Subject: Proposed RRM for POBOR II and Request for Pre-hearing

Hi Nancy,

The City of Newport Beach will be submitting its draft parameters and guidelines for the POBOR II mandate later this month. Our CSAC-League of Cities Committee discussed the value of having an RRM included in those P's and G's with the City's representative and that is the City's desire as well. Obviously, those P's and G's will later need to be combined with the current POBOR set.

To assist with the development of the RRM, the SB 90 Service volunteered to put a draft survey instrument and proposed data gathering process together for the City that can be used to support the proposed RRM that the City plans to submit to the Commission sometime early next year. We plan on completing that draft in the next few weeks. Before doing any surveying, we would like to have a prehearing to discuss our understanding of the specific activities we plan to survey with your staff and other state and local representatives. Would it be possible to have a prehearing on Thursday morning, January 27, 2012? We could do it in the afternoon; however the CSAC-League committee is meeting from 1:30 p.m. to 4:30 p.m. that day and we would prefer to avoid that time frame if possible. Our preferred time would be from 11:00 a.m. to noon.

Let me know if this is possible and if there is anything I need to do.

Allan
