Subject: RE: VHS & MVHS Science Fire Dept Submittal

Scott & Janea,

The plan reviews for VHS & MVHS, by the San Miguel Fire Department, have been completed and the drawings are ready for pick-up. In order for me to pick them up I'll need a check for each campus from the district. Please have a check for $206.00 made out to the San Miguel Fire Dept. made for VHS and another for MVHS. Let me know when the checks are ready and I'll pick them up.

Thanks,
Jennette

Hi Jennette,
10-4 , We will process the checks as soon as we receive your request with the amounts. At DSA for ECVHS and GHHS yesterday, they were quite adamant about having the fire water flow data, has that been acquired yet?

Subject: SHS - Fire Flow Check

Janea,

Please have a check in the amount of $380.00 made out to the Padre Dam Municipal Water District prepared for the Santana HS Science Building fire flow test. I will pick up the check once it is ready. We need this check very soon as our back check appointment for this site is scheduled for October 14, 2008 and the water district needs a week to conduct the test.

Thanks,

Scott & Janea,

The plan reviews for VHS & MVHS, by the San Miguel Fire Department, have been completed and the drawings are ready for pick-up. In order for me to pick them up I'll need a check for each campus from the district. Please have a check for $206.00 made out to the San Miguel Fire Department made for VHS and another for MVHS. Let me know when the checks are ready and I'll pick them up.

Thanks,
Jennette

HI Jennette,
10-4 , We will process the checks as soon as we receive your request with the amounts. At DSA for ECVHS and GHHS yesterday, they were quite adamant about having the fire water flow data, has that been acquired yet?

Whitney,

Does the check need to be made to the San Diego County Clerks office, or is San Diego County Office suffient?

Need to know specifically how the check needs to be made out, our system is specific, will determine what kind of paperwork needs to be generated.

Please advise.

Janea

Hi there, I was just checking to see if any comments had been received on the MND. I know the closing period ends today, so if you could tell me if anything arrives by COB today that would be great. Assuming no comments were received, I will provide you with a Notice of Determination (NOD) tomorrow. I have provided instructions below on how to file the NOD:

1. Once the MND has been adopted by your Board, you will have 5 working days to file the NOD with the County Clerk (same one we used for the NOI/NOA). Assuming the MND is adopted/certified on January 15th, you will have until January 22, 2009 to file the NOD.

2. All projects that required discretionary approvals from any state agency (Division of State Architects in this case) must also file the NOD with the State Clearinghouse and as part of this process must show proof that the environmental filing fee of $1,250 was paid to the County Clerk.

3. A check in the amount of $1,250 made out the County of San Diego
