for a project which includes only the advance purchase of the land and preparation of plans and specifications. The acquisition of the site and the plans preparation shall be based on the justification documents for the total school facility. The school district may apply for a subsequent project or projects to complete the total school facility.

(b) Any application filed pursuant to this section shall be subject to all provisions of this chapter generally applicable to project applications, to the extent not in conflict with this section.

(c) Any estimate of average daily attendance made by an applicant district for the purpose of justifying an application pursuant to this section may be made for up to and including two years longer than the period of time permitted by Section 17040.

(d) Beginning in the fifth fiscal year following the fiscal year in which any apportionment is made to a school district pursuant to this section, the district shall repay the apportionment, with interest, in 10 equal annual installments, unless and until the district has qualified for an apportionment pursuant to an application for utilization of the site under this chapter. These repayments shall constitute rent, and shall be in addition to any other rents or fees for which the district is obligated under Section 17032. The board may waive any obligation of repayment under this subdivision to the extent that the board finds that the obligation will result in an extreme hardship upon the district.

(e) The school district may apply for a subsequent project or projects to complete the total school facility.”

1 in order to expedite a total school facility a school district may first apply for a project
2 which includes only the advance purchase of the land and preparation of plans and
3 specifications. The acquisition of the site and the plans preparation shall be based on
4 the justification documents for the total school facility. The school district shall, as may
5 be necessary, apply for a subsequent project or projects to complete the total school
6 facility. Subdivision (b) requires that any application filed pursuant to this section be
7 subject to all provisions of this chapter generally applicable to project applications, to
8 the extent not in conflict with this section. Subdivision (c) requires that any estimate of
9 average daily attendance made by an applicant district for the purpose of justifying an
10 application pursuant to this section be made for up to and including two years longer
11 than the period of time permitted by Section 17040. Subdivision (d) requires the district
12 to repay the apportionment, with interest, in 10 equal annual installments, beginning in
13 the fifth fiscal year following the fiscal year in which any apportionment is made to a
14 school district pursuant to this section, unless and until the district has qualified for an
15 apportionment pursuant to an application for utilization of the site under this chapter.
16 These repayments shall constitute rent, and shall be in addition to any other rents or
17 fees for which the district is obligated under Section 17032. If the any obligation of
18 repayment under this subdivision will result in an extreme hardship upon the district, the
19 board shall, at its discretion, waive repayment. Subdivision (e) provides that the school
20 district shall apply, as necessary, for a subsequent project or projects to complete the
21 total school facility.

1 Chapter 277, Statutes of 1996, Section 2, added¹⁸⁴ Education Code Section
2 17021 to provide that "no project shall be approved for the reconstruction,
3 modernization, or replacement of any school building that was constructed or
4 reconstructed less than 30 years, or, in the case of any portable classroom, as defined
5 in subdivision (e) [sic] of Section 17042.5 [subdivision (b) provides that a "portable
6 classroom" means a classroom of modular design and construction that (1) is designed
7 to and constructed to be relocatable and transportable over public streets, (2) is
8 designed and constructed for relocation without the separation of the roof and floor
9 from the building, and (3) when measured at the most exterior walls, has a floor area
10 not in excess of 2,000 square feet], less than 20 years, prior to the date of approval of
11 the project applied for under this chapter."

12 Chapter 277, Statutes of 1996, Section 2, added¹⁸⁵ Education Code Section
13 17021.3¹⁸⁶. Subdivision (a) defines for purposes of this chapter, "modernization" or

¹⁸⁴ Former Education Code Section 19369, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17721 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17021, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁸⁵ Former Education Code Section 17721.3, (added by Chapter 886, Statutes of 1986, Section 8, and amended by Chapter 809, Statutes of 1991, Section 3) relating to similar subject matter as 17021.3, was repealed Chapter 277, Statutes of 1996, Section 1.

¹⁸⁶ Education Code Section 17021.3, added by Chapter 277, Statutes of 1996, Section 2:

"(a) For purposes of this chapter, "modernization" or "renovation" means any modification of an existing structure, the costs of which do not exceed 25 percent of the

1 "renovation" to mean any modification of an existing structure, the costs of which do not
2 exceed 25 percent of the replacement cost of that structure. Subdivision (b) requires
3 that the following conditions are demonstrated to the satisfaction of the board before
4 any modernization project for a school facility is approved: (1) the project will enhance
5 the capacity of the facility to achieve one or more educational purposes, and (2) the
6 resulting pupil capacity of the facility, as measured in units of average daily attendance,
7 will equal or exceed 80 percent of the facility's maximum capacity as determined under
8 the board standards established under this chapter. Subdivision (c) provides that no
9 project shall be approved for the modernization of any school facility that was
10 constructed less than 30 years prior to the date of the approval of the project applied for
1 under this chapter. Subdivision (d) provides that the State Allocation Board shall, as

replacement cost of that structure.

(b) No project shall be approved for the modernization of any school facility unless and until both of the following are demonstrated to the satisfaction of the board:

(1) The project will enhance the capacity of the facility to achieve one or more educational purposes.

(2) The resulting pupil capacity of the facility, as measured in units of average daily attendance, will equal or exceed 80 percent of the facility's maximum capacity as determined under the board standards established under this chapter.

(c) No project shall be approved for the modernization of any school facility that was constructed less than 30 years prior to the date of the approval of the project applied for under this chapter.

(d) The State Allocation Board may waive the requirement in subdivision (c) if the building has been declared by the Office of the State Architect to be, or is in imminent danger of becoming, a health or safety hazard to the pupils. This determination may only be made in the case of a natural disaster, for example, fire, flood, or earthquakes, or as a result of a determination by a qualified engineer, and agreed to in writing by the Office of the State Architect."

1 necessary, waive the requirement in subdivision (c) if the building has been declared by
2 the Office of the State Architect to be, or is in imminent danger of becoming, a health or
3 safety hazard to the pupils. This determination may only be made in the case of a
4 natural disaster, for example, fire, flood, or earthquakes, or as a result of a
5 determination by a qualified engineer, and agreed to in writing by the Office of the State
6 Architect.

7 Chapter 277, Statutes of 1996, Section 2, added¹⁸⁷ Education Code Section
8 17021.4 to provide that "notwithstanding the limitation set forth in subdivision (a) of
9 Section 17021.3, the costs of a modernization or renovation project funded under this
10 chapter may exceed 25 percent of the replacement cost of an existing structure where
11 the costs in excess of that amount are funded by the district exclusively from sources
12 other than any state program administered by the board. For each project, the total
13 costs of the modernization or renovation project, as supplemented pursuant to this
14 section, may not exceed 50 percent of the replacement cost of the existing structure
15 except to the extent of those costs funded by the district, from sources other than any
16 state program administered by the board, that are expended to conform that structure
17 to current building standards, in which event the total costs of the project may not
18 exceed 75 percent of the replacement cost of the structure."

¹⁸⁷ Former Education Code Section 17721.4, (added by Chapter 341, Statutes of 1992, Section 1) relating to similar subject matter as Section 17021.4, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added¹⁸⁸ Education Code Section
2 17022 to provide that “except as provided in Section 17041 [providing for separate
3 computation of allowable building areas within a district whenever the area of adequate
4 school construction existing in any attendance area is such as to prevent another
5 attendance area from receiving the maximum area of school construction for each unit
6 of attendance as specified for the district as a whole], the board shall not approve any
7 new school facilities for any applicant school district or county superintendent of schools
8 until it first has made a determination that the applicant will utilize all existing facilities
9 and sites to the extent economically and practically feasible. The board may also
10 require the applicant to explore cooperative efforts with adjacent districts or, in the case
11 of county superintendents of schools, with adjacent county superintendents of schools,
12 in order that all existing or planned facilities in the general area of need shall be
13 utilized.”

14 Chapter 277, Statutes of 1996, Section 2, added¹⁸⁹ Education Code Section
15 17022.7¹⁹⁰. Subdivision (a) requires that the funding for any reconstruction project

¹⁸⁸ Former Education Code Section 17722, (added by Chapter 1035, Statutes of 1979, Section 3.3, and subsequently amended several times) relating to similar subject matter 17022, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁸⁹ Former Education Code Section 17722.7, (added by Chapter 886, Statutes 1986, Section 9) relating to similar subject matter as Section 17022.7, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁹⁰ Education Code Section 17022.7, added by Chapter 277, Statutes of 1996, Section 2:

1 approved by the board pursuant to this chapter that meets the requirements set forth in
2 subdivision (b) shall include all of the following, not to exceed the total cost of the
3 reconstruction project or 75 percent of the replacement cost of the facility to be
4 reconstructed, whichever is less:

5 (1) Twenty-five percent of the replacement cost of the facility,

6 (2) A funding entitlement to the extent that the reconstruction will result in an

7 increased capacity of the facility to house pupils, calculated pursuant to the cost

“(a) The funding for any reconstruction project approved by the board pursuant to this chapter that meets the requirements set forth in subdivision (b) shall include all of the following, not to exceed the total cost of the reconstruction project or 75 percent of the replacement cost of the facility to be reconstructed, whichever is less:

(1) Twenty-five percent of the replacement cost of the facility.

(2) A funding entitlement to the extent that the reconstruction will result in an increased capacity of the facility to house pupils, calculated pursuant to the cost standards for new construction established by the board under Section 17017.

(3) Any costs incurred by the district as required to ensure that the facility, as reconstructed, complies with applicable structural safety standards for school buildings pursuant to Article 3 (commencing with Section 17280) and Article 6 (commencing with Section 17365) of Chapter 2 of Part 10.5, and Article 7 (commencing with Section 81130) and Article 8 (commencing with Section 81160) of Chapter 1 of Part 49.

(b) In order to qualify for the funding entitlement set forth in subdivision (a), a school district reconstruction project shall be required to meet all of the following conditions:

(1) The facility to be reconstructed is at least 30 years old as of the date the application is filed.

(2) The cost of the reconstruction project exceeds 25 percent of the replacement cost of the facility.

(3) The reconstruction will result in an increased capacity of the facility to house pupils.

(c) No reconstruction project shall be approved under this chapter for which the total cost exceeds 75 percent of the replacement cost of the facility to be reconstructed.”

1 standards for new construction established by the board under Section 17017,

2 and

3 (3) Any costs incurred by the district as required to ensure that the facility, as

4 reconstructed, complies with applicable structural safety standards for school

5 buildings.

6 Subdivision (b) provides that in order to qualify for the funding entitlement set forth in

7 subdivision (a), a school district reconstruction project is required to meet all of the

8 following conditions:

9 (1) The facility to be reconstructed is at least 30 years old as of the date the

10 application is filed,

11 (2) The cost of the reconstruction project exceeds 25 percent of the replacement

12 cost of the facility, and

13 (3) The reconstruction will result in an increased capacity of the facility to house

14 pupils.

15 Subdivision (c) provides that no reconstruction project shall be approved under this

16 chapter for which the total cost exceeds 75 percent of the replacement cost of the

17 facility to be reconstructed.

18 Chapter 277, Statutes of 1996, Section 2, added¹⁹¹ Education Code Section

¹⁹¹ Former Education Code Section 19371, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17723 by Chapter 1010, 1976, Section 2) relating to similar subject matter as Section 17023, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17023 to provide that "nothing contained in this chapter shall be construed as changing
2 the powers and duties of the Department of Education or the Department of General
3 Services in respect to schoolsites and the construction of school buildings as contained
4 in Chapter 1 (commencing with Section 17211) and Chapter 2 (commencing with
5 Section 17251) of Part 10.5."

6 Chapter 277, Statutes of 1996, Section 2, added¹⁹² Education Code Section
7 17024¹⁹³. Subdivision (a) requires that the board shall not authorize the selection of any

¹⁹² Former Education Code Section 19372, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17724, by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter Section 17024, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁹³ Education Code Section 17024, added by Chapter 277, Statutes of 1996, Section 2:

"(a) The board shall not authorize the selection of any schoolsite, or a contract for the construction of any new school building, or for any addition to, or alteration of, any existing building, for lease-purchase to any school district, unless the applicant district has obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251.

(b) A self-certifying district shall comply with subdivision (a) by certifying to the State Department of Education and the board that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251. The self-certifying district shall maintain documentation of the determinations made pursuant to this subdivision as required by the board. Those determinations shall be subject to subsequent audit by the State Department of Education in accordance with this section.

(c) The State Department of Education shall conduct random audits of the information certified by self-certifying districts pursuant to subdivision (b), using generally accepted auditing principles, at any time to ensure compliance with the law.

(d) If any information certified by a self-certifying district pursuant to subdivision (b) is found by the department to contain any material inaccuracy, the department shall

1 schoolsite, or a contract for the construction of any new school building, or for any
2 addition to, or alteration of, any existing building, for lease-purchase to any school
3 district, unless the applicant district has obtained the written approval of the State
4 Department of Education that the site selection, and the building plans and

so notify the board. The board shall thereupon impose both of the following penalties:

(1) Pursuant to a repayment schedule approved by the board of no more than five years, the district shall repay to the board, for deposit in the State School Building Lease-Purchase Fund, an amount equal to the amount of project funding allocated under this chapter to acquire any site that was selected in material violation of the standards adopted by the department pursuant to subdivision (b) of Section 17251, together with interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. The amount of any repayment owing under this paragraph for any fiscal year, which is not repaid otherwise by the district, shall be withheld by the board from any project funding that otherwise would be allocated to that district under this chapter in that fiscal year. As to any repayment obligation remaining for that fiscal year, the board shall notify the Superintendent of Public Instruction, who shall withhold the amount of that remaining obligation from the apportionments to be made to the district from the State School Fund in that fiscal year.

(2) The board shall prohibit the district from exercising the self-certifying authority under subdivision (b) under any subsequent applications for project funding for a period of up to five years following the date of the finding of a material inaccuracy, or until the district's repayment of the entire amount owing under paragraph (1), whichever occurs later.

(e) Any school district against which the board imposed the penalties under paragraphs (1) and (2) of subdivision (d) may submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district. Except as otherwise provided by this chapter, the procedure governing the arbitration shall be as set forth in Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(f) It is the intent of the Legislature that audits as described in this section not interfere with the application and construction process under this chapter unless one or more violations are discovered.”

1 specifications, comply with the standards adopted by the department pursuant to
2 subdivisions (b) and (c), respectively, of Section 17251 (providing that the State
3 Department of Education shall develop standards for use by a school district in the
4 selection of schoolsites; the department shall investigate complaints of noncompliance
5 with the site selection standards and notify the governing board of the results of the
6 investigation; if notification is received prior to acquisition of the site, the board shall
7 discuss the investigative findings in a public hearing. Further the department shall
8 establish standards for use by the school districts to ensure that the design and
9 construction of school facilities are educationally appropriate and promote school
10 safety). Subdivision (b) requires self-certifying districts to comply with subdivision (a) by
11 certifying to the State Department of Education and the board that the site selection,
12 and the building plans and specifications, comply with the standards adopted by the
13 department pursuant to subdivisions (b) and (c), respectively, of Section 17251. The
14 self-certifying district shall maintain documentation of the determinations made
15 pursuant to this subdivision as required by the board. Those determinations shall be
16 subject to subsequent audit by the State Department of Education in accordance with
17 this section. Subdivision (c) provides that the State Department of Education shall
18 conduct random audits of the information certified by self-certifying districts pursuant to
19 subdivision (b), using generally accepted auditing principles, at any time to ensure
20 compliance with the law. Subdivision (d) states that if any information certified by a
21 self-certifying district pursuant to subdivision (b) is found by the department to contain

1 any material inaccuracy, the department shall so notify the board. The board shall
2 thereupon impose both of the following penalties:

3 (1) Pursuant to a repayment schedule approved by the board of no more than
4 five years, the district shall repay to the board, for deposit in the State School
5 Building Lease-Purchase Fund, an amount equal to the amount of project
6 funding allocated under this chapter to acquire any site that was selected in
7 material violation of the standards adopted by the department pursuant to
8 subdivision (b) of Section 17251, together with interest at the rate paid on
9 moneys in the Pooled Money Investment Account or at the highest rate of
10 interest for the most recent issue of state general obligation bonds, whichever is
11 greater. The amount of any repayment owing under this paragraph for any fiscal
12 year, which is not repaid otherwise by the district, shall be withheld by the board
13 from any project funding that otherwise would be allocated to that district under
14 this chapter in that fiscal year. As to any repayment obligation remaining for that
15 fiscal year, the board shall notify the Superintendent of Public Instruction, who
16 shall withhold the amount of that remaining obligation from the apportionments to
17 be made to the district from the State School Fund in that fiscal year;

18 (2) The district shall be prohibited from exercising the self-certifying authority
19 under subdivision (b) under any subsequent applications for project funding for a
20 period of up to five years following the date of the finding of a material
21 inaccuracy, or until the district's repayment of the entire amount owing under

1 paragraph (1), whichever occurs later.

2 Subdivision (e) provides that any school district against which the board imposed the
3 penalties under paragraphs (1) and (2) of subdivision (d) may submit for binding
4 determination by an arbitrator the issue of whether the penalties imposed are
5 disproportionate to the inaccuracy certified by the district. Subdivision (f) states that the
6 audits as described in this section should not interfere with the application and
7 construction process under this chapter unless one or more violations are discovered.

8 Chapter 277, Statutes of 1996, Section 2, added¹⁹⁴ Education Code Section
9 17024.5 to provide that “upon request of any school district, the State Department of
10 Education shall provide assistance in the evaluation and utilization of existing school
11 facilities and the justification of the need for schoolsites, new facilities, and the
12 rehabilitation or replacement of existing facilities, in accordance with board regulations.”

13 Chapter 277, Statutes of 1996, Section 2, added¹⁹⁵ Education Code Section
14 17025¹⁹⁶. Subdivision (a) requires the applicant district to submit plans to the

¹⁹⁴ Former Education Code Section 17724.4, (added by Chapter 1354, Statutes of 1980, Section 8.7) relating to similar subject matter Section 17024.4, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁹⁵ Former Education Code Section 19372.5, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17725 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as 17025, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁹⁶ Education Code Section 17025, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The board shall not authorize a contract for the construction of any new

1 Department of General Services and obtain written approval of the department before
2 the board authorizes a contract for the construction of any new school, or for the
3 addition to, or reconstruction or alteration of, any existing building, for lease-purchase to
4 any school district. Subdivision (b) provides that the board, or the self-certifying district,
5 as applicable, shall certify the compliance of a project with Sections 17212, 17212.5,
6 and 17213 (relating to the investigation of prospective schoolsites in relation to
7 geological and engineering studies), with Division 13 (commencing with Section 21000)
8 of the Public Resources Code, and with any other law that applies to that project, but
9 may require documentation of compliance only as to requirements that are applicable
10 under this chapter. Notwithstanding any other law, the applicant district shall be
11 deemed to be the "lead agency" with regard to any project funded for that district under
12 this chapter.

school, or for the addition to, or reconstruction or alteration of, any existing building, for
lease-purchase to any school district unless the applicant district has submitted plans
therefor to the Department of General Services and obtained the written approval of the
department pursuant to Article 3 (commencing with Section 17280) of Chapter 3 of Part
10.5.

(b) The board, or the self-certifying district, as applicable, shall certify the
compliance of a project with Sections 17212, 17212.5, and 17213, with Division 13
(commencing with Section 21000) of the Public Resources Code, and with any other
law that applies to that project, but may require documentation of compliance only as to
requirements that are applicable under this chapter. Notwithstanding any other law, for
purposes of Division 13 (commencing with Section 21000) of the Public Resources
Code, the applicant district shall be deemed to be the "lead agency" with regard to any
project funded for that district under this chapter."

1 Chapter 277, Statutes of 1996, Section 2, added¹⁹⁷ Education Code Section
2 17029¹⁹⁸. Subdivision (a) requires the board to authorize the applicant school district to
3 act as its agent in the performance of acts specifically approved by the board and all

¹⁹⁷ Former Education Code Section 19376, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17729 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17029, was repealed by Chapter 277, Statutes of 1996, Section 1.

¹⁹⁸ Education Code Section 17029, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The board shall authorize the applicant school district to act as its agent in the performance of acts specifically approved by the board and all acts required pursuant to Article 3 (commencing with Section 17280) of Chapter 3 of Part 10.5. That authorization shall include, but is not limited to, the selection of schoolsites, the securing of appraisals, the contracting for architectural services, the advertisement for construction bids and the entering into of contracts therefor and the purchase of furniture and equipment.

(b) If, pursuant to the authority granted under subdivision (a), a self-certifying district submits to the board two or more independent appraisals and certifies to the board that the appraisals were performed by appraisers licensed or certified in accordance with Part 3 (commencing with Section 11300) of Division 4 of the Business and Professions Code and were obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17041.2. In addition, the board shall use any of those appraisals, including an appraisal that is not the highest bid appraisal, for the purposes of this section, except that the board may substitute, for the results of those appraisals, the results of one or more independent appraisals, which may include an appraisal performed by the Department of General Services, obtained by the board for that purpose.

(c) If, pursuant to the authority granted under subdivision (a), any bid reported to the board by a self-certifying district as the lowest responsible bid for a construction contract does not exceed the cost limit established by the board for that purpose, and the district certifies to the board that the bid was obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17041.2.”

1 acts required pursuant to Article 3 (commencing with Section 17280) of Chapter 3
2 "Construction of School Buildings" of Part 10.5 "School Facilities" (subject of another
3 Test Claim). That authorization shall include, but is not limited to, the selection of
4 schoolsites, the securing of appraisals, the contracting for architectural services, the
5 advertisement for construction bids and the entering into of contracts therefor and the
6 purchase of furniture and equipment. Subdivision (b) provides that if, pursuant to the
7 authority granted under subdivision (a), a self-certifying district submits to the board two
8 or more independent appraisals and certifies to the board that the appraisals were
9 performed by appraisers licensed or certified and were obtained in accordance with
10 standards and procedures imposed by the board for that purpose, the district shall not
11 be required to document its compliance with those standards and procedures except as
12 specified in Section 17041.2 (providing that where 75 percent or more of the total cost
13 of a project is to be funded by the applicant district from sources other than any state
14 program administered by the board, the area of the allowable new building construction
15 for that project, and the amount of the building cost allowed for that project, shall each
16 be increased by 5 percent, plus 1 percent for each 1 percent by which the local
17 contribution exceeds 75 percent). In addition, the board shall use any of those
18 appraisals, including an appraisal that is not the highest bid appraisal, for the purposes
19 of this section, except that the board may substitute, for the results of those appraisals,
20 the results of one or more independent appraisals, which may include an appraisal
21 performed by the Department of General Services, obtained by the board for that

1 purpose. Subdivision (c) provides that if, pursuant to the authority granted under
2 subdivision (a), any bid reported to the board by a self-certifying district as the lowest
3 responsible bid for a construction contract does not exceed the cost limit established by
4 the board for that purpose, and the district certifies to the board that the bid was
5 obtained in accordance with standards and procedures imposed by the board for that
6 purpose, the district shall not be required to document its compliance with those
7 standards and procedures except as specified in Section 17041.2 (relating to the
8 required information that self-certifying districts must accurately provide to the State
9 Allocation Board).

10 Chapter 277, Statutes of 1996, Section 2, added¹⁹⁹ Education Code Section
11 17029.5 to provide that "notwithstanding any other provisions of this chapter, the
12 funding by the board of contracts entered into by a school district pursuant to this
13 chapter shall not, in itself, make the board liable for any tort, breach of contract, or any
14 other action for damages caused by a school district arising from those contracts.
15 These contracts include, but are not limited to, contracts between the school district and
16 its construction contractors, construction managers, architects, or engineers. The
17 school district shall be liable for all torts, breaches of contract, or any other actions for
18 damages caused by the school district."

¹⁹⁹ Former Education Code Section 17729.5, (added by Chapter 693, Statutes of 1994, Section 1) relating to similar subject matter as 17029.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added²⁰⁰ Education Code Section
2 17030²⁰¹. Subdivision (a) provides that in expending funds for any project under this

²⁰⁰ Former Education Code Section 19377, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17730 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17030, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰¹ Education Code Section 17030, added by Chapter 277, Statutes of 1996, Section 2:

“(a) In expending funds for any project under this chapter, a school district acts as an agent of the state and all sites purchased and improved, all equipment purchased, and all buildings constructed, altered or added to through the expenditure of funds apportioned under this chapter, are declared to be, and are, the property of the state.

(b) The Director of General Services shall file with the county recorder of the county in which any site purchased or improved through the expenditure of funds under this chapter is located a certificate, properly acknowledged, indicating the state's interest in real property of the district by virtue of this section, without the necessity of particularizing the real property. The recorder shall record and index the certificate in the same manner as abstracts of judgments and the certificate shall constitute constructive notice of the state's interest in the particular real property affected. The certificate shall, as to any party thereafter acquiring real property or any interest therein in the county from the school district, have the same force, effect and priority as if it had been a judgment lien imposed upon real property which was not exempt from execution. That effect shall commence upon recordation and shall continue until the certificate is discharged or released as provided herein.

(c) Upon request, the Director of General Services shall issue either of the following:

(1) A release of the state's interest in any real property or a portion thereof that the district has been authorized by the board to dispose of under Section 17039, provided that delivery of such release may be subject to such conditions as may be prescribed by the board to protect the state's interest.

(2) A disclaimer of the state's interest in any real property or a portion thereof of the district, the disposition of which the board is not required to consent to under the terms of Section 17039, provided that the delivery of such disclaimer may be subject to such conditions as the board deems appropriate to protect the interest of the state, including conditions relating to the amount of consideration to be received from the disposition where the board asserts an

1 chapter, a school district acts as an agent of the state and all sites purchased and
2 improved, all equipment purchased, and all buildings constructed, altered or added to
3 through the expenditure of funds apportioned under this chapter are the property of the
4 state. Subdivision (b) requires that the Director of General Services shall file with the
5 county recorder of the county in which any site purchased or improved through the
6 expenditure of funds under this chapter is located a certificate, properly acknowledged,
7 indicating the state's interest in real property of the district by virtue of this section,
8 without the necessity of particularizing the real property. The recorder shall record and
9 index the certificate in the same manner as abstracts of judgments and the certificate
10 shall constitute constructive notice of the state's interest in the particular real property
11 affected. The certificate shall, as to any party thereafter acquiring real property or any
12 interest therein in the county from the school district, have the same force, effect and
13 priority as if it had been a judgment lien imposed upon real property which was not
14 exempt from execution. That effect shall commence upon recordation and shall

interest in the proceeds of such disposition under other provisions of this chapter. The release or disclaimer shall conclusively protect any third party relying upon the same and shall be acknowledged to permit recordation by the county recorder.

(d) Upon payment by the district of all amounts required to be paid by it, or on its behalf, to the state under this chapter, each of the following shall occur:

(1) The Director of General Services shall file with the county recorder a release of any certificate, which release shall be recorded and indexed in the same index as the certificate.

(2) The title to personal property purchased by the school district with funds apportioned under this chapter shall revert thereto without further action by the state."

1 continue until the certificate is discharged or released as provided herein. Subdivision
2 (c) requires the Director of General Services, upon request, to issue either of the
3 following: (1) a release of the state's interest in any real property or a portion thereof
4 that the district has been authorized by the board to dispose of under Section 17039,
5 provided that delivery of such release may be subject to such conditions as may be
6 prescribed by the board to protect the state's interest, or (2) a disclaimer of the state's
7 interest in any real property or a portion thereof of the district, the disposition of which
8 the board is not required to consent to under the terms of Section 17039, provided that
9 the delivery of such disclaimer may be subject to such conditions as the board deems
10 appropriate to protect the interest of the state, including conditions relating to the
11 amount of consideration to be received from the disposition where the board asserts an
12 interest in the proceeds of such disposition under other provisions of this chapter. The
13 release or disclaimer shall conclusively protect any third party relying upon the same
14 and shall be acknowledged to permit recordation by the county recorder. Subdivision
15 (d) requires that upon payment by the district of all amounts required to be paid by it, or
16 on its behalf, to the state under this chapter, each of the following shall occur: (1) the
17 Director of General Services shall file with the county recorder a release of any
18 certificate, which release shall be recorded and indexed in the same index as the
19 certificate, and (2) the title to personal property purchased by the school district with
20 funds apportioned under this chapter shall revert thereto without further action by the
21 state.

1 Chapter 277, Statutes of 1996, Section 2, added²⁰² Education Code Section
2 17030.2 to provide that “notwithstanding any other provision to the contrary, all lease
3 agreements shall terminate 40 years from the date of execution and title to the property
4 covered therein shall revert to the district as though full payment had been made.”

5 Chapter 277, Statutes of 1996, Section 2, added²⁰³ Education Code Section
6 17030.3 to provide that “notwithstanding any other provision of this chapter, any project
7 funded under this chapter that involves only the identification, assessment, or
8 abatement of hazardous asbestos in school facilities shall not be subject to Section
9 17014 [providing the requirements for all necessary repairs, renewals and replacements
10 of school district projects] or 17032 [providing that the board may fix rents for all
11 projects], nor shall that funding cause the transfer to the state of title or any other
12 property interest in the subject facilities.”

13 Chapter 277, Statutes of 1996, Section 2, added²⁰⁴ Education Code Section
14 17030.5 to provide that “notwithstanding any provision to the contrary, no funds

²⁰² Former Education Code Section 17730.2, (added by Chapter 1354, Statutes of 1980, Section 8.8) relating to similar subject matter as Section 17030.2, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰³ Former Education Code Section 17730.3, (added by Chapter 1408, Statutes of 1989, Section 1) relating to similar subject matter as Section 17030.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰⁴ Former Education Code Section 17730.5, (added by Chapter 381, Statutes of 1977, Section 4, and amended by Chapter 1035, Statutes of 1979, Section 3.7) relating to similar subject matter as Section 17030.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 authorized by any act for the purpose of this chapter may be expended for any purpose
2 without specific authorization from the board or its designated representatives.”

3 Chapter 277, Statutes of 1996, Section 2, added²⁰⁵ Education Code Section
4 17030.6 to require that “from any moneys in the State School Building Lease-Purchase
5 Fund, the board shall make available to the Director of General Services such amounts
6 as it determines necessary to provide the assistance, pursuant to this chapter, required
7 by Section 15504 of the Government Code.”

8 Chapter 277, Statutes of 1996, Section 2, added²⁰⁶ Education Code Section
9 17031 to require that “the applicant district, acting as agent for the state, shall comply
10 with all laws pertaining to the construction, reconstruction, or alteration of, or addition to
1 school buildings.”

12 Chapter 277, Statutes of 1996, Section 2, added²⁰⁷ Education Code Section
13 17032 to provide that “the board shall fix rents for all projects acquired and may change
14 the rents from time to time as may be needed provided the rents shall not in any year

²⁰⁵ Former Education Code Section 17730.6, (added by Chapter 1035, Statutes of 1979, Section 3.8) relating to similar subject matter as Section 17030.6, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰⁶ Former Education Code Section 19377.7, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17731 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17031, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰⁷ Former Education Code Section 19378, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17732 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17032, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 exceed the sum of the following: (a) One dollar (\$1); (b) Any interest earned on funds
2 in the county school lease-purchase fund for the district; (c) Any unencumbered bond
3 funds of the district, exclusive of funds that are used by the district to fund a project
4 pursuant to Section 17040.2; (d) The net proceeds from the sale or lease of any school
5 buildings or land no longer needed for school purposes, exclusive of proceeds that are
6 used for capital outlay expenditures for school construction that conforms to building
7 area standards established under this chapter, for revenue purposes under a joint
8 venture as authorized by Section 17032.3.”

9 Chapter 277, Statutes of 1996, Section 2, added²⁰⁸ Education Code Section
10 17032.3²⁰⁹. Subdivision (a) provides that any school district for which one or more

²⁰⁸ Former Education Code Section 17732.3, (added by Chapter 668, Statutes of 1987, Section 3 and last amended by Chapter 216, Statutes of 1990, Section 12), relating to similar subject matter as new Section 17032.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁰⁹ Education Code Section 17032.3, added by chapter 277, Statutes of 1996, Section 2:

“(a) Any school district for which one or more projects has been funded under this chapter may, pursuant to written agreement with any other public or private person or entity, utilize any school buildings, land, or other real property interest that the governing board determines is not needed for school purposes, and will not be needed for school purposes within the next 30 years, in a joint venture with that person or entity to generate revenues for school facilities purposes, pursuant to the following conditions:

(1) The district has developed a school district asset utilization plan, setting forth the information required under subdivision (b), which plan has been the subject of a public hearing, and the governing board of the district has made the finding that the implementation of the plan will benefit the district.

(2) Prior to the execution by the school district governing board of any agreement regarding the utilization of the school buildings or land, or both, under a joint venture pursuant to this section, the school district asset utilization plan

has been submitted for, and has received, the review and approval of the State Allocation Board. No later than 90 days after the receipt of the plan, the board shall determine whether to approve the plan, which approval shall be granted if the board finds the plan to comply with this section.

(3) Once every three years after the approval of any plan pursuant to paragraph (2), the school district shall update the plan with information regarding the disposition of the revenues received by the district from the utilization of the school buildings or land, or both, under the joint venture, including the effect of those revenues upon the school facility needs for which the district may otherwise be eligible under this chapter or under any other school facilities program administered by the board, together with such other information as the board may require, and shall resubmit the plan to the board for its review and approval. In the event that the board refuses to approve the plan on the basis that the district is no longer in substantial compliance with this section, the surplus school buildings or land, or both, utilized under the joint venture shall no longer be exempt from the rental requirements of Section 17032.

(4) Pursuant to a school district asset utilization plan approved under this section, the school district may utilize school buildings or land, or both, in a joint venture, the revenues from which shall be placed by the district in a separate fund. The principal and interest from that separate fund may be expended by the district only for the following school facilities purposes, as authorized under the approved plan, in accordance with the pupil loading and cost standards established pursuant to this chapter: the acquisition of land, new construction, reconstruction, modernization, rehabilitation, and deferred maintenance.

(b) For purposes of this section, a school district asset utilization plan shall include, but not necessarily be limited to, all of the following:

(1) A specific description of the surplus school buildings or land, or both, to be utilized under the joint venture.

(2) The identification of the current educational uses of the surplus school buildings or land, or both, and of the educational uses proposed under the joint venture.

(3) The identification of the current noneducational uses of the surplus school buildings or land, or both, and of the noneducational uses proposed under the joint venture, and a specific assessment of the compatibility of those uses with any applicable general or specific governmental land use plans and with applicable zoning restrictions.

(4) A description of the prospective economic benefits to be derived by the district from the joint venture.

(5) A description of the prospective educational benefits to be derived by the district from the joint venture.

1 projects has been funded under this chapter may, pursuant to written agreement with
2 any other public or private person or entity, utilize any school buildings, land, or other
3 real property interest that the governing board determines is not needed for school
4 purposes, and will not be needed for school purposes within the next 30 years, in a joint
5 venture with that person or entity to generate revenues for school facilities purposes,
6 pursuant to the following conditions:

7 (1) The district has developed a school district asset utilization plan, setting forth
8 the information required under subdivision (b), which plan has been the subject
9 of a public hearing, and the governing board of the district has made the finding
10 that the implementation of the plan will benefit the district;

11 (2) Prior to the execution by the school district governing board of any agreement
12 regarding the utilization of the school buildings or land, or both, under a joint
13 venture pursuant to this section, the school district asset utilization plan has been
14 submitted for, and has received, the review and approval of the State Allocation
15 Board. No later than 90 days after the receipt of the plan, the board shall
16 determine whether to approve the plan, which approval shall be granted if the
17 board finds the plan to comply with this section;

18 (3) Once every three years after the approval of any plan pursuant to paragraph

(6) A comprehensive description of the joint venture, including, but not limited to, a description of the intended means of financing the joint venture.

(7) A plan for the disposition of the revenues received by the district from the joint venture.”

1 (2), the school district shall update the plan with information regarding the
2 disposition of the revenues received by the district from the utilization of the
3 school buildings or land, or both, under the joint venture, including the effect of
4 those revenues upon the school facility needs for which the district may
5 otherwise be eligible under this chapter or under any other school facilities
6 program administered by the board, together with such other information as the
7 board may require, and shall resubmit the plan to the board for its review and
8 approval. In the event that the board refuses to approve the plan on the basis
9 that the district is no longer in substantial compliance with this section, the
10 surplus school buildings or land, or both, utilized under the joint venture shall no
11 longer be exempt from the rental requirements of Section 17032;

12 (4) Pursuant to a school district asset utilization plan approved under this
13 section, the school district may utilize school buildings or land, or both, in a joint
14 venture, the revenues from which shall be placed by the district in a separate
15 fund. The principal and interest from that separate fund may be expended by
16 the district only for the following school facilities purposes, as authorized under
17 the approved plan, in accordance with the pupil loading and cost standards
18 established pursuant to this chapter: the acquisition of land, new construction,
19 reconstruction, modernization, rehabilitation, and deferred maintenance.

20 Subdivision (b) requires that a school district asset utilization plan include, but not
21 necessarily be limited to, all of the following:

1 (1) A specific description of the surplus school buildings or land, or both, to be
2 utilized under the joint venture;

3 (2) The identification of the current educational uses of the surplus school
4 buildings or land, or both, and of the educational uses proposed under the joint
5 venture;

6 (3) The identification of the current noneducational uses of the surplus school
7 buildings or land, or both, and of the noneducational uses proposed under the
8 joint venture, and a specific assessment of the compatibility of those uses with
9 any applicable general or specific governmental land use plans and with
10 applicable zoning restrictions;

11 (4) A description of the prospective economic benefits to be derived by the
12 district from the joint venture;

13 (5) A description of the prospective educational benefits to be derived by the
14 district from the joint venture;

15 (6) A comprehensive description of the joint venture, including, but not limited to,
16 a description of the intended means of financing the joint venture; and

17 (7) A plan for the disposition of the revenues received by the district from the
18 joint venture.

19 Chapter 893, Statutes of 1997, Section 85, added²¹⁰ Education Code Section

²¹⁰ Former Education Code Section 17732.5, (added by Chapter 1059, Statutes of 1996, Section 4) relating to similar subject matter as Section 17032.5, was repealed by Chapter 893, Statutes of 1997, Section 101.

1 17032.5 to provide that “the board shall establish the annual rent and conditions to be
2 met by the lessee of a portable classroom leased pursuant to Section 17717.2 [referring
3 to current Section 17017.2] and shall require lessees to undertake all necessary
4 maintenance, repairs, renewals, and replacements to ensure that a project is at all
5 times kept in good repair, working order, and condition. All costs incurred for this
6 purpose shall be borne by the lessee.”

7 Chapter 277, Statutes of 1996, Section 2, added²¹¹ Education Code Section
8 17033 to provide that “rent, charges, and fees collected in error may be refunded by the
9 board in accordance with regulations prescribed by the board.”

10 Chapter 277, Statutes of 1996, Section 2, added²¹² Education Code Section
1 17034 to provide that “a county school lease-purchase fund is hereby created in the
2 county treasury within each county for each school district project in the county.”

3 Chapter 277, Statutes of 1996, Section 2, added²¹³ Education Code Section

²¹¹ Former Education Code Section 19379, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17733 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter 17033, was repealed Chapter 277, Statutes of 1996, Section 1.

²¹² Former Education Code Section 19380, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17734 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter 17034, was repealed Chapter 277, Statutes of 1996, Section 1.

²¹³ Former Education Code Section 19381, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17735 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter 17035, was repealed Chapter 277, Statutes of 1996, Section 1.

1 17035 to provide that "the board may from time to time authorize the Controller to
2 transfer any funds that the board may deem necessary from the State School Building
3 Lease-Purchase Fund established for a given project to the corresponding county
4 school lease-purchase fund in the county treasury."

5 Chapter 277, Statutes of 1996, Section 2, added²¹⁴ Education Code Section
6 17036²¹⁵. Subdivision (a) provides that except as provided in subdivision (b), funds may
7 be expended from the county school lease-purchase fund by the applicant school
8 district only when specifically authorized by the board for either direct project costs or
9 reimbursements. Subdivision (b) provides that upon specific authorization by the board,
10 applicant school districts may be reimbursed from the county school lease-purchase

²¹⁴ Former Education Code Section 19382, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17736 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter 17036, was repealed Chapter 277, Statutes of 1996, Section 1.

²¹⁵ Education Code section 17036, added by Chapter 277, Statutes of 1996, Section 2:

"(a) Except as provided in subdivision (b), funds may be expended from the county school lease-purchase fund by the applicant school district only when specifically authorized by the board for either direct project costs or reimbursements.

(b) Upon specific authorization by the board, applicant school districts may be reimbursed from the county school lease-purchase fund for expenditures, or commitments therefor, made prior to the approval of a project by the board, subject to all of the following conditions:

(1) The expenditures or commitments were made in accordance with the terms of the approval of a project.

(2) The expenditures or commitments were made not more than four years prior to the approval of a project.

(3) The expenditures or commitments do not include any cost incurred for construction of a project."

1 fund for expenditures, or commitments therefor, made prior to the approval of a project
2 by the board, subject to all of the following conditions: (1) the expenditures or
3 commitments were made in accordance with the terms of the approval of a project, (2)
4 the expenditures or commitments were made not more than four years prior to the
5 approval of a project, and (3) the expenditures or commitments do not include any cost
6 incurred for construction of a project.

7 Chapter 277, Statutes of 1996, Section 2, added²¹⁶ Education Code Section
8 17038 to provide that "the board shall require school districts to insure at their own
9 expense for the benefit of the state, all sites, equipment and buildings which are, under
10 Section 17030, the property of the state, against such risks and in such amounts as the
11 board may deem necessary to protect the interests of the state. No project funds shall
12 be used to pay the premiums on such insurance. All payments resulting from claims
13 made against said insurance shall be made payable to and retained by the board.
14 Funds so received shall be utilized by the board for repair or replacement of the
15 facilities for which claim was made. In no event may the amounts expended from such
16 funds for such repair or replacement exceed the payments received."

17 Chapter 277, Statutes of 1996, Section 2, added²¹⁷ Education Code Section

²¹⁶ Former Education Code Section 19384, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17738 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as new Section 17036, was repealed Chapter 277, Statutes of 1996, Section 1.

²¹⁷ Former Education Code Section 17739, (added by Chapter 410, Statutes of 1982, Section 2 and last amended by Chapter 698, Statutes of 1983, Section 1),

1 17039. Subdivision (a) requires that "not more than one hundred fifty million dollars
2 (\$150,000,000) of the moneys authorized by the State School Building Lease-Purchase
3 Bond Law of 1982 (Sec. 34, Ch. 552, Stats. 1995) shall be reserved for the
4 reconstruction or modernization of facilities within the meaning of this chapter."

5 Subdivision (b) requires that "for purposes of this section, the State Allocation Board
6 shall establish a separate priority system which shall be based on the following factors
7 and any other factors which the board determines are appropriate: (1) structural
8 condition and age of the building, (2) percentage of pupils affected in the district or
9 attendance area, (3) degree of utilization of eligible buildings, and (4) other building
10 code deficiencies, such as health, safety, or electrical problems."

11 Chapter 277, Statutes of 1996, Section 2, added²¹⁸ Education Code Section
12 17039.1 to require that "not more than two hundred million dollars (\$200,000,000) of the
13 moneys authorized by the State School Building Lease-Purchase Bond Law of 1982
14 (Sec. 34, Ch. 552, Stats. 1995) shall be reserved for the reconstruction or
15 modernization of facilities within the meaning of this chapter."

16 Chapter 277, Statutes of 1996, Section 2, added²¹⁹ Education Code Section

relating to similar subject matter as new Section 17039, was repealed by Chapter 277,
Statutes of 1996, Section 1.

²¹⁸ Former Education Code Section 17739.1, (added by Chapter 375, Statutes of
1984, Section 2), relating to similar subject matter as new Section 17039.1, was
repealed by Chapter 277, Statutes of 1996, Section 1.

²¹⁹ Former Education Code Section 17739.2, (added by Chapter 1749, Statutes
of 1984, Section 2 and last amended by Chapter 887, Statutes of 1986, Section 3),

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 17039.2 to provide that "of the moneys reserved for the rehabilitation or modernization
2 of facilities pursuant to Section 17039.1, the board may reserve not more than
3 twenty-five million dollars (\$25,000,000) for apportionments to school districts that the
4 board has determined to be in severe need of the apportionment. In addition, of the
5 moneys reserved for the reconstruction or modernization of facilities pursuant to
6 Section 17696.96 of the Greene-Hughes School Building Lease-Purchase Bond Law of
7 1986 (Sec. 34, Ch. 552, Stats. 1995), the board may reserve up to and including 10
8 percent for this purpose. In either event, the apportionment shall be for purposes of site
9 acquisition and the construction of school facilities for schoolsites that meet one or
10 more of the conditions established by the board, which shall include, but are not limited
11 to, the following: (a) the schoolsite is not less than 30 years of age, (b) the schoolsite
12 has accommodated a significant increase in enrollment during the last 10-year period,
13 (c) enrollment increases have been accommodated by placing relocatable structures on
14 the schoolsite without expanding the schoolsite, (d) the schoolsite has inadequate
15 playground space for its enrollment, and (e) the schoolsite has inadequate meal
16 facilities, and those facilities are used for more than three times the number of pupils for
17 which the facilities were originally designed."

relating to similar subject matter as new Section 17039.2, was repealed by Chapter
277, Statutes of 1996, Section 1.

1 ARTICLE 3. ALLOWANCES

2 Chapter 277, Statutes of 1996, Section 2, added²²⁰ Education Code Section
3 17040²²¹ to provide that except as provided in Section 17041, no project shall be

²²⁰ Former Education Code Section 19391, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17740 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter 17040, was repealed Chapter 277, Statutes of 1996, Section 1.

²²¹ Education Code Section 17040, added by Chapter 277, Statutes of 1996, Section 2:

"Except as provided in Section 17041, no project shall be approved, the building area of which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of estimated average daily attendance in excess of that computed in accordance with Sections 17043, 17044, 17045, and 17046.

As used in Sections 17041.5, 17043, 17044, 17045, and 17046, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 17045 and 17046, "attendance center" means a school maintained or to be maintained at a given location within a district. Enrollment projections shall be made for the third fiscal year beyond the fiscal year in which the application is made for a project for kindergarten or any of grades 1 to 6, inclusive, and for the fourth fiscal year beyond the fiscal year in which the application is made for a junior high school or high school project. Except as otherwise provided by the board, the estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter, pupils attending grades 7 and 8 in an elementary district, but residing in a high school district that maintains one or more junior high schools, shall not be considered in determining or estimating the average daily attendance of the elementary district, unless one of the following conditions is met:

(a) The elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1975.

(b) The elementary district, by a vote of the electorate at an election held on June 2, 1981, withdrew its 7th and 8th grade pupils from the high school

1 approved, the building area of which, when added to the area of adequate school
2 construction existing in the applicant school district at the time of application, will
3 provide a total area of school building construction per unit of estimated average daily
4 attendance in excess of that computed in accordance with Sections 17043, 17044,
5 17045, and 17046. As used in Sections 17041.5, 17043, 17044, 17045, and 17046,
6 "maximum area" means maximum area of school building construction and "attendance
7 unit" means unit of estimated average daily attendance. As used in this section and
8 Sections 17045 and 17046, "attendance center" means a school maintained or to be
9 maintained at a given location within a district. Enrollment projections shall be made for
10 the third fiscal year beyond the fiscal year in which the application is made for a project
11 for kindergarten or any of grades 1 to 6, inclusive, and for the fourth fiscal year beyond
12 the fiscal year in which the application is made for a junior high school or high school
13 project. Except as otherwise provided by the board, the estimates of average daily
14 attendance shall be based upon the number of family dwellings and mobile home

district.

(c) The elementary district, by a vote of the electorate at an election held on November 4, 1980, withdrew its 7th and 8th grade pupils from the high school district and the high school district continues to qualify for a project, other than a project pursuant to Section 17041, on the basis of the remaining 7th and 8th grade pupils. In no event shall a facility be constructed for the withdrawn 7th and 8th grade pupils at a distance less than one and one-half miles from the nearest proposed or existing junior high facility.

When these pupils are so considered in determining or estimating the average daily attendance of the elementary district, they shall not be considered in determining or estimating average daily attendance of the high school district for junior high school purposes."

1 parks, under construction or newly constructed and never occupied in the district and
2 the number of children residing in the district. In no case shall an estimate be given
3 effect unless approved by the board. For the purposes of this chapter, pupils attending
4 grades 7 and 8 in an elementary district, but residing in a high school district that
5 maintains one or more junior high schools, shall not be considered in determining or
6 estimating the average daily attendance of the elementary district, unless one of the
7 following conditions is met:

8 (a) The elementary district is maintaining and has continuously maintained
9 grades 7 and 8 since a date prior to January 1, 1975;

10 (b) The elementary district, by a vote of the electorate at an election held on
11 June 2, 1981, withdrew its 7th and 8th grade pupils from the high school district;

12 or

13 (c) The elementary district, by a vote of the electorate at an election held on
14 November 4, 1980, withdrew its 7th and 8th grade pupils from the high school
15 district and the high school district continues to qualify for a project, other than a
16 project pursuant to Section 17041, on the basis of the remaining 7th and 8th
17 grade pupils. In no event shall a facility be constructed for the withdrawn 7th and
18 8th grade pupils at a distance less than one and one-half miles from the nearest
19 proposed or existing junior high facility.

20 When these pupils are so considered in determining or estimating the average daily
21 attendance of the elementary district, they shall not be considered in determining or

1 estimating average daily attendance of the high school district for junior high school
2 purposes.

3 Chapter 277, Statutes of 1996, Section 2, added²²² Education Code Section
4 17040.1²²³. Subdivision (a) requires that the allowable building area of any project, as
5 calculated under this article, shall be increased, as necessary, by any applicant school
6 district, where the increase is funded exclusively from sources other than any state

²²² Former Education Code Section 17740.1, (added by Chapter 886, Statutes of 1986, Section 12) relating to similar subject matter Section 17040.1, was repealed by Chapter 277, Statutes of 1996, Section 1.

²²³ Education Code Section 17040.1, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The allowable building area of any project, as calculated under this article, may be increased by any applicant school district, where the increase is funded exclusively from sources other than any state programs administered by the State Allocation Board. Any increase in building area pursuant to this section in a project for which construction commenced on or after January 1, 1987, not to exceed 110 percent of the area that would be allowed under applicable state standards, shall be excluded from the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter.

(b) The maximum building cost permitted for any project under this article may be increased, by not more than 10 percent, by any applicant school district, where the increase is funded by the district exclusively from the proceeds of a general obligation bond measure approved by the voters of the district or of a special tax pursuant to the formation of a community facilities district under Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, or both. In order to qualify for this purpose, any tax or other charge authorized pursuant to that approval or formation, respectively, shall apply uniformly to all taxpayers or all real property within the school district, rather than to a particular class of property or taxpayers, and shall require that the amount of the school facilities fee or other requirement that may be levied by the school district pursuant to Section 17620, in addition to that tax or other charge, not exceed the amount deemed by the governing board to be necessary for the interim school facilities needs of the district.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 programs administered by the State Allocation Board. Any increase in building area
2 pursuant to this section in a project for which construction commenced on or after
3 January 1, 1987, not to exceed 110 percent of the area that would be allowed under
4 applicable state standards, shall be excluded from the calculation of the area of
5 adequate school construction for the purposes of all subsequent project applications by
6 the district under this chapter. Subdivision (b) provides that the maximum building cost
7 permitted for any project under this article may be increased, by not more than 10
8 percent, by any applicant school district, where the increase is funded by the district
9 exclusively from the proceeds of a general obligation bond measure approved by the
10 voters of the district or of a special tax pursuant to the formation of a community
11 facilities district under Chapter 2.5 (commencing with Section 53311) of Part 1 of
12 Division 2 of Title 5 of the Government Code, or both. In order to qualify for this
13 purpose, any tax or other charge authorized pursuant to that approval or formation,
14 respectively, shall apply uniformly to all taxpayers or all real property within the school
15 district, rather than to a particular class of property or taxpayers, and shall require that
16 the amount of the school facilities fee or other requirement that may be levied by the
17 school district pursuant to Section 17620 (providing that the governing board of any
18 school district is authorized to levy a fee, charge, dedication, or other requirement
19 against any construction within the boundaries of the district, for the purpose of funding
20 the construction or reconstruction of school facilities), in addition to that tax or other
21 charge, not exceed the amount deemed by the governing board to be necessary for the

1 interim school facilities needs of the district.

2 Chapter 277, Statutes of 1996, Section 2, added²²⁴ Education Code Section
3 17040.2 to provide that "where 75 percent or more of the total cost of a project
4 approved under this chapter is to be funded by the applicant district from sources other
5 than any state program administered by the board, the area of the allowable new
6 building construction for that project, and the amount of the building cost allowed for
7 that project under this chapter, shall each be increased by 5 percent, plus 1 percent for
8 each 1 percent by which that local contribution exceeds 75 percent."

9 Chapter 277, Statutes of 1996, Section 2, added²²⁵ Education Code Section
10 17040.3²²⁶. Subdivision (a) provides that notwithstanding any other provision of this

²²⁴ Former Education Code Section 17740.2, (added by Chapter 1209, Statutes of 1989, Section 11) relating to similar subject matter as 17040.2, was repealed by Chapter 277, Statutes of 1996, Section 1.

²²⁵ Former Education Code Section 17740.3, (added by Chapter 886, Statutes of 1986, Section 13) relating to similar subject matter as 17040.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

²²⁶ Education Code Section 17040.3, added by Chapter 277, Statutes of 1996, Section 2:

"(a) Notwithstanding any other provision of this part, the estimate of average daily attendance for an applicant school district shall be calculated for up to and including two years longer than the period of time permitted by Section 17040, as requested by the district, where 50 percent or more of the cost of the project is provided by the district from funding sources other than any state program administered by the board. For the purposes of any subsequent project application from that district based upon additional growth in pupil enrollment, the estimate of average daily attendance shall be based on enrollment projections for any period of time, as requested by the district, up to and including that permitted by Section 17040.

(b) The project shall be "fast tracked." For purposes of this section, "fast

1 part, the estimate of average daily attendance for an applicant school district shall be
2 calculated for up to and including two years longer than the period of time permitted by
3 Section 17040, as requested by the district, where 50 percent or more of the cost of the
4 project is provided by the district from funding sources other than any state program
5 administered by the board. For the purposes of any subsequent project application
6 from that district based upon additional growth in pupil enrollment, the estimate of
7 average daily attendance shall be based on enrollment projections for any period of
8 time, as requested by the district, up to and including that permitted by Section 17040.
9 Subdivision (b) requires that the project shall be "fast tracked," meaning that the total
10 amount of project funding eligibility shall be established upon the board's approval of
11 the project, which shall be subsequently disbursed as necessary for the development
12 and construction of the project without the prerequisite of any additional state
13 certification or other state-conducted review of project eligibility. Based upon the results

tracking" means that the total amount of project funding eligibility shall be established upon the board's approval of the project, which shall be subsequently disbursed as necessary for the development and construction of the project without the prerequisite of any additional state certification or other state-conducted review of project eligibility. Based upon the results of an audit to be conducted upon completion of the project, the board or the applicant district, as appropriate, shall pay to the other any amount that is necessary to conform to the allocation of project costs determined upon the board's approval of the project.

In the event that the applicant district has not executed all contractual agreements necessary for the complete construction of the project within a period of 18 months following the board's approval of the project, this subdivision shall cease to apply to the project with regard to any state funding of the project not yet disbursed. Upon request of the applicant district and approval by the board, this 18-month period may be extended for an additional period of up to six months to account for one or more delays resulting from circumstances beyond the district's control."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 of an audit to be conducted upon completion of the project, the board or the applicant
2 district, as appropriate, shall pay to the other any amount that is necessary to conform
3 to the allocation of project costs determined upon the board's approval of the project.

4 In the event that the applicant district has not executed all contractual agreements
5 necessary for the complete construction of the project within a period of 18 months
6 following the board's approval of the project, this subdivision shall cease to apply to the
7 project with regard to any state funding of the project not yet disbursed. However,
8 upon request of the applicant district and approval by the board, this 18-month period
9 may be extended for an additional period of up to six months to account for one or
10 more delays resulting from circumstances beyond the district's control.

1 Chapter 277, Statutes of 1996, Section 2, added²²⁷ Education Code Section
12 17040.4 to provide that "notwithstanding any other provision of this part, the board may
13 use, for purposes of determining the estimate of average daily attendance for an
14 applicant school district, a master plan that has been prepared by a district that includes
15 the additional pupils due to increases in housing units within the boundaries of the
16 district or attendance area. Before a master plan may be used, both of the following
17 conditions shall be satisfied: (a) the city, county, or city and county has obtained
18 approval of a local general obligation bond or has obtained funds pursuant to the
19 Mello-Roos Community Facilities Act of 1982, as set forth by Chapter 2.5 (commencing

²²⁷ Former Education Code Section 17740.4, (added by Chapter 1184, Statutes of 1994, Section 1) relating to similar subject matter as 17040.4, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, to
2 provide local matching funds for school facility projects for which approval is being
3 sought pursuant to this section; and (b) at least 60 percent of the total cost of the
4 project for which approval is being sought shall be provided by funding sources other
5 than any state program administered by the board.”

6 Chapter 277, Statutes of 1996, Section 2, added²²⁸ Education Code Section
7 17040.5 to require that “notwithstanding any other provision of this article, the board
8 shall exclude the area of enclosed stairs and appropriate landings for each floor level
9 served from the computation of the allowable building area of multistory buildings for
10 any applicant school district.”

11 Chapter 277, Statutes of 1996, Section 2, added²²⁹ Education Code Section
12 17040.6²³⁰. Subdivision (a) requires that “for any school of two or more stories, the

²²⁸ Former Education Code Section 17740.5, (added by Chapter 1053, Statutes of 1983, Section 2) relating to similar subject matter as 17040.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

²²⁹ Former Education Code Section 17740.6, (added by Chapter 1154, Statutes of 1987, Section 2) relating to similar subject matter as 17040.6, was repealed by Chapter 277, Statutes of 1996, Section 1.

²³⁰ Education Code Section 17040.6, added by Chapter 277, Statutes of 1996, Section 2:

“(a) For any school of two or more stories, the project funding provided under this chapter shall include, at the request of the applicant district, the costs of any or all of the following:

(1) Compliance with applicable requirements of law for fire safety, and for handicapped access, as a result of the multistory design.

(2) Playground apparatus.

1 project funding provided under this chapter shall include, at the request of the applicant
2 district, the costs of any or all of the following: (1) compliance with applicable
3 requirements of law for fire safety, and for handicapped access, as a result of the
4 multistory design; (2) playground apparatus; (3) duct shafts, utility tunnels, and pipe
5 conduit chases; (4) security items required as a result of the multistory design."

6 Subdivision (b) provides that "in calculating the maximum project funding that may be
7 allocated for parking, landscaping, and other general schoolsite improvements, which
8 calculation is determined in proportion to the total building cost or area approved for
9 funding under the project, the total building cost or area approved for funding under the
10 project shall be computed by the board to include any increase in project building area,
11 as authorized under Section 17041.8. The applicant district shall provide the board
12 information on how the supplemental project funding will be allocated to relieve the

(3) Duct shafts, utility tunnels, and pipe conduit chases.

(4) Security items required as a result of the multistory design.

(b) In calculating the maximum project funding that may be allocated for parking, landscaping, and other general schoolsite improvements, which calculation is determined in proportion to the total building cost or area approved for funding under the project, the total building cost or area approved for funding under the project shall be computed by the board to include any increase in project building area, as authorized under Section 17041.8. The applicant district shall provide the board information on how the supplemental project funding will be allocated to relieve the effects resulting from less than the specified land area for the schoolsite.

(c) This section shall apply to any application for project funding under this chapter for which the final apportionment for construction of the project had not been made on or prior to December 1, 1987.

(d) For any project approved under this chapter, the amount of project funding granted by the board shall include the actual and reasonable costs incurred by any applicant district for the revision of its project application for the purpose of qualifying for supplemental project funding as authorized by this section."

1 effects resulting from less than the specified land area for the schoolsite." Subdivision
2 (c) provides that "this section shall apply to any application for project funding under this
3 chapter for which the final apportionment for construction of the project had not been
4 made on or prior to December 1, 1987." Subdivision (d) requires that "for any project
5 approved under this chapter, the amount of project funding granted by the board shall
6 include the actual and reasonable costs incurred by any applicant district for the
7 revision of its project application for the purpose of qualifying for supplemental project
8 funding as authorized by this section."

9 Chapter 277, Statutes of 1996, Section 2, added²³¹ Education Code Section
10 17040.7 to require that "notwithstanding any other provision of this article, the board
11 shall provide that building area for enclosed hallways in the second or higher story of
12 any building shall be counted as two-thirds of the actual area. For purposes of this
13 section "enclosed hallways" includes, but is not limited to, all of the following: (a)
14 Covered passages, arcades, shelters, porches, and planting areas; (b) Enclosed
15 covered areas that provide shelter between buildings that are 20 feet or more apart; (c)
16 Sun control devices designed and located to function in lieu of covered walks or other
17 shelters; and (d) Mezzanines used for storage purposes."

²³¹ Former Education Code Section 17740.7, (added by Chapter 1154, Statutes of 1987, Section 3) relating to similar subject matter as 17040.7, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added²³² Education Code Section
2 17040.8 to provide that “where an applicant district that is eligible under this chapter for
3 project funding of new construction of school facilities on an existing schoolsite, which
4 site has less than 50 percent of the land recommended under State Department of
5 Education guidelines, as published in the School Site Analysis and Development
6 Handbook in effect on January 1, 1987, the area of allowable new building construction
7 for that project shall be increased by the square footage of any existing one-story
8 school facility or facilities to be replaced under the project by one or more multistory
9 school facilities.”

10 Chapter 277, Statutes of 1996, Section 2, added²³³ Education Code Section
1 17040.9²³⁴. Subdivision (a) requires that the board allocate the amount calculated

²³² Former Education Code Section 17740.8, (added by Chapter 1154, Statutes of 1987, Section 4) relating to similar subject matter as 17040.8, was repealed by Chapter 277, Statutes of 1996, Section 1.

²³³ Former Education Code Section 17740.9, (added by Chapter 1154, Statutes of 1987, Section 5) relating to similar subject matter as 17040.9, was repealed by Chapter 277, Statutes of 1996, Section 1.

²³⁴ Education Code Section 17040.9, added by Chapter 277, Statutes of 1996, Section 2:

“(a) (1) the board shall allocate the amount calculated under subdivision (b), in addition to any other project funding authorized under this chapter, to each project funded under this chapter for which the resulting pupil density will exceed the following:

(A) For a project for kindergarten or any of the grades 1 to 6, inclusive, 90 pupils per acre.

(B) For a project for a junior high school project, 80 pupils per acre.

(c) For a project for a senior high school project, 70 pupils per acre.

1 under subdivision (b), in addition to any other project funding authorized under this
2 chapter, to each project funded under this chapter for which the resulting pupil density
3 will exceed the following: (A) for a project for kindergarten or any of the grades 1 to 6,
4 inclusive, 90 pupils per acre; (B) for a project for a junior high school project, 80 pupils
5 per acre; (c) for a project for a senior high school project, 70 pupils per acre. For any
6 new construction project, pupil density shall be computed by dividing the number of
7 units of estimated average daily attendance for the project, including those to be served
8 by relocatable structures, by the acreage of the project site. For any project for the
9 construction of additional facility space on an existing schoolsite or on land acquired
10 that is adjacent to an existing schoolsite, pupil density shall be computed by adding the
11 number of units of estimated average daily attendance for the project to the number of

(2) For any new construction project, pupil density shall be computed, for purposes of paragraph (1), by dividing the number of units of estimated average daily attendance for the project, including those to be served by relocatable structures, by the acreage of the project site.

(3) For any project for the construction of additional facility space on an existing schoolsite or on land acquired that is adjacent to an existing schoolsite, pupil density shall be computed, for purposes of paragraph (1), by adding the number of units of estimated average daily attendance for the project to the number of units of average daily attendance for the existing school facilities, and dividing that sum by the total site acreage for the project and the existing school facilities.

(b) The supplemental project funding authorized under this section shall be calculated by dividing the actual pupil density for the project, as calculated under subdivision (a), by the threshold pupil density for the project as set forth in that subdivision, and multiplying the resulting fraction by an amount equal to the average cost per acre of the land approved for acquisition by the board under this chapter for the project, or that would have been approved for acquisition if the applicant school district had not had an existing schoolsite available for the project."

1 units of average daily attendance for the existing school facilities, and dividing that sum
2 by the total site acreage for the project and the existing school facilities. Subdivision (b)
3 requires that the supplemental project funding authorized under this section shall be
4 calculated by dividing the actual pupil density for the project, as calculated under
5 subdivision (a), by the threshold pupil density for the project as set forth in that
6 subdivision, and multiplying the resulting fraction by an amount equal to the average
7 cost per acre of the land approved for acquisition by the board under this chapter for
8 the project, or that would have been approved for acquisition if the applicant school
9 district had not had an existing schoolsite available for the project.

10 Chapter 277, Statutes of 1996, Section 2, added²³⁵ Education Code Section
11 17041 to provide that "whenever the area of adequate school construction existing in
12 any attendance area is such as to prevent another attendance area from receiving the
13 maximum area of school construction for each unit of attendance as specified for the
14 district as a whole, the allowable building area may be computed separately for each
15 attendance area. For the purposes of this section and Section 17041.5, an "attendance
16 area" is defined as the geographical area serving an existing or proposed high school
17 and those junior high schools and elementary schools included therein."

²³⁵ Former Education Code Section 19392, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17741 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as 17040.9, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added²³⁶ Education Code Section
2 17041.1²³⁷. Subdivision (a) requires that notwithstanding any other provision of this

²³⁶ Former Education Code Section 17741.1, (added by Chapter 846, Statutes of 1991, Section 10) relating to similar subject matter as 17041.1, was repealed by Chapter 277, Statutes of 1996, Section 1.

²³⁷ Education Code Section 17041.1, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Notwithstanding any other provision of this chapter, the following determinations shall be made by a self-certifying district, in the manner specified in this chapter and in accordance with the standards governing those determinations that are adopted by the board, for the purpose of calculating the district's eligibility for project funding under this chapter:

(1) The total allowable building area for which the district is eligible for project funding under this chapter.

(2) The district's area of existing adequate school construction, including, but not limited to, the conducting of field inspections for this purpose.

If requested by the applicant district, the board shall provide assistance to the district in preparing the necessary documents for self-certification pursuant to this chapter.

(b) The area determinations made by a self-certifying district pursuant to subdivision (a) shall be certified by the district in its application for project funding and shall be used by the board as the basis for project funding eligibility, except to the extent of any information that the board finds is demonstrated, pursuant to the information certified and any other documentation available to the board from prior project funding applications for that district, to be materially inaccurate, regardless of whether the inaccuracy was intended. No later than 30 calendar days after receipt of the determinations certified pursuant to subdivision (a), the board shall notify the district of any inaccuracies identified under this subdivision.

(c) Each self-certifying district shall maintain documentation of the determinations described in subdivision (a) as required by the board. Those determinations shall be subject to subsequent audit as the board may direct.

(d) All estimates of average daily attendance for a self-certifying district for the purposes of this article shall be made by the district in accordance with the standards governing those estimates that are adopted by the board. Each determination made by a self-certifying district pursuant to this subdivision shall be reviewed for accuracy by the board or by the county office of education in the county in which the district is located. In the event that the review is performed by the board, that review shall be

1 chapter, the following determinations be made by a self-certifying district, in the manner
2 specified in this chapter and in accordance with the standards governing those
3 determinations that are adopted by the board, for the purpose of calculating the
4 district's eligibility for project funding under this chapter: (1) The total allowable building
5 area for which the district is eligible for project funding under this chapter; (2) The
6 district's area of existing adequate school construction, including, but not limited to, the
7 conducting of field inspections for this purpose. If requested by the applicant district,
8 the board shall provide assistance to the district in preparing the necessary documents
9 for self-certification pursuant to this chapter. Subdivision (b) requires that the area
10 determinations made by a self-certifying district shall be certified by the district in its
11 application for project funding and shall be used by the board as the basis for project
12 funding eligibility, except to the extent of any information that the board finds is
13 demonstrated, pursuant to the information certified and any other documentation
14 available to the board from prior project funding applications for that district, to be
15 materially inaccurate, regardless of whether the inaccuracy was intended. No later than
16 30 calendar days after receipt of the determinations certified pursuant to subdivision
17 (a), the board shall notify the district of any inaccuracies identified under this
18 subdivision. Subdivision (c) requires that each self-certifying district shall maintain
19 documentation of the determinations described above as required by the board. Those

completed no later than 45 calendar days subsequent to the board's receipt from the
district of all documentation necessary for that purpose.”

1 determinations shall be subject to subsequent audit as the board may direct.

2 Subdivision (d) requires that all estimates of average daily attendance for a
3 self-certifying district for the purposes of this article shall be made by the district in
4 accordance with the standards governing those estimates that are adopted by the
5 board. Each determination made by a self-certifying district pursuant to this subdivision
6 shall be reviewed for accuracy by the board or by the county office of education in the
7 county in which the district is located. In the event that the review is performed by the
8 board, that review shall be completed no later than 45 calendar days subsequent to the
9 board's receipt from the district of all documentation necessary for that purpose.

10 Chapter 277, Statutes of 1996, Section 2, added²³⁸ Education Code Section
11 17041.2²³⁹. Subdivision (a) requires the board to conduct random audits of the

²³⁸ Former Education Code Section 17741.2, (added by Chapter 846, Statutes of 1991, Section 10.5) relating to similar subject matter as 17041.2, was repealed by Chapter 277, Statutes of 1996, Section 1.

²³⁹ Education Code Section 17041.2, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The State Allocation Board shall conduct random audits of the information certified by self-certifying districts pursuant to this chapter, except as to any determinations that are made under subdivision (d) of Section 17041.1 or that are subject to audit by the State Department of Education pursuant to Section 17024, using generally accepted auditing principles, at any time to ensure compliance with the law.

(b) If any information submitted by a self-certifying district in its certification of funding eligibility for any project is found by the board to contain any material inaccuracy, any building area constructed as a result, in excess of the building area to which the district was entitled for purposes of that project, shall be included in the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter. In addition, the board shall impose both of the following penalties:

1 information certified by self-certifying districts pursuant to this chapter, except as to any
2 determinations that are made under subdivision (d) of Section 17041.1 or that are
3 subject to audit by the State Department of Education pursuant to Section 17024, using
4 generally accepted auditing principles, at any time to ensure compliance with the law.
5 Subdivision (b) requires that if any information submitted by a self-certifying district in its

(1) pursuant to a repayment schedule approved by the board, the district shall repay to the board of no more than five years, for deposit in the State School Building Lease-Purchase Fund, an amount equal to the amount of project funding allocated under this chapter to construct that excess building area, together with interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. The amount of any repayment owing under this paragraph for any fiscal year, which is not repaid otherwise by the district, shall be withheld by the board from any project funding that otherwise would be allocated to that district under this chapter in that fiscal year. As to any repayment obligation remaining for that fiscal year, the board shall notify the Superintendent of Public Instruction, who shall withhold the amount of that remaining obligation from the apportionments to be made to the district from the State School Fund in that fiscal year.

(2) The information that otherwise may be certified under this chapter by a self-certifying district shall be made by the board under any subsequent applications for project funding, rather than by the applicant district, for a period of up to five years following the date of the finding of a material inaccuracy, or until the district's repayment of the entire amount owing under paragraph (1), whichever occurs later.

(c) Any school district against which the board imposes the penalties under paragraphs (1) and (2) of subdivision (b) may submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district. Except as otherwise provided by this chapter, the procedure governing the arbitration shall be as set forth in Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(d) It is the intent of the Legislature that audits as described in this section not interfere with the application and construction process under this chapter unless one or more violations are discovered."

1 certification of funding eligibility for any project is found by the board to contain any
2 material inaccuracy, any building area constructed as a result, in excess of the building
3 area to which the district was entitled for purposes of that project, shall be included in
4 the calculation of the area of adequate school construction for the purposes of all
5 subsequent project applications by the district under this chapter. In addition, the board
6 shall impose both of the following penalties: (1) pursuant to a repayment schedule
7 approved by the board, the district shall repay to the board of no more than five years,
8 for deposit in the State School Building Lease-Purchase Fund, an amount equal to the
9 amount of project funding allocated under this chapter to construct that excess building
10 area, together with interest at the rate paid on moneys in the Pooled Money Investment
11 Account or at the highest rate of interest for the most recent issue of state general
12 obligation bonds as established pursuant to Chapter 4 (commencing with Section
13 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater.
14 The amount of any repayment owing under this paragraph for any fiscal year, which is
15 not repaid by the district, shall be withheld by the board from any project funding that
16 otherwise would be allocated to that district under this chapter in that fiscal year. As to
17 any repayment obligation remaining for that fiscal year, the board shall notify the
18 Superintendent of Public Instruction, who shall withhold the amount of that remaining
19 obligation from the apportionments to be made to the district from the State School
20 Fund in that fiscal year; (2) the information that otherwise may be certified under this
21 chapter by a self-certifying district shall be made by the board under any subsequent

1 applications for project funding, rather than by the applicant district, for a period of up to
2 five years following the date of the finding of a material inaccuracy, or until the district's
3 repayment of the entire amount owing under paragraph (1), whichever occurs later.

4 Subdivision (c) provides that any school district against which the board imposes the
5 penalties under paragraphs (1) and (2) of subdivision (b) may submit for binding
6 determination by an arbitrator the issue of whether the penalties imposed are
7 disproportionate to the inaccuracy certified by the district. Except as otherwise provided
8 by this chapter, the procedure governing the arbitration shall be as set forth in Title 9
9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure. Subdivision
10 (d) provides that the audits as described in this section shall not interfere with the
11 application and construction process under this chapter unless one or more violations
12 are discovered.

13 Chapter 277, Statutes of 1996, Section 2, added²⁴⁰ Education Code Section
14 17041.3 to provides that "for the purposes of Sections 17041 and 17041.5, allowable
15 building area may be computed, in the alternative to the methods prescribed by Section
16 17041, for any combination of two or more adjacent high school attendance areas
17 pursuant to the following conditions: (a) the project to be funded is for the construction
18 of a high school, junior high school, or elementary school located or to be located in any
19 of those high school attendance areas; (b) the high school, junior high school, or

²⁴⁰ Former Education Code Section 17741.3, (added by Chapter 552, Statutes of 1988, Section 1) relating to similar subject matter as 17041.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 elementary school to be constructed is to serve pupils residing in each of those high
2 school attendance areas; (c) the combined computation of allowable building area
3 reflects the allowable building area to which each of the high school attendance areas
4 would otherwise be entitled, reflecting the proportion of projected pupil enrollment in the
5 school to be constructed, as calculated under this chapter, from each of those
6 attendance areas.”

7 Chapter 277, Statutes of 1996, Section 2, added²⁴¹ Education Code Section
8 17041.5 to require that “(a) whenever the area of adequate school construction existing
9 in an attendance area is less than the maximum area computed for that attendance
10 area, any portion of the remaining computed allowable building area may be used for
11 the construction of district administration and maintenance facilities; (b) if the allowable
12 building area is computed separately by attendance area, the board shall include within
13 the computation of the maximum area for that attendance area the proposed building
14 area of a project for the construction of district administration and maintenance
15 facilities.”

16 Chapter 277, Statutes of 1996, Section 2, added²⁴² Education Code Section
17 17041.6 to require that “the board shall, in allocating funds for school facilities

²⁴¹ Former Education Code Section 17741.5, (added by Chapter 1113, Statutes of 1981, Section 4) relating to similar subject matter as 17041.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁴² Former Education Code Section 17741.6, (added by Chapter 1113, Statutes of 1981, Section 5) relating to similar subject matter as 17041.6, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 construction pursuant to this chapter, give first priority to applicant districts proposing
2 additional classrooms within their maximum allowable building area before allocating
3 funds to applicant districts proposing administration and maintenance facilities.”

4 Chapter 277, Statutes of 1996, Section 2, added²⁴³ Education Code Section
5 17041.8²⁴⁴. Subdivision (a) requires that notwithstanding any other provision of law,
6 any applicant school district that receives supplemental project funding under Sections

²⁴³ Former Education Code Section 17741.8, (added by Chapter 1154, Statutes of 1987, Section 6) relating to similar subject matter as 17041.8, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁴⁴ Education Code Section 17041.8, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Notwithstanding any other provision of law, any applicant school district that receives supplemental project funding under Sections 17040.6, 17040.7, 17040.8, and 17041.8 shall apply that funding to the purposes of the project funded, in compliance with any requirements set forth in those sections, but need not comply in that regard with the allowable building area of that project as otherwise calculated under this chapter. The expenditure of the supplemental project funds authorized under those sections is exempt from the total building cost standards applicable to the project. In addition, the increase in building area authorized under this subdivision is exempt, for purposes of any subsequent application for project funding under this chapter, from the calculation of existing adequate school construction of the district.

(b) Notwithstanding any other provision of law, the total amount of supplemental project funding that an applicant district is entitled to receive under Sections 17040.6, 17040.7, 17040.8, and 17040.9 may not exceed the lesser of the following:

(1) An amount equal to that calculated under subdivision (b) of Section 17040.9.

(2) An amount equal to the sum of four thousand dollars (\$4,000) for each of the first 500 units of estimated average daily attendance for the project, and two thousand dollars (\$2,000) for each additional unit of estimated average daily attendance. The monetary rates set forth in this paragraph shall be increased annually for inflation for the prior calendar year on the basis of the cost index for class B construction as determined in the January meeting of the board.”

1 17040.6 (multistory buildings), 17040.7 (enclosed hallways), 17040.8 (existing sites with
2 less than 50 percent of recommended land), and 17041.8 shall apply that funding to the
3 purposes of the project funded, in compliance with any requirements set forth in those
4 sections, but need not comply in that regard with the allowable building area of that
5 project as otherwise calculated under this chapter. The expenditure of the
6 supplemental project funds authorized under those sections is exempt from the total
7 building cost standards applicable to the project. In addition, the increase in building
8 area authorized under this subdivision is exempt, for purposes of any subsequent
9 application for project funding under this chapter, from the calculation of existing
10 adequate school construction of the district. Subdivision (b) provides that
11 notwithstanding any other provision of law, the total amount of supplemental project
12 funding that an applicant district is entitled to receive under Sections 17040.6, 17040.7,
13 17040.8, and 17040.9 (supplemental project funding for projects with high pupil density)
14 may not exceed the lesser of the following:

- 15 (1) An amount equal to that calculated under subdivision (b) of Section 17040.9
16 (providing that the supplemental project funding authorized under this section
17 shall be calculated by dividing the actual pupil density for the project by the
18 threshold pupil density for the project, and multiplying the resulting fraction by an
19 amount equal to the average cost per acre of the land approved for acquisition
20 by the board, or that would have been approved for acquisition if the applicant
21 school district had not had an existing schoolsite available for the project); or

1 (2) an amount equal to the sum of four thousand dollars (\$4,000) for each of the
2 first 500 units of estimated average daily attendance for the project, and two
3 thousand dollars (\$2,000) for each additional unit of estimated average daily
4 attendance. The monetary rates set forth in this paragraph shall be increased
5 annually for inflation for the prior calendar year on the basis of the cost index for
6 class B construction as determined in the January meeting of the board.

7 Chapter 893, Statutes of 1997, Section 86, added²⁴⁵ Education Code Section
8 17042²⁴⁶. Subdivision (a) requires the board, by the adoption of rules, to provide for the

²⁴⁵ Former Education Code Section 19393, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as 17742 by Chapter 1010, Statutes of 1976, Section 2, and amended in proceeding years) relating to similar subject matter as Section 17042, was repealed by Chapter 893, Statutes of 1997, Section 102.

²⁴⁶ Education Code Section 17042, added by Chapter 893, Statutes of 1997, Section 86:

“(a) The board, by the adoption of rules, shall provide for the manner of determining the area of adequate school construction existing in an applicant school district at the time of application. Those rules shall define and provide for the method of determining building areas that are to be included in, in whole or in part, or to be excluded from, the area of existing adequate school construction.

Any building to which Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3 of Title 2 does not apply shall not be considered adequate school construction for the purpose of determining the maximum total building area per attendance unit.

The board may make exceptions to the provisions of this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

(b) For the purposes of this chapter, the area of adequate school construction existing in an applicant school district does not include any of the following:

(1) Any portable classroom made available to the district under Chapter 25 (commencing with Section 17785).

(2) In any school operated on a year-round schedule, any building area

1 manner of determining the area of adequate school construction existing in an applicant
2 school district at the time of application. Those rules shall define and provide for the
3 method of determining building areas that are to be included in, in whole or in part, or to
4 be excluded from, the area of existing adequate school construction. Any building to
5 which Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3
6 of Title 2 does not apply shall not be considered adequate school construction for the
7 purpose of determining the maximum total building area per attendance unit. The
8 board may make exceptions to the provisions of this section, or to the rules adopted
9 pursuant thereto, if it determines that the exception or exceptions will be for the benefit
10 of pupils affected. Subdivision (b) provides that the area of adequate school

that has been in continuous use during the preceding five-year period primarily for the operation of any preschool program or programs.

(3) Any building area, not to exceed the area that is equivalent to one classroom per schoolsite, used to provide support services pursuant to Chapter 5 (commencing with Section 8800) of Part 6 or to provide integrated children's services pursuant to Section 18986.40 of the Welfare and Institutions Code. A school shall meet the definition of a "qualifying school" under paragraph (1) of subdivision (h) of Section 8802 to qualify for this exemption from the area of adequate school construction.

(4) Any classroom acquired or constructed and continuously used by the school district primarily for the purpose of reducing class size in kindergarten or in any of grades 1 to 3, inclusive, pursuant to the school district's participation in the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(5) Any classroom acquired or constructed for the purpose of operating a community day school pursuant to Section 48660, if the classroom is not located on a regular elementary, middle, junior high, or senior high school site.

(c) The board may make exceptions to this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected."

1 construction existing in an applicant school district does not include any of the following:

2 (1) any portable classroom made available to the district under Chapter 14

3 (commencing with Section 17085), "The State Relocatable Classroom Law of 1979"; (2)

4 in any school operated on a year-round schedule, any building area that has been in

5 continuous use during the preceding five-year period primarily for the operation of any

6 preschool program or programs; (3) any building area, not to exceed the area that is

7 equivalent to one classroom per schoolsite, used to provide support services pursuant

8 to Chapter 5 "Healthy Start Support Services for Children Act" (commencing with

9 Section 8800) of Part 6 or to provide integrated children's services pursuant to Section

10 18986.40 of the Welfare and Institutions Code. A school shall meet the definition of a

11 "qualifying school" under paragraph (1) of subdivision (h) of Section 8802 (providing

12 that a school that maintains kindergarten or any of grade 1 to 6, inclusive, in which 50

13 percent or more of the enrolled pupils are ether from families that receive benefits from

14 the Aid to families with Dependent Children program or any successor program, have

15 limited English proficiency, or both, or are eligible to receive free or reduced-price meals

16 is a "qualifying school" for the purposes of the "Healthy Start Support Services for

17 Children Act") qualify for this exemption from the area of adequate school construction;

18 (4) any classroom acquired or constructed and continuously used by the school district

19 primarily for the purpose of reducing class size in kindergarten or in any of grades 1 to

20 3, inclusive, pursuant to the school district's participation in the Class Size Reduction

21 Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28; and

1 (5) any classroom acquired or constructed for the purpose of operating a community
2 day school pursuant to Section 48660 (providing that community day schools may be
3 established for pupils who have been expelled for any reason, who are on probation, or
4 who have been referred by a school attendance review board or other district level
5 referral process), if the classroom is not located on a regular elementary, middle, junior
6 high, or senior high school site. Subdivision (c) provides that the board may make
7 exceptions to this section, or to the rules adopted pursuant thereto, if it determines that
8 the exception or exceptions will be for the benefit of pupils affected.

9 Chapter 277, Statutes of 1996, Section 2, added²⁴⁷ Education Code Section
10 17042.5²⁴⁸. Subdivision (a) requires that in determining the area of adequate school

²⁴⁷ Former Education Code Section 17742.5, (added by Chapter 1466, Statutes of 1985, Section 1), relating to similar subject matter as Section 17042.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁴⁸ Education Code Section 17042.5, added by Chapter 277, Statutes of 1996, Section 2:

“(a) For purposes of determining the area of adequate school construction existing in an applicant school district pursuant to Section 17042.7, all portable classrooms, whether owned or leased, shall be included, except as otherwise provided in paragraphs (1) to (3), inclusive.

(1) Leased portable classrooms acquired by a school district shall not be included in the area of existing adequate school construction until January 1, 1991.

(2) Portable classrooms leased pursuant to Chapter 14 (commencing with Section 17085) shall be excluded from the area of adequate school construction. Portable classrooms obtained by an applicant district pursuant to subdivision (b) of Section 17088.5 also shall be excluded from the area of adequate school construction, except as to any portable classroom or classrooms for which the district rejected the board's offer to purchase pursuant to that subdivision.

(3) Portable classrooms that have been leased or owned by the district for

1 construction existing in an applicant school district pursuant to Section 17042.7, all
2 portable classrooms, whether owned or leased, shall be included, except:

3 (1) Leased portable classrooms acquired by a school district shall not be
4 included in the area of existing adequate school construction until January 1,
5 1991;

6 (2) Portable classrooms leased pursuant to Chapter 14 "State Relocatable
7 Classroom of 1979" (commencing with Section 17085) shall be excluded from
8 the area of adequate school construction. Portable classrooms obtained by an

20 years or more shall be excluded from the area of adequate school construction.

(4) Leased portable classrooms shall not be included in the area of adequate school construction for a period of five years from the date first leased by the district. That exclusion shall be extended by the board for one additional five-year period where the board finds that the continued use of the leased portable classrooms for classroom purposes is justified by additional growth in average daily attendance pursuant to the standards established by this part. If the board finds continued use to be no longer justified, it may extend the exclusion for a period of up to two years as necessary to maintain the eligibility of the applicant district for project funding pursuant to this chapter if the board finds that the district has made a good faith effort to obtain that funding in a timely manner. The additional five-year exclusion shall not apply to any portable classroom for which, under the lease agreement, the district is to take title, or the total consideration paid by the district for the lease and an option to purchase is determined by the board to be substantially equivalent to the cost of acquiring title.

(b) For purposes of this section, "portable classroom" means a classroom building of modular design and construction that meets all of the following criteria:

(1) Is designed and constructed to be relocatable and transportable over public streets.

(2) Is designed and constructed for relocation without the separation of the roof or floor from the building.

(3) When measured at the most exterior walls, has a floor area not in excess of 2,000 square feet."

1 applicant district pursuant to subdivision (b) of Section 17088.5 (whereby a
2 school district is eligible to lease a portable classroom, but funds are not at the
3 time available, the board may authorize the school district to purchase a portable
4 classroom if purchased under a procedure determined by the board, and when
5 funds are made available, the board shall purchase the portable classroom from
6 the school district and shall then lease the portable classroom back the school
7 district) also shall be excluded from the area of adequate school construction,
8 except as to any portable classroom or classrooms for which the district rejected
9 the board's offer to purchase pursuant to that subdivision;

10 (3) Portable classrooms that have been leased or owned by the district for 20
11 years or more shall be excluded from the area of adequate school construction;

12 (4) Leased portable classrooms shall not be included in the area of adequate
13 school construction for a period of five years from the date first leased by the
14 district. That exclusion shall be extended by the board for one additional
15 five-year period where the board finds that the continued use of the leased
16 portable classrooms for classroom purposes is justified by additional growth in
17 average daily attendance pursuant to the standards established by this part. If
18 the board finds continued use to be no longer justified, it may extend the
19 exclusion for a period of up to two years as necessary to maintain the eligibility of
20 the applicant district for project funding pursuant to this chapter if the board finds
21 that the district has made a good faith effort to obtain that funding in a timely

1 manner. The additional five-year exclusion shall not apply to any portable
2 classroom for which, under the lease agreement, the district is to take title, or the
3 total consideration paid by the district for the lease and an option to purchase is
4 determined by the board to be substantially equivalent to the cost of acquiring
5 title.

6 Subdivision (b) defines for purposes of this section, "portable classroom" to mean a
7 classroom building of modular design and construction that meets all of the following
8 criteria: (1) designed and constructed to be relocatable and transportable over public
9 streets; (2) designed and constructed for relocation without the separation of the roof or
10 floor from the building; and (3) when measured at the most exterior walls, has a floor
' area not in excess of 2,000 square feet.

12 Chapter 893, Statutes of 1997, Section 88, added²⁴⁹ Education Code Section
13 17042.7²⁵⁰. Subdivision (a) requires that for any project application filed or amended on

²⁴⁹ Former Education Code Section 17742.7, (added by Chapter 886, Statutes of 1986, Section 18, and amended in proceeding years) relating to similar subject matter as Section 17042.7, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁵⁰ Education Code Section 17042.7, added by Chapter 893, Statutes of 1997, Section 88:

"(a) For any project application filed or amended on or after January 1, 1993, the area of adequate school construction existing in the applicant school district or, where appropriate, in the attendance area, at the time of application shall be calculated pursuant to the following formula:

(1) Identify by grade level all teaching stations existing in the school district or, where appropriate, the attendance area, as of January 1, 1993. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil

1 or after January 1, 1993, the area of adequate school construction existing in the
2 applicant school district or, where appropriate, in the attendance area, at the time of
3 application shall be calculated pursuant to a specific formula. Subdivision (b) provides
4 that a school district that is participating in a class size reduction program set forth in
5 this code, other than the Class Size Reduction Program (Ch. 6.10 (commencing with
6 Section 52120) of Part 28), shall use the pupil loading standard established pursuant to
7 that program. Subdivision (c) provides that the area of existing adequate school

instruction.

(2) Determine the maximum pupil loading figure for each grade level pursuant to the district pupil loading standards in effect on January 1, 1993. For the purposes of this section, the "district pupil loading standards" are those pupil loading standards in effect in a school district on July 1, 1992, as a result of actions including, but not necessarily limited to, the execution of a collective bargaining agreement or the adoption of a district policy by the governing board of the school district. In no event may this figure be more than the maximum pupil loading standards established by the board, or less than three pupil units lower than those maximum pupil loading standards.

(3) Multiply the figure determined under paragraph (2) for each grade level by the number of teaching stations for the particular grade level, as determined under paragraph (1).

(4) Multiply the product determined under paragraph (3) by the maximum area allowance established for that grade level under this article.

(5) The sum of these computations for each grade level, as determined under paragraphs (1) to (4), inclusive, shall be the total area of adequate school construction existing in the district or attendance area pursuant to this formula.

(b) For purposes of this section, a school district that is participating in a class size reduction program set forth in this code, other than the Class Size Reduction Program (Ch. 6.10 (commencing with Section 52120) of Part 28), shall use the pupil loading standard established pursuant to that program.

(c) The area of existing adequate school construction calculated under this section shall not include, in any school operated on a year-round schedule, any teaching station that has been in continuous use during the preceding five-year period primarily for the operation of a preschool program or programs."

1 construction calculated under this section shall not include, in any school operated on a
2 year-round schedule, any teaching station that has been in continuous use during the
3 preceding five-year period primarily for the operation of a preschool program or
4 programs.

5 Chapter 893, Statutes of 1997, Section 89, added²⁵¹ Education Code Section
6 17042.9. Subdivision (a) provides that “ notwithstanding any other provision of law, a
7 school district that complies with the requirements of subdivision (b) may replace a
8 portable classroom, as defined in Section 17742.5 [referring to current section
9 17042.5], that has been leased or owned by the district for 20 years or more, with a
10 permanent building if the resulting area of new building construction is no greater than
11 the area that would be authorized under this chapter for the lease or purchase of a
12 portable classroom.” Subdivision (b) requires that “a school district that utilizes
13 subdivision (a) shall fund its expenses incurred thereby through the issuance of general
14 obligation bonds by the district or by the issuance of bonds pursuant to the Mello-Roos
15 Community Facilities Act of 1982 or by any other financing mechanism that does not
16 encumber the school district's general fund.”

17 Chapter 277, Statutes of 1996, Section 2, added²⁵² Education Code Section

²⁵¹ Former Education Code Section 17742.9, (added by Chapter 470, Statutes of 1996, Section 1) relating to similar subject matter as new Section 17042.9, was repealed by Chapter 893, Statutes of 1997, Section 103.

²⁵² Former Education Code Section 19394, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17743 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as new Section 17043, was repealed by

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 17043 to provide that "(a) there shall be allowed to each district with attendance units of
2 300 or more in kindergarten and grades 1 to 6, inclusive, a maximum area of 55 square
3 feet for each attendance unit of the district in kindergarten and grades 1 to 6, inclusive;
4 and (b) the maximum total building area per attendance unit allowed to applicant
5 districts with attendance units of less than 300 in kindergarten and grades 1 to 6,
6 inclusive, for such attendance units shall be determined by the board, and shall be
7 building area to provide comparable facilities to those provided by subdivision (a) of this
8 section, and shall be the least building area required to house adequately the estimated
9 average daily attendance and the normal instructional and other services."

10 Chapter 277, Statutes of 1996, Section 2, added²⁵³ Education Code Section
11 17044 to state that "there shall be allowed to each district a maximum area of 75
12 square feet for each attendance unit of the district in grades 7 and 8."

13 Chapter 277, Statutes of 1996, Section 2, added²⁵⁴ Education Code Section
14 17045 to provide that "the maximum area allowed to a district for attendance units in
15 junior high schools composed of grades 7 to 9, inclusive, or 7 to 10, inclusive, as the

Chapter 277, Statutes of 1996, Section 1.

²⁵³ Former Education Code Section 19395, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17744 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as 17044, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁵⁴ Former Education Code Section 19396, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17745 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as 17045, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 case may be, shall be determined pursuant to this section, rather than Sections 17044
2 and 17046. This section shall not apply to junior high schools composed of grades 7
3 and 8 only. The maximum area allowed for attendance units in junior high schools shall
4 be determined by computing, in accordance with this section, the number of square feet
5 for the attendance units at each junior high school attendance center of the district, and
6 totaling the number of square feet so determined for all attendance units in all such
7 junior high school attendance centers of the district. There shall be allowed a maximum
8 area of 75 square feet for each attendance unit of the junior high school attendance
9 center in grades 7 and 8. For each attendance unit in grade 9, or grades 9 and 10, as
10 the case may be, at each junior high school attendance center, there shall be allowed a
11 maximum area equal to the number of square feet which would be allowed under
12 Section 17046 for each attendance unit of an attendance center having a total number
13 of attendance units equal to the total number of attendance units in grades 7 to 9,
14 inclusive, or 7 to 10, inclusive, as the case may be, at such junior high school
15 attendance center. The number of square feet which would be allowed under Section
16 17046 for each attendance unit of an attendance center shall be computed by
17 determining in accordance with that section the total number of square feet which would
18 be allowed at an attendance center and dividing such total number of square feet by the
19 total number of attendance units at such attendance center.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Chapter 277, Statutes of 1996, Section 2, added²⁵⁵ Education Code Section
2 17046²⁵⁶ to require that each district be allowed a maximum area for the attendance
3 units of the district in grades 9 to 12, inclusive, determined by computing, for the
4 attendance units in grades 9 to 12, inclusive, at each attendance center of the district, a
5 number of square feet for the number of attendance units in such grades at each

²⁵⁵ Former Education Code Section 19397, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17746 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as 17046, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁵⁶ Education Code Section 17046, added by Chapter 277, Statutes of 1996, Section 2:

"There shall be allowed to each district a maximum area for the attendance units of the district in grades 9 to 12, inclusive, determined by computing, for the attendance units in grades 9 to 12, inclusive, at each attendance center of the district, a number of square feet for the number of attendance units in such grades at each attendance center, in accordance with the following table, and totaling the number of square feet so determined for all attendance units in such grades of all attendance centers of the district:

Attendance units of attendance center	Maximum number of square feet of building area
1-50.....	18,000
51-100.....	18,000 plus 162 for each attendance unit over 50
101-200.....	26,100 plus 99 for each attendance unit over 100
201-300.....	36,000 plus 60 for each attendance unit over 200
301-600.....	42,000 plus 54 for each attendance unit over 300
601-1,800.....	58,200 plus 80 for each attendance unit over 600
Over 1,800.....	154,200 plus 85 for each attendance unit over 1,800"

1 attendance center, in accordance with the following table, and totaling the number of
2 square feet so determined for all attendance units in such grades of all attendance
3 centers of the district.

4 Chapter 277, Statutes of 1996, Section 2, added²⁵⁷ Education Code Section
5 17046.7 to require that "notwithstanding any other provision of law, the determination of
6 the area of allowable new building construction for any project for an applicant school
7 district for which original construction commenced on or after January 1, 1987, shall be
8 made on the basis of 107 percent of the area that would otherwise be determined for
9 that purpose under this chapter, calculated to the nearest whole number."

10 Chapter 277, Statutes of 1996, Section 2, added²⁵⁸ Education Code Section
1 17046.8 to require that "notwithstanding any other provisions of law, the maximum
12 allowable building area for each applicant district shall be reduced by the product of the
13 maximum area per attendance unit calculated for each appropriate grade level and the
14 number of pupils reported by the Superintendent of Public Instruction for that grade
15 level pursuant to Section 42268. This reduction shall be calculated on the basis, at the
16 district's option, of either the district as a whole or the appropriate attendance area, as
17 defined in Section 17041."

²⁵⁷ Former Education Code Section 17746.7, (added by Chapter 886, Statutes of 1986, Section 19) relating to similar subject matter as Section 17046.7, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁵⁸ Former Education Code Section 17746.8, (added by Chapter 1261, Statutes of 1990, Section 3) relating to similar subject matter as Section 17046.8, was repealed by Chapter 277, Statutes of 1996, Section 1.

			Pupils	Square Feet
Resource Specialist Program for those pupils with disabling conditions whose needs have been identified by the Individualized Education Program (IEP) Team, who require special education for a portion of the day, and who are assigned to a regular classroom for a majority of the schoolday.***	All	Maximum caseload for RS is 28, not all served at same time.	1-8 9-28 29-37 38-56 57-65 66-85 86-94 95-112	240 480 720 960 1200 1440 1680 1920

* Special pupils may usually be grouped without accordance to type, especially in smaller districts or where attendance zones may indicate, to maximize loadings per classroom where there are children with similar educational needs (Sec. 56364 or 56364.2, as applicable).

** Therapy add-ons not to be provided if on same site as orthopedically impaired.

1 purpose of providing special day class and Resource Specialist Program facilities for
2 special education pupils shall be negotiated and approved by the State Allocation
3 Board, with any necessary assistance to be provided by the Special Education Division
4 of the State Department of Education. Subdivision (b) provides that the allowable new
5 building area shall be computed by dividing the number of eligible pupils by the
6 minimum required loading per classroom for special day classes for the type of pupils to
7 be enrolled. No new or additional facility shall be provided for special day classes
8 unless the number of additional eligible pupils equals one-third or more of the minimum
9 required loading.

10 Chapter 277, Statutes of 1996, Section 2, added²⁶¹ Education Code Section
11 17047.5²⁶². Subdivision (a) requires all school facilities purchased or newly

*** To a maximum of 4 percent of the unhoused average daily attendance of the district, per new school or addition, to a maximum of 1920 square feet.

(b) The allowable new building area shall be computed by dividing the number of eligible pupils by the minimum required loading per classroom for special day classes for the type of pupils to be enrolled. No new or additional facility shall be provided for special day classes unless the number of additional eligible pupils equals one-third or more of the minimum required loading.”

²⁶¹ Former Education Code Section 17747.5, (added by Chapter 1050, Statutes of 1986, Section 2) relating to similar subject matter as Section 17047.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁶² Education Code Section 17047.5, added by Chapter 277, Statutes of 1996, Section 2:

“(a) All school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, as defined in Section 56026, shall be designed and located on the schoolsite so as to maximize interaction between those individuals with exceptional needs and other pupils

as appropriate to the needs of both.

(b) School district governing boards and county offices of education shall ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities in applying for the purchase or new construction of school facilities pursuant to this chapter.

(c) The State Allocation Board, after consultation with the State Department of Education and representatives from county offices of education, special education services regions, and school districts, shall develop and adopt any regulations necessary to implement this section.

(d) Notwithstanding any other law, the requirement set forth in subdivision (a) may be waived, by the Superintendent of Public Instruction, only upon compliance with the following procedure:

(1) The applicant school district or county superintendent of schools shall file a written request for waiver that documents the reasons for its inability to comply with the requirement.

(2) The State Department of Education shall verify the reasons set forth pursuant to paragraph (1), including the documentation submitted, which verification shall be completed no later than 30 days after the filing of the request for waiver with the Superintendent of Public Instruction.

(3) The Advisory Commission on Special Education, as established under Section 33590, at its first scheduled meeting following the verification conducted pursuant to paragraph (2), shall review the request for waiver, accompanying documentation, and the verification findings of the State Department of Education. No later than 15 days following the date of that meeting, the commission shall submit its written comments and recommendations regarding the request for waiver to the Superintendent of Public Instruction.

(4) The Superintendent of Public Instruction shall review the comments and recommendations submitted by the Advisory Commission on Special Education prior to approving or rejecting the request for waiver.

(5) Any request for waiver, submitted in accordance with this section, that is not rejected within 60 days of its receipt by the State Department of Education, shall be deemed approved.

(e) This section does not apply to any application for project funding under this chapter that meets one of the following conditions:

(1) The application was submitted to the board prior to January 1, 1987, and all of the facilities under the project for use, in whole or in part, by pupils who are individuals with exceptional needs are located on a schoolsite on which facilities for use by other pupils are also located.

(2) The application is for any other project, for which, prior to January 1, 1987, the board approved the drawing of final plans and the preparation of final

1 constructed pursuant to this chapter for use, in whole or in part, by pupils who are
2 individuals with exceptional needs, shall be designed and located on the schoolsite so
3 as to maximize interaction between those individuals with exceptional needs and other
4 pupils as appropriate to the needs of both. Subdivision (b) requires the school district
5 governing boards and county offices of education to ensure that school facilities for
6 pupils who are individuals with exceptional needs are integrated with other school
7 facilities in applying for the purchase or new construction of school facilities pursuant to
8 this chapter. Subdivision (c) provides that the State Allocation Board, after consultation
9 with the State Department of Education and representatives from county offices of
10 education, special education services regions, and school districts, shall develop and
11 adopt any regulations necessary to implement this section. Subdivision (d) provides
12 that notwithstanding any other law, the requirement set forth in subdivision (a) may be
13 waived, by the Superintendent of Public Instruction, only upon compliance with the
14 following procedure whereby:

15 (1) The applicant school district or county superintendent of schools shall file a
16 written request for waiver that documents the reasons for its inability to comply
17 with the requirement;

18 (2) The State Department of Education shall verify the reasons set forth pursuant
19 to paragraph (1), including the documentation submitted, which verification shall
20 be completed no later than 30 days after the filing of the request for waiver with

specifications.”

1 the Superintendent of Public Instruction;

2 (3) The Advisory Commission on Special Education at its first scheduled meeting
3 following the verification conducted pursuant to paragraph (2), shall review the
4 request for waiver, accompanying documentation, and the verification findings of
5 the State Department of Education. No later than 15 days following the date of
6 that meeting, the commission shall submit its written comments and
7 recommendations regarding the request for waiver to the Superintendent of
8 Public Instruction;

9 (4) The Superintendent of Public Instruction shall review the comments and
10 recommendations submitted by the Advisory Commission on Special Education
11 prior to approving or rejecting the request for waiver; and

12 (5) Any request for waiver, submitted in accordance with this section, that is not
13 rejected within 60 days of its receipt by the State Department of Education, shall
14 be deemed approved.

15 Subdivision (e) provides that this section does not apply to any application for project
16 funding under this chapter that meets one of the following conditions: (1) the
17 application was submitted to the board prior to January 1, 1987, and all of the facilities
18 under the project for use, in whole or in part, by pupils who are individuals with
19 exceptional needs are located on a schoolsite on which facilities for use by other pupils
20 are also located; or (2) the application is for any other project, for which, prior to
21 January 1, 1987, the board approved the drawing of final plans and the preparation of

1 final specifications.

2 Chapter 893, Statutes of 1997, Section 90, added²⁶³ Education Code Section
3 17047.6 which provides that “the board, with the advice of the Superintendent of Public
4 Instruction, may determine the eligibility of county superintendents of schools to lease
5 portable classrooms provided that a county superintendent of schools is eligible to
6 receive one portable classroom pursuant to this section and Section 17717.2 for each
7 15 units of average daily attendance at county community schools in excess of the
8 amount of average daily attendance claimed by the county superintendent of schools in
9 the prior fiscal year except that, for pupils who are enrolled in a county community
10 school and on independent study, only time spent in the classroom shall be included in
11 the calculation of average daily attendance.”

12 Chapter 277, Statutes of 1996, Section 2, added²⁶⁴ by Education Code Section
13 17048 to require that “whenever an existing building is to be reconstructed, rather than
14 replaced, under an application pursuant to this chapter, there shall be allowed, for those
15 attendance units to be housed in such reconstructed building, an additional five square
16 feet of building area beyond the amounts set forth in Section 17043, 17044, 17045, or

²⁶³ Former Education Code Section 17747.6, (added by Chapter 1059, Statutes of 1996, Section 6) relating to similar subject matter as Section 17047.6, was repealed by Chapter 893, Statutes of 1997, Section 104.

²⁶⁴ Former Education Code Section 19398, (added by Chapter 1009, Statutes of 1975, Section 1, and renumbered as Section 17748 by Chapter 1010, Statutes of 1976, Section 2) relating to similar subject matter as Section 17048, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17046.”
2 Chapter 277, Statutes of 1996, Section 2, added²⁶⁵ by Education Code Section
3 17049²⁶⁶. Subdivision (a) requires that, as a condition for any project funding under this

²⁶⁵ Former Education Code Section 17749, (added by Chapter 886, Statutes 1986, Section 44) relating to similar subject matter as Section 17049, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁶⁶ Education Code Section 17049, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The board shall require, as a condition of providing funding for any project under this chapter, that, for any facilities for kindergarten or any of grades 1 to 12, inclusive, or for any facilities for special education or continuation high school purposes, at least 30 percent of allowable new building construction for classrooms under the project be utilized for relocatable structures.

(b) The board may reduce the percentage requirement set forth in subdivision (a), as to any applicant, in the event that the quantity of relocatable structures necessary to comply with those requirements is unavailable from the manufacturers of those structures.

(c) The board may reduce or eliminate the percentage requirements set forth in subdivision (a), as to any applicant, under either of the following circumstances:

(1) Where the board finds that special conditions of terrain, climate, or unavailability of space within the attendance area make the use of relocatable structures impractical or inappropriate.

(2) Under the condition that, as the result of a future project for which the district receives funding under this chapter, located on the same schoolsite on which the current project is located, at least 30 percent of total building construction for classrooms on that schoolsite will be utilized for relocatable structures.

(d) Relocatable structures acquired by an applicant school district up to two years preceding the final approval by the board of the project application submitted by the district shall apply to the percentage requirements set forth in subdivision (a).

(e) Notwithstanding subdivision (d), relocatable structures acquired by an applicant school district up to 10 years preceding the final approval by the board of the project application submitted by the district shall apply to the percentage requirements set forth in subdivision (a) if the relocatable structures are to be situated on the site of a new school to be constructed under the project and all of the following conditions are met:

1 chapter, that, for any facilities for kindergarten or any of grades 1 to 12, inclusive, or for
2 any facilities for special education or continuation high school purposes, at least 30
3 percent of allowable new building construction for classrooms under the project must be
4 utilized for relocatable structures. Subdivision (b) provides that reduce the percentage
5 requirement set forth in subdivision (a) shall be reduced, as to any applicant, in the
6 event that the quantity of relocatable structures necessary to comply with those
7 requirements is unavailable from the manufacturers of those structures. Subdivision (c)
8 requires that the percentage requirements set forth in subdivision (a), as to any
9 applicant, shall, as necessary, be reduced or eliminated under either of the following
10 circumstances: (1) where the board finds that special conditions of terrain, climate, or
11 unavailability of space within the attendance area make the use of relocatable
12 structures impractical or inappropriate, and (2) under the condition that, as the result of

(1) The relocatable structures were not previously used to satisfy the 30 percent requirement set forth in subdivision (a) under any other project constructed pursuant to this chapter.

(2) The board determines that the relocatable structures are in satisfactory condition upon being moved to the new schoolsite, and are usable for classroom purposes without requiring major repair or renovation for a period of not less than 20 years subsequent to that relocation.

(3) Subsequent to moving the relocatable structures to the new schoolsite, at least 30 percent of the classroom space at the schoolsite where the structures were previously located consists of relocatable structures.

The cost of moving the relocatable structures to the new schoolsite shall be at the school district's sole expense.

(f) Whenever at least 10 percent of the allowable new building construction contained in an application is to be utilized for relocatable structures, an additional three square feet of building area for each pupil to be housed under the approved project shall be allowed."

1 a future project for which the district receives funding under this chapter, located on the
2 same schoolsite on which the current project is located, at least 30 percent of total
3 building construction for classrooms on that schoolsite will be utilized for relocatable
4 structures. Subdivision (d) requires that the relocatable structures acquired by an
5 applicant school district up to two years preceding the final approval by the board of the
6 project application submitted by the district shall apply to the percentage requirements
7 set forth in subdivision (a). Subdivision (e) provides that notwithstanding subdivision
8 (d), relocatable structures acquired by an applicant school district up to 10 years
9 preceding the final approval by the board of the project application submitted by the
10 district shall apply to the percentage requirements set forth in subdivision (a) if the
11 relocatable structures are to be situated on the site of a new school to be constructed
12 under the project and all of the following conditions are met:

13 (1) The relocatable structures were not previously used to satisfy the 30 percent
14 requirement set forth in subdivision (a) under any other project constructed
15 pursuant to this chapter;

16 (2) The board determines that the relocatable structures are in satisfactory
17 condition upon being moved to the new schoolsite, and are usable for classroom
18 purposes without requiring major repair or renovation for a period of not less than
19 20 years subsequent to that relocation; and

20 (3) Subsequent to moving the relocatable structures to the new schoolsite, at
21 least 30 percent of the classroom space at the schoolsite where the structures

1 were previously located consists of relocatable structures. The cost of moving
2 the relocatable structures to the new schoolsite shall be at the school district's
3 sole expense.

4 Subdivision (f) provides that whenever at least 10 percent of the allowable new building
5 construction contained in an application is to be utilized for relocatable structures, an
6 additional three square feet of building area for each pupil to be housed under the
7 approved project shall be allowed.

8 Chapter 277, Statutes of 1996, Section 2, added²⁶⁷ by Education Code Section
9 17050²⁶⁸. Subdivision (a) provides that a district shall, as may be necessary, enter into

²⁶⁷ Former Education Code Section 17750, (added by Chapter 649, Statutes 1981, Section 2) relating to similar subject matter as Section 17050, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁶⁸ Education Code Section 17050, added by Chapter 277, Statutes of 1996, Section 2:

"(a) A district may enter into a contract with the county, or other appropriate entity having responsibility for the provision of public library services, in which the district is located for the purpose of operating a joint-use library facility at a schoolsite owned by the district.

(b) The district may apply for the lease-purchase of a project which includes a library facility, pursuant to Section 17017, which facility, if constructed, would be of sufficient size to accommodate the requirements of a joint-use library for which the district has entered into a contract, pursuant to subdivision (a).

(c) Should the board receive an application for a project which includes space for a joint-use library, the board shall evaluate the application disregarding any space in the proposed library facility which is beyond the needs of the district, provided the application contains a copy of the contract specified in subdivision (a), and provided that the contract contains at least the following:

- (1) Agreement that the county or other appropriate entity shall deposit in the county school lease-purchase fund, created pursuant to Section 17034, an amount equal to the total cost of any space in the proposed library facility which

1 a contract with the county, or other appropriate entity having responsibility for the
2 provision of public library services, in which the district is located for the purpose of
3 operating a joint-use library facility at a schoolsite owned by the district. Subdivision (b)
4 provides that the district shall, as may be necessary, apply for the lease-purchase of a
5 project which includes a library facility, pursuant to Section 17017 (providing that each
6 school district seeking to lease a project shall, through its governing board, apply to the
7 board providing them with a statement of the estimated cost of the project certified by
8 an architect or structural engineer, and layout plans should the entire construction
9 project), which facility, if constructed, would be of sufficient size to accommodate the
10 requirements of a joint-use library for which the district has entered into a contract,
1 pursuant to subdivision (a). Subdivision (c) provides that an application for a project
12 which includes space for a joint-use library, shall be evaluated disregarding any space

is beyond the needs of the district, prior to the signing of the construction contract for the project. The deposit shall not be refundable, except to the extent that it may prove subsequently to be in excess of the actual total cost of the space which is beyond the needs of the district.

(2) Agreement between the district and the county or other appropriate entity regarding staffing, maintenance, materials acquisition, and other matters related to the administration and operating costs of the joint-use facility.

(3) Agreement between the district and the county or other appropriate entity regarding the procedure for amendment or termination of the contract, including the disposition of materials housed in the joint-use facility should termination of the contract occur.

(d) Any space in a joint-use library which is beyond the needs of the district shall not be included by the board in any calculations made for any other purposes provided for in this article for the period of time that the contract for that joint-use facility remains in effect. Should the contract be terminated, the board shall include the additional space in any calculations made after the termination for any other purposes provided for in this article."

1 in the proposed library facility which is beyond the needs of the district, provided the
2 application contains a copy of the contract specified in subdivision (a), and provided
3 that the contract contains at least the following:

4 (1) Agreement that the county or other appropriate entity shall deposit in the
5 county school lease-purchase fund, created pursuant to Section 17034, an
6 amount equal to the total cost of any space in the proposed library facility which
7 is beyond the needs of the district, prior to the signing of the construction
8 contract for the project. The deposit shall not be refundable, except to the extent
9 that it may prove subsequently to be in excess of the actual total cost of the
10 space which is beyond the needs of the district;

11 (2) Agreement between the district and the county or other appropriate entity
12 regarding staffing, maintenance, materials acquisition, and other matters related
13 to the administration and operating costs of the joint-use facility; or

14 (3) Agreement between the district and the county or other appropriate entity
15 regarding the procedure for amendment or termination of the contract, including
16 the disposition of materials housed in the joint-use facility should termination of
17 the contract occur.

18 Subdivision (d) requires that any space in a joint-use library which is beyond the needs
19 of the district shall not be included in any calculations made for any other purposes
20 provided for in this article for the period of time that the contract for that joint-use facility
21 remains in effect. Should the contract be terminated, the board shall include the

1 additional space in any calculations made after the termination for any other purposes
2 provided for in this article.

3 Chapter 277, Statutes of 1996, Section 2, added²⁶⁹ by Education Code Section
4 17051²⁷⁰. Subdivision (a) provides that a district shall, as may be necessary, enter into

²⁶⁹ Former Education Code Section 17751, (added by Chapter 498, Statutes of 1983, Section 13) relating to similar subject matter as Section 17051, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁷⁰ Education Code Section 17051, added by Chapter 277, Statutes of 1996, Section 2:

“(a) A district may enter into an agreement with another governmental entity that includes some or all of the territory of the district for the purpose of the joint use of park and recreation facilities, including an auditorium, or commercial or industrial facilities.

(b) If the board receives an application for a project that includes some or all of the territory of the district for the purpose of the joint use of park and recreation facilities or commercial or industrial facilities, the board shall evaluate the application disregarding any space in the proposed joint-use facility that is beyond the needs of the district if the application contains a copy of the agreement specified in subdivision (a) and if the contract contains at least the following:

(1) An agreement that the county or other appropriate entity shall deposit in the county school lease-purchase fund, created pursuant to Section 17034, an amount equal to the total cost of any space in the proposed joint-use facility that is beyond the needs of the district, prior to the signing of the construction contract for the project. The deposit shall not be refundable, except to the extent that it may prove subsequently to be in excess of the actual total cost of the space that is beyond the needs of the district.

(2) An agreement between the district and the county or other appropriate entity regarding staffing, maintenance, materials acquisition, and other matters related to the administration and operating costs of the joint-use facility.

(3) An agreement between the district and the county or other appropriate entity regarding the procedure for amendment or termination of the contract, including the disposition of materials housed in the joint-use facility should termination of the contract occur.

(c) Any space in a joint-use facility that is beyond the needs of the district shall not be included by the board in any calculations made for any other purposes provided for in this article for the period of time that the contract for that joint-use facility remains

1 an agreement with another governmental entity that includes some or all of the territory
2 of the district for the purpose of the joint use of park and recreation facilities, including
3 an auditorium, or commercial or industrial facilities. Subdivision (b) requires that an
4 application for a project that includes some or all of the territory of the district for the
5 purpose of the joint use of park and recreation facilities or commercial or industrial
6 facilities, shall be evaluated disregarding any space in the proposed joint-use facility
7 that is beyond the needs of the district if the application contains a copy of the
8 agreement specified in subdivision (a) and if the contract contains at least the following:

9 (1) An agreement that the county or other appropriate entity shall deposit in the
10 county school lease-purchase fund, created pursuant to Section 17034, an
11 amount equal to the total cost of any space in the proposed joint-use facility that
12 is beyond the needs of the district, prior to the signing of the construction
13 contract for the project. The deposit shall not be refundable, except to the extent
14 that it may prove subsequently to be in excess of the actual total cost of the
15 space that is beyond the needs of the district;

16 (2) An agreement between the district and the county or other appropriate entity
17 regarding staffing, maintenance, materials acquisition, and other matters related
18 to the administration and operating costs of the joint-use facility; or

19 (3) An agreement between the district and the county or other appropriate entity

in effect. If the contract is terminated, the board shall include the additional space in any calculations made after the termination for any other purposes provided for in this article."

1 regarding the procedure for amendment or termination of the contract, including
2 the disposition of materials housed in the joint-use facility should termination of
3 the contract occur.

4 Subdivision (c) provides that any space in a joint-use facility that is beyond the needs of
5 the district shall not be included in any calculations made for any other purposes
6 provided for in this article for the period of time that the contract for that joint-use facility
7 remains in effect. If the contract is terminated, the board shall include the additional
8 space in any calculations made after the termination for any other purposes provided
9 for in this article.

10 Chapter 753, Statutes of 2000, Section 2, added Education Code Section
1 17052²⁷¹. Subdivision (a) provides that notwithstanding any other provision of law,

²⁷¹ Education Code Section 17052, added by Chapter 753, Statutes of 2000,
Section 2:

"(a) Notwithstanding any other provision of law, the State Allocation Board may fund joint-use projects to construct libraries, multipurpose rooms, and gymnasiums, on school campuses where these facilities are used jointly for both school and community purposes.

(b) A school district may apply to the State Allocation Board for funding under this section if it meets all of the following requirements:

- (1) The school does not have the type of facility for which it seeks funding.
- (2) The school district agrees to provide local matching funds for 50 percent of the eligible cost of the facility as set forth in subdivision (c), and 100 percent local or joint-use funding for all costs that exceed that standard, as required by subdivision (d).
- (3) The school district has obtained approval of the plans for the facility from the Division of the State Architect and the State Department of Education.
- (4) The school district has entered into a joint-use agreement with its joint-use partner that specifies the method for sharing capital and operating costs, specifies relative responsibilities for the operation and staffing of the

1 joint-use projects shall, as may be necessary, be funded to construct libraries,
2 multipurpose rooms, and gymnasiums, on school campuses where these facilities are
3 used jointly for both school and community purposes. Subdivision (b) requires a school
4 district to apply to the board for funding under this section if it meets all of the following
5 requirements:

6 (1) The school does not have the type of facility for which it seeks funding;

7 (2) The school district agrees to provide local matching funds for 50 percent of
8 the eligible cost of the facility as set forth in subdivision (c), and 100 percent local
9 or joint-use funding for all costs that exceed that standard, as required by
10 subdivision (d);

11 (3) The school district has obtained approval of the plans for the facility from the

facility, and specifies the manner in which the safety of school pupils will be maintained during school hours.

(5) The school district demonstrates that the facility will be used to the maximum extent possible for school and community purposes after regular school hours.

(c) The State Allocation Board shall establish standards for the amount of funding to be made available for each project under this section. The funding standards may be expressed as per-square-foot cost limits or per-pupil cost limits or both.

(d) Notwithstanding any other provision of this chapter, project costs may exceed the board's standards set forth in subdivision (c) if the excess is paid completely by local or joint-use partnership sources.

(e) On July 1 of each year the board shall apportion to qualifying applicant school districts those funds that it determines are available for the purposes of this section.

(f) The board may establish priority standards to govern the order of funding projects. If applications exceed available funding, the board shall give priority to applications where the size of the project is increased by at least 30 percent beyond minimum essential facilities through the use of additional funding from a joint-use partner."

1 Division of the State Architect and the State Department of Education;

2 (4) The school district has entered into a joint-use agreement with its joint-use
3 partner that specifies the method for sharing capital and operating costs,
4 specifies relative responsibilities for the operation and staffing of the facility, and
5 specifies the manner in which the safety of school pupils will be maintained
6 during school hours; and

7 (5) The school district demonstrates that the facility will be used to the maximum
8 extent possible for school and community purposes after regular school hours.

9 Subdivision (c) requires that standards shall be established by the board for the amount
10 of funding to be made available for each project under this section. The funding
11 standards may be expressed as per-square-foot cost limits or per-pupil cost limits or
12 both. Subdivision (d) provides that notwithstanding any other provision of this chapter,
13 project costs may exceed the board's standards set forth in subdivision (c) if the excess
14 is paid completely by local or joint-use partnership sources. Subdivision (e) provides
15 that on July 1 of each year the board shall apportion to qualifying applicant school
16 districts those funds that it determines are available for the purposes of this section.
17 Subdivision (f) provides that the board may establish priority standards to govern the
18 order of funding projects. If the school district applications exceed available funding,
19 the board shall give priority to applications where the size of the project is increased by
20 at least 30 percent beyond minimum essential facilities through the use of additional
21 funding from a joint-use partner.

1 ARTICLE 4. SPACE-SAVER SCHOOLS

2 Chapter 277, Statutes of 1996, Section 2, added²⁷² Education Code Section
3 17055. Subdivision (a) provides that “the board shall authorize project funding under
4 this chapter for the construction, in urban areas in which the construction of schools
5 would ordinarily require the removal of residential, commercial, or industrial structures,
6 of four elementary or junior high schools, or any combination thereof, none of which
7 serve any of the grades 10 to 12, inclusive” Subdivision (b) requires that “the
8 construction funded pursuant to subdivision (a) shall be designed to minimize the need
9 for the relocation of inhabitants of residential, commercial, or industrial structures. The
10 design features of the schools may include, but should not be limited to, the use of
11 below-ground facility construction, multistory construction, multiuse construction where
12 single-use construction currently exists, the joint use of facilities that otherwise involve
13 such uses as a shopping center, office complex, or apartment building, the joint or dual
14 use of land that otherwise involves park or other uses, overhead or underground
15 parking, or the use of areas above or below streets or freeways.”

16 Chapter 277, Statutes of 1996, Section 2, added²⁷³ Education Code Section
17 17056 to provide that “any school district that is a project applicant under this chapter

²⁷² Former Education Code Section 17755, (added by Chapter 1542, Statutes of 1988, Section 2) relating to similar subject matter as Section 17055, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁷³ Former Education Code Section 17756, (added by Chapter 1542, Statutes of 1988, Section 2) relating to similar subject matter as Section 17056, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 may apply for the funding of a school specifically under this article, pursuant to which it
2 may be approved by the board for funding only to the extent of its project eligibility
3 under this chapter. The governing board of each district for which that funding is
4 approved by the board shall do all of the following, in the order specified: (a) identify an
5 area within the district that it determines to be appropriate for the construction of a
6 school that meets the purposes of this article; and (b) establish criteria for the purpose
7 of identifying the school design that will most effectively accomplish the purposes of this
8 article and the needs of the district. The district shall thereupon issue, in a manner
9 approved by the board, a request for architectural design proposals incorporating those
10 criteria.”

1 Chapter 277, Statutes of 1996, Section 2, added²⁷⁴ Education Code Section
12 17058 to state that “the cost of any project funded under this article shall not exceed the
13 maximum cost that would otherwise be allowable for a project funded under this
14 chapter.”

15 ARTICLE 4.1. ALTERNATIVE USE OF APPORTIONMENTS

16 Chapter 277, Statutes of 1996, Section 2, added²⁷⁵ Education Code Section

²⁷⁴ Former Education Code Section 17758, (added by Chapter 1542, Statutes of 1988, Section 2) relating to similar subject matter as Section 17058, was repealed by Chapter 277, Statutes of 1996, Section 6.

²⁷⁵ Former Education Code Section 17759, (added by Chapter 833, Statutes of 1993, Section 1) relating to similar subject matter as Section 17059, was repealed by Chapter 277, Statutes of 1996, Section 6.

1 17059²⁷⁶ to require school districts, in areas where overcrowding in the schools has
2 created a need for new school facilities in neighborhoods where little or no vacant land
3 exists, to acquire property that already has been developed with structures, then
4 demolish these structures and construct classroom space. The reconstruction of
5 existing commercial buildings for school facility purposes is authorized under this
6 chapter. However, no existing commercial building shall be considered for
7 reconstruction for school facility classroom purposes unless it was designed and
8 constructed according to the standards established in the 1976 Uniform Building Code
9 or subsequent editions of that code.

²⁷⁶ Education Code Section 17059, added by Chapter 277, Statutes of 1996,
Section 2:

"The Legislature finds and declares as follows:

(a) In many areas of the state, overcrowding in the schools has created a need for new school facilities in neighborhoods where little or no vacant land exists. School districts are compelled, therefore, to acquire property that already has been developed with structures, then demolish these structures and construct classroom space.

(b) With an estimated statewide need for school facilities within the next five years that exceeds fourteen billion dollars (\$14,000,000,000), neither state nor local funds reasonably can be anticipated to meet this need.

(c) In many of the areas having overcrowded schools, a significant supply exists of vacant space in structures meeting current building codes.

(d) Use of this vacant space by schools can be a cost-effective means of providing classroom space for the students of California.

(e) This chapter and Section 4-306 of Part 1 of Title 24 of the California Code of Regulations authorize the reconstruction of existing commercial buildings for school facility purposes.

(f) No existing commercial building shall be considered for reconstruction for school facility classroom purposes unless it was designed and constructed according to the standards established in the 1976 Uniform Building Code or subsequent editions of that code."

1 Chapter 277, Statutes of 1996, Section 2, added²⁷⁷ Education Code Section
2 17059.1 to state that "in a manner that is consistent with this chapter and the California
3 Code of Regulations, a school district that is eligible for an apportionment for project
4 funding for new construction under this chapter may use that apportionment for the
5 acquisition and conversion of an existing commercial building to school facility
6 purposes."

7 Chapter 277, Statutes of 1996, Section 2, added²⁷⁸ Education Code Section
8 17059.2 to provide that "the State Allocation Board in conjunction with the office of the
9 State Architect shall advise all school districts in the state of the existence of the
10 procedure for reconstructing existing commercial buildings for school facility purposes
and shall upon request assist in the interpretation and successful implementation of the
12 pertinent regulations in the California Code of Regulations."

13 ARTICLE 5. JOINT VENTURE SCHOOL FACILITIES CONSTRUCTION
14 PROJECTS

15 Chapter 277, Statutes of 1996, Section 2, added²⁷⁹ Education Code Section

²⁷⁷ Former Education Code Section 17759.1, (added by Chapter 833, Statutes of 1993, Section 1) relating to similar subject matter as Section 17059.1, was repealed by Chapter 277, Statutes of 1996, Section 6.

²⁷⁸ Former Education Code Section 17759.2, (added by Chapter 833, Statutes of 1993, Section 1) relating to similar subject matter as Section 17059.2, was repealed by Chapter 277, Statutes of 1996, Section 6.

²⁷⁹ Former Education Code Section 17760, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17060, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17060²⁸⁰. Subdivision (a) requires that school districts shall, as may be necessary,
2 enter into a joint venture relationship for the purposes of school facilities construction.
3 Notwithstanding any other provision of this chapter, a school district entering into a joint
4 venture relationship does so as an independent entity and not as an agent of the State

²⁸⁰ Education Code Section 17060, added by Chapter 277, Statutes of 1996,
Section 2:

“(a) A school district may enter into a joint venture relationship for the purposes of school facilities construction. Notwithstanding any other provision of this chapter, a school district entering into a joint venture relationship does so as an independent entity and not as an agent of the State Allocation Board.

(b) For the purposes of this article, "joint venture" means a collaborative undertaking by two or more persons or organizations for a specific project or projects, having the legal characteristics of a partnership.

(c) The joint venture relationship may, but is not required to, include any of the following:

(1) Joint use of the property of, or facilities on, the project site.

(2) Ground leases, alternative financing arrangements, or similar financing arrangements.

(3) A construction arrangement in which a school district enters into an agreement with a developer pursuant to which the school district initially stipulates the basic performance and programmatic criteria for the facility and the developer provides input into the design work and building construction services by entering into a contract with a single source team to administer the project in a manner consistent with state law, and construct the project to, under most circumstances, a maximum price.

(d) The price for the portion of the project that is funded by the state shall be established through a bidding process as approved by the State Allocation Board. All subcontract trade groups that are included within the project, shall be determined based upon competitive bidding for each contract group. All subcontracts shall be awarded to the lowest responsible bidder.

(e) The proposed uses of any facilities constructed under the joint venture project shall not be inconsistent with educational purposes and activities.

(f) The cost of any project funded under this article shall not exceed the maximum cost that would otherwise be allowable for a project funded under this chapter.”

1 Allocation Board. Subdivision (b) defines "joint venture" to mean a collaborative
2 undertaking by two or more persons or organizations for a specific project or projects,
3 having the legal characteristics of a partnership. Subdivision (c) provides that the joint
4 venture relationship shall, as may be necessary, include: (1) joint use of the property of,
5 or facilities on, the project site; (2) ground leases, alternative financing arrangements, or
6 similar financing arrangements; or (3) a construction arrangement in which a school
7 district enters into an agreement with a developer pursuant to which the school district
8 initially stipulates the basic performance and programmatic criteria for the facility and
9 the developer provides input into the design work and building construction services by
10 entering into a contract with a single source team to administer the project in a manner
11 consistent with state law, and construct the project to, under most circumstances, a
12 maximum price. Subdivision (d) requires the price for the portion of the project that is
13 funded by the state to be established through a bidding process as approved by the
14 State Allocation Board. All subcontract trade groups that are included within the
15 project, shall be determined based upon competitive bidding for each contract group.
16 All subcontracts shall be awarded to the lowest responsible bidder. Subdivision (e)
17 requires that the proposed uses of any facilities constructed under the joint venture
18 project shall not be inconsistent with educational purposes and activities. Subdivision
19 (f) requires that the cost of any project funded under this article shall not exceed the
20 maximum cost that would otherwise be allowable for a project funded under this
21 chapter.

1 Chapter 277, Statutes of 1996, Section 2, added²⁸¹ Education Code Section
2 17061²⁸². Subdivision (a) requires that a school district shall, as may be necessary,

²⁸¹ Former Education Code Section 17761, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17061, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁸² Education Code Section 17061, added by Chapter 277, Statutes of 1996, Section 2:

“(a) A school district may apply to the State Allocation Board for funding for the costs of property acquisition and the cost of construction, as specified in this chapter, of the school facilities portion of a joint venture project. The school district shall publicly solicit proposals for the joint venture project pursuant to the procedures set forth in this section and Sections 17062, 17521, 17522, and 17523.

(b) Upon review of the application for funding, the State Allocation Board shall establish the maximum allowances for construction of the school facilities portion of the joint venture project. For the purpose of calculating allowances pursuant to Article 3 (commencing with Section 17040), the State Allocation Board shall use the information used to determine the allowances for the school district at the time the district received approval of funds under this chapter to acquire property on which the school facilities will be constructed, or at the time an application is made pursuant to subdivision (a), whichever is earlier.

(c) The State Allocation Board may approve, in whole or in part, an application submitted by a school district pursuant to this section in an amount the State Allocation Board may deem appropriate, not to exceed the amount applied for, subject to final approval of the joint venture agreement pursuant to Section 17063.

(d) For purposes of this section, and the process referred to in subdivision (a), a school district joint venture request for proposals shall include, but not necessarily be limited to, all of the following:

(1) A specific description of the school buildings or land, or both, to be constructed or utilized under the joint venture and a description of how the costs of the project have been determined.

(2) The identification of the current educational uses of the school buildings or land, or both, and of the educational uses proposed under the joint venture.

(3) The identification of the current noneducational uses of the proposed school buildings or land, or both, and of the noneducational uses proposed under the joint venture, and a specific assessment of the compatibility of those uses with any applicable general or specific governmental land use plan and with

1 apply to the board for funding for the costs of property acquisition and the cost of
2 construction, as specified in this chapter, of the school facilities portion of a joint venture
3 project. The school district shall publicly solicit proposals for the joint venture project
4 pursuant to the procedures set forth in this section and Sections 17062, 17521
5 (providing that for the purposes of receiving proposals for the joint occupancy of a
6 building to be constructed on school property, the board shall adopt a resolution
7 describing the proposed site in a manner so as to identify the site, specifying the
8 intended use of that portion of the building that is to be occupied by the school district,
9 and fixing a time not less than 90 days thereafter for a meeting at which the board shall
10 receive and consider all plans or proposals submitted), 17522 (providing that notice of
11 adoption of the resolution shall be published at least once a week for three weeks in a
12 newspaper of general circulation), and 17523 (providing that the board shall meet at the
13 time and place fixed by the resolution to consider the plans and proposals).
14 Subdivision (b) requires that the maximum allowances for construction of the school
15 facilities portion of the joint venture project shall be established upon the board's review
16 of the application for funding. For the purpose of calculating allowances pursuant to

applicable zoning restrictions.

(4) A description of the prospective economic benefits to be derived by the school district from the joint venture.

(5) A description of the prospective educational benefits to be derived by the school district from the joint venture.

(6) A request that each request for proposal response include a comprehensive description of the joint venture, including, but not limited to, a description of the intended means of financing the joint venture."

1 Article 3 "Allowances" (commencing with Section 17040), the board shall use the
2 information used to determine the allowances for the school district at the time the
3 district received approval of funds under this chapter to acquire property on which the
4 school facilities will be constructed, or at the time an application is made pursuant to
5 subdivision (a), whichever is earlier. Subdivision (c) requires the board to approve, in
6 whole or in part, an application submitted by a school district pursuant to this section in
7 an amount the board may deem appropriate, not to exceed the amount applied for,
8 subject to final approval of the joint venture agreement pursuant to Section 17063.

9 Subdivision (d) provides that for purposes of this section, and the process referred to in
10 subdivision (a), a school district joint venture request for proposals shall include at least
11 the following:

12 (1) A specific description of the school buildings or land, or both, to be
13 constructed or utilized under the joint venture and a description of how the costs
14 of the project have been determined;

15 (2) The identification of the current educational uses of the school buildings or
16 land, or both, and of the educational uses proposed under the joint venture;

17 (3) The identification of the current noneducational uses of the proposed school
18 buildings or land, or both, and of the noneducational uses proposed under the
19 joint venture, and a specific assessment of the compatibility of those uses with
20 any applicable general or specific governmental land use plan and with
21 applicable zoning restrictions;

1 (4) A description of the prospective economic benefits to be derived by the
2 school district from the joint venture;

3 (5) A description of the prospective educational benefits to be derived by the
4 school district from the joint venture; and

5 (6) A request that each request for proposal response include a comprehensive
6 description of the joint venture, including, but not limited to, a description of the
7 intended means of financing the joint venture.

8 Chapter 277, Statutes of 1996, Section 2, added²⁸³ Education Code Section
9 17062²⁸⁴. Subdivision (a) provides that notwithstanding any other law, upon approval of

²⁸³ Former Education Code Section 17762, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17062, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁸⁴ Education Code Section 17062, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Notwithstanding Sections 20111 and 20118.4 of the Public Contract Code, or any other law, upon approval of funding pursuant to Section 17061, a school district may utilize a request for qualifications and proposal process described in subdivision (a) of Section 17061 to select and enter into a joint venture agreement with a developer to construct school facilities. The agreement may utilize Section 17406.

(b) The joint venture agreement shall include, but not be limited to, all of the following terms:

(1) The cost of the project approved by the State Allocation Board pursuant to Section 17061 as the amount that the district will pay to the developer pursuant to the joint venture agreement upon completion of the project, if applicable.

(2) A detailed description of the project, including, but not limited to, the school facilities and any other facilities that may be included in the project and any other information necessary to meet the requirements of this chapter.

(3) The timeframe for completion of the project.

(4) A requirement that there shall be no state liability if funds are not made

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 funding pursuant to Section 17061, a school district shall, as may be necessary, utilize
2 a request for qualifications and proposal process described in subdivision (a) of Section
3 17061 to select and enter into a joint venture agreement with a developer to construct
4 school facilities. The agreement may utilize Section 17406 (allowing the governing
5 board of a school district, without advertizing for bids, to let, for a minimum rental of one
6 dollar (\$1) a year, to any person, firm, or corporation any real property that belongs to
7 the district if the lease requires the lessee therein to construct on the demised
8 premises, or provide for the construction thereon of, a building or buildings for the use
9 by the school district during the term thereof, and provides that title to that building shall
10 vest in the school district at the expiration of that term). Subdivision (b) requires the
11 joint venture agreement to include, at the least, all of the following terms:

12 (1) The cost of the project approved by the board pursuant to Section 17061 as

available within the four-year period specified in subdivision (a) of Section 17063.

(c) The joint venture agreement may also include a requirement that if the actual cost of constructing the school facility project designated in the agreement exceeds the amount set forth in that agreement, the developer shall be responsible for the additional expense.

(d) The lien placed on a schoolsite pursuant to this chapter shall only attach to that portion of the project for which state funds are actually expended. In addition, the lien shall expressly recognize any subordinate property interest created by the joint venture, and the state lien shall not be foreclosed or otherwise used to terminate the property interest, or any subordinate financing liens incidental thereto, created by the joint venture. The document creating that lien on a schoolsite shall be written in a manner to clearly prohibit assumption of any state liability resulting from the lien.

(e) Notwithstanding subdivision (d), the nondisturbance of subordinate property interests permitted in subdivision (d) shall not permit the foreclosure or other private taking of actual school facilities or property paid for with state funds in a manner that would restrict, terminate, or impair the school facilities portion of the joint venture or the school district's use thereof."

1 the amount that the district will pay to the developer pursuant to the joint venture
2 agreement upon completion of the project, if applicable;

3 (2) A detailed description of the project, including, but not limited to, the school
4 facilities and any other facilities that may be included in the project and any other
5 information necessary to meet the requirements of this chapter;

6 (3) The time frame for completion of the project; and

7 (4) A requirement that there shall be no state liability if funds are not made
8 available within the four-year period specified in subdivision (a) of Section 17063.

9 Subdivision (c) requires that the joint venture agreement shall, as may be necessary,
10 also include a requirement that if the actual cost of constructing the school facility
11 project designated in the agreement exceeds the amount set forth in that agreement,
12 the developer shall be responsible for the additional expense. Subdivision (d) provides
13 that the lien placed on a schoolsite pursuant to this chapter shall only attach to that
14 portion of the project for which state funds are actually expended. In addition, the lien
15 shall expressly recognize any subordinate property interest created by the joint venture,
16 and the state lien shall not be foreclosed or otherwise used to terminate the property
17 interest, or any subordinate financing liens incidental thereto, created by the joint
18 venture. The document creating that lien on a schoolsite shall be written in a manner to
19 clearly prohibit assumption of any state liability resulting from the lien. Subdivision (e)
20 provides that notwithstanding subdivision (d), the nondisturbance of subordinate
21 property interests permitted in subdivision (d) shall not permit the foreclosure or other

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 private taking of actual school facilities or property paid for with state funds in a manner
2 that would restrict, terminate, or impair the school facilities portion of the joint venture or
3 the school district's use thereof.

4 Chapter 277, Statutes of 1996, Section 2, added²⁸⁵ Education Code Section
5 17063 to provide that "upon completion of the joint venture agreement pursuant to
6 Section 17062, the school district shall transmit the agreement to the State Allocation
7 Board for final review to determine whether the agreement is consistent with the project
8 approval pursuant to Section 17061. The State Allocation Board shall act to approve or
9 disapprove the complete agreement within 60 days following submission of the
10 complete proposal to the State Allocation Board. The approval or disapproval relates to
11 only the decision by the State Allocation Board to fund the school portion of the joint
12 venture project and is not to be construed as an approval or disapproval of the terms
13 and conditions of the joint venture agreement nor as authority for the school district to
14 act as the agent of the State Allocation Board. The State Allocation Board is not made
15 a party to the joint venture agreement and shall not incur liability under the joint venture
16 agreement through its approval or disapproval of the agreement. The joint venture shall
17 indemnify and hold harmless the State Allocation Board and its officers, agents, and
18 employees from any loss or liability, including reasonable attorneys fees and costs,
19 caused by the joint venture arising out of, or in relation to, any contract entered into by

²⁸⁵ Former Education Code Section 17763, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17063, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 the joint venture in furtherance of the joint venture project. The date of approval by the
2 State Allocation Board of the project shall be the date of funding eligibility for the
3 project. The apportionment of funds for the eligible project shall be made at any point
4 up to four years following the date of funding eligibility subject to the availability of funds
5 for this purpose. If the state funds are not available within that four-year period, the
6 school district may at its option remain in the funding cycle, subject to other provisions
7 of this chapter, until the school district receives all of the funds it is eligible to receive
8 pursuant to this article as of the date of funding eligibility. The district's eligibility for
9 reimbursement of authorized costs and the district's position in the processing schedule
10 for the reimbursement shall be established as the date of project approval by the State
11 Allocation Board. The exact amount of the reimbursement shall be determined at the
12 conclusion of the project and shall be based upon the actual subcontract trade bids and
13 other costs allowable pursuant to Section 17019.3.”

14 Chapter 277, Statutes of 1996, Section 2, added²⁸⁶ Education Code Section
15 17064 to provide that “the selection of any design professional pursuant to this article
16 shall be made in accordance with Chapter 10 (commencing with Section 4525) of
17 Division 5 of Title 1 of the Government Code.”

²⁸⁶ Former Education Code Section 17764, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17064, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added²⁸⁷ Education Code Section
2 17065 to provide that “the design and construction of school facilities pursuant to this
3 article shall comply with Article 3 (commencing with Section 17280) of Chapter 2 of Part
4 10.5.”

5 Chapter 277, Statutes of 1996, Section 2, added²⁸⁸ Education Code Section
6 17066 to provide that “this article does not affect any requirement of a school district to
7 comply with the prevailing wage requirements of Article 2 (commencing with Section
8 1770) of Chapter 2 of Part 7 of Division 2 of the Labor Code with respect to the school
9 facilities portion of a joint venture project under this article.”

10 CHAPTER 12.5. LEROY F. GREENE SCHOOL FACILITIES ACT OF 1998

11 ARTICLE 1. GENERAL PROVISIONS

12 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
13 17070.10 to provide that “this chapter shall be known, and may be cited, as the Leroy
14 F. Greene School Facilities Act of 1998.”

15 Chapter 33, Statutes of 2002, Section 1, amended Education Code Section

²⁸⁷ Former Education Code Section 17765, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17065, was repealed by Chapter 277, Statutes of 1996, Section 1.

²⁸⁸ Former Education Code Section 17766, (added by Chapter 956, Statutes of 1995, Section 1) relating to similar subject matter as Section 17066, was repealed by Chapter 277, Statutes of 1996, Section 1.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 17070.15²⁸⁹ to define the following terms: (a) "apportionment;" (b) "attendance area;" (c)
2 "board;" (d) "department;" (e) "committee;" (f) "modernization;" (g) "property;" (h)

²⁸⁹ Education Code Section 17070.15, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 1:

"The following terms, wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Apportionment" means a reservation of funds for the purpose of eligible new construction, modernization, or hardship approved by the board for an applicant school district.

(b) "Attendance area" means the geographical area serving an existing high school and those junior high schools and elementary schools included therein.

(c) "Board" means the State Allocation Board as established by Section 15490 of the Government Code.

(d) "Department" means the Department of General Services.

(e) "Committee" means the State School Building Finance Committee established pursuant to Section 15909.

(f) "Modernization" means any modification of a permanent structure that is at least 25 years old, or in the case of a portable classroom, that is at least 20 years old, that will enhance the ability of the structure to achieve educational purposes.

(g) "Property" includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(h) "School district" means a school district or a county office of education. For purposes of determining eligibility under this chapter, "school district" may also mean a high school attendance area.

(i) "Fund" means the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, or the 2004 State School Facilities Fund, as the case may be, established pursuant to Section 17070.40.

(j) "County fund" means a county school facilities fund established pursuant to Section 17070.43.

(k) "Portable classroom" means a classroom building of one or more stories that is designed and constructed to be relocatable and transportable over public streets, and with respect to a single story portable classroom, is designed and constructed for relocation without the separation of the roof or floor from the building and when measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.

(l) "School building capacity" means the capacity of a school building to house pupils."

1 "school district;" (i) "fund;" (j) "county fund;" (k) "portable classroom;" and (l) "school
2 building capacity."

3 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
4 17070.33²⁹⁰. Subdivision (a) requires the board to adopt guidelines for use by districts
5 by June 30, 1999, to achieve measurable reductions in the costs of school facilities
6 construction. Subdivision (b) requires that the guidelines include, but need not be
7 limited to, all of the following:

- 8 (1) Mechanisms designed to reduce the costs of professional fees;
9 (2) Mechanisms designed to reduce the costs of site preparation;

²⁹⁰ Education Code Section 17070.33, added by Chapter 407, Statutes of 1998,
Section 4:

"(a) The board shall adopt guidelines for use by districts by June 30, 1999, to
achieve measurable reductions in the costs of school facilities construction.

(b) The guidelines shall include, but need not be limited to, all of the following:

- (1) Mechanisms designed to reduce the costs of professional fees.
- (2) Mechanisms designed to reduce the costs of site preparation.
- (3) Recommendations for the use of alternate cost-saving construction
materials and methods.
- (4) Recommendations regarding the joint use of core facilities.
- (5) Mechanisms designed to reduce costs by incorporating efficiencies in
schoolsite design.
- (6) Recommendations regarding the use of cost-effective, efficient
reusable facility plans.

(c) If a school district's matching funds include fees charged pursuant to Section
17620 or pursuant to Section 65995.5 or 65995.7 of the Government Code, or if a
district receives funds pursuant to this chapter, the district shall consider the guidelines
developed pursuant to this section as fully as is practicable.

(d) When the board adopts the guidelines, it shall not include any
recommendation that would have a significant detrimental effect on educational
programs."

- 1 (3) Recommendations for the use of alternate cost-saving construction materials
2 and methods;
- 3 (4) Recommendations regarding the joint use of core facilities;
- 4 (5) Mechanisms designed to reduce costs by incorporating efficiencies in school
5 site design; and
- 6 (6) Recommendations regarding the use of cost-effective, efficient reusable
7 facility plans.

8 Subdivision (c) requires the district to consider the guidelines developed pursuant to
9 this section as fully as is practicable if a school district's matching funds include funds
10 pursuant to this chapter, fees charged pursuant to Section 17620 or pursuant to Section
11 65995.5 or 65995.7 of the Government Code. Subdivision (d) requires that adoption of
12 these guidelines exclude any recommendation that would have a significant detrimental
13 effect on educational programs.

14 Chapter 33, Statutes of 2002, Section 3, amended Education Code Section
15 17070.40²⁹¹ to create the 1998 State School Facilities Fund, 2002 State School

²⁹¹ Education Code Section 17070.40, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 3:

“(a)(1) A fund is hereby established in the State Treasury to be known as the 1998 State School Facilities Fund. All money in the fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to this chapter.

(2) The State Allocation Board may apportion funds to school districts for the purposes of this chapter from funds transferred to the 1998 State School Facilities Fund from any source.

(3) The board may make apportionments in amounts not exceeding those funds on deposit in the 1998 State School Facilities Fund, and any amount of bonds authorized by the committee, but not yet sold by the Treasurer.

(4) The board may make disbursements pursuant to any apportionment made from any funds in the 1998 State School Facilities Fund, irrespective of whether there exists at the time of the disbursement an amount in the 1998 State School Facilities Fund sufficient to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.

(b)(1) A fund is hereby established in the State Treasury to be known as the 2002 State School Facilities Fund. All money in the fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to this chapter.

(2) The State Allocation Board may apportion funds to school districts for the purposes of this chapter from funds transferred to the 2002 State School Facilities Fund from any source.

(3) The board may make apportionments in amounts not exceeding those funds on deposit in the 2002 State School Facilities Fund, and any amount of bonds authorized by the committee, but not yet sold by the Treasurer.

(4) The board may make disbursements pursuant to any apportionment made from any funds in the 2002 State School Facilities Fund, irrespective of whether there exists at the time of the disbursement an amount in the 2002 State School Facilities Fund sufficient to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.

(c)(1) A fund is hereby established in the State Treasury to be known as the 2004 State School Facilities Fund. All money in the fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to this chapter.

(2) The State Allocation Board may apportion funds to school districts for the purposes of this chapter from funds transferred to the 2004 State School Facilities Fund from any source.

(3) The board may make apportionments in amounts not exceeding those funds on deposit in the 2004 State School Facilities Fund, and any amount of bonds authorized by the committee, but not yet sold by the Treasurer.

(4) The board may make disbursements pursuant to any apportionment made from any funds in the 2004 State School Facilities Fund, irrespective of whether there exists at the time of the disbursement an amount in the 2004 State

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Facilities Fund, and 2004 State School Facilities Fund for apportionment to school
2 districts for the purpose of the Leroy F. Greene School Facilities Act of 1998.

3 Chapter 992, Statutes 1999, Section 1, amended Education Code Section
4 17070.50²⁹² which requires the applicant school district to certify to the board that the
5 services of any architect, structural engineer, or other design professional for any work
6 under the project have been obtained pursuant to a competitive process (consistent
7 with the requirements of Chapter 10 (commencing with Section 4525) of Division 5 of
8 Title 1 of the Government Code). The applicant school district must also obtain the
9 written approval of the State Department of Education that the site selection, and the
10 building plans and specifications, comply with the standards adopted by the department
11 pursuant to subdivisions (b) and (c), respectively, of Section 17251. Their requirements
12 must be met before the board apportions any funds.

School Facilities Fund sufficient to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.”

²⁹² Education Code Section 17070.50, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 992, Statutes of 1999, Section 1:

“The board shall not apportion funds to any school district, unless the applicant school district has certified to the board that the services of any architect, structural engineer, or other design professional for any work under the project have been obtained pursuant to a competitive process that is consistent with the requirements of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and has obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251. “

1 Chapter 33, Statutes of 2002, Section 5, amended Education Code Section
2 17070.51²⁹³. Subdivision (a) requires the Office of Public School Construction to notify

²⁹³ Education Code Section 17070.51, added by Chapter 590, Statutes of 2000, Section 1, as amended by Chapter 33, Statutes of 2002, Section 5:

“(a) If any certified eligibility or funding application related information is found to have been falsely certified by school districts, architects or design professionals, hereinafter referred to as a material inaccuracy, the Office of Public School Construction shall notify the board.

(b) The board shall impose the following penalties if an apportionment and fund release has been made based upon information in the project application or related materials that constitutes a material inaccuracy.

(1) Pursuant to a repayment schedule approved by the board of no more than five years, the school district shall repay to the board, for deposit into the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, or the 2004 State School Facilities Fund, as the case may be, an amount proportionate to the additional funding received as a result of the material inaccuracy including interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater.

(2) The board shall prohibit the school district from self-certifying certain project information for any subsequent applications for project funding for a period of up to five years following the date of the finding of a material inaccuracy or until the district's repayment of the entire amount owed under paragraph (1). Although a school district that is subject to this paragraph may not self-certify, the school district shall not be prohibited from applying for state funding under this chapter. The board shall establish an alternative method for state or independent certification of compliance that shall be applicable in these cases. The process shall include, but shall not be limited to, procedures for payment by the school district of any increased costs associated with the alternative certification process.

(c) For school districts found to have provided material inaccuracies when a funding apportionment has occurred, but no fund release has been made, the board shall direct its staff to reduce the apportionment as necessary to reflect the actual nature of the project and to disregard the inaccurate information or material, and paragraph (2) of subdivision (b) shall apply.

(d) For those school districts found to have provided material inaccuracies when

1 the board if any school districts, architects or design professionals falsely certified
2 eligibility or funding application related information. These false certifications shall be
3 referenced as a material inaccuracy. Subdivision (b) requires the imposition of the
4 following penalties if an apportionment and fund release has been made based upon
5 information in the project application or related materials that constitutes a material
6 inaccuracy:

7 (1) The school district shall repay to the board, pursuant to a repayment
8 schedule of no more than 5 years, by depositing into the 1998 State School
9 Facilities Fund, the 2002 State School Facilities Fund, or the 2004 State School
10 Facilities Fund, as the case may be, an amount proportionate to the additional
11 funding received as a result of the material inaccuracy. This repayment figure
12 shall include interest at the rate paid on moneys in the Pooled Money Investment
13 Account or at the highest rate of interest for the most recent issue of state
14 general obligation bonds, whichever is greater; and

15 (2) The school district shall be prohibited from self-certifying certain project
16 information for any subsequent applications for project funding for a period of up
17 to five years following the date of the finding of a material inaccuracy or until the
18 district's repayment of the entire amount owed under paragraph (1). Although a
19 school district that is subject to this paragraph may not self-certify, the school

no funding apportionment or fund release has been made, the inaccurate information or materials shall not be considered, and paragraph (2) of subdivision (b) shall apply. The project may continue if the application, minus the inaccurate materials, is still complete.

1 district is not prohibited from applying for state funding under this chapter. An
2 alternative method for state or independent certification of compliance applicable
3 in these cases shall be established, including procedures for payment by the
4 school district of any increased costs associated with the alternative certification
5 process.

6 Subdivision (c) requires a reduction in apportionment as necessary to reflect the actual
7 nature of the project when a school district is found to have provided material
8 inaccuracies and a funding apportionment has occurred, but no fund release has been
9 made. The reduction shall reflect the actual nature of the project and disregard the
10 inaccurate information or material. Paragraph (2) of subdivision (b) shall be applicable.

11 Subdivision (d) provides that for those school districts found to have provided material
12 inaccuracies when no funding apportionment or fund release has been made, the
13 inaccurate information or materials shall not be considered, and paragraph (2) of
14 subdivision (b) shall apply. The project may continue if the application, minus the
15 inaccurate materials, is still complete.

16 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
17 17070.55 which requires that "upon request of any school district, the State Department
18 of Education shall provide assistance in the evaluation and utilization of existing school
19 facilities and the justification of the need for schoolsites, new facilities, and the
20 rehabilitation or replacement of existing facilities, in accordance with board regulations."

21 Chapter 407, Statutes of 1998, Section 4, added Education Code Section

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 17070.60 to provide that "funding decisions made by the board shall not, in themselves,
2 make the board liable for any tort, breach of contract, or any other action for damages
3 caused by a school district arising from new construction or modernization by the
4 district. These contracts include, but are not limited to, contracts between the school
5 district and its construction contractors, construction managers, architects, or
6 engineers. The school district shall be liable for all torts, breaches of contract, or any
7 other actions for damages caused by the school district."

8 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
9 17070.63. Subdivision (a) requires that "the total funding provided under this chapter
10 shall constitute the state's full and final contribution to the project and for eligibility for
11 state facilities funding represented by the number of unhoused pupils for which the
12 school district is receiving the state grant. As a condition of receipt of funds, a school
13 district shall certify that the grant amount, combined with local funds, shall be sufficient
14 to complete the school construction project for which the grant is intended." Subdivision
15 (b) requires that "any funds provided to a school district under any article in this chapter
16 may not be counted towards the local match for receipt of funds under any other article
17 in this chapter." Subdivision (c) requires that "any savings achieved by the district's
18 efficient and prudent expenditure of these funds shall be retained by the district in the
19 county fund for expenditure by the district for other high priority capital outlay purposes."

20 Chapter 33, Statutes of 2002, Section 7, amended Education Code Section

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 17070.70²⁹⁴. Subdivision (a) requires that any school district to which the board has
2 granted funds shall hold title, including, but not limited to, any leasehold interest as set
3 forth in subdivision (c), to all property acquired, constructed, or improved with those
4 funds. Title, as defined solely for the purpose of a school district' s eligibility to receive
5 funds from the board pursuant to this chapter shall include an order for prejudgment
6 possession issued by a court in an eminent domain proceeding. Subdivision (b)
7 requires the applicant school district to comply with all laws pertaining to the
8 construction, reconstruction, or alteration of, or addition to, school buildings.
9 Subdivision (c) requires that notwithstanding Section 17009.5 (providing that except as
10 set forth in Section 17052 (funding provided for joint-use projects to construct libraries,
11 multipurpose rooms, and gymnasiums), on or after November 4, 1998, the board shall
12 only approve and fund school facilities construction projects pursuant to this chapter

²⁹⁴ Education Code Section 17070.70, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 7:

“(a) Title, including, but not limited to, any leasehold interest as set forth in subdivision (c), to all property acquired, constructed, or improved with funds made available under this chapter shall be held by the school district to which the board grants the funds. Title, as defined solely for the purpose of a school district' s eligibility to receive funds from the board pursuant to this chapter shall include an order for prejudgment possession issued by a court in an eminent domain proceeding.

(b) The applicant school district shall comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to, school buildings.

(c) Notwithstanding Section 17009.5, construction or modernization funds made available pursuant to this chapter may be expended upon property that is leased to the applicant school district only if the project qualified for and received approval by the board, prior to November 4, 1998, pursuant to Article 4 (commencing with Section 17055), of Chapter 12. “

1 "Leroy F. Greene School Facilities Act of 1998"), construction or modernization funds
2 made available pursuant to this chapter shall be expended, as necessary, upon
3 property that is leased to the applicant school district only if the project qualified for and
4 received approval by the board, prior to November 4, 1998, pursuant to Article 4
5 "Space-Saver Schools" (commencing with Section 17055), of Chapter 12 "Leroy F.
6 Greene State School Building Lease-Purchase Law of 1976."

7 Chapter 530, Statutes of 2000, Section 1, added Education Code Section
8 17070.71. Subdivision (a) requires that "notwithstanding subdivision (a) of Section
9 17070.70, new construction or modernization funded pursuant to this chapter may be
10 upon real property leased to the applicant school district if all of the following conditions
11 are met: (1) the property is leased from another governmental entity, and (2) the term
12 of the lease is for at least 40 years after approval of the project under this chapter, or
13 the school district has a lease for at least 25 years on federal property. The board may
14 authorize a lesser term, of not less than 30 years only if the board finds that granting an
15 exception to this requirement would be in the state's best interest." Subdivision (b)
16 requires that "the applicant school district, and the facility on leased land, if any, shall
17 comply with all laws pertaining to the construction, reconstruction, or alteration of, or
18 addition to, schoolsites and school buildings." Subdivision (c) provides that "lease costs
19 are not eligible project or site acquisition costs under this chapter."

20 Chapter 734, Statutes of 2001, Section 10, amended Education Code Section

1 17070.75²⁹⁵. Subdivision (a) requires the school district to make all necessary repairs,

²⁹⁵ Education Code Section 17070.75, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 734, Statutes of 2001, Section 10:

“(a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and to encourage school districts to maintain all buildings under their control, the board shall require an applicant school district to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, according the highest priority to funding for the purposes set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for 20 years after receipt of funds under this chapter, a minimum amount equal to or greater than 3 percent of the applicant school district's total general fund * * * expenditures, including other financing uses, for that fiscal year. For the 1998-99 fiscal year and the 1999-2000 fiscal year, a school district may phase in this requirement by agreeing to certify the deposit of no less than 2 percent for the 1998-99 fiscal year and no less than 2 1/2 percent for the 1999-2000 fiscal year. Annual deposits to the fund established pursuant to paragraph (1) in excess of 2 1/2 percent of the district general fund budget may count towards the district's matching funds requirement necessary to receive apportionments from the State School Deferred Maintenance Fund pursuant to Section 17584 to the extent that funds are used for purposes that qualify for funding under that section. In addition, any district contribution to this fund may be provided in lieu of meeting the ongoing maintenance requirements pursuant to Section 17014 to the extent the funds are used for purposes established in that section. A school district that serves as the administrative unit for a special education local plan area may elect to exclude from its total general fund expenditures, for purposes of this paragraph, the distribution of revenues that are passed through to participating members of the special education local plan area. This paragraph is applicable only to the following school districts:

(A) High school districts with an average daily attendance greater than 300 pupils.

(B) Elementary school districts with an average daily attendance greater than 900 pupils.

(C) Unified school districts with an average daily attendance

1 renewals, and replacements to ensure that a project is at all times kept in good repair,
2 working order, and condition. All costs incurred for this purpose shall be borne by the
3 school district. Subdivision (b) requires an applicant school district, in order to ensure
4 compliance with subdivision (a) and to encourage maintenance of all buildings under
5 their control, to do all of the following prior to the board approval of a project:

6 (1) Establish a restricted account within the school district's general fund for the
7 exclusive purpose of providing moneys for ongoing and major maintenance of
8 school buildings, according the highest priority to funding for the purposes set
9 forth in subdivision (a); and

10 (2) Agree to deposit into the restricted account, in each fiscal year for 20 years
1 after receipt of funds under this chapter, a minimum amount equal to or greater
12 than 3 percent of the applicant school district's total general fund expenditures,

greater than 1,200 pupils.

(3) Certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited, or to be deposited, pursuant to paragraph (2). The plan may provide that the district need not expend all of its annual allocation for ongoing and major maintenance in the year in which it is deposited if the cost of major maintenance requires that the allocation be carried over into another fiscal year. However, any state funds carried over into a subsequent year shall not be counted toward the annual minimum contribution by the district. A plan developed in compliance with this section shall be deemed to meet the requirements of Section 17585.

(c) A district to which paragraph (2) of subdivision (b) does not apply shall certify to the board that it can reasonably maintain its facilities with a lesser level of maintenance.

(d) For the purposes of calculating a county office of education requirement pursuant to this section, the 3 percent maintenance requirement shall be calculated based upon the county office of education general fund less any restricted accounts."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 including other financing uses, for that fiscal year. For the 1998-99 fiscal year
2 and the 1999-2000 fiscal year, a school district may phase in this requirement by
3 agreeing to certify the deposit of no less than 2 percent for the 1998-99 fiscal
4 year and no less than 2 ½ percent for the 1999-2000 fiscal year. Annual deposits
5 to the fund established pursuant to paragraph (1) in excess of 2 ½ percent of the
6 district general fund budget may count towards the district's matching funds
7 requirement necessary to receive apportionments from the State School
8 Deferred Maintenance Fund to the extent that funds are used for purposes that
9 qualify for funding under that section. In addition, any district contribution to this
10 fund may be provided in lieu of meeting the ongoing maintenance requirements
11 pursuant to Section 17014 to the extent the funds are used for purposes
12 established in that section. A school district that serves as the administrative unit
13 for a special education local plan area shall elect, as necessary, to exclude from
14 its total general fund expenditures, for purposes of this paragraph, the
15 distribution of revenues that are passed through to participating members of the
16 special education local plan area. This paragraph is applicable only to the
17 following school districts:

18 (A) High school districts with an average daily attendance greater than
19 300 pupils,

20 (B) Elementary school districts with an average daily attendance greater
21 than 900 pupils, and

1 (C) Unified school districts with an average daily attendance greater than
2 1,200 pupils; and

3 (3) Certify that it has publicly approved an ongoing and major maintenance plan
4 that outlines the use of the funds deposited, or to be deposited, pursuant to
5 paragraph (2). The plan shall provide, as may be necessary, that the district
6 need not expend all of its annual allocation for ongoing and major maintenance
7 in the year in which it is deposited if the cost of major maintenance requires that
8 the allocation be carried over into another fiscal year. However, any state funds
9 carried over into a subsequent year shall not be counted toward the annual
10 minimum contribution by the district. A plan developed in compliance with this
11 section shall be deemed to meet the requirements of Section 17585.

12 Subdivision (c) requires that a district to which paragraph (2) of subdivision (b) does not
13 apply must certify to the board that it can reasonably maintain its facilities with a lesser
14 level of maintenance. Subdivision (d) states that for the purposes of calculating a
15 county office of education requirement pursuant to this section, the 3 percent
16 maintenance requirement shall be calculated based upon the county office of education
17 general fund less any restricted accounts.

18 Chapter 194, Statutes of 2001, Section 1, added Education Code Section
19 17070.77²⁹⁶. Subdivision (a) requires that for each project funded after January 1,

²⁹⁶ Education Code Section 17070.77, added by Chapter 194, Statutes of 2001,
Section 1:

1 2002, the applicant school district governing board must certify, as part of the school
2 district's annual budget process and beginning in the fiscal year in which the project is
3 funded by the state, that it is in compliance with the plan adopted pursuant to paragraph
4 (3) of subdivision (b) of Section 17070.75 for completing major maintenance
5 requirements for the project. Subdivision (b) defines the term "major maintenance" to
6 mean all actions necessary to keep roofing, siding, painting, floor and window

"(a) For each project funded after January 1, 2002, the board shall require the applicant school district governing board to certify, as part of the school district's annual budget process and beginning in the fiscal year in which the project is funded by the state, that it is in compliance with the plan adopted pursuant to paragraph (3) of subdivision (b) of Section 17070.75 for completing major maintenance requirements for the project.

(b) For purposes of this chapter, the term "major maintenance" means all actions necessary to keep roofing, siding, painting, floor and window coverings, fixtures, cabinets, heating and cooling systems, landscaping, fences, and other items designated by the governing board of the school district in good repair.

(c) The board shall require the school district's governing board to certify that the plan includes and is being implemented with all of the following components:

- (1) Identification of the major maintenance needs for the project.
- (2) Specification of a schedule for completing the major maintenance.
- (3) Specification of a current cost estimate for the scheduled major

maintenance needs.

(4) Specification of the school district's schedule for funding a reserve to pay for the scheduled major maintenance needs.

(5) Review of the plan annually, as a part of the school district's annual budget process, and update, as needed, the major maintenance needs, the estimates of expected costs, and any adjustments in funding the reserve.

(6) Availability for public inspection of the original plan, and all updated versions of the plan, at the office of the superintendent of the school district during the working hours of the school district.

(7) Provision in the school district's annual budget for the reserve that contains the total funding available for scheduled major maintenance needs as specified in the updated plan, and an explanation if this amount of the reserve is less than that specified in the updated plan."

1 coverings, fixtures, cabinets, heating and cooling systems, landscaping, fences, and
2 other items designated by the governing board of the school district in good repair.

3 Subdivision (c) requires the school district's governing board to certify that the plan
4 includes and is being implemented with all of the following components:

5 (1) Identification of the major maintenance needs for the project;

6 (2) Specification of a schedule for completing the major maintenance;

7 (3) Specification of a current cost estimate for the scheduled major maintenance
8 needs;

9 (4) Specification of the school district's schedule for funding a reserve to pay for
10 the scheduled major maintenance needs;

11 (5) Review of the plan annually, as a part of the school district's annual budget
12 process, and update, as needed, the major maintenance needs, the estimates of
13 expected costs, and any adjustments in funding the reserve;

14 (6) Availability for public inspection of the original plan, and all updated versions
15 of the plan, at the office of the superintendent of the school district during the
16 working hours of the school district; and

17 (7) A provision in the school district's annual budget for the reserve that contains
18 the total funding available for scheduled major maintenance needs as specified
19 in the updated plan, and an explanation if this amount of the reserve is less than
20 that specified in the updated plan.

21 Chapter 407, Statutes of 1998, Section 4, added Education Code Section

1 17070.80²⁹⁷. Subdivision (a) requires that all school facilities purchased or newly

²⁹⁷ Education Code Section 17070.80, added by Chapter 407, Statutes of 1998, Section 4:

“(a) All school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, as defined in Section 56026, shall be designed and located on the schoolsite so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both.

(b) The governing board of each applicant school district and the county office of education shall ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities.

(c) The State Allocation Board, after consultation with the State Department of Education and representatives from county offices of education, special education services regions, and school districts, shall develop and adopt any regulations necessary to implement this section.

(d) Notwithstanding any other provision of law, the requirement set forth in subdivision (a) may be waived, by the Superintendent of Public Instruction, only upon compliance with the following procedure:

(1) The applicant school district or county superintendent of schools shall file a written request for waiver that documents the reasons for its inability to comply with the requirement.

(2) The State Department of Education shall verify the reasons set forth pursuant to paragraph (1), including the documentation submitted, which verification shall be completed no later than 30 days after the filing of the request for waiver with the Superintendent of Public Instruction.

(3) The Advisory Commission on Special Education, as established under Section 33590, at its first scheduled meeting following the verification conducted pursuant to paragraph (2), shall review the request for waiver, accompanying documentation, and the verification findings of the State Department of Education. No later than 15 days following the date of that meeting, the commission shall submit its written comments and recommendations regarding the request for waiver to the Superintendent of Public Instruction.

(4) The Superintendent of Public Instruction shall review the comments and recommendations submitted by the Advisory Commission on Special Education prior to approving or rejecting the request for waiver.

(5) Any request for waiver, submitted in accordance with this section, that is not rejected within 60 days of its receipt by the State Department of Education, shall be deemed approved.”

1 constructed pursuant to this chapter for use, in whole or in part, by pupils who are
2 individuals with exceptional needs, shall be designed and located on the schoolsite so
3 as to maximize interaction between those individuals with exceptional needs and other
4 pupils as appropriate to the needs of both. Subdivision (b) requires the governing
5 board of each applicant school district and the county office of education to ensure that
6 school facilities for pupils who are individuals with exceptional needs are integrated with
7 other school facilities. Subdivision (c) provides that the board, in consultation with the
8 State Department of Education and representatives from county offices of education,
9 special education services regions, and school districts, shall develop and adopt any
10 regulations necessary to implement this section. Subdivision (d) provides that
11 notwithstanding any other provision of law, the requirement set forth in subdivision (a)
12 shall be waived as necessary, by the Superintendent of Public Instruction, only upon
13 compliance with the following procedure:

14 (1) The applicant school district or county superintendent of schools shall file a
15 written request for waiver that documents the reasons for its inability to comply
16 with the requirement;

17 (2) The State Department of Education shall verify the reasons set forth pursuant
18 to paragraph (1), including the documentation submitted, which verification shall
19 be completed no later than 30 days after the filing of the request for waiver with
20 the Superintendent of Public Instruction;

21 (3) The Advisory Commission on Special Education, at its first scheduled

1 meeting following the verification conducted pursuant to paragraph (2), shall
2 review the request for waiver, accompanying documentation, and the verification
3 findings of the State Department of Education. No later than 15 days following
4 the date of that meeting, the commission shall submit its written comments and
5 recommendations regarding the request for waiver to the Superintendent of
6 Public Instruction;

7 (4) The Superintendent of Public Instruction shall review the comments and
8 recommendations submitted by the Advisory Commission on Special Education
9 prior to approving or rejecting the request for waiver;

10 (5) Any request for waiver, submitted in accordance with this section, that is not
11 rejected within 60 days of its receipt by the State Department of Education, shall
12 be deemed approved.

13 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
14 17070.90 to require that "as a part of its application, a school district shall certify that it
15 has considered the feasibility of the joint use of land and facilities with other
16 governmental entities in order to minimize school facilities costs. Funds provided
17 pursuant to this chapter for growth and modernization may be used for the school
18 portion of joint-use facilities."

19 Chapter 33, Statutes of 2002, Section 8, added Education Code Section
20 17070.95 which requires "as a part of its application for large construction and
21 modernization projects, a school district shall certify, in consultation with the career

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 technical education advisory committee established pursuant to Section 8070 [providing
2 that the governing board of each school district participating in a career technical
3 education program shall appoint a career technical education advisory committee to
4 develop recommendations on the program and to provide liaison between the district
5 and potential employers], that it has considered the need for vocational and career
6 technical facilities to adequately meet its program needs consistent with Section 51224
7 [providing that the governing board of any school district maintaining a high school shall
8 prescribe courses of study designed to provide the skills and knowledge required for
9 adult life of pupils attending the schools within the district], subdivision (b) of Section
10 51225.3 [providing that the governing board, with the active involvement of parents,
11 administrators, teachers, and pupils, shall adopt alternative means for pupils to
12 complete the prescribed course of study to meet graduation requirements] , and
13 Section 52336.1 [providing that any pupil who has successfully completed his or her
14 education through grade 10, with written consent, may choose to follow either a
15 traditional college preparatory curriculum or a career preparatory program]. The board
16 shall adopt regulations necessary for administration of this section.”

17 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
18 17070.97 to “require the school district to insure against public liability or property
19 damage in connection with any facility constructed or modernized with an
20 apportionment under this chapter.”

21 Chapter 407, Statutes of 1998, Section 4, added Education Code Section

1 17070.98 to provide that "a school district that does not have employees who possess
2 adequate construction management experience may contract for the provision of
3 construction management, and may use funds provided pursuant to Article 4 "New
4 Construction Grant Eligibility Determination" (commencing with Section 17072.10),
5 Article 5 "New Construction Funding Process" (commencing with Section 17072.20),
6 and Article 7 "Modernization Apportionment" (commencing with Section 17074.10) for
7 the cost of those services as expressly authorized by Section 17072.35 and Section
8 17074.25."

9 ARTICLE 2. EXISTING SCHOOL BUILDING CAPACITY

10 Chapter 858, Statutes of 1999, Section 6, amended Education Code Section
11 17071.10²⁹⁸. Subdivision (a) requires the calculation determined by this article be made
12 on a one-time basis, and used as the baseline for eligibility determinations pursuant to
13 this chapter. Subdivision (b) requires each school district that elects to participate in the
14 new construction program pursuant to this chapter to submit to the board a one-time

²⁹⁸ Education Code Section 17071.10, added by Chapter 407, Statutes of 1998.
Section 4, as amended by Chapter 858, Statutes of 1999, Section 6:

"(a) The calculation determined by this article shall be made on a one-time basis,
and will be used as the baseline for eligibility determinations pursuant to this chapter.

(b) Each school district that elects to participate in the new construction program
pursuant to this chapter shall submit to the board a one-time report of existing school
building capacity.

(c) Notwithstanding subdivisions (a) and (b), a school district newly formed,
reorganized, or affected by reorganization, pursuant to an election that occurred on or
after November 4, 1998, shall calculate or recalculate its existing school building
capacity pursuant to regulations adopted by the State Allocation Board."

1 report of existing school building capacity. Subdivision (c) requires that notwithstanding
2 subdivisions (a) and (b), a school district newly formed, reorganized, or affected by
3 reorganization, pursuant to an election that occurred on or after November 4, 1998,
4 shall calculate or recalculate its existing school building capacity pursuant to regulations
5 adopted by the board.

6 Chapter 858, Statutes of 1999, Section 7, amended Education Code Section
7 17071.25²⁹⁹ to provide the formula for calculating existing school building capacity in the

²⁹⁹ Education Code Section 17071.25, added by Chapter 407, Statutes of 1998,
as amended by Chapter 858, Statutes of 1999, Section 7:

“(a) The existing school building capacity in the applicant school district or, where appropriate, in the attendance area, at the time of initial application shall be calculated pursuant to the following formula:

(1) Identify by grade level all permanent teaching stations existing in the school district or, where appropriate, the attendance area. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction, but shall not include portable buildings, except as provided in Section 17071.30.

(2) (A) The assumed capacity of each calculated teaching station pursuant to paragraph (1) shall be 25 pupils for each teaching station used for kindergarten or for grades 1 to 6, inclusive, and 27 pupils for each teaching station used for grades 7 to 12, inclusive.

(B) On or after January 1, 2000, the board may adopt or amend regulations adjusting the assumed capacity set forth in this subparagraph as appropriate for each teaching station used for nonsevere or severe special day class purposes after considering the recommendations of the Legislative Analyst pursuant to Section 17072.15. These special day class capacity adjustments and any adjustment of existing school capacity related to changes in the assumed capacity of special day class teaching stations shall be approved by the Director of Finance prior to implementation.

(C) On or after January 1, 2001, the board may adopt regulations establishing assumed capacity standards after consideration of the recommendations developed by the Director of General Services for

1 applicant district.

2 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
3 17071.30³⁰⁰ to require each applicant school district, for purposes of determining the

continuation high school, community day school, county community school, and county community day school, teaching stations pursuant to Section 17072.17. Teaching station assumed capacity adjustments pursuant to these regulations and any other adjustments of existing school capacity related to changes in the assumed capacity of continuation high school, community day school, county community school, and county community day school, teaching stations shall be approved by the Director of Finance prior to implementation.

(3) Multiply the assumed capacity of each teaching station as specified in paragraph (2) by the number of teaching stations calculated under paragraph (1).

(4) The result of this computation shall be the number of pupils housed by grade level in the existing school building capacity of the applicant school district.

(b) The existing school building capacity of the applicant school district calculated under this section shall not include, in any school operated on a year-round schedule, any teaching station that has been in continuous use during the preceding five-year period primarily for the operation of a preschool program or programs.”

³⁰⁰ Education Code Section 17071.30, added by Chapter 407, Statutes of 1998, Section 4:

“For purposes of determining the existing school building capacity, each applicant school district shall include each portable classroom, whether owned or leased, except as otherwise provided in subdivision (a) or (b).

(a) Portable classrooms leased pursuant to Chapter 14 (commencing with Section 17085) shall be excluded from the existing school building capacity. Portable classrooms obtained by an applicant district pursuant to subdivision (b) of Section 17088.5 shall be excluded from the existing school building capacity, except as to any portable classroom or classrooms for which the district rejected the board's offer to purchase pursuant to that subdivision. Portable classrooms leased for a period of less than five years prior to the date of application shall not be included in existing school building capacity.

(b) The number of portable classrooms, reduced by the number of portable classrooms used as interim housing for modernization projects, that exceed 25 percent of the number of permanent classrooms available to the district shall not be included in the existing building capacity.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 existing school building capacity, to include each portable classroom, whether owned or
2 leased, except: (a) where portable classrooms leased pursuant to Chapter 14 "State
3 Relocatable Classroom Law of 1979" shall be excluded from the existing school
4 building capacity. Portable classrooms obtained by an applicant district pursuant to
5 subdivision (b) of Section 17088.5 (whereby a school district is eligible to lease a
6 portable classroom, but funds are not at the time available, the board may authorize the
7 school district to purchase a portable classroom if purchased under a procedure
8 determined by the board, and when funds are made available, the board shall purchase
9 the portable classroom from the school district and shall then lease the portable
10 classroom back the school district) shall be excluded from the existing school building
11 capacity, except as to any portable classroom or classrooms for which the district
12 rejected the board's offer to purchase pursuant to that subdivision. Portable
13 classrooms leased for a period of less than five years prior to the date of application
14 shall not be included in existing school building capacity; and (b) the number of portable
15 classrooms, reduced by the number of portable classrooms used as interim housing for
16 modernization projects, that exceed 25 percent of the number of permanent classrooms
17 available to the district shall not be included in the existing building capacity.

18 Chapter 33, Statutes of 2002, Section 9, amended³⁰¹ Education Code Section
19 17071.33. Subdivision (a) requires "for the purposes of determining existing school

³⁰¹ Education Code Section 17071.33, added by Chapter 407, Statutes of 1998, Section 4, was amended by Chapter 33, Statutes of 2002, Section 9.

1 building capacity, the calculation shall be adjusted as required for first priority status
2 pursuant to Section 17017.7 as that calculation would have been made under the
3 policies of the board in effect immediately preceding September 1, 1998." Subdivision
4 (b) requires that "notwithstanding subdivision (a), with respect to a high school district,
5 the existing school building capacity shall be calculated without regard to multitrack
6 year-round school considerations. "

7 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
8 17071.35 to provide that "notwithstanding any other provisions of law, the maximum
9 school building capacity for each applicant district shall be increased by the number of
10 pupils reported by the Superintendent of Public Instruction for that grade level pursuant
11 to Section 42268 [providing that the Superintendent of Public Instruction shall annually
12 report to the State Allocation Board, the number of pupil in excess of capacity certified
13 by the school district]. This adjustment shall be calculated on the basis, at the district's
14 option, of either the district as a whole or the appropriate attendance area."

15 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
16 17071.40 to provide that "each school on a year-round, multitrack calendar that has a
17 density of 200 or more pupils enrolled per acre, that is located in a school district with
18 40 percent of its pupils attending multitrack, year-round schools shall be exempted from
19 the increase in school building capacity required by Section 17071.35. Nothing in this
20 section shall be construed as exempting the school from the requirements of Section
21 17071.33."

1 Chapter 159, Statutes of 2001, Section 55, amended Education Code Section
2 17071.46³⁰². Subdivision (a) requires an applicant school district proposing to demolish
3 a single story building and replace it with a multistory building on the same site to
4 comply with the following conditions in order to receive a supplemental grant for 50
5 percent of the replacement cost of the single story building to be demolished from the
6 board:

- 7 (1) The school at which the building demolition and replacement is to occur is
8 operating on a multitrack year-round education schedule;

³⁰² Education Code Section 17071.46, added by Chapter 458, Statutes of 2000,
Section 1, as amended by Chapter 159, Statutes of 2001, Section 55:

"(a) When an applicant school district proposes to demolish a single story building and replace it with a multistory building on the same site, the State Allocation Board shall provide a supplemental grant for 50 percent of the replacement cost of the single story building to be demolished, if all of the following conditions are met:

(1) The school at which the building demolition and replacement is to occur is operating on a multitrack year-round education schedule.

(2) The cost of the demolition and replacement is less than the total cost of providing a new school facility, including land, on a new site for the additional number of pupils housed as a result of the replacement building, as determined by the State Allocation Board.

(3) The school district will maximize the increase in pupil capacity on the site when it builds the replacement building, subject to the limits imposed on it pursuant to paragraph * * * (4).

(4) The State Department of Education has determined that the demolition of an existing single story building and replacement with a multistory building at the site is the best available alternative and will not create a school with an inappropriate number of pupils in relation to the size of the site, as determined by the State Department of Education.

(b) The State Allocation Board shall establish additional requirements it deems necessary to ensure that the economic interests of the state and the educational interests of the children of the state are protected. "

1 (2) The cost of the demolition and replacement is less than the total cost of
2 providing a new school facility, including land, on a new site for the additional
3 number of pupils housed as a result of the replacement building, as determined
4 by the board;

5 (3) The school district will maximize the increase in pupil capacity on the site
6 when it builds the replacement building, subject to the limits imposed on it
7 pursuant to paragraph (4); and

8 (4) The State Department of Education has determined that the demolition of an
9 existing single story building and replacement with a multistory building at the site is the
10 best available alternative and will not create a school with an inappropriate number of
11 pupils in relation to the size of the site.

12 Subdivision (b) requires the board to establish additional requirements it deems
13 necessary to ensure that the economic interests of the state and the educational
14 interests of the children of the state are protected.

15 ARTICLE 3. NEW CONSTRUCTION ELIGIBILITY DETERMINATION

16 Chapter 935, Statutes of 2002, Section 3, amended Education Code Section
17 17071.75³⁰³ to require that after a one-time initial report of existing school building

³⁰³ Education Code Section 17071.75, added Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 935, Statutes of 2002, Section 3:

"After a one-time initial report of existing school building capacity has been completed, a school district's ongoing eligibility for new construction funding shall be determined by making all of the following calculations:

(a) Each school district that applies to receive funding for new construction shall

1 capacity has been completed, a school district's ongoing eligibility for new construction
2 funding shall be determined by making several calculations including enrollment
3 projections for the fifth year beyond the fiscal year in which the application is made. For
4 a school district with an enrollment of 2,500, or less, an adjustment in enrollment
5 projections shall not result in a loss of ongoing eligibility to that school district for a
6 period of three years from the date of the approval of eligibility by the board.

7 Chapter 407, Statutes of 1998, Section 4, added Education Code Section

calculate enrollment projections for the fifth year beyond the fiscal year in which the application is made. Projected enrollment shall be determined by utilizing the cohort survival enrollment projection system, as defined and approved by the board. The board may supplement the cohort survival enrollment projection by the number of unhoused pupils that are anticipated as a result of dwelling units proposed pursuant to approved and valid tentative subdivision maps.

(b) Add the number of pupils that may be adequately housed in the existing school building capacity of the applicant district as determined pursuant to Article 2 (commencing with Section 17071.10) to the number of pupils for which facilities were provided from any state or local funding source after the existing school building capacity was determined pursuant to Article 2 (commencing with Section 17071.10). For this purpose, the total number of pupils for which facilities were provided shall be determined using the pupil loading formula set forth in Section 17071.25.

(c) Subtract the number of pupils pursuant to subdivision (b) from the number of pupils determined pursuant to subdivision (a).

(d) The calculations required to establish eligibility under this article shall result in a distinction between the number of existing unhoused pupils and the number of projected unhoused pupils.

(e) Apply the increase or decrease resulting from the difference between the most recent report made pursuant to Section 42268, and the report used in determining the school district's baseline capacity pursuant to subdivision (a) of Section 17071.25.

(f) For a school district with an enrollment of 2,500, or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board."

1 17071.76³⁰⁴. Subdivision (a) requires that whenever the existing school building
2 capacity in any high school attendance area prevents another high school attendance
3 area from receiving the maximum per-unhoused-pupil grant specified for the school
4 district as a whole, the eligibility shall be computed separately for each high school
5 attendance area, as may be necessary. Subdivision (b) requires that a school district
6 shall also combine, as necessary for the purposes of eligibility, two or more adjacent
7 high school attendance areas pursuant to the following conditions:

8 (1) The funding eligibility is for the construction of a high school, junior high
9 school, or elementary school located or to be located in any of those high school
10 attendance areas;

11 (2) The high school, junior high school, or elementary school to be constructed is

³⁰⁴ Education Code Section 17071.76, added by Chapter 407, Statutes of 1998,
Section 4:

“(a) Whenever the existing school building capacity in any high school attendance area prevents another high school attendance area from receiving the maximum per-unhoused-pupil grant specified for the school district as a whole, the eligibility may be computed separately for each high school attendance area.

(b) For the purposes of eligibility, a school district may combine two or more adjacent high school attendance areas pursuant to the following conditions:

(1) The funding eligibility is for the construction of a high school, junior high school, or elementary school located or to be located in any of those high school attendance areas.

(2) The high school, junior high school, or elementary school to be constructed is to serve pupils residing in each of those high school attendance areas.

(3) The combined eligibility reflects the eligibility to which each of the high school attendance areas would otherwise be entitled, reflecting the proportion of projected pupil enrollment in the school to be constructed, as calculated under this chapter, from each of those attendance areas.”

1 to serve pupils residing in each of those high school attendance areas; or

2 (3) The combined eligibility reflects the eligibility to which each of the high school
3 attendance areas would otherwise be entitled, reflecting the proportion of
4 projected pupil enrollment in the school to be constructed, as calculated under
5 this chapter, from each of those attendance areas.

6 ARTICLE 4. NEW CONSTRUCTION GRANT ELIGIBILITY DETERMINATION

7 Chapter 33, Statutes of 2002, Section 11, amended Education Code Section
8 17072.10³⁰⁵ to require the board to determine the applicant's maximum total new

³⁰⁵ Education Code Section 17072.10, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 11:

“(a) The board shall determine the applicant's maximum total new construction grant eligibility by multiplying the number of unhoused pupils calculated pursuant to Article 3 (commencing with Section 17071.75) in each school district with an approved application for new construction, by the per-unhoused-pupil grant as follows:

(1) Five thousand two hundred dollars (\$5,200) for elementary school pupils.

(2) Five thousand five hundred dollars (\$5,500) for middle school pupils.

(3) Seven thousand two hundred dollars (\$7,200) for high school pupils.

(b) The board shall annually adjust the per-unhoused-pupil apportionment to reflect construction cost changes, as set forth in the statewide cost index for class B construction as determined by the board.

(c) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(d) The board may establish a single supplemental per-unhoused-pupil grant in addition to the amounts specified in subdivision (a) based on the statewide average marginal difference in costs in instances where a project requires multilevel school facilities due to limited acreage. The district's application shall demonstrate that a practical alternative site is not available.

(e) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to seven thousand

1 construction grant eligibility.

2 Chapter 647, Statutes of 2001, Section 1, amended Education Code Section
3 17072.12³⁰⁶ Subdivision (a) requires an applicant school district to satisfy the following

five hundred dollars (\$7,500) for any new construction project assistance. The amount of the supplemental apportionment authorized pursuant to this subdivision shall be adjusted in 2001 and every year thereafter by an amount equal to the percentage adjustment for class B construction."

³⁰⁶ Education Code Section 17072.12, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 647, Statutes of 2001, Section 1:

"(a) In addition to the amount provided in Section 17072.10, the board may provide funding for assistance in site development and acquisition if all of the following are met:

(1) The amount of the site acquisition and development assistance does not exceed 50 percent of the cost of site development to the school district, plus the lesser of the following:

(A) 50 percent of the site cost to the school district * * * .

(B) 50 percent of the appraised value of the site within * * * six months of the time the complete application is submitted * * * .

(2) The school district certifies that there is no alternative available site, or that the district plans to sell an available site in order to use the proceeds of the sale for the purchase of the new site.

(b) Notwithstanding subdivision (a), the board may provide funding for assistance in site development and acquisition to a school district that uses land previously acquired by the school district in an amount equal to 50 percent of the cost of site development to the school district, plus 50 percent of the site's appraised value at the time the application for site acquisition and development is submitted, provided all of the following are met:

(1) The site was acquired no less than five years prior to the date the application is submitted.

(2) The site had been productively used by the school district as other than a schoolsite for the five years immediately preceding the date the application is submitted.

(3) The board determines that the nonschool function currently taking place on the site must be discontinued or relocated in order to utilize the site as a schoolsite.

(c) A school district that receives assistance pursuant to subdivision (b) shall,

1 conditions in order to receive funding for assistance in site development and acquisition
2 from the board:

3 (1) The amount of the site acquisition and development assistance does not
4 exceed 50 percent of the cost of site development to the school district, plus the
5 lesser of either 50 percent of the site cost to the school district, or 50 percent of
6 the appraised value of the site within six months of the time the complete
7 application is submitted;

8 (2) The school district certifies that there is no alternative available site, or that
9 the district plans to sell an available site in order to use the proceeds of the sale
10 for the purchase of the new site.

1 Subdivision (b) provides that notwithstanding subdivision (a), a school district that uses
12 land previously acquired by the school district in an amount equal to 50 percent of the
13 cost of site development to the school district, plus 50 percent of the site's appraised
14 value at the time the application for site acquisition and development is submitted to the
15 board, shall, as necessary, receive funding for assistance in site development and
16 acquisition if the following are met:

within one year after the completion of the project, certify in writing to the board that the nonschool function was in fact relocated as set forth in paragraph (4) of subdivision (b).

(d) Pursuant to subdivision (b), an applicant school district shall include in its application to the board a cost-benefit analysis performed by the school district demonstrating how utilizing existing nonschoolsite district property pursuant to this section would be a more effective method of solving the school district's pupil housing problems than any other method of funding under this chapter. The board shall review and approve the analysis if the board agrees with the findings and shall consider the analysis and findings in approving the project pursuant to this section."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 (1) The site was acquired no less than five years prior to the date the application
2 is submitted;

3 (2) The site had been productively used by the school district as other than a
4 schoolsite for the five years immediately preceding the date the application is
5 submitted;

6 (3) The board determines that the nonschool function currently taking place on
7 the site must be discontinued or relocated in order to utilize the site as a
8 schoolsite.

9 Subdivision (c) requires a school district receiving assistance pursuant to subdivision (b)
10 to, within one year after the completion of the project, certify in writing to the board that
11 the nonschool function was in fact relocated as set forth in paragraph (4) of subdivision
12 (b). Subdivision (d) requires an applicant school district that, pursuant to subdivision (b)
13 to include in its application to the board a cost-benefit analysis performed by the school
14 district demonstrating how utilizing existing nonschoolsite district property pursuant to
15 this section would be a more effective method of solving the school district's pupil
16 housing problems than any other method of funding under this chapter. The board shall
17 review and approve the analysis if the board agrees with the findings and shall consider
18 the analysis and findings in approving the project pursuant to this section.

19 Chapter 935, Statutes of 2002, Section 4, amended Education Code Section

1 17072.13³⁰⁷ to require funding, in addition to amounts provided pursuant to Section

³⁰⁷ Education Code Section 17072.13, added by Chapter 992, Statutes of 1999, Section 2, as amended by Chapter 935, Statutes of 2002, Section 4:

"In addition to the amounts provided pursuant to Sections 17072.10 and 17072.12, the board may provide site acquisition and hazardous materials evaluation and response action funding for proposed new schoolsites as follows:

(a) (1) For 50 percent of the cost of the evaluation of hazardous materials at a site to be acquired by a school district and for 50 percent of the other response action costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other remedial response action in connection with hazardous substances at that site. Except as provided in subdivision (b), the funding provided pursuant to this section may not exceed 50 percent of ~~a number calculated by subtracting the school district's cost of the site from what the appraised value of the site would be after the response action is completed~~ of the total evaluation and response action costs, including, but not limited to, the costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other response action, as determined by the Department of Toxic Substances Control, in connection with hazardous substances at that site, pursuant to standards adopted by the board.

(2) For projects eligible for funding under this subdivision, the total state share of the site acquisition costs, including evaluation and response action, shall not exceed 50 percent of 1 ½ times the appraised value of the uncontaminated site. However, the board may exceed this maximum for projects that demonstrate circumstances of extreme need.

(b) (1) The board may provide funding for up to 100 percent of the cost of the evaluation of hazardous materials at a site to be acquired by a school district eligible for financial hardship assistance pursuant to Article 8 (commencing with Section 17075.10) and for up to 100 percent of the other response action costs for the site. The funding provided pursuant to this subdivision may not exceed 100 percent of ~~a number calculated by subtracting the school district's cost of the site from what the appraised value of the site would be after the response action is completed~~ the total evaluation and response action costs, including, but not limited to, the costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other response action, as determined by the Department of Toxic Substances Control, in connection with hazardous substances at that site, pursuant to standards adopted by the board.

(2) The board may provide funding pursuant to this subdivision only if the State Department of Education certifies that the site is the best available site considering all of the following factors in relation to other available sites:

(A) The total costs of the project, including, but not limited to, costs of evaluation and response action.

(B) The desirability of the site, considering its proximity to pupils and suitability for meeting the educational and safety needs of the school district.

(C) The time required to fully complete the project in relation to the current and projected need for school facilities.

(3) For projects eligible for funding under this subdivision, the total state share of the site acquisition costs, including evaluation and response action, shall not exceed 100 percent of 1 ½ times the appraised value of the uncontaminated site. However, the board may exceed this maximum for projects that demonstrate circumstances of extreme need.

(c) A school district with a proposed site that meets the environmental hardship criteria set forth in paragraph (1) may apply to the board for site acquisition, including, but not limited to, evaluation and response action, funding for that site prior to having construction plans for that site approved by the Division of the State Architect and State Department of Education. ~~The site acquisition funding is subject to the funding limits provided in subdivisions (a) or (b) and may not result in an increase in the funding limits available to a school district under this section.~~

(1) A project is eligible for environmental hardship site acquisition funding if both of the following apply:

(A) The remedial preparation and implementation of a response action plan for the site, to be approved by the Department of Toxic Substances Control; pursuant to Section 17213, is estimated by the Department of Toxic Substances Control to take six months or more to complete.

(B) The State Department of Education determines that the site is the best available alternative site.

(2) The initial site-specific reservation pursuant to this subdivision shall be for a period of one year. Extension may be approved in one-year intervals upon demonstration to the State Allocation Board of progress toward acquisition, including, but not limited to, evaluation or response, as the case may be. In the event there is not demonstrable progress, the State Allocation Board shall have the option of rescinding the reservation.

(3) Environmental hardship site acquisition funds approved by the State Allocation Board can be used only for the site identified in the response action plan approved by the Department of Toxic Substances Control.

(4) The date that the State Allocation Board approves the environmental hardship site acquisition funding will become the State Allocation Board approval date for the project's construction funding for that site.

1 17072.10 and 1772.12, for site acquisition, and hazardous materials evaluation and
2 response action for proposed new schoolsites. Subdivisions (a) and (b) provide the
3 specific allocations of funds the board may apportion. Subdivision (c) requires that a
4 school district with a proposed site that meets the environmental hardship criteria set
5 forth in paragraph (1) shall, as may be necessary, apply to the board for site acquisition,
6 including, but not limited to, evaluation and response action, funding for that site prior to
7 having construction plans for that site approved by the Division of the State Architect
8 and State Department of Education. A project is eligible for environmental hardship site
9 acquisition if the following apply: the implementation and preparation of a response
10 action for the site to be approved by the Department of Toxic Substances Control is
11 estimated to take six months or more to complete, and the State Department of
12 Education determines that the site is the best available alternative site. Initial site-
13 specific reservation shall be for a period of one year, unless a demonstration is made to
14 the board that progress has been made toward acquisition, including, but not limited to,

(5) A school district may apply to the State Allocation Board for construction funding for the environmental hardship site when the project has received final Division of the State Architect plan approval and final State Department of Education site and plan approval.

(d) The cost incurred by the school districts when complying with any requirement identified in this section are allowable costs for purposes of an applicant under this chapter and may be reimbursed in accordance with ~~Section 17072.12~~ this section.

(e) The State Allocation Board shall develop regulations that allow school districts with financial hardship site acquisition, including, but not limited to, evaluation and response action, funding prior to ownership of the site or evidence that the site is in escrow."

1 evaluation or response. The funds acquired for environmental hardship site acquisition
2 can be used only for the site identified in the response action. A school district shall, as
3 mat be necessary, apply to the board for construction funding for the environmental
4 hardship site when the project has received final Division of the State Architect plan
5 approval and final State Department of Education site and plan approval. Subdivision
6 (d) provides that the cost incurred by the school districts when complying with any
7 requirement identified in this section are allowable costs for purposes of an applicant
8 under this chapter and may be reimbursed in accordance with this section. Subdivision
9 (e) requires the board to develop regulations that allow school districts with financial
10 hardship site acquisition funding prior to ownership of the site or evidence that the site
11 is in escrow.

12 Chapter 935, Statutes of 2002, Section 5, amended Education Code Section
13 17072.18³⁰⁸. Subdivision (a) provides that "the board may provide evaluation and

³⁰⁸ Education Code Section 17072.18, added by Chapter 443, Statutes of 2000,
Section 1, as amended by Chapter 935, Statutes of 2002, Section 5:

" (a) (1) The board may provide evaluation and response action funding for response costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, ~~or other response action in connection with hazardous substances~~ at an existing schoolsite, in the same manner as provided in Section 17072.13.

(2) Funding as set forth in paragraph (1) may be provided to a school district that has not applied for, or received, funds from the board for the acquisition of a new schoolsite, but which has incurred, or will incur, response costs necessary for the development of the site, ~~before it can undertake construction at the site, in accordance with the requirements of this chapter, and which existing schoolsite, if the school district is otherwise eligible to receive funds for funding under this chapter.~~

1 response action funding for response costs of the removal of hazardous waste or solid
2 waste, the removal of hazardous substances, or other response action in connection
3 with hazardous substances at an existing schoolsite, in the same manner as provided in
4 Section 17072.13.” This funding shall, as necessary, be provided to a school district
5 that has not applied for or received funds from the board for the acquisition of a new
6 schoolsite, but which has incurred, or will incur, response costs necessary for the
7 development of an existing schoolsite, if the school district is otherwise eligible for
8 funding under this chapter. Subdivision (b) provides that if the school district is
9 otherwise eligible for funding under this chapter, it may apply for funding pursuant to
10 this section prior to having construction plans for that site approved by the Division of
11 the State Architect or by the State Department of Education.

12 ARTICLE 5. NEW CONSTRUCTION FUNDING PROCESS

13 Chapter 935, Statutes of 2002, Section 6, amended Education Code Section
14 17072.20³⁰⁹. Subdivision (a) provides that an applicant school district that has met the

(b) A school district may apply for funding pursuant to this section prior to having construction plans for that site approved by the Division of the State Architect or by the State Department of Education if the school district is otherwise eligible for funding under this chapter.”

³⁰⁹ Education Code Section 17072.20, added by chapter 407, Statutes of 1998, Section 4, as amended by Chapter 935, Statutes of 2002, Section 6:

“(a) An applicant school district that has been determined by the board to meet the eligibility requirements for new construction funding set forth in Article 2 (commencing with Section 17071.10) or Article 3 (commencing with Section 17071.75) may submit at any time a request to the board for a project apportionment for all or a portion of the funding for which the school district is eligible.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 eligibility requirements for new construction funding set forth in Article 2 "Existing
2 School Building Capacity" or Article 3 "New Construction Eligibility Determination" shall
3 submit at any time, as may be necessary, a request to the board for a project
4 apportionment for all or a portion of the funding for which the school district is eligible.
5 Subdivision (b) requires that the application include, but shall not be limited to, the
6 school district's determination of the amount of state funding that the district is
7 otherwise eligible for relating to site acquisition, site development, new construction,
8 and hardship funding provided pursuant to Article 8 "Hardship Application," if any.
9 Subdivision (c) states that the board shall verify and adjust, as necessary, and approve
10 the district's application.

11 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
12 17072.30 to require that "subject to the availability of funds, and to the determination of
13 priority pursuant to Section 17072.25 [providing the mechanism by which the board

(b) The application shall include, but shall not be limited to, the school district's determination of the amount of state funding that the district is otherwise eligible for relating to site acquisition, site development, new construction, and hardship funding provided pursuant to Article 8 (commencing with Section 17075.10), if any. The amount shall be reduced by the amount of the alternative fee collected pursuant to subdivision (a) of Section 65995.7 of the Government Code if a reimbursement election or agreement pursuant to Section 65995.7 of the Government Code is not in effect.

(c) The board shall verify and adjust, as necessary, and approve the district's application.

~~(d) Unless otherwise requested by an applicant school district, or unless the school district's eligibility is reduced because of an increase in the existing school building capacity as calculated pursuant to subdivision (b) of Section 17071.75, the eligibility for funding determined pursuant to this section shall be effective for a period of three years for school districts having an enrollment of 2,500 or less for the prior fiscal year."~~

1 shall rank the approved applications for new construction funding], the board shall
2 apportion funds to an eligible school district only upon the approval of the project by the
3 Department of General Services pursuant to the Field Act, as defined in Section 17281,
4 and certification by the school district that the required 50 percent matching funds from
5 local sources have been expended by the district for the project, or have been
6 deposited in the county fund, or will be expended by the district by the time the project
7 is completed, in an amount at least equal to the proposed apportionment pursuant to
8 this chapter, prior to release of the state funds.”

9 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
10 17072.32 to require that “for any project that has received an apportionment pursuant to
11 Section 17072.30, funding shall be released in amounts equal to the amount of the
12 local match upon certification by the district that the district has entered into a binding
13 contract for completion of the approved project.”

14 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
15 17072.33 to provide that “in the case of site acquisition, a district may request that the
16 state's share of site assistance be provided to the district in amounts equal to the
17 amount of the local match when the district enters escrow for a site included within a
18 project.”

19 Chapter 935, Statutes of 2002, Section 7, amended Education Code Section
20 17072.35 to provide that “a grant for new construction may be used for any and all
21 costs necessary to adequately house new pupils in any approved project, and those

1 costs may only include the cost of design, engineering, testing, inspection, plan
2 checking, construction management, site acquisition and development, evaluation and
3 response action costs relating to hazardous substances at a new or existing schoolsite,
4 demolition, construction, acquisition and installation of portable classrooms,
5 landscaping, necessary utility costs, utility connections and other fees, equipment
6 including telecommunication equipment to increase school security, furnishings, and the
7 upgrading of electrical systems or the wiring or cabling of classrooms in order to
8 accommodate educational technology. A grant for new construction may also be used
9 to acquire an existing government or privately owned building, or a privately financed
10 school building, and for the necessary costs of converting the government or privately
11 owned building for public school use.”

12 ARTICLE 6. MODERNIZATION ELIGIBILITY DETERMINATION

13 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
14 17073.10 to require that “each school district that desires to receive an apportionment
15 for modernization under this chapter shall submit an application in a form, and in the
16 number of copies, that the board may require.”

17 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
18 17073.15 to provide that “a school district shall be eligible to receive an apportionment
19 for modernization of permanent school buildings that are more than 25 years old, or in
20 the case of portable classrooms that are at least 20 years old, and that have not been
21 previously modernized with state funding.”

1 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
2 17073.20 to provide that "funding may be approved for the modernization of any
3 permanent school building that is more than 25 years old, or, in the case of any
4 portable classroom that is more than 20 years old, as described in Section 17071.30,
5 and that prior to November 4, 1998, had not been previously modernized with state
6 funding."

7 ARTICLE 7. MODERNIZATION APPORTIONMENT

8 Chapter 33, Statutes of 2002, Section 13, amended Education Code Section
9 17074.10³¹⁰ to require the board to determine the total funding eligibility of a school

³¹⁰ Education Code Section 17074.10, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 13:

"(a) The board shall determine the total funding eligibility of a school district for modernization funding by multiplying the following amounts by each pupil of that grade level housed in permanent school buildings that are at least 25 years old or portable classrooms that are at least 20 years old, and that have not been previously modernized with state funding:

(1) Two thousand two hundred forty-six dollars (\$2,246) for each elementary pupil.

(2) Two thousand three hundred seventy-six dollars (\$2,376) for each middle school pupil.

(3) Three thousand one hundred ten dollars (\$3,110) for each high school pupil.

(b) The board shall annually adjust the factors set forth in subdivision (a) according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined by the board.

(c) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(d) It is the intent of the Legislature that the amounts provided pursuant to this article for school modernization do not include funding for administrative and overhead

1 district for modernization funding.

2 Chapter 935, Statutes of 2002, Section 9, amended Education Code Section
3 17074.15³¹¹. Subdivision (a) requires the board to release disbursements to school
4 districts with approved applications for modernization, to the extent state funds are
5 available for the state's 80-percent share, and the school district has provided its
6 20-percent local match. Subject to the availability of funds, the board shall apportion
7 funds to an eligible school district only upon the approval of the project by the

costs.

(e) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to two thousand five hundred dollars (\$2,500) for any modernization project assistance. The amount of the supplemental apportionment shall be adjusted in 2001 and every year thereafter by an amount equal to the percentage adjustment for class B construction."

³¹¹ Education Code Section 17074.15, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 935, Statutes of 2002, Section 9:

"(a) The board shall release disbursements to school districts with approved applications for modernization, to the extent state funds are available for the state's 80-percent share, and the school district has provided its 20-percent local match. Subject to the availability of funds, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, including, but not limited to, a project that complies with the Field Act by complying with Section 17280.5, and evidence that the certification by the school district that the required 20-percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund or will be expended by the district by the time of completion of the project, and evidence that the district has entered into a binding contract for the completion of that project. If state funds are insufficient to fund all qualifying school districts, the board shall fund all qualifying school districts in the order in which the application for funding was approved by the board.

(b) This section shall apply only to an application filed on or before April 29, 2002, regardless of the source of state bond funding."

1 Department of General Services pursuant to the Field Act, as defined in Section 17281,
2 including, but not limited to, a project that complies with the Field Act by complying with
3 Section 17280.5, and evidence that the certification by the school district that the
4 required 20-percent matching funds from local sources have been expended by the
5 district for the project, or have been deposited in the county fund or will be expended by
6 the district by the time of completion of the project, and evidence that the district has
7 entered into a binding contract for the completion of that project. If state funds are
8 insufficient to fund all qualifying school districts, the board shall fund all qualifying
9 school districts in the order in which the application for funding was approved by the
10 board. Subdivision (b) provides that this section shall apply only to an application filed
1 on or before March 15, 2002, regardless of the source of state bond funding.

12 Chapter 935, Statutes of 2002, Section 10, amended Education Code Section
13 17074.16. Subdivision (a) requires that "the board shall release disbursements to
14 school districts with approved applications for modernization, to the extent state funds
15 are available for the state's 60-percent share, and the school district has provided its
16 40-percent local match. Subject to the availability of funds, the board shall apportion
17 funds to an eligible school district only upon the approval of the project by the
18 Department of General Services pursuant to the Field Act, as defined in Section 17281,
19 including, but not limited to, a project that complies with the Field Act by complying with
20 Section 17280.5, and evidence that the certification by the school district that the
21 required 40-percent matching funds from local sources have been expended by the

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 district for the project, or have been deposited in the county fund or will be expended by
2 the district by the time of completion of the project, and evidence that the district has
3 entered into a binding contract for the completion of that project. If state funds are
4 insufficient to fund all qualifying school districts, the board shall fund all qualifying
5 school districts in the order in which the application for funding was approved by the
6 board" Subdivision (b) requires that "this section shall apply only to an application that
7 was filed after April 29, 2002."

8 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
9 17074.20 to require that "as a condition for the receipt of funds under this article, a
10 school district shall ensure that all buildings modernized comply with Sections 17212
11 [requiring that school sites meet specific geological and engineering studies], 17212.5
12 [requiring that geological and engineering studies are complied, especially in
13 demanding that no school building shall be constructed, reconstructed, or relocated on
14 the trace of a geological fault along which surface rupture can reasonably be expected
15 to occur within the life of the school building], and 17213 [requiring that certain factors
16 are met regarding hazardous or solid waste disposal, and hazardous air emissions
17 before the governing board of a school district approve projects involving the acquisition
18 of a school site by a school district]."

19 Chapter 407, Statutes of 1998, Section 4, added Education Code Section
20 17074.25 to provide that "a modernization apportionment may be used for an
21 improvement to extend the useful life of, or to enhance the physical environment of, the

1 school. The improvement may only include the cost of design, engineering, testing,
2 inspection, plan checking, construction management, demolition, construction, the
3 replacement of portable classrooms, necessary utility costs, utility connection and other
4 fees, the purchase and installation of air-conditioning equipment and insulation
5 materials and related costs, furniture and equipment, including telecommunication
6 equipment to increase school security, fire safety improvements, playground safety
7 improvements, the identification, assessment, or abatement of hazardous asbestos,
8 seismic safety improvements, and the upgrading of electrical systems or the wiring or
9 cabling of classrooms in order to accommodate educational technology. A
10 modernization grant may not be used for costs associated with acquisition and
11 development of real estate or for routine maintenance and repair.”

12 Chapter 33, Statutes of 2002, Section 16, added Education Code Section
13 17074.26 which requires that “the board shall adopt regulations to adjust the per-pupil
14 amounts set forth in Section 17074.14 for modernization projects for school buildings
15 that are 50 years old or older based upon the higher costs associated with modernizing
16 older buildings.”

17 Chapter 1075, Statutes of 2002, Section 2, added Education Code Section
18 17074.27 which requires that “in addition to the uses specified in Section 17074.25, a
19 modernization apportionment may also be used for the control, management, or
20 abatement of lead.”

21 Chapter 1075, Statutes of 2002, Section 2, added Education Code Section

1 17074.30 which requires that "commencing with applications submitted after January 1,
2 2004, any school district applying for funding pursuant to this article shall certify that it
3 has considered the potential for the presence of lead-containing materials in the
4 modernization projects and will follow all relevant federal, state, and local standards for
5 the management of any identified lead."

6 ARTICLE 7.5. AUTOMATIC FIRE DETECTION, ALARM, AND SPRINKLER
7 SYSTEMS

8 Chapter 725, Statutes of 2001, Section 2, added Education Code Section
9 17074.50³¹². Subdivision (a) requires that on and after July 1, 2002, all new

³¹² Education Code Section 17074.50, added by Chapter 725, Statutes of 2001,
Section 2:

"(a) On and after July 1, 2002, all new construction projects submitted to the
Division of the State Architect pursuant to this chapter, including, but not limited to;
hardship applications, that require the approval of the Department of General Services
shall include an automatic fire detection, alarm, and sprinkler system as set forth in
Section 17074.52 and approved by the State Fire Marshal.

These provisions shall entitle the school district to all applicable reductions in
code requirements, as provided in the California Building Standards Code (Title 24 of
the California Code of Regulations).

(b) On and after July 1, 2002, all modernization projects that have an estimated
total cost in excess of two hundred thousand dollars (\$200,000) submitted to the
Division of the State Architect pursuant to this chapter, including, but not limited to,
hardship applications, that require the approval of the Department of General Services
shall include an automatic fire detection and alarm system as set forth in Section
17074.52 and approved by the State Fire Marshal. For a modernization project that is to
be completed in more than one phase, the school district may defer installation of the
system until the final phase of the modernization project. Solely for purposes of this
section, "modernization" means any modification of a permanent structure or
construction of a new building on an existing campus.

(c) The Department of General Services shall administer this section based upon
the standards adopted by the State Fire Marshal pursuant to Section 17074.52."

1 construction projects submitted to the Division of the State Architect pursuant to this
2 chapter, including, but not limited to, hardship applications, that require the approval of
3 the Department of General Services shall include an automatic fire detection, alarm,
4 and sprinkler system as set forth in Section 17074.52 and be approved by the State
5 Fire Marshal. These provisions shall entitle the school district to all applicable
6 reductions in code requirements. Subdivision (b) provides that on and after July 1,
7 2002, all modernization projects that have an estimated total cost in excess of two
8 hundred thousand dollars (\$200,000) submitted to the Division of the State Architect
9 pursuant to this chapter, including, but not limited to, hardship applications, that require
10 the approval of the Department of General Services shall include an automatic fire
11 detection and alarm system as set forth in Section 17074.52 and approved by the State
12 Fire Marshal. For a modernization project that is to be completed in more than one
13 phase, the school district may defer installation of the system until the final phase of the
14 modernization project. Solely for purposes of this section, "modernization" means any
15 modification of a permanent structure or construction of a new building on an existing
16 campus.

17 Chapter 725, Statutes of 2001, Section 2, added Education Code Section
18 17074.52³¹³. Subdivision (a) requires that for modernization projects, the automatic fire

³¹³ Education code Section 17074.52, added by Chapter 725, Statutes of 2001, Section 2:

"(a) For modernization projects, the automatic fire detection and alarm system required pursuant to subdivision (b) of Section 17074.50 shall consist of smoke or heat

1 detection and alarm system required pursuant to subdivision (b) of Section 17074.50
2 shall consist of smoke or heat detectors, or a combination thereof, as determined by the
3 State Fire Marshall, installed in the school building. The alarm, upon activation of an
4 initiating device, must alert all occupants and shall transmit the alarm signal to an
5 approved supervising station. Subdivision (b) requires that for new construction
6 projects, the automatic fire detection, alarm, and sprinkler system required pursuant to
7 subdivision (a) of Section 17074.50, shall in addition to compliance with subdivision (a),
8 include an automatic fire sprinkler system installed in the school building including, but
9 not necessarily limited to, attic spaces. Subdivision (c) states that notwithstanding
10 Section 17074.50 or subdivisions (a) or (b) of this section, for a stand alone portable
11 building, the system required pursuant to this article shall consist of an automatic fire
12 detection and alarm system. For the purposes of this subdivision a "stand alone

detectors, or a combination thereof, as determined by the State Fire Marshall, installed
in the school building. The alarm, upon activation of an initiating device, shall alert all
occupants and shall transmit the alarm signal to an approved supervising station.

(b) For new construction projects, the automatic fire detection, alarm, and
sprinkler system required pursuant to subdivision (a) of Section 17074.50, shall in
addition to compliance with subdivision (a), include an automatic fire sprinkler system
installed in the school building including, but not necessarily limited to, attic spaces.

(c) Notwithstanding Section 17074.50 or subdivisions (a) or (b) of this section, for
a stand alone portable building, the system required pursuant to this article shall consist
of an automatic fire detection and alarm system. For the purposes of this subdivision a
"stand alone portable building" means a portable building that is used as a single
classroom and that is sited more than 25 feet from any other building, including, but not
limited to, any other portable building.

(d) Except as required for automatic fire detectors and waterflow detection
devices, manual fire alarm boxes shall not be required throughout the school building.

(e) The entire system shall be installed, tested, and maintained in accordance
with the regulations of the State Fire Marshal."

1 portable building" means a portable building that is used as a single classroom and that
2 is sited more than 25 feet from any other building, including, but not limited to, any other
3 portable building. Subdivision (d) does not require manual fire alarm boxes throughout
4 the school building except as required for automatic fire detectors and waterflow
5 detection devices. Subdivision (e) requires that the entire system shall be installed,
6 tested, and maintained in accordance with the regulations of the State Fire Marshal.

7 Chapter 725, Statutes 2001, Section 2, added by Education Code Section
8 17074.54³¹⁴. Subdivision (a) provides that a portable building that is sited with the intent
9 that it be at the site for less than three years and is sited upon a temporary foundation
10 in a manner that is designed to permit easy removal, is exempt from Sections 17074.50

³¹⁴ Education Code Section 17074.54, added by Chapter 17074.54, Statues of
2001, Section 2:

"(a) A portable building that is sited with the intent that it be at the site for less
than three years and is sited upon a temporary foundation in a manner that is designed
to permit easy removal, is exempt from Sections 17074.50 and 17074.52 for a period of
three years from the date of siting.

(b) After the three-year exemption set forth in subdivision (a), a school district
may request an extension of the exemption for an additional period not to exceed three
additional years. The board shall grant the request if the school district presents
convincing evidence demonstrating to the satisfaction of the board that the extension is
necessary.

(c) For purposes of this section, "portable building" means a classroom building
of modular design and construction that meets all of the following criteria:

(1) It is designed and constructed to be relocatable and transportable over
public streets.

(2) It is designed and constructed for relocation without detaching the roof
or the floor from the building.

(3) It has a floor area of 2,000 square feet or less when measured at the
most exterior walls."

1 and 17074.52 for a period of three years from the date of siting. Subdivision (b)
2 provides that after the three-year exemption set forth in subdivision (a), a school district
3 shall, as may be necessary, request an extension of the exemption for an additional
4 period not to exceed three additional years. If the school district presents convincing
5 evidence demonstrating to the satisfaction of the board that the extension is necessary,
6 the board shall grant the request. Subdivision (c) defines "portable building" to mean a
7 classroom building of modular design and construction that meets specific criteria.

8 Chapter 725, Statutes of 2001, Section 2, added Education Code Section
9 17074.56³¹⁵. Subdivision (a) requires that a method is established to provide up to 100
10 percent of the increased costs of the automatic fire detection, alarm, and sprinkler

³¹⁵ Education Code Section 17074.56, added Chapter 725, Statutes of 2001,
Section 2:

"(a) The State Allocation Board shall adjust the per-pupil grant amount set forth in Section 17072.10 as necessary to accommodate 50 percent of the increased costs due to the automatic fire detection, alarm, and sprinkler system required pursuant to subdivision (a) of Section 17074.50. The board shall adjust the per-pupil grant amount set forth in Section 17074.10 as necessary to accommodate 80 percent of the increased costs due to the automatic fire detection and alarm system required pursuant to subdivision (b) of Section 17074.50. The board shall establish a method to provide up to 100 percent of the increased costs of the automatic fire detection, alarm, and sprinkler, if applicable, systems for school districts which qualify for hardship assistance pursuant to paragraph (1) of subdivision (b) of Section 17075.10.

(b) By July 1, 2003, the board shall review the adequacy of the per-pupil grant adjustments made pursuant to subdivision (a) and shall increase or decrease those adjustments as determined to be necessary.

(c) Any project submitted to the Division of the State Architect on or after September 1, 2001, that includes a qualifying fire detection, alarm, and sprinkler, if applicable, system, and that has not been fully funded prior to July 1, 2002, shall be eligible for grant or eligibility adjustments as set forth in this article. "

1 systems for school districts which qualify for hardship assistance. Subdivision (c)
2 requires that any project submitted to the Division of the State Architect on or after
3 September 1, 2001, that includes a qualifying fire detection, alarm, or sprinkler system,
4 and that has not been fully funded prior to July 1, 2002, shall be eligible for grant or
5 eligibility adjustments as set forth in this article.

6 ARTICLE 8. HARDSHIP APPLICATION

7 Chapter 33, Statutes of 2002, Section 17, amended Education Code Section
8 17075.10³¹⁶. Subdivision (a) provides that a school district shall, as may be necessary,

³¹⁶ Education Code Section 17075.10, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 17:

“(a) A school district may apply for hardship assistance in cases of extraordinary circumstances.

(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).

(1) Demonstrate both of the following:

(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.

(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.

(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities.

(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction, or modernization, hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.”

1 apply for hardship assistance in cases of extraordinary circumstances. Subdivision (b)
2 requires a school district applying for hardship state funding under this article to comply
3 with either paragraph (1) or (2). Paragraph (1) requires a demonstration that due to
4 extreme financial, disaster-related, or other hardship the school district has unmet need
5 for pupil housing. The school district must also demonstrate that it is not financially
6 capable of providing the matching funds otherwise required for state participation, that
7 the district has made all reasonable efforts to impose all levels of local debt capacity
8 and development fees, and that the school district is, therefore, unable to participate in
9 the program pursuant to this chapter except as set forth in this article. Alternatively,
10 paragraph (2) requires a demonstration that due to unusual circumstances that are
11 beyond the control of the district, excessive costs need to be incurred in the
12 construction of school facilities. Subdivision (c) states that the board shall review the
13 increased costs that may be uniquely associated with urban construction and shall
14 adjust the per-pupil grant for new construction, or modernization, hardship applications
15 as necessary to accommodate those costs. The board shall adopt regulations setting
16 forth the standards, methodology, and a schedule of allowable adjustments, for the
17 urban adjustment factor established pursuant to this subdivision.

18 Chapter 33, Statutes of 2002, Section 18, amended Education Code Section
19 17075.15³¹⁷. Subdivision (a) requires that funds available from any bond act for the

³¹⁷ Education Code Section 17075.15, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 18:

(a) From funds available from any bond act for the purpose of funding facilities for school districts with a financial hardship, the board may provide other construction, modernization, or relocation assistance as set forth in this chapter or Chapter 14 (commencing with Section 17085) to the extent that severe circumstances may require, and may adjust or defer the local financial participation, as pupil health and safety considerations require to the extent that bond act funds are provided for this purpose.

(b) The board shall adopt regulations for determining the amount of funding that may be provided to a district, and the eligibility and prioritization of funding, under this article.

(c) ~~The regulations shall include a method for determining~~ define the amount, and sources, of financing that the school district could reasonably provide for school facilities. Further, the regulations shall also specify a method for determining required levels of local effort to obtain matching funds as follows:

(1) Unencumbered funds available in all facility accounts in the school district including, but not limited to, fees on development, redevelopment funds, sale proceeds from surplus property, funds generated by certificates of participation for facility purposes, bond funds, federal grants, and other funds available for school facilities, as the board may determine.

(2) The board may exclude from consideration all funds encumbered for a specific capital outlay purpose, a reasonable amount for interim housing, and other funds that the board may find are not reasonably available for the project.

(d) Further, the regulations shall also specify a method for determining required levels of local effort to obtain matching funds. The regulations shall include consideration of at least all of the following factors:

(1) Whether the school district has passed a bond measure within the two-year period immediately preceding the application for funding under this article, the proceeds of which are substantially available for use in the project to be funded under this chapter, but remains unable to provide the necessary matching share requirement.

(2) Whether the school district has a current outstanding bonded indebtedness, which shall include general obligation bonds, Mello-Roos bonds, school facility improvement district bonds, certificates of participation, and other debt instruments upon which the school district is paying a debt service, of at least 60 percent of the school district's total bonding capacity, as determined by the board.

(3) Whether the total bonding capacity, as defined in Section 15102 or 15106, as applicable, is five million dollars (\$5,000,000) or less, in which case, the school district shall be deemed eligible for financial hardship.

(4) Whether the application for funding under this article is from a county superintendent of schools.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 purpose of funding facilities for school districts with a financial hardship, shall, as
2 necessary, be allocated to provide other construction, modernization, or relocation
3 assistance as set forth in this chapter or Chapter 14 "State Relocatable Classroom Law
4 of 1979" (commencing with Section 17085) to the extent that severe circumstances
5 may require. The board shall, as may be necessary, adjust or defer the local financial
6 participation, as pupil health and safety considerations require to the extent that bond
7 act funds are provided for this purpose. Subdivision (b) requires the board to adopt
8 regulations for determining the amount of funding that may be provided to a district, and
9 the eligibility and prioritization of funding, under this article. Subdivision (c) requires the
10 regulations to define the amount, and sources, of financing that the school district could
11 reasonably provide for school facilities as follows:

12 (1) Unencumbered funds available in all facility accounts in the school district
13 including, but not limited to, fees on development, redevelopment funds, sale
14 proceeds from surplus property, funds generated by certificates of participation
15 for facility purposes, bond funds, federal grants, and other funds available for
16 school facilities, as the board may determine;

17 (2) The board shall exclude from consideration all funds encumbered for a
18 specific capital outlay purpose, a reasonable amount for interim housing, and

(5) Whether the school district submits other evidence of substantial local effort acceptable to the board.

(6) The value of any unused local general obligation debt capacity, and developer fees added to the needs analysis to reflect the district's financial hardship, available for the purposes of school facilities financing. "

1 other funds that the board may find are not reasonably available for the project.

2 Subdivision (d) requires that the regulations also specify a method for determining
3 required levels of local effort to obtain matching funds. The regulations shall include
4 consideration of the following factors:

5 (1) Whether the school district has passed a bond measure within the two-year
6 period immediately preceding the application for funding under this article, the
7 proceeds of which are substantially available for use in the project to be funded
8 under this chapter, but remains unable to provide the necessary matching share
9 requirement;

10 (2) Whether the school district has a current outstanding bonded indebtedness,
11 which shall include general obligation bonds, Mello-Roos bonds, school facility
12 improvement district bonds, certificates of participation, and other debt
13 instruments upon which the school district is paying a debt service, of at least 60
14 percent of the school district's total bonding capacity, as determined by the
15 board;

16 (3) Whether the total bonding capacity, as defined in Section 15102 or 15106, as
17 applicable, is five million dollars (\$5,000,000) or less, in which case, the school
18 district shall be deemed eligible for financial hardship;

19 (4) Whether the application for funding under this article is from a county
20 superintendent of schools;

21 (5) Whether the school district submits other evidence of substantial local effort

1 acceptable to the board; and

2 (6) The value of any unused local general obligation debt capacity, and
3 developer fees added to the needs analysis to reflect the district's financial
4 hardship, available for the purposes of school facilities financing.

5 ARTICLE 9. PROGRAM ACCOUNTABILITY

6 Chapter 33, Statutes of 2002, Section 19, amended Education Code Section
7 17076.10³¹⁸. Subdivision (a) requires a school district that has received any funds

³¹⁸ Education Code Section 17076.10, added by Chapter 407, Statutes of 1998, Section 4, as amended by Chapter 33, Statutes of 2002, Section 19:

“(a) A school district that has received any funds pursuant to this chapter shall submit a summary report of expenditure of state funds and of district matching funds annually until all state funds and district matching funds are expended, and shall then submit a final report to the board. The board may require an audit of these reports or other district records to ensure that all funds received pursuant to this chapter are expended in accordance with program requirements.

(b) If the board finds that a participating school district has made no substantial progress towards increasing its pupil capacity or modernizing its facilities within 18 months of the receipt of any funding pursuant to this chapter, the board shall rescind the apportionment in an amount equal to the unexpended funds.

(c) If the board, after the review of expenditures or audit has been conducted pursuant to subdivision (a), determines that a school district failed to expend funds in accordance with this chapter, the department shall notify the school district of the amount that must be repaid to the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, or the 2004 State School Facilities Fund, as the case may be, within 60 days. If the school district fails to make the required payment within 60 days, the department shall notify the Controller and the school district in writing, and the Controller shall deduct an amount equal to the amount received by the school district under this subdivision, from the school district's next principal apportionment or apportionments of state funds to the school district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution. Any amounts obtained by the Controller shall be deposited into the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, or the 2004 State School Facilities Fund, as appropriate.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 pursuant to this chapter to submit a summary report of expenditure of state funds and
2 of district matching funds annually until all state funds and district matching funds are
3 expended. The school district must then submit a final report to the board. The board
4 shall, as may be necessary, require an audit of these reports or other district records to
5 ensure that all funds received pursuant to this chapter are expended in accordance with
6 program requirements. Subdivision (b) requires the board to rescind the apportionment
7 in an amount equal to the unexpended funds if the board finds that a participating
8 school district has made no substantial progress towards increasing its pupil capacity or
9 modernizing its facilities within 18 months of the receipt of any funding pursuant to this
10 chapter. Subdivision (c) provides that if the board, after the review of expenditures or
11 audit has been conducted pursuant to subdivision (a), determines that a school district
12 failed to expend funds in accordance with this chapter, the department shall notify the
13 school district of the amount that must be repaid to the 1998 State School Facilities
14 Fund, the 2002 State School Facilities Fund, or the 2004 State School Facilities Fund,
15 as the case may be, within 60 days. If the school district fails to make the required
16 payment within 60 days, the department shall notify the Controller and the school
17 district in writing, and the Controller shall deduct an amount equal to the amount
18 received by the school district under this subdivision, from the school district's next

(d) If a school district has received an apportionment, but has not met the criteria to have funds released pursuant to Section 17072.32 or 17074.15 within a period established by the board, but not to exceed 18 months, the board shall rescind the apportionment and deny the district's application. "

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 principal apportionment or apportionments of state funds to the school district, other
2 than basic aid apportionments required by Section 6 of Article IX of the California
3 Constitution (providing for minimum salary requirements teachers, minimum state
4 allocated funds for each student, and certain retirement funds). Any amounts obtained
5 by the Controller shall be deposited into the 1998 State School Facilities Fund, the
6 2002 State School Facilities Fund, or the 2004 State School Facilities Fund, as
7 appropriate. Subdivision (d) requires the board to rescind the apportionment and deny
8 the district's application if a school district has received an apportionment, but has not
9 met the criteria to have funds released pursuant to Section 17072.32 or 17074.15 within
10 a period established by the board, but not to exceed 18 months.

11 Chapter 133, Statutes of 1999, Section 1, added Education Code Section
12 17076.11 to require that "any school district using funds allocated pursuant to this
13 chapter for the construction or modernization of a school building, shall have a
14 participation goal of at least 3 percent, per year, of the overall dollar amount expended
15 each year by the school district, for disabled veteran business enterprises."

16 ARTICLE 10. SCHOOL PROJECT SAFETY COMPONENTS

17 Chapter 709, Statutes of 1999, Section 1, added Education Code Section
18 17077.10³¹⁹. Subdivision (a) provides that eventually pupil safety will be enhanced by

³¹⁹ Education Code Section 17077.10, added by Chapter 709, Statutes of 1999,
Section 1:

"(a) It is a goal of the Legislature to eventually enhance pupil safety by equipping
all elementary and secondary school classrooms with a telephone hook connected to a

1 equipping all elementary and secondary school classrooms with a telephone hook
2 connected to a public switched network. Subdivision (b) requires that schools should,
3 as may be necessary, be integrated into local emergency, information, and interagency
4 health and safety, networks with up-to-date telecommunications systems in order to
5 protect the safety of pupils. Connection to these systems would also facilitate
6 community and parent interaction with teachers and schools, and thereby further
7 enhance pupil safety. Subdivision (c) defines "school building" to mean and include
8 any building used, or designed to be used, for elementary or secondary school

public switched network.

(b) The Legislature finds and declares that as of 1999, there are approximately 205,000 classrooms in California's elementary and secondary schools and only a small, undetermined percentage of these classrooms have telephones. The Legislature finds and declares that in order to protect the safety of pupils, schools should be integrated into local emergency, information, and interagency health and safety, networks with up-to-date telecommunications systems. Connection to these systems would also facilitate community and parent interaction with teachers and schools, and thereby further enhance pupil safety.

(c) "School building" as used in this section means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or by any city or city and county, or by any political subdivision, or by any school district of any kind within the state, or by any regional occupational center or program, established by or authorized to act by any agreement under joint exercise of power, or by the United States government, or any agency thereof. This definition includes any fabrication, construction, or alteration of a relocatable school building.

(d) Commencing with applications submitted on or after January 1, 2000, any school district applying for funding pursuant to this chapter shall include in its plans and specifications for the construction or fabrication of a new or modernized school building, that includes the construction or fabrication of new or modernized classrooms, a hard-wired connection to a public switched telephone network in each new or modernized classroom. However, a school district may meet this requirement by utilizing wireless technology equal to a hard-wired connection to a public switched telephone network."

1 purposes and constructed, reconstructed, altered, or added to, by the state or by any
2 city or city and county, or by any political subdivision, or by any school district of any
3 kind within the state, or by any regional occupational center or program, established by
4 or authorized to act by any agreement under joint exercise of power, or by the United
5 States government, or any agency thereof. This definition includes any fabrication,
6 construction, or alteration of a relocatable school building. Subdivision (d) requires all
7 school districts applying for funding pursuant to this chapter, with an application
8 submitted on or after January 1, 2000, to include in their plans and specifications for the
9 construction or fabrication of a new or modernized school building with the construction
10 or fabrication of new or modernized classrooms, a hard-wired connection to a public
11 switched telephone network in each new or modernized classroom. However, a school
12 district may meet this requirement by utilizing wireless technology equal to a hard-wired
13 connection to a public switched telephone network.

14 ARTICLE 10.5. ENERGY EFFICIENCY

15 Chapter 33, Statutes of 2002, Section 2, renumbered Education Code Section
16 17077.30³²⁰. Subdivision (a) requires the applicant school district to certify, as part of its

³²⁰ Former Education Code Section 17077.10, added by Chapter 981, Statutes of 1999, Section 1, renumbered as Section 17077.30 to avoid duplicate code sections by Chapter 33, Statutes of 2002, Section 21:

“(a) As part of the requirements for submission of an application to the State Allocation Board for funding pursuant to this chapter for any new construction or modernization project, the applicant school district may, at the time of submission of the final drawings to the Division of the State Architect, certify that an energy analysis and report has been prepared that sets forth the utility savings that would be generated if

1 application to the State Allocation Board for funding pursuant to this chapter for any
2 new construction or modernization project at the time of submission of the final
3 drawings to the Division of the State Architect, that an energy analysis and report has
4 been prepared that sets forth the utility savings that would be generated if the facilities
5 were designed, constructed, and equipped, with the energy efficiency and renewable
6 technologies that would make the facilities exceed the minimum building
7 energy-efficiency standards mandated for new public buildings pursuant to the latest
8 edition of the California Building Standards Code through the use of energy efficiency
9 and renewable energy technologies. Subdivision (b) requires the energy analysis and

the facilities were designed, constructed, and equipped, with the energy efficiency and renewable technologies that would make the facilities exceed the minimum building energy-efficiency standards mandated for new public buildings pursuant to the latest edition of the California Building Standards Code through the use of energy efficiency and renewable energy technologies.

(b) The energy analysis and report shall include a verifiable life-cycle cost analysis for each proposed energy conservation measure and renewable energy that may include, but need not be limited to, photovoltaic parking lot and security lighting, and solar swimming pool and domestic water heating, showing a return on investment of less than 15 years.

(c) The cost of the energy analyses and reports shall not exceed:

(1) Seven thousand five hundred dollars (\$7,500) per project for elementary schools.

(2) Ten thousand dollars (\$10,000) per project for middle schools.

(3) Fifteen thousand dollars (\$15,000) per project for high schools.

(d) An applicant school district may count the following funds or expenditures toward meeting the local matching funds requirement under this chapter:

(1) The amount from any local sources actually expended on the project by the applicant school district for an energy audit.

(2) The amount actually applied to the project from any incentive, grant, or rebate, received by the applicant school district from a program funded pursuant to Section 381 of the Public Utilities Code."

1 report to include a verifiable life-cycle cost analysis for each proposed energy
2 conservation measure and renewable energy that may include, but need not be limited
3 to, photovoltaic parking lot and security lighting, and solar swimming pool and domestic
4 water heating, showing a return on investment of less than 15 years. Subdivision (c)
5 prohibits the cost of the energy analyses and reports from exceeding: (1) Seven
6 thousand five hundred dollars (\$7,500) per project for elementary schools; (2) Ten
7 thousand dollars (\$10,000) per project for middle schools; or (3) Fifteen thousand
8 dollars (\$15,000) per project for high schools. Subdivision (d) requires an applicant
9 school district to, as may be necessary, count the following funds or expenditures
10 toward meeting the local matching funds requirement under this chapter: (1) the
11 amount from any local sources actually expended on the project by the applicant school
12 district for an energy audit, and (2) the amount actually applied to the project from any
13 incentive, grant, or rebate, received by the applicant school district from a program
14 funded pursuant to Section 381 of the Public Utilities Code.

15 Chapter 33, Statutes of 2002, Section 22, added Education Code Section
16 17077.35. Subdivision (a) requires that "an applicant school district may include plan
17 design and other project components that seek school facility energy efficiency
18 approaching the ultimate goal of school facility energy self-sufficiency, and may seek a
19 grant adjustment for the state's share of the increased costs associated with those
20 components." Subdivision (b) provides that energy efficiency components that are
21 eligible for inclusion into a project pursuant to this section include, but are not limited to,

1 conservation, load reduction technologies, peakload shifting, solar water heating
2 technologies, the use of ground source temperatures for heating and cooling,
3 photovoltaics, and technologies that meet the emerging technology eligibility criteria
4 established by the State Energy Resources Conservation and Development
5 Commission. A project that received funding from the renewable energy program
6 administered by the State Energy Resources Conservation and Development
7 Commission is not eligible for a grant adjustment under this section. Subdivision (c)
8 requires that "in order to be eligible for the grant adjustment pursuant to this section, the
9 building proposed for the project, including the energy-efficiency and renewable energy
10 measures utilized pursuant to this section, shall exceed the nonresidential building
11 energy-efficiency standards by an amount not less than 15 percent for new construction
12 projects and not less than 10 percent for modernization projects, and shall be shown to
13 provide sufficient energy savings to return the cost of the initial investment in the project
14 over a period not to exceed seven years. The applicant shall certify that the cost for the
15 project exceeds the amount of funding otherwise available to the applicant under this
16 chapter." Subdivision (d) requires that "the board shall provide an applicant for a new
17 construction or modernization project with a grant adjustment to provide an increase not
18 to exceed 5 percent of its state grants authorized by Sections 17072.10 and 17074.10
19 for the state's share of costs associated with design and other plan components related
20 to school facility energy efficiency as set forth in this article."
21

1 ARTICLE 10.6 JOINT-USE FACILITIES

2 Chapter 33, Statutes of 2002, Section 23, added Education Code Section
3 17077.40³²¹. Subdivision (a) requires that the board shall, as may be necessary,
4 provide a grant, from funds made available for the purposes of this article, to fund
5 joint-use projects to construct facilities on kindergarten to grade 12, inclusive,
6 schoolsites. Subdivision (b) requires a school district, as may be necessary, to apply to
7 the board for funding under this article for a project that meets any of the following
8 criteria:

³²¹ Education code Section 17077.40, added by Chapter 33, Statutes of 2002,
Section 23:

“(a) With funds made available for the purposes of this article, the board may provide a grant to fund joint-use projects to construct facilities on kindergarten to grade 12, inclusive, schoolsites.

(b) A school district may apply to the board for funding under this article for a project that meets any of the following criteria:

(1) The joint-use project is a part of an application for new construction funding under this chapter, and is for the purpose of providing facilities to be used for a kindergarten to grade 12/higher education collaborative effort for any of the following purposes:

(A) To improve pupil academic achievement.

(B) To provide teacher education.

(C) To provide childcare facilities.

(2) The joint-use project is part of an application for new construction funding under this chapter, and will increase the size or extra cost associated with the joint use of the proposed multipurpose room, gymnasium, childcare facility, or library beyond that necessary for school use.

(3) The joint-use project is for a kindergarten to grade 12/higher education collaborative effort to improve academic achievement or provide teacher education, or a multipurpose room, gymnasium, library, or childcare facility, and the project will be located at a school that does not have the type of facility for which funds are requested or the existing facility is inadequate. “

1 (1) The joint-use project is a part of an application for new construction funding
2 under this chapter, and is for the purpose of providing facilities to be used for a
3 kindergarten to grade 12/higher education collaborative effort to improve pupil
4 academic achievement, to provide teacher education, or to provide childcare
5 facilities;

6 (2) The joint-use project is part of an application for new construction funding
7 under this chapter, and will increase the size or extra cost associated with the
8 joint use of the proposed multipurpose room, gymnasium, childcare facility, or
9 library beyond that necessary for school use; or

10 (3) The joint-use project is for a kindergarten to grade 12/higher education
11 collaborative effort to improve academic achievement or provide teacher
12 education, or a multipurpose room, gymnasium, library, or childcare facility, and
13 the project will be located at a school that does not have the type of facility for
14 which funds are requested or the existing facility is inadequate.

15 Chapter 33, Statutes of 2002, Section 23, added Education Code Section
16 17077.42 to provide that "in order to be approved for a grant under this article, the
17 applicant district shall demonstrate that it has complied with all of the following: (a) the
18 school district has entered into a joint-use agreement with a governmental agency,
19 public community college, public college or public university, or a nonprofit organization
20 approved by the board; (b) the joint-use agreement specifies the method of sharing
21 capital and operating costs, specifies relative responsibilities for the operation and

1 staffing of the facility, and specifies the manner in which the safety of the pupils will be
2 ensured; (c) the joint-use partner has agreed to provide matching funds for 50 percent
3 of the eligible costs under this article; (d) the school district demonstrates that the
4 facility will be used to the maximum extent possible for both school and community
5 purposes, or both school and higher education purposes, as applicable; (e)(1) the
6 project application qualifies for funding under paragraph (1) or (2) of subdivision (b) of
7 Section 17077.40 and the school district has received all approvals necessary for
8 apportionment under this chapter, (2) the project qualifies for funding under paragraph
9 (3) of subdivision (b) of Section 17077.40 and the school district has completed
10 preliminary plans for the project and has received State Department of Education
11 approval of the plans. “

12 Chapter 935, Statutes of 2002, Section 11, amended Education Code Section
13 17077.45³²². Subdivision (a) requires the board to establish standards for determining

³²² Education Code Section 17077.45, added by Chapter 33, Statutes of 2002, Section 23, as amended by Chapter 935, Statutes of 2002, Section 11:

“(a) The board shall establish standards for determining the amount of the supplemental grant funding to be made available for each project under this article.

(1) For a project application qualifying for funding under paragraph (1) or (2) of subdivision (b) of Section 17077.40, the supplemental grant shall be in the form of an adjustment to the per-pupil eligibility of the project. This per-pupil eligibility adjustment shall be calculated to cover costs associated with the project that are uniquely related to the joint-use nature of the project, including, but not limited to, any increased costs associated with planning the joint-use aspect of the project.

(2) For a project application qualifying under paragraph (3) of subdivision (b), the supplemental grant may be provided without regard to the existence of per-pupil eligibility pursuant to this chapter, and may be expressed on

1 the amount of the supplemental grant funding to be made available for each project
2 under this article. For a project application qualifying for funding under paragraph (1) or
3 (2) of subdivision (b) of Section 17077.40, the supplemental grant shall be in the form
4 of an adjustment to the per-pupil eligibility of the project, which shall be calculated to
5 cover costs associated with the project that are uniquely related to the joint-use nature
6 of the project. For a project application qualifying under paragraph (3) of subdivision
7 (b), the supplemental grant may be provided without regard to the existence of per-pupil
8 eligibility pursuant to this chapter, and may be expressed on per-square-foot cost basis,
9 on a per-pupil cost basis, or on a per-project cost basis. Subdivision (b) provides that
10 notwithstanding any other provision of this chapter, project costs may exceed the

per-square-foot cost basis, on a per-pupil cost basis, or on a per-project cost basis.

(b) Notwithstanding any other provision of this chapter, project costs may exceed the board's standards established pursuant to subdivision (a) only if the excess is paid completely by local or joint-use partner sources.

(c) On July 1 of each year the board shall apportion to qualifying applicant school districts those funds that it determines are available for the purpose of this article. The board shall not release funds to a qualifying applicant until the project plans have received all approval required pursuant to this chapter, including, but not limited to, the approval of the Division of the State Architect. If the project does not receive all necessary plan approvals within one year of the date of the apportionment, the board shall rescind the apportionment.

(d) If the total funding for the purposes of this article is not sufficient to fund all of the joint-use projects for funding under this article, the board shall fund projects eligible under paragraphs (1), (2), and (3) of subdivision (b) of Section 17077.40 in that order. The board may establish other priority standards within that order, as necessary.

(e) Except as expressly provided in this article, projects funded pursuant to this article shall comply with all other requirements of this chapter, except for Article 11 (commencing with Section 17078.10), which shall apply only to projects under this article if they also qualify for funding under Article 11 (commencing with Section 17078.10)."

1 board's standards established pursuant to subdivision (a) only if the excess is paid
2 completely by local or joint-use partner sources. Subdivision (c) requires that the board
3 apportion, on July 1 of each year, to qualifying applicant school districts those funds
4 that it determines are available for the purpose of this article. The board shall not
5 release funds to a qualifying applicant until the project plans have received all approval
6 required pursuant to this chapter, including, but not limited to, the approval of the
7 Division of the State Architect. If the project does not receive all necessary plan
8 approvals within one year of the date of the apportionment, the board shall rescind the
9 apportionment. Subdivision (d) requires the board to fund projects eligible under
10 paragraphs (1), (2), and (3) of subdivision (b) of Section 17077.40 in that order if the
11 total funding for the purposes of this article is not sufficient to fund all of the joint-use
12 projects for funding under this article. The board may establish other priority standards
13 within that order, as necessary. Subdivision (e) requires that except as expressly
14 provided in this article, projects funded pursuant to this article shall comply with all other
15 requirements of this chapter, except for Article 11 "Critically Overcrowded School
16 Facilities," which shall apply only to projects under this article if they also qualify for
17 funding under Article 11.

18 ARTICLE 11. CRITICALLY OVERCROWDED SCHOOL FACILITIES

19 Chapter 33, Statutes of 2002, Section 24, added Article 11 (commencing with
20 Section 17078.10) to Chapter 12.5 of Part 10 of the Education Code.

21 Chapter 33, Statutes of 2002, Section 24, added Education Code Section

1 17078.10³²³. Subdivision (a) requires the board to administer the Critically
2 Overcrowded School Facilities Program. Subdivision (e) establishes the 2002 Critically
3 Overcrowded School Facilities Account within the 2002 State School Facilities Fund,
4 and the 2004 Critically Overcrowded School Facilities Account within the 2004 State
5 School Facilities Fund. Funds reserved for the purposes of this article shall be placed,
6 as appropriate, in these account. The funds must be made available exclusively for
7 projects eligible under this article until the funds are made available for other purposes
8 of this chapter pursuant to Section 17078.30.

9 Chapter 33, Statutes of 2002, Section 24, added Education Code Section

³²³ Education Code Section 17078.10, added by Chapter 33, Statutes of 2002,
Section 24:

"(a) There is hereby established the Critically Overcrowded School Facilities Program to be administered by the board.

(b) For the purposes of this article, "preliminary application" means an application for a preliminary apportionment pursuant to this article.

(c) For the purposes of this article, "preliminary apportionment" means an apportionment made for eligible applicants with critically overcrowded schools in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to this chapter.

(d) For the purposes of this article, "final apportionment" has the same meaning as "apportionment" as set forth in subdivision (a) of Section 17070.15.

(e) There is hereby established the 2002 Critically Overcrowded School Facilities Account within the 2002 State School Facilities Fund, and the 2004 Critically Overcrowded School Facilities Account within the 2004 State School Facilities Fund, for the purposes of this article. Funds reserved for the purposes of this article shall be placed in those accounts, as appropriate, and shall be available exclusively for projects eligible under this article until the funds are made available for other purposes of this chapter pursuant to Section 17078.30."

1 17078.15³²⁴. Subdivision (d) prohibits a school district that elects to utilize
2 per-unhoused-pupil eligibility pursuant to this chapter to support a project pursuant to
3 this article, from simultaneously utilizing that same eligibility to support any other
4 application pursuant to this chapter.

5 Chapter 33, Statutes of 2002, Section 24, added Education Code Section
6 17078.18 to require that "projects funded under this article shall meet all of the following
7 criteria: (a) the project is a new construction project to build new pupil capacity to relieve
8 overcrowding; (b) the proposed school facility shall be located in the proposed general
9 location, as set forth in Section 17078.22, of the school or schools that have the

³²⁴ Education Code Section 177078.15, added by Chapter 33, Statutes of 2002,
Section 24:

"(a) Unless this article expressly provides otherwise, the provisions contained in
the other articles of this chapter shall apply with equal force to a project funded under
this article. This article shall control over the provisions of this chapter contained in
other articles only to the extent that this article expressly conflicts with those provisions.

(b) This article shall apply only to a project that is otherwise eligible under this
chapter and that meets both of the following criteria:

(1) The project meets the criteria set forth in Section 17078.18.

(2) The project is to be funded from the proceeds of state bonds approved
by the voters at the November 5, 2002, statewide general election, or the 2004
direct primary election or the 2004 statewide general election, as the case may
be, that were expressly reserved in the bond act or acts for the purposes set
forth in this article.

(c) The state share of project costs and the state per-unhoused-pupil new
construction apportionments for programs eligible under this article shall be equal to the
share and amounts otherwise provided by the board pursuant to this chapter, including,
but not limited to, any applicable adjustments or supplements otherwise authorized
pursuant to this chapter.

(d) A school district that elects to utilize per-unhoused-pupil eligibility pursuant to
this chapter to support a project pursuant to this article, shall not simultaneously utilize
that same eligibility to support any other application pursuant to this chapter."

1 conditions and pupils that establish the eligibility pursuant to this article as set forth in
2 subdivision (c); and (c) at least 75 percent of the projected pupil occupancy of the
3 project facilities shall come from a source school or source schools that have a site
4 pupil population density greater than 115 pupils per acre in grades kindergarten to six,
5 inclusive, or a site pupil population density greater than 90 pupils per acre in grades
6 seven to 12, inclusive, as determined by the Superintendent of Public Instruction using
7 enrollment data from the California Basic Educational Data System for the 2001-02
8 school year. For source schools with grades that include a combination of kindergarten
9 to six, inclusive, and seven to 12, inclusive, the controlling source schoolsite pupil
10 population density shall be the one applicable to the grade levels in which the majority
11 of the pupils are enrolled at the source school.”

12 Chapter 935, Statutes of 2002, Section 12, amended Education Code Section
13 17078.20³²⁵. Subdivision (a) requires that information be disseminated to school

³²⁵ Education Code Section 17078.20, added by Chapter 33, Statutes of 2002, Section 24, as amended by Chapter 935, Statutes of 2002, Section 12:

“(a) The board shall disseminate information to school districts regarding the availability of funding pursuant to this article and the appropriate deadlines for applications.

(b) Applicants for funding pursuant to this article shall submit preliminary applications to the board.

(c) The preliminary applications shall be submitted by May 1, 2003, for projects to be funded with the proceeds of bonds approved by the voters at the November 5, 2002, statewide general election.

(d) Preliminary applications shall be accepted by the board during the period between 60 days before and 120 days after, the 2004 direct primary election, or the 2004 statewide general election, as appropriate for projects to be funded with the proceeds of bonds approved by the voters at the 2004 direct primary election, or the

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 districts regarding the availability of funding pursuant to this article and the appropriate
2 deadlines for applications. Subdivision (b) requires applicants seeking funding pursuant
3 to this article to submit preliminary applications to the board. Subdivision (c) requires
4 that the preliminary applications be submitted by May 1, 2003, for projects to be funded
5 with the proceeds of bonds approved by the voters at the November 5, 2002, statewide
6 general election. Subdivision (d) provides that preliminary applications will be accepted
7 by the board during the period between 60 days before and 120 days after, the 2004
8 direct primary election, or the 2004 statewide general election, as appropriate for
9 projects to be funded with the proceeds of bonds approved by the voters at the 2004
10 direct primary election, or the 2004 statewide general election, as appropriate.

11 Subdivision (e) requires that if funds are insufficient to fully fund all of the preliminary
12 applicants, the board shall apportion first to those projects that would house pupils from
13 source schools with the highest pupil density levels relative to the State Department of
14 Education standards.

15 Chapter 33, Statutes of 2002, Section 24, added Education Code Section
16 17078.22³²⁶. Subdivision (a) requires that preliminary applications shall: (1) establish

2004 statewide general election, as appropriate.

(e) If funds are insufficient to fully fund all of the preliminary applicants, the board shall apportion first to those projects that would house pupils from source schools with the highest pupil density levels relative to the State Department of Education standards.”

³²⁶ Education Code Section 17078.22, added by Chapter 33, Statutes of 2002, Section 24:

1 per-unhoused-pupil eligibility as set forth in Article 3 "New Construction Eligibility
2 Determination," (2) identify the unhoused pupil population that the proposed project will
3 serve by determining the number of pupils to be served and the likely source school or
4 schools from which the pupils population will be drawn, (3) identify the proposed
5 general location of the needed new facilities, and (4) estimate the total facility cost on a
6 per-pupil basis and estimate the total site acquisition and development costs pursuant
7 to the regulations adopted pursuant to subdivision (c) of Section 17078.24. Subdivision
8 (b) provides that the State Department of Education shall, as may be necessary, grant

"(a) The preliminary applications shall do all of the following:

(1) Establish per-unhoused-pupil eligibility as set forth in Article 3
(commencing with Section 17071.75).

(2) Identify the unhoused pupil population that the proposed project will
serve by determining the number of pupils to be served and the likely source
school or schools from which the pupils population will be drawn.

(3) Identify the proposed general location of the needed new facilities
pursuant to any of the following:

(A) Within that portion of the attendance area from which one or
more elementary schools that would be a source of the per-pupil eligibility
for the proposed facility draws its enrollment, or within a one-mile radius of
a source school, or within a one-mile radius of any one of the source
schools if there are more than one, whichever is greater.

(B) Within the attendance area of a high school, middle school, or
junior high school that would be a source of the per-pupil eligibility for the
proposed facility or within a three-mile radius of a source school, or within
a three-mile radius of any one of the source schools if there are more than
one, whichever is greater.

(4) Estimate the total facility cost on a per-pupil basis and estimate the
total site acquisition and development costs pursuant to the regulations adopted
pursuant to subdivision (c) of Section 17078.24.

(b) The State Department of Education may grant a variance from the distance
maximums set forth in paragraph (3) of subdivision (a) if the school district
demonstrates to the satisfaction of the department that the variance is necessary in
order to adequately provide facilities for the identified source school pupils."

1 a variance from the distance maximums set forth in paragraph (3) of subdivision (a) if
2 the school district demonstrates to the satisfaction of the department that the variance
3 is necessary in order to adequately provide facilities for the identified source school
4 pupils.

5 Chapter 33, Statutes of 2002, Section 24, added Education Code Section
6 17078.24. Subdivision (a) requires that "on the basis of the preliminary application and
7 upon confirmation by the board of the applicant's eligibility, the board shall in a timely
8 manner make a preliminary apportionment for applicants under this article exclusively
9 from funds reserved expressly for the purposes of this article." Subdivision (b) requires
10 that "preliminary apportionments for site development and acquisition included in the
11 preliminary application pursuant to subdivision (a) of Section 17078.22 shall be based
12 either on the preliminary appraisal, if available, or on the median costs of appropriately
13 sized parcels within the qualifying area, as determined by the board." Subdivision (c)
14 requires that "preliminary apportionments shall include the total estimated state costs of
15 the project, including, but not limited to, site acquisition and development costs related
16 to evaluations and elimination of hazardous materials, an inflation factor, any applicable
17 excess cost allowances, and hardship costs, if any. The board shall adopt regulations
18 establishing standards and methods for setting these costs and for making related
19 estimates."

20 Chapter 33, Statutes of 2002, Section 24, added Education Code Section

1 17078.25³²⁷. Subdivision (a) requires that within the maximum time period set forth in
2 Section 17078.30 (providing that all funds reserved for the purposes of this article from
3 the proceeds of state bonds approved by the voters at the 2004 direct primary election
4 pursuant to preliminary apportionment that are not included within a final apportionment

³²⁷ Education Code Section 17078.28, added by Chapter 33, Statutes of 2002,
Section 24:

“(a) Within the maximum time period set forth in Section 17078.30, the applicant shall have a period of up to four years from the date of the preliminary apportionment in which to complete the application for final apportionment.

(b) The applicant may request a single one-year extension of the period set forth in subdivision (a). The board shall grant the request for the single one-year extension if it determines that the applicant has made substantial progress towards completing the requirements for filing an application for final apportionment. The board may grant only one one-year extension for the project and may only grant the extension if granting the extension would not, in total, cause the project to exceed the maximum time period set forth in Section 17078.30.

(c) The board shall adopt regulations setting forth standards for determining the existence of substantial progress within the meaning of subdivision (b).

(d) The governing board of a school district shall report annually to the State Allocation Board regarding the progress made toward completing the requirements for filing an application for final apportionment, and shall annually hold, at a regularly scheduled meeting of the governing board, a public hearing pursuant to the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code) to discuss, and to receive public comment regarding, the report.

(e) In its first annual report the governing board of the school district shall certify that the State Department of Education has determined in writing that there is at least one approvable site within the proposed general location of the proposed facility identified pursuant to paragraph (3) of subdivision (a) of Section 17078.22, or within the variance location authorized pursuant to subdivision (b) of Section 17078.22.

(f) If the applicant for the one-year extension pursuant to subdivision (b) has not made substantial progress to complete the application process within the allotted time period, the preliminary apportionment shall be rescinded and shall be utilized by the board for funding of other projects that have received a preliminary apportionment pursuant to this article, or at the expiration of the maximum time allowed pursuant to Section 17078.30, the board shall use the funds for any other new construction purpose of this chapter.”

1 shall thereafter be available to the board for apportionment for any new construction
2 purpose), the applicant shall have a period of up to four years from the date of the
3 preliminary apportionment in which to complete the application for final apportionment.
4 Subdivision (b) requires the applicant to request, as may be necessary, a single
5 one-year extension of the period set forth in subdivision (a). The board shall grant the
6 request for the single one-year extension if it determines that the applicant has made
7 substantial progress towards completing the requirements for filing an application for
8 final apportionment. The board may grant only one one-year extension for the project
9 and may only grant the extension if granting the extension would not, in total, cause the
10 project to exceed the maximum time period set forth in Section 17078.30. Subdivision
11 (c) requires the board to adopt regulations setting forth standards for determining the
12 existence of substantial progress within the meaning of subdivision (b). Subdivision (d)
13 requires the governing board of a school district to report annually to the State
14 Allocation Board regarding the progress made toward completing the requirements for
15 filing an application for final apportionment, and shall annually hold, at a regularly
16 scheduled meeting of the governing board, a public hearing to discuss, and to receive
17 public comment regarding, the report. Subdivision (e) requires the governing board of
18 the school district to certify in its first annual report that the State Department of
19 Education has determined in writing that there is at least one approvable site within the
20 proposed general location of the proposed facility identified pursuant to paragraph (3) of
21 subdivision (a) of Section 17078.22, or within the variance location authorized pursuant

1 to subdivision (b) of Section 17078.22. Subdivision (f) requires the preliminary
2 apportionment be rescinded and utilized by the board for funding other projects that
3 have received a preliminary apportionment pursuant to this article if the applicant for the
4 one-year extension pursuant to subdivision (b) has not made substantial progress
5 toward completing the application process within the allotted time period, or at the
6 expiration of the maximum time allowed pursuant to Section 17078.30. The board shall
7 use the funds for any other new construction purpose of this chapter.

8 Chapter 33, Statutes of 2002, Section 24, added Education Code Section
9 17078.27. Subdivision (a) requires that "upon completion of the preliminary process
10 authorized pursuant to this article, and when a preliminary applicant has complied with
11 the conditions set forth in this chapter for a final apportionment, including, but not
12 limited to, Section 17070.50 [providing that no funds will be apportioned to a school
13 district unless the applicant school district has certified that the services of any
14 architect, structural engineer, or other design professional for any work under the
15 project has been obtained and written approval of the State Department of Education
16 that the site selection, and building plans and specifications, comply with adopted
17 standards], the board shall adjust the preliminary apportionment as set forth in
18 subdivision (b) and as necessary to reflect the current eligible grant amounts for final
19 apportionments pursuant to this chapter consistent with regulations adopted pursuant to
20 subdivision (c) of Section 17078.24. The board shall then convert the adjusted
21 preliminary apportionment to a final apportionment and proceed to completion of the

1 project in the same manner as for any project funded under provisions of this chapter
2 other than this article.” Subdivision (b) requires that “the board may adjust for cost
3 increases only if uncommitted funds reserved expressly for the purposes of this article
4 remain available for those purposes.”

5 Chapter 935, Statutes of 2002, Section 12, amended Education Code Section
6 17078.30³²⁸. Subdivision (a) requires that a portion of the funds reserved for the

³²⁸ Education Code Section 17078.30, added by Chapter 33, Statutes of 2002, Section 24, as amended by Chapter 935, Statutes of 2002, section 12:

“(a) (1) A portion of the funds reserved for the purposes set forth in this article from the proceeds of state bonds approved by the voters at the November 5, 2002, statewide general election that are not included in a preliminary apportionment for an application that is received by the deadline specified in subdivision (c) of Section 17078.20 shall thereafter be available to the board for apportionment for any new construction purpose under any other article of this chapter.

(2) The amount of funds that shall be made available to the board for purposes other than this article, pursuant to this subdivision, shall be calculated as follows:

(A) Add the total amount preliminarily apportioned to 15 percent of that amount.

(B) Take the number calculated pursuant to subparagraph (A) and subtract that number from the amount originally reserved for the purposes of this article.

(C) The number calculated pursuant to subparagraph (B) shall thereafter be available to the board for any new construction purpose under any other article of this chapter.

(3) All funds reserved for the purposes set forth in this article from the proceeds of state bonds approved by the voters at the November 5, 2002, statewide general election pursuant to a preliminary apportionment that are not included within a final apportionment within the timeframes permitted by Section 17078.25 shall thereafter be available to the board for apportionment for any new construction purpose under any other article of this chapter.

(b) (1) A portion of the funds reserved for the purposes set forth in this article from the proceeds of state bonds approved by the voters at the 2004 direct

1 purposes set forth in this article from the proceeds of state bonds approved by the
2 voters at the November 5, 2002, statewide general election that are not included in a
3 preliminary apportionment for an application that is received by the deadline specified in
4 subdivision (c) of Section 17078.20 shall thereafter be available to the board for
5 apportionment for any new construction purpose under any other article of this chapter.
6 All funds reserved for the purposes set forth in this article from the proceeds of state
7 bonds approved by the voters at the November 5, 2002, statewide general election
8 pursuant to a preliminary apportionment that are not included within a final
9 apportionment within the timeframes permitted by Section 17078.25 shall thereafter be

primary election, or the 2004 statewide general election, as appropriate, that are not included in a preliminary apportionment for an application that is received by the deadline specified in subdivision (d) of Section 17078.20 shall thereafter be available to the board for apportionment for any new construction purpose under any other article of this chapter.

(2) The amount of funds that shall be made available to the board for purposes other than this article, pursuant to this subdivision, shall be calculated as follows:

(A) Add the total amount preliminarily apportioned to 15 percent of that amount.

(B) Take the number calculated pursuant to subparagraph (A) and subtract that number from the amount originally reserved for the purposes of this article.

(C) The number calculated pursuant to subparagraph (B) shall thereafter be available to the board for any new construction purpose under any other article of this chapter.

(3) All funds reserved for the purposes set forth in this article from the proceeds of state bonds approved by the voters at the 2004 direct primary election, or the 2004 statewide general election, as appropriate, pursuant to a preliminary apportionment that are not included within a final apportionment within the timeframes permitted by Section 17078.25 shall thereafter be available to the board for apportionment for any new construction purpose under any other article of this chapter."

1 available to the board for apportionment for any new construction purpose under any
2 other article of this chapter. Subdivision (b) provides that a portion of the funds
3 reserved for the purposes set forth in this article from the proceeds of state bonds
4 approved by the voters at the 2004 direct primary election, or the 2004 statewide
5 general election, that are not included in a preliminary apportionment for an application
6 that is received by the deadline specified in subdivision (d) of Section 17078.20 shall
7 thereafter be available to the board for apportionment for any new construction purpose
8 under any other article of this chapter. All funds reserved for the purposes set forth in
9 this article from the proceeds of state bonds approved by the voters at the 2004 direct
10 primary election pursuant to a preliminary apportionment that are not included within a
11 final apportionment within the timeframes permitted by Section 17078.25 shall
12 thereafter be available to the board for apportionment for any new construction purpose
13 under any other article of this chapter.

14 CHAPTER 13. TRANSFER OF EXCESS FUNDS

15 Chapter 277, Statutes of 1996, Section 2, added³²⁹ Education Code Section
16 17080. Subdivision (a) provides that " notwithstanding any other provision of law,
17 whenever moneys transferred to the General Fund each year from (1) moneys
18 deposited in the Public School Building Loan Fund pursuant to Section 15735, and (2)
19 moneys deposited in the State School Building Aid Fund pursuant to Section 16080,

³²⁹ Former Education Code Section 17780, (added by Chapter 282, Statutes of 1979, Section 8), relating to similar subject matter as new Section 17080, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 are in excess of the amounts required to reimburse the General Fund on account of
2 principal and interest due and payable for that fiscal year on all school building aid
3 bonds outstanding against the state, an amount equal to such excess is appropriated
4 from the General Fund for purposes of the Leroy F. Greene State School Building
5 Lease-Purchase Law of 1976 and Section 17584 [State School Deferred Maintenance].
6 The Controller shall transfer, as directed by the State Allocation Board, such
7 appropriated amount to the State School Building Lease-Purchase Fund and to the
8 State School Deferred Maintenance Fund, which is hereby established.” Subdivisions
9 (b) and (c) refer to the State School Deferred Maintenance Fund.

10 CHAPTER 14. EMERGENCY SCHOOL CLASSROOM LAW OF 1979

1 ARTICLE 1. GENERAL PROVISIONS

12 Chapter 277, Statutes of 1996, Section 2, added³³⁰ Education Code Section
13 17085 to state that “this chapter may be cited as the State Relocatable Classroom Law
14 of 1979.”

15 Chapter 277, Statutes of 1996, Section 2, added³³¹ Education Code Section
16 17086 to provide that “in adopting this chapter, the Legislature recognizes that the ad
17 valorem tax is no longer available as a source of revenue for the construction of

³³⁰ Former Education Code Section 17785, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17085, was repealed by Chapter 277, Statutes of 1996, Section 1.

³³¹ Former Education Code Section 17786, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17086, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 necessary school facilities. The Legislature considers that the greatest need in school
2 construction is for classrooms for the education of public school pupils. It is the intent
3 of the Legislature to satisfy this primary need to the greatest extent possible before
4 providing any additional educational facilities, regardless of how desirable such
5 additional facilities may be.”

6 Chapter 277, Statutes of 1996, Section 2, added³³² Education Code Section
7 17087 to define the terms “as used in this chapter: (a) "Board" means the State
8 Allocation Board; (b) "State School Building Aid Fund" means that fund established
9 pursuant to Section 16096; and (c) "Lessee" means a school district or county
10 superintendent of schools to whom the board has leased a portable classroom pursuant
11 to this chapter.”

12 Chapter 277, Statutes of 1996, Section 2, added³³³ Education Code Section
13 17088³³⁴ to establish the powers and duties granted to the board under this chapter.

³³² Former Education Code Section 17787, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17087, was repealed by Chapter 277, Statutes of 1996, Section 1.

³³³ Former Education Code Section 17788, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17088, was repealed by Chapter 277, Statutes of 1996, Section 1.

³³⁴ Education Code Section 17088, added by Chapter 277, Statutes of 1996, Section 2:

“In addition to any other powers and duties as are granted the board by this chapter, other statutes, or the State Constitution, the board has the power to do each of the following:

(a) Establish any qualifications not in conflict with other provisions of this chapter,

1 Chapter 277, Statutes of 1996, Section 2, added³³⁵ Education Code Section
2 17088.3. Subdivision (a) requires that "no school district shall qualify for the lease
3 under this chapter, after January 1, 1990, of one or more portable classrooms except
4 upon submitting a study examining the feasibility of implementing in the district a
5 year-round multitrack educational program that is designed to increase pupil capacity in
6 the district by at least 20 percent." Subdivision (b) requires that "emergency or urgency
7 conditions within a school district shall constitute grounds for approval by the board,

as it deems will best serve the purposes of this chapter, for determining the eligibility of school districts and county superintendents of schools to lease portable classrooms under this chapter.

(b) Establish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(c) Adopt any rules and regulations for the administration of this chapter requiring such procedure, forms, and information, as it may deem necessary.

(d) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place, portable classrooms on schoolsites where needed.

(e) Own, have maintained, and lease portable classrooms to qualifying school districts and county superintendents of schools.

(f) From any moneys in the State School Building Aid Fund available for purposes of this chapter, the board shall make available to the Director of General Services such amounts as it determines necessary to provide the assistance, pursuant to this chapter, required by Section 15504 of the Government Code.

(g) Notwithstanding any other provision of law, from any funds available to the board, the board may, no later than January 15 of any year, make available to the Director of General Services up to thirty-five million dollars (\$35,000,000) for expenditure in the subsequent school year. It is the intent of the Legislature that this allocation be annually funded from an appropriation made for this purpose by the Legislature in the Budget Act for the fiscal year in which the board is to act to make that funding available. These funds shall be utilized to purchase portable classrooms for the purposes of this section."

³³⁵ Former Education Code Section 17788.3, (added by Chapter 1246, Statutes of 1987, Section 3) relating to similar subject matter as Section 17088.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 pending submission of the report.” Subdivision (c) requires that “subdivision (a) does
2 not apply to facilities that are designated as uninhabitable after July 1, 1989, due to fire
3 or other health or safety conditions.” Subdivision (d) requires that “subdivision (a) does
4 not apply to a school district for leases or subleases under this chapter for the purpose
5 of providing facilities, pursuant to subdivision (c) of Section 17091, for licensed child
6 day care programs or recreation or enrichment activities or programs for schoolage
7 children.”

8 Chapter 277, Statutes of 1996, Section 2, added³³⁶ Education Code Section
9 17088.5³³⁷. Subdivision (a) allows the board to empower any lessee to act as its agent

³³⁶ Former Education Code Section 17788.5, (added by Chapter 886, Statutes of 1986, Section 24) relating to similar subject matter as Section 17088.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

³³⁷ Education Code Section 17088.5, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The board may empower any lessee to act as its agent in the performance of acts authorized under this chapter with regard to portable classrooms to be made available to that lessee, including, but not necessarily limited to, contracting for architectural and construction services and purchasing furniture and equipment.

(b) In addition, where any qualifying school district or county superintendent of schools is deemed by the board to be eligible under this chapter for the lease of portable classrooms, but adequate funds are not at that time available to the board for the purchase of those classrooms, the board may authorize the school district or county superintendent of schools to purchase portable classrooms, to the extent of that eligibility, pursuant to the following conditions:

(1) The portable classrooms are purchased under a procedure determined by the board, pursuant to either a bidding process implemented by the school district or county superintendent of schools or by the State Office of Procurement.

(2) To the extent that funding for purposes of this chapter is subsequently made available to the board, the board shall purchase the portable classroom or

1 in the performance of acts authorized under this chapter with regard to portable
2 classrooms to be made available to that lessee, including, but not necessarily limited to,
3 contracting for architectural and construction services and purchasing furniture and
4 equipment. Subdivision (b) provides that where any qualifying school district or county
5 superintendent of schools is deemed for the lease of portable classrooms, but
6 adequate funds are not at that time available to the board for the purchase of those
7 classrooms, the board shall, as may be necessary, authorize the school district or
8 county superintendent of schools to purchase portable classrooms, to the extent of that
9 eligibility if:

10 (1) The portable classrooms are purchased under a procedure determined by
11 the board, pursuant to either a bidding process implemented by the school
12 district or county superintendent of schools or by the State Office of
13 Procurement; and

14 (2) To the extent that funding for purposes of this chapter is subsequently made
15 available to the board, the board shall purchase the portable classroom or

classrooms from the school district or county superintendent of schools, for lease to that entity under this chapter, for an amount, not to exceed the purchase price the board determines it would have paid for the classroom or classrooms at the time they were acquired pursuant to paragraph (1), as necessary to reimburse the school district or county superintendent of schools for the purchase price, less the amount that would have been charged to the school district or county superintendent of schools for the lease of the classroom or classrooms under Section 17089 from the date of purchase. The sale of the portable classroom or classrooms under this paragraph shall be at the discretion of the school district or county superintendent of schools."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 classrooms from the school district or county superintendent of schools, for lease
2 to that entity under this chapter, for an amount, not to exceed the purchase price
3 the board determines it would have paid for the classroom or classrooms at the
4 time they were acquired pursuant to paragraph (1), as necessary to reimburse
5 the school district or county superintendent of schools for the purchase price,
6 less the amount that would have been charged to the school district or county
7 superintendent of schools for the lease of the classroom or classrooms under
8 Section 17089 from the date of purchase. The sale of the portable classroom or
9 classrooms under this paragraph shall be at the discretion of the school district
10 or county superintendent of schools.

11 Chapter 277, Statutes of 1996, Section 2, added³³⁸ Education Code Section
12 17088.7³³⁹. Subdivision (a) requires that any school district, or, under a joint powers

³³⁸ Former Education Code Section 17788.7, (added by Chapter 667, Statutes of 1989, Section 1) relating to similar subject matter as Section 17088.7, was repealed by Chapter 277, Statutes of 1996, Section 1.

³³⁹ Education Code Section 17088.7, added by Chapter 277, Statutes of 1996, Section 2:

“(a) Any school district, or, under a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, any combination of one or more school districts or county superintendents of schools, may, to the extent of the eligibility of the school district or of the parties to the joint powers agreement to lease portable classrooms under this chapter, purchase portable classrooms as provided in this section.

(b) The number of portable classrooms which may be purchased pursuant to this section, on a statewide basis, shall not exceed 200 in any given year, and shall not exceed 600 in total. Portable classrooms purchased prior to September 22, 1989, are exempt from the yearly limit of 200, but shall be counted towards the total limit of 600.

1 agreement, any combination of one or more school districts or county superintendents
2 of schools, shall, to the extent of the eligibility of the school district or of the parties to
3 the joint powers agreement to lease portable classrooms under this chapter, purchase
4 portable classrooms as provided in this section. Subdivision (b) limits the number of
5 portable classrooms which may be purchased pursuant to this section, on a statewide
6 basis, to not exceed 200 in any given year, and shall not exceed 600 in total. Portable
7 classrooms purchased prior to September 22, 1989, are exempt from the yearly limit of
8 200, but shall be counted towards the total limit of 600. Subdivision (c) provides that
9 the purchase costs of the portable classrooms, which include costs of site preparation,

(c) The purchase costs of the portable classrooms, which include costs of site preparation, furniture and equipment, toilet facilities as described in Section 65980 of the Government Code, and the transportation of classrooms, may be funded from revenues received by the school district or districts pursuant to Section 17620. The purchase shall comply with any procedures and policies established by the board under this chapter for the purchase of portable classrooms. All portable classrooms purchased pursuant to this section are the property of the state.

(d) The board shall lease the portable classrooms purchased pursuant to the authority granted in this section to the purchaser, as described in subdivision (a), in accordance with this chapter, including applicable eligibility standards, and the purchase costs paid shall be credited toward the rent the purchaser would otherwise be required to pay under this chapter as a lessee.

(e) In the event that the purchase of portable classrooms under this section occurs pursuant to a joint powers agreement, as described in subdivision (a), the agreement shall identify the school district or districts and county superintendent or superintendents of schools that are party to the agreement, identify the district or districts providing the revenues, specify the manner in which the revenues are to be expended, and specify the distribution of portable classrooms subsequent to purchase, which distribution shall be in accordance with the eligibility requirements of this chapter. The agreement shall be subject to approval of the board, pursuant to subdivision (b) and any applicable procedures and policies established by the board under this chapter.”

1 furniture and equipment, toilet facilities, and the transportation of classrooms, may be
2 funded from revenues received by the school district or districts pursuant to Section
3 17620 (providing the circumstances for levies against development projects by school
4 districts). The purchase shall comply with any procedures and policies established by
5 the board under this chapter. All portable classrooms purchased pursuant to this
6 section are the property of the state. Subdivision (d) requires the board to lease the
7 portable classrooms purchased pursuant to the authority granted in this section to the
8 purchaser, as described in subdivision (a), in accordance with this chapter, including
9 applicable eligibility standards, and the purchase costs paid shall be credited toward the
10 rent the purchaser would otherwise be required to pay under this chapter as a lessee.
11 Subdivision (e) requires the agreement, in the event that the purchase of portable
12 classrooms under this section occurs pursuant to a joint powers agreement, as
13 described in subdivision (a), identify the school district or districts and county
14 superintendent or superintendents of schools that are party to the agreement, identify
15 the district or districts providing the revenues, specify the manner in which the revenues
16 are to be expended, and specify the distribution of portable classrooms subsequent to
17 purchase, which distribution shall be in accordance with the eligibility requirements of
18 this chapter. The agreement shall be subject to board approval, pursuant to subdivision
19 (b) and any applicable procedures and policies established by the board under this
20 chapter.

1 Chapter 277, Statutes of 1996, Section 2, added³⁴⁰ Education Code Section
2 17089. Subdivision (a) requires that “the board shall lease portable classrooms to
3 qualifying school districts and county superintendents of schools for not less than one
4 dollar (\$1) per year, nor more than four thousand dollars (\$4,000) per year, for each
5 portable classroom, which amount shall be annually increased according to the
6 adjustment for inflation set forth in the statewide cost index for classroom construction,
7 as determined by the board at its January meeting.” Subdivision (b) provides that “the
8 board shall require each lessee to undertake all necessary maintenance, repairs,
9 renewal, and replacement to ensure that a project is at all times kept in good repair,
10 working order, and condition. All costs incurred for this purpose shall be borne by the
lessee.”

12 Chapter 848, Statutes of 1998, Section 1, amended³⁴¹ Education Code Section
13 17089.2³⁴² to require any portable classroom that is leased from the board by a school

³⁴⁰ Former Education Code Section 17789, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17089, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁴¹ Former Education Code Section 17789.2, (added by Chapter 333, Statutes of 1991, Section 2) relating to similar subject matter as Section 17089.2, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁴² Education Code Section 17089.2, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 848, Statutes of 1998, Section 1:

“Any portable classroom that is leased from the board by a school district or county superintendent of schools under this chapter on * * * or prior to December 1, 1991, may be purchased by that district or county superintendent of schools for an amount equal to the purchase price paid by the board, including the purchase costs

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 district or county superintendent of schools under this chapter on or prior to December
2 1, 1991, be purchased, as may be necessary, by that district or county superintendent
3 of schools for an amount equal to the purchase price paid by the board, including the
4 purchase costs specified in subdivision (c) of Section 17088.7, less the amount of any
5 rent already paid to the board by the district or county superintendent of schools for that
6 classroom. Payment for purchases made pursuant to this section shall be in equal
7 annual installments for an agreed upon term not to exceed nine years.

8 Chapter 277, Statutes of 1996, Section 2, added³⁴³ Education Code Section
9 17089.5 to provide that "the board may lease portable classrooms to any school district
10 or county superintendent of schools which serves infant or preschool individuals with
11 exceptional needs, as defined in Section 56026, and which operates programs
12 pursuant to Part 30 [Special Education Programs] (commencing with Section 56000).
13 These portable classrooms shall be adequately equipped to meet the educational
14 needs of these students, including, but not limited to, sinks and restroom facilities."

15 Chapter 277, Statutes of 1996, Section 2, added³⁴⁴ Education Code Section

specified in subdivision (c) of Section 17088.7, less the amount of any rent already paid
to the board by the district or county superintendent of schools for that classroom.
Payment for purchases made pursuant to this section shall be in equal annual
installments for an agreed upon term not to exceed nine years."

³⁴³ Former Education Code Section 17789.5, (added by Chapter 576, Statutes of 1986, Section 1) relating to similar subject matter as Section 17089.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁴⁴ Former Education Code Section 17790, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17090, was repealed by

1 17090 which requires that "the board shall require lessees to insure at their own
2 expense for the benefit of the state, any leased portable classroom which is the
3 property of the state, against such risks, including liability from the use thereof, in such
4 amounts as the board may deem necessary to protect the interest of the state. All
5 payments resulting from claims made against the insurance shall be made payable to
6 and retained by the board for deposit in the State School Building Aid Fund."

7 Chapter 277, Statutes of 1996, Section 2, added³⁴⁵ Education Code Section
8 17091. Subdivision (a) requires that "the board shall have authority to adopt rules
9 establishing priorities for the acquisition and leasing of classrooms to those school
10 districts and county superintendents of schools whose pupils will benefit most. The
11 board may make exceptions from the established priorities if it determines that the
12 pupils affected will benefit." Subdivision (b) provides that "if at any time the number of
13 portable classrooms available exceeds the number of those required by applicant
14 districts, as determined by basic loading standards and eligibility requirements, the
15 board may authorize additional portable classrooms to be placed in any school district
16 that agrees to hire an additional teacher for each additional portable classroom placed
17 in the district pursuant to this subdivision." Subdivision (c) requires that "if at any time
18 the number of portable classrooms available exceeds the number of those required by

Chapter 277, Statutes of 1996, Section 1.

³⁴⁵ Former Education Code Section 17791, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17091, was repealed by Chapter 277, Statutes of 1996, Section 1.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 applicant districts, as determined by basic loading standards and eligibility
2 requirements, the board shall authorize additional portable classrooms to be placed in
3 any school district, upon request of the school district, for the purpose of providing
4 licensed child day care programs or recreation or enrichment activities or programs for
5 schoolage children on a schoolsite, unless the surplus classrooms are needed for
6 emergency purposes.”

7 Chapter 590, Statutes of 2000, Section 3, amended³⁴⁶ Education Code Section
8 17092³⁴⁷. Subdivision (a) requires that unless the district furnishes evidence,
9 satisfactory to the board, that the district has no available bond proceeds that could be
10 used for the purchase of classroom facilities, portable classrooms shall not be made

³⁴⁶ Former Education Code Section 17792, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17092, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁴⁷ Education Code Section 17092, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 590, Statutes of 2000, Section 3:

“(a) No portable classrooms shall be made available to any school district unless the district furnishes evidence, satisfactory to the board, that the district has no available bond proceeds that could be used for the purchase of classroom facilities.

(b) Notwithstanding any other provision of law, a school district or county superintendent of schools that has received approval for a project that includes a justified number of new teaching stations pursuant to Chapter 12 (commencing with Section 17000) or Chapter 12.5 (commencing with Section 17070.15) shall be eligible for at least the same number of emergency portable classrooms as approved new teaching stations.

(c) Subdivision (a) does not apply to leases or subleases under this chapter for the purpose of providing facilities, pursuant to subdivision (c) of Section 17091, for licensed child day care programs or any recreation or enrichment activities or programs for schoolage children.”

1 available to any school district. Subdivision (b) requires that notwithstanding any other
2 provision of law, a school district or county superintendent of schools that has received
3 approval for a project that includes a justified number of new teaching stations pursuant
4 to Chapter 12 "Leroy F. Greene School Building Lease-Purchase Law of 1976" or
5 Chapter 12.5 "Leroy F. Greene School Facilities Act of 1998" shall be eligible for at
6 least the same number of emergency portable classrooms as approved new teaching
7 stations. Subdivision (c) provides that subdivision (a) does not apply to leases or
8 subleases under this chapter for the purpose of providing facilities, pursuant to
9 subdivision (c) of Section 17091, for licensed child day care programs or any recreation
10 or enrichment activities or programs for school-age children.

1 Chapter 277, Statutes of 1996, Section 2, added³⁴⁸ Education Code Section
12 17092.3 to require a school district, as may be necessary, to "sublease any portable
13 classroom obtained by the district pursuant to subdivision (c) of Section 17091 to a
14 private provider that has entered into a contract with the district to provide any child
15 care and development program or programs or any recreation or enrichment activities
16 or programs for schoolage children on a schoolsite. The terms of the sublease for
17 rental payments and other related costs shall not exceed the costs of the portable
18 classroom to the district."

³⁴⁸ Former Education Code Section 17792.3, (added by Chapter 1183, Statutes of 1994, Section 4) relating to similar subject matter as Section 17092.3, was repealed by Chapter 277, Statutes of 1996, Section 1.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Chapter 277, Statutes of 1996, Section 2, added³⁴⁹ Education Code Section
2 17093 which requires that "the board shall have prepared for its use, performance
3 specifications for portable classrooms complying with Sections 17280 to 17314,
4 inclusive, which are capable of being economically moved, and bids for the construction
5 of which can be solicited from more than one responsible bidder. The board may from
6 time to time solicit bids from, and award to, the lowest responsible competitive bidder,
7 contracts for the construction or purchase of the number of portable classrooms it
8 deems will be required by eligible school districts and county superintendents of
9 schools during the next 12 months."

10 Chapter 277, Statutes of 1996, Section 2, added³⁵⁰ Education Code Section
11 17094 to provide that "if at any time the board determines that a lessee's need for
12 particular portable classrooms which were made available to the lessee pursuant to this
13 chapter has ceased, the board may take possession of the portable classrooms and
14 may lease them to other eligible districts or county superintendents of schools, or if
15 there is no longer a need for any portable classrooms, the board may dispose of them
16 to public or private parties in any manner that it deems to be in the best interests of the
17 state. Any revenue which is derived from a lease or other disposition of the portable

³⁴⁹ Former Education Code Section 17793, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17093, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁵⁰ Former Education Code Section 17794, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17094, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 classrooms pursuant to this section shall be deposited in the State School Building Aid
2 Fund.”

3 Chapter 277, Statutes of 1996, Section 2, added³⁵¹ Education Code Section
4 17095 to provide that “the State Board of Education may waive application of the
5 penalty provisions of Section 41376 for school districts which during the school year
6 used portable classrooms leased pursuant to this chapter.”

7 Chapter 709, Statutes of 1999, Section 2, added Education Code Section 17096
8 to require that “commencing with leases entered into on or after January 1, 2000, the
9 plans and specifications for portable classrooms funded pursuant to this chapter shall
10 include a provision for a telephone in each portable classroom. The connection from
11 the portable classroom to a public switched telephone network, as set forth in Section
12 17077.10, shall be made by the school district at the time of the installation of the
13 building. However, a school district may meet this requirement by utilizing wireless
14 technology equivalent to a hard-wired connection to a public switched telephone
15 network.”

³⁵¹ Former Education Code Section 17795, (added by Chapter 282, Statutes of 1979, Section 9) relating to similar subject matter as Section 17095, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 CHAPTER 15. SCHOOL DISTRICT REVENUE BONDS

2 ARTICLE 1. GENERAL PROVISIONS

3 Chapter 277, Statutes of 1996, Section 2, added³⁵² Education Code Section
4 17100³⁵³ to declare that the two sources available to school districts to finance the
5 construction of school facilities to relieve overcrowding are: the State School Building
6 Lease-Purchase Fund, pursuant to Section 17008, and the proceeds from the sale or
7 lease of surplus school property.

8 ARTICLE 2. REVENUE BONDS

9 Chapter 277, Statutes of 1996, Section 2, added³⁵⁴ Education Code Section
10 17110³⁵⁵ to require that the governing board of a school district shall, as may be

³⁵² Former Education Code Section 17800, (added by Chapter 774, Statutes of 1982, Section 1) relating to similar subject matter as Section 17100, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁵³ Education Code Section 17100, added by Chapter 277, Statutes of 1996, Section 2:

"The Legislature hereby finds and declares that the State School Building Lease-Purchase Fund, pursuant to Section 17008, and the proceeds from the sale or lease of surplus school property are the two sources available to school districts to finance the construction of school facilities to relieve overcrowding. However, these sources are still insufficient to meet the construction needs statewide of school districts."

³⁵⁴ Former Education Code Section 17810, (added by Chapter 774, Statutes of 1982, Section 1) relating to similar subject matter as Section 17110, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁵⁵ Education Code Section 17110, added by Chapter 277, Statutes of 1996, Section 2:

"The governing board of a school district may issue for sale revenue bonds to

1 necessary, issue for sale revenue bonds to finance the construction of joint occupancy
2 facilities as prescribed in Article 8 "Joint Occupancy" (commencing with Section 17515)
3 of Chapter 4 "Property: Sale, Lease, Exchange" of Part 10.5 "School Facilities," (subject
4 of another Test Claim) which facilities are necessary to relieve overcrowded schools.
5 Proceeds from the rental and lease of the facilities shall be used by the governing
6 board to repay the revenue bonds.

7 Chapter 277, Statutes of 1996, Section 2, added³⁵⁶ Education Code Section
8 17111³⁵⁷ to require the governing board to contract, as may be necessary, with any

finance the construction of joint occupancy facilities as prescribed in Article 8
(commencing with Section 17515) of Chapter 4 of Part 10.5, which facilities are
necessary to relieve overcrowded schools. Proceeds from the rental and lease of the
facilities shall be used by the governing board to repay the revenue bonds.

As used in this chapter:

(a) "To finance the construction of joint occupancy facilities" means to
offset either the cost of constructing the joint occupancy facilities or the cost of
financing the construction of joint occupancy facilities, or both.

(b) "Joint occupancy facilities" means any building constructed pursuant to
this chapter which is occupied jointly by a school district and a private entity
specified in Section 17811 or one or more buildings which are constructed
pursuant to this chapter on the same property used by the district and the private
entity, but are not occupied jointly. Facilities to be acquired by purchase
pursuant to this article for occupancy by pupils shall meet the requirements of
Article 3 (commencing with Section 17280) and Article 6 (commencing with
Section 17365) of Chapter 3 of Part 10.5.

(c) "Construction" includes acquisition by purchase."

³⁵⁶ Former Education Code Section 17811, (added by Chapter 774, Statutes of
1982, Section 1) relating to similar subject matter as Section 17111, was repealed by
Chapter 277, Statutes of 1996, Section 1.

³⁵⁷ Education Code Section 17111, added by Chapter 277, Statutes of 1996,
Section 2:

1 person, firm, partnership, joint venture, or other private entity for the purpose of issuing
2 revenue bonds pursuant to Section 17810 (renumbered as Section 17110 by Chapter
3 277, Statutes of 1996, Section 2) and for the purpose of renting or leasing the facilities
4 constructed pursuant to this chapter.

5 Chapter 277, Statutes of 1996, Section 2, added³⁵⁸ Education Code Section
6 17112³⁵⁹ to prohibit the governing board from issuing revenue bonds for sale unless the
7 facilities are to be constructed on district-owned property, except as to facilities to be
8 acquired by purchase.

9 CHAPTER 16. PUBLIC DISCLOSURE OF NON-VOTER-APPROVED DEBT

10 Chapter 1168, Statutes of 2002, Section 4, amended³⁶⁰ Education Code Section

"The governing board may contract with any person, firm, partnership, joint venture, or other private entity for the purpose of issuing revenue bonds pursuant to Section 17810 and for the purpose of renting or leasing the facilities constructed pursuant to this chapter."

³⁵⁸ Former Education Code Section 17812, (added by Chapter 774, Statutes of 1982, Section 1) relating to similar subject matter as Section 17112, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁵⁹ Education Code Section 17112, as added by Chapter 277, Statutes of 1996, Section 2:

"No revenue bonds may be issued for sale by the governing board unless the facilities are to be constructed on district-owned property, except as to facilities to be acquired by purchase."

³⁶⁰ Former Education Code Section 17850, (added by Chapter 650, Statutes of 1994, Section 4) relating to similar subject matter as Section 17150, was repealed by Chapter 893, Statutes of 1997, Section 105.

1 17150³⁶¹. Subdivision (a) requires a school district to notify the county superintendent
2 of schools and the county auditor upon approval by the governing board of the school
3 district to proceed with the issuance of certificates of participation revenue bonds or to
4 enter into any agreement for financing school construction pursuant to Chapter 18
5 "California School Finance Authority." The superintendent of the school district shall

³⁶¹ Education Code Section 17150, added by Chapter 893, Statutes of 1997, Section 91, as amended by Chapter 1168, Statutes of 2002, Section 4:

"(a) Upon the approval by the governing board of the school district to proceed with the issuance of certificates of participation or revenue bonds or to enter into any agreement for financing school construction pursuant to Chapter 18 (commencing with Section 17170), the school district shall notify the county superintendent of schools and the county auditor. The superintendent of the school district shall provide the repayment schedules for that debt obligation, and evidence of the ability of the school district to repay that obligation, to the county auditor, the county superintendent, the governing board, and the public. Within 15 days of the receipt of the information, the county superintendent of schools and the county auditor may comment publicly to the governing board of the school district regarding the capability of the school district to repay that debt obligation.

(b) Upon the approval by the county board of education to proceed with the issuance of certificates of participation or revenue bonds or to enter into any agreement for financing pursuant to Chapter 18 (commencing with Section 17170), the county superintendent of schools or superintendent of a school district for which the county board serves as governing board shall notify the Superintendent of Public Instruction. The county superintendent of schools or the superintendent of a school district for which the county board serves as the governing board shall provide the repayment schedules for that debt obligation and evidence of the ability of the county office of education or school district to repay that obligation, to the Superintendent of Public Instruction, the governing board, and the public. Within 15 days of the receipt of the information the Superintendent of Public Instruction may comment publicly to the county board of education regarding the capability of the county office of education or school district to repay that debt obligation.

(c) Prior to delivery of the notice required by subdivision (a) neither the county nor any of its officers shall have any responsibility for the administration of the school district's indebtedness. Failure to comply with the requirements of this section will not affect the validity of the indebtedness."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 provide the repayment schedules for that debt obligation, and evidence of the ability of
2 the school district to repay that obligation, to the county auditor, the county
3 superintendent, the governing board, and the public. Within 15 days of the receipt of
4 the information, the county superintendent of schools and the county auditor may
5 comment publicly to the governing board of the school district regarding the capability of
6 the school district to repay that debt obligation. Subdivision (b) requires the county
7 superintendent of schools or superintendent of a school district for which the county
8 board serves as governing board to notify the Superintendent of Public Instruction upon
9 approval by the county board of education to proceed with the issuance of certificates
10 of participation or revenue bonds or to enter into any agreement for financing pursuant
11 to Chapter 18 "California School Finance Authority." The county superintendent of
12 schools or the superintendent of a school district for which the county board serves as
13 the governing board shall provide the repayment schedules for that debt obligation and
14 evidence of the ability of the county office of education or school district to repay that
15 obligation, to the Superintendent of Public Instruction, the governing board, and the
16 public. Within 15 days of the receipt of the information the Superintendent of Public
17 Instruction may comment publicly to the county board of education regarding the
18 capability of the county office of education or school district to repay that debt
19 obligation. Subdivision (c) provides that prior to delivery of the notice required by
20 subdivision (a) neither the county nor any of its officers shall have any responsibility for
21 the administration of the school district's indebtedness. Failure to comply with the

1 requirements of this section will not affect the validity of the indebtedness.

2 CHAPTER 18. CALIFORNIA SCHOOL FINANCE AUTHORITY

3 Chapter 277, Statutes of 1996, Section 2, added³⁶² Education Code Section
4 17170 to state that "this chapter shall be known and may be cited as the California
5 School Finance Authority Act."

6 Chapter 277, Statutes of 1996, Section 2, added³⁶³ Education Code Section
7 17171³⁶⁴ to declare that it is in the interest of the state and its people for the state to do
8 all of the following: (a) reconstruct, remodel, or replace existing school buildings which
9 are educationally inadequate or which do not meet current structural safety
10 requirements; (b) acquire new schoolsites and buildings to be made available to school

³⁶² Former Education Code Section 17870, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17170, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁶³ Former Education Code Section 17871, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17171, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁶⁴ Education Code Section 17171, added by Chapter 277, Statutes of 1996, Section 2:

"The Legislature hereby finds and declares that it is in the interest of the state and its people for the state to do all of the following:

(a) Reconstruct, remodel, or replace existing school buildings which are educationally inadequate or which do not meet current structural safety requirements.

(b) Acquire new schoolsites and buildings to be made available to school districts and community college districts for the pupils of the public education system, which is a matter of general concern inasmuch as the education of the state's children is an obligation and function of the state.

(c) Assist school districts and community college districts by providing access to financing for working capital and capital improvements."

1 districts and community college districts for the pupils of the public education system,
2 which is a matter of general concern inasmuch as the education of the state's children
3 is an obligation and function of the state; and (c) assist school districts and community
4 college districts by providing access to financing for working capital and capital
5 improvements.

6 Chapter 277, Statutes of 1996, Section 2, added Education Code Section
7 17173³⁶⁵ to define that following words and terms, unless the context indicates or

³⁶⁵ Education Code Section 17173, added by Chapter 277, Statutes of 1996,
Section 2:

"As used in this chapter, the following words and terms shall have the following meanings, unless the context indicates or requires another or different meaning or intent:

(a) "Act" means the California School Finance Authority Act.

(b) "Agent" means a county or city board of education or superintendent of schools acting with its consent on behalf of one or more school districts for any purpose of this chapter, and the Board of Governors of the California Community Colleges or the Chancellor of the California Community Colleges acting with its consent on behalf of one or more community college districts for any purpose of this chapter.

(c) "Authority" means the California School Finance Authority, or any board, body, commission, department, or officer succeeding to the principal functions of the authority, or to which the powers conferred upon the authority by this chapter shall be given by law.

(d) "Bonds" means bonds, notes, bond anticipation notes, commercial paper, and any other evidences of indebtedness.

(e) "Cost," as applied to all or part of a project financed pursuant to this chapter, means and includes all or any part of the cost of any of the following:

(1) Construction.

(2) Acquisition or improvement of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and interests acquired or used for a project.

(3) Demolition or removal of any buildings or structures on land acquired for a project, including the acquisition of any lands to which the buildings or structures may be moved.

(4) All machinery and equipment.

(5) Financing charges.

(6) Interest prior to, during, and for a period following, the completion of such construction or improvement as determined by the authority.

(7) Provisions for working capital.

(8) Reserves for principal and interest, and for extensions, enlargements, additions, replacements, renovations, and improvements.

(9) Engineering, architectural, financial, and legal services, plans, specifications, studies, surveys, estimates, administrative expenses, and other expenses necessary or incident to the construction, acquisition, or improvement of any project or any financing under this chapter.

(f) "Educational facility" means any property, facility, structure, equipment, or furnishings used or operated in conjunction with one or more public schools or community colleges, including, but not limited to, all of the following:

(1) Classrooms.

(2) Auditoriums.

(3) Student centers.

(4) Administrative offices.

(5) Sports facilities.

(6) Maintenance, storage, or utility facilities.

(7) All necessary or usual attendant and related facilities and equipment, including streets, parking, and supportive service facilities or structures required or useful for the effective operation of the educational facility.

(g) "Participating district" means a school district or community college district which undertakes, itself or through an agent, the financing or refinancing of a project or of working capital pursuant to this chapter. "Participating district" shall also be deemed to refer to the agent to the extent the agent is acting on behalf of the school district or community college district for any purpose of this chapter.

(h) "Project" means the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing, or equipping of an educational facility to be financed or refinanced pursuant to this chapter. "Project" may include any combination of the foregoing undertaken jointly by any participating district with one or more other participating districts.

(i) "Working capital" means funds to be used by, or on behalf of, a participating district to pay maintenance or operating expenses, or any other costs which would be treated as an expense item under generally accepted accounting principles in connection with the ownership or operation of an educational facility, including, but not limited to, all of the following:

(1) Reserves for maintenance or operating expenses.

(2) Interest for a period not to exceed one year on any loan for working

1 requires another or different meaning or intent: "Act," "Agent," "Authority," "Bonds,"
2 "Cost," "Educational facility," "Participating district," "Project," "Working capital," and
3 "Certificate of participation."

4 Chapter 193, Statutes of 2000, Section 1, amended³⁶⁶ Education Code Section
5 17180³⁶⁷. Subdivision (f)(2) provides that a participating district may be designated as

capital made pursuant to this chapter.

(3) Reserves for debt service, and any other costs necessary or incidental to, financing pursuant to this chapter.

(j) "Certificate of participation" means an undivided interest in one or more bonds, leases, loans, installment sales, or other agreements of a participating district or districts."

³⁶⁶ Former Education Code Section 17880, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17180, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁶⁷ Education Code Section 17180, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 193, Statutes of 2000, Section 1:

"The authority is hereby authorized to do all of the following:

(a) Adopt bylaws for the regulation of its affairs and the conduct of its business.

(b) Adopt an official seal.

(c) Sue and be sued in its own name.

(d) Receive and accept gifts, grants, or donations of money for any of the purposes of this chapter from any of the following:

(1) A federal agency.

(2) A state agency.

(3) A municipality, county, or other political subdivision of the state.

(4) An individual, association, or corporation.

(e) Engage the services of private consultants to render professional and technical assistance and advice in carrying out the purposes of this chapter.

(f) (1) Determine the location and character of any project to be financed under this chapter, and acquire, construct, enlarge, remodel, renovate, alter, improve, furnish, equip, own, maintain, manage, repair, operate, lease as lessee or lessor, or regulate the same.

(2) Designate a participating district as its agent, with authority to enter

into contracts, for any of the purposes specified in paragraph (1).

(3) Enter into contracts for any of the purposes specified in paragraph (1).

(4) Enter into contracts for the management and operation of a project owned by the authority.

(g) Acquire, directly or by and through a participating district as its agent, by purchase solely from funds provided pursuant to this chapter, or by gift or devise, and sell, by installment or otherwise, property, rights, rights-of-way, franchises, easements, and other interests in lands, including, but not limited to, lands lying under water, and riparian rights, located within the state which the authority deems necessary or convenient for the acquisition, construction, financing, or operation of a project. The authority may do so upon the terms, and at the prices, it considers reasonable and upon which it can agree with the owner, and may take the title to the interest in the name of the authority or in the name of a participating district as its agent.

(h) Receive and accept from any source loans, contributions, or grants for, or in aid of, the construction, financing, or refinancing of all or part of a project, in the form of money, property, labor, or other things of value.

(i) Pursuant to an agreement between the authority and the participating district, make, directly or through a lending institution, secured or unsecured loans to, or purchase secured or unsecured loans from, or purchase all or part of any rights to or possibilities regarding the state share of funding for school facilities approved by the State Allocation Board pursuant to Chapter 12.5 (commencing with Section 17070.10) * * . The purchase of all or part of any rights to, or possibilities regarding, the state contribution for funding for school facilities approved by the State Allocation Board shall be limited to amounts approved and funded or amounts approved but not yet funded from proceeds of state bonds already authorized by the electors but not yet issued. Loans or purchases completed pursuant to this section may be used for either of the following purposes:

(1) To finance a project or provide working capital. No loan to finance a project shall exceed the total cost of the project, as determined by the participating district and approved by the authority.

(2) To refinance indebtedness incurred by the participating district in connection with projects undertaken, educational facilities acquired, or working capital financed.

(j) Upon the terms and conditions the authority deems proper, lease a project being financed pursuant to this chapter to a participating district, and charge and collect rent therefor. The authority may terminate a lease pursuant to this subdivision upon the lessee's failure to comply with any of its obligations under the lease. The lease may include any of the following provisions:

(1) That the lessee shall have the option to renew the term of the lease for the period or periods, and at the rent, determined by the authority, or to purchase

1 the authority's agent, with authority to enter into contracts, for any of aforementioned
2 purposes. Subdivision (g) provides that the authority shall, as may be necessary,
3 acquire, directly or by and through a participating district as its agent, by purchase
4 solely from funds provided pursuant to this chapter, or by gift or devise, and sell, by
5 installment or otherwise, property, rights, rights-of-way, franchises, easements, and
6 other interests in lands, including, but not limited to, lands lying under water, and

any or all of the project.

(2) That upon payment by the participating district of all of the indebtedness incurred by the authority for the financing of the project or for the refinancing of the district's outstanding indebtedness, the authority may convey any or all of the project to the lessee or lessees, with or without further consideration.

(k) Charge and equitably apportion among participating districts its administrative costs and expenses incurred pursuant to this chapter.

(l)(1) Obtain, or aid in obtaining, from any state or federal agency or any private company, any insurance, guarantee, letter, or line of credit regarding, or of, or for, the payment or repayment of all or part of the interest, principal, or both, on any loan, lease, or obligation, or any instrument evidencing or securing the same, made or entered into pursuant to this chapter, or on any bonds issued pursuant to this chapter.

(2) Notwithstanding any other provision of this chapter, enter into any agreement, contract, or any other instrument regarding any insurance, guarantee, letter, or line of credit specified in paragraph (1), and accept payment in the manner and form provided therein in the event of default by a participating district.

(3) Assign any insurance, guarantee, letter, or line of credit specified in paragraph (1) as security for bonds issued by the authority.

(m) Enter into any agreements or contracts, including, but not limited to, agreements for liquidity or credit enhancement, execute any instruments, and any other act or thing necessary, convenient, or desirable for the purposes of the authority or to carry out any express power granted the authority pursuant to this chapter.

(n) At the discretion of the authority, invest any moneys held in reserve or in sinking funds, or any moneys not required for immediate use or disbursement, in obligations authorized by the resolution authorizing the bonds secured by the investment, or by law governing the investment of trust funds in the custody of the Treasurer."

1 riparian rights, located within the state which the authority deems necessary or
2 convenient for the acquisition, construction, financing, or operation of a project. The
3 authority may do so upon the terms, and at the prices, it considers reasonable and
4 upon which it can agree with the owner, and shall, as may be necessary, take the title
5 to the interest in the name of the authority or in the name of a participating district as its
6 agent. Subdivision (h) requires that the authority shall, as may be necessary, receive
7 and accept from any source loans, contributions, or grants for, or in aid of, the
8 construction, financing, or refinancing of all or part of a project, in the form of money,
9 property, labor, or other things of value. Subdivision (l) provides that pursuant to an
10 agreement between the authority and the participating district, it may make, directly or
11 through a lending institution, secured or unsecured loans to, or purchase secured or
12 unsecured loans from, or purchase all or part of any rights to or possibilities regarding
13 the state share of funding for school facilities approved by the board pursuant to
14 Chapter 12.5 "Leroy F. Greene School Facilities Act of 1988." The purchase of all or
15 part of any rights to, or possibilities regarding, the state contribution for funding for
16 school facilities approved by the board shall be limited to amounts approved and
17 funded or amounts approved but not yet funded from proceeds of state bonds already
18 authorized by the electors but not yet issued. Loans or purchases completed pursuant
19 to this section may be used for either of the following purposes: (1) to finance a project
20 or provide working capital. No loan to finance a project shall exceed the total cost of
21 the project, as determined by the participating district and approved by the authority, or

1 (2) to refinance indebtedness incurred by the participating district in connection with
2 projects undertaken, educational facilities acquired, or working capital financed.

3 Subdivision (j) provides that upon the terms and conditions the authority deems proper,
4 it may lease a project being financed pursuant to this chapter to a participating district,
5 and charge and collect rent therefor. The authority may terminate a lease pursuant to
6 this subdivision upon the lessee's failure to comply with any of its obligations under the
7 lease. The lease may include any of the following provisions: (1) that the lessee shall
8 have the option to renew the term of the lease for the period or periods, and at the rent,
9 determined by the authority, or to purchase any or all of the project; (2) that upon
10 payment by the participating district of all of the indebtedness incurred by the authority
11 for the financing of the project or for the refinancing of the district's outstanding
12 indebtedness, the authority may convey any or all of the project to the lessee or
13 lessees, with or without further consideration. Subdivision (k) requires that the authority
14 shall, as may be necessary, charge and equitably apportion among participating
15 districts its administrative costs and expenses incurred pursuant to this chapter.

16 Subdivision (l)(1) provides that the authority shall, as may be necessary, obtain, or aid
17 in obtaining, from any state or federal agency or any private company, any insurance,
18 guarantee, letter, or line of credit regarding, or of, or for, the payment or repayment of
19 all or part of the interest, principal, or both, on any loan, lease, or obligation, or any
20 instrument evidencing or securing the same, made or entered into pursuant to this
21 chapter, or on any bonds issued pursuant to this chapter. Subdivision (l)(2) provides

1 that notwithstanding any other provision of this chapter, the authority shall, as may be
2 necessary, enter into any agreement, contract, or any other instrument regarding any
3 insurance, guarantee, letter, or line of credit specified in paragraph (1), and accept
4 payment in the manner and form provided therein in the event of default by a
5 participating district. Subdivision (l)(3) requires that the authority assign any insurance,
6 guarantee, letter, or line of credit specified in paragraph (1) as security for bonds issued
7 by the authority.

8 Chapter 277, Statutes of 1996, Section 2, added Education Code Section
9 17181³⁶⁸ to establish the California School Finance Authority Fund.

³⁶⁸ Education Code Section 17181, added by Chapter 277, Statutes of 1996,
Section 2:

“(a) The California School Finance Authority Fund is hereby created in the State Treasury, to be administered by the authority. Notwithstanding Section 13340 of the Government Code, all moneys in the fund shall be continuously appropriated without regard to fiscal year for the purposes of this chapter. The authority may pledge any or all of the moneys in the fund as security for payment of the principal of, and interest on, any particular issuance of bonds pursuant to this chapter. For that purpose, or as necessary or convenient to the accomplishment of any other purpose of this chapter, the authority may divide the fund into separate accounts. All moneys accruing to the authority pursuant to this chapter from any source shall be deposited in the fund.

(b) Subject to any priorities created by the pledge of particular moneys in the fund to secure any issuance of bonds of the authority, and to reasonable administrative costs incurred by the authority in implementing this chapter, all moneys in the fund, regardless of the source, shall be held in trust for the security and payment of bonds of the authority, and shall not be used or pledged for any other purpose while any bonds are outstanding and unpaid. Nothing in this subdivision shall be construed to limit the power of the authority to make loans with bond proceeds in accordance with the terms of the resolution authorizing the issuance of those bonds.

(c) Pursuant to any agreements with the holders of particular bonds pledging any particular assets, revenues, or moneys, the authority may create separate accounts in the fund to manage the assets, revenues, or moneys in the manner prescribed by the

1 Chapter 485, Statutes of 1998, Section 48, amended Education Code Section
2 17183³⁶⁹ to require that the authority shall, as may be necessary, issue its revenue

agreements.

(d) From time to time, the authority may direct the Treasurer to do any of the following:

(1) Invest moneys in the fund which are not required for its current needs, including, but not limited to, proceeds from the sale of any bonds in eligible securities specified in Section 16430 of the Government Code and designated by the authority, or in any other securities or obligations designated by the authority, in the resolution authorizing the issuance of the bonds payable or secured by the moneys.

(2) Deposit moneys in the fund in interest bearing accounts in state or national banks or other financial institutions having principal offices in the state.

(3) Transfer moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 4 of Division 4 of Title 2 of the Government Code.

Notwithstanding Section 16305.7 of the Government Code, all interest or other earnings resulting from an investment or deposit pursuant to this subdivision shall be deposited in the fund.

(e) Except as otherwise provided in paragraph (3) of subdivision (d), no moneys in the fund shall be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code."

³⁶⁹ Former Education Code Section 17883, added by 1438, Statutes of 1985, Section 1, repealed by Chapter 893, Statutes of 1997, Section 107, re-added by Chapter 893, Statutes of 1997, Section 93, as renumbered Section 17183 and amended by Chapter 485, Statutes of 1998, Section 48:

"(a) From time to time, the authority may, by resolution, issue its revenue bonds in order to provide funds for any of the purposes of this chapter. Bonds may be issued to finance any of the following:

(1) A single project or financing of working capital for a single participating district.

(2) A series of projects or financings of working capital for a single participating district.

(3) A single project or financing of working capital for several participating districts.

(4) Several projects or financing of working capital for several participating

districts.

(5) A joint venture school facilities construction project undertaken pursuant to Article 5 (commencing with Section 17060) of Chapter 12.

(b) Except as otherwise expressly provided by the authority, all revenue bonds shall be payable from any available revenues or moneys of the authority not otherwise pledged, subject only to any agreements with holders of particular bonds or notes pledging any particular revenue or moneys. Notwithstanding that revenue bonds issued pursuant to this section may be payable from a special fund, the revenue bonds shall be, and shall be deemed to be for all purposes, negotiable instruments, subject only to the provisions of the revenue bonds for registration.

(c) The revenue bonds of the authority may be issued as serial bonds, term bonds, or the authority, in its discretion, may issue bonds of both types. The issuance shall be in accordance with the indenture, trust agreement, or resolution relating to the revenue bonds, which shall provide all of the following:

- (1) The date or dates of the bonds.
- (2) The date or dates upon which the bonds will mature, not to exceed 40 years from their respective dates.
- (3) The interest rate or rates, or methods of determining the interest rate or rates, of the bonds.
- (4) When the bonds are payable.
- (5) The denominations of the bonds.
- (6) The form of the bonds, which shall be either bearer or registered.
- (7) The registration privileges of the bonds.
- (8) The manner in which the bonds are to be executed.
- (9) The place or places at which the bonds shall be payable in lawful money of the United States of America.
- (10) The terms of redemption of the bonds.

(d) After giving due consideration to the recommendations of the participating district or districts, the revenue bonds of the authority shall be sold by the Treasurer at either a public or private sale at a price or prices, and upon the terms and conditions prescribed by the authority. The revenue bonds of the authority may be sold at, above, or below the par value of the bonds.

(e) Pending the preparation of the definitive bonds, the authority may issue interim receipts or certificates or temporary bonds which shall be exchanged for the definitive bonds.

(f) Any resolution authorizing the issuance of any bonds of the authority, or any issue of revenue bonds of the authority, may include any of the following provisions:

- (1) Provisions pledging all or any part of the proceeds of the bonds or revenue of a project or loan.
- (2) Provisions concerning the replacement of mutilated, destroyed, stolen,

or lost bonds.

(3) Provisions specifying insurance to be maintained on the project and the authorized uses of the proceeds of the insurance.

(4) Covenants against the mortgaging or otherwise encumbering, selling, leasing, pledging, placing a charge upon, or otherwise disposing of the project prior to the payment of the bonds issued to finance the project.

(5) Provisions specifying the events of default, terms upon which the bonds may be declared due before maturity, and the terms upon which the declaration and its consequences may be waived.

(6) The rights, liabilities, powers, and duties arising upon the breach of any covenants, conditions, or obligations.

(7) Vesting of the right to enforce covenants in a trustee.

(8) The terms upon which all or any percentage of the bondholders may enforce covenants or duties.

(9) Procedures for amending the terms of the resolution, with or without the consent of the holders of a specified number of bonds.

(10) Provision for any other acts or things deemed necessary, convenient, or desirable by the authority to secure the bonds or improve their marketability.

(g) The validity of the authorization and issuance of any bond issue shall not be affected by proceedings for the acquisition, construction, or improvement of any project, or by contracts relating to those proceedings. Any resolution authorizing the issuance of any bonds of the authority may provide authorization for the bonds to bear a statement certifying that they are issued pursuant to this chapter. Bonds bearing * * * that statement shall be conclusively deemed valid and issued in conformity with this chapter. Reference on the face of the bonds to the resolution by its date of adoption shall incorporate the provisions of the resolution and of this chapter into the terms of the bonds.

(h) Members of the authority, or any person executing the revenue bonds of the authority, shall not incur personal liability on the bonds, nor shall these persons incur personal liability or accountability by reason of the issuance of the revenue bonds of the authority.

(i) The authority is authorized, out of any funds available for that purpose, to purchase revenue bonds of the authority. The authority may hold, pledge, cancel, or resell any bonds purchased under the authority of this subdivision, subject to, and in accordance with, agreements with bondholders.

(j) The financing or refinancing of projects or working capital may be provided pursuant to this chapter by means other than revenue bonds, at the discretion of the authority, including financing or refinancing through certificates of participation, or other interests, in bonds, loans, leases, installment sales, or other agreements of the participating district or districts. In this connection, the authority may do all things and

1 bonds in order to provide funds for any of the purposes of this chapter. Bonds may be
2 issued to finance any of the following: (1) a single project or financing of working capital
3 for a single participating district; (2) a series of projects or financings of working capital
4 for a single participating district; (3) a single project or financing of working capital for
5 several participating districts; (4) several projects or financing of working capital for
6 several participating districts; or (5) a joint venture school facilities construction project
7 undertaken pursuant to Article 5 (commencing with Section 17060) of Chapter 12.

8 Subdivision (b) requires all revenue bonds, except as otherwise expressly provided by
9 the authority, to be payable from any available revenues or moneys of the authority not
10 otherwise pledged, subject only to any agreements with holders of particular bonds or
11 notes pledging any particular revenue or moneys. Notwithstanding that revenue bonds
12 issued pursuant to this section may be payable from a special fund, the revenue bonds
13 shall be, and shall be deemed to be for all purposes, negotiable instruments, subject
14 only to the provisions of the revenue bonds for registration. Subdivision (c) lists specific
15 requirements for issuing revenue bonds as either serial bonds, term bonds, or both.

16 Subdivision (d) requires that after giving due consideration to the recommendations of
17 the participating district or districts, the revenue bonds of the authority shall be sold by
18 the Treasurer at either a public or private sale at a price or prices, and upon the terms

execute and deliver all documents and instruments as may be necessary or desirable
with regard to issuance of the certificates of participation or other means of financing or
refinancing.

(k) The authority may by resolution issue its revenue bonds in the form of
commercial paper."

1 and conditions prescribed by the authority. The revenue bonds of the authority may be
2 sold at, above, or below the par value of the bonds.

3 Chapter 277, Statutes of 1996, Section 2, added³⁷⁰ Education Code Section
4 17183.5³⁷¹ to require that financing only be provided for projects demonstrated by the
5 participating district to be financially feasible. In demonstrating financial feasibility, the
6 participating district may take into account all district funds, and may base future
7 projections upon historical experience or reasonable expectations, or a combination
8 thereof. Nothing in this section shall be construed to imply that any project is required
9 to produce revenue in order to be financed under this chapter.

10 Chapter 277, Statutes of 1996, Section 2, added³⁷² Education Code Section

³⁷⁰ Former Education Code Section 17883.5, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17183.5, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁷¹ Education Code Section 17183.5, added by Chapter 277, Statutes of 1996, Section 2:

“In enacting this chapter, it is the intent of the Legislature to provide financing only for projects demonstrated by the participating district to be financially feasible. In demonstrating financial feasibility, the participating district may take into account all district funds, and may base future projections upon historical experience or reasonable expectations, or a combination thereof. Nothing in this section shall be construed to imply that any project is required to produce revenue in order to be financed under this chapter.”

³⁷² Former Education Code Section 17884, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17184, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 17184³⁷³. Subdivision (a) requires that any revenue bonds of the authority issued under
2 this chapter shall, as necessary, be secured by a trust agreement, or by indenture by
3 and between the authority and a corporate trustee or trustees, including the Treasurer
4 or any trust company or bank having the powers of a trust company within or outside
5 the state. Subdivision (b) provides that any trust agreement, indenture, or any
6 resolution providing for the issuance of bonds of the authority, may pledge or assign the
7 proceeds of the bonds, and the revenues to be received by, a participating district or
8 districts. Subdivision (c) provides that any trust agreement, indenture, or resolution

³⁷³ Education Code Section 17184, added by Chapter 277, Statutes of 1996,
Section 2:

“(a) In the discretion of the authority, any revenue bonds of the authority issued under this chapter may be secured by a trust agreement, or by indenture by and between the authority and a corporate trustee or trustees, including the Treasurer or any trust company or bank having the powers of a trust company within or outside the state.

(b) Any trust agreement, indenture, or any resolution providing for the issuance of bonds of the authority, may pledge or assign the proceeds of the bonds, and the revenues to be received by, a participating district or districts.

(c) Any trust agreement, indenture, or resolution providing for the issuance of revenue bonds of the authority may include any provisions for the protection of, and the enforcement of the rights and remedies of, bondholders as may be reasonable and proper and not in violation of any law, including provisions included in any resolution or resolutions of the authority provided under subdivision (a) or (b).

(d) Any trust agreement or indenture may prescribe the rights and remedies of the bondholders, and of the trustee or trustees, and may restrict the individual right of action of the bondholders.

(e) Any trust agreement, indenture, or resolution may include any other provisions deemed by the authority to be reasonable and proper for the security of the bondholders.

(f) Notwithstanding any other provision of law, the Treasurer shall not be deemed to have a conflict of interest by reason of his or her capacity as trustee pursuant to this chapter.”

1 providing for the issuance of revenue bonds of the authority shall, as may be
2 necessary, include any provisions for the protection of, and the enforcement of the
3 rights and remedies of, bondholders as may be reasonable and proper and not in
4 violation of any law, including provisions included in any resolution or resolutions of the
5 authority provided under subdivision (a) or (b). Subdivision (d) provides that any trust
6 agreement or indenture shall, as may be necessary, prescribe the rights and remedies
7 of the bondholders, and of the trustee or trustees, and may restrict the individual right of
8 action of the bondholders.

9 Chapter 277, Statutes of 1996, Section 2, added³⁷⁴ by Education Code Section
10 17186. Subdivision (a) provides that "any holder of revenue bonds issued under this
11 chapter, or any coupons appertaining thereto, or the trustee or trustees under any trust
12 agreement, indenture, or resolution, may, either at law or in equity, by suit, action,
13 mandamus, or other proceedings, protect and enforce any rights conferred under state
14 law, by this chapter, or under the terms of any trust agreement, indenture, or resolution,
15 except to the extent that these rights may be otherwise restricted by any resolution
16 authorizing the issuance of these bonds, or by any trust agreement or indenture
17 securing these bonds." Subdivision (b) provides that "any holder of revenue bonds
18 issued under this chapter, or any coupons appertaining thereto, or the trustee or
19 trustees under any trust agreement, indenture, or resolution, may enforce and compel

1 the performance of all duties required under this chapter, or by any trust agreement,
2 indenture, or resolution, to be performed by the authority, or by any officer, employee,
3 or agent of the authority.”

4 Chapter 277, Statutes of 1996, Section 2, added³⁷⁵ Education Code Section
5 17193³⁷⁶ to require that any lease entered into by the authority with a participating

³⁷⁵ Former Education Code Section 17893, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17193, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁷⁶ Education Code Section 17193, added by Chapter 277, Statutes of 1996, Section 2:

“(a) The authority shall fix, revise, charge, and collect rents for the use of each project owned by the authority, and may contract with any person, partnership, association, corporation, or other body, whether public or private, for that purpose. Any lease entered into by the authority with a participating district, and each agreement, note, or other instrument evidencing the obligations of a participating district to the authority, shall provide that the rents or principal, interest, and other charges payable by the participating district shall be sufficient to provide for all of the following:

(1) To pay the principal, sinking fund payments, if any, premiums, if any, and the interest on outstanding bonds of the authority issued in respect of the project when due and payable.

(2) To create and maintain reserves which may, but need not necessarily be required or provided for, in the resolution relating to the revenue bonds of the authority.

(3) To pay its share of the administrative costs and expenses of the authority.

(b) The authority shall pledge the revenues derived and to be derived from a project or from a participating district for the purposes specified in paragraphs (1), (2), and (3) of subdivision (a). The authority may issue additional revenue bonds which may be ranked on a parity with other bonds relating to the project to the extent, and under the terms and conditions provided, in the bond resolution.

(c) The authority and a participating district may include in any lease or agreement between them or with a credit provider any terms and conditions relating to insurance, liquidity, or credit enhancement of the bonds, or any other lawful terms and conditions the authority deems necessary or desirable to facilitate the purposes of this

1 district, and each agreement, note, or other instrument evidencing the obligations of a
2 participating district to the authority, shall provide that the rents or principal, interest,
3 and other charges payable by the participating district shall be sufficient to provide for
4 all of the following:

5 (1) To pay the principal, sinking fund payments, if any, premiums, if any, and the
6 interest on outstanding bonds of the authority issued in respect of the project
7 when due and payable;

8 (2) To create and maintain reserves which may, but need not necessarily be
9 required or provided for, in the resolution relating to the revenue bonds of the
10 authority; and

11 (3) To pay its share of the administrative costs and expenses of the authority.

12 Subdivision (b) requires the authority to pledge the revenues derived and to be derived
13 from a project or from a participating district for the purposes specified in paragraphs
14 (1), (2), and (3) of subdivision (a). Subdivision (c) requires that the authority and a
15 participating district shall, as may be necessary, include in any lease or agreement
16 between them or with a credit provider any terms and conditions relating to insurance,
17 liquidity, or credit enhancement of the bonds, or any other lawful terms and conditions
18 the authority deems necessary or desirable to facilitate the purposes of this chapter.

19 Chapter 1076, Statutes of 1998, Section 1, added Education Code Section

chapter."

1 17193.5³⁷⁷ to define "public credit provider" to mean any financial institution or

³⁷⁷ Education Code Section 17193.5, added by Chapter 1076, Statutes of 1998, Section 1:

"(a) For purposes of this section, "public credit provider" means any financial institution or combination of financial institutions, which consists either solely, or has as a member or participant, a public retirement system. Notwithstanding any other provision of law, a public credit provider may, in connection with providing credit enhancement for bonds, notes, certificates of participation, or other evidences of indebtedness of a school district or county office of education, require the school district or county office of education to agree to the following conditions:

(1) If a participating school district or county office of education adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds, notes, certificates of participation, or other evidence of indebtedness and identify the public credit provider that provided credit enhancement. The notice shall be provided not later than the date of issuance of the bonds.

(2) If, for any reason a public credit provider is required to make principal or interest payments or both pursuant to a credit enhancement agreement, the public credit provider shall immediately notify the Controller of that fact and of the amount paid out by the public credit provider.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the public credit provider in the amount of the payments made by the public credit provider for the purpose of reimbursing the public credit provider for its expenditures made pursuant to the credit enhancement agreement. The Controller shall make that apportionment only from moneys designated for apportionments to the school district pursuant to Section 42238 or to the county office of education pursuant to Section 2558 or to the community college district pursuant to Section 84750.

(b) The amount apportioned for a school district, a county office of education, or a community college district pursuant to this section shall be deemed to be an allocation to the district or the county office of education or the community college district for purposes of subdivision (b) or Section 8 of XVI of the California Constitution. For purposes of computing revenue limits or revenue levels pursuant to Section 42338 for any school district or pursuant to Section 2558 for any county office of education or pursuant to Section 84750 for any community college district, the revenue limit or revenue level for any fiscal year in which funds are apportioned for the district or for the county office of education pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraph (3) of subdivision (a)."

1 combination of financial institutions, which consists either solely, or has as a member or
2 participant, a public retirement system. Notwithstanding any other provision of law, a
3 public credit provider may, in connection with providing credit enhancement for bonds,
4 notes, certificates of participation, or other evidences of indebtedness of a school
5 district or county office of education, require the school district or county office of
6 education to agree to the following conditions: (1) if a participating school district or
7 county office of education adopts a resolution by a majority vote of its board to
8 participate under this section, it shall provide notice to the Controller of that election.
9 The notice shall include a schedule for the repayment of principal and interest on the
10 bonds, notes, certificates of participation, or other evidence of indebtedness and
11 identify the public credit provider that provided credit enhancement. The notice shall be
12 provided not later than the date of issuance of the bonds; (2) if, for any reason a public
13 credit provider is required to make principal or interest payments or both pursuant to a
14 credit enhancement agreement, the public credit provider shall immediately notify the
15 Controller of that fact and of the amount paid out by the public credit provider; and (3)
16 upon receipt of the notice required by paragraph (2), the Controller shall make an
17 apportionment to the public credit provider in the amount of the payments made by the
18 public credit provider for the purpose of reimbursing the public credit provider for its
19 expenditures made pursuant to the credit enhancement agreement. The Controller
20 shall make that apportionment only from moneys designated for apportionments to the
21 school district pursuant to Section 42238 (providing the formulas for apportionment and

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 determination of the revenue limits for each school district) or to the county office of
2 education pursuant to Section 2558 (providing for the apportionment of state aid to
3 county superintendents of school districts) or to the community college district pursuant
4 to Section 84750 (providing the minimum requirements, standards and criteria for
5 apportionment of annual budget funds to community colleges). Subdivision (b) requires
6 the amount apportioned for a school district, a county office of education, or a
7 community college district pursuant to this section be deemed to be an allocation to the
8 district or the county office of education or the community college district for purposes
9 of subdivision (b) or Section 8 of Article XVI of the California Constitution (providing that
10 from all state revenues there shall first be set apart the moneys to be applied by the
11 State for support of the public school system and public institutions of higher
12 education). For purposes of computing revenue limits or revenue levels pursuant to
13 Section 42338 for any school district or pursuant to Section 2558 for any county office
14 of education or pursuant to Section 84750 for any community college district, the
15 revenue limit or revenue level for any fiscal year in which funds are apportioned for the
16 district or for the county office of education pursuant to this section shall include any
17 amounts apportioned by the Controller pursuant to paragraph (3) of subdivision (a).

18 Chapter 277, Statutes of 1996, Section 2, added³⁷⁸ Education Code Section
19 17194 to provide that "the authority may authorize any participating district to act as its

³⁷⁸ Former Education Code Section 17894, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17194, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 agent in the performance of acts specifically approved by the authority, and all acts
2 required under Article 3 (commencing with Section 17280) of Chapter 3 of Part 10.5.

3 The authorizations may include, but are not necessarily limited to, all of the following:

4 (a) the selection of school or college sites; (b) the securing of appraisals; (c) contracts
5 for architectural services; (d) the advertisement for construction bids and the entry into
6 contracts for construction; and (e) the purchase of furniture and equipment.”

7 Chapter 277, Statutes of 1996, Section 2, added³⁷⁹ Education Code Section
8 17195 to require that “whenever the principal and interest on bonds issued by the
9 authority to finance the cost of a project, or to refinance the outstanding indebtedness
10 of one or more participating districts, including any refunding bonds issued to refund
11 and refinance those bonds, have been fully paid or retired, or whenever adequate
12 provision has been made to fully pay and retire the bonds, and all other conditions of
13 the resolution, lease, trust indenture and any security interest, or any other instrument
14 or instruments authorizing and securing the bonds have been satisfied and the lien of
15 security interest has been released in accordance with those provisions, the authority
16 shall promptly provide for and execute any releases, release deeds, reassignments,
17 deeds, and conveyances as are necessary and required to convey or release its rights,
18 title, and interest in the project financed, to the participating districts.”

³⁷⁹ Former Education Code Section 17895, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17195, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 277, Statutes of 1996, Section 2, added³⁸⁰ Education Code Section
2 17196. Subdivision (a) requires that "this chapter shall be deemed to provide a
3 complete, additional, and alternative method for accomplishing the acts authorized in
4 this chapter, and shall be deemed as being supplemental and additional to the powers
5 conferred by other applicable laws, except that the issuance of revenue bonds and
6 refunding bonds and the undertaking or projects or financings under this chapter need
7 not comply with the requirements of any other laws applicable to the issuance of bonds,
8 including, without limitation, Division 13 (commencing with Section 21000) of the Public
9 Resources Code." Subdivision (b) requires that "except as provided in subdivision (a),
10 the financing of a project under this chapter shall not exempt a project from any of the
1 requirements of law which are otherwise applicable to the project."

12 Chapter 277, Statutes of 1996, Section 2, added³⁸¹ Education Code Section
13 17197 to state that "to the extent that the provisions of this chapter are inconsistent with
14 any other provisions of any general statute, or a special act or parts thereof, the
15 provisions of this chapter shall be deemed controlling."

³⁸⁰ Former Education Code Section 17896, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17196, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁸¹ Former Education Code Section 17897, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17197, was repealed by Chapter 277, Statutes of 1996, Section 1.

1 Chapter 193, Statutes of 2000, Section 2, amended³⁸² Education Code Section
2 17199.1³⁸³. Subdivision (a) requires that any participating district, exclusively for the

³⁸² Former Education Code Section 17899.1, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17199.1, was repealed by Chapter 277, Statutes of 1996, Section 1.

³⁸³ Education Code Section 17199.1, added by Chapter 277, Statutes of 1996, Section 2, as amended by Chapter 193, Statutes of 2000, Section 2:

“(a) Any participating district, exclusively for the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance, by the authority, of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, may: (1) sell to the authority all or part of any rights to or possibilities regarding the state's share of funding for school facilities approved by the State Allocation Board pursuant to Chapter 12.5 (commencing with Sec. 17070.10) including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued; (2) issue bonds to the authority; or (3) borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, in each case at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other transfer, assignment, payment, security, default, remedy, and other terms or provisions as may be specified in the sale of rights agreement or the bonds of the participating district or a loan, loan purchase, installment sale, lease, or other agreement between the authority and the participating district, subject to the following conditions:

(A) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district funds which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the district.

(B) In computing the maximum amount which may be borrowed in any fiscal year pursuant to subparagraph (A), the district may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(C) A participating district that borrows money to finance working capital

pursuant to this subdivision shall be required to repay and discharge the loan, including interest, within 15 months of the loan date.

(D) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash-flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating school district must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the participating district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Notwithstanding Sections 700, 703, and 1045 of the Civil Code, the rights and possibilities that a participating district may have or obtain in the future to * * * an approved state contribution to funding for school facilities pursuant to Chapter 12.5 (commencing with Sec. 17070.10) * * * that remains unfunded pending the issuance of state bonds already authorized by the electors shall constitute property for all purposes and may be transferred as provided in subdivision (a). In the case of any transfer or assignment of rights or possibilities relating to funds for which bonds have been approved by the voters but are not yet available, the transfer or assignment shall be approved by resolution of the State Allocation Board prior to becoming effective.

(c) Any participating district may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable. Any participating district or districts may also do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, installment sale, lease, or other agreement of the district.

(d) A school district may by resolution authorize any county or city board of education or superintendent of schools, and a community college district may by resolution authorize the Board of Governors of the California Community Colleges or the Chancellor of the California Community Colleges, to act as its agent in the performance of any of the matters permitted by this section or any other provision of this chapter. Notwithstanding any other provision of law, the agent shall have the powers granted by the resolution for purposes of this chapter. The resolution shall be deemed to bind the school district or community college district, as the case may be, to any contract, agreement, instrument, or other document executed by the agent on behalf of the school district or community college district, and all duties, obligations, or responsibilities contained therein on the part of the school district or community college

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 purpose of securing financing or refinancing of projects or working capital pursuant to
2 this chapter through the issuance, by the authority, of revenue bonds, certificates of
3 participation, or other means, and notwithstanding any other provision of law, shall, as
4 may be necessary:

5 (1) Sell to the authority all or part of any rights to or possibilities regarding the
6 state's share of funding for school facilities approved by the board pursuant to
7 Chapter 12.5 "Leroy F. Greene School Facilities Act of 1988" including amounts
8 apportioned and funded and amounts approved but not yet funded by the board
9 from proceeds of state bonds already authorized by the electors but not yet

district, to the same extent as if duly authorized, executed, and delivered by the school district or community college district.

(e) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the sale or transfer of any rights to or possibilities regarding * * * the state share of funding for school facilities approved by the State Allocation Board including amounts apportioned and funded and amounts approved but not yet funded * * * from proceeds of state bonds already authorized by the electors but not yet issued, issuance of bonds to, borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the transfer of any rights to or possibilities regarding * * * the state contribution for funding for school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10), including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued, or the issuance of bonds, the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the requirements of any other law applicable to issuance of bonds, borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a school district or community college district, or by a county or city board of education or superintendent of schools or the Board of Governors of the California Community Colleges or Chancellor of the California Community Colleges."

1 issued;

2 (2) Issue bonds to the authority; or

3 (3) Borrow money or purchase or lease educational facilities from the authority,
4 and in connection therewith, sell or lease property to the authority, in each case
5 at any interest rate or rates, rental provisions, with any maturity date or dates or
6 term, and with any other transfer, assignment, payment, security, default,
7 remedy, and other terms or provisions as may be specified in the sale of rights
8 agreement or the bonds of the participating district or a loan, loan purchase,
9 installment sale, lease, or other agreement between the authority and the
10 participating district, subject to the following conditions:

11 (A) The sum of the amount borrowed to finance working capital and the
12 interest payable thereon at the initial interest rate if interest is variable,
13 shall not exceed 85 percent of the estimated amount of uncollected taxes,
14 income, revenue, cash receipts, and other district funds which will be
15 available in any fiscal year for the repayment of the loan and the interest
16 thereon. For purposes of this paragraph, "revenue" includes, but is not
17 limited to, federal and state funds received by the district;

18 (B) In computing the maximum amount which may be borrowed in any
19 fiscal year pursuant to subparagraph (A), the district may exclude the
20 amount of any principal or interest which is secured by a pledge of the
21 amount in any inactive or term deposit of the district which has a term

1 scheduled to terminate during that fiscal year;

2 (C) A participating district that borrows money to finance working capital
3 pursuant to this subdivision shall be required to repay and discharge the
4 loan, including interest, within 15 months of the loan date;

5 (D) The participating school district must demonstrate to the satisfaction
6 of the authority that, during the term of any working capital loan received
7 pursuant to this chapter, the participating district will receive or otherwise
8 have (without additional borrowing) sufficient funds to repay and
9 discharge the loan. The participating district may take into account all
10 district funds and may base future projections upon historical experience
11 or reasonable expectations, or a combination thereof.

12 Subdivision (b) requires that the rights and possibilities that a participating district may
13 have or obtain in the future to an approved state contribution to funding for school
14 facilities pursuant to Chapter 12.5 "Leroy F. Green School Facilities Act of 1988" that
15 remains unfunded pending the issuance of state bonds already authorized by the
16 electors shall constitute property for all purposes and may be transferred as provided in
17 subdivision (a). In the case of any transfer or assignment of rights or possibilities
18 relating to funds for which bonds have been approved by the voters but are not yet
19 available, the transfer or assignment shall be approved by resolution of the State
20 Allocation Board prior to becoming effective. Subdivision (c) requires that any
21 participating district shall, as may be necessary, enter into any agreement for liquidity or

1 credit enhancement, with any reimbursement, payment, interest, security, default,
2 remedy, and other terms it may deem necessary or appropriate in connection with the
3 issuance of bonds, the borrowing of money or the lease or purchase of educational
4 facilities, whichever is applicable. Any participating district or districts shall also, as
5 necessary, do all things and execute all documents as may be necessary or desirable
6 in connection with the issuance of certificates of participation, or other interests, in any
7 bond, loan, installment sale, lease, or other agreement of the district. Subdivision (d)
8 requires that a school district shall by resolution authorize, as may be necessary, any
9 county or city board of education or superintendent of schools, and a community
10 college district shall by resolution authorize, as may be necessary, the Board of
11 Governors of the California Community Colleges or the Chancellor of the California
12 Community Colleges, to act as its agent in the performance of any of the matters
13 permitted by this section or any other provision of this chapter. Notwithstanding any
14 other provision of law, the agent shall have the powers granted by the resolution for
15 purposes of this chapter. The resolution shall be deemed to bind the school district or
16 community college district, as the case may be, to any contract, agreement, instrument,
17 or other document executed by the agent on behalf of the school district or community
18 college district, and all duties, obligations, or responsibilities contained therein on the
19 part of the school district or community college district, to the same extent as if duly
20 authorized, executed, and delivered by the school district or community college district.
21 Subdivision (e) provides that this section shall be deemed to provide a complete,

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 additional, and alternative method for accomplishing the acts authorized by this section,
2 and the sale or transfer of any rights to or possibilities regarding the state share of
3 funding for school facilities approved by the board including amounts apportioned and
4 funded and amounts approved but not yet funded from proceeds of state bonds already
5 authorized by the electors but not yet issued, issuance of bonds to, borrowing of money
6 from, or sale or purchase or lease of educational facilities from or to, the authority. Any
7 agreement entered into in connection with the transfer of any rights to or possibilities
8 regarding the state contribution for funding for school facilities pursuant to Chapter 12.5
9 "Leroy F. Green School Facilities Act of 1988," including amounts apportioned and
10 funded and amounts approved but not yet funded by the State Allocation Board from
11 proceeds of state bonds already authorized by the electors but not yet issued, or the
12 issuance of bonds, the borrowing of money or the sale, purchase, or lease of
13 educational facilities, including, without limitation, any agreement for liquidity or credit
14 enhancement under this section, need not comply with the requirements of any other
15 law applicable to issuance of bonds, borrowing, selling, purchasing, leasing, pledge,
16 encumbrance, or credit, as the case may be, by a school district or community college
17 district, or by a county or city board of education or superintendent of schools or the
18 Board of Governors of the California Community Colleges or Chancellor of the
19 California Community Colleges.

1 Chapter 741, Statutes of 1998, Section 1, amended³⁸⁴ Education Code Section
2 17199.3³⁸⁵. Subdivision (a) limits the total amount of revenue bonds which may be
3 issued and outstanding at any time for purposes of this chapter, other than those
4 revenue bonds issued under Section 17199.4, to four hundred million dollars
5 (\$400,000,000). Subdivision (b) limits the total amount that may be outstanding at any
6 time under this chapter, for purposes of Section 17199.4 only, to four billion dollars
7 (\$4,000,000,000). Subdivision (c) requires that for purposes of subdivisions (a) and (b),
8 bonds which meet any of the following conditions shall not be deemed to be
9 outstanding: (1) bonds which have been refunded pursuant to Section 17188; (2) bonds
10 for which money or securities in amounts necessary to pay or redeem the principal,

³⁸⁴ Former Education Code Section 17899.3, (added by Chapter 1438, Statutes of 1985, Section 1) relating to similar subject matter as Section 17199.1, was repealed by Chapter 893, Statutes of 1997, Section 108.

³⁸⁵ Education Code Section 17199.3, added by Chapter 893, Statutes of 1997, Section 94, as amended by Chapter 741, Statutes of 1998, Section 1:

“(a) The total amount of revenue bonds which may be issued and outstanding at any time for purposes of this chapter, other than those revenue bonds issued under Section 17199.4, shall not exceed four hundred million dollars (\$400,000,000).

(b) The total amount * * * that may be * * * outstanding at any time under this chapter * * *, for purposes of Section * * * 17199.4 only, shall not exceed four billion dollars (\$4,000,000,000).

(c) For purposes of subdivisions (a) and (b), bonds which meet any of the following conditions shall not be deemed to be outstanding:

(1) Bonds which have been refunded pursuant to Section 17188.

(2) Bonds for which money or securities in amounts necessary to pay or redeem the principal, interest, or any redemption premium on the bonds have been deposited in trust.

(3) Bonds which have been issued to provide working capital.”

1 interest, or any redemption premium on the bonds have been deposited in trust; or (3)
2 bonds which have been issued to provide working capital.

3 Chapter 741, Statutes of 1998, Section 1, amended³⁸⁶ Education Code Section
4 17199.4³⁸⁷. Subdivision (a) requires that notwithstanding any other law,

³⁸⁶ Former Education Code Section 17899.4, (added by Chapter 1071, Statutes of 1996, Section 5) relating to similar subject matter as Section 17199.4, was repealed by Chapter 893, Statutes of 1997, Section 109.

³⁸⁷ Education Code Section 17199.4, added by Chapter 893, Statutes of 1997, Section 95, as amended by Chapter 741, Statutes of 1998, Section 2:

“(a) Notwithstanding any other law, any participating school district or county office of education, in connection with securing financing or refinancing of projects, except working capital, pursuant to this chapter may elect to guarantee or provide for payment of the bonds in accordance with the following conditions:

(1) If a participating school district or county office of education adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds and identify a trustee appointed by the participating school district or county office of education or the authority for purposes of this section. The notice shall be provided not later than the date of issuance of the bonds.

(2) If, for any reason, the school district or county office of education will not make the payment of principal and interest at the time the payment is required, the participating school district or county office of education shall notify the trustee of that fact and of the amount of the deficiency. The trustee shall immediately communicate that information to the Controller.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the trustee in the amount of the deficiency for the purpose of making the required payment of principal or interest, or both. The Controller shall make that apportionment only from moneys in Section A of the State School Fund designated for apportionment to the district pursuant to Section 42238 or to the county office of education pursuant to Section 2558.

(4) As an alternative to the procedures set forth in paragraphs (2) and (3), the participating school district or county office of education may provide a transfer schedule in its notice to the Controller of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to

the trustee and the date for the transfers. The Controller shall, subject to the limitation in the last sentence of paragraph (3), make apportionments to the trustee of those amounts on the specified date for the purpose of making those transfers.

(b) The amount apportioned for a school district or for a county office of education pursuant to this section shall be deemed to be an allocation to the district or the county office of education for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution (providing that from all state revenues there shall first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education). For purposes of computing revenue limits pursuant to Section 42238 for any school district or pursuant to Section 2558 for any county office of education, the revenue limit for any fiscal year in which funds are apportioned for the district or for the county office of education pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraphs (3) and (4) of subdivision (a).

(c)(1) School districts or county offices of education that elect to participate under this section shall apply to the authority. The authority shall consider each of the following priorities in making funds available:

(A) First priority shall be given to school districts or county offices of education that apply for funding for instructional classroom space.

(B) Second priority shall be given to school districts or county offices of education that apply for funding of modernization of instructional classroom space.

(C) Third priority shall be given to all other eligible costs, as defined in Section 17173.

(2) The authority shall prioritize applications at appropriate intervals.

(3) A school district electing to participate under this section that has applied for revenue bond moneys for the purposes of joint venture school facilities construction projects, pursuant to Article 5 (commencing with Section 17060) of Chapter 12, shall not be subject to the priorities set forth in paragraph (1) * * * .

(d) This section shall not be construed to make the State of California liable for any payment of principal or interest on any bonds or certificates of participation within the meaning of Section 1 of Article XVI of the California Constitution or otherwise, except as expressly provided in this section.

(e) A school district that has a qualified or negative certification pursuant to Section 42131, or a county office of education that has a qualified or negative certification pursuant to Section 1240, may not participate under this section.

(f) The authority shall report to the Legislature by January 1, 2001, on the number of school districts or county offices of education electing to participate under

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 any participating school district or county office of education, in connection with
2 securing financing or refinancing of projects, except working capital, pursuant to this
3 chapter shall, as may be necessary, elect to guarantee or provide for payment of the
4 bonds in accordance with the following conditions:

5 (1) If a participating school district or county office of education adopts a
6 resolution by a majority vote of its board to participate under this section, it shall
7 provide notice to the Controller of that election. The notice shall include a
8 schedule for the repayment of principal and interest on the bonds and identify a
9 trustee appointed by the participating school district or county office of education
10 or the authority for purposes of this section. The notice shall be provided not
11 later than the date of issuance of the bonds;

12 (2) If, for any reason, the school district or county office of education will not
13 make the payment of principal and interest at the time the payment is required,
14 the participating school district or county office of education shall notify the
15 trustee of that fact and of the amount of the deficiency. The trustee shall
16 immediately communicate that information to the Controller;

17 (3) Upon receipt of the notice required by paragraph (2), the Controller shall
18 make an apportionment to the trustee in the amount of the deficiency for the
19 purpose of making the required payment of principal or interest, or both. The

this section and on the financial stability of the participating school districts and county
offices of education.

* * * "

1 Controller shall make that apportionment only from moneys in Section A of the
2 State School Fund designated for apportionment to the district pursuant to
3 Section 42238 or to the county office of education pursuant to Section 2558;
4 (4) As an alternative to the procedures set forth in paragraphs (2) and (3), the
5 participating school district or county office of education may provide a transfer
6 schedule in its notice to the Controller of its election to participate under this
7 section. The transfer schedule shall set forth amounts to be transferred to the
8 trustee and the date for the transfers. The Controller shall, subject to the
9 limitation in the last sentence of paragraph (3), make apportionments to the
10 trustee of those amounts on the specified date for the purpose of making those
11 transfers.

12 Subdivision (b) requires that the amount apportioned for a school district or for a county
13 office of education pursuant to this section shall be deemed to be an allocation to the
14 district or the county office of education for purposes of subdivision (b) of Section 8 of
15 Article XVI of the California Constitution (providing that from all state revenues there
16 shall first be set apart the moneys to be applied by the State for support of the public
17 school system and public institutions of higher education). For purposes of computing
18 revenue limits pursuant to Section 42238 for any school district or pursuant to Section
19 2558 for any county office of education, the revenue limit for any fiscal year in which
20 funds are apportioned for the district or for the county office of education pursuant to
21 this section shall include any amounts apportioned by the Controller pursuant to

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 paragraphs (3) and (4) of subdivision (a). Subdivision (c)(1) requires that school
2 districts or county offices of education that elect to participate under this section shall
3 apply to the authority. The authority shall consider each of the following priorities in
4 making funds available: (A) first priority shall be given to school districts or county
5 offices of education that apply for funding for instructional classroom space; (B) second
6 priority shall be given to school districts or county offices of education that apply for
7 funding of modernization of instructional classroom space; (C) third priority shall be
8 given to all other eligible costs, as defined in Section 17173. Subdivision (c)(2) requires
9 the authority to prioritize applications at appropriate intervals. Subdivision (c)(3)
10 provides that a school district electing to participate under this section that has applied
11 for revenue bond moneys for the purposes of joint venture school facilities construction
12 projects, pursuant to Article 5 (commencing with Section 17060) of Chapter 12, shall
13 not be subject to the priorities set forth in paragraph (1). Subdivision (d) requires that
14 this section shall not be construed to make the State of California liable for any
15 payment of principal or interest on any bonds or certificates of participation within the
16 meaning of Section 1 of Article XVI of the California Constitution or otherwise, except
17 as expressly provided in this section. Subdivision (e) requires that a school district that
18 has a qualified or negative certification pursuant to Section 42131, or a county office of
19 education that has a qualified or negative certification pursuant to Section 1240, may
20 not participate under this section. Subdivision (f) requires the authority to report to the
21 Legislature by January 1, 2001, on the number of school districts or county offices of

1 education electing to participate under this section and on the financial stability of the
2 participating school districts and county offices of education.

3 Chapter 1076, Statutes of 1998, Section 2 added Education Code Section
4 17199.5 which requires that "notwithstanding Section 17199.4, if the bonds were
5 subject to a credit enhancement agreement provided by a public credit provider
6 pursuant to Section 17193.5 for which a payment for principal or interest, or both, has
7 been made by the public credit provider, the Controller shall allocate to the public credit
8 provider, rather than the trustee, the percentage of the apportionment to be made
9 pursuant to this paragraph equal to the percentage of the outstanding indebtedness
10 which is subject to the credit enhancement agreement."

PART 40. DONAHOE HIGHER EDUCATION ACT

12 CHAPTER 14.3. HIGHER EDUCATION FACILITIES BOND ACT OF 1988

13 ARTICLE 1. GENERAL PROVISIONS

14 Chapter 44, Statutes of 1988, Section 1, added Education Code Section 67330
15 to state that "this chapter shall be known and may be cited as the Higher Education
16 Facilities Bond Act of 1988."

17 Chapter 44, Statutes of 1988, Section 1, added Education Code Section
18 67331³⁸⁸. Subdivision (b) defines the system of public higher education in California to

³⁸⁸ Education Code Section 67331, added by Chapter 44, Statutes of 1988,
Section 1:

"The Legislature finds and declares all of the following:
(a) California's economic and social prosperity relies on a higher education

1 include the University of California, the California State University, the California
2 community colleges, and the California Maritime Academy. Each of these institutions
3 plays a vital role in maintaining California's dominance in higher education in the United
4 States. Subdivisions (c) and (d) establish the purpose of the Higher Education Facilities
5 Bond Act of 1988 in assisting in meeting the capital outlay financing needs, totaling
6 several billion dollars in the aggregate, of California's public higher education system.

7 Chapter 44, Statutes of 1988, Section 1, added Education Code Section
8 67332³⁸⁹ to define the term "Committee" to mean, as used in this chapter, the Higher
9 Education Facilities Finance Committee created pursuant to Section 67353 (consisting

system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, the California State University, the California community colleges, and the California Maritime Academy. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California community colleges to assess their long-term and short-term capital needs, which studies demonstrate that these needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of 1988 is to assist in meeting the capital outlay financing needs of California's public higher education system."

³⁸⁹ Education Code Section 67332, added by Chapter 44, Statutes of 1988, Section 1:

"As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee created pursuant to Section 67353.

(b) "Fund" means the 1988 Higher Education Capital Outlay Bond Fund created pursuant to Section 67333."

1 of the Governor, the Controller, the Treasurer, the Director of Finance, the President of
2 the University of California, the Chancellor of the California State University, and the
3 Chancellor of the California Community Colleges, or their designees), and the term
4 "Fund" to mean, as used in this chapter, the 1988 Higher Education Capital Outlay
5 Bond Fund created pursuant to Section 67333.

6 ARTICLE 2. HIGHER EDUCATION FACILITIES BOND ACT PROGRAM

7 Chapter 44, Statutes of 1988, Section 1, added Education Code Section 67333
8 which requires that "the proceeds of bonds issued and sold pursuant to this chapter
9 shall be deposited in the 1988 Higher Education Capital Outlay Bond Fund, which is
10 hereby created."

1 Chapter 44, Statutes of 1988, Section 1, added Education Code Section
12 67334³⁹⁰. Subdivision (a) authorizes the committee to create a debt or debts, liability or

³⁹⁰ Education Code Section 67334, added by Chapter 44, Statutes of 1988,
Section 1:

"(a) The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California community colleges, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures, renovation, and reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, for the equipping of new, renovated, or reconstructed facilities, and to provide funds for payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings.

(b) Moneys made available under Section 67340 or 67342 may be used to provide short-term loans to community colleges for the purchase of instructional equipment. Those loans shall be repaid from the first moneys available in the Capital Outlay Fund for Public Higher Education beginning in the 1989-90 fiscal year, or from proceeds of the bonds."

1 liabilities, of the State of California pursuant to this chapter for the purpose of funding
2 aid to the California community colleges for the construction, including the construction
3 of buildings and the acquisition of related fixtures, renovation, and reconstruction of
4 facilities, for the acquisition of sites upon which these facilities are to be constructed, for
5 the equipping of new, renovated, or reconstructed facilities, and to provide funds for
6 payment of preconstruction costs, including, but not limited to, preliminary plans and
7 working drawings. Subdivision (b) requires that moneys made available under Section
8 67340 (providing that the Director of Finance may remove any amount, not to exceed
9 the amount of unsold bonds that have been authorized to be sold for the purpose of this
10 chapter, from the General Fund and deposit them into the 1988 Higher Education
11 Capital Outlay Bond Fund) or 67342 shall be used, as may be necessary, to provide
12 short-term loans to community colleges for the purchase of instructional equipment.
13 Those loans shall be repaid from the first moneys available in the Capital Outlay Fund
14 for Public Higher Education beginning in the 1989-90 fiscal year, or from proceeds of
15 the bonds.

16 ARTICLE 3. FISCAL PROVISIONS

17 Chapter 44, Statutes of 1998, Section 1, added Education Code Section
18 67335³⁹¹ to provide for the issuance and sale of bonds in the total amount of six

³⁹¹ Education Code Section 67335, added by Chapter 44, Statutes of 1998,
Section 1:

"(a) Bonds in the total amount of six hundred million dollars (\$600,000,000), not
including the amount of any refunding bonds issued in accordance with Section 67343,

1 hundred million dollars (\$600,000,000).

2 Chapter 44, Statutes of 1988, Section 1, added Education Code Section 67337
3 which requires that "the committee shall authorize the issuance of bonds under this
4 chapter only to the extent necessary to fund the apportionments that are expressly
5 authorized by the Legislature in the annual Budget Act. Pursuant to that legislative
6 direction, the committee shall determine whether or not it is necessary or desirable to
7 issue bonds authorized pursuant to this chapter in order to carry out the actions
8 specified in Section 67334 and, if so, the amount of bonds to be issued and sold.
9 Successive issues of bonds may be authorized and sold to carry out those actions
10 progressively, and it is not necessary that all of the bonds authorized to be issued be
11 sold at any one time."

12 Chapter 44, Statutes of 1988, Section 1, added Education Code Section 67342
13 to provide that "the board may request the Pooled Money Investment Board for a loan
14 from the Pooled Money Investment Account, in accordance with Section 16312 of the
15 Government Code [(a) notwithstanding and in addition to any other provision of law

or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at such different times as necessary to service expenditures required by the apportionments."

1 permitting withdrawal of moneys from the General Fund for deposit into a special fund
2 for the purpose of carrying out a program or project with repayment to the General Fund
3 to come from the proceeds of the later sale of state bonds or notes, the Pooled Money
4 Investment Board may instead make a loan from the Pooled Money Investment
5 Account directly to any such special fund, on such terms and conditions as the board
6 may determine, upon request made to the board by an appropriate official. Any official
7 authorized by law to seek, authorize, or approve a withdrawal of moneys from the
8 General Fund for these purposes may in the alternative request a loan from the board
9 as provided in this section and execute such documents as are required by the board to
10 obtain and repay the loan. . . . (b) the Pooled Money Investment Board may also make
11 a loan from the Pooled Money Investment Account to any special fund for the purpose
12 of carrying out a program or project that is authorized to be financed by issuing bonds,
13 notes, or other evidence of indebtedness, where the special fund does not qualify under
14 subdivision (a)'], and may execute those documents required by the Pooled Money
15 Investment Board to obtain and repay the loan. The loan shall be deposited in the fund
16 for the purpose of carrying out the provisions of this chapter. The amount of the loan
17 shall not exceed the amount of the unsold bonds that the committee, by resolution, has
18 authorized to be sold for the purposes of this chapter."

19 CHAPTER 14.4. HIGHER EDUCATION FACILITIES BOND ACT OF JUNE 1990

20 ARTICLE 1. GENERAL PROVISIONS

21 Chapter 6, Statutes of 1990, Section 1, added Education Code Section 67345 to

1 state that "this chapter shall be known and may be cited as the Higher Education
2 Facilities Bond Act of June 1990."

3 Chapter 6, Statutes of 1990, Section 1, added Education Code Section
4 67345.1³⁹² to provide that, under subdivision (b), the system of public higher education
5 in this state includes the University of California, the California State University, the
6 California Community Colleges, and the California Maritime Academy. Each of these
7 institutions plays a vital role in maintaining California's dominance in higher education in
8 the United States. Subdivisions (c) and (d) provide that the purpose of the Higher
9 Education Facilities Bond Act of June 1990 is to assist in meeting the capital outlay
10 financing needs, totaling several billion dollars in the aggregate, of California's public
higher education system.

³⁹² Education Code Section 67345.1, added by Chapter 6, Statutes of 1990,
Section 1:

"The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, the California State University, the California Community Colleges, and the California Maritime Academy. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of June 1990 is to assist in meeting the capital outlay financing needs of California's public higher education system."

1 Chapter 6, Statutes of 1990, Section 1, added Education Code Section
2 67345.2³⁹³ to define the term "Committee," as used in this chapter, to mean the Higher
3 Education Facilities Finance Committee created pursuant to Section 67353 (consisting
4 of the Governor, the Controller, the Treasurer, the Director of Finance, the President of
5 the University of California, the Chancellor of the California State University, and the
6 Chancellor of the California Community Colleges, or their designees), and the term
7 "Fund" to mean the June 1990 Higher Education Capital Outlay Bond Fund created
8 pursuant to Section 67346.

9 ARTICLE 2. HIGHER EDUCATION FACILITIES BOND ACT PROGRAM

10 Chapter 6, Statutes of 1990, Section 1, added Education Code Section 67346 to
11 require that "the proceeds of bonds issued and sold pursuant to this chapter shall be
12 deposited in the June 1990 Higher Education Capital Outlay Bond Fund, which is
13 hereby created."

14 Chapter 6, Statutes of 1990, Section 1, added Education Code Section
15 67346.5³⁹⁴. Subdivision (a) authorizes the committee to create a debt or debts, liability

³⁹³ Education Code Section 67345.2, added by Chapter 6, Statutes of 1990,
Section 1:

"As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee
created pursuant to Section 67353.

(b) "Fund" means the June 1990 Higher Education Capital Outlay Bond Fund
created pursuant to Section 67346."

³⁹⁴ Education Code Section 67346.5, added by Chapter 6, Statutes of 1990,
Section 1:

1 or liabilities, of the State of California pursuant to this chapter for the purpose of funding
2 aid to the California Community Colleges for the construction, including the construction
3 of buildings and the acquisition of related fixtures, renovation, and reconstruction of
4 facilities, for the acquisition of sites upon which these facilities are to be constructed,
5 and for the equipping of new, renovated, or reconstructed facilities, and to provide
6 funds for payment of preconstruction costs, including, but not limited to, preliminary
7 plans and working drawings. Subdivision (b) requires that moneys made available
8 under Section 67347.5 (providing that the Director of Finance may, by executive order,
9 authorize the withdrawal from the General Fund of an amount or amounts not to exceed
10 the amount of the unsold bonds which have been authorized by the committee to be

“(a) The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, and the Hastings College of the Law, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures, the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, renovation, and reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, and for the equipping of new, renovated, or reconstructed facilities, and to provide funds for payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings. The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to more clearly state what was intended by the Legislature in those sections as well.

(b) Moneys made available under Section 67347.5 or 67347.7 may be used to provide short-term loans to community colleges for the purchase of instructional equipment. Those loans shall be repaid from the first moneys available in the Capital Outlay Fund for Public Higher Education beginning in the 1990-91 fiscal year, or from proceeds of the bonds.”

1 sold for the purpose of carrying out this chapter) or 67347.7 shall be used, as
2 necessary, to provide short-term loans to community colleges for the purchase of
3 instructional equipment. Those loans shall be repaid from the first moneys available in
4 the Capital Outlay Fund for Public Higher Education beginning in the 1990-91 fiscal
5 year, or from proceeds of the bonds.

6 ARTICLE 3. FISCAL PROVISIONS

7 Chapter 6, Statutes of 1990, Section 1, added Education Code Section 67347³⁹⁵
8 to authorize the issuance and sale of bonds in the total amount of four hundred fifty
9 million dollars (\$450,000,000).

10 Chapter 6, Statutes of 1990, Section 1, added Education Code Section 67347.2
11 which requires that "the committee shall authorize the issuance of bonds under this
12 chapter only to the extent necessary to fund the apportionments that are expressly
13 authorized by the Legislature in the annual Budget Act. Pursuant to that legislative

³⁹⁵ Education Code Section 67347, added by Chapter 6, Statutes of 1990,
Section 1:

"(a) Bonds in the total amount of four hundred fifty million dollars (\$450,000,000), not including the amount of any refunding bonds issued in accordance with Section 67347.8, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at any different times necessary to service expenditures required by the apportionments."

1 direction, the committee shall determine whether or not it is necessary or desirable to
2 issue bonds authorized pursuant to this chapter in order to carry out the actions
3 specified in Section 67346.5 and, if so, the amount of bonds to be issued and sold.
4 Successive issues of bonds may be authorized and sold to carry out those actions
5 progressively, and it is not necessary that all of the bonds authorized to be issued be
6 sold at any one time.”

7 Chapter 6, Statutes of 1990, Section 1, added Education Code Section 67347.7
8 to provide that “the board may request the Pooled Money Investment Board for a loan
9 from the Pooled Money Investment Account, in accordance with Section 16312 of the
10 Government Code [(a) notwithstanding and in addition to any other provision of law
11 permitting withdrawal of moneys from the General Fund for deposit into a special fund
12 for the purpose of carrying out a program or project with repayment to the General Fund
13 to come from the proceeds of the later sale of state bonds or notes, the Pooled Money
14 Investment Board may instead make a loan from the Pooled Money Investment
15 Account directly to any such special fund, on such terms and conditions as the board
16 may determine, upon request made to the board by an appropriate official. Any official
17 authorized by law to seek, authorize, or approve a withdrawal of moneys from the
18 General Fund for these purposes may in the alternative request a loan from the board
19 as provided in this section and execute such documents as are required by the board to
20 obtain and repay the loan. . . . (b) the Pooled Money Investment Board may also make
21 a loan from the Pooled Money Investment Account to any special fund for the purpose

1 of carrying out a program or project that is authorized to be financed by issuing bonds,
2 notes, or other evidence of indebtedness, where the special fund does not qualify under
3 subdivision (a)”, and may execute those documents” required by the Pooled Money
4 Investment Board to obtain and repay the loan. The loan shall be deposited in the fund
5 for the purpose of carrying out the provisions of this chapter. The amount of the loan
6 shall not exceed the amount of the unsold bonds that the committee, by resolution, has
7 authorized to be sold for the purposes of this chapter. For the purposes of requesting
8 Pooled Money Investment Board loans in accordance with this section, "board" means:
9 the President of the University of California, the Dean of the Hastings College of the
10 Law, the Chancellor of the California State University, the President of the California
11 Maritime Academy, and the Chancellor of the California Community Colleges, each
12 acting independently on his or her own behalf.”

13 CHAPTER 14.5. HIGHER EDUCATION FACILITIES BOND ACT OF 1986

14 Chapter 424, Statutes of 1986, Section 2, added Education Code Section 67350
15 to provide that “this chapter shall be known and may be cited as the Higher Education
16 Facilities Bond Act of 1986.”

17 Chapter 424, Statutes of 1986, Section 2, added Education Code Section
18 67352³⁹⁶ to define the term “Board,” as used in this chapter, to mean the State Public

³⁹⁶ Education Code Section 67352, added by chapter 424, Statutes of 1986,
Section 1:

“As used in this chapter, and for the purposes of this chapter as used in the
State General Obligation Bond Law, the following words shall have the following

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Works Board, the term "Committee," as used in this chapter, to mean the Higher
2 Education Facilities Finance Committee, created pursuant to Section 67353, and the
3 term "Fund," as used in this chapter, to mean the Higher Education Capital Outlay Bond
4 Fund, created pursuant to subdivision (e) of Section 67354.

5 Chapter 424, Statutes of 1986, Section 2, added Education Code Section 67353
6 to provide that "the Higher Education Facilities Finance Committee is hereby created,
7 consisting of the Governor, the Controller, the Treasurer, the Director of Finance, the
8 President of the University of California, the Chancellor of the California State
9 University, and the Chancellor of the California Community Colleges, or their
10 designees. The Treasurer shall serve as chairperson of the committee."

1 Chapter 424, Statutes of 1986, Section 2, added Education Code Section
12 67354³⁹⁷. Subdivision (a) authorizes and empowers the committee to create a debt or

meanings:

- (a) "Board" means the State Public Works Board.
- (b) "Committee" means the Higher Education Facilities Finance Committee, created pursuant to Section 67353.
- (c) "Fund" means the Higher Education Capital Outlay Bond Fund, created pursuant to subdivision (e) of Section 67354."

³⁹⁷ Education Code Section 67354, added by Chapter 424, Statutes of 1986, Section 2:

"(a) For the purpose of funding aid to the University of California, the California State University, the California Community Colleges, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures, renovation, and reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, for the equipping of new, renovated, or reconstructed facilities, which equipment shall have a useful life of at least 10 years, to provide funds for payment of preconstruction costs, including, but not limited to,

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 debts, liability or liabilities, of the State of California, in the aggregate amount of four
2 hundred million dollars (\$400,000,000) in the manner provided in this chapter, but not in
3 excess thereof. The committee shall, as may be necessary, utilize this funding aid to
4 the California Community Colleges for the construction, including the construction of
5 buildings and the acquisition of related fixtures, renovation, and reconstruction of
6 facilities, for the acquisition of sites upon which these facilities are to be constructed, for
7 the equipping of new, renovated, or reconstructed facilities, which equipment shall have
8 a useful life of at least 10 years, to provide funds for payment of preconstruction costs,
9 including, but not limited to, preliminary plans and working drawings, and to provide

preliminary plans and working drawings, and to provide funds to reimburse the General
Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the
Government Code, the committee shall be and is hereby authorized and empowered to
create a debt or debts, liability or liabilities, of the State of California, in the aggregate
amount of four hundred million dollars (\$400,000,000) in the manner provided in this
chapter, but not in excess thereof.

(b) The committee shall authorize the issuance of bonds under this chapter only
to the extent necessary to fund the apportionments that are expressly authorized by the
Legislature in the annual Budget Act. Pursuant to that legislative direction, the
committee shall determine when the bonds authorized under this chapter shall be
issued in order to fund the authorized apportionments, and the amount of the bonds to
be issued and sold.

(c) Up to two hundred fifty million dollars (\$250,000,000) shall be available for
apportionment in the 1986-87 fiscal year, and up to one hundred fifty million dollars
(\$150,000,000) shall be available for apportionment for the 1987-88 fiscal year, and in
each subsequent fiscal year, except that the maximum aggregate debt or liability
amount set forth in subdivision (a) shall not be exceeded.

(d) Pursuant to this section, the Treasurer shall sell the bonds authorized by the
committee at such different times as necessary to service expenditures required by the
apportionments.

(e) The proceeds of bonds issued and sold pursuant to this chapter shall be
deposited in the Higher Education Capital Outlay Bond Fund, which is hereby created in
the State Treasury."

1 funds to reimburse the General Obligation Bond Expense Revolving Fund pursuant to
2 Section 16724.5 of the Government Code [providing that all money in the revolving fund
3 is appropriated and available without regard to fiscal years for the payment of the
4 expenses incurred by the State Treasurer in having the bonds prepared and in
5 advertising their sale or their prior redemption, for expenses incurred by the committee
6 pursuant to Section 16758 (providing that all actual and necessary expenses of the
7 committee and of the members thereof incurred in the performance of their duties shall
8 be paid out of the fund. Such expenses incurred by members of the committee shall be
9 so paid upon claims filed with the State Controller by the member or members who
10 incurred such expenses), and for payment for legal services pursuant to Section 16760
11 (providing that whenever the committee deems that it will increase the salability or the
12 price of the bonds to obtain, prior to or after sale, a legal opinion, other than that of the
13 Attorney General, as to the validity of the bonds, the committee may authorize the State
14 Treasurer or the Department of Finance, or both, to obtain such a legal opinion).
15 Whenever bonds are sold, out of the first money realized from their sale, there shall be
16 redeposited in the revolving fund such sums as have been expended for the above
17 purposes, which may be used for the same purposes and repaid in the same manner
18 whenever additional sales are made]. Subdivision (b) requires the committee to
19 authorize the issuance of bonds under this chapter only to the extent necessary to fund
20 the apportionments that are expressly authorized by the Legislature in the annual
21 Budget Act. Pursuant to that legislative direction, the committee shall determine when

1 the bonds authorized under this chapter shall be issued in order to fund the authorized
2 apportionments, and the amount of the bonds to be issued and sold. Subdivision (c)
3 requires that up to two hundred fifty million dollars (\$250,000,000) be available for
4 apportionment in the 1986-87 fiscal year, and up to one hundred fifty million dollars
5 (\$150,000,000) shall be available for apportionment for the 1987-88 fiscal year, and in
6 each subsequent fiscal year, except that the maximum aggregate debt or liability
7 amount set forth in subdivision (a) shall not be exceeded. Subdivision (d) requires the
8 Treasurer to sell the bonds authorized by the committee at such different times as
9 necessary to service expenditures required by the apportionments. Subdivision (e)
10 requires that the proceeds of bonds issued and sold pursuant to this chapter shall be
11 deposited in the Higher Education Capital Outlay Bond Fund, which is hereby created in
12 the State Treasury.

13 Chapter 424, Statutes of 1986, Section 2, added Education Code Section
14 67354.5 to provide that "the proceeds of the bonds may also be used to provide
15 short-term loans to community colleges for the purchase of instructional equipment.
16 Those loans shall be repaid from the first moneys available in the Capital Outlay Fund
17 for Public Higher Education beginning in the 1987-88 fiscal year."

18 CHAPTER 14.6. HIGHER EDUCATION FACILITIES BOND ACT OF JUNE 1992

19 ARTICLE 1. GENERAL PROVISIONS

20 Chapter 13, Statutes of 1992, Section 1, added Education Code Section 67358
21 to provide that "this chapter shall be known and may be cited as the Higher Education

1 Facilities Bond Act of June 1992.”

2 Chapter 13, Statutes of 1992, Section 1, added Education Code Section
3 67358.1³⁹⁸. Subdivision (b) defines the system of public higher education in California
4 to include the California Community Colleges consisting of 71 districts containing 107
5 campuses, and their respective off-campus centers. Subdivisions (c) and (d) provide
6 that the purpose of the Higher Education Facilities Bond Act of June 1992 is to assist in
7 meeting the capital outlay financing needs, totaling several billion dollars in the
8 aggregate, of California's public higher education system.

9 Chapter 13, Statutes of 1992, Section 1, added Education Code Section

³⁹⁸ Education Code Section 67358.1, added by Chapter 13, Statutes of 1992,
Section 1:

“The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California containing nine campuses, the California State University containing 20 campuses, the California Community Colleges consisting of 71 districts containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of June 1992 is to assist in meeting the capital outlay financing needs of California's public higher education system.”

1 67358.2³⁹⁹ to define the term, "Committee," as used in this chapter, to mean the Higher
2 Education Facilities Finance Committee created pursuant to Section 67353 (consisting
3 of the Governor, the Controller, the Treasurer, the Director of Finance, the President of
4 the University of California, the Chancellor of the California State University, and the
5 Chancellor of the California Community Colleges, or their designees), and the term
6 "Fund," as used in this chapter, to mean the 1992 Higher Education Capital Outlay
7 Bond Fund created pursuant to Section 67358.3.

8 ARTICLE 2. HIGHER EDUCATION FACILITIES BOND ACT PROGRAM

9 Chapter 13, Statutes of 1992, Section 1, added Education Code Section 67358.3
10 to require that "the proceeds of bonds issued and sold pursuant to this chapter shall be
11 deposited in the 1992 Higher Education Capital Outlay Bond Fund, which is hereby
12 created."

13 Chapter 13, Statutes of 1992, Section 1, added Education Code Section
14 67358.4⁴⁰⁰ to authorize the committee to create a debt or debts, liability or liabilities, of

³⁹⁹ Education Code Section 67358.2, added by Chapter 13, Statutes of 1992,
Section 1:

"As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee
created pursuant to Section 67353.

(b) "Fund" means the 1992 Higher Education Capital Outlay Bond Fund created
pursuant to Section 67358.3."

⁴⁰⁰ Education Code Section 67358.4, added by Chapter 13, Statutes of 1992,
Section 1:

"The committee shall be and is hereby authorized to create a debt or debts,

1 the State of California pursuant to this chapter for the purpose of funding aid to the
2 California Community Colleges for the construction, including the construction of
3 buildings and the acquisition of related fixtures; the equipping of new, renovated, or
4 reconstructed facilities; funding for the payment of preconstruction costs, including, but
5 not limited to, preliminary plans and working drawings, and the renovation and
6 reconstruction of facilities.

7 ARTICLE 3. FISCAL PROVISIONS

8 Chapter 13, Statutes of 1992, Section 1, added Education Code Section
9 67358.5⁴⁰¹. Subdivision (a) requires that bonds in the total amount of nine hundred

liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, the Hastings College of the Law, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures; the equipping of new, renovated, or reconstructed facilities; funding for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings; renovation and reconstruction of facilities; and the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, including the acquisition of sites upon which these facilities are to be constructed.

The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those sections as well."

⁴⁰¹ Education Code Section 67358.5, added by Chapter 13, Statutes of 1992, Section 1:

"(a) Bonds in the total amount of nine hundred million dollars (\$900,000,000), not including the amount of any refunding bonds issued in accordance with Section 67359.3, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 million dollars (\$900,000,000), or so much thereof as is necessary, shall be issued and
2 sold, as may be necessary, to provide a fund to be used for carrying out the purposes
3 expressed in this chapter and to reimburse the General Obligation Bond Expense
4 Revolving Fund. Subdivision (b) requires the Treasurer to sell the bonds authorized by
5 the committee at any different times necessary to service expenditures required by the
6 apportionments.

7 Chapter 13, Statutes of 1992, Section 1, added Education Code Section 67358.7
8 to require that "the committee shall authorize the issuance of bonds under this chapter
9 only to the extent necessary to fund the apportionments that are expressly authorized
10 by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the
11 committee shall determine whether or not it is necessary or desirable to issue bonds
12 authorized pursuant to this chapter in order to carry out the actions specified in Section
13 67358.4 and, if so, the amount of bonds to be issued and sold. Successive issues of
14 bonds may be authorized and sold to carry out those actions progressively, and it is not
15 necessary that all of the bonds authorized to be issued be sold at any one time."

16 Chapter 13, Statutes of 1992, Section 1, added Education Code Section

General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at any different times necessary to service expenditures required by the apportionments."

1 67359⁴⁰² requires that any amounts withdrawn from the General Fund by executive
2 order of the Director of Finance shall be deposited in the Higher Education Capital
3 Outlay Bond Fund. The amount or amounts withdrawn from the General Fund may not
4 exceed the amount of the unsold bonds that have been authorized by the committee to
5 be sold for the purpose of carrying out this chapter. Any money made available under
6 this section shall be returned to the General Fund, together with interest at the rate paid
7 on moneys in the Pooled Money Investment Account, from money received from the
8 sale of bonds for the purpose of carrying out this chapter. Subdivision (b) prohibits the
9 expenditure of funds pursuant to this chapter for the acquisition and development of

⁴⁰² Education Code Section 67359, added by Chapter 13, Statutes of 1992,
Section 1:

“(a) For the purposes of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund.

Any money made available under this section shall be returned to the General Fund, together with interest at the rate paid on moneys in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

(b) No funds shall be expended pursuant to this chapter for the acquisition and development of new campuses that would increase the number of campuses designated in Section 67358.1.

(c) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in Section 67358.4 by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan of the particular university or college and shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2000-01 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college.”

1 new campuses that would increase the number of campuses designated in Section
2 67358.1 (71 districts containing 107 campuses, and their respective off-campus
3 centers). Subdivision (c) requires that any request forwarded to the Legislature and
4 the Department of Finance for funds from this bond issue for expenditure for the
5 purposes described in Section 67358.4 by the California Community Colleges shall be
6 accompanied by the five-year capital outlay plan of the particular college and shall
7 include a schedule that prioritizes the seismic retrofitting needed to significantly reduce,
8 by the 2000-01 fiscal year, in the judgment of the particular college, seismic hazards in
9 buildings identified as high priority by the college.

10 Chapter 13, Statutes of 1992, Section 1, added Education Code Section 67359.2
11 to provide that "the board may request the Pooled Money Investment Board for a loan
12 from the Pooled Money Investment Account, in accordance with Section 16312 of the
13 Government Code, and may execute those documents required by the Pooled Money
14 Investment Board to obtain and repay the loan. The loan shall be deposited in the fund
15 for the purpose of carrying out the provisions of this chapter. The amount of the loan
16 shall not exceed the amount of the unsold bonds that the committee, by resolution, has
17 authorized to be sold for the purposes of this chapter."

18 CHAPTER 14.9. BOND FUND TRANSFERS

19 Chapter 745, Statutes of 2001, Section 34, amended⁴⁰³ Education Code Section

⁴⁰³ Education Code Section 67359.20, added by Chapter 896, Statutes of 1996, Section 1, as amended by Chapter 745, Statutes of 2001, Section 34:

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 67359.20 to provide that "any funds from the 1988 Higher Education Capital Outlay
2 Bond Fund, the June 1990 Higher Education Capital Outlay Bond Fund, and the 1992
3 Higher Education Capital Outlay Bond Fund, not to exceed a combined total of
4 seventy-five million dollars (\$75,000,000), are hereby appropriated to the Director of
5 Finance for allocation to the University of California, the California State University, and
6 the California Community Colleges to meet the timely allocation of matching grants to
7 repair, replace, reconstruct, renovate, or retrofit on-campus buildings or facilities,
8 including utilities, and streets and roads that were damaged in the Northridge
9 earthquake of January 17, 1994."

10 PART 66. PUBLIC EDUCATION BONDS

1 CHAPTER 1. PUBLIC EDUCATION FACILITIES BOND ACT OF 1996

12 Chapter 1, Statutes of 1996, Section 1, added Chapter 1, "Public Education
13 Facilities Act of 1996," approved by passage of Initiative Measure [Prop. 203] on March
14 26, 1996.

"Any funds from the 1988 Higher Education Capital Outlay Bond Fund, the June 1990 Higher Education Capital Outlay Bond Fund, and the 1992 Higher Education Capital Outlay Bond Fund, not to exceed a combined total of seventy-five million dollars (\$75,000,000), are hereby appropriated to the Director of Finance for allocation to the University of California, the California State University, and the California Community Colleges to meet the timely allocation of matching grants to repair, replace, reconstruct, renovate, or retrofit on-campus buildings or facilities, including utilities, and streets and roads that were damaged in the Northridge earthquake of January 17, 1994.

~~(b) On or before March 31, June 30, September 30, and December 31 of each year, the Director of Finance shall notify, in writing, the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of both houses of the Legislature of any transfer of funds made pursuant to this section in the preceding three months."~~

1 ARTICLE 1. GENERAL PROVISIONS

2 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100000
3 to state that "this chapter shall be known and may be cited as the Public Education
4 Facilities Bond Act of 1996."

5 ARTICLE 2. SCHOOL FACILITIES PROGRAM PROVISIONS

6 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100010
7 to require that "two billion twenty-five million dollars (\$2,025,000,000) of the proceeds of
8 bonds issued and sold pursuant to this chapter shall be deposited in the State School
9 Building Lease-Purchase Fund."

10 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100015
11 to require that "all moneys deposited in the State School Building Lease-Purchase Fund
12 shall be available to provide aid to school districts of the state in accordance with the
13 Leroy F. Greene State School Building Lease-Purchase Law of 1976, and of all acts
14 amendatory thereof and supplementary thereto, to provide aid to school districts,
15 county superintendents of schools, and county boards of education of the state in
16 accordance with Sections 100020, 100025, 100030, and 100035, to provide funds to
17 repay any money advanced or loaned to the State School Building Lease-Purchase
18 Fund under any act of the Legislature, together with interest provided for in that act, and
19 to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section
20 16724.5 of the Government Code [providing that whenever bonds are sold, out of the
21 first money realized from their sale, there shall be redeposited in the revolving fund

1 such expended sums, which may be used for the same purposes and repaid in the
2 same manner whenever additional sales are made].”

3 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100020
4 to provide that “of the proceeds from the sale of bonds pursuant to this chapter, not
5 more than nine hundred million dollars (\$900,000,000) may be used for one or more of
6 the following purposes:

7 (a) The acquisition of portable classrooms for use in accordance with Chapter 25
8 (commencing with Section 17785) of Part 10 [repealed by Chapter 277, Statutes
9 of 1996, Section 1, but relating to similar subject matter as new Section 17085,
10 added by Chapter 277, Statutes of 1996, Section 2].

11 (b) The reconstruction or modernization of facilities pursuant to Chapter 22
12 (commencing with Section 17700) of Part 10 [repealed by Chapter 277, Statutes
13 of 1996, Section 1, but relating to similar subject matter as new Section 17000,
14 added by Chapter 277, Statutes of 1996, Section 2]. In addition to the current
15 program requirements, the State Allocation Board may allocate funding pursuant
16 to this subdivision for the reconstruction or modernization of any existing
17 structure, including the wiring and cabling in that structure, to enable that
18 structure to accommodate computers and other high technology equipment.

19 (c) The purchase and installation of air-conditioning equipment and insulation
20 materials, and related costs, pursuant to Section 42250.1, for schools operated
21 on a year-round multitrack schedule in a manner that increases school capacity

1 and reduces or eliminates the school district's need for the construction of
2 additional classroom space.

3 (d) Project funding for applicant districts under Chapter 22 (commencing with
4 Section 17700) of Part 10 [repealed by Chapter 277, Statutes of 1996, Section 1,
5 but relating to similar subject matter as new Section 17000, added by Chapter
6 277, Statutes of 1996, Section 2] that have incurred or will incur enrollment
7 increases due to the locating or expansion of state or federal prisons.

8 (e) The acquisition of relocatable child care and development facilities for the
9 purpose of providing extended day care services pursuant to Article 22
10 (commencing with Section 8460) of Chapter 2 of Part 6.

11 (f) Project funding, without regard to funding priorities, for applicant county
12 boards of education under Chapter 22 (commencing with Section 17700) of Part
13 10 [repealed by Chapter 277, Statutes of 1996, Section 1, but relating to similar
14 subject matter as new Section 17000, added by Chapter 277, Statutes of 1996,
15 Section 2] that are eligible for that funding for classrooms for severely
16 handicapped pupils.

17 (g) Project funding for applicant districts under Chapter 22 (commencing with
18 Section 17700) of Part 10 [repealed by Chapter 277, Statutes of 1996, Section 1,
19 but relating to similar subject matter as new Section 17000, added by Chapter
20 277, Statutes of 1996, Section 2] that are eligible for that funding, but that lack
21 funding priority due to the size of pupil enrollment in the district.

1 (h) Project funding for high priority roof replacement projects.

2 (i) Construction projects or the purchase of furniture or equipment designed to
3 increase school security.

4 (j) The identification, assessment, or abatement in school facilities of hazardous
5 asbestos pursuant to either Chapter 22 (commencing with Section 17700) of
6 Part 10 [repealed by Chapter 277, Statutes of 1996, Section 1, but relating to
7 similar subject matter as new Section 17000, added by Chapter 277, Statutes of
8 1996, Section 2] or Section 39619.6 [the "Asbestos Abatement Fund," repealed
9 by Chapter 277, Statutes 1996, Section 6, but relating to similar subject matter
10 as new Section 17590, added by Chapter 277, Statutes of 1996, Section 3] and
11 of lead.

12 (k) The reconstruction or modernization of facilities pursuant to Chapter 22
13 (commencing with Section 17700) of Part 10 [repealed by Chapter 277, Statutes
14 of 1996, Section 1, but relating to similar subject matter as new Section 17000,
15 added by Chapter 277, Statutes of 1996, Section 2]. Notwithstanding Section
16 17721.3 [repealed by Chapter 277, Statutes of 1996, Section 1, but relating to
17 similar subject matter as new Section 17021.3, added by Chapter 277, Statutes
18 of 1996, Section 2, which provides that for the purposes of the Leroy F. Greene
19 State School Building Lease-Purchase Law of 1976, "modernization" or
20 "renovation" means any modification of an existing structure, the costs of which
21 do not exceed 25 percent of the replacement cost of that structure], the State

1 Allocation Board may allocate funding pursuant to this subdivision for the
2 reconstruction or modernization of an existing structure in an amount that
3 exceeds 25 percent of the replacement cost of that structure in order to finance
4 structural improvements needed to avert future earthquake damage.”

5 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100025
6 to limit the proceeds from the sale of bonds pursuant to this chapter used for seismic
7 retrofit projects of existing public school facilities to not more than one hundred million
8 dollars (\$100,000,000).

9 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100030
10 to limit the proceeds from the sale of bonds pursuant to this chapter used for projects
11 for school districts that agree to contribute 60 percent or more of the cost of those
12 projects to not more than forty million dollars (\$40,000,000).

13 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100035
14 to limit the proceeds from the sale of bonds pursuant to this chapter used for projects
15 that include joint use of facilities pursuant to Section 17750 or 17751 [repealed by
16 Chapter 277, Statutes of 1996, Section 1, but relating to similar subject matter as new
17 Sections 17050 and 17051, as added by Chapter 277, Statutes of 1996, Section 2.] to
18 not more than twenty-five million dollars (\$25,000,000).

19 ARTICLE 3. HIGHER EDUCATION FACILITIES PROGRAM

20 Chapter 1, Statutes of 1996, Section 1, added Education Code Section

1 100110⁴⁰⁴ to provide that the purpose of the "Higher Education Facilities Program" is to
2 assist in meeting the capital outlay financing needs of California's public higher
3 education system, including the California Community Colleges, consisting of 71
4 districts and 107 campuses.

5 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100115
6 to require that "nine hundred seventy-five million dollars (\$975,000,000) of the proceeds
7 of bonds issued and sold pursuant to this chapter shall be deposited in the 1996 Higher
8 Education Capital Outlay Bond Fund, which is hereby created."

9 Chapter 1, Statutes of 1996, Section 1, added Education Code Section

⁴⁰⁴ Education Code Section 100110, added by Chapter 1, Statutes of 1996,
Section 1:

"The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, comprising nine campuses, the California State University, comprising 22 campuses, including the California Maritime Academy, a specialized institution, the California Community Colleges, consisting of 71 districts and 107 campuses, the Hastings College of the Law, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several billion dollars.

(d) The purpose of this article is to assist in meeting the capital outlay financing needs of California's public higher education system."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 100120⁴⁰⁵ to authorize the Higher Education Facilities Finance Committee to create a
2 debt or debts, liability or liabilities, of the State of California pursuant to this chapter for
3 the purpose of funding aid to the California Community Colleges for the construction,
4 including the construction of buildings and the acquisition of related fixtures; the
5 equipping of new, renovated, or reconstructed facilities; funding for the payment of
6 preconstruction costs, including, but not limited to, preliminary plans and working
7 drawings, and the renovation and reconstruction of facilities.

8 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100121
9 to require that "the Board of Governors of the California Community Colleges shall
10 consider the historic significance of community college district buildings that are 50

⁴⁰⁵ Education Code Section 100120, added by Chapter 1, Statutes of 1996,
Section 1:

"The Higher Education Facilities Finance Committee created pursuant to Section 67353 shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, and the Hastings College of the Law for the construction, including the construction of buildings and the acquisition of related fixtures; the equipping of new, renovated, or reconstructed facilities; funding for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings; renovation and reconstruction of facilities; and the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, including the acquisition of sites upon which these facilities are to be constructed.

The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those sections as well."

1 years of age or older if those buildings are to be renovated, reconstructed, or
2 demolished in connection with the construction of buildings utilizing the funds provided
3 by this chapter.”

4 ARTICLE 4. FISCAL PROVISIONS

5 Chapter 1, Statutes of 1996, Section 1, added Education Code Section
6 100125⁴⁰⁶ to require that bonds in the total amount of three billion dollars
7 (\$3,000,000,000), not including the amount of any refunding bonds issued in
8 accordance with Section 100175, or so much thereof as is necessary, shall be issued
9 and sold, as may be necessary, to provide a fund to be used for carrying out the
10 purposes expressed in this chapter and to reimburse the General Obligation Bond
Expense Revolving Fund.

12 Chapter 1, Statutes of 1996, Section 1, added Education Code Section

⁴⁰⁶ Education Code Section 100125, added by Chapter 1, Statutes of 1996,
Section 1:

“(a) Bonds in the total amount of three billion dollars (\$3,000,000,000), not including the amount of any refunding bonds issued in accordance with Section 100175, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the Higher Education Facilities Finance Committee created pursuant to Section 67353 at any different times necessary to service expenditures required by the apportionments.”

1 100135⁴⁰⁷. Subdivision (a) requires that bonds authorized by this chapter shall be
2 prepared, executed, issued, sold, paid, and redeemed as provided in the State General
3 Obligation Bond Law [providing a procedure which may be adopted by other acts for
4 use with whatever modifications are necessary in authorizing the issuance and sale of
5 state general obligation bonds and providing for the repayment of such bonds], and all
6 of the provisions of that law apply to the bonds and to this chapter and are hereby
7 incorporated in this chapter as though set forth in full in this chapter.

8 Chapter 1, Statutes of 1996, Section 1, added Education Code Section
9 100140⁴⁰⁸. Subdivision (b) requires the Higher Education Facilities Finance Committee

⁴⁰⁷ Education Code Section 100135, added by Chapter 1, Statutes of 1996,
Section 1:

“(a) The bonds authorized by this chapter shall be prepared, executed, issued,
sold, paid, and redeemed as provided in the State General Obligation Bond Law
(Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the
Government Code), and all of the provisions of that law apply to the bonds and to this
chapter and are hereby incorporated in this chapter as though set forth in full in this
chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation
Board is designated the "board" for purposes of administering the State School Building
Lease-Purchase Fund.

(c) For purposes of the State General Obligation Bond Law, each state agency
administering an appropriation of the 1996 Higher Education Capital Outlay Bond Fund
is designated as the "board" for projects funded by those appropriations.”

⁴⁰⁸ Education Code Section 100140, added by Chapter 1, Statutes of 1996,
Section 1:

“(a) Upon request of the State Allocation Board from time to time, supported by a
statement of the apportionments made and to be made for the purposes described in
Sections 100015, 100020, 100025, 100030, and 100035, the State School Building
Finance Committee created pursuant to Section 15909 shall determine whether or not it

1 to authorize the issuance of bonds under this chapter only to the extent necessary to
2 fund the apportionments for the purposes described in Section 100120 that are
3 expressly authorized by the Legislature in the annual Budget Act. Pursuant to that
4 legislative direction, the committee shall determine whether or not it is necessary or
5 desirable to issue bonds authorized pursuant to this chapter in order to carry out the
6 actions specified in Section 100120 and, if so, the amount of bonds to be issued and
7 sold. Successive issues of bonds shall be authorized and sold, as may be necessary, to
8 carry out those actions progressively, and it is not necessary that all of the bonds
9 authorized to be issued be sold at any one time.

10 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100145
11 to provide that "there shall be collected each year and in the same manner and at the
12 same time as other state revenue is collected, in addition to the ordinary revenues of
13 the state, a sum in an amount required to pay the principal of, and interest on, the

is necessary or desirable to issue bonds authorized pursuant to this chapter in order to
fund the apportionments and, if so, the amount of bonds to be issued and sold.
Successive issues of bonds may be authorized and sold to fund those apportionments
progressively, and it is not necessary that all of the bonds authorized to be issued be
sold at any one time.

(b) The Higher Education Facilities Finance Committee created pursuant to
Section 67353 shall authorize the issuance of bonds under this chapter only to the
extent necessary to fund the apportionments for the purposes described in Section
100120 that are expressly authorized by the Legislature in the annual Budget Act.
Pursuant to that legislative direction, the committee shall determine whether or not it is
necessary or desirable to issue bonds authorized pursuant to this chapter in order to
carry out the actions specified in Section 100120 and, if so, the amount of bonds to be
issued and sold. Successive issues of bonds may be authorized and sold to carry out
those actions progressively, and it is not necessary that all of the bonds authorized to
be issued be sold at any one time."

1 bonds each year, and it is the duty of all officers charged by law with any duty in regard
2 to the collection of the revenue to do and perform each and every act which is
3 necessary to collect that additional sum."

4 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100150
5 to provide that "notwithstanding Section 13340 of the Government Code [providing that
6 on and after July 1, 1998, no moneys in that fund that, by any statute other than a
7 Budget Act, is continuously appropriated without regard to fiscal years, may be
8 encumbered unless the Legislature, by statute, specifies that the moneys in the fund
9 are appropriated for encumbrance], there is hereby appropriated from the General Fund
10 in the State Treasury, for the purposes of this chapter, an amount that will equal the
11 total of the following: (a) the sum annually necessary to pay the principal of, and
12 interest on, bonds issued and sold pursuant to this chapter, as the principal and interest
13 become due and payable, and (b) the sum that is necessary to carry out the provisions
14 of Section 100165, appropriated without regard to fiscal years."

15 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100155
16 to provide that "the board may request the Pooled Money Investment Board to make a
17 loan from the Pooled Money Investment Account, in accordance with Section 16312 of
18 the Government Code [providing that the Pooled Money Investment Board may make a
19 loan from the Pooled Money Investment Account directly to any such special fund, on
20 such terms and conditions as the board may determine, upon request made to the
21 board by an appropriate official, or for the purpose of carrying out a program or project

1 that is authorized to be financed by issuing bonds, notes, or other evidence of
2 indebtedness], for the purpose of carrying out this chapter. The amount of the request
3 shall not exceed the amount of the unsold bonds that the committee has, by resolution,
4 authorized to be sold for the purpose of carrying out this chapter. The board shall
5 execute those documents required by the Pooled Money Investment Board to obtain
6 and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated
7 by the board in accordance with this chapter.”

8 Chapter 1, Statutes of 1996, Section 1, added Education Code Section
9 100165⁴⁰⁹. Subdivision (a) requires that any amounts authorized by the Director of
10 Finance withdrawn from the General Fund shall be deposited in the State School

⁴⁰⁹ Education Code Section 100165, added by Chapter 1, Statutes of 1996,
Section 1:

“(a) For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the State School Building Finance Committee or the Higher Education Facilities Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the State School Building Lease-Purchase Fund and the 1996 Higher Education Capital Outlay Bond Fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in Section 100120 by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan of the particular university or college and shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2002-03 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Building Lease-Purchase Fund and the 1996 Higher Education Capital Outlay Bond
2 Fund. The amount or amounts withdrawn shall not exceed the amount of the unsold
3 bonds that have been authorized by the State School Building Finance Committee or
4 the Higher Education Facilities Finance Committee to be sold for the purpose of
5 carrying out this chapter. Any money made available under this section shall be
6 returned to the General Fund, plus an amount equal to the interest the money would
7 have earned in the Pooled Money Investment Account, from proceeds received from
8 the sale of bonds for the purpose of carrying out this chapter. Subdivision (b) requires
9 that any request forwarded to the Legislature and the Department of Finance for funds
10 from this bond issue for expenditure for the purposes described in Section 100120 by
11 the California Community Colleges shall be accompanied by the five-year capital outlay
12 plan of the particular college and shall include a schedule that prioritizes the seismic
13 retrofitting needed to significantly reduce, by the 2002-03 fiscal year, in the judgment of
14 the particular college, seismic hazards in buildings identified as high priority by the
15 college.

16 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100170
17 to require that "all money deposited in the State School Building Lease-Purchase Fund,
18 the Education Technology Fund, and the 1996 Higher Education Capital Outlay Bond
19 Fund that is derived from premium and accrued interest on bonds sold shall be
20 reserved in the fund and shall be available for transfer to the General Fund as a credit
21 to expenditures for bond interest."

1 Chapter 1, Statutes of 1996, Section 1, added Education Code Section 100175
2 to provide that "the bonds may be refunded in accordance with Article 6 (commencing
3 with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government
4 Code [providing that the committee may provide for the issuance and sale or exchange
5 of refunding bonds for the purpose of redeeming, retiring, or purchasing for retirement,
6 outstanding bonds at or before their maturity, if the committee determines that
7 refunding is necessary or advisable in order (a) to effect a favorable reorganization of
8 the debt structure of the state, or (b) to effect a saving in debt service cost to the state,
9 as measured by the present value of that saving], which is a part of the State General
10 Obligation Bond Law. Approval by the electors of the state for the issuance of the
11 bonds described in this chapter shall include approval of the issuance of any bonds
12 issued to refund any bonds originally issued under this chapter or any previously issued
13 refunding bonds."

14 Chapter 1, Statutes of 1996, Section 1, added Education Code Section
15 100180⁴¹⁰ to provide that the proceeds from the sale of bonds authorized by this
16 chapter are not subject to the tax limitations imposed by Article XIII B of the California
17 Constitution.

⁴¹⁰ Education Code Section 100180, added by Chapter 1, Statutes of 1996,
Section 1:

"The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article."

1 ARTICLE 5. MISCELLANEOUS

2 Chapter 1, Statutes of 1996, Section 1, added Education Code Section

3 100185⁴¹¹ Subdivision (a) requires that any remaining funds resulting or derived from
4 the sale of bonds pursuant to Part 10 shall be transferred to the State School Building
5 Lease-Purchase Fund and may be apportioned by the State Allocation Board for the
6 purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976.

7 Subdivision (b) requires that any unsold bonds, authorized for issuance under Part 10,
8 shall be sold, as may be necessary, by the Treasurer, upon authorization by the State

⁴¹¹ Education Code Section 100185, added by Chapter 1, Statutes of 1996,
Section 1:

“(a) Any remaining funds resulting or derived from the sale of bonds pursuant to Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500), of Part 10, shall be transferred to the State School Building Lease-Purchase Fund and may be apportioned by the State Allocation Board for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10).

(b) Any unsold bonds, authorized for issuance under Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500), of Part 10 may be sold by the Treasurer, upon authorization by the State School Building Finance Committee for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10).”

1 School Building Finance Committee for the purposes of the Leroy F. Greene State
2 School Building Lease-Purchase Law of 1976.

3 PART 68. PUBLIC EDUCATION BONDS

4 CHAPTER 1. CLASS SIZE REDUCTION KINDERGARTEN-UNIVERSITY

5 PUBLIC EDUCATION FACILITIES BOND ACT OF 1998

6 Chapter 407, Statutes of 1998, Section 16, added Chapter 1, "Class Size
7 Reduction Kindergarten-University Public Education Facilities Bond Act of 1998,"
8 approved by Initiative Measure [Prop. 1A] on November 3, 1998.

9 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
10 100400 to provide that "this part shall be known and may be cited as the Class Size
Reduction Kindergarten-University Public Education Facilities Bond Act of 1998."

12 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
13 100401 to provide that "the incorporation of, or reference to, any provisions of California
14 statutory law in this part includes all acts amendatory thereof and supplementary
15 thereto."

16 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
17 100403⁴¹² to require that bonds in the total amount of nine billion two hundred million

⁴¹² Education Code Section 100403, added by Chapter 407, Statutes of 1998, Section 16:

"(a) Bonds in the total amount of nine billion two hundred million dollars (\$9,200,000,000), not including the amount of any refunding bonds issued in accordance with Chapter 2 (commencing with Section 100410) and Chapter 3 (commencing with Section 100450), or so much thereof as is necessary, may be issued

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 dollars (\$9,200,000,000), not including the amount of any refunding bonds issued in
2 accordance with Chapter 2 (commencing with Section 100410) and Chapter 3
3 (commencing with Section 100450), or so much thereof as is necessary, shall be issued
4 and sold, as may be necessary, to provide a fund to be used for carrying out the
5 purposes expressed in this part and to reimburse the General Obligation Bond Expense
6 Revolving Fund pursuant to Section 16724.5 of the Government Code [providing that
7 whenever bonds are sold, out of the first money realized from their sale, there shall be
8 redeposited in the revolving fund such expended sums, which may be used for the
9 same purposes and repaid in the same manner whenever additional sales are made].
10 The bonds, when sold, shall be and constitute a valid and binding obligation of the
11 State of California, and the full faith and credit of the State of California is hereby
12 pledged for the punctual payment of the principal of, and interest on, the bonds as the
13 principal and interest become due and payable. Subdivision (b) requires the Treasurer

and sold to provide a fund to be used for carrying out the purposes expressed in this part and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established by Section 15909 and the Higher Education Facilities Finance Committee established pursuant to Section 67353 (consisting of the Governor, the Controller, the Treasurer, the Director of Finance, the President of the University of California, the Chancellor of the California State University, and the Chancellor of the California Community Colleges, or their designees) at any different times necessary to service expenditures required by the apportionments.”

1 to sell the bonds authorized by the State School Building Finance Committee and the
2 Higher Education Facilities Finance Committee at any different times necessary to
3 service expenditures required by the apportionments.

4 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
5 100405⁴¹³ to provide that for purposes of Part 68, "Chapter 12" refers to the Leroy F.
6 Greene State School Building Lease-Purchase Law of 1976 and "Chapter 12.5" refers
7 to the Leroy F. Greene School Facilities Act of 1998.

8 CHAPTER 2. KINDERGARTEN THROUGH 12TH GRADE

9 Chapter 407, Statutes of 1998, Section 16, added Chapter 2, "Kindergarten
10 Through 12th Grade," approved by Initiative Measure [Prop. 1A] on November 3, 1998.

11 ARTICLE 1. KINDERGARTEN THROUGH 12TH GRADE SCHOOL FACILITIES
12 PROGRAM PROVISIONS

13 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
14 100410. Subdivision (a) requires that "three billion three hundred fifty million dollars
15 (\$3,350,000,000) of the proceeds of bonds issued and sold pursuant to this part shall
16 be deposited in the 1998 State School Facilities Fund, which is established by Section
17 17070.40, and allocated by the State Allocation Board pursuant to this chapter. Before

⁴¹³ Education Code Section 100405, added by Chapter 407, Statutes of 1998, Section 16:

"For purposes of this part, "Chapter 12" means Chapter 12 (commencing with Section 17000) of Part 10 and "Chapter 12.5" means Chapter 12.5 (commencing with Section 17070.10) of Part 10"

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 requesting the sale of bonds pursuant to Section 100432 for deposit in the State School
2 Facilities Fund, the State Allocation Board shall request, pursuant to Section 100432,
3 the sale of bonds sufficient to finance all projects for which application was made
4 pursuant to the Leroy F. Greene State School Building Lease-Purchase Law of 1976
5 (Chapter 12 (commencing with Section 17000) of Part 10) and for which an application
6 was approved for construction, but funding was not available, prior to November 4,
7 1998." Subdivision (b) requires that "in addition to the amount specified in subdivision
8 (a), three billion three hundred fifty million dollars (\$3,350,000,000) of the bonds
9 authorized by this chapter shall only be issued and sold pursuant to this chapter on or
10 after July 1, 2000, and the proceeds of those bonds shall be deposited in the 1998
11 State School Facilities Fund and allocated by the State Allocation Board pursuant to
12 this chapter."

13 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
14 100415. Subdivision (a) requires that "all moneys deposited in the 1998 State School
15 Facilities Fund pursuant to this chapter shall be available and, notwithstanding any
16 other provision of law to the contrary, are hereby appropriated to provide aid to school
17 districts of the state in accordance with the Leroy F. Greene State School Building
18 Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000) of Part
19 10) and in accordance with the Leroy F. Greene School Facilities Act of 1998 (Chapter
20 12.5 (commencing with Section 17070.10) of Part 10), to provide aid to school districts,
21 county superintendents of schools, and county boards of education of the state in

1 accordance with Section 100420, to provide funds to repay any money advanced or
2 loaned to the 1998 State School Facilities Fund under any act of the Legislature,
3 together with interest provided for in that act, and to reimburse the General Obligation
4 Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.”

5 Subdivision (b) requires that “the bonds issued and sold pursuant to this chapter shall
6 fund kindergarten and grades 1 through 12, inclusive, school constructions for a
7 four-year period.”

8 Chapter 858, Statutes of 1999, Section 14, amended Education Code Section
9 100420⁴¹⁴. Subdivision (a) requires that of the proceeds from the sale of bonds, issued

⁴¹⁴ Education Code Section 100420, added by Chapter 407, Statutes of 1998,
Section 16, as amended by Chapter 858, Statutes of 1999, Section 14:

“(a) Of the proceeds from the sale of bonds, issued and sold pursuant to this
chapter, as specified in subdivision (a) of Section 100410, not more than three billion
three hundred fifty million dollars (\$3,350,000,000) shall be allocated beginning in the
1998-99 fiscal year in accordance with the following schedule:

(1) Not less than one billion three hundred fifty million dollars
(\$1,350,000,000) for project funding related to the growth in enrollment of
applicant school districts under Chapter 12 and Chapter 12.5 that have incurred
or will incur enrollment increases.

(2) Not less than eight hundred million dollars (\$800,000,000) for the
reconstruction or modernization of facilities pursuant to Chapter 12 and Chapter
12.5.

(3) Not more than five hundred million dollars (\$500,000,000) shall be
deposited in the Public School Critical Hardship Account, which is hereby
established in the 1998 State School Facilities Fund and shall be allocated by
the State Allocation Board to fund critical hardships as defined in Chapter 12.5.
These funds may be expended for the acquisition of portable classrooms for use
in accordance with Chapter 14 (commencing with Section 17085) of Part 10.

(4) (A) Not more than seven hundred million dollars (\$700,000,000)
may be allocated to assist school districts with site acquisition and
facilities-related costs of kindergarten and grades 1 to 3, inclusive, that

are in the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28 and Chapter 19 (commencing with Section 17200) of Part 10, and to assist districts with the restoration of facilities that previously accommodated other programs and were displaced as a result of the implementation of class size reduction. On and after July 1, 2000, if applications for the total funds available under this paragraph have not been filed with the State Allocation Board, the funds for which applications have not been received may be allocated by the board to other high priority needs as the board determines. On and after July 1, 2003, any funds not allocated are available for other high priority needs.

(B) The funds allocated in subparagraph (A) shall be allocated to the State Department of Education to provide class size reduction facilities grants necessary to implement the K-3 Class Size Reduction Program established pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 and Chapter 19 (commencing with Section 17200) of Part 10. The department shall certify to the State Allocation Board the amount of funds needed for this purpose. The board shall transfer the amount of funds needed to the department. From these funds, the department shall award eligible districts forty thousand dollars (\$40,000) for each new option one class established for class size reduction for which the district had not previously received funding under class size reduction facilities programs.

(C) The remaining funds provided pursuant to subparagraph (A) shall be to provide funding for schoolsites that were eligible to receive a class size reduction land-locked waiver pursuant to Section 52122.6. The funds may be provided to districts to provide 50 percent of the cost of funding a facilities mitigation plan developed for the impacted site pursuant to Section 52122.7.

(D) Any funds not expended pursuant to subparagraphs (A), (B), or (C) may be allocated to districts that request funding of forty thousand dollars (\$40,000) for each teaching station that (1) was displaced as a result of the implementation of class size reduction and (2) received less than forty thousand dollars (\$40,000) per teaching station in 1996-97 pursuant to Chapter 19 (commencing with Section 17200) of Part 10. Programs for which teaching stations may be restored may include child care, extended day care, school libraries, computer labs, and special education classrooms.

(b) Of the proceeds from the sale of bonds issued and sold pursuant to this chapter, as specified in subdivision (b) of Section 100410, not more than three billion

three hundred fifty million dollars (\$3,350,000,000) shall be allocated beginning in the 2000-01 fiscal year in accordance with the following schedule:

(1) Not less than one billion five hundred fifty million dollars (\$1,550,000,000) for project funding related to the growth in enrollment of applicant school districts under Chapter 12.5 that have incurred or will incur enrollment increases.

(2) Not less than one billion three hundred million dollars (\$1,300,000,000) for the reconstruction or modernization of facilities pursuant to Chapter 12.5.

(3) Not more than five hundred million dollars (\$500,000,000) shall be deposited in the Public School Critical Hardship Account in the 1998 State School Facilities Fund and shall be allocated by the State Allocation Board to fund critical hardships as defined in Chapter 12.5. These funds may be expended for the acquisition of portable classrooms for use in accordance with Chapter 14 (commencing with Section 17085) of Part 10.

(c) Districts may use funds allocated pursuant to paragraph (2) of subdivision (a) and paragraph (2) of subdivision (b) for one or more of the following purposes in accordance with Chapter 12.5:

(1) The purchase and installation of air-conditioning equipment and insulation materials, and related costs.

(2) Construction projects or the purchase of furniture or equipment designed to increase school security or playground safety.

(3) The identification, assessment, or abatement in school facilities of hazardous asbestos.

(4) Project funding for high priority roof replacement projects.

(5) Any other renovation or modernization of facilities pursuant to Chapter 12.5.

(d) Funds allocated pursuant to paragraph (1) of subdivision (a) and paragraph (1) of subdivision (b) may be utilized to provide new construction grants, without regard to funding priorities, for applicant county boards of education under Chapter 12.5 that are eligible for that funding or classrooms for severely handicapped pupils and funding for classrooms for county community school pupils.

(e)(1) The Legislature may amend this section to adjust the minimum funding amounts specified in paragraphs (1) and (2) of subdivision (a) and the maximum funding amounts specified in paragraphs (3) and (4) of subdivision (a), and to adjust the minimum funding amounts specified in paragraphs (1) and (2) of subdivision (b) and the maximum funding amount specified in paragraph (3) of subdivision (b), by either of the following methods:

(A) By a statute, passed in each house of the Legislature by rollcall vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with,

1 and sold pursuant to this chapter, as specified in subdivision (a) of Section 100410, not
2 more than three billion three hundred fifty million dollars (\$3,350,000,000) shall be
3 allocated beginning in the 1998-99 fiscal year in accordance with the following
4 schedule:

5 (1) Not less than one billion three hundred fifty million dollars (\$1,350,000,000)
6 for project funding related to the growth in enrollment of applicant school districts
7 under Chapter 12 and Chapter 12.5 that have incurred or will incur enrollment
8 increases;

9 (2) Not less than eight hundred million dollars (\$800,000,000) for the
10 reconstruction or modernization of facilities pursuant to Chapter 12 and Chapter
11 12.5;

12 (3) Not more than five hundred million dollars (\$500,000,000) shall be deposited
13 in the Public School Critical Hardship Account, which is hereby established in the
14 1998 State School Facilities Fund and shall be allocated by the State Allocation
15 Board to fund critical hardships as defined in Chapter 12.5. These funds may be
16 expended for the acquisition of portable classrooms for use in accordance with
17 Chapter 14, "State Relocatable Classroom Law of 1979";

and furthers the purposes of, this chapter.

(B) By a statute that becomes effective only when approved by the voters.

(2) Amendments pursuant to this subdivision may adjust the amounts to be expended pursuant to paragraphs (1) to (4), inclusive, of subdivision (a) or paragraphs (1) to (3), inclusive, of subdivision (b) or both, but may not increase or decrease the total amount to be expended pursuant to either subdivision."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 (4)(A) Not more than seven hundred million dollars (\$700,000,000) may be
2 allocated to assist school districts with site acquisition and facilities-related costs
3 of kindergarten and grades 1 to 3, inclusive, that are in the Class Size Reduction
4 Programs, and to assist districts with the restoration of facilities that previously
5 accommodated other programs and were displaced as a result of the
6 implementation of class size reduction. On and after July 1, 2000, if applications
7 for the total funds available under this paragraph have not been filed with the
8 State Allocation Board, the funds for which applications have not been received
9 may be allocated by the board to other high priority needs as the board
10 determines. On and after July 1, 2003, any funds not allocated are available for
1 other high priority needs;

12 (4)(B) The funds allocated in subparagraph (A) shall be allocated to the State
13 Department of Education to provide class size reduction facilities grants
14 necessary to implement the K-3 Class Size Reduction Programs. The
15 department shall certify to the State Allocation Board the amount of funds
16 needed for this purpose. The board shall transfer the amount of funds needed to
17 the department. From these funds, the department shall award eligible districts
18 forty thousand dollars (\$40,000) for each new option one class established for
19 class size reduction for which the district had not previously received funding
20 under class size reduction facilities programs;

21 (4)(C) The remaining funds provided pursuant to subparagraph (A) shall be to

1 provide funding for schoolsites that were eligible to receive a class size reduction
2 land-locked waiver pursuant to Section 52122.6. The funds may be provided to
3 districts to provide 50 percent of the cost of funding a facilities mitigation plan
4 developed for the impacted site pursuant to Section 52122.7; and

5 (4)(D) Any funds not expended pursuant to subparagraphs (A), (B), or (C) may
6 be allocated to districts that request funding of forty thousand dollars (\$40,000)
7 for each teaching station that was displaced as a result of the implementation of
8 class size reduction and received less than forty thousand dollars (\$40,000) per
9 teaching station in 1996-97. Programs for which teaching stations may be
10 restored shall include, as may be necessary, child care, extended day care,
11 school libraries, computer labs, and special education classrooms.

12 Subdivision (b) requires that not more than three billion three hundred fifty million
13 dollars (\$3,350,000,000) of the proceeds from the sale of bonds issued and sold
14 pursuant to this chapter, as specified in subdivision (b) of Section 100410, shall be
15 allocated beginning in the 2000-01 fiscal year in accordance with the following
16 schedule:

17 (1) Not less than one billion five hundred fifty million dollars (\$1,550,000,000) for
18 project funding related to the growth in enrollment of applicant school districts
19 under Chapter 12.5 that have incurred or will incur enrollment increases;

20 (2) Not less than one billion three hundred million dollars (\$1,300,000,000) for
21 the reconstruction or modernization of facilities pursuant to Chapter 12.5; and

1 (3) Not more than five hundred million dollars (\$500,000,000) shall be deposited
2 in the Public School Critical Hardship Account in the 1998 State School Facilities
3 Fund and shall be allocated by the State Allocation Board to fund critical
4 hardships as defined in Chapter 12.5. These funds may be expended for the
5 acquisition of portable classrooms for use in accordance with Chapter 14
6 (commencing with Section 17085) of Part 10.

7 Subdivision (c) provides that districts may use funds allocated pursuant to paragraph
8 (2) of subdivision (a) and paragraph (2) of subdivision (b) for one or more of the
9 following purposes in accordance with Chapter 12.5:

10 (1) The purchase and installation of air-conditioning equipment and insulation
11 materials, and related costs;

12 (2) Construction projects or the purchase of furniture or equipment designed to
13 increase school security or playground safety;

14 (3) The identification, assessment, or abatement in school facilities of hazardous
15 asbestos;

16 (4) Project funding for high priority roof replacement projects; and

17 (5) Any other renovation or modernization of facilities pursuant to Chapter 12.5.

18 Subdivision (d) provides that funds allocated pursuant to paragraph (1) of subdivision
19 (a) and paragraph (1) of subdivision (b) may be utilized to provide new construction
20 grants, without regard to funding priorities, for applicant county boards of education
21 under Chapter 12.5 that are eligible for that funding for classrooms for severely

1 handicapped pupils and funding for classrooms for county community school pupils.

2 Subdivision (e) refers to Legislative amendments to adjust funding amounts.

3 ARTICLE 2. KINDERGARTEN THROUGH 12TH GRADE SCHOOL FACILITIES

4 PROVISION

5 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
6 100425. Subdivision (a) provides that “bonds in the total amount of six billion seven
7 hundred million dollars (\$6,700,000,000), not including the amount of any refunding
8 bonds issued in accordance with Section 100444, or so much thereof as is necessary,
9 may be issued and sold to provide a fund to be used for carrying out the purposes
10 expressed in this chapter and to reimburse the General Obligation Bond Expense
11 Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds,
12 when sold, shall be and constitute a valid and binding obligation of the State of
13 California, and the full faith and credit of the State of California is hereby pledged for
14 the punctual payment of the principal of, and interest on, the bonds as the principal and
15 interest become due and payable. Subdivision (b) requires that, “pursuant to this
16 section, the Treasurer shall sell the bonds authorized by the State School Building
17 Finance Committee established pursuant to Section 15909 at any different times
18 necessary to service expenditures required by the apportionments.”

19 Chapter 407, Statutes of 1998, Section 16, added Education Code Section

1 100427⁴¹⁵ to provide that the State School Building Finance Committee is continued in
2 existence for the purpose of this chapter.

3 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
4 100430. Subdivision (a) requires that "the bonds authorized by this chapter shall be
5 prepared, executed, issued, sold, paid, and redeemed as provided in the State General
6 Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division
7 4 of Title 2 of the Government Code) [providing a procedure which may be adopted by
8 other acts for use with whatever modifications are necessary in authorizing the
9 issuance and sale of state general obligation bonds and providing for the repayment of
10 such bonds], and all of the provisions of that law, except Section 16727 of the
1 Government Code [providing that proceeds from the sale of any bonds issued pursuant

⁴¹⁵ Education Code Section 100427, added by Chapter 407, Statutes of 1998,
Section 16:

"The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers and duties imposed upon those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide the assistance to the committee as it may require. The Attorney General of the state is the legal adviser of the committee."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 to the State General Obligation Bond Law shall be used only for the following purposes:
2 the costs of construction or acquisition of capital assets, to make grants or loans, if the
3 proceeds of the grants or loans are used for the costs of construction or acquisition of
4 capital assets, to pay the costs of a state agency for administering the grant or loan
5 program, to repay funds borrowed in anticipation of the sale of the bonds, including
6 interest, or to pay interest on the bonds themselves, to pay the costs of a state agency
7 with responsibility for administering the bond program, or the costs of the Treasurer's
8 office directly associated with the sale and payment of the bonds, including, but not
9 limited to, underwriting discounts, costs of printing, bond counsel, registration, and fees
10 of trustees], apply to the bonds and to this chapter and are hereby incorporated in this
11 chapter as though set forth in full in this chapter. Subdivision (b) provides that "for
12 purposes of the State General Obligation Bond Law, the State Allocation Board is
13 designated the "board" for purposes of administering the 1998 State School Facilities
14 Fund."

15 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
16 100432 which requires that "upon request of the State Allocation Board from time to
17 time, supported by a statement of the apportionments made and to be made for the
18 purposes described in Sections 100415 and 100420, the State School Building Finance
19 Committee shall determine whether or not it is necessary or desirable to issue bonds
20 authorized pursuant to this chapter in order to fund the apportionments and, if so, the
21 amount of bonds to be issued and sold. Successive issues of bonds may be authorized

1 and sold to fund those apportionments progressively, and it is not necessary that all of
2 the bonds authorized to be issued be sold at any one time.”

3 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
4 100434 to require that “there shall be collected each year and in the same manner and
5 at the same time as other state revenue is collected, in addition to the ordinary
6 revenues of the state, a sum in an amount required to pay the principal of, and interest
7 on, the bonds each year. It is the duty of all officers charged by law with any duty in
8 regard to the collection of the revenue to do and perform each and every act which is
9 necessary to collect that additional sum.”

10 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
1 100435 to provide that “notwithstanding Section 13340 of the Government Code
12 [providing that on and after July 1, 1998, no moneys in that fund that, by any statute
13 other than a Budget Act, is continuously appropriated without regard to fiscal years,
14 may be encumbered unless the Legislature, by statute, specifies that the moneys in the
15 fund are appropriated for encumbrance], there is hereby appropriated from the General
16 Fund in the State Treasury, for the purposes of this chapter, an amount that will equal
17 the total of the following: (a) the sum annually necessary to pay the principal of, and
18 interest on, bonds issued and sold pursuant to this chapter, as the principal and interest
19 become due and payable, and (b) the sum necessary to carry out Section 100440,
20 appropriated without regard to fiscal years.”

21 Chapter 407, Statutes of 1998, Section 16, added Education Code Section

1 100436 to provide that "the State Allocation Board may request the Pooled Money
2 Investment Board to make a loan from the Pooled Money Investment Account or any
3 other approved form of interim financing, in accordance with Section 16312 of the
4 Government Code [providing that the Pooled Money Investment Board may make a
5 loan from the Pooled Money Investment Account directly to any such special fund, on
6 such terms and conditions as the board may determine, upon request made to the
7 board by an appropriate official, or for the purpose of carrying out a program or project
8 that is authorized to be financed by issuing bonds, notes, or other evidence of
9 indebtedness], for the purpose of carrying out this chapter. The amount of the request
10 shall not exceed the amount of the unsold bonds that the committee, by resolution, has
11 authorized to be sold for the purpose of carrying out this chapter. The board shall
12 execute any documents required by the Pooled Money Investment Board to obtain and
13 repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by
14 the board in accordance with this chapter."

15 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
16 100438 to provide that "notwithstanding any other provision of this chapter, or of the
17 State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this
18 chapter that include a bond counsel opinion to the effect that the interest on the bonds
19 is excluded from gross income for federal tax purposes, subject to designated
20 conditions, the Treasurer may maintain separate accounts for the investment of bond
21 proceeds and for the investment earnings on those proceeds. The Treasurer may use

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 or direct the use of those proceeds or earnings to pay any rebate, penalty, or other
2 payment required under federal law or take any other action with respect to the
3 investment and use of those bond proceeds required or desirable under federal law to
4 maintain the tax-exempt status of those bonds and to obtain any other advantage under
5 federal law on behalf of the funds of this state.”

6 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
7 100440 to provide that “for the purposes of carrying out this chapter, the Director of
8 Finance may authorize the withdrawal from the General Fund of an amount not to
9 exceed the amount of the unsold bonds that have been authorized by the State School
10 Building Finance Committee to be sold for the purpose of carrying out this chapter. Any
11 amounts withdrawn shall be deposited in the 1998 State School Facilities Fund
12 consistent with this chapter. Any money made available under this section shall be
13 returned to the General Fund, plus an amount equal to the interest that the money
14 would have earned in the Pooled Money Investment Account, from proceeds received
15 from the sale of bonds for the purpose of carrying out this chapter.”

16 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
17 100442 to require that “all money deposited in the 1998 State School Facilities Fund,
18 that is derived from premium and accrued interest on bonds sold shall be reserved in
19 the fund and shall be available for transfer to the General Fund as a credit to
20 expenditures for bond interest.”

21 Chapter 407, Statutes of 1998, Section 16, added Education Code Section

1 100444 to provide that "the bonds may be refunded in accordance with Article 6
2 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the
3 Government Code [providing that the committee may provide for the issuance and sale
4 or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing
5 for retirement, outstanding bonds at or before their maturity, if the committee
6 determines that refunding is necessary or advisable in order (a) to effect a favorable
7 reorganization of the debt structure of the state, or (b) to effect a saving in debt service
8 cost to the state, as measured by the present value of that saving], which is a part of
9 the State General Obligation Bond Law. Approval by the voters of the state for the
10 issuance of the bonds described in this chapter includes the approval of the issuance of
11 any bonds issued to refund any bonds originally issued under this chapter or any
12 previously issued refunding bonds."

13 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
14 100446 to declare "that, inasmuch as the proceeds from the sale of bonds authorized
15 by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the
16 California Constitution, the disbursement of these proceeds is not subject to the
17 limitations imposed by that article."

18 CHAPTER 3. HIGHER EDUCATION FACILITIES

19 Chapter 407, Statutes of 1998, Section 16, added Chapter 3, "Higher Education
20 Facilities," approved by Initiative Measure [Prop. 1A] on November 3, 1998.
21

1 ARTICLE 1. PROGRAM PROVISION

2 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
3 100450⁴¹⁶. Subdivision (d) requires that proceeds from the sale of bonds issued and
4 sold pursuant to this chapter shall be used, as may be necessary, to fund construction
5 on existing or new campuses and off-campus centers, including the construction of

⁴¹⁶ Education Code Section 100450, added by Chapter 407, Statutes of 1998,
Section 16:

“The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, the Hastings College of the Law, the California State University, the California Community Colleges, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the California Postsecondary Education Commission, the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, seven hundred fifty million dollars (\$750,000,000) per year into the next century.

(d) Proceeds from the sale of bonds issued and sold pursuant to this chapter may be used to fund construction on existing or new campuses and off-campus centers, including the construction of buildings and the acquisition of related fixtures, the renovation and reconstruction of facilities, site acquisition, the equipping of new, renovated, or reconstructed facilities, which equipment shall have an average useful life of 10 years; and to provide funds for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings at the University of California, the Hastings College of the Law, the California State University and the California Community Colleges.

(e) The purposes of this article include assisting in meeting the capital outlay financing needs of California's public higher education system.”

1 buildings and the acquisition of related fixtures, the renovation and reconstruction of
2 facilities, site acquisition, the equipping of new, renovated, or reconstructed facilities,
3 which equipment shall have an average useful life of 10 years; and to provide funds for
4 the payment of preconstruction costs, including, but not limited to, preliminary plans and
5 working drawings at the California Community Colleges. The purposes of this article
6 include assisting in meeting the capital outlay financing needs of California's public
7 higher education system.

8 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
9 100455. Subdivision (a) requires that "two billion five hundred million dollars
10 (\$2,500,000,000) of the proceeds of bonds issued and sold pursuant to this part shall
11 be deposited in the 1998 Higher Education Capital Outlay Bond Fund which is hereby
12 established in the State Treasury. These funds shall be available for expenditure when
13 appropriated." Subdivision (b) requires that "one billion two hundred fifty million dollars
14 (\$1,250,000,000) of the bonds described in subdivision (a), shall only be issued and
15 sold pursuant to this chapter on or after July 1, 2000."

16 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
17 100457. Subdivision (a) requires that "of the amount of bonds issued and sold
18 pursuant to subdivision (b) of Section 100455, one hundred sixty-five million dollars
19 (\$165,000,000) shall be allocated in the 2000-01 fiscal year to be available only for the
20 following purposes: (1) the development of new campuses of the University of
21 California, and (2) the development of new campuses, small campuses with

1 enrollments of less than 5,000 full-time equivalent students, and off-campus centers at
2 the California State University and the California Community Colleges. Subdivision (b)
3 provides that “the amount of the allocation of funds required pursuant to this section for
4 the development of new campuses may be reduced by a future legislative act if the
5 Legislature finds that state funds have been provided from sources other than the
6 proceeds of bonds for capital outlay costs. The reduction shall be limited to the amount
7 actually provided from sources other than bond proceeds.”

8 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
9 100460⁴¹⁷ to authorize the Higher Education Facilities Finance Committee to create a
10 debt or debts, liability or liabilities, of the State of California pursuant to this chapter for
11 the purpose of providing funds to aid the California Community Colleges.

12 ARTICLE 2. HIGHER EDUCATION FISCAL PROVISIONS

13 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
14 100500. Subdivision (a) provides that “bonds in the total amount of two billion five
15 hundred million dollars (\$2,500,000,000), not including the amount of any refunding
16 bonds issued in accordance with Section 100555, or so much thereof as is necessary,

⁴¹⁷ Education Code Section 100460, added by Chapter 407, Statutes of 1998,
Section 16:

“The Higher Education Facilities Finance Committee established pursuant to
Section 67353 is hereby authorized to create a debt or debts, liability or liabilities, of the
State of California pursuant to this chapter for the purpose of providing funds to aid the
University of California, the Hastings College of the Law, the California State University,
and the California Community Colleges.”

1 may be issued and sold to provide a fund to be used for carrying out the purposes
2 expressed in this chapter and to reimburse the General Obligation Bond Expense
3 Revolving Fund pursuant to Section 16724.5 of the Government Code [providing that
4 whenever bonds are sold, out of the first money realized from their sale, there shall be
5 redeposited in the revolving fund such expended sums, which may be used for the
6 same purposes and repaid in the same manner whenever additional sales are made].
7 The bonds, when sold, shall be and constitute a valid and binding obligation of the
8 State of California, and the full faith and credit of the State of California is hereby
9 pledged for the punctual payment of the principal of, and interest on, the bonds as the
10 principal and interest become due and payable." Subdivision (b) requires that, "pursuant
11 to this section, the Treasurer shall sell the bonds authorized by the Higher Education
12 Facilities Finance Committee established pursuant to Section 67353 at any different
13 times necessary to service expenditures required by the apportionments."

14 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
15 100510. Subdivision (a) requires that "the bonds authorized by this chapter shall be
16 prepared, executed, issued, sold, paid, and redeemed as provided in the State General
17 Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division
18 4 of Title 2 of the Government Code) [providing a procedure which may be adopted by
19 other acts for use with whatever modifications are necessary in authorizing the
20 issuance and sale of state general obligation bonds and providing for the repayment of
21 such bonds], and all of the provisions of that law, except Section 16727 of the

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Government Code [providing that proceeds from the sale of any bonds issued pursuant
2 to the State General Obligation Bond Law shall be used only for the following purposes:
3 the costs of construction or acquisition of capital assets, to make grants or loans, if the
4 proceeds of the grants or loans are used for the costs of construction or acquisition of
5 capital assets, to pay the costs of a state agency for administering the grant or loan
6 program, to repay funds borrowed in anticipation of the sale of the bonds, including
7 interest, or to pay interest on the bonds themselves, to pay the costs of a state agency
8 with responsibility for administering the bond program, or the costs of the Treasurer's
9 office directly associated with the sale and payment of the bonds, including, but not
10 limited to, underwriting discounts, costs of printing, bond counsel, registration, and fees
11 of trustees], apply to the bonds and to this chapter and are hereby incorporated in this
12 chapter as though set forth in full in this chapter." Subdivision (b) requires that "for the
13 purposes of the State General Obligation Bond Law, each state agency administering
14 an appropriation of the 1998 Higher Education Capital Outlay Bond Fund is designated
15 as the "board" for projects funded pursuant to this chapter." Subdivision (c) requires
16 that the proceeds of the bonds issued and sold pursuant to this chapter shall be
17 available for the purpose of funding aid to the California Community Colleges, for the
18 construction on existing or new campuses, and their respective off-campus centers,
19 including the construction of buildings and the acquisition of related fixtures, renovation,
20 and reconstruction of facilities, for the acquisition of sites upon which these facilities are
21 to be constructed, for the equipping of new, renovated, or reconstructed facilities, which

1 equipment shall have a useful life of at least 10 years, to provide funds for payment of
2 preconstruction costs, including, but not limited to, preliminary plans and working
3 drawings.

4 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
5 100520 to require that "the Higher Education Facilities Finance Committee established
6 pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only
7 to the extent necessary to fund the apportionments for the purposes described in this
8 chapter that are expressly authorized by the Legislature in the annual Budget Act.

9 Pursuant to that legislative direction, the committee shall determine whether or not it is
10 necessary or desirable to issue bonds authorized pursuant to this chapter in order to
11 carry out the purposes described in this chapter and, if so, the amount of bonds to be
12 issued and sold. Successive issues of bonds may be authorized and sold to carry out
13 those actions progressively, and it is not necessary that all of the bonds authorized to
14 be issued be sold at any one time."

15 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
16 100525 to require that "there shall be collected each year and in the same manner and
17 at the same time as other state revenue is collected, in addition to the ordinary
18 revenues of the state, a sum in an amount required to pay the principal of, and interest
19 on, the bonds each year. It is the duty of all officers charged by law with any duty in
20 regard to the collection of the revenue to do and perform each and every act which is
21 necessary to collect that additional sum."

1 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
2 100530 to provide that “notwithstanding Section 13340 of the Government Code
3 [providing that on and after July 1, 1998, no moneys in that fund that, by any statute
4 other than a Budget Act, is continuously appropriated without regard to fiscal years,
5 may be encumbered unless the Legislature, by statute, specifies that the moneys in the
6 fund are appropriated for encumbrance], there is hereby appropriated from the General
7 Fund in the State Treasury, for the purposes of this chapter, an amount that will equal
8 the total of the following: (a) the sum annually necessary to pay the principal of, and
9 interest on, bonds issued and sold pursuant to this chapter, as the principal and interest
10 become due and payable, and (b) the sum necessary to carry out Section 100545,
11 appropriated without regard to fiscal years.”

12 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
13 100535 to provide that “the board, as defined in subdivision (b) of Section 100510, may
14 request the Pooled Money Investment Board to make a loan from the Pooled Money
15 Investment Account or any other approved form of interim financing, in accordance with
16 Section 16312 of the Government Code [providing that the Pooled Money Investment
17 Board may make a loan from the Pooled Money Investment Account directly to any
18 such special fund, on such terms and conditions as the board may determine, upon
19 request made to the board by an appropriate official, or for the purpose of carrying out a
20 program or project that is authorized to be financed by issuing bonds, notes, or other
21 evidence of indebtedness], for the purpose of carrying out this chapter. The amount of

1 the request shall not exceed the amount of the unsold bonds that the committee, by
2 resolution, has authorized to be sold for the purpose of carrying out this chapter. The
3 board, as defined in subdivision (b) of Section 100510, shall execute any documents
4 required by the Pooled Money Investment Board to obtain and repay the loan. Any
5 amounts loaned shall be deposited in the fund to be allocated by the board in
6 accordance with this chapter.”

7 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
8 100540 to provide that “notwithstanding any other provision of this chapter, or of the
9 State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this
10 chapter that include a bond counsel opinion to the effect that the interest on the bonds
11 is excluded from gross income for federal tax purposes, subject to designated
12 conditions, the Treasurer may maintain separate accounts for the investment of bond
13 proceeds and for the investment earnings on those proceeds. The Treasurer may use
14 or direct the use of those proceeds or earnings to pay any rebate, penalty, or other
15 payment required under federal law or take any other action with respect to the
16 investment and use of those bond proceeds required or desirable under federal law to
17 maintain the tax-exempt status of those bonds and to obtain any other advantage under
18 federal law on behalf of the funds of this state.”

19 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
20 100545. Subdivision (a) provides that “for the purposes of carrying out this chapter, the
21 Director of Finance may authorize the withdrawal from the General Fund of an amount

1 not to exceed the amount of the unsold bonds that have been authorized by the Higher
2 Education Facilities Finance Committee to be sold for the purpose of carrying out this
3 chapter. Any amounts withdrawn shall be deposited in the 1998 Higher Education
4 Capital Outlay Bond Fund consistent with this chapter. Any money made available
5 under this section shall be returned to the General Fund, plus an amount equal to the
6 interest that the money would have earned in the Pooled Money Investment Account,
7 from proceeds received from the sale of bonds for the purpose of carrying out this
8 chapter.” Subdivision (b) requires that any request forwarded to the Legislature and the
9 Department of Finance for funds from this bond issue for expenditure for the purposes
10 described in this chapter by the California Community Colleges shall be accompanied
11 by the five-year capital outlay plan. Requests forwarded by the California Community
12 Colleges shall be accompanied by a five-year capital outlay plan reflecting the needs
13 and priorities of the community college system, prioritized on a statewide basis.

14 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
15 100550 which requires that “all money deposited in the 1998 Higher Education Capital
16 Outlay Bond Fund that is derived from premium and accrued interest on bonds sold
17 shall be reserved in the fund and shall be available for transfer to the General Fund as
18 a credit to expenditures for bond interest.”

19 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
20 100555 to provide that “the bonds may be refunded in accordance with Article 6
21 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the

1 Government Code [providing that the committee may provide for the issuance and sale
2 or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing
3 for retirement, outstanding bonds at or before their maturity, if the committee
4 determines that refunding is necessary or advisable in order (a) to effect a favorable
5 reorganization of the debt structure of the state, or (b) to effect a saving in debt service
6 cost to the state, as measured by the present value of that saving], which is a part of
7 the State General Obligation Bond Law. Approval by the voters of the state for the
8 issuance of the bonds described in this chapter includes the approval of the issuance of
9 any bonds issued to refund any bonds originally issued under this chapter or any
10 previously issued refunding bonds."

11 Chapter 407, Statutes of 1998, Section 16, added Education Code Section
12 100560 to declare "that, inasmuch as the proceeds from the sale of bonds authorized
13 by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the
14 California Constitution, the disbursement of these proceeds is not subject to the
15 limitations imposed by that article."

16 PART 68.1. KINDERGARTEN-UNIVERSITY PUBLIC EDUCATION FACILITIES
17 BOND ACT OF 2002

18 Chapter 33, Statutes of 2002, Section 30, added Part 68.1, "the
19 Kindergarten-University Public Education Facilities Bond Act of 2002," operative upon
20 passage of Initiative Measure (Prop. 47) at the November 5, 2002 general election.
21

1 CHAPTER 1. GENERAL

2 Chapter 33, Statutes of 2002, Section 30 , added Education Code Section
3 100600 to provide that "this part shall be known and may be cited as the
4 Kindergarten-University Public Education Facilities Bond Act of 2002."

5 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
6 100601 to provide that "the incorporation of, or reference to, any provision of California
7 statutory law in this part includes all acts amendatory thereof and supplementary
8 thereto."

9 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
10 100603 to provide that "bonds in the total amount of thirteen billion fifty million dollars
1 (\$13,050,000,000), not including the amount of any refunding bonds issued in
12 accordance with Sections 100644 and 100755, or so much thereof as is necessary,
13 may be issued and sold to provide a fund to be used for carrying out the purposes
14 expressed in this part and to reimburse the General Obligation Bond Expense
15 Revolving Fund pursuant to Section 16724.5 of the Government Code [providing that
16 whenever bonds are sold, out of the first money realized from their sale, there shall be
17 redeposited in the revolving fund such expended sums, which may be used for the
18 same purposes and repaid in the same manner whenever additional sales are made].
19 The bonds, when sold, shall be and constitute a valid and binding obligation of the
20 State of California, and the full faith and credit of the State of California is hereby
21 pledged for the punctual payment of the principal of, and interest on, the bonds as the

1 principal and interest become due and payable.” Subdivision (b) requires that,
2 “pursuant to this section, the Treasurer shall sell the bonds authorized by the State
3 School Building Finance Committee established by Section 15909 or the Higher
4 Education Facilities Finance Committee established pursuant to Section 67353, as the
5 case may be, at any different times necessary to service expenditures required by the
6 apportionments.”

7 CHAPTER 2 KINDERGARTEN THROUGH 12TH GRADE
8 ARTICLE 1. KINDERGARTEN THROUGH 12TH GRADE SCHOOL FACILITIES
9 PROGRAM

10 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
11 100610 which requires that “the proceeds of bonds issued and sold pursuant to Article
12 2 (commencing with Section 100625) shall be deposited in the 2002 State School
13 Facilities Fund, which is established in Section 17070.40, and shall be allocated by the
14 State Allocation Board pursuant to this chapter.”

15 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
16 100615 to require that “all moneys deposited in the 2002 State Facilities Fund for the
17 purposes of this chapter shall be available and, notwithstanding any other provision of
18 law to the contrary, are hereby appropriated to provide aid to school districts, county
19 superintendents of schools, and county boards of education of the state in accordance
20 with the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with
21 Section 17070.10) of Part 10), as set forth in Section 100620, to provide funds to repay

1 any money advanced or loaned to the 2002 State School Facilities Fund under any act
2 of the Legislature, together with interest provided for in that act, and to reimburse the
3 General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the
4 Government Code.”

5 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
6 100620⁴¹⁸. Subdivision (a) requires that “the proceeds from the sale of bonds, issued

⁴¹⁸ Education Code Section 100620, added by Chapter 33, Statutes of 2002,
Section 30:

“(a) the proceeds from the sale of bonds, issued and sold for the purposes of this chapter, shall be allocated in accordance with the following schedule:

(1) The amount of three billion four hundred fifty million dollars (\$3,450,000,000) for new construction of school facilities of applicant school districts under Chapter 12.5 (commencing with Section 17070.10) of Part 10 for those school districts that file an application with the Office of Public School Construction after February 1, 2002, including, but not limited to, hardship applications.

(A) Of the amount allocated pursuant to this paragraph, up to one hundred million dollars (\$100,000,000) shall be available for providing school facilities to charter schools pursuant to a statute enacted after the effective date of the act enacting this section.

(B) If the Housing and Emergency Shelter Trust Fund Act of 2002 is submitted to the voters at the November 5, 2002, general election and fails passage by the voters, of the amount allocated pursuant to this paragraph, twenty-five million dollars (\$25,000,000) shall be available for the purposes of Sections 51451.5, 51453, and 51455 of the Health and Safety Code.

(2) The amount of one billion four hundred million dollars (\$1,400,000,000) for the modernization of school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 for those school districts that file an application with the Office of Public School Construction after February 1, 2002, including, but not limited to, hardship applications.

(3) The amount of two billion nine hundred million dollars (\$2,900,000,000) for new construction of school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 for those school districts

that have filed an application with the Office of Public School Construction on or before February 1, 2002, including, but not limited to, hardship applications. If the amount made available for purposes of this paragraph is not needed and expended for the purposes of this paragraph, the State Allocation Board may allocate the remainder of these funds for purposes of paragraph (1).

(4) The amount of one billion nine hundred million dollars (\$1,900,000,000) for the modernization of school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10, for those school districts that have filed an application with the Office of Public School Construction on or before February 1, 2002, including, but not limited to, hardship applications. If the amount made available for purposes of this paragraph is not needed and expended for the purposes of this paragraph, the State Allocation Board may allocate these funds for purposes of paragraph (2).

(5) The amount of one billion seven hundred million dollars (\$1,700,000,000) for deposit into the 2002 Critically Overcrowded School Facilities Account established within the 2002 State School Facilities Fund pursuant to subdivision (e) of Section 17078.10, for the purposes set forth in Article 11 (commencing with Section 17078.10) of Chapter 12.5 of Part 10 relating to critically overcrowded schools, including, but not limited to, hardship applications, and any other new construction or modernization projects as authorized pursuant to Section 17078.30.

(6) The amount of fifty million dollars (\$50,000,000) for the purposes set forth in Article 10.6 (commencing with Section 17077.40) of Chapter 12.5 of Part 10 relating to joint-use projects, including, but not limited to, hardship applications.

(b) School districts may use funds allocated pursuant to paragraphs (2) and (4) of subdivision (a) only for one or more of the following purposes in accordance with Chapter 12.5 (commencing with Section 17070.10) of Part 10:

(1) The purchase and installation of air-conditioning equipment and insulation materials, and related costs.

(2) Construction projects or the purchase of furniture or equipment designed to increase school security or playground safety.

(3) The identification, assessment, or abatement in school facilities of hazardous asbestos.

(4) Project funding for high priority roof replacement projects.

(5) Any other modernization of facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10.

(c) Funds allocated pursuant to paragraphs (1) and (3) of subdivision (a) may, also, be utilized to provide new construction grants for eligible applicant county boards of education under Chapter 12.5 (commencing with Section 17070.10) of Part 10 for

1 and sold for the purposes of this chapter, shall be allocated in accordance with the
2 following schedule:

3 (1) The amount of three billion four hundred fifty million dollars (\$3,450,000,000)
4 for new construction of school facilities of applicant school districts under
5 Chapter 12.5 (commencing with Section 17070.10) of Part 10 for those school
6 districts that file an application with the Office of Public School Construction after
7 February 1, 2002, including, but not limited to, hardship applications. Up to one
8 hundred million dollars (\$100,000,000) shall be available for providing school
9 facilities to charter schools pursuant to a statute enacted after the effective date
10 of the act enacting this section. If the Housing and Emergency Shelter Trust

funding classrooms for severely handicapped pupils, or for funding classrooms for county community school pupils.

(d)(1) The Legislature may amend this section to adjust the funding amounts specified in paragraphs (1) to (6), inclusive, of subdivision (a), only by either of the following methods:

(A) By a statute, passed in each house of the Legislature by rollcall vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with, and furthers the purposes of, this chapter.

(B) By a statute that becomes effective only when approved by the voters.

(2) Amendments pursuant to this subdivision may adjust the amounts to be expended pursuant to paragraphs (1) to (6), inclusive, of subdivision (a), but may not increase or decrease the total amount to be expended pursuant to that subdivision.

(e) From the total amounts set forth in paragraphs (1) to (6), inclusive, of subdivision (a), a total of no more than twenty million dollars (\$20,000,000) shall be used for the costs of energy conservation adjustments authorized pursuant to Section 17077.35.

(f) Funds available pursuant to this section may be used for acquisition of school facilities authorized pursuant to Section 17280.5. "

1 Fund Act of 2002 is submitted to the voters at the November 5, 2002, general
2 election and fails passage by the voters, of the amount allocated pursuant to this
3 paragraph, twenty-five million dollars (\$25,000,000) shall be available for the
4 purposes of Sections 51451.5, 51453, and 51455 of the Health and Safety Code
5 [Proposition 46, the Housing and Emergency Shelter Trust Fund Act of 2002 was
6 passed by voters];

7 (2) The amount of one billion four hundred million dollars (\$1,400,000,000) for
8 the modernization of school facilities pursuant to Chapter 12.5 (commencing with
9 Section 17070.10) of Part 10 for those school districts that file an application with
10 the Office of Public School Construction after February 1, 2002, including, but
11 not limited to, hardship applications;

12 (3) The amount of two billion nine hundred million dollars (\$2,900,000,000) for
13 new construction of school facilities pursuant to Chapter 12.5 (commencing with
14 Section 17070.10) of Part 10 for those school districts that have filed an
15 application with the Office of Public School Construction on or before February 1,
16 2002, including, but not limited to, hardship applications. If the amount made
17 available for purposes of this paragraph is not needed and expended for the
18 purposes of this paragraph, the State Allocation Board may allocate the
19 remainder of these funds for purposes of paragraph (1);

20 (4) The amount of one billion nine hundred million dollars (\$1,900,000,000) for
21 the modernization of school facilities pursuant to Chapter 12.5 (commencing with

1 Section 17070.10) of Part 10, for those school districts that have filed an
2 application with the Office of Public School Construction on or before February 1,
3 2002, including, but not limited to, hardship applications. If the amount made
4 available for purposes of this paragraph is not needed and expended for the
5 purposes of this paragraph, the State Allocation Board may allocate these funds
6 for purposes of paragraph (2);

7 (5) The amount of one billion seven hundred million dollars (\$1,700,000,000) for
8 deposit into the 2002 Critically Overcrowded School Facilities Account
9 established within the 2002 State School Facilities Fund pursuant to subdivision
10 (e) of Section 17078.10, for the purposes set forth in Article 11 (commencing
1 with Section 17078.10) of Chapter 12.5 of Part 10 relating to critically
12 overcrowded schools, including, but not limited to, hardship applications, and any
13 other new construction or modernization projects as authorized pursuant to
14 Section 17078.30;

15 (6) The amount of fifty million dollars (\$50,000,000) for the purposes set forth in
16 Article 10.6 (commencing with Section 17077.40) of Chapter 12.5 of Part 10
17 relating to joint-use projects, including, but not limited to, hardship applications.

18 Subdivision (b) requires that school districts shall, as may be necessary, use funds
19 allocated pursuant to paragraphs (2) and (4) of subdivision (a) only for one or more of
20 the following purposes in accordance with Chapter 12.5 (commencing with Section
21 17070.10) of Part 10:

1 (1) The purchase and installation of air-conditioning equipment and insulation
2 materials, and related costs;

3 (2) Construction projects or the purchase of furniture or equipment designed to
4 increase school security or playground safety;

5 (3) The identification, assessment, or abatement in school facilities of hazardous
6 asbestos;

7 (4) Project funding for high priority roof replacement projects; and

8 (5) Any other modernization of facilities pursuant to Chapter 12.5 (commencing
9 with Section 17070.10) of Part 10.

10 Subdivision (c) requires that funds allocated pursuant to paragraphs (1) and (3) of
11 subdivision (a) shall, also, be utilized, as may be necessary, to provide new
12 construction grants for eligible applicant county boards of education under Chapter 12.5
13 (commencing with Section 17070.10) of Part 10 for funding classrooms for severely
14 handicapped pupils, or for funding classrooms for county community school pupils.

15 Subdivision (d) refers to Legislative amendments to adjust funding amounts.

16 Subdivision (e) provides that from the total amounts set forth in paragraphs (1) to (6),
17 inclusive, of subdivision (a), a total of no more than twenty million dollars (\$20,000,000)
18 shall be used for the costs of energy conservation adjustments authorized pursuant to
19 Section 17077.35. Subdivision (f) requires that funds available pursuant to this section
20 shall be used, as may be necessary, for acquisition of school facilities authorized
21 pursuant to Section 17280.5.

1 ARTICLE 2. KINDERGARTEN THROUGH 12TH GRADE SCHOOL FACILITIES
2 FISCAL PROVISIONS

3 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
4 100625. Subdivision (a) provides that “of the total amount of bonds authorized to be
5 issued and sold pursuant to Chapter 1 (commencing with Section 100600), bonds in the
6 total amount of eleven billion four hundred million dollars (\$11,400,000,000) not
7 including the amount of any refunding bonds issued in accordance with Section
8 100644, or so much thereof as is necessary, may be issued and sold to provide a fund
9 to be used for carrying out the purposes expressed in this chapter and to reimburse the
10 General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the
11 Government Code. The bonds, when sold, shall be and constitute a valid and binding
12 obligation of the State of California, and the full faith and credit of the State of California
13 is hereby pledged for the punctual payment of the principal of, and interest on, the
14 bonds as the principal and interest become due and payable.” Subdivision (b) requires
15 that, “pursuant to this section, the Treasurer shall sell the bonds authorized by the State
16 School Building Finance Committee established pursuant to Section 15909 at any
17 different times necessary to service expenditures required by the apportionments.”

18 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
19 100627⁴¹⁹ to provide that the State School Building Finance Committee is continued in

⁴¹⁹ Education Code Section 100627, added by Chapter 33, Statutes of 2002,
Section 30:

1 existence for the purpose of this chapter.

2 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
3 100630. Subdivision (a) requires that "the bonds authorized by this chapter shall be
4 prepared, executed, issued, sold, paid, and redeemed as provided in the State General
5 Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division
6 4 of Title 2 of the Government Code) [providing a procedure which may be adopted by
7 other acts for use with whatever modifications are necessary in authorizing the
8 issuance and sale of state general obligation bonds and providing for the repayment of
9 such bonds], and all of the provisions of that law, except Section 16727 of the
10 Government Code [providing that proceeds from the sale of any bonds issued pursuant
11 to the State General Obligation Bond Law shall be used only for the following purposes:
12 the costs of construction or acquisition of capital assets, to make grants or loans, if the
13 proceeds of the grants or loans are used for the costs of construction or acquisition of

"The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers granted to, and duties imposed upon, those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide assistance to the committee as it may require. The Attorney General of the state is the legal adviser of the committee. "

1 capital assets, to pay the costs of a state agency for administering the grant or loan
2 program, to repay funds borrowed in anticipation of the sale of the bonds, including
3 interest, or to pay interest on the bonds themselves, to pay the costs of a state agency
4 with responsibility for administering the bond program, or the costs of the Treasurer's
5 office directly associated with the sale and payment of the bonds, including, but not
6 limited to, underwriting discounts, costs of printing, bond counsel, registration, and fees
7 of trustees], apply to the bonds and to this chapter and are hereby incorporated into this
8 chapter as though set forth in full within this chapter.” Subdivision (b) provides that “for
9 purposes of the State General Obligation Bond Law, the State Allocation Board is
10 designated the "board" for purposes of administering the 2002 State School Facilities
1 Fund. “

12 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
13 100632 which requires that, “upon request of the State Allocation Board from time to
14 time, supported by a statement of the apportionments made and to be made for the
15 purposes described in Sections 100615 and 100620, the State School Building Finance
16 Committee shall determine whether or not it is necessary or desirable to issue bonds
17 authorized pursuant to this chapter in order to fund the apportionments and, if so, the
18 amount of bonds to be issued and sold. Successive issues of bonds may be authorized
19 and sold to fund those apportionments progressively, and it is not necessary that all of
20 the bonds authorized to be issued be sold at any one time.”

21 Chapter 33, Statutes of 2002, Section 30, added Education Code Section

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 100634 to require that, "there shall be collected each year and in the same manner and
2 at the same time as other state revenue is collected, in addition to the ordinary
3 revenues of the state, a sum in an amount required to pay the principal of, and interest
4 on, the bonds each year. It is the duty of all officers charged by law with any duty in
5 regard to the collection of the revenue to do and perform each and every act that is
6 necessary to collect that additional sum."

7 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
8 100635 to provide that "notwithstanding Section 13340 of the Government Code
9 [providing that on and after July 1, 1998, no moneys in that fund that, by any statute
10 other than a Budget Act, is continuously appropriated without regard to fiscal years,
11 may be encumbered unless the Legislature, by statute, specifies that the moneys in the
12 fund are appropriated for encumbrance], there is hereby appropriated from the General
13 Fund in the State Treasury, for the purposes of this chapter, an amount that will equal
14 the total of the following: (a) the sum annually necessary to pay the principal of, and
15 interest on, bonds issued and sold pursuant to this chapter, as the principal and interest
16 become due and payable, and (b) the sum necessary to carry out Section 100640,
17 appropriated without regard to fiscal years."

18 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
19 100636 to provide that, "the State Allocation Board may request the Pooled Money
20 Investment Board to make a loan from the Pooled Money Investment Account or any
21 other approved form of interim financing, in accordance with Section 16312 of the

1 Government Code [providing that the Pooled Money Investment Board may make a
2 loan from the Pooled Money Investment Account directly to any such special fund, on
3 such terms and conditions as the board may determine, upon request made to the
4 board by an appropriate official, or for the purpose of carrying out a program or project
5 that is authorized to be financed by issuing bonds, notes, or other evidence of
6 indebtedness], for the purpose of carrying out this chapter. The amount of the request
7 shall not exceed the amount of the unsold bonds that the committee, by resolution, has
8 authorized to be sold for the purpose of carrying out this chapter. The board shall
9 execute any documents required by the Pooled Money Investment Board to obtain and
10 repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by
11 the board in accordance with this chapter.”

12 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
13 100638 to provide that, “notwithstanding any other provision of this chapter, or of the
14 State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this
15 chapter that include a bond counsel opinion to the effect that the interest on the bonds
16 is excluded from gross income for federal tax purposes, subject to designated
17 conditions, the Treasurer may maintain separate accounts for the investment of bond
18 proceeds and for the investment earnings on those proceeds. The Treasurer may use
19 or direct the use of those proceeds or earnings to pay any rebate, penalty, or other
20 payment required under federal law or take any other action with respect to the
21 investment and use of those bond proceeds required or desirable under federal law to

1 maintain the tax-exempt status of those bonds and to obtain any other advantage under
2 federal law on behalf of the funds of this state.”

3 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
4 100640 to provide that “for the purposes of carrying out this chapter, the Director of
5 Finance may authorize the withdrawal from the General Fund of an amount not to
6 exceed the amount of the unsold bonds that have been authorized by the State School
7 Building Finance Committee to be sold for the purpose of carrying out this chapter. Any
8 amounts withdrawn shall be deposited in the 2002 State School Facilities Fund
9 consistent with this chapter. Any money made available under this section shall be
10 returned to the General Fund, plus an amount equal to the interest that the money
11 would have earned in the Pooled Money Investment Account, from proceeds received
12 from the sale of bonds for the purpose of carrying out this chapter.”

13 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
14 100642 to require that “all money deposited in the 2002 State School Facilities Fund,
15 that is derived from premium and accrued interest on bonds sold shall be reserved in
16 the fund and shall be available for transfer to the General Fund as a credit to
17 expenditures for bond interest.”

18 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
19 100644 to provide that “the bonds may be refunded in accordance with Article 6
20 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the
21 Government Code [providing that the committee may provide for the issuance and sale

1 or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing
2 for retirement, outstanding bonds at or before their maturity, if the committee
3 determines that refunding is necessary or advisable in order (a) to effect a favorable
4 reorganization of the debt structure of the state, or (b) to effect a saving in debt service
5 cost to the state, as measured by the present value of that saving], which is a part of
6 the State General Obligation Bond Law. Approval by the voters of the state for the
7 issuance of the bonds described in this chapter includes the approval of the issuance of
8 any bonds issued to refund any bonds originally issued under this chapter or any
9 previously issued refunding bonds.”

10 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
1 100646 to declare that “inasmuch as the proceeds from the sale of bonds authorized by
12 this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the
13 California Constitution, the disbursement of these proceeds is not subject to the
14 limitations imposed by that article.”

15 CHAPTER 3. HIGHER EDUCATION FACILITIES

16 ARTICLE 1. GENERAL

17 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
18 100650 to provide that “(a) the system of public higher education in this state includes
19 the University of California, the Hastings College of the Law, the California State
20 University, the California Community Colleges, and their respective off-campus centers,
21 (b) the 2002 Higher Education Capital Outlay Bond Fund is hereby established in the

1 State Treasury for deposit of funds from the proceeds of bonds issued and sold for the
2 purposes of this chapter, and (c) the Higher Education Facilities Finance Committee
3 established pursuant to Section 67353 is hereby authorized to create a debt or debts,
4 liability or liabilities, of the State of California pursuant to this chapter for the purpose of
5 providing funds to aid the University of California, the Hastings College of the Law, the
6 California State University, and the California Community Colleges.”

7 ARTICLE 4. PROGRAM PROVISIONS APPLICABLE TO THE CALIFORNIA
8 COMMUNITY COLLEGES

9 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
10 100654. Subdivision (a) requires that “from the proceeds of bonds issued and sold
11 pursuant to Article 5 (commencing with Section 100700), the sum of seven hundred
12 forty-five million eight hundred fifty-three thousand dollars (\$745,853,000) shall be
13 deposited in the 2002 Higher Education Capital Outlay Bond Fund for the purposes of
14 this article. When appropriated, these funds shall be available for expenditure for the
15 purposes of this article.” Subdivision (b) declares that “the purposes of this article
16 include assisting in meeting the capital outlay financing needs of the California
17 Community Colleges.” Subdivision (c) provides that “proceeds from the sale of bonds
18 issued and sold for the purposes of this article may be used to fund construction on
19 existing campuses, including the construction of buildings and the acquisition of related
20 fixtures, construction of facilities that may be used by more than one segment of public
21 higher education (intersegmental), the renovation and reconstruction of facilities, site

1 acquisition, the equipping of new, renovated, or reconstructed facilities, which
2 equipment shall have an average useful life of 10 years; and to provide funds for the
3 payment of preconstruction costs, including, but not limited to, preliminary plans and
4 working drawings for facilities of the California Community Colleges.”

5 ARTICLE 5. HIGHER EDUCATION FISCAL PROVISIONS

6 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
7 100700. Subdivision (a) provides that “of the total amount of bonds authorized to be
8 issued and sold pursuant to Chapter 1 (commencing with Section 100600), bonds in the
9 total amount of one billion six hundred fifty million dollars (\$1,650,000,000), not
10 including the amount of any refunding bonds issued in accordance with Section
1 100755, or so much thereof as is necessary, may be issued and sold to provide a fund
12 to be used for carrying out the purposes expressed in this chapter and to reimburse the
13 General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the
14 Government Code. The bonds, when sold, shall be and constitute a valid and binding
.5 obligation of the State of California, and the full faith and credit of the State of California
16 is hereby pledged for the punctual payment of the principal of, and interest on, the
17 bonds as the principal and interest become due and payable. Subdivision (b) declares
18 that “it is the intent of the Legislature that the University of California, the California
19 State University, and the California Community Colleges annually consider, as part of
20 their annual capital outlay planning process, the inclusion of facilities that may be used
21 by more than one segment of public higher education (intersegmental), and, that on or

1 before May 15th of each year, those entities report their findings to the budget
2 committees of each house of the Legislature.” Subdivision (c) requires that, “pursuant
3 to this section, the Treasurer shall sell the bonds authorized by the Higher Education
4 Facilities Finance Committee established pursuant to Section 67353 at any different
5 times necessary to service expenditures required by the apportionments.”

6 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
7 100710. Subdivision (a) requires that “the bonds authorized by this chapter shall be
8 prepared, executed, issued, sold, paid, and redeemed as provided in the State General
9 Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division
10 4 of Title 2 of the Government Code) [providing a procedure which may be adopted by
11 other acts for use with whatever modifications are necessary in authorizing the
12 issuance and sale of state general obligation bonds and providing for the repayment of
13 such bonds], and all of the provisions of that law, except Section 16727 of the
14 Government Code [providing that proceeds from the sale of any bonds issued pursuant
15 to the State General Obligation Bond Law shall be used only for the following purposes:
16 the costs of construction or acquisition of capital assets, to make grants or loans, if the
17 proceeds of the grants or loans are used for the costs of construction or acquisition of
18 capital assets, to pay the costs of a state agency for administering the grant or loan
19 program, to repay funds borrowed in anticipation of the sale of the bonds, including
20 interest, or to pay interest on the bonds themselves, to pay the costs of a state agency
21 with responsibility for administering the bond program, or the costs of the Treasurer's

1 office directly associated with the sale and payment of the bonds, including, but not
2 limited to, underwriting discounts, costs of printing, bond counsel, registration, and fees
3 of trustees], apply to the bonds and to this chapter and are hereby incorporated into this
4 chapter as though set forth in full within this chapter. Subdivision (b) provides that "for
5 the purposes of the State General Obligation Bond Law, each state agency
6 administering an appropriation of the 2002 Higher Education Capital Outlay Bond Fund
7 is designated as the "board" for projects funded pursuant to this chapter. Subdivision
8 (c) requires that the proceeds of the bonds issued and sold pursuant to this chapter
9 shall be available for the purpose of funding aid to the California Community Colleges,
10 for the construction on existing or new campuses, and their respective off-campus
11 centers and joint use and intersegmental facilities, as set forth in this chapter.

12 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
13 100720 to require that "the Higher Education Facilities Finance Committee established
14 pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only
15 to the extent necessary to fund the apportionments for the purposes described in this
16 chapter that are expressly authorized by the Legislature in the annual Budget Act.
17 Pursuant to that legislative direction, the committee shall determine whether or not it is
18 necessary or desirable to issue bonds authorized pursuant to this chapter in order to
19 carry out the purposes described in this chapter and, if so, the amount of bonds to be
20 issued and sold. Successive issues of bonds may be authorized and sold to carry out
21 those actions progressively, and it is not necessary that all of the bonds authorized to

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 be issued be sold at any one time.”

2 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
3 100725 which requires that “there shall be collected each year and in the same manner
4 and at the same time as other state revenue is collected, in addition to the ordinary
5 revenues of the state, a sum in an amount required to pay the principal of, and interest
6 on, the bonds each year. It is the duty of all officers charged by law with any duty in
7 regard to the collection of the revenue to do and perform each and every act which is
8 necessary to collect that additional sum.”

9 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
10 100730 to provide that “notwithstanding Section 13340 of the Government Code
11 [providing that on and after July 1, 1998, no moneys in that fund that, by any statute
12 other than a Budget Act, is continuously appropriated without regard to fiscal years,
13 may be encumbered unless the Legislature, by statute, specifies that the moneys in the
14 fund are appropriated for encumbrance], there is hereby appropriated from the General
15 Fund in the State Treasury, for the purposes of this chapter, an amount that will equal
16 the total of the following: (a) the sum annually necessary to pay the principal of, and
17 interest on, bonds issued and sold pursuant to this chapter, as the principal and interest
18 become due and payable, and (b) the sum necessary to carry out Section 100745,
19 appropriated without regard to fiscal years.”

20 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
21 100735 to provide that “the board, as defined in subdivision (b) of Section 100710, may

1 request the Pooled Money Investment Board to make a loan from the Pooled Money
2 Investment Account or any other approved form of interim financing, in accordance with
3 Section 16312 of the Government Code [providing that the Pooled Money Investment
4 Board may make a loan from the Pooled Money Investment Account directly to any
5 such special fund, on such terms and conditions as the board may determine, upon
6 request made to the board by an appropriate official, or for the purpose of carrying out a
7 program or project that is authorized to be financed by issuing bonds, notes, or other
8 evidence of indebtedness], for the purpose of carrying out this chapter. The amount of
9 the request shall not exceed the amount of the unsold bonds that the committee, by
10 resolution, has authorized to be sold for the purpose of carrying out this chapter. The
11 board, as defined in subdivision (b) of Section 100710, shall execute any documents
12 required by the Pooled Money Investment Board to obtain and repay the loan. Any
13 amounts loaned shall be deposited in the fund to be allocated by the board in
14 accordance with this chapter."

15 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
16 100740 to provide that "notwithstanding any other provision of this chapter, or of the
17 State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this
18 chapter that include a bond counsel opinion to the effect that the interest on the bonds
19 is excluded from gross income for federal tax purposes, subject to designated
20 conditions, the Treasurer may maintain separate accounts for the investment of bond
21 proceeds and for the investment earnings on those proceeds. The Treasurer may use

1 or direct the use of those proceeds or earnings to pay any rebate, penalty, or other
2 payment required under federal law or take any other action with respect to the
3 investment and use of those bond proceeds required or desirable under federal law to
4 maintain the tax-exempt status of those bonds and to obtain any other advantage under
5 federal law on behalf of the funds of this state.”

6 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
7 100745. Subdivision (a) provides that “for the purposes of carrying out this chapter, the
8 Director of Finance may authorize the withdrawal from the General Fund of an amount
9 not to exceed the amount of the unsold bonds that have been authorized by the Higher
10 Education Facilities Finance Committee to be sold for the purpose of carrying out this
11 chapter. Any amounts withdrawn shall be deposited in the 2002 Higher Education
12 Capital Outlay Bond Fund consistent with this chapter. Any money made available
13 under this section shall be returned to the General Fund, plus an amount equal to the
14 interest that the money would have earned in the Pooled Money Investment Account,
15 from proceeds received from the sale of bonds for the purpose of carrying out this
16 chapter.” Subdivision (b) requires any request forwarded to the Legislature and the
17 Department of Finance for funds from this bond issue for expenditure for the purposes
18 described in this chapter by the California Community Colleges shall be accompanied
19 by the five-year capital outlay plan. Requests forwarded by the California Community
20 Colleges shall be accompanied by a five-year capital outlay plan reflecting the needs
21 and priorities of the community college system, prioritized on a statewide basis.

1 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
2 100750 which requires that "all money deposited in the 2002 Higher Education Capital
3 Outlay Bond Fund that is derived from premium and accrued interest on bonds sold
4 shall be reserved in the fund and shall be available for transfer to the General Fund as
5 a credit to expenditures for bond interest."

6 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
7 100755 to provide that "the bonds may be refunded in accordance with Article 6
8 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the
9 Government Code [providing that the committee may provide for the issuance and sale
10 or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing
11 for retirement, outstanding bonds at or before their maturity, if the committee
12 determines that refunding is necessary or advisable in order (a) to effect a favorable
13 reorganization of the debt structure of the state, or (b) to effect a saving in debt service
14 cost to the state, as measured by the present value of that saving], which is a part of
15 the State General Obligation Bond Law. Approval by the voters of the state for the
16 issuance of the bonds described in this chapter includes the approval of the issuance of
17 any bonds issued to refund any bonds originally issued under this chapter or any
18 previously issued refunding bonds."

19 Chapter 33, Statutes of 2002, Section 30, added Education Code Section
20 100760 to declare "that, inasmuch as the proceeds from the sale of bonds authorized
21 by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the

1 California Constitution, the disbursement of these proceeds is not subject to the
2 limitations imposed by that article.”

3 PART 68.2. KINDERGARTEN-UNIVERSITY PUBLIC EDUCATION FACILITIES
4 BOND ACT OF 2004

5 Chapter 33, Statutes of 2002, Section 31, added Part 68.2, “the
6 Kindergarten-University Public Education Facilities Bond Act of 2004,” effective if
7 approved by voters at the 2004 direct primary election.

8 Chapter 33, Statutes of 2002, Section 31.5, added Part 68.2, “the
9 Kindergarten-University Public Education Facilities Bond Act of 2004,” effective if
10 approved by voters at the November 4, 2004, statewide general election in the event
11 this section is not approved at the 2004 direct primary election.

12 CHAPTER 1. GENERAL

13 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
14 Section 100800 to provide that “this part shall be known and may be cited as the
15 Kindergarten-University Public Education Facilities Bond Act of 2004.”

16 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
17 Section 100801 to provide that “the incorporation of, or reference to, any provision of
18 California statutory law in this part includes all acts amendatory thereof and
19 supplementary thereto.”

20 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
21 Section 100803. Subdivision (a) provides that “bonds in the total amount of twelve

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 billion three hundred million dollars (\$12,300,000,000), not including the amount of any
2 refunding bonds issued in accordance with Sections 100844 and 100955, or so much
3 thereof as is necessary, may be issued and sold to provide a fund to be used for
4 carrying out the purposes expressed in this part and to reimburse the General
5 Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the
6 Government Code [providing that whenever bonds are sold, out of the first money
7 realized from their sale, there shall be redeposited in the revolving fund such expended
8 sums, which may be used for the same purposes and repaid in the same manner
9 whenever additional sales are made]. The bonds, when sold, shall be and constitute a
10 valid and binding obligation of the State of California, and the full faith and credit of the
11 State of California is hereby pledged for the punctual payment of the principal of, and
12 interest on, the bonds as the principal and interest become due and payable.”

13 Subdivision (b) requires that, “pursuant to this section, the Treasurer shall sell the
14 bonds authorized by the State School Building Finance Committee established by
15 Section 15909 or the Higher Education Facilities Finance Committee established
16 pursuant to Section 67353, as the case may be, at any different times necessary to
17 service expenditures required by the apportionments.”

1 CHAPTER 2. KINDERGARTEN THROUGH 12TH GRADE

2 ARTICLE 1. KINDERGARTEN THROUGH 12TH GRADE SCHOOL FACILITIES
3 PROGRAM

4 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
5 Section 100810 to require that, "the proceeds of bonds issued and sold pursuant to
6 Article 2 (commencing with Section 100825) shall be deposited in the 2004 State
7 School Facilities Fund, which is established in Section 17070.40, and shall be allocated
8 by the State Allocation Board pursuant to this chapter."

9 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
10 Section 100815 to require that, "all moneys deposited in the 2004 State Facilities Fund
11 for the purposes of this chapter shall be available and, notwithstanding any other
12 provision of law to the contrary, are hereby appropriated to provide aid to school
13 districts, county superintendents of schools, and county boards of education of the state
14 in accordance with the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5
15 (commencing with Section 17070.10) of Part 10), as set forth in Section 100820, to
16 provide funds to repay any money advanced or loaned to the 2004 State School
17 Facilities Fund under any act of the Legislature, together with interest provided for in
18 that act, and to reimburse the General Obligation Bond Expense Revolving Fund
19 pursuant to Section 16724.5 of the Government Code."

20 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code

1 Section 100820⁴²⁰. Subdivision (a) requires the proceeds from the sale of bonds,

⁴²⁰ Education Code Section 100820, added by Chapter 33, Statutes of 2002, Sections 31 and 31.5:

“(a) The proceeds from the sale of bonds, issued and sold for the purposes of this chapter, as specified in subdivision (a) of Section 100810 shall be allocated in accordance with the following schedule:

(1) The amount of five billion two hundred sixty million dollars (\$5,260,000,000) for project funding for new construction of school facilities of applicant school districts under Chapter 12.5 (commencing with Section 17070.10) of Part 10, including, but not limited to, hardship applications.

(A) Of the amount allocated pursuant to this paragraph, up to three hundred million dollars (\$300,000,000) shall be available for providing school facilities to charter schools pursuant to a statute enacted after the effective date of the act enacting this section.

(B) If the Housing and Emergency Shelter Trust Fund Act of 2002 is submitted to the voters at the November 5, 2002, general election and fails passage by the voters, of the amount allocated pursuant to this paragraph, twenty-five million dollars (\$25,000,000) shall be available for the purposes of Sections 51451.5, 51453, and 51455 of the Health and Safety Code.

(2) The amount of two billion two hundred fifty million dollars (\$2,250,000,000) for the modernization of school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10, including, but not limited to, hardship applications.

(3) The amount of two billion four hundred forty million dollars (\$2,440,000,000) for deposit into the 2004 Critically Overcrowded School Facilities Account established within the 2004 State School Facilities Fund pursuant to subdivision (e) of Section 17078.10 for the purposes set forth in Article 11 (commencing with Section 17078.10) of Chapter 12.5 of Part 10 relating to critically overcrowded schools, including, but not limited to, hardship applications, and any other new construction or modernization projects as authorized pursuant to Section 17078.30.

(4) The amount of fifty million dollars (\$50,000,000) for the purposes set forth in Article 10.6 (commencing with Section 17077.40) of Chapter 12.5 of Part 10 relating to joint-use projects, including, but not limited to, hardship applications.

(b) School districts may use funds allocated pursuant to paragraph (2) of subdivision (a) only for one or more of the following purposes in accordance with Chapter 12.5 (commencing with Section 17070.10) of Part 10:

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 issued and sold for the purposes of this chapter, as specified in subdivision (a) of
2 Section 100810 shall be allocated in accordance with the following schedule:

3 (1) The amount of five billion two hundred sixty million dollars (\$5,260,000,000)
4 for project funding for new construction of school facilities of applicant school

(1) The purchase and installation of air-conditioning equipment and insulation materials, and related costs.

(2) Construction projects or the purchase of furniture or equipment designed to increase school security or playground safety.

(3) The identification, assessment, or abatement in school facilities of hazardous asbestos.

(4) Project funding for high priority roof replacement projects.

(5) Any other modernization of facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10.

(c) Funds allocated pursuant to paragraph (1) of subdivision (a) may, also, be utilized to provide new construction grants for eligible applicant county boards of education under Chapter 12.5 (commencing with Section 17070.10) of Part 10 for funding classrooms for severely handicapped pupils, or for funding classrooms for county community school pupils.

(d)(1) The Legislature may amend this section to adjust the funding amounts specified in paragraphs (1) to (4), inclusive, of subdivision (a), only by either of the following methods:

(A) By a statute, passed in each house of the Legislature by rollcall vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with, and furthers the purposes of, this chapter.

(B) By a statute that becomes effective only when approved by the voters.

(2) Amendments pursuant to this subdivision may adjust the amounts to be expended pursuant to paragraphs (1) to (4), inclusive, of subdivision (a), but may not increase or decrease the total amount to be expended pursuant to that subdivision.

(e) From the total amounts set forth in paragraphs (1) to (6), inclusive, of subdivision (a), a total of no more than twenty million dollars (\$20,000,000) shall be used for the costs of energy conservation adjustments authorized pursuant to Section 17077.35.

(f) Funds available pursuant to this section may be used for acquisition of school facilities authorized pursuant to Section 17280.5."

1 districts under Chapter 12.5 (commencing with Section 17070.10) of Part 10,
2 including, but not limited to, hardship applications. Of the amount allocated
3 pursuant to this paragraph, up to three hundred million dollars (\$300,000,000)
4 shall be available for providing school facilities to charter schools pursuant to a
5 statute enacted after the effective date of the act enacting this section. If the
6 Housing and Emergency Shelter Trust Fund Act of 2002 is submitted to the
7 voters at the November 5, 2002, general election and fails passage by the
8 voters, of the amount allocated pursuant to this paragraph, twenty-five million
9 dollars (\$25,000,000) shall be available for the purposes of Sections 51451.5,
10 51453, and 51455 of the Health and Safety Code [Proposition 46, the Housing
11 and Emergency Shelter Trust Fund Act of 2002 was passed by voters];

12 (2) The amount of two billion two hundred fifty million dollars (\$2,250,000,000)
13 for the modernization of school facilities pursuant to Chapter 12.5 (commencing
14 with Section 17070.10) of Part 10, including, but not limited to, hardship
15 applications;

16 (3) The amount of two billion four hundred forty million dollars (\$2,440,000,000)
17 for deposit into the 2004 Critically Overcrowded School Facilities Account
18 established within the 2004 State School Facilities Fund pursuant to subdivision
19 (e) of Section 17078.10 for the purposes set forth in Article 11 (commencing with
20 Section 17078.10) of Chapter 12.5 of Part 10 relating to critically overcrowded
21 schools, including, but not limited to, hardship applications, and any other new

1 construction or modernization projects as authorized pursuant to Section
2 17078.30; and

3 (4) The amount of fifty million dollars (\$50,000,000) for the purposes set forth in
4 Article 10.6 (commencing with Section 17077.40) of Chapter 12.5 of Part 10
5 relating to joint-use projects, including, but not limited to, hardship applications.

6 Subdivision (b) requires that school districts shall use, as may be necessary, funds
7 allocated pursuant to paragraph (2) of subdivision (a) only for one or more of the
8 following purposes in accordance with Chapter 12.5 (commencing with Section
9 17070.10) of Part 10:

10 (1) The purchase and installation of air-conditioning equipment and insulation
11 materials, and related costs;

12 (2) Construction projects or the purchase of furniture or equipment designed to
13 increase school security or playground safety;

14 (3) The identification, assessment, or abatement in school facilities of hazardous
15 asbestos;

16 (4) Project funding for high priority roof replacement projects; and

17 (5) Any other modernization of facilities pursuant to Chapter 12.5 (commencing
18 with Section 17070.10) of Part 10.

19 Subdivision (c) requires that funds allocated pursuant to paragraph (1) of subdivision (a)
20 shall be utilized, as may be necessary, to provide new construction grants for eligible
21 applicant county boards of education under Chapter 12.5 (commencing with Section

1 17070.10) of Part 10 for funding classrooms for severely handicapped pupils, or for
2 funding classrooms for county community school pupils. Subdivision (d) refers to
3 Legislative amendments to adjust funding amounts. Subdivision (e) requires that from
4 the total amounts set forth in paragraphs (1) to (6), inclusive, of subdivision (a), a total
5 of no more than twenty million dollars (\$20,000,000) shall be used for the costs of
6 energy conservation adjustments authorized pursuant to Section 17077.35.

7 Subdivision (f) requires that funds available pursuant to this section shall be used, as
8 may be necessary, for the acquisition of school facilities authorized pursuant to Section
9 17280.5.

10 ARTICLE 2. KINDERGARTEN THROUGH 12TH GRADE SCHOOL FACILITIES
1 FISCAL PROVISIONS

12 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
13 Section 100825. Subdivision (a) provides that "of the total amount of bonds authorized
14 to be issued and sold pursuant to Chapter 1 (commencing with Section 100800), bonds
15 in the total amount of ten billion dollars (\$10,000,000,000), not including the amount of
16 any refunding bonds issued in accordance with Section 100844, or so much thereof as
17 is necessary, may be issued and sold to provide a fund to be used for carrying out the
18 purposes expressed in this chapter and to reimburse the General Obligation Bond
19 Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The
20 bonds, when sold, shall be and constitute a valid and binding obligation of the State of
21 California, and the full faith and credit of the State of California is hereby pledged for

1 the punctual payment of the principal of, and interest on, the bonds as the principal and
2 interest become due and payable." Subdivision (b) requires that, "pursuant to this
3 section, the Treasurer shall sell the bonds authorized by the State School Building
4 Finance Committee established pursuant to Section 15909 at any different times
5 necessary to service expenditures required by the apportionments."

6 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
7 Section 100827⁴²¹ to provide that the State School Building Finance Committee is
8 continued in existence for the purpose of this chapter.

9 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
10 Section 100830. Subdivision (a) requires that "the bonds authorized by this chapter
11 shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State

⁴²¹ Education code Section 100827, added by Chapter 33, Statutes of 2002,
Sections 31 and 31.5:

"The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers granted to, and duties imposed upon, those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide assistance to the committee as it may require. The Attorney General of the state is the legal adviser of the committee."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of
2 Division 4 of Title 2 of the Government Code), and all of the provisions of that law,
3 except Section 16727 of the Government Code [providing that proceeds from the sale
4 of any bonds issued pursuant to the State General Obligation Bond Law shall be used
5 only for the following purposes: the costs of construction or acquisition of capital assets,
6 to make grants or loans, if the proceeds of the grants or loans are used for the costs of
7 construction or acquisition of capital assets, to pay the costs of a state agency for
8 administering the grant or loan program, to repay funds borrowed in anticipation of the
9 sale of the bonds, including interest, or to pay interest on the bonds themselves, to pay
10 the costs of a state agency with responsibility for administering the bond program, or
11 the costs of the Treasurer's office directly associated with the sale and payment of the
12 bonds, including, but not limited to, underwriting discounts, costs of printing, bond
13 counsel, registration, and fees of trustees], apply to the bonds and to this chapter and
14 are hereby incorporated into this chapter as though set forth in full within this chapter.”
15 Subdivision (b) provides that “for purposes of the State General Obligation Bond Law,
16 the State Allocation Board is designated the "board" for purposes of administering the
17 2004 State School Facilities Fund.”

18 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
19 Section 100832 to provide that, “upon request of the State Allocation Board from time
20 to time, supported by a statement of the apportionments made and to be made for the
21 purposes described in Sections 100815 and 100820, the State School Building Finance

1 Committee shall determine whether or not it is necessary or desirable to issue bonds
2 authorized pursuant to this chapter in order to fund the apportionments and, if so, the
3 amount of bonds to be issued and sold. Successive issues of bonds may be authorized
4 and sold to fund those apportionments progressively, and it is not necessary that all of
5 the bonds authorized to be issued be sold at any one time.”

6 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
7 Section 100834 to require that, “there shall be collected each year and in the same
8 manner and at the same time as other state revenue is collected, in addition to the
9 ordinary revenues of the state, a sum in an amount required to pay the principal of, and
10 interest on, the bonds each year. It is the duty of all officers charged by law with any
11 duty in regard to the collection of the revenue to do and perform each and every act
12 that is necessary to collect that additional sum.”

13 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
14 Section 100835 to provide that, “notwithstanding Section 13340 of the Government
15 Code [providing that on and after July 1, 1998, no moneys in that fund that, by any
16 statute other than a Budget Act, is continuously appropriated without regard to fiscal
17 years, may be encumbered unless the Legislature, by statute, specifies that the
18 moneys in the fund are appropriated for encumbrance], there is hereby appropriated
19 from the General Fund in the State Treasury, for the purposes of this chapter, an
20 amount that will equal the total of the following: (a) the sum annually necessary to pay
21 the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the

1 principal and interest become due and payable, and (b) the sum necessary to carry out
2 Section 100840, appropriated without regard to fiscal years.”

3 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
4 Section 100836 to provide that, “the State Allocation Board may request the Pooled
5 Money Investment Board to make a loan from the Pooled Money Investment Account or
6 any other approved form of interim financing, in accordance with Section 16312 of the
7 Government Code [providing that the Pooled Money Investment Board may make a
8 loan from the Pooled Money Investment Account directly to any such special fund, on
9 such terms and conditions as the board may determine, upon request made to the
10 board by an appropriate official, or for the purpose of carrying out a program or project
11 that is authorized to be financed by issuing bonds, notes, or other evidence of
12 indebtedness], for the purpose of carrying out this chapter. The amount of the request
13 shall not exceed the amount of the unsold bonds that the committee, by resolution, has
14 authorized to be sold for the purpose of carrying out this chapter. The board shall
15 execute any documents required by the Pooled Money Investment Board to obtain and
16 repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by
17 the board in accordance with this chapter.”

18 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
19 Section 100838 to provide that, “notwithstanding any other provision of this chapter, or
20 of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this
21 chapter that include a bond counsel opinion to the effect that the interest on the bonds

1 is excluded from gross income for federal tax purposes, subject to designated
2 conditions, the Treasurer may maintain separate accounts for the investment of bond
3 proceeds and for the investment earnings on those proceeds. The Treasurer may use
4 or direct the use of those proceeds or earnings to pay any rebate, penalty, or other
5 payment required under federal law or take any other action with respect to the
6 investment and use of those bond proceeds required or desirable under federal law to
7 maintain the tax-exempt status of those bonds and to obtain any other advantage under
8 federal law on behalf of the funds of this state.”

9 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
10 Section 100840 to provide that, “for the purposes of carrying out this chapter, the
11 Director of Finance may authorize the withdrawal from the General Fund of an amount
12 not to exceed the amount of the unsold bonds that have been authorized by the State
13 School Building Finance Committee to be sold for the purpose of carrying out this
14 chapter. Any amounts withdrawn shall be deposited in the 2004 State School Facilities
15 Fund consistent with this chapter. Any money made available under this section shall
16 be returned to the General Fund, plus an amount equal to the interest that the money
17 would have earned in the Pooled Money Investment Account, from proceeds received
18 from the sale of bonds for the purpose of carrying out this chapter.”

19 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
20 Section 100842 to require that, “all money deposited in the 2004 State School Facilities
21 Fund, that is derived from premium and accrued interest on bonds sold shall be

1 reserved in the fund and shall be available for transfer to the General Fund as a credit
2 to expenditures for bond interest.”

3 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
4 Section 100844 to provide that, “the bonds may be refunded in accordance with Article
5 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the
6 Government Code [providing that the committee may provide for the issuance and sale
7 or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing
8 for retirement, outstanding bonds at or before their maturity, if the committee
9 determines that refunding is necessary or advisable in order (a) to effect a favorable
10 reorganization of the debt structure of the state, or (b) to effect a saving in debt service
11 cost to the state, as measured by the present value of that saving], which is a part of
12 the State General Obligation Bond Law. Approval by the voters of the state for the
13 issuance of the bonds described in this chapter includes the approval of the issuance of
14 any bonds issued to refund any bonds originally issued under this chapter or any
15 previously issued refunding bonds.”

16 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
17 Section 100846 to declare “that, inasmuch as the proceeds from the sale of bonds
18 authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII
19 B of the California Constitution, the disbursement of these proceeds is not subject to
20 the limitations imposed by that article.”

1 CHAPTER 3. HIGHER EDUCATION FACILITIES

2 ARTICLE 1. GENERAL

3 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
4 Section 100850, to provide that, "(a) the system of public higher education in this state
5 includes the University of California, the Hastings College of the Law, the California
6 State University, the California Community Colleges, and their respective off-campus
7 centers, (b) the 2004 Higher Education Capital Outlay Bond Fund is hereby established
8 in the State Treasury for deposit of funds from the proceeds of bonds issued and sold
9 for the purposes of this chapter, and (c) the Higher Education Facilities Finance
10 Committee established pursuant to Section 67353 is hereby authorized to create a debt
11 or debts, liability or liabilities, of the State of California pursuant to this chapter for the
12 purpose of providing funds to aid the University of California, the Hastings College of
13 the Law, the California State University, and the California Community Colleges."

14 ARTICLE 4. PROGRAM PROVISIONS APPLICABLE TO THE CALIFORNIA
15 COMMUNITY COLLEGES

16 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
17 Section 100854. Subdivision (a) requires that "from the proceeds of bonds issued and
18 sold pursuant to Article 5 (commencing with Section 100900), the sum of nine hundred
19 twenty million dollars (\$920,000,000) shall be deposited in the 2004 Higher Education
20 Capital Outlay Bond Fund for the purposes of this article. When appropriated, these
21 funds shall be available for expenditure for the purposes of this article." Subdivision (b)

1 declares that "the purposes of this article include assisting in meeting the capital outlay
2 financing needs of the California Community Colleges. Subdivision (c) provides that the
3 "proceeds from the sale of bonds issued and sold for the purposes of this article may
4 be used to fund construction on existing campuses, including the construction of
5 buildings and the acquisition of related fixtures, construction of facilities that may be
6 used by more than one segment of public higher education (intersegmental), the
7 renovation and reconstruction of facilities, site acquisition, the equipping of new,
8 renovated, or reconstructed facilities, which equipment shall have an average useful life
9 of 10 years; and to provide funds for the payment of preconstruction costs, including,
10 but not limited to, preliminary plans and working drawings for facilities of the California
11 Community Colleges."

12 ARTICLE 5. HIGHER EDUCATION FISCAL PROVISIONS

13 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
14 Section 100900. Subdivision (a) provides that "of the total amount of bonds authorized
15 to be issued and sold pursuant to Chapter 1 (commencing with Section 100800), bonds
16 in the total amount of two billion three hundred million dollars (\$2,300,000,000), not
17 including the amount of any refunding bonds issued in accordance with Section
18 100955, or so much thereof as is necessary, may be issued and sold to provide a fund
19 to be used for carrying out the purposes expressed in this chapter and to reimburse the
20 General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the
21 Government Code. The bonds, when sold, shall be and constitute a valid and binding

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 obligation of the State of California, and the full faith and credit of the State of California
2 is hereby pledged for the punctual payment of the principal of, and interest on, the
3 bonds as the principal and interest become due and payable." Subdivision (b) declares
4 that "it is the intent of the Legislature that the University of California, the California
5 State University, and the California Community Colleges annually consider, as part of
6 their annual capital outlay planning process, the inclusion of facilities that may be used
7 by more than one segment of public higher education (intersegmental), and, that on or
8 before May 15th of each year, those entities report their findings to the budget
9 committees of each house of the Legislature." Subdivision (c) requires that, "pursuant
10 to this section, the Treasurer shall sell the bonds authorized by the Higher Education
11 Facilities Finance Committee established pursuant to Section 67353 at any different
12 times necessary to service expenditures required by the apportionments."

13 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
14 Section 100910. Subdivision (a) requires that "the bonds authorized by this chapter
15 shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State
16 General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of
17 Division 4 of Title 2 of the Government Code)[providing a procedure which may be
18 adopted by other acts for use with whatever modifications are necessary in authorizing
19 the issuance and sale of state general obligation bonds and providing for the repayment
20 of such bonds], and all of the provisions of that law, except Section 16727 of the
21 Government Code [providing that proceeds from the sale of any bonds issued pursuant

1 to the State General Obligation Bond Law shall be used only for the following purposes:
2 the costs of construction or acquisition of capital assets, to make grants or loans, if the
3 proceeds of the grants or loans are used for the costs of construction or acquisition of
4 capital assets, to pay the costs of a state agency for administering the grant or loan
5 program, to repay funds borrowed in anticipation of the sale of the bonds, including
6 interest, or to pay interest on the bonds themselves, to pay the costs of a state agency
7 with responsibility for administering the bond program, or the costs of the Treasurer's
8 office directly associated with the sale and payment of the bonds, including, but not
9 limited to, underwriting discounts, costs of printing, bond counsel, registration, and fees
10 of trustees], apply to the bonds and to this chapter and are hereby incorporated into this
11 chapter as though set forth in full within this chapter." Subdivision (b) provides that "for
12 the purposes of the State General Obligation Bond Law, each state agency
13 administering an appropriation of the 2004 Higher Education Capital Outlay Bond Fund
14 is designated as the "board" for projects funded pursuant to this chapter." Subdivision
15 (c) requires that the proceeds of the bonds issued and sold pursuant to this chapter
16 shall be available for the purpose of funding aid to the California Community Colleges,
17 for the construction on existing or new campuses, and their respective off-campus
18 centers and joint use and intersegmental facilities, as set forth in this chapter.

19 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
20 Section 100920, to require that, "the Higher Education Facilities Finance Committee
21 established pursuant to Section 67353 shall authorize the issuance of bonds under this

1 chapter only to the extent necessary to fund the apportionments for the purposes
2 described in this chapter that are expressly authorized by the Legislature in the annual
3 Budget Act. Pursuant to that legislative direction, the committee shall determine
4 whether or not it is necessary or desirable to issue bonds authorized pursuant to this
5 chapter in order to carry out the purposes described in this chapter and, if so, the
6 amount of bonds to be issued and sold. Successive issues of bonds may be authorized
7 and sold to carry out those actions progressively, and it is not necessary that all of the
8 bonds authorized to be issued be sold at any one time.”

9 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
10 Section 100925, to require that, “there shall be collected each year and in the same
11 manner and at the same time as other state revenue is collected, in addition to the
12 ordinary revenues of the state, a sum in an amount required to pay the principal of, and
13 interest on, the bonds each year. It is the duty of all officers charged by law with any
14 duty in regard to the collection of the revenue to do and perform each and every act
15 which is necessary to collect that additional sum.”

16 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
17 Section 100930, to provide that, “notwithstanding Section 13340 of the Government
18 Code [providing that on and after July 1, 1998, no moneys in that fund that, by any
19 statute other than a Budget Act, is continuously appropriated without regard to fiscal
20 years, may be encumbered unless the Legislature, by statute, specifies that the
21 moneys in the fund are appropriated for encumbrance], there is hereby appropriated

1 from the General Fund in the State Treasury, for the purposes of this chapter, an
2 amount that will equal the total of the following: (a) the sum annually necessary to pay
3 the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the
4 principal and interest become due and payable, and (b) the sum necessary to carry out
5 Section 100945, appropriated without regard to fiscal years.”

6 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
7 Section 100935, to provide that, “the board, as defined in subdivision (b) of Section
8 100910, may request the Pooled Money Investment Board to make a loan from the
9 Pooled Money Investment Account or any other approved form of interim financing, in
10 accordance with Section 16312 of the Government Code [providing that the Pooled
11 Money Investment Board may make a loan from the Pooled Money Investment Account
12 directly to any such special fund, on such terms and conditions as the board may
13 determine, upon request made to the board by an appropriate official, or for the
14 purpose of carrying out a program or project that is authorized to be financed by issuing
15 bonds, notes, or other evidence of indebtedness], for the purpose of carrying out this
16 chapter. The amount of the request shall not exceed the amount of the unsold bonds
17 that the committee, by resolution, has authorized to be sold for the purpose of carrying
18 out this chapter. The board, as defined in subdivision (b) of Section 100910, shall
19 execute any documents required by the Pooled Money Investment Board to obtain and
20 repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by
21 the board in accordance with this chapter.”

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
2 Section 100940, to provide that, "notwithstanding any other provision of this chapter, or
3 of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this
4 chapter that include a bond counsel opinion to the effect that the interest on the bonds
5 is excluded from gross income for federal tax purposes, subject to designated
6 conditions, the Treasurer may maintain separate accounts for the investment of bond
7 proceeds and for the investment earnings on those proceeds. The Treasurer may use
8 or direct the use of those proceeds or earnings to pay any rebate, penalty, or other
9 payment required under federal law or take any other action with respect to the
10 investment and use of those bond proceeds required or desirable under federal law to
11 maintain the tax-exempt status of those bonds and to obtain any other advantage under
12 federal law on behalf of the funds of this state."

13 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
14 Section 100945. Subdivision(a) provides that "for the purposes of carrying out this
15 chapter, the Director of Finance may authorize the withdrawal from the General Fund of
16 an amount not to exceed the amount of the unsold bonds that have been authorized by
17 the Higher Education Facilities Finance Committee to be sold for the purpose of
18 carrying out this chapter. Any amounts withdrawn shall be deposited in the 2004 Higher
19 Education Capital Outlay Bond Fund consistent with this chapter. Any money made
20 available under this section shall be returned to the General Fund, plus an amount
21 equal to the interest that the money would have earned in the Pooled Money

1 Investment Account, from proceeds received from the sale of bonds for the purpose of
2 carrying out this chapter.” Subdivision (b) requires that any request forwarded to the
3 Legislature and the Department of Finance for funds from this bond issue for
4 expenditure for the purposes described in this chapter by the California Community
5 Colleges shall be accompanied by the five-year capital outlay plan. Requests forwarded
6 by the California Community Colleges shall be accompanied by a five-year capital
7 outlay plan reflecting the needs and priorities of the community college system,
8 prioritized on a statewide basis.”

9 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
10 Section 100950, to require that, “all money deposited in the 2004 Higher Education
11 Capital Outlay Bond Fund that is derived from premium and accrued interest on bonds
12 sold shall be reserved in the fund and shall be available for transfer to the General
13 Fund as a credit to expenditures for bond interest.”

14 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
15 Section 100955 to provide that, “the bonds may be refunded in accordance with Article
16 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the
17 Government Code [providing that the committee may provide for the issuance and sale
18 or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing
19 for retirement, outstanding bonds at or before their maturity, if the committee
20 determines that refunding is necessary or advisable in order (a) to effect a favorable
21 reorganization of the debt structure of the state, or (b) to effect a saving in debt service

1 cost to the state, as measured by the present value of that saving], which is a part of
2 the State General Obligation Bond Law. Approval by the voters of the state for the
3 issuance of the bonds described in this chapter includes the approval of the issuance of
4 any bonds issued to refund any bonds originally issued under this chapter or any
5 previously issued refunding bonds.

6 Chapter 33, Statutes of 2002, Sections 31 and 31.5, added Education Code
7 Section 100960 to declare "that, inasmuch as the proceeds from the sale of bonds
8 authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII
9 B of the California Constitution, the disbursement of these proceeds is not subject to
10 the limitations imposed by that article."

11 B. CALIFORNIA CODE OF REGULATIONS

12 SUBGROUP 5.5. REGULATIONS RELATING TO THE LEROY F. GREENE

13 SCHOOL FACILITIES ACT OF 1998: (SCHOOL FACILITY PROGRAM)

14 ARTICLE 1. GENERAL PROVISIONS AND DEFINITIONS

15 Title 2, California Code of Regulations, Section 1859, (added in 1988 and refiled
16 in 1999), declares that "these regulations implement the Leroy F. Greene School
17 Facilities Act of 1998, which establishes a State program to provide State per pupil
18 funding for new construction and modernization of existing school facilities."

19 Section 1859.1, (added in 1998, refiled in 1999 and last amended in 2000),
20 requires the General Services Director, or his or her legal designee to perform all acts
21 necessary to carry out the provisions of the Leroy F. Greene School Facilities Act of

1 1998 except such functions as are reserved to the Board and to other agencies by law.
2 or other regulations under Subgroup 5.5.

3 Section 1859.2, (added in 1998, refiled in 1999 and last amended in 2002),
4 defines numerous terms as used for the purpose of these regulations.

5 ARTICLE 2. PROGRAM TRANSITION

6 Section 1859.10, (added in 1998 and refiled in 1999), requires that projects
7 approved under the "Lease-Purchase Program" are subject to the regulations contained
8 in Title 2, California Code of Regulations commencing with Section 1865.1, and the
9 "School Facility Program" transition rules contained in this article.

10 Section 1859.11, (added in 1998 and refiled in 1999), provides that joint-use
11 projects approved by the Board prior to November 4, 1998 are eligible for funding
12 pursuant to the "Lease-Purchase Program" for all remaining approved but unfunded
13 project costs.

14 Section 1859.12, (added in 1998 and refiled in 1999), provides that Priority One
15 new construction projects will be funded under the provisions of the "Lease-Purchase
16 Program" if the project received either: (1) Phase C (construction) approval by the
17 board prior to November 4, 1998; or (2) either Phase P (planning) or Phase P and
18 Phase S (planning and site), approvals, and the Division of the State Architect's plan
19 approval prior to November 4, 1998.

20 Section 1859.13, (added in 1998, refiled in 1999 and last amended in 2000),
21 requires districts with Priority Two new construction projects which received either: (1)

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Phase C (construction) approval by the board prior to November 4, 1998; or (2) either a
2 Phase P (planning) or a Phase P and Phase S (planning and site) approval with the
3 Division of State Architect's plan approval prior to November 4, 1998, to declare to the
4 board that it intends to convert the entire project to Priority One status by January 31,
5 1999 to receive funding for all remaining costs in accordance with the "Lease-Purchase
6 Program" provisions. If the district has not declared its intention to convert the entire
7 project to Priority One status by January 31, 1999, the project shall be deemed
8 withdrawn under the provisions of the "Lease-Purchase Program" and the district must
9 submit a new application under the provisions of the "School Facility Program,"
10 pursuant to Section 1859.20. If the project is eligible for further funding under the
11 "School Facility Program," the New Construction Adjusted Grant provided under the
12 "School Facility Program" will be reduced by any previous apportionments, with the
13 exception of apportionments made for site acquisition, made under the "Lease-
14 Purchase Plan."

15 Section 1859.14, (added in 1998, refiled in 1999 and last amended in 2000),
16 provides that Priority One modernization projects that have either Phase C
17 (construction) approval by the board prior to November 4, 1998, or have Phase P
18 (planning) approval by the board and the Division of State Architect's plan approval
19 prior to November 4, 1998, shall, as may be necessary, proceed by either: (a) receiving
20 funding under the provisions of the "Lease-Purchase Program," or (b) withdrawing the
21 Priority One modernization "Lease-Purchase Program" project, by January 31, 1999,

1 and submitting a new application for funding under the provisions of the "School Facility
2 Program," pursuant to Section 1859.20. The project approval date under the "Lease-
3 Purchase Program" will be retained for the project approval date under the "School
4 Facility Program." If the project is eligible for further funding under the "School Facility
5 Program," the Modernization Adjusted Grant provided under the "School Facility
6 Program" will be reduced by any previous apportionments made under the "Lease-
7 Purchase Program."

8 Section 1859.15, (added in 1998 and refiled in 1999), requires districts with
9 Priority Two modernization projects that have either Phase C (construction) approval by
10 the board prior to November 4, 1998, or have Phase P (planning) approval by the board
and the Division of State Architect's plan approval prior to November 4, 1998, to declare
12 to the board that it intends to convert the entire project to Priority One status by January
13 31, 1999 to receive funding for all remaining costs in accordance with the "Lease-
14 Purchase Program" provisions. If the district has not declared its intention to convert
15 the entire project to Priority One status by January 31, 1999, the project shall be
16 deemed withdrawn under the provisions of the "Lease-Purchase Program" and the
17 district must submit a new application under the provisions of the SFP pursuant to
18 Section 1859.20. The project approval date under the "Lease-Purchase Program" will
19 be retained for the project approval date under the "School Facility Program." If the
20 project is eligible for further funding under the "School Facility Program," the
21 Modernization Adjusted Grant provided under the "School Facility Program" will be

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 reduced by any previous apportionments made under the "Lease-Purchase Program."

2 Section 1859.15.1, (added in 1999) requires that districts with "Lease-Purchase
3 Program" or "School Facility Program" conversions from "Lease-Purchase Program"
4 new construction and modernization projects meeting the provisions of Sections
5 1859.12, 1859.13, 1859.14 or 1859.15 shall receive first funding priority upon submittal
6 of a complete eligibility and funding application through July 5, 1999. After this date,
7 "Lease-Purchase Program" or "School Facility Program" conversions from "Lease-
8 Purchase Program" new construction and modernization projects shall be funded in the
9 order of the date of receipt of a complete application which complies with all pertinent
10 "Lease-Purchase Program" and "School Facility Program" statutes and regulations."

11 Section 1859.16, (added in 1998, refiled in 1999 and last amended in 2000),
12 requires a district with projects not meeting the requirements of Sections 1859.11,
13 1859.12, 1859.13, 1859.14 or 1859.15 to submit a new application under the provisions
14 of the "School Facility Program" pursuant to Section 1859.20 in order to receive
15 funding. If the project is eligible for further funding under the "School Facility Program,"
16 then the New Construction Adjusted Grant provided under the "School Facility Program"
17 will be reduced by any previous apportionments, with the exception of apportionments
18 made for site acquisition, made under the "Lease-Purchase Program," and the
19 Modernization Adjusted Grant provided under the "School Facility Program" will be
20 reduced by any previous apportionments made under the "Lease-Purchase Program."
21

1 ARTICLE 3. SCHOOL FACILITY PROGRAM APPLICATION PROCEDURE

2 Section 1859.20, (added in 1998, refiled in 1999 and last amended in 2002),
3 requires a district seeking a determination of eligibility for a "School Facility Program"
4 project to complete and file the following documents with the Office of Public School
5 Construction:

6 (a) For new construction, either district wide or High School Attendance Area, or
7 modernization projects, an application for Eligibility Determination, Form SAB
8 50-03;

9 (b) For new construction projects, either district wide or High School Attendance
10 Area, an Enrollment Certification/Projection, Form SAB 50-01; and

11 (c) For new construction projects, an Existing School Building Capacity, Form
12 SAB 50-02.

13 Section 1859.21, (added in 1998, refiled in 1999 and last amended in 2002),
14 requires a district seeking funding for a modernization or new construction project to
15 complete and file with the Office of Public School Construction, the Application for
16 Funding, Form SAB 50-04.

17 Section 1859.22, (added in 2001), provides that in addition to meeting the
18 requirements of Sections 1859.20 and 1859.21, a district shall, as may be necessary,
19 receive "School Facility Program" New Construction or Modernization Grants for
20 facilities that are or will be located on real property leased by the district provided all the
21 following are met:

1 (a) The real property is leased from a governmental agency; and

2 (b) The term of the lease for the land for which the district is requesting "School
3 Facility Program" funding at the time the Approved Application is accepted is for
4 (1) at least 25 years if the lease is for real property owned by the federal
5 government, (2) at least 40 years if the lease is for real property owned by a
6 governmental agency other than the federal government, (3) at least 30 years if
7 the lease is for real property owned by a governmental agency other than the
8 federal government and the district has certified there are no other educationally
9 adequate sites for new construction available under a 40-year lease, and the
10 cost per year to lease the real property for no less than 30 years is no greater
11 than the cost per year to lease the real property for 40 years, or (4) at least 30
12 years if the lease is for real property owned by a governmental agency other
13 than the federal government and the district has provided other evidence
14 satisfactory to the board that a shorter lease term is necessary.

15 A district seeking modernization funding on land or facilities leased by the district
16 pursuant to this section is subject to the adjustment in the district's baseline eligibility
17 pursuant to Section 1859.51(c). A district seeking new construction funding on land or
18 facilities leased by the district pursuant to this section is subject to the adjustment in the
19 district's baseline eligibility pursuant to Section 1859.51(a) and (i).

20 ARTICLE 4. DETERMINING EXISTING SCHOOL BUILDING CAPACITY

21 Section 1859.30, (added in 1998, refiled in 1999 and last amended in 2002),

1 requires the district to complete, for new construction projects, on a one-time basis, a
2 classroom inventory pursuant to Sections 1859.31 and 1859.32 and report that
3 inventory on the Existing School Building Capacity, Form SAB 50-02. Completion of
4 the calculations made on this Form shall represent the district's new construction
5 Existing School Building Capacity.

6 Section 1859.31, (added in 1998 and refiled in 1999) requires the district to
7 prepare a gross inventory consisting of all classrooms owned or leased in the district or
8 High School Attendance Area as appropriate. For the purpose of this gross classroom
9 inventory, the following shall be considered classrooms:

- 10 (a) A classroom for which a contract was signed for the construction or
11 acquisition of facilities or for which construction work has commenced at the time
12 the "School Facility Program" application for determination of eligibility is
13 submitted to the Office of Public School Construction;
- 14 (b) A classroom constructed with funds from the "Lease-Purchase Program";
- 15 (c) A classroom used for Special Day Class or Resource Specialist Programs;
- 16 (d) Classrooms that are standard classrooms, shops, science laboratories,
17 computer laboratories, or computer classrooms;
- 18 (e) A classroom acquired or created for Class Size Reduction purposes;
- 19 (f) A classroom used for preschool programs;
- 20 (g) A classroom converted to any non-classroom purpose including use by
21 others;

1 (h) A classroom with Housing and Community Development or Department of
2 Housing insignia;

3 (i) A classroom acquired for interim housing for a modernization project;

4 (j) A classroom leased or purchased under the State Relocatable Program
5 pursuant to Chapter 14 "State Relocatable Classroom of 1979" of Part 10 of the
6 Education Code;

7 (k) Classrooms that have a waiver for continued use by the Board for Field Act
8 exemptions;

9 (l) A classroom used for Community School purposes; or

10 (m) A classroom included in a closed school.

11 Section 1859.32, (added in 1998, refiled in 1999 and last amended in 2000),
12 requires that after the gross classroom inventory has been prepared pursuant to
13 Section 1859.31, it will be reduced by the following:

14 (a) Any classrooms abandoned and approved for replacement as a hardship
15 under the provisions of the "Lease-Purchase Program";

16 (b) Any classroom at a school operated on a year-round schedule that has been
17 used continuously for at least 50 percent of the time for preschool programs in
18 the five years preceding the receipt of the application for determination of
19 eligibility;

20 (c) Any classroom included in any new construction "Lease-Purchase Program"
21 project that has not received a Phase C (construction) apportionment;

1 (d) Any classrooms that is portable and owned or leased by the district for 20
2 years or more that was approved for abandonment in a "Lease-Purchase
3 Program" project and the plans for the project had Division of the State
4 Architect's approval prior to November 4, 1998;

5 (e) Any classroom that is a trailer and is transported/towed on its own wheels
6 and axles;

7 (f) Any classroom used exclusively for regional occupational centers, regional
8 occupational programs, child care, preschool and/or Adult Education Programs,
9 and was built or acquired with funds specifically available for those purposes;

10 (g) Any classroom of less than 700 interior square feet;

11 (h) Any classroom originally built for instructional use, but converted to one of the
12 following: (1) used continuously for school administration for at least five years
13 prior to the submittal of the application to the Office of Public School
14 Construction for determination of eligibility, (2) used continuously for central or
15 main district administration for at least five years prior to the submittal of the
16 application to the Office of Public School Construction for determination of
17 eligibility, or (3) used for school library purposes during the previous school year;

18 (i) Any classroom owned but leased to another district;

19 (j) Any portable classroom excluded by Education Code Section 17071.30

20 [providing that for purposes of determining the existing school building capacity,
21 each applicant school district shall include each portable classroom, whether

1 owned or leased, except: (a) where portable classrooms leased pursuant to
2 Chapter 14 "State Relocatable Classroom Law of 1979" (commencing with
3 Section 17085) shall be excluded from the existing school building capacity.
4 Portable classrooms obtained by an applicant district pursuant to subdivision (b)
5 of Section 17088.5 (whereby a school district is eligible to lease a portable
6 classroom, but funds are not at the time available, the board may authorize the
7 school district to purchase a portable classroom if purchased under a procedure
8 determined by the board, and when funds are made available, the board shall
9 purchase the portable classroom from the school district and shall then lease the
10 portable classroom back the school district) shall be excluded from the existing
11 school building capacity, except as to any portable classroom or classrooms for
12 which the district rejected the board's offer to purchase pursuant to that
13 subdivision. Portable classrooms leased for a period of less than five years prior
14 to the date of application shall not be included in existing school building
15 capacity; and (b) the number of portable classrooms, reduced by the number of
16 portable classrooms used as interim housing for modernization projects, that
17 exceed 25 percent of the number of permanent classrooms available to the
18 district shall not be included in the existing building capacity];
19 (k) Any classroom that is permanent space and leased for less than five years;
20 and
21 (l) Any permanent classroom contained in a project for which the construction

1 contract was signed between August 27, 1998 and November 18, 1998 and for
2 which the district did not have full project eligibility under the "Lease-Purchase
3 Program."

4 Section 1859.33, (added in 1998, refiled in 1999 and last amended in 2002)
5 requires the district to identify by grade level, based on its most typical use for grades
6 K-6, 7-8 or 9-12, each classroom included in the classroom inventory determined
7 pursuant to Section 1859.31 and not excluded pursuant to Section 1859.32. These
8 classrooms shall be reported on the Existing School Building Capacity, Form SAB
9 50-02.

10 Section 1859.35, (added in 1998, refiled in 1999 and last amended in 2000),
11 requires that the district's existing school building capacity be determined by totaling the
12 amounts calculated in subdivision (a) with the amount determined in subdivisions (b) or
13 (c), whichever is the greater. Subdivision (a) requires the multiplication of the number
14 of available classrooms in the district or the High School Attendance Area by the
15 following: 25 for each K-6 classroom and 27 for each 7-12 classroom. Available
16 classrooms shall be determined by the reduction of classrooms identified in Section
17 1859.32 from the gross classroom inventory prepared pursuant to Section 1859.31 and
18 the inclusion of portable classrooms as provided pursuant to Education Code Section
19 17071.30 (a) or (b) (providing certain exclusions for portable classrooms in the
20 calculation of existing school building capacity) . Subdivision (b) requires the
21 multiplication of the K-6 pupil capacity of the elementary district, the unified district or

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 the High School Attendance Area in a unified district as determined by the results of the
2 calculations in subdivision (a) at the time of the initial determination of eligibility by six
3 percent. For a high school district filing on a district-wide basis, multiply the pupil
4 capacity of the district as determined by the results of the calculations in subdivision (a)
5 at the time of initial determination of eligibility by six percent or, as an alternative, by
6 eight percent of the K-12 pupil capacity within the boundaries of the district. A high
7 school district filing on a High School Attendance Area, is required to multiply the K-12
8 pupil capacity within the boundaries of the High School Attendance Area by eight
9 percent. When the district meets the Substantial Enrollment Requirement or qualifies
10 for a waiver of the Substantial Enrollment Requirement authorized by Education Code
11 Sections 17017.6 (defining "substantial enrollment" to include specific "multi-track year-
12 round" enrollment requirements for high school districts) and 17017.7(c) (providing the
13 minimum percentage of district pupils required for "substantial enrollment" purposes),
14 the amount reported in this subdivision shall be zero. Subdivision (c) provides that a
15 number equal to the number of pupils provided operational grants as indicated in the
16 current report of operational grants made by the California Department of Education
17 pursuant to Education Code Section 42268 (providing the requirements for the
18 Superintendent of Public Instruction's annual report to the State Allocation Board), less
19 the number of pupils at a school on the Multi-Track Year-Round Education calendar
20 that has a density of at least 200 or more pupils per acre when the district has at least
21 40 percent of its enrollment on Multi-Track Year-Round Education as of the date of

1 determination of the existing school building capacity of the district.

2 ARTICLE 5. ENROLLMENT PROJECTIONS

3 Section 1859.40, (added in 1998, refiled in 1999 and last amended in 2002),
4 requires the district to provide an enrollment Certification and report enrollment data, on
5 the Enrollment Certification/Projection, Form SAB 50-01. The information provided on
6 this Form shall serve as the basis for determining a district's eligibility for New
7 Construction funding.

8 Section 1859.41, (added in 1998, refiled in 1999 and last amended in 2002),
9 subdivision (a), requires that a district shall request, as may be necessary, that its
10 eligibility determination for New Construction Grants be based on a High School
11 Attendance Area or Super High School Attendance Area basis if it meets all the
12 following criteria. First, the district must demonstrate that the eligibility determination for
13 New Construction Grants in at least one of the district's High School Attendance Area
14 or Super High School Attendance Area results in negative eligibility for maximum
15 funding at any grade level within the High School Attendance Area or Super High
16 School Attendance Area. Second, the New Construction Grants eligibility determination
17 for the High School Attendance Area or Super High School Attendance Area must be
18 based on the capacity and projected enrollment of the High School Attendance Area or
19 Super High School Attendance Area as shown in the Eligibility Determination, Form
20 SAB 50-03. Third, the eligibility determination for the High School Attendance Area or
21 Super High School Attendance Area must include a high school that serves any

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 combination of grades nine through twelve and the high school is not a continuation
2 high school. Subdivision (b) requires that if a district meets the criteria in subdivision (a)
3 and requests its eligibility determination to be based on an High School Attendance
4 Area or Super High School Attendance Area, eligibility for future grants, with the
5 exception of community school pupil grants for a county superintendent, in that High
6 School Attendance Area or Super High School Attendance Area must be filed on the
7 same basis for a period of five years from the date the district received an
8 apportionment that was justified by eligibility under that High School Attendance Area or
9 Super High School Attendance Area. When only a portion of the enrollment at a feeder
10 school actually contributes to the High School Attendance Area or Super High School
11 Attendance Area, the district shall report, as a percentage, only that portion of the
12 enrollment. A county superintendent reporting on the basis of one or more High School
13 Attendance Area basis shall file, as may be necessary, applications by utilizing High
14 School Attendance Area or Super High School Attendance Area boundaries of any
15 district within the county. A county superintendent shall report, as may be necessary,
16 enrollment and file eligibility for future grants separately for special education pupils or
17 for community school pupils. If a district requests to re-file its eligibility determination
18 from High School Attendance Area or Super High School Attendance Area to
19 district-wide after the five year time period has elapsed, the existing school building
20 capacity in the district will be determined based on classrooms available in the High
21 School Attendance Area or Super High School Attendance Area at the time of initial

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 request for eligibility determination and the current classrooms in the remaining portion
2 of the district. Once the baseline eligibility has been determined for the district, it will be
3 adjusted for classrooms constructed, funded or acquired in that High School
4 Attendance Area or Super High School Attendance Area as provided by Section
5 1859.51. Existing boundaries of a High School Attendance Area or Super High School
6 Attendance Area may only be changed as a result of Section 1859.51(f).

7 Section 1859.42, (added in 1998, refiled in 1999 and last amended in 2002),
8 requires that the district enrollment, as reported on the Enrollment
9 Certification/Projection, Form SAB 50-01, be used to calculate the district's projected
10 enrollment other than for Special Day Class enrollment. The Office of Public School
11 Construction shall use the following methodology, under subdivisions (a) and (b), to
12 determine the districts projected enrollment. Subdivision (a) provides the formula for
13 calculating all projected enrollment with the exception of Special Day Class enrollment
14 for all grades. Subdivision (b) provides that the enrollment projection will be
15 augmented, through a specific formula, based on the number of pupils as reported by
16 the district on Enrollment Certification/Projection, Form SAB 50-01, that will reside in
17 dwelling units included in an approved subdivision map or valid tentative subdivision
18 map that exceed the number of pupils projected as a result of the cohort survival
19 method for that subdivision map. Subdivision (c) requires that the projected enrollment
20 of a High School Attendance Area be computed in the same manner as set forth in this
21 section, except that the enrollment used in such computation shall be that of the High

1 School Attendance Area rather than the entire district. Augmentation as provided in
2 subdivision (b) may include only dwelling units located in the High School Attendance
3 Area.

4 Section 1859.43, (added in 1998, refiled in 1999 and last amended in 2002),
5 requires that the district enrollment, as reported on the Enrollment
6 Certification/Projection, Form SAB 50-01, be used to calculate the district's projected
7 Special Day Class enrollment. The Office of Public School Construction shall use the
8 methodology provided in subdivisions (a) and (b) to determine the district's projected
9 enrollment. Subdivision (a) requires that the projected enrollment of each classification
10 of Special Day Class students served by a school district shall be computed by
11 multiplying the reported enrollment of Special Day Class students by the five- year
12 projection of the same grade level of students as determined by Section 1859.42. The
13 resulting value shall be divided by the current enrollment of the same students as
14 provided on Enrollment Certification/Projection, Form SAB 50-01. Subdivision (b)
15 requires that the projected enrollment of each classification of Special Day Class
16 students served by a county office of education shall be computed as follows: (1)
17 determine the percentage change in total Special Day Class enrollment from the
18 current year to the previous year; determine the percentage change in total Special Day
19 Class enrollment in the previous year to the second previous year; determine the
20 percentage change in total Special Day Class enrollment in the second previous year to
21 the third previous year. To determine the average annual increase, add the three

1 percentage changes and divide by three; and (2) the current Special Day Class
2 enrollment provided by the county office of education as reported on Enrollment
3 Certification/Projection, Form SAB 50-01, shall be adjusted by the average annual
4 percentage change in (1) for each year until the five-year projected enrollment has been
5 determined.

6 ARTICLE 6. NEW CONSTRUCTION ELIGIBILITY DETERMINATION

7 Section 1859.50, (added in 1998, refiled in 1999 and last amended in 2002),
8 requires a district to calculate its eligibility determination by completion of the Eligibility
9 Determination, Form SAB 50-03. Eligibility determination for New Construction Grants
10 may be requested on either a district-wide basis or on a High School Attendance Area
11 or Super High School Attendance Area basis. If a district requests to have its eligibility
12 determination made on a district-wide basis, eligibility for future grants in the district
13 must be filed on the same basis for a period of five years from the date the district
14 received an apportionment that was justified by eligibility determined on a district-wide
15 basis. If a district requests to re-file its eligibility determination from district-wide to High
16 School Attendance Area to Super High School Attendance Area after the five year time
17 period has elapsed, the existing school building capacity in the High School Attendance
18 Area or Super High School Attendance Area will be determined based on the
19 classrooms available in the High School Attendance Area or Super High School
20 Attendance Area at the time of the initial district-wide request for eligibility
21 determination. Once the baseline eligibility has been determined for the High School

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Attendance Area or Super High School Attendance Area, it will be adjusted for
2 classrooms constructed, funded or acquired in that High School Attendance Area or
3 Super High School Attendance Area as provided by Section 1859.51. If the district
4 requests to have its eligibility determination made on a High School Attendance Area or
5 Super High School Attendance Area, it must meet the criteria of Section 1859.41. The
6 calculated eligibility on the Eligibility Determination, Form SAB 50-03, is the initial
7 eligibility of the district, the High School Attendance Area or Super High School
8 Attendance Area and shall be referenced as the baseline eligibility for future "School
9 Facility Program" funding. The baseline eligibility is the basis for filing an Application For
10 Funding, Form SAB 50-04, for a new construction "School Facility Program" grant. A
11 district affected by a reorganization election on or after November 4, 1998 may file an
12 application for a determination of new construction baseline eligibility after a successful
13 reorganization election.

14 Section 1859.51, (added in 1998, refiled in 1999 and last amended in 2002),
15 requires that the baseline eligibility for new construction determined on the Eligibility
16 Determination, Form SAB 50-03, will receive numerous adjustments. Subdivision (a)
17 reduces the baseline eligibility by the number of pupils provided grants in a new
18 construction "School Facility Program" project. Subdivision (b) reduces the baseline
19 eligibility by the number of pupils housed, based on the loading standards pursuant to
20 Education Code Section 17071.25(a)(2)(A) (25 for each K-6 classroom and 27 for each
21 7-12 classroom), in a new construction "Lease-Purchase Program" project funded

1 under the provisions of the "Lease-Purchase Program" pursuant to Sections 1859.12
2 or 1859.13. Subdivision (c) reduces the baseline eligibility by the number of pupils
3 housed in additional classrooms constructed or purchased based on the loading
4 standards, pursuant to Education Code Section 17071.25(a)(2)(A), in a modernization
5 "School Facility Program" project. Subdivision (d) adjusts the baseline eligibility as a
6 result of the audit findings made pursuant to Section 1859.105. Subdivision (e)
7 increases or decreases the baseline eligibility by changes in projected enrollment in
8 subsequent enrollment reporting years for all districts except decreases as provided in
9 subdivision (j) below. Subdivision (f) adjusts the baseline eligibility as a result of errors
10 or omissions by the district or by the Office of Public School Construction. Subdivision
11 (g) adjusts the baseline eligibility as a result of amendments to these Regulations that
12 effect the eligibility. Subdivision (h) increases the baseline eligibility by the number of
13 pupils eligible for grants pursuant to Section 1859.82(a). Subdivision (i) reduces the
14 baseline eligibility by the number of pupils housed, based on loading standards
15 pursuant to Education Code Section 17071.25(a)(2)(A), in any classroom provided after
16 the baseline eligibility was determined by the Board with the exception of those pupils
17 housed or to be housed in a classroom:

- 18 (1) That is a trailer and transportable/towed on its own wheels and axles,
- 19 (2) Of less than 700 interior square feet,
- 20 (3) Excluded pursuant to Education Code Section 17071.30,
- 21 (4) Where the contract for the lease, lease-purchase, purchase, or construction

1 of the classroom was made prior to January 1, 2000,

2 (5) Where the contract for the lease, lease-purchase, purchase, or construction
3 was made no more than 180 days before the Approved Application date for
4 funding of the classrooms included in the contract,

5 (6) That is included in a "School Facility Program" project where the district has
6 funded a portion of the project beyond its required district contribution and the
7 pupil capacity of the classroom does not exceed 150 percent of the number of
8 pupils receiving a new construction grant (rounded up) for the "School facility
9 Program" project.

10 Subdivision (j) provides that, for small school districts, the baseline eligibility will be
11 decreased: (1) by any reduction in projected enrollment beginning in the
12 enrollment-reporting year that follows a three year period beginning when the district's
13 baseline eligibility was determined by the Board. The reduction shall be determined by
14 any decrease between the current projected enrollment and the projected enrollment
15 used when the district's baseline eligibility was determined by the Board pursuant to
16 Section 1859.50 or adjusted by a subsequent operational grant report after that date,
17 and (2) by any increase in the number of pupils included in the latest operational grant
18 report made by the California Department of Education pursuant to Education Code
19 Section 42268 (Superintendent of Public Instruction's annual report to the State
20 Allocation Board) beginning three years after the district's baseline eligibility was
21 determined by the Board pursuant to Section 1859.50. The reduction in eligibility shall

1 be determined by the number of pupils included in the latest operational grant report
2 that exceed the number of pupils included in the operational grant report in effect when
3 the district's baseline eligibility was determined by the board pursuant to Section
4 1859.50 or adjusted by a subsequent operational grant report after that date.

5 Subdivision (k) adjusts the baseline eligibility for any change in classroom inventory as
6 a result of a reorganization election. Subdivision (l) adjusts the baseline eligibility for
7 classroom loading standards adopted by the Board for non-severely disabled
8 individuals with exceptional needs and severely disabled individuals with exceptional
9 needs. Subdivision (m) adjusts the baseline eligibility as directed by the board due to a
10 finding of a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

1 ARTICLE 7. MODERNIZATION ELIGIBILITY DETERMINATION

12 Section 1859.60, (added in 1998, refiled in 1999 and last amended in 2002),
13 requires that the district calculate its eligibility by completion of the Eligibility
14 Determination, Form SAB 50-03. The eligibility determination may be made by either
15 identifying all classrooms on the site pursuant to subdivision (a) or by the identification
16 of all square footage on the site pursuant to subdivision (b). Subdivision (a) requires
17 the district to identify all classrooms at the school site that would have been included in
18 the Gross Classroom Inventory pursuant to Section 1859.31 that are: (1) permanent
19 and at least 25 years old and not previously modernized with State funds; (2) portable
20 and at least 20 years old and not previously modernized with State funds; and (3) the
21 remaining classrooms not reported in (1) or (2) above. Alternatively, subdivision (b)

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 requires the district to identify all square footage at the school site that is: (1)
2 permanent area and at least 25 years old and not previously modernized with State
3 funds; (2) portable classroom area and at least 20 years old and not previously
4 modernized with State funds; and (3) the remaining square footage on the site not
5 reported in (1) or (2) above. The age of the classroom or square footage shall be
6 based on the date the district submitted the application for an eligibility determination to
7 the Office of Public School Construction. For purposes of identifying square footage at
8 a school site, the district shall include the total enclosed exterior square footage of the
9 school buildings. For multilevel buildings, the square footage at each level shall be
10 included. Enrollment at the school shall be the latest California Basic Education Data
11 System report for K-6, 7-8 and 9-12 pupils (enrollment information provided through the
12 California Basic Education Data System by school districts to the California Department
13 of Education). If the school is closed at the time of application for eligibility
14 determination for modernization, and the district intends to reopen it and use it as a
15 school for at least the next five years, the enrollment may be estimated based on
16 district demographic data. The calculated eligibility determined on the Eligibility
17 Determination, Form SAB 50-03, shall be referred to as the modernization baseline
18 eligibility for the specific school site.

19 Section 1859.61 (added in 1998, refiled in 1999 and last amended in 2002),
20 requires the baseline eligibility for modernization as provided in Section 1859.60 for a
21 specific site to be adjusted as follows:

1 (a) Reduced by the number of pupils provided grants in a modernization "School
2 Facility Program" project at the specific site;

3 (b) Reduced by the number of pupils housed, based on the loading standards
4 pursuant to Education Code Section 17071.25(a)(2) (25 for each K-6 classroom
5 and 27 for each 7-12 classroom), in a modernization "Lease-Purchase Program"
6 project funded under the "Lease-Purchase Program" pursuant to Sections
7 1859.14 and 1859.15;

8 (c) Increased by changes in projected enrollment in subsequent enrollment
9 reporting years;

10 (d) Increased for additional facilities not previously modernized with State funds,
11 that become 25 years old, if permanent, or 20 years old, if portable or as a result
12 of audit findings made pursuant to Section 1859.105;

13 (e) Adjusted as a result of errors or omissions by the district or by the Office of
14 Public School Construction;

15 (f) Adjusted as a result of amendments to these Subgroup 5.5 Regulations that
16 affect the eligibility;

17 (g) For classroom loading standards adopted by the board for non-severely
18 disabled individuals with exceptional needs and severely disabled individuals
19 with exceptional needs; and

20 (h) As directed by the board due to a finding of a Material Inaccuracy pursuant to
21 Regulation Section 1859.104.1.

1 ARTICLE 8. NEW CONSTRUCTION AND MODERNIZATION GRANT

2 DETERMINATIONS

3 Section 1859.70, (added in 1998, refiled in 1999 and last amended in 2002),
4 requires that "a district seeking New Construction or Modernization funding shall
5 complete and file an Application for Funding, Form SAB 50-04, after completing the
6 applicable requirements in Section 1859.20. A district affected by a reorganization
7 election on or after November 4, 1998 may not file an application for New Construction
8 funding after the notification of the reorganization election until a new calculation of the
9 district's baseline eligibility has been determined on the Eligibility Determination, Form
10 SAB 50-03, or the district certifies that the reorganization election will not result in a loss
11 of eligibility for the project for which the district is requesting new construction grants. A
12 district that is newly created as a result of a reorganization election may file an
13 application for funding after approval of the election has been made by the State Board
14 of Education."

15 Section 1859.71, (added in 1998 and refiled in 1999) requires the new
16 construction grant amount, as provided by Education Code Section 17072.10(a)
17 (whereby the board shall determine total New Construction grant eligibility by the
18 provided formula), will be adjusted annually based on the change in the Class B
19 Construction Cost Index as approved by the Board each January. The base Class B
20 Construction Cost Index shall be 1.30 and the first adjustment shall be January, 1999.
21 For any changes or additions to the regulations adopted by the Board in 1999, those

1 changes shall be adjusted in accordance with this section at the time the regulations
2 are adopted.

3 Section 1859.71.1, (added in 2000 and last amended in 2001), requires "the
4 Board to provide the following amounts for each pupil included in an approved project
5 for new construction funding: (a) \$16,573 for each pupil that is a Severely Disabled
6 Individual with Exceptional Needs, and (b) \$11,084 for each pupil that is a
7 Non-Severely Disabled Individual with Exceptional Needs. The amounts shown shall
8 be adjusted annually in the manner prescribed in Section 1859.71. The additional grant
9 is eligible for any new construction grant augmentation for which the project is
10 otherwise eligible under the law and regulations."

1 Section 1859.72 (added in 1998, refiled in 1999 and last amended in 2001),
12 requires that "the New Construction Grant will be increased for the area of therapy
13 rooms used by pupils that are Severely Disabled Individuals with Exceptional Needs.
14 The district may request an increase in the New Construction Grant for therapy area,
15 not to exceed 3,000 square feet, plus 750 square feet per additional Special Day Class
16 classroom needed for Severely Disabled Individuals with Exceptional Needs. The grant
17 amount will be increased by \$150 per square foot for toilet facilities and \$75 per square
18 foot for all other facilities. The amounts shown shall be adjusted annually in the manner
19 prescribed in Section 1859.71."

20 Section 1859.73, (added in 1998 and refiled in 1999), requires that "the New
21 Construction Grant will be increased for the additional costs resulting from the need to

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 build multilevel facilities by 12 percent for each pupil housed in a multilevel building that
2 will house pupils in all levels of the building if the useable site acreage for the project is
3 less than 75 percent of the site size recommended by the California Department of
4 Education for the master planned project capacity.”

5 Section 1859.73.1, (added in 1998, refiled in 1999 and last amended in 2002),
6 requires that “the New Construction Grant will be increased by \$3,750 for small school
7 districts for the cost necessary for project assistance. The amount will be adjusted
8 annually based on the change in the Class B Construction Cost Index as approved by
9 the Board each January. The base Class B Construction Cost index shall be 1.37 and
10 the first adjustment shall be January 2001. This allowance shall only apply to any
11 acceptable Application for Funding, Form SAB 50-04 submitted to the Office of Public
12 School Construction no later than January 1, 2003.”

13 Section 1859.73.2, (added in 2001 and last amended in 2002), requires that the
14 New Construction Grant be increased by the amount(s) in subdivision (b) below for the
15 replacement cost of one-story buildings that are demolished at a school in order to
16 increase pupil capacity of that school if all the following conditions are met:

17 (1) The school must be on Multi-Track Year-Round Education at the time the
18 Approved Application is accepted;

19 (2) The site size as determined by the California Department of Education for the
20 existing capacity of the school is less than 75 percent of the recommended
21 California Department of Education site size;

1 (3) The pupil capacity of the school must be increased by at least the greater of:

2 (A) twenty percent of the existing pupil capacity (before replacement) of
3 the school. Existing pupil capacity shall be determined by multiplying
4 classrooms intended for grades kindergarten through six by 25,
5 classrooms intended for grades seven through 12 by 27, classrooms
6 intended for Non-Severely Disabled Individuals with Exceptional Needs by
7 13 and classrooms intended for Severely Disabled Individuals with
8 Exceptional Needs by nine. Classrooms shall not include any classrooms
9 reduced from the Gross Classroom Inventory pursuant to Section
10 1859.32, or

1 (B) 200 pupils;

12 (4) The sum of (A) and (B) below is less than the amount determined in (E)
13 below:

14 (A) The district must determine the estimated cost of demolition of the
15 one-story buildings to be replaced. The cost estimate shall be subject to
16 review by the Office of Public School Construction for conformance with
17 the Saylor Current Cost Publication,

18 (B) Multiply the square footage of the buildings to be replaced by the
19 Current Replacement Cost,

20 (C) Multiply the New Construction Grants requested in box 2 of the
21 Application for Funding, Form SAB 50-04, by .01775 for K-6, .021 for 7-8

1 and .02472 for 9-12,

2 (D) The district must determine the average appraised value of land per
3 acre, including relocation costs, within the attendance boundaries of the
4 school. The appraisal must be consistent with Section 1859.74.1, and

5 (E) Multiply the sums of the products determined in (C) above by the
6 average appraised value of land per acre determined in (D) above;

7 (5) The California Department of Education has determined that the replacement
8 of the one-story buildings on the existing site with multilevel building(s) would be
9 the best available alternative and will not create a school with an inappropriate
10 number of pupils in relation to the size of the site;

11 (6) The one-story buildings to be replaced on the existing site may not be leased
12 facilities; and

13 (7) With the exception of portables acquired with Class Size Reduction funds,
14 the one-story buildings to be replaced on the site may not have been funded for
15 either new construction or modernization funds from Proposition 1A funds within
16 the past five years from the date the Approved Application is accepted.

17 Subdivision (b) provides that if the criteria in subdivision (a) above are met, the New
18 Construction Grant will be increased by \$150 per square foot for toilet facilities and by
19 \$75 per square foot for all other facilities included in the one-story buildings to be
20 replaced adjusted for the following: (1) the amounts shall be adjusted annually in the
21 manner prescribed in Section 1859.71, (2) the amounts shall be increased by the

1 percentage authorized in Section 1859.73 if the replacement area will be multilevel
2 building(s), and (3) the amounts shall be increased for excessive cost grants as
3 provided pursuant to Section 1859.83(a) and (d). The district is eligible for site
4 development in accordance with Section 1859.76 including the demolition of the
5 replacement structures as part of the New Construction Grant for the "School Facility
6 Program" project.

7 Section 1859.74, (added in 1998, refiled in 1999 and last amended in 2000),
8 requires that, with the exception of projects that received site acquisition funds under
9 the "Lease-Purchase Program," the New Construction Grant will be increased for the
10 lesser of one half of the actual cost of the site or one-half of the appraised value of the
11 site acquired as described in subdivisions (a) and (b). Subdivision (a) requires that the
12 actual cost of the site shall be the purchase price as shown on the escrow documents
13 or other appropriate documents such as court orders in condemnation or as specifically
14 identified in agreements when the site is transferred in lieu of other legally required
15 payments or fees due to the district. The actual cost shall be adjusted for the following:
16 (1) increased by the approved relocation expenses that conform to Title 25 "Housing
17 and Community Development," Chapter 6 "Department of Housing and Community
18 Development Programs," Subchapter 1 "Relocation Assistance and Real Property
19 Acquisition Guidelines," California Code of Regulations, Section 6000, et seq. The
20 reasonable and necessary relocation costs for purchasing fixtures and equipment,
21 personal property, new machinery/equipment and the installation of any improvements

1 at the replacement residence or business location may be included as relocation
2 assistance; (2) increased by four percent of the actual amount determined in
3 subdivision (a) above, but not less than \$50,000. This amount shall provide an
4 allowance for any appraisal, escrow, survey, site testing, California Department of
5 Education review/approvals and the preparation of the Phase One Environmental Site
6 Assessment and the Preliminary Endangerment Assessment; and (3) increased by the
7 Department of Toxic Substance Control costs for review, approval, and oversight of the
8 Phase One Environmental Site Assessment and the Preliminary Endangerment
9 Assessment. Subdivision (b) provides that the value of the site shall be determined by
10 an appraisal made or updated no more than six months prior to application submission
11 to the Office of Public School Construction for funding. A "School Facility Program"
12 project which had the site funded as a "Lease-Purchase Program" project shall use the
13 appraised value determined under the "Lease-Purchase Program". The appraisal may
14 be reviewed by the Office of Public School Construction for conformance with Section
15 1859.74.1. The approved appraised value shall be adjusted for the same reasons as
16 provided in subdivision (a)(1) through (3) above. The actual site cost or the appraised
17 value of the site shall be reduced, on a prorated basis, by the percentage of the excess
18 acreage of the site that exceeds the master plan site acreage approved by the
19 California Department of Education.

20 Section 1859.74.1, (added in 1998, refiled in 1999 and last amended in 2002),
21 requires a district to certify on the Application for Funding, Form SAB 50-04, that the

1 appraisal of the property was made utilizing the criteria found in subdivisions (a) though
2 (e) in order to receive a New Construction Additional Grant for site acquisition costs.
3 Subdivision (a) provides that the land improvements and appurtenances, excluding
4 fixtures, equipment and personal property, shall be appraised in an "as is" condition
5 with the following exceptions:

6 (1) The site shall be appraised as if it were a clean site, safe of all toxic
7 contaminants in accordance with California Department of Education guidelines
8 and pursuant to Title 5 "Education," Chapter 13 "School Facilities and
9 Equipment," Subchapter 1 "School Housing," of the California Code of
10 Regulations commencing with Section 14001, and

11 (2) The site valuation shall include only proposed site improvements associated
12 with grading the site to a mass graded or super pad condition, defined as a site
13 graded to construction readiness without foundation or paving and proposed
14 utilities stubbed to the site. Any proposed site improvements or utilities not
15 covered by a performance bond equal to 100 percent of the estimated cost of the
16 site improvements and utilities must be completed prior to the close of escrow
17 and detailed separately in the report.

18 Subdivision (b) provides that consideration in the appraisal be made for net useable
19 acreage and severance damages. Subdivision (c) requires the district or its legal
20 counsel to contract for appraisal services. Subdivision (d) requires the appraiser to
21 certify to the district that the appraisal complies with the Uniform Standards of

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Professional Appraisal Practices as promulgated by the Appraisal Standards Board of
2 the Appraisal Foundation. Subdivision (e) provides that the amount of a court award for
3 a site acquired in condemnation may be used in lieu of the appraised value determined
4 in subdivisions (a) through (d) above, when specifically approved by the board. The
5 district is required to submit one appraisal. If the application includes a request for
6 financial hardship as provided in Section 1859.81, the Office of Public School
7 Construction will review the appraisal for conformance with subdivisions (a) through (d)
8 prior to a recommendation for "School Facility Program" funding to the board.

9 Section 1859.74.2, (added in 2000), provides that "with the exception of projects
10 that received site acquisition funds under the Lease-Purchase Program, the New
11 Construction Grant will be increased for a site acquired for the allowable costs of
12 hazardous materials/waste removal and/or remediation costs. The allowable costs shall
13 be the lesser of one half of (a) or (b):

14 (a) The costs to implement the Remedial Action as determined necessary in the
15 Preliminary Endangerment Assessment that has been approved by the
16 Department of Toxic Substance Control subject to the following:

17 (1) The costs may include the costs for preparation of the Remedial
18 Action,

19 (2) The costs may include the Department of Toxic Substance Control
20 costs for review and oversight of the preparation and implementation of
21 the Remedial Action, and

1 (3) The costs may not include continuous operational and maintenance
2 costs associated with the Remedial Action;

3 (b) The difference in the amounts determined pursuant to Section 1859.74(a)
4 and (b). In no event can the amount provided in this Section and Section
5 1859.74 exceed 50 percent of the appraised value of the site as determined in
6 Section 1859.74(b)."

7 Section 1859.74.3, (added in 2001), requires that when a district has requested
8 funding on a vacant leased site pursuant to Section 1859.22 that was never used for
9 school purposes, the New Construction Grant will be increased for the lesser of one
10 half of the amounts allowed in either subdivision (a) or subdivision (b).. Subdivision (a)
' provides the district to include all of the following:

12 (1) The approved relocation expenses that conform to Title 25 "Housing and
13 Community Development," Chapter 6 "Department of Housing and Community
14 Development Programs," Subchapter 1 "Relocation Assistance and Real
15 Property Acquisition Guidelines," California Code of Regulations, (Section 6000,
16 et seq.) (providing for the reasonable and necessary relocation costs for
17 purchasing fixtures and equipment, personal property, new machinery/equipment
18 and the installation of any improvements at the replacement residence or
19 business location may be included as relocation assistance),

20 (2) \$50,000 (This amount shall provide an allowance for any appraisal, escrow,
21 survey, site testing, California Department of Education review/approvals and the

1 preparation of the Phase One Environmental Site Assessment and the
2 Preliminary Endangerment Assessment),

3 (3) The Department of Toxic Substance Control costs for review, approval, and
4 oversight of the Phase One Environmental Site Assessment and the Preliminary
5 Endangerment Assessment, and

6 (4) The costs to implement the Remedial Action as determined necessary in the
7 Preliminary Endangerment Assessment that has been approved by the
8 Department of Toxic Substance Control subject to:

9 (A) The costs may include the costs for preparation of the Remedial
10 Action,

11 (B) The costs may include the Department of Toxic Substance Control
12 costs for review and oversight of the preparation and implementation of
13 the Remedial Action, and

14 (C) The costs may not include continuous operational and maintenance
15 costs associated with the Remedial Action.

16 Subdivision (b) requires that the appraised value of the site be determined by an
17 appraisal made or updated no more than six months prior to application submittal to the
18 Office of Public School Construction for funding pursuant to Section 1859.74.1. The
19 appraisal may be reviewed by the Office of Public School Construction for conformance
20 with Section 1859.74.1. The appraised value of the site shall be reduced, on a prorated
21 basis, by the percentage of the excess acreage of the site that exceeds the master plan

1 site acreage approved by the California Department of Education.

2 Section 1859.74.4, (added in 2002), provides for additional grants for hazardous
3 waste removal required on an existing school site. Subdivision (a) provides that with
4 the exception of projects that received initial site acquisition funds under the "School
5 Facility Program," the New Construction Grant may be increased for the necessary
6 hazardous waste materials/waste removal and/or remediation costs on an existing
7 school site where the New Construction Grants will be used if all the following are met:

8 (1) The New Construction Grant request is for additional school facilities on an
9 existing school site,

10 (2) The New Construction Grant request does not include a funding request for
11 initial site acquisition costs allowed pursuant to Sections 1859.74 or 1859.74.2.

12 (3) The existing school site where the New Construction Grant will be expended
13 has a functioning school on the site or the site had a closed school that will again
14 be used as a functioning school, and

15 (4) The hazardous material cleanup costs are required by the Department of
16 Toxic Substance Control.

17 Subdivision (b) provides that if all criteria in subdivision (a) are met, the allowable
18 hazardous waste removal cleanup costs shall be one half of all the following:

19 (1) The costs for preparation of the Phase One Environmental Site Assessment,
20 the Preliminary Endangerment Assessment and the Remedial Action,

21 (2) The costs to implement the Remedial Action as determined necessary in the

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Preliminary Endangerment Assessment that has been approved by the
2 Department of Toxic Substance Control subject to: (A) the costs may include the
3 Department of Toxic Substance Control costs for review and oversight of the
4 preparation and implementation of the Remedial Action, and (B) the costs may
5 not include continuous operational and maintenance costs associated with the
6 Remedial Action.

7 Section 1859.75, (added in 1998 and refiled in 1999), requires that "in order to
8 receive a New Construction Additional Grant for site acquisition as provided in Section
9 1859.74, the district must: (a) certify there is no available Alternative District-Owned
10 Site for that project deemed useable for school purposes by the California Department
11 of Education; or (b) certify that it intends to sell an available Alternative District-Owned
12 Site and use the proceeds for the purchase of the new site. In this event, the Board will
13 recognize the lesser of: (1) one-half of the actual cost or the appraised value of the
14 available Alternative District-Owned Site as determined in Section 1859.74, whichever
15 is the lesser, or (2) one-half of the actual cost or the appraised value of the site
16 purchased for the project as determined in Section 1859.74, whichever is the lesser."

17 Section 1859.75.1, (added in 2000 and last amended in 2002), provides that a
18 district is eligible for a separate apportionment for site acquisition even if it does not
19 meet the financial hardship criteria contained in Section 1859.81, when all the following
20 requirements are met:

21 (1) The district has eligibility for grants that equal at least 50 percent of the

1 California Department of Education master plan capacity of the site,

2 (2) The district has received a contingent site approval letter from the California
3 Department of Education indicating that the proposed site is the best available,

4 (3) The district has obtained a preliminary appraisal or an appraisal of the
5 property by a qualified appraiser utilizing criteria outlined in Section 1859.74.1.

6 However, the preliminary appraisal report may be made without access to the
7 site, and

8 (4) The district has provided a letter from the Department of Toxic Substance
9 Control pursuant to Education Code Section 17072.13 (providing the application
10 requirements for a school district to receive funding for the evaluation and
11 removal of hazardous materials at a site) that indicates the time necessary to
12 complete the remediation removal of any hazardous materials/waste on the
13 proposed site as determined necessary by the Preliminary Endangerment
14 Assessment and required in the Remedial Action Plan, will take at least 180
15 calendar days to complete.

16 Subdivision (b) provides that if the conditions in subdivision (a) are met, the district is
17 eligible for a separate apportionment for one half of the following:

18 (1) The lesser of the appraised value of the site as determined in Section
19 1859.74.1 or the amount the district reasonably expects to pay for the site
20 including any hazardous materials/waste removal and/or remediation costs for
21 the site,

1 (2) The estimated relocation expenses that will conform to Title 25, California
2 Code of Regulations, Section 6000, et seq., providing that the reasonable and
3 necessary relocation costs for purchasing fixtures and equipment, personal
4 property, new machinery/equipment, and the installation of any improvements at
5 the replacement residence or business location may be included as relocation
6 assistance,

7 (3) Four percent of the lesser of the appraised value of the site or the amount the
8 district reasonably expects to pay for the site acquisition including any hazardous
9 materials/waste removal and/or remediation costs for the site, but not less than
10 \$50,000,

11 (4) The estimated Department of Toxic Substance Control costs for review,
12 approval and oversight of the Phase One Environmental Site Assessment and
13 the Preliminary Endangerment Assessment.

14 The amount provided in subdivision (b) as a separate site apportionment shall be offset
15 from the New Construction Grant amount the district would otherwise be eligible for
16 pursuant to Section 1859.70. A district seeking a separate apportionment for site
17 acquisition must submit an Application for Funding, Form SAB 50-04.

18 Section 1859.76, (added in 1998, refiled in 1999 and last amended in
19 2002), provides for an additional New Construction Grant for site development costs.

20 This New Construction Grant will be increased by 50 percent of the following approved
21 site development and applicable design costs as provided in subdivisions (a) through

1 (c). Subdivision (a) lists the costs for service site development, within school property
2 lines, to include:

3 (1) Site clearance including the removal of trees, brush, and debris;

4 (2) Demolition and removal of existing buildings and site improvements which lie
5 in the footprint of a proposed building or proposed site development;

6 (3) Removal and rerouting of existing utility service which lie in the footprint of a
7 proposed building or proposed site development;

8 (4) Rough grading including cut and fill, and leveling and terracing operations
9 required in the design of the project;

10 (5) Soil compaction adhering to common engineering practices and engineered
fill that is required by a soils report that is available for review by the Office of
12 Public School Construction;

13 (6) On-site drainage facilities including inlets below grade drainage facilities and
14 retention basins;

15 (7) Erosion control improvements such as plant material, temporary sprinkler
16 systems, jute mesh and straw, due to embankments having a slope of at least
17 two to one and a vertical height greater than six feet;

18 (8) Outside stairways, handicap ramps and retaining walls due to embankments
19 having a slope of at least two to one and a vertical height greater than six feet;

20 (9) Relocation of existing portable buildings which lie in the footprint of a
21 proposed building or proposed site development including the cost for set-up and

1 utilities if the portable will be relocated on the same site. If the portable will be
2 moved to another site, only the costs to move the portable to the new location
3 shall be included;

4 (10) Fire code requirements on site that are not a part of the building;

5 (11) Funding for multilevel parking structures on a new construction project when
6 all the following have been met: (A) the new construction project is to be located
7 on site acreage that is less than 50 percent of the site size recommended by the
8 California Department of Education for the master planned project capacity, (B)
9 the number of parking stalls to be funded does not exceed 2.25 for each
10 classroom constructed in an elementary or middle school project, (C) the number
11 of parking stalls to be funded does not exceed six for each high school
12 classroom constructed in a high school project that will serve 9-12 pupils, and (D)
13 the state grant does not exceed \$7,500 per parking stall. The amount shown
14 shall be adjusted annually in the manner prescribed in Section 1859.71;

15 (12) Removal and relocation of portable classrooms on a site eligible for
16 replacement pursuant to Section 1859.82(a) that are available for housing pupils
17 pursuant to Section 1859.35(a).

18 Subdivision (b) lists the off-site development cost on up to two immediately adjacent
19 sides of the site, for the following:

20 (1) Curbs, gutters and paving of streets not to exceed one-half the mandated
21 local street code requirements. When the existing streets are to be widened

1 inward toward the property line from the existing face of the curb, all new street
2 improvements lying within the one-half of mandated street width adjacent to the
3 project shall be included;

4 (2) Sidewalks mandated by local ordinances;

5 (3) Street lighting, planting areas, street signs, traffic signals, trees or other costs
6 mandated by local ordinances;

7 (4) City and/or county or special district fees pursuant to active ordinances;

8 (5) Reasonable cost for storm drains to point of connection;

9 (6) Funding for safety paths for pedestrian use beyond two immediately adjacent

10 sides of the site necessary for a safe route to the new school site when the

11 following conditions are met: (A) the school district governing board has made a

12 finding at a public hearing that pedestrian safety concerns require improvements

13 in the form of safety paths to provide access to the school site, and the

14 Department of Education concurs with that finding, (B) the improvements are

15 limited to the work necessary to install concrete, asphalt, gravel or other paving

16 necessary to provide the safe paths, (C) the state grant does not exceed

17 \$50,000, (D) the improvements do not include any cost for the acquisition of

18 land, easements or other rights-of-way, and (E) the board has determined that

19 development of additional pedestrian paths is reasonable.

20 Subdivision (c) outlines the utility service costs associated with the California

21 Department of Education approved site size that are necessary to serve the master

1 planned capacity of the site to include:

- 2 (1) Installation of water supply line(s) and connection fees from the utility
3 company connection to the meter, meters not provided by the serving utility, or
4 installation of a domestic water system (i.e. well, pump, tank);
- 5 (2) Installation of main sewage disposal line from the utility company connection
6 to the first building lateral and if applicable, connection fees. Installation of a
7 sewage treatment/disposal system and a main disposal line from the treatment
8 system to the nearest building lateral of the collection system;
- 9 (3) Installation of main supply line and connection fees from utility company to
10 meter and connection fee if applicable. Installation of meters not provided by the
11 utility. Connection of a liquefied petroleum system (and tank) from the main
12 supply line to the first building lateral;
- 13 (4) Installation of service from the utility to the building switchboard. Primary
14 electric service runs from the utility company's point of connection to the
15 transformer. Secondary electric service runs from the transformer to the
16 switchboard. Connection fee, transformer pads and protective devices;
- 17 (5) Installation of communication services from the company to the nearest
18 distribution center.

19 The district must submit a detailed cost estimate for all requests for site development
20 work and any justification documents that will support the work with the Application for
21 Funding, Form SAB 50-04. The Board will then approve reasonable and appropriate

1 site development work which meet common engineering practices and industry
2 standards that are consistent with the specific site conditions if the site development
3 costs are consistent with the Saylor Current Construction Costs. The design
4 professional must certify to the district that the site development work does not exceed
5 the minimum requirements to develop the site to meet educational needs and/or
6 standards. Service site and off-site development costs shall then be reduced, on a
7 prorated basis, by the percentage of the excess acreage of the site that exceeds the
8 master plan site acreage approved by the California Department of Education.

9 Section 1859.77, (added in 1998 and refiled in 1999), requires that "after the
10 determination of the district's New Construction Grant and New Construction Additional
1 Grant pursuant to Sections 1859.72, 1859.73, 1859.74 and 1859.76, plus Excessive
12 Cost Hardship Grants pursuant to Section 1859.83 and financial hardship funding
13 pursuant to Section 1859.81 have been made, the New Construction Adjusted Grant
14 and any financial hardship funding provided pursuant to Section 1859.81 will be
15 reduced by the alternative fee collected pursuant to Government Code Section
16 65995.7(a) [providing that if state funds for new school facility construction are not
17 available, the governing board of a school district may increase the alternative fee,
18 charge, dedication, or other requirements], if a reimbursement election or agreement
19 pursuant to Government Code Section 65995.7 is not in effect. Any reduction to the
20 New Construction Adjusted Grant amount and any funding provided by Section 1859.81
21 made pursuant to this Section shall only include those alternative fees collected from

1 residential units to be served by the facilities associated with the New Construction
2 Grant. If the reduction is greater than the New Construction Adjusted Grant and the
3 funding provided by Section 1859.81, the pupils to be housed in the proposed project
4 will be reduced from the district's baseline eligibility and no "School Facility Program"
5 grants will be made to the district for that project. Any remaining off-set of the
6 alternative fees collected shall be off-set on the next request for a New Construction
7 Grant for other facilities to serve those residential units."

8 Section 1859.77.1, (added in 1998, refiled in 1999 and last amended in 2000),
9 requires that "except in the case of financial hardship provided by Section 1859.81, any
10 increase to the New Construction Grant for New Construction Additional Grants, facility
11 hardship grants as provided in Section 1859.82 or Excessive Cost Hardship Grants as
12 provided in Section 1859.83, shall require a district matching share contribution on a
13 dollar-for-dollar basis. The district may include as its district matching share any
14 amounts expended on the project for an energy audit made pursuant to Education
15 Code Section 17077.10 [renumbered as Section 17077.30 to avoid duplicative code
16 sections, providing that as part of the necessary requirements for a district's application
17 to the State Allocation Board for funding for any new construction or modernization
18 project, the applicant school district may, at the time of submission of the final drawings
19 to the Division of the State Architect, certify that an energy analysis and report has been
20 prepared that sets forth the utility savings that would be generated if the facilities were
21 designed, constructed, and equipped, with the energy efficiency and renewable

1 technologies that would make the facilities exceed the minimum building
2 energy-efficiency standards mandated for new public buildings pursuant to the latest
3 edition of the California Building Standards Code through the use of energy efficiency
4 and renewable energy technologies] and any amounts applied to the project for
5 incentive grants or rebates received by the district from a program funded pursuant to
6 Public Utilities Code Section 381 [providing that funds will be allocated to programs
7 which enhance system reliability and provide in-state benefits including: cost-effective
8 energy efficiency and conservation activities, public interest research and development
9 not adequately provided by competitive and regulated markets, and in-state operation
10 and development of existing and new and emerging renewable resource technologies].”

1 Section 1859.77.2 (added in 2000 and last amended in 2001), requires that the
12 New Construction grant funds shall be expended as set forth in Education Code
13 Section 17072.35 (providing that a grant for new construction may be used for any and
14 all costs necessary to adequately house new pupils, in any approved project, or to
15 acquire an existing government or privately owned building, or a privately financed
16 school building, and for the necessary costs of converting the government or privately
17 owned building for public school use) and may also be utilized for the cost incurred by
18 the district for the development and implementation of remedial action plan approved by
19 the Department of Toxic Substance Control pursuant to Education Code Section 17213
20 (providing the due diligence requirements relating to hazardous materials that must be
21 met before a governing board of a school district may approve a project involving the

1 acquisition of a schoolsite). Authorization for use of New Construction Grants may be
2 requested according to subdivisions (a) through (c). Subdivision (a) requires that a
3 district shall, as may be necessary, request new construction grants that do not to
4 exceed 135 percent of the number of pupils that will be housed in the project based on
5 loading standards pursuant to Education Code Section 17071.25(a)(2) (25 for each K-6
6 classroom and 27 for each 7-12 classroom) and any loading standards adopted by the
7 board by these regulations if the district has adopted a school board resolution that
8 includes the following:

9 (1) A plan that identifies how the district has housed or will house the excess
10 pupils receiving grants in the project in school buildings as defined in Education
11 Code Section 17368 (limiting school building to any physical structure capable of
12 being occupied by pupils with several exclusions). The plan may not include
13 housing the excess pupils in portables excluded from existing school building
14 capacity pursuant to Education Code Section 17071.30 (providing that portable
15 classrooms leased or obtained pursuant to the State Relocatable Classroom Law
16 of 1979, and any portable classrooms (reduced by the number of portable
17 classrooms used as interim housing for modernization requirements) exceeding
18 25% of the number of permanent classrooms available to the district shall be
19 excluded from the existing school building capacity) or housing in facilities to be
20 constructed with district funds if the district has received financial hardship
21 approval pursuant to Section 1859.81;

1 (2) An acknowledgment that funds for the purposes of housing the excess pupils
2 are being diverted to another project;

3 (3) An acknowledgment that the State has satisfied its obligation, pursuant to
4 Section 1859.50, to house the pupils receiving grants in the project.

5 Subdivision (b) requires that a district shall, as may be necessary, utilize new
6 construction grant eligibility determined at a different grade level than the proposed
7 project that do not exceed 135 percent of the number of pupils that will be housed in
8 the project based on loading standards pursuant to Education Code Section
9 17071.25(a)(2) and any loading standards adopted by the board by these regulations
10 subject to all of the following:

1 (1) The district has adopted a school board resolution that includes the following:

12 (A) a plan that identifies how the district has housed or will house the excess
13 pupils receiving grants in the project in school buildings as defined in Education
14 Code Section 17368. The plan may not include housing the excess pupils in
15 portables excluded from existing school building capacity pursuant to Education
16 Code Section 17071.30 or housing in facilities to be constructed with district
17 funds if the district has received financial hardship approval pursuant to Section
18 1859.81, (B) an acknowledgment that funds for the purposes of housing the
19 excess pupils are being diverted to another project, and (C) an acknowledgment
20 that the State has satisfied its obligation, pursuant to Section 1859.50, to house
21 the pupils receiving grants in the project;

1 (2) The district must use its New Construction Grant eligibility, pursuant to
2 subdivisions (b) and (d), in the following order: (A) at the grade level of the
3 proposed project, (B) at the lowest grade level other than the proposed project,
4 and (C) at the next highest grade level other than the proposed project.

5 Subdivision (c) provides that when the priority point mechanism described in Section
6 1859.91 has not been implemented, a district may request New Construction Grants
7 that exceed 135 percent of the number of pupils that will be housed in the project based
8 on loading standards pursuant to Education Code Section 17071.25(a)(2) and any
9 loading standards adopted by the board by these regulations provided all the conditions
10 in subdivisions (a)(1), (a)(2) and (a)(3) are met. Subdivision (d) requires that when the
11 priority point mechanism described in Section 1859.91 has not been implemented, a
12 district shall utilize, as may be necessary, new construction grants eligibility determined
13 at a different grade level than the proposed project that exceed 135 percent of the
14 number of pupils that will be housed in the project based on loading standards pursuant
15 to Education Code Section 17071.25(a)(2) and any loading standards adopted by the
16 board by these regulations provided all the conditions in subdivisions (b)(1) and (b)(2)
17 are met. The New Construction Grant amount provided shall be determined based on
18 the grant amount provided in Education Code Section 17072.10 (providing that the
19 board shall determine the applicant's maximum total new construction grant eligibility by
20 multiplying the number of unhoused pupils calculated pursuant to Article 3 "New
21 Construction Eligibility Determination" in each school district with an approved

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 application for new construction by the per-unhoused-pupil grant for elementary school,
2 middle school, and high school pupils) for the grade level that generated the eligibility
3 and any New Construction Additional Grant or Excessive Cost Hardship Grant the
4 district qualifies for as provided by these regulations.

5 Section 1859.78, (added in 1998 and refiled in 1999), requires that “the
6 Modernization Grant amount, as provided by Education Code Section 17074.10(a)
7 [providing that the board shall determine the total funding eligibility of a school district
8 for modernization funding by multiplying specifically allocated amounts for each
9 elementary school, middle school, and high school pupil by each pupil for that grade
10 level housed in permanent school buildings that are at least 25 years old or portable
11 classrooms that are at least 20 years old, and that have been previously modernized with
12 state funding], will be adjusted annually based on the change in the Class B
13 Construction Cost Index as approved by the Board each January. The base Class B
14 Construction Cost Index shall be 1.30 and the first adjustment shall be January, 1999.”

15 Section 1859.78.2, (added in 2000 and last amended in 2002), requires that “the
16 Modernization Grant will be increased by \$2,000 for small school districts for the cost
17 necessary for project assistance. The amount will be adjusted annually based on the
18 change in the Class B Construction Cost Index as approved by the Board each
19 January. The base Class B Construction Index shall be 1.37 and the first adjustment
20 shall be January 2001. This allowance shall only apply to any acceptable Application
21 for Funding, Form SAB 50-04 submitted to the Office of Public School Construction no

1 later than January 1, 2003.”

2 Section 1859.78.3, (added in 2000 and last amended in 2001), requires that “the
3 Board shall provide the following amounts for each pupil included in an approved
4 project for modernization funding: (a) \$7,158 for each pupil that is a Severely Disabled
5 Individual with Exceptional Needs, (b) \$4,788 for each pupil that is a Non-Severely
6 Disabled Individual with Exceptional Needs. The amounts shown shall be adjusted
7 annually in the manner prescribed in Section 1859.71. The additional grant is eligible
8 for any modernization grant augmentation for which the project is otherwise eligible
9 under the law and regulations.”

10 Section 1859.79, (added in 1998, refiled in 1999 and last amended in 2000),
11 provides that “except in the case of financial hardship as provided in Section 1859.81,
12 any increase to the Modernization Grant for additional grants for facility hardships as
13 provided in Section 1859.82 or Excessive Cost Hardship Grants as provided in Section
14 1859.83 shall require a district matching share equal to at least 20 percent of the total
15 project cost which, combined with the State's adjusted grant shall represent 100
16 percent of the total project cost. The district may include as its district matching share
17 any amounts expended on the project for an energy audit made pursuant to Education
18 Code Section 17077.10 and any amounts applied to the project for incentive grants or
19 rebates received by the district from a program funded pursuant to Public Utilities Code
20 Section 381 [providing that funds will be allocated to programs which enhance system
21 reliability and provide in-state benefits including: cost-effective energy efficiency and

1 conservation activities, public interest research and development not adequately
2 provided by competitive and regulated markets, and in-state operation and
3 development of existing and new and emerging renewable resource technologies].”

4 Section 1859.79.1 (added in 1998, refiled in 1999 and last amended in 2000),
5 requires that “the Board will not provide Modernization funding for a project if the district
6 entered into a construction contract for that project before August 27, 1998 unless: (a)
7 the project met the provisions for funding under the “Lease-Purchase Program”
8 pursuant to Sections 1859.14 or 1859.15; or (b) the project was approved on the
9 Year-Round Schools Air Conditioning/Insulation Program unfunded approval list
10 pursuant to Education Code Section 42250.1.”

11 Section 1859.79.2, (added in 1998 and refiled in 1999), requires that
12 Modernization Grant funds shall be expended as set forth in Education Code Sections
13 17074.25 (providing that a modernization apportionment may be used for numerous
14 explicit improvement to extend the useful life of, or to enhance the physical environment
15 of, the school) and 17070.15(f) (defining “modernization” as any modification of a
16 permanent structure that is at least 25 years old, or in the case of a portable classroom,
17 that is at least 20 years old, that will enhance the ability of the structure to achieve
18 educational purposes) and may also be utilized for other purposes as set forth in
19 Education Code Section 100420(c) (providing that districts may use allocated funds for:
20 (1) the purchase and installation of air-conditioning equipment and insulation materials,
21 and related costs; (2) construction projects or the purchase of furniture or equipment

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 designed to increase school security or playground safety; (3) the identification,
2 assessment, or abatement in school facilities of hazardous asbestos; (4) project funding
3 for high priority roof replacement projects; (5) any other renovation or modernization of
4 facilities pursuant to Chapter 12.5, Leroy F. Green School Facilities Act of 1998).

5 Modernization funding, with the exception of savings, is limited to expenditure on the
6 specific site where the modernization grant eligibility was generated. However, the grant
7 may not be used for the following:

8 (a) Any new building area with the exception of: (1) a replacement building area
9 of like kind (but additional classrooms constructed within the replacement area
10 will reduce the new construction baseline eligibility for the district), or (2) building
11 areas required by the federal American with Disabilities Act (ADA) or by the
12 Division of the State Architect's (DSA) handicapped access requirements;

13 (b) New site development items with the exception of: (1) replacement, repair or
14 additions to existing site development, or (2) site development items required by
15 the federal ADA Act or by the DSA's handicapped access requirements;

16 (c) The evaluation and removal of hazardous or solid waste and/or hazardous
17 substances when the Department of Toxic Substance Control has determined
18 that the site contains dangerous levels of a hazardous substance, hazardous
19 waste, or both that exceed ten percent of the combined adjusted grant and the
20 district matching share for the project; or

21 (d) Leased facilities not owned by another district or a county superintendent.

1 Modernization Grant funds shall be expended as set forth in Education Code
2 Section 17074.25 and may also be utilized for other purposes as set forth in
3 Education Code Section 100420(c). Modernization Grant funds may be used on
4 any school facilities on the site. If the classroom facilities on the site include
5 areas that are currently ineligible for modernization, it will not disqualify those
6 facilities from future modernization funding.

7 Section 1859.79.3, (added in 2000 and last amended in 2002), requires "districts
8 seeking a modernization grant to submit an Application for Funding, Form SAB 50-04
9 for at least 101 grants, or the remaining modernization eligibility at the school site if less
10 than 101 grants. Applications for Funding, Form SAB 50-04 requesting Modernization
11 Grant Funds that do not meet the above criteria will not be accepted by the State
12 Allocation Board."

13 ARTICLE 9. HARDSHIP ASSISTANCE

14 Section 1859.80, (added in 1998 and refiled in 1999), requires that "a district
15 shall qualify for hardship assistance by demonstrating one or more of the following: (a)
16 a financial hardship, as provided in Section 1859.81, which prevents the district from
17 funding all or a portion of the matching share requirement for a "School Facility
18 Program" grant; (b) a facility hardship grant as provided in Section 1859.82; or (c) an
19 Excessive Cost Hardship Grant as a result of added construction costs due to unusual
20 circumstances as provided in Section 1859.83."

21 Section 1859.81, (added in 1998, refiled in 1999 and last amended in 2002),

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 provides that a district is eligible for financial hardship to fund all or a portion of its
2 matching share requirement after satisfying both subdivision (a) and subdivision (b).
3 Subdivision (a) requires the district to demonstrate that it is financially unable to provide
4 all necessary matching funds for an eligible project. To determine this, an analysis shall
5 be made of the district's financial records by the Office of Public School Construction
6 including data and records maintained by the California Department of Education and
7 the County Office of Education. The analysis shall consist of a review of the district's
8 latest Independent Audit regarding funds available from all capital facility accounts,
9 including, but not limited to, developer fees, funds generated from capital facility
10 certificates of participation, federal grants, redevelopment funds, sale proceeds from
11 surplus property, the appraised value of facilities approved for replacement pursuant to
12 Section 1859.82, bond funds either encumbered, unencumbered or authorized but
13 unsold, and savings from other "School Facility Program" projects. All funds thus
14 identified that have not been expended or encumbered by a contractual agreement for
15 a specific capital outlay purpose prior to the initial request for financial hardship status
16 shall be deemed available as a matching contribution. The analysis is subject to
17 approval by the Board. From the funds deemed available as a matching contribution,
18 the district may retain \$19,776 per classroom in each enrollment reporting period for the
19 cost to provide interim housing for the currently unhoused pupils of the district. The
20 amount shown shall be adjusted annually in the manner prescribed in Section 1859.71.
21 The number of classrooms needed for interim housing for the currently unhoused pupils

1 shall be the sum of the positive numbers determined in (a)(7) as follows:

2 (1) Determine the current enrollment of the district by grade level as shown on
3 the latest Enrollment Certification/Projection, Form SAB 50-01;

4 (2) Determine the New Construction Grants apportioned by grade level for all
5 "School Facility Program" projects and "Lease-Purchase Program" funded under
6 the provisions of Sections 1859.12 or 1859.13 where the district has submitted
7 an Expenditure Report, Form SAB 50-06 indicating that the project is 100
8 percent complete;

9 (3) Subtract (a)(2) from (a)(1);

10 (4) Determine the number of classrooms by grade level reported in Part I, Line 8
11 on the latest Existing School Building Capacity, Form SAB 50-02;

12 (5) Multiply the classrooms determined in (a)(4) by 25 for K-6, 27 for 7-12, 13 for
13 Non-Severe and 9 for Severe;

14 (6) Subtract the product determined in (a)(5) from the difference determined in
15 (a)(3) by grade level; and

16 (7) Divide the difference by grade level determined in (a)(6) by 25 for K-6, 27 for
17 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole
18 number.

19 From the funds deemed available as a matching contribution, the district may also
20 retain \$19,776 per portable toilet unit in each reporting period for the cost to provide
21 necessary interim toilet facilities for the currently unhoused pupils of the district. The

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 amount shown shall be adjusted annually in the manner prescribed in Section 1859.71.

2 The number of toilet facilities needed for interim housing shall be the sum of the
3 positive numbers determined in (a)(7) divided by eight rounded up to the nearest whole
4 number. If the district's available funds, as determined by the Office of Public School
5 Construction analysis less costs for interim housing, is less than its matching share, the
6 district will be deemed to have met the requirements of this Subdivision. Subdivision
7 (b) further provides that the district must have made all reasonable efforts to fund its
8 matching share of the project by demonstrating it is levying the developer fee justified
9 under law or an alternative revenue source equal to or greater than the developer fee
10 otherwise justified under law at the time of request for hardship and the district meets at
11 least one of the following:

12 (1) The current outstanding bonded indebtedness of the district, at the time of
13 request for financial hardship status, is at least 60 percent of the district's total
14 bonding capacity. Outstanding bonded indebtedness includes that part of
15 general obligation bonds, Mello-Roos Bonds, School Facility Improvement
16 District Bonds and certificates of participation which the district is paying a debt
17 service that was issued for capital outlay school facility purposes;

18 (2) The district had a successful registered voter bond election for at least the
19 maximum amount allowed under Proposition 39 within the previous two years
20 from the date of request for financial hardship status. The proceeds from the
21 bond election that represent the maximum amount allowed under the provisions

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 of Proposition 39 must be used to fund the district's matching share requirement
2 for "School Facility Program" project(s);

3 (3) It is a County Superintendent of Schools;

4 (4) The district's total bonding capacity at the time of the request for financial
5 hardship status is \$3 million or less; and/or

6 (5) Other evidence of reasonable effort as approved by the State Allocation
7 Board.

8 If the district's request for financial hardship status is denied by the Board, the district
9 shall be deemed eligible for rental payments of \$2,000 per year per classroom under
10 the Emergency School Classroom Law of 1979 for a two year period. The number of
11 classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers
12 determined in (b)(5)(B) as follows: (A) determine the number of pupils by grade level
13 that the district requested a New Construction Grant on the Application for Funding,
14 Form SAB 50-04 that were denied financial hardship status, and (B) divide the number
15 by grade level determined in (b)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and
16 9 for Severe and round up to the nearest whole number. If the district meets the
17 financial hardship requirements in this Section, the amount of financial hardship is
18 equal to the district's matching share less funds deemed available in (a).

19 Once a district has been notified by the Office of Public School Construction that it
20 meets the requirements of financial hardship in this Section, the district may file an
21 Application for Funding, Form SAB 50-04 under the provisions of financial hardship

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 anytime within a period of 180 calendar days from the date of the Office of Public
2 School Construction notification. If the district does not submit an Application for
3 Funding, Form SAB 50-04 under the provisions of financial hardship within 180
4 calendar days of the Office of Public School Construction notification of approval of
5 financial hardship status, the district must re-qualify for financial hardship status under
6 the provisions of this Section by submission of a new request for financial hardship
7 status. If the district submits an Application for Funding, Form SAB 50-04 within 180
8 calendar days of the Office of Public School Construction notification of approval of
9 financial hardship and the project(s) has been included on an unfunded list for more
10 than 180 calendar days, a review of the district's funds pursuant to subdivision (a) will
11 be made to determine if additional district funds are available to fund the district's
12 matching share of the project(s). Financial hardship approval status by the Office of
13 Public School Construction for a separate design and/or site apportionment does not
14 apply to any subsequent funding for the project(s).

15 Section 1859.81.1, (added in 1998, refiled in 1999 and last amended in
16 2002), provides that a district that meets the financial hardship criteria in Section
17 1859.81 is eligible for the following:

- 18 (a) A new construction project, a separate apportionment for site acquisition
19 when: (1) the district has eligibility for grants that equal at least 50 percent of the
20 California Department of Education master plan capacity of the site, (2) the
21 district has received a contingent site approval letter from the California

1 Department of Education indicating that the proposed site is the best available,
2 and (3) the district has obtained a preliminary appraisal of the property by a
3 qualified appraiser utilizing criteria outlined in Section 1859.74.1;

4 (b) Certain Board apportioned funds, less any district funds available for the
5 project pursuant to Section 1859.81(a); and

6 (c) For new construction projects, the Board will apportion an amount not to
7 exceed 40 percent of the new construction grant less any district funds available
8 for the project pursuant to Section 1859.81(a). For modernization projects, the
9 Board will apportion an amount not to exceed 20 percent of the modernization
10 grant less any district funds available for the project pursuant to Section
11 1859.81(a). The amount apportioned is an estimate of the funds needed for
12 design, engineering, and other pre-construction project costs.

13 Qualifying districts may request a separate apportionment for the design and for site
14 acquisition for the same new construction project. The amount provided as a separate
15 apportionment shall be offset from the New Construction Adjusted Grant or the
16 Modernization Adjusted Grant amount the district would otherwise be eligible for
17 pursuant to Sections 1859.70 and 1859.81 when the district submits an Application For
18 Funding, Form SAB 50-04. A district seeking a separate apportionment for site
19 acquisition or design costs shall submit an Application for Funding, Form SAB 50-04. If
20 a new construction project received a previous design apportionment, the district may
21 request an additional design apportionment for that project up to the 40 percent

1 maximum design apportionment allowed pursuant to this Section. The Application for
2 Funding, Form SAB 50-04 must be for at least 50 percent of the New Construction
3 Grant or at least 80 percent of the Modernization Grant the district requested as a
4 separate design apportionment. When the Board is accepting applications pursuant to
5 Section 1859.95, the funding of the new construction or modernization grant may be
6 made from funds set aside by the Board for financial hardship. The amount provided as
7 a separate apportionment shall be adjusted at a future date [see Application for
8 Funding, Form SAB 50-04] to assure that hardship funding for the project does not
9 exceed the amount the district was otherwise eligible to receive.

10 Section 1859.82, (added in 1998, refiled in 1999 and last amended in 2002),
11 provides that a district is eligible for facility hardship grant funding to replace or
12 construct new classrooms and related facilities if the district demonstrates there is an
13 unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is
14 a threat to the health and safety of the pupils. A facility hardship is available for:

15 (a) New classrooms and/or subsidiary facilities (corridors, toilets, kitchens and
16 other non-classroom space) or replacement facilities if:

17 (1) The facilities are needed to ensure the health and safety of the pupils
18 if the district can demonstrate to the satisfaction of the Board that the
19 health and safety of the pupils is at risk. Factors to be considered by the
20 Board shall include the close proximity to a major freeway, airport,
21 electrical facility, high power transmission lines, dam, pipeline, industrial

1 facility, adverse air quality emission or other health and safety risks,
2 including structural deficiencies required by the Division of the State
3 Architect to be repaired, traffic safety or because the pupils reside in
4 remote areas of the district and transportation to existing facilities is not
5 possible or poses a health and safety risk. If the request is for
6 replacement facilities, a cost/benefit analysis must be prepared by the
7 district and submitted to the Office of Public School Construction that
8 indicates the total costs to remain in the classroom or related facility and
9 mitigate the problem is at least 50 percent of the Current Replacement
10 Cost of the classroom or related facility. The cost/benefit analysis may
11 include applicable site development costs as outlined in Section 1859.76.
12 If the cost to remain in the classroom or related facility is less than 50
13 percent of the Current Replacement Cost, the district may qualify for an
14 excessive cost modernization grant for rehabilitation costs pursuant to
15 Section 1859.83(e). If the request is for replacement facilities that
16 included structural deficiencies, the cost/benefit analysis must also include
17 a report from a licensed design professional identifying the minimum work
18 necessary to obtain Division of the State Architect approval. The report
19 must contain a detailed cost estimate of the repairs. The report and cost
20 estimate shall be subject to review by the Office of Public School
21 Construction for conformance with the Saylor Current Construction Cost

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Publication and, at the Office of Public School Construction's discretion,
2 the Division of the State Architect ; or

3 (2) The classroom or related facility was lost or destroyed as a result of a
4 disaster such as fire, flood or earthquake and the district has
5 demonstrated satisfactorily to the Board that the classroom or related
6 facility was uninsurable or the cost for insurance was prohibitive.

7 If the district qualifies for a new or replacement school pursuant to either (1) or (2)
8 above, the district is eligible for a New Construction Grant as a new construction project
9 for the lesser of the pupils housed in the facility based on loading standards pursuant to
10 Education Code Section 17071.25(a)(2) or the latest California Basic Education Data
11 System enrollment at the site. If the district qualifies for replacement facilities on the
12 same site pursuant to either (1) or (2) above, the district is eligible for funding as a new
13 construction project. Replacement facilities shall be allowed in accordance with the
14 square footage amounts provided in the chart in Section 1859.82. If the facility eligible
15 for replacement is not shown in the chart in Section 1859.82(b), the replacement facility
16 shall be limited to the square footage replaced. The grant amount provided shall be
17 \$150 per square foot for toilet facilities and \$75 per square foot for all other facilities.
18 Additional grants may be provided for applicable site development costs pursuant to
19 Section 1859.76 and excessive cost grants pursuant to Section 1859.83. The amounts
20 shown will be adjusted annually in the manner prescribed in Section 1859.71. Any
21 grants provided pursuant to either (1) or (2) above will be reduced for any space

1 deemed available by the Board in the district or the High School Attendance Area that
2 could be used to house some or all of the displaced pupils, fifty percent of any
3 insurance proceeds collectable by the district for the displaced facilities and fifty percent
4 of the net proceeds available from the disposition of any displaced facilities;

5 (b) A multi-purpose room, toilet, gymnasium, school administration or
6 library/media center, facility that meets all the following:

7 (1) The facility was lost or destroyed as a result of a disaster, including but
8 not limited to fire, flood or earthquake.

9 (2) The facility is no longer useable for school purposes as recommended
10 by the California Department of Education and approved by the Board.

11 (3) The district has demonstrated satisfactorily to the Board that the facility
12 was uninsurable or the cost of insurance was prohibitive.

13 If the district qualifies, the district is eligible for funding as a new construction project.

14 The funding amount provided shall be \$75 per square foot for library/media center,
15 school administration, gymnasium and multi-purpose facilities, and/or \$150 per square
16 foot for toilet facilities. Additional grants may be provided for applicable site

17 development costs pursuant to Section 1859.76 and excessive cost grants pursuant to

18 Section 1859.83. The amounts shown will be adjusted annually in the manner

19 prescribed in Section 1859.71. Any grants provided pursuant to (b) above, shall be

20 reduced by fifty percent of any insurance proceeds collectable by the district for the

21 displaced facilities and fifty percent of the net proceeds available from the disposition of

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 any displaced facilities. The square footage provided, after accounting for all useable
2 facilities on the site, shall not exceed the chart provided in Section 1859.82(b).

3 A district may request a determination of eligibility for facility hardship funding in
4 advance of project funding;

5 (c) A district seeking replaced facilities as a result of either (a) or (b) above must
6 submit an Application For Funding, Form SAB 50-04 for the replaced facilities:

7 (1) Within 18 months if the replacement facilities will be located on the
8 same site.

9 (2) Within 24 months if the replacement facilities will be located on a
10 replacement site.

11 If an Approved Application for the replaced facility is not accepted within the time
12 periods identified in (c)(1) or (c)(2) above, the Board shall re-review the criteria
13 submitted by the district for replacement of the facility prior to apportionment of the
14 replaced facility.

15 Section 1859.83, (added in 1998, refiled in 1999 and last amended in 2001),
16 provides that in addition to the "School Facility Program" New Construction and
17 Modernization Grant, a district is eligible for an additional funding as a result of unusual
18 circumstances that created excessive project costs beyond the control of the district.

19 The excessive cost grant shall be based on any of the following:

20 (a) Excessive Cost due to Geographic Location (a district with a project that is
21 located in a geographic area designated in the Geographic Percentage Chart is

1 eligible for and may request, as part of its application for a "School Facility
2 Program" New Construction or Modernization Grant, to have the grant amount
3 increased by the indicated percentage factor and funded as an excessive cost
4 hardship);

5 (b) Excessive Cost for Projects that House No More than 200 Pupils (Small Size
6 Projects). A New Construction or Modernization Grant will be increased by 12
7 percent for a project that will house less than 101 pupils, or by four percent if the
8 project will house no more 200 pupils;

9 (c) Excessive Cost to Construct a New School Project. A New Construction
10 Grant for a new elementary, middle or high school on a site with no existing
11 school facilities shall be increased by the difference in the amount provided for
12 the New Construction Grant and the amount shown in the chart in Section 1853,
13 based on the number of classrooms in the project. The amounts will be adjusted
14 annually in the manner prescribed in Section 1859.71. Any Excessive Cost
15 Grant funds provided under this subdivision for a new school project shall be
16 offset against future New Construction Grant funds provided for that same
17 school. The amount of the offset shall be determined by dividing the additional
18 New Construction Grant pupil request by the difference in the New Construction
19 Grant pupil request when the initial Excessive Cost Grant was made and 325 for
20 an elementary school, 324 for a middle school, and 621 for a high school project
21 and multiplying the quotient by the Excessive Cost Grant funds provided for that

1 project;

2 (d) Excessive Cost Due to Urban Location, Security Requirements and Impacted
3 Site. A New Construction or Modernization Grant will be increased if site
4 acreage for the project is:

5 (1) At least 50 percent but less than 75 percent of the site size
6 recommended by the California Department of Education for the master
7 planned project capacity. The New Construction or Modernization Grant
8 will be increased by eight percent,

9 (2) At least 30 percent but less than 50 percent of the site size
10 recommended by the California Department of Education for the master
11 planned project capacity. The New Construction or Modernization Grant
12 will be increased by 15 percent,

13 (3) Less than 30 percent of the site size recommended by the California
14 Department of Education for the master planned project capacity. The
15 New Construction Grant will be increased by 50 percent,

16 (4) Less than 30 percent of the site size recommended by the California
17 Department of Education for the master planned project capacity. The
18 modernization Grant will be increased by 25 percent;

19 (e) Excessive Cost for rehabilitation of facilities the Board has determined are a
20 health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the
21 cost/benefit analysis to mitigate the problem and remain in the facility is less than

1 50 percent of the Current Replacement Cost of the facility. If the district qualifies,
2 the district is eligible for funding of rehabilitation costs as a modernization
3 project. The grant amount provided is 80 percent of the amount of the cost
4 estimate required in Section 1859.82(a)(1) that has been reviewed by the Office
5 of Public School Construction and approved by the Board; and/or

6 (f) Excessive cost due to handicapped access and fire code requirements:

7 (1) A modernization grant will be increased by three percent for
8 handicapped access and fire code requirements,

9 (2) A modernization grant will be increased by \$80,000 for each new
10 two-stop elevator required to be included in the project by the Division of
11 the State Architect. The amount shown shall be adjusted annually in the
12 manner prescribed in Section 1859.71, and

13 (3) A modernization grant will be increased by \$14,400 for each additional
14 stop of the new elevator required in (2) above. The amount shown shall
15 be adjusted annually in the manner prescribed in Section 1859.71.

16 ARTICLE 10. FUND RELEASE AND PRIORITY POINTS

17 Section 1859.90, (added in 1998, refiled in 1999 and last amended in 2001),
18 requires that "with the exception of an apportionment made pursuant to Section
19 1859.81.1(c), the Office of Public School Construction will release State funds that have
20 been apportioned by the Board to the district after submittal, by the district, of the Fund
21 Release Authorization, Form SAB 50-05, which is incorporated by reference. A district

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 must submit the Fund Release Authorization, Form SAB 50-05, within 18 months of the
2 Apportionment of the "School Facility Program" grant for the project or the entire New
3 Construction or Modernization Adjusted Grant shall be rescinded without further Board
4 action, and the pupils housed in the project will be added back to the district's baseline
5 eligibility. The district may refile a new application for the project subject to district
6 eligibility and priority funding at the time of resubmittal. The Office of Public School
7 Construction will release State funds that have been apportioned by the Board pursuant
8 to Section 1859.81.1(c) to the district within 30 calendar days of the apportionment."

9 Section 1859.91 (added in 1998, refiled in 1999 and last amended in 2002),
10 subdivision (a) requires the Office of Public School Construction to report to the Board
11 on a monthly basis the amount of funds available for New Construction Grants and
12 Modernization Grants and the estimated amount of Approved Applications for New
13 Construction Grants and Modernization Grants not yet apportioned. The Board shall
14 implement a priority point mechanism described in subdivision (b) for New Construction
15 Grants requests when either of the following occur:

16 (1) The amount of Approved Applications for New Construction Grants and
17 Modernization Grants not yet apportioned exceed the funds available for New
18 Construction Grants and Modernization Grants, or

19 (2) The funds available for New Construction Grants are \$300 million or less.

20 Subdivision (b) provides that once either (1) or (2) in subdivision (a) occurs, the Board
21 shall approve and apportion the funds available for New Construction Grants requests

1 based on the following priority point mechanism:

2 (1) From the funds available for New Construction Grants, the Board shall
3 establish a final allotment equal to the lesser of \$450 million or the balance of the
4 funds available for New Construction Grants, to be apportioned in accordance
5 with (2) below. After deducting the final allotment, the Board shall divide the
6 remaining funds into seven equal allotments, to be apportioned on a quarterly
7 basis, commencing with the last quarter of calendar year 2000 and ending the
8 second quarter of calendar year 2002. Quarterly apportionments are subject to
9 special requirements, and

10 (2) The final allotment shall be apportioned subject to special requirements.

11 Subdivision (c) provides that the Board shall declare that State funds are not available
12 for new facility construction when the New Construction Grants requests Ready for
13 Apportionment exceed the funds available for that purpose. This declaration shall serve
14 as the mechanism for the Board to make the appropriate notifications as required,
15 pursuant to Government Code Section 65995.7(a) (providing that if funds are not
16 available for new school facility construction, the governing board may increase the
17 alternative fee, dedication or other requirements). Subdivision (d) provides that
18 approved applications for New Construction Grants requests received during a quarter
19 may, at the discretion of the Board, be considered for funding available for that quarter
20 or a future quarter if all the following criteria are met:

21 (1) Either the Executive Officer of the Board, the State Architect, the Director of

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 School Facilities Planning Division within the California Department of Education,
2 or the Chief of the School Property Evaluation and Cleanup Division within the
3 Department of Toxic Substances Control certify to the Office of Public School
4 Construction that the district's application was delayed for a specified number of
5 calendar days in relation to other similar applications submitted to that agency at
6 the same time, and

7 (2) The Approved Application date adjusted back in time for the number of
8 calendar days the application was delayed is prior to the beginning of the quarter
9 in which the application was received.

10 Subdivision (e) provides that the approved applications for New Construction Grants
11 requests received after June 26, 2002 may, at the discretion of the Board, be
12 considered for funding available for the final allotment if all the following criteria are met:

13 (1) Either the Executive Officer of the Board, the State Architect, the Director of
14 School Facilities Planning Division within the California Department of Education,
15 or the Chief of the School Property Evaluation and Cleanup Division within the
16 Department of Toxic Substances Control certify to the Office of Public School
17 Construction that the district's application was delayed for a specified number of
18 calendar days in relation to other similar applications submitted to that agency at
19 the same time, and

20 (2) The Approved Application date adjusted back in time for the number of
21 calendar days the application was delayed is prior to June 27, 2002.

1 Section 1859.92, (added in 1998, refiled in 1999 and last amended in 2002),
2 requires that the priority points allowed for a New Construction Grants request be based
3 on the specific computations rounded up to the nearest whole number. The
4 computations shall be made on a districtwide basis if the district utilized district wide
5 California Basic Education Data System enrollment data reported on the Enrollment
6 Certification/Projection, Form SAB 50-01, in effect at the time the district's application
7 for funding was submitted to the Office of Public School Construction for the project.
8 The computation shall be made on a High School Attendance Area basis if the district
9 utilized High School Attendance Area California Basic Education Data System
10 enrollment data reported on the Enrollment Certification/Projection, Form SAB 50-01, in
11 effect at the time the district's application for funding was submitted to the Office of
12 Public School Construction for the project. Notwithstanding the provisions of Section
13 1859.41, a district that has previously reported its enrollment on a High School
14 Attendance Area basis may calculate both its eligibility and its priority points on a
15 districtwide basis. A project shall receive priority points based on the total of
16 subdivisions (a), (b) and (c). Subdivision (a) provides priority points for the percent of
17 unhoused pupils for both of the following: (1) six points for each percent of current
18 unhoused pupils, and (2) four points for each percent of projected unhoused pupils.
19 Subdivision (b) provides priority points for the number of unhoused pupils for both of the
20 following: (1) one point for each 100 currently unhoused pupils, and (2) one point for
21 each 200 projected unhoused pupils. Subdivision (c) provides a maximum of 100

1 priority points for the following:

2 (1) Twenty points if the district's California Basic Education Data System
3 enrollment at the time of application submittal to the Office of Public School
4 Construction for funding is less than 2,501,

5 (2) Twenty points for a County Superintendent of Schools' project that only
6 includes classroom space solely for Non-Severely Disabled Individuals with
7 Exceptional Needs,

8 (3) Twenty points if the site acreage for the project is less than 50 percent of the
9 site size recommended by the California Department of Education for the master
10 planned pupil capacity,

11 (4) Twenty points for a project that either used "stock plans" pursuant to
12 Education Code Section 17070.33(b)(6) (providing for recommendations
13 regarding the use of cost-effective, efficient reusable facility plans) or re-used
14 plans that were previously used to construct at least two other schools,

15 (5) Twenty points if the district's California Basic Education Data System
16 enrollment at the time of application submittal to the Office of Public School
17 Construction for funding is less than 301,

18 (6) Twenty points for a project that uses 20 percent less energy than the Energy
19 Budget as defined and calculated in a manner consistent with the California
20 Energy Code, Part 6, Subchapter 5, Section 141 -- Performance Approach:
21 Energy Budgets,

1 (7) Twenty points for a project that is a new high school serving any grades nine
2 through twelve,

3 (8) Twenty points for a project that received financial hardship assistance
4 pursuant to Section 1859.81,

5 (9) Twenty points for a project where the site acquisition qualified and received
6 an apportionment authorized under Section 1859.75.1, Separate Site
7 Apportionment for Environmental Hardship,

8 (10) One hundred points if the Approved Application was accepted prior to the
9 date the priority point mechanism is implemented by the Board pursuant to
10 Section 1859.91(a)(1) or (a)(2).

11 Subdivision (d) provides that the calculation of priority points in subdivisions (a), (b) and
12 (c) above shall be determined at the time the Approved Application is accepted.

13 Subdivision (e) exempts the following projects from priority points:

14 (1) A project that received Facility Hardship approval pursuant to Section
15 1859.82,

16 (2) A county superintendent of schools' project that includes classroom space for
17 Severely Disabled Individuals with Exceptional Needs,

18 (3) A county superintendent of schools' project that only includes classroom
19 space solely for community school pupils, and

20 (4) A school district's project that only includes classroom space solely for
21 Severely Disabled Individuals with Exceptional Needs.

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Subdivision (f) provides that if the project received a separate site and/or design
2 apportionment under the provisions of the "Lease-Purchase Program" or pursuant to
3 Sections 1859.75.1 or 1859.81.1, the district's funding priority of the project shall be
4 determined by the Approved Application date for the New Construction Grant request.

5 Section 1859.93, (added in 1998, refiled in 1999 and last amended in 2001),
6 requires that "all modernization applications shall be funded in the order of receipt of an
7 Approved Application for funding until all modernization funds available to the Board
8 have been apportioned."

9 Section 1859.94, (added in 1998, refiled in 1999 and last amended in 2001),
10 subdivision (a) requires that "hardship assistance provided as a part of a New
11 Construction Grant shall be subject to the same priority point determination as the New
12 Construction Grant." Subdivision (b) provides that "to the extent that hardship funds are
13 available, the Board may elect to specifically set aside funding for financial hardship
14 grants as provided in Section 1859.81, facility hardship grants as provided in Section
15 1859.82 or Excessive Cost Hardship Grants as provided in Section 1859.83."

16 Subdivision (c) provides that "should a district request hardship funding for either a
17 financial hardship grant pursuant to Section 1859.81, a facility hardship grant pursuant
18 to Section 1859.82 or an Excessive Cost Hardship Grant pursuant to Section 1859.83
19 and the Board has no funds to allocate for that specific hardship, the district may elect
20 to either: (1) accept funding for the project less any hardship funding grants that are not
21 available. When this option is selected, the hardship funding grants not allocated for the

1 project shall be placed on the Unfunded List. If the project was previously placed on the
2 Unfunded List, the project shall retain the original date it was placed on that Unfunded
3 List, or (2) decline to accept funding for the project. When this option is selected, the
4 project shall be placed on the Unfunded List. If the project was previously placed on the
5 Unfunded List, the project shall retain the original date it was placed on that Unfunded
6 List. A project or portion of a new construction project not funded as a result of
7 subdivision (c) shall be subject to the Board's priority point mechanism pursuant to
8 Sections 1859.91 and 1859.92.”

9 Section 1859.95, (added in 1998, refiled in 1999 and last amended in 2002),
10 requires that “when the Board has no funds to apportion or the application does not
11 qualify for funding because of the Board's priority point mechanism pursuant to
12 Sections 1859.91 and 1859.92, the Board will continue to accept and process
13 applications for eligibility determination. The Board will also accept and process
14 applications for apportionment for purposes of developing an Unfunded List based on
15 the date the application is Ready for Apportionment. If either the Executive Officer of
16 the Board, the State Architect, the Director of School Facilities Planning Division within
17 the California Department of Education or the Chief of the School Property Evaluation
18 and Cleanup Division within the Department of Toxic Substances Control certify to the
19 Office of Public School Construction that the district's application was delayed for a
20 specified number of calendar days in relation to other similar applications submitted to
21 that agency at the same time, the application may, at the discretion of the Board,

1 receive a date on the Unfunded List or receive funding pursuant to Section 1859.91
2 based on the date the application is Ready for Apportionment, adjusted back in time for
3 the number of calendar days the application was delayed. Applications for New
4 Construction Adjusted Grants for a project where the site was apportioned pursuant to
5 Section 1859.75.1 shall receive a date on the Unfunded List based on the date the
6 environmental hardship site apportionment was made for the project. With the
7 exception of financial hardship eligibility, a district with an application included on an
8 Unfunded List shall not be required to re-establish eligibility for that application prior to
9 apportionment. An application for funding included on an Unfunded List is eligible for
10 reimbursement subject to adjustments in the New Construction Grants amount
11 pursuant to Section 1859.77."

12 ARTICLE 11. MISCELLANEOUS SCHOOL FACILITY PROGRAM
13 REQUIREMENTS

14 Section 1859.100, (added in 1998, refiled in 1999 and last amended in 2002),
15 requires "a district, regardless of size, to certify on the Application for Funding, Form
16 SAB 50-04, that a restricted account within the district's general fund has been
17 established for the exclusive purpose of providing on-going and major repair of its
18 facilities, pursuant to Education Code Section 17070.75."

19 Section 1859.101, (added in 1998, refiled in 1999 and last amended in 2002),
20 provides that "a district, including a county superintendent of schools, that is not
21 required to make a specified annual deposit into the restricted maintenance account as

1 provided in Education Code Section 17070.75 must certify on the Application for
2 Funding, Form SAB 50-04, that the district can maintain its facilities with a lesser annual
3 deposit.”

4 Section 1859.102, (added in 1998, refiled in 1999 and last amended in 2002),
5 requires a district to certify on the Application for Funding, Form SAB 50-04, that it has
6 developed and implemented an on-going and major maintenance plan in accordance
7 with Education Code Section 17070.75 and 17070.77. In each fiscal year following the
8 fiscal year in which the district received funds as a result of an application funded on or
9 after January 1, 2002, the district shall certify that the plan has been reviewed and
10 updated as required in Education Code Section 17070.77. The certification shall be
11 made on the Deferred Maintenance Five Year Plan, which shall be required annually
12 from those districts receiving such funding. Any maintenance plan developed in
13 accordance with Education Code Section 17070.75(b)(3) shall be deemed to meet the
14 requirements for an additional basic apportionment as provided under Education Code
15 Section 17585.

16 Section 1859.103, (added in 1998, refiled in 1999 and last amended in 2000),
17 provides that “a district may expend the savings not needed for a project on other high
18 priority capital facility needs of the district. Savings may be declared by the district in
19 writing to the Office of Public School Construction any time after the release of all funds
20 for the project. The State's portion of any savings declared by the district or determined
21 by the Office of Public School Construction by audit must be used to to reduce the

1 "School Facility Program" financial hardship grant of that project or other financial
2 hardship projects within the district for a period of three years from the date the savings
3 were declared by the district or determined by the Office of Public School Construction
4 audit. The State's portion of any savings from a new construction project may be used
5 as a district matching share requirement, only on another new construction project, and
6 the State's share of any savings from a modernization project may be used as a district
7 matching share requirement, only on another modernization project. Any interest
8 earned on a financial hardship project will be treated as savings and will be used to
9 reduce the "School Facility Program" financial hardship grant for that project."

10 Section 1859.104, (added in 1998, refiled in 1999 and last amended in 2000),
11 requires "a district receiving funds in accordance with the Act to submit the following:

12 (a) An expenditure report from the district on the Expenditure Report, Form SAB
13 50-06, which is incorporated by reference. The program reporting requirements
14 are as follows:

15 (1) The first expenditure report shall be due one year from the date that
16 any funds were released to the district for the project pursuant to Section
17 1859.90, or upon completion of the project, whichever occurs first. A
18 project shall be deemed complete when either of the following occur:

19 (A) When the notice of completion for the project has been filed, all
20 outstanding invoices, claims, change orders have been satisfied
21 and the facility is currently in use by the district.

1 (B) Three years from the date of the final fund release for an
2 elementary school project or four years from the date of the final
3 fund release for a middle or high school project.

4 (2) The second and subsequent expenditure reports, if necessary, shall
5 be due annually beginning one year from the first report, or upon
6 completion of the project, whichever occurs first. The final expenditure
7 report must be made no later than three years from the date of the final
8 fund release for an elementary school project or four years from the date
9 of the final fund release for a middle or high school project.

10 (b) With the exception of projects that qualify for an apportionment pursuant to
11 Section 1859.75.1, a progress report, in the form of a narrative from the district,
12 shall be due 18 months from the date any funds were released to the district for
13 the project pursuant to Section 1859.90. The progress report shall include
14 information regarding the progress the district has made towards substantial
15 completion of the project. If the funds were received in accordance with Section
16 1859.81.1(c) or the notice of completion has been filed within 18 months of the
17 release of funds pursuant to Section 1859.90, or the expenditure reports
18 required in (a)(1) or (2) indicate that substantial progress (as defined in Section
19 1859.105) on the project has occurred, no progress report is required.

20 (c) A progress report, in the form of a narrative from the district, shall be due 12
21 months from the date the site acquisition funds were apportioned to the district

1 for the project pursuant to Section 1859.75.1. The progress report shall include
2 information regarding the progress the district has made towards acquiring the
3 site as outlined in Section 1859.105.1 and may contain other evidence of
4 reasonable effort to substantiate progress towards acquiring the site for
5 purposes of an extension of the site apportionment as authorized by Education
6 Code Section 17072.13(c)(2)."

7 Section 1859.104.1 (added in 2002), requires that the district will be subject to
8 several penalties if the Board makes a finding that a Material Inaccuracy occurred for a
9 New Construction or Modernization Project. Subdivision (a) provides that if the Material
10 Inaccuracy finding occurred prior to the apportionment, the district shall be: (1)
11 prohibited from self-certifying New Construction or Modernization Project information for
12 a period of up to five years from the date the Board made the finding of Material
13 Inaccuracy for the project. However, a prohibition from self-certification of project
14 information may be less than five years as determined on a case-by-case basis by the
15 Board; (2) required to file all New Construction and Modernization projects pursuant to
16 Section 1859.104.2 for the time period required in subdivision (a)(1); and (3) subject to
17 the fee prescribed by Section 1859.104.3. Subdivision (b) requires that if the Material
18 Inaccuracy finding occurred after the apportionment but no funds have yet been
19 released for the project the Board shall reduce the project apportionment by the
20 additional funding received beyond the amount the district was entitled to for the
21 project, and the district shall be subject to the penalties described in subdivisions (a)(1)

1 through (3). Subdivision (c) provides that if the Material Inaccuracy finding occurred
2 after the apportionment and funds were released for the project, the district must repay
3 the additional funding received beyond the amount the district was entitled to for the
4 project with interest within five years from the date the Board made the finding of
5 Material Inaccuracy. Interest shall be assessed as prescribed in Education Code
6 Section 17070.51(b)(1) (providing that pursuant to a repayment schedule approved by
7 the board of no more that five years, the school district shall repay to the board, for
8 deposit into the 1988 State School facilities Fund, an amount proportionate to the
9 additional funding received as a result of the material inaccuracy including interest at
10 the rate paid on moneys in the Pooled Money Investment Account or at the highest
11 interest rate of interest for the most recent issue of state general obligation bonds), and
12 is further subject to the penalties described in subdivisions (a)(1) through (3).

13 Subdivision (d) provides that the Board may direct that adjustments to the school
14 district's New Construction or Modernization baseline eligibility be made pursuant to
15 Sections 1859.51 and 1859.61 based on the determination of Material Inaccuracy.

16 Section 1859.104.2, (added in 2002), provides that "if the Board has made a
17 finding of Material Inaccuracy pursuant to Section 1859.104.1, the Office of Public
18 School Construction may request supporting documentation as it deems appropriate for
19 any application filed after a finding of material inaccuracy for the time prescribed in
20 1859.104.1(a)(1), (b)(2) or (c)(2)."

21 Section 1859.104.3, (added in 2002), provides that "if the Board has made a

1 finding of Material Inaccuracy pursuant to Section 1859.104.1, the Board shall charge
2 the district an amount of \$100 per hour for the additional hours necessary to process
3 and review the district's applications submitted during the timelines prescribed in
4 1859.104.2(a)(1), (b)(2) or (c)(2). The maximum hours subject to the fee per application
5 is the greater of 50 hours or one percent of the enrollment of the district as reported in
6 Part A, the continuation high pupils reported in Part B, and the special day class pupils
7 reported in Part C of the latest Enrollment Certification/Projection, Form SAB 50-01.
8 The Board will not make a release of funds for any project subject to the fee in this
9 section until the fee has been remitted to the Office of Public School Construction. All
10 fees collected shall be deposited in the School Facility Fund and available for
11 apportionment as directed by the Board.”

12 Section 1859.105, (added in 1998, refiled in 1999 and last amended in
13 2001), subdivision (a) requires that when the district has received funds pursuant to
14 Section 1859.70, the Board shall conduct a review to assure the district has made
15 substantial progress in the completion of the project pursuant to Education Code
16 Section 17076.10(b). The review shall consist of an analysis of the district's progress
17 report in accordance with Section 1859.104(b). Sufficient evidence of substantial
18 progress shall be any of the following:

- 19 (1) At least 75 percent of all site development work that is necessary prior to
20 building construction activity is complete,
21 (2) At least 90 percent of the building construction activities are under contract,

1 unless the building construction activities are delayed as a result of necessary
2 site development work,

3 (3) All construction activities are at least 50 percent complete, or

4 (4) Other evidence satisfactory to the Board of circumstances beyond the control
5 of the district that precludes substantial progress being made.

6 Subdivision (b) provides that when the district has received funds pursuant to Section

7 1859.81.1(a), the Board shall conduct a review to assure the district has made

8 substantial progress in the completion of the project. The audit shall consist of a review

9 and analysis of the district's progress report in accordance with Section 1859.104(b).

10 Acceptable evidence of substantial progress shall be when the district has completed all

1 of the following:

12 (1) Obtained the final appraisal of the site,

13 (2) Completed all California Environmental Quality Act requirements,

14 (3) Obtained final approval of the site by the California Department of Education,

15 and

16 (4) Provided final escrow instructions or evidence the district has filed

17 condemnation proceedings and intends to request an order of possession of the

18 site.

19 Subdivision (c) requires that when the district has received funds pursuant to Section

20 1859.81.1(c), the Board shall conduct a review to assure the district has made

21 substantial progress in the completion of the project. Sufficient evidence of substantial

1 progress shall be the submission of an Approved Application. After the Board has
2 received the progress report required in Section 1859.104(b) for items (a) and (b)
3 above, a review and analysis of the report by the Office of Public School Construction
4 will be made for compliance with this Section within 60 days of the submission of the
5 report by the district. The Office of Public School Construction must notify the district
6 within 60 days of the submission of the report if it intends to recommend to the Board
7 that no substantial progress has been made on the project. If the Office of Public
8 School Construction does not respond to the district within 60 days of submission of the
9 report, the Office of Public School Construction concurs with the district that substantial
10 progress has been made. Should the Office of Public School Construction respond
11 within 60 days of submission of the progress report by the district that no substantial
12 progress has been made or the district fails to submit the progress report within the
13 timelines in Section 1859.104 (b) for items (a) or (b) above or the district has not filed
14 an Approved Application for funds received pursuant to Section 1859.81.1(b), the
15 district must report the final expenditures on the project on the Expenditure Report
16 Form, SAB 50-06, to the Office of Public School Construction within 60 days of the
17 Office of Public School Construction notification. After receipt of the expenditure report,
18 the Office of Public School Construction will recommend to the Board that a finding be
19 made that no substantial progress on the project has been made and that the
20 apportionment be reduced, after accounting for the district's matching share, by any
21 funds not yet committed by a contract for the project and any interest earned on State

1 funds for the project. The recommendation will be made at the next regularly scheduled
2 Board meeting. If the expenditure report is not received within the 60 day period, the
3 Office of Public School Construction will recommend that the apportionment be
4 rescinded and any interest earned on State funds be returned to the State. If the
5 apportionment is reduced or rescinded as a result of a finding by the Board that no
6 substantial progress has been made on the project, the pupils assigned to the project
7 will be added to the district's baseline eligibility. If the apportionment was reduced, the
8 adjustment to the baseline eligibility shall reflect any funding retained by the district
9 based on the New Construction or Modernization Adjusted Grant funding provided for
10 the project. The district may refile a new application for the project subject to district
11 eligibility and priority funding at the time of resubmittal.

12 Section 1859.105.1, (added in 2000), subdivision (a) requires that "when the
13 district has received funds pursuant to Section 1859.75.1, the Board shall conduct a
14 review to assure the district has made progress towards acquisition of the site pursuant
15 to Education Code Section 17072.13(c)(2). The review shall consist of an analysis of
16 the district's progress report in accordance with Section 1859.104(c). Acceptable
17 evidence of substantial progress shall be when the district has completed all of the
18 following:

- 19 (1) Obtained the final appraisal of the site,
- 20 (2) Completed all California Environmental Quality Act requirements,
- 21 (3) Obtained final approval of the site by the California Department of Education,

1 and

2 (4) Provided final escrow instructions or evidence the district has filed
3 condemnation proceedings and intends to request an order of possession of the
4 site.

5 After the Board has received the progress report required in Section 1859.104(c) a
6 review and analysis of the report by the Office of Public School Construction will be
7 made for compliance with this Section within 60 days of the submission of the report by
8 the district. The Office of Public School Construction must notify the district within 60
9 days of the submission of the report if it intends to recommend to the Board that the
10 district has not made progress towards acquiring the site. If the Office of Public School
11 Construction does not respond to the district within 60 days of submission of the report,
12 the Office of Public School Construction concurs with the district that it has made
13 progress to the site acquisition. Should the Office of Public School Construction
14 respond within 60 days of submission of the progress report by the district that no
15 progress has been made towards site acquisition or the district fails to submit the
16 progress report within the timelines in Section 1859.104(c), the Office of Public School
17 Construction will recommend at the next available Board meeting that the site
18 apportionment for the project be rescinded and that any interest earned on State funds
19 be returned to the State. If the apportionment is rescinded as a result of a finding by the
20 Board that no progress has been made towards acquiring the site, the pupils assigned
21 to the project will be added to the district's baseline eligibility. Subdivision (b) provides

1 that the district shall, as may be necessary, request one-year extensions of the site
2 apportionment as authorized by Education Code Section 17072.13(c)(2). Acceptable
3 criteria for approval of an extension are any of the following:

4 (1) The district has received letters from the Department of Toxic Substances
5 Control and the California Department of Education that indicate the agency
6 concurs that the district is making reasonable progress towards acquisition of the
7 site, or

8 (2) Other reasonable evidence of effort the district has made towards acquiring
9 the site as approved by the Board."

10 Section 1859.106, (added in 1998, refiled in 1999 and last amended in 2002),
11 provides that the projects will be audited to assure that the expenditures incurred by the
12 district were made in accordance with the provisions of Education Code Section
13 17072.35 for new construction projects and Education Code Section 17074.25 and
14 Section 1859.79.2 for modernization projects. The audit will also assure that the district
15 complied with all site acquisition guidelines as provided in Sections 1859.74, 1859.74.1,
16 1859.74.2, 1859.74.4, 1859.75 and 1859.75.1. An adjustment in the "School Facility
17 Program" grant will be made for subdivisions (a) through (c). Subdivision (a) provides
18 for an adjustment in the "School Facility Program" grant for the difference in the value of
19 site and the hazardous waste removal costs that were used to determine the New
20 Construction Additional Grant and the actual amount paid by the district for the site, the
21 relocation cost, the Department of Toxic Substances Control fee, and the costs for

1 hazardous waste materials removal. Subdivision (b) provides an adjustment for 50
2 percent of any insurance proceeds collectable by the district for displaced facilities and
3 50 percent of the net proceeds available from the disposition of displaced facilities
4 pursuant to Section 1859.82(a) or (b). Subdivision (c) provides an adjustment for the
5 difference in the hazardous waste removal costs that was used to determine the New
6 Construction Additional Grant for Hazardous Waste Removal on an Existing Site and
7 the actual amount paid by the district for the allowable cost for hazardous waste
8 removal. When the Office of Public School Construction receives the final expenditure
9 report from the district on Expenditure Report, Form SAB 50-06, an audit of the
10 expenditures by the Office of Public School Construction shall commence within two
11 years of the report. If the district is not notified by the Office of Public School
12 Construction within the two-year period that an audit will be made, there will be no audit
13 of the project by the Office of Public School Construction and the expenditures reported
14 by the district shall be deemed appropriate. If the district has been notified that an audit
15 of the expenditures will be made by the Office of Public School Construction, the Office
16 of Public School Construction shall complete the audit within six months of the
17 notification, unless additional information requested from the district has not been
18 received. Districts are required to maintain all appropriate records that support all
19 district certifications and expenditures for all costs associated with "School Facility
20 Program" projects for a period of not less than four years from the date the notice of
21 completion is filed for the project in order to allow other agencies, including, without

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 limitation, the Bureau of State Audits and the State Controller to perform their audit
2 responsibilities. Should the Office of Public School Construction conduct an audit of
3 the district certifications or the expenditures for the project and make a finding that
4 some or all of the expenditures were not made in accordance with the provisions of
5 Education Code Section 17072.35 for new construction projects and Education Code
6 Section 17074.25 and Section 1859.79.2 for modernization projects, the Office of
7 Public School Construction shall recommend to the Board that the apportionment be
8 adjusted based on the audit findings. Upon adoption of the audit findings by the Board,
9 the district must submit a warrant for any amount identified as being owed within 60
10 days of the Board action. If this does not occur, the Office of Public School Construction
11 shall initiate collection procedures from the School Fund Apportionment as outlined in
12 Education Code Section 17076.10(c). Should the California Department of Education
13 make a finding that a project did not meet the standards that were adopted by the
14 California Department of Education pursuant to Education Code Section 17251(b) and
15 (c) when the district had self-certified that the project met those standards pursuant to
16 Education Code Section 17070.50(b), the Board may request that the California
17 Department of Education make a recommendation that the apportionment for the
18 project be adjusted based on the California Department of Education finding. Any
19 adjustment in the apportionment shall be based on the percentage of space in the
20 project that the California Department of Education determined did not meet those
21 standards. Upon adoption of the finding by the Board, the district must submit a warrant

1 for any amount identified as being owed within 60 days of the Board action. If this does
2 not occur, the Office of Public School Construction shall initiate collection procedures
3 from the School Fund Apportionment as outlined in Education Code Section
4 17076.10(c)."

5 Section 1859.107, (added in 2000 and last amended in 2002), provides that a
6 funding application that receives an apportionment under Chapter 12 or Chapter 12.5
7 may not be rescinded and re-approved under the provisions of any amended law or
8 administrative regulation unless specifically authorized by other applicable law. A
9 funding application that has received an approval pursuant to Section 1859.95, but has
10 not received an apportionment, may receive an adjustment as allowed under
11 Regulation 1859.71 or 1859.78 at the time the apportionment is made. No other
12 adjustments may be made, including those resulting from changes to the regulations
13 prior to final funding by the State Allocation Board. As an alternative, the application
14 may be withdrawn and resubmitted for State Allocation Board approval under the
15 provisions of any amended or new regulation that becomes effective prior to the
16 apportionment for the project. The district must first request from the Office of Public
17 School Construction that the application be withdrawn and removed from the Unfunded
18 List. The district may then resubmit the application to the Office of Public School
19 Construction under the provisions of the amended or new regulation once it is effective.
20 The resubmitted application will receive a new processing date by the Office of Public
21 School Construction. Any application for eligibility determination that has received an

1 approval may be amended to comply with provisions of an amended or new regulation
2 once it is effective. The amended application will receive a new processing date by the
3 Office of Public School Construction. A funding application submitted to the Office of
4 Public School Construction that has not received an approval will receive funding under
5 the provisions of the regulations that were in effect when the application was submitted
6 to the Office of Public School Construction. At the option of the district, a funding
7 application submitted to the Office of Public School Construction that has not received
8 an approval may be withdrawn and resubmitted for State Allocation Board approval
9 under the provisions of any amended or new regulation once it is effective. The district
10 must request that the application be withdrawn and removed from the Office of Public
11 School Construction workload list. The resubmitted application will receive a new
12 processing date by the Office of Public School Construction. Any application for
13 eligibility determination that has not received an approval may be amended at any time
14 to conform to an amended or new regulation. The application shall retain its Office of
15 Public School Construction processing date. Any application for new construction
16 eligibility determination that has received an approval must be amended to conform to
17 Regulation Section 1859.51(l) prior to submittal of an Application For Funding, Form
18 SAB 50-04. Any application for new construction eligibility determination that has not
19 received an approval must be amended to conform to the Existing Building Capacity,
20 Form SAB 50-02 and the Eligibility Determination, Form SAB 50-03 prior to submittal of
21 an Application For Funding, Form SAB 50-04. Any application for modernization

1 eligibility determination that has received an approval must be amended to conform to
2 Regulation Section 1859.61(g) prior to submittal of an Application For Funding, Form
3 SAB 50-04. Any application for modernization eligibility determination that has not
4 received an approval must be amended to conform to the Eligibility Determination,
5 Form SAB 50-03 prior to submittal of an Application For Funding, Form SAB 50-04.
6 Districts that have received an approval of eligibility on a High School Attendance Area
7 or Super High School Attendance Area are not required to re-establish eligibility under
8 the provisions of Section 1859.41(a). Districts that have requested eligibility
9 determination on a High School Attendance Area or Super High School Attendance
10 Area that have not received an approval must comply with the provisions of Section
11 1859.41(a) prior to submittal of an Application for Funding, Form SAB 50-04. The
12 amended eligibility application shall retain its original Office of Public School
13 Construction processing date. A district that has received an approval of its eligibility
14 determination on a district-wide, High School Attendance Area or Super High School
15 Attendance Area basis, but received no New Construction Grants, may re-file on
16 another eligibility determination basis provided it withdraws all previously submitted
17 Application for Funding, Form SAB 50-04 requests for New Construction Grants,
18 including those on the Unfunded List.

1 SUBGROUP 8.5 EMERGENCY CLASSROOM LAW OF 1979

2 ARTICLE 1. DEFINITIONS

3 Title 2, California Code of Regulations, Section 1862.50, (added in 1979),
4 defines specific terms for the purposes of these regulations.

5 ARTICLE 2. ACQUISITION OF PORTABLE CLASSROOMS

6 Title 2, California Code of Regulations, Section 1862.51, (added in 1979 and last
7 amended in 1986), provides that the State Allocation Board shall, as may be necessary
8 and in accordance with priorities adopted herein, authorize the Office of Procurement of
9 the Department of General Services to acquire portable classrooms the as will be
10 required by eligible school districts for up to the next twelve months. For each portable
11 classroom so acquired a minimum of furniture and equipment necessary to make the
12 classroom functional may be acquired by the State Allocation Board. The buildings shall
13 be placed on the school site and connected to the nearest electrical energy source at
14 State expense.

15 ARTICLE 3. APPLICATIONS FOR LEASE

16 Title 2, California Code of Regulations, Section 1862.52, (added in 1979 and last
17 amended in 1986), requires that applications for lease of portable classrooms pursuant
18 to the State Relocatable Classroom Law of 1979, shall contain the following:

- 19 (1) A resolution on forms provided by the State Allocation Board, by the
20 governing board of the eligible district authorizing the filing of an application and
21 the signing of a lease agreement or agreements for such numbers of portable

1 classrooms as the Board may approve. The leases shall contain such terms and
2 conditions as are required by existing law and by these regulations;

3 (2) A completed application on forms provided by the Board;

4 (3) Layout plans clearly showing the location on the site of the proposed portable
5 classroom buildings as well as the location of existing buildings;

6 (4) A certification by the authorized agent that the district has hired or will hire a
7 teacher for each portable classroom leased to the district for the term of the
8 lease; and

9 (5) A certification or other evidence, satisfactory to the Board, that the district has
10 no available bond proceeds which could be used for the purchase of classroom
11 facilities.

12 ARTICLE 4. LEASE AGREEMENTS

13 Title 2, California Code of Regulations, Section 1862.53, (added in 1979 and last
14 amended in 1986), requires that lease agreements executed by the authorized agent of
15 the school district shall be subject to such conditions as may be required by the State
16 Allocation Board in addition to the following:

17 (1) A year to year renewable term beginning September 1 and ending August 31
18 of each year;

19 (2) Lease payments of \$2,000 per year for each portable classroom. The first
20 year rental shall be prorated on a 12 month basis from the date of installation to
21 the following August 31. Payments are to be made upon execution or renewal of

1 each lease;

2 (3) The district shall be required at its own expense to provide a near flat surface,
3 not exceeding 9 inches in grade from the highest to the lowest point, for
4 placement of each portable classroom. Access to the site shall also be provided
5 by the district at its own expense;

6 (4) The district shall be responsible to the State for any damages occurring to the
7 portable classrooms and shall keep them insured, at its own expense, to the
8 benefit of the State, at all times against fire and lightning, with extended
9 coverage, and vandalism and malicious mischief, for the full insurable value of
10 the property less any deductible amount for which the district is willing to accept
11 such responsibility. The district shall at its own expense undertake all necessary
12 maintenance repairs, renewal and replacement to ensure that the portable
13 classrooms, furniture and equipment are at all times kept in good repair, working
14 order and condition;

15 (5) The district shall hold the State of California harmless from any claims
16 asserted against the State by virtue of alleged negligence of the district or third
17 parties in the operation or maintenance of portable classrooms;

18 (6) Facilities leased by the Board for location on a particular site may not be
19 altered, relocated or removed from the site without approval of the Board, nor
20 shall any interest held by the district under this lease be assignable; and

21 (7) Upon expiration of a lease, the district shall allow buildings covered by such

1 lease to remain in place on the site free of cost to the State for a period not to
2 exceed 120 days, pending removal by the State.

3 ARTICLE 5. PRIORITIES

4 Title 2, California Code of Regulations, Section 1862.54, (added in 1979 and last
5 amended in 1986), outlines the order in which school districts will receive approval for
6 portable classrooms.

7 ARTICLE 6. MISCELLANEOUS PROVISIONS

8 Title 2, California Code of Regulations, Section 1862.55, (added in 1979),
9 provides that "where a district is not obligated to provide for the maintenance and repair
10 of portable buildings, or if obligated and fails to do so, the Executive Officer is
11 authorized to expend such sums as he deems appropriate for that purpose from funds
12 appropriated pursuant to this chapter, provided that nothing herein shall be construed to
13 relieve any district from any obligation arising out of any contract entered into pursuant
14 to this chapter."

15 Title 2, California Code of Regulations, Section 1862.56, (added in 1979),
16 provides that "exceptions may be made to these regulations where the Board finds that
17 the application thereof would be inequitable in practice or would result in an undue
18 hardship on the pupils of the district affected."

1 SUBGROUP 11. REGULATIONS RELATING TO THE LEROY F. GREENE

2 STATE SCHOOL BUILDING LEASE-PURCHASE LAW OF 1976

3 ARTICLE 1. DEFINITIONS

4 Title 2, California Code of Regulations, Section 1865.1, (added in 1978 and last
5 amended in 1981), defines specific terms for the purpose of these regulations.

6 Specifically, the term "Act" refers to the Leroy F. Greene State School Building Lease-
7 Purchase Law of 1976.

8 ARTICLE 2. GENERAL PROVISIONS

9 Title 2, California Code of Regulations, Section 1865.2, (added in 1978),
10 provides that "the purpose of these regulations is to prescribe the procedures

11 necessary for the implementation and administration of the Leroy F. Greene State
12 School Building Lease-Purchase Law of 1976 (hereinafter referred to as "the act")."

13 Title 2, California Code of Regulations, Section 1865.3, (added in 1978 and last
14 amended in 1980), clarifies that "the act provides for the construction, reconstruction, or
15 replacement of school facilities by the State Allocation Board under an agreement
16 between a school district and the State."

17 Title 2, California Code of Regulations, Section 1865.4, (added in 1978 and last
18 amended in 1980), provides that "any school district may qualify to file an application for
19 a lease-purchase project and enter into a lease agreement with option to purchase with
20 the board, providing such applicant school district has sufficient building area
21 entitlement as determined pursuant to the provisions of Article 4 of these regulations to

1 justify the application being filed for new building construction or reconstruction.”

2 Title 2, California Code of Regulations, Section 1865.5, (added in 1978 and last
3 amended in 1980), requires that “the executive officer shall perform all acts necessary
4 to carry out the provisions of the act except such functions as are reserved to the board
5 and to other agencies by law or by these regulations.”

6 Title 2, California Code of Regulations, Section 1865.6, (added in 1978),
7 provides that “in approving an application for a lease-purchase project and making
8 funds available therefor, neither the State nor any department or agency thereof shall
9 assume any responsibility not otherwise imposed on it by statute or these regulations.”

10 Title 2, California Code of Regulations, Section 1865.8, (added in 1978),
11 provides that “the insurance required by Section 17738 [referring to renumbered
12 Education Code Section 17038] of the act shall be in an amount that will guarantee full
13 replacement or repair of the facilities for which claims are made.”

14 Title 2, California Code of Regulations, Section 1865.9, (added in 1986),
15 subdivision (a), requires that priority points be computed and assigned to applications
16 whenever the board determines that there will be insufficient funds to meet the
17 estimated needs for all districts in any given fiscal year. Whenever the assignment of
18 priority points is required, applications that are in order for approval shall be considered
19 by the board in sequence according to the number of priority points credited to each
20 application. The board shall from time to time establish the minimum number of priority
21 points necessary to qualify an application for approval consideration by the board. Such

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 minimum shall be based upon the funds available and the estimated needs for the
2 fiscal year. Subdivision (b) requires that priority points shall be computed on a
3 districtwide basis, except for those districts having four or more high school attendance
4 areas (excluding continuation high schools). In such case, points shall be considered on
5 the basis of the attendance area of the project and all attendance areas adjacent
6 thereto. Subdivision (c) requires that for the purposes of computing priority points
7 pursuant to the provisions of Section 17716 of the act (referring to current Education
8 Code Section 17016 providing for school district priorities in the acquisition,
9 construction and leasing of projects and portable classrooms), all existing building
10 areas except central administration and maintenance facilities, shall be considered.
11 Subdivision (d) provides the formula for calculating priority points for new construction.
12 Subdivision (e) provides the formula for calculating priority points for reconstruction.
13 Subdivision (f) provides that if any computation of priority points results in a fraction it
14 shall be disregarded and shall be rounded up or down depending on whether fractions
15 of a point are less than or more than one-half. Subdivision (g) requires that approvals
16 and lease agreements made in priority order pursuant to this section shall be limited to
17 that portion of a project pertaining to the acquisition of a site and the preparation of
18 construction plans and specifications. Such approvals shall be limited to not more than
19 25% of the funds made available for the program.

20 Title 2, California Code of Regulations, Section 1865.10, (added in 1980),
21 provides that "priority points may be computed and applied in the consideration of

1 approvals for construction funds. Such priority points shall be maintained as a separate
2 series from priority points computed pursuant to Section 1865.9 of these regulations,
3 and shall be identified as 'priority points for construction.' Any such computation of
4 priority points for construction shall be determined as prescribed by said Section
5 1865.9, except the term 'maximum allowable building area' in Section 1865.9(d)(1) shall
6 mean the most recent computation of such area rather than that which applied at the
7 time the application was first approved."

8 Title 2, California Code of Regulations, Section 1865.11, (added in 1980 and last
9 amended in 1982), subdivision (a), provides that "upon a finding by the board that an
10 extreme hardship exists as a result of an attendance center of a school district being
11 located in a remote area, in excess of 30 miles from any other attendance center of the
12 district, the board may base the computation of priority points for the remote attendance
13 center in the same manner as if it was a separate school district." Subdivision (b)
14 provides that "in addition to the provisions of subsection (a), a finding by the board that
15 an extreme hardship exists for an attendance center of a school district due to unique
16 circumstances of topography and emerging population trends, the board may base the
17 computation of priority points for the attendance center in the same manner as if it was
18 a separate school district."

19 Title 2, California Code of Regulations, Section 1865.22, (added in 1978 and last
20 amended in 1984) requires that "a complete application shall be filed with the executive
21 officer of the board."

1 Title 2, California Code of Regulations, Section 1865.23, (added in 1978),
2 provides that "an applicant may, after approval of an application but prior to entering
3 into a lease-purchase agreement, request approval of changes within the application."

4 ARTICLE 3.

5 There is no Article 3 in Subgroup 11 "Regulations Relating to the Leroy F. Green
6 State School Building Lease-Purchase Law of 1976."

7 ARTICLE 4. ELIGIBLE FACILITIES

8 Title 2, California Code of Regulations, Section 1865.30, (added in 1978),
9 subdivision (a) requires that the estimated average daily attendance (ADA) of a school
10 district or attendance area as required by Section 17740 (referring to current Education
11 Code Section 17040) of the act for determining the allowable building area shall be
12 computed by this section. No estimate will be used unless approved by the executive
13 officer of the board. Subdivision (b) requires that for the purpose of estimating ADA,
14 the following definitions shall apply:

15 (1) "Enrollment" means the graded enrollment of minors of the district as
16 reported to the Department of Education on Form R-30 (or any successor form).
17 Comparable enrollment data for the end of the first or sixth school month may be
18 acceptable if verified by the appropriate county superintendent of schools.

19 Enrollment shall include only those students who actually reside in the school
20 district and any students who reside in the district but attend school in other than
21 the district of residence. Enrollment shall exclude high school pupils who attend

1 continuation classes.

2 (2) "Projected enrollment" means graded enrollment as determined by the cohort
3 survival method for a period of two years for the elementary grades and for a
4 period of three years for the high school grades.

5 (3) "Pupil units attending continuation classes" is computed as follows: a
6 determination of the average number of pupil hours of attendance in high school
7 continuation classes per school day in the highest three months of the latest 12
8 months, is divided by six. Pupil hours during the regular school day in excess of
9 15 per week shall be included. Pupil hours for evening or Saturday classes shall
10 be excluded. Multiply the final figure obtained in the preceding calculation by a
11 factor which is computed by dividing the "projected enrollment" by the "current
12 enrollment." The result is the "pupil units attending continuation classes." In the
13 event the district is applying for a continuation high school facility and has
14 students who have not yet been screened and assigned to continuation classes
15 because of lack of suitable space, the district may submit an identified list of
16 such pupils. The average number of pupil hours of high school attendance in
17 continuation classes per school day as computed above may be augmented by
18 the pupil hours obtained by multiplying the number of names on the list by three,
19 or in the event the district can prove that continuation high school pupils attend
20 classes for an average of more than three hours per day, such larger multiplier
21 may be used. When an identified list of prospective continuation high school

1 pupils is used, the number of pupils on such list shall be excluded from the
2 graded enrollment.

3 (4) "Exceptional children" means those pupils assigned to special education
4 classes as of the latest enrollment, plus a verified count of such pupils who are
5 not attending classes of the district but will become a part of the attendance of
6 the district when approved facilities for such pupils have been completed.

7 (5) "Estimated average daily attendance" means the projected enrollment
8 multiplied by .97 plus the exceptional children assigned to special education
9 classes, plus the pupil units attending high school continuation classes.

10 (6) "Housecount" means an enumeration of new housing units that are under
11 construction, i.e. units that have at least reached the stage of foundations in
12 place, and have not yet been completed and occupied, classified by type of
13 housing unit as the board may prescribe. Such housing units shall not include
14 hotel or motel accommodations or other living quarters generally used as
15 transient or short-term accommodations, but may include spaces under
16 construction for mobile homes which the board determines to be essentially for
17 long-term occupancy. The definition of housecount prescribed herein may be
18 modified from time to time as may be necessary to classify new housing units in
19 the most appropriate manner for the purpose of measuring the pupil yield of such
20 units.

21 Subdivision (c) requires that the projected enrollment shall be determined by the cohort

1 survival method in accordance with the following and by the use of such forms and
2 instructions as the board may prescribe.

3 (1) List either the latest enrollment for the end of the first school month or the
4 subsequent sixth school month and the enrollment for the same period for the
5 three preceding years. All applications approved by the board after April 30 of
6 any given year shall be based on the enrollment as of the end of the sixth school
7 month of the most recent year. Such enrollment shall be listed by level for each
8 grade included in the application. High school applications shall also list the four
9 highest grades of component elementary enrollment.

10 (2) Determine the numerical change in enrollment between each given grade in
11 one year and the next higher grade in the succeeding year for each period and
12 grade listed in (1) above. With respect to kindergarten enrollment (or first grade
13 enrollment if no kindergarten is maintained), determine the numerical change in
14 kindergarten (or first grade) enrollment between each period listed in (1) above,
15 or alternatively, annual changes in enrollment based on a local census or survey
16 of preschool children conducted according to such procedures as the board may
17 prescribe.

18 (3) Compute the average annual change in enrollment for each grade
19 maintained at the grade level of the application. The average shall be a weighted
20 average computed by multiplying the most recent annual change in enrollment
21 by three, the next most recent change by two, and the earliest change by one,

1 and dividing the sum of the weighted changes by six.

2 (4) Progress the latest reported enrollment through the applicable two or three
3 year projection period, modifying the grade progression each year by the
4 average annual change for each grade as computed in (3) above.

5 Subdivision (d) requires that the estimated average daily attendance as defined in
6 Subsection (b)(5) above must be computed from the projected enrollment,. Subdivision
7 (e) provides that in the event that there is good reason to believe the number of pupils
8 being added from construction of new housing units exceeds the number implicit in the
9 cohort survival computation and when the land area of the district is less than 75%
10 developed, the board may, at its discretion, modify the estimated average daily
11 attendance as follows:

12 (1) Determine the graded enrollment one year from the latest reported
13 enrollment by a one-year grade progression, adjusted for dropouts at the high
14 school level.

15 (2) Determine the enrollment derived from new homes implicit in the cohort
16 survival computation as follows: (i) Subtract the enrollment computed in (1)
17 above from the one-year projection of enrollment as determined by the cohort
18 survival method; (ii) To the remainder, add two percent of the latest enrollment
19 for the end of the first or sixth school month, whichever is applicable. If the
20 foregoing computations result in a negative number, the number shall be
21 deemed to be zero.

1 (3) Determine the pupil yield per housing unit of housecount, as established by a
2 survey of occupied housing units in the district, for the current year and the two
3 preceding years. The survey shall take into consideration the different pupil
4 yields of multiple and single family housing units or other significant yield
5 characteristics. The current year yield factor for each type of housing unit shall
6 be modified by the average annual difference of the factor for each type for the
7 two preceding years.

8 (4) I [sic] the event that prior year data referred to in (3) is unavailable, the
9 current yield factor shall be modified as the board shall prescribe.

10 (5) Establish the pupil yield of the housecount by multiplying the number of
11 housing units in the housecount by the applicable yield per housing unit as
12 determined above. Subtract the enrollment from new homes determined in (2)
13 above from the yield of the housecount; the result of this computation is the
14 amount by which the graded enrollment computed under the cohort survival
15 method shall be changed.

16 (6) The housecount and surveys described in (3) and (4) shall be conducted by
17 the district in accordance with methods, procedures, and standards which are
18 approved by the Office of Local Assistance with respect to each specific case.

19 Subdivision (f) provides that other provisions of this section notwithstanding, high
20 school enrollment of a district or attendance area for the end of the first school month
21 may be used for estimating ADA.

1 Title 2, California Code of Regulations, Section 1865.31, (added in 1978),
2 subdivision (a) provides that “as permitted by Section 17741 [referring to current
3 Education Code Section 17041], a district may file an application based upon a high
4 school attendance area rather than a districtwide basis. A high school district or a
5 unified school district filing on a high school level would base its application on
6 enrollment estimated to attend such high school and upon facilities already existing in
7 such high school attendance area. An elementary school district or unified district filing
8 on an elementary level would base its application on the enrollment and existing
9 facilities of the elementary schools serving the high school attendance area under
10 consideration.” Subdivision (b) requires that “the estimated average daily attendance of
11 a high school attendance area as permitted by Section 17741 of the act for determining
12 the allowable building area, when the district is applying only on a high school
13 attendance area basis as opposed to a districtwide basis, shall be computed in the
14 same manner as that set forth in regulation 1865.30, except that the enrollment used in
15 such computation shall be that of the high school attendance area rather than the entire
16 district and shall be certified by the district.” Subdivision (c) requires that “In those
17 instances where the high school attendance area results in a split in individual
18 attendance areas of the contributing elementary or junior high schools, an assignment
19 of enrolled pupils in such split attendance areas shall be made by the district in a
20 manner satisfactory to the executive officer.”

21 Title 2, California Code of Regulations, Section 1865.32, (added in 1978),

1 provides that "in order to expedite a total school facility, a school district may first apply
2 for a project which includes only the advance purchase of the land and preparation of
3 plans and specifications. The acquisition of the site and the plans preparation shall be
4 based on justification documents for the total school facility."

5 Title 2, California Code of Regulations, Section 1865.32.5, (added in 1978 and
6 last amended in 1984), subdivision (a), provides that "if the board determines that it will
7 not be economical or practical to utilize all existing facilities of the district, project
8 approval then will be contingent upon the agreement by the district to dispose of any
9 salable interest in any building or site that the board determines cannot be utilized and
10 contribute the net proceeds of the sales to the State School Building Lease-Purchase
11 Fund as rents pursuant to Section 17732 [referring to current Education Code Section
12 17032] of the act." Subdivision (b) requires that "approval of a project applied for
13 pursuant to Section 17741 [referring to current Education Code Section 17041] of the
14 act will be contingent upon the conditions specified in subdivisions (a) and (b) of this
15 section."

16 Title 2, California Code of Regulations, Section 1865.33, (added in 1978 and last
17 amended in 1981), subdivision (a), requires that "no project shall be approved, the
18 building area of which, when added to the area of adequate school construction existing
19 in the applicant school district or the applicable high school attendance area if the
20 application is filed on such basis, will provide a total area of school building construction
21 in excess of that computed pursuant to Education Code Sections 17740 through

1 17749." Subdivision (b) requires that "all of the existing building area owned or
2 operated by the district regardless of conditions or purpose for which used, shall be
3 reported to the board by the district as prescribed in this regulation. Where an allowable
4 building area is computed on the basis of an attendance area as provided by Section
5 17741 of the act, the existing building area shall be considered the building area within
6 such attendance area." Subdivision (c) requires that "existing adequate building area
7 shall include all existing building area not otherwise excluded by the act or these
8 regulations, building area for which applications have been approved under any state or
9 federal building program, any building area being acquired by any lease-purchase
10 agreement, proposed building area which has been otherwise financed or any building
11 area which has been used to justify any site and/or plans lease-purchased project
12 under this act. Existing building area shall be excluded as follows:

13 (1) The area of any building to which Article 3 of Chapter 2, Part 23 of the
14 Education Code would not apply.

15 (2) The area of any relocatable structure for temporary use building under lease
16 pursuant to Education Code Sections 39243 or 39246.

17 (3) The area of any district administration or district maintenance facilities except
18 those constructed pursuant to the Leroy F. Greene State School Building
19 Lease-Purchase Law of 1976."

20 Subdivision (d) requires that "existing and proposed building area shall be computed in
21 accordance with the following:

- 1 (1) All measurements shall be made from exterior rough wall lines.
- 2 (2) Totally enclosed space shall be counted as full area. Among the various
3 types of space to be included shall be areas such as:
- 4 (A) Basement rooms and basement boiler rooms.
- 5 (B) Heater rooms, including those above the normal floor level.
- 6 (C) Each floor of multi-story buildings.
- 7 (D) The area of completely enclosed stairs for each floor level served.
- 8 (3) Certain partially enclosed areas shall be counted as full area and shall
9 include:
- 10 (A) Open, covered areas which provide shelter between buildings that are
11 less than 20 feet apart.
- 12 (B) Mezzanines open on one or more sides which may easily and readily
13 be used or converted to use as instructional space or passageways.
- 14 (C) Each floor of library stacks.
- 15 (4) Covered unenclosed space shall be counted as one-half of the actual area.
16 Included in such space are:
- 17 (A) Open, covered passages, arcades, shelters, porches, and planting
18 areas.
- 19 (B) Open, covered areas which provide shelter between buildings that are
20 20 feet apart or more.
- 21 (C) Overhangs and sun control devices which are so designed and

1 located that they function as, and in lieu of, covered walks or other shelter
2 areas.

3 (D) Mezzanines for storage purposes.

4 (5) Areas which shall not be counted include:

5 (A) Eaves and sun control devices except as specified above.

6 (B) Unsheltered platforms and steps.

7 (C) When isolated from building structures, the area of incinerators,
8 pumphouses, transformer vaults, and service yards.

9 (D) Elevator shafts where constructed in order to comply with Chapter 7 of
10 Division 5 of the Government Code (commencing with Section 4450),
11 relating to facilities for handicapped persons.

12 (E) That portion of the area below the first floor of a multistory building
13 used exclusively for employee parking, provided the board finds that
14 other means of parking are not economically feasible.”

15 Title 2, California Code of Regulations, Section 1865.34, (added in 1978 and last
16 amended in 1981), subdivision (a) provides that “in conformity with the requirements of
17 Section 17747 of the Education Code [referring to current Education Code Section
18 17047], the board establishes allowable building areas for the education of physically
19 handicapped, educationally handicapped, and mentally retarded minors, to be
20 computed as follows:

21 (1) Divide the number of eligible pupils by the maximum class size established by

1 law for special day classes for the type of pupils to be enrolled and increase the
2 quotient to the next highest integer where a fractional amount is produced.

3 (2) Multiply the number computed in (1) by the maximum building area allowance
4 when the facility is planned for the following types of exceptional children:

5 (3) When the chronological age span of educable mentally retarded minors is
6 greater than four years, the maximum class size shall be 15 pupils.

7 (4) When facilities to be constructed will include occupational therapy, physical
8 therapy, and related auxiliary spaces for orthopedically handicapped minors,
9 additional building area allowances for such spaces of up to 5,200 square feet
10 shall be made if the facility is designed for one to three classes and up to 7,000
11 square feet for four to eight classes.

12 (5) When facilities are to be constructed for deaf-blind multihandicapped, a
13 one-time additional building area allowance of 500 square feet per school will be
14 made for the initial construction of facilities.

15 (6) When facilities are to be constructed for blind or partially seeing minors
16 served in an integrated instructional program which is housed in two or more
17 schools, the building area allowance may be allocated among the schools when
18 approved by the Department of Education. No area of instruction shall be
19 allowed which is less than 200 square feet.

20 (7) When facilities are to be provided for minors having speech defects or
21 disorders, additional building area per school is permitted. This additional area

1 allowance is limited to:

2 (A) 200 square feet of new building area per school in schools
3 constructed after July 1, 1968, where such schools are designed to
4 permit utilization for remedial and other special services.

5 (B) 200 square feet of new building area per school in schools
6 constructed between July 1, 1933 and July 1, 1968, where such
7 additional area allowance is used for the construction of a new speech
8 facility.

9 (C) Conversion of existing facilities or a combination of new construction
10 and conversion of such existing facilities to provide housing for such
11 minors having speech defects or disorders, provided the cost does not
12 exceed the computed cost for 200 square feet of new classroom
13 construction based upon cost standards adopted by the board.

14 (D) The acquisition of mobile speech therapy facilities, provided the cost
15 does not exceed the combined computed cost for 200 square feet of new
16 classroom construction, based upon cost standards adopted by the
17 board, at all such schools which will be served by the mobile facility.”

18 Title 2, California Code of Regulations, Section 1865.35, (added in 1978),
19 subdivision (a), requires that “for the purpose of computing the building area allowance
20 for small elementary school districts in accordance with Section 17743 of the Education
21 Code, the following shall apply:

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

(1) In an applicant district maintaining any combination of grades kindergarten through 6 with an estimated average daily attendance of less than 300 in such grades:

Estimated ADA in Kindergarten and Grades 1-6	Maximum Total Building Area (Sq. Ft.)
6-25	1,600
26-50	3,800
51-75	5,700
76-100	7,200
101-133	8,415
134-166	10,200
167-199	12,000
200-232	13,360
233-285	15,675
286-299	16,500

(2) In an applicant district maintaining any combination of grades kindergarten through 8 with an estimated average daily attendance of less than 300 in grades kindergarten through 6, there shall be allowed, in addition to the maximum total building area shown above, a maximum area of 75 sq. ft. for each attendance unit in grades 7 and 8."

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 Title 2, California Code of Regulations, Section 1865.36, (added in 1978 and last
2 amended in 1990), subdivision (a), requires that “the estimated average daily
3 attendance for continuation high schools shall be based on those pupil units attending
4 continuation classes (as defined in Section 1865.30(b)(3) of these regulations) which
5 are assigned to the continuation high school.” Subdivision (b) requires that building
6 area shall be allowed for the continuation high school in accordance with the following
7 schedule:

8 Pupil Units	9 of Continuation	10 Square Feet of
11 High School	12 Building Area	13
14 5 to 20	15	16 2,300
17 21 to 40	18	19 2,300 + 125 for each pupil unit over 20
20 41 to 60	21	22 4,800 + 120 for each pupil unit over 40
23 61 to 90	24	25 7,200 + 115 for each pupil unit over 60
26 91 to 120	27	28 10,650 + 105 for each pupil unit over 90
29 121 to 150	30	31 13,800 + 90 for each pupil unit over 120
32 Over 150	33	34 16,500 + 60 for each pupil unit over 150

35 Subdivision (c) requires that “for purposes of this section, a continuation high school
36 must be physically and operationally distinguishable from other schools. If the
37 continuation high school shares space with another type of school, it can be considered
38 to be a continuation high school within the meaning of this section only if the district can

1 show conclusively that the continuation facility is in fact a separate institution with its
2 own administration, teaching staff, and course of study, located in a clearly identifiable
3 building area.”

4 Title 2, California Code of Regulations, Section 1865.37, (added in 1978),
5 provides that “in the event the existing area of the district as determined pursuant to
6 Section 17742 [referring to current Education Code Section 17042] of the act results in
7 a district being unable to apply for the minimum amount of essential instructional
8 facilities required, the existing area may be reduced, with the approval of the board, by
9 an amount sufficient to permit such essential instructional facilities to be constructed
10 under the act. Such reduction shall be construed as being for the purpose of alleviating
11 any substantial hardship which might otherwise occur.”

12 Title 2, California Code of Regulations, Section 1865.38, (added in 1978),
13 subdivision (a), requires that “pursuant to Section 17717 [referring to current Education
14 Code Section 17017] of the act, the board shall establish allowable school building cost
15 standards which shall be effective until next revised.” Subdivision (b) requires that “no
16 application or bid shall be approved and no funds shall be provided for any construction
17 which exceeds the allowable costs established as provided herein. In the event,
18 however, that it is shown from any studies by the board that actual building costs in an
19 area or portion of an area differ substantially from the allowable costs established for
20 the area, the board may at any time revise the allowable building cost standards for the
21 area or create additional areas and establish appropriate allowable cost standards for

1 such additional areas.”

2 Title 2, California Code of Regulations, Section 1865.39, (added in 1978),
3 requires that “where a school district requests an increased cost allowance for the
4 design and construction of facilities which will conserve unreplenishable energy
5 resources pursuant to Section 17718 [referring to current Education Code Section
6 17018] of the act, a life cycle cost comparison must be submitted to the board. Such
7 cost comparison shall be prepared by a competent authority and provide for the
8 amortization of the increased cost allowance over a period not to exceed the lesser of
9 30 years or the term of the lease.”

10 Title 2, California Code of Regulations, Section 1865.40, (added in 1978 and last
11 amended in 1984), subdivision (a), requires that “no project shall be approved for
12 reconstruction, the cost of which will exceed cost standards established by the board for
13 replacement of the amount of area equivalent to the actual reconstruction area.
14 Subdivision (b) requires that “no building shall be replaced until the board has made a
15 finding that it would not be economical or good practice to reconstruct the school
16 facilities to meet present-day educational and structural standards.”

17 Title 2, California Code of Regulations, Section 1865.41, (added in 1978 and last
18 amended in 1984), subdivision (a), provides that “site development for new building
19 area may be included as a part of the project and classified as follows:

- 20 (1) Utility Services may include but are not limited to facilities required to bring
21 water, sewer, electricity, telephone, and fuel supply services to such suitable

1 point on the site as may be necessary for the functioning of a project.

2 (2) Off-site Development may include but is not limited to such street
3 improvements as are in line with the approved standards of the board and as are
4 determined by the executive officer to be necessary. However, whenever a
5 school building to be constructed pursuant to an apportionment under the act is
6 situated in a city, city and county, or county which requires the construction of
7 any street or road connected with the school premises on which the building is
8 situated, the board shall review the requirement and recommend to the entity in
9 question a plan of construction adequate to meet the needs of the school district
10 and safety of the public. Thereafter, if any different plan of improvement or
11 improvement to higher standards than so recommended is required by such
12 entity, the additional cost shall be borne by the entity as provided in Section 2117
13 of the Streets and Highways Code.

14 (3) Service Site Development may include but is not limited to site clearance,
15 rough grading, and drainage which may be required to make a site usable in
16 accordance with standards established by the board.

17 (4) General Site Development may include but is not limited to any other
18 development of a site, including such items as grading (except rough grading),
19 walks, curbs, roadways, parking areas, fencing, flagpoles, incinerators,
20 hand-surfaced and turfed play areas, landscaping, and playground equipment.

21 In the event the proposed construction consists of an addition to an existing school

1 plant (whether financed by State Funds or by other means) the countable existing
2 construction area and the existing site development shall be evaluated by the Director
3 of General Services in determining any allowance for general site development.”

4 Subdivision (b) provides that “site development for reconstruction is limited to
5 replacement of walks or paving which are destroyed as a result of the reconstruction
6 work, and may be required for handicapped requirements. Off-site work and utilities will
7 not be considered unless justification has been submitted that the reconstructed facility
8 cannot be adequately functional without such improvements.”

9 Title 2, California Code of Regulations, Section 1865.42, (added in 1978),
10 subdivision (a), provides that “furniture and equipment may be included as part of the
11 project.” Subdivision (b) requires that “cost standards for furniture and equipment shall
12 be established on a quarterly basis by the board based upon the kinds, quality,
13 quantities, and costs of furniture and equipment most commonly acquired by school
14 districts for comparable facilities.” Subdivision (c) requires that “before requesting funds
15 for furniture and equipment for a project, the district shall give full consideration to all
16 usable furniture and equipment existing in the district. The district may apply for funds
17 to provide such furniture and equipment as needed to complete the project within the
18 standards established by the board. The furniture and equipment allowance for
19 replacement or reconstruction projects cannot exceed 50% of the allowance for
20 comparable new facilities unless specifically approved by the board.” Subdivision (d)
21 requires that “an allowance will be calculated for each construction project in

Test Claim of Clovis Unified School District
School Facilities Funding Requirements

1 accordance with 1865.42(b) and (c) above. The amount so calculated will be authorized
2 as the cash allowance for the project to be expended by the district in furnishing and
3 equipping the project." Subdivision (e) requires that "furniture and equipment shall be
4 purchased by the district by competitive bidding where required to do so by the
5 Education Code or other provisions of law. However, even where the district is not
6 otherwise required to purchase the same through competitive bidding, the board may
7 require the district to do so where it believes that it is likely that such bidding would
8 result in a lower cost than other methods."

9 Title 2, California Code of Regulations, Section 1865.43, (added in 1980),
10 subdivision (a), requires that "the district shall make all repairs, renewals and
11 replacements necessary to keep the project in good repair, working order and condition
12 at all times. All costs for this purpose will be borne by the district." Subdivision (b)
13 requires that "in the event the project requires repairs, renewals or replacements as a
14 result of damages from any cause, casualty, or otherwise, the district shall make the
15 same. In such event the board shall contribute any insurance funds available to it for
16 this purpose."

17 ARTICLE 5. PROJECT APPROVAL AND LEASE-PURCHASE AGREEMENTS

18 Title 2, California Code of Regulations, Section 1865.50, (added in 1978 and last
19 amended in 1980), provides that "the board may approve in whole or in part any
20 application submitted pursuant to the Act. Upon receipt of the application, the executive
21 officer shall review it for proper form and compliance with statutes and regulations of

1 the board. After such review and any necessary corrections, the executive officer shall
2 present the application to the board with recommendations, in whole or in such part as
3 will satisfy the board's policy of approving funds for feasibility studies, site acquisition
4 and/or preparing plans and specifications, and project construction in separate
5 increments, whereupon the board shall consider the application provided it (the
6 application) has sufficient priority to warrant such consideration. If the application meets
7 with the board's approval, it shall grant its approval and shall make an apportionment
8 for the financing of the project from any sources available for such purposes. The
9 apportionment shall be conditioned upon the district subsequently entering into a
10 lease-purchase agreement with the state. After such approval and apportionment of
11 funds, the executive officer of the board shall authorize the district, as the agent of the
12 board, to perform all acts necessary to effectively complete the particular phase of the
13 approved project. Such authorization shall be specifically set forth in writing to the
14 district and shall be conditioned upon the district having entered into or subsequently
15 entering into a lease-purchase agreement with the board either in the form of (1) a
16 lease-purchase for feasibility studies, (2) the lease-purchase of a site and/or plans, or
17 (3) the lease-purchase of an entire project. Failure on the part of the district to enter into
18 such agreement shall invalidate such authorization, and any obligations incurred as a
19 result thereof shall become the sole responsibility of the district. Upon receipt of
20 successive phases of the project, the executive officer shall have the authority to
21 amend the project budget within the apportionment so made or to reduce the total

1 appportionment to conform to the project as bid. The executive officer is authorized to
2 enter into a lease-purchase agreement or agreements with the district on behalf of the
3 board.”

4 Title 2, California Code of Regulations, Section 1865.51, (added in 1978 and last
5 amended in 1980), subdivision (a), requires that “in addition to complying with any other
6 requirements of these regulations or the act, the board, at the time of making an
7 appportionment, shall:

8 (1) Approve a total estimated cost and a budget for the project.

9 (2) Prescribe the purposes for which an appportionment may be expended.

10 (3) Prescribe the manner, terms, and conditions for releasing the appportionment
11 to the district.”

12 Subdivision (b) requires that “notwithstanding anything to the contrary in these
13 regulations, the board shall have power to modify any appportionment or resolution of
14 appportionment where it determines good cause exists therefor.”

15 Title 2, California Code of Regulations, Section 1865.52, (added in 1980),
16 requires that “the rental payments required by Section 17732 [referring to current
17 Education Code Section 17032] of the act will become due and payable on September
18 15 following the date the lease-purchase agreement is executed and on each
19 successive September 15th thereafter during the life of this agreement. The payment
20 may be in the form of a contribution toward the cost of an ongoing project or as a direct
21 remittance. An Annual Certification of Funds Available for Rents shall be submitted by

1 each district prior to August 15 each year. The payment required for a district desiring to
2 exercise an option to purchase shall be the total cost of the project less any rental
3 payments made or to be made from sources identified in Section 17732(c) and (d) of
4 the act.”

5 ARTICLE 6. PROJECT BUDGET

6 Title 2, California Code of Regulations, Section 1865.60, (added in 1978 and last
7 amended in 1981), requires that “the project budget prescribed by the board shall be
8 set up in such a manner as to contain all costs attributable to the project, categorized
9 as follows: Sites; Plans; Construction; Tests; Inspection; Furniture and Equipment; and
10 Contingencies. Within these major categories the following limitations shall apply:

11 (1) Sites:

12 (A) The board shall not authorize the expenditure of any funds for real
13 property in excess of the fair market value of such property.

14 (B) Relocation assistance costs to landowners or persons displaced
15 pursuant to Sections 7260 et seq. of Chapter 16, Division 7, Title I of the
16 Government Code, referred to as the “Relocation Assistance Law,” in
17 conjunction with an acquisition of a site for which an application for a
18 lease-purchase project is made, shall be administered by the district
19 affected in accordance with the requirements of said sections.

20 (2) Plans:

21 (A) Fees for architectural and engineering services, including architectural

1 supervision, shall not exceed the standards established by the board.

2 (B) The board shall require that each architectural contract contain a
3 clause to the effect that the architect shall be responsible for making,
4 without additional cost to the district, any changes or redesigning made
5 necessary as a result of the bids exceeding the cost standards
6 established by the board.

7 (C) Any other plan fees or changes required by law.

8 (3) Construction: Costs shown for construction shall not exceed the cost
9 standards established by the board.

10 (4) Tests: The amount for tests shall be limited to the actual costs of tests which
11 are required by Title 21 of the California Administrative Code or other applicable
12 provisions of law, or which are in accordance with good or accepted practice.

13 (5) Inspection: The amount for inspection shall be limited to such amounts as is
14 required to insure that the project is completed in accordance with plans and
15 specifications and any other legal requirements.

16 (6) Furniture and Equipment: The amount for furniture and equipment shall be
17 limited to that determined pursuant to Section 1865.42 hereof.

18 (7) Contingencies:

19 (A) An amount may be included for contingencies which shall not exceed
20 such maximums as the board may prescribe for any class of application
21 or value of facilities in a project budget.

1 (B) Contingency funds may be used only after specific approval by the
2 executive officer for items of construction or other approved project costs
3 where the cost increase or the item required is necessary for the
4 completion of a facility which has been approved by the board.”

5 Title 2, California Code of Regulations, Section 1865.61, (added in 1978),
6 subdivision (a), provides that “the executive officer may revise any item within a project
7 budget, upward or downward, provided that no such revision results in an increase in
8 the total amount of the project budget approved by the board.” Subdivision (b) provides
9 that “the executive officer may reduce any apportionment as may be necessary to
10 reflect any revision made pursuant to (a) above.”

11 ARTICLE 7. DISPOSITION OF PROPERTY

12 Title 2, California Code of Regulations, Section 1865.70, (added in 1980),
13 provides that “whenever a district disposes by sale or lease of any land or buildings no
14 longer needed for school purposes, the net proceeds therefrom shall be remitted to the
15 state, as rental payments pursuant to Education Code Section 17732 [referring to
16 current Education Code Section 17032 providing that the board shall fix rents for all
17 projects acquired and may change the rents from time to time as may be needed]. Such
18 payment(s) shall be applied to the outstanding balance of any approved projects in the
19 order(s) of approval.”

20 Title 2, California Code of Regulations, Section 1865.70.5, (added in 1982),
21 provides that “whenever disposition of a surplus school site is required as a condition of

1 approval of a project and an apportionment of funds pursuant to Education Code
2 Section 17760 et. seq. ["Joint Venture School Facilities Construction Projects"], the
3 existence of the surplus school site shall be deemed to be justified in accordance with
4 the provisions of Education Code Section 17762 [providing that joint venture
5 agreements shall include, but not be limited to (1) the cost of the approved project, (2) a
6 detailed description of the project, (3) the timeframe for completion of the project, and
7 (4) a requirement that there shall be no state liability if funds are not available within a
8 four-year period] while the disposition process is occurring."

9 Title 2, California Code of Regulations, Section 1865.71, (added in 1978 and last
10 amended in 1980), subdivision (a), requires that "excess improvements acquired with a
11 site purchase shall be offered for sale prior to the advertising of a project for
12 construction bids, in accordance with the method and manner prescribed for the sale of
13 personal property under Section 39520 et seq. of the Education Code. The net
14 proceeds received from any such disposition shall be deposited in the County School
15 Lease-Purchase Fund as a credit against the cost of the project." Subdivision (b)
16 requires that "when facilities acquired with a site purchase have been offered for sale
17 pursuant to Section 39520 et seq. [referring to current Section 17545 providing that the
18 governing board of any school district may sell for cash any personal property belonging
19 to the district if the property is not required for school purposes, or if it should be
20 disposed of for the purpose of replacement, or if it is unsatisfactory or not suitable for
21 school use] of the Education Code and no acceptable bids are received prior to the time

1 the construction project is ready to be advertised for construction bids, the district shall
2 adopt a resolution making a finding that the property is of insufficient value to defray the
3 costs of arranging a subsequent sale as provided by Section 39521(b) [referring to
4 current Section 17545(b) providing that the governing board may choose to conduct
5 any sale of personal property by means of a public auction conducted by employees of
6 the district or other public agencies, or by contract with a private auction firm] of the
7 Education Code and proceed to demolish such property using funds approved in the
8 project for this purpose.”

9 ARTICLE 8. LEASE-PURCHASE OF SITES AND PLANS

10 Title 2, California Code of Regulations, Section 1865.75, (added in 1978),
11 subdivision (a), requires that “except as otherwise provided by the act or these
12 regulations, the provisions of these regulations shall apply to applications for sites
13 and/or plans and specifications made pursuant to Section 17720 [referring to current
14 Education Code Section 17020] of the act.” Subdivision (b) provides that “nothing
15 contained in the regulations shall be construed to prohibit the executive officer from
16 entering into a lease agreement with option to purchase for a site and/or plans pursuant
17 to Regulation 1865.32 without construction, even though such items may constitute only
18 a part of the project as approved by the board. A lease-purchase agreement or
19 agreements may be subsequently entered into by the executive officer for the balance
20 of the project.”

PART III. STATEMENT OF THE CLAIM

SECTION 1. COSTS MANDATED BY THE STATE

The Lease-Purchase Applicant Handbook of April 1998, School Facility Program Guidebook of January 2003, State Relocatable Classroom Program Handbook of January 2003, and Substantial Progress and Expenditure Audit Guide of May 2003, and their preceding editions, are "Executive Orders" as defined in the Government Code Section 17516⁴²², together with the code sections and the regulations referenced in this test claim result in school districts, county offices of education and community college districts incurring costs mandated by the state, as defined in Government Code Section 17514⁴²³, by creating new state-mandated duties related to the uniquely

⁴²² Government Code Section 17516, added by Chapter 1459, Statutes of 1984, Section 1:

"'Executive Order' means any order, plan, requirement, rule, or regulation issued by any of the following:

- (a) The Governor.
- (b) Any officer or official serving at the pleasure of the Governor.
- (c) Any agency, department, board, or commission of state government.

'Executive Order' does not include any order, plan, requirement, rule, or regulation issued by the State Water Resources Control Board or by any regional water quality control board pursuant to Division 7 (commencing with Section 13000) of the Water Code. It is the intent of the Legislature that the State Water Resources Control Board and regional water quality control boards will not adopt enforcement orders against publicly owned dischargers which mandate major waste water treatment facility construction costs unless federal financial assistance and state financial assistance pursuant to the Clean Water Bond Act of 1970 and 1974, is simultaneously made available. 'Major' means either a new treatment facility or an addition to an existing facility, the cost of which is in excess of 20 percent of the cost of replacing the facility."

⁴²³ Government Code Section 17514, as added by Chapter 1459/84:

"'Costs mandated by the state' means any increases costs which a local agency

1 governmental function of providing public education and services to students. These
2 statutes apply to school districts, county offices of education and community college
3 districts and do not apply generally to all residents and entities in the state⁴²⁴.

4 The new duties mandated by the state upon school districts, county offices of
5 education and community college districts require state reimbursement of all the direct
6 and indirect costs including labor, material and supplies, data processing services and
7 software, contracted services and consultants, equipment and capital assets, staff and
8 student training and travel to implement the duties required by law. The activities and
9 duties described in the legislative history and the declarations attached are incorporated
10 in their entirety as the statement of duties of this test claim. In addition, the attached
11 declarations incorporate in the statement of duties by reference the "Executive Orders"
12 of the Lease-Purchase Applicant Handbook of April 1998, School Facility Program
13 Guidebook of January 2003, State Relocatable Classroom Program Handbook of

or school district is required to incur after July 1, 1980, as a result of any statute enacted on or after January 1, 1975, or any executive order implementing any statute enacted on or after January 1, 1975, which mandates a new program or higher level of service of an existing program within the meaning of Section 6 of Article XIII B of the California Constitution."

⁴²⁴ Public schools are a Article XIII B, Section 6 "program," pursuant to Long Beach Unified School District v. State of California, (1990) 225 Cal.App.3d 155; 275 Cal.Rptr. 449:

"In the instant case, although numerous private schools exist, education in our society is considered to be a peculiarly government function. (Cf. Carmel Valley Fire Protection Dist. V. State of California (1987) 190 Cal.App.3d at p.537) Further, public education is administered by local agencies to provide service to the public. Thus public education constitutes a 'program' within the meaning of Section 6."

1 January 2003, and Substantial Progress and Expenditure Audit Guide of May 2003,
2 and their predecessor editions.

3 SECTION 2. EXCEPTIONS TO MANDATE REIMBURSEMENT

4 None of the Government Code Section 17556⁴²⁵ statutory exceptions to a finding
5 of costs mandated by the state apply to this test claim. Note, that to the extent the
6 school districts, county offices of education or community college districts may have

⁴²⁵ Government Code section 17556, as last amended by Chapter 589, Statutes of 1989:

"The commission shall not find costs mandated by the state, as defined in Section 17514, in any claim submitted by a local agency or school district, if, after a hearing, the commission finds that:

(a) The claim is submitted by a local agency or school district which requested legislative authority for that local agency or school district to implement the program specified in the statute, and that statute imposes costs upon that local agency or school district requesting the legislative authority. A resolution from the governing body or a letter from a delegated representative of the governing body of a local agency or school district which requests authorization for that local agency or school district to implement a given program shall constitute a request within the meaning of this paragraph.

(b) The statute or executive order affirmed for the state that which had been declared existing law or regulation by action of the courts.

(c) The statute or executive order implemented a federal law or regulation and resulted in costs mandated by the federal government, unless the statute or executive order mandates costs which exceed the mandate in that federal law or regulation.

(d) The local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the mandated program or increased level of service.

(e) The statute or executive order provides for offsetting savings to local agencies or school districts which result in no net costs to the local agencies or school districts, or includes additional revenue that was specifically intended to fund the costs of the state mandate in an amount sufficient to fund the cost of the state mandate.

(f) The statute or executive order imposed duties which were expressly included in a ballot measure approved by the voters in a statewide election.

(g) The statute created a new crime or infraction, eliminated a crime or infraction, or changed the penalty for a crime or infraction, but only for that portion of the statute relating directly to the enforcement of the crime or infraction."

1 previously performed functions similar to those mandated by the referenced laws,
2 regulations and executive orders, such efforts did not establish a preexisting duty that
3 would relieve the state of its constitutional requirement to later reimburse the school
4 districts, county offices of education or community college districts when these activities
5 became mandated.⁴²⁶

6 SECTION 3. FUNDING PROVIDED FOR THE MANDATED PROGRAM

7 To the extent that funds are appropriated by the state for reimbursement of
8 these costs mandated by the state and continue to be appropriated and received by the
9 school districts, county offices of education and community college districts, these
10 amounts shall offset the costs incurred to implement the mandate source.

11 Also, to the extent that bonds proceeds can be utilized to fund the administration
12 costs of implementing the mandate, those amounts would offset the cost of those
13 administration.

14
15
16
17
18
⁴²⁶ Government Code section 17565, added by Chapter 879, Statutes of 1986:

“If a local agency or a school district, at its option, has been incurring costs which are subsequently mandated by the state, the state shall reimburse the local agency or school district for those costs incurred after the operative date of the mandate.”

School Facilities Funding Requirements

I, William C. McGuire, Associate Superintendent, Clovis Unified School District, make the following declaration and statement.

In my capacity as Associate Superintendent, I am responsible for the acquisition of funding for school facility construction. I am familiar with the provisions and requirements of the statutes, code sections, regulations, and the implementing guidelines enumerated above, which require the district to:

PART 10 "SCHOOL BONDS"

CHAPTER 1.5 "STRICT ACCOUNTABILITY IN LOCAL SCHOOL CONSTRUCTION

BONDS ACT OF 2000," as added by Chapter 44, Statutes of 2000, Section 3:

Article 1. General Provisions

- a. When the governing board decides, with a two-thirds vote, to pursue the issuance of bonds under Paragraph (3), Subdivision (b), Section 1, of Article XIII A of the California Constitution and Subdivision (b), Section 18, of Article XVI of the California Constitution, an election shall be ordered, as may be necessary, on the question of whether bonds shall be issued under Subdivision (b), Section 18, of Article XVI of the California Constitution at a primary election, a regularly scheduled local election, or

- a statewide special election, pursuant to Education Code Section 15266, subdivision (a).
- b. Upon resolution to incur bonded indebtedness and after the question has been submitted to the voters, if approved at the election, the governing board cannot, regardless of the number of votes cast in favor of the bond, subsequently proceed under Chapter 2, "Bonds of School Facilities Improvement Districts," pursuant to Education Code Section 15266, subdivision (b).
- c. Issue bonds that do not exceed 2.5 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located, pursuant to Education Code Section 15270, subdivision (a).
- d. Issue, as may be necessary, bonds if the tax rate levied to meet the requirements of Section 18, of Article XVI of the California Constitution in the case of indebtedness incurred under the "Strict Accountability in Local School Construction Bonds Act of 2000" at a single election of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution, pursuant to Education Code Section 15270, subdivision (a).
- e. Include in the computation of its outstanding bonded indebtedness, any outstanding bonds issued for elementary school purposes and high school

purposes, in the respective amounts that the proceeds of the sale of those outstanding bonds, excluding any premium and accrued interest received on that sale, were or have been allocated by the governing board, pursuant to Education Code Section 15270, subdivision (c).

- f. Proceed under the "Strict Accountability in Local School Construction Bonds Act of 2000" on behalf of a school facilities improvement district and act on behalf of the school facilities district as provided under Chapter 2, "Bonds of School Facilities Improvement Districts," pursuant to Education Code Section 15271.
- g. Provide a written statement on all bond ballots stating that the board will appoint a citizens' oversight committee and conduct annual independent audits to assure that funds are spent only on school and classroom improvements and for no other purposes, pursuant to Education Code Section 15272.
- h. Make an entry upon its minutes if it appears from the certificate of election results that 55 percent of the votes cast on the proposition of issuing bonds pursuant to Subdivision (b) of Section 18 of Article XVI of the California Constitution are in favor of issuing bonds, pursuant to Education Code Section 15274.
- i. Certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the district, all proceedings "had in the

premises,” pursuant to Education Code Section 15274.

Article 2. Citizens’ Oversight Committee

- a. If a bond measure is authorized, establish and appoint members to an independent citizens’ oversight committee, within 60 days of the date the governing board enters the election results on its minutes, pursuant to Education Code Sections 15274, 15278, subdivisions (a) and (b), and 15282.
- b. Without expending bond funds, provide the citizens’ oversight committee with any technical assistance and must provide administrative assistance in furtherance of its purpose and sufficient resources to publicize the conclusions of the citizens’ oversight committee, pursuant to Education Code Section 15280, subdivision (a).
- c. Maintain an Internet website to make available the minutes of the proceedings of the citizens’ oversight committee, all documents received and all reports issued, pursuant to Education Code Section 15280, subdivision (b).

Article 3. Bond Accountability – “School Bond Waste Prevention Action”

Respond to any restraining orders filed by a citizen residing in the district who is assessed and is liable to pay, or who has paid within one year before the commencement of any action, an ad valorem tax on real property, pursuant to Education Code Section 15284, subdivision (a).

CHAPTER 2 "BONDS OF SCHOOL FACILITIES IMPROVEMENT DISTRICTS," as added by Chapter 277, Statutes of 1996, Section 2:

Article 1. General Provisions

- a. If the district that has a community facilities district formed under the "Mello-Roos Community Facilities Act of 1982," that has as one of its purposes the construction of school facilities within a portion of the territory of the school district, shall, as may be necessary, proceed under the "Bonds of School Facilities Improvement Districts," pursuant to Education Code Section 15301, subdivision (a).
- b. Proceed without meeting the requirements of previous Duty (a), if the governing board determines it is necessary and in the best interest of the school district to form a school facilities improvement district to finance any or all of the improvements set forth in Section 15302, Duty (g), pursuant to Education Code Section 15301, subdivision (c).
- c. Make a finding that the overall cost of other school facilities financing options available to the school district, including, but not limited to the "Mello-Roos Communities Facilities Act of 1982," pursuant to Education Code Section 15301, subdivision (c).
- d. Define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the school district, except that the boundaries may not include all or a portion of the territory

of the community facilities district described in Duty (a), pursuant to Education Code Section 15301, subdivision (c).

- e. Comply with the filing requirements established by Section 54902 of the Government Code (providing that on or before December 1 of the year immediately preceding the year in which the assessments or taxes are to be levied, the statement shall be filed with the auditor of each levying county, and the statement and the map or plat shall be filed with each assessor whose roll is used for the levy and with the State Board of Equalization in Sacramento), pursuant to Education Code Section 15301, subdivision (d).
- f. Specifically identify any property, located within the school district, that is not located within the improvement district established by the school district or community college district under this chapter, pursuant to Education Code Section 15301, subdivision (d).
- g. Issue general obligation bonds for the following purposes, if the purpose of the bonds is to benefit the land within the school facilities improvement district consistent with any of the following:
 - (1) To purchase real property upon which to construct school facilities, pursuant to Education Code Section 15302, subdivision (a);
 - (2) To build or purchase school facilities, pursuant to Education Code Section 15302, subdivision (b);

- (3) To make alterations or additions to the school facilities other than those necessary for ordinary maintenance, operation, or repairs, pursuant to Education Code Section 15302, subdivision (c);
- (4) To repair, restore, or rebuild any school facilities damaged, injured, or destroyed by fire or other public calamity, pursuant to Education Code Section 15302, subdivision (d);
- (5) To supply playgrounds with furniture, equipment, or necessary apparatus of a permanent nature, pursuant to Education Code Section 15302, subdivision (e);
- (6) To permanently improve school grounds, pursuant to Education Code Section 15302, subdivision (f);
- (7) To refund any valid outstanding indebtedness of the school facilities improvement district that is evidenced by bonds, pursuant to Education Code Section 15302, subdivision (g);
- (8) To carry out the projects or purposes authorized in Section 17577 (granting the governing board of each school district the power to provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property), the constructing of which may be paid from the building fund, including any bond moneys therein), pursuant to Education Code Section 15302, subdivision (h); and/or

- (9) To demolish or raze any school building with the intent to replace it with another school building, whether in the same location or in any other location, pursuant to Education Code Section 15302, subdivision (i).
- h. Provide the information to allow the board of supervisors of the county in which the superintendent of schools having jurisdiction over the school district or community college district in which the school facilities improvement district is located or, if a school facilities improvement district lies in two or more counties, the board of supervisors for those counties, to adopt by a majority vote this chapter before it becomes operative and applicable to any county or counties, pursuant to Education Code Section 15303.

Article 2. Formation of a District

- a. Adopt a resolution of intention that states all of the following:
 - (1) The intention of the governing board to form the proposed school facilities improvement district, pursuant to Education Code Section 15320, subdivision (a);
 - (2) The purpose for which the proposed school facilities improvement district is to be formed, consistent with the requirements set forth in Section 15302, Article 1, Duty (g), pursuant to Education Code Section 15320, subdivision (b);

- (3) The estimated cost of the school facilities improvement project, pursuant to Education Code Section 15320, subdivision (c);
 - (4) That any taxes levied for the purpose of financing the general obligation bonds issued to finance the project shall be levied exclusively upon the lands in the proposed school facilities improvement district, pursuant to Education Code Section 15320, subdivision (d);
 - (5) That a map showing the exterior boundaries of the proposed school facilities improvement district is on file with the governing board of the school district and is available for inspection by the public, pursuant to Education Code Sections 15301, subdivision (b), and 15320, subdivision (e);
 - (6) The time and place for a hearing by the governing board on the formation of the proposed school facilities improvement district, pursuant to Education Code Section 15320, subdivision (f); and
 - (7) That any interested persons, including all persons owning lands in the school district, or in the proposed school facilities improvement district, may appear and be heard, pursuant to Education Code Section 15320, subdivision (h).
- b. Provide notice of the hearing by publishing a copy of the resolution of intention in a newspaper of general circulation, at least 14 days prior to

the time fixed for the hearing, and must post a copy of the resolution in three public places within the proposed school facilities improvement district for at least 14 days prior to the time fixed for the hearing, pursuant to Education Code Section 15321.

- c. Hold the hearing provided for by resolution of intention at the time and place fixed by that resolution, pursuant to Education Code Section 15322.
- d. At the hearing, adopt a resolution proposing modification, consistent with Section 15302, Article 1, Duty (g), of the purpose stated in the resolution of intention, pursuant to Education Code Section 15323.
- e. Describe, in the district's resolution proposing modification, the proposed modifications, stating the change, if any, in the estimated cost of carrying out the purpose, and fix a time and place for hearing, pursuant to Education Code Section 15323.
- f. Publish the resolution proposing the modifications to the resolution of intention once in the same newspaper in which the resolution of intention was published at least 14 days prior to the date of hearing on the proposed modifications, pursuant to Education Code Section 15324.
- g. Hold the hearing on any proposed modifications at the same time and place as any continued hearing on the resolution of intention and both hearings shall be held and conducted concurrently, pursuant to Education Code Section 15325.

- h. At the conclusion of the hearing on the resolution of intention and of the hearing, if any, upon proposed modifications, order the school facilities district formed for the purpose and with the boundaries described in the resolution of intention, and if relevant, the resolution proposing modifications, pursuant to Education Code Section 15326.
- i. State, in the district's resolution ordering the school facilities improvement district formed, the estimated cost of carrying out the purpose described in the resolution, and number and designate the school facilities improvement district substantially as "School Facilities Improvement District of the ____ School District," pursuant to Education Code Section 15326.
- j. Provide the governing board the same rights, powers, duties and responsibilities with respect to the formation and government of school facilities improvement district as the governing board has with respect to the school district, pursuant to Education Code Section 15327.

Article 3. Financing the Bonds

Must submit, within 30 days after the end of each fiscal year, a report containing the information pertaining to an election under Article 4, "General Provisions for Bond Elections," to the county superintendent of schools who has jurisdiction over the school district along with:

- (1) The total amount of the bond issue, bonded indebtedness, or other indebtedness involved, pursuant to Education Code Section 15336, subdivision (a);
- (2) The percentage of qualified electors who are residents of the school facilities improvement district who voted at the election, pursuant to Education Code Section 15336, subdivision (b);
- (3) The results of the election, with the percentage of votes cast for and against the proposition involved, pursuant to Education Code Section 15336, subdivision (c).

Article 4. General Provisions for Bond Elections

- a. After adopting the resolution ordering the formation of the school facilities improvement district, provide for and call a special bond election within the school facilities improvement district to submit to the voters of the school facilities improvement district a proposition of whether or not an indebtedness of the district shall be incurred and bonds issued therefore in an amount not exceeding the estimate stated in the resolution ordering the school facilities improvement district formed, pursuant to Education Code Section 15340, subdivision (a).
- b. Not call a bond election within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election, pursuant to Education Code Section

- 15341.
- c. Unite and vote upon any purposes enumerated in Section 15302, Article 1, Duty (g), in a single proposition, pursuant to Education Code Section 15342.
 - d. Conduct the bond election in accordance with the Elections Code except as provided by the following:
 - (1) As otherwise provided under Chapter 2 "Bonds of School Facilities Improvement Districts," pursuant to Education Code Section 15343, subdivision (a);
 - (2) That the formal notice of the election shall contain the items specified in Section 5361, pursuant to Education Code Section 15343, subdivision (b).
 - (3) No election shall be held under the provisions of this section in any school facilities improvement district for a period of 90 days after an election in the same school facilities improvement district, pursuant to Education Code Section 15343, subdivision (c).
 - e. Have the ballots prepared to state, "Bonds--Yes" and "Bonds--No," or words of similar import, a brief statement of the proposition, setting forth the amount of the bonds to be voted upon, the maximum rate of interest, the purposes for which the proceeds of the sale of the bonds are to be used, and any other forms and details as required by the ballot provisions

of Part 4 of the Government Code, pursuant to Education Code Sections 15346 and 15347.

- f. If it appears from the certificate of election results that two-thirds of the votes cast by the voters voting on the proposition of issuing bonds of the school facilities improvement district are in favor of issuing the bonds, enter the fact upon the governing board's minutes, pursuant to Education Code Section 15349.
- g. Certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district, all proceedings had in the premises, and the county superintendent of schools shall send a copy of the certificate of election results to the board of supervisors of the county, pursuant to Education Code Section 15349.
- h. Certify the proceedings relating to the authorization of bonds of a school facilities improvement district that is located within a joint school district of any type to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district in which the school facilities improvement district exists, pursuant to Education Code Section 15349.1.

Article 5. Issuance and Sale of Bonds

- a. Adopt a resolution prescribing the total amount of bonds to be sold, and, as may be necessary, prescribe the maximum interest rate, not to exceed

8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, but not more than 25 years from the date of the bonds before the board of supervisors offers bonds of a school facilities improvement district for sale, pursuant to Education Code Sections 15350, 15351, 15354 and 15355.

- b. If the governing board receives satisfactory bids, award the bonds offered for sale to the bidder whose bid will result in the lowest net interest cost for the group or for the bonds of any district within the group, pursuant to Education Code Section 15351.
- c. Issue the bonds in the name of the school facilities improvement district and designate them as "Bonds of the School Facilities Improvement District of the _____ School District" and each bond shall state that the tax for the payment thereof shall be limited to annual taxes levied upon and collected from the lands within the school facilities improvement district, pursuant to Education Code Section 15352.
- d. By action of the governing board, prepare, or have prepared, bond brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of the bonds, the expense of the brochures shall be payable out of the funds of the district, but only after the issuance of the bonds to be sold has been approved by the electors of the school facilities

- improvement district pursuant to Article 4, "General Provisions for Bond Elections," pursuant to Education Code Section 15359.2, subdivision (a).
- e. By action of the governing board, expend funds of the school facilities improvement district for the purposes of advertising the availability of the bonds for purchase in any publication or newspaper that in the opinion of that governing board will give notice to prospective bond buyers that the bonds are available for purchase by bond buyers, pursuant to Education Code Section 15359.2, subdivision (b).
- f. Proceed pursuant to Chapter 1.5 "Strict Accountability in Local School Construction Bonds Act of 2000," and subject to the requirements therein on behalf of a school facilities improvement district that is created by and under the exclusive authority of the school district under this chapter, pursuant to Education Code section 15359.3.

Article 8. Cancellation of Unsold Bonds

- a. Petition the board of supervisors that has jurisdiction of the issuance and sale of the bonds to cause the unsold bonds to be canceled if any bonds authorized under this chapter have not been offered for sale for one year from the date of the election at which they were authorized or remain unsold for a period of six months after having been offered for sale in the manner prescribed by the board of supervisors, pursuant to Education Code Section 15380.

- b. Have the petition signed by a majority of the governing board's members before the board of supervisors will fix a time for a hearing, not more than 30 days after receiving the petition, pursuant to Education Code Section 15381.
- c. Petition the board of supervisors to cancel the remaining authorization of that district to issue and sell bonds resulting from any particular school bond election after the sale of at least 90 percent of the bonds authorized at the election if the amount of the remaining authorization is not more than twenty-five thousand dollars (\$25,000) and in the opinion of the governing board the sale of the remaining bonds would not be economically justified, pursuant to Education Code Section 15384.

Article 9. Purchase of Bonds by Issuing School Districts

- a. Purchase in the open market bonds issued by the school facilities improvement district with available funds from the school facilities improvement fund, pursuant to Education Code Section 15390.
- b. After purchasing the bonds, notify the board of supervisors of its action, describing the bonds purchased, pursuant to Education Code Section 15391.

CHAPTER 12 "THE LEROY F. GREENE STATE SCHOOL BUILDING LEASE-

PURCHASE LAW OF 1976," as added by Chapter 277, Statutes of 1996, Section 2:

Article 1. Application Process

- a. Enter into an agreement with the State to receive funds for the construction, reconstruction, or replacement of school facilities from the State Allocation Board, pursuant to Title 2, California Code of Regulations Section 1865.3.
- b. Prepare an application package to include the following four forms:
 - (1) Projected Average Daily Attendance, Form SAB 411, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-1;
 - (2) Classroom Loading Summary, Form SAB 600S, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-1;
 - (3) Justification Document - New Construction and Modernization/Reconstruction, Form SAB 600, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-1;
 - (4) Application for Apportionment, Form SAB 506, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-1.
- c. Provide historical and current enrollment data that allows for an estimate of the district's future pupil population, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-2.

- d. Estimate the number of students to be generated by a new housing development and those students are factored into the enrollment projection of the district, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-2.
 - (1) Submit the following documentation:
 - i. A development map, identifying each housing unit in the development and the portion of the development that will be under construction within the next year and the number of housing units involved, on an 8 ½ by 11 sheet of paper, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-3; and
 - ii. A cover letter summarizing the information from all maps, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-3.

- e. Provide information about the number of existing classrooms in the district, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-3.
 - (1) Include any teaching station that is at least 800 square feet and was originally designed as a teaching station in determining the number of classrooms in a school district, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-3;

- (2) Not include any teaching station that is less than 600 square feet in determining the number of classrooms in a school district, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-3;
- (3) Count portable classrooms owned by the school district as part of the district's inventory of classrooms, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-3;
- (4) Not include Resource Specialist Program classrooms which were not constructed under the Lease Purchase Program as a result of an allowance as part of the district's inventory of classrooms, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-4;
- (5) Exclude teaching stations acquired or constructed for Class Size Reduction purposes when justified by the Class Size Reduction Classroom Exclusion, Form SAB 526 CSR, from the district's inventory of classrooms, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-4;
- (6) Exclude lease, lease-purchase and lease-with-option-to-buy portable classrooms from the school district's inventory of teaching stations for the initial five (5) years of the agreement, and may be extended for either an additional five (5) years or a two (2) year exclusion period depending on the following criteria:

- i. An additional five-year exclusion may be obtained for leased-only portable classrooms if the use of the leased portable is supported by additional growth of Average Daily Attendance, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-5; or
 - ii. An additional two-year exclusion may be obtained for lease-purchase or lease-with-option-to-buy portable classrooms provided the exclusion is necessary to maintain eligibility for a project previously approved, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-4.
- (7) Include a portable classroom that received an approval for continued use by the State Allocation Board, or portable classroom leased or leased-purchased at less than fair market value in the school district's inventory of teaching stations, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-5;
- (8) Exclude portable classrooms leased under the State Relocatable Classroom Program, Chapter 14, from the school district's inventory of teaching stations, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-5;
- (9) Exclude classrooms that have been continually used for the preceding five years at least 50 percent of the time for operation of

- pre-school programs, or buildings purchased for use as adult education, child care or Regional Occupation Programs with special override taxes, federal funds, local or State funds from the district's classroom inventory, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-5; and
- (10) Exclude, for facilities constructed under the Mello-Roos Community Facilities Act of 1982, those teaching stations but only for purposes of determining eligibility for reimbursement pursuant to Education Code Section 17018.5, and the "Lease-Purchase Applicant Handbook, April 1998," page 1-5.
- f. Determine that the facilities are fully utilized before consideration will be given to fund construction of teaching stations for that grade group, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-4.
- g. Abandon portable classrooms by either submitting a structural report or by the use of the 20 year rule, whereby if the district has owned and/or leased a portable classroom for at least 20 years and the structure was not previously modernized or used to generate modernization eligibility, or elect to abandon the building without a structural review, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," pages 1-4, 9-5. If the district elects to modernize the portable classroom, the district may not

seek abandonment of the facility until the expiration of 20 years from the notice of completion go the modernization work, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-11.

- (1) Make the school district's request for abandonment or rehabilitation to the Office of Public School Construction on the School District Appeal Request, Form SAB 189, and include all normal application documents required for either a new construction or modernization application, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 9-1;
- (2) Request funding either as a Priority 1 or 2 for the replacement or rehabilitation of facilities, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 9-1;
- (3) Qualify for an interim housing allowance for any facility approved for replacement or rehabilitation in accordance with the State Allocation Board's Interim Housing policy for modernization projects, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 9-1;
- (4) Not use any facilities approved for abandonment as a "school building," and portable classrooms abandoned under the 20 year rule must be removed from service within 180 days after filing a notice of completion for the project that replaced the classrooms,

- pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 9-1;
- (5) Replace the abandoned portable classroom with a portable classroom, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 9-5;
- (6) Request to replace an abandoned portable classroom with a permanent classroom, but the district must agree to finance the added building cost allowance of the replacement classroom that exceeds \$35 per square foot, adjusted for the appropriate indices, with either general obligation bonds or Mello-Roos Community Facilities Act bonds, pursuant to Education Code Section 17042.9, and the "Lease-Purchase Applicant Handbook, April 1998," page 9-5. The resulting area of new building construction must be no greater than the area that would be authorized for the lease or purchase of a new portable classroom, pursuant to Education Code Section 17042.9, subdivision (a).
- h. Have historical documentation adopted by the district's board on or before July 1, 1992 that includes a student/teacher ratio lower than the loading standards to reduce the Student Loading Standards by up to three (3) Average Daily Attendance, pursuant to Education Code Section 17047, and the "Lease-Purchase Applicant Handbook, April 1998," page 1-6.

- i. If the school district operates multi-track year-round education schools, request Operational Grant funding from the California Department of Education, but must then reduce the number of students reported by the California Department of Education from the district's eligibility to construct new facilities, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-8. Request a waiver from the preceding duty through the Waiver and Review Committee because of educational or financial hardship, pursuant to Education Code Section 17017.5, subdivision (e), and the "Lease-Purchase Applicant Handbook, April 1998," page 1-8.
- j. Meet the Substantial Enrollment Requirement or agree to an eligibility reduction, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-8.
 - (1) Have enrollment of at least 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and grades 1 to 12, inclusive, in the high school attendance area in which the school district is applying for new facilities, pursuant to Education Code Sections 17017.6 and 17017.7, subdivision (c).
 - (2) Perform the enrollment calculations, certify them to the State Allocation Board, maintain documentation of the calculations, and

be subject to audit, pursuant to Education Code Section 17017.7, subdivision (c).

- k. Assign projected Average Daily Attendance to under 30 year old classrooms before assigning projected Average Daily Attendance to qualifying 30 year or older classrooms, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-10. Projected Average Daily Attendance for classrooms that are at least 30 years old generates a modernization bank of building area that the district may allocate to any school building in the district qualifies to be modernized, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-11. However, the school district must modernize all building areas of the first qualifying building before selecting the next qualifying building, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-11. If the modernization bank is insufficient to modernize the entire building, the school district must fund the excess building area or choose not to modernize the building, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-11.
- l. Identify one or more persons to serve in the capacity of District Representative, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-11.

- m. Have enough classrooms in the district's project to adequately house the Average Daily Attendance assigned, or certify that the district has reviewed its education plan with the California Department of Education and they jointly agree that the facilities have adequate teaching station equivalents to serve the Average Daily Attendance assigned to the project, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-11.
- n. Agree to fund at least 50 percent of the eligible project cost, generally known as Priority for Funding Level 1, or request 100 percent State funding of the eligible project cost, generally known as Priority for Funding Level 2, pursuant to Education Code Section 17017.7, and the "Lease-Purchase Applicant Handbook, April 1998," page 1-12. To be eligible for new construction types of applications under Funding Level 1 or Funding Level 2, the school district must meet the multi-track year-round requirements, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-12.
- o. Reconstruct a building if all the following conditions are met:
 - (1) The building is eligible for modernization funding, pursuant to Education Code Section 17022.7, subdivision (b), and the "Lease-Purchase Applicant Handbook, April 1998," page 1-13;

- (2) The building's existing Average Attendance Area will be increased by at least 10 percent of by five teaching stations which ever is less - the district must have unhoused Average Daily Attendance to comply with this requirement, pursuant to Education Code Section 17022.7, subdivision (b), and the "Lease-Purchase Applicant Handbook, April 1998," page 1-13;
 - (3) The resulting Average Daily Attendance capacity of the school site must not generate more building area than currently exists at the site, pursuant to Education Code Section 17022.7, subdivision (b), and the "Lease-Purchase Applicant Handbook, April 1998," page 1-13; and
 - (4) The cost to reconstruct the building is equal to or less than 75 percent of the replacement cost of the building, pursuant to Education Code Section 17022.7, subdivision (b), and the "Lease-Purchase Applicant Handbook, April 1998," page 1-13.
- p. Request the rehabilitation of a building if all the following conditions are met:
- (1) The building is eligible for modernization funding, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13;

- (2) The cost to rehabilitate the building does not exceed 75 percent of the replacement cost of the building, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13; and
 - (3) The building does not meet the structural safety requirements of the Field Act for the year in which the building was constructed, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13.
- q. Request seismic retrofit funding if it has a school that meet all of the following:
- (1) The facility is structurally adequate and eligible for modernization funds under the Lease-Purchase Program, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13, and Appendix 5-1;
 - (2) All classrooms in the district or high school attendance area which do not require seismic structural improvements have been fully loaded before any unhoused pupils were assigned to a project requesting seismic funding, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13, and Appendix 5-1;
 - (3) The district has submitted a report from a licensed structural engineer which identifies minimum work necessary to address the seismic structural improvements necessary to avert probable

earthquake damage including a statement that the facility meets the structural requirements in existence when the facility was originally constructed, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13, and Appendix 5-1;

- (4) The district has submitted a letter from the Division of the State Architect which concurs with the findings in the structural report, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13, and Appendix 5-1; and
- (5) An accounting of all capital facilities funding potentially available to the district, including and Federal or local funding and State funds other than those provided through the State Allocation Board, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-13, and Appendix 5-1.

r. Once the school district has received approval and apportionment of funds for an application, the funds will be released to the district after it submits the following:

- (1) Executed 40 year Lease-Purchase Agreement with the State of California, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-14;

- (2) Certification of an executed Architect Agreement on the Architect Agreement Certification, Form SAB 533A, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-14; and
 - (3) Certification of California Environmental Quality Act compliance, Form SAB 490, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-14.
- s. Ensure that general practice architectural errors and omissions insurance coverage of at least \$500,000 is provided and paid for by the architect, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-14.
 - t. Fund the additional architect fees beyond the maximum fee schedule allowed, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-14.
 - u. Ensure that allowable termination scenarios are specified in the agreement, and if the terms are challenged the district must defend the provisions of the agreement at no cost to the State, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," page 1-14.

Article 2. Project Approval

- a. In the case of a lease with respect to an application for replacing inadequate school facilities, certify to the State Allocation Board that it has

investigated and found one or both of the following conditions in existence:

- (1) It would not be economical or good practice to rehabilitate those facilities, pursuant to Education Code Section 17006, subdivision (a); and/or
 - (2) The school facilities are inadequate due to their susceptibility to repeated flooding, pursuant to Education Code Section 17006, subdivision (a).
- b. Maintain documentation of each investigation which may be subject to audit, pursuant to Education Code Section 17006, subdivision (b).
 - c. Receive a loan, not exceeding 3 percent of the estimated project cost, for the purpose of advance planning and related administrative costs pursuant to the preparation of that application, pursuant to Education Code Section 17008.3, subdivision (b).
 - d. Receive funding for all unfunded approved project costs with any increased capacity included in calculating the district's capacity under "The Leroy F. Greene School Facilities Act of 1998," Chapter 12.5, if the school district with a first priority project has received construction approval by the Department of General Services, Division of the State Architect, or joint-use project approval by the State Allocation Board, prior

to November 4, 1998, for growth or modernization, pursuant to Education Code Section 17009.5, subdivision (b).

- e. In the case of a second priority project that has received a construction approval by the Department of General Services, Division of the State Architect prior to November 4, 1998, for growth or modernization, elect either of the following:
- (1) Withdraw the application and submit an initial report and application pursuant to "The Leroy F. Greene School Facilities Act of 1998," Chapter 12.5, and receive per pupil allocations as set forth therein, pursuant to Education Code Section 17009.5, subdivision (c)(1). Any funds previously allocated must be offset from the first grant to the district under "The Leroy F. Greene School Facilities Act of 1998," pursuant to Education Code Section 17009.5, subdivision (c)(1); or
 - (2) Convert the approved second priority project to a first priority status and receive funds in accordance with this chapter, pursuant to Education Code Section 17009.5, subdivision (c)(2).

Article 3. Project Requirements

- a. Make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition; all costs incurred for this purpose shall be borne by the school district,

pursuant to Education Code Section 17014, subdivision (a), and Title 2, California Code of Regulations Section 1865.43, subdivision (a).

- b. In the event the project requires repairs, renewals or replacements as a result of damages from any cause, casualty, or otherwise, make the same, pursuant to Title 2, California Code of Regulations Section 1865.43, subdivision (b).
- c. Prior to project approval:
 - (1) Establish a restricted account within the district's general fund for the exclusive purpose of providing moneys for ongoing maintenance and routine repair of school buildings to ensure that State School Building Lease-Purchase projects are at all times kept in good repair and working order, prior to the initial approval of a State School Building Lease-Purchase project, pursuant to Education Code Section 17014, subdivision (b)(1), and the "Lease-Purchase Applicant Handbook, April 1998," Appendix, 3-1.; and
 - (2) Deposit into the account, in each fiscal year for the term of the lease agreements of all projects constructed under this chapter, a minimum amount equal to or greater than 2 percent of the applicant's general fund budget for that fiscal year, pursuant to Education Code Section 17014, subdivision (b)(2), and the "Lease-Purchase Applicant Handbook, April 1998," Appendix, 3-1, 3-2.

Annual verification of this action must be made no later than September 30, beginning with the fiscal year following the fiscal year that the project is initially approved, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," Appendix, 3-2.

- d. For each project funded after July 1, 1998, certify, as part of the school district's annual budget process and beginning in the fiscal year in which the project is funded by the state, propose a plan for completing major maintenance, repair, and replacement requirements for the project (including roofing, siding, painting, floor and window coverings, fixtures, cabinets, heating and cooling systems, landscaping, fences, and other items designated by the governing board of the school district), pursuant to Education Code Section 17014, subdivision (c).
- e. Certify that the plan includes:
 - (1) Identification of the major maintenance, repair, and replacement needs for the project, pursuant to Education Code Section 17014, subdivision (c)(1);
 - (2) Specification of a schedule for completing the major maintenance, repair, and replacement needs, pursuant to Education Code Section 17014, subdivision (c)(2);

- (3) Specification of a current cost estimate for the scheduled major maintenance, repair, and replacement needs, pursuant to Education Code Section 17014, subdivision (c)(3);
- (4) Specification of the school district's schedule for funding a reserve to pay for the scheduled major maintenance, repair, and replacement needs, pursuant to Education Code Section 17014, subdivision (c)(4);
- (5) An annual review, as a part of the school district's annual budget process, and update, as needed, the major maintenance, repair, and replacement needs, the estimates of expected costs, and any adjustments in funding the reserve, pursuant to Education Code Section 17014, subdivision (c)(5);
- (6) Availability for public inspection of the original plan, and all updated versions of the plan, at the office of the superintendent of the school district during the working hours of the school district, pursuant to Education Code Section 17014, subdivision (c)(6);
- (7) A provision in the school district's annual budget stating the total funding available in reserve (maintained in the restricted account) for scheduled major maintenance, repair and replacement needs as specified in the updated plan, and an explanation if this amount

is less than that specified in the updated plan, pursuant to
Education Code Section 17014, subdivision (c)(7).

- f. Obtain and maintain public liability or property damage insurance in connection with any project, pursuant to Education Code Section 17015.
- g. Submit an application to lease a project for a grade level maintained by it, to the State Allocation Board in the form and number of copies that the board may prescribe, pursuant to Education Code Section 17017, subdivision (a).
- h. Contain in the application a statement of the estimated cost of the project certified by an architect or structural engineer, and layout plans showing the entire construction project, pursuant to Education Code Section 17017, subdivision (a).
- i. Meet any requirement imposed by the State Allocation Board for project compliance with building cost or area standards and related guidelines adopted by the board, as a condition of the apportionment of funds under this chapter, unless the project is self-certified, pursuant to Education Code Section 17017.5, subdivision (b).
- j. Maintain documentation of the certified compliance as may be required by the State Allocation Board, and that compliance shall be subject to subsequent audits as the board may direct, pursuant to Education Code Section 17017.5, subdivision (b).

- k. Submit to the board and the State Department of Education a five-year plan for construction and rehabilitation of school facilities, and to obtain the written approval of the department that the plan complies with standards that are established by the department for this purpose to ensure that the applicant district has adequately anticipated its school facilities needs and identified funding sources as necessary to meet those needs, pursuant to Education Code Section 17017.5, subdivision (c).
- l. Receive priority status for which state funding is requested for only 50 percent of the cost:
 - (1) Document to the satisfaction of the State Allocation Board that it has incurred bonded indebtedness in an amount not less than 95 percent of the bonding capacity of the district, pursuant to Education Code Section 17017.9, subdivision (a)(1);
 - (2) Agree that up to 95 percent of the unexpended bonding capacity of the district, existing on or after the date of the district's first application for project funding, shall apply toward the cost of projects, pursuant to Education Code Section 17017.9, subdivision (a)(2); and
 - (3) Agree that Developer Fees shall apply toward the cost of projects for which the district requests state funding pursuant to this chapter, not to exceed 50 percent of the cost of any project (fees

needed for interim housing for capital outlay purposes for modernization and new construction projects, school district administration capital outlay projects, and capital outlay projects for transportation needs, are exempt from this requirement), pursuant to Education Code Section 17017.9, subdivision (a)(3).

- m. Submit a life cycle cost comparison, prepared by a competent authority providing for the amortization of the increased cost allowance over a period not to exceed the lesser of 30 years or the term of the lease, to the State Allocation Board when a school district requests an increased cost allowance for the design and construction of facilities which will conserve unreplenishable energy sources, pursuant to Education Code Section 17018, and Title 2, California Code of Regulations Section 1865.39.
- n. Apply for funding for the construction of a gymnasium or multipurpose room on the site where it constructed or otherwise acquired school facilities with 100 percent local funding, pursuant to Education Code Section 17018.7, subdivision (a).
- o. Contract with a firm for construction project management services to assist in the development or implementation of a project for which the district has applied for funding under this chapter, subject to the requirement that a performance bond be required from all building contractors hired to construct the project in order to ensure the completion

- of performance under the contract, pursuant to Education Code Section 17019.3, subdivision (a).
- p. Submit to the State Allocation Board a portion of any contract concerning the final phase of construction of the project for approval, pursuant to Education Code Section 17019.3, subdivision (b).
 - q. Obtain approval from the State Allocation Board for a supplemental apportionment up to five thousand five hundred dollars (\$5,500) for any new construction project, and up to one thousand three hundred twenty dollars (\$1,320) for any other project approved under this chapter, as reimbursement for administrative expenses incurred by the district in filing the application for the project, pursuant to Education Code Section 17019.5.
 - r. First apply for a project, which includes only the advance purchase of the land and preparation of plans and specifications, and then apply for a subsequent project or projects to complete the total school facility, pursuant to Education Code Section 17020, subdivision (a).
 - s. Provide an estimate of average daily attendance for the purpose of justifying an application for up to and including two years longer than the enrollment projections made for the third fiscal year beyond the fiscal year in which the application is made for a project for kindergarten or any of grades 1 to 6, inclusive, and for the fourth fiscal year beyond the fiscal

year in which the application is made for a junior high school or high school project, pursuant to Education Code Sections 17020, subdivision (c), and 17040.

- t. Beginning in the fifth fiscal year following the fiscal year in which any apportionment is made to a school district, repay the apportionment, with interest, in 10 equal annual installments, unless and until the district has qualified for an apportionment pursuant to an application for utilization of the site under this chapter, pursuant to Education Code Section 17020, subdivision (d).
- u. Demonstrates to the satisfaction of the State Allocation Board that:
 - (1) The project will enhance the capacity of the facility to achieve one or more educational purposes, pursuant to Education Code Section 17021.3, subdivision (b)(1); and
 - (2) The resulting pupil capacity of the facility, as measured in units of average daily attendance, will equal or exceed 80 percent of the facility's maximum capacity as determined under the board standards established under this chapter, pursuant to Education Code Section 17021.3, subdivision (b)(2).
- v. Demonstrate to the satisfaction of the State Allocation Board that the applicant will utilize all existing facilities and sites to the extent economically and practically feasible, pursuant to Education Code Section

17022.

- w. Explore cooperative efforts with adjacent districts in order that all existing or planned facilities in the general area of need shall be utilized, pursuant to Education Code Section 17022.
- x. Obtain the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department before the State Allocation Board shall authorize the selection of any schoolsite, or a contract for the construction of any new school building, or for any addition to, or alteration of, any existing building, for lease-purchase to any school district, pursuant to Education Code Section 17024, subdivision (a), and 17251, subdivisions (b) and (c).
- y. Certify to the State Department of Education and the State Allocation Board that the site selection, and the building plans and specifications, comply with the standards adopted by the department, pursuant to Education Code Section 17024, subdivision (b), and 17251, subdivisions (b) and (c).
- z. Maintain documentation as required by the State Allocation Board subject to subsequent audit by the State Department of Education, pursuant to Education Code Section 17024, subdivision (b).
- aa. Be subject to penalties for any inaccurate information, pursuant to

- Education Code Sections 17024, subdivision (d);
- bb. Request binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district, pursuant to Education Code Section 17024, subdivision (e).
 - cc. Submit plans for the construction of any new school, or for the addition to, or reconstruction or alteration of, any existing building to the Department of General Services and obtain the written approval of the department pursuant to Article 3 of Chapter 3 "Construction of School Buildings" of Part 10.5 "School Facilities" before the State Allocation Board approves any contract for lease-purchase to any school district, pursuant to Education Code Section 17025.
 - dd. Certify the compliance of a project with geological and engineering investigations of prospective schoolsites, with CEQA, and with any other law that applies to that project, but the State Allocation Board may require documentation of compliance only as to requirements that are applicable under this chapter, pursuant to Education Code Sections 17025, subdivision (b).
 - ee. Be the "lead agency" with regard to any project funded for that district under this chapter, pursuant to Education Code Section 17025, subdivision (b).
 - ff. Act as the State Allocation Board's agent in the performance of acts

specifically approved by the board and all acts required pursuant to Article 3 of Chapter 3 "Construction of School Buildings" of Part 10.5 "School Facilities," including, but not limited to, the selection of schoolsites, the securing of appraisals, the contracting for architectural services, the advertisement for construction bids and the entering into of contracts therefore and the purchase of furniture and equipment, pursuant to Education Code Section 17029, subdivision (a).

(1) Before requesting funds for furniture and equipment for a project, give full consideration to all usable furniture and equipment existing in the district, comply with the standard established by the State Allocation Board to complete the project, and the cost must not exceed 50 percent of the allowance for comparable new facilities unless approved by the board, pursuant to Title 2, California Code of Regulations Section 1865.42, subdivision (c).

(2) Furniture and equipment shall be purchased by competitive bidding if the State Allocation Board believed that it is likely that such bidding would result in a lower cost than other methods, pursuant to Title 2, California Code of Regulations Section 1865.42, subdivision (e).

gg. Acting as the agent of the State Allocation Board, submit to the board two or more independent appraisals and certify to the board that the

appraisals were performed by appraisers licensed or certified and were obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17041.2 (providing that where 75 percent or more of the total cost of a project is to be funded by the applicant district from sources other than any state program administered by the board, the area of the allowable new building construction for that project, and the amount of the building cost allowed for that project, shall each be increased by 5 percent, plus 1 percent for each 1 percent by which the local contribution exceeds 75 percent), pursuant to Education Code Section 17029, subdivision (b).

- hh. Acting as agent to the State Allocation Board, as the lowest responsible bid for a construction contract does not exceed the cost limit established by the board for that purpose, certify to the board that the bid was obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17041.2, pursuant to Education Code Section 17029, subdivision (c).
- ii. Be liable for all torts, breaches of contract, or any other actions for

damages caused by the school district arising from those contracts, including, but not limited to, contracts between the school district and its construction contractors, construction managers, architects, or engineers, pursuant to Education Code Section 17029.5.

- jj. In expending funds for any project under this chapter, act as an agent of the state and all sites purchased and improved, all equipment purchased, and all buildings constructed, altered or added to through the expenditure of funds apportioned under this chapter are the property of the state, pursuant to Education Code Section 17030, subdivision (a).
- kk. Obtain specific authorization from the State Allocation Board or its designated representatives to expend funds, pursuant to Education Code Section 17030.5.
- ll. Acting as agent for the state, comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to school buildings, pursuant to Education Code Section 17031.
- mm. Pursuant to written agreement with any other public or private person or entity, utilize any school buildings, land, or other real property interest that the governing board determines is not needed for school purposes, and will not be needed for school purposes within the next 30 years, in a joint venture with that person or entity to generate revenues for school facilities purposes, pursuant to the following conditions:

- (1) The district has developed a school district asset utilization plan, setting forth specific information, which plan has been the subject of a public hearing, and the governing board of the district has made the finding that the implementation of the plan will benefit the district;
- (2) Prior to the execution by the school district governing board of any agreement regarding the utilization of the school buildings or land, or both, under a joint venture pursuant to this section, the school district asset utilization plan has been submitted for, and has received, the review and approval of the State Allocation Board;
- (3) Once every three years after the approval of any plan, the school district shall update the plan with information regarding the disposition of the revenues received by the district from the utilization of the school buildings or land, or both, under the joint venture, including the effect of those revenues upon the school facility needs for which the district may otherwise be eligible under this chapter or under any other school facilities program administered by the State Allocation Board, together with such other information as the board may require, and shall resubmit the plan to the board for its review and approval;
- (4) Pursuant to a school district asset utilization plan approved under

this section, the school district may utilize school buildings or land, or both, in a joint venture, the revenues from which shall be placed by the district in a separate fund, from which the principal and interest may be expended by the district only for the following school facilities purposes, as authorized under the approved plan, in accordance with the pupil loading and cost standards established pursuant to this chapter: the acquisition of land, new construction, reconstruction, modernization, rehabilitation, and deferred maintenance, pursuant to Education Code Section 17032.3, subdivision (a).

nn. Include in the asset utilization plan all of the following:

- (1) A specific description of the surplus school buildings or land, or both, to be utilized under the joint venture;
- (2) The identification of the current educational uses of the surplus school buildings or land, or both, and of the educational uses proposed under the joint venture;
- (3) The identification of the current noneducational uses of the surplus school buildings or land, or both, and of the noneducational uses proposed under the joint venture, and a specific assessment of the compatibility of those uses with any applicable general or specific governmental land use plans and with applicable zoning

- restrictions;
- (4) A description of the prospective economic benefits to be derived by the district from the joint venture;
 - (5) A description of the prospective educational benefits to be derived by the district from the joint venture;
 - (6) A comprehensive description of the joint venture, including, but not limited to, a description of the intended means of financing the joint venture; and
 - (7) A plan for the disposition of the revenues received by the district from the joint venture, pursuant to Education Code Section 17032.3, subdivision (b); see also Education Code Section 17061, subdivision (d) for similar duties.
- oo. When leasing portable classrooms, meet the annual rent and conditions established by the State Allocation Board, and undertake, while bearing all costs incurred, all necessary maintenance, repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition, pursuant to Education Code Section 17032.5.
- pp. Expend funds from the county school lease-purchase fund only when specifically authorized by the State Allocation Board for either direct project costs or reimbursements, pursuant to Education Code Section

- 17036, subdivision (a).
- qq. Upon specific authorization by the State Allocation Board, obtain reimbursement from the county school lease-purchase fund for expenditures, or commitments therefore, made prior to the approval of a project by the board, pursuant to Education Code Section 17036, subdivision (b).
- rr. Insure at its own expense for the benefit of the state, all sites, equipment and buildings, which are, the property of the state, against such risks and in such amounts that will guarantee full replacement or repair of the facilities for which claims are made, pursuant to Education Code Section 17038, and Title 2, California Code of Regulations Section 1865.8.
- ss. Enter into a lease-purchase agreement with the state in the form of either:
- (1) A lease-purchase for feasibility studies, pursuant to Title 2, California Code of Regulations Section 1865.50;
 - (2) The lease-purchase of a site and/or plans, pursuant to Title 2, California Code of Regulations Section 1865.50; or
 - (3) The lease-purchase of an entire project, pursuant to Title 2, California Code of Regulations Section 1865.50.
- tt. If the State Allocation Board determines that it will not be economical or practical to utilize all existing facilities or land of the applicant school district, agree to dispose of any salable interest in any building or site that

the board determines cannot be utilized and contribute the net proceeds of the sales to the State School Building Lease-Purchase Fund as rents, pursuant to Section 17032, and Title 2, California Code of Regulations Sections 1865.32.5, subdivision (a), and 1865.70

Article 4. Allowances

- a. Make enrollment projections for the third fiscal year beyond the fiscal year in which the application is made for a project for kindergarten or any of grades 1 to 6, inclusive, and for the fourth fiscal year beyond the fiscal year in which the application is made for a junior high school or high school project, pursuant to Education Code Section 17040.
- b. Base estimates of average daily attendance upon the number of family dwellings and mobile home parks, under construction or newly constructed and never occupied in the district and the number of children residing in the district, pursuant to Education Code Section 17040.
- c. Calculate the estimate of average daily attendance for up to and including two years longer than the period of time permitted by Section 17040, as requested by the district, where 50 percent or more of the cost of the project is provided by the district from funding sources other than any state program administered by the State Allocation Board, pursuant to Education Code Section 17040.3, subdivision (a), and the "Lease-Purchase Applicant Handbook, April 1998," Appendix, 1-1.

- d. For any subsequent project application based upon additional growth in pupil enrollment, estimate its average daily attendance based on enrollment projections for any period of time, as requested by the district, up to and including that permitted by Section 17040, pursuant to Education Code Section 17040.3, subdivision (a).
- e. Exclude from the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter any increase in building area, funded exclusively from sources other than any state programs administered by the State Allocation Board, in a project for which construction commenced on or after January 1, 1987, not to exceed 110 percent of the area that would be allowed under applicable state standards, pursuant to Education Code Section 17040.1
- f. Increase the area of the allowable new building construction for that project, and the amount of the building cost allowed for that project under this chapter by 5 percent, plus 1 percent for each 1 percent by which that local contribution exceeds 75 percent where 75 percent or more of the total cost of a project approved under this chapter is to be funded by the district from sources other than any state program administered by the State Allocation Board, pursuant to Education Code Section 17040.2.
- g. Based upon the results of an audit to be conducted upon completion of

the project, pay to the State Allocation Board any amount that is necessary to conform to the allocation of project costs determined upon the board's approval of the project, pursuant to Education Code Section 17040.3, subdivision (b).

- h. Requested approval of an extension of up to 6 months from the State Allocation Board due to one or more delays resulting from circumstances beyond the district's control, pursuant to Education Code Section 17040.3, subdivision (b).
- i. Report all of the existing building area owned or operated by the district regardless of conditions or purpose for which used, to the State Allocation Board by the district including: all existing building area not otherwise, building area for which applications have been approved under any state or federal building program, any building area being acquired by any lease-purchase agreement, proposed building area which has been otherwise financed or any building area which has been used to justify any site and/or plans lease-purchased project, pursuant to Education Code Sections 17040 through 17049, and Title 2, California Code of Regulations Section 1865.33, subdivision (c).
- j. Exclude the existing building area owned or operated by the district regardless of conditions or purpose for which used, from the project application to the State Allocation Board includes: the area of any building

to which Article 3 of Chapter 2, Part 23 of the Education Code would not apply, the area of any relocatable structure for temporary use building under lease pursuant to Education Code Sections 39243 or 39246, and the area of any district administration or district maintenance facilities except those constructed pursuant to the Leroy F. Greene State School Building Lease-Purchase Law of 1976, pursuant to Title 2, California Code of Regulations Section 1865.33, subdivision (c).

- k. Compute existing and proposed building, pursuant to Title 2, California Code of Regulations Section 1865.33, subdivision (d).
- l. For the purpose of calculating the district's eligibility for project funding under this chapter, certify:
 - (1) The total allowable building area for which the district is eligible for project funding under this chapter;
 - (2) The district's area of existing adequate school construction, including, but not limited to, the conducting of field inspections for this purpose, pursuant to Education Code Section 17041.1, subdivision (a).
- m. Maintain documentation as required by the State Allocation Board, which shall be subject to subsequent audit as the board may direct, pursuant to Education Code Section 17041.1, subdivision (c).
- n. All estimates of average daily attendance shall be made by the district in

accordance with the standards governing those estimates that are adopted by the State Allocation Board, and reviewed for accuracy by the board or by the county office of education in the county in which the district is located, pursuant to Education Code Section 17041.1, subdivision (d).

- o. Include any building area constructed as a result of a material inaccuracy in the certification for funding, in excess of the building area to which the district was entitled for purposes of that project, in the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter, pursuant to Education Code Section 17041.2, subdivision (b).
- p. If any information certified is found by the State Allocation Board to contain any material inaccuracy, the school district shall be subject to penalties,
pursuant to Education Code Section 17041.2, subdivision (b).
- q. Submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district, pursuant to Education Code Section 17041.2, subdivision (c).
- r. Apply supplemental project funding to the purposes of the project funded, in compliance with any requirements set forth, but need not comply in that regard with the allowable building area of that project as otherwise

calculated under this chapter, pursuant to Education Code Sections 17040.6, 17040.7, 17040.8, and 17041.8, subdivision (a).

- s. Exempt any supplemental project funding from the total building cost standards applicable to the project, and exempt any increase in building area from the calculation of existing adequate school construction of the district in subsequent applications for funding, pursuant to Education Code Section 17041.8, subdivision (a).
- t. Use the pupil loading standard established pursuant to a class size reduction program, pursuant to Education Code Section 17042.7, subdivision (b).
- u. Design and locate on the schoolsite all school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both, pursuant to Education Code Section 17047.5, subdivision (a).
- v. Ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities in applying for the purchase or new construction of school facilities pursuant to this chapter, pursuant to Education Code Section 17047.5, subdivision (b).

- w. Consult with the State Department of Education and representatives from county offices of education, special education services regions in conjunction with the State Allocation Board's development and adoption of any regulations necessary to implement the preceding two duties, pursuant to Education Code Section 17047.5, subdivision (c).
- x. File a written request for waiver that documents the reasons for its inability to comply with the requirement for integration of school facilities, and the subsequent review and adoption by the Superintendent of Public Instruction, pursuant to Education Code Section 17047.5, subdivision (d).
- y. As a condition of receiving funding for any project under this chapter for kindergarten or any of grades 1 to 12, inclusive, or for any facilities for special education or continuation high school purposes, allocate at least 30 percent of the allowable new building construction for classrooms under the project to be utilized for relocatable structures, pursuant to Education Code Section 17049, subdivision (a).
- z. Apply relocatable structures acquired up to two years preceding the final approval by the State Allocation Board of the project application to the 30 percent application requirement, pursuant to Education Code Section 17049, subdivision (d).
- aa. Apply relocatable structures acquired up to 10 years preceding the final approval by the State Allocation Board of the project application to the 30

percent requirement if the relocatable structures are to be situated on the site of a new school to be constructed under the project and all of the following conditions are met:

- (1) The relocatable structures were not previously used to satisfy the 30 percent requirement under any other project constructed pursuant to this chapter;
- (2) The State Allocation Board determines that the relocatable structures are in satisfactory condition upon being moved to the new schoolsite, and are usable for classroom purposes without requiring major repair or renovation for a period of not less than 20 years subsequent to that relocation; and
- (3) Subsequent to moving the relocatable structures to the new schoolsite, at least 30 percent of the classroom space at the schoolsite where the structures were previously located consists of relocatable structures, pursuant to Education Code Section 17049, subdivision (e).

Article 5. Space Saver Schools

In the case of space saver schools:

- (1) Identify an area within the district that it determines to be appropriate for the construction of the school;
- (2) Establish criteria for the purpose of identifying the school design

that will most effectively accomplish the purposes of this article and the needs of the district; and

- (3) Issue a request for architectural design proposals incorporating the State Allocation Board's criteria, pursuant to Education Code Section 17056.

Article 6. Alternative Use of Apportionments

- a. Where overcrowding has created a need for new school facilities in neighborhoods where little or no vacant land exists, acquire property that already has been developed with structures, demolish these structures and construct classroom space, pursuant to Education Code Section 17059.
- b. Acquire and convert an existing commercial building to school facility purposes, pursuant to Education Code Section 17059.1.
- c. Initiate a request for the transfer of an apportionment from one Lease-Purchase project to another on a School District Appeal Request, Form SAB 189, pursuant to the "Lease-Purchase Applicant Handbook, April 1998," Appendix, 4-1.

Article 7. Joint Venture School Facilities Construction Projects

- a. Apply to the State Allocation Board for funding for the costs of property acquisition and the cost of construction, as specified in this chapter, of the school facilities portion of a joint venture project, pursuant to Education

Code Section 17061, subdivision (a).

- b. Publicly solicit proposals for the joint venture project pursuant to the procedures set forth in Education Code Sections 17061, subdivision (a), and 17062. The request for proposals shall include, but not necessarily be limited to, all of the following:
- (1) A specific description of the school buildings or land, or both, to be constructed or utilized under the joint venture and a description of how the costs of the project have been determined;
 - (2) The identification of the current educational uses of the school buildings or land, or both, and of the educational uses proposed under the joint venture;
 - (3) The identification of the current noneducational uses of the proposed school buildings or land, or both, and of the noneducational uses proposed under the joint venture, and a specific assessment of the compatibility of those uses with any applicable general or specific governmental land use plan and with applicable zoning restrictions;
 - (4) A description of the prospective economic benefits to be derived by the school district from the joint venture;
 - (5) A description of the prospective educational benefits to be derived by the school district from the joint venture;

- (6) A request that each request for proposal response include a comprehensive description of the joint venture, including, but not limited to, a description of the intended means of financing the joint venture, pursuant to Education Code Section 17061, subdivision (d); see also Education Code Section 17032.3, subdivision (b) for similar duties.
- c. Utilize a request for qualifications and proposal process to select and enter into a joint venture agreement with a developer to construct school facilities, which must include, but need not be limited to, all of the following terms:
- (1) The cost of the project approved by the State Allocation Board as the amount that the district would pay to the developer pursuant to the joint venture agreement upon completion of the project, pursuant to Education Code Sections 17062, subdivision (b), and 17063, subdivision (a);
 - (2) A detailed description of the project, including, but not limited to, the school facilities and any other facilities that may be included in the project, pursuant to Education Code Sections 17062, subdivision (b), and 17063, subdivision (a);
 - (3) The time frame for completion of the project, pursuant to Education Code Sections 17062, subdivision (b), and 17063, subdivision (a);

and

- (4) A requirement that there shall be no state liability if funds are not made available within the four-year period, pursuant to Education Code Sections 17062, subdivision (b), and 17063, subdivision (a).
- d. Upon completion of the joint venture agreement, transmit the agreement to the State Allocation Board for final review, pursuant to Education Code Section 17063.
- e. Select any design professional in accordance with Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, pursuant to Education Code Section 17064.
- f. Comply with Article 3 of Chapter 2 of Part 10.5 for the design and construction of facilities, pursuant to Education Code Section 17065.
- g. Comply with the prevailing wage requirements of Article 2 (commencing with Section 1770) of Chapter 2 of Part 7 of Division 2 of the Labor Code with respect to the school facilities portion of a joint venture project, pursuant to Education Code Section 17066.

CHAPTER 12.5 "THE LEROY F. GREENE SCHOOL FACILITIES ACT OF 1998," as added by Chapter 407, Statutes of 1998, Section 4:

Article 3. School Facility Program Application Procedure

- a. Consider the guidelines, adopted by the State Allocation Board (excluding any recommendations that would have a significant detrimental effect on educational programs) as of June 30, 1999, to achieve measurable reductions in the costs of school facilities construction, pursuant to Education Code Section 17070.33, subdivisions (a) through (d).
- b. Complete and file the following documents with the Office of Public School Construction:
 - (1) For new construction, either district wide or by High School Attendance Area, or modernization projects, an Application for Eligibility Determination, Form SAB 50-03, pursuant to Title 2, California Code of Regulations Section 1859.20, subdivision (a);
 - (2) For new construction projects, either district wide or by High School Attendance Area, an Enrollment Certification/Projection, Form SAB 50-01, pursuant to Title 2, California Code of Regulations Section 1859.20, subdivision (b);
 - (3) For new construction projects, an Existing School Building Capacity, Form SAB 50-02, pursuant to Title 2, California Code of Regulations Section 1859.20, subdivision (c).

- c. Complete and file with the Office of Public School Construction, the Application for Funding, Form SAB 50-04, pursuant to Title 2, California Code of Regulations Sections 1859.21 and 1859.70.
- d. Certify to the State Allocation Board, on the Application for Funding, Form SAB 50-04, that the services of any architect, structural engineer, or other design professional for any work under the project have been obtained pursuant to a competitive process and has obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department, to receive any funds from the board, pursuant to Education Code Sections 17070.50 and 17251, subdivisions (b) and (c), and the "School Facility Program Guidebook, January 2003," pages 9, 10, 22.
- e. Submit the Fund Release Authorization, Form SAB 50-05, within 18 months of an approved apportionment of the State Facility Program grant for the project, or the entire new construction or modernization adjusted grant shall be rescinded without further State Allocation Board action, and the pupils housed in the project will be added back to the district's baseline eligibility, pursuant to Title 2, California Code of Regulations Section 1859.90, and "School Facility Program Guidebook, January 2003," pages 11, 31.

- f. Obtain approval from the Division of the State Architect for all new construction plans and specifications, pursuant to the "School Facility Program Guidebook, January 2003," page 22.
- g. Respond to any allegations by the State Allocation Board that the school district falsely certified information in its funding or project application, and face penalties, pursuant to Education Code Section 17070.51, subdivisions (a) and (b), and Title 2, California Code of Regulations Sections 1859.104.1, subdivisions (a) through (c), 1859.104.2 and 1859.104.3.
- h. Provide supporting documentation as required pursuant to finding a material inaccuracy for a period of up to five years, pursuant to Title 2, California Code of Regulations Section 1859.104.2.
- i. Pay an amount of \$100 per hour for the additional hours necessary to process and review the district's applications submitted during the five years from when the board made the finding of the material inaccuracy, pursuant to Title 2, California Code of Regulations Section 1859.104.3.
- j. Be liable for all torts, breaches of contract (including, but not limited to, contracts between the school district and its construction contractors, construction managers, architects, or engineers), or any other actions for damages caused by the school district arising from new construction or

modernization by the district, pursuant to Education Code Section 17070.60.

- k. Certify that the grant amount, combined with local funds, shall be sufficient to complete the school construction project for which the grant is intended, pursuant to Education Code Section 17070.63, subdivision (a).
- l. Holds title to all property acquired, constructed, or improved with funds made available under this chapter by the State Allocation Board, pursuant to Education Code Section 17070.70, subdivision (a), and the "School Facility Program Guidebook, January 2003," page 27.
- m. Comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to, school buildings, pursuant to Education Code Sections 17070.70, subdivision (b), and 17070.71, subdivision (b).
- n. Use new construction or modernization funds provided pursuant to this chapter for real property leased to the district if the conditions of Education Code Section 17070.71, subdivision (a), Title 2, California Code of Regulations Section 1859.22, subdivision (b), and the "School Facility Program Guidebook, January 2003," are met.
- o. Make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition, while bearing all costs incurred for this purpose, pursuant to Education Code Section 17070.75, subdivision (a).

- p. Prior to the State Allocation Board's approval of a project, certify on the Application for Funding, Form SAB 50-04, that the district has established a Restricted Maintenance Account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, pursuant to Education Code Section 17070.75, subdivision (b)(1), Title 2, California Code of Regulations Section 1859.100, and the "School Facility Program Guidebook, January 2003," page 22.
- q. Certify, as part of the school district's annual budget process and beginning in the fiscal year in which the project is funded by the state, that it is in compliance with the maintenance plan and meeting the major maintenance requirements for the project, including all actions necessary to keep roofing, siding, painting, floor and window coverings, fixtures, cabinets, heating and cooling systems, landscaping, fences, and other items designated by the governing board of the school district in good repair, for each project funded after January 1, 2002, pursuant to Education Code Section 17070.77, subdivisions (a) and (b), and Title 2, California Code of Regulations Section 1859.102.
- r. Certify that the plan includes and is being implemented with all of the following components:
- (1) Identification of the major maintenance needs for the project,

- pursuant to Education Code Section 17070.77, subdivision (c)(1);
- (2) Specification of a schedule for completing the major maintenance, pursuant to Education Code Section 17070.77, subdivision (c)(2);
 - (3) Specification of a current cost estimate for the scheduled major maintenance needs, pursuant to Education Code Section 17070.77, subdivision (c)(3);
 - (4) Specification of the school district's schedule for funding a reserve to pay for the scheduled major maintenance needs, pursuant to Education Code Section 17070.77, subdivision (c)(4);
 - (5) Review of the plan annually, as a part of the school district's annual budget process, and update, as needed, the major maintenance needs, the estimates of expected costs, and any adjustments in funding the reserve, pursuant to Education Code Section 17070.77, subdivision (c)(5);
 - (6) Availability for public inspection of the original plan, and all updated versions of the plan, at the office of the superintendent of the school district during the working hours of the school district, pursuant to Education Code Section 17070.77, subdivision (c)(6);
and
 - (7) A provision in the school district's annual budget for the reserve that contains the total funding available for scheduled major

maintenance needs as specified in the updated plan, and an explanation if this amount of the reserve is less than that specified in the updated plan, pursuant to Education Code Section 17070.77, subdivision (c)(7).

- s. In the case of all school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, design and locate the schoolsite so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both, pursuant to Education Code Section 17070.80, subdivision (a).
- t. Ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities, pursuant to Education Code Section 17070.80, subdivision (b).
- u. Consult with the State Allocation Board, State Department of Education and representatives from county offices of education, special education services regions in developing and adopting any regulations necessary to implement the integration of school facilities for those individuals with exceptional needs and other pupils, pursuant to Education Code Section 17070.80, subdivision (c).
- v. File a written request for waiver that documents the reasons for its inability to comply, and certain commissions and departments approve the waiver

after reviewing the documentation, pursuant to Education Code Section 17070.80, subdivision (d)(1) through (5).

- w. Certify, as part of its application, that it has considered the feasibility of the joint use of land and facilities with other governmental entities in order to minimize school facilities costs, and funds provided pursuant to this chapter for growth and modernization may be used for the school portion of joint-use facilities, pursuant to Education Code Section 17070.90.
- x. Certify, as part of its application for large construction and modernization projects, in conjunction with the career technical education advisory committee, that it has considered the need for vocational and career technical facilities to adequately meet its program needs, pursuant to Education Code Sections 17070.95, and the "School Facility Program Guidebook, January 2003," page 22.
- y. Insure against public liability or property damage in connection with any facility constructed or modernized with an apportionment under this chapter, pursuant to Education Code Section 17070.97.
- z. Contract for the provision of construction management, and may use funds provided under Article 7 "New Construction Grant Eligibility Determination," Article 9 "New Construction Funding Process," and Article 11 "Modernization Apportionment" for the cost of those services, pursuant to Education Code Sections 17070.98, 17072.10 et. seq., 17072.20 et.

seq., 17072.35, 17074.10 et. seq., and 17074.25.

Article 4. Determining Existing School Building Capacity

- a. Submit to the State Allocation Board a one-time report, consisting of classroom inventory, on the Existing School Building Capacity, Form SAB 50-02, pursuant to Education Code Section 17071.10, subdivision (b), and Title 2, California Code of Regulations Section 1859.30.
- b. Prepare a gross inventory consisting of all classrooms owned or leased in the district or the High School Attendance Area as appropriate, pursuant to Education Code Section 17071.30, Title 2, California Code of Regulations Section 1859.31, and the "School Facility Program Guidebook, January 2003," page 15.
- c. Submit records of the teaching stations existing in the district of High School Attendance Area as part of the inventory process, pursuant to the "School Facility Program Guidebook, January 2003," page 16. These records consist of diagrams of the facilities at each site in the district including all permanent and relocatable classrooms at the site, and documentation supporting any exclusion claimed from the gross inventory, pursuant to Title 2, California Code of Regulations Section 1859.32, and the "School Facility Program Guidebook, January 2003," pages 15, 16.
- d. Identify by grade level, based on its most typical use for grades K-6, 7-8 or 9-12, each classroom included in the classroom inventory, not

otherwise excluded, and include these classrooms on the Existing School Building Capacity, Form SAB 50-02, pursuant to Education Code Section 17071.25, subdivision (a), and Title 2, California Code of Regulations Section 1859.33.

- e. Determine the district's school building capacity as specified in Education Code Sections 17017.6, 17017.7, subdivision (c) 17071.25, 17071.33, 17071.35 and 17071.40, Title 2, California Code of Education 1859.35, and the "School Facility Program Guidebook, January 2003," page 15.
- f. When proposing to demolish a single story building and replace it with a multistory building on the same site, meet the requirements of Education Code Section 17071.46 to receive a supplemental grant for 50 percent of the replacement cost from the State Allocation Board.

Article 5. Enrollment Projections

- a. Provide an enrollment certification and report enrollment data, on the Enrollment Certification/Projection, Form SAB 50-01, serving as the basis for new construction funding, pursuant to Title 2, California Code of Regulations Section 1859.40.
- b. Demonstrate that existing seating capacity is insufficient to house the pupils existing and anticipated in the district using a five-year projection for enrollment, pursuant to the "School Facility Program Guidebook, January 2003," page 13.

- c. Request its eligibility determination for new construction grants be based on the High School Attendance Area or Super High School Attendance Area if it meets all of the following requirements of Title 2, California Code of Regulations Section 1859.41, and the "School Facility Program Guidebook, January 2003," pages, 13, 14 and 15.

Article 6. New Construction Eligibility Determination

Calculate its eligibility determination for new construction funding by completing the Eligibility Determination, Form SAB 50-03, and requesting determination based on either a district-wide basis or on a High School Attendance Area or Super High School Attendance Area basis, pursuant to Title 2, California Code of Regulations Sections 1859.20, 1859.50 and 1859.70.

Article 7. New Construction Grant Determinations

- a. Certify that there is no alternative available site, or that the district plans to sell an available site in order to use the proceeds of the sale for the purchase of the new site, pursuant to Education Code Section 17072.12, subdivision (a).
- b. Within one year after the completion of the project, certify in writing to the board that the nonschool function was in fact relocated, pursuant to Education Code Section 17072.12, subdivision (c).
- c. Include in its application to the board a cost-benefit analysis performed by

the school district demonstrating how utilizing existing nonschoolsite district property would be a more effective method of solving the school district's pupil housing problems than any other method of funding under this chapter, pursuant to Education Code Section 17072.12, subdivision (d).

- d. Apply to the board for site acquisition funding for that site prior to having construction plans for that site approved by the Division of the State Architect and State Department of Education subject to the preceding funding limits and without resulting in an increase in the funding limits available to a school district, pursuant to Education Code Section 17072.13, subdivision (c).
- e. Apply to the State Allocation Board for construction funding for the environmental hardship site when the project has received final Division of the State Architect plan approval and final State Department of Education site and plan approval, pursuant to Education Code Section 17072.13, subdivision (c).

Article 8. New Construction Additional Grants

- a. Make a detailed cost estimate if it requests additional grants for site development in its new construction funding application, pursuant to the "School Facility Program Guidebook, January 2003," page 22.
- b. Request an increase in a new construction grant for therapy areas used

by pupils that are severely disabled individuals with exceptional needs, not to exceed 3,000 square feet, plus 750 square feet per additional special day class classrooms needed, pursuant to Title 2, California Code of Regulations Section 1859.72, and the "School Facility Program Guidebook, January 2003," page 25.

- c. Certify on the Application for Funding, Form SAB 50-04, that the appraisal of the property was made utilizing the specifications pursuant to Title 2, California Code of Regulations Section 1859.74.1, subdivisions (a) through (e), and the "School Facility Program Guidebook, January 2003," pages 22, 26.
- d. Submit one appraisal, pursuant to Title 2, California Code of Regulations Sections 1859.74.1 and 1859.81, and the "School Facility Program Guidebook, January 2003," page 22.
- e. Certify there is no available Alternative District-Owned Site for that project deemed useable for school purposes by the California Department of Education, pursuant to Title 2, California Code of Regulations Section 1859.75, subdivision (a); or certify that it intends to sell an available Alternative District-Owned Site and use the proceeds for the purchase of the new site, pursuant to Title 2, California Code of Regulations Section 1859.75, subdivision (b).

- f. Obtain a contingent site approval letter from the California Department of Education indicating that the proposed site is the best available, pursuant to Title 2, California Code of Regulations Section 1859.75.1, subdivision (a)(2), and the "School Facility Program Guidebook, January 2003," page 22.
- g. Obtain a preliminary appraisal or an appraisal of the property by a qualified appraiser, pursuant to Title 2, California Code of Regulations Section 1859.75.1, subdivision (a)(3), and the "School Facility Program Guidebook, January 2003," page 22.
- h. Obtain a letter from the Department of Toxic Substances Control pursuant to Education Code Section 17072.13 that indicates the time necessary to complete the remediation removal of any hazardous materials/waste on the proposed site as determined necessary by the Preliminary Endangerment Assessment and required in the Remedial Action Plan, will take at least 180 calendar days to complete, pursuant to Title 2, California Code of Regulations Section 1859.75.1, subdivision (a)(4).
- i. Submit a detailed cost estimate as specified by Title 2, California Code of Regulations Section 1859.76, subdivisions (a) through (c), and the "School Facility Program Guidebook, January 2003," page 28 for all requests for site development work and any justification documents that will support the work with the Application for Funding, Form SAB 50-04.

- j. Match the share contribution on a dollar-for-dollar basis, pursuant to Title 2, California Code of Regulations Section 1859.77.1.
- k. Include as its district-matching share any amounts expended on the project for energy audits made under Education Code Section 17077.10, Article 17, Duty (b), and any amounts applied to the project for incentive grants or rebates received by the district, pursuant to Title 2, California Code of Regulations Section 1859.77.1.

Article 9. New Construction Funding Process

- a. Submit at any time a request to the board for a project apportionment for all or a portion of the funding for which the school district is eligible, pursuant to Education Code Sections 17071.10, 17071.75, and 17072.20, subdivision (a).
- b. Request that the State's share of site acquisition assistance be provided to the district in amounts equal to the amount of the local match when the district enters escrow for a site included within a project, pursuant to Education Code Section 17072.33.
- c. After appropriate planning and board approval, use a grant for new construction for any and all costs specified pursuant to Education Code Sections 17072.35, 17213, and Title 2, California Code of Regulations Section 1859.77.2.

Article 10. Modernization Eligibility Determination

- a. Submit an application and site diagram, the Eligibility Determination, Form SAB 50-03, in the number of copies as required by the State Allocation Board, pursuant to Education Code Section 17073.10, and Title 2, California Code of Regulations Section 1859.60.
- b. Submit an Application for Funding, Form SAB 50-04, pursuant to Title 2, California Code of Regulations Section 1859.79.3, and the "School Facility Program Guidebook, January 2003," page 53.
- c. Submit the following information:
 - (1) A complete set of Division of the State Architect approved plans and specifications on CD-Rom or "Zip Drive" readable by AutoCAD or in hard copy or by diskette that is IBM compatible, pursuant to the "School Facility Program Guidebook, January 2003," page 51;
 - (2) A complete construction cost estimate signed by the architect or design professional equally as least 60 percent of the total project, pursuant to the "School Facility Program Guidebook, January 2003," page 51;
 - (3) An approval by the School Facilities Planning Division of the California Department of Education, pursuant to the "School Facility Program Guidebook, January 2003," page 51; and
 - (4) A complete certification by the school district to the following:

- i. The district has established a Restricted Maintenance Account, pursuant to the "School Facility Program Guidebook, January 2003," page 51;
- ii. The facilities to be modernized were not previously modernized under the Lease-Purchase Program, pursuant to the "School Facility Program Guidebook, January 2003," page 51;
- iii. Contracts for the services of an architect, structural engineer, or other design professional which were signed after November 4, 1998 were obtained pursuant to a qualifications based competitive process, pursuant to the "School Facility Program Guidebook, January 2003," page 51;
- iv. The property to be modernized is either owned by the district or county superintendent or is leased from another governmental entity, pursuant to the "School Facility Program Guidebook, January 2003," page 51;
- v. If the property is leased, the lease is for at least 40 years from a non-federal governmental agency or 25 years from a federal governmental agency, pursuant to the "School Facility Program Guidebook, January 2003," page 51; and

- vi. If the request is for a large modernization project, the district has consulted with the career technical advisory committee and it has considered the need for vocational and career technical facilities, pursuant to the "School Facility Program Guidebook, January 2003," page 51.
- d. Obtain eligibility determination by either identifying all classrooms on the site or by identifying all square footage on the site, pursuant to Title 2, California Code of Regulations Section 1859.60.

Article 11. Modernization Apportionment

- a. For a modernization application, filed on or before April 29, 2002, provide a 20-percent local match (as demonstrated by the district's expenditure for the project, or deposit in the county fund or expenditure by the district by the time of project completion, and evidence that the district has entered into a binding contract for the completion of that project), and receive approval of the project by the Department of General Services under the Field Act, pursuant to Education Code Section 17074.15, subdivisions (a) and (b). For a modernization application, filed after April 29, 2002, provide a 40-percent local match (as demonstrated by the district's expenditure for the project, deposit in the county fund, or expenditure by the district by the time of project completion, and evidence that the district has entered into a binding contract for the completion of that project), and

receive approval of the project by the Department of General Services under the Field Act, pursuant to Education Code Section 17074.16, subdivisions (a) and (b), and the "School Facility Program Guidebook, January 2003," page 56.

- b. Show at closeout that 40 percent of the expenditures for the project were from local sources or the apportionment will be reduced, pursuant to the "School Facility Program Guidebook, January 2003," page 56.
- c. To receive these funds, certify that all buildings modernized comply with specific geological and engineering studies, and certain factors are met regarding hazardous or solid waste disposal, and hazardous air emissions, pursuant to Education Code Section 17074.20.
- d. Submit a Fund Release Authorization, Form SAB 50-05, within 18 months of the School Facility Program grant apportionment from the State Allocation Board, or the modernization adjusted grant will be rescinded, pursuant to the "School Facility Program Guidebook, January 2003," page 56.
- e. Utilize modernization apportionments as specified pursuant to Education Code Sections 17074.25, 17074.26 and 17074.30, Title 2 California Code of Regulations Sections 1859.79, 1859.79.2 and the "School Facility Program Guidebook, January 2003," page 49.

Article 12. Modernization Additional Grants

- a. Submit verification to support the request as found on the Site Development Worksheet for Additional Grants, pursuant to the "School Facility Program Guidebook, January 2003," page 54.
- b. Attach the Division of the State Architect's letter that requires the elevators in the project for handicap access compliance, pursuant to the "School Facility Program Guidebook, January 2003," page 55.
- c. Match the share contribution equal to at least 20 percent of the total cost which, combined with the State's adjusted grant shall represent 100 percent of the total project cost, pursuant to Title 2, California Code of Regulations Section 1859.79.

Article 13. Automatic Fire Detection, Alarm, and Sprinkler Systems

- a. When submitting new construction applications on and after July 1, 2002 to the Division of the State Architect pursuant to this chapter that require the approval of the Department of General Services, include an automatic fire detection, alarm, and sprinkler system, and obtain approval by the State Fire Marshall, pursuant to Education Code Section 17074.50, subdivision (a).
- b. When submitting modernization projects on and after July 1, 2002 that have an estimated total cost in excess of two hundred thousand dollars (\$200,000) to the Division of the State Architect pursuant to this chapter

that require the approval of the Department of General Services, include an automatic fire detection and alarm system, and obtain approval by the State Fire Marshall, pursuant to Education Code Sections 17074.50, subdivision (b), 17074.52, subdivisions (a), (b), (c) and (e), 17074.54, subdivisions (a) and (b), and 17074.56, subdivision (c).

Article 14. Financial Hardship Application

- a. In order to qualify for hardship assistance, demonstrate both of the following:
 - (1) The district is financially unable to provide all necessary matching funds for an eligible project, pursuant to Education Code Section 17075.10, subdivision (b), Title 2, California Code of Regulations Section 1859.81, subdivision (a), and the "School Facility Program Guidebook, January 2003," page 57.
 - (2) The school district has made all reasonable effort to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal or greater than the developer fee otherwise justified under law at the time of request for hardship, pursuant to the "School Facility Program Guidebook, January 2003," page 57.
- b. Provide verification that a reasonable effort was made to meet the district's matching share requirement, and must have confirmation for the

Office of Public School construction that the district is unable to contribute the entire matching share requirement, pursuant to the "School Facility Program Guidebook, January 2003," page 57.

- c. Submit to the Office of Public School Construction Financial Hardship Audit Unit a letter stating why the district is requesting financial hardship, pursuant to the "School Facility Program Guidebook, January 2003," page 57, and provide the documents and evidence specified in Education Code Section 17075.15, subdivision (d), Title 2, California Code of Regulations Section 1859.81, subdivision (b), and the "School Facility Program Guidebook, January 2003," pages 57 through 60.
- d. Once the school district has been notified by the Office of Public School Construction that it meets the requirement of financial hardship, file an Application for Funding, Form SAB 50-04 under the provisions of financial hardship within a period of 180 calendar days from the date of notification, pursuant to Title 2, California Code of Regulations Section 1859.81, and the "School Facility Program Guidebook, January 2003," page 61.
- e. To obtain pre-approval within six months, submit a Financial Hardship Project Worksheet for the project along with expenditure reports, pursuant to the "School Facility Program Guidebook, January 2003," page 60.
- f. In order to be eligible for a separate apportionment for site acquisition for a new construction project:

- (1) Obtain a contingent site approval letter from the California Department of Education indicating that the proposed site is the best available, pursuant to Title 2, California Code of Regulations Section 1859.81.1, subdivision (a)(2), and the "School Facility Program Guidebook, January 2003," page 22; and
 - (2) Obtain a preliminary appraisal of the property by a qualified appraiser, pursuant to Title 2, California Code of Regulations Section 1859.81.1, subdivision (a)(3), and the "School Facility Program Guidebook, January 2003," page 22.
- g. Request a separate apportionment for the design and for site acquisition for the same new construction project, pursuant to Title 2, California Code of Regulations Section 1859.81.1.
 - h. Submit an Application for Funding, SAB 50-04, pursuant to Title 2, California Code of Regulations Section 1859.81.1.
 - i. Request an additional design apportionment for that project up to the 40 percent maximum design apportionment allowed, if a new construction project received a previous design apportionment, pursuant to Title 2, California Code of Regulations Section 1859.81.1.

Article 15. Facility Hardship Grant

- a. Demonstrate that one of the following conditions exists to be eligible for a facility hardship grant for new classrooms and/or subsidiary facilities

(corridors, toilets, kitchens and other non-classroom space) or

replacement facilities:

- (1) The facilities must be replaced due to an imminent health and safety threat, pursuant to Education Code Section 17075.10, subdivision (b), California Code of Regulations Section 1859.82, and the "School Facility Program Guidebook, January 2003," page 63; or
- (2) The existing facilities have been lost to fire, flood, earthquake or other disaster, pursuant to Education Code Section 17075.10, subdivision (b), California Code of Regulations Section 1859.82, and the "School Facility Program Guidebook, January 2003," page 63; and
- (3) There must be an unmet need to repair or replace the facility to accommodate projected enrollment, pursuant to Education Code Section 17075.10, subdivision (b), California Code of Regulations Section 1859.82, and the "School Facility Program Guidebook, January 2003," page 63.

- b. Prepare a cost/benefit analysis and submit it to the Office of Public School construction indicating the total costs to remain in the classroom or related facility and mitigate the problem of at least 50 percent of the current replacement cost of the classroom or related facility, including

applicable site development costs as outlined in Section 1859.76, pursuant to Title 2, California Code of Regulations Section 1859.82, and the "School Facility Program Guidebook, January 2003," page 64.

- c. Include in the cost/benefit analysis a report from a licensed design professional identifying the minimum work necessary for Division of the State Architect approval and a detailed cost estimate of repairs, pursuant to Title 2, California Code of Regulations Section 1859.82, and the "School Facility Program Guidebook, January 2003," page 64.
- d. Demonstrate that any facility lost or destroyed as a result of a disaster was uninsurable or the cost of insurance was prohibitive by providing documentation of the following:
 - (1) Photos and written verification from the appropriate expert that documents the loss or extent of damage to the school facility, pursuant to the "School Facility Program Guidebook, January 2003," page 65;
 - (2) A copy of the district's insurance policy that documents the level and type of coverage provided, pursuant to the "School Facility Program Guidebook, January 2003," page 65;
 - (3) Written verification from the district's insurance carrier that documents the amount of funds that the district has and/or will recover as a result of the disaster, pursuant to the "School Facility

Program Guidebook, January 2003," page 65; and

- (4) A licensed structural engineer's report illustrating the extent of the damages, if the facility was damaged as opposed to entirely destroyed, and that the facility poses an immediate threat to the health and safety of the students and staff, pursuant to the "School Facility Program Guidebook, January 2003," page 65.

e. Submit:

- (1) An Application for Funding, Form SAB 50-04 for the replaced facilities within 18 months if the replacement facilities will be located on the same site or within 24 months if the replacement facilities will be located on a replacement site, pursuant to Title 2, California Code of Regulations Section 1859.82, subdivision (c), and the "School Facility Program Guidebook, January 2003," page 65;
- (2) A School District Appeal Request, Form SAB 189, that summarizes the district's request for a facility hardship including how the condition presents an imminent threat to the health and safety of the students and staff, pursuant to the "School Facility Program Guidebook, January 2003," page 65; and
- (3) A plot diagram that indicates the overall site layout, the facilities designation of the buildings and square footage, and the specific

structures at the school site for which the facility hardship request is being submitted, pursuant to the "School Facility Program Guidebook, January 2003," page 65.

- f. Submit a complete funding application within 18 months if the district receives a conceptual approval, or within 24 months if a new replacement school site is required, pursuant to the "School Facility Program Guidebook, January 2003," page 65.

Article 16. Program Accountability

- a. Submit a summary report of expenditure of state funds and district matching funds annually until all state funds and district matching funds are expended, and shall then submit a final report to the State Allocation Board, pursuant to Education Code Section 17076.10, subdivision (a), and the "School Facility Program Guidebook, January 2003," page 67.
- b. Submit an Expenditure Report, Form SAB 50-06, pursuant to Title 2, California Code of Regulations Section 1859.104, subdivision (a), and the "School Facility Program Guidebook, January 2003," page 68.
- c. Provide a progress report within 18 months from the date any funds for separate design (for financial hardship projects) were released to the district, including information regarding the progress the district has made towards substantial completion of the project, pursuant to Title 2, California Code of Regulations Section 1859.104, subdivision (b), and the

“School Facility Program Guidebook, January 2003,” page 67.

- d. Provide a progress report within 18 months from the date any funds for separate sites (for financial hardship projects) were released to the district, including information regarding the progress the district has made towards substantial completion of the project, pursuant to Title 2, California Code of Regulations Section 1859.104, subdivision (b), and the “School Facility Program Guidebook, January 2003,” page 68.
- e. Provide a progress report within 12 months from the date any funds for separate sites (environmental hardship) were released to the district, including information regarding the progress the district has made towards acquiring the site, and provide a progress report within 18 months from the date any funds for adjusted grants were released to the district, including submission of a progress report, pursuant to Education Code Section 17072.13, subdivision (c), Title 2, California Code of Regulations Sections 1859.104, subdivision (c), and 1859.105.1, and the “School Facility Program Guidebook, January 2003,” page 68.
- f. Assist in any audit by the State Allocation Board to ensure that all funds received pursuant to this chapter are expended in accordance with program requirements, pursuant to Education Code Section 17076.10, subdivision (a), Title 2, California Code of Regulations Section 1859.105, and the “Substantial Progress and Expenditure Audit Guide, May 2003.”

- g. Have a participation goal of at least 3 percent, per year, of the overall dollar amount expended each year by the school district, for disabled veteran business enterprises, pursuant to Educ. Code Section 17076.11.
- h. Maintain all appropriate records that support all district certifications and expenditure for all costs associated with School facility Program projects for a period of not less than four years from the date the notice of completion is filed for the project in order to allow other agencies to perform their audit responsibilities, pursuant to Title 2, California Code of Regulations Section 1859.106, subdivision (c).
- i. Amend its funding application as required by Title 2, California Code of Regulations Sections 1859.41 and 1859.107, and Forms SAB 50-02, SAB 50-03, SAB 50-04.

Article 17. School Project Safety Components

On or after January 1, 2000, include in its plans and specifications for the construction or fabrication of a new or modernized school building, that includes the construction or fabrication of new or modernized classrooms, a hard-wired connection to a public switched telephone network in each new or modernized classroom, but a school district may meet this requirement by utilizing wireless technology equal to a hard-wired connection to a public switched telephone network, pursuant to Education Code Section 17077.10, subdivision (d).

Article 18. Energy Efficiency

- a. Certify that an energy analysis and report has been prepared that sets forth the utility savings that would be generated if the facilities were designed, constructed, and equipped, with the energy efficiency and renewable technologies that would make the facilities exceed the minimum building energy-efficiency standards mandated for new public buildings pursuant to the latest edition of the California Building Standards Code through the use of energy efficiency and renewable energy technologies, pursuant to Education Code Section 17077.30, subdivisions (a) through (d).
- b. Seek a grant adjustment for the state's share of the increased costs associated with those components, pursuant to Education Code Section 17077.35, subdivision (a).
- c. Certify that the cost for the project exceeds the amount of funding otherwise available to the applicant under this chapter, pursuant to Education Code Section 17077.35, subdivision (d), and the "School Facility Program Guidebook, January 2003," page 22.

Article 19. Joint-Use Facilities

- a. As may be necessary, apply to the State Allocation Board funding for joint-use projects to construct facilities on kindergarten to grade 12, inclusive, pursuant to Education Code Section 17077.40, subdivision (b).

- b. Demonstrate that it has complied with Education Code Sections 17077.40, and 17077.42, subdivisions (a) through (e), and the "School Facility Program Guidebook, January 2003," page 42.
- c. Obtain approval required pursuant to this chapter, including, but not limited to, the approval of the Division of the State Architect before the State Allocation Board releases funds, pursuant to Education Code Section 17077.45, subdivision (c).
- d. Submit an Application for Joint-Use Funding, Form SAB 50-07, certifying that the district has met specific criteria of the law and regulations, pursuant to the "School Facility Program Guidebook, January 2003," page 43.

A school district must apply for joint use funding on the.
- e. Submit approved plans by the Division of the State Architect within one year of the date of apportionment, pursuant to the "School Facility Program Guidebook, January 2003," page 43.
- f. Make a request for fund release, and submit reports on expenditures, pursuant to the "School Facility Program Guidebook, January 2003," page 43.
- g. Certify that the joint use partner's matching share has been deposited in the County School Facility Fund, the funds have been expended by the school district, or will be expended by the district prior to the Notice of

Completion for the project, pursuant to the "School Facility Program Guidebook, January 2003," page 47.

- h. Submit a Fund Release Authorization, Form SAB 50-05, within 18 months of the Joint Use grant apportionment from the State Allocation Board, or the grant will be rescinded, pursuant to the "School Facility Program Guidebook, January 2003," page 47.
- i. Submit final Division of the State Architect plans, and another 18 months from the date the Office of Public School Construction receives these plans to submit a Fund Release Authorization, Form SAB 50-05, or the grant will be rescinded, pursuant to the "School Facility Program Guidebook, January 2003," page 47.

Article 20. Critically Overcrowded School Facilities

- a. Meet all of the criteria of Education Code Section 17078.18, subdivisions (a) through (c), and the "School Facility Program Guidebook, January 2003," pages 37, 38.
- b. Submit an Application for Preliminary Apportionment, Form SAB 50-08, to the State Allocation Board by May 1, 2003, for projects to be funded with the proceeds of bonds approved by the voters at the November 5, 2002, statewide general election, pursuant to Education Code Section 17078.20, subdivisions (b) and (c), and the "School Facility Program Guidebook, January 2003," page 37.

- c. Preliminary applications shall:
 - (1) Establish per-unhoused-pupil eligibility as set forth under the article entitled "New Construction Eligibility Determination";
 - (2) Identify the unhoused pupil population that the proposed project will serve by determining the number of pupils to be served and the likely source school or schools from which the pupils population will be drawn;
 - (3) Identify the proposed general location of the needed new facilities;
and
 - (4) Estimate the total facility cost on a per-pupil basis and estimate the total site acquisition and development costs, pursuant to Education Code Sections 17071.75, 17078.22, subdivision (a), and 17078.24, subdivision (c).
- d. Demonstrate to the satisfaction of the State Department of Education that a variance is necessary in order to adequately provide facilities for the identified source school pupils, pursuant to Education Code Section 17078.22, subdivisions (a) and (b).
- e. Complete the application for final apportionment, pursuant to Education Code Section 17078.25, subdivision (a), and the "School Facility Program Guidebook, January 2003," page 37.
- f. As may be necessary, request a single one-year extension of the period,

and the State Allocation Board may grant the request if the applicant has made substantial progress towards completing the requirements for filing an application for final apportionment, pursuant to Education Code Section 17078.25, subdivision (b), and the "School Facility Program Guidebook, January 2003," page 37.

- g. Report annually to the State Allocation Board regarding the progress made toward completing the requirements for filing an application for final apportionment, and shall annually hold, at a regularly scheduled meeting of the governing board, a public hearing pursuant to the Ralph M. Brown Act to discuss, and to receive public comment regarding, the report, pursuant to Education Code Section 17078.25, subdivision (d), and the "School Facility Program Guidebook, January 2003," page 40.
- h. Certify that the California Department of Education has determined in writing that there is at least one approvable site within the proposed general location of the proposed facility, or within the variance location, pursuant to Education Code Sections 17078.22, subdivisions (a) and (b), and 17078.25, subdivision (e), and the "School Facility Program Guidebook, January 2003," page 40.

CHAPTER 14 "EMERGENCY SCHOOL CLASSROOM LAW OF 1979," as added by
Chapter 277, Statutes of 1996, Section 2:

Article 1. General Provisions

- a. Submit an application for lease of a portable classroom under the State Relocatable Classroom Law of 1979, which includes:
 - (1) A resolution on forms provided by the State Allocation Board, by the governing board of the eligible school district authorizing the filing of an application and the signing of a lease agreement or agreements for such numbers of portable classrooms as the State Allocation Board may approve, pursuant to Title 2, California Code of Regulations Section 1862.52;
 - (2) A complete application of forms provided by the State Allocation Board, including:
 - i. Enrollment Certification/Projection, Form SAB 50-01, pursuant to Title 2, California Code of Regulations Section 1862.52, and the "State Relocatable Classroom Program Handbook, January 2003," page 5;
 - ii. Eligibility Worksheet, Form SAB 25-1, pursuant to Title 2, California Code of Regulations Section 1862.52, and the "State Relocatable Classroom Program Handbook, January 2003," page 5;

- iii. Application to Lease State Relocatable Classroom(s), Form SAB 25-2, pursuant to Title 2, California Code of Regulations Section 1862.52, and the "State Relocatable Classroom Program Handbook, January 2003," page 5.
- (3) Layout plans clearly showing the location on the site of the proposed portable classroom buildings as well as the location of existing buildings, pursuant to Title 2, California Code of Regulations Section 1862.52;
- (4) A certification by the authorized agent that the school district hired or will hire a teacher for each portable classroom leased to the district for the term of the lease, pursuant to Title 2, California Code of Regulations Section 1862.52; and
- (5) A certification or other evidence, satisfactory to the State Allocation Board, that the school district has no available bond proceeds which could be used for the purchase of classroom facilities, pursuant to Education Code Section 17092, subdivision (a), and Title 2, California Code of Regulations Section 1862.52.
- (6) A lease agreement executed by the authorized agent of a school district is subject to any further conditions required by the State Allocation Board as specified by Education Code Sections 17089, 17090, Title 2, California Code of Regulations Section 1862.53,

and the "State Relocatable Classroom Program Handbook,
January 2003," page 9.

- b. Make the following site preparations prior to the delivery of relocatable classrooms:
- (1) Provide at its own expense a near flat surface (clear and graded), with the elevation of a 30 feet times 50 feet "pad," not exceeding 9 inches in grade from the highest to the lowest point in any direction, for placement of each portable classroom, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7;
 - (2) Place the portable classroom(s) a minimum of four feet apart, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7;
 - (3) Determine that the site has a minimum soil bearing capacity of 1,000 pounds per square foot, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7;
 - (4) Build a "pad" at least 30 feet times 50 feet, turf-free with at least 2 percent drainage to prevent water from ponding beneath and around the relocatable classroom(s), pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7;

- (5) Place the relocatable classroom(s) in location(s) clear of any sprinkler systems to reduce the problems of deterioration, dry rot or rust, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7;
 - (6) Ensure the location and access for maneuvering space of, or the entry turnaround and exit of, a large truck and trailer (85 feet clearance at front or back), pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7;
 - (7) Furnish a hard surfaces walkway in compliance with Title 21, Chapter 1, Subchapter 2, of the California Administrative Code "Access Public Buildings by Persons with Disabilities," pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7; and
 - (8) Connect the building to an adequate fire alarm system in accordance with current law, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 7.
- c. Submit a study examining the feasibility of implementing in the district a year-round multitrack educational program that is designed to increase pupil capacity in the district by at least 20 percent, pursuant to Education Code Section 17088.3, subdivision (a).

- d. Certify on the Application to Lease State Relocatable Classroom(s), Form SAB 25-2, that it meets the Multi-Track-Year-Round Education requirement addressing the feasibility of the district to proceed on a the Multi-Track-Year-Round Education calendar by the Department of Education, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 4.
- e. Act as its agent in contracting for architectural and construction services and purchasing furniture and equipment, pursuant to Education Code Section 17088.5, subdivision (a).
- f. In the case where adequate funds are not available to the State Allocation Board for the purchase of those classrooms, purchase portable classrooms subject to the following conditions:
 - (1) Under a procedure determined by the State Allocation Board, pursuant to either a bidding process implemented by the school district or county superintendent of schools or by the State Office of Procurement, pursuant to Education Code Section 17088.5, subdivision (b)(1), and the "State Relocatable Classroom Program Handbook, January 2003," page 13; and
 - (2) Sell the portable classroom or classrooms to the State Allocation Board at a price necessary to reimburse the district or the county superintendent for the purchase price less the amount that would

have been charged by the State Allocation Board by way of a lease from the date of purchase, pursuant to Education Code Sections 17088.5, subdivision (b)(2), and 17089.

- g. Submit the following forms after receiving State Allocation Board approval of its application:
 - (1) Site Readiness Certification, Form SAB 25-3, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 5; and
 - (2) Certification for Reimbursement, Form SAB 25-4, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 5.
- h. Select an architect and a site inspector (with the architect's assistance), contract for electrical services, sign a "Notice of Completion," obtain insurance for building (see below), submit the Inspector of records 100 percent complete final Verified Report, Form DSA 6 to the Office of Public School Construction, signs a lease agreement that was issued to the district by the Office of Public School Construction and returns it for final processing, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 5.
- i. Submit the complete site building plans to the Division of the State Architect within 60 days of receiving the manufacturer's plans from the

Office of Public School Construction or the building may be reassigned to another district, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 4.

- j. Accept delivery of the relocatable classroom(s) within 60 days after it is deemed available by the Office of Public School Construction or the building assignment may be reallocated, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," pages 4, 5.
- k. Certify with the California Environmental Quality Act (CEQA) on the Application to Lease State Relocatable Classroom(s), Form SAB 25-2, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 4.
- l. Purchase portable classrooms, pursuant to Education Code Section 17088.7, subdivision (a).
- m. In the case of portable classrooms purchased pursuant to a joint powers agreement, the agreement must identify the school district or districts and county superintendent or superintendents of schools that are party to the agreement, identify the district or districts providing the revenues, specify the manner in which the revenues are to be expended, and specify the distribution of portable classrooms subsequent to purchase, which distribution shall be in accordance with the eligibility requirements of the

the State Relocatable Classroom Law of 1979, pursuant to Education Code Section 17088.7, subdivision (e).

- n. In order to purchase the portable classroom, leased from the State Allocation Board prior to December 1, 1991, pay an amount equal to the price paid by the State Allocation Board less any amount of rent already paid in equal annual installments for an agreed upon term not to exceed nine years, pursuant to Education Code Section 17089.2. The school district must provide the following documentation:
 - (1) Application to Purchase State Relocatable Classroom(s), Form 25-46, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 14; and
 - (2) Application to Purchase State Relocatable Classroom(s) Attachment A, Form 25-46A, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 14.
- o. For any lease entered into on or after January 1, 2000, the lease shall include a provision for a telephone in each portable classroom obtained under the State Relocatable Classroom Law of 1979, and the school district must connect the telephone to a public switched network, or utilize wireless technology equivalent to a hard-wired connection, at the time of installation of the building, pursuant to Education Code Section 17096.
- p. In order to obtain reimbursement by the State Allocation Board for the

costs associated with the site preparation, electrical hook-up, plumbing connection, Division of the State Architect plan checking, insurance, and maintenance submit:

- (1) Certification for Reimbursement, Form SAB 25-4, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 11;
 - (2) The Architect's final 100 percent complete Verified Report, Form DSA-6, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 11; and
 - (3) The Inspector of Record's final 100 percent completed Verified Report, Form DSA-6, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 11.
- q. Submit its reimbursement request to the Office of Public School Construction within 90 days of delivery or the district will be ineligible for reimbursement, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 11.
- r. Notify the Office of Public School Construction, in writing, prior to relocating building, and receive approval from the Division of the State Architect for the new site, pursuant to the "State Relocatable Classroom Program Handbook, January 2003," page 13.

- s. Return a relocatable classroom(s), the district must send a letter to the Office of Public School Construction stating the current site of the building(s), address, and the Office of Public School Construction building number(s) to be returned along with the date the district wished to return the classroom(s) , pursuant to the “State Relocatable Classroom Program Handbook, January 2003,” page 13.
- t. Prior to relocating the building, restore the relocatable classroom(s) to a “like new” condition and must assure that the relocatable classroom(s) is totally accessible to the moving contractor for the State to bear the costs associated with the relocatable classroom(s) return, pursuant to the “State Relocatable Classroom Program Handbook, January 2003,” page 13.

CHAPTER 15 “SCHOOL DISTRICT REVENUE BONDS,” as added by Chapter 277, Statutes of 1996, Section 2:

Article 2. Revenue Bonds

- a. As may be necessary, issue for sale revenue bonds to finance the construction of joint occupancy facilities as prescribed in Article 8 “Joint Occupancy” of Chapter 4 “Property: Sale, Lease, Exchange” of Part 10.5 “School Facilities,” (the subject of another test claim) which facilities are necessary to relieve overcrowded schools, pursuant to Education Code Section 17110.

- b. Use the proceeds from the rental and lease of the facilities to repay the revenue bonds, pursuant to Education Code Section 17110.
- c. Meet the requirements of Article 3 "Approvals" and Article 6 "Fitness for Occupancy" of Chapter 3 "Construction of School Buildings" of Part 10.5 "School Facilities," (the subject of another test claim), pursuant to Education Code Section 17110, subdivision (b).
- d. Contract with any person, firm, partnership, joint venture, or other private entity for the purpose of issuing revenue bonds and for the purpose of renting or leasing the facilities constructed under School District Revenue Bonds, pursuant to Education Code Sections 17111.

CHAPTER 16 "PUBLIC DISCLOSURE OF NON-VOTER-APPROVED DEBT," as amended by Chapter 734, Statutes of 2001, Section 11:

- a. Upon approval by the governing board of the school district to proceed with the issuance of certificates of participation or revenue bonds or to enter into any agreement for financing school construction pursuant to Chapter 18 "California School Finance Authority," notify the county superintendent of schools and the county auditor, pursuant to Education Code Section 17150, subdivision (a).
- b. Provide the repayment schedules for that debt obligation, and evidence of the ability of the school district to repay that obligation, to the county

auditor, the county superintendent, the governing board, and the public,
pursuant to Education Code Section 17150, subdivision (a).

CHAPTER 18 "THE CALIFORNIA SCHOOL FINANCE AUTHORITY ACT," as added by
Chapter 277, Statutes of 1996, Section 2:

- a. As an agent of the California School Finance Authority, enter into contracts to determine the location and character of any project to be financed under the California School Finance Authority Act, and acquire, construct, enlarge, remodel, renovate, alter, improve, furnish, equip, own, maintain, manage, repair, operate, lease as lessee or lessor, or regulate the same, pursuant to Education Code Section 17180, subdivisions (f)(1) and (2).
- b. As an agent of the California School Finance Authority, acquire by purchase solely from funds provided under the California School Finance Authority Act, or by gift or devise, and sell, by installments or otherwise, property, rights, rights-of-way, franchises, easements, and other interests in lands, including, but not limited to, lands lying under water, and riparian rights, located within the state which the California School Finance Authority deems necessary or convenient for the acquisition, construction, financing, or operation of a project, pursuant to Education Code Section 17180, subdivision (g).
- c. Comply with and terms and conditions deemed appropriate by the

California School Finance Authority or the lease may be terminated, pursuant to Education Code Section 17180, subdivision (j).

- d. Pay the administrative costs and expenses incurred by the California School Finance Authority under the California School Finance Authority Act, pursuant to Education Code Section 17180, subdivision (k).
- e. Demonstrate the financial feasibility of a project by taking into account all district funds, basing future projections upon historical experience or reasonable expectations, or a combination thereof, to obtain project financing under the California School Finance Authority Act, pursuant to Education Code Section 17183.5.
- f. In connection with receiving from a public credit provider credit enhancement for bonds, notes, certificates of participation, or other evidences of indebtedness, agree to adopt a resolution by a majority vote of its board to participate under this section, provide notice to the Controller of that election, including a schedule for the repayment of principal and interest on the bonds, notes, certificates of participation, or other evidence of indebtedness and identify the public credit provider that provided credit enhancement, pursuant to Education Code Section 17193.5, subdivision (a)(1). The notice shall be provided not later than the date of issuance of the bonds, pursuant to Education Code Section 17193.5, subdivision (a)(1).

- g. Perform any acts specifically approved by the California School Finance Authority, including:
- (1) The selection of school sites, pursuant to Education Code Section 17194, subdivision (a);
 - (2) The securing of appraisals, pursuant to Education Code Section 17194, subdivision (b);
 - (3) Contracts for architectural services, pursuant to Education Code Section 17194, subdivision (c);
 - (4) The advertisement for construction bids and the entry into contracts for construction, pursuant to Education Code Section 17194, subdivision (d); and
 - (5) The purchase of furniture and equipment, pursuant to Education Code Section 17194, subdivision (e).
- h. For the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance, by California School Finance Authority, of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, shall, as may be necessary:
- (1) Sell to the California School Finance Authority all or part of any rights to or possibilities regarding the state's share of funding for school facilities approved by the State Allocation Board under "The

Leroy F. Greene School Facilities Act of 1998" including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued, pursuant to Education Code Section 17199.1, subdivision (a)(1);

- (2) Issue bonds to the California School Finance Authority, pursuant to Education Code Section 17199.1, subdivision (a)(2);
- (3) Borrow money or purchase or lease educational facilities from the California School Finance Authority, and in connection therewith, sell or lease property to the California School Finance Authority, in each case at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other transfer, assignment, payment, security, default, remedy, and other terms or provisions as may be specified in the sale of rights agreement or the bonds of the participating district or a loan, loan purchase, installment sale, lease, or other agreement between the California School Finance Authority and the participating district, pursuant to Education Code Section 17199.1, subdivision (a)(3).

- i. As may be necessary, enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in

connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable, pursuant to Education Code Section 17199.1, subdivision (c).

- j. Do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, installment sale, lease, or other agreement of the district, pursuant to Education Code Section 17199.1, subdivision (c).
- k. By resolution authorize the board of education to act as its agent in the performance of any of the matters permitted by this section or any other provision of the California School Finance Authority Act, binding the district to any contract, agreement, instrument, or other document executed by the agent on behalf of the district, pursuant to Education Code Section 17199.1, subdivision (d).
- l. Elect to guarantee or provide for payment of the bonds in accordance with the following conditions:
 - (1) If the district adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election, including a schedule for the repayment of principal and interest on the bonds and identify a trustee appointed by the participating school district or county office of

education or the authority for purposes of this section, pursuant to Education Code Section 17199.4, subdivision (a)(1). The notice shall be provided not later than the date of issuance of the bonds, pursuant to Education Code Section 17199.4, subdivision (a)(1); and

(2) If, for any reason, the district will not make the payment of principal and interest at the time the payment is required, the district or county office must notify the trustee of that fact and of the amount of the deficiency, pursuant to Education Code Section 17199.4, subdivision (a)(2); or

(3) The district may provide a transfer schedule in its notice to the Controller of its election to participate under this section, setting forth amounts to be transferred to the trustee and the date for the transfers, pursuant to Education Code Section 17199.4, subdivision (a)(4).

m. Apply to the California School Finance Authority to participate, pursuant to Education Code Section 17199.4, subdivision (c).

PART 68.1 "KINDERGARTEN-UNIVERSITY PUBLIC EDUCATION FACILITIES BOND ACT OF 2002," as added by Chapter 33, Statutes of 2002, Section 30, and approved by passage of Initiative Measure [Prop. 47] on November 5, 2002:

CHAPTER 2 "KINDERGARTEN THROUGH 12TH GRADE"

Article 1. Kindergarten Through 12th Grade School Facilities Program Provisions

- a. File an application, including, but not limited to, hardship applications, with the Office of Public School Construction after February 1, 2002, to be eligible for the three billion four hundred fifty million dollars (\$3,450,000,000) assigned under this chapter for the new construction of school facilities in accordance with the "Leroy F. Greene School Facilities Act of 1998," Chapter 12.5, pursuant to Education Code 100620, subdivision (a)(1).
- b. File an application, including, but not limited to, hardship applications, with the Office of Public School Construction after February 1, 2002, to be eligible for the one billion four hundred million dollars (\$1,400,000,000) assigned under this chapter for the modernization of school facilities in accordance with the "Leroy F. Greene School Facilities Act of 1998," Chapter 12.5, pursuant to Education Code Section 100620, subdivision (a)(2).

- c. File an application, including, but not to, hardship applications, with the Office of Public School Construction on or before February 1, 2002, to be eligible for the two billion nine hundred million dollars (\$2,900,000,000) assigned under this chapter for new construction of school facilities in accordance with the "Leroy F. Greene School Facilities Act of 1998," Chapter 12.5, pursuant to Education Code Section 100620, subdivision (a)(3).

- d. File an application, including, but not to, hardship applications, with the Office of Public School Construction on or before February 1, 2002, to be eligible for the one billion nine hundred million dollars (\$1,900,000,000) assigned under this chapter for the modernization of school facilities in accordance with the "Leroy F. Greene School Facilities Act of 1998," Chapter 12.5, pursuant to Education Code Section 100620, subdivision (a)(4).

It is estimated that the Clovis Unified School District incurred approximately \$1,000 in costs in excess of the funding provided to the district by the state for the period from July 2001 through 2002 to implement these new duties mandated by the state for which the school district has not been reimbursed by any federal, state, or local government agency, and for which it cannot otherwise obtain reimbursement.

The foregoing facts are known to me personally and, if so required, I could testify to the statements made herein. I hereby declare under penalty of perjury that the

Declaration of William C. McGuire
Test Claim of Clovis Unified School District
School Facilities Funding Requirements

foregoing is true and correct except where stated upon information and belief and where so stated I declare that I believe them to be true.

EXECUTED this 4th day of June 2003, at Clovis, California

William C. McGuire
Associate Superintendent
Clovis Unified School District

School Facilities Funding Requirements

I, Thomas J. Donner, Executive Vice President of Business and Administration, Santa Monica Community College District, make the following declaration and statement.

In my capacity as Executive Vice President of Business and Administration, I am responsible for the acquisition of funding for facility construction. I am familiar with the provisions and requirements of the statutes, code sections and regulations enumerated above, which require the district to:

PART 10 "SCHOOL BONDS"

CHAPTER 1.5 "STRICT ACCOUNTABILITY IN LOCAL SCHOOL CONSTRUCTION

BONDS ACT OF 2000," as added by Chapter 44, Statutes of 2000, Section 3:

Article 1. General Provisions

- a. When the governing board decides, with a two-thirds vote, to pursue the issuance of bonds under Paragraph (3), Subdivision (b), Section 1, of Article XIII A of the California Constitution and Subdivision (b), Section 18, of Article XVI of the California Constitution, an election shall be ordered, as may be necessary, on the question of whether community college district bonds shall be issued under Subdivision (b), Section 18, of Article XVI of the California Constitution at a primary election, a regularly scheduled local election, or a statewide special election, pursuant to Education Code Section 15266, subdivision (a).
- b. Upon resolution to incur bonded indebtedness and after the question has been submitted to the voters, if approved at the election, the governing board cannot, regardless of the number of votes cast in favor of the bond, subsequently proceed under Chapter 2, "Bonds of School Facilities Improvement Districts," pursuant to Education Code Section 15266, subdivision (b).
- c. Issue bonds that do not exceed 2.5 percent of the taxable property of the district as shown by the last equalized assessment of the county or

- counties in which the district is located, pursuant to Education Code Section 15270, subdivision (a).
- d. Issue, as may be necessary, bonds if the tax rate levied to meet the requirements of Section 18, of Article XVI of the California Constitution in the case of indebtedness incurred under the “Strict Accountability in Local School Construction Bonds Act of 2000” at a single election of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution, pursuant to Education Code Section 15270, subdivision (a).
- e. Compute its outstanding bonded indebtedness, pursuant to Education Code Section 15270, subdivision (c).
- f. Proceed under the “Strict Accountability in Local School Construction Bonds Act of 2000” on behalf of a school facilities improvement district and act on behalf of the school facilities district as provided under Chapter 2, “Bonds of School Facilities Improvement Districts,” pursuant to Education Code Section 15271.
- g. Provide a written statement on all bond ballots stating that the board will appoint a citizens’ oversight committee and conduct annual independent audits to assure that funds are spent only on school and classroom improvements and for no other purposes, pursuant to Education Code Section 15272.

- h. Make an entry upon its minutes if it appears from the certificate of election results that 55 percent of the votes cast on the proposition of issuing bonds pursuant to Subdivision (b) of Section 18 of Article XVI of the California Constitution are in favor of issuing bonds, pursuant to Education Code Section 15274.
- i. Certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the district, all proceedings "had in the premises," pursuant to Education Code Section 15274.

Article 2. Citizens' Oversight Committee

- a. If a bond measure is authorized, establish and appoint members to an independent citizens' oversight committee, within 60 days of the date the governing board enters the election results on its minutes, pursuant to Education Code Sections 15274, 15728, subdivisions (a) and (b), and 15782.
- b. Without expending bond funds, provide the citizens' oversight committee with any technical assistance and must provide administrative assistance in furtherance of its purpose and sufficient resources to publicize the conclusions of the citizens' oversight committee, pursuant to Education Code Section 15280, subdivision (a).
- c. Maintain an Internet website to make available the minutes of the proceedings of the citizens' oversight committee, all documents received

and all reports issued, pursuant to Education Code Section 15280, subdivision (b).

Article 3. Bond Accountability – “School Bond Waste Prevention Action”

Respond to any restraining orders files by a citizen residing in the district who is assessed and is liable to pay, or who has paid within one year before the commencement of any action, an ad valorem tax on real property, pursuant to Education Code Section 15284, subdivision (a).

CHAPTER 2 “BONDS OF SCHOOL FACILITIES IMPROVEMENT DISTRICTS,” as added by Chapter 277, Statutes of 1996, Section 2:

Article 1. General Provisions

- a. If the district that has a community facilities district formed under the “Mello-Roos Community Facilities Act of 1982,” that has as one of its purposes the construction of school facilities within a portion of the territory of the community college district, shall, as may be necessary, proceed under the “Bonds of School Facilities Improvement Districts,” pursuant to Education Code Section 15301, subdivision (a).
- b. Proceed without meeting the requirements of the previous Duty (a), if the governing board determines it is necessary and in the best interest of the community college district to form a school facilities improvement district to finance any or all of the improvements set forth in Section 15302, Duty (g), pursuant to Education Code Section 15301, subdivision (c).

- c. Make a finding that the overall cost of other facilities financing options available to the community college district, including, but not limited to the "Mello-Roos Communities Facilities Act of 1982," pursuant to Education Code Section 15301, subdivision (c).
- d. Define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the community college district, except that the boundaries may not include all or a portion of the territory of the community facilities district described in Duty (a), pursuant to Education Code Section 15301, subdivision (c).
- e. Comply with the filing requirements established by Section 54902 of the Government Code (providing that on or before December 1 of the year immediately preceding the year in which the assessments or taxes are to be levied, the statement shall be filed with the auditor of each levying county, and the statement and the map or plat shall be filed with each assessor whose roll is used for the levy and with the State Board of Equalization in Sacramento), pursuant to Education Code Section 15301, subdivision (d).
- f. Specifically identify any property, located within the community college district, that is not located within the improvement district established by the community college district under this chapter, pursuant to Education Code Section 15301, subdivision (d).

- g. Issue general obligation bonds for the following purposes, if the purpose of the bonds is to benefit the land within the school facilities improvement district consistent with any of the following:
- (1) To purchase real property upon which to construct school facilities, pursuant to Education Code Section 15302, subdivision (a);
 - (2) To build or purchase school facilities, pursuant to Education Code Section 15302, subdivision (b);
 - (3) To make alterations or additions to the school facilities other than those necessary for ordinary maintenance, operation, or repairs, pursuant to Education Code Section 15302, subdivision (c);
 - (4) To repair, restore, or rebuild any school facilities damaged, injured, or destroyed by fire or other public calamity, pursuant to Education Code Section 15302, subdivision (d);
 - (5) To supply playgrounds with furniture, equipment, or necessary apparatus of a permanent nature, pursuant to Education Code Section 15302, subdivision (e);
 - (6) To permanently improve school grounds, pursuant to Education Code Section 15302, subdivision (f);
 - (7) To refund any valid outstanding indebtedness of the school facilities improvement district that is evidenced by bonds, pursuant to Education Code Section 15302, subdivision (g);

- (8) To carry out the projects or purposes authorized in Section 17577 (granting the governing board of each community college district the power to provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property), the constructing of which may be paid from the building fund, including any bond moneys therein), pursuant to Education Code Section 15302, subdivision (h); and/or
 - (9) To demolish or raze any school building with the intent to replace it with another school building, whether in the same location or in any other location, pursuant to Education Code Section 15302, subdivision (i).
- h. Provide the information to allow the board of supervisors of the county in which the superintendent of schools having jurisdiction over the community college district in which the school facilities improvement district is located or, if a school facilities improvement district lies in two or more counties, the board of supervisors for those countries, to adopt by a majority vote this chapter before it becomes operative and applicable to any county or counties, pursuant to Education Code Section 15303.

Article 2. Formation of a District

- a. Adopt a resolution of intention that states all of the following:
 - (1) The intention of the governing board to form the proposed school

- facilities improvement district, pursuant to Education Code Section 15320, subdivision (a);
- (2) The purpose for which the proposed school facilities improvement district is to be formed, consistent with the requirements set forth in Section 15302, Article 1, Duty (g), pursuant to Education Code Section 15320, subdivision (b);
 - (3) The estimated cost of the school facilities improvement project, pursuant to Education Code Section 15320, subdivision (c);
 - (4) That any taxes levied for the purpose of financing the general obligation bonds issued to finance the project shall be levied exclusively upon the lands in the proposed school facilities improvement district, pursuant to Education Code Section 15320, subdivision (d);
 - (5) That a map showing the exterior boundaries of the proposed school facilities improvement district is on file with the governing board of the community college district and is available for inspection by the public, pursuant to Education Code Sections 15301, subdivision (b), and 15320, subdivision (e);
 - (6) The time and place for a hearing by the governing board on the formation of the proposed school facilities improvement district, pursuant to Education Code Section 15320, subdivision (f); and

- (7) That any interested persons, including all persons owning lands in the community college district, or in the proposed school facilities improvement district, may appear and be heard, pursuant to Education Code Section 15320, subdivision (h).
- b. Provide notice of the hearing by publishing a copy of the resolution of intention in a newspaper of general circulation, at least 14 days prior to the time fixed for the hearing, and must post a copy of the resolution in three public places within the proposed school facilities improvement district for at least 14 days prior to the time fixed for the hearing, pursuant to Education Code Section 15321.
- c. Hold the hearing provided for by resolution of intention at the time and place fixed by that resolution, pursuant to Education Code Section 15322.
- d. At the hearing, adopt a resolution proposing modification, consistent with Section 15302, Article 1, Duty (g), of the purpose stated in the resolution of intention, pursuant to Education Code Section 15323.
- e. Describe, in the district's resolution proposing modification, the proposed modifications, state the change, if any, in the estimated cost of carrying out the purpose, and fix a time and place for hearing, pursuant to Education Code Section 15323.
- f. Publish the resolution proposing the modifications to the resolution of intention once in the same newspaper in which the resolution of intention

was published at least 14 days prior to the date of hearing on the proposed modifications, pursuant to Education Code Section 15324.

- g. Hold the hearing on any proposed modifications at the same time and place as any continued hearing on the resolution of intention and both hearings shall be held and conducted concurrently, pursuant to Education Code Section 15325.
- h. At the conclusion of the hearing on the resolution of intention and of the hearing, if any, upon proposed modifications, order the school facilities district formed for the purpose and with the boundaries described in the resolution of intention, and if relevant, the resolution proposing modifications, pursuant to Education Code Section 15326.
- i. State, in the district's resolution ordering the school facilities improvement district formed, the estimated cost of carrying out the purpose described in the resolution, and number and designate the school facilities improvement district substantially as "School Facilities Improvement District of the ____ Community College District," pursuant to Education Code Section 15326.
- j. Provide the governing board the same rights, powers, duties and responsibilities with respect to the formation and government of school facilities improvement district as the governing board has with respect to

the community college district, pursuant to Education Code Section 15327.

Article 3. Financing the Bonds

Submit, within 30 days after the end of each fiscal year, a report containing the information pertaining to an election under Article 4, "General Provisions for Bond Elections," to the county superintendent of schools who has jurisdiction over the community college district along with:

- (1) The total amount of the bond issue, bonded indebtedness, or other indebtedness involved, pursuant to Education Code Section 15336, subdivision (a);
- (2) The percentage of qualified electors who are residents of the school facilities improvement district who voted at the election, pursuant to Education Code Section 15336, subdivision (b);
- (3) The results of the election, with the percentage of votes cast for and against the proposition involved, pursuant to Education Code Section 15336, subdivision (c).

Article 4. General Provisions for Bond Elections

- a. After adopting the resolution ordering the formation of the school facilities improvement district, provide for and call a special bond election within the school facilities improvement district to submit to the voters of the

school facilities improvement district a proposition of whether or not an indebtedness of the district shall be incurred and bonds issued therefore in an amount not exceeding the estimate stated in the resolution ordering the school facilities improvement district formed, pursuant to Education Code Section 15340, subdivision (a).

- b. Not call a bond election within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election, pursuant to Education Code Section 15341.
- c. Unite and vote upon any purposes enumerated in Section 15302, Article 1, Duty (g), in a single proposition, pursuant to Education Code Section 15342.
- d. Conduct the bond election in accordance with the Elections Code except as provided by the following:
 - (1) As otherwise provided under Chapter 2 "Bonds of School Facilities Improvement Districts," pursuant to Education Code Section 15343, subdivision (a);
 - (2) That the formal notice of the election shall contain the items specified in Section 5361, pursuant to Education Code Section 15343, subdivision (b).

- (3) No election shall be held under the provisions of this section in any school facilities improvement district for a period of 90 days after an election in the same school facilities improvement district, pursuant to Education Code Section 15343, subdivision (c).
- e. Have the ballots prepared to state, "Bonds--Yes" and "Bonds--No," or words of similar import, a brief statement of the proposition, setting forth the amount of the bonds to be voted upon, the maximum rate of interest, the purposes for which the proceeds of the sale of the bonds are to be used, and any other forms and details as required by the ballot provisions of Part 4 of the Government Code, pursuant to Education Code Sections 15346 and 15347.
- f. If it appears from the certificate of election results that two-thirds of the votes cast by the voters voting on the proposition of issuing bonds of the school facilities improvement district are in favor of issuing the bonds, enter the fact upon the governing board's minutes, pursuant to Education Code Section 15349.
- g. Certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the community college district, all proceedings had in the premises, and the county superintendent of schools shall send a copy of the certificate of election results to the board of supervisors of the county, pursuant to Education Code Section 15349.

- h. Certify the proceedings relating to the authorization of bonds of a school facilities improvement district that is located within a community college district of any type to the board of supervisors of the county whose superintendent of schools has jurisdiction over the community college district in which the school facilities improvement district exists, pursuant to Education Code Section 15349.1.

Article 5. Issuance and Sale of Bonds

- a. Adopt a resolution prescribing the total amount of bonds to be sold, and, as may be necessary, prescribe the maximum interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, but not more than 25 years from the date of the bonds before the board of supervisors offers bonds of a school facilities improvement district for sale, pursuant to Education Code Sections 15350, 15351, 15354 and 15355.
- b. If the governing board receives satisfactory bids, award the bonds to the bidder whose bid will result in the lowest net interest cost for the group or for the bonds of any district within the group, pursuant to Education Code Section 15351.
- c. Issue the bonds in the name of the school facilities improvement district and designate them as "Bonds of the School Facilities Improvement District of the _____ Community College District" and each bond shall

state that the tax for the payment thereof shall be limited to annual taxes levied upon and collected from the lands within the school facilities improvement district, pursuant to Education Code Section 15352.

- d. By action of the governing board, prepare, or have prepared, bond brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of the bonds, the expense of the brochures shall be payable out of the funds of the district, but only after the issuance of the bonds to be sold has been approved by the electors of the school facilities improvement district pursuant to Article 4, "General Provisions for Bond Elections," pursuant to Education Code Section 15359.2, subdivision (a).
- e. By action of the governing board, expend funds of the school facilities improvement district for the purposes of advertising the availability of the bonds for purchase in any publication or newspaper that in the opinion of that governing board will give notice to prospective bond buyers that the bonds are available for purchase by bond buyers, pursuant to Education Code Section 15359.2, subdivision (b).
- f. Proceed pursuant to Chapter 1.5 "Strict Accountability in Local School Construction Bonds Act of 2000," and subject to the requirements therein on behalf of a school facilities improvement district that is created by and under the exclusive authority of the community college district under this chapter, pursuant to Education Code section 15359.3.

Article 8. Cancellation of Unsold Bonds

- a. Petition the board of supervisors that has jurisdiction of the issuance and sale of the bonds to cause the unsold bonds to be canceled if any bonds authorized under this chapter have not been offered for sale for one year from the date of the election at which they were authorized or remain unsold for a period of six months after having been offered for sale in the manner prescribed by the board of supervisors, pursuant to Education Code Section 15380.
- b. Have the petition signed by a majority of the governing board's members before the board of supervisors will fix a time for a hearing, not more than 30 days after receiving the petition, pursuant to Education Code Section 15381.
- c. Petition the board of supervisors to cancel the remaining authorization of that district to issue and sell bonds resulting from any particular school bond election after the sale of at least 90 percent of the bonds authorized at the election if the amount of the remaining authorization is not more than twenty-five thousand dollars (\$25,000) and in the opinion of the governing board the sale of the remaining bonds would not be economically justified, pursuant to Education Code Section 15384.

Article 9. Purchase of Bonds by Issuing School Districts

- a. Purchase in the open market bonds issued by the school facilities improvement district with available funds from the school facilities improvement fund, pursuant to Education Code Section 15390.
- b. After purchasing the bonds, notify the board of supervisors of its action, describing the bonds purchased, and at its first meeting thereafter, pursuant to Education Code Section 15391.

CHAPTER 18 "THE CALIFORNIA SCHOOL FINANCE AUTHORITY ACT," as added by Chapter 277, Statutes of 1996, Section 2:

- a. As an agent of the California School Finance Authority, enter into contracts to determine the location and character of any project to be financed under the California School Finance Authority Act, and acquire, construct, enlarge, remodel, renovate, alter, improve, furnish, equip, own, maintain, manage, repair, operate, lease as lessee or lessor, or regulate the same, pursuant to Education Code Section 17180, subdivisions (f)(1) and (2).
- b. As an agent of the California School Finance Authority, acquire by purchase solely from funds provided under the California School Finance Authority Act, or by gift or devise, and sell, by installments or otherwise, property, rights, rights-of-way, franchises, easements, and other interests in lands, including, but not limited to, lands lying under water, and riparian

- rights, located within the state which the California School Finance Authority deems necessary or convenient for the acquisition, construction, financing, or operation of a project, pursuant to Education Code Section 17180, subdivision (g).
- c. Comply with and terms and conditions deemed appropriate by the California School Finance Authority or the lease may be terminated, pursuant to Education Code Section 17180, subdivision (j).
 - d. Pay the administrative costs and expenses incurred by the California School Finance Authority under the California School Finance Authority Act, pursuant to Education Code Section 17180, subdivision (k).
 - e. Demonstrate the financial feasibility of a project by taking into account all district funds, basing future projections upon historical experience or reasonable expectations, or a combination thereof, to obtain project financing under the California School Finance Authority Act, pursuant to Education Code Section 17183.5.
 - f. In connection with receiving from a public credit provider credit enhancement for bonds, notes, certificates of participation, or other evidences of indebtedness, agree to the following conditions:
 - (1) Adopt a resolution by a majority vote of its board to participate under this section, provide notice to the Controller of that election, including a schedule for the repayment of principal and interest on

the bonds, notes, certificates of participation, or other evidence of indebtedness and identify the public credit provider that provided credit enhancement, pursuant to Education Code Section 17193.5, subdivision (a)(1). The notice shall be provided not later than the date of issuance of the bonds, pursuant to Education Code Section 17193.5, subdivision (a)(1);

- g. Perform any acts specifically approved by the California School Finance Authority, including:
 - (1) The selection of college sites, pursuant to Education Code Section 17194, subdivision (a);
 - (2) The securing of appraisals, pursuant to Education Code Section 17194, subdivision (b);
 - (3) Contracts for architectural services, pursuant to Education Code Section 17194, subdivision (c);
 - (4) The advertisement for construction bids and the entry into contracts for construction, pursuant to Education Code Section 17194, subdivision (d); and
 - (5) The purchase of furniture and equipment, pursuant to Education Code Section 17194, subdivision (e).
- h. For the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance, by California School

Finance Authority, of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, shall, as may be necessary:

- (1) Sell to the California School Finance Authority all or part of any rights to or possibilities regarding the state's share of funding for school facilities approved by the State Allocation Board under "The Leroy F. Greene School Facilities Act of 1998" including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued, pursuant to Education Code Section 17199.1, subdivision (a)(1);
- (2) Issue bonds to the California School Finance Authority, pursuant to Education Code Section 17199.1, subdivision (a)(2);
- (3) Borrow money or purchase or lease educational facilities from the California School Finance Authority, and in connection therewith, sell or lease property to the California School Finance Authority, in each case at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other transfer, assignment, payment, security, default, remedy, and other terms or provisions as may be specified in the sale of rights agreement or the bonds of the participating district or a loan, loan purchase,

installment sale, lease, or other agreement between the California School Finance Authority and the participating district, pursuant to 17199.1, subdivision (a)(3).

- i. As may be necessary, enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable, pursuant to Education Code Section 17199.1, subdivision (c).
- j. Do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, installment sale, lease, or other agreement of the district, pursuant to Education Code Section 17199.1, subdivision (c).
- k. By resolution, authorize the board of governors or the Chancellor, to act as its agent in the performance of any of the matters permitted by this section or any other provision of the California School Finance Authority Act, binding the district to any contract, agreement, instrument, or other document executed by the agent on behalf of the district, pursuant to Education Code Section 17199.1, subdivision (d).

- I. Elect to guarantee or provide for payment of the bonds in accordance with the following conditions:
 - (1) If the district adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election, including a schedule for the repayment of principal and interest on the bonds and identify a trustee appointed by the participating school district or county office of education or the authority for purposes of this section, pursuant to Education Code Section 17199.4, subdivision (a)(1). The notice shall be provided not later than the date of issuance of the bonds, pursuant to Education Code Section 17199.4, subdivision (a)(1); and
 - (2) If, for any reason, the district will not make the payment of principal and interest at the time the payment is required, the district or county office must notify the trustee of that fact and of the amount of the deficiency, pursuant to Education Code Section 17199.4, subdivision (a)(2); or
 - (3) The district may provide a transfer schedule in its notice to the Controller of its election to participate under this section, setting forth amounts to be transferred to the trustee and the date for the

Declaration of Thomas J. Donner
Test Claim of Clovis Unified School District
School Facilities Funding Requirements

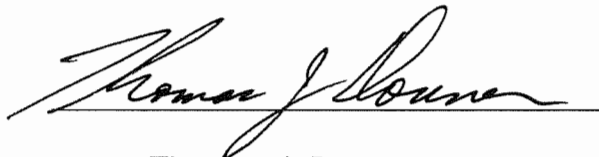

transfers, pursuant to Education Code Section 17199.4, subdivision (a)(4).

- m. Apply to the California School Finance Authority to participate, pursuant to Education Code Section 17199.4, subdivision (c).

It is estimated that the Santa Monica Community College District will incur more than \$1,000 in costs in excess of the funding provided the district by the state to implement these new duties mandated by the state for which the community college district will not be reimbursed by any federal, state, or local government agency, and for which it cannot otherwise obtain reimbursement.

The foregoing facts are known to me personally and, if so required, I could testify to the statements made herein. I hereby declare under penalty of perjury that the foregoing is true and correct except where stated upon information and belief and where so stated I declare that I believe them to be true.

EXECUTED this 4th day of June 2003, at Santa Monica, California

Thomas J. Donner
Vice President of Business and Administration
Santa Monica Community College District

EXHIBIT 2
COPIES OF STATUTES CITED

CHAPTER 424

An act to add Chapter 14.5 (commencing with Section 67350) to Part 40 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1986. Filed with
Secretary of State July 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, the California State University, the California Community Colleges, and the California Maritime Academy. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs, which studies demonstrate that these needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of 1986 is to take the first step toward meeting the capital outlay financing needs of California's public higher education system.

SEC. 2. Chapter 14.5 (commencing with Section 67350) is added to Part 40 of the Education Code, to read:

CHAPTER 14.5. HIGHER EDUCATION FACILITIES BOND ACT OF
1986

67350. This chapter shall be known and may be cited as the Higher Education Facilities Bond Act of 1986.

67351. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this chapter, and the provisions of that law are hereby incorporated in this chapter as though set out in full in this chapter. All references in this chapter to "herein" shall be deemed to refer both to this chapter and that law.

67352. As used in this chapter, and for the purposes of this chapter as used in the State General Obligation Bond Law, the following

words shall have the following meanings:

(a) "Board" means the State Public Works Board.

(b) "Committee" means the Higher Education Facilities Finance Committee, created pursuant to Section 67353.

(c) "Fund" means the Higher Education Capital Outlay Bond Fund, created pursuant to subdivision (e) of Section 67354.

67353. The Higher Education Facilities Finance Committee is hereby created, consisting of the Governor, the Controller, the Treasurer, the Director of Finance, the President of the University of California, the Chancellor of the California State University, and the Chancellor of the California Community Colleges, or their designees. The Treasurer shall serve as chairperson of the committee.

67354. (a) For the purpose of funding aid to the University of California, the California State University, the California Community Colleges, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures, renovation, and reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, for the equipping of new, renovated, or reconstructed facilities, which equipment shall have a useful life of at least 10 years, to provide funds for payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings, and to provide funds to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code, the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of four hundred million dollars (\$400,000,000) in the manner provided in this chapter, but not in excess thereof.

(b) The committee shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine when the bonds authorized under this chapter shall be issued in order to fund the authorized apportionments, and the amount of the bonds to be issued and sold.

(c) Up to two hundred fifty million dollars (\$250,000,000) shall be available for apportionment in the 1986-87 fiscal year, and up to one hundred fifty million dollars (\$150,000,000) shall be available for apportionment for the 1987-88 fiscal year, and in each subsequent fiscal year, except that the maximum aggregate debt or liability amount set forth in subdivision (a) shall not be exceeded.

(d) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at such different times as necessary to service expenditures required by the apportionments.

(e) The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Higher Education Capital Outlay Bond Fund, which is hereby created in the State Treasury.

67354.5. The proceeds of the bonds may also be used to provide short-term loans to community colleges for the purchase of instructional equipment. Those loans shall be repaid from the first moneys available in the Capital Outlay Fund for Public Higher Education beginning in the 1987-88 fiscal year.

67355. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

There shall be collected annually in the same manner and at the same time as other state revenue is collected a sum, in addition to the ordinary revenues of the state, as is required to pay the principal and interest on the bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of the revenue, to do and perform each and every act which is necessary to collect the additional sum.

67356. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this chapter, an amount that will equal the following:

(a) The sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter, as the principal and interest become due and payable.

(b) The sum as is necessary to carry out Section 67357, which sum is appropriated without regard to fiscal years.

67357. For the purposes of carrying out the provisions of this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund to be allocated by the board in accordance with this chapter. Any moneys made available under this section to the board shall be returned by the board to the General Fund, together with interest in the amount that those moneys would have earned in the Pooled Money Investment Account, which repayment shall be made from moneys received from the sale of bonds sold for the purpose of carrying out this chapter.

SEC. 3. Section 2 of this act shall take effect upon the adoption by the people of the Higher Education Facilities Bond Act of 1986, as set forth in Section 2 of this act. Sections 4 to 6, inclusive, of this act contain provisions relating to, and necessary for, the submission of the Higher Education Facilities Bond Act of 1986 to the people, and for returning, canvassing, and proclaiming the votes thereon, and shall take effect immediately.

SEC. 4. Notwithstanding Sections 3525 and 10218 of the Elections Code or any other provision of law, the Higher Education Facilities Bond Act of 1986, as set forth in Section 2 of this act, shall be

submitted to the people of the State of California for their ratification at the next general election, to be held November 4, 1986. Section 2 of this act shall in all other respects be submitted to the voters in accordance with provisions of the Government Code and Elections Code governing submission of statewide measures to the voters at a statewide election.

SEC. 5. All ballots at the election shall have printed thereon and in a square thereof, the words: "Higher Education Facilities Bond Act of 1986," and in the same square under the words the following in 8-point type: "This act provides for a bond issue of four hundred million dollars (\$400,000,000) to provide capital for construction or improvement of facilities at California's public higher education institutions, including the University of California's nine campuses, the California State University's 19 campuses, the California Community College's 106 campuses, and the California Maritime Academy, to be sold at a rate not to exceed two hundred fifty million dollars (\$250,000,000) per year."

Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act. However, where the voting of the elections is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, the use of the voting machines, and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section.

SEC. 6. The votes cast for or against the Higher Education Facilities Bond Act of 1986 shall be counted, returned, and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appears that the act shall have received a majority of all the votes cast for and against it at the election, then the act shall take effect as provided by this section, and shall not be repealed until the principal and interest of the liabilities created pursuant to this act shall be paid and discharged; but if a majority of the votes cast at the election are against this act, then the act shall not take effect.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Higher Education Facilities Bond Act of 1986 may be placed on the ballot for the general election to be held November 4, 1986, it is necessary that this act take effect immediately.

CHAPTER 44

An act to add Chapter 14.3 (commencing with Section 67330) to Part 40 of the Education Code, relating to financing higher education costs by providing the funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 18, 1988. Filed with
Secretary of State March 18, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 14.3 (commencing with Section 67330) is added to Part 40 of the Education Code, to read:

CHAPTER 14.3. HIGHER EDUCATION FACILITIES BOND ACT OF
1988

Article 1. General Provisions

67330. This chapter shall be known and may be cited as the Higher Education Facilities Bond Act of 1988.

67331. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, the California State University, the California community colleges, and the California Maritime Academy. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California community colleges to assess their long-term and short-term capital needs, which studies demonstrate that these needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of 1988 is to assist in meeting the capital outlay financing needs of California's public higher education system.

67332. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee created pursuant to Section 67353.

(b) "Fund" means the 1988 Higher Education Capital Outlay Bond Fund created pursuant to Section 67333.

Article 2. Higher Education Facilities Bond Act Program

67333. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the 1988 Higher Education Capital Outlay Bond Fund, which is hereby created.

67334. (a) The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California community colleges, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures, renovation, and reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, for the equipping of new, renovated, or reconstructed facilities, and to provide funds for payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings.

(b) Moneys made available under Section 67340 or 67342 may be used to provide short-term loans to community colleges for the purchase of instructional equipment. Those loans shall be repaid from the first moneys available in the Capital Outlay Fund for Public Higher Education beginning in the 1989-90 fiscal year, or from proceeds of the bonds.

Article 3. Fiscal Provisions

67335. (a) Bonds in the total amount of six hundred million dollars (\$600,000,000), not including the amount of any refunding bonds issued in accordance with Section 67343, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at such different times as necessary to service expenditures required by the apportionments.

67336. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter. For purposes of the State General Obligation Bond Law, the State Public Works Board is designated

the "board."

67337. The committee shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 67334 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

67338. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

67339. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out the provisions of Section 67340, appropriated without regard to fiscal years.

67340. For the purposes of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, together with interest at the rate paid on moneys in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

67341. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

67342. The board may request the Pooled Money Investment Board for a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, and may execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. The loan shall be deposited in the fund for the purpose of carrying out the provisions of this chapter. The amount of the loan shall not exceed the amount of the

unsold bonds that the committee, by resolution, has authorized to be sold for the purposes of this chapter.

67343. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code. The approval by the electors of this state of the issuance and sale of bonds under this chapter includes approval of the issuance and sale or exchange of any bonds issued to refund either those bonds or any previously issued refunding bonds.

SEC. 2. Section 1 of this act shall take effect upon the adoption by the voters of the Higher Education Facilities Bond Act of 1988, as set forth in Section 1 of this act.

SEC. 3. Section 1 of this act shall be submitted to the voters at the next statewide general election, to be held November 8, 1988, in accordance with provisions of the Government Code and the Elections Code governing submission of statewide measures to the voters, and shall appear as the first proposition on the ballot.

SEC. 4. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "Higher Education Facilities Bond Act of 1988," and in the same square under those words, the following in eight-point type: "This act provides for a bond issue of six hundred million dollars (\$600,000,000) to provide funds for the construction or improvement of facilities of California's public higher education institutions, including the University of California's nine campuses, the California State University's 19 campuses, the 70 districts of the California community colleges, and the California Maritime Academy. The use of funds authorized under this act includes, but is not necessarily limited to, the construction or improvement of classrooms, laboratories, and libraries, and the implementation of earthquake and other health or safety improvements." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the measure proposed by this act may be considered and become operative at an appropriate time, it is necessary that this act take effect immediately.

CHAPTER 6

An act to amend Section 81831 of, to repeal Section 81838 of, and to add Chapter 14.4 (commencing with Section 67345) to Part 40 of, the Education Code, relating to financing of higher education facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 22, 1990. Filed with
Secretary of State February 22, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 14.4 (commencing with Section 67345) is added to Part 40 of the Education Code, to read:

CHAPTER 14.4. HIGHER EDUCATION FACILITIES BOND ACT OF
JUNE 1990

Article 1. General Provisions

67345. This chapter shall be known and may be cited as the Higher Education Facilities Bond Act of June 1990.

67345.1. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, the California State University, the California Community Colleges, and the California Maritime Academy. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of June 1990 is to assist in meeting the capital outlay financing needs of California's public higher education system.

67345.2. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee created pursuant to Section 67353.

(b) "Fund" means the June 1990 Higher Education Capital Outlay Bond Fund created pursuant to Section 67346.

Article 2. Higher Education Facilities Bond Act Program

67346. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the June 1990 Higher Education Capital Outlay Bond Fund, which is hereby created.

67346.5. (a) The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, and the Hastings College of the Law, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures, the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, renovation, and

reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, and for the equipping of new, renovated, or reconstructed facilities, and to provide funds for payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings. The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to more clearly state what was intended by the Legislature in those sections as well.

(b) Moneys made available under Section 67347.5 or 67347.7 may be used to provide short-term loans to community colleges for the purchase of instructional equipment. Those loans shall be repaid from the first moneys available in the Capital Outlay Fund for Public Higher Education beginning in the 1990-91 fiscal year, or from proceeds of the bonds.

Article 3. Fiscal Provisions

67347. (a) Bonds in the total amount of four hundred fifty million dollars (\$450,000,000), not including the amount of any refunding bonds issued in accordance with Section 67347.8, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at any different times necessary to service expenditures required by the apportionments.

67347.1. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter. For purposes of the State General Obligation Bond Law, except as specified in Section 67347.7, each state agency administering an appropriation of the bond fund is designated the "board" for the projects funded by those appropriations.

67347.2. The committee shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments that are expressly authorized by the Legislature in

the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 67346.5 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

67347.3. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

67347.4. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out the provisions of Section 67347.5, appropriated without regard to fiscal years.

67347.5. For the purposes of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, together with interest at the rate paid on moneys in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

67347.6. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

67347.7. The board may request the Pooled Money Investment Board for a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, and may execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. The loan shall be deposited in the fund for the purpose of carrying out the provisions of this chapter. The amount of the loan shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purposes of this chapter.

For the purposes of requesting Pooled Money Investment Board loans in accordance with this section, "board" means: the President

of the University of California, the Dean of the Hastings College of the Law, the Chancellor of the California State University, the President of the California Maritime Academy, and the Chancellor of the California Community Colleges, each acting independently on his or her own behalf.

67347.8. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code. The approval by the electors of this state of the issuance and sale of bonds under this chapter includes approval of the issuance and sale or exchange of any bonds issued to refund either those bonds or any previously issued refunding bonds.

67347.9. Notwithstanding any provision of this chapter or the State General Obligation Bond Law set forth in Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, if the Treasurer sells bonds pursuant to this chapter the interest on which is intended to be excluded from gross income for federal tax purposes, the Treasurer shall be authorized to maintain separate accounts for the investment of bond proceeds and the investment earnings on these proceeds, and the Treasurer shall be authorized to use or direct the use of these proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

SEC. 2. Section 81831 of the Education Code is amended to read:

81831. The chancellor shall review and evaluate each proposed project with reference to the elements of the capital construction program specified in Section 81821. The review shall include the following elements:

(a) An architectural analysis to determine costs of the various phases of the project, with particular attention to be directed to the type of construction, unit costs, and the efficiency of particular buildings and facilities in terms of effective utilization of area.

(b) Determining the amount of federal funds available for the project, and taking appropriate measures to ensure that the project will qualify for the maximum amounts of federal funds practicable under the circumstances.

“Federal funds” means any construction and equipment moneys provided by the federal government to a community college district for the project or any part of the project, which are or will be available to the district for the project.

(c) Determining the total cost of the project, reducing the total cost by the amount of federal funds available therefor and determining the remainder thereof to be borne by the state.

(d) Determining the total of funds required for the first phase of the project to be provided by the state, and the total state

laboratories, and libraries, and the implementation of earthquake and other health or safety improvements." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This bill would provide the people of California with an opportunity to provide funding in 1990 for critically needed higher education facilities. In order to provide the opportunity for this funding at the earliest possible time, it is necessary that this act take immediate effect.

CHAPTER 13

An act to add Chapter 14.6 (commencing with Section 67358) and Chapter 14.7 (commencing with Section 67359.6) to Part 40 of the Education Code, relating to funding higher education facilities through the issuance and sale of bonds of the State of California, and by providing for the handling and disposition of those funds, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 11, 1992. Filed with
Secretary of State March 11, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 14.6 (commencing with Section 67358) is added to Part 40 of the Education Code, to read:

CHAPTER 14.6. HIGHER EDUCATION FACILITIES BOND ACT OF
JUNE 1992

Article 1. General Provisions

67358. This chapter shall be known and may be cited as the Higher Education Facilities Bond Act of June 1992.

67358.1. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California containing nine campuses, the California State University containing 20 campuses, the California Community Colleges consisting of 71 districts containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several billion dollars.

(d) The purpose of the Higher Education Facilities Bond Act of June 1992 is to assist in meeting the capital outlay financing needs of California's public higher education system.

67358.2. As used in this chapter, the following terms have the

following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee created pursuant to Section 67353.

(b) "Fund" means the 1992 Higher Education Capital Outlay Bond Fund created pursuant to Section 67358.3.

Article 2. Higher Education Facilities Bond Act Program

67358.3. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the 1992 Higher Education Capital Outlay Bond Fund, which is hereby created.

67358.4. The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, the Hastings College of the Law, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures; the equipping of new, renovated, or reconstructed facilities; funding for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings; renovation and reconstruction of facilities; and the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, including the acquisition of sites upon which these facilities are to be constructed.

The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those sections as well.

Article 3. Fiscal Provisions

67358.5. (a) Bonds in the total amount of nine hundred million dollars (\$900,000,000), not including the amount of any refunding bonds issued in accordance with Section 67359.3, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds

authorized by the committee at any different times necessary to service expenditures required by the apportionments.

67358.6. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law shall apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter. For purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the bond fund is designated as the "board" for projects funded by those appropriations.

67358.7. The committee shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 67358.4 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

67358.8. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

67358.9. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out the provisions of Section 67359, appropriated without regard to fiscal years.

67359. (a) For the purposes of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, together with interest at the rate paid on moneys in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

(b) No funds shall be expended pursuant to this chapter for the acquisition and development of new campuses that would increase the number of campuses designated in Section 67358.1.

(c) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in Section 67358.4 by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan of the particular university or college and shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2000-01 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college.

67359.1. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

67359.2. The board may request the Pooled Money Investment Board for a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, and may execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. The loan shall be deposited in the fund for the purpose of carrying out the provisions of this chapter. The amount of the loan shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purposes of this chapter.

67359.3. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code. The approval by the electors of this state of the issuance and sale of bonds under this chapter includes approval of the issuance and sale or exchange of any bonds issued to refund either those bonds or any previously issued refunding bonds.

67359.4. Notwithstanding any provision of this chapter or the State General Obligation Bond Law set forth in Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on these proceeds, and the Treasurer shall be authorized to use or direct the use of these proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

67359.5. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

SEC. 2. Chapter 14.7 (commencing with Section 67359.6) is added to Part 40 of the Education Code, to read:

CHAPTER 14.7. HIGHER EDUCATION FACILITIES REVENUE BOND
ACT

67359.6. The Legislature finds and declares, based on current depressed economic conditions, that immediate commencement of construction of certain higher education instructional and research facilities is necessary.

67359.7. The State Public Works Board may construct the following higher education instructional and research facilities to be financed from the Public Buildings Construction Fund, from proceeds from the sale of bonds, negotiable notes, or negotiable bond anticipation notes for the construction of those facilities pursuant to Chapter 3.8 (commencing with Section 15820.50) of Part 10b of Division 3 of Title 2 of the Government Code:

(a) University of California:

(1) Davis Campus:

99.03.090 Social Science and Humanities
Building—Working drawings and construction \$23,717,000
(The sum of twenty-three million seven
hundred seventeen thousand dollars)

(2) Riverside Campus:

99.05.050 Engineering Sciences
Building—Working drawings and construction \$36,300,000
(The sum of thirty-six million three hundred
thousand dollars)

(3) San Diego Campus:

99.08.085 Engineering Building Unit
2—Working drawings and construction \$25,286,000
(The sum of twenty-five million two hundred
eighty-six thousand dollars)

(b) The California State University:

(1) California State University, Long Beach:

06.71.092 Renovate Applied Arts and Sciences
and Additions—Working drawings and
construction \$18,758,000
(The sum of eighteen million seven hundred
fifty-eight thousand dollars)

(2) California State University, Northridge:

06.82.069 Engineering Addition, Asbestos
Abatement, Renovation, Phase I—Working

drawings and construction	\$12,719,000
(The sum of twelve million seven hundred nineteen thousand dollars)	
(3) California State University, San Bernardino: 06.78.070 Health, Physical Education, Classroom and Faculty Office Complex—Working drawings and construction	\$22,011,000
(The sum of twenty-two million eleven thousand dollars)	

67359.8. (a) In addition to the cost of construction, the State Public Works Board may authorize any additional amounts necessary to pay the costs of financing, including interest during construction of the project, a reasonably required reserve fund, and the cost of issuance of permanent financing.

(b) The State Public Works Board may authorize the cost of working drawings and construction relating to the projects listed in this act.

(c) The State Public Works Board may authorize the augmentation of the amounts authorized by Section 67359.7 subject to the limitations specified in Section 13332.11 of the Government Code.

(d) Notwithstanding Section 13340 of the Government Code, funds derived from the interim and permanent financing or refinancing of the projects authorized in Section 67359.7 are hereby continuously appropriated for those purposes.

SEC. 2.5. Section 1 of this act shall take effect upon the adoption by the voters of the Higher Education Facilities Bond Act of June 1992, set forth in Section 1 of this act.

SEC. 3. (a) Notwithstanding Sections 3525, 3528, 3529, 3560, and 3578 of the Elections Code, or any other provision of law, Section 1 of this act shall be submitted to the voters at the June 2, 1992, primary election.

(b) The Secretary of State shall ensure the placement of Section 1 of this act on the June 2, 1992, direct primary election ballot, in substantial compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

(c) The Secretary of State shall include, in the ballot pamphlet mailed pursuant to Section 3578 of the Elections Code, the information specified in Section 3570 of that code regarding the bond act contained in Section 1 of this act.

SEC. 4. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "Higher Education Facilities Bond Act of June 1992," and in the same square under those words, the following in 8-point type: "This act authorizes a bond issue of nine hundred million dollars (\$900,000,000) to fund the construction or improvement of

California's public college and university facilities. These construction projects will create jobs, ensure access to higher education for California's students, and enable public colleges and universities to prepare a well trained and competitive workforce to strengthen the state's economy. Authorized projects for the 138 public campuses shall include, but are not necessarily limited to, earthquake and other health safety improvements, modernization of laboratories to keep up with scientific advances, and construction of classrooms and libraries." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This bill would provide the people of California with an opportunity to provide funding in 1992 for critically needed higher education facilities. In order that the Higher Education Facilities Bond Act of 1992 contained in Section 1 of this act, which provides for this funding, be included on the June 2, 1992, primary election ballot and in order to commence construction of the facilities described in the Higher Education Facilities Revenue Bond Act contained in Section 2 of this act as soon as possible, it is necessary that the act take effect immediately.

CHAPTER 1
FILED WITH SECRETARY OF STATE JANUARY 8, 1996
APPROVED BY GOVERNOR JANUARY 8, 1996
PASSED THE ASSEMBLY JANUARY 4, 1996
PASSED THE SENATE SEPTEMBER 14, 1995
AMENDED IN SENATE SEPTEMBER 12, 1995
AMENDED IN ASSEMBLY APRIL 24, 1995

INTRODUCED BY Assembly Member Campbell
(Principal coauthor: Senator Greene)
(Principal coauthor: Assembly Member Alpert)
(Coauthor: Assembly Member Lee)

FEBRUARY 23, 1995

An act to add Part 66 (commencing with Section 100000) to the Education Code, relating to public education facilities construction through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 1168, R. Campbell. Bonds: public education facilities.

(1) The Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Greene Act) provides for the acquisition and construction of facilities by the state and the lease-purchase of those facilities by school districts.

The Higher Education Facilities Bond Act of 1986, the Higher Education Facilities Bond Act of 1988, and the Higher Education Facilities Bond Act of June 1992 provide for the issuance, pursuant to the State General Obligation Bond Law, of bonds in an amount not to exceed \$400,000,000, \$600,000,000, and \$900,000,000, respectively, and the expenditure of the proceeds therefrom to aid the University of California, the California State University, including the California Maritime Academy, and the California Community Colleges for, among other things, the construction and equipping of educational facilities, as specified. Existing law establishes the Higher Education Facilities Finance Committee to administer those acts and to authorize the issuance and sale of bonds to the extent necessary to fund the education facilities construction apportionments expressly authorized by the Legislature in the annual Budget Act.

This bill would enact the Public Education Facilities Bond Act of 1996 which, upon approval by the state electorate, would provide for the issuance of state general obligation bonds in an amount not to exceed \$3,000,000,000, exclusive of refunding bonds, issued pursuant to that act, and the expenditure of \$2,025,000,000 of revenues therefrom to provide aid to school districts, county superintendents of schools, and county boards of education, as specified, in accordance with the Greene Act and related school facilities programs, as specified, and would require that any funds remaining from designated school construction bond measures enacted in prior years be transferred to the State School Building Lease-Purchase Fund for apportionment under the Greene Act. The bill would also authorize the Treasurer to sell any unsold bonds from those

designated measures for purposes of the Greene Act.

This bill would provide that, of the bond proceeds authorized under the Public Education Facilities Bond Act of 1996, not more than \$900,000,000 may be used for, among other things, the acquisition of portable classrooms, the reconstruction or modernization of facilities, as specified, the purchase and installation of air-conditioning equipment and insulation materials, as specified, the funding of projects in districts with enrollment increases due to the locating or expansion of state or federal prisons, the acquisition of relocatable child care and development facilities, the funding of projects for county boards of education, as specified, the funding of projects in districts that lack funding priority due to the size of pupil enrollment, the funding of projects for high priority roof replacement, the construction projects or the purchase of furniture or equipment designed to increase school security, and the identification, assessment, or abatement of hazardous asbestos, as specified, and of lead.

This bill would provide that, of the bond proceeds authorized under the Public Education Facilities Bond Act of 1996, not more than \$100,000,000 may be used for seismic retrofit projects of existing public school facilities, not more than \$40,000,000 may be used by school districts that will contribute 60% or more of the cost of a project, and not more than \$25,000,000 may be used for projects that include joint use facilities.

This bill would provide that \$975,000,000 of the bond proceeds authorized under the Public Education Facilities Bond Act of 1996 be expended to assist in meeting the capital outlay financing needs of California's public higher education system and would expressly include the Hastings College of the Law, among the institutions for which the proceeds of those bonds may be expended, consistent with the purposes of the bill. The bill would specify that the addition of the Hastings College of the Law among the institutions for which the proceeds of the bonds may be expended is not intended to mark a change from the funding authorizations made under the Higher Education Facilities Bond Act of 1986, or the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those acts as well.

This bill would require that any request for funds from the bonds issued pursuant to the Public Education Facilities Bond Act of 1996 for the purposes of public higher education facilities be accompanied by the 5-year capital outlay plan of the particular university or college and include a schedule that prioritizes the seismic retrofitting needed to significantly reduce seismic hazards in buildings identified as high priority by the university or college, as specified. The bill would also authorize the expenditure of the revenues of the bonds for the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990.

(2) This bill would provide that the Public Education Facilities Bond Act of 1996 be submitted to the voters at the March 26, 1996, direct primary election in accordance with specified law.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Part 66 (commencing with Section 100000) is added to

the Education Code, to read:

PART 66. PUBLIC EDUCATION BONDS
CHAPTER 1. PUBLIC EDUCATION FACILITIES BOND ACT OF 1996
Article 1. General Provisions

100000. This chapter shall be known and may be cited as the Public Education Facilities Bond Act of 1996.

Article 2. School Facilities Program Provisions

100010. (a) Two billion twenty-five million dollars (\$2,025,000,000) of the proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the State School Building Lease-Purchase Fund.

100015. All moneys deposited in the State School Building Lease-Purchase Fund shall be available to provide aid to school districts of the state in accordance with the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10), and of all acts amendatory thereof and supplementary thereto, to provide aid to school districts, county superintendents of schools, and county boards of education of the state in accordance with Sections 100020, 100025, 100030, and 100035, to provide funds to repay any money advanced or loaned to the State School Building Lease-Purchase Fund under any act of the Legislature, together with interest provided for in that act, and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

100020. Of the proceeds from the sale of bonds pursuant to this chapter, not more than nine hundred million dollars (\$900,000,000) may be used for one or more of the following purposes:

(a) The acquisition of portable classrooms for use in accordance with Chapter 25 (commencing with Section 17785) of Part 10.

(b) The reconstruction or modernization of facilities pursuant to Chapter 22 (commencing with Section 17700) of Part 10. In addition to the current program requirements, the State Allocation Board may allocate funding pursuant to this subdivision for the reconstruction or modernization of any existing structure, including the wiring and cabling in that structure, to enable that structure to accommodate computers and other high technology equipment.

(c) The purchase and installation of air-conditioning equipment and insulation materials, and related costs, pursuant to Section 42250.1, for schools operated on a year-round multitrack schedule in a manner that increases school capacity and reduces or eliminates the school district's need for the construction of additional classroom space.

(d) Project funding for applicant districts under Chapter 22 (commencing with Section 17700) of Part 10 that have incurred or will incur enrollment increases due to the locating or expansion of state or federal prisons.

(e) The acquisition of relocatable child care and development facilities for the purpose of providing extended day care services pursuant to Article 22 (commencing with Section 8460) of Chapter 2 of Part 6.

(f) Project funding, without regard to funding priorities, for applicant county boards of education under Chapter 22 (commencing with Section 17700) of Part 10 that are eligible for that funding for classrooms for severely handicapped pupils.

(g) Project funding for applicant districts under Chapter 22 (commencing with Section 17700) of Part 10 that are eligible for that

funding, but that lack funding priority due to the size of pupil enrollment in the district.

(h) Project funding for high priority roof replacement projects.

(i) Construction projects or the purchase of furniture or equipment designed to increase school security.

(j) The identification, assessment, or abatement in school facilities of hazardous asbestos pursuant to either Chapter 22 (commencing with Section 17700) of Part 10 or Section 39619.6 and of lead.

(k) The reconstruction or modernization of facilities pursuant to Chapter 22 (commencing with Section 17700) of Part 10.

Notwithstanding Section 17721.3, the State Allocation Board may allocate funding pursuant to this subdivision for the reconstruction or modernization of an existing structure in an amount that exceeds 25 percent of the replacement cost of that structure in order to finance structural improvements needed to avert future earthquake damage.

100025. Of the proceeds from the sale of bonds pursuant to this chapter, not more than one hundred million dollars (\$100,000,000) may be used for seismic retrofit projects of existing public school facilities.

100030. Of the proceeds from the sale of bonds pursuant to this chapter, not more than forty million dollars (\$40,000,000) may be used for projects for school districts that agree to contribute 60 percent or more of the cost of those projects.

100035. Of the proceeds from the sale of bonds pursuant to this chapter, not more than twenty-five million dollars (\$25,000,000) may be used for projects that include joint use of facilities pursuant to Section 17750 or 17751.

Article 3. Higher Education Facilities Program

100110. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California, comprising nine campuses, the California State University, comprising 22 campuses, including the California Maritime Academy, a specialized institution, the California Community Colleges, consisting of 71 districts and 107 campuses, the Hastings College of the Law, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several billion dollars.

(d) The purpose of this article is to assist in meeting the capital outlay financing needs of California's public higher education system.

100115. Nine hundred seventy-five million dollars (\$975,000,000) of the proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the 1996 Higher Education Capital Outlay Bond

Fund, which is hereby created.

100120. The Higher Education Facilities Finance Committee created pursuant to Section 67353 shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, and the Hastings College of the Law for the construction, including the construction of buildings and the acquisition of related fixtures; the equipping of new, renovated, or reconstructed facilities; funding for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings; renovation and reconstruction of facilities; and the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, including the acquisition of sites upon which these facilities are to be constructed.

The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those sections as well.

100121. The Board of Governors of the California Community Colleges shall consider the historic significance of community college district buildings that are 50 years of age or older if those buildings are to be renovated, reconstructed, or demolished in connection with the construction of buildings utilizing the funds provided by this chapter.

Article 4. Fiscal Provisions

100125. (a) Bonds in the total amount of three billion dollars (\$3,000,000,000), not including the amount of any refunding bonds issued in accordance with Section 100175, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the Higher Education Facilities Finance Committee created pursuant to Section 67353 at any different times necessary to service expenditures required by the apportionments.

100130. The State School Building Finance Committee, created by Section 15909 and composed of the Governor, Controller, Treasurer, Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall be designated to chair the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their

respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers and duties imposed upon those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide the assistance to the committee as it may require. The Attorney General of the state shall be the legal adviser of the committee.

100135. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the "board" for purposes of administering the State School Building Lease-Purchase Fund.

(c) For purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the 1996 Higher Education Capital Outlay Bond Fund is designated as the "board" for projects funded by those appropriations.

100140. (a) Upon request of the State Allocation Board from time to time, supported by a statement of the apportionments made and to be made for the purposes described in Sections 100015, 100020, 100025, 100030, and 100035, the State School Building Finance Committee created pursuant to Section 15909 shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

(b) The Higher Education Facilities Finance Committee created pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments for the purposes described in Section 100120 that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 100120 and, if so, the amount of bonds to be issued and sold.

Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

100145. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

100150. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum that is necessary to carry out the provisions of

Section 100165, appropriated without regard to fiscal years.

100155. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

100160. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), if the Treasurer sells bonds that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes subject to designated conditions, the Treasurer may maintain separate accounts for the bond proceeds invested and for the investment earnings on those proceeds, and may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds that is required or desirable under federal law in order to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

100165. (a) For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the State School Building Finance Committee or the Higher Education Facilities Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the State School Building Lease-Purchase Fund and the 1996 Higher Education Capital Outlay Bond Fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in Section 100120 by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan of the particular university or college and shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2002-03 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college.

100170. All money deposited in the State School Building Lease-Purchase Fund, the Education Technology Fund, and the 1996 Higher Education Capital Outlay Bond Fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

100175. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the electors of the state for the issuance of the bonds described in this chapter shall include

approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

100180. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

Article 5. Miscellaneous

100185. (a) Any remaining funds resulting or derived from the sale of bonds pursuant to Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500), of Part 10, shall be transferred to the State School Building Lease-Purchase Fund and may be apportioned by the State Allocation Board for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10).

(b) Any unsold bonds, authorized for issuance under Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500), of Part 10 may be sold by the Treasurer, upon authorization by the State School Building Finance Committee for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10).

SEC. 2. Section 1 of this act shall become effective upon the approval by the voters, at the March 26, 1996, direct primary election, of the Public Education Facilities Bond Act of 1996, as set forth in Section 1 of this act.

SEC. 3. Section 1 of this act shall be submitted to the voters at the March 26, 1996, direct primary election, in accordance with provisions of the Government Code and the Elections Code governing the submission of statewide measures to the voters and, notwithstanding any other provision of law, shall appear as the first proposition on the ballot.

SEC. 4. Notwithstanding any other provision of law, all ballots of the March 26, 1996, direct primary election shall have printed thereon and in a square thereof, the words: "Public Education Facilities Bond Act of 1996" and in the same square under those words, the following in 8-point type: "This act provides for a bond issue of three billion dollars (\$3,000,000,000) to provide capital outlay for construction or improvement of public education facilities, including elementary and secondary schools, community colleges, the California State University, and the University of California, and the authorization to allocate bond funds and interest derived therefrom from the State School Building Aid Bond Law of 1952 for present-day public school construction or improvement." Opposite the square, there shall be left spaces in which the voters

may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting of the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with the provisions of this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Public Education Facilities Bond Act of 1996 may be submitted for voter approval at the March 26, 1996, direct primary election to provide financing for urgently needed school, college, and university facilities, it is necessary that this act take effect immediately.

CHAPTER 277

FILED WITH SECRETARY OF STATE JULY 25, 1996

APPROVED BY GOVERNOR JULY 24, 1996

PASSED THE ASSEMBLY JULY 11, 1996

PASSED THE SENATE APRIL 25, 1996

AMENDED IN SENATE APRIL 18, 1996

INTRODUCED BY Senator Greene

FEBRUARY 15, 1996

An act to add Part 10.5 (commencing with Section 17211) and Part 23 (commencing with Section 38000) to, to repeal and add Part 10 (commencing with Section 15100) of, and to repeal Part 10.5 (commencing with Section 17900) and Part 23 (commencing with Section 39001) of, the Education Code, and to repeal Sections 53080, 53080.1, 53080.15, 53080.2, 53080.3, 53080.4, 53080.6, and 53081 of the Government Code, relating to school facilities.

LEGISLATIVE COUNSEL'S DIGEST

SB 1562, Greene. School facilities.

(1) Existing law includes various state general obligation bond acts, as approved by the voters, that provide for the issuance of bonds to raise revenues for, among other purposes, elementary and secondary school facility construction.

This bill would repeal and reenact the provisions governing state school bonds including the State School Building Aid Law of 1949, the State School Building Aid Law of 1952, the State School Construction Law of 1957, and the Urban School Construction Aid Law of 1968.

(2) Existing law, the Leroy F. Greene State School Building Lease-Purchase Law of 1976, provides bond funding for the construction, reconstruction, modernization, and replacement of school facilities and the performance of deferred maintenance activities on school facilities.

This bill would repeal and reenact this law and would make technical, nonsubstantive changes in those provisions.

(3) Existing law also provides for the Emergency School Classroom Law of 1979, school district revenue bonds, the Archie-Hudson and Cunneen School Technology Revenue Bond Act, and the California School Finance Authority.

This bill would repeal and reenact those bodies of law and would make technical, nonsubstantive changes in those provisions.

(4) Existing law sets forth specific requirements for the location and construction of school buildings including, among other provisions, the Field Act.

This bill would repeal and reenact those provisions and would make technical, nonsubstantive changes in those provisions.

(5) Under existing law, the governing board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any development project within the boundaries of the school district for the purpose of funding the construction or reconstruction of school facilities.

This bill would repeal and add those provisions and would make technical, nonsubstantive changes in those provisions.

(6) This bill would provide that it is to be construed as a restatement and not as a new enactment.

(7) This bill would provide that the above-referenced provisions of the bill would become operative on January 1, 1998.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Part 10 (commencing with Section 15100) of the Education Code is repealed.

SEC. 2. Part 10 (commencing with Section 15100) is added to the Education Code, to read:

PART 10. SCHOOL BONDS

CHAPTER 1. BONDS OF SCHOOL DISTRICTS AND COMMUNITY COLLEGE DISTRICTS

Article 1. Purposes for Authorizing Bonds

15100. Except as otherwise provided by law, the governing board of any school district or community college district may, when in its judgment it is advisable, and shall, upon a petition of the majority of the qualified electors residing in the school district or community college district, order the county superintendent of schools to call an election and submit to the electors of the district the question whether the bonds of the district shall be issued and sold for the purpose of raising money for the following purposes:

- (a) The purchasing of school lots.
- (b) The building or purchasing of school buildings.
- (c) The making of alterations or additions to the school building or buildings other than as may be necessary for current maintenance, operation, or repairs.
- (d) The repairing, restoring, or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.
- (e) The supplying of school buildings and grounds with furniture, equipment, or necessary apparatus of a permanent nature.
- (f) The permanent improvement of the school grounds.
- (g) The refunding of any outstanding valid indebtedness of the district, evidenced by bonds, or of state school building aid loans.

(h) The carrying out of the projects or purposes authorized in Section 17577 or 81613.

(i) The purchase of schoolbuses the useful life of which is at least 20 years.

(j) The demolition or razing of any school building with the intent to replace it with another school building, whether in the same location or in any other location.

Any one or more of the purposes enumerated, except that of refunding any outstanding valid indebtedness of the district evidenced by bonds, may, by order of the governing board entered in its minutes, be united and voted upon as one single proposition.

15101. Notwithstanding any provision of law to the contrary, no election shall be held pursuant to this chapter within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election, subject to Part 3 (commencing with Section 10400) of Division 10 of the Elections Code.

15102. The total amount of bonds issued shall not exceed 1.25 percent of the taxable property of the district as shown by the last

Article 10. Tax for Payment of Bonds of School District or
Community College District Located in Two or More Counties

15260. In case of a district lying in two or more counties, the assessor of each of the counties in which the district lies, shall annually as soon as the county assessments have been equalized by the State Board of Equalization, certify to the board of supervisors of each of the counties in which any portion of the district is situated, the assessed value of all taxable property in the county situated in the school district or community college district. The tax shall be levied according to the ratio which the assessed value of the property in the district in any county bears to the total assessed value of the property in the district. Each board of supervisors shall levy upon the property of the district and within its own county the rate of tax that will be sufficient to raise not less than the amount needed to pay the interest and any portion of the principal of the bonds that is to become due during the year.

15261. The tax shall be entered upon the assessment roll and collected in the same manner as other school taxes.

The tax when collected shall be paid into the county treasury of the county. The treasurer of any county, other than the one whose superintendent of schools has jurisdiction over the school, shall, upon order of the county auditor, pay the sum collected on account of the tax into the treasury of the county whose superintendent of schools has jurisdiction over the school.

15262. This article shall apply only to bonds of a school district which were approved by the electors prior to July 1, 1978, and to bonded indebtedness for the acquisition or improvement of real property approved by two-thirds of the voters on or after June 4, 1986.

CHAPTER 2. BONDS OF SCHOOL FACILITIES IMPROVEMENT DISTRICTS
Article 1. General Provisions

15300. This chapter provides a method for the formation of school facilities improvement districts consisting of a portion of the territory within a school district and for the issuance of general obligation bonds by a school facilities improvement district.

15301. (a) Any school district that has a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, that has as one of its purposes the construction of school facilities within a portion of the territory of the school district, may proceed under this chapter.

(b) The boundaries of any school facilities improvement district formed pursuant to this chapter shall include all of the portion of the territory within the boundaries of the school district that is not located within the boundaries of the community facilities district as described in subdivision (a).

15302. General obligation bonds of the school facilities improvement district may be issued for the following purposes, if the purpose of the bonds is to benefit the land within the school facilities improvement district consistent with any of the following:

(a) To purchase real property upon which to construct school facilities.

(b) To build or purchase school facilities.

(c) To make alterations or additions to the school facilities other than those necessary for ordinary maintenance, operation, or

repairs.

(d) To repair, restore, or rebuild any school facilities damaged, injured, or destroyed by fire or other public calamity.

(e) To supply playgrounds with furniture, equipment, or necessary apparatus of a permanent nature.

(f) To permanently improve school grounds.

(g) To refund any valid outstanding indebtedness of the school facilities improvement district that is evidenced by bonds.

(h) To carry out the projects or purposes authorized in Section 39613.

(i) To demolish or raze any school building with the intent to replace it with another school building, whether in the same location or in any other location.

15303. This chapter shall not be operative in any county or counties until the board of supervisors of either the county in which the county superintendent of schools having jurisdiction over the school district in which the school facilities improvement district is located or, if a school facilities improvement district lies in two or more counties, the board of supervisors for those counties, by resolution adopted by a majority vote of the board of supervisors, makes this chapter applicable in the county or counties.

Article 2. Formation of District

15320. Whenever the governing board of a school district meeting the requirements set forth in Section 15301 determines that a school facilities improvement district is necessary, the governing board shall adopt a resolution of intention that states all of the following:

(a) The intention of the governing board to form the proposed school facilities improvement district.

(b) The purpose for which the proposed school facilities improvement district is to be formed, consistent with the requirements set forth in Section 15302.

(c) The estimated cost of the school facilities improvement project.

(d) That any taxes levied for the purpose of financing the general obligation bonds issued to finance the project shall be levied exclusively upon the lands in the proposed school facilities improvement district.

(e) That a map showing the exterior boundaries of the proposed school facilities improvement district is on file with the governing board of the school district and is available for inspection by the public. The boundaries of the school facilities improvement district shall meet the requirements set forth in subdivision (b) of Section 15301.

(f) The time and place for a hearing by the governing board on the formation of the proposed school facilities improvement district.

(h) That any interested persons, including all persons owning lands in the school district or in the proposed school facilities improvement district, may appear and be heard.

15321. Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in each affected county, pursuant to Section 6066 of the Government Code, the first publication shall be at least 14 days prior to the time fixed for the hearing. The notice shall also be given by posting a copy of the resolution in three public places located within the proposed school facilities improvement district for at least 14 days prior to the time fixed for the hearing. No notice other than that required by this section need be given.

15322. The governing board of the school district shall hold the hearing provided for by resolution of intention at the time and place fixed by that resolution. Any interested person, including, but not limited to, all persons owning land in the school district, or in the proposed school facilities improvement district, may appear and be heard concerning any matters set forth in the resolution of intention.

15323. At the hearing, the governing board of the school district may adopt a resolution proposing modifications, consistent with Section 15302, of the purpose stated in the resolution of intention. A resolution proposing modification shall describe the proposed modifications, state the change, if any, in the estimated cost of carrying out the purpose, and shall fix a time and place for hearing by the governing board.

15324. The governing board of the school district shall publish the resolution proposing the modifications to the resolution of intention once in the same newspaper in which the resolution of intention was published at least 14 days prior to the date of hearing on the proposed modifications.

15325. The hearing on any proposed modifications may be held at the same time and place as any continued hearing on the resolution of intention and both hearings may be held and conducted concurrently.

15326. At the conclusion of the hearing on the resolution of intention and of the hearing, if any, upon proposed modifications, the governing board may by resolution order the school facilities improvement district formed for the purpose and with the boundaries described in the resolution of intention, and, if relevant, the resolution proposing modifications. The resolution ordering the school facilities improvement district formed shall state the estimated cost of carrying out the purpose described in the resolution. The resolution shall also number and designate the school facilities improvement district substantially as "School Facilities Improvement District of ____ School District."

15327. The governing board of the school district in which a school facilities improvement district has been formed shall have the same rights, powers, duties and responsibilities with respect to the formation and government of school facilities improvement district as the governing board has with respect to the school district.

Article 3. Financing the Bonds

15330. The total amount of bonds issued shall not exceed 1.25 percent of the taxable property of the school facilities improvement district as shown by the last equalized assessment of the county or counties in which the school facilities improvement district is located. For purposes of this section, the taxable property of a school facilities improvement district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property located within the school facilities improvement district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property located within the school facilities improvement district for the fiscal year by the gross assessed value of all unitary and operating nonunitary property located within the county in which the school facilities improvement district is located for the fiscal year, and multiplying that result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll.

15331. Notwithstanding any other law, for the purpose of

computing the limit on the amount of bonds that may be issued by a school facilities improvement district pursuant to the provisions of this chapter, the taxable property of the school facilities improvement district shall be determined upon the basis that the school facilities improvement district's assessed value has not been reduced by the exemption of the assessed value of business inventories in the school facilities improvement district or reduced by the homeowner's property tax exemption.

15332. Notwithstanding Section 15330, any school facilities improvement district that is located within the boundaries of a unified school district may issue bonds not to exceed 2.5 percent of the taxable property of the school facilities improvement district as shown by the last equalized assessment of the county or counties in which the school facilities improvement district is located.

In computing the outstanding bonded indebtedness of any school facilities improvement district that is located in any unified school district, any outstanding bonds shall be deemed to have been issued for elementary school purposes, high school purposes, respectively, in the respective amounts that the proceeds of the sale of those outstanding bonds, excluding any premium and accrued interest received on that sale, were or have been allocated by the governing board of the unified school district to each of those purposes respectively.

For purposes of this section, the taxable property of a school facilities improvement district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property located within the school facilities improvement district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property located within the district for the fiscal year by the gross assessed value of all unitary and operating nonunitary property located within the county in which the district is located for the fiscal year, and multiplying the result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll.

15333. In computing the limitation of indebtedness of any school facilities improvement district, hereinafter in this section referred to as the "bonding district," the outstanding indebtedness of any previously existing district all or any part of which forms a component part of the bonding district and the outstanding indebtedness of any district for which any territory that has become a part of the bonding district is liable shall be excluded and shall not be deemed, for the purposes of computing the limitation of indebtedness under Sections 15330 and 15332, to constitute outstanding indebtedness of the bonding district, except to the extent that the outstanding indebtedness has been expressly assumed by the bonding district by vote of not less than two-thirds of the electors of the bonding district voting at an election at which the proposition of assuming the indebtedness is voted upon. Nothing in this section shall operate to release any property from liability for taxes to pay the principal and interest of indebtedness incurred by any component district or for which any territory that has become a part of the bonding district is liable and in which the taxable property is located at the time of the incurring of the indebtedness.

It is the intent of the Legislature to provide in this section a special method of computing the limitation of indebtedness of school facilities improvement districts irrespective of liability of the area embraced within the school districts for the payment of any bonded indebtedness.

15334. For the purpose of determining the limitation of

indebtedness of a school facilities improvement district under Section 15330 or 15332, that portion of the bonded indebtedness of the school facilities improvement district for which another district or territory in another district is liable shall be excluded and shall not be deemed to constitute outstanding bonded indebtedness of the school facilities improvement district.

15335. An action to determine the validity of bonds and of the ordering of the improvement or acquisition may be commenced pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. In the action, all findings, conclusions and determinations of the legislative body that conducted the proceedings shall be conclusive in the absence of actual fraud.

15336. Within 30 days after the end of each fiscal year, the governing board of the school district in which the school facilities improvement district is located shall submit a report containing the following information relating to an election held pursuant to Article 4 (commencing with Section 15340), to the county superintendent of schools who has jurisdiction over the school district:

(a) The total amount of the bond issue, bonded indebtedness, or other indebtedness involved.

(b) The percentage of qualified electors who are residents of the school facilities improvement district who voted at the election.

(c) The results of the election, with the percentage of votes cast for and against the proposition involved.

Article 4. General Provisions for Bond Elections

15340. (a) After adopting the resolution ordering the formation of the school facilities improvement district, the governing board may provide for and call a special bond election within the school facilities improvement district to, or may at the next statewide election, submit to the voters of the school facilities improvement district a proposition of whether or not an indebtedness of the district shall be incurred and bonds issued therefor in an amount not exceeding the estimate stated in the resolution ordering the school facilities improvement district formed.

(b) The indebtedness and the bonds shall be payable from taxes to be levied and collected upon lands located within the school facilities improvement district.

15341. Notwithstanding any law, no election shall be held pursuant to this chapter within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election, subject to the provisions of Part 2.5 (commencing with Section 23300) of Division 14 of the Elections Code.

15342. Any one or more of the purposes enumerated in Section 15302, except that of refunding any outstanding valid indebtedness of the school facilities improvement district evidenced by bonds, may, by order of the governing board of the school district in which the school facilities improvement district is located, be united and voted upon in a single proposition.

15343. The election shall be conducted as provided in Chapter 3 (commencing with Section 5300) of Part 4 except as provided by each of the following:

(a) As otherwise provided in this chapter.

(b) That the formal notice of the election shall contain and specify, in addition to the items specified in Section 5361:

(1) The purposes for which the bonds are to be issued.

(2) The amount of the bonds.

(3) The maximum rate of interest, not to exceed the maximum rate of interest allowed by Article 5 (commencing with Section 15350).

(4) The maximum number of years, not to exceed 25, not to exceed which the bonds or any series thereof are to run.

(c) No election shall be held under the provisions of this section in any school facilities improvement district for a period of 90 days after an election in the same school facilities improvement district.

15344. Any election called pursuant to this chapter may be consolidated with any other election pursuant to the provisions of Part 2.5 (commencing with Section 23300) of Division 14 of the Elections Code.

15345. Any qualified elector who is a resident of the territory of the school facilities improvement district may vote on the proposition of issuing bonds of the school facilities improvement district.

15346. The words to appear upon the ballots shall be "Bonds--Yes" and "Bonds--No," or words of similar import. A brief statement of the proposition, setting forth the amount of the bonds to be voted upon, the maximum rate of interest, and the purposes for which the proceeds of the sale of the bonds are to be used, shall be printed upon the ballot. No defect in the statement other than in the statement of the amount of the bonds to be authorized shall invalidate the bonds election.

15347. Unless otherwise specified in this chapter, the form and details of all ballots at school facilities improvement elections shall comply with ballot provisions of Part 4 (commencing with Section 2400) of the Government Code.

15348. The proposition shall be deemed approved upon approval by two-thirds of the votes cast by voters voting on the proposition of issuing bonds of the school facilities improvement district.

15349. If it appears from the certificate of election results that two-thirds of the votes cast by the voters voting on the proposition of issuing bonds of the school facilities improvement district are in favor of issuing the bonds, the governing board of the school district in which the school facilities improvement district is located shall cause an entry of that fact to be made upon its minutes. The governing board of that school district shall then certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district, all proceedings had in the premises. The county superintendent of schools shall send a copy of the certificate of election results to the board of supervisors of the county.

15349.1. The proceedings relating to the authorization of bonds of a school facilities improvement district that is located within a joint school district of any type need be certified only to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district in which the school facilities improvement district exists. The board of supervisors may issue and sell the bonds and no action of the board of supervisors of any other county in which the school board is situated shall be required in connection with the issuance and sale of the bonds, and the bonds need not be signed by any officer of any other county.

15349.2. No error, irregularity, or omission that does not affect the substantial rights of the taxpayers within the school facilities improvement district or the qualified electors voting at any election at which bonds of any school facilities improvement district are authorized to be issued shall invalidate the election or any bonds authorized by that election.

Article 5. Issuance and Sale of Bonds

15350. Bonds of a school facilities improvement district shall be offered for sale by the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located as soon as possible, when appropriate, following receipt of a resolution duly adopted by the governing board of that school district. The resolution shall prescribe the total amount of bonds to be sold. The resolution may also prescribe the maximum acceptable interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds.

15351. When authorized by the governing board of the school district in which the school facilities improvement district is located, bonds of the school facilities improvement district may be offered for sale as a group by the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located, at a time determined by the board of supervisors following receipt of a resolution duly adopted by the governing board of that school district. The resolution shall prescribe the total amount of bonds to be sold. The resolution may also prescribe the maximum acceptable interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds. Bidders shall be required to bid a lump-sum bid on all bonds as a group. If bids satisfactory to the governing board of each school district in which a school facilities improvement district is located are received, the bonds offered for sale shall be awarded to the bidder whose bid will result in the lowest net interest cost for the group or for the bonds of any district included within the group. Bonds shall be issued and sold in the name of each school facilities improvement district in the same manner as provided in this chapter.

15352. The bonds shall be issued in the name of the school facilities improvement district and shall be designated "Bonds of the School Facilities Improvement District of the ____ School District" and each bond and all interest coupons shall state that the tax for the payment thereof shall be limited to annual taxes to be levied upon and collected from the lands within the school facilities improvement district.

15353. The bonds shall be issued in the denomination or denominations as the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located may prescribe.

15354. The bonds shall not bear a rate of interest greater than 8 percent per annum, payable annually or semiannually.

15355. The number of years the whole or any part of the bonds are to run shall not exceed 25 years, from the date of the bonds or the date of any series thereof.

15356. (a) The board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located shall prescribe the form of the bonds by an order entered upon its minutes. The bonds shall be signed by the chairperson of the board of supervisors, or by any other member thereof as the board of supervisors shall, by resolution adopted by a four-fifths vote of

all its members, authorize and designate for that purpose, and also signed by the treasurer of the county, and shall be countersigned by the clerk of the board of supervisors or by a deputy of either of the officers. Unless the board of supervisors otherwise provides, all the signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced except that one of the signatures or countersignatures to the bonds shall be manually affixed. Any signature may be affixed in accordance with the provisions of the Uniform Facsimile Signatures of Public Officials Act, Chapter 6 (commencing with Section 5500) of Title 1 of the Government Code. All expenses incurred for the preparation, sale, and delivery of the school facilities improvement bonds, including but not limited to, fees of an independent financial consultant, the publication of the official notice of sale of the bonds, the preparation, printing, and distribution of the official statement, the obtaining of a rating, the purchase of insurance insuring the prompt payment of interest and principal, the preparation of the certified copy of the transcript for the successful bidder, the printing of the bonds, and legal fees of independent bond counsel retained by the school facilities improvement district issuing the bonds are legal charges against the funds of the school facilities improvement district issuing the bonds and may be paid from the proceeds of sale of the bonds.

(b) Notwithstanding subdivision (a), the board of supervisors may, in its discretion, determine that all of the required signatures and countersignatures shall be by facsimiles, provided, however, that the bonds shall not be valid or become obligatory for any purpose until manually signed by an authenticating agent duly appointed by the board or its authorized designee.

15357. The board of supervisors shall establish within the county treasury a school facilities improvement fund for each school facilities improvement district the purpose of depositing the proceeds of the bonds issued pursuant to this chapter. The board of supervisors shall also establish within the county treasury a school facilities improvement bond interest and sinking fund for each school facilities improvement district.

15358. The bonds shall be issued by the board of supervisors, payable out of the interest and sinking fund of the school facilities improvement district. The board of supervisors, in its discretion, and without further authorization from the governing board of the school district in which the school facilities improvement district is located, may sell the bonds at a negotiated sale or by competitive bidding. The bonds may be sold at a discount not to exceed 5 percent and at an interest rate not exceeding the maximum permitted by Section 15354. If the sale is by competitive bid, the board of supervisors shall comply with the provisions of Sections 15359 and 15359.1. The bonds shall be sold by the board of supervisors no later than the date designated by the governing board of the school district in which the school facilities improvement district is located as the final date for the sale of the bonds. The proceeds of the sale of the bonds, exclusive of any premium received, shall be deposited in the county treasury to the credit of the school facilities improvement fund of the school facilities improvement district. The proceeds deposited shall be drawn out as necessary to finance the purposes approved by the voters pursuant to this chapter.

The bond proceeds withdrawn shall not be applied to any other purposes than those for which the bonds were issued. Any premium or accrued interest received from the sale of the bonds shall be deposited in the interest and sinking fund of the county treasury established for the school facilities improvement district.

15359. Before selling the bonds, or any part of them, the board of supervisors as appropriate, shall advertise for bids at least two weeks in some daily or weekly newspaper of general circulation published in the county whose county superintendent of schools has jurisdiction over the governing board of the school district in which the school facilities improvement district is located or if there is no newspaper published in the county, in a newspaper published in some other county in the state having a general circulation in the county.

15359.1. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder or bidders, and the county clerk shall prepare and certify to all of the proceedings on file in his or her office relative to the issuance and sale of the bonds, which transcript of proceedings shall be delivered to the successful bidder or bidders without charge. If no bids are received, or if the board determines that the bids received exceed either the maximum acceptable interest rate prescribed by the governing board or the maximum rate prescribed by Section 15353, or that they are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and without further authorization from the governing board of the school district in which the school facilities improvement district is located, either readvertise or sell the bonds at private sale.

For the purpose of determining whether or not a bid exceeds the maximum acceptable interest rate, the interest rate of that bid shall be deemed to be the interest rate resulting from the total net interest cost arrived at by computing the total amount of interest that the school facilities improvement district would be required to pay from the date of the bonds to the respective maturity dates thereof at the rate or rates specified in the bid and by deducting therefrom any premium bid.

15359.2. The issuing school facilities improvement district, by action of the governing board of the school district in which the school facilities improvement district is located, may prepare, or have prepared, bond brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of the bonds, the expense of the brochures shall be payable out of the funds of the district. The brochures may be prepared only after the issuance of the bonds to be sold has been approved by the electors of the school facilities improvement district pursuant to Article 4 (commencing with Section 15340).

The issuing school facilities improvement district by action of the governing board in which the school facilities improvement district is located may expend funds of the school facilities improvement district for the purposes of advertising the availability of the bonds for purchase in any publication or newspaper that in the opinion of that governing board will give notice to prospective bond buyers that the bonds are available for purchase by bond buyers.

Article 6. Required Form of Bonds

15360. Notwithstanding any other provision of law, whenever any bonds are issued pursuant to this chapter, the bonds may be issued either in the form of coupon bonds, or in the form of registered bonds, or some in the form of coupon bonds and some in the form of registered bonds, as may be provided in the proceedings for the issuance of the bonds.

15361. If any officer whose signature, countersignature, or attestation appears on any school facilities improvement bonds or

coupons ceases to be an officer before the delivery of the bonds to the purchaser, the signature, countersignature, or attestation either on the bonds or the coupons, or on both, is valid and sufficient for all purposes as if the officer had remained in office until the delivery of the bonds, and the signature upon the coupons of the person who is auditor at the date of the bonds, is valid although the bonds themselves may be attested by a different person who is auditor at the time of delivery of the bonds.

15362. Any bonds executed in the manner provided by the board of supervisors shall be valid, notwithstanding any change in the officers who signed the bonds or the coupons, or in the seal of the board of supervisors, occurring after the execution.

Article 7. Registration of Bonds

15370. Whenever the owner of any coupon bond or of any bond payable to bearer presents the bond to the treasurer or other officer of the county in which the school facilities improvement bonds are issued is located, who by law performs the duties of treasurer, with a request for the conversion of the bond into a registered bond, the treasurer or other officer shall cut off and cancel the coupons of the coupon bond, and shall stamp, print, or write upon the coupon bond or other bond payable to the bearer, either upon its back or upon its face, as may be convenient, a statement to the effect that the bond is registered in the name of the owner and that thereafter the interest and principal of the bond are payable to the registered owner.

15371. After registration, any bond may be transferred by the registered owner in person, or by attorney duly authorized, on presentation of the bond to the treasurer or other officer performing the duties of treasurer. The bond may be again registered as before, a similar statement being stamped, printed, or written thereon.

15372. The statement stamped, printed, or written upon the bond may be substantially in the following form:

(Date, giving month, day, and year.)

This bond is registered pursuant to the statute in the cases made and provided in the name of (insert name of owner) and the interest and principal thereof are hereafter payable to the owner.

Treasurer (or other officer)

15373. After any bond has been registered as provided in this article, the principal and interest of the bond shall be payable to the registered owner.

15374. The treasurer or other officer shall keep in his or her office a book or books that shall at all times show what bonds are registered and in whose name respectively.

Article 8. Cancellation of Unsold Bonds

15380. If any bonds authorized under this chapter have not been offered for sale for one year from the date of the election at which they were authorized or remain unsold for a period of six months after having been offered for sale in the manner prescribed by the

board of supervisors, the governing board of the school district in which the school facilities improvement district is located and for which the bonds were authorized, may petition the board of supervisors that has jurisdiction of the issuance and sale of the bonds to cause the unsold bonds to be canceled.

15381. Upon receiving the petition, signed by a majority of the members of the governing board of the school district in which the school facilities improvement district is located, the board of supervisors shall fix a time for a hearing, which shall not be more than 30 days after receipt of the petition, and shall cause a notice stating the time and place of the hearing, and the object of the petition in general terms, to be published for 10 days prior to the hearing, in a newspaper published in the school facilities improvement district if there is one, and if there is no newspaper published in the school facilities improvement district, in a newspaper published at the county seat of the county.

15382. At the time and place designated in the notice, or at any subsequent time to which the hearing may be postponed, the board of supervisors shall hear any reasons that may be submitted for or against the granting of the petition.

15383. If the board of supervisors deem it for the best interests of the school facilities improvement district named in the petition that the unsold bonds be canceled, it shall make and enter an order in the minutes of its proceedings that the unsold bonds be canceled. Upon the entry of the order the bonds and the vote by which they were authorized to be issued shall cease to be of any validity.

15384. The governing board of a school district in which a school facilities improvement district is located may petition the board of supervisors to cancel the remaining authorization of that district to issue and sell bonds resulting from any particular school bond election after the sale of at least ninety percent (90%) of the bonds authorized at the election if the amount of the remaining authorization is not more than twenty-five thousand dollars (\$25,000) and in the opinion of the governing board the sale of the remaining bonds would not be economically justified. The provisions of Sections 15381 and 15382 shall be applicable and at or following the hearing therein provided for, the board of supervisors, if it determines that the public interest will be served thereby, may make and enter an order in the minutes of its proceedings that the remaining authorization be canceled. Upon the entry of the order the vote by which the remaining authorization was created shall cease to be of any validity with respect to such remaining authorization.

Article 9. Purchase of Bonds by Issuing School Districts

15390. The governing board of a school district in which a school facilities improvement district is located may purchase in the open market bonds issued by the school facilities improvement district with available funds from the school facilities improvement fund.

15391. When any bonds issued by a school facilities improvement district have been purchased by the governing board of the school district in which the school facilities improvement district is located, the bonds shall be deemed canceled and of no further validity. The governing board of the school district in which the school facilities improvement district is located shall immediately, after purchasing the bonds, notify the board of supervisors of its action, describing the bonds purchased. At its first meeting thereafter the board of supervisors shall note the purchase and cancellation of the bonds in the minutes of its proceedings.

Article 10. Method of Bond Payment

15400. The board of supervisors by an order entered upon its minutes shall fix the time when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds. If the governing board of the school district in which the school facilities improvement district is located has prescribed in its resolution the time or times when the whole or any part of the bonds shall be payable, the times and amounts shall be fixed by the order of the board of supervisors.

Any bonds may be issued subject to call and redemption before maturity at the option of the governing board of the school district in which the school facilities improvement district exists. The governing board may include in its resolution a requirement that all or any part of the bonds shall be issued subject to call and redemption before maturity and the price or prices at which said bonds shall be redeemed. The board of supervisors, in its order fixing the form of the bonds and the maturities thereof, shall provide that the bonds be redeemable at the option of the governing board and at the price or prices fixed in the resolution. Bonds issued subject to call and redemption prior to maturity shall contain a recital to that effect, and no bond shall be subject to call or redemption prior to maturity unless it contains the recital. The board of supervisors in its order shall fix the method of giving notice of redemption to holders of bonds to be redeemed.

15401. The board of supervisors at the direction of the governing board of the school district in which the school facilities improvement district is located may divide the principal amount of bonds authorized at any election into two or more series and may fix different dates for the bonds of each series, in which event the maximum maturity date of the bonds shall be calculated from the date of each series respectively. When the issuance of bonds shall have been authorized pursuant to two or more propositions submitted at the same or different elections, all or any part of the bonds not theretofore issued may be combined and issued and sold as one or more series.

15402. The board of supervisors may make the principal and interest of the bonds payable at the office of the treasurer of the county, or at any other place within the United States which the board may designate, or at the office of the county treasurer, or at any other designated place at the option of the bondholder. The place of payment shall be specified in the bonds. The expense of paying the bonds elsewhere than at the office of the treasurer shall be a proper charge against the school facilities improvement district to be paid out of the tax levied and collected for the payment of the bonds.

15403. The principal and interest on the bonds shall be paid by the county treasurer of the county in which the superintendent of schools has jurisdiction of the school district in which the school facilities improvement district is located, at the place required by the terms of the bonds, upon presentation and surrender of warrants drawn by the county auditor in payment thereof, after he or she has canceled the bonds and coupons, or upon the receipt of the registered owner, if the bonds are registered, after a proper warrant has been drawn by the auditor, out of the fund provided for their payment.

15404. Any money remaining in the interest and sinking fund of any school facilities improvement district after the payment of all bonds and coupons payable from the fund, or any money in excess of an amount sufficient to pay all unpaid bonds and coupons payable from

the fund, shall be transferred to the general fund of the governing board of the school district in which the school facilities improvement district is located upon the order of the auditor.

15405. Any money paid into the county treasury of the county and credited to the interest and sinking fund of any school facilities improvement district remaining after the payment of all bonds and coupons payable from the fund, or which is in excess of an amount sufficient to pay all unpaid bonds and coupons payable from the fund, shall be transferred to the special reserve fund of the school district in which the school facilities improvement district is located and may be used only for the purpose specified in Section 42840.

Article 11. Tax for Payment of Bonds

15410. The board of supervisors of the county in which the superintendent of schools of who has jurisdiction over a school district in which a school facilities improvement district is located shall annually at the time of making the levy of taxes for county purposes levy a tax for that year upon the property in the school facilities improvement district for the interest and redemption of all outstanding bonds of the district. The tax shall not be less than sufficient to pay the interest on the bonds as it becomes due and to provide a sinking fund for the payment of the principal on or before maturity and may include an allowance for an annual reserve, established for the purpose of avoiding fluctuating tax levies. The tax shall be sufficient to provide funds for the payment of the interest on the bonds as it becomes due and also that part of the principal and interest as is to become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of the principal and interest.

15411. All taxes levied, when collected, shall be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located and on behalf of which the tax was levied. All collected tax revenues shall be used exclusively for the payment of the principal and interest of the bonds of the school facilities improvement district, including any sinking fund.

15412. The board of supervisors of the county whose superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located, shall annually at the time of making the levy of taxes for county purposes estimate the amount of money required to meet the payment of the principal and interest on bonds of the district authorized by the electors of the district and not sold, and that the governing board of the school district informs the board on their belief will be sold before the next tax levy, and the board of supervisors shall levy a tax sufficient to pay the principal and interest so estimated.

15413. If the bonds are declared invalid or are not issued for any reason, the tax levied and collected shall be retained in the interest and sinking fund of the school facilities improvement district to meet the interest and principal falling due on the bonds.

If the school facilities improvement district has no bonds outstanding the proceeds of the tax levy shall be transferred to the general fund of the school district in which the improvement district is located on the order of the auditor.

15414. This article shall apply only to general obligation bonds issued for one or more purposes specified in Section 15302 and approved by two-thirds of the votes cast by the voters voting on the proposition.

Article 12. Tax for Payment of Bonds of School Facilities Improvement District Located in Two or More Counties

15420. If a school facilities improvement district lies in two or more counties, the assessor of each of the counties in which the district lies, shall annually as soon as the county assessments have been equalized by the State Board of Equalization, certify to the board of supervisors of each of the counties in which any portion of the schools facilities improvement district is located, the assessed value of all taxable property in the county located within the school facilities improvement district or community college district. The tax shall be levied according to the ratio which the assessed value of the property in the district in any county bears to the total assessed value of the property in the school facilities improvement district. Each board of supervisors shall levy upon the property of the school facilities improvement district and within its own county the rate of tax that will be sufficient to raise not less than the amount needed to pay the interest and the portion of the principal of the bonds as is to become due during the year.

15421. The tax shall be entered upon the assessment roll and collected in the same manner as other on real property.

The tax when collected shall be paid into the county treasury of the county. The treasurer of any county, other than the one whose superintendent of schools has jurisdiction over the school district in which the school facilities improvement district is located, shall, upon order of the county auditor, pay the sum collected on account of the tax into the treasury of the county whose superintendent of schools has jurisdiction over the school district in which the community facilities district is located.

15422. This article shall apply only to general obligation bonds issued for one or more purposes specified in Section 15302 and approved by two-thirds of the votes cast by voters voting on the proposition.

Article 13. Maximum Tax for Payment of Bonds

15425. Notwithstanding any other provision of this chapter, it is the intent of the Legislature that the rate of taxes levied annually upon the property in a school facilities improvement district pursuant to this chapter not be greater than the rate of the annual special tax levied upon parcels in the same school district that are part of a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code. A determination by the governing board of a school district, made at the time bonds are sold pursuant to this chapter, that the rate of taxes to be levied annually upon the property in the school facilities improvement district, based upon tax rate estimates prepared pursuant to Section 9401 of the Elections Code, does not exceed the rate of the annual special tax levied upon parcels in the same school district that are part of a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, shall be conclusive evidence of compliance with the intent of this section.

CHAPTER 12. STATE SCHOOL BUILDING LEASE-PURCHASE LAW OF 1976
Article 1. General Provisions

17000. This chapter may be cited as the "Leroy F. Greene State School Building Lease-Purchase Law of 1976."

17001. (a) The Legislature hereby declares that it is in the interest of the state and the people thereof for the state to reconstruct, remodel, or replace existing school buildings that are educationally inadequate or that do not meet present-day structural safety requirements, and to acquire new schoolsites and buildings for the purpose of making them available to local school districts for the pupils of the public school system, that system being a matter of general concern inasmuch as the education of the children of the state is an obligation and function of the state.

(b) In order to expedite the elimination of the use of nonconforming school buildings that are used or designed to be used for instructional purposes or intended to be entered by pupils, the State Allocation Board may establish criteria that considers special circumstances under which funds may be allocated for the reconstruction of nonconforming buildings. The funds allocated in accordance with this section shall not exceed 75 percent of the cost of facility replacement.

(c) It is the intent of the Legislature that all construction projects be designed and constructed to maximize the use of educational technology, as set forth in subdivision (b) of Section 17002.

17002. The following terms wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Board" means the State Allocation Board.

(b) "Cost of project" includes, but is not limited to, the cost of all real estate property rights, and easements acquired, and the cost of developing the site and streets and utilities immediately adjacent thereto, the cost of construction, reconstruction, or modernization of buildings and the furnishing and equipping, including the purchase of educational technology hardware, of those buildings, the supporting wiring and cabling, and the technological modernization of existing buildings to support that hardware, the cost of plans, specifications, surveys, and estimates of costs, and other expenses that are necessary or incidental to the financing of the project. For purposes of this section, "educational technology hardware" includes, but is not limited to, computers, telephones, televisions, and video cassette recorders.

(c) The term "lease" includes a lease with an option to purchase.

(d) "Project" means the facility being constructed or acquired by the state for rental to the applicant school district and may include the reconstruction or modernization of existing buildings, construction of new buildings, the grading and development of sites, acquisition of sites therefor and any easements or rights-of-way pertinent thereto or necessary for its full use including the development of streets and utilities.

(e) "Property" includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(f) "Apportionment" means a reservation of funds necessary to finance the cost of any project approved by the board for lease to an applicant school district.

17002.1. As used in this chapter, construction shall include, but not be limited to, reconstruction, modernization, and replacement of

facilities, and the performance of deferred maintenance activities on facilities pursuant to rules and regulations regarding those activities as may be adopted by the board. Funding for deferred maintenance activities for a facility may be approved under this chapter without regard to whether project funding for the reconstruction, modernization, or replacement of the facility is prohibited under Section 17021.

17003. The Director of General Services shall administer this chapter and shall provide such assistance to the board as it may require.

17004. The State Allocation Board is continued in existence for the purpose of this chapter. The members of the board and the Members of the Legislature meeting with the board shall receive no compensation for their services under this chapter but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties hereunder, to be paid as an administrative expense referred to herein.

17005. In addition to all other powers and duties as are granted the board by this chapter, other statute, or the Constitution, the board shall have power to:

(a) Establish any qualifications not in conflict with other provisions of this chapter, as it deems will best serve the purposes of this chapter, for determining the eligibility of school districts to lease projects under this chapter.

(b) Establish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(c) Adopt any rules and regulations for the administration of this chapter, requiring any procedure, forms, and information, as it may deem necessary.

(d) Construct and control any project.

(e) Fix rates, rents, or other charges for the use of any project acquired, constructed, rehabilitated, equipped, furnished, or for services rendered in connection with that project, and to alter, change, or modify the same at its pleasure, subject to any contractual obligation that may be entered into by the board with respect to the fixing of the rates, rents, or charges.

17005.1. On or before June 30, 1981, and on or before June 30 of each year thereafter, the board shall approve a plan specifying (a) the amount of funds to be allocated in the forthcoming fiscal year for the purposes of deferred maintenance activities and (b) the manner in which such funds shall be allocated to applicant districts.

17005.3. (a) Any school district with an average daily attendance of less than 2,501 pupils may apply to the board for a loan to cover the project activities of the first or second phase, as those phases were defined on July 1, 1993, of a project funded under this chapter. The loan shall not be utilized for the purchase of real property and shall be repaid by the school district either through a dedication of fees or charges levied pursuant to Section 17620 until the loan is repaid or upon receiving the project funding at the construction phase, but, in any event, the loan shall be repaid within five years from the date on which the board makes the loan. In addition to the other methods of repayment specified in this subdivision, the board may also notify the Controller if a school district is 90 days late in making loan repayments, in which case the Controller shall reduce the apportionments to which the school district is otherwise entitled under Section 42238 as necessary to recover past due payments and any current payments.

(b) The board may make loans under this section to the extent that the board determines that funds are available for that purpose. The

total annual maximum funds that may be loaned under this section is ten million dollars (\$10,000,000) per fiscal year.

(c) The board may make loans under this section only for those projects and phases that have met all of the eligibility standards of the board and receive approval for an apportionment, but for which apportionment funds are not available. In any event, the amount of the loan shall not exceed the amount that would have been eligible for apportionment.

17005.5. The board may provide a loan to any school district from the proceeds of the sale of bonds pursuant to the School Facilities Bond Act of 1992, and the 1992 School Facilities Bond Act, to provide aid for school districts in accordance with this chapter, when those proceeds are available in the State School Building Lease-Purchase Fund. In order to provide a loan, both of the following conditions shall be met:

(a) The amount of the loan shall not exceed the amount set forth in legislation enacted that specifies the loan amount.

(b) The loan shall be repaid pursuant to a schedule set forth in legislation enacted that specifies a loan repayment schedule.

17006. (a) The board shall not enter into any lease with respect to an application for replacing inadequate school facilities unless it first has investigated and made a finding, or the governing board of a self-certifying district, as applicable, first certifies that it has investigated and made a finding, consistent with guidelines adopted by the board, that one or both of the following conditions exists:

(1) It would not be economical or good practice to rehabilitate those facilities.

(2) The school facilities are inadequate due to their susceptibility to repeated flooding. The board shall develop and adopt regulations that define inadequacy of school facilities on the basis of susceptibility to repeated flooding. The building area of any facility found to be inadequate pursuant to this subdivision shall be excluded, for the purposes of any application for the replacement of any facility, from the calculation under this chapter of the area of adequate school construction existing in the applicant school district.

(b) The self-certifying district shall maintain documentation of each investigation and finding it conducts pursuant to subdivision (a) as may be required by the board, and the investigation and finding shall be subject to subsequent audit as the board may direct.

(c) For purposes of this chapter, a "self-certifying district" as to any project to be funded under this chapter, is an applicant district that provides 50 percent or more of the cost of the project from funding sources other than any state program administered by the board.

17007. The State School Building Finance Committee, created by Section 15909 and composed of the Governor, Controller, Treasurer, Director of Finance, and Director of Education, all of whom shall serve thereon without compensation and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker, shall meet with and advise the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature.

For purposes of this chapter the Members of the Legislature shall constitute an interim investigation committee on the subject of this chapter and as an interim investigating committee shall have the

powers and duties imposed upon interim investigating committees by the Joint Rules of the Senate and the Assembly. The Director of General Services shall provide any assistance to the committee that it may require. The Attorney General shall be the legal adviser of the committee.

17008. A fund is hereby created in the State Treasury to be known as the State School Building Lease-Purchase Fund. All money in the State School Building Lease-Purchase Fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated for expenditure pursuant to this chapter.

The State Allocation Board may apportion funds to school districts for the purposes of this chapter from funds transferred to the State School Building Lease-Purchase Fund from any source.

17008.3. (a) The board may establish a revolving loan account within the State School Building Lease-Purchase Fund, and may allocate from the fund to that account those amounts it determines to be necessary for the purposes of this section.

(b) The board may apportion to any school district that submits to the board a statement of its intent to subsequently file a project application under this chapter, a loan for the purpose of advance planning and related administrative costs pursuant to the preparation of that application. The loan amount shall not exceed 3 percent of the estimated project cost, as determined pursuant to the building cost standards established under this chapter.

(c) If, within a period of 24 months following the receipt of any loan amounts under this section, the project for which those advance planning funds were provided has not been found by the board to be qualified for funding under this chapter, the board shall so notify the Controller, who shall reduce the apportionments to which the district is otherwise entitled under Section 42238 as necessary to repay the amount of all loans provided under this section, over such period of time as the board finds to be reasonable. The Controller shall transfer the amount of all apportionment reductions imposed under this subdivision to the revolving loan account established under this section.

(d) The repayment of loan amounts received under this section by school districts other than those described under subdivision (c) shall be accomplished by the withholding, as determined by the board, of apportionment funds that would be available to the district for purposes of the project for which the district received funding approval under this chapter.

17008.5. The board may approve projects and make apportionments in amounts not exceeding those funds on deposit in the State School Building Lease-Purchase Fund plus any amount of bonds authorized by the State School Building Finance Committee but not yet sold by the Treasurer.

Disbursements may be made under any apportionment made from any funds in the State School Building Lease-Purchase Fund, irrespective of whether there exists at the time of the disbursement a sufficient amount in the State School Building Lease-Purchase Fund to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.

17009. (a) The county superintendent of schools or county office of education shall be eligible to receive any funds from the portion of the proceeds of the sale of any state bonds that are set aside for the construction, reconstruction, or modernization of, or deferred maintenance on facilities to house special education pupils who are defined as severely handicapped and eligible pursuant to Section

17047.

(b) Subdivision (a) is only applicable if the county superintendent of schools or county office of education has filed with the State Allocation Board a regionalized facility plan, as developed and approved by the State Department of Education, that covers the county or special education local planning agency area of responsibility.

Article 2. Projects

17010. The board may construct any project, and may acquire all property necessary therefor, on any terms and conditions as it may deem advisable. When any part of the work is to be done or performed by any public body or the United States jointly or in conjunction with the board, the portion of the cost of the project to be borne by the board may be turned over to the government of the United States or to any other public body, to be expended by it in the acquisition, construction or completion of the project.

17011. The board may use for the payment of the costs of acquisition, construction or completion of any project any funds made available to the board by the State of California or any other funds provided by the board from any source, to be expended for accomplishing the purposes set forth in this chapter, together with the proceeds of bonds issued and sold pursuant to the State School Building Lease-Purchase Bond Law of 1976.

17012. The board has full charge of the acquisition, construction, completion, and control of all projects authorized by them and may proceed with such work forthwith.

17013. Title to all property acquired, constructed, or improved by the board and the revenues and income therefrom, is in the State of California. All such property, and the income therefrom are exempt from all taxation by the State of California or by any county, city and county, city, district, political subdivision or public corporation thereof.

17014. (a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose will be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and encourage applicants to maintain all buildings under their control, the board shall require the applicant to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the district's general fund for the exclusive purpose of providing moneys for regular maintenance and routine repair of school buildings, according the highest priority to funding for the purpose set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for the term of the lease agreements of all projects constructed under this chapter, a minimum amount equal to or greater than 2 percent of the applicant's General Fund budget for that fiscal year. This paragraph is applicable only to the following districts:

(A) High school districts with average daily attendance greater than 300.

(B) Elementary school districts with average daily attendance greater than 900.

(C) Unified school districts with average daily attendance greater than 1,200.

17015. The board shall require the school district to insure against public liability or property damage in connection with any project.

17016. The board, by the adoption of rules, may establish priorities for the construction and leasing of projects to those school districts the pupils of which will benefit most. The board may make exceptions from established priorities when it determines that to do so will benefit the pupils affected.

17017. Each school district that desires to lease a project for a grade level maintained by it, shall submit through its governing board an application therefor to the board in the form and number of copies that the board may prescribe. Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the Director of General Services.

Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project.

Before the board approves an application for a construction project, it shall establish cost standards for all new construction included therein. The cost standards shall not exceed typical comparable new construction by school districts in the same area, or if there has been no new construction by school districts in the area, the cost standards shall not exceed the reasonable current cost of similar construction in the area. The board shall determine such typical current costs or such reasonable current costs. In applying cost standards the board shall take into account the size and type of the construction proposed and may make any deviations that in its judgment are justified. When a standard has been set by the board to cover any individual apportionment, no project shall be approved by the board in excess of the standard, unless the board shall find that in view of a subsequent increase in building costs an adjustment is warranted. No contract shall be let for a construction project which has been approved by the board if the cost exceeds the construction cost standards fixed by the board under this section for the new construction.

17017.1. (a) The West Contra Costa Unified School District shall be ineligible for any state school facilities funding for a period of five years from June 30, 1993, or until the date of the final payment on its entire debt to the state, including both principal and interest, whichever is later.

Notwithstanding the above, the school district may continue to receive funding for deferred maintenance activities and for those purposes specified in subdivision (b).

(b) The State Allocation Board shall approve funding for only those Richmond Unified School District State School Building Lease-Purchase Program projects which were approved for Phase II apportionments on or before April 1, 1993. All West Contra Costa Unified School District projects may be considered for funding by the State Allocation Board either in five years or after the complete repayment of the loan established under Section 41471, whichever is later.

(c) In the event that the State Allocation Board approves the replacement of the existing Belding Elementary School with funds currently allocated for the modernization of the Harry Ellis Middle School and the Samuel Gompers Middle School, that approval shall be considered allowable exemption under subdivision (b). Authority for this exemption is repealed on November 1, 1993, if approval of Phase III construction apportionment for the replacement of the existing

Belding Elementary School has not occurred.

In allowing for the possibility of this exemption, it is not the intent of the Legislature to interfere in any way with the decisionmaking authority and process of the State Allocation Board. It is the intent of the Legislature that a proposal to replace the existing Belding Elementary School with funds currently allocated to the modernization of the Harry Ellis Middle School and the Samuel Gompers Middle School be submitted to the State Allocation Board under its existing procedures and policies. The State Allocation Board's decision shall be based on the merits of the proposal, not this exemption authority. Specifically, this subdivision may not be used as justification for approval of a project to replace the Belding Elementary School.

(d) Any properties or facilities designated by the school district to be used for other than school purposes to generate capital to repay the outstanding debt shall be ineligible for deferred maintenance funding. Should any facilities receive funding for those purposes after the enactment of this legislation, and later be declared available for purposes intended to repay the debt, the value of state funding received for deferred maintenance at that facility shall be deducted from ongoing or future deferred maintenance projects in the district.

If no projects are available for offset of apportionments, the value of the deferred maintenance performed will be added to the outstanding loan balance.

17017.5. (a) The board may approve, in whole or in part, an application submitted by a school district under Section 17017 or 17020 in an amount not exceeding the amount applied for as the board may deem appropriate.

(b) The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make apportionments of project funding not exceeding in the aggregate the total amount determined by the board under subdivision (a) for the portion or portions of the project for which the board determines the district is ready to proceed. Subsequent to the board's approval of a project, any requirement imposed by the board that the compliance of the project with building cost or area standards and related guidelines adopted by the board be established as a condition of the apportionment of funds under this chapter shall be satisfied, as to a project for a self-certifying district, by the certification by the district of that compliance. In addition, the board shall not require that estimates of average daily attendance be updated as to that project more often than once every 12 months subsequent to the board's approval of the project. The self-certifying district shall maintain documentation of the compliance certified pursuant to this subdivision as may be required by the board, and that compliance shall be subject to subsequent audit as the board may direct.

(c) Whenever a district files an application, the board shall require the district to submit to the board and the State Department of Education a five-year plan for construction and rehabilitation of school facilities, and to obtain the written approval of the department that the plan complies with standards that are established by the department for this purpose to ensure that the applicant district has adequately anticipated its school facilities needs and identified funding sources as necessary to meet those needs. The plan may be adjusted to reflect adjusted growth targets.

(d) The board shall not approve any application under this chapter after January 1, 1990, unless accompanied by a study examining the feasibility of implementing in the district a year-round multitrack educational program that is designed to increase pupil capacity in

the district or in overcrowded high school attendance areas by at least 20 percent.

(e) The board may waive subdivision (d) or the requirements of Section 17017.7, or both, if a school district demonstrates that these requirements will result in a particular educational or financial hardship to the district. Further, the board shall waive subdivision (d), if it finds that there is clear hardship to a district due to declining enrollment or no growth.

17017.6. Notwithstanding Section 17017.7, the definition of "substantial enrollment" set forth in that section shall apply only to elementary and unified school districts. For a high school district, "substantial enrollment in multitrack year-round schools," for the purposes of Section 17017.7, means that at least 30 percent of the pupils enrolled in the high school district are enrolled in multitrack year-round schools, or that 40 percent of the pupils enrolled in public school in kindergarten and grades 1 to 12, inclusive, within the boundaries of the high school attendance area for which the school district is applying for new facilities are enrolled in multitrack year-round schools. In addition, a high school district shall be deemed to have a substantial enrollment in multitrack year-round schools for purposes of Section 17017.7 if, at the option of the district, the entire high school to be constructed is to operate on a multitrack year-round basis.

17017.7. (a) Notwithstanding any other provision of this chapter, priority for the approval of project funding for new construction under this chapter, shall be as follows:

(1) First priority for construction funds shall be given to school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would be constructed to operate on a multitrack year-round basis.

(2) Second priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(3) Third priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project to operate on a multitrack year-round basis.

(4) Fourth priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(5) Fifth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would not operate on a multitrack year-round basis.

(6) Sixth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would not operate on a multitrack year-round basis.

(b) The board shall not restrict the availability of funding for construction of multitrack year-round schools, from any funding source available to the State School Building Lease-Purchase Fund, but shall make approval of project funding for those projects the first priority in accordance with this section.

(c) "Substantial enrollment," for the purposes of this section, means enrollment of at least 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and grades 1 to 12, inclusive, in the high school

attendance area for which the school district is applying for new facilities. The calculation set forth in this subdivision, as to a self-certifying district, shall be made by the district, in accordance with any standards governing that calculation that are adopted by the board. The calculation shall be certified by the district to the board and used by the board for the purposes of this section. The self-certifying district shall maintain documentation of the calculation as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct. If a self-certifying district is found by the board to have materially misrepresented its pupil enrollment pursuant to this subdivision, the board may impose either or both of the penalties set forth in paragraphs (1) and (2) of subdivision (b) of Section 17041.2, in accordance with that section.

(d) "Multitrack year-round school," for purposes of this section, means a school for which the applicant district demonstrates that both of the following criteria are satisfied:

(1) The pupils are divided into three or more groups or tracks, which rotate attendance so that, for a majority of schooldays during the school year, at least one group or track is not attending the school while all other groups or tracks are in attendance.

(2) The operation of the school on a multitrack year-round basis has resulted in an increase in enrollment capacity.

(e) Notwithstanding any other provision of this section, the State Allocation Board may continue to implement any year-round school priority provisions for hardships adopted prior to September 1, 1990.

17017.9. (a) Notwithstanding any other provision of law, a project shall be accorded, subject to subdivision (b), the priority status that otherwise is accorded under Section 17017.7 to a project for which state funding is requested for only 50 percent of the cost, if both of the following conditions are met:

(1) The applicant district documents to the satisfaction of the board that it has incurred bonded indebtedness in an amount not less than 95 percent of the bonding capacity of the district.

(2) The applicant district agrees that all of the following local resources of the district existing on or after the date of the district's first application for project funding pursuant to this section shall apply toward the cost of projects for which the district requests state funding pursuant to this chapter, not to exceed 50 percent of the cost of any project:

(A) Any unexpended bonding capacity of the district.

(B) Funding that is made available to the district from local sources expressly for school facilities purposes, including, but not limited to, funding provided under Chapter 2.5 (commencing with Section 53311) of Division 2 of Title 5 of the Government Code and developer fees or other charges imposed pursuant to Section 17620, or Title 7 (commencing with Section 65000) of the Government Code.

(b) An applicant district qualifying for the priority status described in subdivision (a) as to any project shall continue to be accorded that status for all subsequent projects under this chapter until the time that the bonding capacity of the district determined for purposes of that subdivision increases by 20 percent.

(c) The condition set forth in paragraph (2) of subdivision (a) shall apply until either the applicant district's eligibility under this section terminates pursuant to subdivision (b), or funding for the project is approved and apportioned under this chapter for a project for which 50 percent or more of the cost is provided by the district from funding sources other than any state program administered by the board, whichever occurs first.

(d) Notwithstanding any other provision of law, as to any project for which priority status is accorded pursuant to subdivision (a), the estimate of average daily attendance for the applicant district may be calculated, upon request of the district, in the manner set forth in subdivision (a) of Section 17040.3.

17018. In approving applications pursuant to this chapter, the board shall encourage the design and construction of facilities which will conserve unreplenishable energy resources by consideration of alternate design and insulation concepts as well as unconventional energy sources. In so doing, the board may increase cost allowances to reflect the difference between conventional and unconventional concepts when the board is satisfied that the life cycle cost of the project is not expected to exceed the life cycle cost of a conventionally designed project.

17018.5. (a) The Legislature intends for the board to encourage school districts to utilize alternative methods to fund school facilities.

(b) The board shall approve applications pursuant to the requirements of this section that request the board to share a portion of the cost of projects constructed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth by Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code. The board shall disregard the fact that structures have been constructed in accordance with that act, and neither consider nor approve any application for cost sharing until the time that the applicant school district would have become eligible for approval of its application during the normal process established for considering and approving applications.

(c) The board shall approve applications for cost sharing based on both of the following factors:

(1) Estimates of average daily attendance at the time the application is considered.

(2) The amount of cost sharing requested.

(d) The costs shared by the board shall be an amount equal to the cost that would have been allowed for the project had it been originally approved pursuant to this chapter less 5 percent per year depreciation, exclusive of land, for each year that the project was constructed in advance of the application approval, but no more than the lesser of an amount equal to 75 percent of the allowable cost of the project or the principal amount of any outstanding callable bonds and other debts incurred to finance the project under the Mello-Roos Community Facilities Act of 1982.

(e) If the board utilizes a point system to prioritize applications for funding, the computation of priorities for an application pursuant to this section shall be increased by 4 percent for each year from the date of construction of the project to the date of approval of the cost-sharing application.

17019. Before the board approves any project that includes the acquisition of furniture or equipment, it shall establish current cost and quality standards for furniture and equipment, including, but not limited to, educational technology hardware. The standards shall not exceed the cost and quality of furniture and equipment for comparable facilities purchased by school districts in the same area.

The standards shall consist of furniture and equipment costs for each type of classroom or pupil station having different cost criteria. The standards shall be reviewed quarterly by the board and adjustments made in accordance with actual current costs. When cost and quality standards have been adopted by the board, the standards shall not be exceeded unless a subsequent increase in actual current costs warrants an adjustment.

Before the board approves a project for the replacement, reconstruction, or alteration of, or addition to, a school building, full consideration shall be given to all usable furniture and equipment existing in the applicant district. The board may approve all or a portion of the amount applied for.

17019.3. (a) Any applicant school district may contract with a firm, as defined in Section 4525 of the Government Code, for construction project management services to assist in the development or implementation of a project for which the district has applied for funding under this chapter, subject to the requirement that a performance bond be required from all building contractors hired to construct the project in order to ensure the completion of performance under the contract.

(b) That portion of any contract, as described in subdivision (a), concerning the final phase of construction of the project, shall be submitted by the applicant district to the board for approval. If the board does not approve, reject, or recommend modifications to, that contract portion within 15 business days after receiving that contract information, that portion of the contract shall be deemed to be approved by the board.

(c) From the amount of funding approved by the board under this chapter for any project, the board shall authorize the expenditure of funds for the costs of construction project management services provided to the project, as described in subdivision (a), where the board finds that the contracting for those services was necessary and appropriate to the school district's development or implementation of that project.

17019.5. For a school district having an average daily attendance of 2,500 or less for the prior fiscal year, the board may approve, subject to the building cost standards established under this chapter, a supplemental apportionment up to five thousand five hundred dollars (\$5,500) for any new construction project, and up to one thousand three hundred twenty dollars (\$1,320) for any other project approved under this chapter, as reimbursement for administrative expenses incurred by the district in filing the application for the project. The amount of the supplemental apportionments shall be adjusted in 1990, and every two years thereafter, by the board at its January meeting, which adjustment shall be in an amount equal to the amount of the adjustment for inflation set forth in the statewide cost index for class D construction.

17020. (a) Notwithstanding other provisions of this chapter, in order to expedite a total school facility a school district may first apply for a project which includes only the advance purchase of the land and preparation of plans and specifications. The acquisition of the site and the plans preparation shall be based on the justification documents for the total school facility. The school district may apply for a subsequent project or projects to complete the total school facility.

(b) Any application filed pursuant to this section shall be subject to all provisions of this chapter generally applicable to project applications, to the extent not in conflict with this section.

(c) Any estimate of average daily attendance made by an applicant district for the purpose of justifying an application pursuant to this section may be made for up to and including two years longer than the period of time permitted by Section 17040.

(d) Beginning in the fifth fiscal year following the fiscal year in which any apportionment is made to a school district pursuant to this section, the district shall repay the apportionment, with

interest, in 10 equal annual installments, unless and until the district has qualified for an apportionment pursuant to an application for utilization of the site under this chapter. These repayments shall constitute rent, and shall be in addition to any other rents or fees for which the district is obligated under Section 17032. The board may waive any obligation of repayment under this subdivision to the extent that the board finds that the obligation will result in an extreme hardship upon the district.

(e) The school district may apply for a subsequent project or projects to complete the total school facility.

17021. No project shall be approved for the reconstruction, modernization, or replacement of any school building that was constructed or reconstructed less than 30 years, or, in the case of any portable classroom, as defined in subdivision (e) of Section 17042.5, less than 20 years, prior to the date of approval of the project applied for under this chapter.

17021.3. (a) For purposes of this chapter, "modernization" or "renovation" means any modification of an existing structure, the costs of which do not exceed 25 percent of the replacement cost of that structure.

(b) No project shall be approved for the modernization of any school facility unless and until both of the following are demonstrated to the satisfaction of the board:

(1) The project will enhance the capacity of the facility to achieve one or more educational purposes.

(2) The resulting pupil capacity of the facility, as measured in units of average daily attendance, will equal or exceed 80 percent of the facility's maximum capacity as determined under the board standards established under this chapter.

(c) No project shall be approved for the modernization of any school facility that was constructed less than 30 years prior to the date of the approval of the project applied for under this chapter.

(d) The State Allocation Board may waive the requirement in subdivision (c) if the building has been declared by the Office of the State Architect to be, or is in imminent danger of becoming, a health or safety hazard to the pupils. This determination may only be made in the case of a natural disaster, for example, fire, flood, or earthquakes, or as a result of a determination by a qualified engineer, and agreed to in writing by the Office of the State Architect.

17021.4. Notwithstanding the limitation set forth in subdivision (a) of Section 17021.3, the costs of a modernization or renovation project funded under this chapter may exceed 25 percent of the replacement cost of an existing structure where the costs in excess of that amount are funded by the district exclusively from sources other than any state program administered by the board. For each project, the total costs of the modernization or renovation project, as supplemented pursuant to this section, may not exceed 50 percent of the replacement cost of the existing structure except to the extent of those costs funded by the district, from sources other than any state program administered by the board, that are expended to conform that structure to current building standards, in which event the total costs of the project

may not exceed 75 percent of the replacement cost of the structure.

17022. Except as provided in Section 17041, the board shall not approve any new school facilities for any applicant school district or county superintendent of schools until it first has made a determination that the applicant will utilize all existing facilities and sites to the extent economically and practically feasible. The

board may also require the applicant to explore cooperative efforts with adjacent districts or, in the case of county superintendents of schools, with adjacent county superintendents of schools, in order that all existing or planned facilities in the general area of need shall be utilized.

17022.7. (a) The funding for any reconstruction project approved by the board pursuant to this chapter that meets the requirements set forth in subdivision (b) shall include all of the following, not to exceed the total cost of the reconstruction project or 75 percent of the replacement cost of the facility to be reconstructed, whichever is less:

(1) Twenty-five percent of the replacement cost of the facility.

(2) A funding entitlement to the extent that the reconstruction will result in an increased capacity of the facility to house pupils, calculated pursuant to the cost standards for new construction established by the board under Section 17017.

(3) Any costs incurred by the district as required to ensure that the facility, as reconstructed, complies with applicable structural safety standards for school buildings pursuant to Article 3 (commencing with Section 17280) and Article 6 (commencing with Section 17365) of Chapter 2 of Part 10.5, and Article 7 (commencing with Section 81130) and Article 8 (commencing with Section 81160) of Chapter 1 of Part 49.

(b) In order to qualify for the funding entitlement set forth in subdivision (a), a school district reconstruction project shall be required to meet all of the following conditions:

(1) The facility to be reconstructed is at least 30 years old as of the date the application is filed.

(2) The cost of the reconstruction project exceeds 25 percent of the replacement cost of the facility.

(3) The reconstruction will result in an increased capacity of the facility to house pupils.

(c) No reconstruction project shall be approved under this chapter for which the total cost exceeds 75 percent of the replacement cost of the facility to be reconstructed.

17023. Nothing contained in this chapter shall be construed as changing the powers and duties of the Department of Education or the Department of General Services in respect to schoolsites and the construction of school buildings as contained in Chapter 1 (commencing with Section 17211) and Chapter 2 (commencing with Section 17251) of Part 10.5.

17024. (a) The board shall not authorize the selection of any schoolsite, or a contract for the construction of any new school building, or for any addition to, or alteration of, any existing building, for lease-purchase to any school district, unless the applicant district has obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251.

(b) A self-certifying district shall comply with subdivision (a) by certifying to the State Department of Education and the board that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251. The self-certifying district shall maintain documentation of the determinations made pursuant to this subdivision as required by the board. Those determinations shall be subject to subsequent audit by the State Department of Education in accordance with this section.

(c) The State Department of Education shall conduct random audits

of the information certified by self-certifying districts pursuant to subdivision (b), using generally accepted auditing principles, at any time to ensure compliance with the law.

(d) If any information certified by a self-certifying district pursuant to subdivision (b) is found by the department to contain any material inaccuracy, the department shall so notify the board. The board shall thereupon impose both of the following penalties:

(1) Pursuant to a repayment schedule approved by the board of no more than five years, the district shall repay to the board, for deposit in the State School Building Lease-Purchase Fund, an amount equal to the amount of project funding allocated under this chapter to acquire any site that was selected in material violation of the standards adopted by the department pursuant to subdivision (b) of Section 17251, together with interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. The amount of any repayment owing under this paragraph for any fiscal year, which is not repaid otherwise by the district, shall be withheld by the board from any project funding that otherwise would be allocated to that district under this chapter in that fiscal year. As to any repayment obligation remaining for that fiscal year, the board shall notify the Superintendent of Public Instruction, who shall withhold the amount of that remaining obligation from the apportionments to be made to the district from the State School Fund in that fiscal year.

(2) The board shall prohibit the district from exercising the self-certifying authority under subdivision (b) under any subsequent applications for project funding for a period of up to five years following the date of the finding of a material inaccuracy, or until the district's repayment of the entire amount owing under paragraph (1), whichever occurs later.

(e) Any school district against which the board imposed the penalties under paragraphs (1) and (2) of subdivision (d) may submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district. Except as otherwise provided by this chapter, the procedure governing the arbitration shall be as set forth in Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(f) It is the intent of the Legislature that audits as described in this section not interfere with the application and construction process under this chapter unless one or more violations are discovered.

17024.5. Upon request of any school district, the State Department of Education shall provide assistance in the evaluation and utilization of existing school facilities and the justification of the need for schoolsites, new facilities, and the rehabilitation or replacement of existing facilities, in accordance with board regulations.

17025. (a) The board shall not authorize a contract for the construction of any new school, or for the addition to, or reconstruction or alteration of, any existing building, for lease-purchase to any school district unless the applicant district has submitted plans therefor to the Department of General Services and obtained the written approval of the department pursuant to Article 3 (commencing with Section 17280) of Chapter 3 of Part 10.5.

(b) The board, or the self-certifying district, as applicable,

shall certify the compliance of a project with Sections 17212, 17212.5, and 17213, with Division 13 (commencing with Section 21000) of the Public Resources Code, and with any other law that applies to that project, but may require documentation of compliance only as to requirements that are applicable under this chapter. Notwithstanding any other law, for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code, the applicant district shall be deemed to be the "lead agency" with regard to any project funded for that district under this chapter.

17029. (a) The board shall authorize the applicant school district to act as its agent in the performance of acts specifically approved by the board and all acts required pursuant to Article 3 (commencing with Section 17280) of Chapter 3 of Part 10.5. That authorization shall include, but is not limited to, the selection of schoolsites, the securing of appraisals, the contracting for architectural services, the advertisement for construction bids and the entering into of contracts therefor and the purchase of furniture and equipment.

(b) If, pursuant to the authority granted under subdivision (a), a self-certifying district submits to the board two or more independent appraisals and certifies to the board that the appraisals were performed by appraisers licensed or certified in accordance with Part 3 (commencing with Section 11300) of Division 4 of the Business and Professions Code and were obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17041.2. In addition, the board shall use any of those appraisals, including an appraisal that is not the highest bid appraisal, for the purposes of this section, except that the board may substitute, for the results of those appraisals, the results of one or more independent appraisals, which may include an appraisal performed by the Department of General Services, obtained by the board for that purpose.

(c) If, pursuant to the authority granted under subdivision (a), any bid reported to the board by a self-certifying district as the lowest responsible bid for a construction contract does not exceed the cost limit established by the board for that purpose, and the district certifies to the board that the bid was obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17041.2.

17029.5. Notwithstanding any other provisions of this chapter, the funding by the board of contracts entered into by a school district pursuant to this chapter shall not, in itself, make the board liable for any tort, breach of contract, or any other action for damages caused by a school district arising from those contracts.

These contracts include, but are not limited to, contracts between the school district and its construction contractors, construction managers, architects, or engineers. The school district shall be liable for all torts, breaches of contract, or any other actions for damages caused by the school district.

17030. (a) In expending funds for any project under this chapter, a school district acts as an agent of the state and all sites purchased and improved, all equipment purchased, and all buildings constructed, altered or added to through the expenditure of funds apportioned under this chapter, are declared to be, and are, the property of the state.

(b) The Director of General Services shall file with the county

recorder of the county in which any site purchased or improved through the expenditure of funds under this chapter is located a certificate, properly acknowledged, indicating the state's interest in real property of the district by virtue of this section, without the necessity of particularizing the real property. The recorder shall record and index the certificate in the same manner as abstracts of judgments and the certificate shall constitute constructive notice of the state's interest in the particular real property affected. The certificate shall, as to any party thereafter acquiring real property or any interest therein in the county from the school district, have the same force, effect and priority as if it had been a judgment lien imposed upon real property which was not exempt from execution. That effect shall commence upon recordation and shall continue until the certificate is discharged or released as provided herein.

(c) Upon request, the Director of General Services shall issue either of the following:

(1) A release of the state's interest in any real property or a portion thereof that the district has been authorized by the board to dispose of under Section 17039, provided that delivery of such release may be subject to such conditions as may be prescribed by the board to protect the state's interest.

(2) A disclaimer of the state's interest in any real property or a portion thereof of the district, the disposition of which the board is not required to consent to under the terms of Section 17039, provided that the delivery of such disclaimer may be subject to such conditions as the board deems appropriate to protect the interest of the state, including conditions relating to the amount of consideration to be received from the disposition where the board asserts an interest in the proceeds of such disposition under other provisions of this chapter. The release or disclaimer shall conclusively protect any third party relying upon the same and shall be acknowledged to permit recordation by the county recorder.

(d) Upon payment by the district of all amounts required to be paid by it, or on its behalf, to the state under this chapter, each of the following shall occur:

(1) The Director of General Services shall file with the county recorder a release of any certificate, which release shall be recorded and indexed in the same index as the certificate.

(2) The title to personal property purchased by the school district with funds apportioned under this chapter shall revert thereto without further action by the state.

17030.2. Notwithstanding any other provision to the contrary, all lease agreements shall terminate 40 years from the date of execution and title to the property covered therein shall revert to the district as though full payment had been made.

17030.3. Notwithstanding any other provision of this chapter, any project funded under this chapter that involves only the identification, assessment, or abatement of hazardous asbestos in school facilities shall not be subject to Section 17014 or 17032, nor shall that funding cause the transfer to the state of title or any other property interest in the subject facilities.

17030.5. Notwithstanding any provision to the contrary, no funds authorized by any act for the purpose of this chapter may be expended for any purpose without specific authorization from the board or its designated representatives.

17030.6. From any moneys in the State School Building Lease-Purchase Fund, the board shall make available to the Director of General Services such amounts as it determines necessary to provide the assistance, pursuant to this chapter, required by Section

15504 of the Government Code.

17031. The applicant district, acting as agent for the state, shall comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to school buildings.

17032. The board shall fix rents for all projects acquired and may change the rents from time to time as may be needed provided the rents shall not in any year exceed the sum of the following:

(a) One dollar (\$1).

(b) Any interest earned on funds in the county school lease-purchase fund for the district.

(c) Any unencumbered bond funds of the district, exclusive of funds that are used by the district to fund a project pursuant to Section 17040.2.

(d) The net proceeds from the sale or lease of any school buildings or land no longer needed for school purposes, exclusive of proceeds that are used for capital outlay expenditures for school construction that conforms to building area standards established under this chapter, for revenue purposes under a joint venture as authorized by Section 17032.3.

17032.3. (a) Any school district for which one or more projects has been funded under this chapter may, pursuant to written agreement with any other public or private person or entity, utilize any school buildings, land, or other real property interest that the governing board determines is not needed for school purposes, and will not be needed for school purposes within the next 30 years, in a joint venture with that person or entity to generate revenues for school facilities purposes, pursuant to the following conditions:

(1) The district has developed a school district asset utilization plan, setting forth the information required under subdivision (b), which plan has been the subject of a public hearing, and the governing board of the district has made the finding that the implementation of the plan will benefit the district.

(2) Prior to the execution by the school district governing board of any agreement regarding the utilization of the school buildings or land, or both, under a joint venture pursuant to this section, the school district asset utilization plan has been submitted for, and has received, the review and approval of the State Allocation Board. No later than 90 days after the receipt of the plan, the board shall determine whether to approve the plan, which approval shall be granted if the board finds the plan to comply with this section.

(3) Once every three years after the approval of any plan pursuant to paragraph (2), the school district shall update the plan with information regarding the disposition of the revenues received by the district from the utilization of the school buildings or land, or both, under the joint venture, including the effect of those revenues upon the school facility needs for which the district may otherwise be eligible under this chapter or under any other school facilities program administered by the board, together with such other information as the board may require, and shall resubmit the plan to the board for its review and approval. In the event that the board refuses to approve the plan on the basis that the district is no longer in substantial compliance with this section, the surplus school buildings or land, or both, utilized under the joint venture shall no longer be exempt from the rental requirements of Section 17032.

(4) Pursuant to a school district asset utilization plan approved under this section, the school district may utilize school buildings or land, or both, in a joint venture, the revenues from which shall be placed by the district in a separate fund. The principal and interest from that separate fund may be expended by the district only

for the following school facilities purposes, as authorized under the approved plan, in accordance with the pupil loading and cost standards established pursuant to this chapter: the acquisition of land, new construction, reconstruction, modernization, rehabilitation, and deferred maintenance.

(b) For purposes of this section, a school district asset utilization plan shall include, but not necessarily be limited to, all of the following:

(1) A specific description of the surplus school buildings or land, or both, to be utilized under the joint venture.

(2) The identification of the current educational uses of the surplus school buildings or land, or both, and of the educational uses proposed under the joint venture.

(3) The identification of the current noneducational uses of the surplus school buildings or land, or both, and of the noneducational uses proposed under the joint venture, and a specific assessment of the compatibility of those uses with any applicable general or specific governmental land use plans and with applicable zoning restrictions.

(4) A description of the prospective economic benefits to be derived by the district from the joint venture.

(5) A description of the prospective educational benefits to be derived by the district from the joint venture.

(6) A comprehensive description of the joint venture, including, but not limited to, a description of the intended means of financing the joint venture.

(7) A plan for the disposition of the revenues received by the district from the joint venture.

17033. Rent, charges, and fees collected in error may be refunded by the board in accordance with regulations prescribed by the board.

17034. A county school lease-purchase fund is hereby created in the county treasury within each county for each school district project in the county.

17035. The board may from time to time authorize the Controller to transfer any funds that the board may deem necessary from the State School Building Lease-Purchase Fund established for a given project to the corresponding county school lease-purchase fund in the county treasury.

17036. (a) Except as provided in subdivision (b), funds may be expended from the county school lease-purchase fund by the applicant school district only when specifically authorized by the board for either direct project costs or reimbursements.

(b) Upon specific authorization by the board, applicant school districts may be reimbursed from the county school lease-purchase fund for expenditures, or commitments therefor, made prior to the approval of a project by the board, subject to all of the following conditions:

(1) The expenditures or commitments were made in accordance with the terms of the approval of a project.

(2) The expenditures or commitments were made not more than four years prior to the approval of a project.

(3) The expenditures or commitments do not include any cost incurred for construction of a project.

17038. The board shall require school districts to insure at their own expense for the benefit of the state, all sites, equipment and buildings which are, under Section 17030, the property of the state, against such risks and in such amounts as the board may deem necessary to protect the interests of the state. No project funds shall be used to pay the premiums on such insurance. All payments

resulting from claims made against said insurance shall be made payable to and retained by the board. Funds so received shall be utilized by the board for repair or replacement of the facilities for which claim was made. In no event may the amounts expended from such funds for such repair or replacement exceed the payments received.

17039. (a) Not more than one hundred fifty million dollars (\$150,000,000) of the moneys authorized by the State School Building Lease-Purchase Bond Law of 1982 (Sec. 34, Ch. 552, Stats. 1995) shall be reserved for the reconstruction or modernization of facilities within the meaning of this chapter.

(b) For purposes of this section, the State Allocation Board shall establish a separate priority system which shall be based on the following factors and any other factors which the board determines are appropriate:

(1) Structural condition and age of the building.

(2) Percentage of pupils affected in the district or attendance area.

(3) Degree of utilization of eligible buildings.

(4) Other building code deficiencies, such as health, safety, or electrical problems.

17039.1. Not more than two hundred million dollars (\$200,000,000) of the moneys authorized by the State School Building Lease-Purchase Bond Law of 1982 (Sec. 34, Ch. 552, Stats. 1995) shall be reserved for the reconstruction or modernization of facilities within the meaning of this chapter.

17039.2. Of the moneys reserved for the rehabilitation or modernization of facilities pursuant to Section 17039.1, the board may reserve not more than twenty-five million dollars (\$25,000,000) for apportionments to school districts that the board has determined to be in severe need of the apportionment. In addition, of the moneys reserved for the reconstruction or modernization of facilities pursuant to Section 17696.96 of the Greene-Hughes School Building Lease-Purchase Bond Law of 1986 (Sec. 34, Ch. 552, Stats. 1995), the board may reserve up to and including 10 percent for this purpose. In either event, the apportionment shall be for purposes of site acquisition and the construction of school facilities for schoolsites that meet one or more of the conditions established by the board, which shall include, but are not limited to, the following:

(a) The schoolsite is not less than 30 years of age.

(b) The schoolsite has accommodated a significant increase in enrollment during the last 10-year period.

(c) Enrollment increases have been accommodated by placing relocatable structures on the schoolsite without expanding the schoolsite.

(d) The schoolsite has inadequate playground space for its enrollment.

(e) The schoolsite has inadequate meal facilities, and those facilities are used for more than three times the number of pupils for which the facilities were originally designed.

Article 3. Allowances

17040. Except as provided in Section 17041, no project shall be approved, the building area of which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of estimated average daily attendance in excess of that computed in accordance with Sections 17043, 17044, 17045, and 17046.

As used in Sections 17041.5, 17043, 17044, 17045, and 17046, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 17045 and 17046, "attendance center" means a school maintained or to be maintained at a given location within a district. Enrollment projections shall be made for the third fiscal year beyond the fiscal year in which the application is made for a project for kindergarten or any of grades 1 to 6, inclusive, and for the fourth fiscal year beyond the fiscal year in which the application is made for a junior high school or high school project. Except as otherwise provided by the board, the estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter, pupils attending grades 7 and 8 in an elementary district, but residing in a high school district that maintains one or more junior high schools,

shall not be considered in determining or estimating the average daily attendance of the elementary district, unless one of the following conditions is met:

(a) The elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1975.

(b) The elementary district, by a vote of the electorate at an election held on June 2, 1981, withdrew its 7th and 8th grade pupils from the high school district.

(c) The elementary district, by a vote of the electorate at an election held on November 4, 1980, withdrew its 7th and 8th grade pupils from the high school district and the high school district continues to qualify for a project, other than a project pursuant to Section 17041, on the basis of the remaining 7th and 8th grade pupils. In no event shall a facility be constructed for the withdrawn 7th and 8th grade pupils at a distance less than one and one-half miles from the nearest proposed or existing junior high facility.

When these pupils are so considered in determining or estimating the average daily attendance of the elementary district, they shall not be considered in determining or estimating average daily attendance of the high school district for junior high school purposes.

17040.1. (a) The allowable building area of any project, as calculated under this article, may be increased by any applicant school district, where the increase is funded exclusively from sources other than any state programs administered by the State Allocation Board. Any increase in building area pursuant to this section in a project for which construction commenced on or after January 1, 1987, not to exceed 110 percent of the area that would be allowed under applicable state standards, shall be excluded from the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter.

(b) The maximum building cost permitted for any project under this article may be increased, by not more than 10 percent, by any applicant school district, where the increase is funded by the district exclusively from the proceeds of a general obligation bond measure approved by the voters of the district or of a special tax pursuant to the formation of a community facilities district under

Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, or both. In order to qualify for this purpose, any tax or other charge authorized pursuant to that approval or formation, respectively, shall apply uniformly to all taxpayers or all real property within the school district, rather than to a particular class of property or taxpayers, and shall require that the amount of the school facilities fee or other requirement that may be levied by the school district pursuant to Section 17620, in addition to that tax or other charge, not exceed the amount deemed by the governing board to be necessary for the interim school facilities needs of the district.

17040.2. Where 75 percent or more of the total cost of a project approved under this chapter is to be funded by the applicant district from sources other than any state program administered by the board, the area of the allowable new building construction for that project, and the amount of the building cost allowed for that project under this chapter, shall each be increased by 5 percent, plus 1 percent for each 1 percent by which that local contribution exceeds 75 percent.

17040.3. (a) Notwithstanding any other provision of this part, the estimate of average daily attendance for an applicant school district shall be calculated for up to and including two years longer than the period of time permitted by Section 17040, as requested by the district, where 50 percent or more of the cost of the project is provided by the district from funding sources other than any state program administered by the board. For the purposes of any subsequent project application from that district based upon additional growth in pupil enrollment, the estimate of average daily attendance shall be based on enrollment projections for any period of time, as requested by the district, up to and including that permitted by Section 17040.

(b) The project shall be "fast tracked." For purposes of this section, "fast tracking" means that the total amount of project funding eligibility shall be established upon the board's approval of the project, which shall be subsequently disbursed as necessary for the development and construction of the project without the prerequisite of any additional state certification or other state-conducted review of project eligibility. Based upon the results of an audit to be conducted upon completion of the project, the board or the applicant district, as appropriate, shall pay to the other any amount that is necessary to conform to the allocation of project costs determined upon the board's approval of the project.

In the event that the applicant district has not executed all contractual agreements necessary for the complete construction of the project within a period of 18 months following the board's approval of the project, this subdivision shall cease to apply to the project with regard to any state funding of the project not yet disbursed. Upon request of the applicant district and approval by the board, this 18-month period may be extended for an additional period of up to six months to account for one or more delays resulting from circumstances beyond the district's control.

17040.4. Notwithstanding any other provision of this part, the board may use, for purposes of determining the estimate of average daily attendance for an applicant school district, a master plan that has been prepared by a district that includes the additional pupils due to increases in housing units within the boundaries of the district or attendance area. Before a master plan may be used, both of the following conditions shall be satisfied:

(a) The city, county, or city and county has obtained approval of a local general obligation bond or has obtained funds pursuant to the

Mello-Roos Community Facilities Act of 1982, as set forth by Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, to provide local matching funds for school facility projects for which approval is being sought pursuant to this section.

(b) At least 60 percent of the total cost of the project for which approval is being sought shall be provided by funding sources other than any state program administered by the board.

17040.5. Notwithstanding any other provision of this article, the board shall exclude the area of enclosed stairs and appropriate landings for each floor level served from the computation of the allowable building area of multistory buildings for any applicant school district.

17040.6. (a) For any school of two or more stories, the project funding provided under this chapter shall include, at the request of the applicant district, the costs of any or all of the following:

(1) Compliance with applicable requirements of law for fire safety, and for handicapped access, as a result of the multistory design.

(2) Playground apparatus.

(3) Duct shafts, utility tunnels, and pipe conduit chases.

(4) Security items required as a result of the multistory design.

(b) In calculating the maximum project funding that may be allocated for parking, landscaping, and other general schoolsite improvements, which calculation is determined in proportion to the total building cost or area approved for funding under the project, the total building cost or area approved for funding under the project shall be computed by the board to include any increase in project building area, as authorized under Section 17041.8. The applicant district shall provide the board information on how the supplemental project funding will be allocated to relieve the effects resulting from less than the specified land area for the schoolsite.

(c) This section shall apply to any application for project funding under this chapter for which the final apportionment for construction of the project had not been made on or prior to December 1, 1987.

(d) For any project approved under this chapter, the amount of project funding granted by the board shall include the actual and reasonable costs incurred by any applicant district for the revision of its project application for the purpose of qualifying for supplemental project funding as authorized by this section.

17040.7. Notwithstanding any other provision of this article, the board shall provide that building area for enclosed hallways in the second or higher story of any building shall be counted as two-thirds of the actual area. For purposes of this section "enclosed hallways" includes, but is not limited to, all of the following:

(a) Covered passages, arcades, shelters, porches, and planting areas.

(b) Enclosed covered areas that provide shelter between buildings that are 20 feet or more apart.

(c) Sun control devices designed and located to function in lieu of covered walks or other shelters.

(d) Mezzanines used for storage purposes.

17040.8. Where an applicant district that is eligible under this chapter for project funding of new construction of school facilities on an existing schoolsite, which site has less than 50 percent of the land recommended under State Department of Education guidelines, as published in the School Site Analysis and Development Handbook in

effect on January 1, 1987, the area of allowable new building construction for that project shall be increased by the square footage of any existing one-story school facility or facilities to be replaced under the project by one or more multistory school facilities.

17040.9. (a) (1) The board shall allocate the amount calculated under subdivision (b), in addition to any other project funding authorized under this chapter, to each project funded under this chapter for which the resulting pupil density will exceed the following:

(A) For a project for kindergarten or any of the grades 1 to 6, inclusive, 90 pupils per acre.

(B) For a project for a junior high school project, 80 pupils per acre.

(C) For a project for a senior high school project, 70 pupils per acre.

(2) For any new construction project, pupil density shall be computed, for purposes of paragraph (1), by dividing the number of units of estimated average daily attendance for the project, including those to be served by relocatable structures, by the acreage of the project site.

(3) For any project for the construction of additional facility space on an existing schoolsite or on land acquired that is adjacent to an existing schoolsite, pupil density shall be computed, for purposes of paragraph (1), by adding the number of units of estimated average daily attendance for the project to the number of units of average daily attendance for the existing school facilities, and dividing that sum by the total site acreage for the project and the existing school facilities.

(b) The supplemental project funding authorized under this section shall be calculated by dividing the actual pupil density for the project, as calculated under subdivision (a), by the threshold pupil density for the project as set forth in that subdivision, and multiplying the resulting fraction by an amount equal to the average cost per acre of the land approved for acquisition by the board under this chapter for the project, or that would have been approved for acquisition if the applicant school district had not had an existing schoolsite available for the project.

17041. Whenever the area of adequate school construction existing in any attendance area is such as to prevent another attendance area from receiving the maximum area of school construction for each unit of attendance as specified for the district as a whole, the allowable building area may be computed separately for each attendance area. For the purposes of this section and Section 17041.5, an "attendance area" is defined as the geographical area serving an existing or proposed high school and those junior high schools and elementary schools included therein.

17041.1. (a) Notwithstanding any other provision of this chapter, the following determinations shall be made by a self-certifying district, in the manner specified in this chapter and in accordance with the standards governing those determinations that are adopted by the board, for the purpose of calculating the district's eligibility for project funding under this chapter:

(1) The total allowable building area for which the district is eligible for project funding under this chapter.

(2) The district's area of existing adequate school construction, including, but not limited to, the conducting of field inspections for this purpose.

If requested by the applicant district, the board shall provide assistance to the district in preparing the necessary documents for

self-certification pursuant to this chapter.

(b) The area determinations made by a self-certifying district pursuant to subdivision (a) shall be certified by the district in its application for project funding and shall be used by the board as the basis for project funding eligibility, except to the extent of any information that the board finds is demonstrated, pursuant to the information certified and any other documentation available to the board from prior project funding applications for that district, to be materially inaccurate, regardless of whether the inaccuracy was intended. No later than 30 calendar days after receipt of the determinations certified pursuant to subdivision (a), the board shall notify the district of any inaccuracies identified under this subdivision.

(c) Each self-certifying district shall maintain documentation of the determinations described in subdivision (a) as required by the board. Those determinations shall be subject to subsequent audit as the board may direct.

(d) All estimates of average daily attendance for a self-certifying district for the purposes of this article shall be made by the district in accordance with the standards governing those estimates that are adopted by the board. Each determination made by a self-certifying district pursuant to this subdivision shall be reviewed for accuracy by the board or by the county office of education in the county in which the district is located. In the event that the review is performed by the board, that review shall be completed no later than 45 calendar days subsequent to the board's receipt from the district of all documentation necessary for that purpose.

17041.2. (a) The State Allocation Board shall conduct random audits of the information certified by self-certifying districts pursuant to this chapter, except as to any determinations that are made under subdivision (d) of Section 17041.1 or that are subject to audit by the State Department of Education pursuant to Section 17024, using generally accepted auditing principles, at any time to ensure compliance with the law.

(b) If any information submitted by a self-certifying district in its certification of funding eligibility for any project is found by the board to contain any material inaccuracy, any building area constructed as a result, in excess of the building area to which the district was entitled for purposes of that project, shall be included in the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter. In addition, the board shall impose both of the following penalties:

(1) Pursuant to a repayment schedule approved by the board, the district shall repay to the board of no more than five years, for deposit in the State School Building Lease-Purchase Fund, an amount equal to the amount of project funding allocated under this chapter to construct that excess building area, together with interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. The amount of any repayment owing under this paragraph for any fiscal year, which is not repaid otherwise by the district, shall be withheld by the board from any project funding that otherwise would be allocated to that district under this chapter in that fiscal year. As to any repayment obligation remaining for that fiscal year, the board shall notify the Superintendent of Public Instruction, who shall withhold the amount

of that remaining obligation from the apportionments to be made to the district from the State School Fund in that fiscal year.

(2) The information that otherwise may be certified under this chapter by a self-certifying district shall be made by the board under any subsequent applications for project funding, rather than by the applicant district, for a period of up to five years following the date of the finding of a material inaccuracy, or until the district's repayment of the entire amount owing under paragraph (1), whichever occurs later.

(c) Any school district against which the board imposes the penalties under paragraphs (1) and (2) of subdivision (b) may submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district. Except as otherwise provided by this chapter, the procedure governing the arbitration shall be as set forth in Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(d) It is the intent of the Legislature that audits as described in this section not interfere with the application and construction process under this chapter unless one or more violations are discovered.

17041.3. For the purposes of Sections 17041 and 17041.5, allowable building area may be computed, in the alternative to the methods prescribed by Section 17041, for any combination of two or more adjacent high school attendance areas pursuant to the following conditions:

(a) The project to be funded is for the construction of a high school, junior high school, or elementary school located or to be located in any of those high school attendance areas.

(b) The high school, junior high school, or elementary school to be constructed is to serve pupils residing in each of those high school attendance areas.

(c) The combined computation of allowable building area reflects the allowable building area to which each of the high school attendance areas would otherwise be entitled, reflecting the proportion of projected pupil enrollment in the school to be constructed, as calculated under this chapter, from each of those attendance areas.

17041.5. (a) Whenever the area of adequate school construction existing in an attendance area is less than the maximum area computed for that attendance area, any portion of the remaining computed allowable building area may be used for the construction of district administration and maintenance facilities.

(b) If the allowable building area is computed separately by attendance area, the board shall include within the computation of the maximum area for that attendance area the proposed building area of a project for the construction of district administration and maintenance facilities.

17041.6. The board shall, in allocating funds for school facilities construction pursuant to this chapter, give first priority to applicant districts proposing additional classrooms within their maximum allowable building area before allocating funds to applicant districts proposing administration and maintenance facilities.

17041.8. (a) Notwithstanding any other provision of law, any applicant school district that receives supplemental project funding under Sections 17040.6, 17040.7, 17040.8, and 17041.8 shall apply that funding to the purposes of the project funded, in compliance with any requirements set forth in those sections, but need not comply in that regard with the allowable building area of that project as otherwise calculated under this chapter. The expenditure

of the supplemental project funds authorized under those sections is exempt from the total building cost standards applicable to the project. In addition, the increase in building area authorized under this subdivision is exempt, for purposes of any subsequent application for project funding under this chapter, from the calculation of existing adequate school construction of the district.

(b) Notwithstanding any other provision of law, the total amount of supplemental project funding that an applicant district is entitled to receive under Sections 17040.6, 17040.7, 17040.8, and 17040.9 may not exceed the lesser of the following:

(1) An amount equal to that calculated under subdivision (b) of Section 17040.9.

(2) An amount equal to the sum of four thousand dollars (\$4,000) for each of the first 500 units of estimated average daily attendance for the project, and two thousand dollars (\$2,000) for each additional unit of estimated average daily attendance. The monetary rates set forth in this paragraph shall be increased annually for inflation for the prior calendar year on the basis of the cost index for class B construction as determined in the January meeting of the board.

17042. (a) The board, by the adoption of rules, shall provide for the manner of determining the area of adequate school construction existing in an applicant school district at the time of application. Those rules shall define and provide for the method of determining building areas that are to be included in, in whole or in part, or to be excluded from, the area of existing adequate school construction.

Any building to which Article 3 (commencing with Section 17280) of Chapter 3 of Part 10.5 does not apply shall not be considered adequate school construction for the purpose of determining the maximum total building area per attendance unit.

The board may make exceptions to the provisions of this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

(b) For the purposes of this chapter, the area of adequate school construction existing in an applicant school district does not include any of the following:

(1) Any portable classroom made available to the district under Chapter 14 (commencing with Section 17085).

(2) In any school operated on a year-round schedule, any building area that has been in continuous use during the preceding five-year period primarily for the operation of any preschool program or programs.

(3) Any building area, not to exceed the area that is equivalent to one classroom per schoolsite, used to provide support services pursuant to Chapter 5 (commencing with Section 8800) of Part 6 or to provide integrated children's services pursuant to Section 18986.40 of the Welfare and Institutions Code. A school shall meet the definition of a "qualifying school" under paragraph (1) of subdivision (h) of Section 8802 to qualify for this exemption from the area of adequate school construction.

(c) The board may make exceptions to this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

17042.5. (a) For purposes of determining the area of adequate school construction existing in an applicant school district pursuant to Section 17042.7, all portable classrooms, whether owned or leased, shall be included, except as otherwise provided in paragraphs (1) to (3), inclusive.

(1) Leased portable classrooms acquired by a school district shall

not be included in the area of existing adequate school construction until January 1, 1991.

(2) Portable classrooms leased pursuant to Chapter 14 (commencing with Section 17085) shall be excluded from the area of adequate school construction. Portable classrooms obtained by an applicant district pursuant to subdivision (b) of Section 17088.5 also shall be excluded from the area of adequate school construction, except as to any portable classroom or classrooms for which the district rejected the board's offer to purchase pursuant to that subdivision.

(3) Portable classrooms that have been leased or owned by the district for 20 years or more shall be excluded from the area of adequate school construction.

(4) Leased portable classrooms shall not be included in the area of adequate school construction for a period of five years from the date first leased by the district. That exclusion shall be extended by the board for one additional five-year period where the board finds that the continued use of the leased portable classrooms for classroom purposes is justified by additional growth in average daily attendance pursuant to the standards established by this part. If the board finds continued use to be no longer justified, it may extend the exclusion for a period of up to two years as necessary to maintain the eligibility of the applicant district for project funding pursuant to this chapter if the board finds that the district has made a good faith effort to obtain that funding in a timely manner. The additional five-year exclusion shall not apply to any portable classroom for which, under the lease agreement, the district is to take title, or the total consideration paid by the district for the lease and an option to purchase is determined by the board to be substantially equivalent to the cost of acquiring title.

(b) For purposes of this section, "portable classroom" means a classroom building of modular design and construction that meets all of the following criteria:

(1) Is designed and constructed to be relocatable and transportable over public streets.

(2) Is designed and constructed for relocation without the separation of the roof or floor from the building.

(3) When measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.

17042.7. (a) For any project application filed or amended on or after January 1, 1993, the area of adequate school construction existing in the applicant school district or, where appropriate, in the attendance area, at the time of application shall be calculated pursuant to the following formula:

(1) Identify by grade level all teaching stations existing in the school district or, where appropriate, the attendance area, as of January 1, 1993. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction.

(2) Determine the maximum pupil loading figure for each grade level pursuant to the district pupil loading standards in effect on January 1, 1993. For the purposes of this section, the "district pupil loading standards" are those pupil loading standards in effect in a school district on July 1, 1992, as a result of actions including, but not necessarily limited to, the execution of a collective bargaining agreement or the adoption of a district policy by the governing board of the school district. In no event may this figure be more than the maximum pupil loading standards established by the board, or less than three pupil units lower than those maximum pupil loading standards.

(3) Multiply the figure determined under paragraph (2) for each grade level by the number of teaching stations for the particular grade level, as determined under paragraph (1).

(4) Multiply the product determined under paragraph (3) by the maximum area allowance established for that grade level under this article.

(5) The sum of these computations for each grade level, as determined under paragraphs (1) to (4), inclusive, shall be the total area of adequate school construction existing in the district or attendance area pursuant to this formula.

(b) For purposes of this section, a school district that is participating in a class size reduction program set forth in this code shall use the pupil loading standard established pursuant to that program.

Any separate school construction calculated under this section shall not include, in any school operated on a year-round schedule, any teaching station that has been in continuous use during the preceding five-year period primarily for the operation of a preschool program or programs.

17043. (a) There shall be allowed to each district with attendance units of 300 or more in kindergarten and grades 1 to 6, inclusive, a maximum area of 55 square feet for each attendance unit of the district in kindergarten and grades 1 to 6, inclusive.

(b) The maximum total building area per attendance unit allowed to applicant districts with attendance units of less than 300 in kindergarten and grades 1 to 6, inclusive, for such attendance units shall be determined by the board, and shall be building area to provide comparable facilities to those provided by subdivision (a) of this section, and shall be the least building area required to house adequately the estimated average daily attendance and the normal instructional and other services.

17044. There shall be allowed to each district a maximum area of 75 square feet for each attendance unit of the district in grades 7 and 8.

17045. The maximum area allowed to a district for attendance units in junior high schools composed of grades 7 to 9, inclusive, or 7 to 10, inclusive, as the case may be, shall be determined pursuant to this section, rather than Sections 17044 and 17046. This section shall not apply to junior high schools composed of grades 7 and 8 only.

The maximum area allowed for attendance units in junior high schools shall be determined by computing, in accordance with this section, the number of square feet for the attendance units at each junior high school attendance center of the district, and totaling the number of square feet so determined for all attendance units in all such junior high school attendance centers of the district. There shall be allowed a maximum area of 75 square feet for each attendance unit of the junior high school attendance center in grades 7 and 8. For each attendance unit in grade 9, or grades 9 and 10, as the case may be, at each junior high school attendance center, there shall be allowed a maximum area equal to the number of square feet which would be allowed under Section 17046 for each attendance unit of an attendance center having a total number of attendance units equal to the total number of attendance units in grades 7 to 9, inclusive, or 7 to 10, inclusive, as the case may be, at such junior high school attendance center. The number of square feet which would be allowed under Section 17046 for each attendance unit of an attendance center shall be computed by determining in accordance with that section the total number of square feet which would be allowed at an attendance center and dividing such total number of square feet

by the total number of attendance units at such attendance center.

17046. There shall be allowed to each district a maximum area for the attendance units of the district in grades 9 to 12, inclusive, determined by computing, for the attendance units in grades 9 to 12, inclusive, at each attendance center of the district, a number of square feet for the number of attendance units in such grades at each attendance center, in accordance with the following table, and totaling the number of square feet so determined for all attendance units in such grades of all attendance centers of the district:

Attendance units of attendance center	Maximum number of square feet of building area
1- 50	18,000
51-100	18,000 plus 162 for each attendance unit over 50
101-200	26,100 plus 99 for each attendance unit over 100
201-300	36,000 plus 60 for each attendance unit over 200
301-600	42,000 plus 54 for each attendance unit over 300
601-1,800	58,200 plus 80 for each attendance unit over 600
Over 1,800	154,200 plus 85 for each attendance unit over 1,800

17046.7. Notwithstanding any other provision of law, the determination of the area of allowable new building construction for any project for an applicant school district for which original construction commenced on or after January 1, 1987, shall be made on the basis of 107 percent of the area that would otherwise be determined for that purpose under this chapter, calculated to the nearest whole number.

17046.8. Notwithstanding any other provisions of law, the maximum allowable building area for each applicant district shall be reduced by the product of the maximum area per attendance unit calculated for each appropriate grade level and the number of pupils reported by the Superintendent of Public Instruction for that grade level pursuant to Section 42268. This reduction shall be calculated on the basis, at the district's option, of either the district as a whole or the appropriate attendance area, as defined in Section 17041.

17047. (a) The allowable new building area for the purpose of providing special day class and Resource Specialist Program facilities for special education pupils shall be negotiated and approved by the State Allocation Board, with any necessary assistance to be provided by the Special Education Division of the State Department of Education. The square footage allowances shall be computed within the maximum square footage set forth in the following schedule:

Special Day Class Basic Need	Grade Levels	Load- ing*	Square Footage

the schoolday.***			

* Special pupils may usually be grouped without accordance to type, especially in smaller districts or where attendance zones may indicate, to maximize loadings per classroom where there are children with similar educational need (Sec. 56364).

** Therapy add-ons not to be provided if on same site as orthopedically impaired.

*** To a maximum of 4 percent of the unhoused average daily attendance of the district, per new school or addition, to a maximum of 1920 square feet.

(b) The allowable new building area shall be computed by dividing the number of eligible pupils by the minimum required loading per classroom for special day classes for the type of pupils to be enrolled. No new or additional facility shall be provided for special day classes unless the number of additional eligible pupils equals one-third or more of the minimum required loading.

17047.5. (a) All school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, as defined in Section 56026, shall be designed and located on the schoolsite so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both.

(b) School district governing boards and county offices of education shall ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities in applying for the purchase or new construction of school facilities pursuant to this chapter.

(c) The State Allocation Board, after consultation with the State Department of Education and representatives from county offices of education, special education services regions, and school districts,

shall develop and adopt any regulations necessary to implement this section.

(d) Notwithstanding any other law, the requirement set forth in subdivision (a) may be waived, by the Superintendent of Public Instruction, only upon compliance with the following procedure:

(1) The applicant school district or county superintendent of schools shall file a written request for waiver that documents the reasons for its inability to comply with the requirement.

(2) The State Department of Education shall verify the reasons set forth pursuant to paragraph (1), including the documentation submitted, which verification shall be completed no later than 30 days after the filing of the request for waiver with the Superintendent of Public Instruction.

(3) The Advisory Commission on Special Education, as established under Section 33590, at its first scheduled meeting following the verification conducted pursuant to paragraph (2), shall review the request for waiver, accompanying documentation, and the verification findings of the State Department of Education. No later than 15 days following the date of that meeting, the commission shall submit its written comments and recommendations regarding the request for waiver to the Superintendent of Public Instruction.

(4) The Superintendent of Public Instruction shall review the comments and recommendations submitted by the Advisory Commission on Special Education prior to approving or rejecting the request for waiver.

(5) Any request for waiver, submitted in accordance with this section, that is not rejected within 60 days of its receipt by the State Department of Education, shall be deemed approved.

(e) This section does not apply to any application for project funding under this chapter that meets one of the following conditions:

(1) The application was submitted to the board prior to January 1, 1987, and all of the facilities under the project for use, in whole or in part, by pupils who are individuals with exceptional needs are located on a schoolsite on which facilities for use by other pupils are also located.

(2) The application is for any other project, for which, prior to January 1, 1987, the board approved the drawing of final plans and the preparation of final specifications.

17048. Whenever an existing building is to be reconstructed, rather than replaced, under an application pursuant to this chapter, there shall be allowed, for those attendance units to be housed in such reconstructed building, an additional five square feet of building area beyond the amounts set forth in Section 17043, 17044, 17045, or 17046.

17049. (a) The board shall require, as a condition of providing funding for any project under this chapter, that, for any facilities for kindergarten or any of grades 1 to 12, inclusive, or for any facilities for special education or continuation high school purposes, at least 30 percent of allowable new building construction for classrooms under the project be utilized for relocatable structures.

(b) The board may reduce the percentage requirement set forth in subdivision (a), as to any applicant, in the event that the quantity of relocatable structures necessary to comply with those requirements is unavailable from the manufacturers of those structures.

(c) The board may reduce or eliminate the percentage requirements set forth in subdivision (a), as to any applicant, under either of the following circumstances:

(1) Where the board finds that special conditions of terrain,

climate, or unavailability of space within the attendance area make the use of relocatable structures impractical or inappropriate.

(2) Under the condition that, as the result of a future project for which the district receives funding under this chapter, located on the same schoolsite on which the current project is located, at least 30 percent of total building construction for classrooms on that schoolsite will be utilized for relocatable structures.

(d) Relocatable structures acquired by an applicant school district up to two years preceding the final approval by the board of the project application submitted by the district shall apply to the percentage requirements set forth in subdivision (a).

(e) Notwithstanding subdivision (d), relocatable structures acquired by an applicant school district up to 10 years preceding the final approval by the board of the project application submitted by the district shall apply to the percentage requirements set forth in subdivision (a) if the relocatable structures are to be situated on the site of a new school to be constructed under the project and all of the following conditions are met:

(1) The relocatable structures were not previously used to satisfy the 30 percent requirement set forth in subdivision (a) under any other project constructed pursuant to this chapter.

(2) The board determines that the relocatable structures are in satisfactory condition upon being moved to the new schoolsite, and are usable for classroom purposes without requiring major repair or renovation for a period of not less than 20 years subsequent to that relocation.

(3) Subsequent to moving the relocatable structures to the new schoolsite, at least 30 percent of the classroom space at the schoolsite where the structures were previously located consists of relocatable structures.

The cost of moving the relocatable structures to the new schoolsite shall be at the school district's sole expense.

(f) Whenever at least 10 percent of the allowable new building construction contained in an application is to be utilized for relocatable structures, an additional three square feet of building area for each pupil to be housed under the approved project shall be allowed.

17050. (a) A district may enter into a contract with the county, or other appropriate entity having responsibility for the provision of public library services, in which the district is located for the purpose of operating a joint-use library facility at a schoolsite owned by the district.

(b) The district may apply for the lease-purchase of a project which includes a library facility, pursuant to Section 17017, which facility, if constructed, would be of sufficient size to accommodate the requirements of a joint-use library for which the district has entered into a contract, pursuant to subdivision (a).

(c) Should the board receive an application for a project which includes space for a joint-use library, the board shall evaluate the application disregarding any space in the proposed library facility which is beyond the needs of the district, provided the application contains a copy of the contract specified in subdivision (a), and provided that the contract contains at least the following:

(1) Agreement that the county or other appropriate entity shall deposit in the county school lease-purchase fund, created pursuant to Section 17034, an amount equal to the total cost of any space in the proposed library facility which is beyond the needs of the district, prior to the signing of the construction contract for the project. The deposit shall not be refundable, except to the extent that it may prove subsequently to be in excess of the actual total cost of the

space which is beyond the needs of the district.

(2) Agreement between the district and the county or other appropriate entity regarding staffing, maintenance, materials acquisition, and other matters related to the administration and operating costs of the joint-use facility.

(3) Agreement between the district and the county or other appropriate entity regarding the procedure for amendment or termination of the contract, including the disposition of materials housed in the joint-use facility should termination of the contract occur.

(d) Any space in a joint-use library which is beyond the needs of the district shall not be included by the board in any calculations made for any other purposes provided for in this article for the period of time that the contract for that joint-use facility remains in effect. Should the contract be terminated, the board shall include the additional space in any calculations made after the termination for any other purposes provided for in this article.

17051. (a) A district may enter into an agreement with another governmental entity that includes some or all of the territory of the district for the purpose of the joint use of park and recreation facilities, including an auditorium, or commercial or industrial facilities.

(b) If the board receives an application for a project that includes some or all of the territory of the district for the purpose of the joint use of park and recreation facilities or commercial or industrial facilities, the board shall evaluate the application disregarding any space in the proposed joint-use facility that is beyond the needs of the district if the application contains a copy of the agreement specified in subdivision (a) and if the contract contains at least the following:

(1) An agreement that the county or other appropriate entity shall deposit in the county school lease-purchase fund, created pursuant to Section 17034, an amount equal to the total cost of any space in the proposed joint-use facility that is beyond the needs of the district, prior to the signing of the construction contract for the project. The deposit shall not be refundable, except to the extent that it may prove subsequently to be in excess of the actual total cost of the space that is beyond the needs of the district.

(2) An agreement between the district and the county or other appropriate entity regarding staffing, maintenance, materials acquisition, and other matters related to the administration and operating costs of the joint-use facility.

(3) An agreement between the district and the county or other appropriate entity regarding the procedure for amendment or termination of the contract, including the disposition of materials housed in the joint-use facility should termination of the contract occur.

(c) Any space in a joint-use facility that is beyond the needs of the district shall not be included by the board in any calculations made for any other purposes provided for in this article for the period of time that the contract for that joint-use facility remains in effect. If the contract is terminated, the board shall include the additional space in any calculations made after the termination for any other purposes provided for in this article.

Article 4. Space-Saver Schools

17055. (a) The board shall authorize project funding under this chapter for the construction, in urban areas in which the construction of schools would ordinarily require the removal of

residential, commercial, or industrial structures, of four elementary or junior high schools, or any combination thereof, none of which serve any of the grades 10 to 12, inclusive.

(b) The construction funded pursuant to subdivision (a) shall be designed to minimize the need for the relocation of inhabitants of residential, commercial, or industrial structures. The design features of the schools may include, but should not be limited to, the use of below-ground facility construction, multistory construction, multiuse construction where single-use construction currently exists, the joint use of facilities that otherwise involve such uses as a shopping center, office complex, or apartment building, the joint or dual use of land that otherwise involves park or other uses, overhead or underground parking, or the use of areas above or below streets or freeways.

17056. Any school district that is a project applicant under this chapter may apply for the funding of a school specifically under this article, pursuant to which it may be approved by the board for funding only to the extent of its project eligibility under this chapter. The governing board of each district for which that funding is approved by the board shall do all of the following, in the order specified:

(a) Identify an area within the district that it determines to be appropriate for the construction of a school that meets the purposes of this article.

(b) Establish criteria for the purpose of identifying the school design that will most effectively accomplish the purposes of this article and the needs of the district. The district shall thereupon issue, in a manner approved by the board, a request for architectural design proposals incorporating those criteria.

17058. The cost of any project funded under this article shall not exceed the maximum cost that would otherwise be allowable for a project funded under this chapter.

Article 4.1. Alternative Use of Apportionments

17059. The Legislature finds and declares as follows:

(a) In many areas of the state, overcrowding in the schools has created a need for new school facilities in neighborhoods where little or no vacant land exists. School districts are compelled, therefore, to acquire property that already has been developed with structures, then demolish these structures and construct classroom space.

(b) With an estimated statewide need for school facilities within the next five years that exceeds fourteen billion dollars (\$14,000,000,000), neither state nor local funds reasonably can be anticipated to meet this need.

(c) In many of the areas having overcrowded schools, a significant supply exists of vacant space in structures meeting current building codes.

(d) Use of this vacant space by schools can be a cost-effective means of providing classroom space for the students of California.

(e) This chapter and Section 4-306 of Part 1 of Title 24 of the California Code of Regulations authorize the reconstruction of existing commercial buildings for school facility purposes.

(f) No existing commercial building shall be considered for reconstruction for school facility classroom purposes unless it was designed and constructed according to the standards established in the 1976 Uniform Building Code or subsequent editions of that code.

17059.1. In a manner that is consistent with this chapter and the

California Code of Regulations, a school district that is eligible for an apportionment for project funding for new construction under this chapter may use that apportionment for the acquisition and conversion of an existing commercial building to school facility purposes.

17059.2. The State Allocation Board in conjunction with the office of the State Architect shall advise all school districts in the state of the existence of the procedure for reconstructing existing commercial buildings for school facility purposes and shall upon request assist in the interpretation and successful implementation of the pertinent regulations in the California Code of Regulations.

Article 5. Joint Venture School Facilities Construction Projects

17060. (a) A school district may enter into a joint venture relationship for the purposes of school facilities construction. Notwithstanding any other provision of this chapter, a school district entering into a joint venture relationship does so as an independent entity and not as an agent of the State Allocation Board.

(b) For the purposes of this article, "joint venture" means a collaborative undertaking by two or more persons or organizations for a specific project or projects, having the legal characteristics of a partnership.

(c) The joint venture relationship may, but is not required to, include any of the following:

(1) Joint use of the property of, or facilities on, the project site.

(2) Ground leases, alternative financing arrangements, or similar financing arrangements.

(3) A construction arrangement in which a school district enters into an agreement with a developer pursuant to which the school district initially stipulates the basic performance and programmatic criteria for the facility and the developer provides input into the design work and building construction services by entering into a contract with a single source team to administer the project in a manner consistent with state law, and construct the project to, under most circumstances, a maximum price.

(d) The price for the portion of the project that is funded by the state shall be established through a bidding process as approved by the State Allocation Board. All subcontract trade groups that are included within the project, shall be determined based upon competitive bidding for each contract group. All subcontracts shall be awarded to the lowest responsible bidder.

(e) The proposed uses of any facilities constructed under the joint venture project shall not be inconsistent with educational purposes and activities.

(f) The cost of any project funded under this article shall not exceed the maximum cost that would otherwise be allowable for a project funded under this chapter.

17061. (a) A school district may apply to the State Allocation Board for funding for the costs of property acquisition and the cost of construction, as specified in this chapter, of the school facilities portion of a joint venture project. The school district shall publicly solicit proposals for the joint venture project pursuant to the procedures set forth in this section and Sections 17062, 17521, 17522, and 17523.

(b) Upon review of the application for funding, the State

Allocation Board shall establish the maximum allowances for construction of the school facilities portion of the joint venture project. For the purpose of calculating allowances pursuant to Article 3 (commencing with Section 17040), the State Allocation Board shall use the information used to determine the allowances for the school district at the time the district received approval of funds under this chapter to acquire property on which the school facilities will be constructed, or at the time an application is made pursuant to subdivision (a), whichever is earlier.

(c) The State Allocation Board may approve, in whole or in part, an application submitted by a school district pursuant to this section in an amount the State Allocation Board may deem appropriate, not to exceed the amount applied for, subject to final approval of the joint venture agreement pursuant to Section 17063.

(d) For purposes of this section, and the process referred to in subdivision (a), a school district joint venture request for proposals shall include, but not necessarily be limited to, all of the following:

(1) A specific description of the school buildings or land, or both, to be constructed or utilized under the joint venture and a description of how the costs of the project have been determined.

(2) The identification of the current educational uses of the school buildings or land, or both, and of the educational uses proposed under the joint venture.

(3) The identification of the current noneducational uses of the proposed school buildings or land, or both, and of the noneducational uses proposed under the joint venture, and a specific assessment of the compatibility of those uses with any applicable general or specific governmental land use plan and with applicable zoning restrictions.

(4) A description of the prospective economic benefits to be derived by the school district from the joint venture.

(5) A description of the prospective educational benefits to be derived by the school district from the joint venture.

(6) A request that each request for proposal response include a comprehensive description of the joint venture, including, but not limited to, a description of the intended means of financing the joint venture.

17062. (a) Notwithstanding Sections 20111 and 20118.4 of the Public Contract Code, or any other law, upon approval of funding pursuant to Section 17061, a school district may utilize a request for qualifications and proposal process described in subdivision (a) of Section 17061 to select and enter into a joint venture agreement with a developer to construct school facilities. The agreement may utilize Section 17406.

(b) The joint venture agreement shall include, but not be limited to, all of the following terms:

(1) The cost of the project approved by the State Allocation Board pursuant to Section 17061 as the amount that the district will pay to the developer pursuant to the joint venture agreement upon completion of the project, if applicable.

(2) A detailed description of the project, including, but not limited to, the school facilities and any other facilities that may be included in the project and any other information necessary to meet the requirements of this chapter.

(3) The timeframe for completion of the project.

(4) A requirement that there shall be no state liability if funds are not made available within the four-year period specified in subdivision (a) of Section 17063.

(c) The joint venture agreement may also include a requirement

that if the actual cost of constructing the school facility project designated in the agreement exceeds the amount set forth in that agreement, the developer shall be responsible for the additional expense.

(d) The lien placed on a schoolsite pursuant to this chapter shall only attach to that portion of the project for which state funds are actually expended. In addition, the lien shall expressly recognize any subordinate property interest created by the joint venture, and the state lien shall not be foreclosed or otherwise used to terminate the property interest, or any subordinate financing liens incidental thereto, created by the joint venture. The document creating that lien on a schoolsite shall be written in a manner to clearly prohibit assumption of any state liability resulting from the lien.

(e) Notwithstanding subdivision (d), the nondisturbance of subordinate property interests permitted in subdivision (d) shall not permit the foreclosure or other private taking of actual school facilities or property paid for with state funds in a manner that would restrict, terminate, or impair the school facilities portion of the joint venture or the school district's use thereof.

17063. Upon completion of the joint venture agreement pursuant to Section 17062, the school district shall transmit the agreement to the State Allocation Board for final review to determine whether the agreement is consistent with the project approval pursuant to Section 17061. The State Allocation Board shall act to approve or disapprove the complete agreement within 60 days following submission of the complete proposal to the State Allocation Board. The approval or disapproval relates to only the decision by the State Allocation Board to fund the school portion of the joint venture project and is not to be construed as an approval or disapproval of the terms and conditions of the joint venture agreement nor as authority for the school district to act as the agent of the State Allocation Board. The State Allocation Board is not made a party to the joint venture agreement and shall not incur liability under the joint venture agreement through its approval or disapproval of the agreement. The joint venture shall indemnify and hold harmless the State Allocation Board and its officers, agents, and employees from any loss or liability, including reasonable attorneys fees and costs, caused by the joint venture arising out of, or in relation to, any contract entered into by the joint venture in furtherance of the joint venture project. The date of approval by the State Allocation Board of the project shall be the date of funding eligibility for the project. The apportionment of funds for the eligible project shall be made at any point up to four years following the date of funding eligibility subject to the availability of funds for this purpose. If the state funds are not available within that four-year period, the school district may at its option remain in the funding cycle, subject to other provisions of this chapter, until the school district receives all of the funds it is eligible to receive pursuant to this article as of the date of funding eligibility. The district's eligibility for reimbursement of authorized costs and the district's position in the processing schedule for the reimbursement shall be established as the date of project approval by the State Allocation Board. The exact amount of the reimbursement shall be determined at the conclusion of the project and shall be based upon the actual subcontract trade bids and other costs allowable pursuant to Section 17019.3.

17064. The selection of any design professional pursuant to this article shall be made in accordance with Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

17065. The design and construction of school facilities pursuant

to this article shall comply with Article 3 (commencing with Section 17280) of Chapter 2 of Part 10.5.

17066. This article does not affect any requirement of a school district to comply with the prevailing wage requirements of Article 2 (commencing with Section 1770) of Chapter 2 of Part 7 of Division 2 of the Labor Code with respect to the school facilities portion of a joint venture project under this article.

CHAPTER 13. TRANSFER OF EXCESS FUNDS

17080. (a) Notwithstanding any other provision of law, whenever moneys transferred to the General Fund each year from (1) moneys deposited in the Public School Building Loan Fund pursuant to Section 15735, and (2) moneys deposited in the State School Building Aid Fund pursuant to Section 16080, are in excess of the amounts required to reimburse the General Fund on account of principal and interest due and payable for that fiscal year on all school building aid bonds outstanding against the state, an amount equal to such excess is appropriated from the General Fund for purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000)) and Section 17584. The Controller shall transfer, as directed by the State Allocation Board, such appropriated amount to the State School Building Lease-Purchase Fund and to the State School Deferred Maintenance Fund, which is hereby established.

(b) In addition to the amount transferred pursuant to subdivision (a), the Controller shall transfer annually from the General Fund to the State School Deferred Maintenance Fund an amount equal to any amount transferred to or deposited in the General Fund as a result of repayment of any loan made by the board pursuant to Section 17005.15.

(c) Notwithstanding Section 13340 of the Government Code, the State School Deferred Maintenance Fund is continuously appropriated for the purposes for which it is established.

CHAPTER 14. EMERGENCY SCHOOL CLASSROOM LAW OF 1979 Article 1. General Provisions

17085. This chapter may be cited as the State Relocatable Classroom Law of 1979.

17086. In adopting this chapter, the Legislature recognizes that the ad valorem tax is no longer available as a source of revenue for the construction of necessary school facilities. The Legislature considers that the greatest need in school construction is for classrooms for the education of public school pupils. It is the intent of the Legislature to satisfy this primary need to the greatest extent possible before providing any additional educational facilities, regardless of how desirable such additional facilities may be.

17087. As used in this chapter:

(a) "Board" means the State Allocation Board.

(b) "State School Building Aid Fund" means that fund established pursuant to Section 16096.

(c) "Lessee" means a school district or county superintendent of schools to whom the board has leased a portable classroom pursuant to this chapter.

17088. In addition to any other powers and duties as are granted the board by this chapter, other statutes, or the State Constitution, the board has the power to do each of the following:

(a) Establish any qualifications not in conflict with other

provisions of this chapter, as it deems will best serve the purposes of this chapter, for determining the eligibility of school districts and county superintendents of schools to lease portable classrooms under this chapter.

(b) Establish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(c) Adopt any rules and regulations for the administration of this chapter requiring such procedure, forms, and information, as it may deem necessary.

(d) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place, portable classrooms on schoolsites where needed.

(e) Own, have maintained, and lease portable classrooms to qualifying school districts and county superintendents of schools.

(f) From any moneys in the State School Building Aid Fund available for purposes of this chapter, the board shall make available to the Director of General Services such amounts as it determines necessary to provide the assistance, pursuant to this chapter, required by Section 15504 of the Government Code.

(g) Notwithstanding any other provision of law, from any funds available to the board, the board may, no later than January 15 of any year, make available to the Director of General Services up to thirty-five million dollars (\$35,000,000) for expenditure in the subsequent school year. It is the intent of the Legislature that this allocation be annually funded from an appropriation made for this purpose by the Legislature in the Budget Act for the fiscal year in which the board is to act to make that funding available. These funds shall be utilized to purchase portable classrooms for the purposes of this section.

17088.3. (a) No school district shall qualify for the lease under this chapter, after January 1, 1990, of one or more portable classrooms except upon submitting a study examining the feasibility of implementing in the district a year-round multitrack educational program that is designed to increase pupil capacity in the district by at least 20 percent.

(b) Emergency or urgency conditions within a school district shall constitute grounds for approval by the board, pending submission of the report.

(c) Subdivision (a) does not apply to facilities that are designated as uninhabitable after July 1, 1989, due to fire or other health or safety conditions.

(d) Subdivision (a) does not apply to a school district for leases or subleases under this chapter for the purpose of providing facilities, pursuant to subdivision (c) of Section 17091, for licensed child day care programs or recreation or enrichment activities or programs for schoolage children.

17088.5. (a) The board may empower any lessee to act as its agent in the performance of acts authorized under this chapter with regard to portable classrooms to be made available to that lessee, including, but not necessarily limited to, contracting for architectural and construction services and purchasing furniture and equipment.

(b) In addition, where any qualifying school district or county superintendent of schools is deemed by the board to be eligible under this chapter for the lease of portable classrooms, but adequate funds are not at that time available to the board for the purchase of those classrooms, the board may authorize the school district or county superintendent of schools to purchase portable classrooms, to the extent of that eligibility, pursuant to the following conditions:

(1) The portable classrooms are purchased under a procedure determined by the board, pursuant to either a bidding process implemented by the school district or county superintendent of schools or by the State Office of Procurement.

(2) To the extent that funding for purposes of this chapter is subsequently made available to the board, the board shall purchase the portable classroom or classrooms from the school district or county superintendent of schools, for lease to that entity under this chapter, for an amount, not to exceed the purchase price the board determines it would have paid for the classroom or classrooms at the time they were acquired pursuant to paragraph (1), as necessary to reimburse the school district or county superintendent of schools for the purchase price, less the amount that would have been charged to the school district or county superintendent of schools for the lease of the classroom or classrooms under Section 17089 from the date of purchase. The sale of the portable classroom or classrooms under this paragraph shall be at the discretion of the school district or county superintendent of schools.

17088.7. (a) Any school district, or, under a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, any combination of one or more school districts or county superintendents of schools, may, to the extent of the eligibility of the school district or of the parties to the joint powers agreement to lease portable classrooms under this chapter, purchase portable classrooms as provided in this section.

(b) The number of portable classrooms which may be purchased pursuant to this section, on a statewide basis, shall not exceed 200 in any given year, and shall not exceed 600 in total. Portable classrooms purchased prior to September 22, 1989, are exempt from the yearly limit of 200, but shall be counted towards the total limit of 600.

(c) The purchase costs of the portable classrooms, which include costs of site preparation, furniture and equipment, toilet facilities as described in Section 65980 of the Government Code, and the transportation of classrooms, may be funded from revenues received by the school district or districts pursuant to Section 17620. The purchase shall comply with any procedures and policies established by the board under this chapter for the purchase of portable classrooms. All portable classrooms purchased pursuant to this section are the property of the state.

(d) The board shall lease the portable classrooms purchased pursuant to the authority granted in this section to the purchaser, as described in subdivision (a), in accordance with this chapter, including applicable eligibility standards, and the purchase costs paid shall be credited toward the rent the purchaser would otherwise be required to pay under this chapter as a lessee.

(e) In the event that the purchase of portable classrooms under this section occurs pursuant to a joint powers agreement, as described in subdivision (a), the agreement shall identify the school district or districts and county superintendent or superintendents of schools that are party to the agreement, identify the district or districts providing the revenues, specify the manner in which the revenues are to be expended, and specify the distribution of portable classrooms subsequent to purchase, which distribution shall be in accordance with the eligibility requirements of this chapter. The agreement shall be subject to approval of the board, pursuant to subdivision (b) and any applicable procedures and policies established by the board under this chapter.

17089. (a) The board shall lease portable classrooms to

qualifying school districts and county superintendents of schools for not less than one dollar (\$1) per year, nor more than four thousand dollars (\$4,000) per year, for each portable classroom, which amount shall be annually increased according to the adjustment for inflation set forth in the statewide cost index for classroom construction, as determined by the board at its January meeting.

(b) The board shall require each lessee to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

17089.2. Any portable classroom that is leased from the board by a school district or county superintendent of schools under this chapter on July 1, 1991, may be purchased by that district or county superintendent of schools for an amount equal to the purchase price paid by the board, including the purchase costs specified in subdivision (c) of Section 17088.7, less the amount of any rent already paid to the board by the district or county superintendent of schools for that classroom. Payment for purchases made pursuant to this section shall be in equal annual installments for an agreed upon term not to exceed nine years.

17089.5. The board may lease portable classrooms to any school district or county superintendent of schools which serves infant or preschool individuals with exceptional needs, as defined in Section 56026, and which operates programs pursuant to Part 30 (commencing with Section 56000). These portable classrooms shall be adequately equipped to meet the educational needs of these students, including, but not limited to, sinks and restroom facilities.

17090. The board shall require lessees to insure at their own expense for the benefit of the state, any leased portable classroom which is the property of the state, against such risks, including liability from the use thereof, in such amounts as the board may deem necessary to protect the interest of the state. All payments resulting from claims made against the insurance shall be made payable to and retained by the board for deposit in the State School Building Aid Fund.

17091. (a) The board shall have authority to adopt rules establishing priorities for the acquisition and leasing of classrooms to those school districts and county superintendents of schools whose pupils will benefit most. The board may make exceptions from the established priorities if it determines that the pupils affected will benefit.

(b) If at any time the number of portable classrooms available exceeds the number of those required by applicant districts, as determined by basic loading standards and eligibility requirements, the board may authorize additional portable classrooms to be placed in any school district that agrees to hire an additional teacher for each additional portable classroom placed in the district pursuant to this subdivision.

(c) If at any time the number of portable classrooms available exceeds the number of those required by applicant districts, as determined by basic loading standards and eligibility requirements, the board shall authorize additional portable classrooms to be placed in any school district, upon request of the school district, for the purpose of providing licensed child day care programs or recreation or enrichment activities or programs for schoolage children on a schoolsite, unless the surplus classrooms are needed for emergency purposes.

17092. (a) No portable classrooms shall be made available to any school district unless the district furnishes evidence, satisfactory

to the board, that the district has no available bond proceeds that could be used for the purchase of classroom facilities.

(b) Notwithstanding any other provision of law, a school district or county superintendent of schools that has received approval for a project that includes a justified number of new teaching stations pursuant to Chapter 12 (commencing with Section 17000) shall be eligible for at least the same number of emergency portable classrooms as approved new teaching stations.

(c) Subdivision (a) does not apply to leases or subleases under this chapter for the purpose of providing facilities, pursuant to subdivision (c) of Section 17091, for licensed child day care programs or any recreation or enrichment activities or programs for schoolage children.

17092.3. A school district may sublease any portable classroom obtained by the district pursuant to subdivision (c) of Section 17091 to a private provider that has entered into a contract with the district to provide any child care and development program or programs or any recreation or enrichment activities or programs for schoolage children on a schoolsite. The terms of the sublease for rental payments and other related costs shall not exceed the costs of the portable classroom to the district.

17093. The board shall have prepared for its use, performance specifications for portable classrooms complying with Sections 17280 to 17314, inclusive, which are capable of being economically moved, and bids for the construction of which can be solicited from more than one responsible bidder. The board may from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts

for the construction or purchase of the number of portable classrooms it deems will be required by eligible school districts and county superintendents of schools during the next 12 months.

17094. If at any time the board determines that a lessee's need for particular portable classrooms which were made available to the lessee pursuant to this chapter has ceased, the board may take possession of the portable classrooms and may lease them to other eligible districts or county superintendents of schools, or if there is no longer a need for any portable classrooms, the board may dispose of them to public or private parties in any manner that it deems to be in the best interests of the state.

Any revenue which is derived from a lease or other disposition of the portable classrooms pursuant to this section shall be deposited in the State School Building Aid Fund.

17095. The State Board of Education may waive application of the penalty provisions of Section 41376 for school districts which during the school year used portable classrooms leased pursuant to this chapter.

CHAPTER 15. SCHOOL DISTRICT REVENUE BONDS

Article 1. General Provisions

17100. The Legislature hereby finds and declares that the State School Building Lease-Purchase Fund, pursuant to Section 17008, and the proceeds from the sale or lease of surplus school property are the two sources available to school districts to finance the construction of school facilities to relieve overcrowding. However, these sources are still insufficient to meet the construction needs statewide of school districts.

Article 2. Revenue Bonds

17110. The governing board of a school district may issue for sale revenue bonds to finance the construction of joint occupancy facilities as prescribed in Article 8 (commencing with Section 17515) of Chapter 4 of Part 10.5, which facilities are necessary to relieve overcrowded schools. Proceeds from the rental and lease of the facilities shall be used by the governing board to repay the revenue bonds.

As used in this chapter:

(a) "To finance the construction of joint occupancy facilities" means to offset either the cost of constructing the joint occupancy facilities or the cost of financing the construction of joint occupancy facilities, or both.

(b) "Joint occupancy facilities" means any building constructed pursuant to this chapter which is occupied jointly by a school district and a private entity specified in Section 17811 or one or more buildings which are constructed pursuant to this chapter on the same property used by the district and the private entity, but are not occupied jointly. Facilities to be acquired by purchase pursuant to this article for occupancy by pupils shall meet the requirements of Article 3 (commencing with Section 17280) and Article 6 (commencing with Section 17365) of Chapter 3 of Part 10.5.

(c) "Construction" includes acquisition by purchase.

17111. The governing board may contract with any person, firm, partnership, joint venture, or other private entity for the purpose of issuing revenue bonds pursuant to Section 17810 and for the purpose of renting or leasing the facilities constructed pursuant to this chapter.

17112. No revenue bonds may be issued for sale by the governing board unless the facilities are to be constructed on district-owned property, except as to facilities to be acquired by purchase.

CHAPTER 16. PUBLIC DISCLOSURE OF NON-VOTER-APPROVED DEBT

17150. (a) Upon the approval by the governing board of the school district to proceed with the issuance of certificates of participation revenue bonds, the school district shall notify the county superintendent of schools and the county auditor. The superintendent of the school district shall provide the repayment schedules for that debt obligation, and evidence of the ability of the school district to repay that obligation, to the county auditor, the county superintendent, the governing board, and the public. Within 15 days of the receipt of the information, the county superintendent of schools and the county auditor may comment publicly to the governing board of the school district regarding the capability of the school district to repay that debt obligation.

(b) Upon the approval by the county board of education to proceed with the issuance of certificates of participation or revenue bonds, the county superintendent of schools or superintendent of a school district for which the county board serves as governing board shall notify the Superintendent of Public Instruction. The county superintendent of schools or the superintendent of a school district for which the county board serves as the governing board shall provide the repayment schedules for that debt obligation and evidence of the ability of the county office of education or school district to repay that obligation, to the Superintendent of Public Instruction, the governing board, and the public. Within 15 days of the receipt of the information the Superintendent of Public Instruction may comment publicly to the county board of education regarding the capability of the county office of education or school district to repay that debt obligation.

CHAPTER 17. THE ARCHIE-HUDSON AND CUNNEEN SCHOOL TECHNOLOGY
REVENUE BOND ACT

17160. It is the intent of the Legislature in enacting this act to provide a source of financing for the development of California public schools' educational technology infrastructure for the use of technology in instruction through the use of state revenue bonds repaid from a dedicated portion of funds allocated to school districts from the California State Lottery Education Fund pursuant to Section 8880.5 of the Government Code. It is further the intent of the Legislature in enacting this act to further the purposes of the California State Lottery Act of 1984 as approved by the voters on November 6, 1984.

17161. For the purpose of this article the following terms have the following meanings:

(a) "Act" means the Archie-Hudson and Cunneen School Technology Revenue Bond Act.

(b) "Authority" means the California School Financing Authority established pursuant to Section 17172.

(c) "Bond" means bonds, notes, bond anticipation notes, commercial paper, and any other evidences of indebtedness.

(d) "Fund" means the School Technology Pooled Revenue Bond Fund established pursuant to subdivision (c) of Section 17162.

(e) "School district" means school district or county office of education.

17162. (a) Notwithstanding Section 17199.3, the authority may issue bonds exclusively for the purposes of this act, provided that the total amount of bonds issued and outstanding at any time under this act shall not exceed four hundred million dollars (\$400,000,000). Authorization for the issuance of bonds under this act shall become operative after July 1, 1997, upon receipt by the authority of repayment pledges made by school districts, pursuant to Section 17163, which, when the pledges from all school districts are combined, are equal to or greater than five million dollars (\$5,000,000). The authority shall not issue bonds for any project that cannot be supported by the repayment pledges of school districts.

(b) In administering this act, the authority shall meet all of the requirements established by law for the issuance, holding, and repayment of revenue bonds by the authority, including those set forth in Chapter 17 (commencing with Section 17170), unless otherwise provided for in this act.

(c) Revenues from the sale of bonds issued pursuant to this act shall be deposited in the School Technology Pooled Revenue Bond Fund, which fund is hereby established in the State Treasury. Notwithstanding Section 13340 of the Government Code, all moneys in the fund shall be continuously appropriated without regard to fiscal year for the purposes of this chapter. The authority shall allocate moneys to each participating school district from the fund.

(d) Allocations from the fund shall be used by school districts only for the purpose of establishing computer-based networks and telecommunications systems for instructional purposes, including the procurement and installation of computer hardware and software, multimedia audio, video, and data transfer equipment, and wiring, cabling, and other equipment necessary to establish network connectivity, and any planning and installation costs associated with establishing and installing the networks.

(e) The length of terms of the bonds issued pursuant to this act shall be less than the useful life of the equipment to be purchased

as set forth in subdivision (d).

17163. (a) Notwithstanding any other provision of law, a school district may participate in this act, if the governing board of the school district adopts a resolution approving that participation. A participating school district shall pledge a portion of the lottery revenues allocated annually to the school district from the California State Lottery Education Fund as a dedicated revenue source to repay bonds issued by the authority under the act.

(b) A school district may pledge an amount up to the equivalent of 25 percent, but not more than 25 percent, of the allocation to the school district for the 1996-97 fiscal year from the California State Lottery Education Fund.

(c) A participating school district shall guarantee the repayment of bonds issued under this chapter by providing instructions to the Controller as follows:

(1) Informs the Controller of its election to participate in this act.

(2) Authorizes the Controller to pay the portion of the school district's annual allocation of funds from the California State Lottery Education Fund to the bond trustee identified by the school district for the repayment of the school district's share of the bonds issued under this chapter.

(3) Contains a transfer schedule that sets forth the amounts of funds, which shall be equal to the amount of funds pledged pursuant to subdivisions (a) and (b) of this section, to be transferred by the Controller to the trustee from the funds to be allocated to that school district from the California State Lottery Education Fund.

17163.5. The Controller shall pay bond trustees in accordance with the instructions received pursuant to Section 17863. The Controller shall make that payment only from moneys in the California State Lottery Education Fund allocated to that school district. The Controller is not authorized to pay a bond trustee any amount in excess of a district's allocation from the California State Lottery Education Fund.

17164. Nothing contained in this chapter shall be deemed or construed to create or constitute a debt, liability, or a loan or pledge of the credit of the state.

Notwithstanding any other provision of law, should lottery funds pledged to repay bonds issued pursuant to this act be insufficient to repay the revenue bonds, negotiable notes, or negotiable bond anticipation notes sold to finance projects and related interest and expenses, moneys in the General Fund shall not be available as an alternative source of repayment.

17165. The State Department of Education shall include in its annual survey of schools on the use of lottery funds, the amount of lottery revenues expended to repay bonds issued pursuant to this act.

CHAPTER 18. CALIFORNIA SCHOOL FINANCE AUTHORITY

17170. This chapter shall be known and may be cited as the California School Finance Authority Act.

17171. The Legislature hereby finds and declares that it is in the interest of the state and its people for the state to do all of the following:

(a) Reconstruct, remodel, or replace existing school buildings which are educationally inadequate or which do not meet current structural safety requirements.

(b) Acquire new schoolsites and buildings to be made available to school districts and community college districts for the pupils of

the public education system, which is a matter of general concern inasmuch as the education of the state's children is an obligation and function of the state.

(c) Assist school districts and community college districts by providing access to financing for working capital and capital improvements.

17172. There is in the state government the California School Finance Authority. The authority is a public instrumentality, and the exercise by the authority of the powers conferred by this chapter is an essential public function.

17173. As used in this chapter, the following words and terms shall have the following meanings, unless the context indicates or requires another or different meaning or intent:

(a) "Act" means the California School Finance Authority Act.

(b) "Agent" means a county or city board of education or superintendent of schools acting with its consent on behalf of one or more school districts for any purpose of this chapter, and the Board of Governors of the California Community Colleges or the Chancellor of the California Community Colleges acting with its consent on behalf of one or more community college districts for any purpose of this chapter.

(c) "Authority" means the California School Finance Authority, or any board, body, commission, department, or officer succeeding to the principal functions of the authority, or to which the powers conferred upon the authority by this chapter shall be given by law.

(d) "Bonds" means bonds, notes, bond anticipation notes, commercial paper, and any other evidences of indebtedness.

(e) "Cost," as applied to all or part of a project financed pursuant to this chapter, means and includes all or any part of the cost of any of the following:

(1) Construction.

(2) Acquisition or improvement of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and interests acquired or used for a project.

(3) Demolition or removal of any buildings or structures on land acquired for a project, including the acquisition of any lands to which the buildings or structures may be moved.

(4) All machinery and equipment.

(5) Financing charges.

(6) Interest prior to, during, and for a period following, the completion of such construction or improvement as determined by the authority.

(7) Provisions for working capital.

(8) Reserves for principal and interest, and for extensions, enlargements, additions, replacements, renovations, and improvements.

(9) Engineering, architectural, financial, and legal services, plans, specifications, studies, surveys, estimates, administrative expenses, and other expenses necessary or incident to the construction, acquisition, or improvement of any project or any financing under this chapter.

(f) "Educational facility" means any property, facility, structure, equipment, or furnishings used or operated in conjunction with one or more public schools or community colleges, including, but not limited to, all of the following:

(1) Classrooms.

(2) Auditoriums.

(3) Student centers.

(4) Administrative offices.

(5) Sports facilities.

(6) Maintenance, storage, or utility facilities.

(7) All necessary or usual attendant and related facilities and equipment, including streets, parking, and supportive service facilities or structures required or useful for the effective operation of the educational facility.

(g) "Participating district" means a school district or community college district which undertakes, itself or through an agent, the financing or refinancing of a project or of working capital pursuant to this chapter. "Participating district" shall also be deemed to refer to the agent to the extent the agent is acting on behalf of the school district or community college district for any purpose of this chapter.

(h) "Project" means the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing, or equipping of an educational facility to be financed or refinanced pursuant to this chapter. "Project" may include any combination of the foregoing undertaken jointly by any participating district with one or more other participating districts.

(i) "Working capital" means funds to be used by, or on behalf of, a participating district to pay maintenance or operating expenses, or any other costs which would be treated as an expense item under generally accepted accounting principles in connection with the ownership or operation of an educational facility, including, but not limited to, all of the following:

(1) Reserves for maintenance or operating expenses.

(2) Interest for a period not to exceed one year on any loan for working capital made pursuant to this chapter.

(3) Reserves for debt service, and any other costs necessary or incidental to, financing pursuant to this chapter.

(j) "Certificate of participation" means an undivided interest in one or more bonds, leases, loans, installment sales, or other agreements of a participating district or districts.

17174. (a) The authority shall be comprised of the following members:

(1) The Treasurer, who shall serve as chairperson.

(2) The Director of the State Department of Finance.

(3) The Superintendent of Public Instruction.

(b) Each member of the authority may designate an individual from the member's department or agency to act for the member and represent the member at all meetings.

(c) Members of the authority or their designees shall serve without compensation, but may be reimbursed by the authority for necessary and reasonable expenses incurred in the discharge of their duties.

17175. (a) Upon the first appointment of its members, and thereafter on or after March 31 of each year, the authority shall elect from its members a vice chairperson and a secretary-treasurer, who shall hold office until the following March 31, and shall continue to serve until their successors have been elected.

(b) On behalf of the authority, the chairperson shall appoint an executive director, who shall not be a member of the authority, and who shall serve at the pleasure of the authority. The executive director shall receive the compensation fixed for that purpose by the authority.

The authority may delegate to the executive director the power to enter contracts on behalf of the authority.

17176. (a) Except as otherwise provided by subdivision (b), the Attorney General shall be the legal counsel for the authority.

(b) Upon the approval of the Attorney General, which shall not be unreasonably withheld, the authority may employ legal counsel as, in

its judgment, is necessary or advisable to enable it to carry out the duties and functions of the authority pursuant to this chapter, including, but not limited to, the employment of bond counsel in connection with the issuance of bonds.

17177. The executive director or other person designated by resolution of the authority shall maintain a record of the proceedings of the authority, and shall be custodian of all books, documents, and papers filed with the authority, the minute book or journal of the authority, and its official seal. The executive director or the designee may cause copies to be made of all minutes and other records and documents of the authority, and may certify under the official seal of the authority that the copies are true copies, and all persons dealing with the authority may rely upon that certification.

17178. Two members of the authority shall constitute a quorum. The affirmative vote of a majority of a quorum shall be necessary for any action taken by the authority. A vacancy in the membership of the authority shall not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. Each meeting of the authority shall be open to the public and shall be held in accordance with Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code. Resolutions of the authority need not be published or posted. The authority may delegate by resolution to one or more of its members or its executive director any powers and duties as it may deem proper.

17179. The provisions of this chapter shall be administered by the authority, which shall have and is hereby vested with all powers reasonably necessary to carry out the powers and responsibilities expressly granted or imposed under this chapter.

17180. The authority is hereby authorized to do all of the following:

(a) Adopt bylaws for the regulation of its affairs and the conduct of its business.

(b) Adopt an official seal.

(c) Sue and be sued in its own name.

(d) Receive and accept gifts, grants, or donations of money for any of the purposes of this chapter from any of the following:

(1) A federal agency.

(2) A state agency.

(3) A municipality, county, or other political subdivision of the state.

(4) An individual, association, or corporation.

(e) Engage the services of private consultants to render professional and technical assistance and advice in carrying out the purposes of this chapter.

(f) (1) Determine the location and character of any project to be financed under this chapter, and acquire, construct, enlarge, remodel, renovate, alter, improve, furnish, equip, own, maintain, manage, repair, operate, lease as lessee or lessor, or regulate the same.

(2) Designate a participating district as its agent, with authority to enter into contracts, for any of the purposes specified in paragraph (1).

(3) Enter into contracts for any of the purposes specified in paragraph (1).

(4) Enter into contracts for the management and operation of a project owned by the authority.

(g) Acquire, directly or by and through a participating district as its agent, by purchase solely from funds provided pursuant to this

chapter, or by gift or devise, and sell, by installment or otherwise, property, rights, rights-of-way, franchises, easements, and other interests in lands, including, but not limited to, lands lying under water, and riparian rights, located within the state which the authority deems necessary or convenient for the acquisition, construction, financing, or operation of a project. The authority may do so upon the terms, and at the prices, it considers reasonable and upon which it can agree with the owner, and may take the title to the interest in the name of the authority or in the name of a participating district as its agent.

(h) Receive and accept from any source loans, contributions, or grants for, or in aid of, the construction, financing, or refinancing of all or part of a project, in the form of money, property, labor, or other things of value.

(i) Pursuant to an agreement between the authority and the participating district, make, directly or through a lending institution, secured or unsecured loans to, or purchase secured or unsecured loans from, a participating district for any of the following purposes:

(1) To finance a project or provide working capital. No loan to finance a project shall exceed the total cost of the project, as determined by the participating district and approved by the authority.

(2) To refinance indebtedness incurred by the participating district in connection with projects undertaken, educational facilities acquired, or working capital financed.

(j) Upon the terms and conditions the authority deems proper, lease a project being financed pursuant to this chapter to a participating district, and charge and collect rent therefor. The authority may terminate a lease pursuant to this subdivision upon the lessee's failure to comply with any of its obligations under the lease. The lease may include any of the following provisions:

(1) That the lessee shall have the option to renew the term of the lease for the period or periods, and at the rent, determined by the authority, or to purchase any or all of the project.

(2) That upon payment by the participating district of all of the indebtedness incurred by the authority for the financing of the project or for the refinancing of the district's outstanding indebtedness, the authority may convey any or all of the project to the lessee or lessees, with or without further consideration.

(k) Charge and equitably apportion among participating districts its administrative costs and expenses incurred pursuant to this chapter.

(1) (1) Obtain, or aid in obtaining, from any state or federal agency or any private company, any insurance, guarantee, letter, or line of credit regarding, or of, or for, the payment or repayment of all or part of the interest, principal, or both, on any loan, lease, or obligation, or any instrument evidencing or securing the same, made or entered into pursuant to this chapter, or on any bonds issued pursuant to this chapter.

(2) Notwithstanding any other provision of this chapter, enter into any agreement, contract, or any other instrument regarding any insurance, guarantee, letter, or line of credit specified in paragraph (1), and accept payment in the manner and form provided therein in the event of default by a participating district.

(3) Assign any insurance, guarantee, letter, or line of credit specified in paragraph (1) as security for bonds issued by the authority.

(m) Enter into any agreements or contracts, including, but not limited to, agreements for liquidity or credit enhancement, execute

any instruments, and any other act or thing necessary, convenient, or desirable for the purposes of the authority or to carry out any express power granted the authority pursuant to this chapter.

(n) At the discretion of the authority, invest any moneys held in reserve or in sinking funds, or any moneys not required for immediate use or disbursement, in obligations authorized by the resolution authorizing the bonds secured by the investment, or by law governing the investment of trust funds in the custody of the Treasurer.

17181. (a) The California School Finance Authority Fund is hereby created in the State Treasury, to be administered by the authority. Notwithstanding Section 13340 of the Government Code, all moneys in the fund shall be continuously appropriated without regard to fiscal year for the purposes of this chapter. The authority may pledge any or all of the moneys in the fund as security for payment of the principal of, and interest on, any particular issuance of bonds pursuant to this chapter. For that purpose, or as necessary or convenient to the accomplishment of any other purpose of this chapter, the authority may divide the fund into separate accounts. All moneys accruing to

the authority pursuant to this chapter from any source shall be deposited in the fund.

(b) Subject to any priorities created by the pledge of particular moneys in the fund to secure any issuance of bonds of the authority, and to reasonable administrative costs incurred by the authority in implementing this chapter, all moneys in the fund, regardless of the source, shall be held in trust for the security and payment of bonds of the authority, and shall not be used or pledged for any other purpose while any bonds are outstanding and unpaid. Nothing in this subdivision shall be construed to limit the power of the authority to make loans with bond proceeds in accordance with the terms of the resolution authorizing the issuance of those bonds.

(c) Pursuant to any agreements with the holders of particular bonds pledging any particular assets, revenues, or moneys, the authority may create separate accounts in the fund to manage the assets, revenues, or moneys in the manner prescribed by the agreements.

(d) From time to time, the authority may direct the Treasurer to do any of the following:

(1) Invest moneys in the fund which are not required for its current needs, including, but not limited to, proceeds from the sale of any bonds in eligible securities specified in Section 16430 of the Government Code and designated by the authority, or in any other securities or obligations designated by the authority, in the resolution authorizing the issuance of the bonds payable or secured by the moneys.

(2) Deposit moneys in the fund in interest bearing accounts in state or national banks or other financial institutions having principal offices in the state.

(3) Transfer moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 4 of Division 4 of Title 2 of the Government Code.

Notwithstanding Section 16305.7 of the Government Code, all interest or other earnings resulting from an investment or deposit pursuant to this subdivision shall be deposited in the fund.

(e) Except as otherwise provided in paragraph (3) of subdivision (d), no moneys in the fund shall be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code.

17182. (a) Except as otherwise provided in subdivision (b), all

expenses incurred by the authority in implementing this chapter shall be payable solely from funds appropriated for purposes of this chapter, and the authority shall not incur liabilities in excess of the amount of those funds.

(b) For purposes of meeting the necessary expenses of initial organization and operation of the authority until it derives money from funds provided to it pursuant to this chapter, the authority may borrow such moneys as it may require. Moneys borrowed pursuant to this subdivision shall subsequently be charged to, and apportioned among, participating school districts in an equitable manner, and repaid with appropriate interest over a reasonable period of time.

17183. (a) From time to time, the authority may, by resolution, issue its revenue bonds in order to provide funds for any of the purposes of this chapter. Bonds may be issued to finance any of the following:

(1) A single project or financing of working capital for a single participating district.

(2) A series of projects or financings of working capital for a single participating district.

(3) A single project or financing of working capital for several participating districts.

(4) Several projects or financing of working capital for several participating districts.

(b) Except as otherwise expressly provided by the authority, all revenue bonds shall be payable from any available revenues or moneys of the authority not otherwise pledged, subject only to any agreements with holders of particular bonds or notes pledging any particular revenue or moneys. Notwithstanding that revenue bonds issued pursuant to this section may be payable from a special fund, the revenue bonds shall be, and shall be deemed to be for all purposes, negotiable instruments, subject only to the provisions of the revenue bonds for registration.

(c) The revenue bonds of the authority may be issued as serial bonds, term bonds, or the authority, in its discretion, may issue bonds of both types. The issuance shall be in accordance with the indenture, trust agreement, or resolution relating to the revenue bonds, which shall provide all of the following:

(1) The date or dates of the bonds.

(2) The date or dates upon which the bonds will mature, not to exceed 40 years from their respective dates.

(3) The interest rate or rates, or methods of determining the interest rate or rates, of the bonds.

(4) When the bonds are payable.

(5) The denominations of the bonds.

(6) The form of the bonds, which shall be either bearer or registered.

(7) The registration privileges of the bonds.

(8) The manner in which the bonds are to be executed.

(9) The place or places at which the bonds shall be payable in lawful money of the United States of America.

(10) The terms of redemption of the bonds.

(d) After giving due consideration to the recommendations of the participating district or districts, the revenue bonds of the authority shall be sold by the Treasurer at either a public or private sale at a price or prices, and upon the terms and conditions prescribed by the authority. The revenue bonds of the authority may be sold at, above, or below the par value of the bonds.

(e) Pending the preparation of the definitive bonds, the authority may issue interim receipts or certificates or temporary bonds which shall be exchanged for the definitive bonds.

(f) Any resolution authorizing the issuance of any bonds of the authority, or any issue of revenue bonds of the authority, may include any of the following provisions:

(1) Provisions pledging all or any part of the proceeds of the bonds or revenue of a project or loan.

(2) Provisions concerning the replacement of mutilated, destroyed, stolen, or lost bonds.

(3) Provisions specifying insurance to be maintained on the project and the authorized uses of the proceeds of the insurance.

(4) Covenants against the mortgaging or otherwise encumbering, selling, leasing, pledging, placing a charge upon, or otherwise disposing of the project prior to the payment of the bonds issued to finance the project.

(5) Provisions specifying the events of default, terms upon which the bonds may be declared due before maturity, and the terms upon which the declaration and its consequences may be waived.

(6) The rights, liabilities, powers, and duties arising upon the breach of any covenants, conditions, or obligations.

(7) Vesting of the right to enforce covenants in a trustee.

(8) The terms upon which all or any percentage of the bondholders may enforce covenants or duties.

(9) Procedures for amending the terms of the resolution, with or without the consent of the holders of a specified number of bonds.

(10) Provision for any other acts or things deemed necessary, convenient, or desirable by the authority to secure the bonds or improve their marketability.

(g) The validity of the authorization and issuance of any bond issue shall not be affected by proceedings for the acquisition, construction, or improvement of any project, or by contracts relating to those proceedings. Any resolution authorizing the issuance of any bonds of the authority may provide authorization for the bonds to bear a statement certifying that they are issued pursuant to this chapter. Bonds bearing such a statement shall be conclusively deemed valid and issued in conformity with this chapter. Reference on the face of the bonds to the resolution by its date of adoption shall incorporate the provisions of the resolution and of this chapter into the terms of the bonds.

(h) Members of the authority, or any person executing the revenue bonds of the authority, shall not incur personal liability on the bonds, nor shall these persons incur personal liability or accountability by reason of the issuance of the revenue bonds of the authority.

(i) The authority is authorized, out of any funds available for that purpose, to purchase revenue bonds of the authority. The authority may hold, pledge, cancel, or resell any bonds purchased under the authority of this subdivision, subject to, and in accordance with, agreements with bondholders.

(j) The financing or refinancing of projects or working capital may be provided pursuant to this chapter by means other than revenue bonds, at the discretion of the authority, including financing or refinancing through certificates of participation, or other interests, in bonds, loans, leases, installment sales, or other agreements of the participating district or districts. In this connection, the authority may do all things and execute and deliver all documents and instruments as may be necessary or desirable with regard to issuance of the certificates of participation or other means of financing or refinancing.

17183.5. In enacting this chapter, it is the intent of the Legislature to provide financing only for projects demonstrated by the participating district to be financially feasible. In

demonstrating financial feasibility, the participating district may take into account all district funds, and may base future projections upon historical experience or reasonable expectations, or a combination thereof. Nothing in this section shall be construed to imply that any project is required to produce revenue in order to be financed under this chapter.

17184. (a) In the discretion of the authority, any revenue bonds of the authority issued under this chapter may be secured by a trust agreement, or by indenture by and between the authority and a corporate trustee or trustees, including the Treasurer or any trust company or bank having the powers of a trust company within or outside the state.

(b) Any trust agreement, indenture, or any resolution providing for the issuance of bonds of the authority, may pledge or assign the proceeds of the bonds, and the revenues to be received by, a participating district or districts.

(c) Any trust agreement, indenture, or resolution providing for the issuance of revenue bonds of the authority may include any provisions for the protection of, and the enforcement of the rights and remedies of, bondholders as may be reasonable and proper and not in violation of any law, including provisions included in any resolution or resolutions of the authority provided under subdivision (a) or (b).

(d) Any trust agreement or indenture may prescribe the rights and remedies of the bondholders, and of the trustee or trustees, and may restrict the individual right of action of the bondholders.

(e) Any trust agreement, indenture, or resolution may include any other provisions deemed by the authority to be reasonable and proper for the security of the bondholders.

(f) Notwithstanding any other provision of law, the Treasurer shall not be deemed to have a conflict of interest by reason of his or her capacity as trustee pursuant to this chapter.

17185. (a) Revenue bonds issued under this chapter are not and shall not be deemed to constitute a debt or liability of the state, or any political subdivision thereof, and are not and shall not be deemed to be a pledge of the faith and credit of the state, or any political subdivision thereof, other than the authority. Revenue bonds of the authority shall be payable solely from funds provided under this chapter.

(b) Each revenue bond of the authority shall include a statement on the face of the bond that neither the State of California nor the authority is obligated to pay the principal or interest thereon, except from revenues of the authority, and shall also include a statement that neither the faith or credit, nor the taxing power of the State of California, or any political subdivision, is pledged to the payment of the principal or interest of the bonds.

(c) The issuance of revenue bonds under this chapter shall not directly, indirectly, or contingently obligate the state, or any political subdivision thereof, to levy or pledge any form of taxation, or make any appropriation for their payment.

17186. (a) Any holder of revenue bonds issued under this chapter, or any coupons appertaining thereto, or the trustee or trustees under any trust agreement, indenture, or resolution, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any rights conferred under state law, by this chapter, or under the terms of any trust agreement, indenture, or resolution, except to the extent that these rights may be otherwise restricted by any resolution authorizing the issuance of these bonds, or by any trust agreement or indenture securing these bonds.

(b) Any holder of revenue bonds issued under this chapter, or any

coupons appertaining thereto, or the trustee or trustees under any trust agreement, indenture, or resolution, may enforce and compel the performance of all duties required under this chapter, or by any trust agreement, indenture, or resolution, to be performed by the authority, or by any officer, employee, or agent of the authority.

17187. All moneys received under this chapter, whether received as proceeds from the sale of revenue bonds or as revenues, are trust funds to be held and applied solely as provided in this chapter. Any officer, bank, or trust company with whom those moneys have been deposited, shall act as trustee of those moneys and shall hold and apply them for those purposes, subject to the requirements of this chapter and the resolution authorizing the bonds of any issue, or the trust agreement or indenture securing those bonds, may provide.

17188. (a) The authority may provide for the issuance of the revenue bonds of the authority for the purpose of refunding any bonds, or any series or issue of the revenue bonds of the authority then outstanding, and may include the payment of any redemption premium for those bonds and any interest accrued or to accrue to the date of redemption and purchase or maturity of those bonds.

(b) The proceeds of any bonds issued for the purpose of refunding of outstanding bonds may, in the discretion of the authority, be applied to the purchase or redemption prior to maturity or retirement at maturity of the outstanding bonds on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof, or paid to a third person to assume the authority's obligation to make those payments, and may, pending that application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on any date or dates as may be determined by the authority.

(c) Any escrowed proceeds, pending such use may be invested and reinvested in obligations or securities authorized by resolution of the authority, maturing at any time or times as shall be appropriate to assure the prompt payment, as to principal, interest, and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income and profits, if any, earned or realized on any investment may also be applied to the payment of the outstanding bonds to be so refunded or of interest in the refunding bonds. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest, income profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner.

(d) All refunding bonds are subject to the provisions of this chapter, in the same manner and to the same extent, as other bonds issued pursuant to this chapter.

17189. (a) Revenue bonds issued by the authority under this chapter shall be designated as securities in which all banks, bankers, savings banks, trust companies, and other persons engaged in a banking business; all insurance companies, insurance associations, and other persons carrying on an insurance business; any administrators, executors, guardians, trustees, and other fiduciaries; and any other persons who are now or who may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest any funds, including capital belonging to them or within their control.

(b) Revenue bonds issued by the authority under this chapter, other notes or securities, or obligations are hereby made securities which may properly and legally be deposited with, and received by, any state or municipal officer, or agency of the state for any purpose for which the deposit of bonds or other obligations of the state are, or may hereafter be, authorized by law.

17190. (a) Any bonds issued under this chapter, their transfer, and income therefrom shall at all times be free from taxation of every kind by the state and by all political subdivisions of the state.

(b) The authority is not required to pay any taxes or assessments upon, or with respect to, any project or property acquired by or for the authority under this chapter, or upon any income therefrom, or on or from any other assets or operations of the authority.

17191. (a) The State of California pledges and agrees with the holders of the bonds issued pursuant to this chapter, and with those parties who may enter into contracts with the authority pursuant to the provisions of this chapter, that the state will not limit, alter, or restrict the rights hereby vested in the authority to finance educational facilities. The State of California pledges and agrees to fulfill the terms of any agreements made with the holders of bonds authorized by this chapter, and with the parties who may enter into contracts with the authority pursuant to this chapter, and pledges and agrees not to impair the rights or remedies of the holders of any revenue bonds or any parties until the bonds, together with interest, are fully paid and discharged and any contracts are fully performed on the part of the authority.

(b) The authority shall have the right to include the pledges made pursuant to this section in its revenue bonds and contracts.

17192. (a) Pledges by or to the authority of revenues, moneys, accounts, accounts receivable, contract rights, or other rights to payment of any other kind made by or to the authority pursuant to this chapter shall be valid and binding from the time the pledge is made for the benefit of the pledges, and the successors thereto.

(b) The revenues, moneys, accounts, accounts receivable, and other rights to payment of any other kind pledged by or to the authority or its assignees, shall immediately be subject to the lien of the pledge without physical delivery, or any further act. The lien of any pledge shall be valid and binding against all parties, irrespective of whether the parties have notice of the claim. The trust agreement, indenture, resolution, or other instrument by which any pledge is created need not be recorded.

17193. (a) The authority shall fix, revise, charge, and collect rents for the use of each project owned by the authority, and may contract with any person, partnership, association, corporation, or other body, whether public or private, for that purpose. Any lease entered into by the authority with a participating district, and each agreement, note, or other instrument evidencing the obligations of a participating district to the authority, shall provide that the rents or principal, interest, and other charges payable by the participating district shall be sufficient to provide for all of the following:

(1) To pay the principal, sinking fund payments, if any, premiums, if any, and the interest on outstanding bonds of the authority issued in respect of the project when due and payable.

(2) To create and maintain reserves which may, but need not necessarily be required or provided for, in the resolution relating to the revenue bonds of the authority.

(3) To pay its share of the administrative costs and expenses of the authority.

(b) The authority shall pledge the revenues derived and to be derived from a project or from a participating district for the purposes specified in paragraphs (1), (2), and (3) of subdivision (a). The authority may issue additional revenue bonds which may be ranked on a parity with other bonds relating to the project to the extent, and under the terms and conditions provided, in the bond

resolution.

(c) The authority and a participating district may include in any lease or agreement between them or with a credit provider any terms and conditions relating to insurance, liquidity, or credit enhancement of the bonds, or any other lawful terms and conditions the authority deems necessary or desirable to facilitate the purposes of this chapter.

17194. The authority may authorize any participating district to act as its agent in the performance of acts specifically approved by the authority, and all acts required under Article 3 (commencing with Section 17280) of Chapter 3 of Part 10.5. The authorizations may include, but are not necessarily limited to, all of the following:

(a) The selection of school or college sites.

(b) The securing of appraisals.

(c) Contracts for architectural services.

(d) The advertisement for construction bids and the entry into contracts for construction.

(e) The purchase of furniture and equipment.

17195. Whenever the principal and interest on bonds issued by the authority to finance the cost of a project, or to refinance the outstanding indebtedness of one or more participating districts, including any refunding bonds issued to refund and refinance those bonds, have been fully paid or retired, or whenever adequate provision has been made to fully pay and retire the bonds, and all other conditions of the resolution, lease, trust indenture and any security interest, or any other instrument or instruments authorizing and securing the bonds have been satisfied and the lien of security interest has been released in accordance with those provisions, the authority shall promptly provide for and execute any releases, release deeds, reassignments, deeds, and conveyances as are necessary and required to convey or release its rights, title, and interest in the project financed, to the participating districts.

17196. (a) This chapter shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized in this chapter, and shall be deemed as being supplemental and additional to the powers conferred by other applicable laws, except that the issuance of revenue bonds and refunding bonds and the undertaking or projects or financings under this chapter need not comply with the requirements of any other laws applicable to the issuance of bonds, including, without limitation, Division 13 (commencing with Section 21000) of the Public Resources Code.

(b) Except as provided in subdivision (a), the financing of a project under this chapter shall not exempt a project from any of the requirements of law which are otherwise applicable to the project.

17197. To the extent that the provisions of this chapter are inconsistent with any other provisions of any general statute, or a special act or parts thereof, the provisions of this chapter shall be deemed controlling.

17198. Any net earnings of the authority beyond that necessary for the retirement of any obligations issued by the authority, or to implement the purposes of this chapter, may inure only to the benefit of the State of California or the authority.

17199. Upon the dissolution of the authority, title to all property owned by the authority shall vest in the successor authority created by the Legislature, if any, if the successor authority meets the requirements of Section 103 of the federal Internal Revenue Code of 1954, as amended, and its implementing regulations, as an authority entitled to issue obligations on behalf of the State of California, the interest from which is exempted from federal income taxation.

In the event that a successor authority is not created, title to all property owned by the authority shall vest in the State of California.

17199.1. (a) Any participating district, exclusively for the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, may issue bonds to the authority or borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other payment, security, default, remedy, and other terms or provisions as may be specified in the bonds of the participating district or a loan, loan purchase, installment sale, lease, or other agreement between the authority and the participating district, subject to the following conditions:

(1) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district funds which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the district.

(2) In computing the maximum amount which may be borrowed in any fiscal year pursuant to paragraph (1), the district may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(3) A participating district that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan within 15 months of the loan date.

(4) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash-flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating school district must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the

participating district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Any participating district may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable. Any participating district or districts may also do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, installment sale, lease, or other agreement of the district.

(c) A school district may by resolution authorize any county or city board of education or superintendent of schools, and a community college district may by resolution authorize the Board of Governors of the California Community Colleges or the Chancellor of the California Community Colleges, to act as its agent in the performance

of any of the matters permitted by this section or any other provision of this chapter. Notwithstanding any other provision of law, the agent shall have the powers granted by the resolution for purposes of this chapter. The resolution shall be deemed to bind the school district or community college district, as the case may be, to any contract, agreement, instrument, or other document executed by the agent on behalf of the school district or community college district, and all duties, obligations, or responsibilities contained therein on the part of the school district or community college district, to the same extent as if duly authorized, executed, and delivered by the school district or community college district.

(d) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the issuance of bonds to, borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the issuance of bonds, the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the requirements of any other law applicable to issuance of bonds, borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a school district or community college district, or by a county or city board of education or superintendent of schools or the Board of Governors of the California Community Colleges or Chancellor of the California Community Colleges.

17199.2. An action may be commenced under Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any issuance or proposed issuance of revenue bonds, the loan of the proceeds thereof, the sale, purchase, or lease of facilities under this chapter, or the legality and validity of any proceedings previously taken or proposed in a resolution of the authority to be taken for the authorization, issuance, sale, and delivery of the bonds, for the use of the proceeds thereof, or for the payment of the principal and interest thereon.

17199.3. (a) The total amount of revenue bonds which may be issued and outstanding at any time under this chapter shall not exceed four hundred million dollars (\$400,000,000).

(b) For purposes of subdivision (a), bonds which meet any of the following conditions shall not be deemed to be outstanding:

(1) Bonds which have been refunded pursuant to Section 17188.

(2) Bonds for which money or securities in amounts necessary to pay or redeem the principal, interest, or any redemption premium on the bonds have been deposited in trust.

(3) Bonds which have been issued to provide working capital.

SEC. 3. Part 10.5 (commencing with Section 17211) is added to the Education Code, to read:

PART 10.5. SCHOOL FACILITIES
CHAPTER 1. SCHOOLSITES
Article 1. General Provisions

17211. Prior to commencing the acquisition of real property for a new schoolsite or an addition to an existing schoolsite, the governing board of a school district shall evaluate the property at a public hearing using the site selection standards established by the State Department of Education pursuant to subdivision (b) of Section 17251. The governing board may direct the district's advisory committee established pursuant to Section 17388 to evaluate the

SEC. 15. To the extent that the provisions of this act are substantially the same as existing statutory provisions relating to the same subject matter, the provisions shall be construed as restatements and continuations of existing statutory provisions and not as a new enactment.

SEC. 16. The Legislature finds and declares that the enactment of this act, in view of the nonsubstantive statutory changes made, will not result in new or additional costs to local agencies charged with any duties or responsibilities in connection therewith.

SEC. 17. Any section of any act enacted by the Legislature during the 1996 calendar year prior to the enactment of this act, that amends, amends and renumbers, adds, repeals and adds, or repeals a section, article, chapter, or part, that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act until January 1, 1998, at which time Sections 1 to 16 of this act shall become operative.

SEC. 18. The provisions of this act are severable. If any provisions of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

AMENDED IN ASSEMBLY APRIL 16, 1997

INTRODUCED BY Assembly Member Leach
(Coauthors: Assembly Members House, Margett, Richter, and Thomson)

FEBRUARY 25, 1997

An act to amend Section 17014 of the Education Code, relating to school facilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 553, Leach. School facilities.

Existing law, the Leroy F. Greene State School Building Lease-Purchase Law of 1976, provides for state funding to reconstruct, remodel, or replace existing school buildings that are educationally inadequate or that do not meet present-day structural safety requirements. Existing law requires the State Allocation Board to require school districts as a condition of obtaining state funding for a project to make, at the school district's expense, all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. Existing law also requires, as specified, prior to the State Allocation Board approving a project, that an applicant school district establish a restricted account within the district's general fund for the purpose of providing moneys for regular maintenance and routine repair of school buildings, as specified.

This bill would require the State Allocation Board to require school districts whose projects are funded on or after July 1, 1998, to annually certify that the school plan has been prepared and implemented, as specified, a plan for major maintenance, repair, and replacement needs for the project. The bill would require that the plan include specified provisions, be available for public inspection, and be updated each fiscal year as part of the school district's annual budget process. The bill would also require the school district's annual budget to specify the total funding available in reserve for the major maintenance, repair, and replacement needs specified in the plan, and that the budget include an explanation if the amount of the reserves is less than that specified in the plan, as updated.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 17014 of the Education Code, as added by Chapter 277 of the Statutes of 1996, is amended to read:

17014. (a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a

project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and encourage applicants to maintain all buildings under their control, the board shall require the applicant to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the district's general fund for the exclusive purpose of providing moneys for regular maintenance and routine repair of school buildings, according the highest priority to funding for the purpose set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for the term of the lease agreements of all projects constructed under this chapter, a minimum amount equal to or greater than 2 percent of the applicant's General Fund budget for that fiscal year. This paragraph is applicable only to the following districts:

(A) High school districts with average daily attendance greater than 300.

(B) Elementary school districts with average daily attendance greater than 900.

(C) Unified school districts with average daily attendance greater than 1,200.

(c) For each project funded after July 1, 1998, the board shall require the applicant school district governing board to certify, as part of the school district's annual budget process and beginning in the fiscal year in which the project is funded by the state, that a plan has been prepared for completing major maintenance, repair, and replacement requirements for the project. For purposes of this subdivision, the term "major maintenance, repair, and replacement" means roofing, siding, painting, floor and window coverings, fixtures, cabinets, heating and cooling systems, landscaping, fences, and other items designated by the governing board of the school district. The board shall require the school district's governing board to certify that the plan includes and is being implemented as follows:

(1) Identification of the major maintenance, repair, and replacement needs for the project.

(2) Specification of a schedule for completing the major maintenance, repair, and replacement needs.

(3) Specification of a current cost estimate for the scheduled major maintenance, repair, and replacement needs.

(4) Specification of the school district's schedule for funding a reserve to pay for the scheduled major maintenance, repair, and replacement needs.

(5) Review of the plan annually, as a part of the school district's annual budget process, and update, as needed, the major maintenance, repair, and replacement needs, the estimates of expected costs, and any adjustments in funding the reserve.

(6) Availability for public inspection of the original plan, and all updated versions of the plan, at the office of the superintendent of the school district during the working hours of the school district.

(7) Provision in the school district's annual budget of a provision that states the total funding available in reserve for scheduled major maintenance, repair and replacement needs as specified in the updated plan, and an explanation if this amount is less than that specified in the updated plan. The reserve shall be maintained in the restricted account established pursuant to

subdivision (b).

BILL NUMBER: SB 161 CHAPTERED 10/12/97

CHAPTER 893
 FILED WITH SECRETARY OF STATE OCTOBER 12, 1997
 APPROVED BY GOVERNOR OCTOBER 11, 1997
 PASSED THE SENATE SEPTEMBER 11, 1997
 PASSED THE ASSEMBLY SEPTEMBER 9, 1997
 AMENDED IN ASSEMBLY SEPTEMBER 5, 1997

INTRODUCED BY Senator Greene

JANUARY 15, 1997

An act to add Sections 17016, 17017.2, 17032.5, 17042, 17042.9, 17047.6, 17150, 17182, 17183, 17199.3, 17215, and 38060 to, to add and repeal Section 17199.4 of, to repeal Sections 17716, 17717.2, 17732.5, 17742, 17742.9, 17747.6, 17850, 17882, 17883, 17899.3, and 17899.4 of, and to add and repeal Sections 15100.5, 15122.5, 15300, 15301, 15303, 15320, 15322, 15323, 15324, 15326, 15327, 15334.5, 15336, 15342, 15349, 15350, 15351, 15352, 15353, 15356, 15357, 15358, 15359, 15359.1, 15359.2, 15380, 15381, 15384, 15390, 15391, 15400, 15401, 15403, 15404, 15405, 15410, 15411, 15412, 15421, 15425, 17001.5, 17042.7, 17224, and 39005 of, the Education Code, relating to schools.

LEGISLATIVE COUNSEL'S DIGEST

SB 161, Greene. Schools.

(1) Existing law makes it a crime to enter a schoolbus or school pupil activity bus without prior authorization of the driver or other school official with intent to commit any crime and then refusing to disembark after being ordered to do so by the driver or other school official. Existing law will be repealed on January 1, 1998, as part of a technical Education Code reorganization statute.

Existing law operative January 1, 1998, reorganizes portions of the Education Code by repealing various parts of the Education Code and reenacting them in new parts, chapters, and articles.

This bill would reenact the existing law with no changes and renumber it consistent with the technical Education Code reorganization statute. This bill would also repeal and add various sections of the Education Code with no substantive changes to complete the reorganization of the Education Code that is operative on January 1, 1998.

(2) This bill would provide that it is to be construed as a restatement and not as a new enactment.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 15100.5 of the Education Code, as added by Chapter 729 of the Statutes of 1996, is repealed.

SEC. 2. Section 15100.5 is added to Article 1 (commencing with Section 15100) of Chapter 1 of Part 10 of the Education Code, to read:

15100.5. Except as otherwise provided by law, the governing board of the Peralta Community College District may, when in its judgment

it is advisable, order the county superintendent of schools to call an election to be conducted pursuant to this chapter and submit to the electors of the district the question of whether the proceeds of previously authorized but unissued bonds of the district may be used for a purpose or purposes in addition to the purposes for which the previously approved bonds were authorized by the electors.

The governing board may, by order entered into its minutes, call for an election to expand the purposes of prior authorized but unissued bonds either as a single proposition on the ballot or combined with the question of issuing new bonds of the district for any purpose or purposes permitted by law.

If two-thirds of the votes cast on the question of expanding the purposes for which the proceeds of previously authorized but unissued bonds of the district may be used, or the combined question of expanding the purposes for which the proceeds of previously authorized but unissued bonds of the district and issuing newly authorized bonds of the district, are in favor of the proposition, the district may use the proceeds of the previously authorized but unissued bonds for the expanded purposes and may issue newly authorized bonds, as the case may be.

SEC. 3. Section 15122.5 of the Education Code, as added by Chapter 548 of the Statutes of 1996, is repealed.

SEC. 4. Section 15122.5 is added to Article 2 (commencing with Section 15120) of Chapter 2 of Part 10 of the Education Code, to read:

15122.5. (a) Whenever an election is called on the question of whether bonds of a school district shall be issued and sold for the purposes specified in Section 15100 and the project to be funded by the bonds will require state matching funds for any phase of the project, the sample ballot shall contain a statement, as provided in subdivision (b), advising the voters that the project is subject to the approval of state matching funds and, therefore, passage of the bond measure is not a guarantee that the project will be completed.

(b) The words to appear in the sample ballot in satisfaction of the requirements of subdivision (a) are as follows:
"Approval of Measure ____ does not guarantee that the proposed project or projects in the ____ School District that are the subject of bonds under Measure ____ will be funded beyond the local revenues generated by Measure ____ . The school district's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure."

(c) This section does not apply to any election to incur bonded indebtedness pursuant to the Mello-Roos Community Facilities Act of 1982 contained in Chapter 2.5 (commencing with Section 53311) of Division 2 of Title 5 of the Government Code.

SEC. 5. Section 15300 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 6. Section 15300 is added to Article 1 (commencing with Section 15300) of Chapter 2 of Part 10 of the Education Code, to read:

15300. This chapter provides a method for the formation of school facilities improvement districts consisting of a portion of the territory within a school district or community college district and for the issuance of general obligation bonds by a school facilities improvement district.

SEC. 7. Section 15301 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 8. Section 15301 is added to Article 1 (commencing with

Section 15300) of Chapter 2 of Part 10 of the Education Code, to read:

15301. (a) Any school district or community college district that has a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, that has as one of its purposes the construction of school facilities within a portion of the territory of the school district or community college district, may proceed under this chapter.

(b) The boundaries of any school facilities improvement district formed pursuant to this chapter shall include all of the portion of the territory within the boundaries of the school district or community college district that is not located within the boundaries of the community facilities district as described in subdivision (a).

(c) A school district or community college district may proceed under this chapter without meeting the requirements of subdivisions (a) and (b) if the governing board of the school district or community college district determines that it is necessary and in the best interest of the school district or community college district, respectively, to form a school facilities improvement district pursuant to this chapter to finance any or all of the improvements set forth in Section 15302. As a part of that determination, the governing board of the school district or community college district shall make a finding that the overall cost of financing the bonds issued pursuant to this chapter would be less than the overall cost of other school facilities financing options available to the school district or community college district, including, but not limited to, issuing bonds pursuant to the Mello-Roos Communities Facilities Act of 1982 (Ch. 2.5 (commencing with Sec. 53311), Pt. 1, Div. 2, Title 5, Gov. C.). The governing board of the school district or community college district proceeding under this subdivision shall define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the school district or community college district, except that the boundaries may not include all or a portion of the territory of the community facilities district described in subdivision (a).

SEC. 8.5. Section 15301 is added to Article 1 (commencing with Section 15300) of Chapter 2 of Part 10 of the Education Code, to read:

15301. (a) Any school district or community college district that has a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, that has as one of its purposes the construction of school facilities within a portion of the territory of the school district or community college district, may proceed under this chapter.

(b) The boundaries of any school facilities improvement district formed pursuant to this chapter shall include all of the portion of the territory within the boundaries of the school district or community college district that is not located within the boundaries of the community facilities district as described in subdivision (a).

(c) A school district or community college district may proceed under this chapter without meeting the requirements of subdivisions (a) and (b) if the governing board of the school district or community college district determines that it is necessary and in the best interest of the school district or community college district,

respectively, to form a school facilities improvement district pursuant to this chapter to finance any or all of the improvements set forth in Section 15302. As a part of that determination, the governing board of the school district or community college district shall make a finding that the overall cost of financing the bonds issued pursuant to this chapter would be less than the overall cost of other school facilities financing options available to the school district or community college district, including, but not limited to, issuing bonds pursuant to the Mello-Roos Communities Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code). The governing board of the school district or community college district proceeding under this subdivision shall define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the school district or community college district, except that the boundaries may not include all or a portion of the territory of the community facilities district described in subdivision (a).

(d) The governing body of a school district or community college district that proceeds under this chapter shall comply with the filing requirements established by Section 54902 of the Government Code. Any plat or map that is filed pursuant to this subdivision shall specifically identify any property located within the school district or community college district that is not located within the improvement district established by the school district or community college district pursuant to this chapter.

SEC. 9. Section 15303 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 10. Section 15303 is added to Article 1 (commencing with Section 15300) of Chapter 2 of Part 10 of the Education Code, to read:

15303. This chapter shall not be operative in any county or counties until the board of supervisors of either the county in which the county superintendent of schools having jurisdiction over the school district or community college district in which the school facilities improvement district is located or, if a school facilities improvement district lies in two or more counties, the board of supervisors for those counties, by resolution adopted by a majority vote of the board of supervisors, makes this chapter applicable in the county or counties.

SEC. 11. Section 15320 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 12. Section 15320 is added to Article 2 (commencing with Section 15320) of Chapter 2 of Part 10 of the Education Code, to read:

15320. Whenever the governing board of a school district or community college district meeting the requirements set forth in Section 15301 determines that a school facilities improvement district is necessary, the governing board shall adopt a resolution of intention that states all of the following:

(a) The intention of the governing board to form the proposed school facilities improvement district.

(b) The purpose for which the proposed school facilities improvement district is to be formed, consistent with the requirements set forth in Section 15302.

(c) The estimated cost of the school facilities improvement project.

(d) That any taxes levied for the purpose of financing the general obligation bonds issued to finance the project shall be levied exclusively upon the lands in the proposed school facilities

improvement district.

(e) That a map showing the exterior boundaries of the proposed school facilities improvement district is on file with the governing board of the school district or community college district and is available for inspection by the public. The boundaries of the school facilities improvement district shall meet the requirements set forth in subdivision (b) of Section 15301.

(f) The time and place for a hearing by the governing board on the formation of the proposed school facilities improvement district.

(h) That any interested persons, including all persons owning lands in the school district or community college district, or in the proposed school facilities improvement district, may appear and be heard.

SEC. 13. Section 15322 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 14. Section 15322 is added to Article 2 (commencing with Section 15320) of Chapter 2 of Part 10 of the Education Code, to read:

15322. The governing board of the school district or community college district shall hold the hearing provided for by resolution of intention at the time and place fixed by that resolution. Any interested person, including, but not limited to, all persons owning land in the school district, or in the proposed school facilities improvement district or community college district, may appear and be heard concerning any matters set forth in the resolution of intention.

SEC. 15. Section 15323 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 16. Section 15323 is added to Article 2 (commencing with Section 15320) of Chapter 2 of Part 10 of the Education Code, to read:

15323. At the hearing, the governing board of the school district or community college district may adopt a resolution proposing modifications, consistent with Section 15302, of the purpose stated in the resolution of intention. A resolution proposing modification shall describe the proposed modifications, state the change, if any, in the estimated cost of carrying out the purpose, and shall fix a time and place for hearing by the governing board.

SEC. 17. Section 15324 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 18. Section 15324 is added to Article 2 (commencing with Section 15320) of Chapter 2 of Part 10 of the Education Code, to read:

15324. The governing board of the school district or community college district shall publish the resolution proposing the modifications to the resolution of intention once in the same newspaper in which the resolution of intention was published at least 14 days prior to the date of hearing on the proposed modifications.

SEC. 19. Section 15326 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 20. Section 15326 is added to Article 2 (commencing with Section 15320) of Chapter 2 of Part 10 of the Education Code, to read:

15326. At the conclusion of the hearing on the resolution of intention and of the hearing, if any, upon proposed modifications, the governing board may by resolution order the school facilities improvement district formed for the purpose and with the boundaries described in the resolution of intention, and, if relevant, the resolution proposing modifications. The resolution ordering the

school facilities improvement district formed shall state the estimated cost of carrying out the purpose described in the resolution. The resolution shall also number and designate the school facilities improvement district substantially as "School Facilities Improvement District of the _____ School District" or "School Facilities Improvement District of the _____ Community College District."

SEC. 21. Section 15327 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 22. Section 15327 is added to Article 2 (commencing with Section 15320) of Chapter 2 of Part 10 of the Education Code, to read:

15327. The governing board of the school district or community college district in which a school facilities improvement district has been formed shall have the same rights, powers, duties and responsibilities with respect to the formation and government of school facilities improvement district as the governing board has with respect to the school district or community college district.

SEC. 23. Section 15334.5 of the Education Code, as added by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 24. Section 15334.5 is added to Article 3 (commencing with Section 15330) of Chapter 2 of Part 10 of the Education Code, to read:

15334.5. Notwithstanding any other provision of law, no bonded indebtedness may be incurred pursuant to this chapter in an amount that would cause the bonded indebtedness of the territory of the school district or community college district of which the school facilities improvement district is a part, to exceed the limitation of indebtedness specified in Sections 15102 and 15106. No bonded indebtedness may be incurred pursuant to this chapter in an amount that would cause the bonded indebtedness of the territory of the school facilities improvement district to exceed the limitation of indebtedness specified in Sections 15330 and 15332.

SEC. 25. Section 15336 of the Education Code, as added by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 26. Section 15336 is added to Article 3 (commencing with Section 15330) of Chapter 2 of Part 10 of the Education Code, to read:

15336. Within 30 days after the end of each fiscal year, the governing board of the school district or community college district in which the school facilities improvement district is located shall submit a report containing the information to an election held pursuant to Article 4 (commencing with Section 15340), to the county superintendent of schools who has jurisdiction over the school district or community college district:

(a) The total amount of the bond issue, bonded indebtedness, or other indebtedness involved.

(b) The percentage of qualified electors who are residents of the school facilities improvement district who voted at the election.

(c) The results of the election, with the percentage of votes cast for and against the proposition involved.

SEC. 27. Section 15342 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 28. Section 15342 is added to Article 4 (commencing with Section 15340) of Chapter 2 of Part 10 of the Education Code, to read:

15342. Any one or more of the purposes enumerated in Section 15302, except that of refunding any outstanding valid indebtedness of the school facilities improvement district evidenced by bonds, may, by order of the governing board of the school district or community

college district in which the school facilities improvement district is located, be united and voted upon in a single proposition.

SEC. 29. Section 15349 of the Education Code, as amended by Chapter 1072 of the Statutes of 1996, is repealed.

SEC. 30. Section 15349 is added to Article 4 (commencing with Section 15340) of Chapter 2 of Part 10 of the Education Code, to read:

15349. If it appears from the certificate of election results that two-thirds of the votes cast by the voters voting on the proposition of issuing bonds of the school facilities improvement district are in favor of issuing the bonds, the governing board of the school district or community college district in which the school facilities improvement district is located shall cause an entry of that fact to be made upon its minutes. The governing board of the school district or community college district shall then certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the school district or community college district, all proceedings had in the premises. The county superintendent of schools shall send a copy of the certificate of election results to the board of supervisors of the county.

SEC. 31. Section 15350 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 32. Section 15350 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15350. Bonds of a school facilities improvement district shall be offered for sale by the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located as soon as possible, when appropriate, following receipt of a resolution duly adopted by the governing board of that school district or community college district. The resolution shall prescribe the total amount of bonds to be sold. The resolution may also prescribe the maximum acceptable interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds.

SEC. 33. Section 15351 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 34. Section 15351 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15351. When authorized by the governing board of the school district or community college district in which the school facilities improvement district is located, bonds of the school facilities improvement district may be offered for sale as a group by the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located, at a time determined by the board of supervisors following receipt of a resolution duly adopted by the governing board of that school district or community college district. The resolution shall prescribe the total amount of bonds to be sold. The resolution may also prescribe the maximum acceptable interest rate, not to exceed 8 percent, and the time or times when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds. Bidders shall be required to bid a lump-sum bid on all bonds as a group. If bids satisfactory to the governing board of each school district or community college district in which a school facilities improvement

district is located are received, the bonds offered for sale shall be awarded to the bidder whose bid will result in the lowest net interest cost for the group or for the bonds of any district included within the group. Bonds shall be issued and sold in the name of each school facilities improvement district in the same manner as provided in this chapter.

SEC. 35. Section 15352 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 36. Section 15352 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15352. The bonds shall be issued in the name of the school facilities improvement district and shall be designated "Bonds of the School Facilities Improvement District of the _____ School District" or "Bonds of the School Facilities Improvement District of the _____ Community College District" and each bond and all interest coupons shall state that the tax for the payment thereof shall be limited to annual taxes to be levied upon and collected from the lands within the school facilities improvement district.

SEC. 37. Section 15353 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 38. Section 15353 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15353. The bonds shall be issued in the denomination or denominations as the board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located may prescribe.

SEC. 39. Section 15356 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 40. Section 15356 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15356. (a) (1) The board of supervisors of the county in which the county superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located shall prescribe the form of the bonds by an order entered upon its minutes.

(2) The bonds shall be signed by the chairperson of the board of supervisors, or by any other member thereof as the board of supervisors shall, by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose, and also signed by the treasurer of the county, and shall be countersigned by the clerk of the board of supervisors or by a deputy of either of the officers. Unless the board of supervisors otherwise provides, all the signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced except that one of the signatures or countersignatures to the bonds shall be manually affixed. Any signature may be affixed in accordance with the provisions of the Uniform Facsimile Signatures of Public Officials Act, Chapter 6 (commencing with Section 5500) of Title 1 of the Government Code.

(3) All expenses incurred for the preparation, sale, and delivery of the school facilities improvement bonds, including but not limited to, fees of an independent financial consultant, the publication of the official notice of sale of the bonds, the preparation, printing, and distribution of the official statement, the obtaining of a rating, the purchase of insurance insuring the prompt payment of interest and principal, the preparation of the certified copy of the

transcript for the successful bidder, the printing of the bonds, and legal fees of independent bond counsel retained by the school facilities improvement district issuing the bonds are legal charges against the funds of the school facilities improvement district issuing the bonds and may be paid from the proceeds of sale of the bonds.

(b) Notwithstanding subdivision (a), the board of supervisors may, in its discretion, determine that all of the required signatures and countersignatures shall be by facsimiles, provided, however, that the bonds shall not be valid or become obligatory for any purpose until manually signed by an authenticating agent duly appointed by the board or its authorized designee.

SEC. 41. Section 15357 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 42. Section 15357 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15357. The board of supervisors shall establish within the county treasury a school facilities improvement fund for each school facilities improvement district the purpose of depositing the proceeds of the bonds issued pursuant to this chapter. The board of supervisors shall also establish within the county treasury a school facilities improvement bond interest

and sinking fund for each school facilities improvement district.

SEC. 43. Section 15358 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 44. Section 15358 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15358. (a) The bonds shall be issued by the board of supervisors, payable out of the interest and sinking fund of the school facilities improvement district. The board of supervisors, in its discretion, and without further authorization from the governing board of the school district or community college district in which the school facilities improvement district is located, may sell the bonds at a negotiated sale or by competitive bidding. The bonds may be sold at a discount not to exceed 5 percent and at an interest rate not exceeding the maximum permitted by Section 15354. If the sale is by competitive bid, the board of supervisors shall comply with the provisions of Sections 15359 and 15359.1. The bonds shall be sold by the board of supervisors no later than the date designated by the governing board of the school district or community college district in which the school facilities improvement district is located as the final date for the sale of the bonds.

(b) The proceeds of the sale of the bonds, exclusive of any premium received, shall be deposited in the county treasury to the credit of the school facilities improvement fund of the school facilities improvement district. The proceeds deposited shall be drawn out as necessary to finance the purposes approved by the voters pursuant to this chapter. The bond proceeds withdrawn shall not be applied to any other purposes than those for which the bonds were issued. Any premium or accrued interest received from the sale of the bonds shall be deposited in the interest and sinking fund of the county treasury established for the school facilities improvement district.

SEC. 45. Section 15359 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 46. Section 15359 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to

read:

15359. Before selling the bonds, or any part of them, the board of supervisors as appropriate, shall advertise for bids at least two weeks in some daily or weekly newspaper of general circulation published in the county whose county superintendent of schools has jurisdiction over the governing board of the school district or community college district in which the school facilities improvement district is located or if there is no newspaper published in the county, in a newspaper published in some other county in the state having a general circulation in the county.

SEC. 47. Section 15359.1 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 48. Section 15359.1 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15359.1. (a) If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder or bidders, and the county clerk shall prepare and certify to all of the proceedings on file in his or her office relative to the issuance and sale of the bonds, which transcript of proceedings shall be delivered to the successful bidder or bidders without charge. If no bids are received, or if the board determines that the bids received exceed either the maximum acceptable interest rate prescribed by the governing board or the maximum rate prescribed by Section 15353, or that they are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and without further authorization from the governing board of the school district or community college district in which the school facilities improvement district is located, either readvertise or sell the bonds at private sale.

(b) For the purpose of determining whether or not a bid exceeds the maximum acceptable interest rate, the interest rate of that bid shall be deemed to be the interest rate resulting from the total net interest cost arrived at by computing the total amount of interest that the school facilities improvement district would be required to pay from the date of the bonds to the respective maturity dates thereof at the rate or rates specified in the bid and by deducting therefrom any premium bid.

SEC. 49. Section 15359.2 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 50. Section 15359.2 is added to Article 5 (commencing with Section 15350) of Chapter 2 of Part 10 of the Education Code, to read:

15359.2. (a) The issuing school facilities improvement district, by action of the governing board of the school district or community college district in which the school facilities improvement district is located, may prepare, or have prepared, bond brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of the bonds, the expense of the brochures shall be payable out of the funds of the district. The brochures may be prepared only after the issuance of the bonds to be sold has been approved by the electors of the school facilities improvement district pursuant to Article 4 (commencing with Section 15340).

(b) The issuing school facilities improvement district by action of the governing board in which the school facilities improvement district is located may expend funds of the school facilities improvement district for the purposes of advertising the availability of the bonds for purchase in any publication or newspaper that in the opinion of that governing board will give notice to prospective bond buyers that the bonds are available for purchase by bond buyers.

SEC. 51. Section 15380 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 52. Section 15380 is added to Article 8 (commencing with Section 15380) of Chapter 2 of Part 10 of the Education Code, to read:

15380. If any bonds authorized under this chapter have not been offered for sale for one year from the date of the election at which they were authorized or remain unsold for a period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the governing board of the school district or community college district in which the school facilities improvement district is located and for which the bonds were authorized, may petition the board of supervisors that has jurisdiction of the issuance and sale of the bonds to cause the unsold bonds to be canceled.

SEC. 53. Section 15381 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 54. Section 15381 is added to Article 8 (commencing with Section 15380) of Chapter 2 of Part 10 of the Education Code, to read:

15381. Upon receiving the petition, signed by a majority of the members of the governing board of the school district or community college district in which the school facilities improvement district is located, the board of supervisors shall fix a time for a hearing, which shall not be more than 30 days after receipt of the petition, and shall cause a notice stating the time and place of the hearing, and the object of the petition in general terms, to be published for 10 days prior to the hearing, in a newspaper published in the school facilities improvement district if there is one, and if there is no newspaper published in the school facilities improvement district, in a newspaper published at the county seat of the county.

SEC. 55. Section 15384 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 56. Section 15384 is added to Article 8 (commencing with Section 15380) of Chapter 2 of Part 10 of the Education Code, to read:

15384. The governing board of a school district or community college district in which a school facilities improvement district is located may petition the board of supervisors to cancel the remaining authorization of that district to issue and sell bonds resulting from any particular school bond election after the sale of at least 90 percent of the bonds authorized at the election if the amount of the remaining authorization is not more than twenty-five thousand dollars (\$25,000) and in the opinion of the governing board the sale of the remaining bonds would not be economically justified. Sections 15381 and 15382 shall be applicable and at or following the hearing therein provided for, the board of supervisors, if it determines that the public interest will be served thereby, may make and enter an order in the minutes of its proceedings that the remaining authorization be canceled. Upon the entry of the order, the vote by which the remaining authorization was created shall cease to be of any validity with respect to the remaining authorization.

SEC. 57. Section 15390 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 58. Section 15390 is added to Article 9 (commencing with Section 15390) of Chapter 2 of Part 10 of the Education Code, to read:

15390. The governing board of a school district or community

college district in which a school facilities improvement district is located may purchase in the open market bonds issued by the school facilities improvement district with available funds from the school facilities improvement fund.

SEC. 59. Section 15391 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 60. Section 15391 is added to Article 9 (commencing with Section 15390) of Chapter 2 of Part 10 of the Education Code, to read:

15391. When any bonds issued by a school facilities improvement district have been purchased by the governing board of the school district or community college district in which the school facilities improvement district is located, the bonds shall be deemed canceled and of no further validity. The governing board of the school district or community college district in which the school facilities improvement district is located shall immediately, after purchasing the bonds, notify the board of supervisors of its action, describing the bonds purchased. At its first meeting thereafter, the board of supervisors shall note the purchase and cancellation of the bonds in the minutes of its proceedings.

SEC. 61. Section 15400 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 62. Section 15400 is added to Article 10 (commencing with Section 15400) of Chapter 2 of Part 10 of the Education Code, to read:

15400. (a) The board of supervisors, by an order entered upon its minutes, shall fix the time when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds. If the governing board of the school district or community college district in which the school facilities improvement district is located has prescribed in its resolution the time or times when the whole or any part of the bonds shall be payable, the times and amounts shall be fixed by the order of the board of supervisors.

(b) Any bonds may be issued subject to call and redemption before maturity at the option of the governing board of the school district or community college district in which the school facilities improvement district exists. The governing board may include in its resolution a requirement that all or any part of the bonds shall be issued subject to call and redemption before maturity and the price or prices at which said bonds shall be redeemed. The board of supervisors, in its order fixing the form of the bonds and the maturities thereof, shall provide that the bonds be redeemable at the option of the governing board and at the price or prices fixed in the resolution. Bonds issued subject to call and redemption prior to maturity shall contain a recital to that effect, and no bond shall be subject to call or redemption prior to maturity unless it contains the recital. The board of supervisors in its order shall fix the method of giving notice of redemption to holders of bonds to be redeemed.

SEC. 63. Section 15401 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 64. Section 15401 is added to Article 10 (commencing with Section 15400) of Chapter 2 of Part 10 of the Education Code, to read:

15401. The board of supervisors, at the direction of the governing board of the school district or community college district in which the school facilities improvement district is located, may divide the principal amount of bonds authorized at any election into two or more series and may fix different dates for the bonds of each

series, in which event the maximum maturity date of the bonds shall be calculated from the date of each series respectively. When the issuance of bonds shall have been authorized pursuant to two or more propositions submitted at the same or different elections, all or any part of the bonds not theretofore issued may be combined and issued and sold as one or more series.

SEC. 65. Section 15403 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 66. Section 15403 is added to Article 10 (commencing with Section 15400) of Chapter 2 of Part 10 of the Education Code, to read:

15403. The principal and interest on the bonds shall be paid by the county treasurer of the county in which the superintendent of schools has jurisdiction of the school district or community college district in which the school facilities improvement district is located, at the place required by the terms of the bonds, upon presentation and surrender of warrants drawn by the county auditor in payment thereof, after he or she has canceled the bonds and coupons, or upon the receipt of the registered owner, if the bonds are registered, after a proper warrant has been drawn by the auditor, out of the fund provided for their payment.

SEC. 67. Section 15404 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 68. Section 15404 is added to Article 10 (commencing with Section 15400) of Chapter 2 of Part 10 of the Education Code, to read:

15404. Upon the order of the auditor, any money remaining in the interest and sinking fund of any school facilities improvement district after the payment of all bonds and coupons payable from the fund, or any money in excess of an amount sufficient to pay all unpaid bonds and coupons payable from the fund, shall be transferred to the general fund of the governing board of the school district or community college district in which the school facilities improvement district is located.

SEC. 69. Section 15405 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 70. Section 15405 is added to Article 10 (commencing with Section 15400) of Chapter 2 of Part 10 of the Education Code, to read:

15405. Any money paid into the county treasury of the county and credited to the interest and sinking fund of any school facilities improvement district remaining after the payment of all bonds and coupons payable from the fund, or which is in excess of an amount sufficient to pay all unpaid bonds and coupons payable from the fund, shall be transferred to the special reserve fund of the school district or community college district in which the school facilities improvement district is located and may be used only for the purpose specified in Section 42840.

SEC. 71. Section 15410 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 72. Section 15410 is added to Article 11 (commencing with Section 15410) of Chapter 2 of Part 10 of the Education Code, to read:

15410. The board of supervisors of the county in which the county superintendent of schools has jurisdiction over a school district or community college district in which a school facilities improvement district is located shall annually at the time of making the levy of taxes for county purposes levy a tax for that year upon the property in the school facilities improvement district for the interest and redemption of all outstanding bonds of the district. The tax shall

not be less than sufficient to pay the interest on the bonds as it becomes due and to provide a sinking fund for the payment of the principal on or before maturity and may include an allowance for an annual reserve, established for the purpose of avoiding fluctuating tax levies. The tax shall be sufficient to provide funds for the payment of the interest on the bonds as it becomes due and also that part of the principal and interest as is to become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of the principal and interest.

SEC. 73. Section 15411 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 74. Section 15411 is added to Article 11 (commencing with Section 15410) of Chapter 2 of Part 10 of the Education Code, to read:

15411. All taxes levied, when collected, shall be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located and on behalf of which the tax was levied. All collected tax revenues shall be used exclusively for the payment of the principal and interest of the bonds of the school facilities improvement district, including any sinking fund.

SEC. 75. Section 15412 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 76. Section 15412 is added to Article 11 (commencing with Section 15410) of Chapter 2 of Part 10 of the Education Code, to read:

15412. The board of supervisors of the county whose superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located, shall annually at the time of making the levy of taxes for county purposes estimate the amount of money required to meet the payment of the principal and interest on bonds of the district authorized by the electors of the district and not sold, and that the governing board of the school district or community college district informs the board on their belief will be sold before the next tax levy, and the board of supervisors shall levy a tax sufficient to pay the principal and interest so estimated.

SEC. 77. Section 15421 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 78. Section 15421 is added to Article 12 (commencing with Section 15420) of Chapter 2 of Part 10 of the Education Code, to read:

15421. (a) The tax shall be entered upon the assessment roll and collected in the same manner as other on real property.

(b) The tax when collected shall be paid into the county treasury of the county. The treasurer of any county, other than the one whose superintendent of schools has jurisdiction over the school district or community college district in which the school facilities improvement district is located, shall, upon order of the county auditor, pay the sum collected on account of the tax into the treasury of the county whose superintendent of schools has jurisdiction over the school district or community college district in which the community facilities district is located.

SEC. 79. Section 15425 of the Education Code, as amended by Chapter 1072 of the Statutes of 1972, is repealed.

SEC. 80. Section 15425 is added to Article 13 (commencing with Section 15425) of Chapter 2 of Part 10 of the Education Code, to

read:

15425. Notwithstanding any other provision of this chapter, it is the intent of the Legislature that the rate of taxes levied annually upon the property in a school facilities improvement district formed pursuant to subdivision (a) of Section 15301 not be greater than the rate of the annual special tax levied upon parcels in the same school district or community college district that are part of a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code. A determination by the governing board of a school district or community college district, made at the time bonds are sold pursuant to this chapter, that the rate of taxes to be levied annually upon the property in the school facilities improvement district, based upon tax rate estimates prepared pursuant to Section 9401 of the Elections Code, does not exceed the rate of the annual special tax levied upon parcels in the same school district or community college district that are part of a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, shall be conclusive evidence of compliance with the intent of this section.

SEC. 81. Section 17701.5 of the Education Code, as added by Chapter 478 of the Statutes of 1996, is repealed.

SEC. 82. Section 17001.5 is added to the Education Code, to read:

17001.5. (a) The Legislature hereby finds and declares the following:

(1) Some believe that the school facilities construction requirements set forth in this chapter have become lengthy, complex, and heavily controlled by the various state agencies involved in the review and approval process. As a result, some believe that school facilities are often overcrowded and construction costs are higher than necessary.

(2) Some believe that a streamlining of the approval process set forth in this chapter is necessary to efficiently provide the children of the state with needed classrooms in the most expeditious and cost-effective manner. Some expect that other savings can be achieved by increased standardization of plans for school design and construction and the appropriate use of portable classrooms.

(b) Not later than July 1, 1997, the Joint Committee on School Facilities shall complete and submit a report to the Governor and the Legislature containing recommendations for doing the following:

(1) Increasing privatization and standardization, and other measures for streamlining the approval process set forth in this chapter.

(2) Reducing the costs of school construction.

(3) Increasing the local authority over the approval of site acquisition and of plans and specifications for school facilities construction.

SEC. 83. Section 17016 is added to the Education Code, to read:

17016. (a) The board, by the adoption of rules, may establish priorities for the construction and leasing of projects to those school districts the pupils of which will benefit most. The board may make exceptions from established priorities when it determines that to do so will benefit the pupils affected.

(b) The board may adopt rules establishing priorities for the acquisition and leasing of portable classrooms to county superintendents of schools that will most benefit pupils needing a county community school. The board shall require each county superintendent of schools who leases portable classrooms pursuant to

Section 17717.2 to demonstrate that the portable classrooms are utilized solely for operation of a county community school.

SEC. 84. Section 17017.2 is added to the Education Code, to read:

17017.2. (a) The board may own, have maintained, and lease portable classrooms to any county superintendent of schools who provides a county community school program, as defined in Section 1986. These portable classrooms shall be adequately equipped to meet the educational needs of these pupils, including, but not limited to, sinks and restroom facilities.

(b) The board, with the advice of the Superintendent of Public Instruction, may have portable classrooms constructed, furnished, or equipped, and may otherwise require whatever work is necessary to place portable classrooms for county community schools where needed, including the acquisition and preparation of sites. The board shall, in consultation with the Superintendent of Public Instruction, establish standards for the acquisition of land, with land acquisition limited to no more than 10,000 square feet per portable classroom, waivable by the board only as needed to meet local zoning and land use requirements or health and safety considerations.

(c) A county superintendent of schools who desires to lease portable classrooms shall have prepared for the board's use performance specifications for portable classrooms and bids for their construction that can be solicited from more than one responsible bidder.

(d) No portable classroom shall be made available to a county superintendent of schools unless the county superintendent of schools furnishes evidence, satisfactory to the board, that the county superintendent of schools has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(e) If at any time the board determines that a lessee's need for particular portable classrooms that were made available to the lessee pursuant to this chapter has ceased, the board may take possession of the portable classrooms and may lease them to other county superintendents of schools or, if there is no longer a need for portable classrooms, the board may dispose of them to public or private parties in the manner it deems to be in the best interest of the state.

(f) This section does not limit the authority of a county superintendent of schools to provide facilities without assistance from the board for pupils who are enrolled in a county community school.

SEC. 85. Section 17032.5 is added to the Education Code, to read:

17032.5. The board shall establish the annual rent and conditions to be met by the lessee of a portable classroom leased pursuant to Section 17717.2 and shall require lessees to undertake all necessary maintenance, repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

SEC. 86. Section 17042 is added to the Education Code, to read:

17042. (a) The board, by the adoption of rules, shall provide for the manner of determining the area of adequate school construction existing in an applicant school district at the time of application. Those rules shall define and provide for the method of determining building areas that are to be included in, in whole or in part, or to be excluded from, the area of existing adequate school construction.

Any building to which Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3 of Title 2 does not apply shall not be considered adequate school construction for the purpose of determining the maximum total building area per attendance unit.

The board may make exceptions to the provisions of this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

(b) For the purposes of this chapter, the area of adequate school construction existing in an applicant school district does not include any of the following:

(1) Any portable classroom made available to the district under Chapter 25 (commencing with Section 17785).

(2) In any school operated on a year-round schedule, any building area that has been in continuous use during the preceding five-year period primarily for the operation of any preschool program or programs.

(3) Any building area, not to exceed the area that is equivalent to one classroom per schoolsite, used to provide support services pursuant to Chapter 5 (commencing with Section 8800) of Part 6 or to provide integrated children's services pursuant to Section 18986.40 of the Welfare and Institutions Code. A school shall meet the definition of a "qualifying school" under paragraph (1) of subdivision (h) of Section 8802 to qualify for this exemption from the area of adequate school construction.

(4) Any classroom acquired or constructed and continuously used by the school district primarily for the purpose of reducing class size in kindergarten or in any of grades 1 to 3, inclusive, pursuant to the school district's participation in the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(5) Any classroom acquired or constructed for the purpose of operating a community day school pursuant to Section 48660, if the classroom is not located on a regular elementary, middle, junior high, or senior high school site.

(c) The board may make exceptions to this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

SEC. 87. Section 17042.7 of the Education Code, as added by Chapter 277 of the Statutes of 1996, is repealed.

SEC. 88. Section 17042.7 is added to the Education Code, to read:

17042.7. (a) For any project application filed or amended on or after January 1, 1993, the area of adequate school construction existing in the applicant school district or, where appropriate, in the attendance area, at the time of application shall be calculated pursuant to the following formula:

(1) Identify by grade level all teaching stations existing in the school district or, where appropriate, the attendance area, as of January 1, 1993. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction.

(2) Determine the maximum pupil loading figure for each grade level pursuant to the district pupil loading standards in effect on January 1, 1993. For the purposes of this section, the "district pupil loading standards" are those pupil loading standards in effect in a school district on July 1, 1992, as a result of actions including, but not necessarily limited to, the execution of a collective bargaining agreement or the adoption of a district policy by the governing board of the school district. In no event may this figure be more than the maximum pupil loading standards established

by the board, or less than three pupil units lower than those maximum pupil loading standards.

(3) Multiply the figure determined under paragraph (2) for each grade level by the number of teaching stations for the particular grade level, as determined under paragraph (1).

(4) Multiply the product determined under paragraph (3) by the maximum area allowance established for that grade level under this article.

(5) The sum of these computations for each grade level, as determined under paragraphs (1) to (4), inclusive, shall be the total area of adequate school construction existing in the district or attendance area pursuant to this formula.

(b) For purposes of this section, a school district that is participating in a class size reduction program set forth in this code, other than the Class Size Reduction Program (Ch. 6.10 (commencing with Section 52120) of Part 28), shall use the pupil loading standard established pursuant to that program.

(c) The area of existing adequate school construction calculated under this section shall not include, in any school operated on a year-round schedule, any teaching station that has been in continuous use during the preceding five-year period primarily for the operation of a preschool program or programs.

SEC. 89. Section 17042.9 is added to the Education Code, to read:

17042.9. (a) Notwithstanding any other provision of law, a school district that complies with the requirements of subdivision (b) may replace a portable classroom, as defined in Section 17742.5, that has been leased or owned by the district for 20 years or more, with a permanent building if the resulting area of new building construction is no greater than the area that would be authorized under this chapter for the lease or purchase of a portable classroom.

(b) A school district that utilizes subdivision (a) shall fund its expenses incurred thereby through the issuance of general obligation bonds by the district or by the issuance of bonds pursuant to the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code) or by any other financing mechanism that does not encumber the school district's general fund.

SEC. 90. Section 17047.6 is added to the Education Code, to read:

17047.6. The board, with the advice of the Superintendent of Public Instruction, may determine the eligibility of county superintendents of schools to lease portable classrooms provided that a county superintendent of schools is eligible to receive one portable classroom pursuant to this section and Section 17717.2 for each 15 units of average daily attendance at county community schools in excess of the amount of average daily attendance claimed by the county superintendent of schools in the prior fiscal year except that, for pupils who are enrolled in a county community school and on independent study, only time spent in the classroom shall be included in the calculation of average daily attendance.

SEC. 91. Section 17150 is added to Chapter 16 (commencing with Section 17150) of Part 10 of the Education Code, to read:

17150. (a) Upon the approval by the governing board of the school district to proceed with the issuance of certificates of participation revenue bonds or to enter into any agreement for financing school construction pursuant to Chapter 28 (commencing with Section 17870), the school district shall notify the county superintendent of schools and the county auditor. The superintendent of the school district shall provide the repayment schedules for

that debt obligation, and evidence of the ability of the school district to repay that obligation, to the county auditor, the county superintendent, the governing board, and the public. Within 15 days of the receipt of the information, the county superintendent of schools and the county auditor may comment publicly to the governing board of the school district regarding the capability of the school district to repay that debt obligation.

(b) Upon the approval by the county board of education to proceed with the issuance of certificates of participation or revenue bonds or to enter into any agreement for financing pursuant to Chapter 28 (commencing with Section 17870), the county superintendent of schools or superintendent of a school district for which the county board serves as governing board shall notify the Superintendent of Public Instruction. The county superintendent of schools or the superintendent of a school district for which the county board serves as the governing board shall provide the repayment schedules for that debt obligation and evidence of the ability of the county office of education or school district to repay that obligation, to the Superintendent of Public Instruction, the governing board, and the public. Within 15 days of the receipt of the information the Superintendent of Public Instruction may comment publicly to the county board of education regarding the capability of the county office of education or school district to repay that debt obligation.

SEC. 92. Section 17182 is added to the Education Code, to read:

17182. (a) Except as otherwise provided in subdivision (b), all expenses incurred by the authority in implementing this chapter shall be payable solely from funds appropriated for purposes of this chapter, and the authority shall not incur liabilities in excess of the amount of those funds.

(b) The authority may request a loan by the Pooled Money Investment Board from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, and may execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. The loan shall be deposited in the fund for the purposes of carrying out the provisions of this chapter. The amount of the loan shall not exceed the amount of the unsold bonds that the authority by resolution, has authorized to be sold for the purposes of this chapter.

SEC. 93. Section 17183 is added to the Education Code, to read:

17883. (a) From time to time, the authority may, by resolution, issue its revenue bonds in order to provide funds for any of the purposes of this chapter. Bonds may be issued to finance any of the following:

(1) A single project or financing of working capital for a single participating district.

(2) A series of projects or financings of working capital for a single participating district.

(3) A single project or financing of working capital for several participating districts.

(4) Several projects or financing of working capital for several participating districts.

(5) A joint venture school facilities construction project undertaken pursuant to Article 5 (commencing with Section 17760) of Chapter 22.

(b) Except as otherwise expressly provided by the authority, all revenue bonds shall be payable from any available revenues or moneys of the authority not otherwise pledged, subject only to any agreements with holders of particular bonds or notes pledging any particular revenue or moneys. Notwithstanding that revenue bonds

issued pursuant to this section may be payable from a special fund, the revenue bonds shall be, and shall be deemed to be for all purposes, negotiable instruments, subject only to the provisions of the revenue bonds for registration.

(c) The revenue bonds of the authority may be issued as serial bonds, term bonds, or the authority, in its discretion, may issue bonds of both types. The issuance shall be in accordance with the indenture, trust agreement, or resolution relating to the revenue bonds, which shall provide all of the following:

- (1) The date or dates of the bonds.
- (2) The date or dates upon which the bonds will mature, not to exceed 40 years from their respective dates.
- (3) The interest rate or rates, or methods of determining the interest rate or rates, of the bonds.
- (4) When the bonds are payable.
- (5) The denominations of the bonds.
- (6) The form of the bonds, which shall be either bearer or registered.
- (7) The registration privileges of the bonds.
- (8) The manner in which the bonds are to be executed.
- (9) The place or places at which the bonds shall be payable in lawful money of the United States of America.
- (10) The terms of redemption of the bonds.

(d) After giving due consideration to the recommendations of the participating district or districts, the revenue bonds of the authority shall be sold by the Treasurer at either a public or private sale at a price or prices, and upon the terms and conditions prescribed by the authority. The revenue bonds of the authority may be sold at, above, or below the par value of the bonds.

(e) Pending the preparation of the definitive bonds, the authority may issue interim receipts or certificates or temporary bonds which shall be exchanged for the definitive bonds.

(f) Any resolution authorizing the issuance of any bonds of the authority, or any issue of revenue bonds of the authority, may include any of the following provisions:

- (1) Provisions pledging all or any part of the proceeds of the bonds or revenue of a project or loan.
- (2) Provisions concerning the replacement of mutilated, destroyed, stolen, or lost bonds.
- (3) Provisions specifying insurance to be maintained on the project and the authorized uses of the proceeds of the insurance.
- (4) Covenants against the mortgaging or otherwise encumbering, selling, leasing, pledging, placing a charge upon, or otherwise disposing of the project prior to the payment of the bonds issued to finance the project.

(5) Provisions specifying the events of default, terms upon which the bonds may be declared due before maturity, and the terms upon which the declaration and its consequences may be waived.

(6) The rights, liabilities, powers, and duties arising upon the breach of any covenants, conditions, or obligations.

(7) Vesting of the right to enforce covenants in a trustee.

(8) The terms upon which all or any percentage of the bondholders may enforce covenants or duties.

(9) Procedures for amending the terms of the resolution, with or without the consent of the holders of a specified number of bonds.

(10) Provision for any other acts or things deemed necessary, convenient, or desirable by the authority to secure the bonds or improve their marketability.

(g) The validity of the authorization and issuance of any bond issue shall not be affected by proceedings for the acquisition,

construction, or improvement of any project, or by contracts relating to those proceedings. Any resolution authorizing the issuance of any bonds of the authority may provide authorization for the bonds to bear a statement certifying that they are issued pursuant to this chapter. Bonds bearing such a statement shall be conclusively deemed valid and issued in conformity with this chapter. Reference on the face of the bonds to the resolution by its date of adoption shall incorporate the provisions of the resolution and of this chapter into the terms of the bonds.

(h) Members of the authority, or any person executing the revenue bonds of the authority, shall not incur personal liability on the bonds, nor shall these persons incur personal liability or accountability by reason of the issuance of the revenue bonds of the authority.

(i) The authority is authorized, out of any funds available for that purpose, to purchase revenue bonds of the authority. The authority may hold, pledge, cancel, or resell any bonds purchased under the authority of this subdivision, subject to, and in accordance with, agreements with bondholders.

(j) The financing or refinancing of projects or working capital may be provided pursuant to this chapter by means other than revenue bonds, at the discretion of the authority, including financing or refinancing through certificates of participation, or other interests, in bonds, loans, leases, installment sales, or other agreements of the participating district or districts. In this connection, the authority may do all things and execute and deliver all documents and instruments as may be necessary or desirable with regard to issuance of the certificates of participation or other means of financing or refinancing.

(k) The authority may by resolution issue its revenue bonds in the form of commercial paper.

SEC. 94. Section 17199.3 is added to the Education Code, to read:

17199.3. (a) The total amount of revenue bonds which may be issued and outstanding at any time for purposes of this chapter, other than those revenue bonds under Section 17899.4, shall not exceed four hundred million dollars (\$400,000,000).

(b) The total amount of revenue bonds that may be issued under this chapter each fiscal year, for purposes of Section 17899.4 only, shall not exceed four hundred million dollars (\$400,000,000). Of that total amount of revenue bonds, not more than one hundred fifty million dollars (\$150,000,000) in revenue bonds may be issued for the purposes of joint venture school facilities construction projects undertaken pursuant to Article 5 (commencing with Section 17760) of Chapter 22. The total amount that may be outstanding at any time under this chapter, for purposes of Section 17899.4 only, shall not exceed four billion dollars (\$4,000,000,000).

(c) For purposes of subdivisions (a) and (b), bonds which meet any of the following conditions shall not be deemed to be outstanding:

(1) Bonds which have been refunded pursuant to Section 17888.

(2) Bonds for which money or securities in amounts necessary to pay or redeem the principal, interest, or any redemption premium on the bonds have been deposited in trust.

(3) Bonds which have been issued to provide working capital.

SEC. 95. Section 17199.4 is added to the Education Code, to read:

17199.4. (a) Notwithstanding any other law, any participating school district or county office of education, in connection with securing financing or refinancing of projects, except working capital, pursuant to this chapter may elect to guarantee or provide

for payment of the bonds in accordance with the following conditions:

(1) If a participating school district or county office of education adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds and identify a trustee appointed by the participating school district or county office of education or the authority for purposes of this section. The notice shall be provided not later than the date of issuance of the bonds.

(2) If, for any reason, the school district or county office of education will not make the payment of principal and interest at the time the payment is required, the participating school district or county office of education shall notify the trustee of that fact and of the amount of the deficiency. The trustee shall immediately communicate that information to the Controller.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the trustee in the amount of the deficiency for the purpose of making the required payment of principal or interest, or both. The Controller shall make that apportionment only from moneys in Section A of the State School Fund designated for apportionment to the district pursuant to Section 42238 or to the county office of education pursuant to Section 2558.

(4) As an alternative to the procedures set forth in paragraphs (2) and (3), the participating school district or county office of education may provide a transfer schedule in its notice to the Controller of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to the trustee and the date for the transfers. The Controller shall, subject to the limitation in the last sentence of paragraph (3), make apportionments to the trustee of those amounts on the specified date for the purpose of making those transfers.

(b) The amount apportioned for a school district or for a county office of education pursuant to this section shall be deemed to be an allocation to the district or the county office of education for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits pursuant to Section 42238 for any school district or pursuant to Section 2558 for any county office of education, the revenue limit for any fiscal year in which funds are apportioned for the district or for the county office of education pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraphs (3) and (4) of subdivision (a).

(c) (1) School districts or county offices of education that elect to participate under this section shall apply to the authority. The authority shall consider each of the following priorities in making funds available:

(A) First priority shall be given to school districts or county offices of education that apply for funding for instructional classroom space.

(B) Second priority shall be given to school districts or county offices of education that apply for funding of modernization of instructional classroom space.

(C) Third priority shall be given to all other eligible costs, as defined in Section 17873.

(2) The authority shall prioritize applications at appropriate intervals.

(3) A school district electing to participate under this section

that has applied for revenue bond moneys for the purposes of joint venture school facilities construction projects, pursuant to Article 5 (commencing with Section 17760) of Chapter 22, shall not be subject to the priorities set forth in paragraph (1) of this subdivision.

(d) This section shall not be construed to make the State of California liable for any payment of principal or interest on any bonds or certificates of participation within the meaning of Section 1 of Article XVI of the California Constitution or otherwise, except as expressly provided in this section.

(e) A school district that has a qualified or negative certification pursuant to Section 42131, or a county office of education that has a qualified or negative certification pursuant to Section 1240, may not participate under this section.

(f) The authority shall report to the Legislature by January 1, 2001, on the number of school districts or county offices of education electing to participate under this section and on the financial stability of the participating school districts and county offices of education.

(g) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 96. Section 17215 is added to the Education Code, to read:

17215. (a) In order to promote the safety of pupils, comprehensive community planning, and greater educational usefulness of schoolsites before acquiring title to property for a new schoolsite, the governing board of each school district, including any district governed by a city board of education, shall give the Department of Transportation written notice of the proposed acquisition and shall submit any information required by the department if the proposed site is within two miles, measured by air line, of that point on an airport runway or a potential runway included in an airport master plan that is nearest to the site.

(b) If the Department of Transportation is no longer in operation, the governing board of the school district shall, in lieu of notifying the Department of Transportation, notify the United States Department of Transportation or any other appropriate agency, in writing, of the proposed acquisition for the purpose of obtaining from the department or other agency any information or assistance that it may desire to give.

(c) The Department of Transportation shall investigate the proposed site and, within 30 working days after receipt of the notice, shall submit to the governing board a written report and its recommendations concerning acquisition of the site. As part of the investigation, the Department of Transportation shall give notice thereof to the owner and operator of the airport who shall be granted the opportunity to comment upon the proposed schoolsite.

(d) The governing board shall not acquire title to the property until the report of the Department of Transportation has been received. If the report does not favor the acquisition of the property for a schoolsite or an addition to a present schoolsite, the governing board shall not acquire title to the property until 30 days after the department's report is received and until the department's report has been read at a public hearing duly called after 10 days' notice published once in a newspaper of general circulation within the school district or, if there is no newspaper of general circulation within the school district, in a newspaper of general circulation within the county in which the property is located.

(e) Except as provided in subdivision (d), if the Department of

Transportation in its report submitted to a governing board of a school district does not favor acquisition of a proposed site that is within two miles of the centerline of an active runway, no state funds or local funds shall be apportioned or expended for the acquisition of that site, construction of any school building on that site, or for the expansion of any existing site to include that site.

(f) This section does not apply to sites acquired prior to January 1, 1966, nor to any additions or extensions to those sites.

(g) If the recommendations of the Department of Transportation are unfavorable, the recommendations shall not be overruled without the express approval of the State Allocation Board.

SEC. 97. Section 17224 of the Education Code is repealed.

SEC. 99. Section 17224 is added to the Education Code, to read:

17224. Any funds in the State School Site Utilization Fund, including interest, which are not subject to return to a school district pursuant to Section 39017 shall revert to the Deferred Maintenance Fund.

SEC. 98.5. Section 17224 is added to the Education Code, to read:

17224. Any funds in the State School Site Utilization Fund, including interest, which are not subject to return to a school district pursuant to Section 17223 shall revert to the School Major Maintenance Match Fund.

SEC. 99. Section 17716 of the Education Code, as amended by Chapter 1059 of the Statutes of 1996, is repealed.

SEC. 100. Section 17717.2 of the Education Code, as added by Chapter 1059 of the Statutes of 1996, is repealed.

SEC. 101. Section 17732.5 of the Education Code, as added by Chapter 1059 of the Statutes of 1996, is repealed.

SEC. 102. Section 17742 of the Education Code, as amended by Chapter 1059 of the Statutes of 1996, is repealed.

SEC. 103. Section 17742.9 of the Education Code, as added by Chapter 470 of the Statutes of 1996, is repealed.

SEC. 104. Section 17747.6 of the Education Code, as added by Chapter 1059 of the Statutes of 1996, is repealed.

SEC. 105. Section 17850 of the Education Code, as amended by Chapter 1071 of the Statutes of 1996, is repealed.

SEC. 106. Section 17882 of the Education Code, as amended by Chapter 1071 of the Statutes of 1996, is repealed.

SEC. 107. Section 17883 of the Education Code, as amended by Chapter 1071 of the Statutes of 1996, is repealed.

SEC. 108. Section 17899.3 of the Education Code, as amended by Chapter 1071 of the Statutes of 1996, is repealed.

SEC. 109. Section 17899.4 of the Education Code, as added by Chapter 1071 of the Statutes of 1996, is repealed.

SEC. 110. Section 38060 is added to the Education Code, to read:

38060. (a) Any person who enters a schoolbus or school pupil activity bus without prior authorization of the driver or other school official with intent to commit any crime and who refuses to disembark after being ordered to do so by the driver or other school official is guilty of a misdemeanor and is punishable by imprisonment in the county jail for not more than six months, by a fine of not more than one thousand dollars (\$1,000), or by both.

(b) A school district or county superintendent of schools may place a notice at the entrance of a schoolbus or school pupil activity bus that complies with the requirements of paragraph (3) of subdivision (c) of Section 1256.5 of Title 13 of the California Code of Regulations and that warns against unauthorized entry.

SEC. 111. Section 39005 of the Education Code, as amended by Chapter 1158 of the Statutes of 1996, is repealed.

SEC. 112. Section 8.5 of this bill incorporates amendments to Section 15301 of the Education Code proposed by AB 1042. It shall only become operative if (1) both this bill and AB 1042 are enacted and become effective on or before January 1, 1998, (2) AB 1042 amends Section 15301 of the Education Code, and (3) this bill is enacted after AB 1042, in which case Sections 7 and 8 of this bill shall not become operative.

SEC. 113. Section 98.5 of this bill incorporates amendments to Section 17244 of the Education Code proposed by AB 736. It shall only become operative if (1) both this bill and AB 736 are enacted and become effective on or before January 1, 1998, (2) AB 736 amends Section 17244 of the Education Code, and (3) this bill is enacted after AB 736, in which case Sections 97 and 98 of this bill shall not become operative.

SEC. 114. To the extent that the provisions of this act are substantially the same as existing statutory provisions relating to the same subject matter, the provisions shall be construed as restatements and continuations of existing statutory provisions and not as a new enactment.

SEC. 115. The Legislature finds and declares that the enactment of this act, in view of the nonsubstantive statutory changes made, will not result in new or additional costs to local agencies charged with any duties or responsibilities in connection therewith.

BILL NUMBER: SB 1105 CHAPTERED 10/12/97

CHAPTER 940
FILED WITH SECRETARY OF STATE OCTOBER 12, 1997
APPROVED BY GOVERNOR OCTOBER 12, 1997
PASSED THE SENATE SEPTEMBER 5, 1997
PASSED THE ASSEMBLY SEPTEMBER 3, 1997
AMENDED IN ASSEMBLY JULY 10, 1997
AMENDED IN SENATE MAY 6, 1997

INTRODUCED BY Committee on Revenue and Taxation (Senators Alpert (Chair), Greene, Karnette, Knight, Kopp, and McPherson)

FEBRUARY 28, 1997

An act to amend Section 15031 of the Education Code, to amend Section 54902.5 of the Government Code, to amend Section 33674 of the Health and Safety Code, and to amend Sections 51, 69.5, 75.10, 408, 434.5, 670, 673, 1603, 1605, and 38904 of, and to amend, repeal, and add Section 619 of, the Revenue and Taxation Code, relating to taxation.

LEGISLATIVE COUNSEL'S DIGEST

SB 1105, Committee on Revenue and Taxation. Taxation.

Existing law authorizes school districts and community college districts to form school facilities improvement districts that are coterminous with school district or community college district boundaries, except to the extent that any portion of the school district or community college district is located within a community facilities district formed pursuant to a specified statutory authorization. It also establishes procedures and requirements with respect to the issuance of bonds by any improvement district that is so established, and provides, as specified, for the levying of a tax upon properties within the improvement district for the funding of those bonds.

This bill would require the governing body of a school district or community college district that forms a school facilities improvement district to comply with the filing requirements established by a specified statute with respect to local agency jurisdiction boundary changes, and would require certain of those filings to indicate which properties located within the school district or community college district are located outside the improvement district.

Existing law requires the levying authority of a city or district, as provided, the levies of which are carried on county tax rolls, to file with the relevant county auditors and the State Board of Equalization a statement, and a map or plat, with respect to the creation of, or any change in, that city or district's boundaries. It requires the State Board of Equalization to establish a schedule of fees for filing and processing the filed documents, and prohibits the fee schedule from containing any fee that exceeds the lesser of the board's reasonably anticipated costs or an amount equal to 25% of the "total anticipated tax revenue" to be collected by the city or district during the first fiscal year in which the new boundaries are effective.

This bill would define the term "total anticipated tax revenue"

the General Fund on November 30, and that the remaining 1/2 be reimbursed to the General Fund on May 31.

This bill would instead require that 1/2 of these amounts be reimbursed to the General Fund between November 1 and November 10, and that the remaining 1/2 of these amounts be reimbursed to the General Fund between May 1 and May 10.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 15301 of the Education Code is amended to read:

15301. (a) Any school district or community college district that has a community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, as set forth in Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code, that has as one of its purposes the construction of school facilities within a portion of the territory of the school district or community college district, may proceed under this chapter.

(b) The boundaries of any school facilities improvement district formed pursuant to this chapter shall include all of the portion of the territory within the boundaries of the school district or community college district that is not located within the boundaries of the community facilities district as described in subdivision (a).

(c) A school district or community college district may proceed under this chapter without meeting the requirements of subdivisions (a) and (b) if the governing board of the school district or community college district determines that it is necessary and in the best interest of the school district or community college district, respectively, to form a school facilities improvement district pursuant to this chapter to finance any or all of the improvements set forth in Section 15302. As a part of that determination, the governing board of the school district or community college district shall make a finding that the overall cost of financing the bonds issued pursuant to this chapter would be less than the overall cost of other school facilities financing options available to the school district or community college district, including, but not limited to, issuing bonds pursuant to the Mello-Roos Communities Facilities Act of 1982 (Ch. 2.5 (commencing with Sec. 53311), Pt. 1, Div. 2; Title 5, Gov. C.). The governing board of the school district or community college district proceeding under this subdivision shall define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the school district or community college district, except that the boundaries may not include all or a portion of the territory of the community facilities district described in subdivision (a).

(d) The governing body of a school district or community college district that proceeds under this chapter shall comply with the filing requirements established by Section 54902 of the Government Code. Any plat or map that is filed pursuant to this subdivision shall specifically identify any property, located within the school district or community college district, that is not located within the improvement district established by the school district or community college district pursuant to this chapter.

SEC. 2. Section 54902.5 of the Government Code is amended to read:

54902.5. (a) Notwithstanding Section 6103, the State Board of Equalization shall establish a schedule of fees for filing and processing the statements and maps or plats which are required to be filed with the board pursuant to Section 54902.

(1) The schedule shall not include any fee which exceeds the reasonably anticipated cost to the board of performing the work to which the fee relates, or an amount equal to 25 percent of the anticipated total tax revenue that will be collected by the city or district during the first full fiscal year, beginning on July 1, that the boundary changes are effective, as determined by the county auditor, whichever amount is less.

(2) For purposes of this subdivision, the term "anticipated total tax revenue" means the tax revenues that will be allocated to the city or district from all property located within the boundaries of the city or district, including the area affected by the boundary change.

(b) The city, district, or executive officer of a local agency formation commission, forwarding the statement to the tax or assessment levying authority for filing pursuant to Section 54900, shall accompany the statement with the necessary fee for transmittal to the board. However, with respect to a newly created city or district, no fee shall be required until the time that the city or district receives its first revenues.

SEC. 3. Section 33674 of the Health and Safety Code is amended to read:

33674. The portion of taxes mentioned in subdivision (b) of Section 33670 shall not be allocable and payable for the first time until the tax year which begins after the December 1st next following the transmittal of the documents as required in Section 33375 or Section 33457.

SEC. 4. Section 51 of the Revenue and Taxation Code is amended to read:

51. (a) For purposes of subdivision (b) of Section 2 of Article XIII A of the California Constitution, for each lien date after the lien date in which the base year value is determined pursuant to Section 110.1, the taxable value of real property shall, except as otherwise provided in subdivision (b) or (c), be the lesser of:

(1) Its base year value, compounded annually since the base year by an inflation factor, which shall be determined as follows:

(A) For any assessment year commencing prior to January 1, 1985, the inflation factor shall be the percentage change in the cost of living, as defined in Section 2212.

(B) For any assessment year commencing after January 1, 1985, and prior to January 1, 1998, the inflation factor shall be the percentage change, rounded to the nearest one-thousandth of 1 percent, from December of the prior fiscal year to December of the current fiscal year in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

(C) For any assessment year commencing on or after January 1,

appeals board pursuant to this chapter, except in those instances when that property had previously been equalized for the year in question by the county board of equalization or assessment appeals board. The application shall be filed with the clerk no later than 60 days after the date on which the assessee was notified. Receipt by the assessee of a tax bill based upon that assessment shall suffice as that notice.

(f) For purposes of subdivision (a), "regular assessment period" means January 1 to and including July 1 of the calendar year in which the assessment, other than escape assessments, should have been enrolled if it had been timely made.

SEC. 15. Section 38904 of the Revenue and Taxation Code is amended to read:

38904. The money in the Timber Tax Fund is appropriated as follows:

(a) To reimburse the General Fund for funds advanced for costs incurred by the board in administration of this part as follows:

(1) Four hundred sixty-seven thousand nine hundred thirty dollars (\$467,930) for fiscal years 1975-76 and 1976-77.

(2) Amounts identified and approved in subsequent fiscal years as approved in the Budget Bill. One-half of this amount shall be reimbursed to the General Fund between November 1 and November 10, and the remaining one-half between May 1 and May 10. In the event that not all funds approved in the Budget Bill are actually expended by the board, then in the succeeding fiscal year, the amount to be reimbursed to the General Fund between November 1 and November 10 shall be reduced by an amount equal to the unexpended appropriation of the preceding fiscal year.

(b) To reimburse the General Fund for funds advanced for costs incurred by the State Forester in administration of Section 4582.8 of the Public Resources Code as follows:

(1) Thirteen thousand five hundred dollars (\$13,500) for fiscal years 1975-76 and 1976-77.

(2) Amounts identified and approved in subsequent fiscal years as approved in the Budget Bill.

(c) To the Controller to allocate pursuant to Sections 38905 and 38905.1.

(d) To pay refunds authorized by this part of taxes imposed pursuant to Section 38115 and interest, penalties, and other amounts paid or collected pursuant to this part and deposited in the Timber Tax Fund.

SEC. 16. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that Section 10 of this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(Principal coauthors: Senators Alpert, Johnston, Karnette, and Polanco)

(Principal coauthors: Assembly Members Aguiar, Baca, Bustamante, Cardenas, Cardoza, Cedillo, Cunneen, Ducheny, Escutia, Frusetta, Gallegos, Havice, Hertzberg, Keeley, Kuehl, Kuykendall, Leonard, Mazzone, Migden, Miller, Napolitano, Oller, Prenter, Richter, Scott, Shelley, Takasugi, Torlakson, Washington, Wayne, Wildman, and Woods)

(Coauthors: Assembly Members Figueroa, Knox, Perata, Strom-Martin, Vincent, and Wright)

DECEMBER 2, 1996

An act to amend Sections 17260, 17262, 17303, 17305, 17306, and 17620 of, to add Sections 17009.3, 17009.5, 81134, 81135, and 81136 to, to add Chapter 12.5 (commencing with Section 17070.10) to Part 10 of, to add Part 68 (commencing with Section 100400) to, to repeal Section 15101 of, and to repeal and add Section 17261 of, the Education Code, to amend Section 1003 of the Elections Code, to amend Sections 65995 and 65996 of, and to add Sections 4420.5, 65995.5, 65995.6, 65995.7, 65997, and 65998 to, the Government Code, and to add and repeal Chapter 9 (commencing with Section 51450) to Division 31 of the Health and Safety Code, relating to education facilities, making an appropriation therefor, and by providing the funds necessary therefor through an election for, and the issuance and sale of, bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 50, Greene. Education: Leroy F. Greene School Facilities Act of 1998: Class Size Reduction Kindergarten-University Public Education Facilities Bond Act of 1998: school facilities construction: developers fees.

(1) Existing law prohibits an election on a bond measure of a school district or community college district within 45 days of a statewide election unless conducted at the same time as the statewide

SEC. 4. Chapter 12.5 (commencing with Section 17070.10) is added to Part 10 of the Education Code, to read:

CHAPTER 12.5. LEROY F. GREENE SCHOOL FACILITIES ACT OF 1998
Article 1. General Provisions

17070.10. This chapter shall be known, and may be cited, as the Leroy F. Greene School Facilities Act of 1998.

17070.15. The following terms, wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Apportionment" means a reservation of funds for the purpose of eligible new construction, modernization, or hardship approved by the board for an applicant school district.

(b) "Attendance area" means the geographical area serving an existing or proposed high school and those junior high schools and elementary schools included therein.

(c) "Board" means the State Allocation Board as established by Section 15490 of the Government Code.

(d) "Department" means the Department of General Services.

(e) "Committee" means the State School Building Finance Committee established pursuant to Section 15909.

(f) "Modernization" means any modification of a permanent structure that is at least 25 years old, or in the case of a portable classroom, that is at least 20 years old, that will enhance the ability of the structure to achieve educational purposes.

(g) "Property" includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(h) "School district" means a school district or a county office of education. For purposes of determining eligibility under this chapter, "school district" may also mean a high school attendance area.

(i) "Fund" means the 1998 State School Facilities Fund established pursuant to Section 17070.40.

(j) "County fund" means a county school facilities fund established pursuant to Section 17070.43.

(k) "Portable classroom" means a classroom building that is designed and constructed to be relocatable and transportable over public streets, and with respect to a single story portable classroom, is designed and constructed for relocation without the separation of the roof or floor from the building and when measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.

(l) "School building capacity" means the capacity of a school building to house students.

17070.20. The Director of General Services shall administer this chapter and shall provide assistance to the board as it requires.

17070.25. The department shall first publish applications for funding under this chapter by November 4, 1998, and shall be prepared to receive and expeditiously act upon applications on and after that date.

17070.30. The State Allocation Board is continued in existence for the purpose of this chapter. The members of the board and the Members of the Legislature meeting with the board shall have no compensation for their services under this chapter, but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties pursuant to this chapter, to be paid as an administrative expense.

17070.33. (a) The board shall adopt guidelines for use by

districts by June 30, 1999, to achieve measurable reductions in the costs of school facilities construction.

(b) The guidelines shall include, but need not be limited to, all of the following:

(1) Mechanisms designed to reduce the costs of professional fees.

(2) Mechanisms designed to reduce the costs of site preparation.

(3) Recommendations for the use of alternate cost-saving construction materials and methods.

(4) Recommendations regarding the joint use of core facilities.

(5) Mechanisms designed to reduce costs by incorporating efficiencies in schoolsite design.

(6) Recommendations regarding the use of cost-effective, efficient reusable facility plans.

(c) If a school district's matching funds include fees charged pursuant to Section 17620 or pursuant to Section 65995.5 or 65995.7 of the Government Code, or if a district receives funds pursuant to this chapter, the district shall consider the guidelines developed pursuant to this section as fully as is practicable.

(d) When the board adopts the guidelines, it shall not include any recommendation that would have a significant detrimental effect on educational programs.

17070.35. In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(a) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. However, the board shall have no authority to set the level of the fees of any architect, structural engineer, or other design professional on any project. The initial regulations adopted pursuant to this chapter shall be adopted as emergency regulations, and the circumstances related to the initial adoption are hereby deemed to constitute an emergency for this purpose. The initial regulations adopted pursuant to this chapter shall be adopted by November 4, 1998. If the initial regulations are not adopted by that date, the board shall report to the Legislature by that date, explaining the reasons for the delay.

(b) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(c) Determine the eligibility of school districts to receive apportionments under this chapter.

(d) Apportion funds to eligible school districts under this chapter.

17070.40. (a) A fund is hereby established in the State Treasury to be known as the 1998 State School Facilities Fund. All money in the fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated for expenditure pursuant to this chapter.

(b) The State Allocation Board may apportion funds to school districts for the purposes of this chapter from funds transferred to the 1998 State School Facilities Fund from any source.

(c) The board may make apportionments in amounts not exceeding those funds on deposit in the 1998 State School Facilities Fund, and any amount of bonds authorized by the State School Building Finance Committee, but not yet sold by the Treasurer.

(d) The board may make disbursements pursuant to any apportionment

made from any funds in the 1998 State School Facilities Fund, irrespective of whether there exists at the time of the disbursement an amount in the 1998 State School Facilities Fund sufficient to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.

17070.43. (a) A county school facilities fund is hereby established in the county treasury within each county for each school district in the county.

(b) The board may from time to time authorize the Controller to transfer any funds that the board may deem necessary from the 1998 State School Facilities Fund to the corresponding county fund in the county treasury. Interest on all funds deposited in the county fund shall be retained in that fund.

(c) Funds may be expended from the county fund by the recipient school district for qualifying school facilities expenditures set forth in Sections 17072.35 and 17074.25.

17070.45. This chapter shall not be construed to change the powers and duties of the State Department of Education or the Department of General Services with respect to schoolsites and the construction of school buildings as contained in Chapter 1 (commencing with Section 17211) and Chapter 3 (commencing with Section 17251) of Part 10.5.

17070.50. The board shall not apportion funds to any school district, unless the applicant school district has certified to the board that the services of any architect, structural engineer, or other design professional for any work under the project have been obtained pursuant to a competitive process that is consistent with the requirements of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and has done either of the following:

(a) Obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251.

(b) Certified to the board that it is in compliance with the standards set forth in subdivision (a).

17070.55. Upon request of any school district, the State Department of Education shall provide assistance in the evaluation and utilization of existing school facilities and the justification of the need for schoolsites, new facilities, and the rehabilitation or replacement of existing facilities, in accordance with board regulations.

17070.60. Funding decisions made by the board shall not, in themselves, make the board liable for any tort, breach of contract, or any other action for damages caused by a school district arising from new construction or modernization by the district. These contracts include, but are not limited to, contracts between the school district and its construction contractors, construction managers, architects, or engineers. The school district shall be liable for all torts, breaches of contract, or any other actions for damages caused by the school district.

17070.63. (a) The total funding provided under this chapter shall constitute the state's full and final contribution to the project and for eligibility for state facilities funding represented by the number of unhoused pupils for which the school district is receiving the state grant. As a condition of receipt of funds, a school district shall certify that the grant amount, combined with local funds, shall be sufficient to complete the school construction

project for which the grant is intended.

(b) Any funds provided to a school district under any article in this chapter may not be counted towards the local match for receipt of funds under any other article in this chapter.

(c) Any savings achieved by the district's efficient and prudent expenditure of these funds shall be retained by the district in the county fund for expenditure by the district for other high priority capital outlay purposes.

17070.65. From any moneys in the 1998 State School Facilities Fund, and approved for this purpose in the annual Budget Act, the board shall make available to the Director of General Services the amounts that the board determines necessary for the Department of General Services to provide the assistance, pursuant to this chapter, required pursuant to Section 15504 of the Government Code to facilitate the construction, modernization, reconstruction, or alteration of, or addition to, school buildings.

17070.70. (a) Title to all property acquired, constructed, or improved with funds made available under this chapter shall be held by the school district to which the board grants the funds.

(b) The applicant school district shall comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to, school buildings.

17070.75. (a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and to encourage school districts to maintain all buildings under their control, the board shall require an applicant school district to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, according to the highest priority to funding for the purposes set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for 20 years after receipt of funds under this chapter, a minimum amount equal to or greater than 3 percent of the applicant school district's general fund budget for that fiscal year. For the 1998-99 fiscal year and the 1999-2000 fiscal year, a school district may phase in this requirement by agreeing to certify the deposit of no less than 2 percent for the 1998-99 fiscal year and no less than 2 1/2 percent for the 1999-2000 fiscal year. Annual deposits to the fund established pursuant to paragraph (1) in excess of 2 1/2 percent of the district general fund budget may count towards the district's required match necessary to receive apportionments from the State School Deferred Maintenance Fund pursuant to Section 39619 to the extent that funds are used for purposes that qualify for funding under that section. In addition, any district contribution to this fund may be provided in lieu of meeting the ongoing maintenance requirements pursuant to Section 17014 to the extent the funds are used for purposes established in that section. This paragraph is applicable only to the following school districts:

(A) High school districts with an average daily attendance greater than 300 pupils.

(B) Elementary school districts with an average daily attendance greater than 900 pupils.

(C) Unified school districts with an average daily attendance

greater than 1,200 pupils.

(3) Certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited, or to be deposited, pursuant to paragraph (2). The plan may provide that the district need not expend all of its annual allocation for ongoing and major maintenance in the year in which it is deposited if the cost of major maintenance requires that the allocation be carried over into another fiscal year. However, any state funds carried over into a subsequent year shall not be counted toward the annual minimum contribution by the district. A plan developed in compliance with this section shall be deemed to meet the requirements of Section 17585.

(c) A district for which paragraph (2) of subdivision (b) does not apply shall certify to the board that it can reasonably maintain its facilities with a lesser level of maintenance.

17070.80. (a) All school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, as defined in Section 56026, shall be designed and located on the schoolsite so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both.

(b) The governing board of each applicant school district and the county office of education shall ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities.

(c) The State Allocation Board, after consultation with the State Department of Education and representatives from county offices of education, special education services regions, and school districts, shall develop and adopt any regulations necessary to implement this section.

(d) Notwithstanding any other provision of law, the requirement set forth in subdivision (a) may be waived, by the Superintendent of Public Instruction, only upon compliance with the following procedure:

(1) The applicant school district or county superintendent of schools shall file a written request for waiver that documents the reasons for its inability to comply with the requirement.

(2) The State Department of Education shall verify the reasons set forth pursuant to paragraph (1), including the documentation submitted, which verification shall be completed no later than 30 days after the filing of the request for waiver with the Superintendent of Public Instruction.

(3) The Advisory Commission on Special Education, as established under Section 33590, at its first scheduled meeting following the verification conducted pursuant to paragraph (2), shall review the request for waiver, accompanying documentation, and the verification findings of the State Department of Education. No later than 15 days following the date of that meeting, the commission shall submit its written comments and recommendations regarding the request for waiver to the Superintendent of Public Instruction.

(4) The Superintendent of Public Instruction shall review the comments and recommendations submitted by the Advisory Commission on Special Education prior to approving or rejecting the request for waiver.

(5) Any request for waiver, submitted in accordance with this section, that is not rejected within 60 days of its receipt by the State Department of Education, shall be deemed approved.

17070.85. Notwithstanding any other provision of law, a lien recorded on school district property that has been imposed pursuant to Section 16019 or 17030 shall be released on the operative date of

this section. The release shall conclusively protect any third party relying upon the same, and shall be acknowledged to permit recordation by the county recorder. On and after November 4, 1998, a lien may not be imposed pursuant to Section 16019 or Section 17030.

17070.90. As a part of its application, a school district shall certify that it has considered the feasibility of the joint use of land and facilities with other governmental entities in order to minimize school facilities costs. Funds provided pursuant to this chapter for growth and modernization may be used for the school portion of joint-use facilities.

17070.97. The board shall require the school district to insure against public liability or property damage in connection with any facility constructed or modernized with an apportionment under this chapter.

17070.98. A school district that does not have employees who possess adequate construction management experience may contract for the provision of construction management, and may use funds provided pursuant to Article 4 (commencing with Section 17072.10), Article 5 (commencing with Section 17072.20), and Article 7 (commencing with Section 17074.10) for the cost of those services as expressly authorized by Section 17072.35 and Section 17074.25.

Article 2. Existing School Building Capacity

17071.10. (a) The calculation determined by this article shall be made on a one-time basis, and will be used as the baseline for eligibility determinations pursuant to this chapter.

(b) Each school district that elects to participate in the new construction program pursuant to this chapter shall submit to the board a one-time report of existing school building capacity.

17071.25. (a) The existing school building capacity in the applicant school district or, where appropriate, in the attendance area, at the time of initial application shall be calculated pursuant to the following formula:

(1) Identify by grade level all permanent teaching stations existing in the school district or, where appropriate, the attendance area. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction, but shall not include portable buildings, except as provided in Section 17071.30.

(2) The assumed capacity of each calculated teaching station pursuant to paragraph (1) shall be 25 pupils for each teaching station used for kindergarten or for grades 1 to 6, inclusive, and 27 pupils for each teaching station used for grades 7 to 12, inclusive.

(3) Multiply the assumed capacity of each teaching station as specified in paragraph (2) by the number of teaching stations calculated under paragraph (1).

(4) The result of this computation shall be the number of pupils housed by grade level in the existing school building capacity of the applicant school district.

(b) The existing school building capacity of the applicant school district calculated under this section shall not include, in any school operated on a year-round schedule, any teaching station that has been in continuous use during the preceding five-year period primarily for the operation of a preschool program or programs.

17071.30. For purposes of determining the existing school building capacity, each applicant school district shall include each portable classroom, whether owned or leased, except as otherwise

provided in subdivision (a) or (b).

(a) Portable classrooms leased pursuant to Chapter 14 (commencing with Section 17085) shall be excluded from the existing school building capacity. Portable classrooms obtained by an applicant district pursuant to subdivision (b) of Section 17088.5 shall be excluded from the existing school building capacity, except as to any portable classroom or classrooms for which the district rejected the board's offer to purchase pursuant to that subdivision. Portable classrooms leased for a period of less than five years prior to the date of application shall not be included in existing school building capacity.

(b) The number of portable classrooms, reduced by the number of portable classrooms used as interim housing for modernization projects, that exceed 25 percent of the number of permanent classrooms available to the district shall not be included in the existing building capacity.

17071.33. For the purposes of determining existing school building capacity, the calculation shall be adjusted as required for first priority status pursuant to Section 17017.7 as that calculation would have been made under the policies of the board in effect immediately preceding September 1, 1998.

17071.35. Notwithstanding any other provisions of law, the maximum school building capacity for each applicant district shall be increased by the number of pupils reported by the Superintendent of Public Instruction for that grade level pursuant to Section 42268. This adjustment shall be calculated on the basis, at the district's option, of either the district as a whole or the appropriate attendance area.

17071.40. Each school on a year-round, multitrack calendar that has a density of 200 or more pupils enrolled per acre, that is located in a school district with 40 percent of its pupils attending multitrack, year-round schools shall be exempted from the increase in school building capacity required by Section 17071.35. Nothing in this section shall be construed as exempting the school from the requirements of Section 17071.33.

Article 3. New Construction Eligibility Determination

17071.75. After a one-time initial report of existing school building capacity has been completed, a school district's ongoing eligibility for new construction funding shall be determined by making all of the following calculations:

(a) Each school district that applies to receive funding for new construction shall calculate enrollment projections for the fifth year beyond the fiscal year in which the application is made. Projected enrollment shall be determined by utilizing the cohort survival enrollment projection system, as defined and approved by the board. The board may supplement the cohort survival enrollment projection by the number of unhoused pupils that are anticipated as a result of dwelling units proposed pursuant to approved and valid tentative subdivision maps.

(b) Add the number of pupils that may be adequately housed in the existing school building capacity of the applicant district as determined pursuant to Article 2 (commencing with Section 17071.10) to the number of pupils for which facilities were provided pursuant to this chapter after the existing school building capacity was determined pursuant to Article 2 (commencing with Section 17071.10).

(c) Subtract the number of pupils pursuant to subdivision (b) from

the number of pupils determined pursuant to subdivision (a).

(d) The calculations required to establish eligibility under this article shall result in a distinction between the number of existing unhoused pupils and the number of projected unhoused pupils.

17071.76. (a) Whenever the existing school building capacity in any high school attendance area prevents another high school attendance area from receiving the maximum per-unhoused-pupil grant specified for the school district as a whole, the eligibility may be computed separately for each high school attendance area.

(b) For the purposes of eligibility, a school district may combine two or more adjacent high school attendance areas pursuant to the following conditions:

(1) The funding eligibility is for the construction of a high school, junior high school, or elementary school located or to be located in any of those high school attendance areas.

(2) The high school, junior high school, or elementary school to be constructed is to serve pupils residing in each of those high school attendance areas.

(3) The combined eligibility reflects the eligibility to which each of the high school attendance areas would otherwise be entitled, reflecting the proportion of projected pupil enrollment in the school to be constructed, as calculated under this chapter, from each of those attendance areas.

Article 4. New Construction Grant Eligibility Determination

17072.10. (a) The board shall determine the applicant's maximum total new construction grant eligibility by multiplying the number of unhoused pupils calculated pursuant to Article 3 (commencing with Section 17071.75) in each school district with an approved application for new construction, by the per-unhoused-pupil grant as follows:

(1) Five thousand two hundred dollars (\$5,200) for elementary school pupils.

(2) Five thousand five hundred dollars (\$5,500) for middle school pupils.

(3) Seven thousand two hundred dollars (\$7,200) for high school pupils.

(b) The board shall annually adjust the per-unhoused-pupil apportionment to reflect construction cost changes, as set forth in the statewide cost index for class B construction as determined by the board.

(c) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(d) The board may establish a single supplemental per-unhoused-pupil grant in addition to the amounts specified in subdivision (a) based on the statewide average marginal difference in costs in instances where a project requires multilevel school facilities due to limited acreage. The district's application shall demonstrate that a practical alternative site is not available.

17072.12. In addition to the amount provided in Section 17072.10, the board may provide funding for assistance in site development and acquisition if all of the following are met:

(a) The amount of the site acquisition and development assistance does not exceed 50 percent of the cost of site development to the school district, plus the lesser of 50 percent of the site cost to

the school district or 50 percent of the appraised value of the site at the time the complete application is submitted, whichever is less.

(b) The school district certifies that there is no alternative available site, or that the district plans to sell an available site in order to use the proceeds of the sale for the purchase of the new site.

17072.15. In conjunction with the State Department of Education and the Department of Finance, the Legislative Analyst shall review the method of funding the construction and modernization of school facilities for special education pupils and the amount provided per unboxed special education pupil pursuant to Sections 17072.10 and 17074.10. Pursuant to this review, the Legislative Analyst shall recommend modifications to this method that he or she deems to be advisable on or before September 1, 1999.

Article 5. New Construction Funding Process

17072.20. (a) An applicant school district that has been determined by the board to meet the eligibility requirements for new construction funding set forth in Article 2 (commencing with Section 17071.10) or Article 3 (commencing with Section 17071.75) may submit at any time a request to the board for a project apportionment for all or a portion of the funding for which the school district is eligible.

(b) The application shall include, but shall not be limited to, the school district's determination of the amount of state funding that the district is otherwise eligible for relating to site acquisition, site development, new construction, and hardship funding provided pursuant to Article 8 (commencing with Section 17075.10), if any. The amount shall be reduced by the amount of the alternative fee collected pursuant to subdivision (a) of Section 65995.7 of the Government Code if a reimbursement election or agreement pursuant to Section 65995.7 of the Government Code is not in effect.

(c) The board shall verify and adjust, as necessary, and approve the district's application.

17072.25. (a) The board shall adopt regulations to develop a mechanism to rank approved applications for new construction funding. This mechanism shall be used to determine the priority of approved applications when state funds are insufficient.

(b) The ranking mechanism shall allocate priority points based upon the percentages of currently and projected unboxed pupils relative to the total population of the applicant district or attendance area and the total number of currently and projected unboxed pupils in an applicant district or attendance area.

(c) The board may award priority points based on other factors that in its judgment result in the most equitable distribution of resources among applicants. The additional factors may not constitute greater than a 10-percent weight in the overall priority ranking.

17072.30. Subject to the availability of funds, and to the determination of priority pursuant to Section 17072.25, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, and certification by the school district that the required 50 percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund, or will be expended by the district by the time the project is completed, in an amount at least equal to the proposed apportionment pursuant to

this chapter, prior to release of the state funds.

17072.32. For any project that has received an apportionment pursuant to Section 17072.30, funding shall be released in amounts equal to the amount of the local match upon certification by the district that the district has entered into a binding contract for completion of the approved project.

17072.33. In the case of site acquisition, a district may request that the state's share of site assistance be provided to the district in amounts equal to the amount of the local match when the district enters escrow for a site included within a project.

17072.35. A grant for new construction may be used for any and all costs necessary to adequately house new pupils in any approved project, and those costs may only include the cost of design, engineering, testing, inspection, plan checking, construction management, site acquisition and development, demolition, construction, acquisition and installation of portable classrooms, landscaping, necessary utility costs, utility connections and other fees, equipment including telecommunication equipment to increase school security, furnishings, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A grant for new construction may also be used to acquire an existing government or privately owned building, or a privately financed school building, and for the necessary costs of converting the government or privately owned building for public school use.

Article 6. Modernization Eligibility Determination

17073.10. Each school district that desires to receive an apportionment for modernization under this chapter shall submit an application in a form, and in the number of copies, that the board may require.

17073.15. A school district shall be eligible to receive an apportionment for modernization of permanent school buildings that are more than 25 years old, or in the case of portable classrooms that are at least 20 years old, and that have not been previously modernized with state funding.

17073.20. Funding may be approved for the modernization of any permanent school building that is more than 25 years old, or, in the case of any portable classroom that is more than 20 years old, as described in Section 17071.30, and that prior to November 4, 1998, had not been previously modernized with state funding.

Article 7. Modernization Apportionment

17074.10. (a) The board shall determine the total funding eligibility of a school district for modernization funding by multiplying the following amounts by each pupil of that grade level housed in permanent school buildings that are at least 25 years old or portable classrooms that are at least 20 years old, and that have not been previously modernized with state funding:

- (1) Two thousand two hundred forty-six dollars (\$2,246) for each elementary pupil.
- (2) Two thousand three hundred seventy-six dollars (\$2,376) for each middle school pupil.
- (3) Three thousand one hundred ten dollars (\$3,110) for each high school pupil.

(b) The board shall annually adjust the factors set forth in subdivision (a) according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined

by the board.

(c) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 17026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(d) It is the intent of the Legislature that the amounts provided pursuant to this article for school modernization do not include funding for administrative and overhead costs.

17074.15. The board shall release disbursements to school districts with approved applications for modernization, to the extent state funds are available for the state's 80-percent share, and the school district has provided its 20-percent local match. Subject to the availability of funds, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, and evidence that the certification by the school district that the required 20 percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund or will be expended by the district by the time of completion of the project, and evidence that the district has entered into a binding contract for the completion of that project. If state funds are insufficient to fund all qualifying school districts, the board shall fund all qualifying school districts in the order in which the application for funding was approved by the board.

17074.20. As a condition for the receipt of funds under this article, a school district shall ensure that all buildings modernized comply with Sections 17212, 17212.5, and 17213.

17074.25. A modernization apportionment may be used for an improvement to extend the useful life of, or to enhance the physical environment of, the school. The improvement may only include the cost of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, the replacement of portable classrooms, necessary utility costs, utility connection and other fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs, furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A modernization grant may not be used for costs associated with acquisition and development of real estate or for routine maintenance and repair.

Article 8. Hardship Application

17075.10. (a) A school district may apply for hardship assistance in cases of extraordinary circumstances.

(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).

(1) Demonstrate both of the following:

(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.

(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and

that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.

(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities.

17075.15. (a) From funds available from any bond act for the purpose of funding facilities for school districts with a financial hardship, the board may provide other construction, modernization, or relocation assistance as set forth in this chapter or Chapter 14 (commencing with Section 17085) to the extent that severe circumstances may require, and may adjust or defer the local financial participation, as pupil health and safety considerations require to the extent that bond act funds are provided for this purpose.

(b) The board shall adopt regulations for determining the amount of funding that may be provided to a district, and the eligibility and prioritization of funding, under this article.

(1) The regulations shall include a method for determining the amount, and sources, of financing that the school district could reasonably provide for school facilities. Further, the regulations shall also specify a method for determining required levels of local effort to obtain matching funds.

(2) The value of any unused local general obligation debt capacity and developer fees added to the needs analysis to reflect the district's financial hardship, available for the purposes of school facilities financing shall be considered when evaluating available resources for the purposes of the determination described in paragraph (1).

Article 9. Program Accountability

17076.10. (a) A school district that has received any funds pursuant to this chapter shall submit a summary report of expenditure of state funds and of district matching funds annually until all state funds and district matching funds are expended, and shall then submit a final report to the board. The board may require an audit of these reports or other district records to ensure that all funds received pursuant to this chapter are expended in accordance with program requirements.

(b) If the board finds that a participating school district has made no substantial progress towards increasing its pupil capacity or renovating its facilities within 18 months of the receipt of any funding pursuant to this chapter, the board shall rescind the apportionment in an amount equal to the unexpended funds.

(c) If the board, after the review of expenditures or audit has been conducted pursuant to subdivision (a), determines that a school district failed to expend funds in accordance with this chapter, the department shall notify the school district of the amount that must be repaid to the 1998 State School Facilities Fund within 60 days. If the school district fails to make the required payment within 60 days, the department shall notify the Controller and the school district in writing, and the Controller shall deduct an amount equal to the amount received by the school district under this subdivision, from the school district's next principal apportionment or apportionments of state funds to the school district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution. Any amounts obtained by the Controller shall be deposited into the 1998 State School Facilities Fund.

(d) If a school district has received an apportionment, but has

not met the criteria to have funds released pursuant to Section 17072.32 or 17074.15 within 18 months, the board shall rescind the apportionment and deny the district's application.

17072.32

requirements that apply to school buildings under this article. The department shall establish and maintain a list of the individuals, firms, and building officials or the authorized representatives of building officials so identified, and shall make that list available, upon request, to community college districts and other interested parties.

SEC. 15. Section 81136 is added to the Education Code, to read:

81136. (a) Upon submitting a complete application for review under this article, the applicant may request that the Department of General Services refer the documents necessary for the review of that application to a qualified plan review firm operating under contract with the department pursuant to Section 81135. The department immediately shall grant the request and refer the necessary documents to a qualified plan review firm if the applicant so requests. Upon completing the review, the qualified plan review firm shall submit the documents referred to it for the review of the application, together with the results of its review, to the Department of General Services.

(b) The Department of General Services shall establish a procedure governing the use by applicants of the review process alternative described in this section, including, but not limited to, provisions restricting the use of qualified plan review firms on the basis of conflict of interest.

SEC. 16. Part 68 (commencing with Section 100400) is added to the Education Code, to read:

PART 68. PUBLIC EDUCATION BONDS

CHAPTER 1. CLASS SIZE REDUCTION KINDERGARTEN-UNIVERSITY PUBLIC EDUCATION FACILITIES BOND ACT OF 1998

100400. This part shall be known and may be cited as the Class Size Reduction Kindergarten-University Public Education Facilities Bond Act of 1998.

100401. The incorporation of, or reference to, any provisions of California statutory law in this part includes all acts amendatory thereof and supplementary thereto.

100403. (a) Bonds in the total amount of nine billion two hundred million dollars (\$9,200,000,000), not including the amount of any refunding bonds issued in accordance with Chapter 2 (commencing with Section 100410) and Chapter 3 (commencing with Section 100450), or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this part and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established by Section 15909 and the Higher Education Facilities Finance Committee established pursuant to Section 67353 at any different times necessary to service expenditures required by the apportionments.

100405. For purposes of this part, "Chapter 12" means Chapter 12 (commencing with Section 17000) of Part 10 and "Chapter 12.5" means Chapter 12.5 (commencing with Section 17070.10) of Part 10.

CHAPTER 2. KINDERGARTEN THROUGH 12TH GRADE

Article 1. Kindergarten Through 12th Grade School Facilities
Program Provisions

100410. (a) Three billion three hundred fifty million dollars (\$3,350,000,000) of the proceeds of bonds issued and sold pursuant to this part shall be deposited in the 1998 State School Facilities Fund, which is established by Section 17070.40, and allocated by the State Allocation Board pursuant to this chapter. Before requesting the sale of bonds pursuant to Section 100432 for deposit in the State School Facilities Fund, the State Allocation Board shall request, pursuant to Section 100432, the sale of bonds sufficient to finance all projects for which application was made pursuant to the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000) of Part 10) and for which an application was approved for construction, but funding was not available, prior to November 4, 1998.

(b) In addition to the amount specified in subdivision (a), three billion three hundred fifty million dollars (\$3,350,000,000) of the bonds authorized by this chapter shall only be issued and sold pursuant to this chapter on or after July 1, 2000, and the proceeds of those bonds shall be deposited in the 1998 State School Facilities Fund and allocated by the State Allocation Board pursuant to this chapter.

100415. (a) All moneys deposited in the 1998 State School Facilities Fund pursuant to this chapter shall be available and, notwithstanding any other provision of law to the contrary, are hereby appropriated to provide aid to school districts of the state in accordance with the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000) of Part 10) and in accordance with the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10), to provide aid to school districts, county superintendents of schools, and county boards of education of the state in accordance with Section 100420, to provide funds to repay any money advanced or loaned to the 1998 State School Facilities Fund under any act of the Legislature, together with interest provided for in that act, and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

(b) The bonds issued and sold pursuant to this chapter shall fund kindergarten and grades 1 through 12, inclusive, school constructions for a four-year period.

100420. (a) Of the proceeds from the sale of bonds, issued and sold pursuant to this chapter, as specified in subdivision (a) of Section 100410, not more than three billion three hundred fifty million dollars (\$3,350,000,000) shall be allocated beginning in the 1998-99 fiscal year in accordance with the following schedule:

(1) Not less than one billion three hundred fifty million dollars (\$1,350,000,000) for project funding related to the growth in enrollment of applicant school districts under Chapter 12 and Chapter 12.5 that have incurred or will incur enrollment increases.

(2) Not less than eight hundred million dollars (\$800,000,000) for the reconstruction or modernization of facilities pursuant to Chapter 12 and Chapter 12.5.

(3) Not more than five hundred million dollars (\$500,000,000) shall be deposited in the Public School Critical Hardship Account, which is hereby established in the 1998 State School Facilities Fund and shall be allocated by the State Allocation Board to fund critical hardships as defined in Chapter 12.5. These funds may be expended for the acquisition of portable classrooms for use in accordance with Chapter 14 (commencing with Section 17085) of Part 10.

(4) (A) Not more than seven hundred million dollars (\$700,000,000) may be allocated to assist school districts with site acquisition and facilities-related costs of kindergarten and grades 1 to 3, inclusive, that are in the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28 and Chapter 19 (commencing with Section 17200) of Part 10, and to assist districts with the restoration of facilities that previously accommodated other programs and were displaced as a result of the implementation of class size reduction. On and after July 1, 2000, if applications for the total funds available under this paragraph have not been filed with the State Allocation Board, the funds for which applications have not been received may be allocated by the board to other high priority needs as the board determines. On and after July 1, 2003, any funds not allocated are available for other high priority needs.

(B) The funds allocated in subparagraph (A) shall be allocated to the State Department of Education to provide class size reduction facilities grants necessary to implement the K-3 Class Size Reduction Program established pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 and Chapter 19 (commencing with Section 17200) of Part 10. The department shall certify to the State Allocation Board the amount of funds needed for this purpose. The board shall transfer the amount of funds needed to the department. From these funds, the department shall award eligible districts forty thousand dollars (\$40,000) for each new option one class established for class size reduction for which the district had not previously received funding under class size reduction facilities programs.

(C) The remaining funds provided pursuant to subparagraph (A) shall be to provide funding for schoolsites that were eligible to receive a class size reduction land-locked waiver pursuant to Section 52122.6. The funds may be provided to districts to provide 50 percent of the cost of funding a facilities mitigation plan developed for the impacted site pursuant to Section 52122.7.

(D) Any funds not expended pursuant to subparagraphs (A), (B), or (C) shall be allocated to districts that request funding of forty thousand dollars (\$40,000) for each teaching station that (1) was displaced as a result of the implementation of class size reduction and (2) received less than forty thousand dollars (\$40,000) per teaching station in 1996-97 pursuant to Chapter 19 (commencing with Section 17200) of Part 10. Programs for which teaching stations may be restored may include child care, extended day care, school libraries, computer labs, and special education classrooms.

(b) Of the proceeds from the sale of bonds issued and sold pursuant to this chapter, as specified in subdivision (b) of Section 100410, not more than three billion three hundred fifty million dollars (\$3,350,000,000) shall be allocated beginning in the 2000-01 fiscal year in accordance with the following schedule:

(1) Not less than one billion five hundred fifty million dollars (\$1,550,000,000) for project funding related to the growth in enrollment of applicant school districts under Chapter 12.5 that have incurred or will incur enrollment increases.

(2) Not less than one billion three hundred million dollars (\$1,300,000,000) for the reconstruction or modernization of facilities pursuant to Chapter 12.5.

(3) Not more than five hundred million dollars (\$500,000,000) shall be deposited in the Public School Critical Hardship Account in the 1998 State School Facilities Fund and shall be allocated by the State Allocation Board to fund critical hardships as defined in Chapter 12.5. These funds may be expended for the acquisition of portable classrooms for use in accordance with Chapter 14 (commencing

with Section 17085) of Part 10.

(c) Districts may use funds allocated pursuant to paragraph (2) of subdivision (a) and paragraph (2) of subdivision (b) for one or more of the following purposes in accordance with Chapter 12.5:

(1) The purchase and installation of air-conditioning equipment and insulation materials, and related costs.

(2) Construction projects or the purchase of furniture or equipment designed to increase school security or playground safety.

(3) The identification, assessment, or abatement in school facilities of hazardous asbestos.

(4) Project funding for high priority roof replacement projects.

(5) Any other renovation or modernization of facilities pursuant to Chapter 12.5.

(d) Funds allocated pursuant to paragraph (1) of subdivision (a) and paragraph (1) of subdivision (b) may be utilized to provide new construction grants, without regard to funding priorities, for applicant county boards of education under Chapter 12.5 that are eligible for that funding or classrooms for severely handicapped pupils and funding for classrooms for county community school pupils.

(e) (1) The Legislature may amend this section to adjust the minimum funding amounts specified in paragraphs (1) and (2) of subdivision (a) and the maximum funding amounts specified in paragraphs (3) and (4) of subdivision (a), and to adjust the minimum funding amounts specified in paragraphs (1) and (2) of subdivision (b) and the maximum funding amount specified in paragraph (3) of subdivision (b), by either of the following methods:

(A) By a statute, passed in each house of the Legislature by rollcall vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with, and furthers the purposes of, this chapter.

(B) By a statute that becomes effective only when approved by the voters.

(2) Amendments pursuant to this subdivision may adjust the amounts to be expended pursuant to paragraphs (1) to (4), inclusive, of subdivision (a) or paragraphs (1) to (3), inclusive, of subdivision (b) or both, but may not increase or decrease the total amount to be expended pursuant to either subdivision.

Article 2. Kindergarten Through 12th Grade School Facilities Fiscal Provisions

100425. (a) Bonds in the total amount of six billion seven hundred million dollars (\$6,700,000,000), not including the amount of any refunding bonds issued in accordance with Section 100444, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established pursuant to Section 15909 at any different times necessary to service expenditures required by the apportionments.

100427. The State School Building Finance Committee, established

by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent of Public Instruction, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers and duties imposed upon those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide the assistance to the committee as it may require. The Attorney General of the state is the legal adviser of the committee.

100430. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law, except Section 16727 of the Government Code, apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the "board" for purposes of administering the 1998 State School Facilities Fund.

100432. Upon request of the State Allocation Board from time to time, supported by a statement of the apportionments made and to be made for the purposes described in Sections 100415 and 100420, the State School Building Finance Committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

100434. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

100435. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 100440, appropriated without regard to fiscal years.

100436. The State Allocation Board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not

exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

100438. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

100440. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds that have been authorized by the State School Building Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 1998 State School Facilities Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

100442. All money deposited in the 1998 State School Facilities Fund, that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

100444. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

100446. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

CHAPTER 3. HIGHER EDUCATION FACILITIES

Article 1. Program Provision

100450. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes

the University of California, the Hastings College of the Law, the California State University, the California Community Colleges, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the California Postsecondary Education Commission, the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, seven hundred fifty million dollars (\$750,000,000) per year into the next century.

(d) Proceeds from the sale of bonds issued and sold pursuant to this chapter may be used to fund construction on existing or new campuses and off-campus centers, including the construction of buildings and the acquisition of related fixtures, the renovation and reconstruction of facilities, site acquisition, the equipping of new, renovated, or reconstructed facilities, which equipment shall have an average useful life of 10 years; and to provide funds for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings at the University of California, the Hastings College of the Law, the California State University and the California Community Colleges.

(e) The purposes of this article include assisting in meeting the capital outlay financing needs of California's public higher education system.

100455. (a) Two billion five hundred million dollars (\$2,500,000,000) of the proceeds of bonds issued and sold pursuant to this part shall be deposited in the 1998 Higher Education Capital Outlay Bond Fund which is hereby established in the State Treasury. These funds shall be available for expenditure when appropriated.

(b) One billion two hundred fifty million dollars (\$1,250,000,000) of the bonds described in subdivision (a), shall only be issued and sold pursuant to this chapter on or after July 1, 2000.

100457. (a) Of the amount of bonds issued and sold pursuant to subdivision (b) of Section 100455, one hundred sixty-five million dollars (\$165,000,000) shall be allocated in the 2000-01 fiscal year to be available only for the following purposes:

(1) The development of new campuses of the University of California.

(2) The development of new campuses, small campuses with enrollments of less than 5,000 full-time equivalent students, and off-campus centers at the California State University and the California Community Colleges.

(b) The amount of the allocation of funds required pursuant to this section for the development of new campuses may be reduced by a future legislative act if the Legislature finds that state funds have been provided from sources other than the proceeds of bonds for capital outlay costs. The reduction shall be limited to the amount actually provided from sources other than bond proceeds.

100460. The Higher Education Facilities Finance Committee established pursuant to Section 67353 is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of providing funds to aid the University of California, the Hastings College of the Law, the California State University, and the California Community Colleges.

Article 2. Higher Education Fiscal Provisions

100500. (a) Bonds in the total amount of two billion five hundred

million dollars (\$2,500,000,000), not including the amount of any refunding bonds issued in accordance with Section 100555, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the Higher Education Facilities Finance Committee established pursuant to Section 67353 at any different times necessary to service expenditures required by the apportionments.

100510. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law, except Section 16727 of the Government Code, apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

(b) For the purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the 1998 Higher Education Capital Outlay Bond Fund is designated as the "board" for projects funded pursuant to this chapter.

(c) The proceeds of the bonds issued and sold pursuant to this chapter shall be available for the purpose of funding aid to the University of California, the Hastings College of the Law, the California State University, and the California Community Colleges, for the construction on existing or new campuses, and their respective off-campus centers, including the construction of buildings and the acquisition of related fixtures, renovation, and reconstruction of facilities, for the acquisition of sites upon which these facilities are to be constructed, for the equipping of new, renovated, or reconstructed facilities, which equipment shall have a useful life of at least 10 years, to provide funds for payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings.

100520. The Higher Education Facilities Finance Committee established pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments for the purposes described in this chapter that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the purposes described in this chapter and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

100525. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

100530. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 100545, appropriated without regard to fiscal years.

100535. The board, as defined in subdivision (b) of Section 100510, may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The board, as defined in subdivision (b) of Section 100510, shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

100540. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

100545. (a) For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds that have been authorized by the Higher Education Facilities Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 1998 Higher Education Capital Outlay Bond Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in this chapter by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan. Requests forwarded by a university or college shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2002-03 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college. Requests forwarded by the California Community Colleges shall be accompanied by a five-year capital outlay plan reflecting the needs and priorities of the community college system, prioritized on a statewide basis.

100550. All money deposited in the 1998 Higher Education Capital

Outlay Bond Fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

100555. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

100560. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

SEC. 17. Section 1003 of the Elections Code is amended to read:

1003. This chapter shall not apply to the following:

- (a) Any special election called by the Governor.
- (b) Elections held in chartered cities or chartered counties in which the charter provisions are inconsistent with this chapter.
- (c) School governing board elections consolidated pursuant to Section 5006 of the Education Code or initiated by petition pursuant to Section 5091 of the Education Code.
- (d) Elections of any kind required or permitted to be held by a school district located in a chartered city or county when the election is consolidated with a regular city or county election held in a jurisdiction that includes 95 percent or more of the school district's population.
- (e) County, municipal, district, and school district initiative, referendum, or recall elections.
- (f) Any election conducted solely by mailed ballot pursuant to Division 4 (commencing with Section 4000).
- (g) Elections held pursuant to Article 1 (commencing with Section 15100) of Chapter 1 of Part 10 of the Education Code.

SEC. 18. Section 4420.5 is added to the Government Code, to read:

4420.5. (a) Subdivision (b) of Section 4420 shall not apply to any construction or renovation project undertaken by a school district.

(b) The district may use owner-controlled or wrap-up insurance with regard to a construction or renovation project if the district makes the following determinations:

(1) Prospective bidders, including contractors and subcontractors, meet minimum occupational safety and health qualifications established to bid on the project. The evaluation of prospective bidders shall be based on consideration of the following factors:

(A) Serious and willful violations of Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, by a contractor or subcontractor during the past five-year period.

(B) The contractor's or subcontractor's workers' compensation experience modification factor.

(C) A contractor's or subcontractor's injury prevention program instituted pursuant to Section 3201.5 or 6401.7 of the Labor Code.

(2) The use of owner-controlled or wrap-up insurance will maximize the expenditure of public funds on the project in conjunction with the exercise of appropriate risk management.

(c) For purposes of this section, "owner-controlled or wrap-up insurance" means a series of insurance policies issued to cover all

12.5 (commencing with Section 17070.10) of Part 10 of the Education Code, as added by Section 4 of, this act shall become inoperative on November 4, 1998.

SEC. 33. Notwithstanding the requirements of Sections 9040, 9043, 9044, 9061, and 9082 of the Elections Code or any other provision of law, the Secretary of State shall submit Section 16 of this act to the voters at the November 3, 1998, statewide general election.

SEC. 34. Notwithstanding Section 13115 of the Elections Code, Section 16 of this act shall be placed first on the ballot for the November 3, 1998, statewide general election, and shall be designated as Proposition 1A.

SEC. 35. Notwithstanding Section 13282 of the Elections Code, the public shall be permitted to examine the condensed statement of the ballot title regarding the measure set forth in Section 16 of this act for not more than eight days, and the financial impact statement from the time it is received by the Secretary of State until the end of the eight days. Any voter may seek a writ of mandate for the purpose of requiring any statement of the ballot title, or portion thereof, to be amended or deleted only within that eight-day period.

SEC. 36. The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding the bond act contained in Section 16 of this act. If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding this act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall be mailed separately.

SEC. 37. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate school facilities to house the growing pupil population attending the California schools, to facilitate class size reduction, to renovate existing facilities, to provide for joint-use facilities, and to provide adequate higher education facilities to accommodate the growing number of students, it is necessary that this act take effect immediately.

CHAPTER 485

FILED WITH SECRETARY OF STATE SEPTEMBER 14, 1998

APPROVED BY GOVERNOR SEPTEMBER 13, 1998

PASSED THE ASSEMBLY AUGUST 18, 1998

PASSED THE SENATE AUGUST 13, 1998

AMENDED IN SENATE AUGUST 6, 1998

AMENDED IN SENATE JULY 8, 1998

AMENDED IN SENATE JUNE 11, 1998

INTRODUCED BY Committee on Judiciary (Escutia (Chair), Alby, Aroner, Baugh, Figueroa, Hertzberg, Keeley, Kuehl, Morrow, Ortiz, and Pacheco)

MARCH 12, 1998

An act to amend Sections 4840, 5040, 5051, 5681, 6009.3, 7507.10, 10085.5, 10133.1, 10133.15, 10133.5, 10145, 10165, 10231, 10231.2, 10232, 10232.1, 10232.4, 10236, 10236.2, 11000.1, 11010.2, 11010.4, 11018.3, 11018.12, 17505.2, 17538, 17762, 19556, 19846A, 19847A, 19942, 22252.5, 23817.5, 24045.14, 24045.15, and 25503.30 of, and to repeal Section 10223 of, the Business and Professions Code, to amend Sections 1714.45 and 2924c of, and to amend and renumber Section 3333.4 of, the Civil Code, to amend Sections 14312, 15052, and 16956 of the Corporations Code, to amend Sections 11301, 17016, 17203.5, 17591, 19116, 27405, 44279.7, 44306, 44308, 44759.4, 52122, 52122.1, 52124, 52181, 52183, 60640, 69621, 69629, and 89010 of, and to amend and renumber Section 17883 of, the Education Code, to amend Sections 3030, 4901, 7552, 7571, 7572, and 7575 of the Family Code, to amend Sections 1505, 13081, and 22050 of the Financial Code, to amend Sections 1348.2, 2052.1, 4600, and 7151 of, and to repeal Section 4606 of, the Fish and Game Code, to amend Section 12803 of, to repeal the heading of Article 2 (commencing with Section 11241) of Chapter 2 of Part 4 of Division 5 of, to repeal the headings of Chapter 4 (commencing with Section 16701) and Chapter 5 (commencing with Section 16801) of Part 1 of Division 9 of, and to repeal the heading of Article 5 (commencing with Section 39461) of Chapter 8 of Part 3 of Division 15 of, the Food and Agricultural Code, to amend Sections 6254, 12940, 15814.26, 15814.27, 21290, 22825.5, 51017.1, 53125, 54902.5, 73759, 75050, and 95022 of, to amend and renumber the heading of Chapter 2.1 (commencing with Section 68650) of Title 8 of, to amend and renumber Sections 68650, 68651, 68652, 68653, 68654, 68655, and 68656 of, to repeal Section 29550.2 of, and to repeal Chapter 12.8 (commencing with Section 7070) of Division 7 of Title 1 of, the Government Code, to repeal Section 651 of the Harbors and Navigation Code, to amend Sections 1206, 1357.52, 1746, 44056, 44401, 102425, and 111940 of, to amend and renumber Sections 40928 and 40929 of, and to amend and renumber the heading of Article 1.5 (commencing with Section 42320) of Chapter 4 of Part 4 of, the Health and Safety Code, to amend Sections 1760.5, 10273.4, 10700, 10841, and 14029 of the Insurance Code, to amend Sections 1295.5, 1776, 1813, 3710.3, 4064, 4600.3, and 5433 of the Labor Code, to amend Section 1011 of the Military and Veterans Code, to amend Sections 290, 290.4, 629.82, 830.3, 1054.2, 1203.1d, 11167.5, and 13764 of the Penal Code, to amend Section 22050 of the Public Contract Code, to amend Sections 6353 and 130051.18 of the Public Utilities Code, to amend Sections 69.5, 95.31, 97.3, 619, 3772.5, 7273, 7284.6, 7284.7, 17053.5, 18804, 18872, 19141.6, 19271, 19533, and 41136 of, and to amend and renumber Section 19721.6 of, the Revenue and Taxation Code,

to amend Section 1088.7 of the Unemployment Insurance Code, to amend Sections 12514, 12523.6, and 14602.7 of the Vehicle Code, to amend Sections 1811 and 13274 of the Water Code, to amend Sections 827.6 and 11478.2 of the Welfare and Institutions Code, and to amend Section 3 of Chapter 708 of the Statutes of 1997, relating to maintenance of the codes.

Bill Number: SB 1000

SEC. 45. Section 17016 of the Education Code is amended to read:

17016. (a) The board, by the adoption of rules, may establish priorities for the construction and leasing of projects to those school districts the pupils of which will benefit most. The board may make exceptions from established priorities when it determines that to do so will benefit the pupils affected.

(b) The board may adopt rules establishing priorities for the acquisition and leasing of portable classrooms to county superintendents of schools that will most benefit pupils needing a county community school. The board shall require each county superintendent of schools who leases portable classrooms pursuant to Section 17017.2 to demonstrate that the portable classrooms are utilized solely for operation of a county community school.

SEC. 46. Section 17203.5 of the Education Code is amended to read:

17203.5. Notwithstanding any other provision of law, to be eligible for funding under this chapter pursuant to Section 17203, a school district shall comply with the following:

(a) In the 1997-98 fiscal year, identify by grade level all available teaching stations in the schools in the school district that serve kindergarten or any grades 1 to 6, inclusive. For the purposes of this section, "teaching station" shall be determined as specified in Sections 17042.5 and 17042.7.

(b) Notwithstanding paragraphs (1) to (3), inclusive, of subdivision (b) of Section 52122.1, in the 1997-98 fiscal year, for the purposes only of determining eligibility for funding under subdivisions (c) to (i), inclusive, of Section 52122.1, a school district is not required to count teaching stations at a schoolsite leased to outside agencies prior to July 1, 1996.

SEC. 47. Section 17591 of the Education Code is amended to read:

17591. Each district desiring an apportionment pursuant to Section 39619 shall file with the State Allocation Board and receive approval of a five-year plan of the maintenance needs of the district over that five-year period. This plan may be amended from time to time. Any expenditure of funds from the district deferred maintenance fund shall conform to the plan approved by the State Allocation Board.

SEC. 48. Section 17883 of the Education Code is amended and renumbered to read:

17183. (a) From time to time, the authority may, by resolution, issue its revenue bonds in order to provide funds for any of the purposes of this chapter. Bonds may be issued to finance any of the following:

(1) A single project or financing of working capital for a single participating district.

(2) A series of projects or financings of working capital for a single participating district.

(3) A single project or financing of working capital for several participating districts.

(4) Several projects or financing of working capital for several participating districts.

(5) A joint venture school facilities construction project undertaken pursuant to Article 5 (commencing with Section 17060) of Chapter 12.

(b) Except as otherwise expressly provided by the authority, all revenue bonds shall be payable from any available revenues or moneys of the authority not otherwise pledged, subject only to any agreements with holders of particular bonds or notes pledging any particular revenue or moneys. Notwithstanding that revenue bonds issued pursuant to this section may be payable from a special fund,

the revenue bonds shall be, and shall be deemed to be for all purposes, negotiable instruments, subject only to the provisions of the revenue bonds for registration.

(c) The revenue bonds of the authority may be issued as serial bonds, term bonds, or the authority, in its discretion, may issue bonds of both types. The issuance shall be in accordance with the indenture, trust agreement, or resolution relating to the revenue bonds, which shall provide all of the following:

- (1) The date or dates of the bonds.
- (2) The date or dates upon which the bonds will mature, not to exceed 40 years from their respective dates.
- (3) The interest rate or rates, or methods of determining the interest rate or rates, of the bonds.
- (4) When the bonds are payable.
- (5) The denominations of the bonds.
- (6) The form of the bonds, which shall be either bearer or registered.
- (7) The registration privileges of the bonds.
- (8) The manner in which the bonds are to be executed.
- (9) The place or places at which the bonds shall be payable in lawful money of the United States of America.
- (10) The terms of redemption of the bonds.

(d) After giving due consideration to the recommendations of the participating district or districts, the revenue bonds of the authority shall be sold by the Treasurer at either a public or private sale at a price or prices, and upon the terms and conditions prescribed by the authority. The revenue bonds of the authority may be sold at, above, or below the par value of the bonds.

(e) Pending the preparation of the definitive bonds, the authority may issue interim receipts or certificates or temporary bonds which shall be exchanged for the definitive bonds.

(f) Any resolution authorizing the issuance of any bonds of the authority, or any issue of revenue bonds of the authority, may include any of the following provisions:

- (1) Provisions pledging all or any part of the proceeds of the bonds or revenue of a project or loan.
- (2) Provisions concerning the replacement of mutilated, destroyed, stolen, or lost bonds.
- (3) Provisions specifying insurance to be maintained on the project and the authorized uses of the proceeds of the insurance.
- (4) Covenants against the mortgaging or otherwise encumbering, selling, leasing, pledging, placing a charge upon, or otherwise disposing of the project prior to the payment of the bonds issued to finance the project.
- (5) Provisions specifying the events of default, terms upon which the bonds may be declared due before maturity, and the terms upon which the declaration and its consequences may be waived.
- (6) The rights, liabilities, powers, and duties arising upon the breach of any covenants, conditions, or obligations.
- (7) Vesting of the right to enforce covenants in a trustee.
- (8) The terms upon which all or any percentage of the bondholders may enforce covenants or duties.
- (9) Procedures for amending the terms of the resolution, with or without the consent of the holders of a specified number of bonds.
- (10) Provision for any other acts or things deemed necessary, convenient, or desirable by the authority to secure the bonds or improve their marketability.

(g) The validity of the authorization and issuance of any bond issue shall not be affected by proceedings for the acquisition, construction, or improvement of any project, or by contracts relating

to those proceedings. Any resolution authorizing the issuance of any bonds of the authority may provide authorization for the bonds to bear a statement certifying that they are issued pursuant to this chapter. Bonds bearing that statement shall be conclusively deemed valid and issued in conformity with this chapter. Reference on the face of the bonds to the resolution by its date of adoption shall incorporate the provisions of the resolution and of this chapter into the terms of the bonds.

(h) Members of the authority, or any person executing the revenue bonds of the authority, shall not incur personal liability on the bonds, nor shall these persons incur personal liability or accountability by reason of the issuance of the revenue bonds of the authority.

(i) The authority is authorized, out of any funds available for that purpose, to purchase revenue bonds of the authority. The authority may hold, pledge, cancel, or resell any bonds purchased under the authority of this subdivision, subject to, and in accordance with, agreements with bondholders.

(j) The financing or refinancing of projects or working capital may be provided pursuant to this chapter by means other than revenue bonds, at the discretion of the authority, including financing or refinancing through certificates of participation, or other interests, in bonds, loans, leases, installment sales, or other agreements of the participating district or districts. In this connection, the authority may do all things and execute and deliver all documents and instruments as may be necessary or desirable with regard to issuance of the certificates of participation or other means of financing or refinancing.

(k) The authority may by resolution issue its revenue bonds in the form of commercial paper.

SEC. 165. Section 3 of Chapter 708 of the Statutes of 1997 is amended to read:

Sec. 3. (a) Notwithstanding Sections 46201, 46202, and 46206 of the Education Code, the school districts identified in subdivision (b) which failed to maintain the level of instructional minutes required in paragraph (3) of subdivision (a) of Section 46201 of the Education Code in any of the fiscal years 1990-91 to 1994-95, inclusive, or with respect to the Ferndale Unified School District, the fiscal years 1990-91 to 1995-96, inclusive, and subject to fiscal penalties resulting from audits of instructional minutes, shall pay the lesser of one-quarter of the required fiscal assessment or 5 percent of the total revenue limit of the district commencing with the 1997-98 fiscal year and continuing until the full amount of the required fiscal assessment is paid. The Superintendent of Public Instruction shall make the necessary adjustments to facilitate apportioning the appropriate amounts from each school district's apportionments.

(b) The following school districts are subject to subdivision (a):

- (1) Butte Valley Unified School District.
- (2) Calaveras Unified School District.
- (3) Mina Union High School District.
- (4) Ferndale Unified School District.
- (5) Fort Sage Unified School District.
- (6) Graves Elementary School District.
- (7) Los Angeles Unified School District.
- (8) Parlier Unified School District.
- (9) Siskiyou Union High School District.

(c) In addition to the amount specified in subdivision (a), the Graves Elementary School District shall have one-half the amount specified in subdivision (b) of Section 41420 of the Education Code withheld from its apportionments on the same terms as specified in subdivision (a), if the district failed to comply with the 175-day minimum school year in any school year described in subdivision (a).

SEC. 166. Any section of any act enacted by the Legislature during the 1998 calendar year that takes effect on or before January 1, 1999, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 1998 calendar year and takes effect on or before January 1, 1999, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

CHAPTER 691

S.B. No. 1686

AN ACT to amend Sections 2571, 17047, 33050, 33590, 33595, 33596, 41601, 46200.5, 46201.5, 56031, 56032, 56050, 56155.5, 56301, 56329, 56343, 56345, 56361, 56363.1, 56364, 56364.1, 56366.3, 56366.4, 56381, 56426, 56501, 56505, 56505.1, 56506, and 56507 of, to amend and renumber Section 56364.5, as added by Chapter 854 of the Statutes of 1997, of, to add Sections 56041.5, 56043, 56302.5, 56341.5, and 56342.5 to, to add Article 3.5 (commencing with Section 56145) and Article 5.6 (commencing with Section 56170) to Chapter 2 of, and to add Article 7 (commencing with Section 56837) to Chapter 7.2 of, Part 30 of, to repeal Sections 33594 and 56365.5 of, to repeal and amend Sections 56001 and 56026 of, and to repeal and add Sections 56205 and 56345.1 of, the Education Code, and to amend Section 7570 of the Government Code, relating to special education.

[Approved by Governor September 21, 1998.]

[Filed with Secretary of State September 22, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1686, Solis. Special education.

Existing law requires school districts, county offices of education, and special education local plan areas to comply with state laws that conform to the federal Individuals with Disabilities Education Act, in order that the state may qualify for federal funds available for the education of individuals with exceptional needs. Existing law provides for the State Advisory Commission on Special Education.

This bill would change terminology and code section references in the Education Code to conform those provisions of the Education Code with the amended Individuals with Disabilities Education Act. The bill would change the composition and duties of the Advisory Commission on Special Education to conform with the Individuals with Disabilities Education Act. The bill would further repeal provisions of the Education Code that are no longer relevant. The bill would codify existing state regulations relating to pupil records and the implementation of a pupil's individualized education program. The bill would also make technical, nonsubstantive changes.

The bill would impose a state-mandated local program by imposing new duties on local education agencies in conformance with the provisions of the amended federal Individuals with Disabilities Education Act in regard to the identification, location, and assessment of individuals with exceptional needs, in regard to the transfer of parent's rights when an individual with exceptional needs reaches the age of 18, in regard to services provided to individuals with exceptional needs attending charter schools, in regard to private school

Additions or changes indicated by underline; deletions by asterisks * * *

3667

children with disabilities, and in regard to the individualized education program for individuals with exceptional needs. The bill would provide for the method of allocating to the state federal appropriations pursuant to Part B of the Individuals with Disabilities Education Act in conformance with that act.

Existing law requires each special education local plan area to submit a local plan to the Superintendent of Public Instruction.

This bill would impose a state-mandated local program by requiring each special education local plan area submitting a local plan to demonstrate that it has in effect policies, procedures, and programs that are consistent with state laws, regulations, and policies governing, among other things, a free appropriate public education and a comprehensive system of personnel development.

Existing law requires the superintendent to review the appropriateness of new public and nonpublic school special education placements of individuals with exceptional needs if the cost of the placement exceeds \$20,000.

This bill would repeal this provision.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 2571 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

2571. The Superintendent of Public Instruction shall make the following computations for each county superintendent of schools:

(a) Add the property tax revenues received for the 1977-78 fiscal year pursuant to subdivisions (b), (c) and (d) of Section 2500, Section 2501 for purposes of Section 1705, Section 2502 for purposes of Section 56811, Section 2505 for special education tuition charges, Section 42909 for purposes of Section 56604, and Section 56364 or Section 56364.2, as applicable. For purposes of this subdivision, section references are to sections effective during the 1977-78 fiscal year.

(b) Divide the sum computed pursuant to subdivision (a) by the total amount of property tax revenues received by the county superintendent of schools for the 1977-78 fiscal year.

(c) Multiply the quotient computed pursuant to subdivision (b) by the total amount of property tax revenues received by the county superintendent of schools for the then current fiscal year.

(d) Subtract the product computed pursuant to subdivision (c) from the total amount of property tax revenues received by the county superintendent of schools for the then current fiscal year.

(e) For purposes of subdivisions (c) and (d), "total property tax revenues" include taxes on the secured roll, taxes on the unsecured roll, prior year taxes and subventions of property taxes.

SEC. 2. Section 17047 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

17047. (a) The allowable new building area for the purpose of providing special day class and Resource Specialist Program facilities for special education pupils shall be negotiated and approved by the State Allocation Board, with any necessary assistance to be provided by the Special Education Division of the State Department of Education. The square footage allowances shall be computed within the maximum square footage set forth in the following schedule:

(b) The allowable new building area shall be computed by dividing the number of eligible pupils by the minimum required loading per classroom for special day classes for the type of pupils to be enrolled. No new or additional facility shall be provided for special day classes unless the number of additional eligible pupils equals one-third or more of the minimum required loading.

SEC. 3. Section 33050 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

33050. (a) The governing board of a school district or a county board of education may, on a districtwide or countywide basis or on behalf of one or more of its schools or programs, after a public hearing on the matter, request the State Board of Education to waive all or part of any section of this code or any regulation adopted by the State Board of Education that implements a provision of this code that may be waived, except:

(1) Article 1 (commencing with Section 15700) and Article 2 (commencing with Section 15780) of Chapter 6 of Part 10.

(2) Chapter 8 (commencing with Section 16000) and Chapter 9 (commencing with Section 16400) of Part 10.

(3) Chapter 22 (commencing with Section 17700), Chapter 23 (commencing with Section 17760), and Chapter 25 (commencing with Section 17785) of Part 10.

(4) Part 13 (commencing with Section 22000).

(5) Section 35735.1.

(6) Paragraph (8) of subdivision (a) of Section 37220.

(7) The following provisions of Part 23:

(A) Chapter 1 (commencing with Section 39000).

(B) Article 1 (commencing with Section 39100) to Article 6 (commencing with Section 39210), inclusive, of Chapter 2.

(C) Section 39248; Sections 39313 to 39325, inclusive; Sections 39360.5 and 39363 and subdivision (a) of Section 39363.5; and Sections 39618 to 39621, inclusive.

(8) Sections 52163, 52165, 52166, and 52178.

(9) Article 3 (commencing with Section 52850) of Chapter 12 of Part 28.

(10) The identification and assessment criteria relating to any categorical aid program, including Sections 52164.1 and 52164.6.

(11) Sections 41000 to 41360, inclusive; Sections 41420 to 41423, inclusive; Sections 41600 to 41866, inclusive; Sections 41920 to 42911, inclusive; Article 3 (commencing with Section 44930) of Chapter 4 of Part 25; Part 26 (commencing with Section 46000) and Chapter 6 (commencing with Section 48900) and Chapter 6.5 (commencing with Section 49060) of Part 27; or regulations in Title 5 of the California Code of Regulations adopted pursuant to Article 3 (commencing with Section 44930) of Chapter 4 of Part 25.

(12) Section 51513.

(13) Chapter 6.10 (commencing with Section 52120) of Part 28, relating to the Class Size Reduction Program.

(14) Section 56364.1, except that this restriction shall not prohibit the State Board of Education from approving any waiver of Section 56364 or Section 56364.2, as applicable, relating to full inclusion.

(15) Article 4 (commencing with Section 60640) of Chapter 5 of Part 33, relating to the STAR Program, and any other provisions of Chapter 5 (commencing with Section 60600) of Part 33 that establish requirements for the STAR Program.

(b) Any waiver of provisions related to the programs identified in Section 52851 shall be granted only pursuant to Article 3 (commencing with Section 52850) of Chapter 12 of Part 28.

(c) The waiver of an advisory committee required by law shall be granted only pursuant to Article 4 (commencing with Section 52870) of Chapter 12 of Part 28.

3670

Additions or changes indicated by underline; deletions by asterisks * * *

(3) The termination of the obligation of the district, special education local plan area, and county office, consistent with this part, to provide a program of special education to an individual or individuals with exceptional needs.

(4) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of facilities.

(d) Notwithstanding the provisions of subdivisions (a) and (b), for any fiscal year in which the amounts appropriated by Congress for the purposes of Section 1411 of Title 20 of the United States Code exceed four billion one hundred million dollars (\$4,100,000,000), a district, special education local plan area, or county office, may reduce expenditures from local funds for the education of individuals with exceptional needs by an amount that shall not exceed 20 percent of the amount of federal funds available under Part B of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and allocated to the district, special education local plan area, and county office which exceeds the amount of these funds received by the district, special education local plan area, or county office in the preceding fiscal year.

(e) A district, special education local plan area, or county office may reduce expenditures from local funds for the education of individuals with exceptional needs pursuant to subdivision (d) only if the superintendent determines that the district, special education local plan area, or county office is meeting the requirements of this part and the requirements of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) regarding the education of individuals with exceptional needs.

56842. The superintendent shall annually identify and submit to the Director of Finance recommendations for capacity-building and improvement grants for districts, special education local plan areas, or county offices for appropriation through the annual Budget Act. The capacity-building and improvement grants, if approved by the Legislature and the Governor, would be available to districts, special education local plan areas, and county offices pursuant to paragraph (4) of subsection (f) of Section 1411 of Title 20 of the United States Code. The capacity-building and improvement grant recommendations shall be submitted to meet the annual deadline of the Director of Finance for the development of the annual Budget Act.

SEC. 50. Section 7570 of the Government Code is amended to read:

7570. Ensuring maximum utilization of all state and federal resources available to provide * * * a child with a disability, as defined in * * * paragraph (3) of Section 1401 of Title 20 of the United States Code, with a free appropriate public education, the provision of related services, as defined in * * * paragraph (22) of Section 1401 of Title 20 of the United States Code, and designated instruction and services, as defined in Section 56363 of the Education Code, to * * * a child with a disability, shall be the joint responsibility of the Superintendent of Public Instruction and the Secretary of Health and Welfare. The Superintendent of Public Instruction shall ensure that this chapter is carried out through monitoring and supervision.

SEC. 51. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act implements a federal law or regulation and results only in costs mandated by the federal government, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 741

A.B. No. 89

AN ACT to amend Sections 17199.3 and 17199.4 of, and to repeal Section 94153 of, the Education Code, relating to educational facilities, and making an appropriation therefor.

[Approved by Governor September 22, 1998.]

[Filed with Secretary of State September 23, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

AB 89, Pringle. California School Finance Authority Act: California Educational Facilities Authority Act.

Existing law, known as the California School Finance Authority Act, establishes the California School Finance Authority and authorizes it to administer the continuously approp-

Additions or changes indicated by underline; deletions by asterisks * * *

3937

riated California School Finance Authority Fund. The act limits to \$400,000,000 the total amount of revenue bonds that may be issued under a provision of the act, which is to be repealed on January 1, 2006, that permits a participating school district or county office of education to obtain state assistance from the authority to guarantee or provide for payment of bonds issued under the act in connection with securing financing or refinancing of projects, except for working capital.

This bill would delete the \$400,000,000 limitation on the issuance of bonds under this bond guarantee or payment provision and delete the January 1, 2006, repeal date, thereby extending its duration indefinitely. This bill would make an appropriation by deleting the limitation on issuance of revenue bonds for, and extending the duration of, the bond guarantee or payment provisions, for which continuously appropriated funds could be expended.

Under existing law, the total amount of bonds authorized to be outstanding at any one time under the California Educational Facilities Authority Act, with respect to dormitory or educational facility projects, is \$2,600,000,000 and the total amount of bonds authorized to be outstanding at any one time under the act, with respect to student loan projects, is \$300,000,000.

This bill would make an appropriation by repealing these limitations.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. Section 17199.3 of the Education Code is amended to read:

17199.3. (a) The total amount of revenue bonds which may be issued and outstanding at any time for purposes of this chapter, other than those revenue bonds issued under Section 17199.4, shall not exceed four hundred million dollars (\$400,000,000).

(b) The total amount * * * that may be * * * outstanding at any time under this chapter * * *, for purposes of Section * * * 17199.4 only, shall not exceed four billion dollars (\$4,000,000,000).

(c) For purposes of subdivisions (a) and (b), bonds which meet any of the following conditions shall not be deemed to be outstanding:

- (1) Bonds which have been refunded pursuant to Section 17188.
- (2) Bonds for which money or securities in amounts necessary to pay or redeem the principal, interest, or any redemption premium on the bonds have been deposited in trust.
- (3) Bonds which have been issued to provide working capital.

SEC. 2. Section 17199.4 of the Education Code is amended to read:

17199.4. (a) Notwithstanding any other law, any participating school district or county office of education, in connection with securing financing or refinancing of projects, except working capital, pursuant to this chapter may elect to guarantee or provide for payment of the bonds in accordance with the following conditions:

(1) If a participating school district or county office of education adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds and identify a trustee appointed by the participating school district or county office of education or the authority for purposes of this section. The notice shall be provided not later than the date of issuance of the bonds.

(2) If, for any reason, the school district or county office of education will not make the payment of principal and interest at the time the payment is required, the participating school district or county office of education shall notify the trustee of that fact and of the amount of the deficiency. The trustee shall immediately communicate that information to the Controller.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the trustee in the amount of the deficiency for the purpose of making the required payment of principal or interest, or both. The Controller shall make that apportionment only from moneys in Section A of the State School Fund designated for apportionment

to the district pursuant to Section 42238 or to the county office of education pursuant to Section 2558.

(4) As an alternative to the procedures set forth in paragraphs (2) and (3), the participating school district or county office of education may provide a transfer schedule in its notice to the Controller of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to the trustee and the date for the transfers. The Controller shall, subject to the limitation in the last sentence of paragraph (3), make apportionments to the trustee of those amounts on the specified date for the purpose of making those transfers.

(b) The amount apportioned for a school district or for a county office of education pursuant to this section shall be deemed to be an allocation to the district or the county office of education for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits pursuant to Section 42238 for any school district or pursuant to Section 2558 for any county office of education, the revenue limit for any fiscal year in which funds are apportioned for the district or for the county office of education pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraphs (3) and (4) of subdivision (a).

(c)(1) School districts or county offices of education that elect to participate under this section shall apply to the authority. The authority shall consider each of the following priorities in making funds available:

(A) First priority shall be given to school districts or county offices of education that apply for funding for instructional classroom space.

(B) Second priority shall be given to school districts or county offices of education that apply for funding of modernization of instructional classroom space.

(C) Third priority shall be given to all other eligible costs, as defined in Section 17173.

(2) The authority shall prioritize applications at appropriate intervals.

(3) A school district electing to participate under this section that has applied for revenue bond moneys for the purposes of joint venture school facilities construction projects, pursuant to Article 5 (commencing with Section 17060) of Chapter 12, shall not be subject to the priorities set forth in paragraph (1) * * *.

(d) This section shall not be construed to make the State of California liable for any payment of principal or interest on any bonds or certificates of participation within the meaning of Section 1 of Article XVI of the California Constitution or otherwise, except as expressly provided in this section.

(e) A school district that has a qualified or negative certification pursuant to Section 42131, or a county office of education that has a qualified or negative certification pursuant to Section 1240, may not participate under this section.

(f) The authority shall report to the Legislature by January 1, 2001, on the number of school districts or county offices of education electing to participate under this section and on the financial stability of the participating school districts and county offices of education.

SCHOOLS AND SCHOOL DISTRICTS—PORTABLE
CLASSROOMS—LEASES

CHAPTER 848

A.B. No. 2696

AN ACT to amend Section 17089.2 of the Education Code, relating to portable classrooms.

[Approved by Governor September 24, 1998.]

[Filed with Secretary of State September 25, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2696, Cardoza. School facilities: portable classrooms.

Existing law, the State Relocatable Classroom Law of 1979, authorizes a school district or county superintendent of schools to purchase any portable classroom that is leased from the State Allocation Board by a school district or county superintendent of schools on July 1, 1991, for an amount equal to the purchase price paid by the board, including certain purchase costs, less the amount of any rent already paid to the board by the district or county superintendent of schools for that classroom.

This bill would apply these provisions to portable classroom leases on or prior to December 1, 1991, rather than on July 1, 1991.

The people of the State of California do enact as follows:

SECTION 1. Section 17089.2 of the Education Code is amended to read:

17089.2. Any portable classroom that is leased from the board by a school district or county superintendent of schools under this chapter on * * * or prior to December 1, 1991, may be purchased by that district or county superintendent of schools for an amount equal to

SEC. 2. It is the intent of the Legislature that funds will be appropriated in the annual Budget Act for purposes of Section 49471.5 of the Education Code.

**SCHOOLS AND SCHOOL DISTRICTS—CONSTRUCTION
OF FACILITIES—FUNDING**

CHAPTER 941

A.B. No. 191

AN ACT to add Section 17018.7 to the Education Code, relating to school facilities.

[Approved by Governor September 28, 1998.]

[Filed with Secretary of State September 29, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

AB 191, Napolitano. School facilities.

Existing law, the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (hereafter the Greene Act), authorizes the State Allocation Board (hereafter the board) to apportion state funding to applicant school districts for designated school facilities construction purposes. Existing law requires the board to grant first priority for construction funds to a school district with a substantial enrollment in multitrack year-round schools requesting state funding for 50% of the cost of a project, and second priority to school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project.

This bill would, notwithstanding any other provision of law to the contrary, permit a school district that has, within the previous 24-month period, constructed or otherwise acquired school facilities with 100% local funding, as defined, to apply for funding under the Greene Act for the construction of a gymnasium or multipurpose room. The bill would require the project to be accorded the funding priority status of a project for which funding is requested for only 50% of the cost if the board determines that the schoolsite does not have adequate facilities in that regard and would require the board to grant the school district a credit against its local matching share requirement of up to 50% of the costs of the project or the total local funds expended on the school facilities funded by 100% local funds within the immediately preceding 24-month period, whichever is less.

The people of the State of California do enact as follows:

SECTION 1. Section 17018.7 is added to the Education Code, to read:

17018.7. (a) Notwithstanding any other provision of law to the contrary, a school district that has, within the previous 24-month period, constructed or otherwise acquired school facilities with 100 percent local funding, may apply for funding for the construction of a gymnasium or multipurpose room on the site where it constructed or otherwise acquired school facilities with 100 percent local funding.

(b) If the State Allocation Board determines that the schoolsite does not have adequate gymnasium or multipurpose room facilities, the board may approve the application pursuant to this section.

(c) For an application approved pursuant to this section, the board shall grant the school district a credit against its local matching share requirement of up to 50 percent of the costs of the project or the total local funds expended by the school district on any school facilities funded by 100 percent local funds within the immediately preceding 24-month period, whichever is less.

(d) For an application approved under this section, the project shall be accorded the priority status that is otherwise accorded under Section 17017.7 to a project for which state funding is requested for only 50 percent of the costs.

5472

Additions or changes indicated by underline; deletions by asterisks * * *

(e) As used in this section "100 percent local funding" includes construction or acquisition of a school facility with 40 percent funding from the general fund of the school district and with the remainder of the local funding from the sale of surplus school property.

SCHOOLS AND SCHOOL DISTRICTS—SUMMER SCHOOL—FUNDING

CHAPTER 942

S.B. No. 1370

AN ACT to amend Section 42239 of the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1998.]

[Filed with Secretary of State September 29, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1370, Polanco. Education: summer school funding.

(1) Existing law requires the governing board of each school district that maintains any or all of grades 7 to 12, inclusive, to offer summer school instructional programs for pupils assessed as not meeting the district's adopted standards of proficiency in basic skills. Under existing law, school districts receive apportionments for summer school based generally on summer school attendance, adjusted for various factors. Under existing law, generally, a school district's maximum entitlement for reimbursement for pupil attendance in summer school programs offered for mathematics, science, English as a second language, or other core academic areas designated by the Superintendent of Public Instruction is an amount equal to 5% of the district's total enrollment for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to specified provisions.

This bill would, commencing in the 1998-99 fiscal year, except as otherwise provided by specified provisions, make a school district's maximum entitlement for reimbursement for pupil attendance in those summer school programs an amount equal to 7% of the district's total enrollment for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year. The bill would require the Superintendent of Public Instruction to reallocate to any school district any unexpended balance of the appropriations made for the current fiscal year for core academic summer school programs, as prescribed, to the extent of the shortfall in funding needed to provide supplemental instructional services offered under the bill. The bill would require the superintendent, if funds are not needed for that purpose, to reallocate to any school district any unexpended balance for reimbursement for pupil attendance in specified summer school programs. The bill would prohibit any district from receiving reimbursement for pupil attendance in summer school programs in excess of the district's enrollment for the prior fiscal year, multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year.

The bill would appropriate \$75,000,000 from the General Fund to the Superintendent of Public Instruction for allocation to school districts for the purposes of supplemental instructional programs established pursuant to specified provisions added by AB 1639 of the 1997 Regular Session. The bill would appropriate \$30,000,000 from the General Fund to the State Department of Education to augment a specified item of appropriation in the Budget Act of 1998 to provide remedial instruction in pupils in grades 7 to 9, inclusive, who have been retained or identified as being at risk of retention pursuant to specified provisions. The bill would appropriate \$94,146,000 from the General Fund to the Superintendent of Public Instruction for allocation to school districts, county offices of education, and other agencies receiving funding under a specified item of appropriation in the Budget Act of 1998 for providing cost-of-living adjustments and enrollment growth funding, to be distributed to each program that is funded under that item in a specified amount. For the purposes of making

CHAPTER 957

S.B. No. 2045

AN ACT to amend Section 17017.9 of the Education Code, relating to school facilities.

[Approved by Governor September 28, 1998.]

[Filed with Secretary of State September 29, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

SB 2045, Greene. School facilities construction.

Pursuant to existing law, the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (hereafter the Greene Act), the State Allocation Board (hereafter the board) is authorized to apportion state funding to applicant school districts for designated school facilities construction purposes. Existing law requires the board to grant first priority for construction funds to a school district with a substantial enrollment in multitrack year-round schools requesting state funding for 50% of the cost of a project, and second priority to school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project.

Additions or changes indicated by underline; deletions by asterisks * * *

5547

Existing law, notwithstanding these provisions, requires that, with certain exceptions, a project be accorded first priority if certain conditions are met, including, but not limited to, the requirement that the district document that it has incurred bonded indebtedness in an amount not less than 95% of the bonding capacity of the district, and that the district agree that all unexpended bonding capacity of the district, and all funding made available from prescribed sources, including, but not limited to, the Mello-Roos Community Facilities Act of 1982, and the Planning and Zoning Law, shall apply toward the district's 50% share of the costs of the project.

This bill would, instead, require the district to agree to apply 95% of the unexpended bonding capacity of the district, and would delete the provision limiting this amount to 50% of the cost of the project.

This bill would require the district, except as specified, to agree to apply developer fees toward the cost of projects for which the district requests Greene Act funding, would limit this provision to 50% of the cost of any project, and would exempt fees needed for interim housing for capital outlay purposes for modernization and new construction projects, school district administration capital outlay projects, and capital outlay projects for transportation needs.

This bill would include funding pursuant to the Mello-Roos Community Facilities Act of 1982, within the definition of bonded indebtedness for the purposes of the requirement that the district document that it has incurred bonded indebtedness in an amount not less than 95% of the bonding capacity of the district.

The bill would delete the reference to funding pursuant to the Planning and Zoning Law from the requirement that the district agree that certain funding be made available for the district's 50% share of the costs of the project.

This bill would authorize the board to recalculate program allowances and apportionments pursuant to these provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 17017.9 of the Education Code is amended to read:

17017.9. (a) Notwithstanding any other provision of law, a project shall be accorded, subject to subdivision (b), the priority status that otherwise is accorded under Section 17017.7 to a project for which state funding is requested for only 50 percent of the cost, if all of the following conditions are met:

(1) The applicant district documents to the satisfaction of the board that it has incurred bonded indebtedness in an amount not less than 95 percent of the bonding capacity of the district. "Bonded indebtedness" for the purposes of this section includes, but is not limited to, funding provided pursuant to Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code.

(2) The applicant district agrees that * * * up to 95 percent of the * * * unexpended bonding capacity of the district, existing on or after the date of the district's first application for project funding pursuant to this section, shall apply toward the cost of projects.

(3) Either of the following apply:

(A) * * * The applicant district agrees that developer fees imposed pursuant to Section 17620 shall apply toward the cost of projects for which the district requests state funding pursuant to this chapter, not to exceed 50 percent of the cost of any project. Fees needed for interim housing for capital outlay purposes for modernization and new construction projects, school district administration capital outlay projects, and capital outlay projects for transportation needs, are exempt from this requirement.

(B) * * * The applicant is a school district with an average daily attendance of 2,500 or less.

(b) An applicant district qualifying for the priority status described in subdivision (a) as to any project shall continue to be accorded that status for all subsequent projects under this chapter until the time that the bonding capacity of the district determined for purposes of that subdivision increases by 20 percent.

5548

Additions or changes indicated by underline; deletions by asterisks * * *

(c) The condition set forth in paragraph (2) of subdivision (a) shall apply until either the applicant district's eligibility under this section terminates pursuant to subdivision (b), or funding for the district is approved and apportioned under this chapter for a project for which 50 percent or more of the cost is provided by the district from funding sources other than any state program administered by the board, whichever occurs first.

(d) Notwithstanding any other provision of law, as to any project for which priority status is accorded pursuant to subdivision (a), the estimate of average daily attendance for the applicant district may be calculated, upon request of the district, in the manner set forth in subdivision (a) of Section 17040.3.

(e) The board may recalculate program allowances and apportionments pursuant to this section.

Additions or changes indicated by underline; deletions by asterisks * * *

CHAPTER 1076

S.B. No. 2126

AN ACT to amend Sections 22801, 22803, 22820, 23203, and 24201 of, and to add Sections 17193.5, 17199.5, 22147.5, 22260, and 22826 to, the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor September 30, 1998.]

[Filed with Secretary of State September 30, 1998.]

LEGISLATIVE COUNSEL'S DIGEST

SB 2126, Committee on Public Employment and Retirement. State Teachers' Retirement System: benefits.

(1) The State Teachers' Retirement Law authorizes members to receive additional service credit upon payment of contributions.

This bill would require those payments to be made in not more than 120 monthly installments. The bill would authorize purchase of up to 5 years of nonqualified service, as defined.

(2) Existing law authorizes redeposited refunded accumulated contributions to be made in not more than 60 monthly installments.

This bill would authorize repayment in 120 monthly installments.

(3) Existing law authorizes purchase of out-of-state service and excludes that service from vesting requirements.

This bill would delete that exclusion, except as specified.

(4) The California School Finance Authority Act authorizes the Controller, upon receipt of a deficiency notice from any school district or county office of education, to make specified apportionments to trustees.

This bill would require the Controller to allocate apportionments to public credit providers, as defined, rather than the trustee if the bonds were subject to a credit enhancement agreement. The bill would authorize the State Teachers' Retirement System to provide credit enhancement for bonds, notes, certificates of participation, or other evidence of indebtedness of school employees.

(5) The bill would incorporate additional changes in Section 24201 of the Education Code proposed by SB 610, that would become operative only if SB 610 and this bill are both chaptered and became effective on or before January 1, 1999, and this bill is chaptered last.

The people of the State of California do enact as follows:

SECTION 1. Section 17193.5 is added to the Education Code, to read:

17193.5. (a) For purposes of this section, "public credit provider" means any financial institution or combination of financial institutions, which consists either solely, or has as a member or participant, a public retirement system. Notwithstanding any other provision of law, a public credit provider may, in connection with providing credit enhancement for bonds, notes, certificates of participation, or other evidences of indebtedness of a school district or county office of education, require the school district or county office of education to agree to the following conditions:

Additions or changes indicated by underline; deletions by asterisks * * *

6597

(1) If a participating school district or county office of education adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds, notes, certificates of participation, or other evidence of indebtedness and identify the public credit provider that provided credit enhancement. The notice shall be provided not later than the date of issuance of the bonds.

(2) If, for any reason a public credit provider is required to make principal or interest payments or both pursuant to a credit enhancement agreement, the public credit provider shall immediately notify the Controller of that fact and of the amount paid out by the public credit provider.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the public credit provider in the amount of the payments made by the public credit provider for the purpose of reimbursing the public credit provider for its expenditures made pursuant to the credit enhancement agreement. The Controller shall make that apportionment only from moneys designated for apportionments to the school district pursuant to Section 42238 or to the county office of education pursuant to Section 2558 or to the community college district pursuant to Section 84750.

(b) The amount apportioned for a school district, a county office of education, or a community college district pursuant to this section shall be deemed to be an allocation to the district or the county office of education or the community college district for purposes of subdivision (b) or Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits or revenue levels pursuant to Section 42338 for any school district or pursuant to Section 2558 for any county office of education or pursuant to Section 84750 for any community college district, the revenue limit or revenue level for any fiscal year in which funds are apportioned for the district or for the county office of education pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraph (3) of subdivision (a).

SEC. 2. Section 17199.5 is added to the Education Code, to read:

17199.5. Notwithstanding Section 17199.4, if the bonds were subject to a credit enhancement agreement provided by a public credit provider pursuant to Section 17193.5 for which a payment for principal or interest, or both, has been made by the public credit provider, the Controller shall allocate to the public credit provider, rather than the trustee, the percentage of the apportionment to be made pursuant to this paragraph equal to the percentage of the outstanding indebtedness which is subject to the credit enhancement agreement.

SEC. 3. Section 22147.5 is added to the Education Code, to read:

22147.5. "Nonqualified service" means time during which creditable service subject to coverage by the plan is not performed, excluding time a member is eligible to purchase as permissive or additional service credit pursuant to Chapter 14 (commencing with Section 22800), Chapter 14.2 (commencing with Section 22820), and Chapter 14.5 (commencing with Section 22850).

SEC. 4. Section 22260 is added to the Education Code, to read:

22260. Notwithstanding any other provision of law, the system may provide credit enhancement for bonds, notes, certificates of participation, or other evidences of indebtedness of an employer, provided that any credit enhancement transaction satisfies the requirement of Section 22250 and does not constitute a prohibited transaction for purposes of Section 503 of the United States Internal Revenue Code.

SEC. 5. Section 22801 of the Education Code is amended to read:

22801. (a) A member who elects to receive additional service credit as provided in this chapter shall pay, prior to retirement, all contributions with respect to that service at the contribution rate for additional service credit, adopted by the board as a plan amendment, in effect at the time of election. Contributions shall be made in a lump sum, or in not more than 120 monthly installments. No installment, except the final installment, shall be less than twenty-five dollars (\$25).

(b) If the member is employed to perform creditable service subject to coverage by the plan at the time of the election, the contributions shall be based upon the compensation

(2) The member is credited with service that is not used as a basis for benefits under any other public retirement system, excluding the federal social security system, if he or she has attained age 55 years and retires concurrently under the Public Employees' Retirement System, the Legislators' Retirement System, the University of California Retirement System, or the San Francisco City and County Employees' Retirement System.

* * *

(b) Application for retirement under paragraph (2) of subdivision (a) may be made at any time.

SEC. 11. Section 24201 of the Education Code is amended to read:

24201. (a) A member may retire for service upon written application for retirement to the board, under paragraph (1) or (2) as follows:

(1) The member has attained age 55 years or more and has at least five years of credited * * * service, at least one year of which has been performed subsequent to the most recent refund of accumulated retirement contributions * * *. The five * * * years of credited service may include out-of-state service purchased pursuant to Section 22820.

(2) The member is credited with service that is not used as a basis for benefits under any other public retirement system, excluding the federal social security system, if he or she has attained age 55 years and retires concurrently under the Public Employees' Retirement System, the Legislators' Retirement System, the University of California Retirement System, county retirement systems established under the County Employee Retirement Law of 1937, or the San Francisco City and County Employees' Retirement System.

* * *

(b) Application for retirement under paragraph (2) of subdivision (a) may be made at any time.

SEC. 12. Section 11 of this bill incorporates amendments to Section 24201 of the Education Code proposed by both this bill and SB 610. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 24201 of the Education Code, and (3) this bill is enacted after SB 610, in which case Section 10 of this bill shall not become operative.

SCHOOLS AND SCHOOL DISTRICTS—FACILITIES—
DISABLED VETERANS

CHAPTER 133

A.B. No. 1633

AN ACT to add Section 17076.11 to the Education Code, relating to school facilities.

[Filed with Secretary of State July 20, 1999.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1633, Floyd. School facilities: disabled veteran business enterprises.

Existing law, the Leroy F. Greene School Facilities Act of 1998, among other things, establishes the continuously appropriated 1998 State School Facilities Fund, appropriates money to school facilities funds from which the State Allocation Board may apportion to school districts for school facility purposes.

This bill would require any school district using funds allocated pursuant to the act for the construction or modernization of a school building, to have a participation goal of not less than 3% per year, of the overall dollar amount expended each year to the school district for disabled veteran business enterprises.

The people of the State of California do enact as follows:

SECTION 1. Section 17076.11 is added to the Education Code, to read:

17076.11. Any school district using funds allocated pursuant to this chapter for the construction or modernization of a school building, shall have a participation goal of at least 3 percent, per year, of the overall dollar amount expended each year by the school district, for disabled veteran business enterprises.

SCHOOLS AND SCHOOL DISTRICTS—PUPIL
SAFETY—CLASSROOM TELEPHONES

CHAPTER 709

A.B. No. 1136

AN ACT to add Article 10 (commencing with Section 17077.10) to Chapter 12.5 of Part 10 of, and to add Section 17096 to, the Education Code, relating to school facilities.

[Filed with Secretary of State October 10, 1999.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1136, Strom-Martin. School facilities: pupil safety: classroom telephones.

Existing law, the Field Act, requires school buildings, as defined, to meet various safety specifications. Existing law, the Leroy F. Greene School Facilities Act of 1998 (Greene Act), provides funding to school districts to finance the construction, as defined, of school facilities. Existing law, the State Relocatable Classroom Law of 1979, requires the State Allocation Board to lease portable classrooms to qualifying school districts and county superintendents of schools. The State Relocatable Classroom Law of 1979 authorizes any qualifying school district, or under a joint powers agreement between any combination of one or more school districts or county superintendents of schools, to purchase portable classrooms.

This bill, so as to enhance pupil safety, would require, commencing with applications submitted on or after January 1, 2000, any school district applying for funding pursuant to the Greene Act to include in its plans and specifications for the construction or fabrication of a

4100

Additions or changes indicated by underline; deletions by asterisks * * *

new or modernized school building, as defined, that includes the construction or fabrication of new or modernized classrooms, a hard-wired connection to a public switched network in each new or modernized classroom.

This bill would require, commencing with leases entered into on or after January 1, 2000, the plans and specifications for portable classrooms funded under the State Relocatable Classroom Law of 1979 to include a provision for a telephone in each portable classroom. The bill would provide that these requirements may be met by utilizing wireless technology equal to a hard-wired connection to a public switched telephone network.

The people of the State of California do enact as follows:

SECTION 1. Article 10 (commencing with Section 17077.10) is added to Chapter 12.5 of Part 10 of the Education Code, to read:

Article 10. School Project Safety Components

17077.10. (a) It is a goal of the Legislature to eventually enhance pupil safety by equipping all elementary and secondary school classrooms with a telephone hook connected to a public switched network.

(b) The Legislature finds and declares that as of 1999, there are approximately 205,000 classrooms in California's elementary and secondary schools and only a small, undetermined percentage of these classrooms have telephones. The Legislature finds and declares that in order to protect the safety of pupils, schools should be integrated into local emergency, information, and interagency health and safety, networks with up-to-date telecommunications systems. Connection to these systems would also facilitate community and parent interaction with teachers and schools, and thereby further enhance pupil safety.

(c) "School building" as used in this section means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or by any city or city and county, or by any political subdivision, or by any school district of any kind within the state, or by any regional occupational center or program, established by or authorized to act by any agreement under joint exercise of power, or by the United States government, or any agency thereof. This definition includes any fabrication, construction, or alteration of a relocatable school building.

(d) Commencing with applications submitted on or after January 1, 2000, any school district applying for funding pursuant to this chapter shall include in its plans and specifications for the construction or fabrication of a new or modernized school building, that includes the construction or fabrication of new or modernized classrooms, a hard-wired connection to a public switched telephone network in each new or modernized classroom. However, a school district may meet this requirement by utilizing wireless technology equal to a hard-wired connection to a public switched telephone network.

SEC. 2. Section 17096 is added to the Education Code, to read:

17096. Commencing with leases entered into on or after January 1, 2000, the plans and specifications for portable classrooms funded pursuant to this chapter shall include a provision for a telephone in each portable classroom. The connection from the portable classroom to a public switched telephone network, as set forth in Section 17077.10, shall be made by the school district at the time of the installation of the building. However, a school district may meet this requirement by utilizing wireless technology equivalent to a hard-wired connection to a public switched telephone network.

SCHOOLS AND SCHOOL DISTRICTS—FACILITIES—CONSTRUCTION

CHAPTER 858

A.B. No. 695.

AN ACT to amend Sections 15340, 17009.5, 17070.15, 17070.75, 17071.10, 17071.25, 17071.75, 17072.10, 17072.20, 17074.10, 17076.10, and 100420 of, to add Section 17072.17 to, and to repeal Section 15341 of, the Education Code, to amend Section 1003 of the Elections Code, and to amend Sections 65995.5 and 65995.6 of the Government Code, relating to school facilities.

[Filed with Secretary of State October 10, 1999.]

LEGISLATIVE COUNSEL'S DIGEST

AB 695, Mazzoni. School facilities: construction and modernization.

Existing law, the Leroy F. Greene School Facilities Act of 1998, (the Greene Act of 1998) establishes a program in which the State Allocation Board is required to provide state per-pupil funding, including hardship funding, for new school facilities construction and school facilities modernization to applicant school districts, as defined, and requires applicants to provide local matching funds.

This bill would authorize the board to adopt or amend regulations on or after January 1, 2000, to adjust the assumed capacity for each teaching station used for nonsevere or severe special day class purposes after considering the recommendations of the Legislative Analyst required pursuant to existing law, which would be implemented upon approval of the Director of Finance.

This bill would authorize the board to adopt, on or after January 1, 2001, regulations establishing assumed capacity standards, after consideration of recommendations developed by the Director of Finance, for continuation high school, community day school, county

Additions or changes indicated by underline; deletions by asterisks * * *

4889

This bill would, instead, authorize that the unexpended funds be allocated in this manner. Existing law authorizes the governing board of a school district to impose an amount calculated pursuant to a prescribed formula in lieu of amounts that may be imposed upon residential construction pursuant to prescribed provisions of law, and with certain exceptions, requires that these amounts be expended solely on school facilities identified as being attributable to projected growth from the construction of new residential units. Existing law limits site development costs for these purposes to 2 times the amount funded by the State Allocation Board.

This bill would recast those provisions and would make this limitation applicable to expenditure of fees assessed pursuant to provisions permitting increased fees when state funds for new school construction are not available. The bill would limit site development costs for these purposes to the estimated amount that would be funded by the State Allocation Board pursuant to its regulations.

Existing law requires the governing board of a school district to conduct a facility needs analysis for this purpose, and permits its revision at any time.

This bill would require recalculation of the school building capacity for those purposes as part of any revision of the needs analysis.

The people of the State of California do enact as follows:

SECTION 1. Section 15340 of the Education Code is amended to read:

15340. (a) After adopting the resolution ordering the formation of the school facilities improvement district, the governing board may provide for and call a special bond election within the school facilities improvement district to, or may at the next statewide election, submit to the voters of the school facilities improvement district a proposition of whether or not an indebtedness of the district shall be incurred and bonds issued therefor in an amount not exceeding the estimate stated in the resolution ordering the school facilities improvement district formed. Notwithstanding any other provision of law, any special election called pursuant to this section may be called for any date except as set forth in Section 1100 of the Elections Code.

(b) The indebtedness and the bonds shall be payable from taxes to be levied and collected upon lands located within the school facilities improvement district.

SEC. 2. Section 15341 of the Education Code is repealed.

SEC. 3. Section 17009.5 of the Education Code is amended to read:

17009.5. (a) On and after November 4, 1998, the board shall only approve and fund school facilities construction projects pursuant to Chapter 12.5 (commencing with Section 17070.10).

(b) A school district with a first priority project that has received a construction approval by the Department of General Services, Division of the State Architect, or a joint-use project approval by the board, prior to November 4, 1998, for growth or modernization pursuant to this chapter shall receive funding pursuant to this chapter for all unfunded approved project costs as it would have received under this chapter, and the increased capacity assigned to the project shall be included in calculating the district's capacity pursuant to Chapter 12.5 (commencing with Section 17070.10). Funds received for projects described in this subdivision shall constitute the state's final and full contribution to these projects. The board shall not consider additional project funding except when otherwise authorized under Chapter 12.5 (commencing with Section 17070.10).

(c) A school district with a second priority project that has received a construction approval by the Department of General Services, Division of the State Architect prior to November 4, 1998, for growth or modernization pursuant to this chapter shall elect to do either of the following:

(1) Withdraw the application under this chapter, submit an initial report and application pursuant to Chapter 12.5 (commencing with Section 17070.10), and receive per pupil allocations as set forth in Chapter 12.5 (commencing with Section 17070.10). * * * If the district withdraws the application, any funds previously allocated under this chapter for the project shall be offset from the first grant to the district under Chapter 12.5 (commencing with Section 17070.10).

Additions or changes indicated by underline; deletions by asterisks * * *

4891

(2) Convert the second priority project approved under this chapter to a first priority status and receive funds in accordance with this chapter.

(d) Notwithstanding priorities established pursuant to Chapter 12.5 (commencing with Section 17070.10), projects authorized for funding as set forth in this section shall be funded by the board pursuant to this chapter prior to funding other projects pursuant to Chapter 12.5 (commencing with Section 17070.10).

(e) For purposes of funding priority for modernization grants under Chapter 12.5 (commencing with Section 17070.10), a district that applies under subdivision (b) or paragraph (1) of subdivision (c) shall retain its original project approval date.

(f) Notwithstanding Section 17017.1, West Contra Costa Unified School District shall be eligible for state facilities funds beginning November 4, 1998.

(g) The State Allocation Board shall adopt regulations to ensure that an appropriate offset is made from funds approved pursuant to this chapter, for funds awarded to school districts pursuant to Chapter 12 (commencing with Section 17000) prior to November 4, 1998.

SEC. 4. Section 17070.15 of the Education Code is amended to read:

17070.15. The following terms, wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Apportionment" means a reservation of funds for the purpose of eligible new construction, modernization, or hardship approved by the board for an applicant school district.

(b) "Attendance area" means the geographical area serving an existing or proposed high school and those junior high schools and elementary schools included therein.

(c) "Board" means the State Allocation Board as established by Section 15490 of the Government Code.

(d) "Department" means the Department of General Services.

(e) "Committee" means the State School Building Finance Committee established pursuant to Section 15909.

(f) "Modernization" means any modification of a permanent structure that is at least 25 years old, or in the case of a portable classroom, that is at least 20 years old, that will enhance the ability of the structure to achieve educational purposes.

(g) "Property" includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(h) "School district" means a school district or a county office of education. For purposes of determining eligibility under this chapter, "school district" may also mean a high school attendance area.

(i) "Fund" means the 1998 State School Facilities Fund established pursuant to Section 17070.40.

(j) "County fund" means a county school facilities fund established pursuant to Section 17070.43.

(k) "Portable classroom" means a classroom building of one or more stories that is designed and constructed to be relocatable and transportable over public streets, and with respect to a single story portable classroom, is designed and constructed for relocation without the separation of the roof or floor from the building and when measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.

(l) "School building capacity" means the capacity of a school building to house pupils.

SEC. 5. Section 17070.75 of the Education Code is amended to read:

17070.75. (a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

(b) In order to ensure compliance with subdivision (a) and to encourage school districts to maintain all buildings under their control, the board shall require an applicant school district to do all of the following prior to the approval of a project:

4892

Additions or changes indicated by underline; deletions by asterisks * * *

(1) Establish a restricted account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, according the highest priority to funding for the purposes set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for 20 years after receipt of funds under this chapter, a minimum amount equal to or greater than 3 percent of the applicant school district's general fund budget for that fiscal year. For the 1998-99 fiscal year and the 1999-2000 fiscal year, a school district may phase in this requirement by agreeing to certify the deposit of no less than 2 percent for the 1998-99 fiscal year and no less than 2½ percent for the 1999-2000 fiscal year. Annual deposits to the fund established pursuant to paragraph (1) in excess of 2½ percent of the district general fund budget may count towards the district's * * * matching funds requirement necessary to receive apportionments from the State School Deferred Maintenance Fund pursuant to Section 39619 to the extent that funds are used for purposes that qualify for funding under that section. In addition, any district contribution to this fund may be provided in lieu of meeting the ongoing maintenance requirements pursuant to Section 17014 to the extent the funds are used for purposes established in that section. This paragraph is applicable only to the following school districts:

(A) High school districts with an average daily attendance greater than 300 pupils.

(B) Elementary school districts with an average daily attendance greater than 900 pupils.

(C) Unified school districts with an average daily attendance greater than 1,200 pupils.

(3) Certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited, or to be deposited, pursuant to paragraph (2). The plan may provide that the district need not expend all of its annual allocation for ongoing and major maintenance in the year in which it is deposited if the cost of major maintenance requires that the allocation be carried over into another fiscal year. However, any state funds carried over into a subsequent year shall not be counted toward the annual minimum contribution by the district. A plan developed in compliance with this section shall be deemed to meet the requirements of Section 17585.

(c) A district to which paragraph (2) of subdivision (b) does not apply shall certify to the board that it can reasonably maintain its facilities with a lesser level of maintenance.

(d) For the purposes of calculating a county office of education requirement pursuant to this section, the 3 percent maintenance requirement shall be calculated based upon the county office of education general fund less any restricted accounts.

SEC. 6. Section 17071.10 of the Education Code is amended to read:

17071.10. (a) The calculation determined by this article shall be made on a one-time basis, and will be used as the baseline for eligibility determinations pursuant to this chapter.

(b) Each school district that elects to participate in the new construction program pursuant to this chapter shall submit to the board a one-time report of existing school building capacity.

(c) Notwithstanding subdivisions (a) and (b), a school district newly formed, reorganized, or affected by reorganization, pursuant to an election that occurred on or after November 4, 1998, shall calculate or recalculate its existing school building capacity pursuant to regulations adopted by the State Allocation Board.

SEC. 7. Section 17071.25 of the Education Code is amended to read:

17071.25. (a) The existing school building capacity in the applicant school district or, where appropriate, in the attendance area, at the time of initial application shall be calculated pursuant to the following formula:

(1) Identify by grade level all permanent teaching stations existing in the school district or, where appropriate, the attendance area. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction, but shall not include portable buildings, except as provided in Section 17071.30.

17072.10. (a) The board shall determine the applicant's maximum total new construction grant eligibility by multiplying the number of unhoused pupils calculated pursuant to Article 3 (commencing with Section 17071.75) in each school district with an approved application for new construction, by the per-unhoused-pupil grant as follows:

- (1) Five thousand two hundred dollars (\$5,200) for elementary school pupils.
- (2) Five thousand five hundred dollars (\$5,500) for middle school pupils.
- (3) Seven thousand two hundred dollars (\$7,200) for high school pupils.

(b) The board shall annually adjust the per-unhoused-pupil apportionment to reflect construction cost changes, as set forth in the statewide cost index for class B construction as determined by the board.

(c) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(d) The board may establish a single supplemental per-unhoused-pupil grant in addition to the amounts specified in subdivision (a) based on the statewide average marginal difference in costs in instances where a project requires multilevel school facilities due to limited acreage. The district's application shall demonstrate that a practical alternative site is not available.

(e) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to seven thousand five hundred dollars (\$7,500) for any new construction project assistance. The amount of the supplemental apportionment authorized pursuant to this subdivision shall be adjusted in 2001 and every year thereafter by an amount equal to the percentage adjustment for class B construction. This subdivision shall be operative only until January 1, 2003.

SEC. 10. Section 17072.17 is added to the Education Code, to read:

17072.17. In conjunction with the State Department of Education, the Department of Finance, and the Legislative Analyst, the Department of General Services shall review the method of funding the construction and modernization of school facilities for continuation high school, community day school, county community school, and county community day school, teaching stations pursuant to Sections 17072.10 and 17074.10. Pursuant to this review, the Director of General Services shall, by September 1, 2000, recommend modifications to this method that he or she deems to be advisable.

SEC. 11. Section 17072.20 of the Education Code is amended to read:

17072.20. (a) An applicant school district that has been determined by the board to meet the eligibility requirements for new construction funding set forth in Article 2 (commencing with Section 17071.10) or Article 3 (commencing with Section 17071.75) may submit at any time a request to the board for a project apportionment for all or a portion of the funding for which the school district is eligible.

(b) The application shall include, but shall not be limited to, the school district's determination of the amount of state funding that the district is otherwise eligible for relating to site acquisition, site development, new construction, and hardship funding provided pursuant to Article 8 (commencing with Section 17075.10), if any. The amount shall be reduced by the amount of the alternative fee collected pursuant to subdivision (a) of Section 65995.7 of the Government Code if a reimbursement election or agreement pursuant to Section 65995.7 of the Government Code is not in effect.

(c) The board shall verify and adjust, as necessary, and approve the district's application.

(d) Unless otherwise requested by an applicant school district, or unless the school district's eligibility is reduced because of an increase in the existing school building capacity as calculated pursuant to subdivision (b) of Section 17071.75, the eligibility for funding determined pursuant to this section shall be effective for a period of three years for school districts having an enrollment of 2,500 or less for the prior fiscal year.

SEC. 12. Section 17074.10 of the Education Code is amended to read:

17074.10. (a) The board shall determine the total funding eligibility of a school district for modernization funding by multiplying the following amounts by each pupil of that grade level

Additions or changes indicated by underline; deletions by asterisks * * *

4895

housed in permanent school buildings that are at least 25 years old or portable classrooms that are at least 20 years old, and that have not been previously modernized with state funding:

- (1) Two thousand two hundred forty-six dollars (\$2,246) for each elementary pupil.
- (2) Two thousand three hundred seventy-six dollars (\$2,376) for each middle school pupil.
- (3) Three thousand one hundred ten dollars (\$3,110) for each high school pupil.

(b) The board shall annually adjust the factors set forth in subdivision (a) according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined by the board.

(c) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(d) It is the intent of the Legislature that the amounts provided pursuant to this article for school modernization do not include funding for administrative and overhead costs.

(e) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to two thousand five hundred dollars (\$2,500) for any modernization project assistance. The amount of the supplemental apportionment shall be adjusted in 2001 and every year thereafter by an amount equal to the percentage adjustment for class B construction. This subdivision shall be operative only until January 1, 2003.

SEC. 13. Section 17076.10 of the Education Code is amended to read:

17076.10. (a) A school district that has received any funds pursuant to this chapter shall submit a summary report of expenditure of state funds and of district matching funds annually until all state funds and district matching funds are expended, and shall then submit a final report to the board. The board may require an audit of these reports or other district records to ensure that all funds received pursuant to this chapter are expended in accordance with program requirements.

(b) If the board finds that a participating school district has made no substantial progress towards increasing its pupil capacity or renovating its facilities within 18 months of the receipt of any funding pursuant to this chapter, the board shall rescind the apportionment in an amount equal to the unexpended funds.

(c) If the board, after the review of expenditures or audit has been conducted pursuant to subdivision (a), determines that a school district failed to expend funds in accordance with this chapter, the department shall notify the school district of the amount that must be repaid to the 1998 State School Facilities Fund within 60 days. If the school district fails to make the required payment within 60 days, the department shall notify the Controller and the school district in writing, and the Controller shall deduct an amount equal to the amount received by the school district under this subdivision, from the school district's next principal apportionment or apportionments of state funds to the school district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution. Any amounts obtained by the Controller shall be deposited into the 1998 State School Facilities Fund.

(d) If a school district has received an apportionment, but has not met the criteria to have funds released pursuant to Section 17072.32 or 17074.15 within a period established by the board, but not to exceed 18 months, the board shall rescind the apportionment and deny the district's application.

SEC. 14. Section 100420 of the Education Code is amended to read:

100420. (a) Of the proceeds from the sale of bonds, issued and sold pursuant to this chapter, as specified in subdivision (a) of Section 100410, not more than three billion three hundred fifty million dollars (\$3,350,000,000) shall be allocated beginning in the 1998-99 fiscal year in accordance with the following schedule:

- (1) Not less than one billion three hundred fifty million dollars (\$1,350,000,000) for project funding related to the growth in enrollment of applicant school districts under Chapter 12 and Chapter 12.5 that have incurred or will incur enrollment increases.

any other provision of law, the fee, charge, dedication, or other requirement authorized by the resolution shall take effect immediately after the adoption of the resolution.

(g) Division 13 (commencing with Section 21000) of the Public Resources Code may not apply to the preparation, adoption, or update of the school facilities needs analysis, or adoption of the resolution specified in this section.

(h) Notice and hearing requirements other than those provided in this section may not be applicable to the adoption or revision of a school facilities needs analysis or the resolutions adopted pursuant to this section.

SEC. 18. The Legislature finds and declares that the modifications to the Class Size Reduction Kindergarten-University Public Education Facilities Bond Act of 1998 made by this act further the purposes of, and are consistent with, that act.

SCHOOLS AND SCHOOL DISTRICTS—SCHOOL
FACILITIES—SITE CONTAMINATION

CHAPTER 992

A.B. No. 387

AN ACT to amend Sections 17070.50 and 17268 of, and to add Sections 17072.13, 17213.2, and 17213.3 to, the Education Code, relating to school facilities.

[Filed with Secretary of State October 10, 1999.]

LEGISLATIVE COUNSEL'S DIGEST

AB 387, Wildman. School facilities: site contamination.

Under Leroy F. Greene School Facilities Act of 1998, an eligible school district may receive funding for new construction of school facilities.

This bill would provide that in addition to this funding for new construction and subject to certain limitations, that funding may be provided for 50% of the cost of the evaluation of hazardous materials, as defined, at a site to be acquired by the school district and for 50% of the response cost of removal of hazardous waste or solid waste, the removal of hazardous

5898

Additions or changes indicated by underline; deletions by asterisks * * *

substance, or other remedial action in connection with hazardous substances at that site and up to 100% of these costs in the case of financial hardship assistance, as defined. This bill would permit a school district with a site that meets an environmental hardship criteria, as described, to apply to the State Allocation Board for site acquisition funding for that site prior to having construction plans for that site approved by the Division of the State Architect and the State Department of Education. The bill would require the State Allocation Board to develop regulations that allow school districts with financial hardship site acquisition funding prior to ownership of the site or evidence that the site is in escrow.

Existing law prohibits the governing board of a school district from approving a project involving the acquisition of a schoolsite or the construction of a school by the school district unless specified actions are taken with regard to potential contamination of the site, including a determination by the lead agency, as defined, that the property purchased or to be built upon is not the site of a current or former hazardous waste disposal site or solid waste disposal site, or a hazardous substance release site.

The bill would require a school district that owns a proposed schoolsite as a condition of receiving state funds to enter into an agreement with the Department of Toxic Substances Control to oversee response action if a preliminary endangerment assessment discloses the presence of a hazardous material release, or threatened release, or the presence of naturally occurring hazardous materials, at a proposed schoolsite at concentrations that could pose a significant risk to children or adults, and the school district owns the proposed schoolsite. The bill would also require the school district to take response action pursuant to the Carpenter-Presley-Tanner Hazardous Substance Account Act as may be required by the Department of Toxic Substances Control.

This bill would make certain prohibitions inapplicable to schoolsites acquired prior to January 1, 2000.

The bill would require the State Department of Education to monitor the performance of the Department of Toxic Substances Control in meeting timeframes under its provisions and would require a report of findings to the Department of General Services and the Department of Finance. The bill would also require the State Department of Education to report to the Department of General Services and the Department of Finance every 6 months for a period of 2 years, the amount of fees or other charges of any state agency review paid by school districts regarding schoolsites, and any concerns about those fees or charges.

This bill would provide that it would not become operative unless and until SB 162 is chaptered and becomes operative.

The people of the State of California do enact as follows:

SECTION 1. Section 17070.50 of the Education Code is amended to read:

17070.50. The board shall not apportion funds to any school district, unless the applicant school district has certified to the board that the services of any architect, structural engineer, or other design professional for any work under the project have been obtained pursuant to a competitive process that is consistent with the requirements of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and has * * * obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 17251.

* * *

SEC. 2. Section 17072.13 is added to the Education Code, to read:

17072.13. In addition to the amounts provided pursuant to Sections 17072.10 and 17072.12, the board may provide funding as follows:

(a) For 50 percent of the cost of the evaluation of hazardous materials at a site to be acquired by a school district and for 50 percent of the other response costs of the removal of hazardous waste or solid waste, the removal of hazardous substances, or other remedial action in connection with hazardous substances at that site. Except as provided in subdivision (b), the funding provided pursuant to this section may not exceed 50 percent of a number

Additions or changes indicated by underline; deletions by asterisks * * *

5899

when the Department of Toxic Substances Control certifies that all necessary response actions have been completed at a schoolsite.

(h) The school district shall reimburse the Department of Toxic Substances Control for all response costs incurred by the department.

(i) The costs incurred by the school districts when complying with this section are allowable costs for purposes of an applicant under Chapter 12.5 (commencing with Section 17070.10) of Part 10 and may be reimbursed in accordance with Section 17072.13.

SEC. 4. Section 17213.3 is added to the Education Code, to read:

17213.3. (a) The State Department of Education shall monitor the performance of the Department of Toxic Substances Control in meeting the timeframes applicable to the Department of Toxic Substances Control specified in subdivision (a) of Section 17213.1 and shall report its findings to the Department of General Services and the Department of Finance on a quarterly basis.

(b) The State Department of Education shall also report to the Department of General Services and the Department of Finance every six months for a period of two years, the amount of fees or other charges of any state agency review paid by school districts pursuant to this chapter, and any concerns about those fees or charges.

SEC. 5. Section 17268 of the Education Code is amended to read:

17268. (a) The governing board of a school district * * * that elects not to receive state funds pursuant to Chapter 12.5 (commencing with Section 17070.10) may not approve a project for the construction of a new school building, as defined in Section 17283, unless the project and its lead agency comply with the same requirements specified in subdivision (a) of Section 17213 for schoolsite acquisition.

(b) As a condition to receiving state funds pursuant to Chapter 12.5 (commencing with Section 17070.10, the governing board of a school district may not approve a project for the construction of a new school building or schoolsite on leased or acquired land unless the project and the school district comply with the requirements specified in Sections 17213.1 and 17213.2.

(c) The project shall not be subject to subdivision (b) for a minor addition to a school if the project is eligible for a categorical or statutory exemption under guidelines issued pursuant to Section 21083 of the Public Resources Code, as set forth in the California Environmental Quality Act.

(d) "School building," as used in this section, means any building designed and constructed to be used for elementary or secondary school purposes by a school district.

(e) The requirements of Sections 17213, 17213.1 and 17213.2 shall not apply to a schoolsite if the acquisition occurred prior to January 1, 2000, to the extent a school district is subject to the requirements set forth in those sections pursuant to a judicial order or an order issued by, or an agreement with the Department of Toxic Substances Control regarding that site, and the school district is in full compliance with that order or agreement.

(f) For purposes of this section, the acceptance of construction bids shall constitute approval of the project.

SEC. 6. If a task force is created in Assembly Bill 1207 of the 1999-2000 Regular Session by the addition of Section 105515 to the Health and Safety Code, that task force shall evaluate the effectiveness of this act in ensuring that the health and learning abilities of children attending California's schools are adequately protected. Among its recommendations to the Governor, the task force shall include any changes and improvements to the provisions of this act that would be necessary to protect the health and learning abilities of children attending California's schools.

SEC. 7. Sections 1 to 6, inclusive, of this act shall not become operative unless and until Senate Bill 162 of the 1999-2000 Regular Session is chaptered and becomes operative.

ELECTIONS—REFERENDUMS—SCHOOL BONDS

CHAPTER 44

A.B. No. 1908

AN ACT to amend Sections 15102, 15106, 35233, and 72533 of, and to add Chapter 1.5 (commencing with Section 15264) to Part 10 of, the Education Code, relating to school bonds.

[Filed with Secretary of State June 27, 2000.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1908, Lempert. School bonds.

Existing law authorizes the governing board of any school district or community college to order an election and submit to the electors of the district the question of whether the bonds of the district shall be issued and sold to raise money for specified purposes. Existing law generally requires $\frac{2}{3}$ of the votes cast on the proposition of issuing bonds to be in favor of issuing the bonds to pass the measure.

Additions or changes indicated by underline; deletions by asterisks * * *

105

This bill would provide that, contingent upon the passage of the "Smaller Classes, Safer Schools and Financial Accountability Act" at the November 7, 2000, general election, as an alternative, the governing board of a school district or community college district, may, pursuant to a $\frac{2}{3}$ vote of the governing board, pursue the authorization and issuance of bonds by a 55% vote of the electorate, at a primary or general election, a regularly scheduled local election, or a statewide special election, subject to certain additional requirements.
