Subject: Crime Victims Incident Reports - Status Update, 02-TC-18

Mr. Kaye and Ms. Castañeda,
Los Angeles County timely filed proposed parameters and guidelines and also included information that could be considered for a reasonable reimbursement methodology. However, there is no evidence in the record as to whether the County and the Department of Finance are seeking agreement on a Reimbursement Methodology in lieu of parameters and guidelines. As to the proposed parameters and guidelines, the Department of Finance did not file comments.

Please advise how this matter should proceed: Proposed Parameters and Guidelines, or RRM (Gov. Code, §§ 17557.1-17557.2). We would like to set this matter for hearing.

No RRM, we need to reissue LA's proposal and set a new 30-day comment period for DOF.
