14 estimate pursuant to Government Code section 17553(a), which shall be an estimate for  
15 the initial period of reimbursement to be reported to the Legislature, the Commission  
16 may consider the statewide cost estimate prepared by the test claimant, the initial

39 ~~(st)~~ "Written material" means any paper or electronic document relevant to a matter that  
40 is filed with the Commission except that "written material" does not include a "new filing"

(2) The claimants agree on all issues of the test claim; and

(3) The claimants have designated one person to act as the sole representative for all claimants.

~~(c) Otherwise, the first claim filed on a statute or executive order by a similarly situated claimant is the test claim and no duplicate test claims will be accepted by the Commission. Other similarly situated affected agencies may participate in the process by filing comments in writing on any agenda item as provided in section 1181.10 of these regulations, and may attend any Commission hearing on the test claim and provide written or oral comments to the Commission. Interested parties whose agencies that are not similarly situated, meaning subvention rights under article XIIB, section 6, of the California Constitution are not protected by the test claim filing that test claim statutes affect them differently, may file a test claim on the same statute or executive order as the first claim, but shall must demonstrate in their filing how and why their subvention rights are not protected by the first test claim they are affected differently.~~

1 (de) Except as provided in Government Code sections 17573 and 17574, any test claim  
2 or amendment filed with the Commission ~~shall~~ must be filed not later than 12 months

5 order, whichever is later.

29 hear for any reason, including that the test claim was not filed within the period of  
30 limitation required by subdivision (c) of this section, may be rejected or dismissed by the  
31 executive director with a written notice stating the reason therefor. However, for an  
32 otherwise timely and complete test claim over which the Commission would have  
33 jurisdiction, except that it was filed by a local agency that is not eligible to seek  
34 reimbursement because it is not subject to the taxing and spending limitations of articles  
35 XIII A and B of the California Constitution, the Commission shall follow the process

The power to order a reconsideration or amend an adopted decision on a test claim or incorrect reduction claim shall expire 30 days after the adopted decision is served on the claimant or requester. ## 36 **Article 10. Mandate Redetermination Process**

### 37 **§ 1190.1. Filing a Request to Adopt a New Test Claim Decision.**

38 (a) A local agency or a school district, statewide association of local agencies or school  
39 districts, the Department of Finance, Office of the State Controller, or other affected  
40 state agency, may file a request to adopt a new test claim decision to supersede a

1 previously adopted test claim decision by making a showing that the state's liability  
2 pursuant to Article XIII B, section 6(a) of the California Constitution for the previously  
3 adopted test claim decision has been modified based on a "subsequent change in law"  
4 as defined by Government Code section 17570(a)(2). Such a request is known as a  
5 "request for mandate redetermination."

6 (b) All requests for mandate redetermination shall be filed on a form developed by the  
7 executive director and shall contain a detailed analysis of how and why the state's  
8 liability for mandate reimbursement has been modified pursuant to article XIII B, section  
9 6(a) of the California Constitution and all of the elements and accompanying documents  
10 required by the form and Government Code section 17570(d). If representations of fact  
11 are made, they shall be supported by documentary or testimonial evidence in  
12 accordance with section 1187.5 of these regulations.

13 (c) The detailed analysis of how and why the state's liability for mandate reimbursement  
14 has been modified pursuant to article XIII B, section 6(a) of the California Constitution  
15 based on a "subsequent change in law" as defined by Government Code section 17570  
16 requires more than a written narrative or simple statement of the facts and law. It  
17 requires the application of the law (Gov. Code § 17570 (a) and (b)) to the facts (i.e. the  
18 alleged subsequent change in law) discussing, for each activity addressed in the prior  
19 test claim decision, how and why the state's liability for that activity has been modified.  
20 Specific references shall be made to statutes and chapters, articles, sections, and page  
21 numbers that are alleged to impose or not impose a reimbursable state-mandated  
22 program.

23 (d) A request for mandate redetermination and accompanying documents shall be  
24 ~~certified, filed, and served~~ in accordance with section 1181.3 of these regulations.

25 (e) Within 10 days of receipt of a request for mandate redetermination, Commission  
26 staff shall notify the requester if the request is complete or incomplete and refer the  
27 requester to these regulations. Requests for mandate redetermination shall be  
28 considered incomplete if any of the elements required in subdivisions (b), (c), or (d) of  
29 this section are illegible or are not included. If a complete request for mandate  
30 redetermination is not received within 30 calendar days from the date the incomplete  
31 request was returned, the executive director shall disallow the original request filing  
32 date. New requests for mandate redetermination may be accepted on the same  
33 subsequent change in law alleged to modify the state's liability pursuant to article XIII B,  
34 section 6(a) of the California Constitution.

35 (f) A request for mandate redetermination shall be filed on or before June 30 following a  
36 fiscal year in order to establish eligibility for reimbursement or loss of reimbursement for  
37 that fiscal year.

38 (g) A requester may not add a new subsequent change in law to a request for mandate  
39 redetermination after the request has been deemed complete.

40 (h) Any request for mandate redetermination that fails to allege a "subsequent change in  
41 law," as defined by Government Code section 17570, shall be returned by the executive  
42 director with a written notice stating the reason that the request is being returned. These  
43 filings may include, but are not limited to, requests that meet the requirements for a

1 proposed parameters and guidelines amendment or a new test claim filing.

(b) At least 10 days before the action is taken, the executive director shall serve on ~~the parties and interested parties~~ all persons on the mailing list described in section 1181.4 of these regulations, and post on the Commission's website, a notice of any proposed action to consolidate.

Reference: Sections 17530, 17554 and 17570, Government Code.

#### **§ 1190.5. Hearing Process and Form of Decision.**

Notwithstanding any other provision of these regulations, mandate redetermination process hearings and decisions shall be subject to article 7 of these regulations. There shall be a two-step hearing process for requests to adopt a new test claim decision as follows:

(a) The First Hearing:

(1) The first hearing shall be limited to the issue of whether the requester has made an adequate showing that identifies a subsequent change in law as defined by Government Code section 17570, material to the prior test claim decision, which may modify the state's liability pursuant to article XIII B, section 6(a) of the California Constitution. The Commission shall find that the requester has made an adequate showing if it finds that

1 the request, when considered in light of all of the written comments and supporting  
2 documentation in the record of this request, has a substantial possibility of prevailing at  
3 the second hearing.

4 (2) At least eight weeks before the hearing or at another time required by the executive  
5 director or stipulated to by the parties, Commission staff shall prepare a draft proposed  
6 decision and issue it to all persons on the mailing list described in section 1181.4 of  
7 these regulations~~the parties, interested parties, and any person who requests a copy,~~  
8 and shall post it on the Commission's website. A request for mandate redetermination is

11 persons~~everyone~~ on the mailing list described in section 1181.4 of these regulations  
12 and posted on the Commission's website.

14 ~~filed with the Commission. Written comments shall be certified, filed, and served in~~  
15 ~~accordance with section 1181.3 of these regulations, by the date determined and~~  
16 ~~noticed by the executive director, which shall include a copy of relevant portions of any~~  
17 ~~documents not readily available online and shall identify the specific statutes and~~  
18 ~~chapters, articles, sections, regulatory registers, case law citations, and page numbers~~

21 Code section 17530. If representations of fact are made, they shall be supported by  
22 documentary or testimonial evidence in accordance with section 1187.5 of these  
23 regulations. ~~All written comments timely filed shall be reviewed by Commission staff and~~  
24 ~~may be incorporated into the proposed decision of the request to adopt a new test claim~~  
25 ~~decision.~~

27 ~~exhibits, or other evidence filed after the three-week comment period described in~~  
28 ~~subdivision (a)(3) of this section. The Commission need not rely on, and staff need not~~  
29 ~~respond to, late comments, exhibits, or other evidence filed in response to a draft~~  
30 ~~proposed decision.~~

31 (4) Before the first hearing on the request for mandate redetermination, Commission  
32 staff shall prepare a proposed decision limited to the issue of whether the requester has  
33 made a showing that identifies a subsequent change in law, material to the prior test  
34 claim decision, which may modify the state's liability pursuant to article XIII B, section  
35 6(a) of the California Constitution. This proposed decision shall consider the entire  
36 record~~request, written comment, rebuttals and supporting documentation filed by the~~  
37 ~~parties and interested parties.~~ The proposed decision for the first hearing shall find that  
38 the requester has made an adequate showing if staff finds that the request, when  
39 considered in light of all of the written comments and supporting documentation in the  
40 record of this request, has a substantial possibility of prevailing at the second hearing.

41 (5) If, at the first hearing, the Commission finds that:

42 (A) The requester has not made an adequate showing, when considered in light of all of  
43 the written comments, rebuttals and supporting documentation in the record and  
44 testimony at the hearing, that the request for mandate redetermination has a substantial

possibility of prevailing at the second hearing, the Commission shall issue a decision denying the request for mandate redetermination.

(B) The requester has made an adequate showing, when considered in light of all of the written comments, rebuttals, and supporting documentation in the record and testimony at the hearing, the Commission shall issue a decision finding that an adequate showing has been made and setting the second hearing on whether the Commission shall adopt a new test claim decision to supersede the previously adopted test claim decision.

(b) The Second Hearing:

(1) If the Commission proceeds to the second hearing, it shall consider whether the state's liability pursuant to article XIII B, section 6(a) of the California Constitution has been modified based on the subsequent change in law alleged by the requester, thus requiring adoption of a new test claim decision to supersede the previously adopted test claim decision. If the Commission finds that the state's liability pursuant to article XIII B, section 6(a) of the California Constitution has been modified based on the subsequent change in law alleged by the requester, it shall adopt a new decision that reflects the modified liability of the state.

(2) Before the second hearing, Commission staff shall prepare a proposed decision. At least eight weeks before the hearing or at another time required by the executive director or stipulated to by the parties, Commission staff shall prepare a draft proposed decision and issue it to ~~all persons~~everyone on the mailing list described in section 1181.4 of these regulations and post it on the Commission's website. ~~(A) It is the Commission's policy to discourage the introduction of late comments, exhibits, or other evidence filed after the three-week comment period described in subdivision (b)(3) of this section. The Commission need not rely on, and staff need not~~

1 ~~respond to, late comments, exhibits, or other evidence filed in response to a draft~~  
2 ~~proposed decision.~~

3 (4) If, at the second hearing, the Commission finds that the state's liability pursuant to  
4 article XIII B, section 6(a) of the California Constitution:

5 (A) has not been modified based on a subsequent change in law as defined by  
6 Government Code section 17570(a)(2), the Commission shall issue a decision denying  
7 the request.

8 (B) has been modified based on a subsequent change in law, as defined by  
9 Government Code section 17570(a)(2) the Commission shall adopt a new decision to  
10 supersede the prior decision. The new decision shall be prepared in writing, based on  
11 the record, and shall include a statement of reasons for the decision, findings, and  
12 conclusions.

13 (5) ~~All persons~~Everyone on the mailing list described in section 1181.4 of these  
14 regulations shall be issued written notice that a copy of the decision has been posted on  
15 the Commission's website.

16 (6) After a decision or proposed decision has been served or posted on the  
17 Commission's website, it shall not be changed except to correct clerical errors, in which

**AUTHORITY AND REFERENCE**

Government Code section 17527(g) authorizes the Commission to adopt the proposed regulations. Reference citations: Government Code sections 11123, 11346.4, 11347, 11347.1, and 17500 et seq.

**INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW**

The Commission is a seven-member quasi-judicial body created by the Legislature to resolve disputes regarding the existence of state-mandated local programs (Government Code section 17500 et seq.) and to hear matters involving county applications for a finding of significant financial distress (Welf. & Inst. Code, § 17000.6).

The purpose of this rulemaking is to ensure that the regulations provide clear and concise direction, use consistent terminology, and provide transparency to the Commission process. The proposed regulations: (1) clarify definitions; (2) clarify the requirements for certification, filing, service, and formatting documents; (3) clarify the holding of teleconferenced meetings; (4) clarify the filing of a second test claim on the

same statute or executive order; (5) clarify the requirements for citations and providing documents relied upon in a filing; (6) clarify the Commission's process on the granting or denial of a motion to consolidate or sever test claims; (7) clarify the processing of test claims; (8) clarify who may participate in the processing of claims and development of commission forms; (9) clarify requirements for the contents of parameters and guidelines; (10) clarify the requirements for requests for review of state controller's claiming instructions; (11) clarify requirements for the filing of declarations to be used in lieu of testimony; (12) add new requirements for the timing of filing written testimony, declarations, and other evidence; (13) clarify the process for requesting an extension of time to file comments and rebuttals and to request a postponement of a hearing; and (14) to make minor, non-substantive edits and corrections.

Therefore, the Commission proposes revised language and citations in Articles 1, 3, 4, 5, 6, 7, 8, and 10 of the California Code of Regulations, Division 2, Title 2, Chapter 2.5, Sections 1181.1, 1181.2, 1181.3, 1181.4, 1181.6, 1181.8, 1181.9, 1181.10, 1181.13, 1183.1, 1183.2, 1183.3, 1183.4, 1183.5, 1183.6, 1183.7, 1183.8, 1183.9, 1183.10, 1183.11, 1183.12, 1183.13, 1183.15, 1183.16, 1183.17, 1184.1, 1185.1, 1185.2, 1185.4, 1185.5, 1185.6, 1185.7, 1185.8, 1186.2, 1186.4, 1186.6, 1187.1, 1187.4, 1187.5, 1187.6, 1187.8, 1187.9, 1187.10, 1187.12, 1187.14, 1187.15, 1188.1, 1188.2, 1190.1, 1190.2, 1190.3, 1190.4, and 1190.5 with a proposed effective date of January 1, 2026, if no public hearing is requested, or April 1, 2026, if a public hearing is requested.

#### Anticipated Benefits of the Proposed Regulations

The proposed regulations will result in updated and consistent terminology, accurate and chronological directions, and transparency of Commission processes; clarification that the Commission follows the Bagley-Keene Open Meeting Act for teleconferenced meetings; a clear statement of the circumstances under which the Commission will accept a second test claim on the same statute or executive order; clear instruction to filers on the required documentation for filing and remove an undue burden on filers to provide copies of documents readily available online; notice to the claimant as to whether its motion to consolidate or sever test claims has been granted or denied; clear statements addressing which persons and agencies may file comments and rebuttals or participate in other parts of the Commission process; specific directions regarding what information is necessary and relevant to be provided to the Commission for the adoption of the parameters and guidelines; a clear list of the requirements for requests for review of claiming instructions; a clear statement of the process for the filing of declarations to be used in lieu of testimony; a consistent timeline for the filing of documentary evidence to ensure that all parties and the Commission members may review it prior to the hearing; a detailed process for the handling of requests for extensions of time and postponements of hearings; and make various minor non-substantive edits for clarity.

#### Consistency and Compatibility with Existing State Regulations

After conducting a review of existing regulations, the Commission has concluded that California Code of Regulations, title 2, sections 1181.1 et seq., are the only regulations concerning the Commission's process. Therefore, the proposed regulations are consistent and compatible with existing state regulations.

## **DESCRIPTION OF PROPOSED REGULATIONS**

### **I. Clarification of Definitions.**

Sections 1181.2. Definitions; 1181.1. Delegation of Certain Functions; Executive Director Appeals; and 1187.1. Scheduling and Noticing the Hearing.

Section 1181.2 of the regulations defines terms in the Government Code and the Commission's regulations. The proposed amendments add language to section 1181.2 to define "test claimant" and "requester," which are terms used throughout the regulations, but which had not been defined. The proposed amendments remove the five o'clock cutoff time in the definition of "filing date" to align with the changes in sections 1183.1 as proposed (see section IV, below) and 1181.3 as proposed (see section II, below), respectively, because the cutoff is no longer necessary as all filings are made to an online drop box and do not require that staff be present in the office. The proposed amendments also clarify the definitions of "interested person" and "interested party" to better align with the California Constitution as well as the rights and roles set forth throughout the regulations for interested persons and parties. The definition of "completed" is proposed to be deleted as completeness is defined in other sections of the regulations specific to the type of filing and its contents. The definition of "real party in interest" is proposed to be deleted as the term "real party in interest" is eliminated in regulations in favor of "interested party" which, as redefined, is a more accurate description of the parties. The definition of "teleconference" is proposed to be deleted since the term is proposed to be eliminated from section 1181.13 (see section III, below) to provide a more general statement regarding compliance with the Bagley-Keene Open Meetings Act. The proposed amendments also move the definition of "matter" from section 1187.1 into section 1181.2 to ensure all definitions are in one regulation. These changes require renumbering some subsections of section 1181.2. In addition, the proposed regulations require consistency changes in sections 1181.1, 1181.8, and 1187.1. Section 1187.1 also requires a minor, non-substantive edit (see section XIII, below).

### **II. Clarification of the Requirements for Certification, Filing, Service, and Formatting Filings.**

Sections 1181.3. Certification, Formatting, Filing, and Service of Written Materials and New Filings; 1181.1. Delegation of Certain Functions; Executive Director Appeals; 1183.1. Test Claim Filing; 1183.2. Review of Test Claim; 1183.3. Claimant's Rebuttal; 1183.4. Claimant's Motion to Consolidate or Sever Test Claims; 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision; 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of Comments; 1183.9. Expedited Process for Proposed Parameters and Guidelines; 1183.10. Reasonable Reimbursement Methodology; 1183.11. Alternative Process: Joint Reasonable Reimbursement Methodology and Statewide Estimate of Costs; 1183.12. Reasonable Reimbursement Methodology, Included in Parameters and Guidelines; 1183.13. Adoption of Parameters and Guidelines; 1183.15. Jointly Proposed Request for Early Termination of Reasonable Reimbursement Methodology; 1183.16. Expiration of a Joint Reasonable Reimbursement Methodology; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller's Claiming Instructions; 1185.1.

Incorrect Reduction Claim Filing; 1185.2. Review of Incorrect Reduction Claims; 1185.4. Joining a Consolidated Incorrect Reduction Claim; 1185.6. Executive Director's Authority to Consolidate or Sever Incorrect Reduction Claims; 1185.7. Review of Completed Incorrect Reduction Claims and Preparation of Proposed Decision; 1185.8. Withdrawal of Incorrect Reduction Claims; 1186.2. Request for Inclusion; 1186.4. Request for Removal; 1186.6. Request for Review of an Apportionment or Base Year Entitlement; 1187.8. Representation at Hearing; 1187.9. Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings; 1187.10. Decision; Action on Proposed Decision; 1187.12. Withdrawal of a Matter; 1187.14. Substitution of Parties and Dismissal of a Matter; 1187.15. Reconsideration of an Adopted Decision on a Test Claim or Incorrect Reduction Claim; 1188.2. Rulemaking; 1190.1. Filing a Request to Adopt a New Test Claim Decision; 1190.2. Review and Response; 1190.3. Rebuttal; 1190.5. Hearing Process and Form of Decision.

Section 1181.3 addresses the certification, formatting, and filing of documents with the Commission and service of those documents. In 2023, the Commission updated section 1181.3 to address the formatting of documents to ensure compliance with state and federal accessibility requirements. After implementation, the need for some clarifications came to light. In addition, certification of all new filings has been removed in favor of a certification that the requirements of this section have been met as a prerequisite for filing. Finally, the subdivisions require reordering to provide clarity and to address the process in a step-by-step fashion.

The proposed regulations amend section 1181.3(a) to remove the current language regarding the certification of all filings as, according to Government Code section 17553(b)(4), only test claims require certification which is addressed under section 1183.1 of the regulations which is proposed to be updated to clarify the certification requirements. The language is replaced with new requirements for certification of compliance with formatting and filing requirements as part of e-filing. The proposed amendment to section 1181.3(b) adds a heading for clarification. The proposed amendment to section 1181.3(c) places all information regarding signature under one subdivision including language regarding the signing of forms formerly part of subdivision (c)(2)(A) and new language to clarify acceptable methods for signing filings which has not been addressed in the regulations. The proposed changes to section 1181.3(d)(1) address the formatting requirements formerly under subdivision (c)(1) to clarify that the purpose behind the subdivision is for accessibility of documents, that the font must be sans serif but that Arial font is strongly encouraged, and that ordered lists can be numbered or alphabetized. The proposed amendment to section 1181.3(d)(2) relabels the subdivision, ensures that the additional formatting requirements for all filings are clearly stated, and reflects the current requirements for e-filing. The proposed amendment to create section 1181.3(e) from former (c)(2)(C) adds a new heading and deletes unnecessary requirements for filing color documents. The proposed amendment to 1181.3(f) groups together the e-filing requirements formerly part of subdivisions (c)(2)(D), (E), and (F). Section 1181.3(c)(2)(G) is proposed for deletion because the information is repetitive of section 1181.4 and unnecessary. Subdivision (c)(4) is proposed to be moved to section 1181.3(g) and the references to the five o'clock cutoff time for filing are proposed to be deleted because the cutoff is no longer necessary as all filings are made to an online drop box and do not require that staff be present in the

office. The proposed addition of section 1181.3(h) sets forth the Commission's review process for filed materials, which had not been included in the regulations, to promote transparency. The proposed amendment of section 1181.3(i) sets forth the steps of the e-filing process formerly in subdivisions (c)(2)(H), (I), and (J) and which includes the Commission's service of process on all filings. The changes to subdivisions (i) and (a) necessitate consistency changes in sections 1181.1, 1183.2, 1183.3, 1183.4, 1183.6, 1183.8, 1183.9, 1183.10, 1183.11, 1183.12, 1183.13, 1183.15, 1183.16, 1183.17, 1184.1, 1185.1, 1185.2, 1185.4, 1185.6, 1185.7, 1185.8, 1186.2, 1186.4, 1186.6, 1187.8, 1187.9, 1187.10, 1187.12, 1187.14, 1187.15, 1188.2, 1190.1, 1190.2, 1190.3, and 1190.5. The proposed amendment to section 1181.3(j), former subdivision (c)(3), includes clarification of the hard copy filing process and deletion of service of hard copy filings in favor of the service provided with e-filing in subdivision (i).

These proposed amendments to section 1181.3 necessitate reordering some subdivisions. In addition, the proposed regulations require consistency changes in sections 1181.1, 1183.1, 1183.2, 1183.3, 1183.4, 1183.6, 1183.8, 1183.9, 1183.10, 1183.11, 1183.12, 1183.13, 1183.15, 1183.16, 1183.17, 1184.1, 1185.1, 1185.2, 1185.4, 1185.6, 1185.7, 1185.8, 1186.2, 1186.4, 1186.6, 1187.8, 1187.9, 1187.10, 1187.12, 1187.14, 1187.15, 1188.2, 1190.1, 1190.2, 1190.3, and 1190.5. Section 1185.2 requires the language be rewritten to allow for easy insertion of the proposed amendment.

### **III. Clarification of Teleconferencing Regulation**

#### **Section 1181.13. Commission Meeting by Teleconference.**

Section 1181.13 provides specific information concerning the Commission's ability to address quorum issues by holding meetings via teleconference that are compliant with the Bagley-Keene Open Meeting Act. The proposed amendment simplifies the regulation by limiting the language to compliance with the Bagley-Keene Open Meeting Act.

### **IV. Clarification of the Requirements for Filing a Second Test Claim on the Same Statute or Executive Order.**

#### **Section 1183.1. Test Claim Filing.**

Section 1183.1 sets forth the process for the filing of test claims. Pursuant to Government Code section 17521, there can be only one test claim filed on behalf of all eligible claimants in the state on any statute or executive order. The test claim functions as a class action for all other local government interested parties and, generally, duplicate test claims cannot be filed and accepted by the Commission. However, there may be times when the test claim filing affects the subvention rights of an interested party differently from the test claimant and the interested party may file a separate, second test claim on the same statute or executive order. The proposed amendments clarify when the Commission can accept a second test claim filing. The proposed amendment to section 1183.1(c) necessitates reordering the subdivisions that follow. Section 1183.1(f) includes proposed consistency changes to align it with the amendment proposed to address certification of test claims (see section II, above).

**V. Clarification of the Requirements for Citations and Providing Documents Relied Upon in Comments and Rebuttals.**

Sections 1183.2. Review of Test Claims; 1183.3. Claimant's Rebuttal; 1183.4. Claimant's Motion to Consolidate or Sever Test Claims; 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision; 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of Comments; 1183.9. Expedited Process for Proposed Parameters and Guidelines; 1183.10. Reasonable Reimbursement Methodology; 1183.11. Alternative Process: Joint Reasonable Reimbursement Methodology and Statewide Estimate of Costs; 1183.12. Reasonable Reimbursement Methodology, Included in Parameters and Guidelines; 1183.13. Adoption of Parameters and Guidelines; 1183.15. Jointly Proposed Request for Early Termination of Reasonable Reimbursement Methodology; 1183.16. Expiration of a Joint Reasonable Reimbursement Methodology; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller's Claiming Instructions; 1185.1. Incorrect Reduction Claim Filing; 1185.2. Review of Incorrect Reduction Claims; 1185.6. Executive Director's Authority to Consolidate or Sever Incorrect Reduction Claims; 1185.7. Review of Completed Incorrect Reduction Claims and Preparation of Proposed Decision; 1187.14. Substitution of Parties and Dismissal of a Matter; 1187.15. Reconsideration of an Adopted Decision on a Test Claim or Incorrect Reduction Claim; 1190.2. Review and Response; 1190.3. Rebuttal; 1190.5. Hearing Process and Form of Decision.

The regulations addressing the filing of comments and rebuttals on test claims (sections 1183.2 and 1183.3) and on requests for mandate redeterminations (sections 1190.2 and 1190.3) include directive language to provide or cite to the documents relied upon by the filer. However, this language was not included in regulations on other types of matters that also involve comments, rebuttals, and narratives. These proposed amendments correct this by including that language throughout the regulations addressing the filing of comments, rebuttals, and narratives. Also, because many of the types of documents that are listed are readily available online, there is no need for filers to provide them with comments and rebuttals. Thus, to limit the burden on filers, the proposed amendments limit the types of documents to be provided to only those documents that Commission staff or the public cannot access online. Finally, the proposed amendment adds case law citations to the list of items to be cited in comments and rebuttals to assist Commission staff to see the non-statutory legal basis for any issues or arguments raised by the filer.

**VI. Clarification of the Granting or Denial of a Motion to Consolidate or Sever Test Claims.**

Section 1183.4. Claimant's Motion to Consolidate or Sever Test Claims.

Section 1183.4 addresses the process for a motion for consolidation or severance of test claims. However, the step in the procedure where the executive director provides notice to the claimant regarding whether the motion was granted or denied was not included in the regulations. The proposed change corrects this.

**VII. Clarification of the Processing of Test Claims.**

#### 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision.

Section 1183.6 addresses the process for Commission staff to issue a draft proposed decision on a test claim eight weeks before a Commission hearing and then a proposed decision just before the hearing. The proposed amendments reorder the subdivisions to ensure that the steps are presented in chronological order.

The text of section 1183.6(a) is proposed to be deleted and moved to the new subdivision (c) as it is out of chronological order. This deletion results in subdivisions (b) and (c) being renumbered as subdivisions (a) and (b), respectively. The newly proposed subdivision (c) now contains the text of former subdivision (a) and includes proposed amendments to remove an unnecessary reference to “test claim” as this section only addresses test claims. Finally, subdivision (d) is proposed to be deleted in compliance with proposed amendments addressing the timing of filing documentary evidence (see section XI, below).

### **VIII. Clarification of Who May Participate in the Processing of Claims and Development of Commission Forms.**

Section 1181.4. Mailing Lists and Numbering of Matters; 1181.6. Development and Approval of Commission Forms; 1181.9. Commission Meeting Notice, Agenda, and Consent Calendar; 1183.2. Review of Test Claim; 1183.3. Claimant’s Rebuttal; 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of Comments; 1183.9. Expedited Process for Proposed Parameters and Guidelines; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller’s Claiming Instructions; 1185.2. Review of Incorrect Reduction Claims; 1187.14. Substitution of Parties and Dismissal of a Matter; 1190.2. Review and Response; 1190.5. Hearing Process and Form of Decision

Reviewing the impact of the proposed clarifying changes in the definitions of interested parties and interested persons, it was clear that the regulations do not consistently designate who can file comments and rebuttals. These proposed amendments correct this by including that language throughout the regulations addressing the filing of comments and rebuttals. In addition, the proposed amendments to section 1181.6 provide a better explanation of the persons involved in the Commission process for the creation of new forms.

While the proposed amendments generally restate the existing language with more clarity, some sections alter the prior language by increasing or decreasing those who may file comments or rebuttals. Specifically, the amendments to sections 1184.1(i), and 1187.14(b) and (b)(2) are proposed to expand the ability to file comments to include interested persons. The amendments to sections 1183.3(a) and 1184.1(g) are proposed to no longer limit rebuttals to claimants and requesters, respectively. The ability to file rebuttals is proposed to be expanded to include parties and interested parties. The proposed amendments to section 1185.2(e) will expand those who may file rebuttals to the State Controller’s comments on an incorrect reduction claim from parties and interested parties to parties and interested persons. Finally, the proposed amendment to section 1183.17(h) limits the ability to file rebuttals on proposed amendments to parameters and guidelines to only parties and interested parties.

**IX. Clarification of the Requirements for the Contents of Parameters and Guidelines.**

Section 1183.7. Content of Parameters and Guidelines.

Section 1183.7 addresses the information that must be included in any parameters and guidelines filed with or created by Commission staff. The proposed amendment to subdivision (a) clarifies what shall be included in the summary of the mandate and the proposed amendment to subdivision (g) clarifies the off-setting revenues language.

**X. Clarification of Requests for Review of State Controller's Claiming Instructions.**

Section 1184.1. Review of Office of State Controller's Claiming Instructions.

Section 1184.1(b) addresses requests for review of claiming instructions issued by the State Controller. The proposed amendments add clarifying language to subdivisions (b)(1) and (b)(3) explaining precisely what a request to review claiming instructions shall include for the Commission's review.

**XI. Clarification of the Requirements for the Filing of Declarations To Be Used in Lieu of Testimony.**

Section 1187.5. Evidence Submitted to the Commission.

Section 1187.5 addresses the submission of evidence to the Commission for consideration. While the regulation has always required compliance with Government Code section 11514, the specific requirements of that section were not included in the regulation. The proposed amendment adds language to section 1187.5 explaining the requirements for the Commission's process for using declarations in lieu of testimony consistent with Government Code section 11514.

**XII. New Requirements for the Timing of Filing Written Testimony, Declarations, or Other Evidence at Teleconferenced Meetings.**

Sections 1187.6. Conduct of Hearing; 1181.10. Commission Meeting Procedures; 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision; 1183.13. Adoption of Parameters and Guidelines; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller's Claiming Instructions; 1185.7. Review of Completed Incorrect Reduction Claims and Preparation of Proposed Decision.

Section 1187.6 addresses, among other hearing procedures, the filing of written testimony or other evidence in advance of a hearing. Under the current regulation, there is no specific time when the filing needs to be received by the Commission to be considered at the hearing. The proposed amendment adds language to section 1187.6(f) clarifying that declarations may be filed in advance of a hearing and that the filing must be done via e-filing at least 24 hours prior to the hearing to allow time for the evidence to be included in the Commission's record. Because filing can occur as little as 24 hours before the hearing, language regarding late filings and whether Commission staff will review them in other parts of the regulations can be deleted. Finally, the process for the filing of public comments was amended to align it with the proposed changes to section 1187.6.

### **XIII. Clarify the Requesting and Granting of Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings**

#### **Section 1187.9. Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings.**

Section 1187.9 addresses the process for parties and interested parties to request an extension of time to file comments or rebuttals and the process for parties to request the postponement of a hearing. The proposed amendment to the title of subdivision (a) clarifies that the extensions of time are for the filing of comments and rebuttals. Also, while the current regulation combines parties and interested parties in the same subdivision, the proposed amendments clarify the differences between a request by a party and a request by an interested party by separating the two types of requests in two new subdivisions of section 1187.9(a). The proposed amendments to subdivision (a)(1) include new meet and confer language for parties to make the request process more coordinated, consistent, and efficient. Also, the proposed amendments to subdivision (a)(1) replace “so long as” with “if” for greater clarity. The proposed amendments to subdivisions (b)(3)(A) and (b)(3)(C) allow any party – not just a claimant or requester – to request a postponement of a hearing which confirms that state agencies may now seek a postponement. Also, subdivision (b)(3)(B) contains the language “parties, including the claimant or requester.” Since the claimant or requester is a party, the phrase “including the claimant or requester” is redundant and proposed for deletion. Finally, subdivision (b)(3)(D) is proposed to be deleted for two reasons. First, interested parties are no longer permitted to seek the postponement of a hearing. While interested parties have subvention rights at issue in the matter, they are not claimants or requesters who are responsible for putting forward their position on the matter and moving it to decision and should, along with state agencies, be solely able to request a postponement of a hearing. Second, since the state agencies are treated the same as the claimant or requester when requesting an extension of time or a postponement, the requirement for a notice of intent is no longer necessary.

### **XIV. Amendments to the Regulations to Make Minor, Non-substantive Changes.**

Sections 1181.4. Mailing Lists and Numbering of Matters; 1181.6. Development and Approval of Commission Forms; 1181.9. Commission Meeting Notice, Agenda, and Consent Calendar; 1181.10. Commission Meeting Procedures; 1183.1. Test Claim Filing; 1183.2. Review of Test Claim; 1183.3. Claimant’s Rebuttal; 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision; 1183.7. Content of Parameters and Guidelines; 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of Comments; 1183.9. Expedited Process for Proposed Parameters and Guidelines; 1183.11. Alternative Process: Joint Reasonable Reimbursement Methodology and Statewide Estimate of Costs; 1183.13. Adoption of Parameters and Guidelines; 1183.16. Expiration of a Joint Reasonable Reimbursement Methodology; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller’s Claiming Instructions; 1185.1. Incorrect Reduction Claim Filing; 1185.4. Joining a Consolidated Incorrect Reduction Claim; 1185.5. Opting Out of a Consolidated Incorrect Reduction Claim; 1185.7. Review of Completed Incorrect Reduction Claims

and Preparation of Proposed Decision; 1185.8. Withdrawal of Incorrect Reduction Claims; 1186.2. Request for Inclusion; 1186.4. Request for Removal; 1187.1. Scheduling and Noticing the Hearing; 1187.4 Informal Conference; 1187.5. Evidence Submitted to the Commission; 1187.6. Conduct of Hearing; 1187.9. Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings; 1187.10. Decision; Action on Proposed Decision; 1187.14. Substitution of Parties and Dismissal of a Matter; 1187.15. Reconsideration of an Adopted Decision on a Test Claim or Incorrect Reduction Claim; 1188.1. Scheduling and Noticing of an Informational Hearing; 1190.2. Review and Response; 1190.3. Rebuttal; 1190.4. Executive Director's Authority to Consolidate Requests for Mandate Redetermination; 1190.5. Hearing Process and Form of Decision.

The proposed regulations make minor, non-substantive amendments to improve readability and ensure clarity and consistency.

Section 1181.4 addresses the numbering of filed matters and Section 1181.10 addresses Commission meeting procedures. The language in both, however, refers to filings as “received” rather than “filed.” The proposed amendments correct this terminology.

Sections 1181.4 addresses the numbering of filed matters, 1183.2 addresses the service of test claims, 1183.5 addresses service of consolidation or severance of test claims; 1183.6 addresses the review of a completed test claim, 1183.8 addresses the filing and review of proposed parameters and guidelines, 1183.9 addresses service of proposed decisions, 1183.13 addresses the adoption of parameters and guidelines, 1183.16 addresses the expiration of a joint reasonable reimbursement methodology, 1183.17 addresses amendments to the parameters and guidelines, 1184.1 addresses the review of claiming instructions, 1185.7 addresses the review of completed incorrect reduction claims, 1185.8 addresses the withdrawal of an incorrect reduction claim, 1187.1 addresses scheduling and noticing a hearing, 1187.4 addresses informal conferences, 1187.10 addresses service of decisions and proposed decisions, 1187.14 addresses withdrawal of matters, 1188.1 addresses rulemaking. 1190.4 addresses consolidation of requests for mandate redetermination, and 1190.5 addresses the hearing process. Each of these sections uses inconsistent language regarding service on or notice to individuals on the mailing list which is proposed to be changed to “all persons” and is accompanied by other language necessary to fit the existing sentence structure.

Section 1181.9 addresses the distribution of agenda but the language used does not mirror the language in the Bagley-Keene Open Meetings Act nor does it address the Commission’s process for posting its agenda.

Section 1181.10 addresses the timing of written comments and uses the incorrect term “share screen” function. The proposed amendment corrects the term to “share” function which mirrors the website’s terminology.

Sections 1183.1 addresses the process for the filing of test claims, 1183.7 addresses the information that must be included in any parameters and guidelines filed with or created by Commission staff, 1183.11 address the process for proposing a joint reasonable reimbursement methodology, 1183.17 addresses amendments to the

parameters and guidelines, 1184.1 addresses the review of claiming instructions, 1185.1 addresses filing an incorrect reduction claim, 1185.5 addresses opting out of a consolidated incorrect reduction claim, 1186.2 addresses requests for inclusion into the State Mandates Apportionment System, 1186.4 addresses requests for removal from the State Mandates Apportionment System, 1187.5 addresses the submission of evidence to the Commission for consideration, 1187.9 requests for postponement of a hearing, 1187.15 addresses the reconsideration process, 1190.2 addresses filing requests in the mandate redetermination process, and 1190.3 addresses the filing of rebuttals in the mandate redetermination process. Each of these sections uses the term “must.” To ensure consistency, “shall” is proposed to replace “must.”

Section 1183.2 addresses the service of test claims and uses the incorrect term “web-site.” The proposed amendment correct the term to “website” making it consistent throughout the regulations.

Section 1183.3 addresses the filing of rebuttals and includes the unnecessary term “written” regarding comments and the unclear term “concerning” which is proposed to be amended to “filed on.”

Sections 1183.6 addresses the review of a completed test claim, 1183.13 addresses the adoption of parameters and guidelines, 1183.17 addresses amendments to the parameters and guidelines, 1184.1 addresses the review of claiming instructions, 1185.7 addresses the review of completed incorrect reduction claims, 1187.15 addresses the reconsideration process, and 1190.5 addresses the hearing process. Each of these sections lists the documents to be reviewed by staff as part of its analysis. However, as the lists are incomplete, the proposed amendments replace the lists with “entire record” making the regulation clear and consistent.

Section 1185.4 addresses how parties would join a consolidated incorrect reduction claim. Subdivision (b) lists the contents of a notice of intent to join. The language is repeated unnecessarily under subdivision (b)(3) and is proposed to be deleted. Also, subdivision (b)(4) is not part of the list and is proposed to be renumbered to subdivision (c) necessitating the renumbering of other subdivisions.

Section 1187.9 addresses requests for postponement of a hearing and includes the repetitive term “article 7” matter. However, due to the fact that the term “matter” includes only those items in article 7, the term “article 7” is proposed to be deleted.

Section 1187.6 addresses the conduct of the hearing. The terminology for the chairperson and presiding member are incorrect and no including a hearing panel is inconsistent with Section 1187.3. The proposed changes address these.

Section 1187.10 addresses decisions and misidentifies a subdivision as a section. The proposed change remedies this.

Section 1190.2 addresses the mandate redetermination process and the proposed amendment clarifies that the 30 days runs from the issuance of the notice.

**SPECIFIC PURPOSE OF THE REGULATIONS**

The Commission on State Mandates (Commission) is a seven-member quasi-judicial body created by the Legislature to resolve disputes regarding the existence of state-mandated local programs (Gov. Code, § 17500 et seq.) and to hear matters involving county applications for a finding of significant financial distress (Welf. & Inst. Code, § 17000.6).

The purpose of this rulemaking is to ensure that the regulations provide clear and concise direction, use consistent terminology, and provide transparency to the Commission process. The proposed regulations: (1) clarify definitions; (2) clarify the requirements for certification, filing, service, and formatting documents; (3) clarify the holding of teleconferenced meetings; (4) clarify the filing of a second test claim on the same statute or executive order; (5) clarify the requirements for citations and providing documents relied upon in a filing; (6) clarify the Commission's process on the granting or denial of a motion to consolidate or sever test claims; (7) clarify the processing of test claims; (8) clarify who may participate in the processing of claims and development of commission forms; (9) clarify requirements for the contents of parameters and guidelines; (10) clarify the requirements for requests for review of state controller's claiming instructions; (11) clarify requirements for the filing of declarations to be used in lieu of testimony; (12) add new requirements for the timing of filing written testimony, declarations, and other evidence; (13) clarify the process for requesting an extension of time to file comments and rebuttals and to request a postponement of a hearing; and (14) to make minor, non-substantive edits and corrections.

Therefore, the Commission proposes revised language and citations in Articles 1, 3, 4, 5, 6, 7, 8, and 10 of the California Code of Regulations, Division 2, Title 2, Chapter 2.5, Sections 1181.1, 1181.2, 1181.3, 1181.4, 1181.6, 1181.8, 1181.9, 1181.10, 1181.13, 1183.1, 1183.2, 1183.3, 1183.4, 1183.5, 1183.6, 1183.7, 1183.8, 1183.9, 1183.10, 1183.11, 1183.12, 1183.13, 1183.15, 1183.16, 1183.17, 1184.1, 1185.1, 1185.2, 1185.4, 1185.5, 1185.6, 1185.7, 1185.8, 1186.2, 1186.4, 1186.6, 1187.1, 1187.4, 1187.5, 1187.6, 1187.8, 1187.9, 1187.10, 1187.12, 1187.14, 1187.15, 1188.1, 1188.2,

1190.1, 1190.2, 1190.3, 1190.4 and 1190.5 with a proposed effective date of January 1, 2026, if no public hearing is requested or April 1, 2026, if a public hearing is requested.

## **I. Clarification of Definitions.**

Sections 1181.2. Definitions; 1181.1. Delegation of Certain Functions; Executive Director Appeals; 1181.8. Commission Meeting Quorum and Voting Requirements; and 1187.1. Scheduling and Noticing the Hearing.

### *Specific Purpose of the Regulations*

Section 1181.2 of the regulations defines terms in the Government Code and the Commission's regulations. The proposed amendments add language to section 1181.2 to define "test claimant" and "requester," which are terms used throughout the regulations, but which had not been defined. The proposed amendments remove the five o'clock cutoff time in the definition of "filing date" to align with the changes in sections 1183.1 as proposed (see section IV, below) and 1181.3 as proposed (see section II, below), respectively, because the cutoff is no longer necessary as all filings are made to an online drop box and do not require that staff be present in the office. The proposed amendments also clarify the definitions of "interested person" and "interested party" to better align with the California Constitution as well as the rights and roles set forth throughout the regulations for interested persons and parties. The definition of "completed" is proposed to be deleted as completeness is defined in other sections of the regulations specific to the type of filing and its contents. The definition of "real party in interest" is proposed to be deleted as the term "real party in interest" is eliminated in regulations in favor of "interested party" which, as redefined, is a more accurate description of the parties. The definition of "teleconference" is proposed to be deleted since the term is proposed to be eliminated from section 1181.13 (see section III, below) to provide a more general statement regarding compliance with the Bagley-Keene Open Meetings Act. The proposed amendments also move the definition of "matter" from section 1187.1 into section 1181.2 to ensure all definitions are in one regulation. These changes require renumbering some subsections of section 1181.2. In addition, the proposed regulations require consistency changes in sections 1181.1, 1181.8, and 1187.1. Section 1187.1 also requires a minor, non-substantive edit (see section XIII, below).

### *Proposed Changes*

The following amendment is proposed for section 1181.2(r):

17574(c). The test claim procedure functions similarly to a class action and has been established to expeditiously resolve disputes affecting multiple agencies.

The following amendment is proposed for section 1181.2(t):

(st) "Written material" means any paper or electronic document relevant to a matter that is filed with the Commission except that "written material" does not include a "new filing" as defined in subdivision (k) of this section.

Renumbering Section 1181.2:

(2) For a "matter" ~~as defined by 1187.1:~~

The following amendment is proposed for section 1187.1:

section 1181.4 of these regulations and shall be posted on the Commission's website.

### *Necessity and Anticipated Benefits*

These amendments are necessary to ensure that all important terms are defined, and the definitions are updated, precise, consistent, and located in one section of the regulations. These proposed changes will provide clarity and ease of use to all who refer to the regulations.

## **II. Clarification of the Requirements for Certification, Filing, Service, and Formatting Filings.**

### *Specific Purpose of the Regulation*

Section 1181.3 addresses the certification, formatting, and filing of documents with the Commission and service of those documents. In 2023, the Commission updated section 1181.3 to address the formatting of documents to ensure compliance with state and federal accessibility requirements. After implementation, the need for some clarifications came to light. In addition, certification of all new filings has been removed in favor of a certification that the requirements of this section have been met as a prerequisite for

filing. Finally, the subdivisions require reordering to provide clarity and to address the process in a step-by-step fashion.

The proposed regulations amend section 1181.3(a) to remove the current language regarding the certification of all filings as, according to Government Code section 17553(b)(4), only test claims require certification which is addressed under section 1183.1 of the regulations which is proposed to be updated to clarify the certification requirements. The language is replaced with new requirements for certification of compliance with formatting and filing requirements as part of e-filing. The proposed amendment to section 1181.3(b) adds a heading for clarification. The proposed amendment to section 1181.3(c) places all information regarding signature under one subdivision including language regarding the signing of forms formerly part of subdivision (c)(2)(A) and new language to clarify acceptable methods for signing filings which has not been addressed in the regulations. The proposed changes to section 1181.3(d)(1) address the formatting requirements formerly under subdivision (c)(1) to clarify that the purpose behind the subdivision is for accessibility of documents, that the font must be sans serif but that Arial font is strongly encouraged, and that ordered lists can be numbered or alphabetized. The proposed amendment to section 1181.3(d)(2) relabels the subdivision, ensures that the additional formatting requirements for all filings are clearly stated, and reflects the current requirements for e-filing. The proposed amendment to create section 1181.3(e) from former (c)(2)(C) adds a new heading and deletes unnecessary requirements for filing color documents. The proposed amendment to 1181.3(f) groups together the e-filing requirements formerly part of subdivisions (c)(2)(D), (E), and (F). Section 1181.3(c)(2)(G) is proposed for deletion because the information is repetitive of section 1181.4 and unnecessary. Subdivision (c)(4) is proposed to be moved to section 1181.3(g) and the references to the five o'clock cutoff time for filing are proposed to be deleted because the cutoff is no longer necessary as all filings are made to an online drop box and do not require that staff be present in the office. The proposed addition of section 1181.3(h) sets forth the Commission's review process for filed materials, which had not been included in the regulations, to promote transparency. The proposed amendment of section 1181.3(i) sets forth the steps of the e-filing process formerly in subdivisions (c)(2)(H), (I), and (J) and which includes the Commission's service of process on all filings. The changes to subdivisions (i) and (a) necessitate consistency changes in sections 1181.1, 1183.2, 1183.3, 1183.4, 1183.6, 1183.8, 1183.9, 1183.10, 1183.11, 1183.12, 1183.13, 1183.15, 1183.16, 1183.17, 1184.1, 1185.1, 1185.2, 1185.4, 1185.6, 1185.7, 1185.8, 1186.2, 1186.4, 1186.6, 1187.8, 1187.9, 1187.10, 1187.12, 1187.14, 1187.15, 1188.2, 1190.1, 1190.2, 1190.3, and 1190.5. The proposed amendment to section 1181.3(j), former subdivision (c)(3), includes clarification of the hard copy filing process and deletion of service of hard copy filings in favor of the service provided with e-filing in subdivision (i).

These proposed amendments to section 1181.3 necessitate reordering some subdivisions. ### *Necessity and Anticipated Benefit*

The proposed amendments are necessary to provide clear, accurate, and concise step-by-step direction using consistent language for the certification, signing, formatting, filing, review, and service of documents in electronic format as well as clarifying the process for filing hard copy documents. These proposed changes will benefit the parties, interested parties, and interested persons by making the Commission process more transparent and the reorganization which reflects the chronology of the Commission process will provide ease of use to all filers.

### **III. Clarification of Teleconferencing Regulation**

#### Section 1181.13. Commission Meeting by Teleconference.

##### *Specific Purpose of the Regulation*

Section 1181.13 provides specific information concerning the Commission's ability to address quorum issues by holding meetings via teleconference that are compliant with the Bagley-Keene Open Meeting Act. The proposed amendment simplifies the regulation by limiting the language to compliance with the Bagley-Keene Open Meeting Act.

##### *Proposed Changes*

The following amendment is proposed for section 1181.13:

~~The Commission may hold an open or closed meeting by teleconference if it is difficult or impossible for the Commission to achieve a quorum. A meeting held by teleconference shall comply in compliance with the Bagley-Keene Open Meeting Act, including the requirements to provide notice of the teleconference locations and make them open to the public.~~

~~The Commission may also hold an open or closed meeting by teleconference under alternative provisions of the Act, with some members participating remotely from remote locations (which are not disclosable or open to the public) while a quorum of its members are physically present at the same teleconference location.~~

##### *Necessity and Anticipated Benefits*

The proposed amendment is necessary to ensure a clear statement that the Commission will follow the Bagley-Keene Open Meeting Act for teleconferenced meetings and to prevent the need for continual updating of the regulation to align it with

any future changes to the Act's teleconferencing requirements. This proposed change will ensure continued clarity regarding the Commission's teleconferenced meetings whenever the Act is amended.

#### **IV. Clarification of the Requirements for Filing a Second Test Claim on the Same Statute or Executive Order.**

##### Section 1183.1. Test Claim Filing.

###### *Specific Purpose of the Regulations*

Section 1183.1 sets forth the process for the filing of test claims. Pursuant to Government Code section 17521, there can be only one test claim filed on behalf of all eligible claimants in the state on any statute or executive order. The test claim functions as a class action for all other local government interested parties and, generally, duplicate test claims cannot be filed and accepted by the Commission. However, there may be times when the test claim filing affects the subvention rights of an interested party differently from the test claimant and the interested party may file a separate, second test claim on the same statute or executive order. The proposed amendments clarify when the Commission can accept a second test claim filing. The proposed amendment to section 1183.1(c) necessitates reordering the subdivisions that follow. Section 1183.1(f) includes proposed consistency changes to align it with the amendment proposed to address certification of test claims (see section II, above).

###### *Proposed Changes*

Section 1183.1(c) is proposed to be added as follows:

~~(c) Otherwise, if~~ The first claim filed on a statute or executive order by a similarly situated claimant is the test claim and no duplicate test claims will be accepted by the Commission. ~~Other similarly situated affected agencies may participate in the process by filing comments in writing on any agenda item as provided in section 1181.10 of these regulations, and may attend any Commission hearing on the test claim and provide written or oral comments to the Commission. Interested parties whose~~ Affected agencies that are not similarly situated, meaning subvention rights under article XIII B, section 6 of the California Constitution are not protected by the test claim filing that test claim statutes affect them differently, may file a test claim on the same statute or executive order as the first claim, but shall must demonstrate in their filing how and why their subvention rights are not protected by the first test claim they are affected differently.

Renumbering Section 1183.1:

The proposed amendment above requires renumbering the existing subdivisions (c), (d), (f), and (g) as (d), (e), (g), and (h), respectively.

The following amendment is proposed for section 1183.1(c):

~~(d)~~ Except as provided in Government Code sections 17573 and 17574, any test claim or amendment filed with the Commission ~~shall must~~ be filed not later than 12 months (365 days) following the effective date of a statute or executive order, or within 12 months (365 days) of first incurring

increased costs as a result of a statute or executive order, whichever is later.

The following amendment is proposed for section 1183.1(d):

(~~ed~~) All test claims, or amendments thereto, shall be filed on a form developed by the executive director and shall contain all of the elements and supplemental documents required by statute, regulation and the form. When an omnibus bill is pled, claimant shall file only the relevant pages of the statute, including the Legislative Counsel's Digest and the specific statutory changes at issue.

The following amendment is proposed for section 1183.1(f):

(~~gf~~) Within 10 days of receipt of a test claim, or amendment thereto, Commission staff shall notify the claimant if the test claim is complete or incomplete. Test claims will be considered incomplete if any of the requirements of Government Code section 17553 or this section are illegible, not included, or are not met. If a complete test claim is not received within 30 calendar days from the date the incomplete test claim was returned, the executive director may disallow the original test claim filing date. ~~A and a~~ new test claim may be accepted on the same statute or executive order alleged to impose a reimbursable state-mandated program.

The following amendment is proposed for section 1183.1(g):

(~~hg~~) Any test claim, or portion of a test claim, that the Commission lacks jurisdiction to hear for any reason, including that the test claim was not filed within the period of limitation required by subdivision (c) of this section, may be rejected or dismissed by the executive director with a written notice stating the reason therefor. However, for an otherwise timely and complete test claim over which the Commission would have jurisdiction, except that it was filed by a local agency that is not eligible to seek reimbursement because it is not subject to the taxing and spending limitations of articles XIII A and B of the California Constitution, the Commission shall follow the process outlined in section 1187.14(b).

#### Consistency Changes in Other Regulations

The following amendment is proposed for section 1183.1(e):

(~~fe~~) A test claim, or test claim amendment thereto, ~~and accompanying documents shall be signed at the end of the document, under penalty of perjury by the claimant or its authorized representative, with the declaration that the test claim is true and complete to the best of the declarant's personal knowledge, information, or belief. The date of signing, the declarant's title, address, telephone number, facsimile machine telephone number, and electronic mail address shall be included. A test claim, or test claim amendment, shall be certified, filed, and served in accordance with section 1181.3 of these regulations. All representations of~~

fact shall be supported by documentary or testimonial evidence in accordance with section 1187.5 of these regulations.

### *Necessity and Anticipated Benefits*

The proposed amendment is necessary to clear up any confusion regarding the filing of second test claims on the same statute or executive order and to ensure that the Commission's acceptance or rejection of a second test claim filing is easily explained and the regulation is consistently applied. The changes will benefit all local governmental entities seeking to file test claims by providing clear instruction on when a second test claim filing can be accepted.

## **V. Clarification of the Requirements for Citations and Providing Documents Relied Upon in Comments and Rebuttals.**

Sections 1183.2. Review of Test Claims; 1183.3. Claimant's Rebuttal; 1183.4. Claimant's Motion to Consolidate or Sever Test Claims; 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision; 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of Comments; 1183.9. Expedited Process for Proposed Parameters and Guidelines; 1183.10. Reasonable Reimbursement Methodology; 1183.11. Alternative Process: Joint Reasonable Reimbursement Methodology and Statewide Estimate of Costs; 1183.12. Reasonable Reimbursement Methodology, Included in Parameters and Guidelines; 1183.13. Adoption of Parameters and Guidelines; 1183.15. Jointly Proposed Request for Early Termination of Reasonable Reimbursement Methodology; 1183.16. Expiration of a Joint Reasonable Reimbursement Methodology; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller's Claiming Instructions; 1185.1. Incorrect Reduction Claim Filing; 1185.2. Review of Incorrect Reduction Claims; 1185.6. Executive Director's Authority to Consolidate or Sever Incorrect Reduction Claims; 1185.7. Review of Completed Incorrect Reduction Claims and Preparation of Proposed Decision; 1187.14. Substitution of Parties and Dismissal of a Matter; 1187.15. Reconsideration of an Adopted Decision on a Test Claim or Incorrect Reduction Claim; 1190.2. Review and Response; 1190.3. Rebuttal; 1190.5. Hearing Process and Form of Decision.

### *Specific Purpose of the Regulations*

The regulations addressing the filing of comments and rebuttals on test claims (sections 1183.2 and 1183.3) and on requests for mandate redeterminations (sections 1190.2 and 1190.3) include directive language to provide or cite to the documents relied upon by the filer. However, this language was not included in regulations on other types of matters that also involve comments, rebuttals, and narratives. These proposed amendments correct this by including that language throughout the regulations addressing the filing of comments, rebuttals, and narratives. Also, because many of the types of documents that are listed are readily available online, there is no need for filers to provide them with comments and rebuttals. Thus, to limit the burden on filers, the proposed amendments limit the types of documents to be provided to only those documents that Commission staff or the public cannot access online. Finally, the proposed amendment adds case law citations to the list of items to be cited in

comments and rebuttals to assist Commission staff to see the non-statutory legal basis for any issues or arguments raised by the filer.

Several sections quoted below include proposed amendments addressed in other sections of this Statement.

### *Proposed Changes*

The changes will benefit all filers of comments, rebuttals, and narratives by providing clear instruction and consistency in filed documents.

### **VI. Clarification of the Granting or Denial of a Motion to Consolidate or Sever Test Claims.**

#### Section 1183.4. Claimant's Motion to Consolidate or Sever Test Claims.

##### *Specific Purpose of the Regulations*

Section 1183.4 addresses the process for a motion for consolidation or severance of test claims. However, the step in the procedure where the executive director provides notice to the claimant regarding whether the motion was granted or denied was not included in the regulations. The proposed change corrects this.

##### *Proposed Changes*

The following amendment is proposed for section 1183.4(b):

(b) Within 30 days after receipt of a motion to consolidate or sever, the executive director will grant or deny the motion with a written notice stating the reason therefor and will make any necessary changes to the names or numbering of the affected test claims~~may consolidate or sever any test claim.~~

#### *Necessity and Anticipated Benefit*

The proposed amendment is necessary to address an oversight in these regulations. The proposed amendment ensures that the claimant is provided notice as to whether the motion has been granted or denied. The inclusion of this notice will benefit the parties, interested parties, and interested persons by making the Commission process more transparent.

## **VII. Clarification of the Processing of Test Claims.**

### 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision.

#### *Specific Purpose of the Regulations*

Section 1183.6 addresses the process for Commission staff to issue a draft proposed decision on a test claim eight weeks before a Commission hearing and then a proposed decision just before the hearing. The proposed amendments reorder the subdivisions to ensure that the steps are presented in chronological order.

The text of section 1183.6(a) is proposed to be deleted and moved to the new subdivision (c) as it is out of chronological order. This deletion results in subdivisions (b) and (c) being renumbered as subdivisions (a) and (b), respectively. The newly proposed subdivision (c) now contains the text of former subdivision (a) and includes proposed amendments to remove an unnecessary reference to “test claim” as this section only addresses test claims. Finally, subdivision (d) is proposed to be deleted in compliance with proposed amendments addressing the timing of filing documentary evidence (see section XI, below).

#### *Proposed Changes*

The following amendment is proposed for section 1183.6(a):

~~(a) Before the hearing on the test claim, Commission staff shall prepare a proposed decision for the test claim, which shall include a review of the written comments filed. The proposed decision shall describe and analyze the test claim to assist the Commission in determining whether the alleged statutes or executive orders contain a reimbursable state-mandated program under article XIII B, section 6 of the California Constitution.~~

~~(b) At least eight weeks before the hearing, or at a time required by the executive director or stipulated to by the parties, Commission staff shall prepare a draft proposed decision and distribute it to the parties, interested parties, and serve it on all persons~~ those on the mailing list described in section 1181.4 of these regulations, and shall post it on the Commission's website.

The following amendment is proposed for section 1183.6(c):

~~(b)~~ Anyone may file written comments concerning the draft proposed decision. If representations of fact are made, they shall be supported by documentary or testimonial evidence in accordance with section 1187.5 of these regulations. Written comments shall be certified, filed, and served in accordance with section 1181.3 of these regulations, by the date determined and noticed by the executive director, and shall include a copy of relevant portions of any documents not readily available online and

shall identify the specific statutes and chapters, articles, sections, regulatory registers, case law citations, and page numbers of all authorities relied upon. A three-week period for comments shall be given, subject to the executive director's authority to expedite all matters pursuant to Government Code section 17530. ~~All written comments timely filed shall be reviewed by Commission staff and may be incorporated into the proposed decision for the test claim.~~

Section 1183.6(c) is proposed to be added, as follows:

(c) Before the hearing on the test claim, Commission staff shall prepare a proposed decision, which shall include a review of the entire record. The proposed decision shall describe and analyze the test claim to assist the Commission in determining whether the alleged statutes or executive orders contain a reimbursable state-mandated program under article XIII B, section 6 of the California Constitution.

Section 1183.6(d) is proposed to be deleted, as follows:

~~(d) It is the Commission's policy to discourage the introduction of late comments, exhibits, or other evidence filed after the three-week comment period described in subdivision (c) of this section. The Commission need not rely on, and staff need not respond to, late comments, exhibits, or other evidence filed in response to a draft proposed decision after the comment period expires.~~

#### *Necessity and Anticipated Benefit*

The proposed amendment is necessary to provide clear, chronological steps that will benefit any parties, interested parties, or interested persons consulting these regulations.

#### **VIII. Clarification of Who May Participate in the Processing of Claims and Development of Commission Forms.**

Section 1181.4. Mailing Lists and Numbering of Matters; 1181.6. Development and Approval of Commission Forms; 1181.9. Commission Meeting Notice, Agenda, and Consent Calendar; 1183.2. Review of Test Claim; 1183.3. Claimant's Rebuttal; 1183.8. Filing and Review of Proposed Parameters and Guidelines; Filing of Comments; 1183.9. Expedited Process for Proposed Parameters and Guidelines; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller's Claiming Instructions; 1185.2. Review of Incorrect Reduction Claims; 1187.14. Substitution of Parties and Dismissal of a Matter; 1190.2. Review and Response; 1190.5. Hearing Process and Form of Decision

#### *Specific Purpose of the Regulations*

Reviewing the impact of the proposed clarifying changes in the definitions of interested parties and interested persons, it was clear that the regulations do not consistently designate who can file comments and rebuttals. These proposed amendments correct this by including that language throughout the regulations addressing the filing of comments and rebuttals. In addition, the proposed amendments to section 1181.6

provide a better explanation of the persons involved in the Commission process for the creation of new forms.

While the proposed amendments generally restate the existing language with more clarity, some sections alter the prior language by increasing or decreasing those who may file comments or rebuttals. Specifically, the amendments to sections 1184.1(i), and 1187.14(b) and (b)(2) are proposed to expand the ability to file comments to include interested persons. The amendments to sections 1183.3(a) and 1184.1(g) are proposed to no longer limit rebuttals to claimants and requesters, respectively. The ability to file rebuttals is proposed to be expanded to include parties and interested parties. The proposed amendments to section 1185.2(e) will expand those who may file rebuttals to the State Controller's comments on an incorrect reduction claim from parties and interested parties to parties and interested persons. Finally, the proposed amendment to section 1183.17(h) limits the ability to file rebuttals on proposed amendments to parameters and guidelines to only parties and interested parties.

Several sections quoted below include proposed amendments addressed in other sections of this Statement.

#### *Necessity and Anticipated Benefit*

The proposed amendments are necessary to clearly state which persons and agencies may file comments and rebuttals or participate in other parts of the Commission process. This clarity will benefit all filers of comments and rebuttals as well as all persons participating in the Commission processes.

### **IX. Clarification of the Requirements for the Contents of Parameters and Guidelines.**

#### Section 1183.7. Content of Parameters and Guidelines.

##### *Specific Purpose of the Regulation*

Section 1183.7 addresses the information that must be included in any parameters and guidelines filed with or created by Commission staff. The proposed amendment to subdivision (a) clarifies what shall be included in the summary of the mandate and the proposed amendment to subdivision (g) clarifies the off-setting revenues language.

##### *Proposed Changes*

The following amendment is proposed for section 1183.7(a):

(a) Summary of the Mandate. A summary of the Commission's findings and identification of reimbursable state mandated activities~~mandate identifying the statutes or executive orders that contain the mandate and the increased level of service and activities found to be required under those statutes or executive orders.~~

~~(3) Local agency's general purpose funds for this program.~~

~~(4) Service charge, fee, or assessment authority to offset part of the costs of this program.~~

### *Necessity and Anticipated Benefit*

The proposed amendments are necessary to ensure that all successful claimants have clear and specific directions regarding what information is necessary and relevant to be provided to the Commission for the adoption of the parameters and guidelines. And, since the parameters and guidelines, once adopted, become the basis for claiming instructions, the inclusion of this language will also ensure that relevant information is provided to the State Controller's Office for the creation of the claiming instructions which will benefit all local agencies that file claims on the program.

## **X. Clarification of Requests for Review of State Controller's Claiming Instructions.**

### Section 1184.1. Review of Office of State Controller's Claiming Instructions.

Section 1184.1(b) addresses requests for review of claiming instructions issued by the State Controller. The proposed amendments add clarifying language to subdivisions (b)(1) and (b)(3) explaining precisely what a request to review claiming instructions shall include for the Commission's review.

### *Proposed Changes*

The following amendment is proposed for section 1184.1(b)(1):

(1) A copy of the disputed claiming instructions issued by the Office of the State Controller pursuant to Government Code section 17558(b).

Reference: Sections 17530, 17558(b), 17560 and 17571, Government Code.

### *Necessity and Anticipated Benefits*

These amendments are necessary to clarify the requirements for requests for review of claiming instructions to assist both parties and the Commission with understanding the nature and extent of the issues raised by the requester.

**XI. Clarification of the Requirements for the Filing of Declarations To Be Used in Lieu of Testimony.**

Section 1187.5. Evidence Submitted to the Commission.

*Specific Purpose of the Regulation*

Section 1187.5 addresses the submission of evidence to the Commission for consideration. While the regulation has always required compliance with Government Code section 11514, the specific requirements of that section were not included in the regulation. The proposed amendment adds language to section 1187.5 explaining the requirements for the Commission's process for using declarations in lieu of testimony consistent with Government Code section 11514.

*Proposed Changes*

The following amendment is proposed for section 1187.5(d):

(d) Each party shall have the right to present witnesses, introduce exhibits, and propose to the chairperson questions for opposing witnesses. Evidence may be submitted to support or rebut any issue. If declarations are to be used in lieu of testimony, the party proposing to use the declaration shall comply with Government Code Section 11514 as follows:

(1) At least ten days before the hearing, the party proposing to use a declaration in lieu of testimony shall file in accordance with section 1181.3 of these regulations, a copy of any declaration which the party proposes to introduce in evidence, together with a notice as provided in subdivision (d)(2).

(2) The notice referred to in subdivision (d)(1) shall be substantially in the following form:

The accompanying declaration of (here insert name of declarant) will be introduced as evidence at the hearing in the matter of (here insert matter and case number). (Here insert name of declarant) will not be called to testify orally and you will not be entitled to propose to the chairperson questions for the opposing witness unless you file in accordance with section 1181.3 of these regulations a request to cross-examine the declarant (here insert a date seven days after the date of filing and serving the declaration).

(3) Unless the opposing party, within seven days after service, files in accordance with section 1181.3 of these regulations a request to cross-examine the declarant, the opposing party's right to cross-examine the declarant is waived and the declaration, if introduced in evidence, shall be given the same effect as if the declarant had testified orally.

(4) If, however, notice in accordance with subdivision (d)(1) is not provided by the party proposing to use a declaration in lieu of testimony and an opportunity to cross-examine a declarant is not afforded to the opposing party, the declaration may be introduced in evidence but shall be given only the same effect as other hearsay evidence. In such cases, the

declaration shall be electronically filed (or e-filed) with the Commission via the Commission's e-filing system, available on the Commission's website.

### *Necessity and Anticipated Benefits*

This amendment is necessary to set forth the rules under Government Code section 11514. The Commission process does not require that the parties are represented by counsel and so the process must be stated clearly to ensure fair access to all. This new language will assist both parties and the Commission with understanding the rights and obligations of parties that submit declarations in lieu of testimony for Commission hearings and how the evidence should be treated.

### **XII. New Requirements for the Timing of Filing Written Testimony, Declarations, or Other Evidence at Teleconferenced Meetings.**

Sections 1187.6. Conduct of Hearing; 1181.10. Commission Meeting Procedures; 1183.6. Review of Completed Test Claim and Preparation of Proposed Decision; 1183.13. Adoption of Parameters and Guidelines; 1183.17. Amendments to Parameters and Guidelines; 1184.1. Review of Office of State Controller's Claiming Instructions; 1185.7. Review of Completed Incorrect Reduction Claims and Preparation of Proposed Decision.

### *Specific Purpose of the Regulation*

Section 1187.6 addresses, among other hearing procedures, the filing of written testimony or other evidence in advance of a hearing. Under the current regulation, there is no specific time when the filing needs to be received by the Commission to be considered at the hearing. The proposed amendment adds language to section 1187.6(f) clarifying that declarations may be filed in advance of a hearing and that the filing must be done via e-filing at least 24 hours prior to the hearing to allow time for the evidence to be included in the Commission's record. Because filing can occur as little as 24 hours before the hearing, language regarding late filings and whether Commission staff will review them in other parts of the regulations can be deleted. Finally, the process for the filing of public comments was amended to align it with the proposed changes to section 1187.6.

Several sections quoted below include proposed amendments addressed in other sections of this Statement.

### *Proposed Changes*

The following amendment is proposed for section 1187.6(f):

Commission staff shall post a copy of the notice on the Commission's website for 60 days prior to dismissal of the request to review claiming instructions. If no other local agency or school district takes over the request to review claiming instructions by substitution of parties within 60 days of service and posting of the application to withdraw, the executive director shall issue a letter to all personseveryone on the mailing list described in section 1181.4 of these regulations dismissing the request to review claiming instructions and shall post the letter on the Commission's website.

*Necessity and Anticipated Benefits*

The proposed amendment is necessary to allow sufficient time for documentary evidence to be received by the Commission and to be distributed to the members, parties, interested parties, and interested persons to ensure that everyone has an opportunity to review the evidence. The proposed amendment will benefit participants in the hearing process by ensuring an opportunity for a full discussion and consideration of the documentary evidence at the hearing.

**XIII. Clarify the Requesting and Granting of Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings**

Section 1187.9. Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings.

*Specific Purpose of the Regulation*

Section 1187.9 addresses the process for parties and interested parties to request an extension of time to file comments or rebuttals and the process for parties to request the postponement of a hearing. The proposed amendment to the title of subdivision (a) clarifies that the extensions of time are for the filing of comments and rebuttals. Also, while the current regulation combines parties and interested parties in the same subdivision, the proposed amendments clarify the differences between a request by a party and a request by an interested party by separating the two types of requests in two new subdivisions of section 1187.9(a). The proposed amendments to subdivision (a)(1) include new meet and confer language for parties to make the request process more coordinated, consistent, and efficient. Also, the proposed amendments to subdivision (a)(1) replace “so long as” with “if” for greater clarity. The proposed amendments to subdivisions (b)(3)(A) and (b)(3)(C) allow any party – not just a claimant or requester – to request a postponement of a hearing which confirms that state agencies may now seek a postponement. Also, subdivision (b)(3)(B) contains the language “parties, including the claimant or requester.” Since the claimant or requester is a party, the phrase “including the claimant or requester” is redundant and proposed for deletion. Finally, subdivision (b)(3)(D) is proposed to be deleted for two reasons. First, interested parties are no longer permitted to seek the postponement of a hearing. While interested parties have subvention rights at issue in the matter, they are not claimants or requesters who are responsible for putting forward their position on the matter and moving it to decision and should, along with state agencies, be solely able to request a postponement of a hearing. Second, since the state agencies are treated the same as the claimant or requester when requesting an extension of time or a postponement, the requirement for a notice of intent is no longer necessary.

*Proposed Changes*

The following amendment is proposed for section 1187.9(a):

(a) Requests for Extensions of Time to File Comments or Rebuttals

(1) Any party or interested party to a matter may request an extension of time. Parties are encouraged to meet and confer prior to requesting an extension to obtain a stipulation or to permit the granting of extensions for more than one party at a time. A request for an extension of time shall be

made by filing a request with the executive director before the date set for filing of comments or rebuttals with Commission staff on that matter. The request shall fully explain the reasons for the extension, propose a new date for filing, and be certified, filed, and served in accordance with section 1181.3 of these regulations. If so long as a postponement of a hearing would not be required, there is no prejudice to any party or interested party, and there is no other good reason for denial, the request shall be approved. A party to a matter may request an extension of time that would necessitate rescheduling a hearing, but shall also include a request for postponement of the hearing, pursuant to subdivision (b) of this section. Within two business days of receipt of the request, the executive director shall determine whether the extension will be granted and notify all persons on the mailing list prepared pursuant to section 1181.4 of these regulations.

(2) An interested party to a matter may request an extension of time by filing a request with the executive director before the date set for filing of comments or rebuttals with Commission staff on that matter. The request shall fully explain the reasons for the extension, propose a new date for filing, and be filed in accordance with section 1181.3 of these regulations. If a postponement of a hearing would not be required, there is no prejudice to any party and there is no other good reason for denial, the request shall be approved. Within two business days of receipt of the request, the executive director shall determine whether the extension will be granted and notify all persons on the mailing list prepared pursuant to section 1181.4 of these regulations.

The following amendment is proposed for section 1187.9(b):

(b) Requests for Postponement of Hearing

A party to an ~~article 7~~ matter may request a postponement of a hearing on that matter, until the next regularly scheduled hearing. Although postponements of hearings are disfavored, each request for a postponement ~~shall~~ must be considered on its own merits. The request shall fully explain the reasons for the postponement, and be ~~certified, filed, and served~~ in accordance with section 1181.3 of these regulations. Within two business days of receipt of the request, the executive director shall determine whether the postponement will be granted and notify all persons on the mailing list prepared pursuant to section 1181.4 of these regulations. The executive director may postpone the matter only on an affirmative showing of good cause.

The following amendment is proposed for section 1187.9(b)(3)(A):

(3) Approval of Requests for Postponement

(A) A request filed by a party ~~the claimant or requester~~ at least 15 days before the hearing shall be approved by the executive director for good cause.

The following amendment is proposed for section 1187.9(b)(3)(B)

(B) A request filed by stipulation of the parties, ~~including the claimant or requester~~, shall be approved by the executive director for good cause.

The following amendment is proposed for section 1187.9(b)(3)(C):

(C) A request filed by a party ~~the claimant or requester~~ less than 15 days before the hearing may be approved by the executive director for good cause.

Section 1187.9(b)(3)(D) is proposed to be deleted as follows:

~~(D) A request filed by an interested party may be approved by the executive director for good cause. If a state agency makes a request before filing comments on the test claim, that request shall be accompanied by a notice of intent to oppose the test claim in whole or in part.~~

#### *Necessity and Anticipated Benefit*

The proposed amendments are necessary to clear up any confusion regarding how parties and interested parties request an extension of time to file comments or rebuttals and ensures that the regulation is consistently applied. The proposed amendments also ensure that all parties, whether local government, school districts, or state agencies, are treated the same when requesting a postponement of a hearing. These proposed changes will benefit all parties seeking more time during the Commission processes.

### *Specific Purpose of the Regulation*

The proposed regulations make minor, non-substantive amendments to improve readability and ensure clarity and consistency.

Section 1181.4 addresses the numbering of filed matters and Section 1181.10 addresses Commission meeting procedures. The language in both, however, refers to filings as “received” rather than “filed.” The proposed amendments correct this terminology.

Sections 1181.4 addresses the numbering of filed matters, 1183.2 addresses the service of test claims, 1183.5 addresses service of consolidation or severance of test claims; 1183.6 addresses the review of a completed test claim, 1183.8 addresses the filing and review of proposed parameters and guidelines, 1183.9 addresses service of proposed decisions, 1183.13 addresses the adoption of parameters and guidelines, 1183.16 addresses the expiration of a joint reasonable reimbursement methodology, 1183.17 addresses amendments to the parameters and guidelines, 1184.1 addresses the review of claiming instructions, 1185.7 addresses the review of completed incorrect reduction claims, 1185.8 addresses the withdrawal of an incorrect reduction claim, 1187.1 addresses scheduling and noticing a hearing, 1187.4 addresses informal conferences, 1187.10 addresses service of decisions and proposed decisions, 1187.14 addresses withdrawal of matters, 1188.1 addresses rulemaking. 1190.4 addresses consolidation of requests for mandate redetermination, and 1190.5 addresses the hearing process. Each of these sections uses inconsistent language regarding service on or notice to individuals on the mailing list which is proposed to be changed to “all persons” and is accompanied by other language necessary to fit the existing sentence structure.

Section 1181.9 addresses the distribution of agenda but the language used does not mirror the language in the Bagley-Keene Open Meetings Act nor does it address the Commission’s process for posting its agenda.

Section 1181.10 addresses the timing of written comments and uses the incorrect term “share screen” function. The proposed amendment corrects the term to “share” function which mirrors the website’s terminology.

Sections 1183.1 addresses the process for the filing of test claims, 1183.7 addresses the information that must be included in any parameters and guidelines filed with or created by Commission staff, 1183.11 address the process for proposing a joint reasonable reimbursement methodology, 1183.17 addresses amendments to the parameters and guidelines, 1184.1 addresses the review of claiming instructions, 1185.1 addresses filing an incorrect reduction claim, 1185.5 addresses opting out of a consolidated incorrect reduction claim, 1186.2 addresses requests for inclusion into the State Mandates Apportionment System, 1186.4 addresses requests for removal from the State Mandates Apportionment System, 1187.5 addresses the submission of

evidence to the Commission for consideration, 1187.9 requests for postponement of a hearing, 1187.15 addresses the reconsideration process, 1190.2 addresses filing requests in the mandate redetermination process, and 1190.3 addresses the filing of rebuttals in the mandate redetermination process. Each of these sections uses the term “must.” To ensure consistency, “shall” is proposed to replace “must.”

Section 1183.2 addresses the service of test claims and uses the incorrect term “web-site.” The proposed amendment correct the term to “website” making it consistent throughout the regulations.

Section 1183.3 addresses the filing of rebuttals and includes the unnecessary term “written” regarding comments and the unclear term “concerning” which is proposed to be amended to “filed on.”

Sections 1183.6 addresses the review of a completed test claim, 1183.13 addresses the adoption of parameters and guidelines, 1183.17 addresses amendments to the parameters and guidelines, 1184.1 addresses the review of claiming instructions, 1185.7 addresses the review of completed incorrect reduction claims, 1187.15 addresses the reconsideration process, and 1190.5 addresses the hearing process. Each of these sections lists the documents to be reviewed by staff as part of its analysis. However, as the lists are incomplete, the proposed amendments replace the lists with “entire record” making the regulation clear and consistent.

Section 1185.4 addresses how parties would join a consolidated incorrect reduction claim. Subdivision (b) lists the contents of a notice of intent to join. The language is repeated unnecessarily under subdivision (b)(3) and is proposed to be deleted. Also, subdivision (b)(4) is not part of the list and is proposed to be renumbered to subdivision (c) necessitating the renumbering of other subdivisions.

Section 1187.9 addresses requests for postponement of a hearing and includes the repetitive term “article 7” matter. However, due to the fact that the term “matter” includes only those items in article 7, the term “article 7” is proposed to be deleted.

Section 1187.6 addresses the conduct of the hearing. The terminology for the chairperson and presiding member are incorrect and no including a hearing panel is inconsistent with Section 1187.3. The proposed changes address these.

Section 1187.10 addresses decisions and misidentifies a subdivision as a section. The proposed change remedies this.

Section 1190.2 addresses the mandate redetermination process and the proposed amendment clarifies that the 30 days runs from the issuance of the notice.

Several sections quoted below include proposed amendments addressed in other sections of this Statement.

Incomplete notices of intent shall be returned to the joining claimant. If a complete notice of intent to join a consolidated incorrect reduction claim is not received by the Commission within 30 days from the date the incomplete notice of intent was returned to the joining claimant, the executive director may deem the filing withdrawn.

Consolidated Comments from County Governments and Associations**

**Exhibit E**

**RECEIVED**

*Commission on  
State Mandates*

	Section #	Page #	Line #	Requested Change, Question, or General Feedback	Explanation of Change and Comments
1	§ 1184.1.	40	26	(i) The requester and any state agency or interested party <b>or interested person</b> may file written comments on the draft proposed decision.	Please add "interested person" to the entities that are eligible to file written comments regarding the SCO's claiming instructions. This provides clarity that associations may file written comments.
2	§ 1182.1(f)	2	20-24	"Filing date means the date <b>a filing is</b> received at the Commission's office, <b>provided that it is</b> found to not contain personal identifying information as described in section 1181.3 of these regulations."	The day the CSM received the filing and the day it determines there is no PII can be two different days.
3	§ 1182.1(h)	2	30-31	Delete the definition of "interested party" and substitute <b>"interested person"</b> or <b>"party or interested person"</b> throughout the regulations wherever the term is deleted.	The term "interested party" is rarely used in the regulations and where it is used it raises confusion about the legal significance of the distinction between an "interested party" and an "interested person." The terms "interested person" and "party" (including associated terms like "party to a test claim") capture the two relevant types of entities that appear before the CSM. This change also promotes consistency with the statutory scheme.
4	§ 1181.11(b)	13	10-14	Insert after first sentence: <b>"The transcript and electronic recording for each public meeting shall be posted to the Commission's website within 60 days of the public meeting."</b>	Posting recordings will promote transparency. This practice is also consistent with other state and local bodies, such as the Courts of Appeal and the California Supreme Court. Posting the electronic recording helps parties eager to testify before the Commission understand what to expect.
5	§ 1183.2(a)	23	9-12	Add before first sentence or as a standalone subdivision: <b>"Within 10 days of receipt of a test claim, the Commission shall post it on the Commission's website, along with an incomplete notice, if any."</b>	Posting incomplete test claims promotes transparency and offers the opportunity for interested persons and other potential parties to assist the would-be claimant. This is especially helpful where multiple parties may be inadvertently developing test claims on the same alleged mandate.
6	§ 1183.2(b)	23	13-15	Add to the end: <b>"Written comments may be filed by parties or interested persons."</b>	This suggestion clarifies who may submit comments.

**Commission on State Mandates - Proposed Amendments to the Commission's Regulations  
Consolidated Comments from County Governments and Associations**

	Section #	Page #	Line #	Requested Change, Question, or General Feedback	Explanation of Change and Comments
7	§ 1183.2(c)(2)	23	20-27	Recommend deleting this provision.	Unless the Commission lacks access to legal research resources and the internet, the obligation to append comments and test claims with copies of cited authorities is burdensome for filers.
8	§ 1183.3(a)	23	31-33	Add to the end: <b>"Written rebuttals may be filed by parties or interested persons."</b>	This suggestion clarifies who may submit rebuttals.
9	§ 1183.3(b)(2)	23-24	37-4	Recommend deleting this provision.	Unless the Commission lacks access to legal research resources and the internet, the obligation to append comments and test claims with copies of cited authorities is burdensome for filers.
10	§ 1183.6(a)	24	35	Edit "written comments filed" to <b>"written comments and rebuttals filed"</b> .	The provision seems to inadvertently absolve the CSM staff from reviewing rebuttals to comments.
11	§ 1183.6(c)	25	10-12	Restore language that is proposed for deletion.	The original version of this regulation is prudent and consistent with the legal standard that the Commission's decisions be supported by substantial evidence.
12	Note			The requested change on line 11 above should apply to all areas where this deletion is proposed.	
13	§ 1182.1(j)	2 to 3	36-3	"Matter" means <b>an administrative proceeding assigned a single matter number that may include related</b> test claims, proposed parameters and guidelines ..."	Definition as written suggests any of the listed documents might itself be a "matter." But it appears the "matter" is the proceeding assigned a TC number that incorporates the listed documents on its docket.
14	§ 1187.9(a)	57	2 to 4		Recommending that a party requesting extension of time for filing of a comment be encouraged to seek stipulation of or response from the original filer. It is unclear on what grounds the Commission determines that there is "no prejudice to any party or interested party," and a filer might have cause to argue that prejudice does exist or to seek a corresponding extension of time to respond.

**Commission on State Mandates - Proposed Amendments to the Commission's Regulations  
Consolidated Comments from County Governments and Associations**

	Section #	Page #	Line #	Requested Change, Question, or General Feedback	Explanation of Change and Comments
15	§ 1181.3(b)	6	25-26		In place of deleted requirement of a scanned copy of a signed signature page, it would be helpful to add language stating what form of e-signature or signing software is permitted for declarations and other signed documents incorporated into filings. For example, some courts permit pasted pen signatures while others permit typed e-signatures. The purpose is to avoid an incomplete letter for an improper e-signature.
16	§ 1183.7(g)(1)	26	9-11	Proposed alternative language: " <b>Any offsetting revenue or savings that claimant incurs from a statute, executive order, or an appropriation in a Budget Act or other bill that was specifically intended to fund the costs of the state mandate.</b> "	This alternative languages hues more closely to the relevant provision in the statutory scheme, located at Government Code section 17556, subd. (e).
17	§ 1183.7(g)(2)	26	12-15	Recommend deleting this provision, including the prior language.	Neither the constitutional right nor the statutory scheme preclude reimbursement if there are revenue sources beyond the State, with the exception of local fee authority. In the alternative, this provision should be consistent with the statutory scheme, which ties such revenue and offsetting savings to sources "specifically intended to fund the costs of the state mandate."
18	§ 1183.18(a)(2)	36	12-14	Days representing extensions of time and postponements of hearings <b>requested by</b> the parties shall be tolled and may not be counted toward the date on which a statewide cost estimate must be adopted by the Commission.	This change makes clearer that the extensions and postponements came from the parties themselves.
19	§ 1183.18(a)(3)	36	15-19	<b>To account for the Commission's 10-day test claim review period and the test claimant's 30-day period to cure an incomplete notice pursuant to § 1183.1, subd. (g), no more than 45 days shall be tolled for each incompleteness finding</b> and may not be counted toward the date on which a statewide cost estimate must be adopted by the Commission.	This proposed change clarifies the upper bound of the tolled period for incomplete test claims consistent with the Commission's regulations for test claim review and incompleteness curing time periods.
