1 17519.<sup>1</sup> Title 2, CCR, Section 1185 (a), requires the claimant to file an incorrect reduction claim with the Commission.

This incorrect reduction claim is timely filed. Title 2, CCR, Section 1185 (b), requires incorrect reduction claims to be filed no later than three years following the date of the Controller's remittance advice notifying the claimant of a reduction. A Controller's audit report dated December 12, 2007, has been issued. The audit report constitutes a demand for repayment and adjudication of the claim. On December 30, 2007, the Controller issued three "results of review" letters reporting the audit results for the FY 2001-02, FY 2002-03, and FY 2003-04 claims, demanding payment of amounts due to the state. Copies of the Controller's letters are attached as Exhibit "A."

There is no alternative dispute resolution process available from the Controller's office. The audit report states that an Incorrect Reduction Claim should be filed with the Commission if the claimant disagrees with the findings.

### PART II. SUMMARY OF THE CLAIM

The Controller conducted a field audit of the District's annual reimbursement claims for the District's actual costs of complying with the legislatively mandated Collective Bargaining mandate (Chapter 961, Statutes of 1975; Chapter 1213, Statutes of 1991) for the period July 1, 2001 through June 30, 2004. As a result of the audit, the

<sup>&</sup>lt;sup>1</sup> Government Code Section 17519, added by Chapter 1459, Statutes of 1984, Section 1:

<sup>&</sup>quot;'School district' means any school district, community college district, or county superintendent of schools."

1 Controller determined that \$286,895 of the claimed costs were unallowable:

Since the District has been paid \$683,420 for these claims, the audit report concludes that the amount of \$10,094 is due to the District.

#### PART III. PREVIOUS INCORRECT REDUCTION CLAIMS

The District has not filed any previous incorrect reduction claims for this mandate program. The District is not aware of any other incorrect reduction claims having been adjudicated on the specific issues or subject matter raised by this incorrect reduction claim.

#### PART IV. BASIS FOR REIMBURSEMENT

#### 1. <u>Mandate Legislation</u>

Chapter 961, Statutes of 1975 (the "Rodda Act") established Chapter 10.7,

Division 4, of Title 1 of the Government Code (commencing with Section 3540), and
repealed Article 5, Chapter 1, of Division 10 of the Education Code (the "Winton Act").

The Rodda Act established the Public Employees Relations Board (PERB) and required public school employers to meet and negotiate with their employees regarding terms and conditions of employment, including wages and hours of employment. The

provisions relating to the creation, certain duties of, and appropriations for the Public Employment Relations Board were operative on January 1, 1976. The provisions

organizations, the recognition of exclusive representatives, and related procedures

relating to employees' organizational rights, the representative rights of employee

were operative on April 1 and July 1, 1976.

Chapter 1213, Statutes of 1991, added Government Code section 3547.5, which requires school districts to publicly disclose major provisions of a collective bargaining agreement after negotiations but before the agreement becomes binding.

#### 2. Test Claim

The State Board of Control, the predecessor agency to the Commission on State Mandates, determined that the Rodda Act constituted a reimbursable state mandate at its meeting of July 17, 1978. It found that public school employees had new duties, not previously required by the Winton Act, to meet and negotiate in good faith for binding contracts with employee group representatives. Subsequent action of the Board of Control recognized that compliance with the regulations of the Public Employment Relations Board is included within the scope of the mandate to the extent that the regulations implement the provisions of the Rodda Act and its amendments.

On March 26, 1998, the Commission on State Mandates determined that Chapter 1213, Statutes of 1991, resulted in a new program or higher level of service by requiring school districts to publicly disclose major provisions of a collective bargaining agreement after negotiations and before the agreement becomes binding.

#### 3. Parameters and Guidelines

On October 22, 1980, the original parameters and guidelines for Collective Bargaining were adopted. Those parameters and guidelines were amended seven times between August 19,1981, and July 22, 1983. The parameters and guidelines for Collective Bargaining Agreement Disclosure were adopted on August 20, 1998, and consolidated with the Collective Bargaining parameters and guidelines. The consolidated parameters and guidelines were effective on January 28, 2000. This is believed to be the version extant at the time the claims that are the subject of this incorrect reduction claim were filed. A copy of those parameters and guidelines is attached as Exhibit "B."

#### 4. Claiming Instructions

The Controller has periodically issued or revised claiming instructions for the Collective Bargaining mandate program. The statements of reimbursable components in the claiming instructions, for the purposes and scope of this incorrect reduction claim, have been consistent with the parameters and guidelines. The September 2003 claiming instructions are believed to be substantially similar to the version extant at the time the claims that are the subject of this incorrect reduction claim were filed. A copy of the September 2003 revision of the claiming instructions is attached as Exhibit "C." However, because the Controller's claim forms and instructions have not been adopted as regulations, they have no force of law and have no effect on the outcome of this incorrect reduction claim.

PART V. STATE CONTROLLER CLAIM ADJUDICATION 1 2 The Controller conducted an audit of the District's annual reimbursement claims for fiscal years 2001-02, 2002-03, and 2003-04. The final audit report, dated December 3 12, 2007, concluded that 29% of the District's costs claimed were unallowable. A copy 4 of the final audit report is attached as Exhibit "D." 5 PART VI. CLAIMANT'S RESPONSE TO THE STATE CONTROLLER 6 The Controller transmitted a copy of its draft audit report by letter dated 7 November 21, 2007. The District objected to the proposed adjustments set forth in the 8 draft audit report by letter dated December 10, 2007. A copy of this letter is included in 9 Exhibit "D," the final audit report. The Controller then issued its final audit report without 10 material change to the adjustments as stated in the draft audit report. 11 PART VII. STATEMENT OF THE ISSUES 12 Finding 1: Unallowable Salaries, Benefits, and Related Indirect Costs Claimed 13 The District does not dispute the Controller's adjustments in Finding 1. 14 Finding 2 - Unallowable Contract Services Costs Claimed 15 16 The final audit report concludes that the District claimed unallowable contracted 17 services costs of \$168,334 for FY 2001-02. The total includes three adjustments to the 18 amounts claimed: \$27,260 of grievance adjudication costs claimed were disallowed "that 19 20 were not collective-bargaining related." However, grievances are

21

adjudicated in accordance with procedures bargained for and guaranteed

- by the collective bargaining agreement. Therefore, the grievance
  procedures themselves are contractual rights, and any adjudication in
  accordance with these procedures is a result of collective bargaining,
  regardless of the underlying complaint. The audit report provides no
  information on why these specific costs should be excluded from the
  claim.

  5,112 of "overstated" grievance arbitration costs claimed were disallo
  - \$5,112 of "overstated" grievance arbitration costs claimed were disallowed because the District "claimed 100% rather than 50% of the costs." The District does not dispute this finding.
  - \$135,962 for a reclassification study was disallowed because the cost was "incurred in the prior fiscal year." The District does not dispute this finding.

#### Finding 3 - Unallowable Indirect Costs

The final audit report concludes that the "district claimed unallowable indirect costs totaling \$82,858 for the audit period." \$10,871 of this amount resulted from the unallowable salaries and benefits in Finding 1, and the remaining \$71,987 is attributed to the fact that the indirect cost rates claimed were not federally approved. The final audit report states:

The district developed indirect cost rate proposals (IRCPs) based on an Office of Management and Budget (OMB) Circular A-21 methodology. However, the district did not obtain federal approval for its IRCPs. Therefore, we calculated indirect cost rates using the alternative methodology (FAM-29C) allowed by the SCO's claiming instructions. The calculated FAM-29C indirect cost rates did not support the rated claimed.

Both the District's method and the Controller's FAM-29C method utilize the same

source document, the CCFS-311 annual financial and budget report required by the State. The difference in the claimed and audited methods is the determination of which of those cost elements are direct costs and which are indirect costs. Indeed, federally "approved" rates, which the Controller will accept without further action, are "negotiated" rates calculated by the District and submitted for approval, indicating that the process is not an exact science, but a determination of the relevance and reasonableness of the costs allocation assumptions made for the method used.

In fact, the District did obtain federal approval for an indirect cost rate of 30% beginning with fiscal year 2005-06. This rate is less than one percentage point different from the claimed rates in all three fiscal years, which indicates that the claimed rates are reasonable. Conversely, the FAM-29C rates calculated by the Controller are almost half of the federally approved rate.

#### Regulatory Requirements

The Controller insists that the rate be calculated according to the claiming instructions. Neither state law nor the parameters and guidelines make compliance with the Controller's claiming instructions a condition of reimbursement. The District utilized the CCSF-311 classification of accounts which is more rational and consistent than the Controller's evolving formula. In the audit report, the Controller asserts that because the claiming instructions are "consistent" with the parameters and guidelines for several other mandate programs, the claiming instructions thereby become authoritative criteria for this mandate program. Since the Controller's claiming instructions were never

Incorrect Reduction Claim of I	Los Rios	Community	College	District
961/75 Collective Bargaining				

adopted as law, or regulations pursuant to the Administrative Procedure Act, the claiming instructions are a statement of the Controller's interpretation and not law.

#### Unreasonable or Excessive

Government Code Section 17561(d)(2) requires the Controller to pay claims, provided that the Controller may audit the records of any school district to verify the actual amount of the mandated costs, and may reduce any claim that the Controller determines is excessive or unreasonable. The Controller is authorized to reduce a claim only if it determines the claim to be excessive or unreasonable. The audit did not determine that the District's rate was excessive or unreasonable, just that it wasn't federally approved. In rebuttal, the final audit report states:

The district did not obtain federal approval of its ICRPs. The SCO calculated indirect cost rates using the alternate methodology identified in the its [sic] claiming instructions. The alternate methodology indirect cost rates did not support the rates that the district claimed; thus, the rates claimed were excessive.

This statement simply asserts that because the District's method was not federally approved, and the result did not match the Controller's own preferred calculation, then it must be excessive. This is a restatement of the Controller's conclusion, and cannot be the basis for a finding.

#### Controller's Authority to Audit

According to Government Code Section 17561(d)(2), the Controller is authorized to reduce a claim only if it determines the claim to be excessive or unreasonable. The final audit report claims that its authority to reduce mandate reimbursement claims

# Incorrect Reduction Claim of Los Rios Community College District 961/75 Collective Bargaining

- 1 exceeds this limitation, and cites Government Code Section 12410 in support of the
- 2 contention. However, Section 12410 enumerates the general duties of the Controller,
- while Section 17561 establishes the guidelines specific to mandate reimbursements.
- The fact that the Controller has the authority to audit state payments does not negate
- 5 the expressly stated standards for mandate reimbursement audits under Government
- 6 Code Section 17561(d)(2).
- 7 The District has computed its indirect cost rate utilizing cost accounting principles
- from the Office of Management and Budget Circular A-21, and the audit report has
- 9 disallowed it without a determination of whether the product of the District's calculation
- would, or would not, be excessive, unreasonable, or inconsistent with cost accounting
- 11 principles.

12

#### Statute of Limitations for Audit

- 13 January 5, 2005 FY 2003-04 claim filed by the District
- 14 December 8, 2005 Entrance Conference conducted for all three fiscal years
- 15 December 8, 2007 FY 2003-04 statute of limitations for audit completion expires
- 16 December 12, 2007 Final audit report issued
- 17 This issue is not an audit finding of the Controller. The District asserts that the
- 18 FY 2003-04 claim was beyond the statute of limitations for an audit when the Controller
- issued its audit report on December 12, 2007.
- 20 <u>Statutory History</u>
- 21 Prior to January 1, 1994, no statute specifically governed the statute of

1 limitations for audits of mandate reimbursement claims. Statutes of 1993, Chapter 906, Section 2, operative January 1, 1994, added Government Code Section 17558.5 to 2 3 establish for the first time a specific statute of limitations for audit of mandate reimbursement claims: 4 5 A reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to audit by the Controller no later than 6 four years after the end of the calendar year in which the reimbursement claim is 7 filed or last amended. However, if no funds are appropriated for the program for 8 the fiscal year for which the claim is made, the time for the Controller to initiate 9 an audit shall commence to run from the date of initial payment of the claim." 10 11 Thus, there are two standards. A funded claim is "subject to audit" for four years after the end of the calendar year in which the claim was filed. An unfunded claim must have 12 13 its audit "initiated" within four years of first payment. 14 Statutes of 1995, Chapter 945, Section 13, operative July 1, 1996, repealed and 15 replaced Section 17558.5, changing only the length of the period of limitations: 16 A reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to audit by the Controller no later than 17 two years after the end of the calendar year in which the reimbursement claim is 18 filed or last amended. However, if no funds are appropriated for the program for 19 the fiscal year for which the claim is made, the time for the Controller to initiate 20 an audit shall commence to run from the date of initial payment of the claim." 21 Statutes of 2002, Chapter 1128, Section 14.5, operative January 1, 2003 22 23 amended Section 17558.5 to state: 24 A reimbursement claim for actual costs filed by a local agency or school 25 district pursuant to this chapter is subject to the initiation of an audit by the Controller no later than three years after the end of the calendar year in which 26 27 the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a 28 claimant for the program for the fiscal year for which the claim is made filed, the 29

time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim."

The FY 2001-02 and FY 2002-03 claims are subject to this amended version of Section 17558.5. Since funds were appropriated for this mandate program, and payment was made to the District, the second standard does not apply and the statute of limitations begins to run when the reimbursement claim is filed. Therefore, these two claims were subject to the initiation of an audit until January 15, 2006, and January 15, 2007, respectively. The District does not allege expiration of the statute of limitations for these claims.

The amendment is also pertinent because it indicates that this is the first time that the factual issue of the date the audit is "initiated" is introduced for mandate programs for which funds are appropriated. Additionally, at the time the claim is filed it is impossible for the claimant to know when the statute of limitations will expire, which is contrary to the purpose of a statute of limitations. This amendment also allows the Controller's own unilateral delay, or failure to make payments from funds appropriated for the purpose of paying the claims, to control the tolling of the statute of limitations, which is contrary to the purpose of a statute of limitations.

Statutes of 2004, Chapter 890, Section 18, operative January 1, 2005 amended Section 17558.5 to state:

"(a) A reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal

year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced."

The FY 2003-04 claim is subject to this amended version of Section 17558.5. The amendment is also pertinent because it indicates that this is the first time the Controller audits may be completed at a time other than the stated period of limitations.

#### Completion of the Audit

The Controller's staff initially contacted the District by email and requested an audit on November 09, 2005. The entrance conference occurred on December 8, 2005. Therefore, regardless of which of these events "initiates" an audit, the audit of FY 2003-04 cannot be valid if completed any later than December 8, 2007. The final audit report was issued on December 12, 2007. The final audit report is the document that completes the audit. If the audit report is not the action that completes the audit, then the audit report is not a legally enforceable notice of findings or demand for payment and there is no other document of record prior to the audit report that adjudicates the results of the audit. The audit findings are therefore void for FY 2003-04.

#### **Duration of the Audit**

This issue is not an audit finding of the Controller. An exit conference was conducted on May 9, 2006. The Controller claims that this meeting was instead a "status meeting," but this difference was not made clear to District staff until the meeting had already begun. No draft audit report was issued. A second exit conference was conducted on November 16, 2007, a delay of 18 months. The result is that the

documentation the Controller expects to be readily available for audit was prepared in the usual course of business as long as six years prior. After the passage of this much time, the Controller's expectations as to the scope and availability of supporting documentation were unreasonable and arbitrary.

Further, an auditor contacted the District on December 5, 2007 requesting the District's response to the draft audit report, which was received on November 26, 2007. When informed that the District would respond within 15 days of receipt, as required, the auditor attempted to assert that the 15 days would run from November 21, 2007, the date an email outlining the draft findings was transmitted to the District. It seems that the Controller was aware that the statute of limitations would be exceeded and attempted to inappropriately encourage the District to submit its response to the draft audit report without the benefit of the full 15 days to which it was entitled.

#### PART VIII. RELIEF REQUESTED

The District filed its annual reimbursement claims within the time limits prescribed by the Government Code. The amounts claimed by the District for reimbursement of the costs of implementing the program imposed by Chapter 961, Statutes of 1975 (the "Rodda Act"), and Chapter 10.7, Division 4, of Title 1 of the Government Code (commencing with Section 3540), represent the actual costs incurred by the District to carry out this program. These costs were properly claimed pursuant to the Commission's parameters and guidelines. Reimbursement of these costs is required under Article XIIIB, Section 6 of the California Constitution. The Controller

# Incorrect Reduction Claim of Los Rios Community College District 961/75 Collective Bargaining

denied reimbursement without any basis in law or fact. The District has met its burden of going forward on this claim by complying with the requirements of Section 1185, Title 2, California Code of Regulations. Because the Controller has enforced and is seeking to enforce these adjustments without benefit of statute or regulation, the burden of proof is now upon the Controller to establish a legal basis for its actions.

The District requests that the Commission make findings of fact and law on each and every adjustment made by the Controller and each and every procedural and jurisdictional issue raised in this claim, and order the Controller to correct its audit report findings therefrom.

# PROPOSED AMENDMENT TO CONSOLIDATED PARAMETERS AND GUIDELINES

Chapter 961, Statutes of 1975 Chapter 1213, Statutes of 1991

# Collective Bargaining and Collective Bargaining Agreement Disclosure

An act to repeal Article 5 (commencing with Section 13080) of Chapter 1 of Division 10 of the Education Code, and to add Chapter 10.7 (commencing with Section 3540) to Division 4 of Title 1 of the Government Code, relating to public educational employment relations, and making an appropriation. This bill, which was operative July 1, 1976, repealed the Winton Act and enacted provisions to meet and negotiate, thereby creating a collective bargaining atmosphere for public school employers. Chapter 1213, Statutes of 1991 added section 3547.5 to the Government Code. Government Code section 3547.5 requires school districts to publicly disclose major provisions of a collective bargaining agreement after negotiations, but before the agreement becomes binding.

### A. Operative Date of Mandate

The provisions relating to the creation, certain duties of, and appropriations for the Public Employment Relations Board were operative on January 1, 1976. The provisions relating to the organizational rights of employees, the representational rights of employee organizations, the recognition of exclusive representatives, and related procedures were operative on April 1, 1976. The balance of the added provisions were operative on July 1, 1976.

The provisions relating to Collective Bargaining Agreement Disclosure added by Chapter 1213, Statutes of 1991 were operative on January 1, 1992. The California Department of Education issued Management Advisory 92-01 dated May 15, 1992, to establish the public disclosure format for school district compliance with the test claim statute.

#### B. Period of Claim

Only costs incurred after January 1, 1978 may be claimed. The initial claim should have included all costs incurred for that portion of the fiscal year from January 1, 1978, to June 30, 1978.

Pursuant to language included in the 1980-81 budget, claims shall no longer be accepted for this period. All subsequent fiscal year claims should be filed with the State Controller's Office for processing.

The test claim on Chapter 1213, Statutes of 1991 was filed with the Commission on December 29, 1997. Accordingly, the period of reimbursement for the provisions relating to disclosure begins July 1, 1996. Only disclosure costs incurred after July 1, 1996 may be claimed.

#### C. Mandated Cost

Public school employers have incurred costs by complying with the requirements of Section 3540 through 3549.1 established by Chapter 961, Statutes of 1975. In addition, some costs have been incurred as a result of compliance with regulations promulgated by the Public Employment Relations Board (PERB). Since these activity costs (referred to collectively as "Rodda Act" activities and costs in this document), in many respects, simply implement the original legislation, it is intended that these parameters and guidelines have embodied those regulations or actions taken by PERB prior to December 31, 1978.

## D. County Superintendent of Schools Filing

If the County Superintendent of Schools files a claim on behalf of more than one school district, the costs of the individual school district must be shown separately.

### E. Governing Authority

The costs for salaries and expenses of the governing authority, for example the School Superintendent and Governing Board, are not reimbursable. These are costs of general government as described by the federal guideline entitled "Cost Principles and Procedures for Establishing Cost Allocation Plans and Indirect Cost Rates for Grants and Contracts with the Federal Government," ASMB C-10.

#### F. <u>Certification</u>

The following certification must accompany all claims:

#### I DO HEREBY CERTIFY:

THAT Section 1090 to 1096, inclusive, of the Government Code and other applicable provisions of the law have been complied with; and

THAT I am the person authorized by the local agency to file claim for funds with the State of California.

## G. <u>Claim Components (Reimbursable Costs)</u>

Reimbursable activities mandated by Chapter 961, Statutes of 1975 and Chapter 1213, Statutes of 1991 are grouped into seven components, G1 through G7. The cost of activities grouped in components G1, G2, and G3 are subject to offset by the historic cost of similar Winton Act activities as described in H2.

- 1. Determination of appropriate bargaining units for representation and determination of the exclusive representatives.
  - a. <u>Unit Determination:</u> Explain the process for determining the composition of the certificated employee council under the Winton Act, and the process for determining appropriate bargaining units including the determination of management, supervisory and confidential employees, under Chapter 961, Statutes of 1975, if such activities were performed during the fiscal year being claimed.
  - b. <u>Determination of the Exclusive Representative:</u> Costs may include receipt and posting of the representation and decertification notices and, if necessary, adjudication of such matters before the PERB.

- c. Show the actual increased costs including salaries and benefits for employer representatives and/or necessary costs for contracted services for the following functions:

The job classification of the witnesses and the date they were absent must also be submitted. - 2. Elections and decertification elections of unit representatives are reimbursable in the event the Public Employment Relations Board determines that a question of representation exists and orders an election held by secret ballot.
  - a. Submit with your claim any Public Employment Relations Board agreements or orders which state how the election must be held.
  - b. If a precinct voting list was required by PERB, indicate the cost of its development. Salaries and benefits must be shown as described in Item H3.
  - c. The salary and benefits of a school employer representative, if required by PERB for time spent observing the counting of ballots, will be

reimbursed. The representatives' salary must be shown as described in Item H3.

- Negotiations: Reimbursable functions include -- receipt of exclusive representative's initial contract proposal, holding of public hearings, providing a reasonable number of copies of the employer's proposed contract to the public, development and presentation of the initial district contract proposal, negotiation of the contract, reproduction and distribution of the final contract agreement.
  - a. Show the costs of salaries and benefits for employer representatives participating in negotiations. Contracted services will be reimbursed. Costs for maximum of five public school employer representatives per unit, per negotiation session will be reimbursed. Salaries and benefits must be shown as described on Page 7, Item H3.

Give the job classification of the bargaining unit representative that required a substitute and dates the substitute worked. Substitute costs for a maximum of five representatives per unit, per negotiation session will be reimbursed. The salaries of union representatives are not reimbursable.
  - d. Reasonable costs of reproduction for a copy of the initial contract proposal and final contract, which is applicable and distributed to each employer representative (i.e. supervisory, management, confidential) and a reasonable number of copies for public information will be reimbursed. Provide detail of costs and/or include invoices. Costs for copies of a final contract provided to collective bargaining unit members are not reimbursable.

# H. Supporting Data for Claims--Report Format for Submission of Claim.

- 1. Description of the Activity: Follow the outline of the claim components. Cost must be shown separately by component activity. Supply workload data requested as part of the description to support the level of costs claimed. The selection of appropriate statistics is the responsibility of the claimant.
- Quantify "Increased" Costs: Public school employers will be reimbursed for the "increased costs" incurred as a result of compliance with the mandate.
  - a. For component activities G1, G2, and G3:
  - Determination of the "increased costs" for each of these three components requires the costs of current year Rodda Act activities to be offset [reduced] by the cost of the base-year Winton Act activities. The Winton Act base-year is generally fiscal year 1974-75.

Winton Act base-year costs are adjusted by the Implicit Price Deflator prior to offset against the current year Rodda Act costs for these three components. The Implicit Price Deflator shall be listed in the annual claiming instructions of the State Controller.

- 2. The cost of a claimant's current year Rodda Act activities are offset [reduced] by the cost of the base-year Winton Act activities either: by matching each component, when claimants can provide sufficient documentation to segregate each component of the Winton Act base-year activity costs; or, by combining all three components when claimants cannot satisfactorily segregate each component of Winton Act base-year costs.
- b. For component activities G4, G6, and G7:

All allowable activity costs for these three Rodda Act components are "increased costs" since there were no similar activities required by the Winton Act; therefore, there is no Winton Act base-year offset to be calculated.

BASE YEAR	<u>ADJUSTMENT</u>
1974-1975	1.490 1979-80 FY
11	1.560 1980-81 FY
11	1.697 1981-82 FY
11	1.777 1982-83 FY
II	1.884 1983-84 FY

- 3. Salary and Employees' Benefits: Show the classification of the employees involved, amount of time spent, and their hourly rate. The worksheet used to compute the hourly salary rate must be submitted with your claim. Benefits are reimbursable. Actual benefit percent must be itemized. If no itemization is submitted, 21 percent must be used for computation of claim costs. Identify the classification of employees committed to functions required under the Winton Act and those required by Chapter 961, Statutes of 1975.
- 4. Services and Supplies: Only expenditures which can be identified as a direct cost as a result of the mandate can be claimed.
- Professional and Consultant Services: Separately show the name of professionals or consultants, specify the functions the consultants performed relative to the mandate, length of appointment, and the itemized costs for such services. Invoices must be submitted as supporting documentation with your claim. The maximum reimbursable fee for contracted services is \$100 \$135 per hour. Annual retainer fees shall be no greater than \$100 \$135 per hour. Reasonable expenses will also be paid as identified on the monthly billings of consultants. However, travel expenses for consultants and experts (including attorneys) hired by the claimant shall not be reimbursed in an amount higher than that received by State employees, as established under Title 2, Div. 2, Section 700ff, CAC.

6. Allowable Overhead Cost: School districts must use the Form J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

County Offices of Education must use the Form J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

Community College Districts must use one of the following three alternatives:

- A Federally-approved rate based on OMB Circular A-21;
- The State Controller's FAM-29C which uses the CCFS-311; or
- Seven percent (7%).

### **Collective Bargaining**

#### 1. Summary of Chapters 961/75 and 1213/91

The Rodda Act repealed Education Code Article 5 (commencing with § 13080), of Chapter 1 of Division 10 and added Chapter 10.7 (commencing with § 3540) to Division 4 of Title 1 of the Government Code, relating to public educational employment relations.

The Rodda Act, which became operative July 1, 1976, repealed the Winton Act and enacted provisions requiring the employer and employee to meet and negotiate, thereby creating a collective bargaining atmosphere for public school employers. It also established the Public Employment Relations Board (PERB). PERB is responsible for issuing formal interpretations and rulings regarding collective bargaining under the Rodda Act.

Government Code Section 3547.5 as added by Chapter 1213, Statutes of 1991, requires school districts to publicly disclose major provisions of a collective bargaining agreement after negotiations but before the agreement becomes binding.

On July 17, 1978, the Commission on State Mandates (COSM), (formerly Board of Control) determined that Chapter 961, Statutes of 1975, resulted in state mandated costs that are reimbursable pursuant to Part 7 (commencing with Government Code § 17500) of Division 4 of Title 2.

On August 20, 1998, COSM determined that Chapter 1213, Statutes of 1991, resulted in state mandated costs that are reimbursable pursuant to Part 7 (commencing with Government Code § 17500) of Division 4 of Title 2.

#### 2. Eligible Claimants

Any school district (K-12), county office of education, or community college district that incurs increased costs as a direct result of this mandate is eligible to claim reimbursement of these costs.

#### 3. Appropriations

These claiming instructions are issued following the adoption of the amended parameters and guidelines by COSM. To determine if this program is funded in subsequent fiscal years, refer to the schedule "Appropriation for State Mandated Cost Programs" in the *Annual Claiming Instructions for State Mandated Costs* issued in October of each year to county superintendents of schools and superintendents of schools.

#### 4. Types of Claims

#### A. Reimbursement and Estimated Claims

A claimant may file a reimbursement and/or an estimated claim. A reimbursement claim details the costs actually incurred for a prior year. An estimated claim shows the costs to be incurred for the current fiscal year.

#### B. Minimum Claim

Section 17564(a) of the Government Code provides that no claim shall be filed pursuant to Section 17561 unless such a claim exceeds \$200 per program per fiscal year. However, any county superintendent of schools, as fiscal agent for the school districts, may submit a combined claim in excess of \$200 on behalf of districts within the county even if an individual district's claim does not exceed \$200. A combined claim must show the individual claim costs for each district. Once a combined claim is filed, all subsequent fiscal years relating to the same mandate must be filed in a combined form. The county superintendent receives the reimbursement payment and is responsible for disbursing funds to each participating school district. A school district may

withdraw from the combined claim form by providing a written notice of its intent to file a separate claim to the county superintendent of schools and the State Controller's Office at least 180 days prior to the deadline for filing the claim.

#### 5. Filing Deadline

A. Initial Claims- -County offices of education and school districts that submitted 1998-99 fiscal year claims for professional and consultant services at the \$100 per hour rate may amend their claims to be reimbursed at the \$135 per hour rate.

Pursuant to Government Code Section 17561, Subdivision (d)(1)(A), initial claims must be filed within 120 days from the issuance date of claiming instructions. Accordingly:

- (1) Amended reimbursement claims for the 1998-99 fiscal year must be filed with the State Controller's Office and postmarked by August 3, 2000. If the amended reimbursement claim is filed after the deadline of August 3, 2000, the approved amount of the difference between the \$100 and \$135 rate change must be reduced by a late penalty of 10%, not to exceed \$1,000. Claims filed more than one year after the deadline will not be accepted.
- (2) An amended 1999-00 estimated claim for professional and consultant services at the \$135 per hour rate may be filed with the State Controller's Office and postmarked by August 3, 2000. Timely filed amended estimated claims will be paid before late claims.

#### B. Annually Thereafter

Refer to the item "Reimbursable State Mandated Cost Programs" contained in the cover letter for mandated cost programs issued annually in October that identifies the fiscal years for which claims may be filed. If an "x" is shown for the program listed under "19\_\_/19\_\_Reimbursement Claim" and/or "19\_\_/20\_\_Estimated Claim," claims may be filed as follows:

(1) An estimated claim filed with the State Controller's Office must be postmarked by January 15 of the fiscal year in which costs will be incurred. Timely filed estimated claims will be paid before late claims.

After having received payment for an estimated claim, the claimant must file a reimbursement claim by January 15 of the following fiscal year. If the school district fails to file a reimbursement claim, monies received for the estimated claim must be returned to the State. If no estimated claim was filed, the school district may file a reimbursement claim detailing the actual costs incurred for the fiscal year, provided there was an appropriation for the program for that fiscal year. For information regarding appropriations for reimbursement claims, refer to the "Appropriation for State Mandated Cost Programs" in the previous fiscal year's annual claiming instructions.

(2) A reimbursement claim detailing the actual costs must be filed with the State Controller's Office and postmarked by January 15 following the fiscal year in which costs will be incurred. If the claim is filed after the deadline but by January 15 of the succeeding fiscal year, the approved claim must be reduced by a late penalty of 10%, not to exceed \$1,000. Claims filed more than one year after the deadline will not be accepted.

#### 6. Reimbursable Activities

The objective of the reporting forms is to determine the Rodda Act costs incurred during the current year and compare them with the adjusted costs incurred in the base year under the Winton Act. The first three claim components listed below apply to both the Winton Act and Rodda Act. Components D through F, which apply to the Rodda Act, represent activities that were not required under the Winton Act.

#### A. Determining Bargaining Units and Exclusive Representation

The cost of determining appropriate bargaining units, exclusive representation and representatives are reimbursable. Activities determined to be eligible reimbursements for this component are as follows:

#### (1) Bargaining Unit Lists

Development of proposed lists for the bargaining unit determination hearings.

- (a) Contract services necessary for development of proposed lists.
- (b) Salaries and benefits of district employees and related costs necessary to develop proposed lists.

#### (2) PERB Hearings

Representation costs for the school employer at PERB hearings held to determine the bargaining units and their exclusive representative.

- (a) Salaries and benefits of district employees used to prepare for and represent employer at hearings.
- (b) Contract services used to prepare for and represent the employer at hearings.

#### (3) Substitutes

The cost of hiring substitutes to replace the employer and exclusive bargaining unit witnesses required to testify at PERB hearings. The claimant must include with the claim, a list of teacher witnesses, their job classifications, and the date they were required to testify.

The cost of substitute release time for employee witnesses asked to attend PERB hearings by bargaining units, but not required to testify, is not eligible for reimbursement in this component.

#### (4) Travel

Travel Expenses incurred by district employer representatives required to attend PERB hearings. Reimbursement shall reflect the rate specified by the regulations governing employees of the local school district. However, the reimbursement cannot exceed the rate adopted by the Board of Control for state employees.

#### (5) Transcript

The cost of preparing one transcript per PERB hearing is reimbursable.

#### 7. Reimbursement Limitations

#### A. Fringe Benefits

The actual fringe benefit costs may be claimed if supported by an itemized list of the costs, such as for: Retirement, social security, health and dental insurance, workers' compensation, etc.. If no itemization is submitted, twenty one percent of direct salary may be used for computing the fringe benefit costs.

#### **B.** Contract Services

The contract services guidelines in 8.A.(3) shall prevail, except that the reimbursable fee for collective bargaining contract services will not exceed \$135 per hour. Additionally, annual retainer fees shall be based on a fee not greater than \$135 per hour. The claims that are based on annual retainers shall contain a certification that the fee is no greater than \$135 per hour. Reasonable expenses will also be paid if identified on the monthly billings of consultants. However, travel expenses for consultants and experts (including attorneys) hired by the claimant shall not be reimbursed in an amount higher than that received by state employees as established under Title 2, Division 2, Section 700ff, California Code of Regulations.

#### C. Travel Expenses

Reimbursement of business and travel expenses is limited to an amount and type of that which can be claimed by state employees. Refer to Appendix B, State of California, Travel Expense Guidelines, for current per diem rates.

#### D. Other Revenue Sources

Any offsetting savings or reimbursement the claimant received from any source including, but not limited to, service fees collected, federal funds, and other state funds as a direct result of this mandate shall be identified and deducted so only net local cost is claimed.

#### E. Governing Authority

Salaries and expenses of the governing authority e.g. the Board of Trustees and Superintendent of Schools, are not reimbursable as a direct cost. These are costs of general government as described by the federal guideline "Cost Principles and Procedures for Establishing Cost Allocation Plans and Indirect Cost Rates for Grants and Contracts with the Federal Government," ASMB C-10.

#### F. Quantify "Increased" Costs

Determination of increased costs for each of these components requires the cost of current year Rodda Act activities to be offset (reduced) by the cost of the base year Winton Act activities. The Winton Act base year is generally fiscal year 1974-75.

Winton Act base year costs are adjusted by the Implicit Price Deflator (IPD) prior to offset against the current year Rodda Act costs for claim components, 6.A., 6.B., and 6.C. The IPD shall be listed in the annual claiming instructions.

Base Year	Adj	Adjustment			
1974-75	1.490	1979-80 FY			
1974-75	1.560	1980-81 FY			
1974-75	1.697	1981-82 FY			
1974-75	1.777	1982-83 FY			

The cost of a claimant's current year Rodda Act activities are offset (reduced) by the cost of the base year Winton Act activities either by matching each component when claimants can provide sufficient documentation to segregate each component of the Winton Act base year activity costs or, by combining all three components when claimant cannot satisfactorily segregate each component of the Winton Act base year costs.

All allowable activity costs for Rodda Act components, 6.D., 6.E., 6.F., and 6.G., are increased costs since there were no similar activities required by the Winton Act; therefore no Winton Act base year offset is to be calculated.

#### 8. Claiming Forms and Instructions

The diagram "Illustration of Claim Forms" provides a graphic presentation of forms required to be filed with a claim. A claimant may submit a computer generated report in substitution for forms CB-1 and CB-2 provided the format of the report and data fields contained within the report are identical to the claim forms included in this program. The claim forms provided for this program can be duplicated and used by the claimant to file estimated or reimbursement claims. The State Controller's Office will revise the manual and claim forms as necessary.

#### A. Form CB-2, Component/Activity Cost Detail

This form is used to segregate the detailed costs by claim component. A separate form CB-2 must be completed for each cost component being claimed. Costs reported on this form must be supported as follows:

#### (1) Salaries and Benefits

Identify the employee(s) and/or show the classification of each employee(s) involved. Describe the mandated functions performed by each employee and specify the actual time spent, the productive hourly rate, and related fringe benefits.

Reimbursement of personnel services includes compensation paid for salaries, wages, and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g. annual leave, sick leave) and the employer's contribution to social security, pension plans, insurance, and workers' compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities that the employee performs.

Source documents required to be maintained by the claimant may include, but are not limited to, employee time records that show the employee's actual time spent on this mandate. The worksheet used to compute the hourly salary rate must be submitted with your claim. Actual benefit percent must be itemized. If no itemization is submitted, twenty one percent (21%) must be used for computation of claim costs. Identify the classification of employees committed to functions required under the Winton Act and those required by Chapter 961, Statutes of 1975.

#### (2) Materials and Supplies

Only expenditures that can be identified as a direct result of this mandate may be claimed. List the cost of materials consumed or expended specifically for the purpose of this mandate. The cost of materials and supplies that are not used exclusively for the mandate is limited to the pro rata portion used to comply with this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

Source documents required to be maintained by the claimant may include, but are not limited to, invoices, receipts, purchase orders, and other documents evidencing the validity of the expenditures.

#### (3) Contract Services

Show the name(s) of professionals or consultants separately, specify the functions performed relative to the mandate, length of appointment, and the itemized costs of such services. Invoices must be submitted as supporting documentation with the claim. The maximum reimbursable fee for contract services is \$135 per hour. Annual retainer fees shall be no greater than \$135 per hour. Reasonable expenses will also be paid as identified on the monthly billings of consultants.

Source documents required to be maintained by the claimant may include, but are not limited to, contracts, invoices, and other documents evidencing the validity of the expenditures.

#### (4) Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are reimbursable in accordance with the rules of the local jurisdiction. Give the name(s) of the traveler(s), purpose of travel, inclusive dates, destination points, and costs.

Source documents may include, but are not limited to, employee travel expense claims, receipts and other documents evidencing the travel expenses.

For audit purposes all supporting documents must be retained for a period of two years after the end of the calendar year in which the reimbursement claim was filed or last amended, whichever is later. Such documents shall be made available to the State Controller's Office on request.

#### B. Form CB-1, Claim Summary

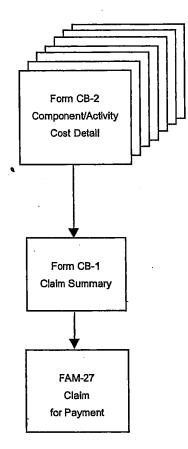

This form is used to summarize direct costs by cost component and compute allowable indirect costs for the mandate. The direct costs summarized on this form are derived from form CB-2 and carried forward to form FAM-27.

School districts and county offices of education may compute the amount of indirect costs utilizing the State Department of Education's Annual Program Cost Data Report J-380 or J-580 rate, as applicable. Community college districts must use one of the following three alternatives: A federally approved rate based on OMB Circular A-21; the State Controller's FAM-29C that utilizes CCFS-311.

#### C. Form FAM-27, Claim for Payment

This form contains a certification that must be signed by an authorized officer of the school district. All applicable information from GB-1 must be carried forward to this form in order for the State Controller's Office to process the claim for payment.

CLAIM SUMMARY
Instructions

CB-1

- (01) Enter the name of the claimant.
- (02) Type of Claim. Check a box, Reimbursement or Estimated, to identify the type of claim being filed. Enter the fiscal year for which costs were incurred or are to be incurred.

Form CB-1 must be filed for a reimbursement claim. Do not complete form CB-1 if you are filing an estimated claim and the estimate does not exceed the previous fiscal year's actual costs by more than 10%. Simply enter the amount of the estimated claim on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, form CB-1 must be completed and a statement attached explaining the increased costs. Without this information the high estimated claim will automatically be reduced to 110% of the previous fiscal year's actual costs.

- (03) For each of the reimbursable components, enter the total allowable cost from form CB-2, line (05), columns (d) through (g) onto form CB-1, block (03), lines (1) through (7), columns (a) through (d). Total each line and enter in column (e).
- (04) Add columns (03)(d) and (e) for Cost Elements, and enter the totals on this line.
- (05) Method A. Enter the 1974-75 Winton Act (base year ) costs on line (05)(e). Enter on line (05)(d) any contract service costs included in line (05)(e).

Method B. Enter the amount from CB-1.1, line (04)(b) onto line (05)(e). Enter on line (05)(d) any contract service costs included in line (05)(e).

- (06) Method A. Multiply the base year cost on line (05)(e) by the implicit price deflator (IPD). The 2002-03 IPD is 3.291.
  - Method B. Enter the amount from form CB-1.1, line (04)(d).
- (07) Subtract the Base Year Direct Costs Adjusted by the IPD, line (06), from Total Rodda Act Direct Cost, line (04)(e).
- (08) Subtract Total Contract Services, line (04)(d), from Total Rodda Act Direct Costs, line (04)(e).
- (09) Subtract Base Year Contract Services, line (05)(d), from Base Year, 1974-75 Direct Costs, line (05)(e), and multiply the remainder by the IPD.
- (10) Subtract Base Year Costs less Contract Services adjusted by the IPD, line (09), from Total Rodda Act Direct Costs less Contract Services, line (08).
- (11) Enter the indirect cost rate. School districts (K-12) may compute the amount of indirect costs to claim by multiplying their total direct costs by the State Department of Education forms J-380 or J-580 rate applicable to the fiscal year of costs. Community college districts may use the federally approved OMB A-21 rate, or the rate computed using form FAM-29C.

NOTE: Beginning with the 1992-93 claims, a school district has the option of using Method A or Method B for this segment of the claim to determine increased costs due to the Rodda Act.

Method A: School districts have been using this method in previous fiscal years to determine increased costs. The school district reduces the current Rodda Act costs by the total 1974-75 Winton Act (base year) cost adjusted by annual changes in the implicit price deflator. Rodda Act costs in excess of the adjusted Winton Act costs are claimable. If a school district chooses to continue with this method, do not complete form CB-1.1.

Method B: This method is new. It may be advantageous for a school district to use this method if the district can provide cost documentation for each 1974-75 Winton Act cost component listed below. The Rodda Act has the three similar matching cost components. Under each matched component, report only the amount of Winton Act costs adjusted by changes in the implicit price deflator for which current Rodda Act costs exist. Examples: (1) If the Rodda Act costs exceed the adjusted Winton Act costs for the component, all Winton Act costs of the component must be reported for purposes of reducing the Rodda Act costs. (2) If the adjusted Winton Act costs exceed current Rodda Act costs for the component, residual Winton Act costs do not have to be applied against current Rodda Act costs of other components. If Method B is chosen, the claimant must complete the following:

- (01) Enter the name of the claimant.
- (02) Enter the fiscal year for which costs are being filed.
- (03) Complete the following:
  - (a) Enter in column (a) the current Rodda Act costs for each of the three cost components, if any.
  - (b) Enter in column (b) the amount of the 1974-75 Winton Act costs applicable to each of the three components. The total on line (4) column (b) should be the same as shown on form CB-1, line (5)(e).
  - (c) Enter in column (c) the product of multiplying the 1974-75 Winton Act cost component in column (b) by the implicit price deflator specified for the fiscal year of the claim.
  - (d) Enter in each row, column (d), the lesser amount of column (a) or column (c). Total column (d) and forward the amount to form CB-1, line (06).

### JOHN CHIANG

California State Controller

December 12, 2007

Jon Sharpe, Vice Chancellor Finance & Administration Los Rios Community College District 1919 Spanos Court Sacramento, CA 95825

Dear Mr. Sharpe:

The State Controller's Office audited the costs claimed by the Los Rios Community College District for the legislatively mandated Collective Bargaining Program (Chapter 961, Statutes of 1975, and Chapter 1213, Statutes of 1991) for the period of July 1, 2001, through June 30, 2004.

The district claimed \$980,409 for the mandated program. Our audit disclosed that \$693,514 is allowable and \$286,895 is unallowable. The unallowable costs resulted primarily from the district claiming ineligible and unsupported costs, including overstated indirect cost rates. The State paid the district \$683,420. Allowable costs claimed exceed the amount paid by \$10,094.

If you disagree with the audit findings, you may file an Incorrect Reduction Claim (IRC) with the Commission on State Mandates (CSM). The IRC must be filed within three years following the date that we notify you of a claim reduction. You may obtain IRC information at CSM's Web site, at www.csm.ca.gov (Guidebook link); you may obtain IRC forms by telephone, at (916) 323-3562, or by e-mail, at csminfo@csm.ca.gov.

If you have any questions, please contact Jim L. Spano, Chief, Mandated Cost Audits Bureau, at (916) 323-5849.

Sincerely,

### **Audit Report**

#### Summary

The State Controller's Office (SCO) audited the costs claimed by the Los Rios Community College District for the legislatively mandated Collective Bargaining Program (Chapter 961, Statutes of 1975, and Chapter 1213, Statutes of 1991) for the period of July 1, 2001, through June 30, 2004. The last day of fieldwork was November 16, 2007.

The district claimed \$980,409 for the mandated program. Our audit disclosed that \$693,514 is allowable and \$286,895 is unallowable. The unallowable costs resulted primarily from the district claiming ineligible and unsupported costs, including overstated indirect cost rates. The State paid the district \$683,420. Allowable costs claimed exceed the amount paid by \$10,094.

#### Background

In 1975, the State enacted the Rodda Act (Chapter 961, Statutes of 1975), requiring the employer and employee to meet and negotiate, thereby creating a collective bargaining atmosphere for public school employers. The legislation created the Public Employment Relations Board to issue formal interpretations and rulings regarding collective bargaining under the Act. In addition, the legislation established organizational rights of employees and representational rights of employee organizations, and recognized exclusive representatives relating to collective bargaining.

On July 17, 1978, the Board of Control (now the Commission on State Mandates [CSM]) determined that the Rodda Act imposed a state mandate upon school districts reimbursable under Government Code section 17561.

Chapter 1213, Statutes of 1991, added Government Code section 3547.5, requiring school districts to publicly disclose major provisions of a collective bargaining effort before the agreement becomes binding.

On August 20, 1998, CSM determined that this legislation also imposed a state mandate upon school districts reimbursable under Government Code section 17561. Costs of publicly disclosing major provisions of collective bargaining agreements that districts incurred after July, 1996, are allowable.

Claimants are allowed to claim increased costs. For claim components G1 through G3, increased costs represent the difference between the current-year Rodda Act activities and the base-year Winton Act activities (generally, fiscal year 1974-75), as adjusted by the implicit price deflator. For components G4 through G7, increased costs represent actual costs incurred.

The seven components are as follows:

- G1—Determining bargaining units and exclusive representatives
- G2—Election of unit representatives
- G3—Costs of negotiations
- G4—Impasse proceedings
- G5—Collective bargaining agreement disclosure
- G6—Contract administration
- G7—Unfair labor practice costs

The program's parameters and guidelines establish the state mandate and define reimbursement criteria. CSM adopted the parameters and guidelines on October 22, 1980, and last amended them on January 27, 2000. In compliance with Government Code section 17558, the SCO issues claiming instructions to assist local agencies and school districts in claiming mandated program reimbursable costs.

## Objective, Scope, and Methodology

We conducted the audit to determine whether costs claimed represent increased costs resulting from the Collective Bargaining Program for the period of July 1, 2001, through June 30, 2004.

Our audit scope included, but was not limited to, determining whether costs claimed were supported by appropriate source documents, were not funded by another source, and were not unreasonable and/or excessive.

We conducted the audit according to Government Auditing Standards, issued by the Comptroller General of the United States, and under the authority of Government Code sections 12410, 17558.5, and 17561. We did not audit the district's financial statements. We limited our audit scope to planning and performing audit procedures necessary to obtain reasonable assurance that costs claimed were allowable for reimbursement. Accordingly, we examined transactions, on a test basis, to determine whether the costs claimed were supported.

We limited our review of the district's internal controls to gaining an understanding of the transaction flow and claim preparation process as necessary to develop appropriate auditing procedures.

We asked the district's representative to submit a written representation letter regarding the district's accounting procedures, financial records, and mandated cost claiming procedures as recommended by *Government Auditing Standards*. However, the district declined our request.

#### Conclusion

Our audit disclosed instances of noncompliance with the requirements outlined above. These instances are described in the accompanying Summary of Program Costs (Schedule 1) and in the Findings and Recommendations section of this report.

For the audit period, the Los Rios Community College District claimed \$980,409 for costs of the Collective Bargaining Program. Our audit disclosed that \$693,514 is allowable and \$286,895 is unallowable.

For the fiscal year (FY) 2001-02 claim, the State paid the district \$463,425. Our audit disclosed that \$385,806 is allowable. The State will offset \$77,619 from other mandated program payments due the district. Alternative, the district may remit this amount to the State.

For the FY 2002-03 claim, the State paid the district \$219,995. Our audit disclosed that \$188,125 is allowable. The State will offset \$31,870 from other mandated program payments due the district. Alternative, the district may remit this amount to the State.

For the FY 2003-04 claim, the State made no payment to the district. The State will pay allowable costs claimed that exceed the amount paid, totaling \$119,583, contingent upon available appropriations.

Views of Responsible Officials We issued a draft audit report on November 21, 2007. John Sharpe, Deputy Chancellor, responded by letter dated December 10, 2007 (Attachment), disagreeing with the audit results. This final audit report includes the district's response.

#### **Restricted Use**

This report is solely for the information and use of the Los Rios Community College District, the California Department of Education, the California Community Colleges Chancellor's Office, the California Department of Finance, and the SCO; it is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this report, which is a matter of public record.

### **Findings and Recommendations**

FINDING 1— Unallowable salaries and benefits, and related indirect costs The district claimed unallowable salaries and benefits totaling \$35,703 for the audit period; the related indirect costs total \$10,871.

#### **Unclaimed Costs**

The district did not claim \$3,573 in reimbursable costs.

#### **Unsupported Costs**

The district overstated claimed costs by \$38,256. For \$32,309, the district claimed hours that were not traceable to supporting documentation, and, in some cases, duplicated claimed hours. The remaining \$5,947 related to instances in which the district did not support any of the hours claimed.

#### **Ineligible Costs**

For the audit period, the district claimed ineligible salaries and benefits totaling \$1,020 that are not reimbursable under the mandated program as follows:

- The district claimed Title 5-compliant costs totaling \$852 for FY 2001-02 under Contract Administration.
- The district claimed more than five employees during a negotiation meeting, totaling \$168 for FY 2003-04.

The following table summarizes the unallowable salaries and benefits, and related indirect costs:

	2001-02	2002-03	2003-04	Total
Salaries and Benefits				
Component activities G1-G3:				
Unclaimed costs	\$ 31	\$ 2,482	\$ —	\$ 2,513

Ineligible costs			(168)	(168)
Total, component activities G1-G3	(16,447)	2,089	(10,323)	(24,681)
Component activities G4-G7:				
Unclaimed costs	903	44	113	1,060
Unsupported costs	(7,270)	(2,839)	(1,121)	(11,230)
Ineligible costs	(852)			(852)
Total, component activities G4-G7	(7,219)	(2,795)	(1,008)	(11,022)

Audit adjustment	\$ (30,936)	\$ (915)	\$ (14,723)	\$ (46,574)

The program's parameters and guidelines state that the district will be reimbursed for the "increased costs" incurred as a result of compliance with the mandate. Government Code section 17514 states that "costs mandated by the State" means any increased costs, that the district is required to incur.

The parameters and guidelines state that costs for maximum of five district employees per unit, per negotiation session will be reimbursed.

#### Recommendation

We recommend that the district develop and implement an adequate recording and reporting system to ensure that all costs claimed are allowable and properly supported.

#### District's Response

The draft audit report disallows \$46,574, of which \$35,703 is unallowable salaries and benefits costs and \$10,871 is related indirect costs for the audit period. The reason for these findings is the quantity and quality of District documentation. None of the adjustments were made because the costs claimed were determined to be excessive or unreasonable. Whereas employees submitted their time on a form supplied by the District Office and the employee signed confirming certification of the time spent, this was not found to be sufficient documentation. The audit report organizes the adjustments into three categories.

#### UNSUPPORTED HOURS CLAIMED

The draft audit report concludes the District claimed "unsupported hours" totaling \$2,374 for the audit period.

Amount Adjusted Each Fiscal Year by Component Group						
Components	2001-02	2002-03	2003-04	Totals		
G1-3	\$ 31	\$ 2,482	(\$3,092)	(\$ 579)		
G4-7	\$ 685	(\$2,506)	\$ 26	(\$1,795)		
	\$ 716	(\$ 24)	(\$ 3,066)	(\$2,374)		

The draft audit report states that the "district made typographical errors and claimed duplicate costs when preparing the mandated cost claims" and that the District "also claimed employee hours without any support." An auditor work paper (3G1) provided at the November 16, 2007-exit conference states that "the unsupported cost is due to the hours and amount claimed in the cost detail worksheet (Form CB-2) that is not traceable to any of the supporting documents provided by the district."

#### INSUFFICIENT SUPPORT

The draft audit report concludes the District claimed \$32,309 for the audit period for staff hours "that were not traceable to supporting documentation."

Amount Adjusted Each Fiscal Year by Component Group						
Components	2001-02	2002-03	2003-04	Totals		
G1-3	(\$16,478)	(\$393)	(\$7,063)	(\$23,934)		
G4-7	(7,052)	(289)	(1,034)	(8,375)		
Total	(\$23,530)	(\$682)	(\$8,097)	(\$32,309)		

An auditor work paper (3G1) provided at the November 16, 2007-exit conference states that insufficient support "occurs when there is a duplication in the hours on the supporting documents, the total hours claimed cannot be fully traced to the documents, or more than five district employees were claimed per negotiation meeting."

#### **INELIGIBLE COSTS**

The draft audit report concludes the District claimed "ineligible salaries and benefits totaling \$1,020 that are not reimbursable under the mandate program" for the audit period.

Amount Adjusted Each Fiscal Year by Component Group							
Components	2001-02	2002-03	2003-04	Totals			
G1-3			(\$168)	(\$168)			
G4-7	(\$852)			(852)			
Total	(\$852)		(\$168)	(\$1,020)			

The draft audit report states that the \$852 adjustment pertains to Title 5 complaint costs and the \$168 adjustment pertains to "more than five employees during a negotiation meeting."

#### **DISTRICT RESPONSE**

For the various adjustments, the draft audit report cites Government Code section 17514 for the proposition that "costs mandated by the State' means any increased costs that the district is required to incur." The draft audit report also states that the parameters and guidelines provide for reimbursement of "increased costs" as a result of compliance with the mandate, and specifically, that reimbursement is limited to five district representatives at negotiations sessions. The District does not concur with the adjustments because the audit report does not provide evidence in support of the qualitative decision the auditor made to disallow specific staff time. In other words, there is no evidence of why the auditor concluded that the costs were totally unsupported, insufficiently supported, or not related to the mandate. This basis for insufficient District supporting documentation sets a standard for the District higher than the standards for the auditor, as evidence was not provided to support the factual basis for each adjustment.

The District reported its actual reimbursable costs in the manner required by the parameters and guidelines and on the forms provided for by the Controller's claiming instructions for this program. These instructions do not require as a specific condition of reimbursement that claimants provide the individual activity log sheets or time records the Controller has established after the fact as an audit requirement. Instead, the parameters and guidelines specify a "worksheet" supporting the calculation of hourly rates and benefits.

The draft audit report recommends the District "develop and implement an adequate recording and reporting system to ensure that all costs claimed are allowable and properly supported." If and when the Controller publishes enforceable and specific standards through the public rulemaking process, claimants will be able to comply with those standards in the usual course of business. The audit process is not the appropriate method for introducing new standards.

#### SCO's Comment

Based on the district's response, we combined, for clarity purposes, the unallowable costs related to unsupported costs and insufficient support. We also separately identified the reimbursable costs that the district did not claim. The fiscal impact of the finding did not change. The SCO auditor's working papers referenced by the district agree to amounts reported in the audit finding.

Government Code section 17561(d)(2) provides that the Controller may audit the records of any local agency or school district to verify the actual amount of the mandated costs and may reduce any claim that the Controller determines is excessive or unreasonable. Furthermore, Government Code section 17558.5 states that a reimbursement mandate claim for "actual costs" filed by a local agency or school district is subject to the initiation of an audit by the Controller. The SCO performs audits in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States. The performance audit fieldwork standards require an auditor to obtain sufficient, competent, and relevant evidence to afford a reasonable basis for the auditors' findings and conclusions.

The district states in its response that the SCO did not consider as sufficient documentation employees' time submitted on a form supplied by the District Office and signed by the employee confirming certification of the time spent. The district's statement is incorrect. The district provided us with meeting sign-in sheets and employee time record sheets as supporting documentation. We used the worksheets submitted with each claim, Form CB-2, and traced the claimed hours to district-provided supporting documentation. The findings resulted when the district-provided supporting documents did not match the amount the district claimed on Form CB-2.

FINDING 2— Unallowable contracted services costs The district claimed unallowable contracted services costs totaling \$168,334 for the audit period. The audit adjustment resulted from the following issues:

- The district claimed \$27,260 for grievance adjudication costs that were not collective-bargaining related.
- The district overstated grievance arbitration costs by \$5,112 because it claimed 100% rather than 50% of the costs.
- The district claimed \$135,962 for a reclassification study that was incurred in the prior fiscal year (FY 2000-01).

The following table summarizes the contracted services audit adjustment:

The parameters and guidelines state that district will be reimbursed for the "increased costs" incurred as a result of compliance with the mandate. Government Code section 17514 states that "costs mandated by the State" means any increased costs, which a school district is required to incur.

The parameters and guidelines state that the district's portion of arbitrators' fees for adjudicating grievances, representing 50% of costs, will be reimbursed.

Government Code section 17560 requires districts to file an annual reimbursement claim that details the costs actually incurred for the fiscal year.

#### Recommendation

We recommend that the district develop and implement an effective control and reporting system to ensure that all claimed costs are eligible and adequately supported.

#### District's Response

The draft audit report concludes that the District claimed unallowable contracted services costs of \$168,334 for FY 2001-02. The total includes three adjustments to the amounts claimed:

- \$27,260 of "ineligible" grievance adjudication costs claimed were disallowed "that were not collective-bargaining related."
- \$5,112 of "overstated" grievance arbitration costs claimed were disallowed because the District "claimed 100% rather than 50% of the costs."
- \$135,962 for a reclassification study was disallowed because the cost was "incurred in the prior fiscal year."

#### **DISTRICT RESPONSE**

The District has no additional comments regarding Finding 2, at this time.

#### SCO's Comment

Our finding and recommendation are unchanged. The district restated the finding, but did not respond to its validity.

#### FINDING 3— Unallowable indirect costs

The district claimed unallowable indirect costs totaling \$82,858 for the audit period. Of that amount, \$10,871 resulted from unallowable salaries and benefits identified in Finding 1. The remaining balance identified in this finding totals \$71,987.

The district developed indirect cost rate proposals (ICRPs) based on an Office of Management and Budget (OMB) Circular A-21 methodology. However, the district did not obtain federal approval for its ICRPs. Therefore, we calculated indirect cost rates using the alternative methodology (FAM-29C) allowed by the SCO's claiming instructions. The calculated FAM-29C indirect cost rates did not support the rates claimed.

The district applied its indirect cost rates to salaries and benefits. However, the FAM-29C methodology includes contract services in the base. Therefore, we applied the FAM-29C interest cost rates to salaries and benefits, and contract services.

The following table summarizes the audited and claimed indirect rates:

	Fiscal Year			
	2001-02	2002-03	2003-04	
Indirect Cost Rate				
Allowable rate	15.95%	16.47%	16.26%	
Less claimed rate	(30.72)%	(29.66)%	(30.39)%	
Unsupported rate	(14.77)%	(13.19)%	(14.13)%	

The following table summarizes the overstated indirect costs:

	Fiscal Year

Audit adjustment	\$ (15,605)	\$ (30,955)	\$ (25,427)	\$ (71,987)

#### Recommendation

We recommend that the district claim indirect costs based on indirect cost rates computed in accordance with the SCO's claiming instructions. The district must obtain federal approval when it prepares ICRPs in accordance with OMB Circular A-21. Alternatively, the district should prepare its ICRPs using the SCO's Form FAM-29C.

#### District's Response

The draft audit report concludes that the "district claimed unallowable indirect costs totaling \$82,858 for the audit period" because the indirect cost calculation method used by the District was inappropriate since it was not a cost study specifically approved by the federal government. The draft audit report states:

"The district developed indirect cost rate proposals (IRCPs) based on an Office of Management and Budget (OMB) Circular A-21 methodology. However, the district did not obtain federal approval for its IRCPs. Therefore, we calculated indirect cost rates using the alternative methodology (FAM-29C) allowed by the SCO's claiming instructions. The calculated FAM-29C indirect cost rates did not support the rated claimed."

#### DISTRICT RESPONSE

The audit report asserts that the claimants must obtain federal approval when it prepares ICRPs in accordance with OMB Circular A-21. Neither the Commission nor the Controller has ever specified the federal agencies which have the authority to "approve" indirect cost rates. The parameters and guidelines also allow for calculation of the indirect cost rate using the Controller's FAM-29C, which is the procedure utilized by the District. The correct forms were used and the claimed amounts were entered at the correct locations.

Both the District's method and the Controller's FAM-29C method utilize the same source document, the CCFS-311 annual financial and budget report required by the State. The difference in the claimed and audited methods is the determination of which of those cost elements are direct costs and which are indirect costs. Indeed, federally "approved" rates which the Controller will accept without further action, are rates calculated by the District and submitted for approval by the federal government, indicating that the process is not an exact science, but a determination of the relevance and reasonableness of the costs allocation assumptions made for the method used.

Government Code Section 17561(d)(2) requires the Controller to pay claims, provided that the Controller may audit the records of any school district to verify the actual amount of the mandated costs, and may reduce any claim that the Controller determines is excessive or unreasonable. The Controller is authorized to reduce a claim only if it determines the claim to be excessive or unreasonable. The audit did not determine that the District's rate was excessive or unreasonable, just that it wasn't federally approved. The District has computed its indirect cost rate utilizing cost accounting principles from the Office of Management and Budget Circular A-21, and the draft audit report has disallowed it without a determination of whether the product of the District's calculation would, or would not, be excessive, unreasonable, or inconsistent with cost accounting principles.

#### SCO's Comment

Our finding and recommendation are unchanged.

As noted in the finding, the district developed its ICRP in accordance with OMB Circular A-21 methodology. As the district did not obtain federal approval of the ICRP, the ICRP is not acceptable for claiming indirect costs.

The parameters and guidelines state that, "Community College Districts must use one of the following three alternatives: a federally approved rate based on OMB Circular A-21; the State Controller's FAM-29C which uses the CCFS-311; or seven percent (7%)." If the district does not use a federally approved rate and chooses to claim indirect costs using the SCO's FAM-29C option, then the district must comply with the SCO's claiming instructions.

The SCO's claiming instructions state:

A CCD may claim indirect costs using the Controller's methodology (FAM-29C) outlined in the following paragraphs. If specifically allowed by a mandated program's P's & G's, a district may alternately choose to claim indirect costs using either (1) a federally approved rate prepared in accordance with Office of Management and Budget (OMB) Circular A-21, Cost Principles for Educational Institutions; or (2) a flat 7% rate.

These instructions are consistent with the parameters and guidelines for other community college district mandated programs, including the following:

- Absentee Ballots
- Health Benefits for Survivors of Peace Officers and Firefighters
- Health Fee Elimination
- Law Enforcement College Jurisdiction Agreements
- Mandate Reimbursement Process
- Open Meetings Act
- Photographic Record of Evidence
- Sex Offenders Disclosure by Law Enforcement Officers
- Sexual Assault Response Procedure

The claiming instructions further state:

OMB Circular A-21, Section H, describes a simplified method for indirect cost rate calculations. However, Section H.1.b. states that the simplified method should not be used where it produces results that appear inequitable. As previously noted, FAM-29C strives to equitable allocate administrative support costs to personnel that perform mandated cost activities claimed by CCD.

Government Code section 17558.5 requires the district to file a reimbursement claim for actual mandate-related costs. Government Code section 17561, subdivision (d)(2), allows the SCO to audit the district's records to verify actual mandate-related costs and reduce any claim that the SCO determines is excessive or unreasonable. In addition,

Government Code section 12410 states, "The Controller shall audit all claims against the state, and may audit the disbursement of any state money, for correctness, legality, and for sufficient provisions of law for payment." Therefore, the district's contention that the SCO is authorized to reduce a claim only if it determines the claim to be excessive or unreasonable is without merit.

The SCO did, in fact, conclude that the district's indirect cost rates were excessive. "Excessive" is defined as "exceeding what is usual, proper, necessary, or normal.... Excessive implies an amount or degree too great to be reasonable or acceptable.... [Emphasis added.]" The district did not obtain federal approval of its ICRPs. The SCO calculated indirect cost rates using the alternate methodology identified in the its claiming instructions. The alternate methodology indirect cost rates did not support the rates that the district claimed; thus, the rates claimed were excessive.

#### OTHER ISSUE— Duration of Audit

The district's response also addressed the following issue related to the duration of the audit. Our comment follows the district's response.

#### District's Response

The audit commenced two years ago. An exit conference was conducted on May 9, 2006. No draft audit report was issued. A second exit conference was conducted on November 16, 2007, a delay of 18 months. The result is that the documentation the Controller expects to be readily available for audit was prepared in the usual course of business as long as six years ago. After the passage of this much time, the Controller's expectations as to the scope and immediate availability of supporting documentation are unreasonable and arbitrary.

On November 21, 2007, a transmittal letter was sent via e-mail outlining the draft findings. Subsequently, the auditor contacted the District by telephone on December 5, 2007, asking if there would be a response to the draft audit report. The fifteen days from mail delivery having not expired, my staff informed the auditor the reply would be sent in time to meet the fifteen day requirement. The auditor stated that the fifteen days was measured from the November 21, 2007 date the audit was e-mailed to the District. The District does not consider e-mail an effective delivery of audit reports. The auditor stated that Mr. Spano was in a hurry to issue the report. After an eighteen month delay between exit conferences, it seems inappropriate for your office to be urging the District to submit our response without benefit of the full 15 days to which we are entitled; however, we have complied with the December 11, 2007 deadline (15-days from November 26, 2007, the date the audit report was received).

#### SCO's Comment

The SCO auditors conducted a status meeting with the district on May 9, 2006, rather than an exit conference. The purpose of the status meeting was to provide the district with all findings and issues noted by the SCO. Near the beginning of the meeting, the district's Deputy Chancellor

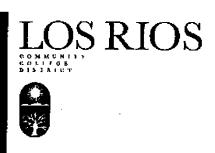

<sup>&</sup>lt;sup>1</sup> Merriam-Webster's Collegiate Dictionary, Tenth Edition, © 2001.

stated that he thought the meeting was an exit conference. At that time, the audit manager clarified that it was a status meeting. The audit manager further explained that the purpose of the status meeting was to discuss all potential findings and allow the district sufficient time to provide any supporting documentation to reduce or eliminate the findings.

The district provided our office additional information during and subsequent to the May 9, 2006, status meeting. The auditors reviewed the additional documentation and revised some of the findings. The findings presented at the November 16, 2007, exit conference were the same issues presented in the May 9, 2006, status meeting.

The auditor contacted the district to schedule an exit conference for November 9, 2007. The district later requested that the SCO reschedule the exit conference to November 16, 2007. The auditor explained to the district that if the exit conference was rescheduled to November 16, 2007, the district would only have 15 days to respond. The district agreed to this schedule.

Mr. Jim L. Spano, Chief Mandated Costs Audits Bureau State Controller's Office Division of Audits P.O. Box 942850 Sacramento, CA 94250-5874

Re: Los Rios Community College District Chapter 961, Statutes of 1975 Collective Bargaining Fiscal Years 2001-2002, 2002-03, and 2003-04

Dear Mr. Spano:

This letter is the response of Los Rios Community College District to the letter dated November 21, 2007, from Jeffrey V. Brownfield and received by the District on November 26, 2007, which transmits a draft copy of the audit report of the District's Collective Bargaining annual reimbursement claims for the period of July 1, 2001 through June 30, 2004.

#### Finding 1 - Unailowable salaries and benefits, and related indirect costs

The draft audit report disallows \$46,574, of which \$35,703 is unallowable salaries and benefits costs and \$10,871 is related indirect costs for the audit period. The reason for these findings is the quantity and quality of District documentation. None of the adjustments were made because the costs claimed were determined to be excessive or unreasonable. Whereas employees submitted their time on a form supplied by the District Office and the employee signed confirming certification of the time spent, this was not found to be sufficient documentation. The audit report organizes the adjustments into three categories.

#### **UNSUPPORTED HOURS CLAIMED**

The draft audit report concludes the District claimed "unsupported hours" totaling \$2,374 for the audit period.

Amount Adjusted Each Fiscal Year by Component Group										
Components	2001-02	2002-03	2003-04	Totals						
<u>G1-3</u>	\$ 31	\$ 2,482	(\$3,092)	(\$ 579)						
G4-7	\$ 685	(\$2,506)	\$ 26	(\$1,795)						
	\$ 716	(\$ 24)	(\$ 3,066)	(\$2,374)						

The draft audit report states that the "district made typographical errors and claimed duplicate costs when preparing the mandated cost claims" and that the District "also claimed employee hours without any support." An auditor work paper (3G1) provided at the November 16, 2007-exit conference states that "the unsupported cost is due to the hours and amount claimed in the cost detail worksheet (Form CB-2) that is not traceable to any of the supporting documents provided by the district."

#### INSUFFICIENT SUPPORT

The draft audit report concludes the District claimed \$32,309 for the audit period for staff hours "that were not traceable to supporting documentation."

Amount Adjusted Each Fiscal Year by Component Group										
Components	2001-02		2003-04	Totals						
G1-3	(\$16,478)	(\$393)	(\$7,063)	(\$23,934)						
G4-7	(7,052)	(289)	(1,034)	(8,375)						
Total	(\$23,530)	(\$682)	(\$8,097)	(\$32,309)						

An auditor work paper (3G1) provided at the November 16, 2007-exit conference states that insufficient support "occurs when there is a duplication in the hours on the supporting documents, the total hours claimed cannot be fully traced to the documents, or more than five district employees were claimed per negotiation meeting."

#### **INELIGIBLE COSTS**

The draft audit report concludes the District claimed "ineligible salaries and benefits totaling \$1,020 that are not reimbursable under the mandate program" for the audit period.

Amount Adjusted Each Fiscal Year by Component Group										
Components	2001-02	2002-03	2003-04	Totals						
G1-3			(\$168)	(\$168)						
G4-7	(\$852)		L	(852)						
Total	(\$852)		(\$168)	(\$1,020)						

The draft audit report states that the \$852 adjustment pertains to Title 5 complaint costs and the \$168 adjustment pertains to "more than five employees during a negotiation meeting."

#### **DISTRICT RESPONSE**

For the various adjustments, the draft audit report cites Government Code section 17514 for the proposition that "costs mandated by the State' means any increased costs that the district is required to incur." The draft audit report also states that the parameters and guidelines provide for reimbursement of "increased costs" as a result of compliance with the mandate, and specifically, that reimbursement is limited to five district representatives at negotiations sessions. The District does not concur with the adjustments because the audit report does not provide evidence in support of the qualitative decision the auditor made to disallow specific staff time. In other words, there is no evidence of why the auditor concluded that the costs were totally unsupported, insufficiently supported, or not related to the mandate. This basis for insufficient District supporting documentation sets a standard for the District higher than the standards for the auditor, as evidence was not provided to support the factual basis for each adjustment.

The District reported its actual reimbursable costs in the manner required by the parameters and guidelines and on the forms provided for by the Controller's claiming instructions for this program. These instructions do not require as a specific condition of reimbursement that claimants provide the individual activity log sheets or time records the Controller has established after the fact as an

audit requirement. Instead, the parameters and guidelines specify a "worksheet" supporting the calculation of hourly rates and benefits.

The draft audit report recommends the District "develop and implement an adequate recording and reporting system to ensure that all costs claimed are allowable and properly supported." If and when the Controller publishes enforceable and specific standards through the public rulemaking process, claimants will be able to comply with those standards in the usual course of business. The audit process is not the appropriate method for introducing new standards.

#### Finding 2 - Unallowable contracted services costs

The draft audit report concludes that the District claimed unallowable contracted services costs of \$168,334 for FY 2001-02. The total includes three adjustments to the amounts claimed:

- \$27,260 of "ineligible" grievance adjudication costs claimed were disallowed "that were not collective-bargaining related."
- \$5.112 of "overstated" grievance arbitration costs claimed were disallowed because the District "olaimed 100% rather than 50% of the costs."
- \$135,962 for a reclassification study was disallowed because the cost was "incurred in the prior fiscal year."

#### **DISTRICT RESPONSE**

The District has no additional comments regarding Finding 2, at this time.

#### Finding 3- Unallowable indirect costs

The draft audit report concludes that the "district claimed unallowable indirect costs totaling \$82,858 for the audit period" because the indirect cost calculation method used by the District was inappropriate since it was not a cost study specifically approved by the federal government. The draft audit report states:

"The district developed indirect cost rate proposals (IRCPs) based on an Office of Management and Budget (OMB) Circular A-21 methodology. However, the district did not obtain federal approval for its IRCPs. Therefore, we calculated indirect cost rates using the alternative methodology (FAM-29C) allowed by the SCO's claiming instructions. The calculated FAM-29C indirect cost rates did not support the rated claimed."

#### **DISTRICT RESPONSE**

The audit report asserts that the claimants must obtain federal approval when it prepares ICRPs in accordance with OMB Circular A-21. Neither the Commission nor the Controller has ever specified the federal agencies which have the authority to "approve" indirect cost rates. The parameters and guidelines also allow for calculation of the indirect cost rate using the Controller's FAM -29C, which is the procedure utilized by the District. The correct forms were used and the claimed amounts were entered at the correct locations.

Both the District's method and the Controller's FAM-29C method utilize the same source document, the CCFS-311 annual financial and budget report required by the State. The difference in the claimed and audited methods is the determination of which of those cost elements are direct costs and which are indirect costs. Indeed, federally "approved" rates which the Controller will accept without further action, are rates calculated by the District and submitted for approval by the federal government, indicating that the process is not an exact science, but a

determination of the relevance and reasonableness of the costs allocation assumptions made for the method used.

Government Code Section 17561(d)(2) requires the Controller to pay claims, provided that the Controller may audit the records of any school district to verify the actual amount of the mandated costs, and may reduce any claim that the Controller determines is excessive or unreasonable. The Controller is authorized to reduce a claim only if it determines the claim to be excessive or unreasonable. The audit did not determine that the District's rate was excessive or unreasonable, just that it wasn't federally approved. The District has computed its indirect cost rate utilizing cost accounting principles from the Office of Management and Budget Circular A-21, and the draft audit report has disallowed it without a determination of whether the product of the District's calculation would, or would not, be excessive, unreasonable, or inconsistent with cost accounting principles.

#### **Duration of the Audit**

The audit commenced two years ago. An exit conference was conducted on May 9, 2006. No draft audit report was issued. A second exit conference was conducted on November 16, 2007, a delay of 18 months. The result is that the documentation the Controller expects to be readily available for audit was prepared in the usual course of business as long as six years ago. After the passage of this much time, the Controller's expectations as to the scope and immediate availability of supporting documentation are unreasonable and arbitrary.

On November 21, 2007, a transmittal letter was sent via e-mall outlining the draft findings. Subsequently, the auditor contacted the District by telephone on December 5, 2007, asking if there would be a response to the draft audit report. The fifteen days from mail delivery having not expired, my staff informed the auditor the reply would be sent in time to meet the fifteen day requirement. The auditor stated that the fifteen days was measured from the November 21, 2007 date the audit was e-mailed to the District. The District does not consider e-mail an effective delivery of audit reports. The auditor stated that Mr. Spano was in a hurry to issue the report. After an eighteen month delay between exit conferences, it seems inappropriate for your office to be urging the District to submit our response without benefit of the full 15 days to which we are entitled; however, we have complied with the December 11, 2007 deadline (15-days from November 26, 2007, the date the audit report was received).

### INCORRECT REDUCTION CLAIM DRAFT PROPOSED DECISION

Government Code sections 3540-3549.9

Statutes 1975, Chapter 961; Statutes 1991, Chapter 1213

Collective Bargaining and Collective Bargaining Agreement Disclosure
Fiscal Years 2001-2002 2002-2003, and 2003-2004

08-4425-I-16

Los Rios Community College District, Claimant

#### **EXECUTIVE SUMMARY**

#### **Overview**

This Incorrect Reduction Claim (IRC) challenges the State Controller's (Controller's) reduction of \$286,895 (of a total \$980,409 claimed) from Los Rios Community College District's (claimant's) reimbursement claims for fiscal years 2001-2002, 2002-2003 and 2003-2004.

The threshold issue is whether the Controller's audit of the reimbursement claim was completed within the two-year statute of limitations in Government Code section 17558.5. Because staff concludes that it was not, the remaining substantive allegations of the IRC are not analyzed.

#### Collective Bargaining and Collective Bargaining Agreement Disclosure Mandates

On July 17, 1978, the Board of Control, predecessor to the Commission, found that Statutes 1975, chapter 961 imposed a reimbursable state mandate. On October 22, 1980, parameters and guidelines were adopted, which were amended several times. On March 26, 1998, the Commission adopted a second test claim decision on Statutes 1991, chapter 1213. Parameters and guidelines for the two programs were consolidated on August 20, 1998, and were amended on January 27, 2000.

At the time the reimbursement claims at issue were prepared and submitted to the Controller, the amended parameters and guidelines, adopted on January 27, 2000, were applicable. These parameters and guidelines authorize reimbursement for costs incurred to comply with sections 3540 through 3549.1 of the Government Code, and "regulations promulgated by the Public Employment Relations Board," including:

• Determination of appropriate bargaining units for representation and determination of the exclusive representation and determination of the exclusive representatives;

- Elections and decertification elections of unit representatives are reimbursable in the event the Public Employment Relations Board determines that a question of representation exists and orders an election held by secret ballot;
- Negotiations: reimbursable functions include receipt of exclusive representative's initial contract proposal, holding of public hearings, providing a reasonable number of copies of the employer's proposed contract to the public, development and presentation of the initial district contract proposal, negotiation of the contract, reproduction and distribution of the final contract agreement;
- Impasse proceedings, including mediation, fact-finding, and publication of the findings of the fact-finding panel;
- Collective bargaining agreement disclosure before the adoption of the agreement by the governing body;
- Contract administration and adjudication of contract disputes either by arbitration or litigation, including grievances and administration and enforcement of the contract; and
- Unfair labor practice adjudication process and public notice complaints. 1

#### **Procedural History**

Claimant signed and dated the reimbursement claims for fiscal years 2001-2002, 2002-2003 and 2003-2004 on January 10, 2003, January 8, 2004 and January 5, 2005, respectively. On November 9, 2005, the Controller e-mailed claimant to request the audit. On December 8, 2005, the Controller conducted the audit entrance conference. On November 21, 2007, the Controller issued the draft audit report. Claimant submitted comments on the draft audit report on December 10, 2007. On December 12, 2007, the Controller issued the final audit report. Claimant filed this IRC on February 5, 2009.

#### **Commission Responsibilities**

Government Code Section 17551(d) requires the Commission to hear and decide a claim that the Controller has incorrectly reduced payments to the local agency or school district. If the Commission determines that a reimbursement claim has been incorrectly reduced, section 1185.9 of the Commission's regulations requires the Commission to send the decision to the Controller and request that the costs in the claim be reinstated.

<sup>&</sup>lt;sup>3</sup> Exhibit A, Incorrect Reduction Claim, page 75.

<sup>&</sup>lt;sup>4</sup> Exhibit A, pages 75-78.

<sup>&</sup>lt;sup>5</sup> Exhibit A, Incorrect Reduction Claim.

The Commission must review questions of law, including interpretation of parameters and guidelines, de novo, without consideration of conclusions made by the Controller in the context of an audit. The Commission is vested with exclusive authority to adjudicate disputes over the existence of state-mandated programs within the meaning of article XIII B, section 6. The Commission must also interpret the Government Code and implementing regulations in accordance with the broader constitutional and statutory scheme. In making its decisions, the Commission must strictly construe article XIII B, section 6 and not apply it as an "equitable remedy to cure the perceived unfairness resulting from political decisions on funding priorities."

With regard to the Controller's audit decisions, the Commission must determine whether they were arbitrary, capricious, or entirely lacking in evidentiary support. This standard is similar to the standard used by the courts when reviewing an alleged abuse of discretion of a state agency.<sup>8</sup>

The Commission must also review the Controller's audit in light of the fact that the initial burden of providing evidence for a claim of reimbursement lies with the claimant. In addition, section 1185.2(c) of the Commission's regulations requires that any assertions of fact by the parties to an IRC must be supported by documentary evidence. The Commission's ultimate findings of fact must be supported by substantial evidence in the record. 10

#### **Staff Analysis**

### A. The Controller's Audit Was Completed Beyond the Two-Year Deadline Imposed by Government Code Section 17558.5 and so is Void.

Although the Controller timely initiated the audit of these reimbursement claims, staff finds that the Controller did not complete the audit of the reimbursement claims filed for fiscal years 2001-2002, 2002-2003, and 2003-2004 within the deadline imposed by Government Code section 17558.5, as amended in 2004 (eff. January 1, 2005), making the audit findings for all reimbursement claims void.

<sup>&</sup>lt;sup>10</sup> Government Code section 17559(b), which provides that a claimant or the state may commence a proceeding in accordance with the provisions of section 1094.5 of the Code of Civil Procedure to set aside a decision of the Commission on the ground that the Commission's decision is not supported by substantial evidence in the record.

The reimbursement claims in this case were signed and filed with the Controller in January 2003, January 2004, and January 2005. At the time the reimbursement claims were filed, Government Code section 17558.5 stated that a reimbursement claim is subject to the initiation of an audit by the Controller no later than three years after the claim is filed or last amended, whichever is later. The entrance conference for the audit of these reimbursement claims occurred on December 8, 2005, within the three-year period to initiate the audit for all three reimbursement claims. Thus, the Controller timely initiated the audit pursuant to Government Code section 17558.5.

Government Code section 17558.5 was amended (eff. Jan. 1, 2005, Stats. 2004, ch. 890), before the audit was initiated, to add a deadline for the Controller to complete an audit as follows: "In any case, an audit shall be completed not later than two years after the date that the audit is commenced." This statutory deadline to complete the audit became effective immediately upon the operative date of the amendment and is required to be applied for all pending claims. <sup>14</sup>

Since the audit was initiated at the latest at the entrance conference on December 8, 2005, the Controller had until December 8, 2007 to complete the audit pursuant to section 17558.5. The only evidence of when the audit was completed is the final audit report, dated December 12, 2007 – four days *after* the deadline. Thus, the Controller did not comply with the completion deadline of section 17558.5.

Although section 17558.5 does not specify the consequences for failing to meet the deadlines imposed by the statute, staff finds that the deadlines in section 17558.5 are jurisdictional and the failure to meet the deadlines makes the audit findings void.<sup>15</sup>

Accordingly, staff finds that the audit of the 2001-2002, 2002-2003, and 2003-2004 fiscal year reimbursement claims was not timely completed pursuant to Government Code section 17558.5, as amended by Statutes 2004, chapter 890, and is therefore void.

#### **Conclusion**

Based on the foregoing, staff concludes that the Controller incorrectly reduced the reimbursement claims filed for fiscal years 2001-2002, 2002-2003, and 2003-2004. Pursuant to Government Code section 17551(d) and section 1185.9 of the Commission's regulations, staff

#### II. Background

#### Collective Bargaining and Collective Bargaining Agreement Disclosure Mandates

On July 17, 1978, the Board of Control, predecessor to the Commission, found that Statutes 1975, chapter 961 imposed a reimbursable state mandate. On October 22, 1980, parameters and guidelines were adopted, which were amended several times. On March 26, 1998, the Commission adopted a second test claim decision on Statutes 1991, chapter 1213. Parameters and guidelines for the two programs were consolidated on August 20, 1998, and were amended again on January 27, 2000. April 27, 2000.

The reimbursement claims at issue in this IRC were filed for the 2001-2002, 2002-2003, and 2003-2004 fiscal years. At the time the claims were prepared and submitted, the parameters and

guidelines as amended January 27, 2000 were applicable. These parameters and guidelines authorize reimbursement for costs incurred to comply with sections 3540 through 3549.1, and "regulations promulgated by the Public Employment Relations Board," including:

- Determination of appropriate bargaining units for representation and determination of the exclusive representation and determination of the exclusive representatives;
- Elections and decertification elections of unit representatives are reimbursable in the event the Public Employment Relations Board determines that a question of representation exists and orders an election held by secret ballot;
- Negotiations: reimbursable functions include receipt of exclusive representative's initial contract proposal, holding of public hearings, providing a reasonable number of copies of the employer's proposed contract to the public, development and presentation of the initial district contract proposal, negotiation of the contract, reproduction and distribution of the final contract agreement;
- Impasse proceedings, including mediation, fact-finding, and publication of the findings of the fact-finding panel;
- Collective bargaining agreement disclosure before the adoption of the agreement by the governing body;
- Contract administration and adjudication of contract disputes either by arbitration or litigation, including grievances and administration and enforcement of the contract; and
- Unfair labor practice adjudication process and public notice complaints.<sup>27</sup>

#### **III.** Positions of the Parties

#### Los Rios Community College District

Claimant requests the Commission to approve this IRC and direct the Controller to reinstate the costs reduced. Claimant argues that the Controller did not complete the audit of the 2003-2004 reimbursement claim within the deadline provided in Government Code section 17558.5. Claimant also asserts that the Controller incorrectly reduced claims for grievance adjudication and indirect costs.

#### State Controller's Office

In its audit, the Controller found that claimant submitted unallowable claims of \$286,895 (out of \$980,409 claimed) during fiscal years 2001-2002, 2002-2003 and 2003-2004.

Specifically, the Controller adjusted the claimed grievance adjudication costs of \$27,260 for fiscal year 2001-2002, finding it is not related to collective bargaining, in addition to indirect

<sup>&</sup>lt;sup>27</sup> Exhibit A, Incorrect Reduction Claim, pages 24-35 (Exhibit B, Parameters and Guidelines amended January 27, 2000).

costs of \$82,858 for all fiscal years (2001-2004). The Controller made other reductions that were not disputed.

The Controller has not filed comments on the IRC.

#### IV. Discussion

Government Code section 17561(b) authorizes the Controller to audit the claims filed by local agencies and school districts and to reduce any claim for reimbursement of state mandated costs that the Controller determines is excessive or unreasonable.

Government Code Section 17551(d) requires the Commission to hear and decide a claim that the Controller has incorrectly reduced payments to the local agency or school district. If the Commission determines that a reimbursement claim has been incorrectly reduced, section 1185.9 of the Commission's regulations requires the Commission to send the statement of decision to the Controller and request that the costs in the claim be reinstated.

The Commission must review questions of law, including interpretation of the parameters and guidelines, de novo, without consideration of legal conclusions made by the Controller in the context of an audit. The Commission is vested with exclusive authority to adjudicate disputes over the existence of state-mandated programs within the meaning of article XIII B, section 6. The Commission must also interpret the Government Code and implementing regulations in accordance with the broader constitutional and statutory scheme. In making its decisions, the Commission must strictly construe article XIII B, section 6 and not apply it as an "equitable remedy to cure the perceived unfairness resulting from political decisions on funding priorities."

With regard to the Controller's audit decisions, the Commission must determine whether they were arbitrary, capricious, or entirely lacking in evidentiary support. This standard is similar to the standard used by the courts when reviewing an alleged abuse of discretion of a state agency.<sup>30</sup> Under this standard, the courts have found that:

When reviewing the exercise of discretion, "[t]he scope of review is limited, out of deference to the agency's authority and presumed expertise: 'The court may not reweigh the evidence or substitute its judgment for that of the agency. [Citation.]" ... "In general ... the inquiry is limited to whether the decision was arbitrary, capricious, or entirely lacking in evidentiary support. . . ." [Citations.] When making that inquiry, the " ' "court must ensure that an agency has adequately considered all relevant factors, and has demonstrated a rational

connection between those factors, the choice made, and the purposes of the enabling statute." [Citation.] "31"

The Commission must review also the Controller's audit in light of the fact that the initial burden of providing evidence for a claim of reimbursement lies with the claimant. <sup>32</sup> In addition, section 1185.2(c) of the Commission's regulations requires that any assertions of fact by the parties to an IRC must be supported by documentary evidence. The Commission's ultimate findings of fact must be supported by substantial evidence in the record. <sup>33</sup>

### A. The Controller's Audit was Completed Beyond the two-year deadline imposed by Government Code section 17558.5 and so is Void.

The threshold issue is whether the Controller's audit of the reimbursement claim was completed within the two-year statutory deadline in Government Code section 17558.5. Because staff concludes that it was not, the remaining substantive allegations of the IRC are not analyzed.

Claimant alleges that when the final audit report was issued on December 12, 2007, the audit of the 2003-2004 reimbursement claim was completed beyond the two-year statutory deadline required by Government Code section 17558.5.<sup>34</sup>

The Commission finds that, although the Controller timely initiated the audit of the reimbursement claims filed for fiscal years 2001-2002, 2002-2003, and 2003-2004, the Controller did not complete the audit of these reimbursement claims within the deadline imposed by Government Code section 17558.5, as last amended in 2004 (eff. January 1, 2005) making the audit findings for all reimbursement claims void.

The reimbursement claims in this case were signed and presumably filed with the Controller's Office in January 2003, January 2004, and January 2005.<sup>35</sup> At the time the reimbursement claims were filed, Government Code section 17558.5 stated that a reimbursement claim is subject to the initiation of an audit by the Controller no later than three years after the claim is filed or last amended, whichever is later.<sup>36</sup> The entrance conference for the audit of these

<sup>&</sup>lt;sup>35</sup> Exhibit A, Incorrect Reduction Claim, pages 81, 143, and 172. The record shows the date the reimbursement claims were signed. Claimant specifically alleges in the IRC, which is signed under penalty of perjury, that the reimbursement claim for fiscal year 2003-2004 was filed on the same date it was signed. (Exhibit A, p. 10.) The Controller has not filed comments disputing the facts alleged.

<sup>&</sup>lt;sup>36</sup> Government Code section 17558.5, as amended by Statutes 2002, chapter 1128, effective January 1, 2003.

reimbursement claims occurred on December 8, 2005, within the three-year period to initiate the audit for all three reimbursement claims.<sup>37</sup> Thus, the Controller timely initiated the audit pursuant to Government Code section 17558.5.

Government Code section 17558.5 was amended, effective January 1, 2005, (Stats. 2004, ch. 890), before the audit was initiated, adding for the first time a deadline for the Controller to complete an audit not later than two years after it is commenced:

A reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. 38

The courts have held that where the state gives up a right previously possessed by it or one of its agencies (e.g., the Controller's having no statutory deadline to complete an audit before Jan. 1, 2005), the restriction in the new law becomes effective immediately upon the operative date of the change in law for all pending claims. In *California Employment Stabilization Commission v. Payne* (1948) 1931 Cal.2d 210, 215-216, the California Supreme Court stated:

Accordingly, the power of the Legislature to lessen a statute of limitations is subject to the restriction that an existing right cannot be cut off summarily without giving a reasonable time after the act becomes effective to exercise such right. (See Davis & McMillan v. Ind. Acc. Comm., 198 Cal. 631, 637, 246 P. 1046, 46 A.L.R. 1095.) This principle, however, does not apply where the state gives up a right previously possessed by it or by one of its agencies. Except where such an agency is given powers by the Constitution, it derives its authority from the Legislature, which may add to or take away from those powers and therefore a statute which adversely affects only the right of the state is not invalid merely because it operates to cut off an existing remedy of an agency of the state. The case of Superior Oil Co. v. Superior Court, 6 Cal.2d 113, 56 P.2d 950, is distinguishable since the court was there concerned with the operation of a statute which applied to private persons as well as the state. This distinction was not noted in Calif. Emp. Stab. Comm. v. Chichester etc. Co., 75 Cal.App.2d 899, 172 P.2d 100, which relied on the Superior Oil case and assumed without discussion that the same rule would apply where the state alone would be adversely affected. It was held in the *Chichester* case that the amendment of section 45.2 in 1943 could not operate to deprive the commission of the right to sue on existing causes of action until a reasonable time had passed after the statute became effective. The commission was created by, and derives its powers from, the Legislature, and

<sup>&</sup>lt;sup>37</sup> Exhibit A, Incorrect Reduction Claim, page 10.

<sup>&</sup>lt;sup>38</sup> Statutes 2004, chapter 890.

it does not have rights which are superior to the legislative will. By the enactment in 1939 of section 45.2, the three-year limitation contained in section 338 was rendered inapplicable, and the commission was given the right without limit as to time to enforce contributions where no return had been filed. Thereafter in 1943 the Legislature determined that it was unwise and perhaps unfair to allow the commission an unlimited time within which to enforce contributions where there was no intent to evade the act, and as to those cases, the three-year limitation was restored and the right of action was cut off if the period had run. Thus the Legislature had the power to do insofar as the constitutional requirement of due process is concerned, and the holding to the contrary in the *Chichester* case, 75 Cal.App.2d 899, 172 P.2d 100, is disapproved.

As stated above, the audit was initiated at the latest at the entrance conference on December 8, 2005. Therefore, the Controller had until December 8, 2007, at the latest, to complete the audit pursuant to section 17558.5, as amended by Statutes 2004, chapter 890. The only evidence of when the audit was completed is the final audit report, dated December 12, 2007 – four days *after* the deadline.<sup>39</sup> Thus, the Controller did not comply with the completion deadline of section 17558.5.

Although section 17558.5 does not specify the consequences for failing to meet the deadlines imposed by the statute, the Commission finds that the deadlines in section 17558.5 are jurisdictional and the failure to meet the deadlines makes the audit findings void. The California Supreme Court has ruled that, when a deadline is for the protection of a person or class of persons, and the language of the statute as a whole indicates the Legislature's intent to enforce the deadline, the deadline is mandatory.

[T] he intent must be gathered from the terms of the statute construed as a whole, from the nature and character of the act to be done, and from the consequences which would follow the doing or the failure to do the particular act at the required time. (Citation.) When the provision is to serve some public purpose, the provision may be held directory or mandatory as will best accomplish that purpose (citation)....<sup>40</sup>

The court specifically rejected the view that a statute could only be mandatory if it included a means of enforcement. Rather, the Court ruled that the important analysis is whether the purpose of the statute is to require an act. <sup>41</sup> Moreover, courts have held that failure to comply with a mandatory statute makes subsequent action invalid or void. <sup>42</sup>

Here, the Legislature specifically amended section 17558.5 to require an audit to be completed within two years, stating "[i]n any case, an audit shall be completed not later than two years after

<sup>&</sup>lt;sup>39</sup> Exhibit A, Incorrect Reduction Claim, page 66.

<sup>&</sup>lt;sup>40</sup> People v. McGee (1977) 19 Cal.3d 948, 962, citing Morris v. County of Marin (18 Cal.3d 901, 909-910.

<sup>&</sup>lt;sup>41</sup> *Id*.

the date that the audit is commenced." (Emphasis added.) The Controller had more than eleven months notice that section 17558.5 had been amended to require completion of an audit within two years when the audit was initiated, but failed to meet that statutory deadline. In these circumstances, failure to complete the audit within the two-year completion deadline is a jurisdictional bar to the Controller's reduction of the reimbursement claims.

Accordingly, the Commission finds that the audit of the 2001-2002, 2002-2003, and 2003-2004 fiscal year reimbursement claims was not timely completed pursuant to Government Code section 17558.5, as amended by Statutes 2004, chapter 890, and is therefore void.

#### V. Conclusion

Based on the foregoing, the Commission concludes that the Controller incorrectly reduced the reimbursement claims filed for fiscal years 2001-2002, 2002-2003, and 2003-2004. Pursuant to Government Code section 17551(d) and section 1185.9 of the Commission's regulations, the Commission requests that the Controller reinstate to the claimant all costs incorrectly reduced, totaling \$286,895.
