County of Los Angeles, Claimant  
POST Bulletin 98-1, Issued on January 9, 1998

Dear Mr. Kaye:

The Commission on State Mandates determined that the subject test claim submittal is complete. The test claim initiates the process for the Commission to consider whether the provisions listed above impose a reimbursable state-mandated program upon local entities. State agencies and interested parties are receiving a copy of this test claim because they may have an interest in the Commission's determination.

The key issues before the Commission are:

- z Do the provisions listed above impose a new program or higher level of service within an existing program upon local entities within the meaning of section 6, article XIII B of the California Constitution and costs mandated by the state pursuant to section 17514 of the Government Code?
- z Does Government Code section 17556 preclude the Commission from finding that any of the test claim provisions impose costs mandated by the state?

If the Commission determines that a reimbursable state mandate exists, the claimant is responsible for submitting proposed parameters and guidelines for reimbursing all eligible local entities. All interested parties and affected state agencies will be given an opportunity to comment on the claimant's proposal before consideration and adoption by the Commission.

Finally, the Commission is required to adopt a statewide cost estimate of the reimbursable state-mandated program within 12 months of receipt of an amended test claim. This deadline may be extended for up to six months upon the request of either the claimant or the Commission.

Please contact Nancy Patton at (916) 323-8217 if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Shirley Opie". The signature is written in a cursive, flowing style.
