5.0 Introduction of New CBOC / Subcommittee Member Robert Mathews	▪ Member Mathews introduced himself to the Subcommittee and discussed his background in finance.
6.0 Review and Discussion of FACS Report	▪ Mr. Dunbar presented the FACS report as of May 31 and June 30. He explained highlighted areas of interest to the Subcommittee. ▪ Mr. Dunbar stated that original Phase 2B projects had been closing out. ▪ Mr. Dunbar pointed out that budgets were being monitored for Phase 3A science classroom buildings. He stated that any surpluses would be shifted to the reserve and reallocated into Proposition H projects.

6.0 Review and Discussion of FACS Report (Continued)	▪ Ms. Wright mentioned that budgets are updated on a monthly basis.
7.0 Progress Report for Performance Audit	▪ Ms. Floyd stated that an update on the annual audit was unavailable at that time. She stated that the auditors would return to the District office the second week of September to complete the annual audit.
8.0 Other Business	▪ Mr. Kiesling stated that staff would present changes to the program budget to the Subcommittee on a quarterly basis. ▪ Mr. Kiesling presented a draft of changes to the financial status summary bar chart. ▪ The Subcommittee requested that staff present this report to the CBOC at their July 29 meeting. ▪ Mr. Patterson mentioned that in 2007 staff had added $12 million from deferred maintenance into the Proposition H program to help fund bond projects. He stated that since it had been added to the program, Proposition U passed and state deferred maintenance funds have decreased. He stated that in order to fund projects not covered by the bond program, every dollar that hadn't been expended or committed would need to be returned to deferred maintenance. ▪ Mr. Patterson stated that program management costs would be shifted from Proposition H to Proposition U in June 2010. ▪ Mr. Patterson proposed that the District's financial advisor, Mark Young, be brought to a future CBOC meeting to discuss the tax rate with members.
9.0 Future Agenda Items	▪ Performance/Compliance Audit Update ▪ FACS Report ▪ Review and Discussion of Financial Status Summary

10.0 Adjournment	▪ The meeting was adjourned at 6:33 p.m.

Grossmont Union High School District

Audit & Finance Subcommittee

of the

Proposition H/U Citizens' Bond Oversight Committee

Thursday, October 22, 2009

Grossmont Union High School District Office; Conference Room 2

5:30 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Acting Subcommittee Chair Rob Mathews at 5:30 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Marcie Findley, Penny Halgren, Rob Mathews *Staff Present:* Bob Kiesling, Andi Loree, Penny McGrew, Joe Mercado, Debbie Murray, Katy Wright *Others Present:* Heather Daud, Christy White
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Review and Discussion of Annual CBOC Audits	▪ Ms. Loree introduced Ms. Daud and Ms. White of Nigro, Nigro, and White to the Subcommittee. ▪ Ms. Loree stated that she believed that both the District and Bond audits would be brought before the Governing Board at their December 10 meeting.

5.0 Review and Discussion of Annual CBOC Audits (Continued)	▪ The Subcommittee discussed the Proposition H audit with Ms. Daud, Ms. White, and District staff. ▪ Ms. White mentioned that the audit stated that all amounts reported were materially correct. ▪ Ms. White stated that they had found one item of noncompliance in the performance audit report for Proposition H. ▪ Ms. White pointed out that a sample of projects under $30,000 was tested and one contractor caught their attention for further review. She stated that payments had been made for just under $30,000 for similar work when looking at invoices alone. ▪ Ms. White suggested that packages of projects and what constitutes a project might need better policy and definition. ▪ Ms. White pointed out that the company had a contract at the same site to conduct other work that had been formally bid. ▪ Ms. Loree presented a handout to the Subcommittee listing the contractor's projects under $30,000. ▪ Ms. White stated that the audit recommended that moving forward, especially with the new bond, the District should create clear definitions, policies, and procedures to help avoid the appearance of an issue with the bid process. ▪ Ms. White stated that District's response to the finding would be included in the final audit report. ▪ Mr. Kiesling stated that the District had hired a contract specialist to ensure that contracts follow correct procedures. ▪ Mr. Kiesling stated that he did not have a problem with the recommendation to continue to describe proper contract procedures. ▪ Mr. Kiesling suggested that a definition of projects might be helpful for future audits and reviews. ▪ Ms. Daud pointed out that at the level the project was reviewed, it didn't

5.0 Review and Discussion of Annual CBOC Audits (Continued)	appear to be compliant. She stated that though this wasn't the only project to appear to be noncompliant, it was the only one reviewed in depth. ▪ The Subcommittee discussed the Proposition U audit with Ms. Daud and District staff. ▪ Ms. Wright stated that staff would review the audit further and report back to the Subcommittee. ▪ Mr. Kiesling pointed out that expenditures for staff salaries were tested, as previously requested by prior CBOC Member Walter Heiser, and none were found to be inappropriate.
6.0 Review and Discussion of FACS Report	▪ Ms. Wright presented and discussed the FACS report to the Subcommittee, reporting on changes from the previous two months. ▪ Ms. Wright pointed out that Mount Miguel High School and Valhalla High School both had ongoing Phase 2B construction. ▪ Ms. Wight mentioned that Phase 3A construction would continue through summer 2010. ▪ Ms. Wright stated that when projects had been bid, there was $9 million in savings. She pointed out that this surplus was moved into reserves. ▪ Mr. Kiesling stated that staff would bring changes to the program budget to the Subcommittee on a quarterly basis.
7.0 Progress of CBOC Consultant Contract and Fees	▪ No contract was provided to the Subcommittee for review and discussion.
8.0 Other Business	▪ **Member Findley moved that Member Mathews be appointed as Subcommittee Chair. Member Halgren seconded. Motion approved unanimously.**

9.0 Future Agenda Items	▪ Review of Annual Audit ▪ FACS Report
10.0 Adjournment	▪ The meeting was adjourned at 7:20 p.m.

Grossmont Union High School District

Audit & Finance Subcommittee

of the

Proposition H/U Citizens' Bond Oversight Committee

Wednesday, December 9, 2009

Grossmont Union High School District Office; Conference Room 1

5:15 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Subcommittee Chair Mathews at 5:18 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Marcie Findley, Penny Halgren, Rob Mathews *Staff and Others Present:* Heather Daud, Patty Floyd, Bob Kiesling, Ken Leighton, Andi Loree, Joe Mercado, Scott Patterson, Christy White, Katy Wright
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Review and Discussion of CBOC Annual Audit Report	▪ Mr. Patterson pointed out that one finding was removed from the Proposition U audit report as it was not relevant to the Proposition U bond program. ▪ Mr. Patterson pointed out that there were originally three instances mentioned in the report that appeared to be projects that should have been competitively bid,

5.0 Review and Discussion of CBOC Annual Audit Report (Continued)	and that it had been reduced to two after discussion with the auditors. He mentioned that District staff did not agree with the report on one of these instances. ▪ Mr. Patterson pointed out that a full-time contract specialist had been hired to ensure that all contracting is conducted consistently. ▪ Mr. Patterson stated that guidelines and clear requirements for competitive bidding were being created. ▪ Ms. White stated that in the 2009-2010 audit the auditors would follow up on this issue to evaluate and ensure that the District is in compliance. ▪ Ms. White explained the audit process to the Subcommittee. She pointed out that an opinion is given in the performance audit. ▪ Mr. Kiesling pointed out that Mr. Goshorn is able to conduct project reviews based on areas the Committee would like more information on. He stated that three audits are proposed for each year, and only two had been approved for the current year. He stated that the Third Party Review recommended that more project reviews be conducted. ▪ The Subcommittee agreed that the audit report will be presented to the CBOC at their January 27 meeting, and to the Governing Board at their February 11 meeting. ▪ **Member Findley moved to accept the audit report. Member Halgren seconded. All members in favor, motion approved unanimously.**
6.0 Review and Discussion of FACS Report	▪ Ms. Wright explained that the FACS report had been in transition from Harris and Associates to Gafcon. ▪ Mr. Mercado presented the FACS report to the Subcommittee. ▪ Mr. Mercado pointed out that the projected surplus in Phase 3A had decreased since the September report due to changes in the project managers' forecasts for fiber cement panels.

6.0 Review and Discussion of FACS Report (Continued)	▪ Mr. Patterson gave information on the history of the FACS report.
7.0 Review and Discussion of CBOC Consultant Contract	▪ Mr. Kiesling described the role and responsibilities of the CBOC Consultant, Mr. Goshorn. He pointed out that a one-year contract was awarded in 2007, with four one-year renewals. ▪ Mr. Kiesling pointed out that each year, Mr. Goshorn presents a budget of what he expects will be spent during the year. He pointed out that the budget proposed that Mr. Goshorn conduct three project reviews, but that only two had been completed at that point. ▪ Mr. Kiesling mentioned that the Audit & Finance Subcommittee is tasked with reviewing Mr. Goshorn's contract prior to its renewal.
8.0 Review and Discussion of Lease-Lease Back Delivery Method as Recommended in Third Party Review	▪ Mr. Kiesling presented a report to the Subcommittee with information on various construction delivery methods. ▪ Mr. Kiesling described CM multi prime and design build to the Subcommittee. ▪ Mr. Kiesling gave information on lease-lease back delivery method to the Subcommittee. He stated that first the project is designed, then the contractor is selected, the guaranteed maximum price is set, and then the project is built. ▪ Mr. Kiesling stated that Phase 3A science classrooms are identical at Monte Vista and El Capitan High Schools, and that Monte Vista High School's science building is being built with the lease-lease back method in order to compare and learn of any benefits to using this method. ▪ Mr. Kiesling stated that the lease-lease back method was being considered for the new Alpine high school.

9.0 Other Business	▪ Mr. Patterson presented a copy of the Attorney General's opinion on salaries charged to the bond program to the Subcommittee. He stated that it is acceptable to pay for program management staff out of the bond program if they are actually working on the program. ▪ Mr. Patterson pointed out that the staff whose salaries are charged to the bond are required to document their time three to four weeks out of the year to ensure the proportions of time they spend on the bond is consistent with the percentage of their salary being charged to the bond. If it is inconsistent, then the amount of their salary charged to the bond is adjusted.
10.0 Future Agenda Items	▪ Breakdown of funding sources for Propositions H and U
11.0 Adjournment	▪ The meeting was adjourned at 6:42 p.m.

Grossmont Union High School District

Audit & Finance Subcommittee

of the

Proposition H/U Citizens' Bond Oversight Committee

Wednesday, January 20, 2010

Grossmont Union High School District Office; Conference Room 2

5:15 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Subcommittee Chair Mathews at 5:15 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Marcie Findley, Rob Mathews *Members Absent:* Penny Halgren *Staff Present:* Bob Kiesling, Ken Leighton, Andi Loree, Joe Mercado, Scott Patterson, Katy Wright
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Discussion of Audit Presentation to CBOC and Governing Board	▪ Subcommittee Chair Mathews stated that he would present the Audit to the CBOC at their January 27 meeting. ▪ Subcommittee Chair Mathews mentioned that he would not be able to present the report at the February 11 Governing Board meeting, and that he would ask Member Halgren if she would be able to present the report.

6.0 Review and Discussion of FACS Report	▪ Mr. Mercado presented and discussed the November and December FACS reports to the Subcommittee. ▪ Mr. Mercado mentioned that most of the changes in the December report were due to the Valhalla High School Phase 2B project change orders. Ms. Wright pointed out that these change orders were owner-requested. ▪ Mr. Kiesling stated that any surplus at the end of a project is moved into a reserve account and reprogrammed for new projects. ▪ Staff discussed budget forecasting with the Subcommittee. ▪ Staff discussed the PMO transition to Proposition U and stated that it would most likely happen in the March cycle. ▪ Subcommittee Chair Mathews requested that information on the available cash position be brought to the February Subcommittee meeting.
7.0 Other Business	▪ Mr. Kiesling and Ms. Wright presented and discussed the staff response to the Third Party Review recommendations. ▪ Mr. Kiesling mentioned that staff would have information on the comparison between hard bid and lease-lease back projects in April. ▪ Ms. Wright discussed the staff's responses with the Subcommittee. ▪ Ms. Wright pointed out that the Third Party Review only looked at the top level information on the FACS report, though further detail was available at other levels.
8.0. Future Agenda Items	▪ Cash Situation ▪ FACS Report ▪ Third Party Review Response
9.0 Adjournment	▪ The meeting was adjourned at 5:53 p.m.

Grossmont Union High School District

Audit & Finance Subcommittee

of the

Proposition H/U Citizens' Bond Oversight Committee

Wednesday, February 17, 2010

Grossmont Union High School District Office; Conference Room 2

5:15 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Subcommittee Chair Rob Mathews at 5:15 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Marcie Findley, Penny Halgren, Rob Mathews *Staff Present:* Bob Kiesling, Ken Leighton, Andi Loree, Joe Mercado, Scott Patterson, Katy Wright
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. The motion was seconded; Member Halgren abstained; all others in favor; motion passed.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Review and Discussion of FACS Report	▪ Mr. Mercado reviewed the FACS report with the Subcommittee. He pointed out activity in each Phase of construction. ▪ Mr. Mercado pointed out that the deficit had been reduced, largely due to changes in the Steele Canyon High School Phase 3BR projects on their track and field, as funds had been provided by the County of San Diego through Dianne Jacob's office.

5.0 Review and Discussion of FACS Report (Continued)	▪ The Subcommittee discussed Proposition H and U scopes, budgets, and timelines. ▪ Mr. Kiesling mentioned that when a project is re-scoped and the budget is adjusted, the funds typically would come from the reserve. ▪ Mr. Kiesling pointed out that staff would review the budget with the Subcommittee on a quarterly basis. ▪ Mr. Mercado discussed the increase in the Granite Hills High School's Phase 3A budget. ▪ Ms. Wright discussed the past difficulties with the Granite Hills High School Phase 3A project. ▪ Mr. Mercado pointed out that staff had changed the column title "Total Commitments," to "Forecast Cost at Completion," as requested by the Subcommittee. ▪ Mr. Mercado presented a draft of the Proposition U FACS Report to the Subcommittee. He stated that it included data from Phase 9U. ▪ The Subcommittee discussed the format of data presented in the FACS report. ▪ Mr. Mercado pointed out data from the purchase of three land parcels for the new High School. ▪ The Subcommittee discussed the new High School enrollment trigger. ▪ Mr. Patterson pointed out that program management costs would reduce in the Proposition H report due to being shifted to Proposition U.
6.0 Cash Position / Cash Forecast	▪ Mr. Kiesling presented information on the Proposition H and U cash forecast. ▪ Mr. Kiesling pointed out that the lack of state funding for Proposition H would be a major problem in the future until the funds are received. ▪ Mr. Kiesling mentioned that project managers would work on setting project priorities for each site and that they would shift projects funded out of state matching dollars to the end of the program.

6.0 Cash Position / Cash Forecast	▪ The Subcommittee discussed Proposition H and U budgets and timelines. ▪ Mr. Kiesling stated that staff would reestablish a priority list and bring it to the Governing Board.
7.0 Other Business	▪ Mr. Patterson mentioned that at the February 11 Governing Board meeting a non-responsive low bidder protested that though they did not submit a required form in their bid packet for Steele Canyon High School's IP phone system, they had the lowest bid. He stated that the contractor requested that the Board award them the project, and that staff recommended that the second lowest bidder be awarded the contract. ▪ Mr. Patterson stated that the Board was uncomfortable awarding the contract to the non-responsive bidder and that staff requested that the item be withdrawn from the agenda to be brought back in the future with scope changes. ▪ Mr. Patterson pointed out that the project would not be re-bid due to the protest but to increase the scope of work and potentially save money in other areas. ▪ Mr. Patterson mentioned that the contractor would have the opportunity to re-bid on the project.
8.0 Future Agenda Items	▪ No discussion or action.
9.0 Adjournment	▪ The meeting was adjourned at 6:30 p.m.

Grossmont Union High School District

Audit & Finance Subcommittee

of the

3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Motion seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Review and Discussion of FACS Report	▪ Ms. Wright discussed the January, February, and March Proposition H FACS reports. ▪ The Subcommittee discussed project budgets and how they are updated with staff. ▪ Mr. Mercado discussed the draft Proposition U FACS report with the Subcommittee.

6.0 Cash Position Update	▪ Ms. Wright mentioned that though the District is eligible for $92 million in state matching funds total, it is unavailable. She pointed out that the District would receive state funds sooner than previously expected. ▪ Ms. Wright discussed the projects that were planned for the next two years, pointing out which would be put on hold due to lack of state matching funds. ▪ Ms. Wright mentioned that staff believed it would be important to continue work on the Viking Center, Homestead/Frontier, and Work Training Center. ▪ Staff discussed different possible solutions to the lack of state matching funds. ▪ Ms. Wright discussed the phases of construction that would be deferred due to lack of state funds. ▪ Mr. Kiesling discussed the information that would be presented to the CBOC and Governing Board. He mentioned the magnitude of the funding situation, amount of funds that had been received, Phase 3BR design, and how projects would be impacted in the future, as well as two scenarios based on when funding will be available to the District.
7.0 Gafcon Fees	▪ Mr. Kiesling stated that staff usually requests a revised fee schedule from Gafcon in order to negotiate fees and recommend to the Board that they approve the contract at the new fee schedule. ▪ Mr. Kiesling pointed out that the District has a one-year contract with Gafcon with four one-year options for renewal. He stated that rates are good for one year. ▪ Mr. Kiesling mentioned that after the four renewals are finished, the District would need to conduct the selection process once again. ▪ Mr. Kiesling stated that the contract with Gafcon would expire if not renewed by June 30.

8.0 Other Business	▪ No discussion or action
9.0 Future Agenda Items	▪ Review and Discussion of FACS Reports ▪ Audit Fees ▪ Colbi Contract
10.0 Adjournment	▪ The meeting was adjourned at 6:20 p.m.

Grossmont Union High School District Office; Superintendent's Office Conference Room

2:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Subcommittee Chair Panknin at 2:02 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Elana Levens-Craig, Jim Panknin *Staff Present:* Larry Goshorn, Bob Kiesling, Catherine Martin, Debbie Murray *Others Present:* CBOC Member Mendy Brant
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Fall CBOC Handout for Proposition U	▪ The Subcommittee discussed the contents of the CBOC Fall Handout with District staff. ▪ Ms. Murray presented a matrix of all Proposition H and U projects to the Subcommittee. She pointed out that the architects had been tasked to work with project managers at each site to ensure the phasing was correct.

5.0 Fall CBOC Handout for Proposition U (Continued)	▪ Mr. Kiesling discussed the end dates of projects at school sites with the Subcommittee. ▪ Chairman Panknin suggested that the handout include information on each of the Propositions, how to find more information online, and an overview of construction occuring at each school site. ▪ Ms. Murray gave information on the community event on October 3, and stated that each school site would be represented with an information table, a one-page handout, and a campus map for projects. ▪ Ms. Murray requestsed that Member Levens-Craig provide information on the event to the PTA. ▪ Member Levens-Craig suggested that the CBOC have an information table at the community event as well, and volunteered to attend. ▪ Chairman Panknin stated that he would like the program matrix to be the inside content of the fall handout. He suggested that the back of the handout have information on CBOC meetings as well as directions to accessing information on the CBOC and District construction websites. ▪ Chairman Panknin requested a copy of the matrix be provided to Mr. Goshorn updated as of September 1, with a note that the information would be subject to change. ▪ Member Levens-Craig stated that she would present the handout to the PTA and request that they pass along copies at their meetings.
6.0 Annual Report 2009 6.1 Planning	▪ Member Levens Craig suggested that the text at the bottom of the first page of the report include information on Proposition U as well. ▪ Mr. Kiesling suggested including information on the educational standards in the annual report. ▪ The Subcommittee discussed changes to

	the financial information presented in the annual report. ▪ The Subcommittee discussed with staff the potential content of the annual report, including "before and after" images of the new science classroom buildings, the land acquisition process, the increased tax rate, the CTE program and construction surrounding it, the state's shortage of matching funds, and information on new members and the organizations they represent.
6.2 Tasking	▪ The Subcommittee assigned tasks to complete the annual report draft. Member Levens-Craig was tasked with proofreading each draft of the report. ▪ Chairman Panknin requested that Mr. Goshorn provide bullet points of information for the Subcommittee to expand upon.
6.3 Timeline	▪ Mr. Goshorn stated that the final draft would need to be completed three weeks prior to being sent to the printers. ▪ Mr. Goshorn pointed out that the report would be presented to the Governing Board at their February 11 meeting, and that the CBOC would need to approve the final draft of the report at their December meeting. ▪ Chairman Panknin requested that only half of the amount as were printed in 2008 be printed for the current report.
7.0 Other Business	▪ Mr. Kiesling presented press on the Proposition H/U program to the Subcommittee. ▪ Ms. Martin described a handout that would include information on the career technical academies, test scores, construction, and contact information. She mentioned that it would be available in school offices and brought to various meetings. ▪ Ms. Martin stated that the handout would promote the District's schools, and that the information had been requested by the military as well as realtors.

8.0 Future Agenda Items	▪ No discussion or action.
9.0 Adjournment	▪ The meeting was adjourned at 3:15 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Subcommittee Chair Panknin at 5:00 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Marcie Findley, Fred Lear, Elana Levens-Craig, Phil Marsh, Carol Nash, Larry Nichols, Jim Panknin *Members Absent:* Mendy Brant, Walter Heiser, Nick Priest
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)*	
5.1 Introduction of New Members	▪ Member Findley was introduced to the Committee, and was appointed to the Audit & Finance subcommittee. Nick Priest was appointed to the Construction Oversight subcommittee.
5.2 Superintendent Collins' Comments	▪ Superintendent Collins stated that on July 31, District staff would ask the Governing Board for a new bond measure to be put on the November ballot. ▪ Superintendent Collins mentioned that there is community interest in career technology education programs. He pointed out that

5.2 Superintendent Collins' Comments (Continued)	career facilities were not included in Proposition H. ▪ Superintendent Collins stated that he would be speaking to the Governing Board regarding building a high school in Alpine, as well as the economy. ▪ Superintendent Collins stated that property values are closely tied to the value and quality of schools in the area. ▪ Mr. Patterson stated that if there is a follow-on bond, staff would want to ensure that projects would be completed as planned.
6.0 Governing Board Update *(S. Patterson)*	
6.1 Colbi Technologies Contract Renewal (July 10)	▪ Mr. Patterson stated that the CBOC recommended the renewal of the contract with Colbi Technologies, Inc., which was approved unanimously by the Governing Board. It is a one-year agreement with three more one-year options.
6.2 American Institute of Architects Membership (July 10)	▪ Mr. Patterson stated that a membership seat for the American Institute of Architects was designated by a unanimous vote. He stated that Mr. Kiesling would work with the organization to appoint a member to the CBOC. After the new member is selected, staff will receive a biography from the member, and their appointment will be ratified by the Governing Board.
6.3 Long Range Facilities Master Plan Update and Discussion of Potential 2008 General Obligation Bond Proposition (July 10)	▪ The Governing Board will review the resolution regarding the Long Range Facilities Master Plan at their July 31 meeting. ▪ Mr. Patterson stated that the current CBOC would continue to oversee the follow-on bond. ▪ Mr. Patterson stated that District staff recommended to the Governing Board that the current program management team remain if a follow-on bond should pass. ▪ Mr. Patterson stated that the Governing Board has the power to vote to change the language of the bond resolution and then vote to approve the new language.

7.0 Program Manager Report *(K. Wright)* 7.1 June Executive Summary 7.2 Long Range Facilities Master Plan Report	▪ The June Executive Summary can be found on the CBOC website as Exhibit 7.1. ▪ Ms. Wright presented and explained the Long Range Facilities Master Plan to the CBOC. It included a demographic analysis, site needs assessment, development and updating of District standards, and financial analysis. ▪ The previous version of the Long Range Facilities Master Plan was created in October 2003. ▪ Ms. Wright stated that program needs were evaluated, and parity was defined. West Hills and Steele Canyon High Schools were used as a standard because they were built most recently. ▪ Ms. Wright stated that the District will be eligible for approximately $50 million in state matching funds. She stated that cost estimates in the plan were not escalated. ▪ Ms. Wright stated that the cost to complete work that should have been completed in the Proposition H program is over $176 million. ▪ Mr. Patterson stated that District staff completed applications to the San Diego County Taxpayers' Association for support and possible endorsement of the bond.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)*	▪ No action or discussion.
9.0 Communications Subcommittee Report *(J. Panknin)* 9.1 Email Distribution of CBOC Communications	▪ Chairman Panknin requested that the Communications Subcommittee be able to send out the CBOC Annual Reports via the District email distribution list.

10.0 Construction Oversight Subcommittee Report *(L. Nichols)*	
10.1 Reduced Responsibility Scope for Subcommittee	▪ Member Nichols pointed out the Construction Oversight Subcommittee's changes to the Subcommittee Responsibilities list. They stated that they would like to remove "reviewing source of funds" and "reviewing design guidelines" from their scope. ▪ The Subcommittee condensed their responsibilities into four bullet points. ▪ **Member Nichols moved to strike "source of funds" and "design guidelines" from the Construction Oversight Subcommittee's responsibilities. Member Marsh seconded. All in favor.**
10.2 Millwork Cost Savings Update	▪ Member Marsh stated that he will present information regarding possible cost savings on millwork in modernized classrooms at the August 27 meeting.
10.3 Project Performance Review	▪ Member Nichols stated that the Subcommittee would be working with Mr. Goshorn at El Capitan High School with a calendar set for the next 30 – 40 days. The Subcommittee will give a report at the August 27 meeting.
11.0 Steering & Planning Subcommittee Report *(M. Brant)*	
11.1 Validation of Remaining Proposition H Projects and Costs	▪ Chairman Panknin stated that he believed the CBOC should only comment on the Proposition H aspect of a possible new bond measure. ▪ Chairman Panknin stated that he would like the CBOC to validate District staff's findings that $176 million is required to finish the remaining work in the Proposition H project and that funding would not be available unless a new bond is passed. ▪ Chairman Panknin stated that he would like to present a statement to the Governing Board saying that Proposition H funding would fall short and that another funding source would be needed to complete the Proposition H program.

11.1 Validation of Remaining Proposition H Projects and Costs (Continued)	▪ Mr. Goshorn pointed out that in the 2007 Annual Report, the CBOC reported that the Committee knew there would not be enough money to complete the program and that additional funding would be required to complete it. He pointed out that the statement had already been made. ▪ Chairman Panknin mentioned that his statement would be in a verbal report to the Governing Board. ▪ **Member Marsh moved to support Chairman Panknin's position that Proposition H funding would fall short and that another funding source will be needed to complete the program. Member Lear seconded. All in favor.**
12.0 Staff Report	▪ No discussion or action.
13.0 Old Business *(Chair)* 13.1 Update on $65 Million Reserve	▪ Mr. Patterson stated that the splitting of the $65 million dollar reserve had been withdrawn from the July 31 Governing Board meeting agenda.
14.0 New Business *(Chair)* 14.1 Meeting Schedule for 2008	▪ Chairman Panknin stated that due to meetings scheduled close to holidays, the November and December meetings would be combined into one. It will be held on Wednesday, December 3, at 5:00 p.m. He requested that the date be published immediately on the CBOC website.
15.0 Future Agenda Items *(Chair)*	▪ No discussion or action.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:13 p.m.

Grossmont Union High School District

Proposition H Citizens' Bond Oversight Committee

Wednesday, August 27, 2008

Grossmont High School; Library

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:06 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Mendy Brant, Marcie Findley, Elana Levens-Craig, Carol Nash, Larry Nichols, Jim Panknin *Members Absent:* Walter Heiser, Fred Lear, Phil Marsh
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded, Member Brant abstained, motion passed.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)*	▪ Chairman Panknin reported that the San Diego County Taxpayers' Association took a "no position" on the Proposition U endorsement request. He stated that their issues were related to deferred maintenance and discretionary funds. ▪ Chairman Panknin stated that the CBOC would not take a position on any Board-related ballot measures in the upcoming November election.

6.0 Governing Board Update *(S. Patterson)* 6.1 Bond Resolution (July 31 & August 4)	▪ Mr. Patterson stated that the Governing Board took two passes at the Bond Resolution. He stated that the first passed with a unanimous vote, which included a modification to the resolution brought before the Board regarding establishing an enrollment "trigger point" before beginning construction on a new high school. ▪ Mr. Patterson stated that the Governing Board met again at a Special Meeting on August 4 to review and re-vote on the resolution, which was approved with a 4/1 vote. ▪ Mr. Patterson stated that the bond was approved for the ballot, and was titled "Proposition U". ▪ Mr. Patterson clarified that the intent of the first Governing Board meeting was to establish a level of 500 students greater than the current enrollment to begin construction on the new high school. District staff was not prepared to give accurate and detailed enrollment data, and a technical correction had to be made on the resolution's enrollment number. ▪ Mr. Patterson stated that the motion was constructed with two main points: the enrollment number would include all high schools and charters, excluding alternative education, and that the trigger will need to be met or exceeded at the point that staff would release bids on the construction phase, which is estimated to be in Summer 2010. ▪ Mr. Patterson explained that the plan would be to build an appropriately sized campus, initially holding 800 students, but expandable to a full-size high school. ▪ Mr. Patterson stated that he would not have the current enrollment data until the end of October, and it will be presented at the December 3 CBOC meeting. ▪ Mr. Patterson stated that the Governing Board would not make a decision regarding the $65 million reserve until after the November election, and that the item was withdrawn from Board consideration.

6.2 2008 Long Range Facilities Master Plan (July 31)	▪ Mr. Patterson stated that the Governing Board officially approved the Long Range Facilities Master Plan, which was presented by Ms. Wright.
6.3 Collaborative for High Performance Schools (CHPS) Design Criteria (July 31)	▪ Mr. Patterson explained that this resolution stated that the District will conform to California standards regarding design and energy efficiency in regards to Proposition U.
6.4 No Public Funds for Bond Advocacy (July 31)	▪ Mr. Patterson pointed out that this is the law, but as part of the application to the San Diego County Taxpayers' Association requesting support for Proposition U, the Board was required to pass a resolution.
6.5 San Diego County Taxpayers' Association Oversight Best Practices (July 31)	▪ Mr. Patterson stated that staff officially requested that the Governing Board adopt the Best Practices and that the CBOC does engage in those practices.
7.0 Program Manager Report *(K. Wright)*	
7.1 July Status Report	▪ Ms. Wright stated that there was a ribbon-cutting ceremony at Santana High School earlier that day and that many projects are finishing rapidly. ▪ Ms. Wright stated that Phase 3A science classrooms are in DSA, and that staff had been preparing bid documents and prequalifying general contractors. ▪ Ms. Wright stated that Phase 3A will test different delivery methods and cost results with prequalified General Contractors, including lease-lease back. ▪ Chairman Panknin advised Ms. Wright that parents at Santana High School had been concerned at the slow rate in which the restrooms were being completed in the gymnasium, which she made note of.
7.2 3BR Status	▪ Ms Wright stated that a budget of $13.4 million had been approved for Phase 3B-R for school sites. ▪ Ms. Wright stated that over the last year, staff consultants had identified and worked with the state for funding that the District qualified for, including new grants. She

7.2 3BR Status (Continued)	proposed that school budgets be increased accordingly. ▪ Ms. Wright stated that $45 million allocated from the Phase 3C reserve would be assumed for planning purposes. ▪ Ms. Wright stated that an RFP went out for new architects to supplement those already working with the District. She stated that staff had been interviewing candidates, and identifying which projects to assign them. ▪ Mr. Kiesling stated that the budget was brought before the Audit & Finance Subcommittee at their August 26 meeting, which was met with approval. ▪ Ms. Wright pointed out that increased budgets are not directly entered into the FACS database until it has gone through the approval process and that there is a clear audit trail. Mr. Kiesling stated that the budget will be presented quarterly to the Audit & Finance Subcommittee.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)*	▪ Member Nash gave a review of information presented to the Audit & Finance Subcommittee by Mr. Patterson and Mr. Kiesling. ▪ Member Nash stated that $15.5 million would be added to the budget, mostly from state cost of living increases. The other portion would come from the strategic grouping of schools to maximize the state funds received for projects at those school sites. ▪ Member Nash pointed out that $15.5 million is a projection at this time, and that the budget will be revised on a quarterly basis and presented to the Audit & Finance Subcommittee. ▪ Member Nash stated that staff will begin the bidding process on phase 3B-R architecture to continue the construction and design process although funds haven't been released from the $65 million reserve yet. ▪ Mr. Patterson stated that staff reviewed the situation from a planning standpoint and are expecting at least $45 million to be released to modernize existing schools.

8.0 Audit & Finance Subcommittee Report (Continued)	▪ Member Brant requested that the CBOC make a recommendation that the Governing Board move forward and release $45 million from the reserve to keep projects moving along and finish modernizing the schools. ▪ Mr. Goshorn stated that it might be appropriate to make a statement that the change in the budget at that time is appropriate to support additional funding. ▪ Mr. Kiesling stated that with the $45 million reserve and the current phase 3B-R funds there would be enough money to continue momentum with Proposition H projects. ▪ **Member Levens-Craig moved that in order to keep momentum going and to maintain economies of scale, the CBOC believes the most efficient use of the $45 million of Proposition H funds in reserve is to release it at this time for Phase 3B-R construction. Member Nash seconded. Motion passed unanimously.** ▪ Mr. Patterson stated that the last issue of Proposition H bonds sold in late July. He pointed out that the market was weak the day of the sale, and that they achieved an average interest rate of 5.2%. ▪ Mr. Patterson stated that the Underwriter had to purchase $10 million because the bonds were not being sold as expected. This was the last sale of Proposition H bonds.
9.0 Communications Subcommittee Report *(J. Panknin)* 9.1 Annual Report	▪ Chairman Panknin stated that the Subcommittee would be drafting the 2008 Annual Report at their September meeting. He requested that any recommendations be brought to the Subcommittee for consideration. ▪ Chairman Panknin pointed out that three different drafts of the report would be created based on three different scenarios: Proposition U passing, Proposition U not passing, and $45 million from the reserve being released to modernization projects.

10.0 Construction Oversight Subcommittee Report *(L. Nichols)*	▪ Member Nichols stated that the Construction Oversight Subcommittee recommended that the new member selection from AIA be appointed to their Subcommittee. ▪ Member Nichols stated that Mr. Goshorn is planning on presenting the El Capitan performance audit at the September 24 CBOC meeting. ▪ Mr. Goshorn explained his work and the process used to generate information for the performance audit. He stated that he went through files, walked through El Capitan High School, and met with the Facilities Planner. ▪ Mr. Goshorn stated that the reporting systems being used works with accounting systems, which he was glad to see. ▪ Member Nichols stated that Member Marsh's millwork project had been fully presented to District staff, and that there were a couple of test cases in which the staff could use it, if they chose to do so.
11.0 Steering & Planning Subcommittee Report *(M. Brant)*	▪ Member Brant stated that at their September meeting the Subcommittee would be reviewing the current status of Homestead and the major maintenance plan.
12.0 Staff Report 12.1 DTSC Public Meeting	▪ Mr. Patterson stated that Nick Priest is moving from the area, and had tendered his resignation. He stated that the East County Construction Council had identified a new member – Ronald Ashman – and that his resume would be sent to all CBOC members. ▪ Mr. Patterson stated that Mr. Ashman's membership would be ratified at the September 11 Governing Board meeting. ▪ Ms. Johnson stated that no members of the public attended the meeting. She explained that the meeting was for the Department of Toxic Substance Control, and was required to be held because substances were found in

12.1 DTSC Public Meeting (Continued)	the soil during preliminary work at the new science building locations. ▪ Ms. Johnson stated that traces of arsenic were found in the soil at Granite Hills High School, and that staff is working to take measures to work with agencies to remediate the situation while not delaying construction.
13.0 Old Business *(Chair)*	▪ Member Brant pointed out that a task on the Subcommittee Responsibilities list under the Construction Oversight Subcommittee was originally requested to be moved to the Steering & Planning Subcommittee by former CBOC member Ron Pennock. Member Nichols agreed that the item should be reassigned. ▪ **Member Brant moved to remove "efficient school design" from the Construction Oversight Subcommittee to Steering & Planning Subcommittee on the Subcommittee Responsibilities list. Chairman Panknin seconded. Motion passed unanimously.**
14.0 New Business *(Chair)*	▪ No action or discussion.
15.0 Future Agenda Items *(Chair)*	▪ Chairman Panknin requested that future CBOC meetings be held in the Grossmont High School Library.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:20 p.m.

Grossmont Union High School District

Proposition H Citizens' Bond Oversight Committee

Wednesday, September 24, 2008

Grossmont High School Library

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:01 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Ron Ashman, Mendy Brant, Marcie Findley, Walt Heiser, Fred Lear, Elana Levens-Craig, Phil Marsh, Carol Nash, Larry Nichols, Jim Panknin
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved with the following corrections to agenda item 7.2: o *Ms. Wright stated that $45 million allocated from the Phase 3C reserve would be assumed for planning purposes.* o *Ms. Wright pointed out that increased budgets are not directly entered into the FACS database until it has gone through the approval process and that there is a clear audit trail.* ▪ Motion seconded, Members Lear and Marsh abstained. Motion passed.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)*	▪ Member Levens-Craig stated that the PTA and League of Women Voters would be holding a GUHSD School Board candidate

5.0 Chair Report (Continued)	forum on October 6, at 7:30 p.m. at the Grossmont Healthcare Center Auditorium at 9001 Wakarusa Street.
5.1 Superintendent Collins' Comments	▪ Superintendent Collins mentioned that the San Diego County Taxpayers' Association reversed their "no position" stance and would be endorsing Proposition U. He stated that Dianne Jacob and the East County Chamber of Commerce endorsed it as well. ▪ Superintendent Collins stated that although enrollment had been predicted to decline well into the 2010s, the trend seemed to reverse. He stated that approximately 182 students had been added to the District, and that the District is over 500 students over what was originally projected. ▪ Superintendent Collins explained that the increase in enrollment was due to the recovery of drop out students as well as the addition of alternative programs to bring fifth year seniors back on campus. He mentioned that there had been an increase in Middle Eastern refugees into East County, and that more students would be expected to enroll from this trend. ▪ Superintendent Collins stated that the District would be reviewing the boundaries of schools to balance out over and under enrolled campuses. He stated that staff would also review the capacity of District schools.
5.2 Introduction of New CBOC Member Ron Ashman	▪ Member Ashman introduced himself to the CBOC and gave a summary of his experience and background. Member Ashman had been appointed to the CBOC by the East County Construction Council and appointed to the Construction Oversight Subcommittee.
5.3 Board Meeting Debrief	▪ Mr. Patterson stated that staff brought their resolution regarding the design of Phase 3B-R before the Governing Board, clearly stating that staff would begin planning $45 million from the reserve for modernization in that phase.

6.0 Governing Board Update *(S. Patterson)* 6.1 Ratification of New ECCC Member Ron Ashman 6.2 Program Manager Report - $45 Million in the 3B-R Planning Phase	▪ Mr. Patterson introduced Member Ashman and stated that his appointment was officially ratified by the Governing Board. ▪ Mr. Patterson stated that he advised the Governing Board that staff had to make an assumption on the $45 million set aside. He mentioned that staff clearly stated that they assumed that at least $45 million would be allocated to existing schools and that staff would be initiating the design process for Phase 3B-R. ▪ Mr. Patterson pointed out that an official decision was not made on the $45 million, though staff anticipates the decision would come shortly after the election on Proposition U. He mentioned that staff wanted to be sure the Governing Board was aware of the basis on which staff made their decision, and that there was not any dissent with this.
7.0 Program Manager Report *(K. Wright)* 7.1 August Status Report	▪ Ms. Wright pointed out that the available funding increased by $15.5 million due to an increase in available state funds that were identified. ▪ Ms. Wright stated that Phase 2B would be wrapping up and that a few projects had completed. She stated that 142 classrooms had turned over and that 99% of Phase 3A science classrooms would be out of DSA within the next month. ▪ Ms. Wright stated that by the beginning of 2009, the only funds that will not be in planning, design or construction will be the $20 million in reserve. ▪ Ms. Wright stated that the FACS is actively utilized and that planners work every month to update forecasts. ▪ Mr. Patterson stated that state matching funds and the $15.5 million increase were not yet in hand. Ms. Wright stated that she anticipated that plans would be submitted to the state in the beginning of 2009 with a possibility of funding being available. She stated that if state matching funds are not

7.1 August Status Report (Continued)	available, staff would have unfunded eligibility and would have to wait until the state had additional funds.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)* 8.1 FACS Report	▪ Member Heiser reviewed the FACS report with the CBOC. He stated that there is a projected surplus in Phase 2B modernization which would be reallocated to other uses.
8.2 Audit Procedures	▪ Member Heiser stated that the Subcommittee would be meeting with the District's external auditor within the next week to review audit procedures.
9.0 Communications Subcommittee Report *(J. Panknin)* 9.1 Annual Report	▪ Chairman Panknin stated that a rough draft of the Annual Report would be completed by the December 3 CBOC meeting.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)* 10.1 El Capitan Performance Audit	▪ Member Nichols stated that the Subcommittee had reviewed Mr. Goshorn's report in detail. ▪ Mr. Goshorn presented his report of the El Capitan High School performance audit to the CBOC. He explained the process in which he gathered information from District staff and gave information on his walk-through of the campus. ▪ Mr. Goshorn stated that all files and records he was looking for were in place, and that there was a formal process for implementing budget changes. ▪ Mr. Goshorn stated that his initial estimate would be that he worked at least 20 hours on the performance review. ▪ Member Lear stated that he would like the report to include a cover letter or executive summary stating that the report was prepared at the direction of the CBOC, consistent with the mandates set forth in Proposition H, and include an explanation

10.1 El Capitan Performance Audit (Continued)	of why El Capitan was chosen to be reviewed. ▪ Chairman Panknin requested that the report be condensed to around five minutes to be presented with pictures and a power point presentation for the Governing Board at their October 16 meeting. ▪ Member Nash requested that future lengthy reports be provided in advance so that the CBOC could read and review the information prior to the meeting. Mr. Kiesling stated that the report was presented in full to the Construction Oversight Subcommittee at their September 23 meeting so that they could review the report in detail and report briefly to the CBOC. ▪ **Chairman Panknin moved that the CBOC forward the report to the Board with a cover letter drafted by Member Nichols and Mr. Goshorn, to be presented with a power point presentation with pictures. Member Levens-Craig seconded. Member Ashman abstained. Motion passed.**
11.0 Steering & Planning Subcommittee Report *(M. Brant)*	
11.1 Elections	▪ Member Brant stated that elections would be held at the October 29 CBOC meeting. She requested that any member interested in a nomination for Chair or Vice Chair contact her. ▪ Member Brant pointed out that Members Marsh and Lear, Chairman Panknin, and herself would be coming up for a second term in March 2009, and that Member Heiser would term out in September.
11.2 Maintenance Plan	▪ Member Brant stated that the Subcommittee received an update on the District's maintenance plan. She stated that the District had been reactive rather than proactive in maintaining facilities and that it was recommended that the District obtain a computer program that would make maintenance planning easier.
11.3 Homestead Update	▪ Member Brant stated that the Homestead facility would not be rebuilt, and that the

11.3 Homestead Update (Continued)	students would be moved to various existing school sites. She stated that the new Special Education Director and Mr. Kiesling would give an update on the future of the program and how the students would be included on campuses.
12.0 Staff Report	▪ No discussion or action.
13.0 Old Business *(Chair)*	▪ No discussion or action.
14.0 New Business *(Chair)*	▪ Chairman Panknin stated that the Steering & Planning Subcommittee would discuss at their next meeting how to close out the Proposition H program. He stated that a final report should be created to explain what went right and wrong.
15.0 Future Agenda Items *(Chair)*	▪ No discussion or action.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:41 p.m.

Grossmont Union High School District

Proposition H Citizens' Bond Oversight Committee

Wednesday, October 29, 2008

Grossmont High School Library, 500 Building

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:01 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Ron Ashman, Mendy Brant, Marcie Findley, Walter Heiser, Fred Lear, Carol Nash, Larry Nichols, Jim Panknin *Members Absent:* Elana Levens-Craig, Phil Marsh Member Lear left at 5:56 p.m.
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)*	
5.1 AIA Member Report	▪ Mr. Kiesling stated that the AIA had not been able to appoint an East County resident as a member of the CBOC. He suggested that architects in East County be contacted to see if they are a member of the AIA and interested in serving on the CBOC.
5.2 Construction Cost Trends *(T. Bumgardner)*	▪ Mr. Bumgardner gave a presentation regarding construction cost trends.

5.2 Construction Cost Trends (Continued)	▪ Member Lear suggested that if Proposition U passes, that the District purchase construction materials while prices are low. Mr. Bumgardner pointed out that the project would have to go through the design process to know what materials would be needed. He pointed out that although it would be a good time to buy materials, there are risks associated with stockpiling it regarding space and security.
6.0 Governing Board Update *(S. Patterson)*	
6.1 Lease-Lease Back Project at MVHS (October 16)	▪ Mr. Patterson stated that the lease-lease back delivery method to be used on science classrooms at Monte Vista High School had been approved by the Governing Board, and would be compared to the hard bid method to see if there are any advantages.
6.2 Barney & Barney Safety Consultants (October 16)	▪ Mr. Patterson explained that Barney & Barney would run the safety program for Proposition H and construction throughout the District.
7.0 Program Manager Report *(B. Kiesling)*	
7.1 September Progress Report	▪ Mr. Kiesling stated that the state matching funds had been depleting, and that as the District gets in line for funds, more would be available at an unknown point in the future. The available state matching funds for modernization are projected to run out in June 2009. ▪ Mr. Kiesling stated that 99% of science buildings were out of DSA. ▪ Mr. Kiesling stated that there had been a bid opening for the El Cajon Valley High School science building. He stated that the budget was approximately $6 million, the estimate was between $5.5 million, and that the lowest bid came in at $4.2 million. He stated that the bidders had been prequalified, and that the District was obligated to take the lowest bid. ▪ Mr. Kiesling stated that the lowest bidder was being challenged by the second lowest. The lowest bid was eliminated based on this

7.1 September Progress Report (Continued)	and $4.3 million became the new lowest bid. ▪ Mr. Kiesling stated that Phase 3BR is in the design process. ▪ Mr. Kiesling stated that projects are required to be closed out with DSA before other projects in the same area are approved. ▪ Mr. Kiesling stated that 98 projects were still open and 82 projects had been closed. ▪ Mr. Kiesling explained the lease-lease back process to the CBOC. He stated that the District would be using this method on the Monte Vista High School science classrooms with the Construction Manager at risk and a set guaranteed maximum price. ▪ Mr. Kiesling stated that the site would be leased to the contractor, who would then lease it back to the District. He stated that the District will have the lease payments cover the construction cost on a monthly basis so that it is paid off when the project is completed. ▪ Mr. Patterson stated that the District would retain the title throughout the process, and that the lease held by the contractor will expire upon final payment by the District. ▪ Mr. Kiesling stated that the EIR process was near completion and that the draft should be completed in December or January. He stated that there will be a public meeting, a comment period, and then a final presentation to the Board in early summer. ▪ Mr. Kiesling stated that all three sites had been approved by the California Department of Education.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)*	
8.1 FACS Report	▪ Member Heiser stated that the FACS report forecasted that at the end of Phase 2B there would be a surplus of $945,000.
8.2 Performance/Compliance Audit	▪ Member Heiser mentioned that District staff would receive a draft of the annual audit in the beginning of November.

8.2 Performance/Compliance Audit (Continued)	▪ Member Heiser stated that the Subcommittee discussed the performance audit, which will ensure that Proposition H funds are only expended for items listed in the ballot language. ▪ Member Heiser stated that the Subcommittee discussed the possibility of having Mr. Goshorn create an in-depth analysis in addition to the performance audit, but decided to wait to review the draft audit prepared by the District's external auditor Angie Zamora first.
9.0 Communications Subcommittee Report *(J. Panknin)* 9.1 Annual Report Update	▪ Chairman Panknin stated that the Subcommittee had created a rough draft of the Annual Report, and that they would continue to edit it at their November 13 meeting. ▪ Chairman Panknin stated that the Subcommittee will present a smooth draft to the CBOC at the December 3 meeting to get approval on the content. ▪ Chairman Panknin stated that the Annual Report would be published in January and presented with the annual audit to the Governing Board. ▪ Chairman Panknin stated that he would like to include graphs from the construction cost trends presentation, as well as a timeline for the EIR, in the Annual Report.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)*	▪ Member Nichols stated that the Subcommittee met at Monte Vista High School and that they would test out a different meeting format where they attend the owner's meeting at the site as observers, then hold their subcommittee meeting, and afterwards tour the campus. ▪ Member Nichols stated that the next meeting would be held December 3 at El Cajon Valley High School as they are beginning the science classroom project.

11.0 Steering & Planning Subcommittee Report *(M. Brant)* 11.1 Preliminary Prop H Closing Report	▪ Member Brant stated that the closing report would be created by Mr. Goshorn, and will consist of two parts – a preliminary report to be completed by mid-year 2009, and a final report at the end of the Proposition H program once all funds had been expended. ▪ Member Brant pointed out that if Proposition U passes, the current CBOC would continue to serve as the Oversight Committee. ▪ Member Brant stated that staff was still in the process of creating deferred maintenance plan.
12.0 Staff Report 12.1 Grossmont High School Ribbon Cutting Ceremony	▪ Mr. Patterson stated that a ceremony was held at Grossmont High School with a walking tour of the new buildings and courtyard, including a presentation of a fountain from 1916 that was unearthed and restored. He pointed out that a Grossmont High School museum was opened as well.
13.0 Old Business *(Chair)*	▪ No discussion or action.
14.0 New Business *(Chair)* 14.1 Election of Officers	▪ Member Brant read the election protocol and listed the end of CBOC members' terms. She stated that Member Nash was not interested in being nominated for Chair or Vice Chair. ▪ **Member Brant nominated Chairman Panknin for another term as Chair.** ▪ **Chairman Panknin nominated Member Heiser for another term as Vice Chair.** ▪ **Chairman Panknin was elected Chair of the CBOC for a second term unanimously.** ▪ **Member Heiser was elected Vice Chair of the CBOC for a second term unanimously.**

15.0 Future Agenda Items *(Chair)*	▪ No discussion or action.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:49 p.m.

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:01 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Marcie Findley, Walt Heiser, Fred Lear, Elana Levens-Craig, Phil Marsh, Carol Nash, Larry Nichols, Jim Panknin. Ron Ashman arrived at 5:20 p.m. *Members Absent:* Mendy Brant
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Motion seconded, Member Marsh abstained, all others in favor.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)*	▪ Chairman Panknin thanked gafcon/Harris for the reception they held in November.
6.0 Governing Board Update *(S. Patterson)* 6.1 Best, Best, & Krieger Legal Agreement	▪ Mr. Patterson stated that the Governing Board approved the legal agreement with this firm, who are experts with the lease/lease back arrangement which will be used for construction on Monte Vista High School's science classroom building. He stated that the firm would be able to provide documents for this arrangement.

6.2 El Cajon Valley High School Science Classroom Building Construction Award	▪ Mr. Patterson stated that the Governing Board approved the award of the first science classroom bid. He stated that the bid came in under the estimated cost, and that he would bring updates on any change orders and possible underruns on the project to the Audit & Finance Subcommittee.
7.0 Program Manager Report *(K. Wright)* 7.1 October Status Report	▪ Ms. Wright stated that Phase 2B work was near completion, and that additional Phase 2B design work was underway at Mount Miguel High School, Valhalla High School, and Viking Center. She stated that design on Viking Center was on hold pending Special Education staff review to ensure that the programming would be right for the facility being built. ▪ Ms. Wright stated that though bids for science classrooms had been aggressive, there may be work in keeping the amount of change orders down. She stated that staff attempted to minimize potential change orders by conducting a constructability review to find any possible errors in advance. ▪ Ms. Wright stated that all bidders were prequalified and that the projects would be bid publicly. She stated that the project was awarded to the lowest qualified responsive bidder. ▪ Ms. Wright pointed out that Phase 2B funds were 100% committed and 59% expended. ▪ Ms. Wright gave information on the status of the EIR, explained that the draft was to be prepared in December, and stated that it would be released in January with a 45-day public review period. ▪ Mr. Patterson stated that for the new high school to be built, the EIR would need to be certified and a site would need to be selected. He stated that staff would then begin the purchase of the property, design, and award of a construction contract. He stated that enrollment criteria would need to be met before bidding on construction.

8.0 Audit & Finance Subcommittee Report *(W. Heiser)* 8.1 Draft Annual Audits	▪ Member Heiser stated that the Subcommittee received and reviewed a draft of the annual audit which included both the financial and the performance (compliance) audit. ▪ Member Heiser stated that the Subcommittee asked the auditor to give explanation of salaries and benefits expenditures and state in the audit that they are consistent with Proposition H. ▪ Member Heiser stated that the Subcommittee would review a final draft of the audit in January and give a presentation to the CBOC at their January 28 meeting. ▪ Member Heiser stated that the Subcommittee agreed that they would like to see more detail in the performance review. ▪ Member Nash explained that the auditor was unable to complete additional work on the annual audit because the items requested were not included in the agreed-upon procedures. ▪ Mr. Patterson suggested that the Subcommittee decide on criteria to be put into the new auditor contract at their January meeting. ▪ Member Heiser stated that if the requested information could not be added to the agreed-upon procedures for the next audit contract, the Subcommittee may request that Mr. Goshorn research this information and give further detail. He stated that the performance review was not required to be completed by a CPA.
8.2 FACS Report	▪ Member Heiser stated that the forecasted Phase 2B surplus as of October 15 was $945,000. He pointed out that the number had been reduced to $322,000 because of additional costs in construction projects.

9.0 Communications Subcommittee Report *(J. Panknin)* 9.1 Annual Report Update 9.2 Website Visitor Overview	▪ Mr. Goshorn reviewed the content of the annual report with the Committee and presented options of images to be included in the report. ▪ The CBOC and District staff edited the draft of the 2008 annual report. ▪ Chairman Panknin stated that the annual report would be presented at the January 28 CBOC meeting and that it would be presented to the Governing Board at their February 12 meeting. ▪ Chairman Panknin stated that District staff provide a monthly report detailing the number of visitors to the CBOC website.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)* 10.1 El Cajon Valley High School Update	▪ Member Nichols stated that the Subcommittee had met at El Cajon Valley High School and that they had attended a construction site meeting for the 14,610 square foot, one-story science classroom building as observers. ▪ Member Nichols stated that the meeting covered site security, possible future change orders, and the launch of the project. ▪ Member Nichols stated that the Subcommittee would review the change order report at their January Subcommittee meeting.
11.0 Steering & Planning Subcommittee Report *(M. Brant)* 11.1 Deferred Maintenance	▪ Chairman Panknin stated that the Subcommittee reviewed and discussed information provided by District staff regarding deferred maintenance. ▪ Mr. Kiesling discussed exhibit 11.1 and explained that the next task would be to figure out what projects could be completed with Proposition U and what could be done to minimize the accumulation of work at the school sites.

12.0 Staff Report 12.1 Proposition U	▪ Mr. Patterson stated that staff found a member of the AIA who was interested in serving on the CBOC. He stated that the AIA would need to approve and officially select this person as a member of the CBOC. ▪ Mr. Kiesling explained the bidding process and bid results from the science classrooms to the CBOC. ▪ Mr. Patterson stated that the results of the election were official, and that Proposition U passed at 56.65%. He stated that staff would bring forward an overall Proposition U plan to the Governing Board and CBOC in January.
13.0 Old Business *(Chair)* 13.1 $65 Million Reserve Recommendation	▪ Mr. Patterson stated that staff would bring before the Governing Board on December 11 the recommendation to allocate the $65 million reserve, with $45 million being allocated to modernizing existing schools and $20 million allocated towards new high school-related projects.
14.0 New Business *(Chair)*	▪ No discussion or actions.
15.0 Future Agenda Items *(Chair)* 15.1 Annual Report Presentation 15.2 Proposition U Planning	▪ Chairman Panknin added the presentation of the EIR to the future agenda items.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:33 p.m.

Grossmont Union High School District

Proposition H Citizens' Bond Oversight Committee

Wednesday, February 25, 2009

Grossmont High School, 500 Building – Library

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:00 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Mendy Brant, Marcie Findley, Fred Lear, Elana Levens-Craig, Phil Marsh, Carol Nash, Larry Nichols, Jim Panknin, Sharon Smith Walter Heiser arrived at 5:05 p.m. Ron Ashman arrived at 5:15 p.m. Member Levens-Craig left at 5:37 p.m. *Staff Present:* Patty Floyd, Bob Kiesling, Scott Patterson
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded and passed unanimously.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)*	▪ Chairman Panknin introduced Member Smith to the Committee. Member Smith is a member of the American Institute of Architects and a licensed architect in the state of Minnesota. She currently works for the Navy.
5.1 Form 700	▪ Chairman Panknin requested that all members complete their Form 700 and return to Ms. Pitones by March 31.

6.0 Governing Board Update *(S. Patterson)*	
6.1 Annual Report and Proposition H Audits (February 12)	▪ Mr. Patterson stated that both the annual report and the 2007-2008 audits were accepted by the Governing Board at their February 12 meeting, though the CBOC members were unable to present the reports due to the length of time spent on the agenda item prior to theirs. ▪ Mr. Patterson apologized to the CBOC and stated that he believed it was unfortunate that they were unable to present their reports. He requested that the CBOC attend the March 12 meeting to present the reports.
6.2 Re-Appointment of Members to CBOC (February 12)	▪ Mr. Patterson stated that Member Brant, Member Lear, and Chairman Panknin had been reappointed to the CBOC for a second two-year term.
6.3 Selection Process for New Member (February 12)	▪ Mr. Patterson pointed out that Member Marsh would be leaving the CBOC and that the vacancy on the Committee had been advertised to the public. He stated that applications would be due on March 4, and interviews would be held on March 12 at the Governing Board meeting. ▪ Mr. Patterson mentioned that if there were enough applicants, there would be a paper screening to narrow down the applicants to be interviewed by the Board.
6.4 Certification of Proposition U Election Results (February 12)	▪ Mr. Patterson stated that the certification of Proposition U election results had been put on record via Board resolution.
6.5 Proposition H/U Program Organization (February 12)	▪ Mr. Patterson stated that he, Mr. Kiesling, and Superintendent Collins reviewed the Proposition H/U program organization and presented it at the Board meeting. He pointed out that it was slightly modified from current operations. ▪ Mr. Kiesling described the program organization to the Committee. ▪ Mr. Kiesling stated that the Board had approved three new positions, which would be District employees funded by Proposition H/U. He stated that one current position would be cut, and three would be added working with document control and contracts.

7.0 Program Manager Report *(B. Kiesling)* 7.1 January Progress Report	▪ Mr. Kiesling presented the January progress report to the Committee. ▪ Mr. Kiesling stated that test results at Granite Hills High School were looking good and that there were a few tests remaining at that site. ▪ Mr. Kiesling stated that El Cajon Valley High School's construction was underway. ▪ Mr. Kiesling stated that a burn ash pit was found at Grossmont High School. ▪ Mr. Kiesling stated that Phase 2B was almost complete and that projects at Mount Miguel High School were still in progress. ▪ Mr. Kiesling stated that the Special Education department would make a recommendation in the future as to the programming at Viking Center. He stated that the project would be adjusted according to any programmatic changes that arise. ▪ Mr. Kiesling explained the EIR process to the Committee and stated that the next steps would be to have the Board certify the EIR, make a site selection, authorize the District to begin the design, and acquire property. ▪ Chairman Panknin requested that staff bring the site selection to the CBOC for their recommendation.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)* 8.1 Review and Discussion of FACS Report	▪ Member Heiser described the FACS Report to the Committee and explained the changes since the previous month. ▪ Member Heiser stated that there was a forecast of a surplus in Phase 3A, mostly due to bids coming in lower than previously estimated. He stated that there may be change orders on these projects in the future.
8.2 Update on Presentation of Annual Audits to District Governing Board	▪ Member Heiser stated that the annual audit was not able to be presented due to a lengthy item on the agenda before theirs. He stated that the audit was accepted by the Board and that they would present it at the March 12 Board meeting.

8.2 Update on Presentation of Annual Audits to District Governing Board (Continued)	▪ Mr. Patterson stated that the notified the Board that the CBOC would recommend another Third Party Review to be conducted. ▪ Mr. Kiesling stated that the firm who previously conducted the Third Party Review for Proposition H stated that they would be willing to conduct another.
8.3 Update on Selection of New Independent Auditor	▪ Member Nash mentioned that she sat on the selection committee for the new District Auditor. ▪ Mr. Patterson stated that staff put out an RFP and received three proposals. ▪ Mr. Patterson mentioned that the interview panel consisted of Ms. Floyd, Board Member Schreiber, Member Nash, the Accounting Director from San Diego City Schools, and himself. ▪ Mr. Patterson stated that Nigro, Nigro, and White had been selected. He stated that the contract would be brought before the Board at their March 12 meeting.
8.4 Recommendations Regarding Financial Information on CBOC Website	▪ Member Heiser stated that the Subcommittee had difficulties accessing financial information on the CBOC website, and pointed out that some documents were found on the District's construction site instead. He requested that there be easier access to financial documents via the CBOC website.
9.0 Communications Subcommittee Report *(J. Panknin)*	▪ Chairman Panknin stated that the next Communications Subcommittee meeting would be held on March 12 prior to the Governing Board meeting. ▪ Chairman Panknin mentioned that the agenda for the Subcommittee meeting would focus on updating the CBOC website. He stated that if any members had input on the website to send them to Ms. Pitones. ▪ Chairman Panknin stated that he would be presenting at the San Diego Taxpayers' Association on March 20 along with members of District staff regarding Proposition H and lessons that were learned.

9.0 Communications Subcommittee Report (Continued)	▪ Chairman Panknin mentioned that together with staff, he would be nominating Proposition H and the District for the Golden Watchdog Award.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)*	▪ Member Nichols stated that the Subcommittee had reviewed change orders at their Subcommittee meeting and stated that they were separated into Phase 2B and Phase 3A summaries. He stated that there was little activity on the Phase 3A report. ▪ Member Nichols stated that the change order report would be brought before the Committee on a quarterly basis. ▪ Member Nichols pointed out that the rain that occurred early February was severe enough to interrupt work and some sewer lines were required to be reconstructed at El Cajon Valley High School due to the water damage.
11.0 Steering & Planning Subcommittee Report *(M. Brant)*	
11.1 DTSC Soil Report	▪ Mr. Kiesling stated that the projects at the contaminated sites were expected to improve and get back on track soon. He stated that once soil samples had gone through the Department of Toxic Substances Control construction could start once again. ▪ Mr. Kiesling stated that there were only three school sites where contaminants were affecting construction.
11.2 Proposition U Program Plan	▪ Mr. Kiesling presented an outline of how staff would conduct the Proposition U program. He stated that it would be revised as projects move forward. ▪ Mr. Kiesling stated that the schedule hadn't started due to continuing work on education specifications. ▪ Mr. Patterson stated that staff presented the Proposition U Baseline Plan to the Governing Board at their January 12 meeting. He stated that this plan would change in the future once educational specifications were completed.

12.0 Staff Report 12.1 DSA and Athletic Tracks	▪ Mr. Kiesling stated that DSA had previously stated they would not be able to short-process the athletic track projects, but then stated that they would be able to. He stated that they would be completed within three weeks of submittal. ▪ Mr. Kiesling stated that ADA requirements for the athletic track projects would include assuring there would be a parking space, accessible path of travel, and a route to restrooms.
12.2 Mold at Valhalla High School	▪ Mr. Kiesling commented that he investigated the allegation made at the January 28 CBOC meeting, where it was stated that there are four types of life-threatening mold currently at Valhalla High School. His investigation revealed that there had been seven tests for mold taken over the past 8 years, mostly as a result of teacher complaints, and that all tests came back negative for mold ▪ Mr. Kiesling stated that he had spoken with the Manager of School Facilities at Valhalla High School and the Custodial supervisor and that they had no current reports of mold, water intrusion, or teacher complaints. ▪ Mr. Kiesling stated that reports of mold are taken very seriously and there is a protocol for investigating complaints, cleaning up water intrusion, and cleaning up and testing for any mold contamination that is discovered. ▪ Mr. Kiesling stated that he would share the mold test investigations and results from Valhalla High School with Member Brant and any others who request it.
13.0 Old Business *(Chair)*	▪ The CBOC discussed the member vacancy on the Committee and how to fill the seat.
14.0 New Business *(Chair)*	▪ Mr. Kiesling requested that Chairman Panknin appoint two Committee members to sit on the committee that will be selecting the architect for the new high school. He

14.0 New Business (Continued)	stated that the District would be sending out the RFP in March and would require two different committees: screening and selection. He stated that the screening committee would review documents and narrow the field down to three to five to be interviewed. ▪ Chairman Panknin stated that he believed Member Smith would be qualified to sit on a committee. ▪ Chairman Panknin thanked Member Marsh for his service on the CBOC. Member Marsh served one two-year term on the CBOC and was a member of the Construction Oversight Subcommittee.
15.0 Future Agenda Items *(Chair)*	▪ No discussion or action.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:12 p.m.

Grossmont Union High School District

Proposition H/U Citizens' Bond Oversight Committee

Wednesday, March 25, 2009

Grossmont High School, 500 Building - Library

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:02 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Ron Ashman, Mendy Brant, Timothy Brindley, Marcie Findley, Walter Heiser, Carol Nash, Larry Nichols, Jim Panknin Elana Levens-Craig arrived at 5:14 p.m. Sharon Smith arrived at 5:20 p.m. *Members Absent:* Fred Lear *Staff and Consultants Present:* Larry Goshorn, Dena Johnson, Bob Kiesling, Debbie Murray, Scott Patterson, Katy Wright
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Seconded, Member Brant declined to vote, passed 7/0.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.
5.0 Chair Report *(Chair)* 5.1 Introduction of new CBOC Community Member-at-Large Timothy Brindley	▪ Chairman Panknin introduced Member Brindley to the CBOC, who had been appointed to the CBOC as Community Member-at-Large at the March 12 Governing Board meeting. ▪ Mr. Brindley discussed his background and experience to the CBOC.

5.2 Approval of Revised Mission Statement	▪ Chairman Panknin pointed out that the mission statement of the CBOC had been amended to include Proposition U. ▪ Member Ashman asked for further insight on the area of "planning and execution" as stated in the mission statement. The CBOC discussed the ways in which they assist District staff with weighing in on planning for Proposition H projects. ▪ **Member Brant moved to approve the revised mission statement of the CBOC as presented in Exhibit 5.2. Member Nash seconded. Motion passed 8/0.**
6.0 Governing Board Update *(S. Patterson)*	
6.1 Select and Appoint New Community Member-at-Large to CBOC	▪ Mr. Patterson described the selection process for the Community Member-at-Large membership and stated that Member Brindley had been appointed to the CBOC by the Governing Board.
6.2 Recognition of Phil Marsh	▪ Mr. Patterson stated that the Governing Board recognized previous CBOC Member Phil Marsh's service on the CBOC. He had served one two-year term and was a member of the Construction Oversight Subcommittee. ▪ Mr. Patterson stated that a letter and plaque were given to Phil Marsh in recognition of his service.
6.3 Annual Report and Annual Audit Presentations	▪ Mr. Patterson pointed out that the presentations were given at the Governing Board meeting and that both were well received.
6.4 Adoption of Resolution to Approve Sale of Proposition U Bonds	▪ Mr. Patterson stated that the resolution was approved to sell the first tranche of bonds. He stated that the bonds were intended to be sold on March 31 and April 1. ▪ Mr. Patterson stated that the District was given an AA rating.
6.5 Approval of Lease/Lease Back at Valhalla High School Phase 2B	▪ Mr. Patterson stated that the lease/leaseback method was approved for use at Valhalla High School and that this would be the second lease/leaseback project for the District.

6.6 Approval of Guaranteed Maximum Price at Monte Vista High School	▪ Mr. Patterson stated that the guaranteed maximum price for the Phase 3A science classrooms at Monte Vista High School had been approved for $5.7 million.
6.7 Contract Award to Nigro, Nigro, and White	▪ Mr. Patterson stated that the contract was approved for Nigro, Nigro, and White as the new District and CBOC audit firm.
7.0 Program Manager Report *(K. Wright)*	
7.1 February Progress Report	▪ Ms. Wright stated that construction was on hold at Granite Hills High School due to continued soil testing. She stated that progress was being made toward having the contamination issue resolved, and that construction was moving forward at other affected school sites. ▪ Ms. Wright stated that at that time, 211 classrooms had been modernized, with 58 remaining at Mount Miguel. She stated that when Mount Miguel's projects complete, so would Phase 2B. ▪ Ms. Wright stated that Valhalla High School's Phase 2B project and Foothills Adult's project were almost out of DSA. ▪ Ms. Wright stated that the Special Education department had been reevaluating Viking Center's program, which has put the project's design on hold. ▪ Ms. Wright stated that the District received written responses and comments on the EIR for the new high school. The responses and comments would be entered as part of the final draft of the EIR, which will be presented to the Governing Board in June. ▪ Ms. Wright stated that depending on the site selected, there may be the need for additional environmental reviews. She stated that staff had targeted an August 2013 opening for the new high school. ▪ Mr. Patterson pointed out that logically the school would open at the beginning of the school year, which affects the timing of construction. ▪ Mr. Patterson pointed out that though the District's enrollment is currently above the requirement, it is measured when the District would award the construction

	contract.
7.1 Februrary Progress Report (Continued)	▪ Ms. Wright stated that staff had been tracking Phase 2B change orders, including errors and omissions. ▪ Ms. Wright described the process in which change orders are submitted. o Member Nichols pointed out that the change order report is presented to the Construction Oversight Subcommittee at their meetings, and requested additional information on allowances be included in the next report. ▪ Ms. Wright stated that staff had presented to the Steering & Planning Subcommittee the Program Management (PMO) cost, which includes program management, legal fees, architectural designs, as well as other fees. She stated that the cost was well below the industry average. ▪ Ms. Wright stated that the design of Proposition U projects would be based on the District's educational standards. She stated that the standards would be developed over the next few months, and that design would move forward once it is completed.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)* 8.1 FACS Report	▪ Member Heiser mentioned there was still a forecasted budget surplus for Phase 3A based on the fact that bids for these projects had been coming back lower than was budgeted. ▪ Member Heiser pointed out that a $7 million adjustment had been made in the Proposition H total budget due to the fact that various projects that were not listed in the ballot measure were previously recorded as part of the budget. ▪ Member Heiser stated that the projects removed from the budget had been paid for out of state matching savings, and that staff found it to be more accurate to remove these projects. The projects included security cameras and lunch shelters at

	school campuses, as well as school discretionary funds.
9.0 Communications Subcommittee Report *(J. Panknin)*	
9.1 Website Update	▪ Chairman Panknin recognized the work of Ms. Pitones and Mr. Goshorn for updating the CBOC website. Mr. Goshorn had redesigned the logo to include Proposition U. ▪ Chairman Panknin requested that CBOC members review the website and send any suggestions to him or Ms. Pitones.
9.2 Taxpayers' Association Lunch	▪ Chairman Panknin stated that he attended and presented at the Taxpayers' Association on March 20 and that he had received compliments on the presentation. ▪ Chairman Panknin thanked Mr. Patterson and staff from Gafcon/Harris for their assistance with the presentation.
9.3 Golden Watchdog Nomination	▪ Chairman Panknin stated that he submitted the CBOC for the Golden Watchdog Award nomination with the assistance of Gafcon/Harris. He stated that the winner would be announced at a dinner on May 13 at the Taxpayers' Association.
9.4 Annual Report	▪ Chairman Panknin stated that if a member would like to make a presentation of the Annual Report, he would provide the script to follow and paper reports to pass out.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)*	▪ Member Nichols stated that the Subcommittee had attended the Owner's meeting at Grossmont High School. He stated that they learned of an issue with saturated soils on the campus that, in addition to rain, had created a 24-day delay to the schedule. Member Ashman pointed out that the issue with the weather had come up at El Cajon Valley High School as well. ▪ Member Nichols stated that the Subcommittee had heard that lead was found in the soil near the Physical Education building site due to debris found adjacent to the site. ▪ Member Nichols stated that the

	Construction Manager for Grossmont's Phase 3A project is Turner, and that the contractor on the project is Jaynes.
10.0 Construction Oversight Subcommittee Report (Continued)	▪ Member Nichols stated that soils brought to the campus to replace the removed saturated soils had to meet DTSC contaminant requirements. He stated that soils from two locations were brought in; one was slightly corrosive and the other met DTSC requirements but did not have enough to fill the entire space. ▪ Member Nichols stated that the clean soil was put at the bottom of the area and the corrosive on top, which was not the original plan. He stated that pipes would need to be wrapped in order to prevent corrosion.
11.0 Steering & Planning Subcommittee Report *(M. Brant)* 11.1 School Site Selection Status	▪ Member Brant stated that the final school site had not yet been selected. Staff would come to the Steering & Planning Subcommittee and the CBOC with a preferred site once all of the information had been reviewed and the EIR responses had been completed.
12.0 Staff Report 12.1 Third Party Review	▪ Mr. Kiesling stated that he had contacted the person who conducted the previous third party review and they stated that they were able to conduct another this summer. ▪ Mr. Patterson stated that it is preliminarily targeted to be brought before the Governing Board at their May board meeting. ▪ Mr. Kiesling pointed out that this review would be completed faster than the previous, which only took a few months to complete. ▪ Mr. Kiesling stated that the review would be paid for by the District.
13.0 Old Business *(Chair)*	▪ No discussion or action.

14.0 New Business *(Chair)*	▪ No discussion or action.
15.0 Future Agenda Items *(Chair)*	▪ Change Order Allowance Recording (Construction Oversight Subcommittee) ▪ Report on Bond Sales (Audit & Finance Subcommittee) ▪ School Site Selection
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:00 p.m.

Grossmont Union High School District

Proposition H/U Citizens' Bond Oversight Committee

Wednesday, April 29, 2009

Grossmont High School, 500 Building - Library

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:00 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Ron Ashman, Mendy Brant, Timothy Brindley, Marcie Findley, Walter Heiser, Fred Lear, Elana Levens-Craig, Carol Nash, Larry Nichols, Jim Panknin Member Nichols arrived at 5:05 p.m. and left at 6:42 p.m. Member Brindley left at 6:50 p.m. *Members Absent:* Sharon Smith *Staff Present:* Patty Floyd, Larry Goshorn, Dena Johnson, Bob Kiesling, Debbie Murray, Scott Patterson
3.0 Approval of Minutes *(Chair)*	▪ Member Brant moved to approve the minutes with the following change to Item 3.0: *Seconded, Member Brant declined to vote, passed 7/0.* Motion seconded, passed 9/0.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ None.

5.0 Chair Report *(Chair)* 5.1 RFQ/RFP Screening and Selection Committees	▪ Chairman Panknin stated that Member Lear had volunteered to assist with the paper screening for the new architect. He stated that if Member Smith was unavailable, Member Brindley would be the alternate. ▪ Ms. Johnson stated that the selection of finalists from the screening package would be held on May 12 in the Bond Trailer.
6.0 Governing Board Update *(S. Patterson)*	▪ Mr. Patterson stated that he did not have any items of interest to report from the April 2 Governing Board meeting.
7.0 Program Manager Report *(D. Johnson)* 7.1 New School Site Selection	▪ Chairman Panknin stated that he believed that it was important for the CBOC to discuss with staff and make a recommendation on the possible 12th high school sites. He stated that the recommendation should look for the taxpayer and suggest how the funds should be spent, not whether or not the school should be built. ▪ Ms. Johnson stated that a presentation on the school siteswas shared with the Steering & Planning subcommittee, the Alpine Planning group, and the tribal communities. ▪ Ms. Johnson stated that artifacts had been found on all sites, and that the District had been working with the KCRC committee that represents the tribal communities on how to follow their protocol to deal with these items. She stated that it was suggested that they be put on display in a safe area on the new campus. ▪ Ms. Johnson stated that the EIR would be taken to the Board for certification at their June 11 meeting. ▪ Ms. Johnson stated that the new high school would go through design and DSA so that it would be ready for when the District's enrollment qualifies, as stated in the Proposition U ballot language, to begin construction and bidding. ▪ Staff reviewed the sites studied in the EIR with the Committee and explained the differences between the sites.

7.1 New School Site Selection Status (Continued)	▪ Mr. Kiesling pointed out that the sites would not all qualify for the same amounts of state matching funds. ▪ Mr. Patterson stated that once the District completes the acquisition and improvement of land for the new high school, they still would not automatically receive state funds. He stated that the project would need to be complete before receiving the funds. ▪ Ms. Johnson discussed how the three sites were chosen as potential locations for the new high school. ▪ Mr. Patterson stated that the school attendance boundary hadn't been drawn yet and that the school is planned to house 800 students. ▪ Chairman Panknin suggested that the CBOC make their recommendation at the June 11 Governing Board meeting, and stated that their recommendation may be suggesting that one site might not be suitable. ▪ Mr. Kiesling pointed out that $20 million has been set aside for land acquisition. ▪ Mr. Patterson stated that staff was prepared to bring further information on cost breakdowns at the May 27 CBOC meeting. ▪ Chairman Panknin suggested that the CBOC review the EIR and call Ms. Johnson with any questions so that they are prepared for the May CBOC meeting.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)* 8.1 FACS Report	▪ Member Heiser pointed out that the CBOC was provided with the past two months' FACS reports in order to see changes to the data. ▪ Member Heiser stated that the March 31 report projected an over $9 million surplus for Phase 3A.
8.2 Recommendations Regarding Financial and Performance Audits	▪ Member Heiser stated that representatives from Nigro, Nigro, and White, the recently hired audit firm, attended their April subcommittee meeting to discuss future audits. ▪ Member Heiser explained that in the past the performance audit was conducted based

8.2 Recommendations Regarding Financial and Performance Audits (Continued)	on agreed-upon procedures, which are a set of parameters provided by staff. Auditors would review information and report back saying that everything is acceptable or not based on what they were asked to review. ▪ Member Heiser stated that the new auditors stated that they could conduct a full performance audit reviewing expenditures, including salaries and benefits, and giving an actual opinion as to whether or not the funds were spent consistent with the bond measure. ▪ Member Heiser pointed out that a full performance audit would cost twice as much as one based on agreed-upon procedures. He stated that the subcommittee discussed the possibility of having a full performance audit conducted and agreed that despite an increase in expenditures from bond funds, it would be worth the cost. ▪ Member Nash pointed out that the recommendation of having a full performance audit came from the investigation of an audit at the San Joaquin Community College District where the State Controller's Office did not believe the audit conducted provided enough information. ▪ Member Heiser stated that he subcommittee recommended as to Proposition H that the auditor be asked to conduct a full financial audit as in past years, as well as what is referred to as a "full performance audit," which would be more extensive than past years, for Proposition H only. ▪ Member Heiser stated that the subcommittee recommended as to Proposition U that a full financial audit be conducted for this fiscal year, but the performance audit be based upon the agreed-upon procedures due to the limited amount of activity under Proposition U. ▪ **Chairman Panknin stated that the recommendations as provided in Exhibit 8.2 would be taken as a motion from Member Heiser. Member Lear seconded.** o **Mr. Patterson requested that the motion be amended to include "for fiscal year 08-09."**

8.2 Recommendations Regarding Financial and Performance Audits (Continued)	**Member Heiser accepted the request and amended his motion.** ▪ **Motion passed 9/0. Member Brant was not present for the vote.**
9.0 Communications Subcommittee Report *(J. Panknin)* 9.1 Golden Watchdog Update	▪ Chairman Panknin stated that the CBOC was a finalist for the San Diego Taxpayers' Association Golden Watchdog Award. He asked that members interested in attending contact him.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)*	▪ Chairman Panknin requested that the subcommittee make a recommendation on a project for Mr. Goshorn's performance review at the May 27 meeting.
10.1 Change Order Report	▪ Member Nichols presented and discussed the Change Order report to the Committee. ▪ Member Nichols pointed out that construction was still shut down at Granite Hills High School due to environmental issues. ▪ Member Nichols mentioned that a lawsuit from neighbors was threatening to shut down construction at Valhalla High School. Mr. Kiesling stated that the district was close to settling this issue.
11.0 Steering & Planning Subcommittee Report *(M. Brant)* 11.1 Third Party Review	▪ Mr. Kiesling stated that he had met with AF Consultants and that they had laid out the scope of work for the Third Party Review. He stated that it will be brought before the Board at their May meeting for approval and that the project would begin in late June or early July.
11.2 Graphic Timeline	▪ Member Brant stated that the subcommittee had requested a one-page overview of the Proposition U program, and that the draft provided in Exhibit 11.2 was provided by staff in response.

11.2 Graphic Timeline (Continued)	▪ Mr. Kiesling stated that the timeline would change within the following months due to the ongoing changes to the District's educational standards. ▪ Chairman Panknin mentioned that the timeline may be included in the 2009 annual report.
11.3 Member Capacity Update	▪ Member Brant pointed out that Member Nichols' term would end in fall, but that his son would graduate in June, thus disqualifying him from serving as a member on the CBOC. She mentioned that Chairman Panknin would continue to have a child as a student in the District until the end of his term in spring 2011. ▪ Member Brant stated that the subcommittee recommended that the CBOC approve the change of Larry Nichols's member capacity to Community Member-at-Large from Parent-at-Large, and Chairman Panknin's member capacity to Parent-at-Large from Community Member-at-Large. ▪ **Member Brant requested that the recommendation from the Subcommittee be accepted as a motion. Member Lear seconded.** o **Member Heiser suggested that "for the remainder of the term of the category that they are vacating" be added to the recommendation.** ▪ **Member Lear seconded the amendment. Motion passed 8/0.**
12.0 Staff Report	▪ Mr. Patterson mentioned that the first $60 million from the Proposition U bond sale was in the bank, and that the sale was very successful.
13.0 Old Business *(Chair)*	▪ No discussion or action.
14.0 New Business *(Chair)*	▪ Member Levens-Craig requested that the Superintendent attend a future CBOC meeting.

15.0 Future Agenda Items *(Chair)*	▪ No discussion or action.
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:56 p.m.

Grossmont Union High School District

Proposition H/U Citizens' Bond Oversight Committee

Wednesday, May 27, 2009

Grossmont High School, 500 Building - Library

5:00 - 7:00 p.m.

MINUTES

Agenda Items	Assignments/Understandings
1.0 Meeting Called to Order *(Chair)*	▪ The meeting was called to order by Chairman Panknin at 5:00 p.m.
2.0 Roll Call *(Recording Secretary)*	▪ A quorum was represented as follows: *Members Present:* Ron Ashman, Mendy Brant, Timothy Brindley, Elana Levens-Craig, Carol Nash, Larry Nichols, Jim Panknin. Fred Lear participated in the meeting via teleconference. Marcie Findley arrived at 5:17 p.m. Sharon Smith arrived at 5:21 p.m. *Members Absent:* Walter Heiser *Staff Present:* Patty Floyd, Larry Goshorn, Dena Johnson, Scott Patterson, Katy Wright
3.0 Approval of Minutes *(Chair)*	▪ The minutes were moved to be approved as presented. Motion seconded, Member Lear abstained, motion passed 6/0/1.
4.0 Public Comments --Items on Agenda --Items Not on Agenda	▪ Mr. Phil Kern introduced himself to the Committee. He stated that his son currently attends Grossmont High School, and that his daughter was valedictorian in 2007 Grossmont High School.
5.0 Chair Report *(Chair)* 5.1 Introduction of Robert Mathews – Member Appointed by FEI	▪ Mr. Mathews was introduced to the Committee as Member Nash's replacement as a representative from Financial Executives International, with professional background in the finance industry. ▪ Mr. Patterson requested that Mr. Mathews attend the June 11 Governing Board

5.1 Introduction of Robert Mathews *(Continued)*	meeting to be introduced to the Board and have his membership ratified.
5.2 San Diego Taxpayers' Association Golden Watchdog Award Debrief	▪ Chairman Panknin stated that the Committee was not in the running for the 2009 Golden Watchdog Award, and stated that it was recommended that the Committee continue to submit nominations and show a consistent record of quality oversight.
6.0 Governing Board Update *(S. Patterson)*	
6.1 Re-designation of CBOC Members Panknin and Nichols (May 14)	▪ Mr. Patterson stated that the Board unanimously approved the re-designation of Chairman Panknin to Parent-at-Large and Member Nichols to Community Member-at-Large.
6.2 Approval of GMP for Valhalla Phase 2B Lease/Lease-Back (May 14)	▪ Mr. Patterson stated that the guaranteed maximum price of $8.5 million had been approved by the Board. He stated that staff would have to wait until the end of the project in able to compare it to the hard bid projects. ▪ Mr. Patterson pointed out that Monte Vista High School Phase 3A project was underway using the lease/lease back method.
6.3 Approval of Performance Review Agreement with AF Consultants (Third Party Review) (May 14)	▪ Mr. Patterson stated that the Board approved the agreement with AF Consultants to conduct a third party review, and pointed out that this item came as a recommendation from the Committee. ▪ Mr. Patterson stated that the third party review would be a follow-up to the one conducted two years ago.
6.4 Approval of Amendment to Audit Contract with Nigro, Nigro, and White (May 14)	▪ Mr. Patterson stated that the amendment to the audit contract with Nigro, Nigro, and White had been approved by the Board and gave a brief overview of the amendment, which was recommended by the Committee at their April 29 meeting.

7.0 Program Manager Report *(K. Wright)* 7.1 April Progress Report	▪ Ms. Wright pointed out that unexpected conditions with the soil at Grossmont High School had been an expensive, yet unavoidable undertaking.
8.0 Audit & Finance Subcommittee Report *(W. Heiser)* 8.1 FACS Report	▪ Member Nash discussed the FACS report with the Committee. She pointed out that the projected surplus in Phase 1-2A had decreased. Ms. Wright clarified that it was due to the closeout process.
9.0 Communications Subcommittee Report *(J. Panknin)*	▪ No discussion or action.
10.0 Construction Oversight Subcommittee Report *(L. Nichols)* 10.1 Recommendation for Performance Review	▪ Member Nichols stated that the Subcommittee had attended the Mount Miguel High School owner's meeting. ▪ Member Nichols stated that vapor barriers and flooring were discussed at the owner's meeting. ▪ Member Nichols pointed out that the revised school year was brought up in discussion, which would directly affect many construction projects currently underway continuing through August. ▪ Member Nichols stated that the Subcommittee discussed potential sites to be audited in Mr. Goshorn's performance review. He stated that they decided to have Mr. Goshorn conduct a full review on projects at Grossmont High School and a partial review at Work Training Center.
11.0 Steering & Planning Subcommittee Report *(M. Brant)* 11.1 Site Selection Recommendation and Discussion	▪ Member Brant read the following recommendation brought forward by the Steering & Planning Subcommittee: *The Steering & Planning committee recommends that the Chocolate Summit Options One and Two be taken out of the running due to economic reasons,*

11.1 Site Selection Recommendation and Discussion *(Continued)*	*infrastructure issues, traffic, safety, fire, and the proximity to the middle school.* ▪ The Committee discussed the differences between the three possible sites for the 12th high school. Ms. Johnson presented and discussed information on each site. ▪ Mr. Patterson explained that the new high school would initially be built to hold 800 students and that the school boundaries would be created after the site is selected. ▪ The Committee and staff discussed public and District-provided transportation in relation to the new school site. ▪ Ms. Johnson pointed out that the fire department would have to approve plans for the new school prior to submitting them to DSA. ▪ Ms. Johnson explained that a survey went out to the community in 2006 to select their preferred sites for the new high school from 12 possible locations. She stated that Lazy A, Chocolate Summit, and a third site were the top three choices, though the third dropped out of the running due to overwhelming costs associated with the site. She stated that Wright's Field was brought forward as the third choice to replace the eliminated site. ▪ **Member Lear moved to approve the Steering & Planning Subcommittee's recommendation. Member Levens-Craig seconded.** o Member Brant clarified that the Steering & Planning Subcommittee created their recommendation after reviewing information provided by staff regarding each of the possible school sites at their April and May Subcommittee meetings. o **Motion passed 5/4/1.** ▪ Ms. Johnson pointed out that the Alpine Planning group as well as the tribal communities would be weighing in on their preferred site. ▪ Ms. Johnson stated that the Viejas and Sycuan communities recommended that the school be placed on the Lazy A site. She stated that the tribal communities know the

11.1 Site Selection Recommendation and Discussion *(Continued)*	artifacts that are on the sites and would be willing to work with the District on documenting and curating the items, possibly in a museum on the future school's campus. ▪ **Chairman Panknin moved to recommend that the preferred site for the new high school be Lazy A Ranch. Member Lear seconded. Motion passed 9/1.**
12.0 Staff Report	▪ Mr. Patterson discussed the status of the third party review with the Committee. ▪ Mr. Patterson stated that the educational specifications would be completed and ready to present at the July 29 meeting.
13.0 Old Business *(Chair)*	▪ No discussion or action.
14.0 New Business *(Chair)*	▪ Chairman Panknin stated that Member Nash would be leaving the CBOC as she would be moving out of the District. ▪ Member Nash stated that she had an enjoyable experience working with the CBOC and District staff.
14.1 June CBOC Meeting	▪ The Committee agreed to not hold a meeting in June. The next CBOC meeting will be Wednesday, July 29.
15.0 Future Agenda Items *(Chair)*	▪ Deferred Maintenance Program ▪ Educational Specifications
16.0 Adjournment *(Chair)*	▪ The meeting was adjourned at 6:38 p.m.

1. BOARD AGENDA APPROVAL

GROSSMONT UNION HIGH SCHOOL DISTRICT

Business Services Division

Special Governing Board Meeting: October 14, 2003

Topic:

Adoption of Resolution (2003-148)

Issue:

The Governing Board approved, at its October 9, 2003, regular board meeting, an update of the Long Range Facilities Master Plan. Two key parts of the plan are the assessment of all schools and the projected enrollment growth caused by new residential development. After an extensive analysis of all the school sites was completed and a review of the regional growth projections was made, it was determined that a new school is needed in the Alpine/Blossom Valley area. In addition, all school sites require significant upgrades to modernize classrooms and address health, safety and code related issues. Approximately $380 million will be required to address these needs.

Plan:

A general obligation bond is the most efficient and equitable financing method for providing capital improvement funding. Staff recommends that the Board consider a not to exceed $297 million bond for the purposes of modernization and new school construction.

Proposition 39, the "Smaller Classes, Safer Schools and Financial Accountability Act," authorizes districts to submit a proposition to the voters which may be approved by a 55 percent affirmative vote. Proposition 39 requires the following accountability measures:

- The creation of a citizen's oversight committee
- An annual performance audit
- An annual financial audit
- A maximum tax of $30 per $100,000 assessed value
- The identification of the facilities to be constructed reconstructed or rehabilitated in the resolution ordering the election

The first step in the process is the approval of the Resolution Ordering an Election. This action must be taken not less than 88 days prior to the election, and the resolution must define the parameters of the bond.

Resolution number 2003-148 calls for a March 2, 2004, not to exceed $297 million General Obligation bond for the reconstruction of the District's existing schools and the construction of a new high school including the site acquisition and furniture and equipment.

Fiscal Impact:

There is no fiscal impact as a result of the adoption of this resolution.

BEFORE THE GOVERNING BOARD OF THE
GROSSMONT UNION HIGH SCHOOL DISTRICT
SAN DIEGO COUNTY, CALIFORNIA

RESOLUTION NO. 2003-148

RESOLUTION ORDERING AN ELECTION TO AUTHORIZE THE ISSUANCE OF SCHOOL BONDS, ESTABLISHING SPECIFICATIONS OF THE ELECTION ORDER, AND REQUESTING CONSOLIDATION WITH ANY OTHER ELECTIONS OCCURRING ON MARCH 2, 2004

WHEREAS, in the judgment of the Governing Board (the "Board") of the Grossmont Union High School District (the "District"), it is advisable to call an election to submit to the electors of the District the question of whether the bonds of the District shall be issued and sold for the purpose of raising money for the improvement and renovation of the District's existing schools, acquisition and improvement of new school sites, and the construction of new schools and school facilities; and

WHEREAS, as a result of the approval of Proposition 39 on November 7, 2000, Article XIIIA, Section 1, paragraph (b) of the California Constitution ("Article XIIIA") provides an exception to the limit on *ad valorem* property taxes on real property for bonded indebtedness incurred by a school district that has been approved by fifty-five percent (55%) of the voters of the District voting on the proposition; and

WHEREAS, pursuant to California Education Code section 15264 *et seq.* (the "Act"), this Board is specifically authorized, upon approval by two-thirds (2/3) of the Board, to submit to the electorate of the District the question of whether bonds of the District shall be issued and sold for specified purposes, upon a fifty-five percent (55%) vote of the electorate in favor on the question, pursuant to paragraph (3) of said subdivision (b) of Section 1 of Article XIIIA and subdivision (b) of Section 18 of Article XVI of the California Constitution; and

WHEREAS, most of the District's school facilities are between 40 and 60 years old and, therefore, many have outdated safety systems including fire alarms, security systems and lighting; deteriorating plumbing, bathrooms and drinking fountains; inadequate ventilation and heating systems; outdated science labs, classrooms and libraries; deteriorating roofs and many contain asbestos and lead paint; and

WHEREAS, such physical conditions of the existing school facilities do not satisfy the safety and technological and curriculum standards of the District thereby creating the need to modernize, renovate, rehabilitate and expand such existing school facilities, replace portable classrooms, furnish and/or equip such school facilities and/or lease school facilities; and

WHEREAS, additionally, growth in student enrollment in the District has also increased resulting in severely overcrowded conditions in the existing school facilities thereby creating the need to construct a new high school to serve students residing in the Alpine/Blossom Valley

region of the District and to thereby relieve overcrowding in the District's existing school facilities; and

WHEREAS, pursuant to California Election Code section 10403 *et seq.*, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on Tuesday, March 2, 2004, and to request the San Diego County Registrar of Voters to perform certain election services for the District.

NOW, THEREFORE, THE GOVERNING BOARD OF THE GROSSMONT UNION HIGH SCHOOL DISTRICT HEREBY RESOLVES, DETERMINES, AND ORDERS AS FOLLOWS:

1. **Call for Election.** The Board hereby orders an election and submits to the electors of the District the question of whether general obligation bonds of the District shall be issued and sold in the principal amount not to exceed $297,000,000 for the purpose of raising money for the improvement, renovation, reconstruction and rehabilitation of the District's existing schools, acquisition and improvement of new school sites, and the construction of new schools and school facilities and paying costs incident thereto, as set forth more fully in a ballot proposition approved pursuant to Section 3 below. This Resolution constitutes the order of the District to call such election.

2. **Election Date.** The date of the election shall be March 2, 2004, and the election shall be held solely within the boundaries of the District.

3. **Purpose of Election; Ballot Proposition.** The purpose of the election shall be for the voters of the District to vote on a proposition, a full copy of which is attached hereto as **Exhibit A**, containing the question of whether the District shall issue the Bonds for the purposes stated therein, together with the accountability requirements of Article XIIIA and the requirements of Section 15272 of the Act. As required by California Elections Code section 13247, the abbreviated form of the measure to appear on the ballot is attached hereto as **Exhibit B**. The District's Superintendent (or designee) is hereby authorized and directed to make any changes to the text of the proposition or its abbreviated form as required to comply with the intent of this Resolution, the requirements of elections officials, and requirements of law.

4. **Authority for Election.** The authority for ordering the election is contained in California Education Code section 15264 *et seq.* and Article XIIIA, Section 1, paragraph (b), subsection (3) of the California Constitution. The authority for the specification of this election order is contained in California Education Code section 5322.

5. **School Facilities Projects.** A list of the specific school facilities projects to be funded from the proceeds of the bonds is set forth in Exhibit A. As required by Article XIIIA, the Board hereby certifies that it has evaluated safety, class-size reduction, and information technology needs of the District in developing the list of school facilities projects set forth in Exhibit A.

6. **Maximum Tax Levy**. If 55 percent of the votes cast in the election are in favor of the proposed bonded indebtedness and bonds are sold pursuant to such authorization, the bonds will only be sold if the tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution will not exceed $30 per $100,000 of taxable property in the District when assessed valuation is projected by the District to increase in accordance with Article XIIIA of the California Constitution.

7. **Covenants of the Board Upon Approval of the Bonds by the Electorate.** As required by Article XIIIA and Section 15270 of the Act, if fifty-five percent (55%) of the voters of the District voting on the measure approve of the bonds, the Board shall:

(a) Use the bond proceeds only for the purposes of construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, as specifically set forth in Exhibit A, and not for any other purpose, including teacher and administrator salaries and other school operating expenses;

(b) Conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the projects listed in Exhibit A;

(c) Conduct an annual, independent financial audit of the proceeds from the sale of the Bonds until all of those proceeds have been expended for school facilities projects listed in Exhibit A; and

(d) Establish and appoint members to an independent citizens' oversight committee in accordance with sections 15278, 15280, and 15282 of the Act.

In addition to the foregoing, the Governing Board shall, pursuant to Sections 53410 and 53411 of the Government Code, if 55 percent of the votes cast in the election are in favor of the proposed bonded indebtedness and the subsequent sale of any bonds is approved by the Governing Board, take such action as may be necessary to establish an account for the deposit of the proceeds of such bonds. For so long as the proceeds of such bonds remain unexpended, the Superintendent, or his designee, shall cause a report to be annually filed with the Board stating: (i) the amount of the bond proceeds received and expended and (ii) the status of any project funded or to be funded from the proceeds of such bonds. Such report may relate to the calendar year, the District's fiscal year, or such other appropriate annual period as the Superintendent or his designee shall determine. Such report may be incorporated into the District's annual budget, audit or other appropriate report to the Board.

8. **Delivery of this Resolution.** The Clerk of this Board is hereby authorized and directed to send or hand deliver a copy of this Resolution to the Registrar of Voters and the Clerk of the board of Supervisors of the County of San Diego by no later than December 5, 2003.

9. **Declaration of Official Intent**. The District hereby declares its official intent, subject to the further approval of this Board, to use up to $30,000,000 of the proceeds of the

proposed bonds to reimburse itself for the Reimbursement Expenditures. It is intended that this Resolution shall, among other things, constitute a declaration of "official intent" within the meaning of Section 1.150-2 of the Treasury Regulations promulgated under Section 150 of the Internal Revenue Code of 1986, as amended.

10. **Ballot Arguments; Tax Rate Statement.** Any and all members of this Board are hereby authorized to act as an author of any ballot argument prepared in connection with the election, including a rebuttal argument. The Superintendent, President of the Board, or their designees, are hereby authorized to execute any Tax Rate Statement or other document and to perform all acts necessary to place the bond measure on the ballot.

11. **Consolidation of Election; Election services.** The San Diego County Registrar of Voters and the San Diego County Board of Supervisors are hereby requested to consolidate the election ordered hereby with any and all other elections to be held on March 2, 2004 within the District. Pursuant to section 5303 of the Education Code and section 10002 of the Elections Code, the Board of Supervisors is requested to permit the County Registrar of Voters, or other appropriate officials of the County of San Diego, to render all services necessary in connection with the bond election including, but not limited to, publication of a Formal Notice of School Bond Election pursuant to Education Code 5363 and related law, the mailing of the sample ballot and tax rate statement (described in section 9401 of the Elections Code), the opportunity to submit ballot arguments in connection with the bond election, the canvassing and certification of the returns of the election, and other ballot requirements pursuant to Elections Code section 15123, for which services the District agrees to reimburse the County as required by law.

12. **Effective Date.** This Resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED this _____ day of _____, 2003, by the following vote:

EXHIBIT "A"

BALLOT MEASURE
(FULL TEXT)

Neighborhood School Repair, Safety and Overcrowding Measure. To repair aging schools and improve student safety at every neighborhood high school by repairing leaky roofs, improving fire safety and school security systems, removing hazardous materials such as lead paint and asbestos, upgrading wiring for computer technology, and repairing/upgrading deteriorating classrooms, renovate bathrooms, provide air-conditioning, and renovate science laboratories, construct a new high school, and pay off existing Certificates of Participation; shall Grossmont Union High School District, issue not to exceed $297 million ($297,000,000) in bonds at legal rates, with annual financial audits, a Citizen's Bond Oversight Committee, and no money for administrators' salaries?

As required by the California Constitution, the proceeds from the sale of bonds will be used only to acquire or improve real property, and *not for any other purposes, including teacher and administrator salaries or other school operating expenses.*

Priority School Projects

The District intends to complete the school projects described below, using a combination of bond proceeds and matching state funds. It is anticipated that bond proceeds will contribute $297,000,000. Generating such dollars from these bond proceeds would qualify the District to receive approximately $120,000,000 from matching state funds.

The work done at the high schools in the District will include:

Grossmont High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Renovate library
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Kitchen and Cafeteria Improvements
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law
- Upgrade existing district offices for compliance with the Americans with Disabilities Act

Helix Charter High School

- Upgrade safety systems including but not limited to public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Replace relocatable classrooms
- Expand and upgrade science labs
- Renovate library
- Kitchen and Cafeteria (Food Services) Improvements
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms

Exhibit 2

- Athletic field improvements
- Upgrade heating and air conditioning with energy efficient syst
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds
  state law

B-3

El Cajon Valley High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Renovate library
- Kitchen and Cafeteria Improvements
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Add new relocatable classrooms as needed for enrollment growth
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law

Mount Miguel High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Renovate library
- Kitchen and Cafeteria Improvements
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law
- Improve the school's traffic and parking patterns

El Capitan High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Kitchen and Cafeteria Improvements
- Renovate library
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law
- Replace existing classroom buildings as needed

Granite Hills High School

- Complete the air conditioning and heating upgrade and add energy efficient systems
- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Food Services Improvements such as Kitchen and Cafeteria
- Renovate library
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law

Monte Vista High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Renovate library
- Kitchen and Cafeteria Improvements
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Improve the school's traffic and parking patterns
- Provide furnishings and equipment from state matching funds to the extent permitted by state law

Santana High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Kitchen and cafeteria improvements
- Renovate library
- Remove asbestos and lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways
- Renovate/improve classrooms
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law

Valhalla High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Renovate bathrooms/drinking fountains
- Expand and upgrade science labs
- Kitchen and cafeteria improvements
- Remove lead paint and repaint the interior and exterior
- Replace old roofs and covered walkways

- Renovate/improve classrooms
- Upgrade heating and air conditioning with energy efficient systems
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law

West Hills High School

- Upgrade safety systems including but not limited to fire alarm systems, public address systems, intercom and Americans with Disabilities Act improvements
- Upgrade site drainage, irrigation and storm systems
- Upgrade power systems
- Food Services Upgrades – Kitchen and Cafeteria
- Expand/upgrade science labs
- Upgrade wiring for communications and computer technology
- Upgrade lighting and security systems
- Provide furnishings and equipment from state matching funds to the extent permitted by state law
- Replace old roofs and covered walkways as needed
- Refinance existing interim financing obligations

Steele Canyon High School

- Make the necessary improvements for compliance with the Americans with Disabilities Act
- Upgrade/expand infrastructure for classroom telecommunications systems
- Expand/upgrade security lighting and fencing
- Provide furnishing and equipment from state matching funds to the extent permitted by state law
- Athletic field improvements
- Refinance existing interim financing obligations

In addition, similar projects will be completed at the following schools and District sites:

- Chaparral High School
- Viking Center
- Homestead School
- Work Training Center
- Grossmont Adult School

The Governing Board of the District has adopted the Long Range Facilities Master Plan for the Grossmont Union High School District, which includes a comprehensive list, identified as priorities 1, 2 and 3, of all projects that may also be accomplished with proceeds from this bond. The plan is on file at the District Office and may be amended from time to time by the Governing Board of the District as permitted by law.

The Governing Board of the District has certified that it has evaluated safety, class size reduction and information technology needs in developing the foregoing list.

Accountability Measures

The following accountability measures are above and beyond the requirements of current state law:

Performance Audit

An annual, independent performance audit will be conducted to ensure that the funds have been expended only on the project list set forth above, as promised to the voters. The audit will be made available to the public by the Citizens' Bond Oversight Committee.

Financial Audit

An annual, independent financial audit of the proceeds from the sale of the Bonds will be conducted until all of those proceeds have been expended for the school facilities projects listed above, as promised to the voters. The audit will be made available to the public by the Citizens' Bond Oversight Committee.

Citizens' Bond Oversight Committee

The Governing Board of the District will appoint an independent Citizens' Bond Oversight Committee within 60 days of the date that the Governing Board enters the elections results in its minutes. The purpose of the Citizens' Bond Oversight Committee shall be to receive and review copies of annual, public performance and financial audits, and to inform the public concerning the expenditure of bond revenues. The Citizens' Bond Oversight Committee shall actively review and report on the proper expenditure of taxpayers' money for school construction. The Citizens' Bond Oversight Committee shall advise the public as to whether the District is in compliance with the requirements of paragraph (2) of Section 1 of Article XIIIA of the California Constitution. The Citizens' Bond Oversight Committee shall convene to provide oversight for, but not limited to, both of the following:

- Ensuring that bond revenues are expended only for the purposes described above, as promised to the voters (see paragraph (2) of Section 1 of Article XIIIA of the California Constitution).
- Ensuring that no bond revenues are used for any teacher or administrative salaries or other school operating expenses.

In furtherance of its purpose, the Citizens' Bond Oversight Committee may engage in any of the following activities:

- Receiving and reviewing copies of the annual, independent performance audit;
- Receiving and reviewing copies of the annual, independent financial audit;
- Inspecting school facilities and grounds to ensure that bond revenues are expended as promised to the voters (see paragraph (2) of subdivision (b) of Section 1 of Article XIIIA of the California Constitution).
- Receiving and reviewing copies of any deferred maintenance proposals or plans developed by the District.
- Reviewing efforts by the District to maximize bond revenues by implementing cost-saving measures, including, but not limited to, all of the following:
  - Mechanisms designed to reduce the costs of (a) professional fees and (b) site preparation;
  - Recommendations regarding (a) the joint use of core facilities and (b) the use of cost-effective and efficient reusable facility plans; and
  - Mechanisms designed to reduce costs by incorporating efficiencies in school site design.

The Citizens' Bond Oversight Committee shall review and comment on bond measure expenditure plans, bond measure-related staffing and consultants, and General Fund major maintenance plans prior to any action by the Governing Board on bond-related issues. The Citizens' Bond Oversight Committee shall also oversee the implementation of the major maintenance plan described below.

The District shall, without expending bond funds, provide the Citizens' Bond Oversight Committee with any necessary technical assistance and shall provide administrative assistance in furtherance of its purpose and sufficient resources to publicize the conclusions of the Citizens' Bond Oversight Committee.

All Citizens' Bond Oversight Committee proceedings shall be open to the public and notice to the public shall be provided in the same manner as the proceedings of the Governing Board of the District.

The Citizens' Bond Oversight Committee shall issue regular reports on the results of its activities. A report shall be issued at least once a year. Minutes of the proceedings of the Citizens' Bond Oversight Committee and all documents received and reports issued by the Citizens' Bond Oversight Committee shall be a matter of public record and be made available on the District's internet web site.

The Citizens' Bond Oversight Committee shall consist of at least seven (7) members to serve for a term of two (2) years without compensation and for no more than two (2) consecutive terms. It is the intention of the Governing Board of the District that such committee shall include among its members construction, finance or other qualified professionals who shall constitute majority of the membership of such committee. The Citizens' Bond Oversight Committee shall, however, include the following members:

- One member shall be active in a business organization representing the business community located within the District;
- One member shall be active in a senior citizen's organization;
- One member shall be active in a bona fide taxpayers' organization;
- One member shall be a parent or guardian of a child enrolled in the District;
- One member shall be both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization, such as the Parent Teacher Association or a school site council.

No employee or official of the District shall be appointed to the Citizens' Bond Oversight Committee. No vendor, contractor, or consultant of the District shall be appointed to the Citizens' Bond Oversight Committee.

Maintenance Plan

The Governing Board of the District shall adopt a short term plan to eliminate existing deferred maintenance, if any, using general fund revenues and, if necessary, bond revenues to the minimum extent practicable. The Governing Board shall also adopt an ongoing maintenance plan to ensure that maintenance of both new and renovated facilities does not become deferred once the existing backlog of deferred maintenance has been eliminated.

Joint Use of Facilities

The District will pursue all practical opportunities to expand community joint use facilities in every new or expanded school construction project. In pursuing joint use, the District's goal will be to maximize the use of school district facilities to the broader community, without adversely impacting school operations or finances.

S&Y STONE & YOUNGBERG

Exhibit 8

GROSSMONT UNION HIGH SCHOOL DISTRICT

Business Services Division

Regular Governing Board Meeting: **October 14, 2003**

Topic:

Approval of Agreements for Consulting Services in Connection with the Issuance of General Obligation Bonds

Issue and Plan:

The Grossmont Union High School District is proposing to place a general obligation bond on the March 2004 ballot.

In order to facilitate the passage of this school bond, the assistance of consultants to provide expertise and assistance in their various capacities is required.

Plan and Fiscal Impact:

Stone & Youngberg, LLC, will serve as the District's underwriter and will assist the district in the structuring of the financing or financings, including alternative financing options; underwriting criteria; security analysis; and assistance in the sale of general obligation bonds by the district. Fee: Contingent on the sale of securities and will be paid only at the time of sale of such securities as follows:

Depending on which method is in the District's best interests, securities will be sold either at a negotiated sale (payment in the form of a discount on each issue of securities sold and delivered, plus out of pocket expenses); or a public bid (a fee of $35,000, plus out of pocket expenses from the proceeds of each series of securities issued).

Sidewalk Strategies - will assist in developing and interpreting a poll; provide advice on Proposition 39 compliance; provide strategic recommendations for building a public information program to enhance community knowledge about facilities needs; make recommendations on optimal tax rate, and timing of election; and prepare ballot statement. Fee: $45,000 plus expenses.

Gene Bregman & Associates - will conduct a public opinion survey. Fee: $25,000.

John Hoy - will assist with all aspects of the public information program. Fee: $20,000 plus expenses.

Exhibit 9

Recommended Action:

Ratification and Approval of the Following Consultants in Connection with a March 2004 General Obligation Bond; and Authorization for Superintendent or Designee to Execute Same

A. (A-5271) With Stone & Youngberg, LLC, to Serve as Underwriter
B. (A-5272) With Sidewalk Strategies, to Provide Campaign Direction
C. (A-5273) With Gene Bregman & Associates, to Conduct a Public Opinion Survey
D. (A-5274) With John Hoy to Assist in the Public Information Program

---

Robert J. Cornelius
Assistant Superintendent
Business Services

Approved for Submission to the Governing Board:

Terry Ryan, Superintendent

Points in Favor of the 2002-2003 Grossmont Union High School District Bond

(Fairbanks & Mauslin)

* Not current for 2003-2004. Will be updated by current consultant team.

1. The bond will allow us to remove hazardous materials such as asbestos and lead paint.

2. "Given the events of the past few years, it is critical that we make security improvements to ensure the safety of high school students. These bond funds will pay for important safety upgrades such as a school-wide communications system in the Grossmont Union High School District."

3. The bond will allow us to make improvements and repairs at every neighborhood school.

4. " It will be less expensive to upgrade and repair school buildings now then in the future. If we do not make these repairs now, the problems will only get worse."

5. "Repairing and upgrading of our schools and classrooms will improve the quality of education for our children. Studies have shown that test scores improve following the passage of school bonds."

6. The bond will allow the District to repair and upgrade and expand science laboratories.

7. A Proposition #39 "A Citizens' Oversight Committee, made up of members with expertise in finance, construction management, and education will ensure that bond money will be spent efficiently – and on the projects that were approved by voters. An independent audit will be conducted and no money from this measure will go toward administrators' salaries."

Exhibit 10

8. "With hundreds of new students entering our local schools each year, our schools are overcrowded. This bond will fund the construction of new school buildings and classrooms that will relieve this overcrowding and improve the quality of education."

9. "This measure is extremely important for the future of the area. If it passes, it will help improve our local economy, help reduce crime, and help raise local property values.

10. During the 2003-2004 school year the District cut its budget by $8 million, reduced administrative cost by $2 million, and laid off several non-teaching personnel in the District. The Blue Ribbon Commission was established to ensure that the District spend its money wisely and effectively.

11. The Grossmont Union High School District Superintendent and Governing Board, staff, and community are working together effectively. Things are operating well in the Grossmont Union High School District and students are safe, happy, and student test scores are improving.

Note: An updated Points in Favor list will be provided by the 2003-2004 Bond Consultant Team at a later date.

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Grossmont Union High School District (the "District"), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of California personal income taxes. In the further opinion of Bond Counsel, interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, nor is it included in adjusted current earnings when calculating corporate alternative minimum taxable income. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds. See "TAX MATTERS".

$60,000,000
GROSSMONT UNION HIGH SCHOOL DISTRICT
(San Diego County, California)
2009 General Obligation Bonds (Election of 2008, Series A)

Dated: Date of Delivery **Due: August 1, as show on the inside cover**

This cover page is not a summary of this issue; it is only a reference to the information contained in this Official Statement. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

The Grossmont Union High School District 2009 General Obligation Bonds (Election of 2008, Series A) (the "Bonds") are issued by the District, located in the County of San Diego, California (the "County"), (i) to finance construction, improvement and modernization projects approved by the voters; and (ii) to pay costs of issuance of the Bonds. The Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds, all as more fully described herein. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS".

Interest on the Bonds is payable on February 1, 2010, and thereafter on each February 1 and August 1 to maturity. Principal of the Bonds is payable on August 1 in each of the years and in the amounts set forth on the inside cover of this Official Statement. Payments of principal of and interest on the Bonds will be made by the Paying Agent (initially, the Office of the Treasurer-Tax Collector of the County of San Diego) to The Depository Trust Company, New York, New York ("DTC"), for subsequent disbursement to DTC Participants, who will remit such payments to the Beneficial Owners (as defined in APPENDIX F) of the Bonds. See "THE BONDS – Payment of Principal and Interest" and APPENDIX F— "BOOK-ENTRY ONLY SYSTEM".

The Bonds are subject to redemption prior to maturity. See "THE BONDS — Redemption" herein.

The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of a nominee of DTC. Purchasers will not receive physical certificates representing their interests in the Bonds. See "THE BONDS– Form and Registration" and APPENDIX F— "BOOK-ENTRY ONLY SYSTEM".

The Bonds maturing on August 1, 2010 through August 1, 2031 are not insured. The scheduled payment of principal of and interest on the Bonds maturing on August 1, 2033 when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by Financial Security Assurance Inc. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Bond Insurance for Certain Maturities," "BOND INSURANCE" AND APPENDIX G— "SPECIMEN MUNICIPAL BOND INSURANCE POLICY".

FSA.

MATURITY SCHEDULE
See inside cover

The Bonds will be offered when, as, and if issued by the District and received by the Underwriter, subject to the approval of validity by Orrick, Herrington & Sutcliffe LLP, Bond Counsel. Certain matters will be passed on for the Underwriter by its counsel, Fulbright & Jaworski L.L.P., Los Angeles, California. It is anticipated that the Bonds, in definitive form, will be available for delivery through the facilities of DTC on or about April 15, 2009.

The CUSIP numbers are provided for convenience of reference only. Neither the District nor the Underwriter takes any responsibility for the accuracy of such CUSIP numbers.*

This Official Statement does not constitute an offering of any security other than the original offering of the Bonds by the District. No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representations other than as contained in this Official Statement, and if given or made, such other information or representation not so authorized should not be relied upon as having been given or authorized by the District.

This Official Statement does not constitute an offer to sell or a solicitation of an offer to buy Bonds in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so, or to any person to whom it is unlawful to make such offer or solicitation.

The information set forth herein other than that furnished by the District, although obtained from sources which are believed to be reliable, is not guaranteed as to accuracy or completeness. The information and expressions of opinion herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

The Underwriters (listed on the cover page hereof, collectively, the "Underwriter") has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Certain statements included or incorporated by reference in this Official Statement constitute "forward-looking statements". Such statements are generally identifiable by the terminology used such as "plan," "expect," "estimate," "budget" or other similar words. The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The District does not plan to issue any updates or revisions to those forward-looking statements if or when its expectations, or events, conditions or circumstances on which such statements are based occur.

In connection with this offering, the Underwriter may overallot or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time. The Underwriter may offer and sell the bonds to certain securities dealers and dealer banks and banks acting as agent at prices lower than the public offering prices stated on the cover page hereof and said public offering prices may be changed from time to time by the Underwriter.

Other than with respect to information concerning Financial Security Assurance Inc. ("Financial Security") contained under the caption "Bond Insurance" and Exhibit G specimen "Municipal Bond Insurance Policy" herein, none of the information in this Official Statement has been supplied or verified by Financial Security and Financial Security makes no representation or warranty, express or implied, as to (i) the accuracy or completeness of such information; (ii) the validity of the Bonds; or (iii) the tax exempt status of the interest on the Bonds.

GROSSMONT UNION HIGH SCHOOL DISTRICT
(San Diego County, California)
2009 General Obligation Bonds (Election of 2008, Series A)

INTRODUCTION

This Official Statement, which includes the cover page and appendices hereto, is provided to furnish information in connection with the sale of the Grossmont Union High School District 2009 General Obligation Bonds (Election of 2008, Series A) (the "Bonds").

This Official Statement speaks only as of its date, and the information contained herein is subject to change. Except as required by the Continuing Disclosure Certificate to be executed by the Grossmont Union High School District (the "District"), the District has no obligation to update the information in this Official Statement. See "OTHER LEGAL MATTERS – Continuing Disclosure".

The purpose of this Official Statement is to supply information to prospective buyers of the Bonds. Quotations from and summaries and explanations of the Bonds, the resolutions providing for the issuance of the Bonds, and the constitutional provisions, statutes and other documents described herein, do not purport to be complete, and reference is hereby made to said documents, constitutional provisions and statutes for the complete provisions thereof. Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or owners of any of the Bonds.

Copies of documents referred to herein and information concerning the Bonds are available from the District from the Superintendent, Grossmont Union High School District, 1100 Murray Drive, El Cajon, CA 92020-5664. The District may impose a charge for copying, handling and mailing such requested documents.

The District

The District, located in eastern San Diego County (the "County"), was established in 1920 and encompasses an area of approximately 465 square miles, including all of the cities of El Cajon, Santee and Lemon Grove, most of the City of La Mesa, a small portion of the City of San Diego and the unincorporated areas of Alpine, Dulzura, Jamul, Lakeside and Spring Valley. The District's budgeted average daily attendance for fiscal year 2008-09 is 18,640, and the District's 2008-09 budgeted general fund expenditures are approximately $193 million.

The District is a high school district, providing education to students in grades 9-12 from eight feeder elementary school districts. The District currently operates nine comprehensive high schools, three charter high schools, one continuation high school, two alternative education sites, four special education facilities, a middle college high school program, a Regional Occupational Program ("ROP") and an adult education program.

Taxable property in the District has a fiscal year 2008-09 assessed value of approximately $39.4 billion. As of July 1, 2008, the District employed 1,006 certificated employees (teaching staff), 968 classified employees and 136 management personnel. The District operates under the jurisdiction of the San Diego County Superintendent of Schools.

The District is governed by a Governing Board consisting of five members. The members are elected to four-year terms in staggered years. Elections for positions to the Board are held every two years, alternating between two and three available positions. The day-to-day operations are managed by a board-appointed Superintendent. Robert Collins has served as Superintendent since November 1, 2007, after a 40-year career with the Los Angeles Unified School District.

For additional information about the District, see APPENDIX A— "INFORMATION RELATING TO THE DISTRICT".

THE BONDS

Authority for Issuance; Purpose

The Bonds are issued pursuant to the Constitution and laws of the State of California (the "State"), including the provisions of Chapters 1 and 1.5 of Part 10 of the Education Code of the State and other applicable law, and pursuant to a resolution of the Board of Supervisors of the County adopted on March 24, 2009 (the "Resolution") as requested by a resolution adopted by the Governing Board of the District on March 12, 2009.

The Bonds were authorized to be issued at an election held on November 4, 2008, by 55% or more of the votes cast by eligible voters within the District. The measure authorized the District to issue bonds in an aggregate principal amount not to exceed $417,000,000 ("Proposition U") to better prepare local high school students for college and high demand jobs by upgrading educational technology, constructing science labs, replacing deteriorated portables, rehabilitating aging classrooms, equipment, sites, and joint-use facilities, improving safety and energy-efficiency, and constructing a new school. The Bonds are the first series of bonds issued under Proposition U, after which $357,000,000 of the Proposition U bonding authority will remain.

Form and Registration

The Bonds will be issued in fully registered book-entry form only, in denominations of $5,000 principal amount each or any integral multiple thereof. The Bonds will initially be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Bonds. Purchases of Bonds under the DTC system must be made by or through a DTC participant, and ownership interests in Bonds or any transfer thereof will be recorded as entries on the books of said participants. Except in the event that use of this book-entry system is discontinued for the Bonds, beneficial owners will not receive physical certificates representing their ownership interests. See APPENDIX F— "BOOK-ENTRY ONLY SYSTEM".

Payment of Principal and Interest

The Bonds will be dated the date of their delivery, and bear interest at the rates set forth on the inside cover page hereof, payable by check or draft on February 1 and August 1 of each year, commencing on February 1, 2010 (each, an "Interest Payment Date"), until payment of the principal amount thereof, computed using a year of 360 days consisting of twelve 30-day months. Bonds authenticated and registered on any date prior to the close of business on January 15, 2010 will bear interest from the date of their delivery. Bonds authenticated during the period between the 15th day of the calendar month immediately preceding an Interest Payment Date (the "Record Date") and the close of business on that Interest Payment Date will bear interest from that Interest Payment Date. Any other Bond will bear interest from the Interest Payment Date immediately preceding the date of its authentication. If, at the time of authentication of any Bond, interest is then in default on outstanding Bonds, such Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon.

Payment of interest on any Bond on each Interest Payment Date (or on the following business day, if the Interest Payment Date does not fall on a business day) will be made to the person appearing on the registration books of the registrar, transfer agent and paying agent with respect to the Bonds (the "Paying Agent"), initially the Office of the Treasurer-Tax Collector of the County of San Diego (the "County Treasurer"), as the registered owner thereof (the "Owner") as of the preceding Record Date, such interest to be paid by check or draft mailed to such Owner at such Owner's address as it appears on such registration books or at such other address as the Owner may have filed with the Paying Agent for that purpose on or before the Record Date. The Owner of an aggregate principal amount of $1,000,000 or more of Bonds may request in writing to the Paying Agent to be paid interest by wire transfer to the bank and account number on file with the Paying Agent as of the applicable Record Date.

Principal will be payable at maturity, or upon redemption prior to maturity, upon surrender of Bonds at the principal office of the Paying Agent. The interest, principal and premiums, if any, on the Bonds will be payable in lawful money of the United States of America from moneys on deposit in the interest and sinking fund of the District (the "Interest and Sinking Fund") within the treasury of the County, consisting of *ad valorem* taxes collected and held by the County Treasurer, together with any net premium and accrued interest received upon issuance of the Bonds. So long as all outstanding Bonds are held in book-entry form and registered in the name of a securities depository or its nominee, all payments of principal of, premium, if any, and interest on the Bonds and all notices with respect to such Bonds will be made and given, respectively, to such securities depository or its nominee and not

to beneficial owners. So long as the Bonds are held by Cede & Co., as nominee of DTC, payment will be made by wire transfer. See APPENDIX F— "BOOK-ENTRY ONLY SYSTEM".

Redemption

Optional Redemption. The Bonds maturing on or before August 1, 2019 are not subject to redemption prior to their respective stated maturity dates. The Bonds maturing on and after August 1, 2020 are subject to redemption prior to their respective stated maturity dates, at the option of the District, from any source of available funds, as a whole or in part on any date on or after August 1, 2019, at a redemption price equal to the principal amount plus accrued interest thereon to the date called for redemption, without premium.

Mandatory Sinking Fund Redemption. The Term Bonds maturing on August 1, 2033 and bearing interest at the rate of five and twenty-five hundredths percent (5.25%) are also subject to mandatory sinking fund redemption on each August 1, on and after August 1, 2032, in the respective principal amounts as set forth in the following schedule, at a redemption price equal to 100% of the principal amount thereof to be redeemed, without premium:

Mandatory Sinking Fund Redemption Date (August 1)	Principal Amount To be Redeemed
2032	$ 5,935,000
2033†	6,675,000
	$12,610,000

† Maturity.

The Term Bonds maturing on August 1, 2033 and bearing interest at the rate of five percent (5.00%) are also subject to mandatory sinking fund redemption on each August 1, on and after August 1, 2032, in the respective principal amounts as set forth in the following schedule, at a redemption price equal to 100% of the principal amount thereof to be redeemed, without premium:

Mandatory Sinking Fund Redemption Date (August 1)	Principal Amount To be Redeemed
2032	$ 680,000
2033†	760,000
	$1,440,000

† Maturity.

The principal amount of any maturity to be redeemed in each year as shown above will be reduced proportionately by the amount of any Term Bonds of that maturity optionally redeemed prior to the mandatory sinking fund redemption date unless otherwise directed by the District.

Selection of Bonds for Redemption. If less than all of the Bonds are called for redemption, such Bonds will be redeemed in inverse order of maturities unless otherwise directed by the District. Whenever less than all of the outstanding Bonds of any one maturity are designated for redemption, the portion to be redeemed will be determined by lot.

Notice of Redemption. Notice of redemption of any Bond is required to be given by the Paying Agent, upon written request of the District, not less than 30 nor more than 60 days prior to the redemption date (i) by first class mail to the respective owners of any Bond designated for redemption at their addresses appearing on the bond registration books; (ii) by secured mail to all organizations registered with the Securities and Exchange Commission as securities depositories; (iii) to at least two information services of national recognition which disseminate redemption information with respect to municipal securities; and (iv) as may be further required in accordance with the Continuing Disclosure Certificate of the District. See APPENDIX D— "FORM OF CONTINUING DISCLOSURE CERTIFICATE".

Each notice of redemption is required to contain the following information: (i) the date of such notice; (ii) the name of the Bonds and the date of issue of the Bonds; (iii) the redemption date; (iv) the redemption price; (v) the dates of maturity of the Bonds to be redeemed; (vi) if less than all of the then outstanding Bonds are to be called for redemption, the distinctive serial numbers of the Bonds of each maturity to be redeemed; (vii) in the case of Bonds redeemed in part only, the respective portions of the principal amount of the Bonds of each maturity to be redeemed; (viii) the CUSIP number, if any, of each maturity of Bonds to be redeemed; (ix) a statement that such Bonds must be surrendered by the owners at the principal corporate trust office of the Paying Agent; (x) notice that further interest on such Bonds will not accrue after the designated redemption date and (xi) in the case of a conditional notice, that such notice is conditioned upon certain circumstances and the manner of rescinding such conditional notice. A certificate of the Paying Agent or the District that notice of call and redemption has been given to owners and to the appropriate securities depositories and information services as provided in the Resolution shall be conclusive against all parties. The actual receipt by the owner of any Bond or by any securities depository or information service of notice of redemption shall not be a condition precedent to redemption, and failure to receive such notice, or any defect in the notice given, will not affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest on the date fixed for redemption.

Effect of Notice of Redemption. When notice of redemption has been given substantially as provided for in the Resolution, and when the redemption price of the Bonds called for redemption is set aside for the purpose as described in the Resolution, the Bonds designated for redemption will become due and payable on the specified redemption date and interest will cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds shall be redeemed and paid at the redemption price thereof out of the money provided therefor. The owners of such Bonds so called for redemption after such redemption date shall look for the payment of such Bonds and the redemption premium thereon, if any, only to moneys on deposit for the purpose in the Interest and Sinking Fund of the District or the escrow fund established for such purpose. All Bonds redeemed will be cancelled forthwith by the Paying Agent and will not be reissued.

Conditional Notice of Redemption. Any notice of optional redemption of the Bonds may be conditional and if any condition stated in the notice of redemption shall not have been satisfied on or prior to the redemption date, said notice shall be of no force and effect and the District shall not be required to redeem such Bonds and the redemption shall not be made and the Paying Agent shall within a reasonable time thereafter give notice, to the persons and in the manner in which the notice of redemption was given, that such condition or conditions were not met and that the redemption was cancelled.

Rescission of Notice of Redemption. The District may rescind any optional redemption and notice thereof for any reason on any date on or prior to the date fixed for redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption moneys are not available in the Interest and Sinking Fund or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of, interest, and any premium due on the Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Defeasance of Bonds

The District may pay and discharge any or all of the Bonds by depositing in trust with the Paying Agent or an escrow agent at or before maturity, money or Defeasance Securities in an amount which, together with the interest to accrue thereon and available monies then on deposit in the Interest and Sinking Fund, will be fully sufficient (in the opinion of a certified public accountant) to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premiums) at or before their respective maturity dates.

As defined in the Resolution, "Defeasance Securities" means:

(i) direct, non-callable obligations of the United States Treasury; (ii) direct non-callable and non-prepayable obligations which are unconditionally guaranteed by the United States of America as to full and timely payment of principal and interest; (iii) non-callable, non-prepayable coupons from the above securities which are stripped pursuant to United States Treasury programs; (iv) non-callable and non-prepayable (or irrevocably called to a specified redemption date) refunded municipal bonds that are backed by an escrow funded with obligations of or guaranteed by the

United States of America; (v) Resolution Funding Corporation (REFCORP) securities consisting of interest components stripped by the Federal Reserve Bank of New York; (vi) non-callable, and non-prepayable fixed rate Israel Notes guaranteed as to principal and interest by the United States of America through the United Agency for International Development (provided that, such notes are "Aaa"-rated and mature at least four business days before funds are needed for refunded bond debt service payments); (vii) United States State and Local Government Securities (SLGS); (viii) the following non-callable, non-prepayable obligations of federal government-sponsored agencies that are not backed by the full faith and credit of the U.S. Government: Federal Home Loan Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Tennessee Valley Authority, Farm Credit System, Washington Metropolitan Area Transit Authority, United States Import-Export Bank, United States Department of Housing and Urban Development, Farmers Home Administration, General Services Administration and United States Maritime Administration (provided such entities maintain a rating of "Aaa"); and (ix) any non-callable, non-prepayable (or irrevocably called to a specific redemption date) municipal security rated "Aaa" that carries a fixed interest rate and matures on a date certain.

Unclaimed Money

Any money held in any fund created pursuant to the Resolution, or by the Paying Agent in trust, for the payment of the principal of, redemption premium, if any, or interest on the Bonds and remaining unclaimed for two years after the principal of all of the Bonds has become due and payable (whether by maturity or upon prior redemption) shall be transferred to the Interest and Sinking Fund for payment of any outstanding bonds of the District payable from said fund; or, if no such bonds of the District are at such time outstanding, said moneys shall be transferred to the general fund of the District as provided and permitted by law.

Application and Investment of Bond Proceeds

The proceeds from the sale of the Bonds will be deposited in the County treasury to the credit of the Building Fund of the District. Any premium received by the District will be deposited in the Interest and Sinking Fund. Earnings on the investment of moneys in either fund will be retained in that fund and used only for the purposes to which that fund may lawfully be applied. Moneys in the Building Fund may only be applied for the purposes for which the Bonds were approved. Moneys in the Interest and Sinking Fund may only be applied to make payments of interest, principal, and premium, if any, on bonds of the District.

Amounts deposited into the Interest and Sinking Fund, as well as proceeds of taxes held therein for payment of the Bonds, will be invested at the County Treasurer's discretion pursuant to law and the investment policy of the County. See APPENDIX E— "SAN DIEGO COUNTY INVESTMENT POLICY – DESCRIPTION OF POOLED MONEY INVESTMENT FUND".

The proceeds of the Bonds are expected to be applied as follows:

ESTIMATED SOURCES AND USES OF FUNDS

Sources of Funds:

Principal Amount of Bonds	$60,000,000.00
Original Issue Premium	779,427.85
Total Sources	$60,779,427.85

Uses of Funds:

Deposit to Building Fund	$60,000,000.00
Underwriter's Discount[1]	357,362.50
Costs of Issuance[2]	343,222.49
Bond Insurance Premium	78,842.86
Total Uses	$60,779,427.85

[1] Net of costs of issuance of the Bonds required to be paid by the Underwriter.

[2] Includes election costs paid to the County, financial advisor fees, bond counsel fees, disclosure counsel fees, rating agency fees, printing fees and other miscellaneous expenses.

DEBT SERVICE

Annual Debt Service

Upon issuance of the Bonds, the annual debt service will be as follows:

GROSSMONT UNION HIGH SCHOOL DISTRICT
2009 General Obligation Bonds (Election of 2008, Series A)
Debt Service Schedule

Year ending August 1	Principal	Interest	Total Annual Debt Service

Combined Annual Debt Service

The District has previously issued three series of general obligation bonds aggregating $274,000,000 pursuant to an election held in 2004. See APPENDIX A— "INFORMATION RELATING TO THE DISTRICT – District Debt Structure". Upon issuance of the Bonds, the combined annual debt service with respect to the District's outstanding General Obligation Bonds (Election of 2008, Series A) and the District's outstanding General Obligation Bonds, Election of 2004, Series 2004, Series 2006 and Series 2008 will be as follows:

GROSSMONT UNION HIGH SCHOOL DISTRICT
General Obligation Bonds
Outstanding Debt Service

Year Ending August 1	Election of 2004 Bonds	Election of 2008 Bonds	Combined Debt Service
2009	$ 11,858,810.81	---	$ 11,858,810.81
2010	11,553,225.00	$ 9,605,781.39	21,159,006.39

Total	$538,503,460.81	$113,959,943.89	$652,463,404.70

SECURITY AND SOURCE OF PAYMENT FOR THE BONDS

General

In order to provide sufficient funds for repayment of principal and interest when due on the Bonds, the Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates). Such taxes are in addition to other taxes levied upon property within the District. When collected, the tax revenues will be deposited by the County Treasurer in the District's Interest and Sinking Fund, which is required to be maintained by the County and to be used solely for the payment of bonds of the District.

Bond Insurance for Certain Maturities

The Bonds maturing on August 1, 2010 through August 1, 2031 are not insured. The scheduled payment of principal of and interest on the Bonds maturing on August 1, 2033 (the "Insured Bonds") when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by Financial Security Assurance Inc. See "BOND INSURANCE" herein.

Property Taxation System

Property tax revenues result from the application of the appropriate tax rate to the total assessed value of taxable property in the District. School districts levy property taxes for payment of voter-approved bonds and receive property taxes for general operating purposes as well. The District receives approximately half of its total operating revenues from local property taxes.

Local property taxation in California is the responsibility of various county officers. For each school district located in a county, the county assessor computes the value of locally assessed taxable property. Based on the assessed value of property and the scheduled debt service on outstanding bonds in each year, the county auditor-controller computes the rate of tax necessary to pay such debt service, and presents the tax rolls (including rates of tax for all taxing jurisdictions in the county) to the county board of supervisors for approval. The county treasurer-tax collector prepares and mails tax bills to taxpayers and collects the taxes. In addition, the treasurer-tax collector, as ex officio treasurer of each school district located in the county, holds and invests school district funds, including taxes collected for payment of school bonds, and is charged with payment of principal and interest on such bonds when due. Taxes on property in a school district whose boundaries extend into more than one county are administered separately by the county in which the property is located. The State Board of Equalization also assesses certain special classes of property, as described later in this section.

Assessed Valuation of Property Within the District

For assessment and tax collection purposes, property is classified either as "secured" or "unsecured," and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing State-assessed property and property (real or personal) for which there is a lien on real property sufficient, in the opinion of the County Assessor, to secure payment of the taxes. All other property is "unsecured," and is assessed on the "unsecured roll". Property assessed by the State Board of Equalization is commonly identified for taxation purposes as "utility" property. Annual increases in assessed valuation on taxable property that has not changed ownership are limited by the State Constitution. California law requires that the assessment roll be finalized by August 20 of each year.

Under Proposition 13, an amendment to the California Constitution adopted in 1978, the assessed value of *ad valorem* property was established as the county assessor's valuation of real property as shown on the fiscal year 1975-76 tax bill, or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred. Assessed value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. See Appendix A—"CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" herein. As a result, property that has been owned by the same taxpayer for many years can have an assessed value that is much lower than the market value of the property. Similar property that has recently been acquired may have a substantially higher assessed value reflecting the recent acquisition price. Increases in assessed value in a taxing area due to the change in ownership of

property may occur even when the rate of inflation or consumer price index do not permit a full 2% increase in assessed valuation of property that does not change ownership. Proposition 13 has had the effect of stabilizing assessed valuation such that it does not fluctuate as significantly as the market value of property, but instead gradually changes as older residential properties are transferred and reassessed upon such transfer.

The greater the assessed value of taxable property in the District, the lower the tax rate necessary to generate taxes sufficient to pay scheduled debt service on the Bonds. The table below shows recent history of taxable assessed valuation.

GROSSMONT UNION HIGH SCHOOL DISTRICT
Summary of Taxable Assessed Valuation

Fiscal Year	Local Secured	Utility	Unsecured	Total
2004-05	$27,582,865,201	$ 2,758,041	$ 900,711,328	$28,486,334,570

As a high school district, the District may issue bonds in an amount up to 1.25% of the assessed valuation of taxable property within its boundaries. Based on the fiscal year 2008-09 assessment roll, the District's gross bonding capacity is $492,771,568, and after the issuance of the Bonds, the District's net bonding capacity will be $173,911,568 (taking into account all outstanding general obligation bonds of the District). In accordance with the law which permitted the Bonds to be approved by a 55% affirmative vote, bonds approved by the District's voters under Proposition U may not be issued unless the District projects that repayment of all outstanding bonds approved under Proposition U will require a tax rate no greater than $30.00 per $100,000 of assessed value. Based on the assessed value of taxable property in the District at the time of issuance of the Bonds, the District projects that the maximum tax rate required to repay all outstanding Proposition U bonds will be within the statutory limit. In its Proposition U tax rate statement submitted to the voters, the District estimated the total tax rate necessary for repayment of all bonds issued under Proposition U to be $27.90 per $100,000 of assessed value, and the District has structured the Proposition U bond program to maintain this estimated tax rate, which is slightly below the statutory limit.

Assessed Valuation by Land Use. The following table gives a distribution of taxable property located in the District by principal purpose for which the land is used, and the assessed valuation and number of parcels for each use.

Largest Taxpayers in District. The twenty taxpayers in the District with the greatest combined assessed valuation of taxable property on the 2008-09 tax roll, and the assessed valuations thereof, are shown in the following table.

The more property (by assessed value) owned by a single taxpayer, the more exposure of tax collections to weakness in that taxpayer's financial situation and ability or willingness to pay property taxes. In 2008-09, no single taxpayer owned more than 1% of the total taxable property in the District.

Taxation of State-Assessed Utility Property. A portion of property tax revenue of the District is derived from utility property subject to assessment by the State Board of Equalization ("SBE"). State-assessed property, or "unitary property," is property of a utility system with components located in many taxing jurisdictions assessed collectively as part of a "going concern" rather than as individual parcels of real or personal property. Unitary and certain other state-assessed property is allocated to the counties by the SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

Ongoing changes in the structure of California electric utility industry and in the way in which components of the industry are owned and regulated, including the sale of electric generation assets to largely unregulated, nonutility companies, may affect how utility assets are assessed in the future, and which local agencies are to receive the property taxes. The District is unable to predict the impact of these changes on its utility property tax revenues, or whether future legislation or litigation may affect ownership of utility assets or the State's methods of assessing utility property and allocating tax revenues to local taxing agencies, including the District.

Tax Rates

The State Constitution permits the levy of an *ad valorem* tax on taxable property not to exceed 1% of the full cash value of the property (determined in accordance with the State Constitution), and State law requires the full

1% tax to be levied. The levy of special *ad valorem* property taxes in excess of the 1% levy is permitted as necessary to provide for debt service payments on school bonds and other voter-approved indebtedness.

The rate of tax necessary to pay fixed debt service on the Bonds in a given year depends on the assessed value of taxable property in that year. (Unsecured property is taxed at the secured property tax rate from the prior year.) Property values could be reduced by factors beyond the District's control, such as a depressed real estate market due to general economic conditions in San Diego County. The District is located in a seismically active area, and property within the District could sustain extensive damage in a major earthquake, and a major earthquake could adversely affect the County's economic activity. Other possible causes for a reduction in assessed values include the complete or partial destruction of taxable property caused by other natural or manmade disasters, such as flood, fire, toxic dumping, acts of terrorism, etc., or reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes). Lower assessed values could necessitate a corresponding increase in the annual tax rate to be levied to pay the principal of and interest on the Bonds. Issuance of additional authorized bonds in the future might also cause the tax rate to increase.

There are a total of 1,305 tax rate areas in the District. A representative tax rate area located within the City of El Cajon, Tax Rate Area 03-001, has a fiscal year 2008-09 assessed valuation of $1,233,241,250, representing 3.09% of the District's taxable assessed valuation. A representative tax rate area in the city of La Mesa, Tax Rate Area 05-003, has a fiscal year 2008-09 assessed valuation of $3,201,969,924, representing 8.03% of the District's assessed valuation. A representative tax rate area located in unincorporated San Diego County, Tax Rate Area 83-171, has a fiscal year 2008-09 assessed valuation of $599,961,041, representing 1.51% of the District's taxable assessed valuation.

One factor in the ability of taxpayers to pay additional taxes for general obligation bonds is the cumulative rate of tax.

The following table summarizes the total *ad valorem* tax rates levied by all taxing entities in Tax Rate Areas 03-001, 05-003 and 83-171 during the five-year period from 2004-05 to 2008-09.

Tax Collections and Delinquencies

A school district's share of the 1% countywide tax is based on the actual allocation of property tax revenues to each taxing jurisdiction in the county in fiscal year 1978-79, as adjusted according to statutory modifications enacted since that time. Revenues derived from special *ad valorem* taxes for voter-approved indebtedness, including the Bonds, are reserved to the taxing jurisdiction that approved and issued the debt, and may only be used to repay that debt.

The county treasurer-tax collector prepares the property tax bills. Property taxes on the regular secured assessment roll are due in two equal installments. The first installment is due on November 1, and becomes delinquent after December 10. The second installment is due on February 1 and becomes delinquent after April 10. If taxes are not paid by the delinquent date, a 10% penalty attaches. If taxes remain unpaid by June 30, the tax is deemed to be in default. Penalties then begin to accrue at the rate of 1.5% per month. The property owner has the right to redeem the property by paying the taxes, accrued penalties, and costs within five years of the date the property went into default. If the property is not redeemed within five years, it is subject to sale at a public auction by the county treasurer.

Annual bills for property taxes on the unsecured roll are generally issued in July, are due in a single payment within 30 days, and become delinquent after August 31. A 10% penalty attaches to delinquent taxes on property on the unsecured roll, and an additional penalty of 1.5% per month begins to accrue on November 1. To collect unpaid taxes, the county treasurer may obtain a judgment lien upon and cause the sale of all property owned by the taxpayer in the county, and may seize and sell personal property, improvements and possessory interests of the taxpayer. The county treasurer may also bring a civil suit against the taxpayer for payment.

The date on which taxes on supplemental assessments are due depends on when the supplemental tax bill is mailed. The following table shows a recent history of real property tax collections and delinquencies in the District.

GROSSMONT UNION HIGH SCHOOL DISTRICT
Secured Tax Charges and Delinquencies[1]

Fiscal Year	Secured Tax Charge[2]	Amount Delinquent June 30	% Delinquent June 30
2003-04	$53,923,209.78	$34,365.02	0.0639%
2004-05	58,920,106.31	38,517.02	0.0654
2005-06	65,960,497.11	32,301.22	0.0490
2006-07	73,116,232.68	46,951.12	0.0642
2007-08	78,977,339.87	88,444.33	0.1199

[1] San Diego County utilizes the Teeter Plan for assessment levy and distribution. This method guarantees distribution of 100% of the assessments levied to the taxing entity, with the County retaining all penalties and interest. See "Teeter Plan", below.
[2] 1% General Fund apportionment of the District's share of secured tax revenue from property in the District.
Source: County of San Diego Auditor and Controller's Office.

Teeter Plan. The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"), as provided for in Sections 4701 and following of the California Revenue and Taxation Code. Under the Teeter Plan, the County distributes to each

participating local tax-levying agency, including school districts, the amount levied on the secured and supplemental tax rolls, instead of the amount actually collected. In return, the County receives and retains delinquent payments, penalties and interest as collected that would have been due the local agency in the absence of the Teeter Plan. The County of San Diego applies the Teeter Plan to taxes levied for repayment of school district bonds.

The County's policy is that any new taxing entity that includes its levy on the County tax roll is qualified to be included in the Teeter Plan. The Teeter Plan is to remain in effect unless the County Board of Supervisors orders its discontinuance or unless, prior to the commencement of any fiscal year of the County (which commences on July 1), the Board of Supervisors receives a petition for its discontinuance from two-thirds of the participating revenue districts in the County. The Board of Supervisors may also, after holding a public hearing on the matter, discontinue the procedures with respect to any tax levying agency or assessment levying agency in the County if the rate of secured tax delinquency in that agency in any year exceeds 3% of the total of all taxes and assessments levied on the secured rolls in that agency. The County of San Diego applies the Teeter Plan to taxes levied on the secured roll for repayment of school district bonds.

Direct and Overlapping Debt. The following table was prepared by California Municipal Statistics Inc., and is included for general information purposes only. The District has not reviewed this table for completeness or accuracy and makes no representations in connection therewith. The first column in the table names each public agency which had outstanding debt as of February 1, 2009, and whose territory overlaps the District in whole or in part. The second column shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in the table) produces the amount shown in the third column, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

The table generally includes long-term obligations sold in the public credit markets by the public agencies listed. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

BOND INSURANCE

Bond Insurance Policy

The Bonds maturing on August 1, 2010 through August 1, 2031 will not be insured. Concurrently with the issuance of the Bonds maturing on August 1, 2033 (the "Insured Bonds"), Financial Security Assurance Inc. ("Financial Security") will issue its Municipal Bond Insurance Policy for the Insured Bonds (the "Policy"). The Policy guarantees the scheduled payment of principal of and interest on the Insured Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Financial Security Assurance Inc.

Financial Security is a New York domiciled financial guaranty insurance company and a wholly owned subsidiary of Financial Security Assurance Holdings Ltd. ("Holdings"). Holdings is an indirect subsidiary of Dexia, S.A. ("Dexia"), a publicly held Belgian corporation, and of Dexia Credit Local S.A., a direct wholly-owned subsidiary of Dexia. Dexia, through its bank subsidiaries, is primarily engaged in the business of public finance, banking and asset management in France, Belgium and other European countries. No shareholder of Holdings or Financial Security is liable for the obligations of Financial Security.

In November 2008, an affiliate of Dexia, the parent of Holdings, entered into a purchase agreement providing for the sale of Holdings to Assured Guaranty Ltd. ("Assured"), subject to the satisfaction of specified closing conditions, including regulatory approvals, absence of rating impairment and segregation or separation of Holdings' financial products operations (the "FP Business") from Holdings' financial guaranty operations. Pursuant to such agreement, the FP Business is expected to be separated from Holdings' financial guaranty operations and retained by Dexia. No assurance can be given that the acquisition of Holdings by Assured will be consummated.

As of December 31, 2008, the FP Business had guaranteed investment contracts and other investment agreements ("GICs") outstanding with a principal amount of $15.248 billion that provide for repayment in the event of a downgrade of Financial Security's financial strength ratings beyond certain thresholds absent collateralization of the GIC obligations. Bank affiliates of Dexia have entered into agreements intended to assume the credit and liquidity risk of the FP Business, including $8 billion of liquidity facilities for the FP Business intended to address the GIC repayment and collateralization consequences of a downgrade of Financial Security. Dexia has announced its intention to obtain Belgium and French government guaranties to backstop Dexia's support obligations with respect to the FP Business, and, according to Dexia, the European Commission has approved the issuance of such guaranties. No assurance can be given that the Belgium and French government guaranties will be issued. Absent those guaranties, Financial Security has significant exposure to Dexia in addressing the current and potential liquidity requirements of the FP Business. Any failure by Dexia to support the FP Business could have a material adverse effect on Financial Security.

At December 31, 2008, Financial Security's consolidated policyholders' surplus and contingency reserves were approximately $1,992,383,920 and its total net unearned premium reserve was approximately $2,520,098,950 in accordance with statutory accounting principles. At December 31, 2008, Financial Security's consolidated shareholder's equity was approximately $2,250,990,129 and its total net unearned premium reserve was approximately $2,040,928,581 in accordance with accounting principles generally accepted in the United States of America.

Portions of the following documents filed by Holdings with the Securities and Exchange Commission ("SEC") that relate to Financial Security are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

(i) Annual Report of Holdings on Form 10-K for the year ended December 31, 2008.

All information relating to Financial Security included in, or as exhibits to, documents filed by Holdings pursuant to Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 after the filing of the last document referred to above and before the termination of the offering of the Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC's website at

http://www.sec.gov or at Holding's website at http://www.fsa.com or will be provided upon request to Financial Security Assurance Inc.: 31 West 52nd Street, New York, New York 10019, Attention: Communications Department (telephone (212) 826-0100).

Any information regarding Financial Security included herein under the captions "BOND INSURANCE – Financial Security Assurance Inc." and " – Recent Events Regarding Financial Security's Ratings" or included in a document incorporated by reference herein (collectively, the "Financial Security Information") shall be modified or superseded to the extent that any subsequently included Financial Security Information (either directly or through incorporation by reference) modifies or supersedes such previously included Financial Security Information. Any Financial Security Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

The Policy does not protect investors against changes in market value of the Insured Bonds, which market value may be impaired as a result of changes in prevailing interest rates, changes in applicable ratings or other causes. Financial Security makes no representation regarding the Insured Bonds or the advisability of investing in the Insured Bonds. Financial Security makes no representation regarding the Official Statement, nor has it participated in the preparation thereof, except that Financial Security has provided to the District the information presented under this caption for inclusion in the Official Statement.

Recent Events Regarding Financial Security's Ratings

On November 21, 2008, Moody's Investors Service, Inc. downgraded to "Aa3" (with developing outlook) from "Aaa" the insurance financial strength rating of Financial Security.

On October 8, 2008, Standard & Poor's Ratings Services placed Financial Security's "AAA" financial strength rating on Credit Watch with negative implications.

On October 9, 2008, Fitch Ratings placed Financial Security's "AAA" insurer financial strength rating on Rating Watch Negative.

These ratings reflect only the views of the respective rating agencies, are not recommendations to buy, sell or hold securities and are subject to revision or withdrawal at any time by those rating agencies. See "Ratings."

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, bond counsel to the District ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code") and is exempt from State of California personal income taxes. In the further opinion of Bond Counsel, interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, nor is it included in adjusted current earnings when calculating corporate alternative minimum taxable income. A complete copy of the proposed form of opinion of Bond Counsel is set forth in APPENDIX C hereto.

To the extent the issue price of the Bonds of any given maturity date is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Bonds which is excluded from gross income for federal income tax purposes and State of California personal income taxes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Beneficial Owners of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Bonds is excluded from gross income for federal income tax purposes and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Future legislation, if enacted into law, or clarification of the Code, or court decisions, may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such future legislation or clarification of the Code or court decision may also affect the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisers regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service (the "IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the District, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The District has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the District or the Beneficial Owners regarding the tax-exempt status of the Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the District and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the District legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues, may affect the market price for, or the marketability of, the Bonds, and may cause the District or the Beneficial Owners to incur significant expense.

OTHER LEGAL MATTERS

Legal Opinion

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, San Francisco, California, Bond Counsel. A complete copy of the proposed form of opinion of Bond Counsel is contained in APPENDIX C hereto. Bond Counsel undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement.

Continuing Disclosure

The District has covenanted for the benefit of the holders and Beneficial Owners of the Bonds to provide certain financial information and operating data relating to the District (the "Annual Report") by not later than nine months following the end of the District's fiscal year (currently ending June 30), commencing with the report for fiscal year 2008-09 (which is due no later than April 1, 2010), and to provide notices of the occurrence of certain enumerated events, if material. The Annual Report will be filed by the District with the Municipal Securities Rulemaking Board ("MSRB"). The notices of material events will be filed by the District with the MSRB. The specific nature of the information to be contained in the Annual Report or the notices of material events is summarized in APPENDIX D— "FORM OF CONTINUING DISCLOSURE CERTIFICATE". These covenants have been made in order to assist the Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5). *In the most recent five fiscal years, the District has not failed to comply in all material respects with any previous undertakings with regard to the Rule to file annual reports or notices of material events.*

No Litigation

No litigation is pending or threatened concerning the validity of the Bonds, or the District's ability to receive *ad valorem* taxes and to collect other revenues, or contesting the District's ability to issue and retire the Bonds. The District is not aware of any litigation pending or threatened questioning the political existence of the District or contesting the title to their offices of District or County officials who will sign the Bonds and other certifications relating to the Bonds, or the powers of those offices. A certificate (or certificates) to that effect will be furnished to purchasers at the time of the original delivery of the Bonds.

The District is routinely subject to lawsuits and claims. In the opinion of the District, the aggregate amount of the uninsured liabilities of the District under these lawsuits and claims will not materially affect the financial position or operations of the District.

MISCELLANEOUS

Rating

The Bonds maturing on August 1, 2010 through August 1, 2031 have received the ratings of "Aa3" by Moody's Investors Service ("Moody's") and "AA-" by Standard & Poor's Rating Services, a division of the McGraw-Hill Companies, Inc. ("Standard & Poor's"). The Insured Bonds have received the underlying ratings of "Aa3" by Moody's and "AA-" by Standard & Poor's. Moody's and Standard & Poor's have assigned to the Insured Bonds ratings of "Aa3" (with developing outlook) and "AAA" (on Credit Watch with negative implications), respectively, with the understanding that upon delivery of the Insured Bonds, the Policy insuring the payment of the principal of and interest on the Insured Bonds will be issued by Financial Security Assurance Inc. Each rating agency generally bases its rating on its own investigations, studies and assumptions. The District has provided certain additional information and materials to the rating agencies (some of which does not appear in this Official Statement). All such ratings reflect only the views of the respective rating agency, and any explanation of the significance of any rating may be obtained from the rating agency furnishing such rating, from Moody's at www.moodys.com and from Standard & Poor's at www.standardandpoors.com. There is no assurance that any rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by the rating agencies, if, in the judgment of the rating agencies, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the Bonds. The District undertakes no responsibility to oppose any such downward revision, suspension or withdrawal.

Professionals Involved in the Offering

Orrick, Herrington & Sutcliffe LLP is acting as Bond Counsel to the District and as Disclosure Counsel with respect to the Bonds, and will receive compensation from the District contingent upon the sale and delivery of the Bonds. Gardner, Underwood & Bacon LLC is acting as Financial Advisor with respect to the Bonds, and will receive compensation from the District contingent upon the sale and delivery of the Bonds.

Underwriting

The Bonds are being purchased by E. J. De La Rosa & Co., Inc., as representative of the underwriters (collectively, the "Underwriter") pursuant to the terms of a bond purchase contract between the District, the County and the Underwriter, dated April 1, 2009. The Underwriter has agreed to purchase the Bonds from the District at a purchase price of $60,000,000 (consisting of $60,000,000 aggregate principal amount of the Bonds, plus original issue premium of $779,427.85, less an underwriter's discount ("spread") of $357,362.50, less bond insurance premium of $78,842.86 and less $343,222.49 to be held by a fiscal agent and used to pay costs of issuing the Bonds). Under the terms of its bid, the Underwriter will be obligated to purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions to be satisfied by the District.

The Underwriter has certified the re-offering prices or yields set forth on the inside cover page hereof. Underwriter's spread is based on these prices. The District takes no responsibility for the accuracy of these prices or yields. The Underwriter may offer and sell the Bonds to certain dealers and others at prices lower than the offering prices stated on the inside cover page. The offering prices may be changed from time to time by the Underwriter.

The District has duly authorized the delivery of this Official Statement.

GROSSMONT UNION HIGH SCHOOL DISTRICT

By: /s/ Robert Collins
Superintendent

APPENDIX A

INFORMATION RELATING TO THE DISTRICT

The information in this appendix concerning the operations of the District, the District's finances, and State funding of education, is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the general fund of the District or from State revenues. The Bonds are payable from the proceeds of an ad valorem tax approved by the voters of the District pursuant to all applicable laws and Constitutional requirements, and required to be levied by the County on property within the District in an amount sufficient for the timely payment of principal and interest on the Bonds. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS" in the front section of this Official Statement.

PART I

FINANCIAL AND OPERATING INFORMATION

General

The District, located in eastern San Diego County, was established in 1920 and encompasses an area of approximately 465 square miles, including all of the cities of El Cajon, Santee and Lemon Grove, most of the City of La Mesa, a small portion of the City of San Diego and the unincorporated areas of Alpine, Dulzura, Jamul, Lakeside and Spring Valley. The District's budgeted average daily attendance for fiscal year 2008-09 is 18,640 and the District's 2008-09 budgeted general fund expenditures are approximately $193 million.

The District is a high school district, providing education to students in grades 9-12 from eight feeder elementary school districts. The District currently operates 9 comprehensive high schools, three charter high schools, one continuation high school, two alternative education sites, four special education facilities, a middle college high school program, a Regional Occupational Program (ROP) and an adult education program.

Taxable property in the District has a fiscal year 2008-09 assessed value of approximately $39.4 billion. As of July 1, 2008, the District employed 1,006 certificated employees (teaching staff), 968 classified employees and 136 management personnel. The District operates under the jurisdiction of the San Diego County Superintendent of Schools.

The District is governed by a five-member Governing Board (the "Board"), each of which is elected to a four-year term. Elections for positions to the Board are held every two years alternating between two and three available positions. Current members of the Board, together with their offices and the dates their terms expire, are listed below:

Board Member	Office	Term Expires
Robert Shield	President	November 2010
Dick Hoy	Vice President	November 2010
Jim Kelly	Clerk	November 2010
Priscilla Schreiber	Member	November 2012
Dr. Gary Woods	Member	November 2012

The administrative staff of the District includes Robert Collins, Superintendent; Scott Patterson, Deputy Superintendent, Business Services; Michael Lewis, Assistant Superintendent, Educational Services; Steve Sonnich, Associate Administrator, Human Resources; Patricia Floyd, Executive Director, Fiscal Services; and Robert Kiesling, Executive Director, Facilities Management.

State Funding of Education; State Budget Process

General. As is true for all school districts in California, the District's operating income consists primarily of two components: a State portion funded from the State's general fund, and a local portion derived from the District's share of the 1% local *ad valorem* property tax authorized by the State Constitution. In addition, school districts may be eligible for other special categorical funding, including for State and federal programs. The District

receives approximately half of its general fund revenues from State funds, budgeted at approximately $85 million in fiscal year 2008-09. As a result, decreases in State revenues, or in State legislative appropriations made to fund education, may significantly affect District operations.

Recent years have seen frequent disruptions in State revenues, making it increasingly difficult for the State to fund schools at the minimum level required by the State Constitution's school funding formula, known as "Proposition 98". The adopted 2009-10 State Budget revised downward the original 2008-09 Proposition 98 funding requirement by $7.46 billion, reduces actual 2008-09 spending by $2.4 billion, and defers $9.3 billion of required Proposition 98 maintenance funding to later years. The adopted State Budgets for fiscal years 2008-09 and 2009-10 are discussed later in this section. See "2008-09 State Budget and 2009-10 State Budget" below.

According to the State Constitution, the Governor of the State is required to propose a budget to the State Legislature no later than January 10 of each year, and a final budget must be adopted by a two-thirds vote of each house of the Legislature no later than June 15, although this deadline is routinely breached. The budget becomes law upon the signature of the Governor, who may veto specific items of expenditure. School district budgets must generally be adopted by July 1, and revised by the school board within 45 days after the Governor signs the budget act to reflect any changes in budgeted revenues and expenditures made necessary by the adopted State Budget. The Governor signed the 2008-09 Budget Act on September 24, 2008 (the latest in State history), and the 2009-10 Budget Act on February 20, 2009 (the earliest). The 2009-10 Budget is balanced by assuming the passage of certain ballot measures to be proposed to the State's electorate at a special statewide election to be held on May 19, 2009.

On May 29, 2002, the State Court of Appeal held in *White v. Davis* (also referred to as *Jarvis v. Connell*) that the State Controller cannot disburse State funds after the beginning of the fiscal year until the adoption of the budget bill or an emergency appropriation, unless the expenditure is (i) authorized by a continuing appropriation found in statute, or (ii) mandated by the Constitution (such as appropriations for salaries of elected state officers), or (iii) mandated by federal law (such as payments to State workers at no more than minimum wage). The court specifically held that the State Constitution does not mandate or otherwise provide for appropriations for school districts without an adopted budget. Nevertheless, the Controller believes that statutory implementation of the constitutional school funding formula provides for a continuing appropriation of State funding for schools, and has indicated that payment of such amounts would continue during a budget impasse. Special and categorical funds would not be appropriated until a budget or emergency appropriation is adopted. The Controller has posted guidance as to what can and cannot be paid during a budget impasse at its website: www.sco.ca.gov. Should the Legislature fail to pass the budget or emergency appropriation before the start of any fiscal year, the District might experience delays in receiving certain expected revenues. The District is authorized to borrow temporary funds to cover its annual cash flow deficits, and as a result of the *White* decision, the District might find it necessary to borrow or increase the size or frequency of its cash flow borrowings, or to borrow earlier in the fiscal year. The District does not expect the White decision to have any long-term effect on its operating budgets.

State income tax and other receipts can fluctuate significantly from year to year, depending on economic conditions in the State and the nation. Because funding for education is closely related to overall State income, as described in this section, funding levels can also vary significantly from year to year, even in the absence of significant education policy changes. The District cannot predict how State income or State education funding will vary over the entire term to maturity of the Bonds, and the District takes no responsibility for informing owners of the Bonds as to any such annual fluctuations. Information about the State budget and State spending for education is regularly available at various State-maintained websites. Text of proposed and adopted budgets may be found at the website of the Department of Finance, www.dof.ca.gov, under the heading "California Budget". An impartial analysis of the budget is posted by the Office of the Legislative Analyst at www.lao.ca.gov. In addition, various State of California official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found at the website of the State Treasurer, www.treasurer.ca.gov. The information referred to is prepared by the respective State agency maintaining each website and not by the District, and the District takes no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted there, and such information is not incorporated herein by these references.

Aggregate State Education Funding. Under Proposition 98, a constitutional and statutory amendment adopted by the State's voters in 1988 and amended by Proposition 111 in 1990 (now found at Article XVI, Sections 8 and 8.5 of the Constitution), a minimum level of funding is guaranteed to school districts, community college districts, and other State agencies that provide direct elementary and secondary instructional programs.

The guaranteed funding amount for education is based on the prior year's funding, as adjusted through various formulas and tests that take into account State proceeds of taxes, local property tax proceeds, school enrollment, per capita personal income, and other factors. The State's required contribution to the guaranteed amount is based on State general fund tax proceeds and is not based on the general fund in total or on the State budget. The local share of the guaranteed amount is funded from local property taxes. The total guaranteed amount varies from year to year and throughout the stages of any given fiscal year's budget, from the Governor's initial budget proposal to actual expenditures to post-year-end revisions, as the various factors change. In general, the guaranteed amount will increase as enrollment and per capita personal income grow. On average, about 40% of State general fund revenues are currently spent on the State's share of Proposition 98 funding.

If, at year-end, the guaranteed amount is calculated to be higher than the amount actually appropriated in that year, the difference becomes an additional education funding obligation, referred to as "settle-up". If the amount appropriated is higher than the guaranteed amount in any year, that higher funding level permanently increases the base guaranteed amount in future years. The Proposition 98 guaranteed amount may be suspended for one year at a time by enactment of an urgency statute. In subsequent years in which State general fund revenues are growing faster than personal income (or sooner, as the Legislature may determine), the funding level must be restored to the guaranteed amount.

Recent State Budget Difficulties and Initiative Responses. In recent years, the State's response to fiscal difficulties has had a significant impact on Proposition 98 funding and settle-up treatment. The State has sought to avoid or delay paying settle-up amounts when funding has lagged the guaranteed amount. The State has also sought to avoid increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by permanently deferring year-end apportionments of Proposition 98 funds from June 30 to July 2, to reduce the ending fiscal year's base; or by suspending Proposition 98, as the State did in fiscal year 2004-05.

Under current law, the obligations for prior years, fiscal year 1995-96 through fiscal year 2003-04, are being repaid to the education budget at $150 million per year beginning in fiscal year 2006-07. The California Teachers' Association filed a lawsuit against Governor Schwarzenegger in 2005 seeking to force the State to fund schools the full amount of the outstanding obligations. The parties agreed to a settlement of this dispute through additional annual funding of approximately $400 million for seven years commencing in fiscal year 2007-08. Settlement funds are dedicated to class-size reduction, professional development, hiring counselors, and other specific expenditures for participating low-achieving schools. Existing settle-up obligations are estimated by the Legislative Analyst to total over $4 billion in fiscal year 2008-09. However, no settle-up payment is provided in the 2008-09 State Budget (defined below).

Since early 2001, structural imbalances in State revenues versus expenditures have created significant financial challenges. The three main traditional sources of State tax revenues, personal income taxes, sales and use taxes, and corporate taxes, suffer disproportionately in an economic downturn, revealing inherent weakness in the State's reliance on them. Meanwhile, large portions of the State's expenditure budget are relatively fixed, causing a perennial shortfall and an accumulated deficit in the tens of billions of dollars. Two measures intended to address the existing cumulative budget deficit and to implement structural reform were approved at the March 2, 2004 statewide primary election. The California Economic Recovery Bond Act (Proposition 57) authorized the issuance of up to $15 billion of bonds to finance the State's negative general fund reserve balance as of June 30, 2004 and other general fund obligations undertaken prior to June 30, 2004. The Balanced Budget Amendment (Proposition 58) requires the State to adopt and maintain a balanced budget and establish a reserve, and it restricts future long-term deficit-related borrowing. The State has issued $14.075 billion of the authorized Economic Recovery Bonds.

2008-09 State Budget and 2009-10 State Budget. On September 24, 2008, Governor Schwarzenegger signed the State Budget for fiscal year 2008-09 ("2008-09 State Budget"). As originally enacted, the 2008-09 State Budget projected State General Fund revenues for fiscal year 2007-08 of $103.027 billion and revenues for fiscal year 2008-09 of $101.991 billion. However, it is widely acknowledged that by the time of passage of the 2008-09 State Budget, revenue estimates were already too optimistic, in light of continuing weak performance in the California economy and unprecedented adverse developments in the global and national financial markets, particularly after September 15, 2008. The Governor declared a fiscal emergency in December 2008, and called three concurrent special legislative sessions in order to address a budget deficit officially estimated to be $41.7 billion by the end of fiscal year 2009-10, absent further actions on revenues and expenditures.

The Governor signed the 2009-10 State Budget Act on February 20, 2009. The 2009-10 Budget addresses current-year (2008-09) adjustments as well as providing for the budget year, and calls for a special statewide election on May 19, 2009 at which will be proposed to the State's voters several ballot propositions whose passage is needed if the 2009-10 Budget is to be balanced as enacted. Through a combination of spending reductions ($14.9 billion), revenue enhancements ($12.5 billion), and borrowing ($5.4 billion), as well as anticipated federal stimulus funds (minimum $7.8 billion), the budget accomplishes a $2 billion reserve by the end of fiscal year 2009-10.

Because K-14 education funding constitutes such a large part of the State's general fund expenditures, it is at the heart of the budget adjustments. The adopted State budget cuts Proposition 98 funding by a net of $2.4 billion to $55.7 billion, compared to the adopted fiscal year 2008-09 State budget. These cuts come primarily in revenue limit funding ($944 million), categorical programs ($944 million), and cost of living adjustments ($287 million). An additional $5 billion is cut from the calculated Proposition 98 funding formula by deferring Proposition 98 apportionments and delaying scheduled settle-up payments to fiscal year 2009-10. Of approximately 60 categorical spending programs, spending in most is cut roughly 15% (excluding child development, child nutrition, economic impact aid, special education, home-to-school transportation, after-school education, K-3 class-size reduction, and Qualify Education Investment Act programs). In about 40 of these programs, excluding those listed above and eleven others, school districts are granted new flexibility to shift categorical funding to general purposes. The budget reduces penalties and liberalizes mandates with respect to class-size reduction, instructional materials, and other programs, and reduces the required major maintenance reserve requirement for several years.

Education programmatic expenditures for 2009-10 are budgeted at $55.3 billion, after funding swaps of $400 million in non-Proposition 98 money. No cost of living adjustment is budgeted. In fiscal years 2008-09 and 2009-10, the Proposition 98 requirement is fully funded to the revised minimum guarantee, and is not suspended in either year.

Constitutional amendments affecting education funding are proposed for the May 19 statewide ballot, in order to settle on a plan for making up the State's obligation in 2007-08 and 2008-09 to fund shortfalls in the Proposition 98 minimum guarantee from prior years. If Proposition 1B is adopted, these "maintenance factor" payments in the amount of $9.8 billion would be deferred to begin in 2011-12, but only if Proposition 1A is also adopted, providing for additional taxes from which to make the payments. Another proposed amendment (Proposition 1C) will allow the State to replace lottery revenue contributions to education with State general fund moneys, freeing up those revenues to repay new State borrowings of $5 billion.

The Governor's proposal to suspend all but two State-mandated programs has not yet been adopted. If passed, this will relieve school districts of the need to fund those suspended programs, but also relieve the State of the obligation to reimburse school districts for the costs. In recent years, the State had often delayed mandated cost reimbursement, imposing budget tensions on school districts to fund those programs at their own expense, sometimes for successive years.

Proposition 1A. Since 1992-93, the State has satisfied a portion of its Proposition 98 obligations by shifting part of the 1% local *ad valorem* property tax revenues otherwise belonging to cities, counties, special districts, and redevelopment agencies, to school and college districts through a local Educational Revenue Augmentation Fund ("ERAF") in each county. In response to a statewide ballot initiative sponsored by affected local agencies, the Legislature proposed an amendment to the State Constitution, which the State's voters approved as Proposition 1A at the November 2004 election.

Proposition 1A is intended to, among other things, stabilize local government revenue sources by restricting the State's control over local property taxes. Beginning in fiscal year 2008-09, the State may divert up to 8% of local property tax revenues for State purposes (including, but not limited to, funding K-12 education) only if: (i) the Governor declares such action to be necessary due to a State fiscal emergency; (ii) two-thirds of both houses of the Legislature approve the action; (iii) the amount diverted is required by statute to be repaid within three years; (iv) the State does not owe any repayment to local agencies for past property tax or Vehicle License Fee diversions to local agencies; and (v) such property tax diversions do not occur in more than two of any ten consecutive fiscal years. Because ERAF shifts will be capped and limited in frequency, school and college districts that receive Proposition 98 funding from the State will be more directly dependent upon the State's general fund.

District Revenues

Under Education Code Section 42238 and following, each school district is determined to have a target funding level: a "base revenue limit" per student multiplied by the district's student enrollment measured in units of average daily attendance ("A.D.A."). The base revenue limit is calculated from the district's prior-year funding level, as adjusted for a number of factors, such as inflation, special or increased instructional needs and costs, employee retirement costs, especially low enrollment, increased pupil transportation costs, etc. Generally, the amount of State funding allocated to each school district is the amount needed to reach that district's base revenue limit after taking into account certain other revenues, in particular, locally generated property taxes. This is referred to as State "equalization aid". To the extent local tax revenues increase due to growth in local property assessed valuation, the additional revenue is offset by a decline in the State's contribution.

The District's base revenue limit income per A.D.A. is budgeted to be $7,068 for 2008-09, compared to $6,689 for 2007-08. The District's recent A.D.A. history per the District's Second Period Reports (P2) is set forth in the table below:

GROSSMONT UNION HIGH SCHOOL DISTRICT
Total Average Daily Attendance (P2)

Fiscal Year	Average Daily Attendance
1998-99	19,401
1999-00	19,677
2000-01	19,705
2001-02	20,203
2002-03	20,555
2003-04	20,759
2004-05	20,843
2005-06	20,654
2006-07	20,715
2007-08	18,463
2008-09 (Budgeted)	18,640

The principal component of local revenues is the school district's property tax revenues, i.e., the District's share of the local 1% property tax, received pursuant to Sections 75 and following and Sections 95 and following of the California Revenue and Taxation Code. Education Code Section 42238(h) itemizes the local revenues that are counted towards the base revenue limit before calculating how much the State must provide in equalization aid. The more local property taxes a district receives, the less State equalization aid it is entitled to; ultimately, a school district whose local property tax revenues exceed its base revenue limit is entitled to receive no State equalization aid, and receives only its special categorical aid, which is deemed to include the "basic aid" of $120 per student per year guaranteed by Article IX, Section 6 of the Constitution. Such districts are known colloquially as "basic aid districts". Districts that receive some equalization aid may be referred to as "revenue limit districts".

The District is not a "basic aid district". Local property tax revenues account for approximately 70% of the District's aggregate revenue limit income, and are budgeted at approximately $85 million, or 50% of total general fund revenue in fiscal year 2008-09. For a discussion of legal limitations on the ability of the District to raise revenues through local property taxes, see "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" herein.

Changes in local property tax income and student enrollment (or A.D.A.) affect revenue limit districts and basic aid districts differently. In a revenue limit district, increasing enrollment increases the total revenue limit and thus generally increases a district's entitlement to State equalization aid, assuming property tax revenues are unchanged. Operating costs increase disproportionately slowly—and only at the point where additional teachers and classroom facilities are needed. Declining enrollment has the reverse effect on revenue limit districts, generally resulting in a loss of State equalization aid, while fixed operating costs decrease slowly and only when, for example, the district decides to lay off teachers or close schools.

In basic aid districts, the opposite is generally true: increasing enrollment does increase the revenue limit, but since all revenue limit income (and more) is already generated by local property taxes, there is no increase in State income, other than the $120 per student in basic aid. Meanwhile, as new students impose increased operating

costs, the fixed property tax income is stretched further. Declining enrollment does not reduce property tax income, and has a negligible impact on State aid, but eventually reduces operating costs, and thus can be financially beneficial to a basic aid district.

For revenue limit districts, any loss of local property taxes is made up by an increase in State equalization aid, until the base revenue limit is reached. For basic aid districts, the loss of tax revenues is not reimbursed by the State.

In its most recent adopted budget, the District estimates that it will receive $126,138,841 in aggregate revenue limit income in 2008-09, or approximately 70% of its total general fund revenues. This amount represents a decrease of approximately 3% from the $130,109,915 that the District received in 2007-08. State funds for special (categorical) programs are budgeted at $21,284,713, including the State lottery fund portion. Lottery funds may not be used for non-instructional purposes, such as the acquisition of real property, the construction of facilities, or the financing of research. School districts receive lottery funds proportional to their total A.D.A. The District's State lottery revenue is budgeted at $2,987,023.

The District adopted its own fiscal year 2008-09 budget prior to the adoption of the State budget. Certain adjustments may have to made throughout the year based on actual State funding and actual attendance. The District cannot make any predictions regarding the disposition of additional pending budget legislation or its effect on school finance, or whether the State will make additional cuts or enhancements to education funding during fiscal year 2008-09. In addition, the District's budgeted A.D.A. is an estimate used for planning purposes only, and does not represent a prediction as to the actual attendance or the District's actual funding level for fiscal year 2008-09.

Effect of Redevelopment Project Area. Under California law, a city or county can create a redevelopment agency in territory within one or more school districts. Upon formation of a "project area" of a redevelopment agency, all property tax revenues attributable to the growth in assessed value of taxable property within the project area (known as "tax increment") belong to the redevelopment agency, causing a loss of tax revenues to other local taxing agencies, including school districts, from that time forward. Taxes collected for payment of debt service on school district general obligation bonds are not affected or diverted by the operation of a redevelopment agency project area. Some school districts have negotiated "pass-through" agreements with their local redevelopment agencies, entitling the district to receive a portion of the tax increment revenue that would otherwise belong to the redevelopment agency (provided such revenue is not pledged and needed to pay debt service on redevelopment agency tax-increment bonds). In some cases the pass-through is mandated by statute (in which case it cannot be pledged to pay redevelopment agency bonds).

The cities of El Cajon and Santee and the County of San Diego have each created a redevelopment project area in the District's boundaries, and have negotiated pass-through agreements with the District, pursuant to which the District received pass-through payments in fiscal year 2007-08 of $1,236,559, and expects to receive a similar amount in fiscal year 2008-09. Pass-through payments received by a school district from a redevelopment agency under a redevelopment plan adopted or amended after 1994 are required to be allocated between revenue limit income and facilities improvements by a statutory formula. Due to the failure by many redevelopment agencies to make required payments, and by many school districts to properly account for the revenues they received, in 2008 the Legislature adopted A.B. 1389 to require a complete accounting of such revenues and payments from fiscal year 2003-04 through fiscal year 2007-08. Underreported payments will have to be repaid or credited back to the State, to the extent it is determined these were to have been accounted for as local property tax contributions to revenue limit income. However, the repayment process continues to be deliberated and final repayment recommendations have not yet been made by the State. The District plans to work with the County and the State to ensure that its pass-through receipts are calculated accurately, and to comply with the requirements of A.B. 1389 and the State with respect to any required repayment.

District Expenditures

The largest part of each school district's general fund budget is used to pay salaries and benefits of certificated (credentialed teaching) and classified (non-instructional) employees. Changes in salary and benefit expenditures from year to year are generally based on changes in staffing levels, negotiated salary increases, and the overall cost of employee benefits.

In its 2008-09 budget, the District projects that it will expend $151,864,663 in salaries and benefits, or approximately 84% of its general fund expenditures. This amount represents a decrease of approximately 4.5% from the $159,079,525 the District budgeted in 2007-08.

Labor Relations. As of July 1, 2008, approximately 1,974 employees were represented by labor organizations, as shown in the table below. The District employed 1,006 certificated employees (teaching staff) and 968 classified employees (non-instructional support staff). The District also employed 136 management employees who are not represented by labor organizations.

GROSSMONT UNION HIGH SCHOOL DISTRICT
Labor Organizations

Labor Organization	Represented Employees	Contract Expiration
Grossmont Education Association (GEA)	1,006	June 30, 2008[1]
California School Employees Association Chapter No. 443 (CSEA 443)	875	June 30, 2009
Service Employees International Union, Local 221 (SEIU 221)	93	June 30, 2009

[1] Expired GEA contract terms remain in effect during current negotiations of the new agreement.

Retirement Programs. The District participates in the State Teachers' Retirement System ("STRS"). This plan covers all full-time certificated and some classified District employees. Each school district is required by statute to contribute 8.25% of eligible employee's salaries to STRS on a monthly basis. Employees are required to contribute 8% of eligible salary. The State is required to contribute as well. The District's employer contribution to STRS was $6,899,009 for fiscal year 2007-08 and a contribution is expected to be made in fiscal year 2008-09 of $6,511,514.

The District also participates in the California Public Employees' Retirement System ("CalPERS") for all full-time and some part-time classified employees. The District is required to contribute toward CalPERS, at a State-determined percentage of CalPERS-eligible salaries. For fiscal year 2007-08, the contribution percentage was 9.306%. For fiscal year 2008-09, the contribution percentage is 9.428%. In the current budget year, the total contribution is budgeted at $3,456,723, compared to a fiscal year 2007-08 expense of $3,583,959.

The District is unable to predict what the amount of State pension liabilities will be in the future, or the amount of the contributions which the District may be required to make. STRS and CalPERS and the other District liabilities discussed herein are more fully described in APPENDIX B—"EXCERPTS FROM FINANCIAL STATEMENTS OF THE DISTRICT FOR THE FISCAL YEAR ENDED JUNE 30, 2008," Note 12.

Other Post-Employment Benefits ("OPEB"). The Post-Employment Benefit Plan (the "OPEB Plan") is a single-employer defined benefit healthcare plan administered by the District. The OPEB Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Membership of the OPEB Plan consists of 295 retirees and beneficiaries currently receiving benefits, and 2,299 active OPEB Plan members. The contribution requirements of OPEB Plan members and the District are established and may be amended by the District and the Grossmont Education Association ("GEA"), the local California Service Employees Association ("CSEA"), and the local Service Employees International Union ("SEIU"). The required contribution is based on projected pay-as-you-go financing requirements. In fiscal year 2007-08, the annual OPEB cost (or annual required contribution) for the OPEB Plan was $5,064,287. The District contributed 35% of the annual required contribution to the plan, or $1,772,029, all of which was used for current premiums (approximately 60% of total premiums). The net obligation for fiscal year 2007-08 was $3,292,258. See "District Debt Structure and Long Term Obligations – OPEB Obligations" below. In addition, the District has established a Special Reserve Fund for use in offsetting future OPEB costs. The District contributed $151,443 to this fund during 2007-08 which had total assets of $1,862,044 at year end.

The District undertook an actuarial study, which was completed as of July 1, 2006. In the actuarial valuation, the unprojected unit credit method was used. The actuarial assumptions included a five percent investment rate of return (net of administrative expenses), based on the OPEB Plan being funded in an irrevocable employee benefit trust invested in a long-term fixed income portfolio. Healthcare cost trend rates ranged from an initial one percent to an ultimate rate of 12%. The unfunded accumulated actuarial liability is being amortized at a

level dollar method. The remaining amortization period at July 1, 2008, was 29 years. The actuarial value of assets was not determined in this actuarial valuation. The District's actuarial accrued liability as of July 1, 2006 was $42,216,851, all of which is unfunded.

Accrued Vacation and other Obligations. The long-term portion of accumulated and unpaid employee vacation for the District as of June 30, 2008 was $3,132,232.

Summary of District Revenues and Expenditures

The following tables summarize the District's actual or budgeted general fund revenue, expenditures and fund balances for fiscal years 2007-08 and 2008-09. See also APPENDIX B— "EXCERPTS FROM FINANCIAL STATEMENTS OF THE DISTRICT FOR THE FISCAL YEAR ENDED JUNE 30, 2008" for the District's audited financial statements for the year ending June 30, 2008.

GROSSMONT UNION HIGH SCHOOL DISTRICT
2008-09 Adopted Budget
General Fund Revenues, Expenditures and Fund Balances[1]

	2007-08 Unaudited Actual	2008-09 Budgeted
Revenue/Receipts		
Revenue Limit Sources	$130,109,915	$126,138,841
Federal Revenue	11,054,312	10,980,504

Fund Balance, Beginning	24,539,056	21,108,604
Fund Balance, Ending	$ 22,627,455	$ 21,742,915

[1] Excerpted from the District's 2008-09 Budget, adopted June 12, 2008.

[2] The State Standardized Account Code Structure (SACS) accounting system requires transfers out of a fund to be treated the same as expenditures for the purposes of determining the "Excess of Revenues Over/(Under) Expenditures". During the 2007-08 year the district transferred $2,000,000 out of the General Fund to separate reserve funds (Fund 17 at $1,000,000 and Fund 40 at $1,000,000) for future needs.

The Board adopted its 2008-09 budget for the period ending June 30, 2009, on June 12, 2008. In the budget, the District projects that revenues will decrease approximately 4% to approximately $179 million, expenditures will decrease approximately 3% to approximately $180 million, and the year end balance will decrease approximately 4% to $21,742,915.

Commencing with fiscal year 2002-03, the District implemented Governmental Accounting Standards Board ("GASB") Procedure No. 34, which resulted, among other things, in a change in the presentation of the financial statements of the District to reflect expenditures by function rather than by object. The following table presents audited figures in the new format. Figures presented in the GASB 34 format are not directly comparable to the presentation in the preceding table.

[1] Grossmont Union High School District Audited financial reports for each respective year.

District Debt Structure and Long Term Obligations

Certain of the District's outstanding indebtedness is described below. For a complete discussion of the District's outstanding indebtedness, see APPENDIX B— "EXCERPTS FROM FINANCIAL STATEMENTS OF THE DISTRICT FOR THE FISCAL YEAR ENDED JUNE 30, 2008," Note 8.

General Obligation Bonds. On June 4, 2004, the District issued $60,841,197.25 of its General Obligation Bonds, Election of 2004, Series 2004 in order to finance the construction of new schools, financing site acquisition costs and the redemption of outstanding certificates of participation issued by the District in 1991 and 1997. The final maturity of the bonds is June 1, 2029, and the bonds have interest rates or accretion rates of 4.00% - 5.92%. At January 1, 2009, Series 2004 General Obligation Bonds totaling $49,156,197.25 were still outstanding.

On June 2, 2006, the District issued $124,999,224.95 of its General Obligation Bonds, Election of 2004, Series 2006 in order to finance the modernization of existing school facilities. The final maturity of the bonds is June 1, 2031, and the bonds have interest rates or accretion rates of 4.00% - 5.05%. At January 1, 2009, Series 2006 General Obligation Bonds totaling $121,544,224.95 were still outstanding.

On August 5, 2008, the District issued $88,159,577.80 of its General Obligation Bonds, Election of 2004, Series 2008 in order to finance the modernization of existing school facilities. The final maturity of the bonds is June 1, 2033, and the bonds have interest rates or accretion rates of 2.00% - 6.45%. At January 1, 2009, Series 2008 General Obligation Bonds totaling $88,159,577.80 were still outstanding.

GROSSMONT UNION HIGH SCHOOL DISTRICT
Outstanding General Obligation Bonded Debt

Issue Date	Final Maturity Date	Coupon or Accretion Rates	Original Principal Amount	Outstanding as of January 1, 2009
6/4/04	6/1/29	4.00 – 5.92%	$ 60,841,197.25	$ 49,156,197.25
6/2/06	6/1/31	4.00 – 5.05%	124,999,224.95	121,544,224.95
8/5/08	6/1/33	2.00 – 6.45%	88,159,577.80	88,159,577.80
		Total	$274,000,000.00	$258,860,000.00

Lease Revenue Bonds. In July 1995, the San Diego County Educational Facilities Authority No. 1 (the "Facilities Authority") sold $4,620,000 in lease revenue bonds (the "1995 Lease Revenue Bonds") on behalf of the District and the San Diego County Board of Education (the "County Board"). The proceeds of the 1995 Lease Revenue Bonds were used to construct the East County Regional Education Center, which is used jointly by the District and the County Board and is located in the city of El Cajon, within the territory of the District. In November 2003, the Facilities Authority issued $4,155,000 principal amount of refunding bonds (the "2003 Lease Revenue Bonds") to accomplish an advance refunding of the 1995 Lease Revenue Bonds to achieve debt service savings. The annual repayment of the 2003 Lease Revenue Bonds is shared equally by the District and the County Board. The District's share of the annual debt service payments for the 2003 Lease Revenue Bonds is shown in the following table.

GROSSMONT UNION HIGH SCHOOL DISTRICT
Annual Debt Service
2003 Lease Revenue Bonds

Year Ending June 30	Annual Payment
2009	$ 178,266
2010	180,062
2011	178,938
2012	177,335
2013	177,707
2014	177,596
2015	177,102
2016	176,194
2017	177,444
2018	175,841
2019	178,719
Total	$1,955,204

Certificates of Participation. The District has no outstanding certificates of participation.

Tax and Revenue Anticipation Notes. The District has no outstanding tax and revenue anticipation notes.

Capital Leases. The District leases facilities and equipment under agreements that provide for title to pass upon expiration of the lease period. Future minimum lease payments as of June 30, 2008, are as follows:

GROSSMONT UNION HIGH SCHOOL DISTRICT
Annual Lease Payments
Capital Leases

Year Ending June 30	Annual Lease Payments
2009	$ 789,790
2010	358,886
2011	357,763
2012	356,160
2013	356,531
2014-2018	884,175
2019	178,719
Total	$3,282,024
Less interest	472,389
Present value	$2,809,635

OPEB Obligations. The District implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, during the year ended June 30, 2008, recognizing OPEB liabilities in its audited financial reports. As described above, the District's annual required contribution for the year ended June 30, 2008, was $5,064,287 and contributions made by the District during the year were $1,772,029, which resulted in a net OPEB obligation of $3,292,258. See APPENDIX B— "EXCERPTS FROM FINANCIAL STATEMENTS OF THE DISTRICT FOR THE FISCAL YEAR ENDED JUNE 30, 2008," Note 10.

Supplemental Early Retirement Program. During March 2004, the District adopted a supplementary early retirement plan whereby certain eligible certificated non-management and classified employees are provided an annuity to supplement the retirement benefits they are entitled to through their respective retirement systems. The criteria for certificated employee participation are as follows: full-time employee of the District, at least 55 years of age by the date of retirement, with at least 10 years of continuous service with the District by the date of retirement. The criteria for classified employee participation are as follows: actively employed by the District, at least 50 years of age and have five years of service credit time, and eligible for retirement in the California Public Employees' Retirement System. The annuities offered to the employees are to be paid over a five-year period for certificated employees and a onetime payment for classified employees. The annuities, which were purchased for 72 certificated employees and 46 classified employees who retired during the 2003-2004 school year, were purchased from Nationwide Trust Company. The budgeted annual payment requirement for the program in fiscal year 2008-09 is $474,873.

Capital Financing Plan

The District Board approved its original Long Range Facility Plan (the "Master Plan") in October 2003, which lead to the authorization of a bond issue ("Proposition H") in 2004, and issuance, in 2004, 2006, and 2008, of an aggregate $274 million in facilities improvement bonds. Since 2004, substantial modernization work has been completed at each of the District's campuses.

In June, 2008, the District undertook an update of the Master Plan, which identified additional facilities improvement needs of approximately $1 billion to (a) modernize campus facilities and structures at its eleven comprehensive high schools, one alternative education facility and several adult education facilities not anticipated in Proposition H, (b) complete the first phase of construction of a new high school, and (c) bring all campus facilities up to a common standard parity. The District expects to finance the school modernization and construction costs ("a" and "b" above) from the proceeds of voter-approved debt and State matching funds. The Proposition U bonding authority of $417 million, combined with expected state matching funds of approximately $50 million, are expected to fund up to 90% of these costs over the next ten years. The District has not yet identified funding sources for the parity facilities improvements ("c" above) identified in the updated Master Plan.

Insurance, Risk Pooling and Joint Powers Arrangements

The District participates in joint ventures under joint powers agreements ("JPAs") with the San Diego County Risk Management Authority (the "Risk Pool") and the San Diego County Educational Facilities Authority No. 1 (the "Facilities Authority"). The relationship between the District and the JPAs is such that the JPAs are not component units of the District for financial reporting purposes.

The Risk Pool arranges for and provides workers' compensation, property, and liability insurance and other programs for various school districts in the County. The governing board of the Risk Pool is comprised of a representative from each member school district. The Risk Pool has budgeting and financial reporting requirements independent of the participating school districts. During the year ended June 30, 2008, the District made payment of $5,714,349 to San Diego County School Risk Management for premiums.

The Facilities Authority is a JPA of the District and the San Diego County Board of Education (the "County Board") that was established to provide funding for a joint use educational facility (the "Joint Use Facility"). The governing board of the Facilities Authority is comprised of two representatives from each of the two participants. In July 1995, the Facilities Authority sold $4,620,000 in lease revenue bonds (the "1995 Lease Revenue Bonds") for the funding of the Joint Use Facility, known as the East County Regional Education Center and located in the District in the city of El Cajon. In November 2003, the 1995 Lease Revenue Bonds were refunded to achieve debt service savings. The repayment of the $4,155,000 principal amount of refunding bonds (the "2003 Lease Revenue Bonds") is shared equally by the District and the County Board. The District's share of

the annual debt service payments for the 2003 Lease Revenue Bonds is shown above in "Lease Revenue Bonds" herein.

The District is not a member of any other joint powers agencies or authorities. See APPENDIX B—"EXCERPTS FROM FINANCIAL STATEMENTS OF THE DISTRICT FOR THE FISCAL YEAR ENDED JUNE 30, 2008," Note 14.

Charter Schools

Charter schools operate as autonomous public schools, under charter from a school district, county office of education, or the State Board of Education, with minimal supervision by the local school district. Charter schools receive revenues from the State and from the District for each student enrolled, and thus effectively reduce revenues available for students enrolled in District schools. The District is also required to accommodate charter school students originating in the District in facilities comparable to those provided to regular District students.

Three charter schools have been approved by and are currently operating in the District, Helix Charter High School (serving grades 9 – 12), Steele Canyon Charter High School (serving grades 9 – 12) and Liberty Charter School (serving grades K – 4, and 9). Enrollment figures for the charter schools are presented in the table below.

	Helix Charter High School	Steele Canyon Charter High School	Liberty Charter School
2006-07	2,496	2,158	--
2007-08	2,414	2,090	--
2008-09	2,422	2,133	260

SCHOOL DISTRICT BUDGET PROCEDURES AND REQUIREMENTS

District Budget Process and County Review

State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district governing board must adopt and file with the county superintendent of schools a tentative budget by July 1 in each fiscal year. The District is under the jurisdiction of the San Diego County Superintendent of Schools.

The county superintendent must review and approve or disapprove the budget no later than August 15. The county superintendent is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. If the budget is disapproved, it is returned to the District with recommendations for revision. The District is then required to revise the budget, hold a public hearing thereon, adopt the revised budget and file it with the county superintendent no later than September 8. Pursuant to State law, the county superintendent has available various remedies by which to impose and enforce a budget that complies with State criteria, depending on the circumstances, if a budget is disapproved. After approval of an adopted budget, the school district's administration may submit budget revisions for governing board approval.

Subsequent to approval, the county superintendent will monitor each district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the district can meet its current or subsequent year financial obligations. If the county superintendent determines that a district cannot meet its current or subsequent year obligations, the county superintendent will notify the district's governing board of the determination and may then do either or both of the following: (a) assign a fiscal advisor to enable the district to meet those obligations or (b) if a study and recommendations are made and a district fails to take appropriate action to meet its financial obligations, the county superintendent will so notify the State Superintendent of Public Instruction, and then may do any or all of the following for the remainder of the fiscal year: (i) request additional information regarding the district's budget and operations; (ii) develop and impose, after also consulting with the district's board, revisions to the budget that will enable the district to meet its financial obligations; and (iii) stay or rescind any action inconsistent with such revisions. However, the county superintendent may not abrogate any

provision of a collective bargaining agreement that was entered into prior to the date upon which the county superintendent assumed authority.

A State law adopted in 1991 ("A.B. 1200") imposed additional financial reporting requirements on school districts, and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the county superintendent (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The county superintendent reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that is deemed unable to meet its financial obligations for the remainder of the fiscal year or subsequent fiscal year. A qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A school district that receives a qualified or negative certification may not issue tax and revenue anticipation notes or certificates of participation without approval by the county superintendent. At least in the last 5 years, the District has not received a qualified or negative certification.

Accounting Practices

The accounting policies of the District conform to generally accepted accounting principles in accordance with the definitions, instructions and procedures of the California School Accounting Manual, as required by the State Education Code. Revenues are recognized in the period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the period in which the liability is incurred.

Vavrinek, Trine, Day & Co., LLP, Rancho Cucamonga, California, serves as independent auditor to the District and its report for fiscal year Ended June 30, 2008, is attached hereto as Appendix B. The District considers its audited financial statements to be public information, and accordingly no consent has been sought or obtained from the auditor in connection with the inclusion of such statements in this Official Statement. The auditor has made no representation in connection with inclusion of the audit excerpts herein that there has been no material change in the financial condition of the District since the audit was concluded.

The final (unaudited) statement of receipts and expenditures for each fiscal year ending June 30 is required by State law to be approved by the District's Governing Board by September 15, and the audit report must be filed with the San Diego County Superintendent of Schools and State officials by December 15 of each year. The District is required by law to adopt its audited financial statements following a public meeting to be conducted no later than January 31 following the close of each fiscal year.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Limitations on Revenues

Article XIIIA of the California Constitution. Article XIIIA of the State Constitution, adopted and known as Proposition 13, was approved by the voters in June 1978. Section 1(a) of Article XIIIA limits the maximum *ad valorem* tax on real property to 1% of "full cash value," and provides that such tax shall be collected by the counties and apportioned according to State law. Section 1(b) of Article XIIIA provides that the 1% limitation does not apply to *ad valorem* taxes levied to pay interest and redemption charges on (i) indebtedness approved by the voters prior to July 1, 1978, or (ii) bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast on the proposition, or (iii) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district, but only if certain accountability measures are included in the proposition. The tax for payment of the District's bonds approved at the 2008 election falls within the exception for bonds approved by a 55% vote.

Section 2 of Article XIIIA defines "full cash value" to mean the county assessor's valuation of real property as shown on the fiscal year 1975-76 tax bill, or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred. The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or

comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. The Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre-decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restoration of value of the damaged property. The California courts have upheld the constitutionality of this procedure. Legislation enacted by the State Legislature to implement Article XIIIA provides that, notwithstanding any other law, local agencies may not levy any *ad valorem* property tax except the 1% base tax levied by each county and taxes to pay debt service on indebtedness approved by the voters as described above.

Since its adoption, Article XIIIA has been amended a number of times. These amendments have created a number of exceptions to the requirement that property be reassessed when purchased, newly constructed or a change in ownership has occurred. These exceptions include certain transfers of real property between family members, certain purchases of replacement dwellings for persons over age 55 and by property owners whose original property has been destroyed in a declared disaster, and certain improvements to accommodate disabled persons and for seismic upgrades to property. These amendments have resulted in marginal reductions in the property tax revenues of the District.

Both the California State Supreme Court and the United States Supreme Court have upheld the validity of Article XIIIA.

Article XIIIC and Article XIIID of the California Constitution. On November 5, 1996, the voters of the State approved Proposition 218, the so-called "Right to Vote on Taxes Act". Proposition 218 added Articles XIIIC and XIIID to the State Constitution, which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges. Among other things, Article XIIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes); prohibits special purpose government agencies such as school districts from levying general taxes; and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote. Article XIIIC also provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIIIA of the California Constitution and special taxes approved by a two-thirds vote under Article XIIIA, Section 4.

Article XIIIC also provides that the initiative power shall not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. The State Constitution and the laws of the State impose a duty on the county treasurer and tax collector to levy a property tax sufficient to pay debt service on school bonds coming due in each year. The initiative power cannot be used to reduce or repeal the authority and obligation to levy such taxes or to otherwise interfere with performance of the duty of the County with respect to such taxes. Legislation adopted in 1997 provides that Article XIIIC shall not be construed to mean that any owner or Beneficial Owner of a municipal security assumes the risk of or consents to any initiative measure which would constitute an impairment of contractual rights under the contracts clause of the U.S. Constitution.

Article XIIID deals with assessments and property-related fees and charges. Article XIIID explicitly provides that nothing in Article XIIIC or XIIID shall be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development; however it is not clear whether the initiative power is therefore unavailable to repeal or reduce developer and mitigation fees imposed by the District. Developer fees imposed by the District are restricted as to use and are neither pledged nor available to pay the Bonds.

The interpretation and application of Proposition 218 continues to be considered and determined by the courts with respect to a number of the matters discussed above, and it is not possible at this time to predict with certainty the outcome of such determination.

Expenditures and Appropriations

Article XIIIB of the California Constitution. In addition to the limits Article XIIIA imposes on property taxes that may be collected by local governments, certain other revenues of the State and local governments are subject to an annual "appropriations limit" or "Gann Limit" imposed by Article XIIIB of the State Constitution, which effectively limits the amount of such revenues that government entities are permitted to spend. Article XIIIB, approved by the voters in June 1979, was modified substantially by Proposition 111 in 1990. The appropriations limit of each government entity applies to "proceeds of taxes," which consist of tax revenues, state subventions and

certain other funds, including proceeds from regulatory licenses, user charges or other fees to the extent that such proceeds exceed "the cost reasonably borne by such entity in providing the regulation, product or service." "Proceeds of taxes" exclude tax refunds and some benefit payments such as unemployment insurance. No limit is imposed on the appropriation of funds which are not "proceeds of taxes," such as reasonable user charges or fees, and certain other non-tax funds.

Article XIIIB also does not limit appropriation of local revenues to pay debt service on bonds existing or authorized by January 1, 1979, or subsequently authorized by the voters, such as the Bonds, appropriations required to comply with mandates of courts or the federal government, appropriations for qualified capital outlay projects, and appropriation by the State of revenues derived from any increase in gasoline taxes and motor vehicle weight fees above January 1, 1990, levels. The appropriations limit may also be exceeded in cases of emergency; however, the appropriations limit for the three years following such emergency appropriation must be reduced to the extent by which it was exceeded, unless the emergency arises from civil disturbance or natural disaster declared by the Governor, and the expenditure is approved by two-thirds of the legislative body of the local government.

The State and each local government entity has its own appropriations limit. Each year, the limit is adjusted to allow for changes, if any, in the cost of living, the population of the jurisdiction, and any transfer to or from another government entity of financial responsibility for providing services. Each school district is required to establish an appropriations limit each year. In the event that a school district's revenues exceed its spending limit, the district may increase its appropriations limit to equal its spending by taking appropriations limit from the State.

Proposition 111 requires that each agency's actual appropriations be tested against its limit every two years. If the aggregate "proceeds of taxes" for the preceding two-year period exceeds the aggregate limit, the excess must be returned to the agency's taxpayers through tax rate or fee reductions over the following two years. If the State's aggregate "proceeds of taxes" for the preceding two-year period exceeds the aggregate limit, 50% of the excess is transferred to fund the State's contribution to school and college districts.

In fiscal year 2007-08, the District had an appropriations limit of $140,847,482 and proceeds of taxes subject to such limit of $140,847,482, and estimates an appropriations limit in 2008-09 of $147,844,623, with proceeds of taxes subject to such limit of $147,844,623.

Future Initiatives. Article XIIIA, Article XIIIB, Article XIIIC, Article XIIID, as well as Propositions 98 and 111, were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting District revenues or the District's ability to expend revenues.

PART II

THE ECONOMY OF THE DISTRICT

The District encompasses all of the cities of El Cajon and Lemon Grove, most of the cities of La Mesa and Santee, a small portion of the city of San Diego, as well as adjacent unincorporated areas of the County. The following economic data for selected cities and the County are presented for information purposes only. The Bonds are not a debt or obligation of the cities or the County.

General

The District is located in eastern San Diego County, encompassing a large portion of the urbanized area of the east county as well as foothill communities of the Cuyacama Mountains. The District is traversed by U.S. Interstate Highway 8, State Route 94, State Route 125, and State Route 67.

The District is located about 12 miles east of downtown San Diego, the County seat, and the San Diego International Airport.

Population

The table below shows the recent population growth for the county and for the cities of El Cajon, La Mesa, Lemon Grove, and Santee. The population of the four cities in 2008 accounted for approximately 7.5% of the population of the County.

POPULATION GROWTH
San Diego County and Cities Within
Grossmont Union High School District
1990-2008

Year	City of El Cajon	City of La Mesa	City of Santee	City of Lemon Grove	County of San Diego
1990	88,918	52,911	52,902	23,984	2,498,016
1991	88,800	52,600	52,500	24,050	2,529,800
1992	89,700	53,000	52,600	24,350	2,572,500
1993	90,100	54,000	52,600	24,400	2,594,100
1994	90,000	53,900	52,000	24,300	2,604,400

The following table summarizes civilian labor force, employment, and unemployment in the County from 2002 to 2008. The County's civilian labor force increased by approximately 8.1% between 2002 and 2008. In the same period, the employed labor force in the County increased by approximately 7% and the unemployed labor force in the County increased by approximately 27.4%. The unemployment rate in the County in 2008 was 6.1%. In contrast, the average unemployment rate in California in 2008 was 7.2%.

CIVILIAN LABOR FORCE, EMPLOYMENT AND UNEMPLOYMENT
County of San Diego
Annual Averages, 2002-2008

Year	Civilian Labor Force	Employed Labor Force[1]	Unemployed Labor Force[2]	Unemployment Rate[3]
2002	1,450,500	1,375,800	74,700	5.2%
2003	1,468,200	1,391,700	76,500	5.2%
2004	1,490,800	1,420,100	70,700	4.7%
2005	1,505,900	1,440,500	64,100	4.3%
2006	1,520,500	1,459,900	60,500	4.0%
2007	1,542,400	1,471,600	70,900	4.6%
2008	1,567,400	1,472,200	95,200	6.1%

[1] Includes persons involved in labor-management trade disputes.
[2] Includes all persons without jobs who are actively seeking work.
[3] The unemployment rate is computed from unrounded data; therefore, it may differ from rates computed from rounded figures in this table.

INDEPENDENT AUDITORS' REPORT

Governing Board
Grossmont Union High School District
El Cajon, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grossmont Union High School District (the "District") as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2007-08*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grossmont Union High School District, as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in the Notes to the basic financial statements, the accompanying financial statements reflect certain changes required as a result of the implementation of GASB Statement No. 45 for the year ended June 30, 2008.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2008, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

FRESNO • LAGUNA HILLS • PALO ALTO • PLEASANTON • RANCHO CUCAMONGA

The required supplementary information, such as management's discussion and analysis on pages 4 through 15 and budgetary comparison information and other postemployment benefits on pages 62 and 63, is not a required part of the basic financial statements, but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of Federal awards which is required by U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The unaudited supplementary information listed in the table of contents, including the Combining Statements - Non-Major Governmental Funds, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion.

This section of Grossmont Union High School District's (the "District") annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2008. Please read it in conjunction with the District's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the Grossmont Union High School District and its component units using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately. These statements include all assets of the District (including capital assets) as well as all liabilities (including long-term obligations). Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables and receivables.

The *Fund Financial Statements* include statements for each of the three categories of activities: governmental, business-type, and fiduciary.

The *Governmental Activities* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The *Business-Type Activities* are prepared using the economic resources measurement focus and the accrual basis of accounting.

The *Fiduciary Activities* are agency funds, which only report a balance sheet and do not have a measurement focus.

Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences created by the integrated approach.

The Primary unit of the government is the Grossmont Union High School District.

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Assets and the Statement of Activities

The *Statement of Net Assets* and the *Statement of Activities* report information about the District as a whole and about its activities. These statements include all assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net assets and changes in them. Net assets are the difference between assets and liabilities, one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether *its financial health is* improving or deteriorating. Other factors to consider are changes in the District's property tax base and the condition of the District's facilities.

The relationship between revenues and expenses is the District's *operating results.* Since the Board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the District. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Assets* and the *Statement of Activities*, we separate the District activities as follows:

Governmental Activities - Most of the District's services are reported in this category. This includes the education of grade nine through twelve students, adult education students, the operation of child development activities, and the on-going effort to improve and maintain buildings and sites. Local property taxes, State sales and income taxes, user fees, interest income, Federal, State and local grants finance these activities.

Business-Type Activities - The District charges fees to help it cover the costs of certain services it provides. The District's food services program is included here.

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Department of Education.

Governmental Funds - Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

Proprietary Funds - When the District charges users for the services it provides, whether to outside customers or to other departments within the District, these services are generally reported in proprietary funds. Proprietary funds, which are comprised of enterprise funds and internal service funds, are reported in the same way that all activities are reported in the *Statement of Net Assets* and the *Statement of Revenues, Expenses and Changes in Fund Net Assets*. In fact, the District's enterprise funds are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services for the District's other programs and activities - such as the District's Self-Insurance Fund. The internal service funds are reported with governmental activities in the government-wide financial statements.

THE DISTRICT AS TRUSTEE

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or *fiduciary,* for funds held on behalf of others, like our funds for associated student body activities and scholarships. The District's fiduciary activities are reported in separate *Statements of Fiduciary Net Assets*. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL HIGHLIGHTS

- Total District net assets at June 30, 2008, were $257.2 million, a decrease of $.2 million from the prior year.
- General Fund ending balance was $22,627,455, a decrease of $1,911,601.
- Cost of Living Adjustment (COLA) for the revenue limit and all categorical programs was 4.53 percent.
- Student enrollment decreased by 280 students.
- Financial results reflect labor agreement settlements with all employee bargaining groups for the fiscal year at total increased costs of approximately $4.8 million.
- District received $1.3 million for Quality Education Investment Act (QEIA) for El Cajon Valley High School.
- District received $862,229 for California High School Exit Exam (CAHSEE).
- District received $375,089 in on-going monies for the Arts and Music Block Grant.

- District received $1,572,534 in Supplemental Counseling funding. These are on-going monies to supplement guidance staff.
- District received $448,862 for Project Shield, a Federally funded grant to assist schools with the development and implementation of expanded family resource center services.
- District received $1,259,723 in Developer Fees and $1,105,748 in Redevelopment monies.

THE DISTRICT AS A WHOLE

Net Assets

The District's net assets were $257.2 million for the fiscal year ended June 30, 2008. Of this amount, $13.1 million was unrestricted. Restricted net assets are reported separately to show legal constraints from debt covenants and enabling legislation that limit the governing board's ability to use those net assets for day-to-day operations. Our analysis below focuses on the net assets (Table 1) and change in net assets (Table 2) of the District's governmental activities.

Table 1

(Amounts in millions)	Governmental Activities		Business-Type Activities		Total District Activities	
	2008	2007	2008	2007	2008	2007
Assets						
Current and other assets	$ 151.0	$ 198.7	$ 0.2	$ 0.2	$ 151.2	$ 198.9
Capital assets	319.0	264.4	0.4	0.4	319.4	264.8
Total Assets	**470.0**	**463.1**	**0.6**	**0.6**	**470.6**	**463.7**
Liabilities						
Current liabilities	23.0	15.9	0.1	0.1	23.1	16.0
Long-term obligations	190.3	190.3	-	-	190.3	190.3
Total Liabilities	**213.3**	**206.2**	**0.1**	**0.1**	**213.4**	**206.3**
Net Assets						
Invested in capital assets, net of related debt	192.1	163.4	0.4	0.4	192.5	163.8
Restricted	51.6	76.3	-	-	51.6	76.3
Unrestricted	13.0	17.2	0.1	0.1	13.1	17.3
Total Net Assets	**$ 256.7**	**$ 256.9**	**$ 0.5**	**$ 0.5**	**$ 257.2**	**$ 257.4**

The $13.1 million in unrestricted net assets of governmental activities represents the accumulated results of all past years' operations. There were changes in current liabilities as well as current and capital assets.

Changes in Net Assets

The results of this year's operations for the District as a whole are reported in the *Statement of Activities* on page 17. Table 2 takes the information from the Statement, rounds off the numbers, and rearranges them slightly so you can see our total revenues for the year.

Table 2

(Amounts in millions)	Governmental Activities		Business-Type Activities		Total District Activities	
	2008	2007	2008	2007	2008	2007
Revenues						
Program revenues:						
Charges for services	$ 6.1	$ 9.4	$ 3.8	$ 4.9	$ 9.9	$ 14.3

Excess (Deficiency)	0.3	44.4	(0.6)	-	(0.3)	44.4
Transfers	(0.5)	-	0.5	-	-	-
Change in Net Assets	**$ (0.2)**	**$ 44.4**	**$ (0.1)**	**$ -**	**$ (0.3)**	**$ 44.4**

Governmental Activities

As reported in the *Statement of Activities* on page 17, the cost of all of our governmental activities this year was $226.9 million. However, the amount that our taxpayers ultimately financed for these activities through local taxes was only $74.4 million because the cost was paid by those who benefited from the programs ($6.1 million), by other governments and organizations who subsidized certain programs with operating grants and contributions ($52.9 million), and $1.3 million in capital grants and contributions. We paid for the remaining "public benefit" portion of our governmental activities with $84.3 million in Federal and State aid not restricted to specific purposes and with other revenues, like interest and general entitlements ($8.2 million).

The District's expenses are predominantly related to educating students (84 percent). The purely administrative tivities of the District accounted for 2.4 percent of total costs. Total expenditures surpassed revenues, creasing net assets $.2 million over last year.

In Table 3, we have presented the cost and net cost of each of the District's eight largest functions- regular program instruction, supervision and instruction, school administration, pupil transportation, other pupil services, administration, and maintenance and operations, and other. As discussed below, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3

	Total Cost of Services		Net Cost of Services	
(Amounts in millions)	2008	2007	2008	2007
Instruction	$ 137.1	$ 135.3	$ 101.5	$ 67.7
Supervison and other instruction-related	10.7	11.3	5.7	5.7
School administration	19.1	18.8	14.6	14.3
Pupil transportation	5.4	5.0	3.2	2.8
Other pupil services	11.8	11.4	3.1	8.7
Administration	5.5	9.1	4.5	7.7
Maintenance and operations	26.8	25.3	24.5	22.2
Other	10.5	15.9	9.4	15.0
Total	**$ 226.9**	**$ 232.1**	**$ 166.5**	**$ 144.1**

Increases in expenditures relate to QEIA, Project Shield and increases in Special Education and home to school transportation.

THE DISTRICT'S FUNDS

As the District completed this year, our governmental funds reported a combined fund balance of $126.3 million which is an overall decrease of $57.1 million from last year (Table 4).

The funds and the primary reasons for the overall decrease are:

a. The fund balance in the General Fund decreased $1.9 million overall. However, the unrestricted fund balance decreased by $2.6 million, of which transfers to Special Reserve, Cafeteria and Deferred Maintenance Funds accounted for $5.5 million.
b. The Adult Education Fund decreased by $1 million. This decrease is due to major building and site improvements.
c. The Deferred Maintenance Fund has decreased due to projects being completed in the 2007-08 fiscal year. These were planned expenditures in coordination with Proposition H projects.
d. The Special Reserve Non-Capital has increased by $900 thousand. This is due to the final transfer of mandated cost reimbursement monies from the General Fund.
e. Monies in the Special Reserve Postemployment Benefits Fund were transferred to Fund 67 for GASB 45
f. The Building Fund (Bond) decreased by $39.4 million for the expenditure of bond approved projects.
g. The County School Facilities Fund decreased by $10.4 million due to State approved project expenditures.

The Special Reserve-Capital Outlay Fund has decreased by $1.6 million. Projects for an athletic facilities replacement/safety fund, field projects and other facility projects have been funded from these monies.

The Bond Interest and Redemption Fund was established for the recording of tax receipts and payments for Proposition H and is calculated by the County of San Diego on our behalf.

The County School Facilities Fund increased by $14.4 million due to the receipt of matching dollars for Monte Vista and Santana High Schools.

The Special Reserve-Capital Outlay Fund has increased by $1.9 million. Funds have been set aside for an athletic facilities replacement/safety fund, field projects and other facility projects.

The Bond Interest and Redemption Fund was established for the recording of tax receipts and payments for Proposition H and is calculated by the County of San Diego on our behalf.

Table 4

(Amounts in millions)	Balances and Activity			
	July 1, 2007	Revenues	Expenditures	June 30, 2008
General	$ 24.5	$ 193.6	$ 195.5	$ 22.6
Adult Education	7.9	15.0	16.0	6.9
Child Development	0.2	0.2	0.2	0.2
Deferred Maintenance	2.3	2.2	3.2	1.3
Special Reserve Non-Capital	11.2	1.4	0.5	12.1
Special Reserve Postemployment Benefits	1.3	-	1.3	-
Building	84.4	3.4	42.8	45.0
Capital Facilities	7.2	1.6	1.6	7.2
County School Facilities	27.0	1.3	11.7	16.6
Special Reserve - Capital Outlay	8.3	4.3	5.9	6.7
Bond Interest and Redemption	9.1	9.1	10.5	7.7
Total	**$ 183.4**	**$ 232.1**	**$ 289.2**	**$ 126.3**

Over the course of the year, the District revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. The final amendment to the budget was adopted on May 8, 2008. (A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in our annual report on page 62).

- Budgeted Federal revenues and expenditures increased by $.7 million due to increases in NCLB and Project Shield.
- Budgeted State revenues increased by $.9 million. The majority of this increase is class size reduction and Instructional Materials Realignment Fund monies, which are offset by corresponding expenditures.

General Fund Budgetary Highlights

- General Fund revenues were $4.5 million more than projected at budget adoption and expenditures were $9.7 million more than originally projected, with transfers out of the General Fund to the Special Reserve, Self Insurance and Cafeteria funds, as well as charter schools accounting for $4.2 million of this. These amounts do not include $4 million in "on behalf" payments included on page 62. "On behalf" payments are contributions to CalSTRS and CalPERS made by the State on behalf of the District. Changes from the adopted budget are related to categorical program revisions and additions, mandated cost revenues and corresponding transfers out, as well as negotiated salary settlements.
- Salaries and fringe benefit expenditures were $6.1 million more than projected in the adopted budget, of which $4.2 million was in categorical programs. The $6.1 million includes all negotiated salary settlements.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2008, the District had a broad range of capital assets, including land, buildings, and furniture and equipment valued at $319.4 million. This amount represents a net increase (including additions, deductions and depreciation) of $54.5 million, or 20.6 percent, from last year. This is directly attributable to bond construction projects in progress.

Table 5

(Amounts in millions)	Governmental Activities		Business-Type Activities		Total	
	2008	2007	2008	2007	2008	2007
Land	$ 34.8	$ 34.8	$ -	$ -	$ 34.8	$ 34.8
Land improvements	67.3	56.7	-	-	67.3	56.7
Construction in progress	57.1	13.7	-	-	57.1	13.7
Buildings and improvements	153.8	153.5	-	-	153.8	153.5
Equipment	6.0	5.7	0.4	0.4	6.4	6.1
Total	**$ 319.0**	**$ 264.4**	**$ 0.4**	**$ 0.4**	**$ 319.4**	**$ 264.8**

This year's equipment addition of $1.7 million includes teacher and classroom equipment such as computers. No debt was issued for these additions.

The District continues the process of implementing the program of facility modernization projects being funded from the Building (Bond) Fund. We present more detailed information about our capital assets in Note 4 to the financial statements.

Long-Term Obligations

At the end of this year, the District had $190.3 million in long-term obligations, which represents an increase over the prior year of $.1 million. A $2.1 million decrease is attributable to the general obligations bond as shown in Table 6.

There is a slight increase in the liability for compensated absences, which the District is currently addressing. The large increase is the inclusion of the liability for postemployment benefits (GASB 45) in the amount of $3.3 million.

Capital lease obligations total $2.8 million, of which $1.6 million is for the East County Regional Education Center, and is being repaid from rental income and general operating dollars. The remaining balance of the capital leases represents copiers, relocatables, buses and hardware and is funded from current operating budgets.

Table 6

(Amounts in millions)	Governmental Activities		Business-Type Activities		Total	
	2008	2007	2008	2007	2008	2007
General obligation bonds	$ 180.6	$ 182.7	$ -	$ -	$ 180.6	$ 182.7
Capitalized lease obligations	2.8	3.5	-	-	2.8	3.5
Compensated absences	3.1	3.0	-	-	3.1	3.0
Other	3.8	1.0	-	-	3.8	1.0
Total	**$ 190.3**	**$ 190.2**	**$ -**	**$ -**	**$ 190.3**	**$ 190.2**

Other obligations include a supplementary early retirement plan. We present more detailed information regarding our long-term obligations in Note 8 of the financial statements.

SIGNIFICANT ACCOMPLISHMENTS OF FISCAL YEAR 2007-2008 ARE NOTED BELOW:

- The District has one of the lowest dropout rates in California at 3.1 percent, far below that of the State and county levels at 6.4 percent and 6.2 percent, respectively.
- Overall college going rate for graduates is 67.9 percent with all District schools above the State average.
- Achieved CAHSEE (California High School Exit Exam) pass rates for first time test takers of 81 percent in English and 79 percent in Mathematics.
- Achieved 43 percent English and 22 percent Mathematics Advanced/Proficient ratings for California Standards tests.
- Over 3,000 students and parents attended the District-wide college and career fair, Got Plans.
- A committee of visual and performing arts teachers met to develop a Visual and Performing Arts (VAPA) strategic plan to be implemented over the next five years.
- Over 110 counselors and administrators from east county school districts attended a two day training that was focused on the national standards for school guidance and counseling, and addressed topics that included understanding the changing role of the professional school counselor.
- The District was recognized by the California Department of Education for being one of only six districts in the State to have a model dropout prevention/School Attendance Review Board.
- The District and community career technical education (CTE) advisory board was established to begin work on a long range strategic plan for the District.
- $400 thousand in grant funds were spent on equipment for the CTE programs.
- Professional development by CTE teachers has resulted in alignment of all CTE classes with the State academic and CTE standards.
- The District was awarded a competitive State grant for $1 million to modernize the Regional Occupational Program (ROP) Welding facility at El Cajon Valley High School.
- All ROP teachers completed EL training.
- Curriculum changes to begin in 2008-2009 were developed for the special needs students at Viking Center for functional academics and transition curriculum.
- All special education departments developed SMART goals for their departments.
- All teachers had complete access to the comprehensive assessment management system developed by EduSoft.
- 706 staff members from around the District participated in technology training and development classes.
- "Read Naturally" program was implemented at Grossmont, Mount Miguel, Homestead, Chaparral and West Hills. This program helps students who struggle with literacy to obtain fluency.
- Adult Education received a six year WASC accreditation.
- An employee Wellness Committee was implemented.
- Participated in San Diego County Diversity Recruitment Fair.
- Implemented Ed-Join, an on-line applicant tracking and management system.
- Web-based Special Education IEP application was created and released for tracking issues related to special education students.
- Completed modernization of 108 classrooms on seven campuses and performed the planning and design for 72 new science classrooms on eight campuses under Proposition H.
- Staff completed the installation, configuration and training at all sites of security cameras.
- Alert Now has been implemented, which can reach 22,000 parents within 15 minutes by telephone.
- All schools are now part of the District's IP telephone and intercom technology.
- Advertised and awarded 86 construction contracts for modernization of school facilities.
- Fully implemented the Wellness policy in the Food Services department.

- Instituted and executed a Safety Fair for annual compliance and movement towards wellness.
- Expanded and revised the Work Comp Transitional Return to Work Program.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In considering the District Budget for the 2008-2009 year, the governing board and management used the following criteria:

The key assumptions in our revenue forecast are:

1. ADA projection is based on 18,660.
2. Revenue limit income will increase by 5.66 percent Cost of Living Adjustment (COLA) with a deficit factor of 4.713 percent, resulting in a net COLA of .68 percent.
3. The on-going funding for the Arts and Music Block Grant is included at $375,089.
4. Categorical programs have a zero percent COLA.
5. Class Size Reduction for 9th grade is included at a rate of $213 per student per subject.
6. Economic Impact Aid is included in the amount of $2,069,321.
7. Instructional Material Realignment Funds are included in the amount of $69 per 2007 CBEDS data, which amounts to $1,481,854.
8. Lottery revenues are projected to be $118 per ADA, with an additional $19 per ADA for Proposition 20.
9. NCLB Title I monies are estimated to be $2.7 million.
10. ROP current estimate is $8.3 million.
11. Special Education is estimated to be $10.5 million with a zero percent COLA.
12. Staff Development buy-out is included in the amount of $1.1 million.
13. Supplemental hourly programs are based on an hourly rate of $4.08 with a deficit in the CORE program of 12 percent.
14. Quality Education Investment Act (QEIA) has been included in the amount of $2,086,000 as second year funding for El Cajon Valley High School.

Expenditures are based on the following forecasts:

1. Step and Column movement costs have been included for all employees.
2. Health and Welfare increases have been included for all employees at eight percent.
3. Continues partial funding for Other Postemployment Benefits (GASB 45).
4. Continues to fund an additional .5 FTE at each comprehensive high school for student intervention support.
5. Budget includes $45,000 for District professional development activities.
6. Monies to fund Saturday School are included.
7. Utility budgets have been included at an increase of six percent.
8. Does not include a 2008-2009 salary increase.
9. Final payment for the Retiree Incentive program is included.
10. Includes $2,000 for Wellness Initiatives program.
11. Provides funding for attendance incentive program.
12. Includes two teacher FTEs for the Learning Center.
13. Continues .20 Athletic Director release time.
14. Includes allocation for Band Uniforms.
15. Includes budget for Character Counts program initiation.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the Business Service Division of Grossmont Union High School District in El Cajon, California at (619) 644-8010.

GROSSMONT UNION HIGH SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE DISTRICT-WIDE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2008

Total Net Change in Fund Balances - Governmental Funds		$ (57,063,481)
Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures, however, for governmental activities, those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities.		
This is the amount by which capital outlay exceeds depreciation in the period.		
Capital outlay	$ 67,082,282	
Depreciation expense	(12,263,184)	
Net Expense Adjustment		54,819,098
Loss on disposal of capital assets is reported in the government-wide statement of net assets, but is not recorded in the governmental funds.		(249,47
In the statement of activities, certain operating expenses - compensated absences (vacations) and special termination benefits (supplemental early retirement program) are measured by the amounts earned or paid during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This year, there were $500,663 of special termination benefits paid. Vacation used was less than the amounts earned by $104,738.		395,92
Governmental funds report the effect of premiums, discounts, issuance costs and the deferred amount on a refunding when the debt is first issued, whereas the amounts are deferred and amortized in the statement of activities. This amount is the net effect of these related items:		
Amortization of premium on issuance	226,983	
Amortization of cost of issuance	(47,432)	179,55
Repayment of bond principal is an expenditure in the governmental funds, but it reduces long-term obligations in the statement of net assets and does not affect the statement of activities.		5,135,00
Repayment of capital lease principal is an expenditure in the governmental funds, but it reduces long-term obligations in the statement of net assets and does not affect the statement of activities.		701,74

The accompanying notes are an integral part of these financial statements.

GROSSMONT UNION HIGH SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE DISTRICT-WIDE STATEMENT OF ACTIVITIES - Continued FOR THE YEAR ENDED JUNE 30, 2008

Interest on long-term obligations in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the statement of activities is the net result of two factors.	$ (2,795,133)
An internal service fund is used by the District's management to charge the costs of the dental and vision benefits program to the individual funds. The net revenue of the internal service fund is reported with governmental activities.	(1,359,169)
Change in Net Assets of Governmental Activities	**$ (235,940)**

The accompanying notes are an integral part of these financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Grossmont Union High School District (the "District") was organized in 1921 under the laws of the State of California. The District operates under a locally-elected five-member Board form of government and provides educational services to grades 9-12 as mandated by the State and/or Federal agencies. The District operates nine high schools, one continuation school, an adult school program, and an alternative education center.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For Grossmont Union High School District, this includes general operations, food service, and student related activities of the District.

Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may include organizations that are fiscally dependent on the District in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has no component units.

Other Related Entities

Charter School The District is the sponsoring local educational agency for Helix Charter School and Steele Canyon Charter School, both California Public Charter Schools. The Charter Schools receive State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. As part of its responsibility as the sponsor of the Charter School, the District could be responsible for disallowed expenditures under terms on the grants and apportionments. The Charter Schools are operated by separate governing boards and are not considered a component unit of the District.

Joint Powers Agencies and Public Entity Risk Pools The District is associated with one joint power agency and one public entity risk pool. These organizations do not meet the criteria for inclusion as component units of the District. Additional information is presented in Note 14 to the financial statements. These organizations are:

San Diego County Schools Risk Management JPA
San Diego County Educational Facilities Authority No. 1

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activitie or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into three broad fund categories: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of a district. All transactions except those required or permitted by law to be in another fund are accounted for in this fund.

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

County School Facilities Fund The County School Facilities Fund is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), or the 2004 State School Facilities Fund (Proposition 55) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070 et seq.).

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue funds are established to account for the proceeds from specific revenue sources (other than trusts or for major capital projects) that are restricted to the financing of particular activities:

Adult Education Fund The Adult Education Fund is used to account separately for Federal, State, and local revenues for adult education programs and is to be expended for adult education purposes only.

Child Development Fund The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

Deferred Maintenance Fund The Deferred Maintenance Fund is used to account separately for State apportionments and the District's contributions for deferred maintenance purposes (*Education Code* Sections 17582-17587) and for items of maintenance approved by the State Allocation Board.

Special Reserve Non-Capital Fund The Special Reserve Non-Capital Fund is used primarily to provide for the accumulation of General Fund monies for general operating purposes other than for capital outlay (*Education Code* Section 42840)

Special Reserve Postemployment Benefits Fund The Special Reserve Postemployment Benefits Fund may be used pursuant to *Education Code* Section 42840 to account for amounts the District has earmarked for the future cost of postemployment benefits but has not contributed irrevocably to a separate trust for the postemployment benefit plan.

Capital Project Funds The Capital Project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Capital Facilities Fund The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approving a development (*Education Code* Sections 17620-17626). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes (*Education Code* Section 42840).

Debt Service Funds The Debt Service Funds are established to account for the accumulation of resources for and the payment of principal and interest on long-term obligations.

Bond Interest and Redemption Fund The Bond Interest and Redemption Fund is used for the repayment of bonds issued for a District (*Education Code* Sections 15125-15262).

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. The District applies all GASB pronouncements, as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. Proprietary funds are classified as enterprise or internal service. The District has the following proprietary funds:

Enterprise Fund Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The only enterprise fund of the District accounts for the financial transactions related to the food service activities of the District.

Internal Service Fund Internal service funds may be used to account for any activity for which goods or services are provided to other funds of the District in return for a fee to cover the cost of operations. The District operates a dental and vision self-insurance fund that is accounted for in an internal service fund.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds.

Trust funds are used to account for the assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's trust fund is the Foundation Private-Purpose Trust. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student body activities (ASB).

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared.

The government-wide financial statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each governmental program, and exclude fiduciary activity. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the Statement of Activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District. Eliminations have been made to minimize the double counting of internal activities.

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net assets restricted for other activities result from special revenue funds and the restrictions on their net asset use.

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund and enterprise fund are presented in a separate column on the face of the proprietary fund statements.

Governmental Funds All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the statements for the governmental funds on a modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

Proprietary Funds Proprietary funds are accounted for using a flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of this fund are included in the statement of net assets. The statement of changes in fund net assets presents increases (revenues) and decreases (expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary fund.

Fiduciary Funds Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 60 days. However, to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Deferred Revenue Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met, are recorded as deferred revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

Investments

Investments held at June 30, 2008, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets in the General Fund represent investments required by Federal and State to be set aside by the District for the purpose of satisfying certain requirements of the Federal and State programs.

Prepaid Expenditures

Prepaid expenditures (expenses) represent amounts paid in advance of receiving goods or services. The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditures incurred.

Stores Inventories

Inventories consist of expendable food and supplies held for consumption. Inventories are stated at cost, on the weighted average basis. The costs of inventory items are recorded as expenditures in the governmental type funds and expenses in the proprietary type funds when used.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District. The District maintains a capitalization threshold of $5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred. Interest incurred during the construction of capital assets utilized by the enterprise fund is also capitalized.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide financial statement of net assets. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the capital assets of governmental funds.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements/infrastructure, 5 to 50 years; equipment, 2 to 15 years.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Compensated Absences

Accumulated unpaid vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide statement of net assets. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide and proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and capital leases are recognized as liabilities in the governmental fund financial statements when due.

Deferred Issuance Costs, Premiums and Discounts

In the government-wide financial statements and in the proprietary fund type financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight line method.

Fund Balance Reserves and Designations

The District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for revolving cash accounts, stores inventories, prepaid expenditures (expenses), and legally restricted grants and entitlements.

Designations of fund balances consist of that portion of the fund balance that has been designated (set aside) by the governing board to provide for specific purposes or uses. Fund equity designations have been established for economic uncertainties and other purposes.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Enabling legislation relates to laws passed that create a revenue source to be used for specific purposes. The government-wide financial statements report net assets restricted by enabling legislation of $51,582,568.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are charges to other funds for self-insurance and fees for meals served. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Interfund Activity

Transfers between governmental and business-type activities in the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Interfund transfers are eliminated in the governmental and business-type activities columns of the statement of activities, except for the net residual amounts transferred between governmental and business-type activities.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Data

The budgetary process is prescribed by provisions of the California Education Code and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1 of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For purposes of the budget, on-behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of San Diego bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Changes in Accounting Principles

In July 2004, GASB issued Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The standards in this Statement apply for OPEB trust funds included in the financial reports of plan sponsors or employers, as well as for the stand-alone financial reports of OPEB plans or the public employee retirement systems, or other third parties, that administer them. This Statement also provides requirements for reporting of OPEB funds by administrators of multiple-employer OPEB plans, when the fund used to accumulate assets and pay benefits or premiums when due is not a trust fund. The District has implemented the provisions of this Statement for the fiscal year ended June 30, 2008.

In July 2004, GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This Statement requires local governmental employers who provide other postemployment benefits (OPEB) as part of the total compensation offered to employees to recognize the expense and related liabilities (assets) in the government-wide financial statements of net assets and activities. This Statement established standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets), note disclosures, and, if applicable, required supplementary information (RSI) in the financial reports of State and local governmental employers.

This Statement provided for prospective implementation - that is, that employers set the beginning net OPEB obligation at zero as of the beginning of the initial year. The District has implemented the provisions of this Statement for the fiscal year ended June 30, 2008. The District had an annual required contribution of $5,064,287 for the year ended June 30, 2008, and made a contribution of $1,772,029 resulting in an OPEB obligation of $3,292,258.

New Accounting Pronouncements

In May 2007, GASB issued Statement No. 50, *Pension Disclosures—an amendment of GASB Statements No. 25 and No. 27*. This Statement more closely aligns the financial reporting requirements for pensions with those for OPEB and, in doing so, enhances information disclosed in notes to financial statements or presented as required supplementary information (RSI) by pension plans and by employers that provide pension benefits. The reporting changes required by this Statement amend applicable note disclosure and RSI requirements of Statements No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and No. 27, *Accounting for Pensions by State and Local Governmental Employers*, to conform with requirements of Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, and No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This Statement is effective for periods beginning after June 15, 2007, except for requirements related to the use of the entry age actuarial cost method for the purpose of reporting a surrogate funded status and funding progress of plans that use the aggregate actuarial cost method, which are effective for periods for which the financial statements and RSI contain information resulting from actuarial valuations as of June 15, 2007, or later. Early implementation is encouraged.

In June 2007, GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. This Statement requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. Accordingly, existing authoritative guidance related to the accounting and financial reporting for capital assets should be applied to these intangible assets, as applicable. This Statement also provides authoritative guidance that specifically addresses the nature of these intangible assets. Such guidance should be applied in addition to the existing authoritative guidance for capital assets. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2009. The provisions of this Statement generally are required to be applied retroactively. For governments that were classified as phase 1 or phase 2 governments for the purpose of implementing Statement No. 34, retroactive reporting is required for intangible assets acquired in fiscal years ending after June 30, 1980, except for those considered to have indefinite useful lives as of the effective date of this Statement and those that would be considered internally generated.

In November 2007, GASB issued Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*. This Statement establishes consistent standards for the reporting of land and other real estate held as investments by essentially similar entities. It requires endowments to report their land and other real estate investments at fair value. Governments also are required to report the changes in fair value as investment income and to disclose the methods and significant assumptions employed to determine fair value, and other information that they currently present for other investments reported at fair value. The guidance in this Statement is effective for financial statements for reporting periods beginning after June 15, 2008, with earlier application encouraged.

In June 2008, GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. This Statement is intended to improve how State and local governments report information about derivative instruments—financial arrangements used by governments to manage specific risks or make investments—in their financial statements. The Statement specifically requires governments to measure most derivative instruments at fair value in their financial statements that are prepared using the economic resources measurement focus and the accrual basis of accounting. The guidance in this Statement also addresses hedge accounting requirements and is effective for financial statements for reporting periods beginning after June 15, 2009, with earlier application encouraged.

NOTE 2 – DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2008, are classified in the accompanying financial statements as follows:

Governmental activities	$ 126,339,807
Business-type activities	88,370
Fiduciary funds	3,555,634
Total Deposits and Investments	$ 129,983,811

Deposits and investments as of June 30, 2008, consist of the following:

Cash on hand and in banks	$ 3,227,017
Cash in revolving	64,917
Investments	126,691,877
Total Deposits and Investments	$ 129,983,811

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the county pool and purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Specific Identification

nformation about the sensitivity of the fair values of the District's investments to market interest rate fluctuation s provided by the following schedule that shows the distribution of the District's investment by maturity:

Investment Type	Amortized Cost	Fair Value	Maturity Date
County Treasury Investment Pool	$ 126,351,972	$ 126,787,785	427 days
Federal Home Loan Bank	339,905	339,905	06/08/12
Total	$ 126,691,877	$ 127,127,690	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Investment Type	Fair Value	Rating as of Year End
C ty Treasury Investment Pool	$ 126,787,785	AAAf/S1
Federal Home Loan Bank	339,905	Aaa
Total	$ 127,127,690	

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2008, the District's bank balance of $3,246,750 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

NOTE 3 - RECEIVABLES

Receivables at June 30, 2008, consisted of intergovernmental grants, entitlements, interest and other local sources. All receivables are considered collectible in full.

	General Fund	Building Fund	County School Facilities Fund	Non-Major Governmental Funds	Internal Service Fund	Total Governmental Activities
Federal Government						
Categorical aid	$ 3,453,972	$ -	$ -	$ 380,305	$ -	$ 3,834,277

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2008, was as follows:

	Balance July 1, 2007	Additions	Deductions	Balance June 30, 2008
Governmental Activities				
Capital Assets Not Being Depreciated				
Land	$ 34,839,156	$ -	$ -	$ 34,839,156
Construction in progress	13,653,845	57,894,240	14,499,703	57,048,382
Total Capital Assets Not Being Depreciated	48,493,001	57,894,240	14,499,703	91,887,538
Capital Assets Being Depreciated				
Land improvements	66,093,407	14,016,880	129,120	79,981,167
Buildings and improvements	218,659,536	7,976,528	86,887	226,549,177
Furniture and equipment	18,540,544	1,694,337	157,874	20,077,007
Total Capital Assets Being Depreciated	303,293,487	23,687,745	373,881	326,607,351
Less Accumulated Depreciation				
Land improvements	9,431,786	3,292,652	92	12,724,346
Buildings and improvements	65,191,944	7,542,398	15,058	72,719,284
Furniture and equipment	12,772,562	1,428,134	109,258	14,091,438
Total Accumulated Depreciation	87,396,292	12,263,184	124,408	99,535,068
Governmental Activities Capital Assets, Net	$ 264,390,196	$ 69,318,801	$ 14,749,176	$ 318,959,821
Business-Type Activities				
Furniture and equipment	$ 769,462	$ -	$ -	$ 769,462
Less accumulated depreciation	322,665	67,443	-	390,108
Business-Type Activities Capital Assets, Net	$ 446,797	$ (67,443)	$ -	$ 379,354

Depreciation expense was charged to governmental and business-type functions as follows:

Governmental Activities	
Instruction	$ 11,036,865
All other pupil services	684,566
All other general administration	541,753
Total Depreciation Expenses Governmental Activities	12,263,184
Business-Type Activities	
Food services	67,443
Total Depreciation Expenses All Activities	$ 12,330,627

NOTE 5 - INTERFUND TRANSACTIONS

Interfund Receivables/Payables (Due To/Due From)

Interfund receivable and payable balances consist of amounts due for cost allocation or to cover another fund's operating deficit. Interfund receivable and payable balances at June 30, 2008, between major and non-major governmental funds, non-major enterprise funds and internal service funds are as follows:

	Due From					
Due To	General Fund	Building Fund	Non-Major Governmental Funds	Enterprise Fund	Internal Service Fund	Total
General Fund	$ 4,166	$ 73,870	$ 710,618	$ 1,283,003	$ 1,790,482	$ 3,862,139
Building Fund	2,728	-	107	-	-	2,835
County School Facilities Fund	-	-	140,831	-	-	140,831
Non-Major Governmental Funds	1,213,671	-	663	-	76,688	1,291,022
Enterprise Fund	645,000	-	-	-	-	645,000
Internal Service Fund	1,734,307	7,121	170,308	-	-	1,911,736
Total	$ 3,599,872	$ 80,991	$ 1,022,527	$ 1,283,003	$ 1,867,170	$ 7,853,563

A balance of $987,511 due to the Special Reserve Non-Capital Fund from the General Fund for mandated costs.

A balance of $1,734,307 due to Internal Service Fund from the General Fund for other postemployment benefits.

The balance of $1,283,003 due to the General Fund from the Enterprise Fund resulted from payroll expenditures.

A balance of $117,608 due to the General Fund from the Adult Education Fund resulted from payroll and related expenditures.

A balance of $494,316 due to the General Fund from the Adult Education Fund resulted from indirect costs charges.

A balance of $645,000 due to the Enterprise Fund from the General Fund resulted from cash flow operational loan.

A balance of $140,831 due to the County School Facilities Fund from the Special Reserve Capital Fund for reimbursement of project costs.

Remaining balances resulted from the time lag between the date that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Operating Transfers

Interfund transfers for the year ended June 30, 2008, consisted of the following:

	Transfer From			
Transfer To	General Fund	Non-Major Governmental Funds	Enterprise Fund	Total
General Fund	$ -	$ 1,852,069	$ 110,000	$ 1,962,069
Non-Major Governmental Funds	3,087,511	-	-	3,087,511
Enterprise Fund	645,000	-	-	645,000
Internal Service Fund	1,342,069	-	-	1,342,069
Total	$ 5,074,580	$ 1,852,069	$ 110,000	$ 7,036,649

The General Fund transferred to the Deferred Maintenance Fund for District match.	$ 1,100,000
The General Fund transferred to the Special Reserve Non-Capital Fund for mandated costs reserves.	987,511
The General Fund transferred to the Special Reserve Capital Outaly Fund for safety facility needs.	1,000,000
The General Fund transferred to the Cafeteria Enterprise Fund for excess program costs.	645,000
The General Fund transferred to the Internal Service Fund for retiree benefits reserve.	1,342,069
The Special Reserve Non-Capital Fund transferred to the General Fund for supplemental retirement program payment.	500,000
The Special Reserve Postemployment Fund transferred to the General Fund for postemployment benefit costs.	1,342,069
The Special Reserve Capital Outlay Fund transferred to the General Fund for reimbursement of school sound system.	10,000
The Cafeteria Enterprise Fund transferred to the General Fund for repayment of equipment loan.	110,000
Total	$ 7,036,649

Interfund transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 6 - ACCOUNTS PAYABLE

Accounts payable at June 30, 2008, consisted of the following:

	General Fund	Building Fund	County School Facilities Fund	Non-Major Governmental Funds	Total Governmental Funds
Salaries and benefits	$ 3,373,346	$ 5,638	$ -	$ 497,695	$ 3,876,679
Supplies	655,954	-	-	18,699	674,653
Services	905,417	10,516	-	802,181	1,718,114
Construction	42,864	11,917,902	101,537	1,059,481	13,121,784
Other vendor payables	260,684	-	-	9,350	270,034
Total	$ 5,238,265	$11,934,056	$ 101,537	$ 2,387,406	$ 19,661,264

	Internal Service Fund	Total Governmental Activities	Enterprise Fund	Fiduciary Fund
Salaries and benefits	$ -	$ 3,876,679	$ -	$ -
Supplies	-	674,653	-	-
Services	-	1,718,114	-	-
Construction	-	13,121,784	-	-
Other vendor payables	190,774	460,808	67,572	29,463
Total	$ 190,774	$ 19,852,038	$ 67,572	$ 29,463

NOTE 7 - DEFERRED REVENUE

Deferred revenue at June 30, 2008, consists of the following:

	General Fund	Non-Major Governmental Funds	Total	Fiduciary Fund
Federal financial assistance	$ 71,191	$ -	$ 71,191	$ -
State categorical aid	216,270	18,855	235,125	-
Other local	80,686	4,387	85,073	222,529
Total	$ 368,147	$ 23,242	$ 391,389	$ 222,529

NOTE 8 - LONG-TERM OBLIGATIONS

Summary

The changes in the District's long-term obligations during the year consisted of the following:

	Balance July 1, 2007	Additions	Deductions	Balance June 30, 2008	Due in One Year
General obligation bonds	$ 177,526,994	$ 3,152,058	$ 5,135,000	$ 175,544,052	$ 3,895,000
Unamortized premium	5,237,099	-	226,983	5,010,116	-
Capital leases	3,511,377	-	701,742	2,809,635	682,642
Compensated absences	3,026,494	104,738	-	3,131,232	-
Supplemental early retirement program	975,536	-	500,663	474,873	474,873
Other postemployment benefits	-	3,292,258	-	3,292,258	-
	$ 190,277,500	$ 6,549,054	$ 6,564,388	$ 190,262,166	$ 5,052,515

Payments for the General Obligation Bonds are made by the Bond Interest and Redemption Fund. Payments for the Capital Leases are made by the General Fund. The accrued vacation will be paid by the fund for which the employee worked. Payments for the Supplemental Early Retirement Program are made by the General Fund.

General Obligation Bonds

The outstanding general obligation bonded debt is as follows:

Issue Date	Maturity Date	Interest Rate	Original Issue	Bonds Outstanding July 1, 2007	Accreted	Redeemed	Bonds Outstanding June 30, 2008
6/4/04	8/1/28	3.00-5.91%	$ 60,841,197	$ 51,151,776	$ 988,557	$ 2,610,000	$ 49,530,333
6/2/06	8/1/30	3.48-5.04%	124,999,225	126,375,218	2,163,501	2,525,000	126,013,719
			$ 185,840,422	$ 177,526,994	$ 3,152,058	$ 5,135,000	$ 175,544,052

2004 General Obligation Bonds

On June 4, 2004, the District issued $60,841,197 Election of 2004, Series 2004 General Obligation Bonds in order to finance the construction of new schools, financing site acquisition costs and the redemption of outstanding certificates of participation issued by the District in 1991 and 1997. The bonds mature on August 1, 2028, and yield an interest rate of 3.00 - 5.91 percent. At June 30, 2008, Series 2004 General Obligation Bonds totaling $49,530,333 were still outstanding. Unamortized premium received on issuance of the bonds amounted to $2,210,232 as of June 30, 2008.

2006 General Obligation Bonds

On June 2, 2006, the District issued $124,999,225 Election of 2004, Series 2006 General Obligation Bonds in order to finance the modernization of existing school facilities. The bonds mature on August 1, 2030, and yield an interest rate of 3.48 - 5.04 percent. At June 30, 2008, Series 2006 General Obligation Bonds totaling $126,013,719 were still outstanding. Unamortized premium received on issuance of the bonds amounted to $2,799,884 as of June 30, 2008.

Debt Service Requirements to Maturity

The bonds mature through 2031 as follows:

Fiscal Year	Principal	Interest to Maturity Including Accreted Interest	Total
2009	$ 3,895,000	$ 5,349,000	$ 9,244,000
2010	3,015,000	5,218,212	8,233,212
2011	3,565,000	5,091,550	8,656,550
2012	3,880,000	4,947,588	8,827,588
2013	4,500,000	4,772,263	9,272,263
2014-2018	33,085,000	19,808,488	52,893,488
2019-2023	54,219,338	13,726,856	67,946,194
2024-2028	41,505,429	46,961,321	88,466,750
2029-2031	27,879,285	56,810,715	84,690,000
Total	$ 175,544,052	$ 162,685,993	$ 338,230,045

Capital Leases

The District's liability on lease agreements with options to purchase is summarized below:

Balance, July 1, 2007	$ 4,084,876
Payments	802,852
Balance, June 30, 2008	$ 3,282,024

The capital leases have minimum lease payments as follows:

Year Ending June 30,	Lease Payment
2009	$ 789,790
2010	358,886
2011	357,763
2012	356,160
2013	356,531
2014-2018	884,175
2019	178,719
Total	3,282,024
Less: Amount Representing Interest	472,389
Present Value of Minimum Lease Payments	$ 2,809,635

Accumulated Unpaid Employee Vacation

The long-term portion of accumulated unpaid employee vacation for the District at June 30, 2008, amounted to $3,132,232.

Supplemental Early Retirement Program

During March 2004, the District adopted a supplementary early retirement plan whereby certain eligible certificated non-management and classified employees are provided an annuity to supplement the retirement benefits they are entitled to through their respective retirement systems. The criteria for certificated employee participation are as follows: full-time employee of the District, at least 55 years of age by the date of retirement, with at least 10 years of continuous service with the District by the date of retirement. The criteria for classified employee participation are as follows: actively employed by the District, at least 50 years of age and have five years of service credit time, and eligible for retirement in the California Public Employees' Retirement System. The annuities offered to the employees are to be paid over a five-year period for certificated employees and a one-time payment for classified employees. The annuities, which were purchased for 72 certificated employees and 46 classified employees who retired during the 2003-2004 school year, were purchased from Nationwide Trust Company.

The following schedule represents the annual payment requirements:

Year Ending June 30,	Amount
2009	$ 474,873

Other Postemployment Benefit (OPEB) Obligation

The District implemented GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* during the year ended June 30, 2008. The District's annual required contribution for the year ended June 30, 2008, was $5,064,287 and contributions made by the District during the year were $1,772,029, which resulted in a net OPEB obligation of $3,292,258. See Note 10 for additional information regarding the OPEB Obligation and the postemployment benefit plan.

NOTE 9 - FUND BALANCES

Fund balances with reservations/designations are composed of the following elements:

	General Fund	Building Fund	County School Facilities Fund	Non-Major Governmental Funds	Total
Reserved					
Revolving cash	$ 60,000	$ -	$ -	$ -	$ 60,000
Stores inventories	223,122	-	-	-	223,122
Prepaid expenditures	368,081	-	-	-	368,081
Restricted programs	6,450,063	-	-	303,584	6,753,647

Undesignated	-	-	-	9,410,185	9,410,185
Total Unreserved	15,526,189	44,985,032	16,576,230	41,899,541	118,986,992
Total	$22,627,455	$44,985,032	$ 16,576,230	$ 42,203,125	$126,391,842

NOTE 10 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB) OBLIGATION

Plan Description

The Postemployment Benefit Plan (the "Plan") is a single-employer defined benefit healthcare plan administered by the Grossmont Union High School District. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Membership of the Plan consists of 295 retirees and beneficiaries currently receiving benefits, and 2,299 active Plan members.

Contribution Information

The contribution requirements of Plan members and the District are established and may be amended by the District and the Teachers Association (CEA), and the local California Service Employees Association (CSEA). The required contribution is based on projected pay-as-you-go financing requirements. For fiscal year 2007-08, the District contributed $1,772,029 to the Plan, all of which was used for current premiums (approximately 60 percent of total premiums).

Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the Plan:

Annual required contribution	$ 5,064,287
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost (expense)	-
Contributions made	1,772,029
Decrease in net OPEB obligation	3,292,258
Net OPEB obligation, beginning of year	-
Net OPEB obligation, end of year	$ 3,292,258

The annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for 2008 was as follows:

Year Ended June 30, 2008	Annual Required Contribution	Percentage Contributed	Net OPEB Obligation
2008	$ 5,064,287	35%	$ 3,292,258

Funded Status and Funding Progress

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. Since this is the first year of implementation, only the current year information is presented.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2006, actuarial valuation, the unprojected unit credit method was used. The actuarial assumptions included a five percent investment rate of return (net of administrative expenses), based on the Plan being funded in an irrevocable employee benefit trust invested in a long-term fixed income portfolio. Healthcare cost trend rates ranged from an initial one percent to an ultimate rate of 12 percent. The UAAL is being amortized at a level dollar method. The remaining amortization period at July 1, 2008, was 29 years. The actuarial value of assets was not determined in this actuarial valuation.

NOTE 11 - RISK MANAGEMENT – CLAIMS

Description

The District's risk management activities are recorded in the General and Self-Insurance Funds. Employee life, health, and disability programs are administered by the General Fund through the purchase of commercial insurance. The District participates in the San Diego County Schools Risk Management public entity risk pool for the worker's compensation programs and property/liability coverage. Refer to Note 14 for additional information regarding the risk pool. The Dental and Vision Program, for which the District retains the risk of loss, is administered through the Self-Insurance Fund. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Claims Liabilities

The District records an estimated reserve for dental and vision claims against the District. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience.

Unpaid Claims Liabilities

The fund establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the District from July 1, 2006 to June 30, 2008:

	Dental and Vision
Liability Balance, July 1, 2006	$ 464,499
Claims and changes in estimates	2,773,735
Claims payments	(2,775,629)
Liability Balance, June 30, 2007	462,605
Claims and changes in estimates	4,325,113
Claims payments	(4,308,265)
Liability Balance, June 30, 2008	$ 479,453
Assets available to pay claims at June 30, 2008	$ 2,138,657

NOTE 12 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

CalSTRS

Plan Description

The District contributes to CalSTRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom Blvd., Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 8.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2007-2008 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalSTRS for the fiscal years ending June 30, 2008, 2007, and 2006, were $7,240,133, $7,962,230, and $7,205,534, respectively, and equal 100 percent of the required contributions for each year.

CalPERS

Plan Description

The District contributes to the School Employer Pool under CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95811.

Funding Policy

Active plan members are required to contribute 7.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2007-2008 was 9.306 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalPERS for the fiscal years ending June 30, 2008, 2007, and 2006, were $4,001,597, $3,996,871, and $3,456,840, respectively, and equal 100 percent of the required contributions for each year.

Alternative Program

The District also provides the Accumulation Program for Part-time and Limited-Service Employees (APPLE), which is a defined contribution pension plan. A defined contribution pension plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. Under a defined contribution pension plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account, the returns earned on investments of those contributions, and forfeitures of other participants' benefits that may be allocated to such participant's account.

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The District has elected to use the APPLE as its alternative plan. Contributions made by the District and an employee vest immediately. The District does not contribute to the plan. An employee is required to contribute 7.50 percent of his or her gross earnings to the pension plan.

During the year, the employee's required and actual contributions amounted to $174,136, which was 7.50 percent of their current year covered payroll.

On Behalf Payments

The State of California makes contributions to CalSTRS and CalPERS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of $3,962,961 (4.517 percent of salaries subject to CalSTRS). No contributions were made for CalPERS for the year ended June 30, 2008. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements. On behalf payments have been excluded from the calculation of available reserves, and have not been included in the budget amounts reported in the General Fund Budgetary Comparison Schedule.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2008.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2008.

Operating Leases

The District has entered into various operating leases for equipment with lease terms in excess of one year. None of these agreements contain purchase options. All agreements contain a termination clause providing for cancellation after a specified number of days written notice to lessees, but it is unlikely that the District will cancel any of the agreements prior to the expiration date. Future minimum lease payments under these agreements are as follows:

Year Ending June 30,	Lease Payment
2009	$ 395,555
2010	395,555
2011	395,555
Total	$ 1,186,665

Construction Commitments

As of June 30, 2008, the District had the following commitments with respect to the unfinished capital projects:

Capital Projects	Remaining Construction Commitment	Expected Date of Completion
Phase 2B Modernization at Grossmont High School	$ 733,232	10/31/08
Phase 2B Modernization at Granite Hills High School	966,196	10/31/08
Phase 2A Infrastructure at Mount Miguel High School	3,415,657	10/31/08
Interim Housing at Mount Miguel High School	54,091	10/31/08
Synthetic Turf Field at Mount Miguel High School	1,137,000	10/31/08
Synthetic Turf Field at Granite Hills High School	810,500	10/31/08
Synthetic Turf Field at Monte Vista High School	951,400	10/31/08
Food Services and Aquatics Relocatable replacement	264,000	10/31/08
Phase 2B Modernization at El Cajon Valley High School	1,234,438	11/30/08
Phase 2B Modernization at Santana High School	568,852	11/30/08
Phase 2B Modernization at El Capitan High School	1,438,950	12/31/08
Phase 2B Modernization at West Hills High School	3,320,728	12/31/08
Phase 2B Modernization at Monte Vista High School	2,176,532	01/31/09
Phase 2B Modernization at Helix High School	4,619,837	03/31/09
Phase 2B Modernization at Valhalla High School	259,644	09/30/10
	$ 21,951,057	

NOTE 14 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS, JOINT POWER AUTHORITIES AND OTHER RELATED PARTY TRANSACTIONS

The District is a member of the San Diego County School Risk Management risk pool (the "Pool"). The District pays an annual premium for its workers' compensation and property liability coverage.

On August 10, 1994, the District entered into a Joint Exercise of Power Agreement with the San Diego County Office of Education for the purpose of establishing a joint use educational facility. The agreement created a public entity known as the San Diego County Educational Facilities Authority No. 1 (the "Authority") to be separate and apart from the District and the Office of Education. The Authority sold $4,620,000 in 1995 Lease Revenue Bonds for the funding of the joint facilities. The repayment of the bonds are made equally by the District and the San Diego County Office of Education from space rental of the joint facility. The bonds mature in 2019. The District's required total lease payment is $1,955,202, which represents $1,592,500 principal and $362,702 interest.

The relationships between the District, the Pool, and the JPA's are such that they are not component units of the District for financial reporting purposes. These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2008, the District made payment of $5,714,349 to San Diego County School Risk Management for premiums.

Expenditures	180,173,297	190,406,794	205,067,428	184,844,966
Other uses and transfers out	1,100,000	5,074,580	15,920,225	3,948,744
Total Expenditures and Other Uses	181,273,297	195,481,374	220,987,653	188,793,710
INCREASE (DECREASE) IN FUND BALANCE	$ 634,311	$ (1,911,601)	$ 4,106,751	$ 1,487,211
ENDING FUND BALANCE	$ 23,261,766	$ 22,627,455	$ 24,539,056	$ 20,432,305
AVAILABLE RESERVES [2]	$ 15,287,300	$ 17,826,474	$ 17,629,431	$ 7,564,404
AVAILABLE RESERVES AS A PERCENTAGE OF TOTAL OUTGO [3]	8.43%	9.31%	8.14%	4.09%
LONG-TERM OBLIGATIONS	N/A	$ 190,262,166	$ 190,277,500	$ 193,860,449
K-12 AVERAGE DAILY ATTENDANCE AT P-2 [4,5]	18,454	18,467	20,715	20,668

The General Fund balance has increased by $2,195,150 over the past two years. The fiscal year 2008-2009 budget projects a further increase of $634,311 (2.8 percent). For a district this size, the State recommends available reserves of at least three percent of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in two of the past three years and anticipates incurring an operating surplus during the 2008-2009 fiscal year. Total long-term obligations have decreased by $3,598,283 over the past two years.

Average daily attendance has decreased by 2,201 over the past two years. Additional decline of 13 ADA is anticipated during fiscal year 2008-2009.

[1] Budget 2009 is included for analytical purposes only and has not been subjected to audit.

[2] Available reserves consist of all undesignated fund balances and all funds designated for economic uncertainty contained within the General Fund and Special Reserve Fund (other than capital outlay).

[3] On-behalf payments of $3,962,961 and $4,357,894 have been excluded from expenditures in the calculation of available reserves for fiscal years ending June 30, 2008 and 2007, respectively.

[4] Excludes Adult Education ADA.

[5] Excludes Steele Canyon Charter High School ADA starting in 2008.

The accompanying notes are an integral part of these financial statements.

GROSSMONT UNION HIGH SCHOOL DISTRICT

EXCESS SICK LEAVE
JUNE 30, 2008

Section 19833.5 (a)(3) or (a)(3)(b) Disclosure

Grossmont Union High School District does not provide more than 12 sick leave days in a school year to any CalSTRS member.

GROSSMONT UNION HIGH SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION
JUNE 30, 2008

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

Districts must maintain their instructional minutes at either the 1982-83 actual minutes or the 1986-87 requirements, whichever is greater, as required by Education Code Section 46201.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

GROSSMONT UNION HIGH SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION
JUNE 30, 2008

Excess Sick Leave

This schedule provides information required by the Audit Guide for California K-12 Local Educational Agencies for excess sick leave authorized or accrued for members of the California State Teachers' Retirement System (CalSTRS).

Schedule of Charter Schools

This schedule lists all Charter Schools chartered by the Grossmont Union High School District, and displays information for each Charter School on whether or not the Charter School is included in the Grossmont Union High School District audit.

JUNE 30, 2008

NOTE 1 - PURPOSE OF SCHEDULES

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance - Unaudited

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balance is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance.

INDEPENDENT AUDITORS' REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Governing Board
Grossmont Union High School District
El Cajon, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Grossmont Union High School District as of and for the year ended June 30, 2008, which collectively comprise Grossmont Union High School District's basic financial statements and have issued our report thereon dated December 2, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Grossmont Union High School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Grossmont Union High School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Grossmont Union High School District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

8270 Aspen Street Rancho Cucamonga, CA 91730 Tel: 909.466.4410 Fax: 909.466.4431 www.vtdcpa.com
FRESNO • LAGUNA HILLS • PALO ALTO • PLEASANTON • RANCHO CUCAMONGA

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Grossmont Union High School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Grossmont Union High School District in a separate letter dated December 2, 2008.

This report is intended solely for the information and use of the governing board, audit committee, management, the California Department of Education, the State Controller's Office, Federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Vavrinek, Trine, Day & Co., LLP

Rancho Cucamonga, California
December 2, 2008

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Governing Board
Grossmont Union High School District
El Cajon, California

Compliance

We have audited the compliance of Grossmont Union High School District with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major Federal programs for the year ended June 30, 2008. Grossmont Union High School District's major Federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of Grossmont Union High School District's management. Our responsibility is to express an opinion on Grossmont Union High School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Grossmont Union High School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Grossmont Union High School District's compliance with those requirements.

In our opinion, Grossmont Union High School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major Federal programs for the year ended June 30, 2008.

8270 Aspen Street Rancho Cucamonga, CA 91730 Tel: 909.466.4410 Fax: 909.466.4431 www.vtdcpa.com

Internal Control Over Compliance

The management of Grossmont Union High School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered Grossmont Union High School District's internal control over compliance with the requirements that could have a direct and material effect on a major Federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Grossmont Union High School District's internal control over compliance.

A *control deficiency* in a district's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a Federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a Federal program that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material noncompliance with a type of compliance requirement of a Federal program will not be prevented or detected by the District's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the governing board, audit committee, management, the California Department of Education, the State Controller's Office, Federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Grossmont Union High School District
El Cajon, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Grossmont Union High School District as of and for the year ended June 30, 2008, and have issued our report thereon dated December 2, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2007-08*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Compliance with the requirements of laws, regulations, contracts, and grants listed below is the responsibility of Grossmont Union High School District's management. In connection with the audit referred to above, we selected and tested transactions and records to determine the Grossmont Union High School District's compliance with the State laws and regulations applicable to the following items:

	Procedures in Audit Guide	Procedures Performed
Attendance Accounting:		
Attendance reporting	8	Yes
Kindergarten continuance	3	Not Applicable
Independent study	23	Yes
Continuation education	10	Yes
Adult education	9	Yes
Regional occupational centers and programs	6	Not Applicable
Instructional Time:		
School districts	6	Yes
County offices of education	3	Not Applicable
Community day schools	9	No, See Below
Morgan-Hart Class Size Reduction	7	Yes

8270 Aspen Street Rancho Cucamonga, CA 91730 Tel: 909.466.4410 Fax: 909.466.4431 www.vtdcpa.com

Mode of instruction	1	Not Applicable
Non classroom-based instruction/independent study	15	Not Applicable
Determination of funding for non classroom-based instruction	3	Not Applicable
Annual instruction minutes classroom based	3	Not Applicable

We did not perform testing for Community Day School because the attendance was below materiality threshold required for testing.

Based on our audit, we found that for the items tested, the Grossmont Union High School District complied with the State laws and regulations referred to above, except as described in the Schedule of State Award Findings and Questioned Costs section of the accompanying Schedule of Findings and Questioned Costs. Further, based on our audit, for items not tested, nothing came to our attention to indicate that the Grossmont Union High School District had not complied with the laws and regulations, except as described in the Schedule of State Award Findings and Questioned Costs included in this report. Our audit does not provide a legal determination on Grossmont Union High School District's compliance with the State laws and regulations referred to above.

This report is intended solely for the information and use of the governing board, audit committee, management, the California Department of Education, the State Controller's Office, the California Department of Finance, Federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

GROSSMONT UNION HIGH SCHOOL DISTRICT

SUMMARY OF AUDITORS' RESULTS FOR THE YEAR ENDED JUNE 30, 2008

FINANCIAL STATEMENTS

Type of auditors' report issued:	Unqualified
Internal control over financial reporting:	
Material weaknesses identified?	No
Significant deficiencies identified not considered to be material weaknesses?	None Reported
Noncompliance material to financial statements noted?	No

FEDERAL AWARDS

Internal control over major programs:	
Material weaknesses identified?	No
Significant deficiencies identified not considered to be material weaknesses?	None Reported
Type of auditors' report issued on compliance for major programs:	Unqualified
Any audit findings disclosed that are required to be reported in accordance with Circular A-133, Section .510(a)	No

Identification of major programs:

CFDA Numbers	Name of Federal Program or Cluster
10.550, 10.553, 10.555	Child Nutrition Cluster
84.010, 84.010A	Title I Cluster
84.184L	Safe and Drug-Free Schools and Communities

Dollar threshold used to distinguish between Type A and Type B programs:	$ 434,550
Auditee qualified as low-risk auditee?	Yes

STATE AWARDS

Internal control over State programs:	
Material weaknesses identified?	No
Significant deficiencies identified not considered to be material weaknesses?	Yes
Type of auditors' report issued on compliance for State programs:	Qualified

GROSSMONT UNION HIGH SCHOOL DISTRICT

FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2008

None reported.

GROSSMONT UNION HIGH SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2008

The following findings represent instances of noncompliance and/or questioned costs relating to State program laws and regulations. The findings have been coded as follows:

Five Digit Code	AB 3627 Finding Type
40000	State Compliance
72000	School Accountability Report Card

California School Age Families Education Program

2008-1 40000

Criteria

Districts receive funding based on the attendance of students enrolled in the program. The District is required to submit an annual report of attendance to the California Department of Education (CDE). The annual report of attendance submitted to CDE should reconcile to supporting documentation used in the local education agency's calculation of each reporting line item. The attendance reported in the report must not exceed a total of one unit of Average Daily Attendance (ADA) generated by each pupil.

Condition

The District's system calculation was claiming attendance for each student transferring between school sites since the beginning enrollment date in the program.

Effect

As a result, the attendance claimed for each student was more than one ADA for the students transferring between school sites. The total excess ADA claimed for those students was 12 ADA.

Cause

As students transfer between school sites, the systems calculation was not combining the total attendance generated by all the school sites instead of calculating separate attendance for each school attended by the student.

Recommendation

The District must submit a revised annual report and deduct the excess of 12 ADA as noted above from the amount claimed.

District Response

Procedures have been implemented to ensure the student's ADA is not overstated when they transfer between schools. The annual report has been revised and submitted to the State.

School Accountability Report Card

2008-2 72000

Criteria

The Office of Public School Construction pursuant to the provisions of subdivision (d) of Education Code Section 17002 prepared an interim evaluation instrument to be used by districts when evaluating school facilities. The information contained in the instrument regarding the safety, cleanliness and adequacy of school facilities must agree with the information contained in the School Accountability Report Card for that school.

Condition

During the review of the District's School Accountability Report Card (SARC), we were unable to obtain interim evaluation forms (Facility Evaluation Forms) used to evaluate facility conditions at the individual sites.

Effect

As a result, we were unable to determine if the information listed on the District's website was reasonably stated.

Cause

Upon further discovery, it was noted that the evaluation instruments used in the preparation of the SARC were not maintained by the District.

Recommendation

The District should securely file the appropriate interim evaluation forms used to create the SARC report on the website, specifically the Facility section.

District Response

The District has implemented a time-line and protocol for the completion of the Facility Evaluation Forms. The forms will be completed each year at the beginning of the school year by Facilities Management. The original will be submitted to the Executive Director of Facilities Management and a copy will be sent to Educational Services to be included with the SARC.

GROSSMONT UNION HIGH SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2008

There were no audit findings reported in the prior year's schedule of financial statement findings.

Governing Board
Grossmont Union High School District
El Cajon, California

In planning and performing our audit of the financial statements of Grossmont Union High School District for the year ended June 30, 2008, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we noted matters that are opportunities for strengthening internal controls and operating efficiency. The following items represent conditions noted by our audit that we consider important enough to bring to your attention. This letter does not affect our report dated December 2, 2008, on the financial statements of Grossmont Union High School District.

ASSOCIATED STUDENT BODY

Grossmont High School

Receipting, Disbursements

Observation

During our audit of the ASB's internal controls over disbursements, we noted two of the 12 transactions reviewed had an invoice date prior to the approval date, noting the purchase was made prior to approval.

Recommendation

All expenditures, prior to the items being purchased, should be approved by the student council to ensure that the proper funding is available. This will ensure that deficit spending is not performed, and that items being purchased are student approved items.

Santana High School

Disbursements

Observation

During our audit of the ASB's internal controls over disbursements, we noted that three of the 15 transactions reviewed had an invoice date prior to the approval date, noting the purchase was made prior to approval.

8270 Aspen Street Rancho Cucamonga, CA 91730 Tel: 909.466.4410 Fax: 909.466.4431 www.vtdcpa.com
FRESNO • LAGUNA HILLS • PALO ALTO • PLEASANTON • RANCHO CUCAMONGA

commendation

All expenditures, prior to the items being purchased, should be approved by the student council to ensure that the proper funding is available. This will ensure that deficit spending is not performed, and that items being purchased are student approved items.

Revenue Potentials

Observation

Revenue potential forms are not being used to document and control fundraising activities as they occur. These forms supply an element of internal controls without which it is difficult to determine the success of a fundraiser and to track money as it is spent and received.

Recommendation

As the revenue potential form is a vital internal control tool, it should be used to document revenues, expenditures, potential revenue and actual revenue. This allows an analysis of the fundraiser to be conducted, indicating to the staff the success or failure of the completed project. The revenue potential also indicates weak control areas in the fundraising procedures at the site, including lost or stolen merchandise, problems with collecting all monies due and so forth.

ntana Adult School

Site Cash

Observations

During our audit of the site cash internal controls over receipting, we noted the following issues:

1. Receipts are not being issued for cash payment received for the sale of practice books and for checks issued.
2. Deposits are not being made timely. This results in large cash balances being maintained at the site severely decreasing the safeguarding of the asset.

Recommendations

1. Pre-numbered triplicate receipts or logs should be utilized when collecting money for all cash receipts. If utilizing a log, the payer's name and amount being turned in should be documented. If using a receipt book, the receipts should be issued in sequential order to all individuals turning in monies for all purposes. Teachers and Administrators who collect monies should be equipped with a triplicate receipt book or log sheet. The white copy of the receipt should be issued to the person turning in the monies, the yellow receipt or log sheet should be utilized for deposit back-up, and the pink copy should be retained in the receipt book for audit purposes. When teachers are turning in monies for deposit, a cash count sheet should be turned in with the yellow copy of the receipts and monies to clearly identify the total amount being turned in. A receipt should be issued back to the teacher as proof that the monies were deposited intact.

2. At a minimum, deposits should be made weekly to minimize the amount of cash held at the site. During weeks of high cash activity there may be a need to make more than one deposit.

West Hills High School

Observations

During our audit of the site student body funds, we noted the following issues:

1. Revenue potential forms are not being used to document and control fundraising activities as they occur. These forms supply an element of internal controls without which it is difficult to determine the success of a fundraiser and to track money as it is spent and received.

2. Current procedures to ensure ticket sales are documented and reconciled to cash collections are not strongly enforced. During testing, both ticket events tested had differences that were not explained in the report.

3. A physical inventory count of PE clothing is not being performed and there is no procedure in place to reconcile sales with inventory. Manual inventory reconciliations for Physical Education clothes are not being performed by the site and compared to the perpetual system maintained.

4. During our review of the tested month's financial statements, it was noted that six trust accounts had a negative balance. They included the following accounts and negative amounts: Boys Golf $1,292.83, Boys Cross Country $14.32, Girls Cross Country $52.99, WP Winter Baseball $2,619.56, Color Guard $1,212.52 and Howl Link Crew $732.53.

5. During review of the purchase/check requisition records, we noted that while most disbursements had the required three signatures of approval, the vast majority of the requisitions were not dated by the signor.

6. During the review of the disbursement records, we noted that three of the 24 transactions did not have receiving documentation.

Recommendations

1. As the revenue potential form is a vital internal control tool, it should be used to document revenues, expenditures, potential revenue and actual revenue. This allows an analysis of the fundraiser to be conducted, indicating to the staff the success or failure of the completed project. The revenue potential also indicates weak control areas in the fundraising procedures at the site, including lost or stolen merchandise, problems with collecting all monies due and so forth.

2. A ticket sales recap form serves the purpose of calculating, based on the number of tickets sold out of the roll and the price per ticket, the amount of cash that should have been collected. The recap should be reconciled to the cash deposit forwarded to the bookkeeper. This procedure documents overages and shortages of cash and informs site personnel about potential problems in cash collections. The forms should be filed along with the deposit form and other pertinent documents. The District should strongly enforce the completion of these forms for all ticketed events.

3. In order to prevent the loss or the misappropriation of assets, the site should perform a physical inventory count of the PE clothing. A physical inventory should be taken quarterly under supervision of the advisor. The inventory listing should contain a description, unit cost, quantity, and extended value. This information is necessary to analyze sales activity, profits, and to determine if merchandise has been lost or stolen.

4. Site administration will occasionally override the bookkeeper's control of trust expenditures. The site bookkeeper has a fiduciary responsibility to all student body organizations to act in each group's best interest. By allowing certain clubs to spend in excess of their available reserves, the bookkeeper cannot meet this responsibility to the other clubs and organizations. Clubs should not be allowed to spend in excess of their available cash. By allowing clubs to do so, they are in effect spending the resources of other clubs. The site bookkeeper and administration should ensure that all clubs have sufficient funds available in their account prior to expenditures or transfers being made.

5. In order to maintain adequate internal controls over disbursements, all requisitions should be signed and dated by the designated parties. We noted the site's current requisition form has a line that includes a signature and date for all approval signatures. Requiring a date input on the requisition form controls the risk that requisitions are being signed in batches to override student council control. All ASB authorized signors should sign and date all approvals prior to disbursement.

6. All expenditures should indicate whether the items purchased have been received. This can be noted with a stamp, signature, packing slip, etc. This reduces the risk of items being paid for but not received.

We will review the status of the current year comments during our next audit engagement.

APPENDIX C

PROPOSED FORM OF OPINION OF BOND COUNSEL

[Delivery Date]

Governing Board
Grossmont Union High School District
El Cajon, California

Grossmont Union High School District
2009 General Obligation Bonds (Election of 2008, Series A)
(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Union High School District (the "District"), which is located in the County of San Diego, California (the "County"), in connection with the issuance by the County on behalf of the District of $60,000,000 aggregate principal amount of bonds designated as "Grossmont Union High School District 2009 General Obligation Bonds (Election of 2008, Series A)" (the "Bonds"), representing a portion of the $417,000,000 of bonds authorized at an election held in the District on November 4, 2008. The Bonds are issued under and pursuant to a resolution of the Board of Supervisors of the County adopted on March 24, 2009 (the "County Resolution"), at the request of the District pursuant to a resolution of the Governing Board of the District adopted on March 12, 2009 (the "District Resolution").

In such connection, we have reviewed the District Resolution, the County Resolution, the tax certificate of the District dated the date hereof (the "Tax Certificate"), certificates of the District, the County, and others, and such other documents and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Accordingly, this opinion speaks only as of its date and is not intended to, and may not, be relied upon in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the District and the County. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the District Resolution, the County Resolution, and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to ensure that future actions, omissions or events will not cause interest on the Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the District Resolution, the County Resolution, and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against school districts and counties in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the documents mentioned in the preceding sentence. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering materials relating to the Bonds and express no opinion with respect thereto.

Based on and subject to the foregoing and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute valid and binding obligations of the District.

2. The District Resolution has been duly and legally adopted and constitutes a valid and binding obligation of the District.

3. The County Resolution has been duly and legally adopted and constitutes a valid and binding obligation of the County.

4. The Board of Supervisors of the County has power and is obligated to levy *ad valorem* taxes without limitation as to rate or amount upon all property within the District's boundaries subject to taxation by the District (except certain personal property which is taxable at limited rates) for the payment of the Bonds and the interest thereon.

5. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of California personal income taxes. Interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, nor is it included in adjusted current earnings when calculating corporate alternative minimum taxable income. We express no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

Per

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by the Grossmont Union High School District (the "District") in connection with the issuance of $60,000,000 aggregate principal amount of Grossmont Union High School District 2009 General Obligation Bonds (Election of 2008, Series A) (the "Bonds"). The Bonds are being issued pursuant to a resolution (the "Resolution") adopted by the Board of Supervisors of the County of San Diego (the "County") on March 24, 2009, at the request of the Governing Board of the District by its resolution adopted on March 12, 2009. The District covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission ("S.E.C.") Rule 15c2-12(b)(5).

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Beneficial Owner" shall mean any person which has or shares the power, directly or indirectly, to make investment decisions concerning ownership of any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries).

"Dissemination Agent" shall mean the District, or any successor Dissemination Agent designated in writing by the District and which has filed with the District a written acceptance of such designation.

"Holder" shall mean the person in whose name any Bond shall be registered.

"Listed Events" shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

"Participating Underwriter" shall mean E. J. De La Rosa & Co., Inc., or any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"Repository" shall mean the Municipal Securities Rulemaking Board or any other entity designated or authorized by the SEC to receive reports pursuant to the Rule.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than nine months after the end of the District's fiscal year (currently ending June 30), commencing with the report for the 2008-09 fiscal year (which is due not later than April 1, 2010), provide to the Participating Underwriter and to each Repository an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report must be submitted in electronic format, accompanied by such identifying information as is prescribed by the Repository, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided, that the audited financial statements of the District may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the District's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c).

(b) Not later than fifteen (15) Business Days prior to said date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If the District is unable to provide to the Repository an Annual Report by the date required in subsection (a), the District shall send a notice to the Repository, in substantially the form attached as Exhibit A.

(c) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the name and address of each National Repository and the State Repository, if any; and

(ii) (if the Dissemination Agent is other than the District), file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided.

SECTION 4. Content of Annual Reports. The District's Annual Report shall contain or include by reference the following:

(a) Audited financial statements of the District for the preceding fiscal year, prepared in accordance with the laws of the State of California and including all statements and information prescribed for inclusion therein by the Controller of the State of California. If the District's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) To the extent not included in the audited financial statement of the District, the Annual Report shall also include the following:

(1) The District's approved annual budget for the then-current fiscal year;

(2) Assessed value of taxable property in the District as shown on the most recent equalized assessment role;

(3) If the County no longer includes the tax levy for payment of the Bonds in its Teeter Plan, the property tax levies, collections, and delinquencies for the District for the most recently completed fiscal year; and

(4) Top ten property owners in the District for the then-current fiscal year, as measured by secured assessed valuation, the amount of their respective taxable value, and their percentage of total secured assessed value, if material.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which have been filed with the Repository. If the document included by reference is a final official statement, it must be available from the Repository. The District shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

1. Principal and interest payment delinquencies;

2. Non-payment related defaults;

3. Unscheduled draws on debt service reserves reflecting financial difficulties;

4. Unscheduled draws on credit enhancements reflecting financial difficulties;

5. Substitution of credit or liquidity providers, or their failure to perform;

6. Adverse tax opinions or events affecting the tax-exempt status of the Bonds;

7. Modifications to rights of Bond Holders;

8. Optional, unscheduled or contingent Bond calls;

9. Defeasances;

10. Release, substitution, or sale of property securing repayment of the Bonds;

11. Rating changes.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall as soon as possible determine if such event would be material under applicable federal securities laws.

(c) If the District determines that knowledge of the occurrence of a Listed Event would be material under applicable federal securities laws, the District shall promptly file a notice of such occurrence with each National Repository or with the Repository. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(8) and (9) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to Holders of affected Bonds pursuant to the Resolution.

SECTION 6. Electronic Filing. Submission of Annual Reports and notices of Listed Events to DisclosureUSA.org or another "Central Post Office" designated and accepted by the S.E.C. shall constitute compliance with the requirement of filing such reports and notices with each National Repository and any State Repository hereunder.

SECTION 7. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(c).

SECTION 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the District pursuant to this Disclosure Certificate. The initial Dissemination Agent shall be the District.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(c), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided, that any such action may be instituted only in Superior Court of the State of California in and for the County of San Diego or in U.S. District Court in or nearest to the County. A default under this Disclosure Certificate shall not be deemed an event of default under the Bonds or the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Duties Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX E

SAN DIEGO COUNTY
INVESTMENT POLICY

DESCRIPTION OF POOLED MONEY INVESTMENT FUND

The following information has been furnished by the Office of the Treasurer-Tax Collector, County of San Diego. It describes (i) the policies applicable to investment of District funds, including bond proceeds and tax levies, and funds of other agencies held by the County Treasurer and (ii) the composition, carrying amount, market value and other information relating to the investment pool. Further information may be obtained directly from the Treasurer-Tax Collector, 1600 Pacific Highway, Room 101, San Diego, California 92101, telephone (619) 531-5015; or can be found at http://sdtreastax.com/mcf_geninfo.html.

SAN DIEGO COUNTY
STATEMENT OF INVESTMENT POLICY

In accordance with Government Code Section 53600 et seq., the Treasurer manages funds deposited with it by the District. Each county is required to invest such funds in accordance with California Government Code Sections 53601 et seq. In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code.

All investments in the Treasurer's investment portfolio conform to the statutory requirements of Government Code Section 53601 et seq., authorities delegated by the County Board of Supervisors and the Treasurer's investment policy.

General. Pursuant to a resolution adopted July 8, 1958, the Board of Supervisors delegated to the Treasurer the authority to invest and reinvest funds of the County. Applicable law limits this delegation of authority to a one-year period and must be renewed annually by action of the Board of Supervisors. In addition to funds of the County (and the various departments in the County, such as Public Works and Public Administration), funds of certain local agencies within the County, including school districts in the County, are required under state law to be deposited into County treasury ("Involuntary Depositors"). In addition, certain agencies, including community college districts, invest certain of their funds in the County treasury on a voluntary basis ("Voluntary Depositors" and together with the Involuntary Depositors, the "Depositors"). Deposits made by the County and the various local agencies are commingled in a pooled investment fund (the "Treasury Pool" or the "Pool"). No particular deposits are segregated for separate investment.

Under State law, Depositors in the Pool are permitted to withdraw funds which they have deposited on 30 days notice. The County does not expect that the Pool will encounter liquidity shortfalls based on its current portfolio and investment guidelines or realize any losses that may be required to be allocated among all Depositors in the Pool.

The County has established an Oversight Committee pursuant to State law. The Oversight Committee consists of members appointed from the County Treasurer-Tax Collector, the County Auditor and Controller, a representative appointed by the Board of Supervisors, the County Superintendent of Schools or his or her designee, a representative selected by a majority of the presiding officers of the governing bodies of the school districts and community college districts in the county, a representative selected by a majority of the presiding officers of the legislative bodies of the special districts in the county that are required or authorized to deposit funds in the County Treasury and up to five other members of the public. The Oversight Committee directs the preparation of an annual audit, which audit may include issues relating to the structure of the investment portfolio and its related risk, to determine the County Treasury's compliance with law.

The Treasury Pool's Portfolio. As of January 31, 2009, the securities in the Treasury Pool had a market value of $5,387,757,444 and a book value of $5,341,226,056, for a net unrealized gain of $46,531,388 of the book value of the Treasury Pool. As of January 31, 2009, the weighted average maturity of the Pool portfolio was approximately 286 days. As of February 4, 2009, 41.65% of the Pool was invested in securities with maturities ranging from 1-30 days, 5.46% of the Pool was invested in securities with maturities ranging from 31-90 days, 13.91% of the Pool was invested in securities with maturities ranging from 91-180 days, 14.93% of the Pool was

invested in securities with maturities ranging from 181-365 days and 24.06% of the Pool was invested in securities with maturities between 366 days and 5 years.

The effective duration for the Treasury Pool was 0.480 years as of January 31, 2009. "Duration" is a measure of the price volatility of the portfolio and reflects an estimate of the projected increase or decrease in the value of the portfolio based upon a decrease or increase in interest rates. A duration of 0.480 means that for every one percent increase in interest rates the market value of the portfolio would decrease by 0.480%

As of January 31, 2009, approximately 2.23% of the total funds in the Pool were deposited by Voluntary Depositors, such as cities and fire districts. Mandatory Depositors are comprised of 31.43% by County Funds, 50.64% by K-12 school districts, 9.65% by community colleges and 6.05% by Non-County Funds.

Standard & Poor's, a Division of The McGraw-Hill Companies, Inc., maintains ratings on the Pool's ability to meet its financial commitments of "AAAf" (long-term) and "S1" (short-term volatility). The rating reflects only the view of the rating agency and any explanation of the significance of such rating may be obtained from such rating agency as follows: Standard & Poor's, 55 Water Street, New York, New York 10041.

Investments of the Treasury Pool.

Authorized Investments. Investments of the Pool are placed in those securities authorized by various sections of the California Government Code, which include obligations of the United States Treasury, Agencies of the United States Government, local and State bond issues, bankers acceptances, commercial paper of prime quality, certificates of deposit (both collateralized and negotiable), repurchase and reverse repurchase agreements, medium term corporate notes, shares of beneficial interest in diversified management companies (mutual funds), and asset backed (including mortgage related) and pass-through securities. Generally, investments in repurchase agreements cannot exceed a term of one year and the security underlying the agreement shall be valued at 102% or greater of the funds borrowed against the security and the value of the repurchase agreement shall be adjusted no less than quarterly. In addition, reverse repurchase agreement generally may not exceed 20% of the base value of the portfolio and the term of the agreement may not exceed 92 days. Securities lending transactions are considered reverse repurchase agreements for purposes of this limitation. Base Value is defined as the total cash balance excluding any amounts borrowed (i.e., amounts obtained through selling securities by way of reverse repurchase agreements or other similar borrowing methods).

Legislation which would modify the currently authorized investments and place restrictions on the ability of municipalities to invest in various securities is considered from time to time by the California State Legislature. Therefore, there can be no assurances that the current investments in the Treasury Pool will not vary significantly from the investments described herein.

The Investment Policy. The County's Investment Policy (the "Investment Policy") currently states that the objectives of the Treasurer's office when investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds are as follows: the primary objective is to safeguard the principal of the funds under the Treasurer's control, the secondary objective is to meet the liquidity needs of the Pool Participants, and the third objective is to achieve an investment return on the funds under the control of the Treasurer within the parameters of prudent risk management. The Investment Policy contains a goal that 50% of the Pool should be invested in securities maturing one year or less with the remainder spread over 1-5 years on the yield curve depending on opportunities in the marketplace.

The Investment Policy also authorizes investments in covered call options or put options, which are options on the part of a third party to buy from the Pool a specified security within a finite time at a specified price. Under the Investment Policy, securities subject to covered calls are not to be used for reverse repurchase agreements, cash sufficient to pay for outstanding puts are to be invested in securities maturing on or before the expiration date of the option, the maximum maturity of a covered call option/put option is to be 90 days and not more than 10% of the total investments in the Pool could have options (in contrast to "derivatives") written against them at any one time.

Certain Information Relating to Pool

The table below sets forth information with respect to the Pool as of the close of business January 31, 2009. As described above, a wide range of investments is authorized by state law. Therefore, there can be no assurances that the investments in the Pool will not vary significantly from the investments described herein. In addition, the value of the various investments in the Pool will fluctuate on a daily basis as a result of a multitude of factors,

including generally prevailing interest rates and other economic conditions. Therefore, there can be no assurance that the values of the various investments in the Pool will not vary significantly from the values described herein. In addition, the values specified in the following tables were based upon estimates of market values provided to the County by a third party. Accordingly, there can be no assurance that if these securities had been sold on January 31, 2009, the Pool necessarily would have received the values specified. The County has no Pool investments in any corporation that has filed for bankruptcy.

Pool Benchmark. Beginning in early 2007, the Pool was managed as two portfolios; one positioned to meet liquidity needs and the other positioned to achieve incremental yield. All reporting with respect to the Pool will be on a combined portfolio basis to facilitate financial transparency from the perspective of Pool participants. The change was instituted after the development of a benchmark portfolio, which is comprised of 60% U.S. Treasury securities, 30% U.S. Government Agency securities and 10% corporate securities. It has a duration of approximately 1.6 years and reflects an appropriate risk/return profile for the portion of the Pool that is not anticipated to be needed for liquidity purposes. While the "benchmarked" portion of the portfolio is available for liquidity needs, it is positioned to achieve long term incremental yield. The combined portfolios will continue to comply with all California State Code and the Pool's Investment Policy, a copy of which follows.

Additional Information. Beginning early August 2007, the County Investment Pool halted all investments in asset-backed commercial paper and has no plans to resume investment in this type of security until the current credit crisis has passes. Further, the County Pool is not invested in any structured investment vehicles and has never invested in collateralized debt obligations.

In order to limit exposure to credit risk, the County Pool has limited purchases of corporate securities to maturities less than 60 days. In a few instances, the Pool has purchased maturities beyond 60 days for the sole purpose of duration management in the Pool's sub-portfolio, the Benchmark Portfolio. The Benchmark Portfolio consists of no more than 25% of the aggregated Pool assets at any given time. Within the Benchmark Portfolio, the allocation to corporate securities is approximately 10% or 2.5% of the total Pool assets.

SAN DIEGO COUNTY TREASURER'S
POOLED MONEY FUND
INVESTMENT POLICY
January 1, 2008

[THIS PAGE INTENTIONALLY LEFT BLANK]

SAN DIEGO COUNTY TREASURER'S
POOLED MONEY FUND
INVESTMENT POLICY
January 1, 2008

The attached Investment Policy and Practices of the Treasurer are based on prudent money management principles and California State law, specifically Government Code Sections 27000.1 - 27000.5, 27130 - 27137, and 53600 - 53686. Section 53635 shall apply to a local agency that is a county, or other local agency that pools money in deposits or investments with other local agencies, including local agencies that have the same governing body. However, Section 53601 shall apply to all local agencies that pool money in deposits or investments exclusively with local agencies that have the same governing body. Section 53601.7 provides permissive authority to adopt policy to manage funds much like a money market fund. This Section will not be implemented for the Pooled Money Fund. The practices of this office will always comply with the legal authority and limitations placed on it by the governing legislative bodies. The implementation of these laws, allowing for the dynamics of the money markets, will be the focus of this policy statement. When investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds the objectives of this office shall be:

1. **The primary objective shall be to safeguard the principal of the funds under the Treasurer's control.**

2. **The secondary objective shall be to meet the liquidity needs of the participants.**

3. **The third objective shall be to achieve an investment return on the funds under control of the Treasurer within the parameters of prudent risk management.**

The monies entrusted to the County Treasurer (the Fund) will comprise an actively managed portfolio. By this it is meant that the Treasurer and his staff will observe, review, and react to changing conditions that affect the Fund; this shall be viewed as a full time responsibility by the Treasurer and his staff. The authority to execute investment transactions that will affect the Fund will be limited to:

Treasurer
Chief Deputy Treasurer
Chief Investment Officer
Investment Officers

The Treasurer and the above staff will meet on a regular basis to discuss current market conditions and future trends and how each of these affects the Fund.

2008 SAN DIEGO COUNTY TREASURER'S POOLED MONEY FUND INVESTMENT POLICY

The purpose of the Treasurer's Policy is to implement the legislated parameters of the investment authority of the Treasurer's Pooled Money Fund (the "Fund"). As an elected official of the County of San Diego, the Treasurer must manage public monies in a way that is consistent with investment oversight, and sound investment practices. To have a policy which only concerns itself with maximizing return is a very dangerous course. The basic concept of investment return is based on a risk/reward relationship. Therefore, the higher the return, the higher the risk. Risk management must be an integral part of any investment policy. Risk management must include adequate internal controls so that Pool depositors and the public have confidence that public monies are secure. The Policy stated below will concern itself with risk management.

1. **SECURITY OF PRINCIPAL POLICY** - The Policy issues directed to protecting the principal entrusted to this office are:

   A. Limiting the Fund's exposure to each type of security.

   B. Limiting the Fund's exposure to each issue and issuer of debt.

   C. Determining the minimum credit requirement for each type of security.

2. **LIQUIDITY POLICY** - The Policy issues directed to provide necessary liquidity to the participants are:

   A. Limiting the length of maturity for securities in the Portfolio.

   B. Limiting the Fund's exposure to Moderately Liquid and Illiquid securities.

3. **RETURN POLICY** - The Policy issues directed to achieving a return are:

   A. Attaining a market rate of return taking into account the investment risk constraints and liquidity needs.

   B. A majority of the investments shall be limited to low risk securities in anticipation of earning a fair return relative to the risk being taken.

4. **MATURITY POLICY**

   A. The maximum maturity allowed by the California Government Code is 5 years with shorter limitations specified for certain types of securities. The mandatory minimum for the maturity structure of the Portfolio shall be to have 50% of the Portfolio in instruments with maturities of one year or less. Furthermore, at least 25% of the Portfolio must mature within 90

days. The maximum effective duration for the Portfolio shall be 1.50 years. The following bullet points summarize these parameters:

- At least 50% of the Portfolio maturing within 1 year
- At least 25% of the Portfolio maturing within 90 days
- Maximum effective duration of 1.50 years

B. The Portfolio will be considered in compliance with the Maturity Policy if it meets the maturity targets above at the time of purchase. In the event a change in the size of the Portfolio causes the targets to be exceeded, the Investment Group will review the Portfolio and Cash Flows to determine if the Portfolio should be repositioned to return below the targets. Until such time as the Portfolio is within maturity targets, all securities purchased shall be of a maturity or duration that will lower the maturity and or duration of the Portfolio, until such time as the Portfolio is once again within the targets. In the event the Portfolio exceeds the maturity targets, a variance report shall be made to the Oversight Committee as part of the normal monthly reporting to the Oversight Committee.

5. PROHIBITED SECURITIES

A. The California Government Code does not authorize a local agency to invest in any of the following derivative notes:

1. Inverse Floater
2. Range Notes
3. Interest-only strips derived from a pool of mortgages
4. Any security that could result in zero interest accrual.

6. CREDIT RATING POLICY

A. The Investment Policy sets forth minimum credit ratings for each type of security. These credit limits apply to the initial purchase of a security and does not automatically force the sale of a security if the credit ratings of the security fall below the Policy limits.

B. The monitoring of credit ratings consists of the following procedures:

(1) When a credit rating downgrade occurs, the Investment Group will evaluate the downgrade on a case-by-case situation to determine whether to hold or sell the security after further analysis of the credit rating on an ongoing basis.

(2) In the event a security in the Pool receives a credit rating downgrade, the Investment Group will report the rating change to the Oversight Committee in the monthly report. In the same manner, the Oversight Committee will be informed on the Investment Group's decision to hold or sell a downgraded security.

(3) The Investment Group shall meet at least quarterly to review and update the approved list of securities and establish credit criteria for each category of security.

C. To ensure that the Pool maintains an overall credit rating of AAAf / S1, the highest rating given by Standard & Poors, the asset allocation with respect to credit quality will be maintained within the guidelines provided in the table below:

Credit Rating Table

	Min. Fund %	Max Fund %
AAA	67	100
AA	0	33
A	0	13

1) In order to evaluate the overall weighted average credit of the county pool, S&P has provided a bond fund credit quality-rating matrix. This matrix, in an excel spreadsheet, allows investment officers to evaluate the effect of lower than AAA rated securities on the overall S&P rating of the fund.

2) Investments below A1 (short term) or A (long term) rated are prohibited in this policy. For securities maturing under 365 days, the short-term rating will be used if available. All commercial paper matures less than one year, therefore will score as an AAA security. AA rated securities are given a .2 factor and A rated are given a .5 factor. A credit quality rating is determined by multiplying the percentage of a less than AAA rated security by its factor. All sectors of securities are added together and an overall factor of 7 or less is deemed by S & P to warrant an AAA fund rating.

7. INTERNAL CONTROLS

A. The Chief Deputy Treasurer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that:

(1) The cost of a control should not exceed the benefits likely to be derived; and

(2) The valuation of costs and benefits requires estimates and judgments by management.

B. Accordingly, the Chief Deputy Treasurer shall establish and maintain internal controls that shall address the following points:

(1) Control of Collusion - Collusion is a situation where two or more employees are working in conjunction to defraud their employer.

(2) Separation of Transaction Authority from Accounting and Record Keeping - By separating the person who authorizes ~~or performs~~ the transaction from the people who record or otherwise account for the transaction, a separation of duties is achieved.

(3) Custodial Safekeeping - Securities purchased from any bank or dealer including appropriate collateral (as defined by State Law) shall be placed with an independent third party for custodial safekeeping.

(4) Avoidance of Physical Delivered Bearer Securities - Book entry securities are much easier to transfer and account for since actual delivery of a document never takes place. Bearer securities must be properly safeguarded against loss or destruction. The potential for fraud and loss increases with such securities.

(5) Clear Delegation of Authority to Subordinate Staff Members - Subordinate staff members must have a clear understanding of their authority and responsibilities to avoid improper actions. Clear delegation of authority also preserves the internal control structure that is contingent on the various staff positions and their respective responsibilities.

(6) Written Confirmation of Telephone Wire Transfers - Due to the potential for error and improprieties arising from telephone transactions, all telephone transactions should be supported by written communications and approved by the appropriate person.

(7) Development of a Wire Transfer Agreement with the Lead Bank or Third Party Custodian - This agreement should outline the various controls, security provisions, and delineate responsibilities of each party making and receiving wire transfers.

(8) Development of the Annual Treasurer's Investment Manual. Annually, Investment staff and Accounting staff will review and update internal control policies as stated in the manual.

C. Provide for an annual independent review by an external auditor to assure compliance with policies and procedures.

8. **PERMISSIBLE INVESTMENTS** - Government Codes 53601, 53601.1, 53601.2, 53601.8, 53635, 53637, 53638, 53651, 53652, and 53653 address permissible investments. These investment categories are addressed individually in sections 9-21 below.

9. **GOVERNMENT OBLIGATIONS** - The Fund invests in two categories of Government Obligations: U.S. Treasury and Agency obligations. Both are issued at the Federal level. U.S. Treasury obligations are bills, notes and bonds issued by the Treasury and are direct obligations of the Federal Government. Agency obligations are notes and bonds of federal agencies, and government sponsored enterprises. Agencies are not the direct obligation of the Treasury but involve federal sponsorship or guarantees.

   A. Maximum Maturity - The maximum maturity of an issue shall be the current 5-year issue or an issue, which, at the time of the investment, has a term remaining to maturity not in excess of 5 years.

   B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category is unlimited.

   C. Maximum Exposure Per Issue - The maximum exposure to the Portfolio of a single issue shall be 5% of the Portfolio value.

   D. Maximum Exposure Per Issuer - The maximum exposure to the Portfolio for an individual issuer shall be:

      (1) Treasury - Unlimited, Treasury securities are the safest haven for investments in the world.

      (2) Agency - No more than 25% of the Portfolio value shall be invested in any single issuer.

   E. Minimum Credit Requirement - None; U.S. Treasury and Agency securities are the highest credit in the world.

   F. Liquidity Category - Liquid

10. **LOCAL AGENCY OBLIGATIONS** - Bonds, notes, warrants or other evidences of indebtedness of any local agency or by a department, board or authority of any local agency within this State.

   A. Maximum Maturity - The maximum maturity of an issue shall be 5 years.

   B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category shall be 15%.

   C. Maximum Exposure Per Issue - The maximum exposure to the Portfolio of a single issue shall be 5% of the Portfolio value.

D. Maximum Exposure Per Issuer - The maximum exposure to a single issuer shall be 10% of the Portfolio value.

E. Minimum Credit Requirement - Issuers outside of the County must be at or above the following investment grade from one of these ratings firms:

(1) Standard & Poor's – SP-1 A (long-term when applicable)
(2) Fitch - F1 A (long-term when applicable)
(3) Moody's - MIG 1 A (long-term when applicable)

(For 1 year or less, use short-term rating)
(For over 1 year, use long-term ratings)

F. Liquidity Category - Moderately Liquid

11. **BANKER'S ACCEPTANCE** - This is a draft or bill of exchange, accepted by a bank or trust company and brokered to investors in a secondary market. The purpose of the banker's acceptance (BA) is to facilitate trade and provide liquidity to the import-export markets. Acceptances are collateralized by the pledge of documents such as invoices, trust receipts, and other documents evidencing ownership and insurance of the goods financed. Since it's inception in 1914, there has been no known loss of principal to investors through the use of Banker's Acceptances.

A. Maximum Maturity - the maximum maturity of an issue shall be 180 days.

B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category shall be 40%.

C. Maximum Exposure Per Issue - The maximum exposure to a single issue shall be 2.5% of the Portfolio value.

D. Maximum Exposure Per Issuer - The maximum exposure to a single issuer shall be 5% of the Portfolio value.

E. Minimum Credit Requirement – The security must be at or above the following investment grade from one of these rating firms. If unrated by Standard & Poor's, security would need to be authorized by Standard & Poor's with a shadow rating prior to purchase.

(1) Standard & Poor's - A1
(2) Moody's - P1
(3) Fitch - F1

F. Liquidity Category – Liquid

12. **COMMERCIAL PAPER** - These are short-term, unsecured, promissory notes issued by firms in the open market. Commercial paper (CP) is generally backed by a bank credit facility, guarantee/bond of indemnity, or some other support agreement.

A. Maximum Maturity - The maximum maturity of an issue shall be 270 days.

B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category shall be 40%.

C. Maximum Exposure Per Issue - The maximum exposure to a single issue shall be 2.5% of the Portfolio for maturities greater than 5 days, 10% of the Portfolio value for paper maturing in 5 days or less.

D. Maximum Exposure Per Issuer - The maximum exposure to a single issuer shall be 5% of the Portfolio when the dollar weighted average maturity is greater than 5 days, 10% of the Portfolio when the dollar weighted average maturity is 5 days or less.

E. Minimum Credit Requirements – The security must have the following investment grade from one of these rating firms. If unrated by Standard & Poor's, security would need to be authorized by Standard & Poor's with a shadow rating prior to purchase.

(1) Standard & Poor's – SP-1 A (long-term when applicable)
(2) Fitch – F1 A (long-term when applicable)
(3) Moody's – MIG 1 A (long-term when applicable)

F. Liquidity Category - Liquid

13. **MEDIUM-TERM NOTES** - These are Corporate Notes, Deposit Notes, and Bank Notes sold by an agent in the open market on a continually offered basis. Issuers include well recognized banks and bank holding companies, thrifts, finance companies, insurance companies, and industrial corporations. These medium term notes are debt obligations generally unsecured, although some issues come to market on a collateralized or secured basis.

A. Maximum Maturity - The maximum maturity of an issue shall be 5 years.

B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category shall be 30%.

C. Maximum Exposure Per Issue – the maximum exposure to a single issue shall be 2.5% of the Portfolio issue.

D. Maximum Exposure Per Issuer - The maximum exposure to a single issuer shall be 5% of the Portfolio value.

E. Minimum Credit Requirements – The security must have the following investment grade from one of these rating firms. If unrated by Standard & Poor's, security would need to be authorized by Standard & Poor's with a shadow rating prior to purchase.

(1) Standard & Poor's –A-1 or A (long-term when applicable)
(2) Moody's –P-1 or A (long-term when applicable)
(3) Fitch –F-1 or A (long-term when applicable)

(MTN's 1 year or less, use short-term rating.)
(For MTN's over 1 year, use long-term rating.)

F. Liquidity Category - Liquid

14. **NEGOTIABLE CERTIFICATES OF DEPOSIT** - These are issued by commercial banks and thrift institutions against funds deposited for specified periods of time and earn specified or variable rates of interest. Negotiable certificates of deposit (NCD) differ from other certificates of deposit by their liquidity. NCD's are traded actively in secondary markets. In compliance with California Code 53601.8, all FDIC insured CD's, whether directly placed or placed through a private sector entity, will be classified as a Negotiable Certificate of Deposit.

A. Maximum Maturity
1. The maximum maturity of a NCD issue shall be 5 years.
2. The maximum maturity of any FDIC insured CD's, whether directly placed or placed through a private sector entity, shall be 13 months.

B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category shall be 30%.

C. Maximum Exposure Per Issue - The maximum exposure to a single issue shall be 2.5% of the Portfolio value.

D. Maximum Exposure Per Issuer - The maximum exposure to a single issuer shall be 5% of the Portfolio value.

E. Minimum Credit Requirement
1. All NCD must have the following investment grade from one of these rating firms. If unrated by Standard & Poor's, security would need to be authorized by Standard & Poor's with a shadow rating prior to purchase.

a) Standard & Poor's - A-1 or A (long-term when applicable)

b) Moody's - P-1 or A (long-term when applicable)
c) Fitch - F-1 or A (long-term when applicable)

(For NCD's 1 year or less, use short-term rating)
(For NCD's over 1 year, use long-term rating)

2. There is no minimum credit requirement for FDIC insured CD's, whether directly placed or placed through a private sector entity.

F. Liquidity Category – Liquid

15. **REPURCHASE AGREEMENT** - A repurchase agreement (RP) consists of two simultaneous transactions. One is the purchase of securities by an investor (i.e. The County Fund); the other is the commitment by the seller (i.e. a broker/dealer) to repurchase the securities at the same price, plus interest, at some mutually agreed-upon future date.

A. Maximum Maturity - The maximum maturity of repurchase agreements shall be one year.

B. Maximum Exposure of Portfolio - The maximum exposure to the Portfolio for this category shall be 40%.

C. Maximum Exposure Per Issue - The maximum exposure to a single RP issue shall be 10% of the Portfolio value for RP's with maturities greater than 5 days, 15% of the Portfolio for RP's maturing in 5 days or less.

D. Maximum Exposure Per Broker/Dealer - The maximum exposure to a single broker/dealer of RP shall be 10% of the Portfolio when the dollar weighted average maturity is greater than 6 days, 15% of the Portfolio when the dollar weighted average maturity is 6 days or less.

E. Eligible Broker/Dealers – Broker/Dealers shall be primary dealers of the Federal Reserve Bank of New York. Issuers must sign a PSA Master Repurchase Agreement or a Tri-Party Repurchase Agreement. The Agreement must specify a minimum margin percentage of 102% and also provide for daily mark-to-market of the collateral by the custodian bank.

F. Eligible Collateral - The securities eligible for repurchase agreement transactions shall be a security authorized in Section 53601 of the California Government Code. Collateral eligible for repurchase agreements maturing 6 days to 1 year shall be Treasuries and Government Agencies.

G. Delivery of Collateral – Broker/Dealers shall deliver the underlying securities to either the County's safekeeping bank or a mutually agreed upon third party custodian bank. When a third party custodian is used, it will be the custodian's responsibility to transfer funds and securities

between the broker/dealer and the County Fund in accordance with the terms of the repurchase agreement.

H. Liquidity Category - Liquid

16. **REVERSE REPURCHASE AGREEMENT** - Reverse repurchase agreements (RRPs) are essentially the mirror image of RPs. In this instance, the County Fund is the seller of securities and the broker or bank is the investor.

Due to the nature of RRPs, the policy regarding this instrument is different from the above RP policy.

A. Maximum Maturity – The maximum maturity of a securities lending loan shall be 92 days unless the agreement includes a written guarantee of a minimum earning or spread fro the entire period of the RRP.

B. Maximum Exposure of Portfolio – No more than 20% of the Portfolio shall be invested in RRP's and/or securities lending at any one time.

C. Maximum Exposure Per Issue – The maximum exposure to a single RRP issue shall be 5% of the Portfolio value.

D. Maximum exposure Per Broker/Dealer – No more than 10% of the Portfolio shall be invested in RRP's with any one broker/dealer at any one time.

E. Purpose of RRPs - The uses of RRPs shall be to invest the proceeds from the agreement into permissible securities that have the highest short-term credit ratings; to supplement the yield on securities owned; or to provide funds for the immediate payment of an obligation. The maturity of the RRP and the maturity of the security purchased shall be the same.

F. Eligible Securities - A RRP may only be entered into with a security, authorized in California Government Code 53601, that has been owned and paid for 30 days prior to the settlement of the RRP.

G. Eligible Broker/Dealer – Broker/Dealers shall be primary broker/dealers of the Federal Reserve Bank of New York.

H. Liquidity Category - Liquid

17. **COLLATERALIZED CERTIFICATES OF DEPOSIT** - This is the deposit of funds made by the County Treasurer in state or national banks or state or federal savings and loan associations or federal credit unions or FDIC insured industrial loan companies in California per California Government Code Section 53652. The deposit of the funds will be made under the following conditions:

A. The deposit may not exceed the total of the paid up capital and surplus of a depository.

B. The depository must maintain securities with a market value of at least 10% in excess of the total amount of the Treasurer's deposits. These securities will be placed in the institution's pooled collateral account and monitored by the State Treasurer of California or a mutually agreed upon third party custodian bank.

C. The Treasurer may waive the first $100,000 of collateral for each depository, so long as that amount is insured by an agency of the Federal Government. The documents listed below in D-4 will not be required for deposits of $100,000 or less.

D. The Treasurer will select depositories from those agreeing to pay the highest available rate of interest. In the event that the highest available interest rate is offered to the County by more than one depository, the following criteria will be applied to determine which Financial Institution will receive County deposits:

(1) If the deposit is a renewal of an already existing deposit it will be extended with the same institution.

(2) If the funds available are insufficient to match the request of banks and savings and loan associations, the Treasurer will distribute a fair share of the available funds to the institutions on the basis of the ratio of their total deposits to deposits within San Diego County.

(3) When two institutions offer the same rate of interest, the Treasurer will give consideration to the institution that has the best performance in making home mortgage loans within the low and moderate income areas of the County.

(4) Each institution which receives County deposits must provide the Treasurer with an up-to-date Contract, Annual Report, Affirmative Action Policy, Community Reinvestment Act Statement and EEO-1 Form.

(5) Maximum maturity shall be 13 months.

(6) Maximum exposure to the Portfolio for collateralized Certificates of Deposit shall be 10%.

(7) Institutions at or above the following investment grade, as determined by the respective rating firms, may pledge mortgage

based collateral for County deposits:

(a) Fitch - F1
(b) Moody's - P1
(c) Standard & Poor's - A1

E. Liquidity Category – Illiquid

18. **COVERED CALL OPTION/PUT OPTION** - An option is the right to buy or sell a specific security within a specific time period at a specific price.

A. A covered call is when the Treasurer sells the option to another party, giving them the right to buy an existing security in the Portfolio at a specific price within a specific time period.

B. A put option is when the Treasurer sells the option to another party, giving them the right to sell to the Treasurer a security at a specific price within a specific time period.

C. The seller of a covered call option/put option is paid at the time of the sale of the option. At the end of the option period, if the option is not exercised, the right to buy or sell the security is canceled.

D. The Treasurer will act only as a seller of covered call and put options with the following exception: Treasurer may buy an option to offset an existing open option position.

E. Securities subject to covered calls shall not be used for Reverse Repurchase Agreements.

F. Cash sufficient to pay for outstanding puts shall be invested in securities maturing on or before the expiration date of the options.

G. Maximum maturity - The maximum maturity of a covered call option/put option shall be 90 days.

H. Maximum exposure - No more than 10% of the Portfolio may have options written against it at any given time.

I. Credit risk - Options shall only be written with primary dealers.

J. Liquidity Category - Liquid

19. **MONEY MARKET MUTUAL FUND** - Shares of beneficial interest issued by management companies. Such shares represent ownership of a diversified Portfolio of securities, which are redeemable at their net asset value. The Government Code allows for purchases of mutual funds, but the County Fund will limit use to money market mutual funds managed to maintain a $1.00 share price.

A. Maximum exposure - The maximum exposure to the Portfolio for this category shall be 15%.

B. Purchase price - The purchase price of the mutual fund shall not include any commission.

C. Maximum exposure per fund - The maximum exposure to a single mutual fund shall be 10% of the Portfolio value.

D. Minimum credit requirement - Mutual funds must have the following investment grade from at least one of these rating firms or retain an investment advisor registered or exempt from registration with the Securities and Exchange Commission with not less than five years experience managing money market mutual funds with assets under management in excess of Five Hundred Million Dollars:

(1) Standard & Poor's - AAAf
(2) Moody's - AaaF
(3) Fitch - AaaF

E. Liquidity Category – Liquid

20. **LOCAL AGENCY INVESTMENT FUND STATE OF CALIFORNIA (LAIF)** - The Local Agency Investment Fund (LAIF), a voluntary program created by statute, began in 1977 as an investment alternative for California's local governments and special districts. The LAIF is part of the Pooled Money Investment Account (PMIA). The PMIA began in 1953 and has oversight provided by the Pooled Money Investment Board (PMIB) and an in-house Investment Committee. The PMIB members are the State Treasurer, Director of Finance, and State Controller.

A. Maximum Exposure – The maximum exposure to the Portfolio for this category shall be 10%, subject to limitations placed upon deposits by LAIF.

B. Liquidity Category – Liquid

21. **INVESTMENT TRUST OF CALIFORNIA (Cal TRUST)** is a pooled investment program through the CalTRUST Joint Powers Authority, authorized by Government Code Section 53601(o). CalTRUST provides three pooled account options (Short-Term Account provides daily liquidity: the Medium-Term and Long-Term Accounts permit monthly deposits and withdrawals. All of the accounts comply with the limitations and withdrawals. All of the accounts comply with the limitations and restrictions placed on local investments by the Government Code; and no leverage is permitted in any of the accounts.

A. Maximum Exposure – The maximum exposure to the Portfolio for this category shall be (2.5%), subject to limitations placed upon deposits by CalTRUST.

B. Liquidity Category – Liquid

22. **PASS-THROUGH SECURITIES** - These will be limited to equipment lease-backed certificates, consumer receivable pass-through certificates or consumer receivable-backed bonds.

A. Maximum maturity - The maximum maturity of an issue shall be 5 years.

B. Maximum exposure - The maximum exposure to the Portfolio for this category shall be 20%.

C. Maximum exposure per issue - The maximum exposure to a single issue shall be 2.5% of the Portfolio value.

D. Maximum exposure per issuer - The maximum exposure to a single issuer shall be 5% of the Portfolio value.

E. Minimum credit requirement issuer – Issuers, if rated, must have the following investment grade from one of these rating firms:

(1) Fitch –A
(2) Moody's –A
(3) Standard & Poor's –A

F. Minimum credit requirement security - The security must have the following investment grade from one of these rating firms. If unrated by Standard & Poor's, security would need to be authorized by Standard & Poor's with a shadow rating prior to purchase.

(1) Standard & Poor's –A-1 or AA (long-term when applicable)
(2) Moody's –P-1 or AA (long-term when applicable)
(3) Fitch –F-1 or AA (long-term when applicable)

(For 1 year or less, use short-term rating)
(For over 1 year, use long-term rating)

G. Liquidity Category - Liquid

23. **WHEN-ISSUED SECURITIES** - The Fund may invest in new issues of Government Obligations offered on a when-issued basis; that is, delivery and payment take place after the date of the commitment to purchase, normally within 15 days. Both price and interest rate are fixed at the time of commitment. This allows the Fund to lock in an interest rate that may not be available on the issue

date. The Fund does not earn interest on the securities until settlement, and the market value of the securities may fluctuate between purchase and settlement. Such securities can be sold before settlement.

24. **LIQUIDITY LIMITATIONS** - The Fund may not invest more than 20% of the total Portfolio in combination of Local Agency Obligations, which are classified as Moderately Liquid, and Collateralized Certificates of Deposit, which are classified as Illiquid. All other Investment Policy sanctioned asset categories are classified as Liquid.

25. **MAXIMUM EXPOSURE FOR ANY ONE ISSUER** - If a single issuer is involved in more than one of the above listed investment categories, the exposure to the issuer is limited to 5% of the Portfolio value per category and the maximum aggregate total exposure to a single issuer shall not exceed 10% of the Portfolio value. The aforementioned does not apply to repurchase agreements. The limits for repurchase agreements are set forth in the Treasurer's Policy in section 15.

26. **CRITERIA FOR SELECTING BROKERS AND DEALERS** - In order to eliminate risk in making investments under this Policy, all investments will be made only through qualified dealers.

A. A qualified dealer must be a bank, savings and loan association, or an investment securities dealer. Commercial Paper and Certificate of Deposit issuers may be considered qualified dealers for direct issuance of their paper.

B. Any dealer entering into a new business relationship to conduct security transactions with the County Treasurer is required to make application and qualify for recommendations by the Investment Group to the County Treasurer.

C. The dealer must ensure that its staff is aware of the County Treasurer's Investment Policy and the California Government Code Sections 53601 and 53635.

D. Investment securities dealers for Repurchase and Reverse Repurchase Agreements must be primary dealers regularly reporting to the Federal Reserve Bank.

E. The dealer is required to have a net capital in excess of $1 million with liquidity lines of $50 million or more.

F. The dealer is required to maintain an active secondary market for securities sold to the County and must be competitive in price for bids and offers.

G. The dealer will be monitored by the Investment Group to ensure the services the County requires are delivered in a timely and efficient manner.

H. The primary account representative must be in the institutional or middle market fixed income division with 5 years or more experience covering large municipalities.

I. A qualified dealer must not have made any political contributions to the Treasurer, any member of the Board of Supervisors, or any candidate for these offices within any consecutive 48-month period following January 1996. The exception is if the broker/dealer is entitled to vote for any of these offices, the contributions shall not be in excess of $250 to each official per election.

J. Each dealer every two years will be required to respond to the County's Request for Information (RFI) providing the County with up to date financial and investment experience information.

27. **SECURITIES LENDING** - This is a program conducted by an agent authorized to execute securities lending under the guidelines listed under RRP's and as detailed in the "Services for Securities Lending Agreement." A securities lending transaction is when the Fund transfers its securities to broker/dealers and other entities for collateral which may be cash or securities and simultaneously agrees to return the collateral for the same securities in the future. The loans must be secured continuously by cash collateral or securities and maintained at a value of at least equal to 102 % of the market value of the securities loaned. During the term of the loan, the Fund will continue to receive the equivalent of the interest paid by the issuer of the securities loaned. The Fund will have the right to call the loan and receive the securities loaned at any time with one day's notice.

A. Maximum Maturity - The maximum maturity of a securities lending loan shall be 92 days.

B. Maximum Exposure of Portfolio - No more than 20% of the Portfolio shall be exposed to securities lending and/or RRP's at any one time.

C. Maximum Exposure Per Loan - The maximum exposure per loan shall be 5% of the total Portfolio.

D. Maximum Exposure Per Counterpart - No more than 10% of the Portfolio shall be on loan with any single counterpart at any one time.

E. Reinvestment shall be limited to Government Code and the County's authorized investment list.

28. **DELEGATION OF INVESTMENT AUTHORITY TO THE COUNTY TREASURER** - The State of California gives the Board of Supervisors the ability to delegate the investment authority to the County Treasurer for a one-year period in accordance with Section 53607 of the California Government Code. The delegation will require renewal each year.

29. **SAFEKEEPING AUTHORITY**

A. The State of California gives the Board of Supervisors the ability to delegate the deposit for safekeeping authority to the County Treasurer in accordance with Section 53608 of the California Government Code. Board Resolution 109 adopted September 29, 1959 delegated this authority to the County Treasurer.

B. In exercising this safekeeping function, the Treasurer will require depositories to provide evidence that they are taking reasonable measures to prevent unauthorized access to the depository's electronic data files.

C. The Treasurer's Manual addresses contingency plans in the event that a disaster, natural or otherwise, disrupts normal operations. Contingency plans vary depending upon the severity and expected longevity of the disruption.

30. **COUNTY TREASURY OVERSIGHT COMMITTEE** - The Board of Supervisors has established a County Treasury Oversight Committee pursuant to Sections 27130-27137 of the California Government Code. The County Treasurer shall annually prepare an investment policy that will be reviewed and monitored by the County Treasury Oversight Committee and shall be reviewed and approved at a public hearing by the Board of Supervisors.

31. **RULES GOVERNING THE ACCEPTANCE OF HONORARIA, GIFTS, AND GRATUITIES:**

A. The County Treasury Oversight Committee:

(1) Gifts and Gratuity limits: Members may not accept a gift or gifts aggregating more than the Fair Political Practices Commission (FPPC) guidelines in a calendar year from an advisor, broker, dealer, banker, or other persons with whom the Treasurer conducts business.

(2) Honorarium limit - Members may not accept any honorarium from advisors, brokers, dealers, bankers, or other persons with whom the Treasurer conducts business.

(3) Employment - A member may not be employed by an entity that has contributed to the campaign of a candidate for the office of the local treasurer or a candidate for a legislative body of the local

agency that has deposited funds in the County Treasury in the previous three years or during the period the employee is a member of the Oversight Committee. A member may not secure employment with bond underwriters, bond counsel, security brokerages or dealers, or with financial services firms during the period that the person is a member of the Committee or for one year after leaving the Committee.

(4) Contributions - A member may not directly or indirectly raise money for a candidate for local treasurer or a member of the governing board of any local agency that has deposited funds in the County Treasury while a member of the Committee.

B. The County Treasurer and Designated Employees:

(1) Gifts and Gratuity limits - The Treasurer and designated employees may not accept a gift or gifts aggregating more than the Fair Political Practices Commission (FPPC) guidelines in a calendar year from a single source that does business with the County Treasurer's Pool.

(2) Honorarium limits - The Treasurer and designated employees may not accept any honorarium.

(3) Form 700 "Statement of Economic Interests" - The Treasurer and designated employees are required to file a 700 form annually.

32. **REPORTING** - The Treasurer shall prepare an investment report monthly to be posted on the Treasurer Tax-Collector's website.

A. The report will be available to the following officials:

(1) Board of Supervisors
(2) Oversight Committee
(3) Chief Administration Officer
(4) Auditor & Controller
(5) Pool Participants

B. The report will include the following:

(1) A summary of Pool Portfolio Statistics

(2) The type of investment, issuer, date of maturity, par, and dollar amount invested on all securities, investments and moneys held by the Pooled Money Fund; and shall additionally include a description of any of the Fund's investments or programs that are under management of contracted parties, including the securities lending

program. The report shall also include a current market value and the source of the valuation as of the date of the report for all securities held by the Pooled Money Fund.

(3) Securities Lending Portfolio

(4) Pool Purchases, Sales and Maturities

(5) Pooled Money Fund Cash Flow Forecast

(6) Included in the monthly report shall be a statement of compliance with the Investment Policy and a statement of the Pool's ability to meet cash flow requirements for the next six months.

33. **ANNUAL AUDIT** - The Treasury Oversight Committee shall cause an audit to be conducted annually on a fiscal year basis to determine if the County Treasury is in compliance with Section 27130-27137 of the California Government Code.

34. **COSTS AND EARNINGS APPORTIONMENT**

A. Prior to quarterly interest distribution, investment costs incurred by the Treasurer will be deducted from the interest earnings of the pool and Dedicated Portfolios based on an equitable distribution formula. The costs, which are authorized by Government Code Section 27013, are made up of direct costs (salaries, banking services, computer services, and supplies), and indirect costs (department overhead and external overhead).

B. The Pool earnings distributed to each participant are proportionate to the average daily balance of the amounts on deposit by the participant. The County Auditor and Controller conducts the apportionment process based on the net earnings of the Pool each quarter.

C. In the event there is a negative balance in a participant's fund at any time, it shall reduce the average daily balance for the fund. If at quarter-end there is a negative average daily balance in a participant's fund, that fund will be charged the higher of the apportionment rate for the quarter or the overnight Repo rate the Pool invests in.

D. The apportionment rate is set approximately seven business days after each calendar quarter end. Apportionments are not paid out by warrants; all earnings are credited to the participants' fund balance.

35. **TERMS AND CONDITIONS FOR DEPOSITING FUNDS BY VOLUNTARY PARTICIPANTS** – The State of California Government Code Section 53684 allows local agencies, upon adoption of a resolution by the governing body of the agency, the option of depositing excess funds in the County Treasury for the purpose of investment by the County Treasurer.

A. The County, in its regional role to assist and aid other local agencies, adopted Board Resolution 11 on March 24, 1987, to allow agencies to deposit excess funds with the County Treasurer for investment. The limitation on acceptance of voluntary deposits and this Investment Policy is structured to help to ensure that, pursuant to Section 27133 of the California Government Code, the Treasurer shall be able to find that all proposed deposits/withdrawals will not adversely affect the interests of the other depositors in the County Treasury Pool.

B. The policy for the acceptance of local agency deposits is:

(1) The local agency must sign the Investment Management Agreement. The fund will allow a maximum of 25% of the total Pooled Money Fund in voluntary deposits.

(2) The maximum amount of transactions per month shall be 10 per local agency.

(3) The local agency must provide cash flows on a quarterly bases indicating projected withdrawals from the Pooled Money Fund.

C. Before any deposits for new accounts from non-participating Voluntaries can be accepted by the County Treasurer, the local agency must perform the following:

(1) Provide a resolution adopted by the Board or governing body that authorizes the local agency to deposit excess funds in the County Treasury for the purpose of investment by the County Treasurer. The resolution must:

(a) be signed by an authorized official

(b) indicate the resolution number and date passed by the Board or governing body,

(c) indicate the persons authorized to initiate deposits to and instruct withdrawals from the Pool,

(d) bear the seal of the local agency, if the local agency has a seal.

(2) Provide wire/ACH transfer instructions for cash withdrawals from the Pool. All withdrawals and external deposits will be by the Fed Wire or Automated Clearing House (ACH).

(3) Establish a trust account through the County Auditor and Controller's General Accounting Division.

36. CRITERIA FOR WITHDRAWAL OF FUNDS FROM THE COUNTY POOL BY VOLUNTARY PARTICIPANTS

A. Before a local agency withdraws funds from the Pool it must submit a withdrawal request form a minimum of 2 working days prior to the desired withdrawal date. Although not encouraged, shorter notice may be honored at the discretion of the County Treasurer if the withdrawal does not cause the maturity status of the Pool to exceed its limits, or jeopardize its ability to meet cash flow requirements.

B. When funds are requested for withdrawal, the County Treasurer must find that the withdrawal will not adversely affect the interests of all other depositors in the Pool.

37. GRANDFATHERED AGENCIES

A. The grandfathered agencies, including the Community Colleges, who use the services of the County to keep their records and/or issue warrants/wires for the agency can continue to function 100% in this manner and will be treated as a mandatory participant (this assumes that the agency shall continue to make their deposits into the Pool).

B. They can also opt to be treated as a voluntary participant and elect to withdraw funds in the same fashion as the other voluntary participants. However, any agency so opting shall be subject to all of the restrictions placed upon the other voluntary participants.

GLOSSARY OF TERMS

BANKERS ACCEPTANCE - Money market instrument created from transactions involving foreign trade. In its simplest and most traditional form, a banker's acceptance is merely a check, drawn on bank by an importer or exporter of goods.

COLLATERALIZED CERTIFICATE OF DEPOSIT - An instrument representing a receipt from a bank for a deposit at a specified rate of interest for a specified period of time that is collateralized by the bank with securities at a minimum of 110% of the deposit amount.

COMMERCIAL PAPER - Money Market instrument representing a short-term promissory note of a large corporation at a specified rate of return for a specified period of time.

COVERED CALL OPTION - The sale of an option to another party giving them the right to buy an existing security in the Treasurer's Pool at a specified price within a specified time period.

CREDIT RATING – The alphanumeric scale which provides an assessment of the credit opinion of one of the Nationally Recognized Statistical Rating Organizations for a particular investment or issuing entity. By way of example, the investment grade portion of S&P's credit rating is provided below from highest to lowest:

AAA	Highest
AA	
A	
BBB	Lowest

DOLLAR WEIGHTED AVERAGE MATURITY - The sum of the amount of each security investment multiplied by the number of days to maturity, divided by the total amount of security investments.

DURATION - Is a measure of the price volatility of the Portfolio and reflects an estimate of the projected increase or decrease in the value of the Portfolio based upon a decrease or increase in the interest rates. A duration of 1.0 means that for every one percent increase in interest rates, the market value of the Portfolio would decrease by 1.0 percent.

EARNINGS APPORTIONMENT - Is the quarterly interest distribution to the Pool Participants where the actual investment costs incurred by the Treasurer are deducted from the interest earnings of the Pool.

EFFECTIVE DURATION OR OPTION-ADJUSTED DURATION - Is the approximate percentage price change of a bond for a 100 basis point parallel shift in the yield curve allowing for the cash flow to change as a result of the change in yield.

GOVERNMENT OBLIGATIONS - Securities issued by the U.S. Treasury and Federal Agencies. U.S. Treasuries are direct obligations of the Federal Government. Agencies are not direct obligations of the Federal Government, but involve Federal sponsorship or guarantees. Agency issuers include:

Federal National Mortgage Association (FNMA)
Federal Home Loan Bank (FHLB)
Federal Farm Credit Bank (FFCB)
Federal Agriculture Mortgage Corporation (FAMCA)
Federal Home Loan Mortgage Corporation (FHLMC)
Government National Mortgage Corporation (GNMA)
Student Loan Marketing Association (SLMA)
World Bank

GRANDFATHERED AGENCIES - Such as community colleges and some fire districts that use the County's banking and accounting services.

ILLIQUID – Non-existent, or thinly traded secondary market resulting in the inability to access funds prior to maturity, or possibly liquidate at the cost of principal.

INVERSE FLOATERS – An inverse floater is a note structured so that its coupon varies inversely with a designated index.

INVESTMENT GROUP - Shall be made up of the Treasurer, Chief Deputy Treasurer, Chief Investment Officer, and Investment Officers.

INVESTMENT MANAGEMENT AGREEMENT – An agreement between a voluntary participant and the San Diego County Treasurer-Tax Collector. The agreement addresses the terms and conditions of local agencies deposit of funds for investment into the Pooled Investment Fund.

LIQUID - Low expected yield give up due to liquidation, based on historical bid/offer spreads.

LOCAL AGENCY OBLIGATION - An indebtedness issued by a local agency, department, board, or authority within the State of California.

LONG-TERM - The term used to describe a security when the maturity is greater than one year.

MEDIUM TERM NOTES - They are Corporate Notes and Deposit Notes that are debt obligations of banks, corporations, and insurance companies. They are issued at a specific rate of return for a specific period of time.

MONEY MARKET MUTUAL FUND - A mutual fund with investments directed in short-term money market instruments only, which can be withdrawn daily without penalty.

MODERATELY LIQUID – Modest expected yield give up due to liquidation, based on historical bid/offer spreads.

NEGOTIABLE CERTIFICATE OF DEPOSIT - A Money Market instrument representing a receipt from a bank for a deposit at a specified rate of interest for a specified period of time that is traded in secondary markets.

PASS-THROUGH SECURITIES - A debt instrument that reflects an interest in a mortgage pool, consumer receivables pool and equipment lease-backed pool that serves as collateral for a bond.

PORTFOLIO VALUE - The total book value amount of all the securities held in the Treasurer's Pooled Money Fund.

PRUDENT RISK - An investment system in which the investor will invest conservatively to receive a stable income with little risk.

PUT OPTION - The sale of an option to another party giving them the right to sell to the Treasurer's Pool a security at a specified price within a specified time period.

RANGE NOTES – Range notes (also called accrual notes) are bonds which accrue interest daily at a set coupon which is tied to an index. Range notes typically have two coupon levels; the higher of which is for the period that the index remains within a designated range.

REPURCHASE AGREEMENT - A repurchase agreement consists of two simultaneous transactions. One is the purchase of securities by an investor (i.e. The County Fund), the other is the commitment by the seller (i.e. a broker/dealer) to repurchase the securities at the same price, plus interest, at some mutually agreed future date.

REVERSE REPURCHASE AGREEMENT - The mirror image of Repurchase Agreements. In this instance the County Pool is the seller of securities to an investor (i.e. brokers).

SAFEKEEPING - A custodian bank's action to store and protect an investor's securities by segregating and identifying the securities.

SECURITIES LENDING - A transaction wherein the Treasurer's Pool transfers its securities to broker/dealers and other entitles for collateral, which may be cash or securities and simultaneously agrees to return the collateral for the same securities in the future.

SHADOW RATING – A credit opinion provided by a Nationally Recognized Statistical Rating Organization for a security or entity that it had previously not rated.

SHORT-TERM - The term used to describe a security when the maturity is one year or less.

VOLUNTARY PARTICIPANTS - Local agencies that are not required to deposit their funds with the County Treasurer.

WHEN-ISSUED SECURITIES - A security traded before it receives final trading authorization with the investor receiving the certificate/security only after the final approval is granted.

APPENDIX F

BOOK-ENTRY ONLY SYSTEM

The information in this APPENDIX F has been provided by DTC for use in securities offering documents, and the District takes no responsibility for the accuracy or completeness thereof. The District cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the beneficial owners either (a) payments of interest, principal or premium, if any, with respect to the Bonds or (b) certificates representing ownership interest in or other confirmation of ownership interest in the Bonds, or that they will so do on a timely basis or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC. As used in this appendix, "Securities" means the Bonds, "Issuer" means the District, and "Agent" means the Paying Agent.

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities, in the aggregate principal amount of such issue, and will be deposited with DTC.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org. The information set forth on such website is not incorporated herein by reference.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

10. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

APPENDIX G

SPECIMEN MUNICIPAL BOND INSURANCE POLICY

[THIS PAGE INTENTIONALLY LEFT BLANK]

FINANCIAL SECURITY ASSURANCE®

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

BONDS:

Policy No.: -N

Effective Date:

Premium: $

FINANCIAL SECURITY ASSURANCE INC. ("Financial Security"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of Financial Security, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which Financial Security shall have received Notice of Nonpayment, Financial Security will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by Financial Security, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in Financial Security. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by Financial Security is incomplete, it shall be deemed not to have been received by Financial Security for purposes of the preceding sentence and Financial Security shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, Financial Security shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by Financial Security hereunder. Payment by Financial Security to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of Financial Security under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless Financial Security shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment

SPECIMEN

made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to Financial Security which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

Financial Security may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to Financial Security pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to Financial Security and shall not be deemed received until received by both and (b) all payments required to be made by Financial Security under this Policy may be made directly by Financial Security or by the Insurer's Fiscal Agent on behalf of Financial Security. The Insurer's Fiscal Agent is the agent of Financial Security only, and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of Financial Security to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, Financial Security agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to Financial Security to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of Financial Security, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, FINANCIAL SECURITY ASSURANCE INC. has caused this Policy to be executed on its behalf by its Authorized Officer.

(37) CERTIFICATION OF CLAIM

In accordance with the provisions of Government Code § 17561, I certify that I am the officer authorized by the school district to file mandated cost claims with the State of California for this program, and certify under penalty of perjury that I have not violated any of the provisions of Government Code Sections 1090 to 1098, inclusive.

I further certify that there was no application other than from the claimant, nor any grant or payment received, for reimbursement of costs claimed herein, and such costs are for a new program or increased level of services of an existing program. All offsetting savings and reimbursements set forth in the Parameters and Guidelines are identified, and all costs claimed are supported by source documentation currently maintained by the claimant.

The amounts for this Reimbursement Claim are hereby claimed from the State for payment of actual costs set forth on the attached statements. I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Division of Accounting and Reporting
Office of the State Controller
P.O. Box 942850
Sacramento, CA 94250

Re: Annual Reimbursement Claims
Grossmont Union High School District S37085

Enclosed please find the original claims and extra copies of the FAM-27 for Grossmont Union High School District's reimbursement claims listed below:

Program 042	Mandated Reimbursement Process	2009-10
Program 057	Removal of Chemicals	2009-10
Program 176	Pupil Suspensions, Expulsions, and Expulsion Appeals	2009-10
Program 182	Pupil Residency Verification and Appeals	2009-10
Program 258	School District Fiscal Accountability Reporting and Employee Benefits Disclosure	2009-10
Program 268	High School Exit Exam	2009-10
Program 278	Charter Schools I, II, & III	2009-10
Program 297	Graduation Requirements (***Amended***)	2008-09

If you have any questions regarding these claims, please contact me at (858) 514-8605.

Sincerely,

Larry Hendee, Vice President

(37) CERTIFICATION OF CLAIM

In accordance with the provisions of Government Code Sections 17560 and 17561, I certify that I am the officer authorized by the school district or county office of education to file mandated cost claims with the State of California for this program, and certify under penalty of perjury that I have not violated any of the provisions of Article 4, Chapter 1 of Division 4 of Title 1 Government Code.

I further certify that there was no application other than from the claimant, nor any grant(s) or payment(s) received, for reimbursement of costs claimed herein, claimed costs are for a new program or increased level of services of an existing program; and claimed amounts do not include charter school costs, either directly or through a third party. All offsetting savings and reimbursements set forth in the parameters and guidelines are identified, and all costs claimed are supported by source documentation currently maintained by the claimant.

The amount for this reimbursement is hereby claimed from the State for payment of actual costs set forth on the attached statements.

NOTE TO RESELLERS:
Special order items are non-returnable. All returns must be made within 30 days of sale and are subject to a 15% restocking charge. Defective returns will be accepted within 60 days of sale and must have prior approval. Invoice # must be provided when requesting an RMA. Any dispute regarding quantity or price must be reported to us within 72 hours of receipt of goods. No claims will be honored after that time. Statements or descriptions of products, if any, by Academic Supplier or agents of Academic Supplier are informational only, and not made or given as a warranty of any kind. Academic Supplier sells the products without any express or implied warranties of any type and particularly without any implied warranty of merchantability or non-infringement. In the event of any product defect or nonconformity, purchaser's sole remedy shall be the repair or replacement of nonconforming goods or, at Academic Supplier's option, a refund of the purchase price and purchaser shall not be entitled to any incidental, consequential, or special damages of any kind. Customer also agrees to pay such attorney's fees and costs as are actually incurred for the collection of this amount whether or not suit is instituted. A service charge of 1-1/2% per month, 18% per annum will be assessed on past due amounts.

NOTE TO RESELLERS:
Special order items are non-returnable. All returns must be made within 30 days of sale and are subject to a 15% restocking charge. Defective returns will be accepted within 60 days of sale and must have prior approval. Invoice # must be provided when requesting an RMA. Any dispute regarding quantity or price must be reported to us within 72 hours of receipt of goods. No claims will be honored after that time. Statements or descriptions of products, if any, by Academic Supplier or agents of Academic Supplier are informational only, and not made or given as a warranty of any kind. Academic Supplier sells the products without any express or implied warranties of any type and particularly without any implied warranty of merchantability or non-infringement. In the event of any product defect or nonconformity, purchaser's sole remedy shall be the repair or replacement of nonconforming goods or, at Academic Supplier's option, a refund of the purchase price and purchaser shall not be entitled to any incidental, consequential, or special damages of any kind. Customer also agrees to pay such attorney's fees and costs as are actually incurred for the collection of this amount whether or not suit is instituted. A service charge of 1-1/2% per month, 18% per annum will be assessed on past due amounts.

NOTE TO RESELLERS:
Special order items are non-returnable. All returns must be made within 30 days of sale and are subject to a 15% restocking charge. Defective returns will be accepted within 60 days of sale and must have prior approval. Invoice # must be provided when requesting an RMA. Any dispute regarding quantity or price must be reported to us within 72 hours of receipt of goods. No claims will be honored after that time. Statements or descriptions of products, if any, by Academic Supplier or agents of Academic Supplier are informational only, and not made or given as a warranty of any kind. Academic Supplier sells the products without any express or implied warranties of any type and particularly without any implied warranty of merchantability or non-infringement. In the event of any product defect or nonconformity, purchaser's sole remedy shall be the repair or replacement of nonconforming goods or, at Academic Supplier's option, a refund of the purchase price and purchaser shall not be entitled to any incidental, consequential, or special damages of any kind. Customer also agrees to pay such attorney's fees and costs as are actually incurred for the collection of this amount whether or not suit is instituted. A service charge of 1-1/2% per month, 18% per annum will be assessed on past due amounts.

NOTE TO RESELLERS:
Special order items are non-returnable. All returns must be made within 30 days of sale and are subject to a 15% restocking charge. Defective returns will be accepted within 60 days of sale and must have prior approval. Invoice # must be provided when requesting an RMA. Any dispute regarding quantity or price must be reported to us within 72 hours of receipt of goods. No claims will be honored after that time. Statements or descriptions of products, if any, by Academic Supplier or agents of Academic Supplier are informational only, and not made or given as a warranty of any kind. Academic Supplier sells the products without any express or implied warranties of any type and particularly without any implied warranty of merchantability or non-infringement. In the event of any product defect or nonconformity, purchaser's sole remedy shall be the repair or replacement of nonconforming goods or, at Academic Supplier's option, a refund of the purchase price and purchaser shall not be entitled to any incidental, consequential, or special damages of any kind. Customer also agrees to pay such attorney's fees and costs as are actually incurred for the collection of this amount whether or not suit is instituted. A service charge of 1-1/2% per month, 18% per annum will be assessed on past due amounts.

NOTICE OF CORRECTION OF INVOICE

REASON (S) FOR CORRECTION: SEE BELOW

AGENCY: GROSSMONT UNION HIGH SCHOOL DISTRICT

OTHER REASONS:

BY: Sean R. Dunbar

TITLE: Prop H Program Controls Mgr.

DATE: 12/15/2008

TO: Ninyo & Moore
5710 Ruffin Road
San Diego, Ca. 92123

INVOICE NUMBER: 134130

DATE OF INVOICE: 9/5/2008

AMOUNT:

CORRECTED AMOUNT: $ 15,356.07

Reason (s) for the correction:

1 Negotiations were held with Ninyo & Moore on 12/12/08 and it was determined and agreed by both the District and Consultant that a final payment less the cost of the Final PEA that was not provided would be acceptable to close out the current contract.

2 Invoice 134130 is for hours worked at Valhalla High School, but the costs are being reallocated to El Cajon Valley High School as part of Final Negotiations with Ninyo & Moore where the District has agreed to close-out the contract with a final payment.

RE: Estimated 8 inch Fire Service installation at 1035 E. Madison Ave. (El Cajon Valley HS)
WO 1956, HWD Map No. F-05-11-A

Dear Sandra:

At your request we have prepared a cost estimate for the installation of an 8 inch fire service lateral for the proposed buildings at El Cajon Valley High School at 1035 E. Madison Ave.

The estimated cost for the installation is as follows:

8 inch fire service lateral (deposit)	$6,400.00
TOTAL	**$6,400.00**

Please deposit the estimated amount payable to Helix Water District. We wish to emphasize that this is an estimate and final District charges will be determined by actual cost. This estimate is subject to revision 90 days from August 13, 2008.

If street improvement plans are required, the location of the proposed 8 inch fire sprinkler lateral will have to be shown on the street improvement plans.

Backflow protection will be required for this installation. Please contact the District's Cross – Connection Control Coordinator, Darrin Teisher at (619) 667-6224 for approval of the backflow device prior to purchase and to schedule inspection of the installation for conformance with cross – connection prevention requirements.

We will schedule the installation after receiving the estimated District charges and the signing of any required improvement plans. It takes approximately 6 weeks from receipt of deposits to the installation of the facilities.

If you have any questions, please call me at (619) 667-6277.

Sincerely,

Chris Magill

Team,

Please generate two checks in the amount of $338.50 per school, for the Helix Water District, as required for their field estimate with the 8.5 x 11 exhibits for each campus. The sooner the better, especially for Granite Hills, Increment 1.
Thank you,

3A - Science

Danijela Trubint, LEED

Hi Edith.

I Thought I requested this already, but I have no paper on this - do you have this in process? I need to get this done --

Thanks,
Scott

Please note your service rate has increased for services covered on your current or next invoice. Your new service rate may be based on any number of factors, including adjustments to cover increases in the Consumer Price Index, increased costs of servicing your account, such as disposal costs, or other costs specific to the waste industry, or for us to achieve acceptable operating margins. To the extent required by your customer service terms, your consent to your new service rate will be effective upon your invoice payment.

RE: Estimated 8 inch Fire Service installation at 1719 E. Madison Ave. (Granite Hills HS)
WO 1955, HWD Map No. G-05-07-A

Dear Sandra:

At your request we have prepared a cost estimate for the installation of an 8 inch fire service lateral for the proposed buildings at Granite Hills High School at 1719 E. Madison Ave.

The estimated cost for the installation is as follows:

8 inch fire service lateral (deposit)	$10,400.00
TOTAL	**$10,400.00**

Please deposit the estimated amount payable to Helix Water District. We wish to emphasize that this is an estimate and final District charges will be determined by actual cost. This estimate is subject to revision 90 days from August 13, 2008.

If street improvement plans are required, the location of the proposed 8 inch fire sprinkler lateral will have to be shown on the street improvement plans.

Backflow protection will be required for this installation. Please contact the District's Cross – Connection Control Coordinator, Darrin Teisher at (619) 667-6224 for approval of the backflow device prior to purchase and to schedule inspection of the installation for conformance with cross – connection prevention requirements.

We will schedule the installation after receiving the estimated District charges and the signing of any required improvement plans. It takes approximately 6 weeks from receipt of deposits to the installation of the facilities.

If you have any questions, please call me at (619) 667-6277.

Sincerely,

Chris Magill

SCHOOL CLEANUP AGREEMENT, DOCKET NUMBER HSA-SCA 08/09-035,
GROSSMONT UNION HIGH SCHOOL DISTRICT, GRANITE HILLS HIGH SCHOOL,
EL CAJON, SAN DIEGO COUNTY, CALIFORNIA (SITE CODE: 404787-11)

Dear Mr. Kiesling: 7801/6250/0004 BTO9-1298

Enclosed for your file is a fully executed School Cleanup Agreement (Agreement) for the subject site. The Agreement will cover the Department of Toxic Substances Control (DTSC) oversight cost related to activities associated with implementation of a Removal Action Work Plan (RAW) and/or the review and comment on a RAW Completion Report.

DTSC has assigned Ms. Angela Ortega as project manager, who will be responsible for the technical interface with you and/or your environmental consultant. Ms. Ortega can be reached at the DTSC Cypress office at 5796 Corporate Avenue, Cypress, California 90630, phone number (714) 484-5490, or email address: AOrtega@dtsc.ca.gov.

As noted in the Agreement, the advance payment of $14,690.00 is due to DTSC no later than 10 days after this Agreement if fully executed. It is important that the following information be clearly marked on the face of the check: Docket Number HSA-SCA 08/09-035 and CalStars Site Code 404787-11. The advance payment check should be sent directly to:

Department of Toxic Substances Control
Accounting/Cashier
1001 I Street, 21st Floor
P.O. Box 806
Sacramento, California 95812-0806

A photocopy of the check should be sent to Ms. Ortega at the DTSC Cypress Office.

Hi Edie,

Can you please pull the original invoice (2813-05R) and use that, plus this e-mail to pay the remaining amount due of $22.50. I'll put the e-mail in your box.

Thanks,
Natalie

can meet them down there if need be for permit issuance.

The following are the fees required for this submittal:

1. A $2,000 "Refundable" cash bond must be posted.
2. Inspection starts at $400 minimum. Additional fees may be required at permit issuance.
3. Wet Tap fee $400.
4. Traffic Control $260 review fee.

These fees can be combined in one check for a total of $3,060. Again, additional fees may be required at permit issuance.

Drum suggests that we PDF to him the plans and insurance certificate so he can take a quick look at it to make sure everything looks acceptable before we submit. The review should not take long and he recommends that we try and complete the work when the school is out on break. Please let me know if you need any additional information or have any questions. Thanks.

Subject: Re: Fwd: Granite Hills High School Sewer Connection - Submittal Requirements

I have attached an AWR for the traffic control plan.
Let us know if this needs to be completed next week.
Have a nice weekend.

Mike Slawson PE PLS
RBF CONSULTING
Vice President - Land Development
(858) 614-5000

>>> Sandra Miles 12/12/2008 11:43 AM >>>
Dena - Good News! City of El Cajon is on board with the sewer connection. They have even stated that once all documents are pulled together they can review it in a day! I thought you mentioned installing it over Christmas break, or was it spring break. Please let me know as it will determine our schedule. The insurance is VERY important. We also would need the check ASAP.

We had this situation at El Cajon HS as well & for some reason it did not get in the front end of the bid documents. If someone pulls the bid documents together (which Erickson Hall should have a copy of what they ended up doing at El Cajon for the Modernization work) the City can review it. The following email are the requirements. It is not in our scope of work to create a traffic control plan. Mike will forward costs for the traffic control plan this afternoon.

Thanks & have a great weekend!
Sandi

>>> Neva Cobian 12/10/2008 6:24 PM >>>
Hi Sandi,

Per my meeting with Drum at the City of El Cajon, we need to submit the following for the lateral connection to the sewer main in Granite Hills Drive.

Public ROW Encroachment Permit
Traffic Control Plan

The plan for the encroachment permit can be on an 8 ?" X 11" plot similar to the one we are submitting for Otay Water Dist. Provide a vicinity map page and the actual plat showing the connection and existing utilities, etc. Drum said to use the San Diego Regional Standard Drawing Requirements.

We will need a Traffic Control Plan, per the requirements in the Cities Traffic Control Plans handout (See attached). The plan should be on an 11" x 17" plat. We can use a sample of one that we've done for the City of San Diego, if need be.

The work will need to be done by an "A" licensed contractor. The City is very specific about their insurance certificate requirements (see attached). The issuer will need to provide a second sheet for additional insured and the specific requirements as underlined in red in the attachment need to be followed. When it comes time to pull the permit the contractor can go to the City and pull it directly, or I

Since all containers are "used" and as-is, no warranty applicable, with all faults. It is agreed that there are no express warranties other than those appearing in this agreement and there are no implied warranties, either of merchantability or fitness for a particular purpose, in connection with the lease of this equipment. Buyer shall not attach container to realty, so as to convert container to fixture status, until full payment has been received by seller. Upon an event of default, the total debt remaining shall be immediately due and payable, and seller shall have the right to re-possess the container and enforce its remedies as a secured party pursuant to the law in the state where purchaser or renter executes this agreement. Should any legal action be brought to recover possession of the container, or determine the rights of the parties or their successors in interest under this agreement, the prevailing party shall be entitled to recover reasonable attorney fees from the losing party. Seller retains and buyer grants a security interest in the container, to secure payment and performance of all of the buyer's obligations under this agreement. Buyer shall not transfer, assign, sell, hypothecate or encumber the container at any time without seller's prior written consent.

Container # 138457

Since all containers are "used", unless in, no warranty applicable, with all units. It is agreed that there are no express warranties other than those appearing in this agreement and there are no implied warranties, either of merchantability or fitness for a particular purpose in connection with the lease of this equipment. Buyer shall keep the container in daily, so as to convert container to buyer's status, until full payment has been received by seller. Upon an event of default, the total debt remaining shall be immediately due and payable, and seller has the right to repossess the container and enforce its remedies as a secured party pursuant to the law in the state where purchase of center occurs this agreement. Should any legal action be brought to recover possession of the container, or determine the rights of the parties or their successors in interest under this agreement, the prevailing party shall be entitled to recover reasonable attorney fees from the losing party. Seller retains and buyer grants a security interest in the container, to secure payment and performance of all of the buyer's obligations under this agreement. Buyer shall not transfer, assign, sell, hypothecate or encumber the container at any time without seller's prior written consent.

To: Bill Dick
Cc: Carlos Perdomo; Chris Magill; Tim Smith; Ana Inda
Subject: Grossmont HS 6-inch water service, WO 2172

Hi Bill,

Per your request, please submit the following fees/deposit for installation of 6-inch lateral with 3-inch meter at the Grossmont HS site (prior to July 1, 2009):

* 6-inch lateral & 3-inch meter installation deposit = $26,000
* 3-inch meter Water Authority Capacity Fee= $43,124
* Total = $69,124

Installation will be charged on actual cost. Any monies remaining from the deposit at completion of the work will be refunded. However, should the cost for the work go over the deposited amount, the balance will be due.

On or after July 1, 2009, an additional Helix Water District Capacity Fee will be required in the amount of $100,716 for a 3-inch meter purchase.

Please contact me if you have any questions.

(9/19/2008) Steve Dow - HHS & GHS Fire Flow Checks Page

From: "La Quire, Jennette" <jmlaquire@hedev.com>
To: "Debbie Murray" <dmurray@guhsd.net>, "Steve Dow" <Sdow@guhsd.net>
Date: 9/19/2008 4:11 PM
Subject: HHS & GHS Fire Flow Checks

Debbie & Steve, GROSSMONT 3A

In order to order the Fire Flow tests the Helix Water District needs a check for each campus. Please prepare a check in the amount of $274 for each campus made out to the "Helix Water District" and let me know when it's ready for pick-up. I'll then order the fire flow tests. Note:
The Fire Flow test takes two weeks and we will be in for DSA back check within a month so we need the checks ASAP.

Thank you,

Jennette

INVOICE REQUIREMENTS
NONE REQUIRED

RENTALS ARE BILLED ON A 4-WEEK MONTH

Grossmont Union High School AGREES TO PROVIDE THE FOLLOWING:

1. Provide Lessor with exact pole locations prior to installation and/or relocation of poles and hold Lessor harmless of damage to underground utilities.
2. For poles that need to be hand set or hand pulled, there will be minimum charge of $20.00 per pole.
3. Payment of all electrical bills.
4. Payment for damaged or missing equipment.
5. Payment for relocating equipment.
6. Payment for special equipment needed for severe digging conditions.

Grossmont Union High School AGREES THAT:

Lessor shall not be responsible for power surges, loss of power, outages, shorts in line, nor does Lessor warrant or guarantee voltage or amperage amounts or capacities. Lessor shall not be responsible for damage to property, including but not limited to saws, hand tools, compressors, clocks, phone, radio, computers, copiers, etc.

1. All rentals under the agreement are payable upon receipt of invoice. Rental starts immediately upon delivery to Lessee at Lessor's warehouse and shall continue until the rental period set forth in this agreement has expired or until Lessee has notified Lessor in writing of his intent to terminate this agreement, whichever is later; in no event shall the term of this rental agreement expire prior to Lessee returning equipment to Lessor's warehouse. No deductions will be made for Sundays, holidays, or time in transit or for any period of time equipment may not be in actual use while in Lessee's possession. All transportation or trucking charges to be paid by Lessee.
2. In the event any equipment is damaged or missing, Lessee shall pay to Lessor the reasonable replacement value of said equipment to be determined at the sole discretion of the Lessor.
3. Lessee shall not utilize the leased equipment beyond its rated electrical capacity.
4. Lessee shall indemnify, defend and hold harmless all claims, demands, and liabilities of every nature arising from Lessee's utilization of the equipment under this agreement, unless solely caused by the negligence of the Lessor, including costs of suit, expenses and reasonable attorney's fees. This indemnification applies to claim, demand and liability for injuries occurring after and during the performance under this agreement and extends to claims, demands and liability for injury contributed to by the negligence or other misconduct of Lessee unless due to the sole negligence or misconduct of the Lessor as long as the injury is caused in part by the negligence or misconduct of Lessee or by his employees, agents or other related entities.
5. In the event of a disagreement arising out of this agreement, the prevailing party will be entitled to reasonable attorney's fees.

Payments shall be made by customer upon receipt of an invoice from Power Plus! Power Plus! reserves the right to discontinue service to any delinquent account. Customer agrees to pay a processing fee of 1.5% of the unpaid balance. Should Power Plus! receive a payment on your account noted "payment in full" or a similar phrase, the payment will be applied to your account. However, our processing the payment does not in any way relieve you of any obligation to pay remaining balances on your account. Power Plus! honors customer's request for equipment pick up on the date the request is made; therefore the charges for each request shall not be subject to any proration.

RENTALS ARE BILLED ON A 4-WEEK MONTH

Grossmont Union High School AGREES TO PROVIDE THE FOLLOWING:

1. Provide Lessor with exact pole locations prior to installation and/or relocation of poles and hold Lessor harmless of damage to underground utilities.
2. For poles that need to be hand set or hand pulled, there will be minimum charge of $20.00 per pole.
3. Payment of all electrical bills.
4. Payment for damaged or missing equipment.
5. Payment for relocating equipment.
6. Payment for special equipment needed for severe dipping conditions.

Grossmont Union High School AGREES THAT:

Lessor shall not be responsible for power surges, loss of power, outages, shorts in line, nor does Lessor warrant or guarantee voltage or amperage amounts or capacities. Lessor shall not be responsible for damage to property, including but not limited to items, hand tools, compressors, clocks, phone, radio, computers, copiers, etc.

1. All rentals under the agreement are payable upon receipt of invoice. Rental starts immediately upon delivery to Lessee at Lessor's warehouse and shall continue until the rental period set forth in this agreement has expired or until Lessee has notified Lessor in writing of his intent to terminate this agreement, whichever is later; in no event shall the term of this rental agreement expire prior to Lessee returning equipment to Lessor's warehouse. No deductions will be made for Sundays, holidays, or time in transit or for any period of time equipment may not be in actual use while in Lessee's possession. All transportation or hauling charges to be paid by Lessee.
2. In the event any equipment is damaged or missing, Lessee shall pay to Lessor the reasonable replacement value of said equipment to be determined at the sole discretion of the Lessor.
3. Lessee shall not utilize the leased equipment beyond its rated electrical capacity.
4. Lessee shall indemnify, defend and hold harmless all claims, demands, and liabilities of every nature arising from Lessee's utilization of the equipment under this agreement, unless solely caused by the negligence of the Lessor, including costs of suit, expenses and reasonable attorney's fees. This indemnification applies to claims, demand and liability for injuries occurring after and during the performance under this agreement and extends to claims, demands and liability for injury contributed to by the negligence or other misconduct of Lessee unless due to the sole negligence or misconduct of the Lessor as long as the injury is caused in part by the negligence or misconduct of Lessee or by his employees, agents or other related entities.
5. In the event of a disagreement arising out of this agreement, the prevailing party will be entitled to reasonable attorney's fees.

Payments shall be made by customer upon receipt of an invoice from Power Plus! Power Plus! reserves the right to discontinue service to any delinquent account. Customer agrees to pay a processing fee of 1.5% of the unpaid balance. Should Power Plus! receive a payment on your account noted "payment in full" or a similar phrase, this payment will be applied to your account. However, our processing the payment does not relieve you of any obligation to pay remaining balances on your account. Power Plus! holds Lessee's credit card for equipment pick-up on the date the request is made; therefore the charges for such a request shall not be entitled to any proration.

RE: Grossmont High School Science and Locker Room Buildings
Retention billing through June 2009

Dear Sean:

Please find attached a copy of the June 2009 billing, which shows $268,249.20 held in retention through June 30, 2009. Per the terms of our escrow agreement please release the retention for this period, $57,570.60, to California Bank and Trust.

From	To	Cumulative Retention	Retention for Period
NTP	5/31/2009	$210,678.60	$210,678.60
6/1/2009	6/30/2009	$268,249.20	$57,570.60

Please contact me if you have any questions.

Respectfully,

Daniel Luker
Project Manager

Since all containers are "used", sold as is, no warranty applicable, with all faults. It is expressly understood that Aztec Technology Corp. makes no warranties other than those appearing in this agreement and there are no implied warranties, either of merchantability or fitness for a particular purpose, in connection with the lease of this equipment. Buyer shall not attach container to realty, so as to convert container to fixture status, until full payment has been received by seller. Upon an event of default, the total debt remaining shall be immediately due and payable, and seller shall have the right to re-possess the container and enforce its remedies as a secured party pursuant to the law in the state where purchaser or renter executes this agreement. Should any legal action be brought to recover possession of the container, or determine the rights of the parties or their successors in interest under this agreement, the prevailing party shall be entitled to recover reasonable attorney fees from the losing party. Seller retains and buyer grants a security interest in the container, as security for performance of all of the buyer's obligations under this agreement. Buyer shall not transfer, assign, sell, hypothecate or encumber the container at any time without seller's prior written consent.

Since all containers are "used" status is, no warranty applicable, with all faults. It is agreed that there are no express warranties other than those appearing in this agreement and there are no implied warranties, either of merchantability or fitness for a particular purpose, in connection with the lease of this equipment. Buyer shall not attach container to realty, so as to convert container to fixture status, until full payment has been received by seller. Upon an event of default, the entire debt remaining shall be immediately due and payable, and seller shall have the right to re-possess the container and enforce its remedies as a secured party pursuant to the law in the state where purchaser or renter executes this agreement. Should any legal action be brought to recover possession of the container, or determine the rights of the parties or their successors in interest under this agreement, the prevailing party shall be entitled to recover reasonable attorney fees from the losing party. Seller retains and buyer grants a security interest in the container, to secure payment and performance of all of the buyer's obligations under this agreement. Buyer shall not transfer, assign, sell, hypothecate or encumber the container at any time without seller's prior written consent.

Grossmont Union High School District

NOTICE OF CORRECTION OF INVOICE

AGENCY: GROSSMONT UNION HIGH SCHOOL DISTRICT	REASON (S) FOR CORRECTION: SEE BELOW
BY: Sean R. Dunbar	OTHER REASONS:
TITLE: Prop H Program Controls Mgr. / DATE: 12/15/2008	

TO: Ninyo & Moore
5710 Ruffin Road
San Diego, Ca. 92123

INVOICE NUMBER:

DATE OF INVOICE: 12/15/2008

AMOUNT:

CORRECTED AMOUNT: $ 7,615.34

Reason (s) for the correction:

1 Negotiations were held with Ninyo & Moore on 12/12/08 and it was determined and agreed by both the District and Consultant that a final payment, less the cost of the Final PEA that was not provided, would be acceptable to close out the current contract. This payment does not have backup and will only be exhausting a portion of the remaining funds that are currently encumbered on PO 08-11728 to finalize the contractual agreement.

(9/19/2008) Steve Dow - HHS & GHS Fire Flow Checks Page

From: "La Quire, Jennette" <jmlaquire@hedev.com>
To: "Debbie Murray" <dmurray@guhsd.net>, "Steve Dow" <Sdow@guhsd.net>
Date: 9/19/2008 4:11 PM
Subject: HHS & GHS Fire Flow Checks

Helix 3A

Debbie & Steve,

In order to order the Fire Flow tests the Helix Water District needs a check for each campus. Please prepare a check in the amount of $274 for each campus made out to the "Helix Water District" and let me know when it's ready for pick-up. I'll then order the fire flow tests. Note:
The Fire Flow test takes two weeks and we will be in for DSA back check within a month so we need the checks ASAP.

Thank you,

Jennette

Jennette, the water main estimate is about 70% complete. As far as I know, we have not received any money ($145.00 planning file and $930.50 water main estimate fee) to open a planning file or pay for the water main estimate preparation. We will continue to move forward with the WM estimate but do need to get the check.

Chris,

This is just a follow up message to make sure you received the drawings on October 15th and to also inquire on the progress of your review. Please let us know when you will be complete so we can make any recommended changes to our drawings if necessary. Also let us know if you are still awaiting a check from the district.

Thank you for your attention to this matter and contact me at any time should you have any questions or concerns.

Sir or Madam:

In accordance with your request, we have prepared this estimate. We wish to emphasize that this is an estimate (not a bid or firm amount) and final District charges will be determined by actual cost. This estimate does not include meter fees or County Water Authority Capacity Charges. The District does not guarantee water service until all water meter and capacity fees are paid.

Prior to the start of work, the District will require that you enter into a formal agreement, copies of which are enclosed for your information, which will set forth the District requirements for construction of the water facilities. The District can provide letters stating that financial arrangements have been made after the agreement has been completed.

All work shall be designed and constructed per Water Agencies Standard (W.A.S.) Specifications and Drawings. These standards may be downloaded at www.wbecs.com.

Prior to filing a Notice of Completion on the project, the District will analyze the financial status of the project. If District costs have exceeded the estimate, the Developer will be billed the additional cost which must be received by the District prior to filing the Notice of Completion. If sufficient funds are available to cover District costs on the project, the excess funds will be refunded to the depositor approximately six weeks after the Notice of Completion has been filed by the District.

The members of our Staff are always ready to be of service to you.

Very Truly Yours

11/7/09

SITE MAP, NOT TO SCALE

NOTES:

1. DISTRICT TO INSTALL 8" TEE, 8" GV & 8" WATER GV, SET GATE WELLS AND CAPS, BACKFILL, COMPACT TRENCH AND MAKE TEMPORARY PAVEMENT REPAIRS; CONTRACTOR TO CONNECT TO 8" GV WITH 8" CL 305 PVC RESTR GATE WELL AND CAP, BACKFILL, COMPACT TRENCH AND MAKE PERMANENT PAVEMENT REPAIRS PER AGENCY OF JURISDICTION.
2. AN ON-SITE AND OFF-SITE DRAINAGE SYSTEM SHALL BE DESIGNED TO CONVEY A MINIMUM OF 4,000 CFS 100YR/6 HR. FAILURE OF PUBLIC WATER FACILITIES OCCUR OR FROM FULL-FLOWING OF FIRE HYDRANT, STREET DRAINAGE ACROSS UNPAVED AND/OR LANDSCAPED AREAS IS NOT ACCEPTABLE.
3. OWNER SHALL CONVEY TO DISTRICT EASEMENTS COVERING THE PROPERTY, WHERE THE FACILITIES ARE NOT LOCATED IN A DEDICATED STREET, PRIOR TO INSTALLATION OF ANY WATER FACILITIES. EASEMENTS SHALL BE THE FULL WIDTH OF DRIVEWAY AND/OR DRIVE LANES, AND IN NO CASE SHALL THE EASEMENT BE LESS THAN 20 FEET IN WIDTH. WATER FACILITIES IN EASEMENT SHALL BE PROVIDED WITH A MINIMUM 10-FOOT-WIDE ASPHALT PAVEMENT. WATER MAIN SHALL BE INSTALLED A MINIMUM OF 4 FEET FROM THE EDGE OF AND UNDER THE PAVEMENT. WHERE FENCES ARE CONSTRUCTED ACROSS EXISTING OR PROPOSED EASEMENTS, A 20 FOOT WIDE DOUBLE GATE WITH DISTRICT FURNISHED LOCK SHALL BE PROVIDED.
4. DISTRICT TO CUT AND PLUG THE EXISTING 8" WATER MAIN EAST OF THE EXISTING FIRE HYDRANT, BACKFILL, COMPACT TRENCH AND MAKE TEMPORARY PAVEMENT REPAIRS; CONTRACTOR TO REPAIR CHAIN LINK FENCE IF NECESSARY, RECOMPACT TRENCH AND MAKE PERMANENT PAVEMENT REPAIRS PER AGENCY OF JURISDICTION.
5. THE PROPOSED FIRE HYDRANT SHALL BE INSTALLED IN AN AREA PROTECTED WITH CURBS OR PROTECTIVE POSTS.
6. BACKFLOW PREVENTION WILL BE REQUIRED FOR THE FIRE SPRINKLER SYSTEM. CONTACT THE DISTRICT'S CROSS-CONNECTION CONTROL COORDINATOR AT 619 667-0216.
7. DEVELOPER/CONTRACTOR SHALL INSTALL ONLY HIGH EFFICIENCY APPLIANCES. USE ONLY HIGH EFFICIENCY TECHNOLOGIES AND LANDSCAPE USING LOW WATER USE PLANTS. DEVELOPER/CONTRACTOR SHALL COORDINATE THE INSTALLATION OF WATER EFFICIENT APPLIANCES, TECHNOLOGIES AND LANDSCAPING WITH HELIX WATER DISTRICT REPRESENTATIVE. PLEASE CONTACT JEFF BARNES AT (619) 667-6202 FOR PLUMBING INSPECTION AND COORDINATION.

Subject: Helix Water Separation

Hi Mike - I met with the Helix Water District this morning to begin the process of the water separation design. The Water District will need a check from you for the amount of $493.00 ($345.00 for field estimate & $148.00 for Planning File).

I would also like to set up a meeting with yourself, Dave Fine for Irrigation, Gale Mellck, & Ken Britschgi so we can coordinate all of our efforts and make sure everything is covered. Please let me know if that is something that can be coordinated. We would like to schedule the meeting the beginning of next week if possible.

Thanks,
Sandi

Special conditions and warranty shall be as follows: If no warranty applicable, so state. It is agreed that there are no express warranties other than those appearing in this agreement and there are no implied warranties, either of merchantability or fitness for a particular purpose, in connection with the lease of this equipment. Buyer shall attach container to realty, so as to convert container to fixture status, until all payment has been received by Seller. Upon an event of default, the total debt remaining shall be immediately due and payable, and Seller shall have the right to repossess the container and enforce its remedies as a secured party pursuant to the law in the state where purchase or rental occurs this agreement. Should any legal action be brought to recover possession of the container or otherwise the rights of the parties or their successors in interest under this agreement, the prevailing party shall be entitled to recover reasonable attorney fees from the losing party. Seller retains and buyer grants a security interest in the container to secure payment and performance of all of the buyer's obligations under this agreement. Buyer shall not transfer, assign, sell, hypothecate or encumber this container at any time without seller's prior written consent.
