§ 1181.1. Delegation of Certain Functions; Executive Director Appeals.

(a) Whenever it is stated in these rules that the "Commission" may or shall exercise or discharge any power, duty, purpose, function, or jurisdiction, the Commission on State Mandates specifically has reserved the same for its own exclusive action.

(b) Whenever it is stated that the "executive director" may or shall exercise or discharge any power, duty, purpose, function, or jurisdiction, or it is not expressly stated that the Commission itself shall so act, the executive director of the Commission has the authority to act thereon.

(c) A real party in interest to a matter may appeal to the Commission for review of the actions and decisions of the executive director on that matter.

(1) The appellant shall submit the appeal in writing within 10 days of first being served written notice of the executive director's action or decision.

(2) The appellant shall file and serve the appeal in accordance with section 1181.3 of these regulations.

(3) The appeal shall explain the basis for the appeal, state the action being requested of the Commission, and include all facts and materials the applicant believes are relevant to the appeal.

(4) The executive director shall schedule the appeal for hearing and vote by the Commission as soon as practicable following receipt of the appeal.

(5) Other parties may submit comments on an appeal in accordance with section 1181.3 of these regulations.

(6) The Commission shall determine whether to uphold the executive director's decision by a majority vote of the members present. The decision shall be final and not subject to reconsideration.

(7) The executive director shall notify the appellant in writing within 10 days of the Commission's decision.

(d) Nothing herein prohibits the executive director from delegating to subordinates as provided in Government Code section 18572.

§ 1181.2. Definitions.

Unless otherwise indicated, the following definitions and those found in Government Code sections 17510 through 17524 apply to this chapter:
(a) "Affected state agency" means a state department or agency that is responsible, in whole or in part, for implementation, enforcement, or administration of any statutes or executive orders that are the subject of a matter.

(b) "Amendment" of a test claim means the addition of new allegations based on new statutes or executive orders to an existing test claim. The addition or substitution of parties and supporting declarations based on the original statutes or executive orders alleged in an existing test claim is not an "amendment."

(c) "Claimant" means the local agency or school district filing a test claim or incorrect reduction claim.

(d) "Commission staff" means the executive director, legal counsel, or other Commission employee authorized by the Commission or the executive director to represent the Commission on a specific claim or request, or to receive filings at the Commission office.

(e) "Completed" means that all requirements for a new filing for a test claim, proposed parameters and guidelines, request to amend parameters and guidelines, request for reconsideration, request to review claiming instructions, incorrect reduction claim or request for mandate redetermination have been satisfied by the claimant or requester.

(f) "Filing date" means the date received at the Commission's office during normal business hours by any of the methods described in section 1181.3 of these regulations.

(g) "Incorrect reduction claim" means a claim alleging that the Office of State Controller incorrectly reduced the reimbursement claim of a local agency or school district.

(h) "Informational hearing" means any hearing designed to gather and assess information to assist the Commission in formulating policies, informing the public of Commission actions, or obtaining public comment and opinion.

(i) "Interested party" means a local agency, school district, or state agency, with a beneficial interest in the matter.

(j) "Interested person" means any individual, local agency, school district, state agency, corporation, partnership, association, or other type of entity, who has an interest in the activities of the Commission a matter before the Commission, but is not a party or interested party with respect to that matter.

(k) "New filing" means a test claim, incorrect reduction claim, request to amend parameters and guidelines, joint request for reasonable reimbursement methodology, request for review of claiming instructions, request for removal or inclusion in State Mandates Apportionment System, or request for mandate redetermination.

(l) "Party" includes a party's representative of record who is expressly authorized to act on the party's behalf. Party means the following for each matter as specified below:

(1) "Party to a Test Claim" means the test claimant, the Department of Finance, and other affected state agencies.

(2) "Party to an Incorrect Reduction Claim" means the claimant and the Office of State Controller.

(3) "Party to a Request to Amend Parameters and Guidelines" means the requester, the
Department of Finance, the Office of State Controller, affected state and local agencies, and affected school districts.

(4) "Party to a Joint Request for Reasonable Reimbursement Methodology" means the test claimant and the Department of Finance.

(5) "Party to a Request for Review of Claiming Instructions" means the requester and the Office of State Controller.

(6) "Party to a Request for Removal or Inclusion in State Mandates Apportionment System" means the requester, the Department of Finance, and the Office of State Controller.

(7) "Party to a Request for Mandate Redetermination" means the requester, the Department of Finance, the Office of State Controller, affected state and local agencies, and affected school districts.

(m) "Real Party in Interest" means any person or entity whose interest will be directly affected by the resolution of the matter.

(n) "Rulemaking proceeding" means any hearing designed to adopt, amend, or repeal any rule, regulation, or standard of general application that implements, interprets, or makes specific any provision of Title 2, Division 4, Part 7, beginning with Government Code section 17500 or any other statute enforced or administered by the Commission.

(o) "Statewide cost estimate" means the approximate sum of money that local agencies or school districts may have incurred to implement a state-mandated program or any increased level of service of an existing mandated program. A statewide cost estimate submitted by a test claimant shall be an estimate of the first full fiscal year of actual or estimated costs based on the statutes and executive orders alleged in a test claim, except as provided in Government Code section 17557.1(a). A statewide cost estimate adopted by the Commission shall be an estimate based on the Commission’s determination of a test claim for the initial period of reimbursement to be reported to the Legislature.

(p) "Statewide estimate of costs" is based on a reasonable reimbursement methodology proposed by a test claimant and the Department of Finance, adopted by the Commission, and reported to the Legislature pursuant to Government Code section 17557.2.

(q) "Subsequent change in law" means a change in law that requires a finding that an incurred cost is a cost mandated by the state, as defined by Government Code section 17514, or is not a cost mandated by the state pursuant to Government Code section 17556, or a change in mandates law. Amendments to article XIII B, section 6 of the California Constitution that were approved by the voters on November 2, 2004 and changes in the statutes or executive orders that impose new state-mandated activities and require a finding pursuant to Government Code section 17551(a) are not a "subsequent change in law."

(r) "Teleconference" means a conference of individuals in different locations, connected by electronic means, through audio, video, or both.

(s) "Test claim" means the first claim filed with the Commission alleging that a particular statute or executive order imposes costs mandated by the state pursuant to Government Code section 17521 and also includes a claim filed on a legislatively determined mandate pursuant to Government Code section 17574(c). The test claim procedure functions similarly to a class action and has been established to expeditiously resolve disputes affecting multiple agencies.
"Written material" means any paper or electronic document relevant to a matter that is filed with the Commission except that "written material" does not include a "new filing" as defined in subdivision (k) of this section.

§ 1181.3. Certification, Filing and Service of Written Materials and New Filings.

(a) Certification. All new filings and written materials filed with the Commission shall be signed at the end of the document, under penalty of perjury, with the declaration that the filing is true and correct to the best of the declarant’s personal knowledge, information, or belief. The date of signing, the declarant’s title, address, telephone number, and email address, if applicable, shall be included.

(ab) Filing. Unless otherwise provided in this chapter, new filings and written materials may be filed electronically or by hard copy as described in this subdivision. If filed by hard copy, the filer shall simultaneously serve all written material in accordance with subdivision (b) of this regulation. Filing is complete upon receipt by the Commission. Filings shall not contain personal identifying information that violates state or federal privacy laws, including, but not limited to the provisions of California Civil Code section 1798 et seq. New filings and written materials may be filed by any of the following methods:

(1) E-Filing. Submit the original to the Commission by saving the signed original in a PDF file and submitting it via the Commission’s e-filing system, available on the Commission’s website. Documents e-filed with the Commission must be in a legible and searchable format that allows Commission staff to electronically date stamp the document to verify date of filing, and to append additional pages for posting on the Commission’s website with proof of service, in lieu of the filer serving the document to the entire mail list for the matter. E-filed documents should be filed in their original, searchable form, but the signature page shall be replaced with a scanned copy, rather than digitally signed. The filer is responsible for maintaining the signed original for the duration of the process for the matter, including any period of appeal. Notwithstanding any other provision in these regulations, if a new filing or written material is e-filed, no additional copies shall be submitted to Commission staff. The following shall apply to e-filing:

(A) By providing an e-mail address for the mailing list for a matter, a person consents to e-mail service for that matter.

(B) An automated notice that the document was successfully sent is immediately available to the person who e-files using the Commission’s e-filing system and should be saved or printed for the filer’s records. Commission staff shall also reply by e-mail confirming actual receipt of the legible, searchable document by the Commission within two business day of receipt. In the absence of a confirmation e-mail from Commission staff, it is the responsibility of the person who e-files to obtain confirmation that the Commission actually received the filing.

(C) By using e-filing, the filing person agrees, in the event of failure of e-filing, to re-file the document, no later than the business day after the business day on which notice of the failure of
e-filing is received by the filing party, by any means authorized by these rules, in order to
maintain the original filing date. "Failure of e-filing" occurs when the filing person receives
notification, in any manner, of non-receipt of an e-filed document or of any other inability of
Commission staff to access the document. The filer and Commission staff may agree to any form
for re-filing allowed by these regulations.

(D) Documents e-filed with the Commission do not need to be served and proof of service does
not need to be provided for persons that have provided an e-mail address for the mailing list.
Nothing in this regulation excuses a filer from serving hard copies of written material on persons
who appear on the mailing list and have not provided an e-mail address for the mailing list or
from providing a proof of service with the e-filing to the Commission for the service.

(E) Upon confirmation of actual receipt, Commission staff shall notify all persons on the mailing
list for the matter that written material may be viewed on the Commission's website. For "new
filings" as defined by section 1181.2(k) of these regulations, Commission staff shall notify all
persons on the mailing list prepared pursuant to section 1181.4 of these regulations, of the
availability of those filings on the Commission's website when Commission staff sends its notice
of complete filing to the filing party.

(F) The Commission may serve any document by e-mail service, or by making it available at a
particular URL, unless doing so would be contrary to state or federal law.

(G) The executive director may issue any order consistent with these rules to govern e-mail
service for a particular matter.

(2) By first class mail. Submit the unbound original and seven copies to the Commission.

(3) By overnight delivery. Submit the unbound original and seven copies to the Commission.

(4) By personal service. Hand the unbound original and seven copies to Commission staff.

(b) Service. If written materials are filed in hard copy, the filing must simultaneously be served
on everyone on the mailing list using the same method as was used for the filing. Unless
otherwise provided in this section, a proof of service shall be included with any written material
filed with Commission staff. Proof of personal service requires a declaration of the messenger of
the time and place that the written material was served. Service is not required for new filings
because mailing lists for matters are only prepared, pursuant to section 1181.4 of these
regulations, after a new filing is deemed complete. Completed new filings will be served on the
mailing list by Commission staff with the Notice of Complete Filing.

§ 1181.4. Mailing Lists and Numbering of Matters.

(a) For all matters deemed complete, Commission staff shall prepare a mailing list of the names,
addresses, phone numbers and e-mail addresses of the parties, interested parties, and interested
persons who have requested inclusion on the mailing list. The mailing list will be uploaded to the
Commission’s website and an e-mail notification of its availability will be sent to everyone on
the list who has provided an e-mail address. A hard copy will be provided by Commission staff
to persons on the mailing list who have not provided an e-mail address and to any person who
requests a hard copy.
(b) By providing an e-mail address for the mailing list for a matter, a person consents to e-mail service of documents for that matter.

(c) For the following new filings received by the Commission, the executive director shall issue sequential matter numbers, by fiscal year, as follows:

1. Test Claim (TC)
2. Incorrect Reduction Claim (I)
3. Request to Amend Parameters and Guidelines (PGA)
4. Joint Request for Reasonable Reimbursement Methodology (RRM)
5. Request for Review of Claiming Instructions (RCI)

(b) Commission members as defined by Government Code section 17525 shall be officers.

2. (2) Duties of Vice Chairperson. The vice chairperson shall preside over all meetings of the Commission at which the chairperson is not present. The vice chairperson has all the rights and responsibilities of the other members, including the right to introduce motions or proposals and to speak and vote on them while presiding.

The Commission shall elect a chairperson and vice chairperson at the January meeting of each year, or at the next regularly scheduled meeting, if no meeting is held in January. In the calendar year following the statewide election of constitutional officers, the Commission may postpone its election. The Commission may authorize the executive director to conduct the election portion of its meeting.
(d) Vacancy. If an office (chairperson or vice-chairperson) held by a public member or local
elected official becomes vacant, an election shall be conducted as soon as practicable to fill the
vacant office.

regulations, the executive director shall develop the test claim form, incorrect reduction claim
form, mandate redetermination form, and other forms, to simplify and improve the efficiency of
the Commission’s processes.
(b) The executive director shall conduct at least one workshop with interested parties,
Department of Finance, Office of the State Controller, other affected state agencies, and
interested persons before approval of a form.

(a) A majority of the existing membership of the Commission shall constitute a quorum.
(b) All actions of the Commission, with the exception of requests to reconsider a prior final
decision as provided in section 1187.15, shall require the affirmative vote of at least a majority of
the existing membership of the Commission.
(c) In the case of a tie vote, the Commission may:
(1) Re-hear the claim when the membership of the Commission changes or when an abstaining
member completes review of the administrative record;
(2) Assign the claim to a hearing panel or to a hearing officer, pursuant to section 1187.2 et seq.,
for hearing and preparation of a proposed decision for consideration by the Commission. If the
Commission assigns the claim to a hearing panel, the selection of the hearing panel shall be by
lot, or other means of random and impartial selection; or
(3) Direct staff to prepare another proposed decision based on an interpretation of the law and
evidence in the record for consideration by the Commission.
(d) A majority of the votes cast by those members assigned to a hearing panel is required for the approval of a preliminary decision on claims and applications for a finding of significant financial distress.

Commission staff shall provide copies of the comments to the Commission and shall place a copy on a table for public review when the item is called.

(2) Oral Comments. Any person present and so desiring shall be given an opportunity to make oral comments on any agenda item, provided, however, that the presiding member may limit or preclude comments as necessary for the orderly conduct of business.

When the county has made a compelling case that basic county services cannot be maintained without a reduction in the level of aid established by Welfare and Institutions Code section 17000.5, the Commission shall make a finding of significant financial distress.

In making such a finding, the following definitions shall apply:

(a) "Application" means a county application filed pursuant to this article requesting the Commission determine that the county has made a compelling case that basic county services cannot be maintained without a reduction in the level of General Assistance aid established by Welfare and Institutions Code section 17000.5, and finding that as a result, the county is in significant financial distress, as defined in Welfare and Institutions Code section 17000.6.

(b) "Applicant" means the county that filed the request for a finding of significant financial distress.

(c) A "compelling case" sufficient to cause a finding of significant financial distress must be established by clear and convincing evidence.

§ 1182.2. Filing of an Application for a Finding of Significant Financial Distress.

(a) Pursuant to Welfare and Institutions Code section 17000.6, in order for the board of supervisors of any county to obtain a finding of significant financial distress, the board of supervisors must submit a written application to the Commission on State Mandates.

(3) A written narrative, including a summary, detailing the relevant financial or other budgetary information and documents necessary for a county to make a compelling case that basic county services, including public safety, cannot be maintained without a reduction in the standard of aid as provided in Welfare and Institutions Code section 17000.5. The narrative shall also include:

(e) Each page of the application, including all supporting documentation, shall be consecutively numbered.

(f) The original application, including all supporting documentation, shall be unbound and single-sided.

(g) The executive director shall notify an applicant within 10 days of receipt of an application whether its application is incomplete. If the application is incomplete, the executive director may return the application to the county. An application shall be considered incomplete if the elements in subdivisions (b) through (f) of this section have not been satisfied, are illegible or are not included. The requirements for Commission public hearings and decisions, as set forth in Welfare and Institutions Code section 17000.6(c), apply only to complete applications.

If the preliminary and final decision periods are extended, any current period of significant financial distress of the applicant that has been set, pursuant to Welfare and Institutions Code Section 17000.6(b), shall also be extended for the same period.
(b) Within 10 days of receipt of a county's application, the executive director shall provide written notice to the applicant of extensions of the preliminary decision and final decision periods and of any current period of significant financial distress of the applicant.

§ 1182.4. Notice.

(a) Upon receipt of a complete application for a finding of significant financial distress, the Commission shall provide to the applicant a written 30-day notice of the hearing, to be held in the county.

(b) The notice shall be publicly posted by the applicant at the county court house and one county welfare office where General Assistance recipients are generally present. The Commission shall publish two notices in a newspaper of general circulation in the county. The first notice shall be published at least 30 days prior to the hearing date. The second notice shall be published at least 10 days prior to the hearing date. The cost of publishing the notices shall be paid for by the Commission. The county and other parties known to have an interest in the county's application shall be invited to participate. This conference shall not limit the issues that can be presented to or considered by the Commission at public hearing.

2. The claimants agree on all issues of the test claim; and
3. The claimants have designated one contact person to act as the resource sole representative for all claimants for information regarding the test claim.

(b) Commission staff may develop the statewide cost estimate based on initial reimbursement claims filed with the Office of the State Controller, application of a reasonable reimbursement methodology, or use a different methodology based on recommendations from the test claimant, the Department of Finance, or other interested parties.

(c) Before presenting a statewide cost estimate to the Commission for adoption, Commission staff shall disclose to the parties and interested parties the methodology, basis for any assumptions made, and sources of any data used to develop the estimate.

(d) Before adopting the statewide cost estimate, the Commission shall hold at least one informational hearing under article 8 of these regulations.

(b) Copies of the notice provided under subdivision (a) shall be filed and served in accordance with section 1181.3 of these regulations.

(c) The test claimant and the Department of Finance may jointly propose amendments to the reasonable reimbursement methodology or the continuation of a reasonable reimbursement methodology by submitting a request made pursuant to Government Code section 17557.2(f), which shall be certified, filed, and served in accordance with section 1181.3 of these regulations.

(a) All requests pursuant to Government Code section 17557 to amend parameters and guidelines shall include the proposed language for the specific sections of the existing parameters and guidelines that are to be changed, and include a narrative explaining why the amendment is required.

A request to amend parameters and guidelines may be filed to make any of the following changes to the parameters and guidelines:

(1) Delete any reimbursable activity that is repealed by statute or executive order after the adoption of the original or last amended parameters and guidelines.

(2) Update offsetting revenue and offsetting savings that apply to the mandated program and do not require a new legal finding that there are "no costs mandated by the state" under Government Code section 17556(e).

(3) Include a reasonable reimbursement methodology for all or some of the reimbursable activities in accordance with Government Code section 17518.5. Any request to include a reasonable reimbursement methodology based on, in whole or in part, costs that have been included in claims submitted to the Controller, shall include a statement to this effect on the cover or first page of the request.

(4) Clarify reimbursable activities consistent with the original decisions on the test claim and parameters and guidelines.

(7) Consolidate the parameters and guidelines for two or more programs.

(8) Amend the "boilerplate" language.

(b) For purposes of this section, "boilerplate" language is defined as the language in the parameters and guidelines that is not unique to the state-mandated program that is the subject of the parameters and guidelines.

(c) The addition or substitution of requesters and supporting declarations based on the original facts alleged in an existing parameters and guidelines amendment request is not an "amendment." However, new proposals for amendments must be submitted as a new parameters and guidelines amendment request.

(d) A claimant or state agency requesting an amendment to existing parameters and guidelines shall certify, file, and serve the request in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.

(e) Within 10 days of receipt of a request to amend parameters and guidelines, Commission staff shall send a copy to those who are on the mailing list described in section 1181.4 of these regulations, and shall post the request on the Commission's website.

(f) Commission staff shall notify all recipients that they shall have the opportunity to review and provide written comments concerning the proposed amendment of the parameters and guidelines within 21 days of service.

(g) Written comments on the request to amend the parameters and guidelines shall be certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.

(h) Written rebuttals to the comments may be filed within 21 days of service of the comments. Written rebuttals shall be certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.

(i) After review of the proposed amendment to the parameters and guidelines, written comments, and rebuttals submitted, Commission staff shall prepare a draft proposed decision and recommend whether the requester’s proposed amendment to the parameters and guidelines should be adopted.

(j) Written comments on the draft proposed decision and recommendation on the proposed amendment to the parameters and guidelines shall be certified, filed, and served with the Commission in accordance with section 1181.3 of these regulations, by the date noticed by the executive director. A three-week period for comments shall be given, subject to the executive director’s authority to expedite all matters pursuant to Government Code section 17530. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.
evidence, submitted in accordance with section 1187.5 of these regulations. All written
comments timely filed shall be reviewed by Commission staff and may be incorporated into the
proposed decision and recommendation on the proposed amendment to the parameters and
guidelines.

(k) It is the Commission’s policy to discourage the introduction of late comments, exhibits, or
other evidence filed after the three-week comment period described in subdivision (j) of this
section. The Commission need not rely on, and staff need not respond to, late comments,
exhibits, or other evidence submitted in response to a draft proposed decision after the comment
period expires.

(l) An amendment shall be made only after the Commission has conducted a hearing in
accordance with article 7 of these regulations.

Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference: Sections
17518.5, 17530, 17553 and 17557, Government Code.

§ 1183.18. Timelines.

(a) In computing any period of time prescribed by these regulations and applicable statutes,
including the filing date as defined in section 1181.2 of these regulations, the following rules
shall apply:

(1) The day of the act, event, or default from which the designated period of time begins to run
shall not be included. The last day of the period so computed shall be included, unless it is a
Saturday, Sunday, or state holiday.

(2) Days representing extensions of time and postponements of hearings granted to the parties
shall be tolled and may not be counted toward the date on which a statewide cost estimate must
be adopted by the Commission.

(3) Days following a test claimant's submission of incomplete information to the Commission,
from the date on which Commission staff returns the incomplete information to the claimant up
to the date on which the Commission receives complete information from the test claimant, shall
be tolled and may not be counted toward the date on which a statewide cost estimate must be
adopted by the Commission.

(4) If a party or interested party to a test claim notifies Commission staff that a reasonable
reimbursement methodology may be developed for inclusion in pending parameters and
guidelines, the days following the date of the notification up to the date on which a reasonable
reimbursement methodology is developed, shall be tolled and may not be counted toward the
date on which a statewide cost estimate must be adopted by the Commission. The days tolled
shall not exceed 60 days from the date of the notification.

(5) If the test claimant and the Department of Finance notify the Commission staff in writing of
their intent to develop a reasonable reimbursement methodology and statewide estimate of costs
for the initial claiming period and budget year for reimbursement pursuant to Government Code
section 17557.1, the days following the date of the notification up to the date on which a draft
reasonable reimbursement methodology and proposed statewide estimate of costs are developed
and submitted to the Commission, shall be tolled and may not be counted toward the date on
which a statewide cost estimate must be adopted by the Commission. The days tolled shall not
exceed 180 days from the date of the notification.
(6) Three days shall be added to any prescribed period in which a party or interested party is required or permitted to do an act after service of a document upon that party or interested party by mail. The three days added for mail service shall be tolled and may not be counted toward the date on which a statewide cost estimate must be adopted.

(7) Solely for the purpose of determining when a statewide cost estimate shall be adopted, test claims that are amended, severed, or consolidated shall be deemed received on the effective date of the last amendment, severance, or consolidation, unless otherwise stipulated by the parties and approved by the executive director.

(8) Days between the effective date of the parameters and guidelines and the date the initial reimbursement claims are due to the Office of the State Controller shall be tolled and may not be counted toward the date on which a statewide cost estimate must be adopted by the Commission.

§ 1184.1. Review of Office of State Controller's Claiming Instructions.

(a) Upon request of a local agency or school district, the Commission shall review claiming instructions issued by the Office of State Controller.

(b) A request to review claiming instructions shall include the following:

(1) A copy of the disputed claiming instructions.

(2) If available, correspondence or other documentation that verifies the local agency or school district sought to resolve the dispute through the Office of State Controller.

(3) A narrative that details the suggested changes and the reasons why the local agency or school district finds the claiming instructions need to be modified.

(4) The name, address, telephone number, and e-mail address of the agency contact person.

(c) An original request to review claiming instructions shall be submitted to the Commission by the local agency or school district certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.

(d) Within 10 days of receipt of a request to review claiming instructions, Commission staff shall notify the local agency or school district that submitted the request if the submittal is complete or incomplete. A request to review the claiming instructions shall be considered incomplete if any of the elements required in subdivision (b) or (c) of this section are illegible or not included. Incomplete requests shall be returned to the local agency or school district. If a complete request is not received by the Commission within 30 days from the date the incomplete request was returned, the Commission shall deem the request to be withdrawn.

(e) Within 10 days of receipt of a complete request to review claiming instructions, Commission staff shall send a copy to all persons who are on the mailing list described in section 1181.4 of these regulations. Commission staff shall provide notice that written comments concerning the request to review claiming instructions may be submitted within 30 days of service of the notice of complete filing. A copy of the notice shall also be posted on the Commission's website.

(f) Written comments shall be certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.

(i) The requester and any state agency or interested party may file written comments on the draft proposed decision. Written comments shall be certified, filed, and served as described in accordance with section 1181.3 of these regulations, by the date determined and publicized by the executive director. If representations of fact are made, they must be supported by documentary or testimonial evidence submitted with the comments in accordance with section 1187.5 of these regulations. A three-week period for comments shall be given, subject to the executive director’s authority to expedite all matters pursuant to Government Code section 17530. All written comments timely filed shall be reviewed by Commission staff and may be incorporated into the proposed decision on the request to review and modify the claiming instructions.

(d) An application for subpoena duces tecum for the production by a witness of books, papers, correspondence, memoranda, or other records, including records of the claimant, shall be made by affidavit and shall give the name and address of the person to be subpoenaed, shall describe the matters or things desired to be produced, shall set forth in detail the relevance to the issues involved in the claim, shall specify the date on which the matters shall be produced, and that, to the best of the applicant's personal knowledge or information or belief, the witness has the matters or things in his or her possession or under his or her control and that none of the matters or things desired to be produced are public records accessible to the public pursuant to Section 6250 et seq., of the Government Code. If the applicant is unable to obtain the name of the person who has possession or control of the matters or things desired to be produced, the name of the director or superintendent or custodian of records of the state or local agency or school district may be used for the application.

§ 1187.9. Extensions of Time to File Comments or Rebuttals and Postponements and Continuances of Hearings.

(a) Requests for Extensions of Time

Any party or interested party to a matter may request an extension of time by filing a request with the executive director before the date set for filing of comments or rebuttals with Commission staff on that matter. The request shall fully explain the reasons for the extension, propose a new date for filing, and be simultaneously certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations. So long as a postponement of a hearing would not be required, there is no prejudice to any party or interested party, and there is no other good reason for denial, the request shall be approved. A party to a matter may request an extension of time that would necessitate rescheduling a hearing, but shall also include a request for postponement of the hearing, pursuant to section 1187.9(b). Within two business days of receipt of the request, the executive director shall determine whether the extension will be granted and notify all persons on the mailing list prepared pursuant to section 1181.4 of these regulations.

(b) Requests for Postponement of Hearing
A party to an article 7 matter may request a postponement of a hearing on that matter, until the next regularly scheduled hearing. Although postponements of hearings are disfavored, each request for a postponement must be considered on its own merits. The request shall fully explain the reasons for the postponement, and be certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations. Within two business days of receipt of the request, the executive director shall determine whether the postponement will be granted and notify all persons on the mailing list prepared pursuant to section 1181.4 of these regulations. The executive director may postpone the matter only on an affirmative showing of good cause.

(1) Circumstances that may indicate good cause include:

(A) The unavailability of a party, party representative, or witness because of death, illness, or other excusable circumstances;

(B) The substitution of a party representative, but only where there is an affirmative showing that the substitution is required in the interests of justice;

(C) The addition of a new party if:

1. The new party has not had a reasonable opportunity to prepare for hearing; or
2. The other parties have not had a reasonable opportunity to prepare for hearing in regard to the new party's involvement in the matter;

(D) A party's excused inability to obtain essential testimony, documents, or other material evidence despite diligent efforts;

(E) A significant, unanticipated change in the status of the matter as a result of which the matter is not ready for hearing; or

(F) The number and complexity of the issues.

(2) Other factors to be considered: In determining whether to grant a postponement, the executive director shall consider the facts and circumstances that are relevant to the determination. These may include:

(A) The proximity of the hearing date;

(B) Whether there was any previous postponement, extension of time, or delay of hearing due to any party;

(C) The length of the postponement requested;

(D) The availability of alternative means to address the problem that gave rise to the request for a postponement;

(E) The prejudice that parties or witnesses will suffer as a result of the postponement;

(F) If the matter was granted expedited scheduling, the reasons for that status and whether the need for a postponement outweighs the need to avoid delay;

(G) The Commission’s backlog of matters and the impact of granting a postponement on other pending matters;
(H) Whether the claimant or requester representative is engaged in a trial or other hearing that conflicts with the Commission hearing;

(I) Whether, pursuant to Government Code 17554, all parties have stipulated to a postponement; and

(J) Whether the interests of justice are best served by a postponement, by moving forward with the hearing on the matter, or by imposing conditions on the postponement.

(3) Approval of Requests for Postponement

(A) A request filed by the claimant or requester at least 15 days before the hearing shall be approved by the executive director for good cause.

(B) A request filed by stipulation of the parties, including the claimant or requester, shall be approved by the executive director for good cause.

(C) A request filed by the claimant or requester less than 15 days before the hearing may be approved by the executive director for good cause.

(D) A request filed by an interested party may be approved by the executive director for good cause. If a state agency makes a request before filing comments on the test claim, that request shall be accompanied by a notice of intent to oppose the test claim in whole or in part.

(4) Postponement on Commission Staff’s Own Motion: The executive director may postpone a hearing on a matter for good cause and shall notify all persons on the mailing list prepared pursuant to section 1181.4 of these regulations.

(c) Continuance of a Hearing

(1) Prior to the adoption of its written decision on the matter being heard, the Commission on its own motion, or upon a clear showing of good cause at the request of a party, may continue a hearing to another time or place. Written notice of the time and place of the continued hearing, except as provided herein, shall be in accordance with section 1187.1 of these regulations. When a continuance is ordered during a hearing, oral notice of the time and place of the continued hearing may also be given to each party present at the hearing.

(2) In determining whether there is good cause for a continuance within the meaning of subdivision (a) the following policy should be taken into consideration: Continuances are not favored by the Commission. The parties are expected to submit for decision all matters in controversy at a single hearing and to produce at the hearing all necessary evidence, including witnesses, documents and all other matters considered essential in the proof of a party’s allegations. Continuances will be granted only upon a clear showing of good cause.

§ 1187.10. Decision; Action on Proposed Decision.

(a) The Commission shall adopt a decision for all matters subject to hearings and decisions under article 7 of these regulations.

(b) If a matter is heard before the Commission itself, the Commission may adopt the proposed decision on the same day as the hearing.
(c) If a matter is heard by a hearing panel or a hearing officer alone, the panel or hearing officer shall prepare a proposed decision that may be adopted as the decision of the Commission at the next Commission meeting.

(d) A copy of the proposed decision shall be filed by Commission staff as a public record and a copy of the proposed decision shall be served by Commission staff on each party. The Commission itself may adopt the proposed decision or decide the case itself, provided that the Commission itself shall decide no matters provided for in this subdivision without affording the parties the opportunity to present either oral or written argument before the Commission.

(e) If the proposed decision of Commission staff is not adopted by the Commission, as provided in subsections (b) or (c), the Commission shall direct appropriate modification of the proposed decision and thereafter adopt it as the Commission's decision.

(f) Except as provided for in subdivision (b), the proposed decision shall be prepared within a reasonable time following submission of the matter to the hearing officer or panel, and within a reasonable time after the evidentiary hearing. It shall be served on the parties promptly thereafter.

A copy of the decision shall be served on those identified on the mailing list established pursuant to section 1181.4 of these regulations. The effective date of the decision is the date it is first mailed or served.

(b) After a decision has been adopted and served, it shall not be changed except to correct clerical errors, in which case a corrected decision shall be prepared and served on all persons on the mailing list prepared pursuant to section 1181.4 of these regulations.

A matter, or any portion of a matter, other than a test claim, may be withdrawn by written application of the claimant or requester any time before a decision is adopted, or by oral application at the time of hearing. A test claim, or portion thereof, may be withdrawn by the claimant upon written application to the executive director any time before a decision is adopted or after enactment of a legislatively determined mandate on the same statute or executive order pursuant to Government Code section 17574. The claimant or requester shall certify, file, and serve the written application in accordance with section 1181.3 of these regulations. Dismissal of items withdrawn pursuant to this section shall be in accordance with the procedures described in section 1187.15 of these regulations.

Note: Authority cited: Sections 17527(g) and 17553(a), Government Code. Reference: Sections 17551 and 17553, Government Code.

(2) The claimant or requester provides written notification to the Commission of its withdrawal from a test claim.

(3) The matter has been postponed or placed on inactive status by the claimant or requester for a period of more than one year. However, delays or postponements under the following circumstances will not be considered for purposes of computing whether a matter has been postponed or placed on inactive status by the claimant for more than one year:

(A) Delays or postponements made at the request of the Commission or opposing party to the claim or request;

(B) Delays or postponements, made at the request of the claimant or requesting party, pending the resolution of a matter currently before the Commission of an issue similar to or related to the postponed matter; and

(C) Delays or postponements, made at the request of the claimant or requesting party, pending the resolution of litigation of an issue similar to or related to the postponed matter.

(a) A matter, other than a test claim, that has been withdrawn in accordance with 1187.12 or deemed abandoned in accordance with section 1187.13, may be dismissed by the executive director. Commission staff shall provide written notice of dismissal to everyone on the mailing list for the matter to be dismissed.

(b) A test claim that has been withdrawn or deemed abandoned may be dismissed by the Commission on its own motion or by a motion of a party after notice and an opportunity to be heard has been made to the claimant, parties and interested parties as provided below.

(1) For test claims that are withdrawn, deemed abandoned, or filed by an agency that is not eligible to seek reimbursement because it is not subject to the taxing and spending limitations of article XIII A and B of the California Constitution, Commission staff shall serve written notice to initiate dismissal of the test claim to everyone on the mailing list for the matter. The notice shall announce that another local agency or school district may take over the claim by substitution of parties within 60 days of the issuance of the notice. The notice shall also announce the opportunity to provide written comments on the proposed dismissal of the test claim. A copy of the notice shall also be posted on the Commission’s website.

(2) Written comments shall be certified, filed, and served in accordance with section 1181.3 of these regulations. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.
§ 1187.15. Reconsideration of an Adopted Decision.

(a) Notwithstanding section 1187.11(b) of these regulations, the Commission may make
substantive changes to an adopted decision under this section or order a reconsideration of all or
part of a matter on petition of any party. The power to order a reconsideration or amend a test
claim decision shall expire 30 days after the adopted decision is delivered or mailed to the
claimant. If additional time is needed to evaluate a petition for reconsideration filed before the
expiration of the 30-day period, the Commission may grant a stay of that expiration for no more
than 30 days, solely for the purpose of considering the petition. A request for reconsideration
shall be deemed automatically stayed for the 30-day period. If no action is taken on a petition
within the time allowed for ordering reconsideration, the petition shall be deemed denied.

(b) Except as provided elsewhere in this section, any party, interested party, or Commission
member may request that the Commission reconsider and change an adopted decision to correct
an error of law.

   (A) An explanation of the reasons for the request for reconsideration; and,
   (B) All documentation the requester intends to submit to support the request;
(4) A description of the proposed change; and,
(5) If representations of fact are made, they shall be supported by documentary or testimonial
evidence, submitted in accordance with section 1187.5 of these regulations.

(d) Commission member requests may be made orally during a regularly scheduled Commission
meeting. Commission staff shall prepare the written request, as specified in subsections (c)(1-4)
above.

(e) Any signatory to a written agreement that settles a matter may not request reconsideration of
that matter if the matter is settled with prejudice.

(f) Before the Commission considers the request for reconsideration, Commission staff shall
prepare a written analysis regarding whether the adopted decision is contrary to law which shall
include but not be limited to a review of the written comments filed by other state agencies,
interested parties, and the requester. Commission staff shall make a recommendation in the
analysis on whether the request for reconsideration should be granted. The Commission shall
consider the request for reconsideration at a scheduled meeting. Five affirmative votes shall be
required to grant the request for reconsideration.

(g) If the Commission grants the request for reconsideration, a hearing shall be conducted to
determine if the adopted decision in question must be revised to correct an error of law.

(1) The following procedures shall govern the Commission's reconsideration of the adopted
decision:

(A) At least eight weeks before the Commission is scheduled to consider whether an adopted
decision is contrary to law, or at another time required by the executive director, Commission
staff shall prepare a draft proposed decision and distribute it to those identified on the mailing list
for the matter established pursuant to section 1181.4 of these regulations and any person who
requests a copy.

(B) Written comments may be filed with Commission staff concerning the draft proposed
decision. All representations of fact shall be supported by documentary or testimonial evidence,
submitted in accordance with section 1187.5 of these regulations. Written comments shall be
certified, filed, and served in accordance with section 1181.3 of these regulations. A three-week
period for comments shall be given, subject to the executive director's authority to expedite all
matters pursuant to Government Code section 17530. All written comments timely filed shall be
reviewed by Commission staff and may be incorporated into the proposed decision regarding
whether the adopted decision is contrary to law and presented to the Commission before the
scheduled meeting.

(2) The procedures set forth in article 7 shall govern the Commission's hearings and decisions
process, except that five affirmative votes shall be required to change an adopted decision.

(h) If the Commission changes an adopted decision, the procedures set forth in Sections 1183.7
through 1183.14 of these regulations shall govern the adoption of parameters and guidelines and
the statewide cost estimate, if applicable.

(i) Failure to seek Commission reconsideration of an adopted decision shall not affect a
claimant's or state agency's right to seek judicial review pursuant to Government Code section
17559(b).

(j) This section only applies to reconsiderations requested pursuant to Government Code section
17759(a); it does not apply to remands or reconsiderations directed by the courts or by statute.

(B) If the executive director determines that the petition is not complete, it shall be returned to the petitioner accompanied by a statement of its defects. The petitioner may correct the petition and resubmit it at any time.

(3) Upon certification by the executive director, the Commission shall, within 60 days from the filing of the petition, deny the petition, stating the reason for the denial in writing, or grant the petition, directing staff to prepare an appropriate order pursuant to subdivision (b) of this section.
(b) Commission Order to Institute a Rulemaking Proceeding. Article 10. Mandate Redetermination Process

§ 1190.1. Filing a Request to Adopt a New Test Claim Decision.

(a) A local agency or a school district, statewide association of local agencies or school districts, the Department of Finance, Office of the State Controller, or other affected state agency, may file a request to adopt a new test claim decision to supersede a previously adopted test claim decision by making a showing that the state’s liability pursuant to Article XIII B, section 6(a) of the California Constitution for the previously adopted test claim decision has been modified based on a "subsequent change in law" as defined by Government Code section 17570(a)(2). Such a request is known as a "request for mandate redetermination."

(b) All requests for mandate redetermination shall be filed on a form developed by the executive director and shall contain a detailed analysis of how and why the state’s liability for mandate reimbursement has been modified pursuant to article XIII B, section 6(a) of the California Constitution and all of the elements and accompanying documents required by the form and Government Code section 17570(d). If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations.

(c) The detailed analysis of how and why the state’s liability for mandate reimbursement has been modified pursuant to article XIII B, section 6(a) of the California Constitution based on a
"subsequent change in law" as defined by Government Code section 17570 requires more than a written narrative or simple statement of the facts and law. It requires the application of the law (Gov. Code § 17570 (a) and (b)) to the facts (i.e. the alleged subsequent change in law) discussing, for each activity addressed in the prior test claim decision, how and why the state’s liability for that activity has been modified. Specific references shall be made to statutes and chapters, articles, sections, and page numbers that are alleged to impose or not impose a reimbursable state-mandated program.

(d) The requester shall file a request for mandate redetermination and accompanying documents with the Commission shall be certified, filed, and served in accordance with section 1181.3 of these regulations.

(e) Within 10 days of receipt of a request for mandate redetermination, Commission staff shall notify the requester if the request is complete or incomplete and refer the requester to these regulations. Requests for mandate redetermination shall be considered incomplete if any of the elements required in subdivisions (b), (c), or (d) of this section are illegible or are not included. If a complete request for mandate redetermination is not received within 30 calendar days from the date the incomplete request was returned, the executive director shall disallow the original request filing date. New requests for mandate redetermination may be accepted on the same subsequent change in law alleged to modify the state’s liability pursuant to article XIII B, section 6(a) of the California Constitution.

(f) A request for mandate redetermination shall be filed on or before June 30 following a fiscal year in order to establish eligibility for reimbursement or loss of reimbursement for that fiscal year.

(g) A requester may not add a new subsequent change in law to a request for mandate redetermination after the request has been deemed complete.

(h) Any request for mandate redetermination that fails to allege a "subsequent change in law," as defined by Government Code section 17570, shall be returned by the executive director with a written notice stating the reason that the request is being returned. These filings may include, but are not limited to, requests that meet the requirements for a proposed parameters and guidelines amendment or a new test claim filing.

Note: Authority cited: Sections 17527(g), 17553(a) and 17570(d), Government Code. Reference: Sections 17530 and 17570, Government Code.

§ 1190.2. Review and Response.

(a) Within 10 days of receipt of a complete request for mandate redetermination, Commission staff shall send a written notice to the Department of Finance, Office of the State Controller, any affected state agency, the original test claimant, and any known interested party, that:

(1) A copy of the request for mandate redetermination has been posted on the Commission’s website, and

(2) Written comments concerning the request for mandate redetermination may be filed within 30 days and evidence may also be presented at the hearing on the request for mandate redetermination.

(b) Content and Form. Written comments on the request for mandate redetermination shall contain the following documentary evidence, if applicable:
§ 1190.3. Rebuttal.

§ 1190.5. Hearing Process and Form of Decision.

Notwithstanding any other provision of these regulations, mandate redetermination process hearings and decisions shall be subject to article 7 of these regulations. There shall be a two-step hearing process for requests to adopt a new test claim decision as follows:

(a) The First Hearing:

(1) The first hearing shall be limited to the issue of whether the requester has made an adequate showing which identifies a subsequent change in law as defined by Government Code section 17570, material to the prior test claim decision, that may modify the state’s liability pursuant to article XIII B, section 6(a) of the California Constitution. The Commission shall find that the requester has made an adequate showing if it finds that the request, when considered in light of all of the written comments and supporting documentation in the record of this request, has a substantial possibility of prevailing at the second hearing.

(2) At least eight weeks before the hearing or at another time required by the executive director or stipulated to by the parties, Commission staff shall prepare a draft proposed decision and distribute it to the parties, interested parties, and any person who requests a copy, and shall post it on the Commission’s website. A request for mandate redetermination is set for the first hearing when Commission staff issues its draft proposed decision. A written notice of the date, time, and place of the first hearing shall be served on everyone on the mailing list described in section 1181.4 of these regulations and posted on the Commission’s website.
(3) Written comments concerning the draft proposed decision may submitted to Commission staff. Written comments shall be certified, filed, and served as described in accordance with section 1181.3 of these regulations, by the date determined and publicized by the executive director. A three-week period for comments shall be given, subject to the executive director's authority to expedite all matters pursuant to Government Code section 17530. If representations of fact are made, they shall be supported by documentary or testimonial evidence, submitted in accordance with section 1187.5 of these regulations. All written comments timely filed shall be reviewed by Commission staff and may be incorporated into the proposed decision of the request to adopt a new test claim decision.

(A) It is the Commission’s policy to discourage the introduction of late comments, exhibits, or other evidence filed after the three-week comment period described in subdivision (a)(3) of this section. The Commission need not rely on, and staff need not respond to, late comments, exhibits, or other evidence submitted in response to a draft proposed decision.

(4) Before the first hearing on the request for mandate redetermination, Commission staff shall prepare a proposed decision limited to the issue of whether the requester has made a showing that identifies a subsequent change in law, material to the prior test claim decision, which may modify the state’s liability pursuant to article XIII B, section 6(a) of the California Constitution. This proposed decision shall consider the request, written comment, rebuttals and supporting documentation filed by the parties and interested parties. The proposed decision for the first hearing shall find that the requester has made an adequate showing if staff finds that the request, when considered in light of all of the written comments and supporting documentation in the record of this request, has a substantial possibility of prevailing at the second hearing.

(5) If, at the first hearing, the Commission finds that:

(A) The requester has not made an adequate showing, when considered in light of all of the written comments, rebuttals and supporting documentation in the record and testimony at the hearing, that the request for mandate redetermination has a substantial possibility of prevailing at the second hearing, the Commission shall publish a decision denying the request for mandate redetermination.

(B) The requester has made an adequate showing, when considered in light of all of the written comments, rebuttals, and supporting documentation in the record and testimony at the hearing, the Commission shall publish a decision finding that an adequate showing has been made and setting the second hearing on whether the Commission shall adopt a new test claim decision to supersede the previously adopted test claim decision.

(6) Everyone on the mailing list described in section 1181.4 of these regulations shall be provided written notice that the Commission’s decision has been posted on the Commission’s website and, if applicable, that the date, time, and place of the second hearing have also been posted on the Commission’s website.

(b) The Second Hearing:

(1) If the Commission proceeds to the second hearing, it shall consider whether the state’s liability pursuant to article XIII B, section 6(a) of the California Constitution has been modified based on the subsequent change in law alleged by the requester, thus requiring adoption of a new test claim decision to supersede the previously adopted test claim decision. If the Commission finds that the state’s liability pursuant to article XIII B, section 6(a) of the California Constitution...
has been modified based on the subsequent change in law alleged by the requester, it shall adopt
a new decision that reflects the modified liability of the state.

(2) Before the second hearing, Commission staff shall prepare a proposed decision. At least eight
weeks before the hearing or at another time required by the executive director or stipulated to by
the parties, Commission staff shall prepare a draft proposed decision and distribute it to everyone
on the mailing list described in section 1181.4 of these regulations and post it on the
Commission’s website. The proposed decision shall consider the request, and any written
comments and rebuttals and supporting documentation filed.

(3) Any party or interested party may file written comments concerning the draft proposed
decision with Commission staff. Written comments shall be certified, filed, and served as
described in accordance with section 1181.3 of these regulations, by the date determined and
publicized by the executive director. A three-week period for comments shall be given, subject to
the executive director's authority to expedite all matters pursuant to Government Code section
17530. If representations of fact are made, they shall be supported by documentary or testimonial
evidence, submitted in accordance with section 1187.5 of these regulations. All written
comments timely filed shall be reviewed by Commission staff and may be incorporated into the
proposed decision.

(A) It is the Commission’s policy to discourage the introduction of late comments, exhibits, or
other evidence filed after the three-week comment period described in subdivision (b)(3) of this
section. The Commission need not rely on, and staff need not respond to, late comments,
exhibits, or other evidence submitted in response to a draft proposed decision.

(4) If, at the second hearing, the Commission finds that the state’s liability pursuant to article
XIII B, section 6(a) of the California Constitution:

(A) has not been modified based on a subsequent change in law as defined by Government Code
section 17570 (a)(2), the Commission shall publish a decision denying the request.

(B) has been modified based on a subsequent change in law, as defined by Government Code
section 17570 (a)(2) the Commission shall adopt a new decision to supersede the prior decision.
The new decision shall be prepared in writing, based on the record, and shall include a statement
of reasons for the decision, findings, and conclusions.

(5) Everyone on the mailing list described in section 1181.4 of these regulations shall be
provided written notice that a copy of the decision has been posted on the Commission’s
website.

(6) After a decision or proposed decision has been served or posted on the Commission’s
website, it shall not be changed except to correct clerical errors, in which case a corrected
decision or proposed decision shall be prepared and posted on the Commission’s website.
Everyone on the mailing list described in section 1181.4 of these regulations shall be provided
written notice that a copy of the revised decision has been posted on the Commission’s website.

(7) If a new decision is adopted that finds that the State’s liability under article XIII B, section
6(a) of the California Constitution has been modified, the amount and method of reimbursement
shall be determined in accordance with article 3 of these regulations.
