I. SUMMARY OF THE MANDATE

On May 27, 2004, the Commission on State Mandates (Commission) adopted the Statement of Decision for *The Stull Act* test claim. The Commission found that Education Code sections 44660-44665 (formerly Ed. Code, §§ 13485-13490) constitute a new program or higher level of service and impose a state-mandated program upon school districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

Accordingly, the Commission approved this test claim for the following reimbursable activities:

- Evaluate and assess the performance of certificated instructional employees that perform the requirements of educational programs mandated by state or federal law as it reasonably relates to the instructional techniques and strategies used by the employee and the employee's adherence to curricular objectives. (Ed. Code, § 44662, subd. (b), as amended by Stats. 1983, ch. 498.)

Reimbursement for this activity is limited to the review of the employee's instructional techniques and strategies and adherence to curricular objectives, and to include in the written evaluation of the certificated instructional employees the assessment of these factors during the following evaluation periods:

- Once each year for probationary certificated employees;
 - Every other year for permanent certificated employees; and
 - Beginning January 1, 2004, every five years for certificated employees with permanent status who have been employed at least ten years with the school district, are highly qualified (as defined in 20 U.S.C. § 7801), and whose previous evaluation rated the employee as meeting or exceeding standards, if the evaluator and certificated employee being evaluated agree.
- Evaluate and assess the performance of certificated instructional employees that teach reading, writing, mathematics, history/social science, and science in grades 2 to 11 as it reasonably relates to the progress of pupils towards the state adopted academic content standards as measured by state adopted assessment tests. (Ed. Code, § 44662, subd. (b), as amended by Stats. 1999, ch. 4.)

Reimbursement for this activity is limited to the review of the results of the STAR test as it reasonably relates to the performance of those certificated employees that

teach reading, writing, mathematics, history/social science, and science in grades 2 to 11, and to include in the written evaluation of those certificated employees the assessment of the employee's performance based on the STAR results for the pupils they teach during the evaluation periods specified in Education Code section 44664, and described below:

- Once each year for probationary certificated employees;
 - Every other year for permanent certificated employees; and
 - Beginning January 1, 2004, every five years for certificated employees with permanent status who have been employed at least ten years with the school district, are highly qualified (as defined in 20 U.S.C. § 7801), and whose previous evaluation rated the employee as meeting or exceeding standards, if the evaluator and certificated employee being evaluated agree.
- Assess and evaluate permanent certificated, instructional and non-instructional, employees that perform the requirements of educational programs mandated by state or federal law and receive an unsatisfactory evaluation in the years in which the permanent certificated employee would not have otherwise been evaluated pursuant to Education Code section 44664 (i.e., every other year). The additional evaluations shall last until the employee achieves a positive evaluation, or is separated from the school district. (Ed. Code, § 44664, as amended by Stats. 1983, ch. 498.) This additional evaluation and assessment of the permanent certificated employee requires the school district to perform the following activities:
 - Evaluate and assess the certificated employee performance as it reasonably relates to the following criteria: (1) the progress of pupils toward the standards established by the school district of expected pupil achievement at each grade level in each area of study, and, if applicable, the state adopted content standards as measured by state adopted criterion referenced assessments; (2) the instructional techniques and strategies used by the employee; (3) the employee's adherence to curricular objectives; (4) the establishment and maintenance of a suitable learning environment, within the scope of the employee's responsibilities; and, if applicable, (5) the fulfillment of other job responsibilities established by the school district for certificated non-instructional personnel (Ed. Code, § 44662, subds. (b) and (c));
 - The evaluation and assessment shall be reduced to writing. (Ed. Code, § 44663, subd. (a).) The evaluation shall include recommendations, if necessary, as to areas of improvement in the performance of the employee. If the employee is not performing his or her duties in a satisfactory manner according to the standards prescribed by the governing board, the school district shall notify the employee in writing of that fact and describe the unsatisfactory performance (Ed. Code, § 44664, subd. (b));
 - Transmit a copy of the written evaluation to the certificated employee (Ed. Code, § 44663, subd. (a));
 - Attach any written reaction or response to the evaluation by the certificated employee to the employee's personnel file (Ed. Code, § 44663, subd. (a)); and

- Conduct a meeting with the certificated employee to discuss the evaluation (Ed. Code, § 44553, subd. (a).)

The Commission further found that the activities listed above do not constitute reimbursable state-mandated programs with respect to certificated personnel employed in local, discretionary educational programs.

Finally, the Commission found that all other statutes in the test claim not mentioned above are not reimbursable state-mandated programs within the meaning of article XIII B, section 6 and Government Code section 17514.

II. ELIGIBLE CLAIMANTS

Any "school district" as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate is eligible to claim reimbursement. Charter schools are not eligible claimants.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557 states that a test claim must be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was filed on June 30, 1999. Therefore, the costs incurred for compliance with Statutes 1983, chapter 498 are eligible for reimbursement on or after July 1, 1997. Statutes 1999, chapter 4 was an urgency statute operative March 15, 1999; therefore, costs incurred for compliance with Statutes 1999, chapter 4 are eligible for reimbursement on or after March 15, 1999.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable

activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for the reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

A. Certificated Instructional Employees

1. Evaluate and assess the performance of certificated instructional employees that perform the requirements of educational programs mandated by state or federal law as it reasonably relates to the instructional techniques and strategies used by the employee and the employee's adherence to curricular objectives (Ed. Code, § 44662, subd. (b), as amended by Stats. 1983, ch. 498.). (*Reimbursement period begins July 1, 1997.*)

Reimbursement for this activity is limited to:

- a. reviewing the employee's instructional techniques and strategies and adherence to curricular objectives, and
- b. including in the written evaluation of the certificated instructional employees the assessment of these factors during the following evaluation periods:
 - once each year for probationary certificated employees;
 - every other year for permanent certificated employees; and
 - beginning January 1, 2004, every five years for certificated employees with permanent status who have been employed at least ten years with the school district, are highly qualified (as defined in 20 U.S.C. § 7801), and whose previous evaluation rated the employee as meeting or exceeding standards, if the evaluator and certificated employee being evaluated agree.

Note: For purposes of claiming reimbursement, eligible claimants must identify the state or federal law mandating the educational program being performed by the certificated instructional employees.

2. Evaluate and assess the performance of certificated instructional employees that teach reading, writing, mathematics, history/social science, and science in grades 2 to 11 as it reasonably relates to the progress of pupils towards the state adopted academic content standards as measured by state adopted assessment tests (Ed. Code, § 44662, subd. (b), as amended by Stats. 1999, ch. 4.). (*Reimbursement period begins March 15, 1999.*)

Reimbursement for this activity is limited to:

- a. reviewing the results of the Standardized Testing and Reporting test as it reasonably relates to the performance of those certificated employees that teach reading, writing, mathematics, history/social science, and science in grades 2 to 11, and
- b. including in the written evaluation of those certificated employees the assessment of the employee's performance based on the Standardized Testing and Reporting

results for the pupils they teach during the evaluation periods specified in Education Code section 44664, and described below:

- once each year for probationary certificated employees;
- every other year for permanent certificated employees; and
- beginning January 1, 2004, every five years for certificated employees with permanent status who have been employed at least ten years with the school district, are highly qualified (as defined in 20 U.S.C. § 7801), and whose previous evaluation rated the employee as meeting or exceeding standards, if the evaluator and certificated employee being evaluated agree.

B. Certificated (Instructional and Non-Instructional) Employees

1. Evaluate and assess permanent certificated, instructional and non-instructional, employees that perform the requirements of educational programs mandated by state or federal law and receive an unsatisfactory evaluation in the years in which the permanent certificated employee would not have otherwise been evaluated pursuant to Education Code section 44664 (i.e., every other year). The additional evaluations shall last until the employee achieves a positive evaluation, or is separated from the school district (Ed. Code, § 44664, as amended by Stats. 1983, ch. 498). *(Reimbursement period begins July 1, 1997.)*

This additional evaluation and assessment of the permanent certificated employee requires the school district to perform the following activities:

- a. evaluating and assessing the certificated employee performance as it reasonably relates to the following criteria: (1) the progress of pupils toward the standards established by the school district of expected pupil achievement at each grade level in each area of study, and, if applicable, the state adopted content standards as measured by state adopted criterion referenced assessments; (2) the instructional techniques and strategies used by the employee; (3) the employee's adherence to curricular objectives; (4) the establishment and maintenance of a suitable learning environment, within the scope of the employee's responsibilities; and, if applicable, (5) the fulfillment of other job responsibilities established by the school district for certificated non-instructional personnel (Ed. Code, § 44662, subs. (b) and (c));
- b. reducing the evaluation and assessment to writing (Ed. Code, § 44663, subd. (a)). The evaluation shall include recommendations, if necessary, as to areas of improvement in the performance of the employee. If the employee is not performing his or her duties in a satisfactory manner according to the standards prescribed by the governing board, the school district shall notify the employee in writing of that fact and describe the unsatisfactory performance (Ed. Code, § 44664, subd. (b));
- c. transmitting a copy of the written evaluation to the certificated employee (Ed. Code, § 44663, subd. (a));
- d. attaching any written reaction or response to the evaluation by the certificated employee to the employee's personnel file (Ed. Code, § 44663, subd. (a)); and

- e. conducting a meeting with the certificated employee to discuss the evaluation (Ed. Code, § 44553, subd. (a)).

Note: For purposes of claiming reimbursement, eligible claimants must identify the state or federal law mandating the educational program being performed by the certificated, instructional and non-instructional, employees.

C. Training

1. Train staff on implementing the reimbursable activities listed in Section IV of these parameters and guidelines. (One-time activity for each employee.) (*Reimbursement period begins July 1, 1997.*)

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursable claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1. Salaries and Benefits, for each applicable reimbursable activity.

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A. 1, Salaries and Benefits, and A.2, Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element A.3, Contracted Services.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

School districts must use the J-380 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documentation used to support the reimbursable

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandates shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including, but not limited to, service fees collected, federal funds, and other state funds shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement no later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the statute, regulations, or executive order creating the mandate and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute notice of the right of local agencies and schools districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
