FEB 18 2004

**COMMISSION ON
STATE MANDATES**

Ms. Paula Higashi
Executive Director
Commission on State Mandates
980 Ninth Street, Suite 300
Sacramento, CA 95814

Dear Ms. Higashi:

The Department of Finance respectfully requests an extension to file comments on various test claims and other filings related to reimbursable state mandated costs submitted by school and community college districts as indicated on Attachment A. Previously, the Commission granted us an extension until February 7, 2004 to file comments on an extensive list of filings. At the Commission's request, we continued to submit comments on a flow basis to the extent possible and prioritized matters that were closer to conclusion.

Although we have now submitted comments on a number of the filings, we were unable to complete our review for several mandates due to our budget-related workload, the complexity and scope of particular filings, and a reduction in staffing. We therefore request extensions on those filings, as specified on the attached list. In most cases, we request an additional 30-day extension to March 8, 2004 to allow us to resolve remaining issues identified during our review.

For a select number of filings, we request an additional 180-day extension to August 9, 2004 in order to invest the significant time required to review these submissions. These filings, mostly new test claims, are either: (1) extensive in length, ranging in the several hundreds of pages; (2) broad in scope, citing numerous statutes that may or may not be directly relevant to the asserted reimbursable mandates; or (3) lacking any clear, concise explanation or evidence to justify the claimants' assertions that the statutes contain mandated activities that are new or material increases in the level of service. Review of these mandates requires significant time for extensive researching of statutes and regulations and development of information on the actual impact of any changes on school district and community college operations. As always, we will continue to submit comments on a flow basis, and would welcome the Commission's suggestions as to the relative priority of test claims that remain pending.

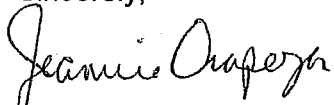

As we have indicated in prior comments for various filings, we believe that such broad-based claims that fail to clearly identify alleged mandated activities by specific statute should not constitute complete test claims, and should be returned by the Commission for refinement. Additionally, we believe that comments should not be solicited from all interested parties until a

complete test claim is filed. However, since you have indicated that the Commission staff does not share this view, we will attempt to analyze the claims as they are.

As required by the Commission's regulations, we are including a "Proof of Service" indicating that the parties included on the mailing lists which accompanied your letters have been provided with copies of this letter via either United States Mail or, in the case of other State agencies, Interagency Mail Service.

If you have any questions regarding this letter, please contact Matt Aguilera, Principal Program Budget Analyst, at (916) 445-0328.

Sincerely,

Jeannie Oropeza
Program Budget Manager
