Hard Copy Filing and Service in Cases of Undue Hardship or Significant Prejudice. If e-filing legible and searchable PDF documents, as described in section 1181.3(c)(1) of the Commission's regulations, would cause the filer undue hardship or significant prejudice, the filer may submit a written request to the executive director to file in hard copy and may file the request by first class mail, overnight delivery, or personal service. Only upon prior approval by the executive director of a written request for a significant hardship or prejudice exception to the e-filing requirement, may a filing be made via hard copy.

Within 10 days of the filing of an incorrect reduction claim, Commission staff will notify the claimant or claimant representative whether the submission is complete or incomplete. Incorrect reduction claims will be considered incomplete if any of the required sections are not included or are illegible. If a completed incorrect reduction claim is not received within thirty 30 calendar days from the date the incomplete incorrect reduction claim was returned, the executive director may disallow the original incorrect reduction claim filing date. (*Cal. Code Regs., tit.2, section 1185.2 and 1185.3*.)

A copy of the notice must be served on all parties and interested parties on the mailing list. Proof of service shall be filed with the notice pursuant to the Commission's regulations in section 1181.3. No later than one (1) year after opting out, or within the statute of limitations under section 1185.1(c) of the Commission's regulations, whichever is later, a claimant that opts out of a consolidated claim shall file an individual incorrect reduction claim pursuant to Commission requirements in order to preserve its right to challenge a reduction made by the Controller on that same mandate. If a claimant opts out of a consolidated incorrect reduction claim and an individual incorrect reduction claim for that entity is already on file with the Commission, the individual filing is automatically reinstated.

6. Written Detailed Narrative

On February 23, 2022, the State Controller's Office (SCO) issued its final audit report on the County of Sacramento District Attorney's Office (DA's Office) claims for costs incurred based on the legislatively created Child Abduction and Recovery Program (Chapter 1399, Statutes of 1976; Chapter 162, Statutes of 1992; and Chapter 988, Statues of 1996) for the period of July 1, 2016, through June 30, 2019. The County is attaching a copy of the final audit report for reference. The SCO incorrectly reduced the County's claim of $1,885,876 by $465,094. The County requests the Commission of State Mandates to reverse the audit findings and to award the County the correct claim in the amount of $1,885,876.

Background

District attorney offices are required by state mandate to actively assist in the resolution of child custody problems and enforce custody decrees and other orders of the court in child custody proceedings. All direct and indirect costs of labor, materials and supplies, and training and travel for activities related to that mandate are reimbursable from the state.

Summary of Mandate:

> Chapter 1399, Statutes of 1976, added Sections 4600.1 and 4604 to and amended Sections 5157, 5160 and 5169 of the Civil Code, added Sections 278 and 278.5 to the Penal Code, and amended sections 11478.5 of the Welfare and Institutions Code, which increased the level of service provided by several county departments which must become involved in child custody matters. Where previously parents or others interested in the custody status of minors pursued their interest in court with no assistance from law enforcement agencies, due to this statute counties are required to actively assist in the resolution of custody problems and the enforcement of custody decrees. To accomplish this, several additional tools were provided to the courts and enforcement agencies in this legislation, including changes in the procedures for filing petitions to determine custody and enforce visitation rights, increased authorization to issue warrants of arrest to insure compliance, and increased access to locator and other information maintained by County and State departments. These activities increased the level of service provided to the public under Title 9 of Part 5 of the Civil Code, the Uniform Child Custody Jurisdiction Act.
>
> Chapter 990, Statutes of 1983, amended Section 4604 of the Civil Code to clarify that the enforcement requirements of this section applied to visitation decrees as well as custody decrees.

Chapter 162, Statutes of 1992, repealed Sections 4600.1, 4604, 5157, 5160, and 5169 of the Civil Code and without substantial change enacted Sections 3060 to 3064, 3130 to 3134.5, 3408, 3411, and 3421 of the Family Code.

Chapter 988, Statutes of 1996, the Parental Kidnapping Prevention Act, repealed Sections 277, 278 and 278.5 of the Penal Code and enacted in a new statutory scheme in Sections 277, 278 and 278.5 which eliminated the distinction between cases with and cases without a preexisting child custody order.[1]

Board of Control Decision:

On September 19, 1979, the Board of Control determined that Chapter 1399, Statutes of 1976, imposed a reimbursable state mandate upon counties by requiring district attorney offices to actively assist in the resolution of child custody problems including visitation disputes, the enforcement of custody decrees and of any other order of the court in a child custody proceeding. These activities include all actions necessary to locate a child, the enforcement of child custody decrees, orders to appear, or any other court order defraying expenses related to the return of an illegally detained, abducted or concealed child, proceedings with civil court actions, and guaranteeing the appearance of offenders and minors in court actions.[2]

Reimbursable Activities:

[A]ll direct and indirect costs of labor, materials and supplies, training and travel for the following activities are eligible for reimbursement:

1. Obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders, including:
    a. Contact with child(ren) and other involved persons.
        (1) Receipt of reports and requests for assistance.
        (2) Meditating with or advising involved individuals.
            Mediating services may be provided by other departments. If this is the case, indicate the department.
        (3) Locating missing or concealed offender and child(ren).
    b. Utilizing any appropriate civil or criminal court action to secure compliance.
        (1) Preparation and investigation of reports and request for assistance.

(2) Seeking physical restraint of offenders and/or the child(ren) to assure compliance with court orders.
(3) Process services and attendant court fees and costs.
(4) Depositions.

c. Physically recovering the child(ren).
(1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
(2) Other personal necessities for the child. All such items purchased must be itemized.

2. Court actions and costs in cases involving child custody or visitation orders from another jurisdiction, which may include, but are not limited to, utilization of the Uniform Child Custody Jurisdiction Act (Family Code Sections 3400 through 3425) and actions relating to the Federal Parental Kidnapping Prevention Act (42 USC 1738A) and The Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction (Senate Treaty Document 99-11, 99th Congress, 1st Session).
a. Cost of providing foster care or other short-term care for any child pending return to the out-of-jurisdiction custodian. The reimbursable period of foster home care or other short-term care may not exceed three days unless special circumstances exist.
Please explain the special circumstances. A maximum of ten days per child is allowable. Costs must be identified per child, per day. This cost must be reduced by the amount of state reimbursement for foster home care which is received by the county for the child(ren) so placed.
b. Cost of transporting the child(ren) to the out-of-jurisdiction custodian.
(1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
(2) Other personal necessities for the child(ren). All such items purchased must be itemized. Cost recovered from any party, individual or agency, must be shown and used as an offset against costs reported in this section.
(3) Securing appearance of offender and/or child(ren) when an arrest warrant has been issued or other order of the court to produce the offender or child(ren).
1. Cost of serving arrest warrant or order and detaining the individual in custody, if necessary, to assure appearance in accordance with the arrest warrant or order.
2. Cost of providing foster home care or other short-term care for any child requiring such because of the detention of the individual having custody. The number of days for the foster home care or short-term care shall

not exceed the number of days of the detention period of the individual physical custody of the minor.

(4) Return of an illegally obtained or concealed child(ren) to the legal custodian or agency.

(a) Costs of food, lodging, transportation and other personal necessities for the child(ren) from the time he/she is located until he/she is delivered to the legal custodian or agency. All personal necessities purchased must be itemized.

(b) Cost of an escort for the child(ren), including costs of food, lodging, transportation and other expenses where such costs are a proper charge against the county. The type of escort utilized must be specified.

Any funds received as a result of costs assessed against a defendant or other party in a criminal or civil action for the return or care of the minor(s) (or defendant, if not part of a criminal extradition) must be shown and used as an offset against these costs.[3]

Based on the reimbursable activities noted above, the DA's Office submitted claims in the total amount of $1,885,876 for the period of July 1, 2016, through June 30, 2019.

Finding 1 – Overstated salaries and benefit costs and related indirect costs

Standard Distributed Times

The Audit Report concluded that salaries and benefits for Standard Distributed (SD) time in the amount of $154,127 claimed by the DA's Office were unallowable. Auditors claimed SD time is not actual time spent on traceable mandated activities. We do not agree with this finding.

California Family Code sections 3130 through 3134.5 mandate that district attorneys assist the courts in enforcing their child custody and visitation orders and in locating and returning children who have been taken or detained in violation of another person's custody right. Prosecutors are authorized to utilize any appropriate civil or criminal proceeding to assist the courts in enforcing their orders and to locate and recover missing children. Child abduction work is reimbursable by the state under the Child Abduction and Recovery Mandate.

The DA's Office has a State Targeted Offenders Program (STOP), which consists of our Child Abduction and Recovery Program, CDCR prison prosecutions, and other state-reimbursed programs. Having the STOP Unit allows for consolidation of supervisory, clerical, and other general costs such as rent, phones, office supplies,

[3] *Id*., at pgs. 3-6.

and insurance for which the state will provide reimbursement. These costs were then subdivided amongst the various state-reimbursed programs within STOP, directly allocating those expenses to the appropriate program according to time studies. Employees who worked on Child Abduction cases tracked their time daily and only time actually worked on applicable cases was thereafter billed to the state. The DA's Office has attorneys, criminal investigators, and investigative assistants who work exclusively on Child Abduction and Recovery cases. For other employees who provided supportive activities, such as clerical, supervisory, and billing, when they recorded time generally, those hours were proportioned based on the number worked during the month.

If not for state mandate, the DA's Office would not have had these dedicated employees and their increased related costs of employment handling Child Abduction and Recovery matters. The DA's Office allocated and claimed these costs using what was believed to be a reasonable methodology, which was applied consistently and not disproportionately allocated to this mandated program. The time claimed was general administrative time on behalf of eligible cases as a whole, spread amongst the programs based on the full-time equivalent percentage for each program.

In finding that this methodology was unallowable, the audit relied upon and quoted the following language from Section V of the 2009 *Custody of Minors: Child Abduction and Recovery* Amendment to Parameters and Guidelines ("Parameters and Guidelines"):

> To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.[4]

The auditor raised concerns regarding Standard Distributed (SD) time, which involved nonspecific program activities, particularly focusing on the actual time spent on traceable mandated activities. However, the language of Section V does not require that all costs be linked to a specific *case*. Instead, it mandates that only "actual *costs*" (emphasis added) be claimed, defined as "those costs actually incurred to implement the mandated activities." The guidelines explicitly allow the use of "employee time records or time logs" to demonstrate these actual costs. Additionally, Section V permits the use of "worksheets" and "cost allocation reports (system generated)"as supporting evidence to validate these costs. The guidelines recognize and allow for the allocation of cost, provided they are directly related to the mandated

activities. Furthermore Subsection A of Section V clarifies that, "Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren) by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation…." This includes both direct and indirect costs, suggesting that a range of related activities, even if not tied to a specific case, may be considered reimbursable if they are essential to fulfilling the mandated program activities.

The DA's Office has properly submitted for reimbursement those increased costs which it was required to incur in order to conduct the mandated activities related to Child Abduction and Recovery. The DA's Office used time records, time logs, and worksheets generated by employees detailing the time they worked on Child Abduction and Recovery activities, and then used cost allocation to determine the full-time equivalent percentage of those expenses attributable to that particular program. These reflect the DA's actual costs associated with providing these mandated actions. The DA's Office consolidation of services saves the state by avoiding duplicative costs.

"Good Cause" Cases

The Audit Report concluded that $32,276 the DA's Office claimed for time spent on activities for Penal Code section 278.7 cases (commonly known as "Good Cause" cases) are unallowable. Auditors claimed that the Parameters and Guidelines do not identify activities related to Penal Code section 278.7 cases as a reimbursable cost. However, we disagree with the finding that costs relating to investigations which lead to a "Good Cause" case are not reimbursable. The initial investigative work is a necessary part of the mandated activities, such as locating a child or enforcing custody order, and should be reimbursable even if the case is later categorized under "Good Cause".

Child abduction cases take many different forms, oftentimes evolving as an investigation unfolds. Complaints of a child abduction are received and reviewed by DA staff. It is not uncommon that while investigating a complaint, the DA's Office will be contacted by the alleged offender with a "Good Cause" claim pursuant to Penal Code section 278.7 that the person has a good faith and reasonable belief that the child, if left with the other person, will suffer immediate bodily injury or physical harm. Furthermore, frequently the DA's Office will receive multiple complaints regarding the same child or children and involved parties, which may relate back to a prior "Good Cause" claim, but each new complaint must be investigated anew.

The Legislature created the Child Abduction and Recovery Mandate by statute in 1976. The code sections that set forth these provisions and the specific mandates were thereafter repealed and reissued with different section numbers. Former Civil Code section 4604 was reissued as Family Code sections 3130 and 3131. Family Code section 3130 provides that if a petition to determine custody of a child has been filed

in court or a temporary order pending determination of custody has been entered, and the whereabouts of a party in possession of the child are not known or there is reason to believe that the party may not appear in the proceedings although ordered to appear personally with the child, *district attorneys are mandated to take all actions necessary to locate the party and the child and to procure compliance with the order* to appear with the child for purposes of adjudication of custody. Family Code section 3131 provides that if a custody or visitation order has been entered and the child is taken or detained by another person in violation of the order, *district attorneys are mandated to take all actions necessary to locate and return the child and the person who violated the order*, as well as assist in enforcement of the custody or visitation order or other order of the court by use of an appropriate civil or criminal proceeding. Neither section provides for or mentions a "Good Cause" exception. Although such a claim may arise in the course of an investigation, district attorneys are still mandated by statute to take all actions necessary in locating the parties and procuring compliance, which would necessarily involve an evaluation of any "Good Cause" claim that is made.

Furthermore, as previously noted, Subsection A of Section V in the Parameters and Guidelines provides, "Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney *actively assist in the resolution of child custody and visitation problems*; for the enforcement of custody and visitation orders; *for all actions necessary to locate and return a child(ren)* by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody and visitation…" (emphasis added). Actively assisting in the resolution of child custody and visitation problems can involve and result in a "Good Cause" claim. All actions necessary in locating and returning a child can involve and result in a "Good Cause" claim. Thus, those costs should be allowable as they fall within mandated activities.

Moreover, Section VI of the Parameters and Guidelines only lists as "Non-Reimbursable Costs" the following:

> Costs associated with criminal prosecution, commencing with the defendant's first appearance in a California court, for offenses defined in Sections 278 or 278.5 of the Penal code, wherein the missing, abducted, or concealed child(ren) has been returned to the lawful person or agency.

Section VI only disallows costs associated with criminal prosecution once a defendant has appeared in court and excludes costs for prosecuting offenses under sections 278 and 278.5 of the Penal Code. It does not exclude "Good Cause" cases nor does it reference Penal Code section 278.7.

In creating the Child Abduction and Recovery Mandate in 1976, the Legislature added, amongst other things, two specific Penal Code provisions that prosecutors could charge as part of their authorization to utilize any appropriate civil or criminal proceedings to assist, as mandated, the courts in enforcing their orders and to locate and recover missing children (these two criminal provisions were later renumbered

as Penal Code sections 278 and 278.5). In 1996, the Legislature added Penal Code section 278.7, which provides a specific exception for prosecutions under section 278.5 for "Good Cause" claims. Essentially, section 278.7 creates a defense to prosecution under section 278.5.

Penal Code section 278.7 provides that section 278.5 does not apply if three criteria are met. First, the person must make a report within a reasonable time frame to the office of the district attorney of the county where the child resided before the action. Second, the person must commence within a reasonable time a custody proceeding in a court of competent jurisdiction consistent with the federal Parental Kidnapping Prevention Act or the Uniform Child Custody Jurisdiction Act. Third, the person must inform the district attorney's office of any change of address or telephone number of the person and the child. Until all three criteria are met, the person is still considered to fall under the provisions of section 278.5, for which all costs are reimbursable per the program's parameters and guidelines. This is the practice that the DA's Office has followed: once these criteria are met, the DA's Office marks the case as a "Good Cause" and stops billing time.

Part of investigating a potential criminal matter involves a determination of whether any particular defenses would excuse or justify the behavior, thus negating the possibility of successfully utilizing criminal proceedings to prosecute the matter. Imagine the state mandated that district attorneys investigate homicide cases under Penal Code section 187. However, Penal Code section 196 sets forth when a homicide may be justified, which includes homicides committed in self-defense. Using the same logic followed in the Audit Report, prosecutors would not be entitled to reimbursement for investigation for any homicide where the investigation led to a determination that the homicide was committed in self-defense because Penal Code section 196 is a different provision than section 187. However, it is still a homicide. Similarly, "Good Cause" cases are still a form of child abduction, where one person has deprived another of lawful custody or visitation, but for a lawfully excused reason.

A change in allowable indirect costs of $61,671 was associated with the adjustments from the SD times and "Good Cause" cases. The method of determining the indirect cost was not subject to a finding. For each eligible claim the DA's Office has met the criteria set by the parameters and guidelines; all direct and indirect costs of SD times and "Good Cause" cases are eligible for reimbursement totaling $248,074.

Finding 2 – Overstated materials and supplies costs

As previously noted in the Standard Distributed Times discussion in response to Finding 1, the DA's Office similarly relied on the reasonable methodology of cost allocation based on full-time equivalents (FTEs) to determine materials and supplies costs for this program. These costs include California mandated employment costs, general office supplies, computer infrastructure, phones, and leased facilities charges all used by staff working on the Child Abduction and Recovery Program. The Audit

Report concluded that $217,020 in materials and supplies costs were unallowable. The auditor noted that each cost had to be actual and supported by documentation specific to the mandated activities. We do not agree with this finding, as the allocation methodology used was a reasonable approach to capture the actual costs associated with supporting the program.

The employees who worked on child abduction matters tracked their time and only noted billable hours for reimbursable activities. From this, it can be calculated what percentage of their time was spent on reimbursable mandated activities, which then was used to determine the actual cost of related materials and supplies used in those efforts. As noted above, the Parameters and Guidelines permit cost allocation and allow for determining actual cost based on time records, time logs, and worksheets. This is a reasonable and appropriate manner to show actual cost. The state's audit process is now imposing additional requirements and limitations not set forth in the Parameters and Guidelines.

Included in materials and supplies is State Unemployment Insurance (UI), Workers Compensation, and employee pension obligations. The UI program is mandated in accordance with federal law, the California UI Code and the California Code of Regulations, Title 22. All California employers must provide workers' compensation benefits to their employees under California labor Code Section 3700. Sacramento County is one of 20 counties which created and operated pension systems under the County Employees Retirement Law of 1937. All three of these employee costs are calculated and distributed through the County's Allocated Cost Package (ACP) and specifically excluded from the Productive Hour Rates provided by the Department of Finance. In the Audit Report under Finding 2 it is noted, "These costs are unallowable because the county claimed costs that were allocated to the State Targeted Offenders Unit, rather than actual cost supported by source documentation."[5] The County does allocate the above reference costs because Sacramento County self-insures these mandated payroll costs, which is cheaper for the County and ultimately cheaper for the program.

The auditors determined, "The costs are unallowable because the county did not claim actual costs supported by source documentation."[6] The general ledger of actual cost for STOP with cost calculations was provided to the auditors as requested by the California State Controller in the January 14, 2021, Sacramento County Engagement Letter. All material provided to the auditors followed the language from Section V of the Parameters and Guidelines. The general ledger only included actual cost, supported by time records, invoices, and receipts. All accounting and worksheets show the validity of such cost, are traceable and were created at or near the same time the actual cost was incurred.

[6] *Id*., at pg. 14.

To analyze this finding further, the cost of phones can be used as an example. Employees need phones to do their jobs. A service fee is imposed to have that phone available. According to the auditor, the DA's Office can only charge for the cost of the phone attributable to a particular case, i.e., the minutes spent on the phone per actual case. Some of these employees worked exclusively on child abduction cases. For the remaining employees who split time working on child abduction cases and other state-mandated activities, the costs were fully denied, despite the fact that they could be reasonably allocated based on the proportion of hours worked on qualifying activities, for which they tracked their time. They would not have had a phone for this particular work if not mandated to perform these functions. Even though exact usage could not be determined, the flat-rate phone charges should have been eligible for allocation based on the proportion of hours worked on qualifying activities. As a further example, denying this as an actual cost would be akin to saying reimbursement would not be available for the full cost of a desk chair and would instead only be allowable for the portion of the cost of the chair for the actual minutes we could show spent sitting in it directly working on a particular case.

To further show the validity of the methodology used by the DA's Office, the DA's Office provided an alternative cost allocation worksheet based on the audited allowed case hours worked for further consideration. The alternative method totaled $222,966, which is tied to a case based on productive hourly rate. The disallowed claim amount based on current methodology was $217,020. The difference between the two methods is only $5,946, providing further evidence that the current methodology is comparably accurate and reasonable.

For each eligible claim, the DA's Office has met the criteria set by the Parameters and Guidelines as stated in Section V for "Reimbursable Costs." All material and supplies costs have been directly identified relating to the mandated program and further supported directly tying to all allowable case hours. Since the State has already withheld funds from future claims, the DA's Office is requesting the $217,020 of material and supplies costs to be determined allowable and refunded to Sacramento County.

I, John Black, declare as follows:

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched the District Attorney's files from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. The research required involved logging into the District Attorney's proprietary Timetrack system, where staff, in the regular course of a business, contemporaneously enter their time spent on state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2016 through June 30, 2017. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, Stop Billing Detail Report for July 1, 2016 through June 30, 2017, is the data record created, consists of 476 pages, and provides a listing of the personnel cost amounts claimed during this time period amounting in 4,080.15 hours, totaling $358,408.49.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.

Sacramento County
Custody of Minors -- Child Abduction and Recovery Program
FY 2016-2019
Chapter 1399, Statutes of 1976;
Chapter 162, Statutes of 1992; and
Chapter 988, Statutes of 1996.
Department of Finance, Requester

I, John Black, declare as follows:

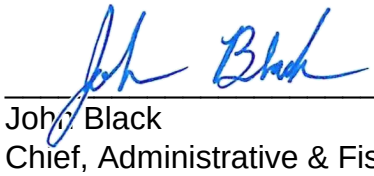
1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County COMPASS data system from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. The research required retrieving the transactions for Fund Center 5805812, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney's staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2016 through June 30, 2017. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, COMPASS Accounting Journal for fiscal year 2017, reflects billings from July 1, 2016 through June 30, 2017 associated with the Child Abduction and Recovery Program during this time period totaling $4,946,969.72.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.



John Black
Chief, Administrative & Fiscal Services
Sacramento County District Attorney's Office

Custody of Minors -- Child Abduction and Recovery Program

Chapter 1399, Statutes of 1976;
Chapter 162, Statutes of 1992; and
Chapter 988, Statutes of 1996.

I, John Black, declare as follows:

1. I am employed as the Chief, Administrative & Fiscal Services for the Sacramento County District Attorney's Office. I have personal knowledge of the matters stated herein, and if called as a witness could and would testify competently thereto.

2. I researched Sacramento County Cost Allocation Plan files from July 1, 2016 through June 30, 2019 to determine the costs incurred by Sacramento County for the legislatively-mandated Custody of Minors – Child Abduction and Recovery Program. This information is reported to the California State Controller's Office. The research required retrieving the Cost Allocation Plan and pulling the costs reported under billing code 0015812 STATETAR, which is a unique identifier assigned to the District Attorney State Targeted Offender Program. This information is added by District Attorney' staff, in the regular course of a business, who contemporaneously enter costs associated with state-mandated programs. A billing report was run for the Child Abduction and Recovery Program for the fiscal year from July 1, 2016 through June 30, 2017. This process created a data record that provides an accurate and true accounting of the available records and associated costs.

3. The following Attachment, County of Sacramento, California OMB A87 Cost Allocation Plan, page 10, for July 1, 2016 through June 30, 2017, shows the costs associated with the Child Abduction and Recovery Program during this time period totaling $20,570.[1]

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 13, 2024, in Sacramento, California.
