Subject: Test Claim No. CSM-4419 from the San Ramon Valley Fire Protection District based on the 1990 California Fire Incident Reporting System (CFIRS) Manual

This is in response to your January 15, 1992 memorandum requesting our recommendation on the merits of this test claim by July 2, 1992. We have discussed the matter with representatives of the State Fire Marshal's Office and have been advised that they will be requesting a continuance of the scheduled August 27, 1992 hearing on the claim so that they can complete their preparation of their recommendation to the Commission. That being the case, we believe that it is appropriate for us to defer our recommendation until action on that request is taken.

If you have any questions or comments on this memorandum, please contact James Apps of my staff at 324-0043.
