Dear Mr. Hanson:

On January 22, 2016 the Commission on State Mandates (Commission) adopted the decision on the adequate showing issue for the above-named matter and directed staff to notice a second hearing to determine whether to adopt a new test claim decision to supersede the previously adopted test claim decision. The adopted decision is enclosed. The draft proposed decision for the second hearing and the draft expedited amendment to parameters and guidelines are enclosed for your review and comment.

Written Comments on Second Hearing Draft Proposed Decision

Written comments may be filed on the draft proposed decision by **February 16, 2016**. The second hearing draft proposed decision is set for hearing on **March 25, 2016**.

Written Comments on Draft Expedited Amendment to Parameters and Guidelines

Staff has prepared a draft expedited amendment to parameters and guidelines for adoption at the March Commission hearing. The draft expedited amendment to parameters and guidelines is set for hearing on **March 25, 2016** and will only be taken up if the Commission first approves the request for redetermination.

Review of Draft Expedited Amendment to Parameters and Guidelines. Comments may be filed on the draft expedited amendment to parameters and guidelines by **February 16, 2016**. (Cal. Code Regs., tit. 2, § 1183.9(b).)

Rebuttals. Written rebuttals may be filed within 15 days of service of the comments. (Cal. Code Regs., tit. 2, § 1183.9(c).)

You are advised that comments filed with the Commission are required to be simultaneously served on the other interested parties on the mailing list, and to be accompanied by a proof of service. However, this requirement may also be satisfied by electronically filing your

documents. Please see <http://www.csm.ca.gov/dropbox.shtml> on the Commission's website for instructions on electronic filing. (Cal. Code Regs., tit. 2, § 1181.3.)

If you would like to request an extension of time to file comments, please refer to section 1187.9(a) of the Commission's regulations.

Hearing

The second hearing on the request for a mandate redetermination is set for **Friday, March 25, 2016**, at 10:00 a.m., State Capitol, Room 447, Sacramento, California. Additionally, the expedited amendment to the parameters and guidelines is also set for hearing on **Friday, March 25, 2016**, but will only be taken up if the Commission first approves the request for redetermination.

The proposed decision for the second hearing and the proposed decision and amendment to parameters and guidelines will be issued on or about March 11, 2016. Please let us know in advance if you or a representative of your agency will testify at the hearing, and if other witnesses will appear. If you would like to request postponement of the hearing, please refer to section 1187.9(b) of the Commission's regulations.

Sincerely,

Heather Halsey

Department of Finance, Requester

EXECUTIVE SUMMARY

Overview

On August 24, 2000, the Commission on State Mandates (Commission) adopted the Statement of Decision for the *Immunization Records: Hepatitis B*, 98-TC-05 test claim. The Commission found that the test claim statutes and regulations imposed various requirements on school districts relating to immunizations for mumps, rubella, and hepatitis B for pupils entering or advancing in school. The Commission found that the test claim statutes and regulations imposed a reimbursable state-mandated program on school districts within the meaning of article XIII B, section 6 of the California Constitution for the following activities:

- Request and review lawful exemption or proof of immunization against mumps, rubella, and hepatitis B for each pupil seeking admission to school in the state for the first time.
- Record each pupil's immunization for, or exemption from, mumps, rubella, and hepatitis B on an immunization record and maintain the form in the pupil's permanent record.
- Request and review lawful exemption or proof of immunization against hepatitis B from each pupil advancing to the seventh grade.

- Conditionally admit any pupil who has not been fully immunized as required by law; notify the parents or guardians of the deadline to complete the required immunizations; and review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized.
- Notify parents or guardians of the requirement to exclude a pupil from school if proof of required immunization or lawful exemption is not timely received after notification, and exclude if required; refer parents or guardians to medical professionals for provision of the immunizations, or notify them that the immunizations will be administered at a school of the district.
- Record and maintain documents of each pupil's immunization record or lawful exemption, and maintain the documents in each pupil's permanent record; collect data and prepare reports for the DPH and county health departments.

This mandate finding was based, in part, on Health and Safety Code section 120335(c) which, as added by Statutes 1997, chapter 882 provided:

On and after July 1, 1999, the governing authority shall not unconditionally admit any pupil to the 7th grade level, nor unconditionally advance any pupil to the 7th grade level, . . . unless the pupil has been fully immunized against hepatitis B.

The Department of Finance (Finance) alleges that Statutes 2010, chapter 434, constitutes a subsequent change in the law that modifies the state's liability for the *Immunization Records – Hepatitis B*, 98-TC-05 program. Statutes 2010, chapter 434, section 2, amended Health and Safety Code section 120335(c) to provide as follows:

Commencing July 1, 2011, notwithstanding subdivision (b), full immunization against hepatitis B shall not be a condition by which the governing authority shall admit or advance any pupil to the seventh grade level of any private or public elementary or secondary school.

The 2010 statute did not change the requirements relating to the immunizations for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time.

Procedural History

On June 29, 2015, Finance filed a request for redetermination of *Immunization Records: Hepatitis B*, 98-TC-05, establishing the potential period of reimbursement for a new test claim decision beginning July 1, 2013.¹ On January 22, 2016, the Commission adopted the first hearing decision on this mandate redetermination, finding that Finance made an adequate showing that the request identified a subsequent change in law, as defined, that may modify the state's liability for this program such that Finance had a substantial possibility of prevailing at this second hearing. On January 26, 2016, Commission staff issued the draft proposed decision for the second hearing and the draft amendment to parameters and guidelines.

¹ Government Code section 17570(f).

Commission Responsibilities

Government Code section 17570 provides a process whereby a previously determined mandate finding can be redetermined by the Commission based on a subsequent change in law. The redetermination process provides for two hearings. With regard to the second hearing, the Commission's regulations state:

If the Commission proceeds to the second hearing, it shall consider whether the state's liability pursuant to article XIII B, section 6(a) of the California Constitution has been modified based on the subsequent change in law alleged by the requester, thus requiring adoption of a new test claim decision to supersede the previously adopted test claim decision.²

Therefore, the issue before the Commission at this second hearing is whether the state's liability has been modified based on a subsequent change in law, as defined in section 17570, thus requiring adoption of a new test claim decision to supersede the previously adopted test claim decision, reflecting the state's modified liability.

Staff Analysis

Statutes 2010, Chapter 434, a Subsequent Change in Law, Has Modified the State's Liability for the *Immunization Records-Hepatitis B* Program.

Statutes 2010, chapter 434 amended Health and Safety Code section 120335(c), to provide that the full immunization against hepatitis B shall *not* be a condition by which a school district shall admit or advance any pupil to the seventh grade. Statutes 2010, chapter 434, therefore eliminates the prior condition that pupils be fully immunized against hepatitis B before a school district can admit or advance a pupil into the seventh grade.

Although Statutes 2010, chapter 434, does not expressly amend the other statutes and regulations approved by the Commission in *Immunization Records – Hepatitis B*, 98-TC-05, that actually mandate the requirements to implement the program with respect to all required immunizations, including proof of full hepatitis B immunization (i.e., three shots) for students entering the seventh grade, these statutes and regulations are affected by this subsequent statute and must be read consistent with the 2010 change in law. Under the rules of statutory construction, Health and Safety Code section 120335, as amended by Statutes 2010, chapter 434, must be construed in context, keeping in mind the nature and obvious purpose of the statute so as to make sense of the entire statutory and regulatory scheme.³

As construed in context and analyzed more specifically herein, staff finds that the 2010 statute constitutes a subsequent change in law that modifies the state's liability for this program, requiring the Commission to adopt a new test claim decision to supersede the previously adopted test claim decision, reflecting the state's modified liability for this program. As a result of the 2010 statute, and except for the mandated activity defined in Section IV.E.1 of the parameters and guidelines, school districts no longer incur increased costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government

² Register 2014, No. 21.

Code section 17514 to perform the activity identified in section IV. B. In addition, the activities identified in sections C through E of the parameters and guidelines *as they relate to the hepatitis B immunization for pupils advancing to the seventh grade only are no longer mandated by the state.*

However, the activity identified in Section IV.E.1 of the parameters and guidelines is mandated by Health and Safety Code section 120375(a), which requires school districts to *maintain in each pupil's permanent record* a copy of the document verifying the immunization or exemption for the hepatitis B immunization formerly required by section 120335 for pupils advancing into the seventh grade. Section 437(b) of the California Department of Education's (CDE's) Title 5 regulations defines "mandatory permanent pupil records" as those records required to "be preserved in perpetuity by all California schools." Thus, the requirement in Health and Safety Code section 120375(a) to maintain the records in each pupil's permanent record is still mandated by the state and has not been changed by the 2010 subsequent change in law. Therefore, continuing costs incurred to maintain the records already received under former Health and Safety Code section 120335 for the hepatitis B booster are still mandated by the state and remain eligible for reimbursement.

In addition, the 2010 statute did not modify the immunization requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time and these immunizations continue to be listed in the table of required immunizations in section 6020 of the Title 17 regulations. Thus, all reimbursable activities identified in Section IV.A, and C through E of the parameters and guidelines as they relate to the immunization requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time, continue to impose costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 and, thus, remain eligible for reimbursement.

Accordingly, staff finds that the following activities do not impose costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514, and are no longer eligible for reimbursement beginning July 1, 2013:

- The activity identified in Section IV.B of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, to request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999. (Health & Saf. Code, §§ 120325, 120335(c); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)
- The following activities identified in Section IV. C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, as they relate to the hepatitis B immunization for pupils advancing into the seventh grade:
 - Conditionally admit any pupil who has not been fully immunized by notifying parents or guardians of the date by which the pupil must complete the required immunizations. (Health & Saf. Code, §§ 120325, 120340; Cal. Code Regs., tit. 17, § 6035.)

- Review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070(e).)
- Notify parents or guardians of the requirement to exclude the pupil from school if written evidence either that the pupil has been properly immunized or qualified for an exemption is not presented within 10 school days after notification. (Ed. Code, § 48216(b); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6040.)
- Refer the parents or guardians to a physician, nurse, or county health department for review of immunization records and provision of required immunizations, or notify them that the immunizations will be administered at a school of the district. (Ed. Code, § 48216(c); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6065(c).)
- Exclude pupils from school attendance when written evidence of additional doses is not presented within ten days of parental notification. (Ed. Code, § 48216(a); Health & Saf. Code, §§ 120325, 120375(b); Cal. Code Regs., tit. 17, § 6055.)
- Record each pupil's immunization for, or exemption on an immunization record. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Document additional vaccine doses on the pupil's immunization record as they are administered. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Collect data and prepare reports annually on immunization status for the Department of Health Services. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)
- Prepare follow-up or additional reports upon request by county health departments and the state. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)

Staff further finds that the following activities have not been modified by Statutes 2010, chapter 434, continue to impose costs mandated by the state, and remain reimbursable:

- The activity identified in Section IV.E.1 of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, to *maintain in each pupil's permanent record* a copy of the document verifying the immunization or exemption from the hepatitis B immunization formerly required by section 120335 for pupil's advancing into the seventh grade.
- The reimbursable activity identified in Section IV.A, and all reimbursable activities identified in Sections C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 as they relate to the immunizations requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time.

Staff Recommendation

Staff recommends that the Commission adopt this proposed decision as its new test claim decision, modifying reimbursable activities for costs incurred beginning July 1, 2013.

Staff further recommends that the Commission authorize staff to make any non-substantive, technical changes to the proposed new test claim decision following the hearing.

OF REGULATIONS, TITLE 2,
DIVISION 2, CHAPTER 2.5,
ARTICLE 7.

(Adopted March 25, 2016)

DECISION

The Commission on State Mandates (Commission) heard and decided this mandate redetermination during a regularly scheduled hearing on March 25, 2016. [Witness list will be included in the adopted decision.]

Government Code section 17570 and section 1190 et seq. of the Commission’s regulations establish the mandate redetermination process. The law applicable to the Commission’s determination of a reimbursable state-mandated program is article XIII B, section 6 of the California Constitution, Government Code section 17500 et seq., title 2, California Code of Regulations 1181.1 et seq., and related case law.

The Commission [adopted/modified] the proposed decision as its new test claim decision to supersede the previous test claim decision by a vote of [vote count will be included in the final decision] as follows:

Member	Vote
Ken Alex, Director of the Office of Planning and Research	
Richard Chivaro, Representative of the State Controller, Vice Chairperson	
Mark Hariri, Representative of the State Treasurer	
Sarah Olsen, Public Member	
Eraina Ortega, Representative of the Director of the Department of Finance, Chairperson	
Carmen Ramirez, City Council Member	
Don Saylor, County Supervisor	

Summary of Findings

The Commission finds that the state’s liability pursuant to article XIII B, section 6(a) of the California Constitution, for proof of immunization against hepatitis B for students entering into the seventh grade under the *Immunization Records – Hepatitis B*, 98-TC-05 mandate has been modified based on a subsequent change in law, and that a new test claim decision must be adopted to supersede the previously adopted test claim decision. Specifically, Statutes 2010, chapter 434 amended Health and Safety Code section 120335(c) to eliminate the condition that pupils be fully immunized against hepatitis B before a school district can advance a pupil into the seventh grade.

Based on the analysis herein, the Commission concludes that the following activities do not impose costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514, and are no longer eligible for reimbursement beginning July 1, 2013:

- The activity identified in Section IV.B of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, to request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999. (Health & Saf. Code, §§ 120325, 120335(c); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)
- The following activities identified in Section IV. C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 as they relate to the hepatitis B immunization for pupils advancing into the seventh grade:
 - Conditionally admit any pupil who has not been fully immunized by notifying parents or guardians of the date by which the pupil must complete the required immunizations. (Health & Saf. Code, §§ 120325, 120340; Cal. Code Regs., tit. 17, § 6035.)

- Review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070(e).)
- Notify parents or guardians of the requirement to exclude the pupil from school if written evidence either that the pupil has been properly immunized or qualified for an exemption is not presented within 10 school days after notification. (Ed. Code, § 48216(b); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6040.)
- Refer the parents or guardians to a physician, nurse, or county health department for review of immunization records and provision of required immunizations, or notify them that the immunizations will be administered at a school of the district. (Ed. Code, § 48216(c); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6065(c).)
- Exclude pupils from school attendance when written evidence of additional doses is not presented within ten days of parental notification. (Ed. Code, § 48216(a); Health & Saf. Code, §§ 120325, 120375(b); Cal. Code Regs., tit. 17, § 6055.)
- Record each pupil's immunization for, or exemption on an immunization record. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Document additional vaccine doses on the pupil's immunization record as they are administered. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Collect data and prepare reports annually on immunization status for the Department of Health Services. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)
- Prepare follow-up or additional reports upon request by county health departments and the state. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)

The Commission further finds that the following activities have not been modified by Statutes 2010, chapter 434, continue to impose costs mandated by the state, and remain reimbursable:

- The activity identified in Section IV.E.1 of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, to *maintain in each pupil's permanent record* a copy of the document verifying the immunization or exemption from the hepatitis B immunization formerly required by section 120335 for pupil's advancing into the seventh grade.
- The reimbursable activity identified in Section IV.A, and all reimbursable activities identified in Sections C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 as they relate to the immunizations requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time.

COMMISSION FINDINGS

I. Chronology

- 08/24/1998 The Commission adopted the test claim statement of decision.⁴
- 07/31/2003 The Commission adopted the parameters and guidelines.⁵
- 07/01/2011 Statutes 2010, chapter 434 became operative and effective.
- 06/29/2015 The Department of Finance (Finance) filed a request for redetermination on *Immunization Records – Hepatitis B*, 98-TC-05.⁶
- 08/04/2015 The State Controller’s Office (Controller) submitted written comments on the request for redetermination.⁷
- 01/22/2016 The Commission adopted the decision for the first hearing, finding that Finance made an adequate showing that the state’s liability may be modified by a subsequent change in law, and directed staff to set the matter for the second hearing.
- 01/26/2016 Commission staff issued the draft proposed decision for the second hearing and the draft amendment to parameters and guidelines.

II. Background

On August 24, 2000, the Commission adopted the Statement of Decision for the *Immunization Records: Hepatitis B*, 98-TC-05 test claim. The test claim involved various requirements imposed on school districts relating to the immunization requirements for mumps, rubella, and hepatitis B for pupils entering or advancing in school. On July 31, 2003, the Commission adopted parameters and guidelines, which specifically identify the activities mandated by the state that were eligible for reimbursement for all required immunizations. The Commission found that Education Code section 48216 and Health and Safety Code sections 120325, 120335, 120340, and 120375, as amended by the test claim statutes, and California Code of Regulations, Title 17, sections 6020 through 6075 (Register 90, No. 35; Register 80, Nos. 16, 34, 40; Register 86, No. 6; Register 96, No. 13; and Register 97, Nos. 21, 37, 39), imposed a reimbursable state-mandated program on school districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 for the following activities:

- A. Proof of Immunizations for New Entrants: Kindergarteners and/or Out-of-State Transfers
(*Reimbursement period begins: July 1, 1997.*)
1. Request and review lawful exemption from, or proof of, immunization against mumps and rubella from each pupil seeking admission to school in the state for the first time.

(Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)

2. Request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil entering specified institutions in the state for the first time at the kindergarten level after August 1, 1997. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)

B. Proof of Hepatitis B Immunizations for Students Entering Seventh Grade on or after July 1, 1999 (*Reimbursement Period begins: July 1, 1999.*)

1. Request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999. (Health & Saf. Code, §§ 120325, 120335(c); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)

C. Conditional Admission of Pupils and Parent Notification Requirements (*Reimbursement Period begins: July 1, 1997.*)

1. Conditionally admit any pupil who has not been fully immunized for mumps, rubella, and hepatitis B by notifying parents or guardians of the date by which the pupil must complete the required immunizations. (Health & Saf. Code, §§ 120325, 120340; Cal. Code Regs., tit. 17, § 6035.)
2. Review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070(e).)

D. Mandatory Pupil Exclusion and Parent Notification Requirements (*Reimbursement Period begins: July 1, 1998.*)

1. Notify parents or guardians of the requirement to exclude the pupil from school if written evidence either that the pupil has been properly immunized or qualified for an exemption is not presented within 10 school days after notification. (Ed. Code, § 48216(b); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6040.)
2. Refer the parents or guardians to a physician, nurse, or county health department for review of immunization records and provision of required immunizations, or notify them that the immunizations will be administered at a school of the district. (Ed. Code, § 48216(c); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6065(c).)
3. Exclude pupils from school attendance when written evidence of additional doses is not presented within ten days of parental notification. (Ed. Code, § 48216(a); Health & Saf. Code, §§ 120325, 120375(b); Cal. Code Regs., tit. 17, § 6055.)

E. Documentation and Reporting Requirements for Immunizations (*Reimbursement Period begins: July 1, 1997.*)

1. Record each pupil's immunization for, or exemption from mumps, rubella, and hepatitis B on an immunization record and maintain the document in each pupil's permanent record. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, § 6070.)

2. Document additional vaccine doses on the pupil's immunization record as they are administered. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070.)
3. Collect data and prepare reports annually on immunization status for the Department of Health Services. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)
4. Prepare follow-up or additional reports upon request by county health departments and the state. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)⁸

III. Positions of the Parties, Interested Parties, and Interested Persons

A. Department of Finance, Requester

Finance asserts that the enactment of Statutes 2010, chapter 434, constitutes a subsequent change in law that modifies the state's liability for the *Immunization Records – Hepatitis B* program, 98-TC-05 as follows:

Effective July 1, 2011, Chapter 434, Statutes 2010 (AB 354) (as attached), amended Health and Safety Code section 120335 by eliminating the condition that schools could not admit or advance a student to the seventh grade unless the student had been fully immunized against hepatitis B. Since the statute has been amended, no reimbursement for the specified activity is required pursuant to Article XIII B, section 6 of the California Constitution and Government Code section 17514 as of July 1, 2013.⁹

B. State Controller

The Controller states that it “concur[s] with the Department of Finance's request to adopt a new test claim decision and to amend the parameters and guidelines for the *Immunization Records: Hepatitis B* program.”¹⁰

IV. Discussion

Under Government Code section 17570, upon request, the Commission may consider the adoption of a new test claim decision to supersede a prior test claim decision based on a subsequent change in law which modifies the state's liability. California Code of Regulations, title 2, section 1190.5(b)(1) provides that “[i]f the Commission proceeds to the second hearing, it shall consider whether the state's liability pursuant to article XIII B, section 6(a) of the California Constitution has been modified based on the subsequent change in law alleged by the requester, thus requiring adoption of a new test claim decision to supersede the previously adopted test claim decision.”¹¹

⁹ Exhibit A, Request for Redetermination, page 1.

¹⁰ Exhibit D, Controller's Comments on Request for Redetermination, page 1.

¹¹ Register 2014, No. 21.

Therefore, the issue before the Commission at this second hearing is whether the state's liability has been modified based on a subsequent change in law and, if so, whether to adopt a new test claim decision to supersede the previously adopted test claim decision, reflecting the state's modified liability.

A. Statutes 2010, Chapter 434 Constitutes a Subsequent Change in Law Within the Meaning of Government Code Section 17570 That Modifies the State's Liability for the *Immunization Records – Hepatitis B* program, Resulting in No Costs Mandated by the State for Many Activities Relating to the Hepatitis B Immunization for Pupils Advancing to the Seventh Grade.

Government Code section 17570 provides a process whereby a test claim decision may be redetermined and superseded by a new test claim decision if a subsequent change in law, as defined, has modified the state's liability for reimbursement. Pursuant to section 17570, a subsequent change in law is one that (1) requires a finding of a new cost mandated by the state under section 17514; (2) requires a new finding that a cost is not a cost mandated by the state pursuant to section 17556; or (3) is another change in mandates law.

The subsequent change in law alleged here is Statutes 2010, chapter 434. The statute amended Health and Safety Code section 120335(c) to eliminate the condition that pupils be fully immunized against hepatitis B before a school district can advance a pupil into the seventh grade. As described below, the Commission finds that Statutes 2010, chapter 434 constitutes a subsequent change in law within the meaning of Government Code section 17570 that modifies the state's liability for the *Immunization Records – Hepatitis B* program, resulting in no costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 for many activities formerly mandated for the hepatitis B immunization for pupils advancing to the seventh grade.

1. Statutes 2010, chapter 434 constitutes a subsequent change in the law that modifies the state's liability with respect to the hepatitis B immunization for pupils advancing to the seventh grade, requiring the adoption of a new test claim decision to supersede the previously adopted test claim decision.

Before the enactment of Statutes 2010, chapter 434, Health and Safety Code section 120335(c), as last amended by Statutes 1997, chapter 882, provided that:

On and after July 1, 1999, the governing authority shall not unconditionally admit any pupil to the seventh grade level, nor unconditionally advance any pupil to the seventh grade level, of any of the institutions listed in subdivision (b) unless the pupil has been fully immunized against hepatitis B.

The Commission determined in *Immunization Records – Hepatitis B*, 98-TC-05, that Health and Safety Code section 120335(c), as amended by the 1997 statute, generally required "school districts to perform immunization record reviews for all incoming seventh graders for hepatitis B, including all students whose immunization records were checked upon entry to school, [which] increases the paperwork and staff time beyond what was required under prior immunization record requirements and thus constitute[s] a reimbursable state mandate." The Commission further determined that Health and Safety Code section 120375 refers back to the list of immunizations in section 120335, requiring school districts to perform the following

activities for each immunization required, including the hepatitis B immunization for incoming seventh graders:

- Maintain documentary proof of pupil's immunization status in the student's permanent record information, including adding subsequent immunizations to the file;
- File reports on state forms regarding the immunization status of entering students; and
- Prohibit further school attendance of conditionally admitted students who either fail to get their immunizations completed or fail to receive an appropriate exemption from immunizations for health or religious reasons.¹²

The Commission found that Education Code section 48216 requires school districts to perform the following activities for each immunization required:

- Excluding a pupil whose immunizations are not up to date;
- Notifying the parent or guardian of the pupil that they have two weeks to supply evidence either that the pupil has been properly immunized or qualifies for an exemption; and
- Referring the parents to a source of medical care to obtain the immunizations.¹³

The Commission also approved for reimbursement, the regulations in California Code of Regulations, title 17, sections 6020 et seq., which required school districts to perform activities relating to record keeping, reporting, conditionally admitting pupils who have not completed their immunizations, and excluding pupils if the immunization requirements had not been met.¹⁴

Consistent with the decision on the test claim, the parameters and guidelines adopted by the Commission authorize reimbursement for the following activities as they relate to the hepatitis B booster required for pupils advancing to the seventh grade:

B. Proof of Hepatitis B Immunizations for Students Entering Seventh Grade on or after July 1, 1999 (*Reimbursement Period begins: July 1, 1999.*)

1. Request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999. (Health & Saf. Code, §§ 120325, 120335(c); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)

C. Conditional Admission of Pupils and Parent Notification Requirements (*Reimbursement Period begins: July 1, 1997.*)

1. Conditionally admit any pupil who has not been fully immunized for mumps, rubella, and hepatitis B by notifying parents or guardians of the date by which the pupil must complete the required immunizations. (Health & Saf. Code, §§ 120325, 120340; Cal. Code Regs., tit. 17, § 6035.)

¹² Exhibit B, Test claim decision, *Immunization Records – Hepatitis B*, 98-TC-05, page 4.

¹³ Exhibit B, Test claim decision, *Immunization Records – Hepatitis B*, 98-TC-05, page 5.

¹⁴ Exhibit B, Test claim decision, *Immunization Records – Hepatitis B*, 98-TC-05, page 6.

2. Review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070(e).)

D. Mandatory Pupil Exclusion and Parent Notification Requirements
(*Reimbursement Period begins: July 1, 1998.*)

1. Notify parents or guardians of the requirement to exclude the pupil from school if written evidence either that the pupil has been properly immunized or qualified for an exemption is not presented within 10 school days after notification. (Ed. Code, § 48216(b); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6040.)
2. Refer the parents or guardians to a physician, nurse, or county health department for review of immunization records and provision of required immunizations, or notify them that the immunizations will be administered at a school of the district. (Ed. Code, § 48216(c); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6065(c).)
3. Exclude pupils from school attendance when written evidence of additional doses is not presented within ten days of parental notification. (Ed. Code, § 48216(a); Health & Saf. Code, §§ 120325, 120375(b); Cal. Code Regs., tit. 17, § 6055.)

E. Documentation and Reporting Requirements for Immunizations
(*Reimbursement Period begins: July 1, 1997.*)

1. Record each pupil's immunization for, or exemption from mumps, rubella, and hepatitis B on an immunization record and maintain the document in each pupil's permanent record. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, § 6070.)
2. Document additional vaccine doses on the pupil's immunization record as they are administered. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070.)
3. Collect data and prepare reports annually on immunization status for the Department of Health Services. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)
4. Prepare follow-up or additional reports upon request by county health departments and the state. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)

Operative July 1, 2011, Statutes 2010, chapter 434 amended Health and Safety Code section 120335(c), to provide that the full immunization against hepatitis B shall *not* be a condition by which a school district shall admit or advance any pupil to the seventh grade. Statutes 2010, chapter 434, therefore eliminates or removes the condition that pupils be fully immunized against hepatitis B before a school district can admit or advance a pupil into the seventh grade.

Although Statutes 2010, chapter 434, does not expressly amend the other statutes and regulations approved by the Commission in *Immunization Records – Hepatitis B*, 98-TC-05 that actually

mandate the requirements to implement the program with respect to all required immunizations, including the former required hepatitis B booster, these statutes and regulations are affected by this subsequent statute and must be read consistent with the 2010 change in law. Under the rules of statutory construction, Health and Safety Code section 120335, as amended by Statutes 2010, chapter 434, must be construed in context, keeping in mind the nature and obvious purpose of the statute so as to make sense of the entire statutory and regulatory scheme.¹⁵

As construed in context and analyzed more specifically below, the Commission finds that the 2010 statute constitutes a subsequent change in law that modifies the state's liability for this program, requiring the Commission to adopt a new test claim decision to supersede the previously adopted test claim decision, reflecting the state's modified liability for this program. As a result of the 2010 statute, school districts no longer incur increased costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 to perform most of the activities identified in sections IV. B through E of the parameters and guidelines, as they relate to the hepatitis B immunization for pupils advancing to the seventh grade.

2. With the 2010 subsequent change in law, there are no costs mandated by the state to perform the mandated activities identified in Section IV. B, C, and D of the parameters and guidelines as they relate to the hepatitis B immunization for pupils advancing to the seventh grade.

Health and Safety Code section 120335 and section 6020 of the Title 17 regulations list the all the required immunizations for admission and attendance at school, which govern the scope of the mandated program and trigger the remaining requirements in the statutory and regulatory scheme that are imposed on school districts.

Health and Safety Code section 120325 contains the Legislature's statement of intent regarding Health and Safety Code sections 120325 through 120375 for all required immunizations for admission and attendance at school. Section 120325 states that these statutes were enacted to provide "[a] means for the eventual achievement of total immunization of appropriate age groups against the following childhood diseases: [diphtheria, hepatitis B, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox)]." The Legislature also intended the law to provide that:

- Persons required to be immunized be allowed to obtain immunization from whatever medical source they desire, subject only to the condition that the immunization be performed in accordance with the regulations of DPH and that a record of the immunization is made in accordance with the regulations;
- Exemptions from immunization be available for medical reasons or because of personal beliefs; and that
- Adequate records of immunization be kept so that health departments, schools, and other institutions, parents and guardians, and the persons immunized will be able to ascertain

¹⁵ *Molenda v. Department of Motor Vehicles* (2009) 172 Cal.App.4th 974, 992.

that a child is fully or only partially immunized, and that appropriate public agencies will be able to ascertain the immunization needs of groups of children in schools.¹⁶

The Legislature enacted Health and Safety Code section 120330 to direct DPH, in consultation with the California Department of Education (CDE) to adopt and enforce regulations necessary to carry out the statutory scheme on immunizations. Section 6065(a) of the Title 17 regulations provides that there shall be a written record given to the pupil immunized or to his or her parent or guardian by the physician or agency performing the immunization. Section 6065(b) further requires the parent or guardian to show the written record to the school “at the time of the pupil’s admission and at subsequent times when required by the governing authority to determine the pupil’s immunization status.”

Since former Health and Safety Code section 120335(c), required proof of *full* hepatitis B immunization (i.e. three shots) as a condition for advancing into the seventh grade, the Commission determined that school districts are mandated by these statutes and regulations to “request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999.”¹⁷ This activity is included in Section IV. B of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05.

Operative July 1, 2011, Statutes 2010, chapter 434 amended Health and Safety Code section 120335(c) to eliminate the condition that pupils be fully immunized against hepatitis B before a school district can admit or advance a pupil into the seventh grade. To implement this change, DPH adopted emergency regulations to amend section 6020 of the regulations, which also removes hepatitis B for pupils advancing to the seventh grade from the table of required immunizations.¹⁸ Although Finance did not plead the changes in regulation which were adopted as emergency regulations, those regulations may be properly considered as DPH’s interpretation of what is required by section 120335(c) as that statute was amended in 2010. An agency’s interpretation of the meaning and legal effect of a statute it is required to implement is entitled to consideration and respect by the courts.¹⁹

With this subsequent change in law, the requirement to “request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999,” school districts no longer incur costs mandated by the state for this activity.

The same analysis applies to the reimbursable activities identified in Section IV. C of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, which authorize reimbursement for the following activities that govern the conditional admission of a pupil who has not been fully immunized, and the related parent notification requirements of the date by which a pupil must complete all required immunizations:

¹⁶ Health and Safety Code section 120325(b)(c)(d).

¹⁷ Exhibit C.

¹⁸ Register 2011, No. 26, effective June 30, 2011.

¹⁹ *Yamaha Corp. of America v. State Bd. of Equalization* (1998) 19 Cal.4th 1, 7; *Carson Citizens for Reform v. Kawagoe* (2009) 178 Cal.App.4th 357, 368-369.

- Conditionally admit any pupil who has not been fully immunized for mumps, rubella, and hepatitis B by notifying parents or guardians of the date by which the pupil must complete the required immunizations. (Health & Saf. Code, §§ 120325, 120340; Cal. Code Regs., tit. 17, § 6035.)
- Review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070(e).)

The Commission determined that these activities were mandated by Health and Safety Code section 120340 for all required immunizations, which provides that “a person who has not been fully immunized against one or more of the diseases listed in Section 120335 may be admitted by the governing authority on condition that within time periods designated by regulation of the department he or she presents evidence that he or she has been fully immunized against all of these diseases. Section 6035 of the regulations then addresses the conditional admission of a pupil. That section states in relevant part that “any pupil seeking admission to a given public . . . elementary or secondary school, . . . who lacks documentation of having received all the required vaccine doses . . . as specified in Table 1, Section 6020, and has not obtained a permanent medical exemption or a personal beliefs exemption to immunization in accordance with Section 6051, may be admitted conditionally” under specified circumstances. Section 6035 further requires the school to notify “the pupil’s parent or guardian . . . of the date by which the pupil must complete all the required immunizations.” Health and Safety Code section 120375(a) and section 6070(e) of the regulations then require the school to review the immunization record of each pupil admitted conditionally every thirty days until that pupil has received all the immunizations required by Health and Safety Code section 120355. With the 2010 subsequent change in law amending Health and Safety Code section 120355(c) to remove the condition that pupils advancing into seventh grade provide proof of full immunization against hepatitis B (i.e. all three shots), school districts will no longer incur costs mandated by the state for the activities required by sections 120340 and 120375 of the Health and Safety Code and sections 6035 and 6070(e) of the regulations with regard to Hepatitis B for pupils advancing to seventh grade.

Similarly, Section IV. D of the parameters and guidelines *Immunization Records – Hepatitis B*, 98-TC-05 lists the following mandated activities relating to mandatory pupil exclusions and parent notification requirements:

- Notify parents or guardians of the requirement to exclude the pupil from school if written evidence either that the pupil has been properly immunized or qualified for an exemption is not presented within 10 school days after notification. (Ed. Code, § 48216(b); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6040.)
- Refer the parents or guardians to a physician, nurse, or county health department for review of immunization records and provision of required immunizations, or notify them that the immunizations will be administered at a school of the district. (Ed. Code, § 48216(c); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6065(c).)
- Exclude pupils from school attendance when written evidence of additional doses is not presented within ten days of parental notification. (Ed. Code, §

48216(a); Health & Saf. Code, §§ 120325, 120375(b); Cal. Code Regs., tit. 17, § 6055.)

Education Code section 48216, cited in the bulleted activities above, governs the process to exclude pupils from school who have not been fully immunized and, as determined by the Commission, mandates school districts to perform the following activities for all required immunizations:

- (a) The county office of education or the governing board of the school district of attendance shall exclude any pupil who has not been immunized properly pursuant to Chapter 1 (commencing with Section 120325) of Part 2 of Division 105 of the Health and Safety Code.
- (b) The governing board of the district shall notify the parent or guardian of the pupil that they have two weeks to supply evidence either that the pupil has been properly immunized, or that the pupil is exempted from the immunization requirement pursuant to Section 120365 or 120370 of the Health and Safety Code.
- (c) The governing board of the district, in the notice, shall refer the parent or guardian of the pupil to the pupil's usual source of medical care to obtain the immunization, or if no usual source exists, either refer the parent or guardian to the county health department, or notify the parent or guardian that the immunizations will be administered at a school of the district.

Health and Safety Code section 120375(b) and sections 6040 and 6055 of the regulations also require a school district to prohibit from further attendance any pupil admitted conditionally who fails to timely obtain the required immunizations required by section 120335. Section 6065(c) then states that “when such written records [of immunization] are not available, the pupil shall not be admitted and the parent or guardian shall be referred to a physician or nurse for review of his or her immunization history and provision of immunizations as needed.”

With the 2010 subsequent change in law amending Health and Safety Code section 120355(c) to remove the condition that pupils advancing into seventh grade be immunized with a hepatitis B booster, school districts will no longer incur costs mandated by the state for the activities required by Education Code section 48216, Health and Safety Code section 120375, and sections 6040, 6055, and 6065 of the regulations for this particular immunization as a condition of advancement to the seventh grade.

Accordingly, the Commission finds that with the 2010 subsequent change in law, there are no costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 to perform the mandated activities identified in Section IV. B, C, and D of the parameters and guidelines as they relate to the hepatitis B immunization *for pupils advancing to the seventh grade only*.

3. With the 2010 subsequent change in law, there are no costs mandated by the state to perform the activities required to document and report each pupil’s immunization identified in Section IV. E of the parameters and guidelines as they relate to the hepatitis B immunization for pupils advancing to the seventh grade. However, costs incurred to *maintain* records, which have already been received, of the hepatitis B

immunization for pupils advancing into seventh grade in each pupil's permanent file continue to be mandated by the state and have not been modified by the 2010 statute.

Section IV. E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 identifies the following mandated activities for all required immunizations:

- Record each pupil's immunization for, or exemption from mumps, rubella, and hepatitis B on an immunization record and maintain the document in each pupil's permanent record. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Document additional vaccine doses on the pupil's immunization record as they are administered. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Collect data and prepare reports annually on immunization status for the Department of Health Services. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)
- Prepare follow-up or additional reports upon request by county health departments and the state. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)

These bulleted activities are mandated by Health and Safety Code sections 120325(d) and 120375(a), which requires school districts to record all immunizations required by section 120335 for each pupil in the pupil's permanent enrollment and scholarship record. Section 120375(c) and section 6075 of the regulations further require school districts to file written reports to DPH on the immunization status of pupils on an annual basis or as needed during an epidemic.

With the 2010 subsequent change in law amending Health and Safety Code section 120355(c) to remove the condition that pupils advancing into seventh grade be immunized with a hepatitis B booster, school districts will no longer incur costs mandated by the state to record and file reports on this immunization.

However, the activity identified in Section IV.E.1 of the parameters and guidelines, to *maintain in each pupil's permanent record* a copy of the document verifying the immunization or exemption for the hepatitis B immunization formerly required by section 120335 for pupil's advancing into the seventh grade, is still mandated by the state and has not been changed by the 2010 subsequent change in law. Section 437(b) of CDE's Title 5 regulations defines "mandatory permanent pupil records" as those records required to be "preserved in perpetuity by all California schools." Thus, the costs incurred to maintain the records already received under former Health and Safety Code section 120335 are still mandated by the state and eligible for reimbursement.

4. All reimbursable activities identified in the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 as they relate to the required immunizations for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time have *not* been modified by Statutes 2010, chapter 434, and, thus, remain eligible for reimbursement.

The 2010 statute did not modify the immunization requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time and these immunizations continue to be listed in the table of required immunizations in section 6020 of the Title 17 regulations. Thus, all reimbursable activities identified in Section IV.A, C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, as they relate to the immunization requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time, continue to impose costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 and, thus, remain eligible for reimbursement.

B. The Period of Reimbursement for the Loss of Reimbursement Begins July 1, 2013.

According to Government Code section 17570, a redetermination request “shall be filed on or before June 30 following a fiscal year in order to establish eligibility for reimbursement or loss of reimbursement for that fiscal year.” This redetermination request was filed on June 29, 2015, establishing the loss of reimbursement as described above beginning July 1, 2013.

V. Conclusion

Based on the foregoing, the Commission partially approves the request for redetermination and concludes that the following activities do not impose costs mandated by the state within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514, and are no longer eligible for reimbursement beginning July 1, 2013:

- The activity identified in Section IV.B of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, to request and review lawful exemption from, or proof of, immunization against hepatitis B from each pupil advancing to the seventh grade on or after July 1, 1999. (Health & Saf. Code, §§ 120325, 120335(c); Cal. Code Regs., tit. 17, §§ 6020, 6065(b).)
- The following activities identified in Section IV. C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 as they relate to the hepatitis B immunization for pupils advancing into the seventh grade:
 - Conditionally admit any pupil who has not been fully immunized by notifying parents or guardians of the date by which the pupil must complete the required immunizations. (Health & Saf. Code, §§ 120325, 120340; Cal. Code Regs., tit. 17, § 6035.)
 - Review the immunization record of each pupil admitted conditionally every thirty days until the pupil has been fully immunized. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070(e).)
 - Notify parents or guardians of the requirement to exclude the pupil from school if written evidence either that the pupil has been properly immunized or qualified for an exemption is not presented within 10 school days after notification. (Ed. Code, § 48216(b); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6040.)
 - Refer the parents or guardians to a physician, nurse, or county health department for review of immunization records and provision of required

immunizations, or notify them that the immunizations will be administered at a school of the district. (Ed. Code, § 48216(c); Health & Saf. Code, § 120325; Cal. Code Regs., tit. 17, § 6065(c).)

- Exclude pupils from school attendance when written evidence of additional doses is not presented within ten days of parental notification. (Ed. Code, § 48216(a); Health & Saf. Code, §§ 120325, 120375(b); Cal. Code Regs., tit. 17, § 6055.)
- Record each pupil's immunization for, or exemption on an immunization record. (Health & Saf. Code, §§ 120325, 120335(b), 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Document additional vaccine doses on the pupil's immunization record as they are administered. (Health & Saf. Code, §§ 120325, 120375(a); Cal. Code Regs., tit. 17, § 6070.)
- Collect data and prepare reports annually on immunization status for the Department of Health Services. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)
- Prepare follow-up or additional reports upon request by county health departments and the state. (Health & Saf. Code, §§ 120325, 120375(c); Cal. Code Regs., tit. 17, § 6075.)

The Commission further finds that the following activities have not been modified by Statutes 2010, chapter 434, continue to impose costs mandated by the state, and remain reimbursable:

- The activity identified in Section IV.E.1 of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05, to *maintain in each pupil's permanent record* a copy of the document verifying the immunization or exemption for the hepatitis B immunization formerly required by section 120335 for pupil's advancing into the seventh grade.
- The reimbursable activity identified in Section IV.A, and all reimbursable activities identified in Sections C through E of the parameters and guidelines for *Immunization Records – Hepatitis B*, 98-TC-05 as they relate to the immunizations requirements for mumps, rubella, and hepatitis B for pupils seeking admission into school for the first time.
