Dear Mr. Wolfe and Mr. Howard

This letter is a request that the San Francisco Bay Regional Water Quality Control Board and the State Water Resources Control Board supplement the record of the above-captioned Test Claim by filing with the Commission on State Mandates (Commission) copies of:

- a) The official administrative record of the California State Water Quality Control Board, San Francisco Bay Region permit order no. R2-2009-0074, National Pollutant Discharge Elimination System (NPDES) no. CAS612008, prepared in accordance with Code of Federal Regulations, Title 40, Section 124.18; and
- b) The official administrative record of the California State Water Resources Control Board permit order no. R2-2009-0074 (NPDES no. CAS612008), prepared in accordance with Code of Federal Regulations, Title 40, Section 124.18.

Please provide these documents as soon as possible but not later than **Friday, July 15, 2016**.

In addition, please note that the above-captioned claims have been tentatively set for hearing as follows: *Municipal Regional Stormwater Permit – County of San Mateo*, 10-TC-01, is tentatively set for hearing on January 27, 2017; *Municipal Regional Stormwater Permit – County of Alameda*, 10-TC-02, is tentatively set for hearing on May 19, 2017; *Municipal Regional Stormwater Permit – County of Santa Clara*, 10-TC-03, is tentatively set for hearing on September 22, 2017; and *Municipal Regional Stormwater Permit – Municipal Operations (C.2)*, 10-TC-05, is tentatively set for hearing on January 26, 2018.

Please also note that upon the California Supreme Court's release of its opinion in *Department of Finance v. Commission on State Mandates* (County of Los Angeles), expected no later than August 31, 2016, the Commission will issue a request for additional briefing regarding how that decision should apply to the above-entitled test claims, and will provide a 30-day comment period for all parties, interested parties, and interested persons for that purpose.

As you are aware, Government Code section 17553 requires that the Commission adopt procedures to ensure a statewide cost estimate is adopted within 12 months after receipt of a test claim, which may be extended for up to six months. In the case of the above-entitled test claims, test claim decisions were delayed first due to a historic test claim backlog¹ and then these matters were placed on inactive status based on pending litigation on other stormwater test claims with the same threshold issues. In the interim, Commission staff has eliminated its test claim backlog.² If the California Supreme Court determines that in some instances local agency stormwater permits may impose a reimbursable state mandate, then the 13 pending stormwater claims will become active and the Commission will once again have a test claim backlog. Commission staff will work diligently to adopt test claim decisions on these matters as soon as is possible, and will expedite the resolution of these pending matters.

The Commission's regulations require that written materials filed with the Commission be simultaneously served on all parties, interested parties, and interested persons on the mailing list, and accompanied by a proof of service. (Cal. Code Regs., tit. 2, 1181.3) However, this requirement may be satisfied by electronically filing your documents via the Commission's e-filing system. Please see http://www.csm.ca.gov/dropbox_procedures.php on the Commission's website. The written material will be posted on the Commission's website and the mailing list will be notified by electronic mail of the posting. This procedure will satisfy all the service requirements pursuant to section 1181.3 of the Commission's regulations.

¹ This backlog resulted in it taking an average of approximately five years to adopt a statewide cost estimate from the time of filing a test claim during the time period from about 2003 to 2013 and the reasons for this backlog are discussed at length in the Commission's annual Report to Finance and Backlog Reduction Plan, which may be found on the Commission's website.

² For test claims filed since 2013, excluding the stormwater claims, the Commission has been adopting test claims within an average of 13 months and statewide cost estimates within an average of 21 months from the time of the test claim filing.
