Re: Transitional Kindergarten Program, 23-TC-02

Position: Support

Dear Ms. Miller:

On behalf of the Santa Cruz City Schools District I am writing in support of the test claim: Transitional Kindergarten Program, 23-TC-02, which is tentatively scheduled to be considered by the Commission on State Mandates (Commission) at its November 22, 2024, hearing.

California is currently in the second year of phasing in universal transitional kindergarten (UTK). By 2025-26, the state expects all local educational agencies (LEAs) to make transitional kindergarten (TK available to all children who will have their fourth birthday by September 1 of the school year. To assist with the implementation of UTK, the state funds TK average daily attendance by annually rebenching Proposition 98 with General Fund dollars to account for the newly eligible TK students. Over the past two fiscal years, the state has provided nearly \$1 billion in ongoing funding for the implementation of UTK. That annual cost is expected to grow to approximately \$2.7 billion when UTK is fully implemented in 2025-26.

While the state has highlighted its commitment to fund UTK, the funding distribution methodology that is being utilized leaves out community-funded (basic aid) school districts, which means that districts like ours do not receive funding for implementing TK. Although interpretations of current law vary, the state has clearly expressed that TK should be offered by all districts, making it an unfunded mandate for community-funded districts not receiving dollars to implement this new, full grade level.

The requirement for community-funded districts to implement UTK clearly meets the determination requirement of the state imposing a new program or higher level of service on LEAs. The state continues to maintain that implementation of UTK is an expectation of all school districts; however, the state is only providing funding for UTK to state-funded districts. The refusal of the state to provide funding for community-funded districts for UTK implementation, while at the same time maintaining that it is still an obligation to implement, constitutes an unfunded mandate by the state.

For these reasons, we strongly support the test claim filed by the Hope Elementary School District and the Sunnyvale School District. Without support from the Commission on this test claim, community-funded districts will be forced to take funding from other programs that currently serve students in order to implement this new grade.

We implore that the Commission staff recommends the test claim to be approved and that Commission members approve the claim when it is heard this fall.

Sincerely,

A handwritten signature in cursive script that reads "Kris Munro".
