Drew Bohan, Executive Director Commission on State Mandates 980 Ninth Street, Suite 300 Sacramento, CA 95814

Dear Mr. Bohan:

LOS ANGELES REGION WATER PERMIT - VENTURA COUNTY, 11-TC-01: REQUEST FOR 60-DAY EXTENSION OF TIME TO SUBMIT WRITTEN COMMENTS

On August 26, 2011, the Ventura County Watershed Protection District and the County of Ventura (collectively, Claimants) filed Test Claim No. 11-TC-01. The Commission on State Mandates has requested that the California Regional Water Quality Control Board, Los Angeles Region (Los Angeles Water Board) submit written comments analyzing the merits of Test Claim No. 11-TC-01 by October 10, 2011. The Los Angeles Water Board respectfully requests an additional 60-day extension of time to submit written comments. The September 8, 2011 Notice of Complete Test Claim Filing and Schedule for Comments provides that requests for extensions of time may be filed in accordance with California Code of Regulations, title 2, sections 1183.01, subdivision (c), and 1181.1, subdivision (h). As explained herein, the Los Angeles Water Board believes that good cause exists for granting a 60-day extension of time, which would extend the deadline for submitting comments to **December 9, 2011**.

California Code of Regulations, title 2, section 1183.01, subdivision (c), provides that a party may request an extension of time before the date set for the filing of comments. (Cal. Code Regs., tit. 2, § 1183.01, subd. (c)(1).) The Executive Director may approve a request filed by a state agency for good cause. (*Id.*, at § 1183.01, subd. (c)(1)(B).) The applicable regulations define "good cause" to include, but not be limited to, the following factors:

(1) the number and complexity of the issues raised; (2) a party is new to the case, or other counsel is needed; (3) the individual responsible for preparing the document has other time-limited commitments during the affected period; (4) the individual responsible for appearing at the hearing has other time-limited commitments; (5) illness of a party; (6) a personal emergency; (7) a planned vacation that cannot reasonably be rearranged; (8) a pending public records act request; and (9) any other factor, which in the context of a particular claim constitutes good cause. Good cause may be established by a specific showing of other obligations involving deadlines that as a practical matter preclude filing the document by the due date without impairing quality.

Mr. Drew Bohan

September 23, 2011

(Cal. Code Regs., tit. 2, § 1181.1, subd. (h).)

The Test Claim filed by the Claimants concern permit requirements established in Los Angeles Water Board Order No. R4-2010-0108 adopted on July 8, 2010. The Claimants contend that Order No. R4-2010-0108 includes requirements that are "more stringent and exceed the requirements of federal law," and that were not included in earlier versions of the permit. They seek a determination that these requirements are unfunded state mandates for which they should receive reimbursement pursuant to Article XIIIB, section 6, of the California Constitution.

The Los Angeles Water Board requests a 60-day extension of time to submit comments analyzing the merits of the Test Claim for the reasons that follow. First, the Test Claim raises numerous and complex issues specific to Order No. R4-2010-0108. Analyzing the merits of the Test Claim will require considerable time to research and provide comments on these issues. Second, the Test Claim is over 1,000 pages long including attachments. The complexity and length of the Test Claim will require substantial staff and attorney effort at a time when both the Los Angeles Water Board and the State Water Resources Control Board's Office of Chief Counsel are particularly short-staffed and limited by a reduced work schedule due to the state's budget shortfall and hiring freeze. As the primary attorney responsible for this matter. I also have reduced work hours and expanded responsibilities, which have constrained my ability to work on this matter and file comments on the Test Claim by October 10, 2011. Extending the deadline for comments on the Test Claim will allow me the necessary time to prepare responses on this Test Claim, as well as tend to my other legal responsibilities.

Therefore, for the reasons set forth above, the Los Angeles Water Board respectfully requests that the due date for written comments on the Test Claim be extended 60 days to December 9. 2011. The Los Angeles Water Board believes that good cause exists to allow the Executive Director to grant this requested extension and appreciates your consideration of this request.

Sincerely,

Jennifer L. Fordyce
