## ITEM 7: WRITTEN DETAILED NARRATIVE INCORRECT REDUCTION CLAIM

Seriously Emotionally Disturbed Pupils: Out of State Mental Health Services Program State Controller's Office Audit of the County of Los Angeles Dated May 2010

#### Summary of State's Audit and County's Incorrect Reduction Claim

The State Controller's Office (SCO) audited the County of Los Angeles' claims for State-mandated cost reimbursement for costs incurred by the County for Seriously Emotionally Disturbed (SED) pupils placed in out-of-state residential placements for the period of July 1, 2003 through June 30, 2006. The SCO disallowed \$12,422,175 of \$54,952,597 claimed during this 3-year period. According to the Audit Report, the SCO disallowed these costs "because the county claimed ineligible vendor payments for out-of-state placements of seriously emotionally disturbed pupils that are owned and operated for profit and unsupported residential placement and program management costs; applied offsetting revenues toward ineligible direct costs; and did not provide support for portions of program management costs reimbursed by federal state and local funds."

The County of Los Angeles Department of Mental Health (LACDMH) has filed this IRC because there is no basis to permit the disallowance of vendor costs related to the provision of mental health services to pupils in out-of-state residential placements, even if owned and operated for profit<sup>1</sup>; this is because the statute upon which the SCO based its disallowance applies only to the AFDC-FC rate payment and not to payments made for mental health services.

The SCO disallowed not only the payment for care and supervision but also the payment for mental health services, even though LACDMH was statutorily required under the Government Code to pay for the mental health treatment services for the pupil regardless of whether his or her out-of-state placement was operated on a for- or not-for-profit basis.

Accordingly, this Incorrect Reduction Claim seeks to have the following costs associated with mental health treatment services provided to SED pupils in out-of-state residential placements reinstated:

- Fiscal Year 2003-04: \$1,546,863 (including \$1,426,010 in direct costs and \$120,853 in indirect costs)
- Fiscal Year 2004-05: \$2,070,991 (including \$1,926,362 in direct costs and \$144,629 in indirect costs)
- Fiscal Year 2005-06: \$2,128,193 (including \$1,973,033 in direct costs and \$155,159 in indirect costs)

<sup>&</sup>lt;sup>1</sup> For purpose of this IRC, LACDMH does not concede the for-profit status of any of its out-of-state placements.

#### Background

In 1996, the California Legislature enacted Assembly Bill 2726 (Chapter 654, Statutes of 1996). This law which added new fiscal and programmatic responsibilities for counties to provide mental health services to seriously emotionally disturbed (SED) pupils in out-of-state residential placements. (Cal. Government Code section 7576). The legislation provided that counties would have the same fiscal and programmatic responsibilities regardless of the pupil's placement.

On July 9, 1998, the State Department of Mental Health issued DMH Information Notice No. 98-10. The DMH information notice reiterated that county mental health departments were responsible for payment of mental health treatment costs provided by out of state providers.

On May 25, 2000, the Commission on State Mandates found that the enactment of Section I of the Statutes of 1996, Chapter 654, and the resulting amendments to the California Code of Regulations Sections 60100 and 60200 imposed new programs or higher levels of service within an existing program upon counties within the meaning of section 6, article XIII B of the California Constitution and Government Code section 17514.

### **Basis for Incorrect Reduction Claim**

In making the determination that payments made to out-of-state facilities operated for profit were ineligible for State reimbursement under the mandate, and thereby disallowing the mental health treatment costs associated with SED pupils placed in such facilities, the SCO cited its program's parameters and guidelines (Section IV.C.1), which specify that the "mandate is to reimburse counties for payments to service vendors providing mental health services to SED pupils in out of state residential placements as specified in Government Code section 7576 and Title 2, California Code of Regulations, sections 60100 and 60110."

According to the SCO, Title 2, California Code of Regulation section 60100, subdivision (h), requires that out-of-state placements be made only in residential programs that meet the requirements of Welfare and Institutions Code Sections 11460(c)(2) through (c)(3); section 11460, subdivision (c)(3) states:

State reimbursement for an AFDC-FC rate paid on or after January 1, 1993, shall only be paid to a group home organized and operated on a nonprofit basis.

The AFDC-FC rate is for "care and supervision" which is defined by section 11460(b) to cover food, clothing, shelter and like services. It does not include mental health services. However, relying on section 11460(c)(3), the SCO disallowed not only the AFDC-FC rate payment but also the payment for mental health treatment services.

Section 11460(c)(3) is simply, by its own terms, not applicable to payment for mental health services. And the SCO failed in its audit to demonstrate otherwise.

In addition to the plain language of the section 11460(c)(3) which makes it inapplicable to payment for mental health services, the entire statutory scheme supporting LACDMH's mandate claim support LACDMH's claim of an incorrect reduction. The County was mandated under the provisions of the Government Code—section 7570 et seq.—to provide mental health services to special education pupils who needed the services to benefit from their education. In particular, Government Code section 7576 required the County to pay for services for a pupil placed out-of-state irrespective of the for-profit or not-for-profit status of the operator.

Title 2, California Code of Regulations section 60100, subdivision (h), referenced by the SCO as a basis for its disallowance, requires compliance with Welfare and Institutions Code Sections 11460, subdivisions (c)(2) through (c)(3). Importantly, section 11460, subdivision (c), dealing specifically with an AFDC-FC rate payment, was enacted by the Legislature in 1992. (Stats 1992, ch. 722, section 39 (SB 485).)

In 1997, subsequent to the enactment of Welfare and Institutions Code section 11460, subdivision (c), the Legislature in Assembly Bill 2726 amended Government Code Section 7576 (See Exhibit A-1). In passing Assembly Bill 2726, the Legislature specifically stated that the intent of the legislation was to ensure that community mental health agencies would be responsible for the mental health services required under individualized education plans no matter where the pupil was placed:

"This bill would specify that, commencing on July 1, 1997, the fiscal and program responsibilities of community mental health services shall be the same regardless of the location of the placement."

"The people of the State of California do enact as follows: Section 1. (a) The fiscal and program responsibilities of community mental health agencies shall be the same regardless of the location of placement. Local education agencies and community mental health services shall make out-of-state placements under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code only if other options have been considered and are determined to be inappropriate. In making these placements, local education agencies and community mental health services shall comply with relevant sections of the Education Code including Section 56365. (Chapter 654, Statutes of 1996)

A legislative analysis of AB 2726 by the Senate Rules Committee notes support for the legislation as follows: "According to the [State] Department of Mental Health, 'this bill is intended as a vehicle to resolve the issues surrounding *final regulations* [emphasis added by LACDMH] for the provision of mental health services to special education pupils who need the services to benefit from their education. The Department of Mental Health has incorporated into this bill specific statutory restrictions on referrals for mental health services. These restrictions are consistent with current emergency regulations which limit referrals to special education pupils who have had severe problems over a long period of time that cannot be ameliorated with counseling provided by schools. The department has worked with various parties to develop specific statutory revisions that are acceptable to both mental health and education agencies." (See Exhibit A-2)

The statutory restrictions of Government Code section 7576 enacted by the Legislature are specific to the fiscal and program responsibilities of community mental health services and do not include any limitation on the responsibility for mental health services for those pupils in out-of-state placements that are operated for profit. The Legislature is charged with knowledge of the provisions of Welfare and Institutions Code section 11460, subdivision (c), and its limited application to an AFDC-FC rate payment; had the Legislature intended a similar restriction be imposed relating to mental health services payment it could have provided for such a restriction. It did not. Indeed, to the contrary, this legislation was intended to ensure community mental health agencies would be responsible for the mental health services required under a pupil's individualized education plans no matter where the pupil was placed.

Similarly, section 56365 of the Education Code which requires local education agencies to make available services provided by nonpublic, nonsectarian schools, as defined pursuant to Section 56034<sup>2</sup>, and nonpublic, nonsectarian agencies, as defined pursuant to Section 56035,<sup>3</sup> has no such restriction on the use of for-profit placements. Instead, it specifies: "These services shall be provided pursuant to Section 56366, and in accordance with Section 300.146 of Title 34 of the Code of Federal Regulations, under contract with the local educational agency to provide the appropriate special educational facilities, special education, or designated instruction and services required by the individual with exceptional needs if no

<sup>&</sup>lt;sup>2</sup> Section 56034 defines a "non public, nonsectarian school" as "a private, nonsectarian school that enrolls individuals with exceptional needs pursuant to an individualized education program and is certified by the department. It does not include an organization or agency that operates as a public agency or offers public service, including, but not limited to, a state or local agency, an affiliate of a state or local agency, including a private, nonprofit corporation established or operated by a state or local agency, or a public university or college. A nonpublic, nonsectarian school also shall meet standards as prescribed by the Superintendent and board.

Section 56035 defines a "non public, nonsectarian agency" as "a private, nonsectarian establishment or individual that provides related services necessary for an individual with exceptional needs to benefit educationally from the pupils' educational program pursuant to an individualized education program and that is certified by the department. It does not include an organization or agency that operates as a public agency or offers public service, including, but not limited to, a state or local agency, an affiliate of a state or local agency, including a private, nonprofit corporation established or operated by a state or local agency, a public university or college, or a public hospital. The nonpublic, nonsectarian agency shall also meet standards as prescribed by the superintendent and board.

appropriate public education program is available." None of these provisions include a reference to for- or not-for-profit status of the service provider. Rather, the provisions are intended to comport with federal IDEA regulations.

Accordingly, to permit the SCO to disallow LACDMH's mandated costs on the basis of the profit status of the service provider would permit a regulation, namely 2 CCR 60100, to contravene clear and express statutory requirements, namely those of Government Code section 7576. This is clearly not allowed; regulations cannot impose requirements that are contrary to statute.

Notably, on July 9, 1998, the State Department of Mental Health issued Information Notice No.: 98-10. This information notice (see Exhibit A-3) reiterated that the passage of Assembly Bill 2726 made county mental health departments fiscally responsible for payment of mental health treatment costs to out-of-state providers:

County mental health departments are also required by this legislation to pay mental health treatment costs which out-of-state providers now break out and bill separately from costs related to education and room and board (see attachment A). Prior to the passage of this bill, local education agencies paid for these services pursuant to [2] California Code of Regulations Section 60200 (c)(3)...

The attachment to this information notice specifically identified the rates for mental health treatment and the "residential daily rates." For Los Angeles County, this attachment listed various facilities, including one (Mental Health Services, Inc. Provo Canyon School) that was disallowed by the SCO.

In its Test Claim Decision, adopted on May 25, 2000, (see Attachment A-3) the Commission also determined that there was a positive obligation for counties to provide mental health services regardless of the location. As cited in the initial Commission decision, in enacting Chapter 654, the Legislature expresses its intent that the "fiscal and program responsibilities of community mental health services shall be the same regardless of the location of placement" and that in doing so, the State shifted both costs and activities associated with the paying and monitoring of mental health services in out of state placements to the County from the Local Education Agency (LEA)."

Further, the Commission found that the decision to place a SED pupil in a residential placement out-of-state, is because the "Individualized Education Plan (IEP) team has determined that no school site, school district, or out-of-home (in-state) residential placement is adequate to provide the necessary special education services to meet the federal FAPE requirement." The Commission goes on to state that it is the LEA that continues to control a

SED pupil's IEP and that the County acts in a responsive manner to the determination of the LEA.

#### Conclusion

For the foregoing reason, section 11460, subdivision (c)(3), if applicable at all, is only applicable to an AFDC-FC rate payment, and it does not support the SCO's disallowance of costs associated with mental health services. Accordingly, the County of Los Angeles claims that the SCO incorrectly reduced its claim for services by \$5,746,047 for direct and indirect costs associated with mental health treatment services to SED pupils in out-of-state.

#### LEGISLATIVE COUNSEL'S DIGEST

AB 2726, Woods. Pupils: mental health services.

Existing law makes the State Department of Mental Health or any community mental health service designated by the department for the provision of mental health services when required in a child's individualized education program.

This bill would establish procedures governing referrals of pupils to community mental health services and the responsibilities of those

This bill would specify that, commencing July 1, 1997, the fiscal and program responsibilities of community mental health services shall be the same regardless of the location of the placement.

The bill would also require that the Superintendent of Public Instruction and the Secretary of Health and Welfare ensure that the State Department of Education and the State Department of Mental Health, by January 1, 1998, enter into a specified interagency agreement, and would express legislative intent that the designated local agencies of these departments enter into interagency agreements.

By imposing requirements upon community mental health services, the bill would constitute a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 654 — 2 —

The people of the State of California do enact as follows:

SECTION 1. (a) The fiscal and program responsibilities of community mental health services shall be the same regardless of the location of placement. Local education agencies and community mental health services shall make out-of-state placements under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code only if other options have been considered and are determined to be inappropriate. In making these placements, local education agencies and community mental health services shall comply with relevant sections of the Education Code, including Section 56365.

(b) This section shall become operative on July 1, 1997.

SEC. 2. Section 7576 of the Government Code is amended to read:

7576. (a) The State Department of Mental Health, or any community mental health service, as defined in Section 5602 of the Welfare and Institutions Code, designated by the State Department of Mental Health, shall be responsible for the provision of mental health services, as defined in regulations by the State Department of Mental Health, developed in consultation with the State Department of Education, when required in the pupil's individualized education program. A local education agency shall not be required to place a pupil in a more restrictive educational environment in order for the pupil to receive the mental health services specified in the pupil's individualized education program if the mental health services can be appropriately provided in a less restrictive setting. It is the intent of the Legislature that the local education agency and the community mental health service vigorously attempt to develop a mutually satisfactory placement that is acceptable to the parent and addresses the pupil's educational and mental health treatment needs in a manner that is cost-effective for both public agencies, subject to the requirements of state and federal special education law, including the requirement that the placement be appropriate and in the least restrictive environment. For purposes of this section, "parent" is as defined in Section 56028 of the Education Code.

(b) A local education agency, individualized education program team, or parent may initiate a referral for assessment of a pupil's social and emotional status, pursuant to Section 56320 of the Education Code. Based on the results of assessments completed pursuant to Section 56320 of the Education Code, an individualized education program team may refer a pupil who has been determined to be an individual with exceptional needs as defined in Section 56026 of the Education Code and who is suspected of needing mental health services to a community mental health service when a pupil meets all of the criteria in paragraphs (1) to (5), inclusive. Referral packages shall include all documentation required in subdivision (c),

and shall be provided immediately to the community mental health service.

- (1) The pupil has been assessed by school personnel in accordance with Article 2 (commencing with Section 56320) of Chapter 4 of Para 30 of the Education Code. Local education agencies and community mental health services shall work collaboratively to ensure that assessments performed prior to referral are as useful as possible to the community mental health service in determining the need for mental health services and the level of services needed.
- (2) The local education agency has obtained written parental consent for the referral of the pupil to the community mental health service, for the release and exchange of all relevant information between the local education agency and the community mental health service, and for the observation of the pupil by mental health professionals in an educational setting.
  - (3) The pupil has emotional or behavioral characteristics that:
- (A) Are observed by qualified educational staff in educational and other settings, as appropriate.
  - (B) Impede the pupil from benefiting from educational services.
- (C) Are significant as indicated by their rate of occurrence and intensity.
- (D) Are associated with a condition that cannot be described solely as a social maladjustment or a temporary adjustment problem, and cannot be resolved with short-term counseling.
- (4) As determined using educational assessments, the pupil's functioning, including cognitive functioning, is at a level sufficient to enable the pupil to benefit from mental health services.
- (5) The local education agency has provided counseling, psychological, or guidance services to the pupil pursuant to Section 56363 of the Education Code, and the individualized education program team has determined that the services do not meet the pupil's educational needs, or, in cases where these services are clearly inappropriate, the individualized education program team has documented which of these services were considered and why they were determined to be inappropriate.
- (c) When referring a pupil to a community mental health service in accordance with subdivision (b), the local education agency or the individualized education program team shall provide the following
- (1) Copies of the current individualized education program, all current assessment reports completed by school personnel in all areas of suspected disabilities pursuant to Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of the Education Code, and other relevant information, including reports completed by other agencies.
- (2) A copy of the parent's consent obtained as provided in paragraph (2) of subdivision (b).

(3) A summary of the emotional or behavioral characteristics of the pupil, including documentation that the pupil meets the criteria

set forth in paragraphs (3) and (4) of subdivision (b).

(4) A description of the counseling, psychological, and guidance services, and other interventions that have been provided to the pupil, including the initiation, duration, and frequency of these services, or an explanation of why a service was considered for the

pupil and determined to be inappropriate.

- (d) Based on preliminary results of assessments performed pursuant to Section 56320 of the Education Code, a local education agency may refer a pupil who has been determined to be, or is suspected of being, an individual with exceptional needs, and is suspected of needing mental health services, to a community mental health service when a pupil meets the criteria in paragraphs (1) and (2). Referral packages shall include all documentation required in subdivision (e) and shall be provided immediately to the community mental health service.
- The pupil meets the criteria in paragraphs (2) to (4), inclusive, of subdivision (b).

(2) Counseling, psychological, and guidance services are clearly

inappropriate in meeting the pupil's needs.

- (e) When referring a pupil to a community mental health service in accordance with subdivision (d), the local education agency shall provide the following documentation:
- Results of preliminary assessments to the extent they are available and other relevant information including reports completed by other agencies.

(2) A copy of the parent's consent obtained as provided in

paragraph (2) of subdivision (b).

(3) A summary of the emotional or behavioral characteristics of the pupil, including documentation that the pupil meets the criteria in paragraphs (3) and (4) of subdivision (b).

(4) An explanation as to why counseling, psychological, and guidance services are clearly inappropriate in meeting the pupil's

needs.

- (f) The procedures set forth in this chapter are not designed for use in responding to psychiatric emergencies or other situations requiring immediate response. In these situations, a parent may seek services from other public programs or private providers, as appropriate. This subdivision shall not change the identification and referral responsibilities imposed on local education agencies under Article 1 (commencing with Section 56300) of Chapter 4 of Part 30 of the Education Code.
- (g) Referrals shall be made to the community mental health service in the county in which the pupil lives. If the pupil has been placed into residential care from another county, the community mental health service receiving the referral shall forward the referral

immediately to the community mental health service of the county of origin, which shall have fiscal and programmatic responsibility for providing or arranging for provision of necessary services. In no event shall the procedures described in this subdivision delay or impede the referral and assessment process.

SEC. 3. Section 7586.6 is added to the Government Code, to read:

7586.6. (a) The Superintendent of Public Instruction and the Secretary of Health and Welfare shall ensure that the State Department of Education and the State Department of Mental Health enter into an interagency agreement by January 1, 1998. It is the intent of the Legislature that the agreement include, but not be limited to, procedures for ongoing joint training, technical assistance for state and local personnel responsible for implementing this chapter, protocols for monitoring service delivery, and a system for compiling data on program operations.

(b) It is the intent of the Legislature that the designated local agencies of the State Department of Education and the State Department of Mental Health update their interagency agreements for services specified in this chapter at the earliest possible time. It is the intent of the Legislature that the state and local interagency agreements be updated at least every three years or earlier as

necessary.

SEC. 4. Section 7587 of the Government Code is amended to

7587. By January 1, 1986, each state department named in this chapter shall develop regulations, as necessary, for the department or designated local agency to implement this act. All regulations shall he reviewed by the Superintendent of Public Instruction prior to filing with the Office of Administrative Law, in order to ensure consistency with federal and state laws and regulations governing the education of disabled children. The directors of each department shall adopt all regulations pursuant to this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. For the purpose of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. These regulations shall not be subject to the review and approval of the Office of Administrative Law and shall not be subject to automatic repeal until the final regulations take effect on or before June 30, 1997, and the final regulations shall become effective immediately upon filing with the Secretary of State. Regulations adopted pursuant to this section shall be developed with the maximum feasible opportunity for public participation and

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act

Ch. 654 — 6—

contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

ANALYSIS: Chapter 1747, Statutes of 1984 (AB 3632), and Chapter 1274, Statutes of 1985 (AB 862), require county mental health departments to provide mental health services to special education pupils who need the services to benefit from their education. The program has gradually grown, and now provides services to around 17,000 pupils annually (1993-94 data), including around 1,000 who receive residential care funded by counties and the state Department of Social Services.

The bill provides that local education agency or individualized education program team shall refer a child with a disability who is suspected to need mental health services. A referral of a child with a disability shall be made to a county mental health department when:

- A child has been assessed by school personnel to determine the necessity for mental health services and the level of services needed.
- 2. The local education agency has obtained written parental consent for the referral to the county mental health department, for the release and exchange of information between the local education agency and the county mental health department, and for the observation of the child by mental health professionals in an education setting.
- 3. The child has emotional and/or behavioral characteristics that prevent him or her from benefiting from special education, and these characteristics are observed by educational staff in a variety of educational and other settings as appropriate.
- 4. The child's emotional and/or behavioral characteristics are associated with a condition that cannot be defined solely as a social maladjustment or a temporary

adjustment problem, and cannot be resolved with short-term counseling; the pupil's functioning is at a level sufficient to enable him or her to benefit from mental health services.

5.The local education agency has provided counseling, psychological, or guidance services to the child, as 72

AB 2726

3

specified, and the individualized education program team has determined that the services do not meet the child's educational needs, or, in cases where these services are clearly inappropriate, the individualized education program team has documented which of these services were considered and why they were determined to be inappropriate.

These procedures are not intended for use in psychiatric emergencies or other situations requiring immediate response. In these situations, a local education agency may make referrals to other public programs and/or private providers, as appropriate.

The bill further provides that, commencing July 1, 1997, fiscal and program responsibilities of county mental health departments in the placement of children meeting the criteria of this bill shall be the same for placements made outside California as they are for placements made inside California.

The bill requires the Superintendent of Public Instruction and the Secretary of Health and Welfare to ensure that the State Department of Education and the State Department of Mental Health enter into an interagency agreement by January 1, 1998. States legislative intent that the agreement include, but not be limited to, procedures for ongoing joint training, technical assistance for state and local personnel responsible for implementing this chapter, protocols for monitoring service delivery, and a system for compiling data on program operations.

According to the Department of Mental Health:

The program is currently operating under emergency regulations, which, among other things, specify criteria that must be met prior to referring a child for mental health services. Although a work group spent many hours developing draft final regulations, they have never been released for public comment due to concerns that adopting them would have the effect of expanding the number of children that can be referred, thereby resulting in potentially significant costs to county mental health departments.

ARGUMENTS IN SUPPORT: According to the Department of Mental Health, "this bill is intended as a vehicle to resolve the issues surrounding final regulations for the provision of mental health services to special education pupils who need the services to benefit from their education. The Department of Mental Health has incorporated into this bill specific statutory restrictions on referrals for mental health services. These restrictions are consistent with current emergency regulations which limit referrals to special education pupils who have had severe problems over a long period of time that cannot be ameliorated with counseling provided by schools. The department has worked with various parties to develop specific statutory revisions that are acceptable to both mental health and education agencies."

ARGUMENTS IN OPPOSITION: Protection and Advocacy, Inc. opposes this bill unless amended to clarify that it is the ultimate responsibility of local education agencies to provide needed service not obtained under this chapter from the Department of Mental Health. Protection and Advocacy, ?4

# Exhibit B Claiming Instructions

#### OFFICE OF THE STATE CONTROLLER

## STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2000-14

#### SERIOUSLY EMOTIONALLY DISTURBED PUPILS: OUT-OF-STATE MENTAL HEALTH SERVICES

#### JANUARY 2, 2001

In accordance with Government Code Section (GC) 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for Seriously Emotionally Disturbed Pupils: Out of State Mental Health Services (SEDP). These claiming instructions are issued subsequent to the adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (COSM).

On May 25, 2000, COSM determined that the SEDP program establishes costs mandated by the State according to the provisions listed in the attached P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Government Code Section 7576, as amended by Chapter 654, Statutes of 1996, established new fiscal and programmatic responsibilities for counties to provide mental health services to SED pupils placed in out-of-state residential programs.

#### Eligible Claimants

Any county that incurs increased costs as a direct result of this mandate is eligible to claim reimbursement of these costs.

#### Filing Deadlines

#### A. Initial Claims

Initial claims must be filed within 120 days from the issuance date of claiming instructions. Reimbursement claims for the period January 1, 1997, through June 30, 1997, and 1997-98 through 1999-00 fiscal years must be filed with SCO and must be delivered or postmarked on or before May 2, 2001. Annually thereafter, having received payment for an estimated claim, the claimant must file a reimbursement claim by January 15 of the following fiscal year. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$1,000. All initial reimbursement claims will be considered as one claim for the purpose of computing the late claim penalty. If the claims are late, the penalty should be applied to a single fiscal year. The penalty should not be prorated among fiscal years. In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions. Claims filed more than one year after the deadline, or without the requested supporting documentation, will not be accepted.

#### B. Estimated Claims

Unless otherwise specified in the claiming instructions, local agencies are not required to provide cost schedules and supporting documents with an estimated claim if the estimated

amount does not exceed the previous fiscal year's actual costs by more than 10%. The claimant can simply enter the estimated amount on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, the claimant must complete supplemental claim forms to support their estimated costs as specified for the program to explain the reason for the increased costs. If no explanation supporting the higher estimate is provided with the claim, it will automatically be adjusted to 110% of the previous fiscal year's actual costs.

Estimated claims filed with SCO must be postmarked by January 15 of the fiscal year in which costs will be incurred. However, 2000-01 estimated claims must be filed with SCO and postmarked by May 2, 2001. Timely filed claims will be paid before late claims.

#### Minimum Claim Cost

GC § 17564(a) provides that no claim shall be filed pursuant to § 17561 unless such a claim exceeds \$200 per program per fiscal year. Claims should be rounded to the nearest dollar.

#### Reimbursement Claims

Initial reimbursement claims will only be reimbursed to the extent that expenditures can be supported and, if such information is unavailable, claims will be reduced. In addition, ongoing reimbursement claims must be supported by documentation as evidence of the expenditures. Examples of documentation may include, but are not limited to, employee time records that identify mandate activities, payroll records, invoices, receipts, contracts, travel expense vouchers, purchase orders, and caseload statistics.

#### **Audit of Costs**

All claims submitted to SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the P's & G's adopted by COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment," specifying the claim component adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by SCO as deemed necessary. Accordingly, all documentation to support actual costs claimed must be retained for a period of two years after the end of the calendar year in which the reimbursement claim was filed or amended regardless of the year of costs incurred. When no funds are appropriated for initial claims at the time the claim is filed, supporting documents must be retained for two years from the date of initial payment of the claim. Claim documentation shall be made available to SCO on request.

#### Retention of Claiming Instructions

The claiming instructions and forms in this package should be retained permanently in your *Mandated Cost Manual* for future reference and use in filing claims. These forms should be duplicated to meet your filing requirements. You will be notified of updated forms or changes to claiming instructions as necessary.

For your reference, these and future mandated costs claiming instructions and forms can be found on the Internet at www.sco.ca.gov/ard/local/locreim/index.htm.

## Parameters and Guidelines

Government Code Section 7576 Statutes of 1996, Chapter 654

California Code of Regulations, Title 2, Division 9, Chapter 1, Sections 60000-60610 California Department of Mental Health Information Notice Number 86-29

Seriously Emotionally Disturbed (SED) Pupils: Out-of-State Mental Health Services

#### I. SUMMARY OF MANDATE

Government Code section 7576, as amended by Statutes of 1996, Chapter 654, established new fiscal and programmatic responsibilities for counties to provide mental health services to Seriously Emotionally Disturbed (SED) pupils placed in out-of-state residential programs. In this regard, Title 2, Division 9, Chapter 1 of the California Code of Regulations, sections 60000 through 60610, were amended to further define counties' fiscal and programmatic responsibilities including those set forth under section 60100 entitled "LEA Identification and Placement of a Seriously Emotionally Disturbed Pupil," providing that residential placements for a SED pupil may be made out-of-state only when no in-state facility can meet the pupil's needs, and under section 60200 entitled "Financial Responsibilities," detailing county mental health and LEA financial responsibilities regarding the residential placements of SED pupils.

On May 25, 2000, the Commission on State Manclates (Commission) adopted its Statement of Decision on the subject test claim, finding the following activities to be reimbursable:

- Payment of out-of state residential placements for SED pupils. (Gov. Code, § 7576, Cal. Code Regs., tit. 2, §§ 60100, 60110)
- Case management of out-of-state residential placements for SED pupils. Case management includes supervision of mental health treatment and monitoring of psychotropic medications. (Gov. Code, § 7576, Cal. Code Regs., tit. 2, § 60110.)
- Travel to conduct quarterly face-to-face contacts at the residential facility to monitor level of care, supervision, and the provision of mental health services as required in the pupil's Individualized Education Plan (IEP). (Cal. Code Regs., tit. 2, § 60110.)
- Program management, which includes parent notifications, as required, payment facilitation, and all other activities necessary to ensure a county's out-of-state residential placement program meets the requirements of Government Code section 7576 and Title 2, California Code of Regulations, subdivision 60000-60610. (Gov. Code, § 7576; Cal. Code of Regs., tit. 2, §§ 60100, 60110.)

#### II. ELIGIBLE CLAIMANTS

Counties.

#### III. PERIOD OF REIMBURSEMENT

Section 17557 of the Government Code, prior to its amendment by Statutes of 1998, Chapter 681, stated that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for that year. This test claim was filed by the County of Los Angeles on December 22, 1997. Statutes of 1996, Chapter 654, was enacted on September 19, 1996 and became effective on January 1, 1997. Therefore, costs incurred in implementing Chapter 654, Statutes of 1996 on or after January 1, 1997, are eligible for reimbursement.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(1) of the Government Code, all claims for reimbursement of initial years' costs shall be submitted within 120 days of notification by the State Controller of the enactment of the claims bill.

If total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

#### IV. REIMBURSABLE ACTIVITIES

The direct and indirect costs of labor, materials and supplies, contracted services, equipment, training, and travel incurred for the following mandate components are eligible for reimbursement:

### A. One-Time Costs

- To develop policies, procedures and contractual arrangements, necessary to implement a county's new fiscal and programmatic responsibilities for SED pupils placed in outof-state residential programs.
- To conduct county staff training on the new policies, procedures and contractual arrangements, necessary to implement a county's new fiscal and programmatic responsibilities for SED pupils placed in out-of-state residential programs.

## B. Continuing Costs

1. Mental Health Service Vendor Reimbursements

To reimburse counties for payments to service vendors providing mental health services to SED pupils in out-of-state residential placements as specified in Government Code section 7576 and Title 2, California Code Regulations, sub divisions 60100 and 60110.

### Case Management

To reimburse counties for case management of SED pupils in out-of-state residential placements, including supervision of mental health treatment and monitoring of psychotropic medications as specified in Government Code section 7576 and Title 2, California Code of Regulations, sub division 60110, including the costs of treatment

related litigation (including administrative proceedings) over such issues as placement and the administration of psychotropic medication. Litigation (including administrative proceedings) alleging misconduct by the county or its employees, based in negligence or intentional tort, shall not be included.

#### 3. Travel

To reimburse counties for travel costs necessary to conduct quarterly face-to-face contacts at the residential facility to monitor level of care, supervision, and the provision of mental health services as required in the pupil's IEP as specified in Title 2, California Code of Regulations, subdivision 60110.

#### 4. Program Management

To reimburse counties for program management costs, which include the costs of parent notifications as required, payment facilitation, and all other activities necessary to ensure a county's out-of-state residential placement program meets the requirements of Government Code section 7576 and Title 2, California Code of Regulations, sub divisions 60100 and 60110.

#### V. CLAIM PREPARATION AND SUBMISSION

Each claim for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV. of these Parameters and Guidelines.

#### A. Direct Costs

Direct costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

#### 1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity by each employee, productive hourly rate and related fringe benefits.

Reimbursement for personnel services includes compensation paid for salaries, wages and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contribution to social security, pension plans, insurance, and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities which the employee performs.

### 2. Materials and Supplies

Only expenditures that can be identified as direct costs of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received by the claimant. Supplies that are withdrawn from inventory-shall-be-charged-based-on-a-recognized-method-of-costing, consistently-applied.

#### Contract Services

Provide the name(s) of the contractor(s) who performed the services, including any fixed contract for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services.

#### 4. Fixed Assets

List the costs of the fixed assets that have been acquired specifically for the purpose of this mandate. If the fixed asset is utilized in some way not directly related to the mandated program, only the pro-rate portion of the asset which is used for the purposes of the mandated program is eligible for reimbursement.

#### 5. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with thre rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points, and travel costs.

#### 6. Training

The cost of training an employee to perform the mandated activities, as specified in Section IV of these Parameters and Guidelines, is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem.

#### B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reim bursement utilizing the procedure provided in the OMB A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) for the department if the indirect cost rate exceeds 10%. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB A-87. An ICRP must be submitted with the claim when the indirect cost rate exceeds 10%.

## VI. SUPPORTING DATA

For auditing purposes, all costs claimed shall be traceable to source documents (e.g., invoices, receipts, purchase orders, contracts, worksheets, calendars, declarations, etc.) that show evidence of the validity of such costs and their relationship to the state mandated program. All

documentation in support of the claimed costs shall be made available to the State Controller's Office, as may be requested. Pursuant to Government Code section 17558.5, these documents must be kept on file by the agency submitting the claim for a period of no less than two years after the later of (1) the end of the calendar year in which the reimbursement claim is filed or last amended, or (2) if no funds are appropriated for the fiscal year for which the claim is made, the date of initial payment of the claim. All claims shall identify the number of pupils in out-of-state residential programs for the costs being claimed.

#### VII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENTS

Any offsetting savings the claimant experiences as a direct result of the subject mandate must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to federal funds and other state funds, shall be identified and deducted from this claim.

## VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's Office claiming instructions, for those costs mandated by the State contained herein.

Gloria Molina, Chair Los Angeles County Board of Supervisors 856 Kenneth Hahn Hall of Administration 500 West Temple Street Los Angeles, CA 90012

Dear Ms. Molina:

The State Controller's Office audited the costs claimed by Los Angeles County for the legislatively mandated Seriously Emotionally Disturbed Pupils: Out-of-State Mental Health Services Program (Chapter 654, Statutes of 1996) for the period of July 1, 2003, through June 30, 2006.

The county claimed \$54,952,597 for the mandated program. Our audit disclosed that \$42,530,422 is allowable and \$12,422,175 is unallowable. The costs are unallowable because the county claimed ineligible vendor payments for out-of-state residential placements of seriously emotionally disturbed pupils in facilities that are owned and operated for profit and unsupported residential placement and program management costs; applied indirect cost rates to ineligible and unsupported costs; applied offsetting revenues toward ineligible direct costs; and did not provide support for portions of program management costs reimbursed by federal, state, and local funds. The State paid the county \$39,561,465. Allowable costs claimed exceed the amount paid by \$2,968,957.

If you disagree with the audit findings, you may file an Incorrect Reduction Claim (IRC) with the Commission on State Mandates (CSM). The IRC must be filed within three years following the date that we notify you of a claim reduction. You may obtain IRC information at the CSM's Web site at <a href="https://www.csm.ca.gov/docs/IRCForm.pdf">www.csm.ca.gov/docs/IRCForm.pdf</a>.

## **Audit Report**

#### Summary

The State Controller's Office (SCO) audited the costs claimed by Los Angeles County for the legislatively mandated Seriously Emotionally Disturbed Pupils: Out-of-State Mental Health Services Program (Chapter 654, Statutes of 1996) for the period of July 1, 2003, through June 30, 2006.

The county claimed \$54,952,597 for the mandated program. Our audit disclosed that \$42,530,422 is allowable and \$12,422,175 is unallowable. The costs are unallowable because the county claimed ineligible vendor payments for out-of-state residential placements of seriously emotionally disturbed pupils in facilities that are owned and operated for profit and unsupported residential placement and program management costs; applied indirect cost rates to ineligible and unsupported costs; applied offsetting revenues toward ineligible direct costs; and did not provide support for portions of program management costs reimbursed by federal, state, and local funds. The State paid the county \$39,561,465. Allowable costs claimed exceed the amount paid by \$2,968,957.

#### Background

Chapter 654, Statutes of 1996, added and amended Government Code section 7576 by allowing new fiscal and programmatic responsibilities for counties to provide mental health services to seriously emotionally disturbed (SED) pupils placed in out-of-state residential programs. Counties' fiscal and programmatic responsibilities including those set forth in California Code of Regulations section 60100 which provides that residential placements for a SED pupils may be made out-of-state only when no in-state facility can meet the pupil's needs.

On May 25, 2000, the Commission on State Mandates (CSM) determined that Chapter 654, Statutes of 1996, imposed a state mandate reimbursable under Government Code section 17561 for the following:

- Payment of out-of-state residential placements for SED pupils;
- Case management of out-of-state residential placements for SED pupils. Case management includes supervision of mental health treatment and monitoring of psychotropic medications;
- Travel to conduct quarterly face-to-face contacts at the residential facility to monitor level of care, supervision, and the provision of mental health services as required in the pupil's Individualized Education Plan;
- Program management, which includes parent notifications, as required, payment facilitation, and all other activities necessary to ensure a county's out-of-state residential placement program meets the requirements of Government Code section 7576.

The program's parameters and guidelines establish the state mandate and define reimbursement criteria. CSM adopted the parameters and guidelines on October 26, 2000. In compliance with Government Code section 17558, the SCO issues claiming instructions for mandated programs, to assist local agencies and school districts in claiming mandated program reimbursable costs.

## Objective, Scope, and Methodology

We conducted the audit to determine whether costs claimed represent increased costs resulting from the Seriously Emotionally Disturbed Pupils: Out-of-State Mental Health Services Program for the period of July 1, 2003, through June 30, 2006.

Our audit scope included, but was not limited to, determining whether costs claimed were supported by appropriate source documents, were not funded by another source, and were not unreasonable and/or excessive.

We conducted this performance audit under the authority of Government Code sections 12410, 17558.5, and 17561. We did not audit the county's financial statements. We conducted the audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We limited our review of the county's internal controls to gaining an understanding of the transaction flow and claim preparation process as necessary to develop appropriate auditing procedures.

#### Conclusion

Our audit disclosed instances of noncompliance with the requirements outlined above. These instances are described in the accompanying Summary of Program Costs (Schedule 1) and in the Findings and Recommendations section of this report.

For the audit period, Los Angeles County claimed \$54,952,597 for costs of the Seriously Emotionally Disturbed Pupils: Out-of-State Mental Health Services Program. Our audit disclosed that \$42,530,422 is allowable and \$12,422,175 is unallowable.

For the fiscal year (FY) 2003-04 claim, the State made no payment to the county. Our audit disclosed that \$11,028,561 is allowable. The State will pay allowable costs claimed that exceed the amount paid, totaling \$11,028,561, contingent upon available appropriations.

For the FY 2004-05 claim, the State paid the county \$19,580,271. Our audit disclosed that \$15,379,320 is allowable. The State will offset \$4,200,951 from other mandated program payments due the county. Alternatively, the county may remit this amount to the State.

For the FY 2005-06 claim, the State paid the county \$19,981,194. Our audit disclosed that \$16,122,541 is allowable. The State will offset \$3,858,653 from other mandated program payments due the county. Alternatively, the county may remit this amount to the State.

#### Views of Responsible Officials

We issued a draft audit report on December 23, 2009. Wendy L. Watanabe, Auditor-Controller, responded by letter dated January 13, 2010 (Attachment), agreeing with the audit results. This final audit report includes the county's response.

Subsequent to the issuance of the draft report and the county's response to the SED Pupils: Out-of-State Mental Health Services Program audit, we finalized the Handicapped and Disabled Students Program audit. Our Handicapped and Disabled Students Program audit disclosed that the county over-applied Individuals with Disabilities Education Act (IDEA) funds by \$954,297 for FY 2003-04. We applied the excess of IDEA revenues to the SED Pupils: Out-of-State Mental Health Services Program. Hasmik Yaghobyan, SB 90 Coordinator, responded by e-mail on April 13, 2010, agreeing with the revised audit results.

#### Restricted Use

This report is solely for the information and use of Los Angeles County, the California Department of Finance, and the SCO; it is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this report, which is a matter of public record.

## **Findings and Recommendations**

FINDING 1— Ineligible vendor costs The county overstated vendor costs by \$15,021,880 for the audit period.

The county claimed ineligible vendor payments of \$15,001,966 (mental health treatment, and board and care costs) for out-of-state residential placement of seriously emotionally disturbed (SED) pupils in facilities that are owned and operated for profit. Further, the county claimed unsupported residential placement costs of \$19,914.

The program's parameters and guidelines (section IV.C.1) specify that the mandate is to reimburse counties for payments to service vendors providing mental health services to SED pupils in out-of-state residential placements as specified in Government Code section 7576 and Title 2, California Code of Regulations, sections 60100 and 60110.

Title 2, California Code Regulations, section 60100, subdivision (h), specifies that out-of-state residential placements shall be made only in residential programs that meet the requirements of Welfare and Institutions Code sections 11460, subdivisions (c)(2) through (3). Welfare and Institutions Code section 11460, subdivision (c)(3), states that reimbursement shall only be paid to a group home organized and operated on a nonprofit basis.

The parameters and guidelines also state that all costs claimed must be traceable to source documents that show evidence of the validity of such costs and their relationship to the state mandated program.

The following table summarizes the unallowable vendor costs claimed:

		Fiscal Year		
	2003-04	2004-05	2005-06	Total
Ineligible placements Unsupported costs	\$ (4,158,315) (19,914)	\$ (5,179,730) —	\$ (5,663,921) —	\$ (15,001,966) (19,914)
Total	\$ (4,178,229)	\$ (5,179,730)	\$ (5,663,921)	\$ (15,021,880)

#### Recommendation

We recommend that the county implement policies and procedures to ensure that out-of-state residential placements are made in accordance with laws and regulations. Further, we recommend that the county claim only eligible and supportable residential placement costs.

#### County's Response

#### FINDING 2— Unsupported program management costs

The county claimed unsupported program management costs of \$16,304 for the audit period.

The county claimed unsupported program management costs (shipping charges) of \$16,304 due to clerical errors. For FY 2004-05, the county erroneously claimed \$7,386 for one day's shipping costs when the total unallocated shipping charges for the day was only \$78, none of which was related to the mandated program. Furthermore, for FY 2005-06, the county inadvertently charged total shipping charges of \$14,452 while the program-related portion was only \$5,534. We adjusted program management costs to reflect actual program related shipping charges incurred by the county.

The parameters and guidelines (section IV.C.4) specify that the mandate is to reimburse counties for program management costs, which include the costs of parent notifications as required, payment facilitation, and all other activities necessary to ensure a county's out-of-state residential placements as specified in Government Code section 7576 and Title 2, *California Code of Regulations*, sections 60100 and 60110.

The parameters and guidelines also state that all costs claimed must be traceable to source documents that show evidence of the validity of such costs and their relationship to the state mandated program.

The following table summarizes the unsupported program management costs claimed:

	Fisca	l Year	
	2004-05	2005-06	Total
Program management costs	\$ 7,386	\$ 8,918	\$ 16,304

#### Recommendation

We recommend that the county implement policies and procedures to ensure that claimed program management costs are fully supported by source documentation and steps are taken to minimize the opportunity for clerical errors in the manual process.

#### County's Response

#### FINDING 3— Overstated indirect costs

The county overstated indirect costs by \$181,095 for the audit period.

The county applied indirect cost rates to ineligible and unsupported direct costs. Furthermore, the county used an indirect cost rate methodology that is inconsistent with other related mandated cost programs, (i.e., Handicapped and Disabled Students, Handicapped and Disabled Students II, and SED Pupils: Out-of-State Mental Health Services). In some instances the county applied a rate based on costs two years prior, while in other instances, the county applied a rate based on actual claim year costs. The disparate rates were applied to expenses in the same pool of cost, resulting in significant fluctuations in rates from year to year.

We recalculated indirect costs using actual rates applicable to the appropriate fiscal year and applied the rate to eligible costs.

The parameters and guidelines specify that administrative costs incurred in the performance of the mandated activities and adequately documented are reimbursable.

The parameters and guidelines further specify that to the extent that the California Department of Mental Health has not already compensated reimbursable indirect costs from categorical funding sources, they may be claimed.

The following table summarizes the overstated indirect costs claimed:

		Fiscal Year		
	2003-04	2004-05	2005-06	Total
Indirect costs	\$ (290,070)	\$ (266,619)	\$ 375,594	\$ (181,095)

#### Recommendation

We recommend that the county use a consistent methodology to determine rates that are applied to the same pools of cost, and take steps to ensure that indirect cost rates are applied to eligible costs.

#### County's Response

#### FINDING 4— Overstated offsetting reimbursements

The county overstated offsetting reimbursements by \$2,797,104 for the audit period.

The county applied offsetting revenues toward ineligible vendor payments (mental health treatment, and board and care costs) for out-of-state residential placement of SED pupils in facilities that are owned and operated for profit. In addition, the county applied the offsetting revenues towards unsupported costs. Lastly, the county did not provide support for portions of program management salary and benefit costs reimbursed by federal, state, and local funds.

We recalculated total revenues by excluding revenues related to ineligible and unsupported costs. In addition, due to lack of support, we fully offset the remaining net program management salary and benefit costs claimed. For FY 2003-04, the county over applied Individuals with Disabilities Education Act (IDEA) funds to its Handicapped and Disabled Students claim. We applied the excess of IDEA revenues to the SED Pupils: Out-of-State Mental Health Services Program.

The parameters and guidelines provide that reimbursement for this mandate received from any source, including but not limited to federal funds and other state funds, shall be identified and deducted from the claim.

Title 2, California Code Regulations, section 60100, subdivision (h), specifies that out-of-state residential placements shall be made only in residential programs that meet the requirements of Welfare and Institutions Code sections 11460, subdivisions (c)(2) through (3). Welfare and Institutions Code section 11460, subdivision (c)(3), states that reimbursement shall only be paid to a group home organized and operated on a nonprofit basis.

Welfare and Institutions Code section 15200, subdivision (c)(1), provides the cost sharing mechanism whereby the California Department of Social Services reimburses counties for 40% of the 24-hour out-of-home residential board-and-care costs.

Welfare and Institutions Code section 18355, states, in part, notwithstanding any other provision of the law, 24-hour out-of-home care for seriously emotionally disturbed children who are placed in accordance with Government code, section 7572.5, shall be funded from a separate appropriation in the budget of the California Department of Social Services in order to fund both 24-hour out-of-home care payment and local administrative costs.

The following table summarizes the overstated offsetting revenues:

		Fiscal Year		
	2003-04	2004-05	2005-06	Total
Ineligible vendor costs	\$ 1,096,274	\$ 1,289,337	\$ 1,476,355	\$ 3,861,966
Unsupported program management	(36,249)	(36,553)	(37,763)	(110,565)
Under applied IDEA funds	(954,297)			(954,297)
Total	\$ 105,728	\$ 1,252,784	\$ 1,438,592	\$ 2,797,104

#### Recommendation

We recommend that the county implement policies and procedures to ensure that revenues are applied to eligible costs. Further, we recommend that the county identify and apply all applicable offsetting revenues including federal, state, and local reimbursements for program activities, and maintain source documentation to support its claim.

Mr. Jeffrey V. Brownfield, Chief Division of Audits State Controller's Office 300 Capitol Mall, Suite 518 Sacramento, California 95814

Dear Mr. Brownfield:

# LOS ANGELES COUNTY'S RESPONSE TO STATE CONTROLLER'S DRAFT AUDIT REPORT SERIOUSLY EMOTIONALLY DISTURBED PUPILS: OUT-OF-STATE MENTAL HEALTH SERVICES PROGRAM (SED), CHAPTER 654, STATUTES OF 1996

The County of Los Angeles has reviewed the State's draft audit report dated December 23, 2009 for SED's program, for the period July 1, 2003 through June 30, 2006. The draft audit report concluded that, of the \$54,952,597 claimed under SED, \$43,484,719 is allowable. The remaining \$11,467,878 is not allowable pursuant to the Parameters and Guidelines adopted by the Commission on State Mandates on May 25, 2000.

The County's response, which is attached hereto, indicates agreement with the audit findings and the actions that the County will take to implement policies and procedures to ensure that the costs claimed under SED are eligible, mandate related, and supported. We also recognize that if the County subsequently provides additional information to support its \$11,467,878 of unallowable costs, or if there are any changes in the laws and regulations, the State will revise the final audit report to include such additional allowable costs.

If you have any questions, please contact Hasmik Yaghobyan at (213) 893-0792 or via e-mail at hyaghobyan@auditor.lacounty.gov.

Very truly yours.

#### LOS ANGELES COUNTY'S RESPONSE TO STATE CONTROLLER'S DRAFT AUDIT REPORT SERIOUSLY EMOTIONALLY DISTURBED PUPILS: OUT-OF-STATE MENTAL HEALTH SERVICES PROGRAM (SED), CHAPTER 654, STATUTES OF 1996 JULY 1, 2003 THROUGH JUNE 30, 2006

#### Finding # 1- Ineligible Vendor Costs

The County claimed ineligible vendor payments of \$15,001,966 (mental health treatment, and board and care costs) for out-of-state residential placement of seriously emotionally disturbed (SED) pupils in facilities that are owned and operated for profit. Further, the County claimed unsupported residential placement costs of \$19,914.

#### Recommendation

We recommend that the County implement policies and procedures to ensure that outof-state residential placements are made in accordance with laws and regulations. Further, we recommend that the County claim only eligible and supportable residential placement costs.

#### County's Response

We agree with the recommendation. The County will review and establish policies and procedures to ensure that out-of-state residential placements are made in accordance with laws and regulations. The County will also review its claim procedures to ensure that residential placement costs are eligible and supportable.

#### Finding # 2- Unsupported Program Management Costs

The County claimed unsupported program management costs of \$16,304 for the audit period due to clerical errors.

#### Recommendation

We recommend that the County implement policies and procedures to ensure that claimed program management costs are fully supported by source documentation and steps are taken to minimize the opportunity for clerical errors in the manual process.

#### County's Response

We agree with the recommendation. The County will review and establish policies and procedures to ensure that program management costs are supported and contain no clerical errors.

#### LOS ANGELES COUNTY'S RESPONSE TO STATE CONTROLLER'S DRAFT AUDIT REPORT SERIOUSLY EMOTIONALLY DISTURBED PUPILS: OUT-OF-STATE MENTAL HEALTH SERVICES PROGRAM (SED), CHAPTER 654, STATUTES OF 1996 JULY 1, 2003 THROUGH JUNE 30, 2006

#### Finding # 3- Overstated Indirect Costs

The County overstated indirect costs by \$181,095. The County applied indirect cost rates to ineligible and unsupported direct costs. Furthermore, the County used an indirect cost rate methodology that is inconsistent with other related mandated cost programs.

#### Recommendation

We recommend that the County use a consistent methodology to determine rates that are applied to the same pools of cost, and takes steps to ensure that indirect cost rates are applied to eligible costs.

#### County's Response

We agree with the recommendation. The County will review and establish policies and procedures to ensure that a consistent methodology for determining indirect cost rates applicable to the same pools of eligible costs is used.

#### Finding # 4- Overstated Offsetting Reimbursements

The County overstated offsetting reimbursements by \$3,751,401 for the audit period. The County applied offsetting revenues toward ineligible vendor payments (mental health treatment, and board and care costs) for out-of-state residential placement of SED pupils in facilities that are owned and operated for profit.

#### Recommendation

We recommend that the County implement policies and procedures to ensure that revenues are applied to eligible costs. Further, we recommend that the County identifies and applies all applicable offsetting revenues including federal, state, and local reimbursements for program activities, and maintain source documentation to support its claim.

#### County's Response

We agree with the recommendation. The County will review and establish policies and procedures to ensure that all applicable offsetting revenues (including federal, state, and local reimbursements) are identified, applied to eligible costs, and are supported by source documentation.

### TO ALL PARTIES AND INTERESTED PARTIES:

Each commission mailing list is continuously updated as requests are received to include or remove any party or person on the mailing list. A current mailing list is provided with commission correspondence, and a copy of the current mailing list is available upon request at any time. Except as provided otherwise by commission rule, when a party or interested party files any written material with the commission concerning a claim, it shall simultaneously serve a copy of the written material on the parties and interested parties to the claim identified on the mailing list provided by the commission. However, this requirement may also be satisfied by electronically filing your documents. Please see http://www.csm.ca.gov/dropbox.shtml on the Commission's website for instructions on electronic filing. (Cal. Code Regs., tit. 2, § 1181.2.)
