### Test Claim of City of San Diego

### Racial and Identity Profiling Act of 2015

Government Code 12525.5, Statutes of 2015, Chapter 466 [AB 953] Amending Penal Code Sections 13012 and 13519.4.

#### STATEMENT OF CLAIM

#### **NARRATIVE SUMMARY:**

AB 953 (Exhibit 1) is an exceptionally complex bill. After it was approved by the governor on October 03, 2015 and became effective January 1, 2016, it enacted the following: the Racial and Identity Profiling Act of 2015, the establishment of the Racial and Identity Profiling Board (RIPA), and added Government Code 12525.5.

For purposes of this test claim, it is alleged that Government Code 12525.5, Statutes of 2015, Chapter 466 [AB 953] contains a statutory mandate that requires local agencies that employ peace officers to provide a higher level of service by performing new activities related to the collection and reporting of stop data. As a result, local agencies will incur annual costs from those activities that will exceed \$1,000.00.

AB 953 had initially directed the Attorney General to issue regulations by January 1, 2017 to facilitate the collection and reporting of stop data allegedly mandated by GC 12525.5, but that deadline was altered. AB 1518 (Exhibit 2), Statutes of 2017, Chapter 328, amended Government Code 12525.5, as well as Penal Code 13012, and extended the "date by which the Attorney General is required to issue regulations for the collection and reporting of data to January 1, 2018." AB 1518 also modified the compliance schedule for local law enforcement agencies, with the San Diego Police Department (SDPD) being instructed to collect data on or before July 1, 2018 and reporting it to the Department of Justice on or before April 1, 2019 pursuant to Government Code 12525.5.

Sections 13519.4 (Exhibit 8) and 13012 (Exhibit 9) of the Penal Code related to racial profiling provide additional details regarding who is required to analyze the data, the frequency of that analysis, and the manner in which the collected data shall be reported and published. An explanation of these penal codes is being provided for informational purposes only.

#### SPECIFIC STATUTORY SECTION THAT CONTAIN THE MANDATED ACTIVITIES:

The new activities and costs result from the addition of Government Code 12525.5. Specifically, Government Code 12525.5 (a) (1) (**Exhibit 3**) requires "each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year." Government Code 12525.5 (a) (2), established a compliance schedule based on the size of each local agency, with the San Diego Police Department, and other local law enforcement agencies that employ at least 1,000 peace officers, being instructed to collect stop data pursuant to GC 12525.5(a) (1) on or before July 1, 2018 and submit the data to the Attorney General on or before April 1, 2019.

The minimal reporting requirements allegedly mandated by Government Code 12525.5 (a) (1) are found in subdivisions 12525.5 (b) and 12525.5 (c), and the Attorney General was directed to issue regulations that specify all data to be reported, and provide standards, definitions, and technical specifications to ensure

uniform reporting practices across all reporting agencies pursuant to Government Code 12525.5 (e). Those regulations are found in Title 11 of the California Code of Regulations under sections 999.224, 999.225, 999.226, 999.227, 999.228, and 999.229 (Exhibit 7) (Notice Register Number 2016, 50-2) (Regulatory Action 11/7/17).

Again, Government Code 12525.5 (a) (1) is the specific statute section alleged to mandate the new activities by the state related to the collection and reporting of stop data, with information found under subdivisions 12525.5 (b), 12525.5 (c) and 12525.5 (e) describing how the new mandated activities are accomplished.

#### A) DETAILED DESCRIPTION OF NEW ACTIVITIES AND COSTS THAT ARISE FROM MANDATE:

Government Code 12525.5 (a) (1) mandates "each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year."

In order to comply with this alleged statutory mandate, law enforcement agencies must perform new activities and incur costs from them in many categories as follows:

- 1) Training AB 953, the bill which enacted the alleged mandated statutory section of Government Code 12525.5 (a) (1), requires law enforcement personnel to learn new definitions, software applications for the collection and submission of data, and extensive rules governing exceptions to data collection during stops. Initially, local agencies that employ peace officers will need to update their procedures, policies and provide training related to data collection and reporting as a result of this alleged statutory mandate. Specifically, all sworn members of the San Diego Police Department were required to receive at least 15 minutes of training via an online PowerPoint presentation related to new stop data items to be collected and submitted under Government Code 12525.5 (a) (1), while supervisors were required to receive an additional hour of training to ensure officers assigned to them were accurately collecting and submitting the data pursuant to the alleged mandate. Providing this training is necessary to comply with the stop data collection and submission requirements in the alleged statutory mandate Government Code 12525.5 (a) (1) and the San Diego Police Department's training costs are detailed later in the narrative by the fiscal years in which costs were incurred (Chart 2, Chart 4, Chart 6, Chart 7).
- 2) **Data Collection** law enforcement personnel have many duties required of them pursuant to federal, state, and local laws, as well as agency specific regulations. Government Code 12525.5 (a) (1) provides additional new duties by requiring officers to document and submit information on every stop they make as described under subdivisions 12525.5 (b), 12525.5 (c) and 12525.5 (e). Stop data that must now be collected by law enforcement agencies and submitted per the alleged mandate in GC 12525.5 (a)(1) includes the following: date, time, location and duration of the stop; "perceived" subject information of the person stopped, detained, searched or arrested; reasons provided for the stop, detention, or search, along with a brief narrative description of those reasons; event actions; basis for search and associated narrative; contraband or evidence discovered; basis for property seizure and types of property seized; and final result of the stop or detention.

To determine the activity costs to collect data under the alleged mandate, SDPD's methodology tracked temporal data in the Racial and Identity Profiling Act (RIPA) software application for each step completed. If the application is left open while a RIPA data entry is in progress, the temporal data will reflect additional time that is not reflective of the actual time the officer spent on the RIPA entry process. For this reason, this analysis does not report the total out of service time tracked in the temporal data for RIPA stops, since it would over-report actual time spent by officers. Instead, total activity time for a RIPA stop data entry is derived by multiplying the median out of service time for RIPA stops by the total number of RIPA stops during the period. Based on statistical theory, for data in which outliers will have a significant skewing affect, the median is a more appropriate measure of central tendency (average) than mean.

- SDPD's analysis shows data collection and submission required pursuant to Government Code 12525.5 (a) (1) produces a new median activity time of 2.53 minutes for each stop conducted by an SDPD officer. The DOJ confirmed through field testing that it does take approximately 2.5 minutes to collect the stop data allegedly mandated by GC 12525.5 (a) (1). The DOJ documented their findings in an Economic and Fiscal Impact Statement (STD 399) entitled, "AB 953 Stop Data Reporting Regulations to Implement Gov. Code Section 12525.5" (Exhibit 10). The extended out of service time for officers to perform this activity did not exist prior to the implementation of this alleged state-mandated legislative program and SDPD's new costs related to this activity will be shown later in the narrative by the fiscal years in which costs were incurred (Chart 3, Chart 5).
- 3) **Information Technology** these costs will rise under the statutory mandate, GC 12525.5 (a) (1), in order to obtain, test, process and validate the collected data through hardware and software applications. Different contingency methods, such as paper data collection, also have to be in place in case of computer system failures.

Information Technology costs were relatively minor for the San Diego Police Department, because the San Diego Sheriff's Department provided it with substantial technical support and assistance. Specifically, the Sheriff's Department provided its custom data collection application and submission tools free of charge to SDPD, as well as to other law enforcement agencies required to collect data under the statutory mandate. The application was loaded by Data Systems members onto the San Diego Police Department's desktop and mobile computers so officers could use it to submit the data they collected. Additional testing was done to make sure the software worked properly and all of these activities were needed to comply with GC 12525.5 (a) (1). The specific costs will be explained later in the narrative detailed by fiscal years (Chart 1, Chart 8).

- 4) **Reporting** refers to process of actually reporting the collected data to the DOJ as required by GC 12525.5 (a) (1). However, before data can be reported, it must be reviewed and validated. Also, that data has to be accurate and free of personal identifying information (PII). It took SDPD personnel approximately 240 hours to ensure collected stop data was reported correctly to the DOJ. Again, these costs will be detailed later in the narrative. Reporting to the DOJ was only required in FY2018-2019 and these costs are included with IT staff costs (Chart 8).
- 5) Data storage and release Data collected per the alleged mandated is constantly being sought through California Public Records Act requests. SDPD is not submitting for costs related to storing stop data locally or releasing it publicly, but this is an activity some agencies will undoubtedly incur and quantify costs as a result of GC 12525.5 (a) (1). Data storage can possibly be mitigated by the type of application used to collect and submit data, for instance if data is submitted directly to the DOJ instead of being stored at a local law enforcement agency first to allow for validation and review. Local agencies have discretion over which data collection tools they utilize to comply with the alleged mandate in GC 12525.5 (a) (1).

The new activities described, and costs stemming from them, were not performed by local law enforcement agencies before AB 953 enacted the alleged statutory mandate found in Government Code 12525.5 (a) (1).

## B) <u>DETAILED DESCRIPTION OF THE EXISTING ACTIVITIES AND COSTS BEING MODIFIED</u> BY THIS MANDATE:

While some law enforcement agencies already engaged voluntarily in stop data collection, many did not, and the alleged statutory mandate in GC 12525.5 (a) (1) required the collection and submission of data in ways no local law enforcement agency in the State of California was in compliance with prior to its implementation. This is a result of the regulations, developed per Government 12525.5 (e), that were issued to provide detailed guidance to local law enforcement agencies. This enables them to comply with the specific statutory section that created an alleged state mandate per GC12525.5 (a) (1), "each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year."

Existing activities and costs modified by this mandate will be unique to every agency mostly depending on their staffing, volume of stops conducted, technical capabilities, and whether they were already collecting some stop data elements. As it relates to the San Diego Police Department, the Department already collected data on approximately ten elements related to a traffic stop – primarily on paper forms prior to AB 953 and Government Code it enacted that produced the alleged mandate 12525.5 (a) (1). SDPD's collection of data could be accomplished in a matter of seconds by sworn officers in the field and later entered by data entry personnel without significantly increasing out of service time for sworn officers. Prior to AB 953, SDPD officers could also use their mobile computer to enter stop data, but since SDPD collected very limited stop data elements it could be collected and entered almost instantaneously. This SDPD practice was not mandated by any local, state or federal statutes, and conducted voluntarily by the Department. Additionally, costs related to stop data collection and submission by SDPD, prior to the mandate alleged in GC 12525.5 (a) (1), were viewed as de minimis by police department members and they could have been reduced to zero if the Department chose to stop voluntarily collecting data. This is no longer the case with the activities and costs associated with the alleged state mandate.

As a result of the alleged statutory mandate GC 12525.5 (a) (1), the San Diego Police Department ceased to collect data as it had previously done for 18 years (Exhibit 14). On June 27, 2018, all sworn members of SDPD were ordered to collect and submit data per the alleged statutory mandate, which greatly expanded their duties. Government Code 12525.5 (a)(1) requires data collected on all "stops," which meant SDPD officers were required to continue to collect data on vehicle stops, but now had to collect data on all stops (pedestrians and bicyclists), detentions, searches, including consensual searches, along with interactions that resulted in force being used.

Additionally, under AB 953, specifically GC 12525.5 (a) (1), local law enforcement agencies are mandated to collect data on upwards of 60 data elements depending on the circumstances they encounter during a stop. This represents a significant new state mandate on local agencies with peace officers and triggered opposition (**Exhibit 4**) to the bill's enactment over concerns directly related to new costs and activities.

The law also introduced mandatory narrative sections where SDPD officers are required to explain the reason for their stops and searches. Officers must now submit collected data prior to the end of their shift unless exigent circumstances exist, where prior to the statutory mandate officers could submit their vehicle stop data at a later date.

Out of service time will increase for personnel in every local law enforcement agency falling under the provisions of the alleged mandate and produce increased costs to meet activities required under Government Code 12525.5 (a)(1). For example, SDPD has already collected data from over 159,000 stops (Exhibit 11) to comply with the alleged mandate. At a median of 2.53 minutes per stop to collect and submit data, this results in nearly 6,800 hours of time SDPD officers spent to comply with the mandate related to data collection and submission. These costs began the day SDPD collected data pursuant to GC 12525.5 (a) (1), June 27, 2018.

In terms of technical cost associated with the alleged mandate, SDPD had to obtain and test a new data collection application, along with reporting stop data to the DOJ for the first time per the alleged statutory mandate, GC 12525.5 (a)(1). The data reporting by SDPD to the DOJ was completed just days before the statutory mandated deadline, April 1, 2019, and costs were incurred to prepare, process and validate the submitted data. These costs will explained in detail later in the narrative (Chart 8).

# C. & D. ACTUAL AND/OR ESTIMATED INCREASED COSTS INCURRED BY THE CLAIMANT EXCEEDS ONE THOUSAND DOLLARS (\$1,000).

This alleged state-mandated local program imposed a cost to the City of San Diego in excess of \$1000.00.

The specific statutory mandate being alleged is Government Code 12525.5 (a)(1), which was enacted by AB 953, and states, "Each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding year."

Since AB 953 was signed by the governor on October 3, 2015, and effective January 1, 2016, confusion has arisen over why local law enforcement agencies were not compelled to immediately collect and submit data with the effective date of this bill. The answer is found in reading section (e) of GC 12525.5, which instructed the Attorney General to issue regulations to "ensure uniform reporting practices across all reporting agencies" by January 1, 2017. In essence, local law enforcement agencies could not begin the collection and submission of stop data, as allegedly mandated by 12525.5 (a) (1), until the regulations defining the data to be collected and submitted were completed. Those regulations became effective November 7, 2017, with AB 1518 setting the dates for local law enforcement agencies, like the San Diego Police Department, to begin collecting stop data on or before July 1, 2018 and reporting data to the DOJ on or before April 1, 2019.

To be clear, 12525.5 (a) (1) is the specific section of the alleged statute which mandated local law enforcement agencies to perform new activities and incur costs directly from them. Also, the Legislative Counsel's Digest recognized these new activities and costs in AB 953 and wrote, "By imposing a higher level of service on local entities that employ peace officers, the bill would impose a state-mandated local program."

For the City of San Diego, this higher level of service resulted in actual costs of \$97,367.95 in Fiscal Year (FY) 2017 through 2018 and this is the fiscal year in which the test claim was filed. Those costs are detailed in four charts listed below, with an explanation related to each cost category.

# ACTUAL COSTS INCURRED BY THE CLAIMANT TO IMPLEMENT THE ALLEGED MANDATE DURING THE FISCAL YEAR FOR WHICH THE CLAIM WAS FILED

The claimant's costs for FY2017 - 2018 are described and detailed in the following four charts (1-4):

#### Chart 1 - Information Technology Staff Costs

The IT Team plays an essential role in complying with AB 953 and associated regulations. In FY2017 – 2018, efforts were needed to accomplish the following: integrate the data collection software application to SDPD's existing data and reporting systems and testing the software application prior to allowing it to go "live" on June 27, 2018. This took 50 hours and was done during the week before data collection was ordered.

Chart 1 outlines the IT staff costs to implement the data collection application required to comply with the alleged statutory mandate in GC 12525.5 (a) (1).

#### Chart 2 - Initial Department Wide Training

On June 15, 2018, the San Diego Police Department issued Department Order, OR 18-16 (Exhibit 14), which outlined the stop data collection mandate and reporting requirements of Government Code 12525.5 (a) (1). This date marks the start of the San Diego Police Department initiating activities mandated by the statute alleged and incurring costs personnel costs from it.

The order required all sworn personnel to watch a short presentation to learn the legal requirements of the Racial and Identity Profiling Act, between June 15, 2018 and June 26, 2018, so they would be able to comply with the data collection and submission requirements of GC 12525.5 (a) (1). This training took a minimum of 15 minutes to complete and required the viewer to log into a computer, view a training PowerPoint that is 10 minutes and 52 seconds in length, and confirm completion before logging off and resuming their duties.

Additionally, the order encouraged officers to review the data collection application in SDPD's resource library to facilitate the required data collection under the statutory mandate – GC 12525.5 (a) (1).

Chart 2 was developed from training records (Exhibit 13), which shows the rank of the officer(s) who completed this training and their salary costs related to this activity.

#### Chart 3 - Data Collection

GC 12525.5 (a) (1) requires "each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year." Government Code 12525.5 (a) (2), established a compliance schedule based on the size of each local agency, with the San Diego Police Department, and other local law enforcement agencies that employ at least 1,000 peace officers, being mandated to collect stop data pursuant to these new regulations by July 1, 2018 and submit the data to the Attorney General by April 1, 2019.

Stops with data collected by Reserve Officers were not included above, because the Department does not incur a cost for their services. Additionally, stops where the precise rank of the employee could not be determined, were also excluded rather than included in the lowest cost employee. Since the data must be submitted to the Attorney General, per AB 953, the stops where data was collected and already submitted can be verified for accuracy and must be included in annual public reporting by the RIPA Board.

The San Diego Police Department ordered its sworn personnel to start collecting data on June 27, 2018 (**Exhibit 14**) to test the functionality of its data collection application, as well as to ensure it would be in compliance with the alleged statutory mandate GC 12525.5(a) (1) by July 1, 2018. The cost associated with these new activities are detailed in Chart 3 and detailed by the rank, along with hourly wage, and occurred during June 27, 2018 – June 30, 2018.

### Chart 4 – Program Manager

The San Diego Police Department's RIPA Program Manager is responsible for overseeing the implementation of AB 953, and the alleged statutory mandate under Government Code 12525.5 (a)(1). In FY2017 – 2018, specifically from June 15, 2018 to June 30, 2018 the program manager focused almost exclusively on training SDPD personnel on the statutory mandate and regulations associated with it.

The hours worked by the RIPA Program Manager, a police lieutenant, included developing training for all Department members, providing line-up training at 9 patrol divisions on all three watches, as well conducting training at traffic and with investigative units spread throughout the Department.

# ACTUAL COSTS INCURRED BY THE CLAIMANT TO IMPLEMENT THE ALLEGED MANDATE DURING THE FISCAL YEAR IMMEDIATELY FOLLOWING THE FISCAL YEAR FOR WHICH THE CLAIM WAS FILED.

The claimant's costs for  $\overline{FY2018} - 2019$  are described and detailed in the following four charts (5-8):

The fiscal year following the fiscal year for which the claim was filed by the City of San Diego is FY2018 through 2019. The activities and costs incurred by its peace officers were significantly higher than the prior fiscal year, since it includes costs from the entire fiscal year.

The costs to comply with alleged statutory mandate, GC 12525.5 (a) (1), were \$871,675.56 in FY2018 through 2019, with nearly 88% of those costs driven by stop data collection and submission as mandated by Government Code 12525.5 (a) (1). Knowing these costs facilitated the statewide estimate provided later in this narrative.

The City of San Diego's costs for FY2018 – 2019 can be detailed again in four charts.

#### Chart 5 – Data Collection

As described previously, GC 12525.5 (a) (1) requires "each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year." Government Code 12525.5 (a) (2), established a compliance schedule based on the size of each local agency, with the San Diego Police Department, and other local law enforcement agencies that employ at least 1,000 peace officers, being mandated to collect stop data pursuant to these new regulations on or before July 1, 2018 and submit the data to the Attorney General on or before April 1, 2019.

Chart 5 details over 157,000 stops by San Diego Police Officers, of all ranks, where data was collected and submitted with incurred costs being shown for this new activity allegedly mandated by Government Code 12525.5 (a) (1). All stops included took place from July 1, 2018 – June 30, 2019 or during FY2018-2019.

#### **Chart 6 – Command Training**

In addition to the initial basic training provided via an online PowerPoint, one hour of command training was provided to all supervisors, as well as acting supervisors. This enabled supervisory personnel to better mentor and assist officers under their command with understanding the legal requirements of AB 953 and the alleged mandated statute it enacted 12525.5 (a)(1). This training also focused on data collection tools, as well as auditing the data collected and solving problems related to this alleged legislative mandate. Again, more training records were used to determine the 337 supervisors who each received the one hour of command training. This took place from July 23, 2018 – August 30, 2018. (Exhibit 12)

#### Chart 7 – Program Manager

In FY2018 – 2019, the RIPA Program Manager developed and issued Department Orders, amending Department Procedures to comply with GC 12525.5 (a) (1), creating training materials related to auditing/inspection procedures, and reviewing all efforts and work performed by the IT Staff and assigned team members. The Program Manager also instructed the command training sessions related to AB 953.

#### Chart 8 – IT Staff

In FY2018 – 2019, the IT Staff developed a monthly data compilation for review and to ensure compliance, assist with training, audit creation and support functions, as well as assisting in data submission to the DOJ. Additionally, IT and police personnel, were responsible for creating a report which allows command staff to see the number of data entries being submitted daily to gauge compliance and accuracy against calls for service, and review the data collected to ensure it was free of personal identifying information before

# E. STATEWIDE COST ESTIMATE OF INCREASED COSTS THAT ALL LOCAL AGENCIES WILL INCUR TO IMPLEMENT THE MANDATE DURING THE FISCAL YEAR IMMEDIATELY FOLLOWING THE FISCAL YEAR THE CLAIM WAS FILED:

An estimate of increased costs that all local agencies will incur to implement the alleged mandate during the fiscal year immediately following the fiscal year for which the claim was filed, required costs to be estimated for FY2018 through 2019.

Local agencies that employ peace officers will be required to perform the same new activities and incur similar costs as the San Diego Police Department, while complying with the alleged statutory mandate in GC 12525.5 (a)(1). Those cost categories are as follows: training, technology adoption and implementation, reporting to DOJ, and the single biggest driver of costs – the collection of stop data by peace officers.

In order to estimate these costs categories, analysis is required of "Wave 1" local law enforcement agencies that had to begin collecting data per the alleged mandate in 12525.5 (a) (1) by July 1, 2018. Those agencies included the following: Los Angeles Police Department, Los Angeles County Sheriff's Department, Riverside County Sheriff's Department, San Diego County Sheriff's Department, San Diego Police Department, and San Francisco Police Department.

Additionally, "Wave 2" local law enforcement agencies have to be included in this analysis, because they were also required under the same legislative mandate, GC 12525.5 (a) (1) to begin collecting data by January 1, 2019. Those agencies include: Long Beach Police Department, Fresno Police Department, Oakland Police Department, San Jose Police Department, Sacramento Sheriff's Department and Orange County Sheriff's Department.

With the San Diego Police Department's incurred FY2018 -2019 costs at \$871,675.56, and nearly the same

size in terms of staff as 4 other law enforcement agencies in "Wave 1," it can be roughly estimated that the Riverside County Sheriff's Department, San Bernardino Sheriff's Department, San Diego County Sheriff's Department and San Francisco Police Department will have similar costs of \$1,000,000 each. However, the Los Angeles Police Department and Los Angeles County Sheriff's Department are 5 times larger than SDPD, and it should be reasonably believed their costs will reach 5,000,000 each for FY2018-2019. This results in a cost estimate of \$15,000,000 for all "Wave 1" agencies.

With "Wave 2" local agencies smaller in size than the San Diego Police Department, and having to only collect data for half the fiscal year, January 1, 2019 – June 30, 2019, costs are estimated at \$500,000 each for these agencies for FY2018 – 2019 for a total of \$3,000,000.

The combination of all agencies subject to the alleged statutory mandate established under AB 953, when it enacted Government Code 12525.5 (a) (1), and the new activities and costs from it are estimated in FY2018 – 2019 to be approximately \$18,000,000 as described above.

Unfortunately, since the compliance schedule impacts local law enforcement agencies differently under GC 12525.5 (a) (2), it is difficult to estimate costs from all local agencies impacted by the alleged mandate in GC 12525.5 (a) (1) since the 10 "Wave 3" agencies are not required to start collecting data until January 1, 2021, and the 400 plus "Wave 4" agencies are not required to start collecting data until January 1, 2022.

It should be noted the DOJ prepared a fiscal impact statement related costs for the statutory mandate being alleged in Government Code 12525.5 (a) (1). (Exhibit 10)

#### F. AVAILABLE FUNDING SOURCES:

There could be potentially some grants and funding sources to partially pay for the mandated regulations associated with AB 953 and the DOJ has spoken to SDPD about limited grant monies to assist purchasing equipment to facilitate data collection. However, claimant, the City of San Diego, is not aware of any current State, Federal, or other non-local agency funds to pay for its substantial costs already incurred and those anticipated going forward from the alleged statutory mandate in Government Code 12525.5 (a) (1), which was enacted by AB 953.

# G. <u>PRIOR MANDATE DETERMINATIONS BY THE BOARD OF CONTROL OR COMMISSION ON STATE MANDATES:</u>

The claimant, City of San Diego, is not aware of any prior determinations made by the Board of Control or the Commission on State Mandates related to the matter outlined in this narrative.

# H. <u>IDENTIFICATION OF A LEGISLATIVELY DETERMINED MANDATE PURSUANT TO</u> <u>GOVERNMENT CODE SECTION 17573 THAT IS ON THE SAME STATUTE OR EXECUTIVE</u> <u>ORDER:</u>

The claimant is unaware of any applicable statute or executive order.

#### **CONCLUSION:**

The costs incurred by the City of San Diego, as a result of the alleged mandate created by Assembly Bill 953, when it enacted Government Code 12525.5 (a) (1), for which this test claim is based are all reimbursable costs as such costs are "costs mandated by the State" under Article XIII B (6) of the California Constitution, and Government Code §17500 *et seq.* of the Government Code. Section 17514 of

the Government Code defines "costs mandated by the state", and specifies the following three requirements:

- 1. There are "increased costs which a local agency is required to incur after July 1, 1980."
- 2. The costs are incurred "as a result of any statute enacted on or after January 1, 1975."
- 3. The costs are the result of "a new program or higher level of service of an existing program within the meaning of Section 6 of Article XIIIB of the California Constitution."

All three of the above requirements for finding costs mandated by the State are met as described previously herein.

#### MANDATE MEETS BOTH SUPREME COURT TESTS:

The mandate created by this statute clearly meets both tests that the Supreme Court in the *County of Los Angeles* v. *State of California* (1987) created for determining what constitutes a reimbursable state mandated local program. Those two tests, which the Commission on State Mandates relies upon to determine if a reimbursable mandate exists, are the "unique to government" and the "carry out a state policy" tests. Their application to this test claim is discussed below.

#### Mandate is Unique to Local Government:

The section of law alleged in this Test Claim are unique to governments as peace officer services are uniquely provided by local government agencies.

#### Mandate Carries out a State Policy:

The new state statute alleged in this Test Claim impose a higher level of service by requiring local law enforcement agencies to collect detailed data regarding stops of all individuals, including perceived demographic information on the person stopped, and to report this data at least annually to the California Attorney General.

#### STATE FUNDING DISCLAIMERS ARE NOT APPLICABLE:

There are seven disclaimers specified in Government Code §17556 which could serve to bar recovery of "costs mandated by the State," as defined in Government Code §17556. None of the seven disclaimers apply to this test claim:

- 1. The claim is submitted by a local agency or school district which requests legislative authority for that local agency or school district to implement the Program specified in the statutes, and that statute imposes costs upon the local agency or school district requesting the legislative authority.
- 2. The statute or executive order affirmed for the State that which had been declared existing law or regulation by action of the courts.
- 3. The statute or executive order implemented a federal law or regulation and resulted in costs

mandated by the federal government, unless the statute or executive order mandates costs which exceed the mandate in that federal law or regulation.

- 4. The local agency or school district has the authority to levy service charges, fees or assessments sufficient to pay for the mandated program or increased level of service.
- 5. The statute or executive order provides for offsetting savings to local agencies or school districts which result in no net costs to the local agencies or school districts, or includes additional revenue that was specifically intended to fund the costs of the State mandate in an amount sufficient to fund the cost of the State mandate.
- 6. The statute or executive order imposed duties which were expressly included in a ballot measure approved by the voters in a statewide election.
- 7. The statute created a new crime or infraction, eliminated a crime or infraction, or changed the penalty for a crime or infraction, but only for that portion of the statute relating directly to the enforcement of the crime or infraction.

None of the above disclaimers have any application to the test claim herein stated by the City of San Diego.

The creation of Government Code 12525.5, Statutes of 2015, Chapter 466 [AB 953], and effective 01/01/2016 (amended by statute to 1/1/2018) imposed a new state mandated program that resulted in direct increased costs on claimant, City of San Diego, by imposing a higher level of service required of peace officers from the San Diego Police Department.

#### DECLARATION OF JEFFREY JORDON

- I, Jeffrey Jordon, declare under the penalty of perjury under the laws of the State of California that the following is true and correct based on my personal knowledge, information, and belief:
- 1) I am a Lieutenant for the City of San Diego (SDPD). I have been employed by the City in this capacity since 2016 and have been a law enforcement officer since 1995. As part of my duties in the Chief's Office, I am responsible for implementation of "special projects" as determined by the Chief of Police David Nisleit. In June of 2018, I was assigned by him as the Program Manager overseeing the Department's implementation of AB 953, and the Government Code it added 12525.5. I am also responsible for assisting with the recovery of costs mandated by the State.
- 2) Government Code 12525.5, Statutes of 2015, Chapter 466 [AB 953], effective 1/1/2016, and later amended to have an effective date of 1/1/2018, contains an alleged statutory mandate that requires local agencies that employ peace officers to provide a higher level of service by performing new activities related to the collection and reporting of stop data. As a result, those agencies will incur costs from mandated activities that will exceed \$1,000.00. The specific section of the statute alleged to mandate these activities is Government Code 12525.5 (a) (1) and it requires "each state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year."
- 3) As the AB 953 Program Manager for the San Diego Police Department, I am familiar with all new and modified activities and costs stemming from the alleged statutory mandate in Government Code 12525.5 (a) (1). These costs and activities are accurately described in sections A, B, C, & D of the written narrative, as well as summarized here by fiscal year as follows:

FY2017 – 2018 is the fiscal year the alleged mandate in GC 12525.5 (a) (1) was implemented.

FY2018 –2019 is the fiscal year following implementation of the alleged mandate.

| 2) IT Activity      | 7/1/2018-6/30/2019  | Compliance, DOJ Reporting     | \$40,500.58  |
| 3) Data Collection  | 7/1/2018-6/30/2019  | Officers Collecting Stop Data | \$744,005.98 |
| 4) Program Manager  | 7/1/2018-6/30/2019  | Manage All Mandated Activity  | \$25,088.40  |
|                     |                     |                               |              |
| Total               |                     |                               | \$871,675.56 |

4) The City of San Diego first incurred costs to comply with the requirements of the alleged mandated stature, Government Code 12525.5 (a)(1), on June 15, 2018 when SDPD ordered Department members to participate in mandatory training. Interestingly, while there is no specific mandate to train officers in

order to comply with GC 12525.5 (a) (1), the regulations created per 12525.5 (e) consist of 22 pages of information and instruction (**Exhibit 7**) on how to meet the alleged mandated statute requirements. It would not be possible for local agencies employing peace officers to collect stop data and report it to the Attorney General, per the alleged legislative mandate, without being familiar with how a stop is defined and when it must be reported.

Thus, the San Diego Police Department determined that Government Code 12525.5 (a) (1) creates an alleged legislative mandate requiring peace officers to perform training activities in order to collect data per the mandate, supervisors must be trained to determine if their officers are collecting and submitting the required stop data, and a program manager must develop and implement the training, as well as ensure the officers have the tools necessary to comply with the mandate. With SDPD, the program manager makes sure those tools are available and working by coordinating efforts with staff from the Information Technology unit, as well as ensuring that data collected is reported to the Attorney General per GC 12525.5 (a) (1).

- 5) Government Code 12525.5 (a) (1) provides additional new duties by requiring officers to document and submit information on every stop they make as described under subdivisions 12525.5 (b), 12525.5 (c) and 12525.5 (e). Stop data that must now be collected by local law enforcement agencies and reported to the Attorney General per the alleged mandate in GC 12525.5 (a)(1) includes the following: date, time, location and duration of the stop; "perceived" subject information of the person stopped, detained, searched or arrested; reasons provided for the stop, detention, or search, along with a brief narrative description of those reasons; event actions; basis for search and associated narrative; contraband or evidence discovered; basis for property seizure and types of property seized; and final result of the stop or detention. Prior to AB 953, and the enactment of Government Code 12525.5, no law enforcement agency in California was mandated to collect and report stop data as required by this government code specifically GC 12525.5 (a) (1). As a result, local law enforcement agencies that employ peace officers must collect and report extensive stop data elements to the Attorney General annually, they must trained and supervised to perform these activities correctly, and the collection and reporting of this data requires specialized expertise in information technologies. Government Code 12525.5 (a) (1) is the alleged statutory mandate requiring these activities and producing costs to local agencies that employ peace officers.
- 6. The City of San Diego has not received any local, state, or federal funding and does not have fee authority to offset the increased costs the City has incurred to implement Government Code 12525 (a) (1) in FY2017 2018 or the costs incurred from the alleged mandate in the following fiscal year FY2018 2019. Those cost details and activities are described above and totaled \$97,367.95 in FY2017-2018 and \$871,675.56 in FY2018-2019.
- 7. The San Diego Police Department logs all stops where data is collected per the alleged mandate in GC 12525.5 (a) (1) on a daily basis and assembles stop data reports (Exhibit 11). Additionally, these reports give details on the rank for the peace officer who conducted the stop, which provides the basis for fiscal analysis to determine the actual cost of this activity required by the mandate. However, just knowing the activity, stop data collection, and who performed it is insufficient to calculate costs without knowing how much time was spent on it and costs associated with the peace officer who performed the mandated task. Thus, data collection costs are determined by multiplying the number of stops where data collection was mandated, by the median time it takes to perform these activities and the costs associated with the peace officer who performed the task. Similar methods were used to determine training costs, for instance the activity was multiplied by the number of times performed and the cost associated with it. An explanation of why median time is used, along with costs as determined by "average fully loaded rates" is provided next.
- 8. To determine the time needed to collect data under the alleged mandate, and associated costs, SDPD's methodology tracked temporal data in the Racial and Identity Profiling Act (RIPA) application for each step

completed. If the application is left open while a RIPA data entry is in progress, the temporal data will reflect additional time that is not reflective of the actual time the officer spent on the RIPA entry process. For this reason, this analysis does not report the total out of service time tracked in the temporal data for RIPA stops, since it would over-report actual time spent by officers. Instead, total out of service time for RIPA entry is derived by multiplying the median out of service time for RIPA stops by the total number of RIPA stops during the period. Based on statistical theory, for data in which outliers will have a significant skewing affect, the median is a more appropriate measure of central tendency (average) than mean.

SDPD's analysis shows data collection and submission required pursuant to Government Code 12525.5 (a) (1) produces a new median activity time of 2.53 minutes for each stop conducted by an SDPD officer. The DOJ confirmed through field testing that it does take approximately 2.5 minutes to collect the stop data allegedly mandated by GC 12525.5 (a) (1). The DOJ documented their findings in an Economic and Fiscal Impact Statement (STD 399) entitled, "AB 953 Stop Data Reporting Regulations to Implement Gov. Code Section 12525.5" (Exhibit 10).

- 9. In recent conversations with the City of San Diego's Department of Finance Director and City Comptroller and San Diego Police Department's Administrative Services Manager, I gained information and knowledge that "average fully loaded rates" include the average of all direct and indirect labor cost by job classification. Direct costs consist of costs that are incurred directly by providing the service, such as staff time spent on service-related activities in addition to salary and benefit expenses. Indirect costs consist of departmental load and overhead such as operating expenses and internal administrative costs, as well as citywide overhead costs. The use of "average fully loaded rates" allows the City of San Diego to accurately reflect the costs for its employees engaged in activities alleged to be mandated by Government Code 12525.5 (a) (1), which is why they were used in this test claim. Additionally, a review of other Test Claims submitted to the Commission on State Mandates indicates the inclusion of direct, as well as indirect costs, is acceptable to determine actual costs imposed by state-mandated programs.
- 10. I have examined the Racial and Identity Profiling Act of 2015 Test Claim prepared by the City of San Diego and based on my personal knowledge, the costs described in this test claim were incurred to implement Government Code 12525.5 after it was added by AB 953. Based on my information and belief, I find such costs to be correctly computed and are "costs mandated by the State", as defined in Government Code, Section 17514:

" 'Costs mandated by the State' means any increased costs which a local agency or school district is required to incur after July 1, 1980, as a result of any statute enacted on or after January 1, 1975, or any executive order implementing any statute enacted on or after January 1, 1975, which mandates a new program or higher level of service of an existing program within the meaning of Section 6 of Article XIII B of the California Constitution."

Except as otherwise indicated herein, I have personal knowledge of the foregoing facts and information presented in this Test Claim, and if so required, I could and would testify to the statements made herein.

Executed this 3074 day of July in San Frego, CA

#### Assembly Bill No. 953

#### **CHAPTER 466**

An act to add Section 12525.5 to the Government Code, and to amend Sections 13012 and 13519.4 of the Penal Code, relating to racial profiling.

[ Approved by Governor October 03, 2015. Filed with Secretary of State October 03, 2015. 1

#### LEGISLATIVE COUNSEL'S DIGEST

AB 953, Weber. Law enforcement: racial profiling.

Existing law creates the Commission on Peace Officer Standards and Training and requires it to develop and disseminate guidelines and training for all law enforcement officers, as described. Existing law prohibits a peace officer from engaging in racial profiling and requires the training to prescribe patterns, practices, and protocols that prevent racial profiling, as defined. Existing law requires the Legislative Analyst's Office to conduct a study of the data that is voluntarily collected by jurisdictions that have instituted a program of data collection with regard to racial profiling.

This bill would enact the Racial and Identity Profiling Act of 2015, which would, among other changes, revise the definition of racial profiling to instead refer to racial or identity profiling, and make a conforming change to the prohibition against peace officers engaging in that practice.

The bill would require, beginning July 1, 2016, the Attorney General to establish the Racial and Identity Profiling Advisory Board (RIPA) to eliminate racial and identity profiling and improve diversity and racial and identity sensitivity in law enforcement. The bill would specify the composition of the board. The bill would require the board, among other duties, to investigate and analyze state and local law enforcement agencies' racial and identity profiling policies and practices across geographic areas in California, to annually make publicly available its findings and policy recommendations, to hold public meetings annually, as specified, and to issue the board's first annual report no later than January 1, 2018.

The bill would require each state and local agency that employs peace officers to annually report to the Attorney General data on all stops, as defined, conducted by the agency's peace officers, and require that data to include specified information, including the time, date, and location of the stop, and the reason for the stop. The bill would require an agency that employs 1,000 or more peace officers to issue its first annual report by April 1, 2019. The bill would require an agency that employs 667 or more but less than 1,000 peace officers to issue its first annual report by April 1, 2020. The bill would require an agency that employs 334 or more but less than 667 peace officers to issue its first annual report by April 1, 2022. The bill would require an agency that employs one or more but less than 334 peace officers to issue its first annual report by April 1, 2023.

By imposing a higher level of service on local entities that employ peace officers, the bill would impose a statemandated local program.

000024

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

"Peace officer," as used in this section, does not include probation officers and officers in a custodial setting.
- (2) For purposes of this section, "stop" means any detention by a peace officer of a person, or any peace officer interaction with a person in which the peace officer conducts a search, including a consensual search, of the person's body or property in the person's possession or control.

- **13012.** (a) The annual report of the department provided for in Section 13010 shall contain statistics showing all of the following:
- (1) The amount and the types of offenses known to the public authorities.

- (ii) Citizen complaints alleging criminal conduct of either a felony or misdemeanor.
- (iii) Citizen complaints alleging racial or identity profiling, as defined in subdivision (e) of Section 13519.4. - (B) The statistics reported under this paragraph shall provide, for each category of complaint identified under subparagraph (A), the number of complaints within each of the following disposition categories:
- (i) "Sustained," which means that the investigation disclosed sufficient evidence to prove the truth of allegation in the complaint by preponderance of evidence.
- (ii) "Exonerated," which means that the investigation clearly established that the actions of the personnel that formed the basis of the complaint are not a violation of law or agency policy.
- (iii) "Not sustained," which means that the investigation failed to disclose sufficient evidence to clearly prove or disprove the allegation in the complaint.
- (iv) "Unfounded," which means that the investigation clearly established that the allegation is not true.

crime and delinquency. The report shall also include statistics which are comparable with national uniform criminal statistics published by federal bureaus or departments heretofore mentioned.

RIPA's analysis of the complaints shall be incorporated into its annual report as required by paragraph (3) of subdivision (j) of Section 13519.4. The reports shall not disclose the identity of peace officers.

#### SEC. 4. Section 13519.4 of the Penal Code is amended to read:

- **13519.4.** (a) The commission shall develop and disseminate guidelines and training for all peace officers in California as described in subdivision (a) of Section 13510 and who adhere to the standards approved by the commission, on the racial and cultural differences among the residents of this state. The course or courses of instruction and the guidelines shall stress understanding and respect for racial, identity, and cultural differences, and development of effective, noncombative methods of carrying out law enforcement duties in a diverse racial, identity, and cultural environment.
- (b) The course of basic training for peace officers shall include adequate instruction on racial, identity, and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial, identity, and cultural groups. In developing the training, the commission shall consult with appropriate groups and individuals having an interest and expertise in the field of racial, identity, and cultural awareness and diversity.
- (c) For the purposes of this section the following shall apply:
- (1) "Disability," "gender," "nationality," "religion," and "sexual orientation" have the same meaning as in Section 422.55.
- (2) "Culturally diverse" and "cultural diversity" include, but are not limited to, disability, gender, nationality, religion, and sexual orientation issues.
- (3) "Racial" has the same meaning as "race or ethnicity" in Section 422.55.
- (4) "Stop" has the same meaning as in paragraph (2) of subdivision (g) of Section 12525.5 of the Government Code.
- (d) The Legislature finds and declares as follows:
- (1) The working men and women in California law enforcement risk their lives every day. The people of California greatly appreciate the hard work and dedication of peace officers in protecting public safety. The good name of these officers should not be tarnished by the actions of those few who commit discriminatory practices.
- (2) Racial or identity profiling is a practice that presents a great danger to the fundamental principles of our Constitution and a democratic society. It is abhorrent and cannot be tolerated.
- (3) Racial or identity profiling alienates people from law enforcement, hinders community policing efforts, and causes law enforcement to lose credibility and trust among the people whom law enforcement is sworn to protect and serve.
- (4) Pedestrians, users of public transportation, and vehicular occupants who have been stopped, searched, interrogated, and subjected to a property seizure by a peace officer for no reason other than the color of their skin, national origin, religion, gender identity or expression, housing status, sexual orientation, or mental or physical disability are the victims of discriminatory practices.
- (5) It is the intent of the Legislature in enacting the changes to this section made by the act that added this paragraph that additional training is required to address the pernicious practice of racial or identity profiling and that enactment of this section is in no way dispositive of the issue of how the state should deal with racial or identity profiling.
- (e) "Racial or identity profiling," for purposes of this section, is the consideration of, or reliance on, to any degree, actual or perceived race, color, ethnicity, national origin, age, religion, gender identity or expression, sexual orientation, or mental or physical disability in deciding which persons to subject to a stop or in deciding upon the scope or substance of law enforcement activities following a stop, except that an officer may consider

or rely on characteristics listed in a specific suspect description. The activities include, but are not limited to, traffic or pedestrian stops, or actions during a stop, such as asking questions, frisks, consensual and nonconsensual searches of a person or any property, seizing any property, removing vehicle occupants during a traffic stop, issuing a citation, and making an arrest.

- (f) A peace officer shall not engage in racial or identity profiling.
- (g) Every peace officer in this state shall participate in expanded training as prescribed and certified by the Commission on Peace Officers Standards and Training.
- (h) The curriculum shall be evidence-based and shall include and examine evidence-based patterns, practices, and protocols that make up racial or identity profiling, including implicit bias. This training shall prescribe evidenced-based patterns, practices, and protocols that prevent racial or identity profiling. In developing the training, the commission shall consult with the Racial and Identity Profiling Advisory Board established pursuant to subdivision (j). The course of instruction shall include, but not be limited to, significant consideration of each of the following subjects:
- (1) Identification of key indices and perspectives that make up racial, identity, and cultural differences among residents in a local community.
- (2) Negative impact of intentional and implicit biases, prejudices, and stereotyping on effective law enforcement, including examination of how historical perceptions of discriminatory enforcement practices have harmed police-community relations and contributed to injury, death, disparities in arrest detention and incarceration rights, and wrongful convictions.
- (3) The history and role of the civil and human rights movement and struggles and their impact on law enforcement.
- (4) Specific obligations of peace officers in preventing, reporting, and responding to discriminatory or biased practices by fellow peace officers.
- (5) Perspectives of diverse, local constituency groups and experts on particular racial, identity, and cultural and police-community relations issues in a local area.
- (6) The prohibition against racial or identity profiling in subdivision (f).
- (i) Once the initial basic training is completed, each peace officer in California as described in subdivision (a) of Section 13510 who adheres to the standards approved by the commission shall be required to complete a refresher course every five years thereafter, or on a more frequent basis if deemed necessary, in order to keep current with changing racial, identity, and cultural trends.
- (j) (1) Beginning July 1, 2016, the Attorney General shall establish the Racial and Identity Profiling Advisory Board (RIPA) for the purpose of eliminating racial and identity profiling, and improving diversity and racial and identity sensitivity in law enforcement.
- (2) RIPA shall include the following members:
- (A) The Attorney General, or his or her designee.
- (B) The President of the California Public Defenders Association, or his or her designee.
- (C) The President of the California Police Chiefs Association, or his or her designee.

- (I) Two representatives of community organizations who specialize in civil or human rights and criminal justice, and work with victims of racial and identity profiling. At least one representative shall be between 16 and 24

years of age.

- (K) Up to two other members that the Governor may prescribe.
- (L) Up to two other members that the President Pro Tempore of the Senate may prescribe.
- (M) Up to two other members that the Speaker of the Assembly may prescribe.
- (3) Each year, on an annual basis, RIPA shall do the following:
- (A) Analyze the data reported pursuant to Section 12525.5 of the Government Code and Section 13012 of the Penal Code.
- (B) Analyze law enforcement training under this section.
- (C) Work in partnership with state and local law enforcement agencies to review and analyze racial and identity profiling policies and practices across geographic areas in California.
- (D) Conduct, and consult available, evidence-based research on intentional and implicit biases, and law enforcement stop, search, and seizure tactics.
- (E) Issue a report that provides RIPA's analysis under subparagraphs (A) to (D), inclusive, detailed findings on the past and current status of racial and identity profiling, and makes policy recommendations for eliminating racial and identity profiling. RIPA shall post the report on its Internet Web site. Each report shall include disaggregated statistical data for each reporting law enforcement agency. The report shall include, at minimum, each reporting law enforcement agency's total results for each data collection criteria under subdivision (b) of Section 12525.5 of the Government Code for each calendar year. The reports shall be retained and made available to the public by posting those reports on the Department of Justice's Internet Web site. The first annual report shall be issued no later than January 1, 2018. - (5) Members of RIPA shall not receive compensation, nor per diem expenses, for their services as members of RIPA.
- (6) No action of RIPA shall be valid unless agreed to by a majority of its members.
- (7) The initial terms of RIPA members shall be four years.
- (8) Each year, RIPA shall elect two of its members as cochairpersons.
- **SEC. 5.** If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

#### Assembly Bill No. 1518

#### CHAPTER 328

An act to amend Section 12525.5 of the Government Code, and to amend Section 13012 of the Penal Code, relating to criminal justice.

[ Approved by Governor September 27, 2017. Filed with Secretary of State September 27, 2017. 1

#### LEGISLATIVE COUNSEL'S DIGEST

AB 1518, Weber. Criminal justice information.

(1) Existing law requires each state and local agency that employs peace officers to annually report to the Attorney General data on all stops, as defined, conducted by the agency's peace officers, and requires that data to include specified information, including the time, date, and location of the stop, and the reason for the stop. Existing law requires agencies of differing staff sizes to issue the first annual report on or before specified dates. Existing law requires the Attorney General, not later than January 1, 2017, and in consultation with specified stakeholders, to issue regulations for the collection and reporting of the required data.

This bill would set dates for the various law enforcement agencies to begin collecting the required data and would make law enforcement agencies solely responsible for ensuring that personally identifiable information of the individual stopped or any other information that is exempt from disclosure is not transmitted to the Attorney General in an open text field. The bill would extend the date by which the Attorney General is required to issue regulations for the collection and reporting of data to January 1, 2018. By expanding the duties of local law enforcement, this bill would impose a state-mandated local program.

(2) Existing law requires the Department of Justice to prepare and present to the Governor an annual report containing the criminal statistics of the preceding calendar year, including, but not limited to, the total number of citizen complaints alleging racial or identity profiling, as specified.

This bill would delete references to citizens' complaints and instead refer to civilians' complaints.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

#### **EXISTING LAW:**

- 1) Prohibits a law enforcement officer from engaging in racial profiling. (Pen. Code, § 13519.4, subd. (f).)
- 2) Defines "racial profiling," as "the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped." (Pen. Code, § 13519.4, subd. (e).)
- 3) Requires that the course of basic training for law enforcement officers include adequate instruction on racial and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial and cultural groups. (Pen. Code, § 13519.4, subd. (b).)

- 6) Requires state and local law enforcement agencies to report statistical data to the DOJ at those times and in the manner that the Attorney General prescribes. (Pen. Code, § 13020.)

#### FISCAL EFFECT: Unknown

#### **COMMENTS:**

1) Author's Statement: According to the author, "AB 953 will help eliminate the harmful and unjust practice of racial and identity profiling, and improve the relationship between law enforcement and the communities they serve. AB 953 promotes equal protection and prevents unreasonable searches and seizures.

"Peace officers risk their lives every day, and the people of California greatly appreciate their hard work and dedication to public safety. At the same time, a recent poll shows that 55% of Californians and 85% of African-Americans in California believe that 'blacks and other minorities do not receive equal treatment in the criminal justice system.' Racial and identity profiling significantly contributes to this lack of confidence in our justice system.

"Racial and identity profiling occurs when law enforcement personnel stop, search, seize property from, or interrogate a person without evidence of criminal activity. Studies show that profiling often occurs due to unconscious biases about particular demographic identities.<sup>2</sup>

"AB 953 would prevent profiling by, among other things, clarifying and modernizing California's current prohibition against profiling to better account for the ways in which profiling occurs, establishing a uniform system for collecting and analyzing data on law enforcement-community interactions, and establishing an advisory board that investigates profiling patterns and practices and provides recommendations on how to curb its harmful impact."

2) Racial Profiling: Racial profiling is a violation of our constitutional rights against unreasonable searches and seizures, and equal protection. Existing state and federal law prohibits law enforcement officers from engaging in racial profiling. (Pen. Code, § 13519.4, subd. (f).) "Racial profiling" is currently defined as the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any

individualized suspicion of the particular person being stopped. (Pen. Code, § 13519.4, subd. (e).)

Although racial profiling is prohibited, studies show that racial profiling by law enforcement does occur. For example, according to a report by the Oakland Police Department released last week, African-Americans, who compose 28 percent of Oakland's population, accounted for 62 percent of police stops from last April to November. The figures also showed that stops of African-Americans were more likely to result in felony arrests. And, while African-Americans were more likely to be searched after being stopped, police were no more likely to find contraband from searching African-Americans than members of other racial groups. (<a href="http://www.mercurynews.com/crime-courts/ci25410009/report-blacks-comprise-62-percent-oakland-police-stops">http://www.mercurynews.com/crime-courts/ci25410009/report-blacks-comprise-62-percent-oakland-police-stops</a>.)

Likewise, in 2010, the Los Angeles Times reported that "The U.S. Department of Justice has warned the Los Angeles Police Department that its investigations into racial profiling by officers are inadequate and that some cops still tolerate the practice."..."The Justice Department's concerns, which were conveyed in a recent letter obtained by The Times, are a setback for the LAPD, which remains under federal oversight on the issue." The article noted, "Profiling complaints typically occur after a traffic or pedestrian stop, when the officer is accused of targeting a person solely because of his or her race, ethnicity, religious garb or some other form of outward appearance. About 250 such cases arise each year, but more damaging is the widely held belief, especially among black and Latino men, that the practice is commonplace." (<a href="http://articles.latimes.com/2010/nov/14/local/la-me-lapd-bias-20101114">http://articles.latimes.com/2010/nov/14/local/la-me-lapd-bias-20101114</a>>.)

3) **Argument in Support**: According to the *Youth Justice Coalition*, a co-sponsor of this bill, "Racial and identity profiling – the practice of law enforcement stops, searches, property seizures, and/or interrogations in absence of evidence of criminal activity – have eroded public trust, led to humiliation and false detentions of thousands of Californians, and contribute to an increase in law enforcement use of force resulting in serious injury and death.

"In March 2015, the *President's Task Force on 21st Century Policing* recommended that profiling based on race, color, ethnicity, national origin, religion gender, sexual orientation, or mental or physical disability, and other demographic characteristics, be prohibited.<sup>3</sup>

"Here in California, people throughout our state have long been plagues by the humiliating and frightening act of racial and identity profiling. In 2000, the Legislature found that 'racial profiling is a practice that presents a great danger to the fundamental principles of a democratic society,' and declared that 'it is abhorrent and cannot be tolerated.' Subsequently, the Legislative Analyst's Office concluded that California's current prohibition against such acts is overvague (sic) and that law enforcement agencies have resisted following it. 5

As one of numerous examples, a 2015 report by a police department in California found that

<sup>&</sup>lt;sup>3</sup> http://www.cops.usdoj.gov/pdf/taskforce/Interim TF Report.pdf

<sup>5</sup> http://www.lao.ca.gov/2002/racial\_profiling/8-02\_racial\_profiling.pdf

blacks were stopped twice as often as their driving age demographic representation, and that blacks and Latinos were *less likely* to be arrested.<sup>6</sup>

"The persistence of profiling in our state violates the U.S. and California Constitutions by betraying the fundamental promise of equal protection, and infringing upon the guarantee that all people shall be free from unreasonable searches and seizures. It also misdirects limited resources away from evidence-based policing and the efficient pursuit of individuals who actually pose a threat to public safety, thus making all Californians less safe."

#### 4) Arguments in Opposition:

a) The *Peace Officers Research Association of California* writes, "Our officers pride themselves on the fact that all stops are made justly and for probable cause. They are rigorously trained by the Commission on Peace Officers Standards and Training (POST), which includes thorough training on racial profiling.

"In addition, our officers have already compiled, for many years now, a lot of the information set forth in your bill, including race, ethnicity, gender, age, reason for stop, result of stop, whether the vehicle was searched, and if so, why, whether a warrant was issued, etc. We believe the additional information required will take much more of the officer's time and result in less service to the public."

b) The California Police Chiefs Association states, "The burden created by this mandate will result in significant officer time spent writing reports, thereby diminishing the time an officer is able to spend interacting with members of the community.

"Law enforcement agencies strive every day to maintain legitimacy within their communities. Currently, officers are trained to interact and engage with members of the communities in which they police whether an officer pulls someone over for a traffic stop or stops someone while out patrolling the streets on foot.

"Unfortunately, we believe that AB 953 would weaken the aforementioned relations. While we support legislation that would encourage, support, and strengthen law enforcement-community relations, we do not believe that AB 953 represents a productive or efficient means to this goal."

#### 5) Related Legislation:

- a) AB 334 (Cooley) requires training for law enforcement officers on the profiling of motorcycle riders. AB 334 is pending hearing in the Assembly Appropriations Committee.
- b) AB 619 (Weber) requires the Attorney General to provide the Legislature an annual report on use-of-force incidents involving law enforcement and to make the information available on its Website. AB 619 is being heard in this Committee today.

000046

<sup>&</sup>lt;sup>6</sup> http://www.utsandiego.com/documents/2015/feb/25/san-diego-police-traffic-stops-report/

#### 6) Prior Legislation:

- a) AB 2133 (Torrico), of the 2005-2006 Legislative session, would have created a state policy of prohibiting racial profiling and provided for required information to be gathered and tracked regarding the specifics of traffic stops. AB 2133 was never heard by this Committee.
- b) AB 788 (Firebaugh), of the 2001-2002 Legislative session, would have clarified the definition of racial profiling and required data collection by specified law enforcement agencies. AB 788 died on the Assembly Inactive File.
- c) SB 1102 (Murray), Chapter 684, Statutes of 2000, states findings and declarations of the Legislature regarding racial profiling and requires law enforcement officers to participate in expanded training as prescribed and certified by POST.
- d) SB 78 (Murray) of the 1999-2000 Legislative Session, would have required the California Highway Patrol (CHP) Commissioner to gather specified data regarding traffic stops conducted by CHP officers, and would have required POST to present to the Legislature a report containing the information. SB 78 was vetoed.
- e) AB 1264 (Murray), of the 1997-98 Legislative session, would have required the Attorney General's office to annually report specified statistics regarding all motorists stopped by law enforcement officers. AB 1264 was vetoed.

#### ASSEMBLY COMMITTEE ON APPROPRIATIONS

Jimmy Gomez, Chair

AB 953 (Weber) - As Amended April 16, 2015

Policy Committee:

Public Safety

Vote: 5 - 2

Urgency: No

State Mandated Local Program: Yes

Reimbursable: Yes

#### **SUMMARY**:

This bill modifies the definition of "racial profiling"; requires, beginning January 1, 2017, state and local law enforcement agencies to report specified information on traffic, public transit, and pedestrian stops, searches, or seizures to the Attorney General's Office (AG), and post this information on the law enforcement agency's website; requires the AG to issue regulations on the collection and reporting of the information specified; and requires the AG to establish the Racial and Identity Profiling Advisory Board (RIPA) for specified purposes.

#### FISCAL EFFECT:

- 1) Significant reimbursable mandated costs (GF), in the hundreds of thousands of dollars, by requiring the collection of very specific additional information by local law enforcement personnel, and the reporting of this information by local law enforcement agencies in a format yet to be determined by the Department of Justice (DOJ).
- 2) Significant costs to the California Highway Patrol to update their California Automated Reporting System, in the \$1 million range Motor Vehicle Account. In addition, the additional time required to document the additional data points will result in the need for additional officers, or the current service provided will be reduced. CHP made over four million public contacts in 2013-14.
- 3) Moderate one-time cost to the DOJ in the range of \$175,000 (GF), a) \$100,000 to develop the required regulations in consultation with specified parties by January 1, 2017, and b) \$75,000 for information technology costs associated with the programming required to collect and publish the required reports.
- 4) Moderate ongoing costs to the DOJ in the range of \$300,000 (GF) to staff the proposed RIPA and for RIPA to conduct the required investigations and analysis.
- 5) Cost to the Commission on Peace Officers Standards and Training (POST) is absorbable if POST can update this definition the next time it updates its racial profiling curriculum.

#### **COMMENTS:**

1) Author's Statement: According to the author, "AB 953 will help eliminate the harmful and unjust practice of racial and identity profiling, and improve the relationship between law enforcement and the communities they serve. AB 953 promotes equal protection and prevents unreasonable searches and seizures.

"Peace officers risk their lives every day, and the people of California greatly appreciate their hard work and dedication to public safety. At the same time, a recent poll shows that 55% of Californians and 85% of African-Americans in California believe that 'blacks and other minorities do not receive equal treatment in the criminal justice system.' Racial and identity profiling significantly contributes to this lack of confidence in our justice system.

"Racial and identity profiling occurs when law enforcement personnel stop, search, seize property from, or interrogate a person without evidence of criminal activity. Studies show that profiling often occurs due to unconscious biases about particular demographic identities.

"AB 953 would prevent profiling by, among other things, clarifying and modernizing California's current prohibition against profiling to better account for the ways in which profiling occurs, establishing a uniform system for collecting and analyzing data on law enforcement-community interactions, and establishing an advisory board that investigates profiling patterns and practices and provides recommendations on how to curb its harmful impact."

This will requires law enforcement agencies to collect the following information for each stop, search, or seizure:

- a) The time, date, and location of the stop, search, or seizure;
- b) The characteristics of each peace officer involved in the stop, including, but not limited to, his or her badge or identification number, race or ethnicity, gender, age, assignment, division or station, and shift, and whether he or she was in uniform;
- c) The basis for the stop, including, but not limited to, the offense suspected, and whether the action was initiated in response to a call for service, and, if the action was initiated in response to a call for services, the incident identifier;
- d) The result of the stop, such as no action, warning, citation, property seizure, or arrest;
- e) If a warning or citation was issued, the warning provided or violation cited;
- f) If an arrest was made, the offense charged;
- g) A description of all persons detained during the stop. The description shall be based on the observation and perception of the peace officer making the stop, and the information shall not be requested from the person stopped, unless otherwise required by law. The description shall include, but not be limited to:
  - i. The number of people stopped;
  - ii. The race or ethnicity, gender, and age of all people stopped;
  - iii. The sexual orientation and religious affiliation, if any was perceived;
  - iv. Whether the person stopped had limited English proficiency;
- h) Any mental or physical disability of a person stopped;
- i) Whether the officer previously stopped the person;
- j) Specifically as to traffic stops, whether the person was a driver or passenger;
- k) Actions taken by the officer during the stop, including, but not limited to, the following:
  - i. Whether the officer asked for consent to frisk or search any person, and if so, whether consent was provided;
  - ii. Whether the officer searched any person or property, and if so, which persons were searched and what property was searched, the basis for the search, and the type of contraband or evidence discovered, if any;

- iii. Whether the officer seized any property and, if so, the type of property that was seized, the person from whom the property was seized, and the basis for seizing the property; and,
- iv. Whether the officer used force during the encounter, and if so, the type of force used and reason for using the force.
- A description of any person upon whom force was used. The description must be based on the officer's observations and perceptions, and cannot be obtained by asking the person, unless otherwise required by law. The description shall include, but not be limited to:
  - i. The person's race or ethnicity, gender, and age;
  - ii. The person's sexual orientation and religious affiliation, if any was perceived;
  - iii. Whether the person had limited English proficiency;
  - iv. Any perceived mental or physical disability or preexisting injury or medical condition of the person; and,
  - v. Whether the person was homeless.
- m) Whether any other governmental or nongovernmental agency or service provider was called to respond to the scene, and if so, what agency or service provider, and the reason the agency or service provider was called to respond; and
- n) Whether any person sustained any injuries during the encounter, and if so, which person, and the nature of the injuries and medical treatment provided, if any.
- 2) **Background.** Current law prohibits law enforcement officers from engaging in racial profiling, "the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped."

Current law requires the DOJ to present to the Governor, on or before July 1st, an annual report containing the criminal statistics of the preceding calendar year, and requires local law enforcement agencies to report specified information to the DOJ.

CHP is currently collecting and reporting specific data, beyond what is required of other law enforcement agencies, on their contact with the public.

- 3) **Argument in Support**: According to the *Youth Justice Coalition*, a co-sponsor of this bill, "Racial and identity profiling the practice of law enforcement stops, searches, property seizures, and/or interrogations in absence of evidence of criminal activity have eroded public trust, led to humiliation and false detentions of thousands of Californians, and contribute to an increase in law enforcement use of force resulting in serious injury and death.
- 4) "In March 2015, the *President's Task Force on 21st Century Policing* recommended that profiling based on race, color, ethnicity, national origin, religion, gender, sexual orientation, or mental or physical disability, and other demographic characteristics, be prohibited."

#### SENATE COMMITTEE ON APPROPRIATIONS

Senator Ricardo Lara, Chair 2015 - 2016 Regular Session

AB 953 (Weber) - Law enforcement: racial profiling

**Version:** June 30, 2015

Policy Vote: PUB. S. 5 - 1

**Urgency:** No

Mandate: Yes

Hearing Date: August 17, 2015

Consultant: Jolie Onodera

This bill meets the criteria for referral to the Suspense File.

**Bill Summary:** AB 953 would enact the Racial and Identity Profiling Act of 2015, which would do the following:

- Require each state and local agency that employs peace officers to collect and annually report data to the Attorney General (AG) on all "stops," as defined, for the preceding calendar year.
- Require any peace officer who has a complaint of racial or identity profiling that is sustained to participate in training to correct racial and identity profiling at least every six months for two years.
- Modify the definition of "racial profiling," as specified.
- Commencing July 1, 2016, require the AG to establish the Racial and Identity Profiling Advisory Board (RIPA), to conduct specified activities and issue a report annually on its analysis of specified reported data, training, and racial and identity profiling policies/practices.

#### Fiscal Impact:

- Data collection, reporting, retention, and training: Major one-time and ongoing costs, potentially in the tens of millions of dollars annually to local law enforcement agencies for data collection, reporting, and retention requirements specified in the bill. Additional costs for training on the process would likely be required. There are currently 482 cities and 58 counties in California. To the extent local agency expenditures qualify as a reimbursable state mandate, agencies could claim reimbursement of those costs (General Fund). While costs could vary widely, for context, the Commission on State Mandates' statewide cost estimate for *Crime Statistics Reports for the DOJ* reflects eligible reimbursement of over \$13.6 million per year for slightly over 50 percent of local agencies reporting.
- Racial profiling training: Unknown, potentially significant state-reimbursable costs (General Fund) for mandated training periodically over two years for peace officers with sustained complaints of racial or identity profiling.
- DOJ impact: Major one-time and ongoing costs of \$2.6 million in 2015-16, \$5.9 million in 2016-17, and \$5.1 million (General Fund) annually thereafter, for resources to create the database to collect and retain the data, complete data collection, reporting, and analysis requirements. Minor, absorbable impact to aggregate and post annual reports received to its website.
- <u>RIPA</u>: One-time costs of \$1.7 million in 2015-16, and \$3 million (General Fund) in 2016-17 and 2017-18 to establish and oversee activities of the Board. Ongoing costs of \$1.5 million annually (General Fund) for activities including analyzing data, issuing

annual reports, reviewing policies and procedures, and holding at least three annual public meetings.

- CHP impact: Potentially significant one-time costs of about \$1 million (Motor Vehicle Account) to modify its existing database, create the program to generate the report, and train personnel. Ongoing increase in workload costs potentially in the range of \$250,000 to \$500,000 (Motor Vehicle Account) for data collection and reporting activities. Data for 2013-14 from the CHP indicates approximately 3.1 million enforcement actions potentially subject to the data collection and reporting provisions of this bill.
- <u>CSU/UC police impact</u>: Potentially significant ongoing non-reimbursable costs to California State University police and University of California police officers the CSM has determined CSU and UC use of campus police is a discretionary act, and therefore any mandated costs are not subject to state reimbursement.

**Background:** Existing law prohibits a law enforcement officer from engaging in racial profiling and provides that the course of basic training for law enforcement officers must include adequate instruction on racial and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial and cultural groups. Existing law additionally requires every officer to participate in expanded training provided by the Commission on Peace Officer Standards and Training that examines the patterns, practices, and protocols that prevent racial profiling.

Under existing law, "racial profiling" is defined as the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped. (Penal Code § 13519.4.)

This bill seeks to facilitate the development of evidence-based policing by establishing a system of collecting and reporting information on law enforcement stops. As noted in the federal Department of Justice publication, *A Resource Guide on Racial Profiling Data Collection Systems: Promising Practices and Lessons Learned (2000)*, "

By providing information about the nature, characteristics, and demographics of police enforcement patterns, these data collection efforts have the potential for shifting the rhetoric surrounding racial profiling from accusations, anecdotal stories, and stereotypes to a more rational discussion about the appropriate allocation of police resources. Well-planned and comprehensive data collection efforts can serve as a catalyst for nurturing and shaping this type of community and police discussion.

**Proposed Law:** This bill would enact the Racial and Identity Profiling Act of 2015, as follows:

- Requires, beginning March 1, 2018, each state and local agency that employs peace officers to annually report to the AG data on all "stops," as defined, conducted by that agency's peace officers for the preceding calendar year.
- Requires the reporting to include the following information for each stop:
  - o The time, date, and location of the stop.
  - o The reason for the stop.

AB 953 (Weber) Page 3 of 7

 The result of the stop, such as no action, warning, citation, property seizure, or arrest.

- o If a warning or citation was issued, the warning provided or violation cited.
- o If an arrest was made, the offense charged.
- The perceived race or ethnicity, gender, and approximate age of the person stopped. The identification of these characteristics shall be based on the observation and perception of the peace officer making the stop. For motor vehicle stops, this requirement applies only to the driver unless actions taken by the officer apply in relation to a passenger, in which case his or her characteristics shall also be reported.
- Actions taken by the officer during the stop, including, but not limited to, the following:
  - Whether the officer asked for consent to search the person, and if so, whether consent was provided.
  - Whether the officer searched the person or any property, and if so, the basis for the search, and the type of contraband or evidence discovered, if any.
  - Whether the officer seized any property and, if so, the type of property that was seized, and the basis for seizing the property.
- Provides that if more than one peace officer performs a stop, only one officer is required to collect and report the necessary information.
- Prohibits state and local law enforcement agencies from reporting the name, address, social security number, or other unique personal identifying information of persons stopped, searched, or subjected to a property seizure.
- States that, notwithstanding any other law, the data reported shall be made available to the public to the extent which release is permissible under state law, with the exception of badge number, or other unique identifying information of the officer involved.
- Requires the AG, to issue regulations for the collection and reporting of the required data by January 1, 2017. States the AG should consult with specified stakeholders in issuing the regulations.
- Mandates that the regulations specify all data to be reported, and provide standards, definitions, and technical specifications to ensure uniform reporting practices. To the extent possible, the regulations should also be compatible with any similar federal data collection or reporting program.
- Requires each state and local law enforcement agency to publicly report the data on an annual basis beginning on July 1, 2018. The report should be posted on the law enforcement agency's website. In the event the agency does not have a website, it is to be posted on the DOJ website.
- Requires retention of the reported data for at least five years.
- Mandates that the AG annually analyze the data collected and report its findings from the first analysis by January 1, 2019. Reports are to be posted on the DOJ website.
- Specifies that all data and reports made under these provisions are public records, as specified, and are open to public inspection.
- Limits the definition of a "peace officer" for purposes of this section to "members of the California Highway Patrol, a city or county law enforcement agency and California state or university educational institutions." And, the definition explicitly

**AB 953 (Weber)** Page **4** of **7** 

states that peace officer, as used in this section, does not include probation officers and officers in a custodial setting.

- Defines "stop" for purposes of this section, as "any detention by a peace officer
  of a person, or any peace officer interaction with a person in which the peace
  officer conducts a search, including a consensual search, of the person's body or
  property in the person's possession or control."
- Revises and expands the content of the DOJ annual report on criminal statistics
  to report the total number of each of the following citizen complaints, to be made
  available to the public and disaggregated for each law enforcement agency:
  - o Citizen complaints against law enforcement personnel;
  - Citizen complaints alleging criminal conduct of either a felony or misdemeanor;
  - Citizen complaints alleging racial or identity profiling, disaggregated by the specific type of racial or identity profiling alleged.
- Specifies that the statistics on citizen complaints must identify their dispositions as being sustained, exonerated, not sustained, or unfounded, as specified.
- Renames "racial profiling" as "racial or identity profiling" and redefines it as "consideration of or reliance on, to any degree, actual or perceived race, color, ethnicity, national origin, age, religion, gender identity or expression, sexual orientation, or mental or physical disability in deciding which persons to subject to a stop or in deciding upon the scope and substance of law enforcement activities following a stop, except that an officer may consider or rely on characteristics listed in a specific suspect description. The activities include, but are not limited to, traffic or pedestrian stops, or actions during a stop, such as, asking questions, frisks, consensual and nonconsensual searches of a person or any property, seizing any property, removing vehicle occupants during a traffic stop, issuing a citation, and making an arrest."
- Requires any peace officer who has a complaint of racial or identity profiling that
  is sustained to participate in training to correct racial and identity profiling at least
  every six months for two years.
- Mandates the AG establish the RIPA beginning July 1, 2016, to include the Attorney General or a designee, and 18 other members, as specified.
- Tasks RIPA with the following:
  - o Analyzing data reported both under this Act and other data, as specified;
  - Analyzing law enforcement training on racial and identity profiling;
  - Working in partnership with state and local law enforcement agencies to review and analyze racial and identity profiling policies and practices;
  - Issuing an annual report the first of which shall be issued by January 1, 2018, and posting the reports on its website; and,
  - Holding at least three annual public meetings to discuss racial and identity profiling and potential reforms, as specified.

**Prior Legislation:** AB 2133 (Torrico) 2006 would have created a state policy of prohibiting racial profiling and provided for required information to be gathered and tracked regarding the specifics of traffic stops. This bill was not provided a hearing in the Assembly Committee on Public Safety.

AB 953 (Weber) Page 5 of 7

AB 788 (Firebaugh) 2001 would have required the CHP and specified law enforcement agencies to report to the DOJ statistical data regarding traffic stops until January 1, 2008. This bill died on the Assembly Floor.

SB 1102 (Murray) Chapter 684/2000 states findings and declarations of the Legislature regarding racial profiling and requires law enforcement officers to participate in expanded training as prescribed and certified by POST.

SB 78 (Murray) 1999 would have required the Commissioner of the CHP to gather data on traffic stops conducted by the CHP and law enforcement agencies of specified counties, and provide a report to the Legislature and the Governor. This bill was vetoed by the Governor.

AB 1264 (Murray) 1998 would have required the DOJ until January 1, 2003, in its annual report on criminal justice statistics to include specified statistics regarding all motorists stopped by law enforcement officers. This bill was vetoed by the Governor whose message stated in part:

This bill would require California law enforcement officers to collect information, including race or ethnicity and approximate age and gender, about all motorists subject to traffic stops during a three year reporting period. In addition, the DOJ would be required to collect and report statistical reports in its annual crime statistics report... Nonetheless, some officers, like members of every profession, may fail to fulfill their duties and indulge in biases. This bill would seek to record such incidents over a period of three years at a cost of tens of millions of dollars. The bill, however, ensures that neither officers nor motorists would be identified by name, only in the aggregate. Accordingly, it would be impossible to take meaningful corrective action.

This bill offers no certain or useful conclusion, assuredly nothing that would justify the major commitment of time, money, and manpower that this bill requires. The investment contemplated by AB 1264 could be more immediately and productively employed by enhancing officer training, encouraging dialogue between enforcement agencies and racially diverse community groups, and taking forceful action against those officers who abuse the privilege of serving all of California's citizens.

#### Staff Comments:

Data collection, reporting, retention, and training

This bill requires each state and local agency that employs peace officers to make an annual report including specified data on all "stops" conducted by that agency's peace officers to the DOJ. The bill defines peace officers to include members of the CHP, city or county law enforcement agencies, and the CSU and UC who would be subject to the data collection, reporting, and retention requirements of this bill. There are currently 482 cities and 58 counties in the State. While statewide costs cannot be estimated with certainty, given the large number of local agencies and the numerous types of data required to be collected, reported, and retained, these activities could result in major one-time and ongoing costs, potentially in the tens of millions of dollars annually. To the extent local agency expenditures qualify as a reimbursable state mandate, agencies could claim reimbursement of those costs (General Fund). As an example, the Commission on State Mandates' statewide cost estimate for *Crime Statistics Reports for* 

**AB 953 (Weber)** Page **6** of **7** 

the DOJ reflects eligible reimbursement of over \$13.6 million per year for slightly over 50 percent of local agencies reporting.

The costs to individual agencies would vary widely and depend on various factors, including but not limited to the size of the agency, the volume of stops to be reported by the agency, the method of collecting the data (which is not specified in the bill), the workload involved to collect the data elements required to be reported, the extent of training conducted by each agency, and storage requirements for each agency (whether electronic or paper). For example, while the workload involved to report the number of stops for an agency that already has an electronic data collection process in place may only require revisions to its existing process and minor training to its officers on the changes, the workload required for an agency that has no existing process in place would not only potentially incur the costs of development of a new system to collect and report the information, the costs of which would be dependent on how the agency decides to collect the data (whether manually or electronically), but would also incur substantial costs to test the system and train its officers. Whether through manual or electronic collection, agencies at a minimum would likely require the development of a central database and other system enhancements to aggregate the data, report to the DOJ, and retain the information for a minimum of five years as required by the bill.

#### Mandated racial profiling training

This bill requires law enforcement officers who have a complaint of racial or identity profiling that has been sustained to participate in training to correct racial and identity profiling at least every six months for two years. By mandating additional training on local law enforcement agencies, this bill could result in increased state-reimbursable costs to local agencies to provide training to officers and backfill behind these officers during the training period. Costs would be dependent on the number of officers with sustained complaints, the cost of the training course, and the frequency of the training attended (whether every six months or more frequently).

#### RIPA and mandated activities

The DOJ has indicated costs of \$1.7 million in 2015-16, and \$3 million in each of 2016-17 and 2017-18 to establish the 19-member RIPA and oversee/conduct its start-up activities. Ongoing costs are estimated at \$1.5 million for activities including but not limited to analyzing data and statistics, issuing annual reports, reviewing and analyzing racial profiling policies and procedures, and holding at least three annual public meetings, which would include costs for travel and overtime.

Amendments for consideration: To reduce the potential costs of this measure, the author may wish to consider reducing the scope of the bill to a pilot program narrowed to specified counties or agencies and/or include a sunset date for the bill's provisions. Narrowing the collection of data to vehicle stops would also reduce the potential costs of this bill.

Alternatively, revising the structure of the bill's language to require the DOJ to include data on stops in its annual report reflecting information from law enforcement agencies reporting this information would potentially remove the mandate on local law enforcement agencies, however, data received would be limited to those agencies voluntarily collecting and reporting this information and would preclude uniformity and the ability to analyze data on a statewide basis.

000060

AB 953 (Weber) Page 7 of 7

Additional amendments that could reduce the potential costs of the bill include 1) eliminating the mandated five-year data retention period, 2) eliminating the mandated training provision on specified peace officers, and 3) limiting the analysis of the stop data to either the AG or the RIPA, instead of requiring this analysis and separate annual reports by both entities.

Governor Brown signed the Racial and Identity Profiling Act of 2015 (AB 953) which requires state and local law enforcement agencies, as specified, to collect detailed data regarding stops of individuals, including perceived demographic information on the person stopped, and to report this data to the California Attorney General. The California Department of Justice is adopting six sections in title 11 of the California Code of Regulations to outline the reporting requirements of AB 953. These regulations set forth the information required to be reported by officers, definitions of terms used in the regulations, and specific guidance regarding the reporting required under Government Code section 12525.5, subdivision (b).

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 11/7/2017.

Article 6. Audits and Validation

#### **Article 1. Definitions**

#### § 999.224

- (a) For purposes of Government Code section 12525.5 and this chapter only, the following definitions shall apply:
  - (1) "Act" means the provisions of the Racial and Identity Profiling Act of 2015, also known as "AB 953," which are contained in Government Code section 12525.5, Penal Code section 13012, and Penal Code section 13519.4.
  - (2) "Consensual search" is a search that occurs when a person gives a peace officer consent or permission to search the person or the person's property. Consent can be given in writing or verbally, or may be implied by conduct.
  - (3) "Custodial setting" means correctional institutions, juvenile detention facilities, and jails, including parking lots and grounds within the perimeter of these enumerated facilities. "Custodial setting" does not include home detention or any circumstances where persons are under house arrest outside of correctional institutions, juvenile detention facilities, or jails.
  - (4) "Data element" refers to a category of information the peace officer must report regarding a stop. For example, "perceived gender of person stopped" is a data element that must be collected under Government Code section 12525.5.
  - (5) "Data value" is a component or characteristic of a data element to be used in reporting each data element. For example, "male," "female," "transgender man/boy," "transgender woman/girl," and "gender nonconforming" are each data values to use in reporting the data element "perceived gender of person stopped." Reporting agencies shall ensure that the technical specifications for data values are consistent with these regulations and in doing so shall follow the data dictionary prepared by the Department.

- (6) "Department" refers to the California Department of Justice or the California Attorney General.
- (7) "Detention," unless otherwise provided in these regulations, means a seizure of a person by an officer that results from physical restraint, unequivocal verbal commands, or words or conduct by an officer that would result in a reasonable person believing that he or she is not free to leave or otherwise disregard the officer.
- (8) "Firearm" means a weapon that fires a shot by the force of an explosion, and includes all handguns, rifles, shotguns, and other such devices commonly referred to as firearms.
- (9) "K-12 Public School" means "California state educational institution," as defined in this chapter.
- (10) "Probation officer" means an adult probation officer authorized by Penal Code section 1203.5, or a juvenile probation officer authorized by Welfare and Institutions Code section 270, whose duties are defined in Penal Code section 830.5 or Welfare and Institutions Code sections 280 and 283, respectively.
- (11) "Reporting agency" means:
  - (A) Any city or county law enforcement agency that employs peace officers.
    - 1. "Reporting agency" includes any city or county law enforcement agency that employs peace officers, including officers who are contracted to work at other government agencies or private entities. This includes, but is not limited to, peace officers assigned to work in cities or other jurisdictions that are not within the original jurisdiction of the city or county law enforcement agency; peace officers of city or county law enforcement agencies assigned to or contracted to work at housing or transit agencies; and school resource officers assigned to work in California state educational institutions.
  - (B) The California Highway Patrol.
  - (C) The law enforcement agencies of any California state or university educational institutions.
    - 1. "California state educational institution" means any public elementary or secondary school; the governing board of a school district; or any combination of school districts or counties recognized as the administrative agency for public elementary or secondary schools.
      - a. "The law enforcement agencies of California state educational institutions" refers to any police department established by a public school district pursuant to Education Code section 38000, subdivision (b).
    - 2. "California university educational institution" means the University of California, the California State University, and any college of the California Community Colleges.

- a. "The law enforcement agencies of California university educational institutions" refers to the following:
  - (1) Police departments of all campuses of the California State University established pursuant to Education Code section 89560;
  - (2) Police departments of all campuses of the University of California established pursuant to Education Code section 92600; and
  - (3) Police departments of all California community colleges established pursuant to Education Code section 72330.
- (12) "School resource officer" includes, but is not limited to, "school resource officer" as defined by 42 U.S.C. § 3796dd-8(4).
- (13) "Search," unless otherwise provided, means a search of a person's body or property in the person's possession or under his or her control, and includes a pat-down search of a person's outer clothing as well as a consensual search, as defined in these regulations.
- (14) "Stop" for purposes of these regulations means (1) any detention, as defined in these regulations, by a peace officer of a person; or (2) any peace officer interaction with a person in which the officer conducts a search, as defined in these regulations.
- (15) "Stop data" refers collectively to the data elements and data values that must be reported to the Department.
- (16) "Student" means any person who is enrolled in a K-12 Public School, or any person who is subject to California's compulsory education law as provided in Education Code section 48200. A "student" includes persons between 6 and 18 years of age who are not otherwise exempt from the compulsory education laws as provided in Education Code section 48200. "Student" also refers to persons up to 22 years of age who are being provided special education and services, as provided under Education Code section 56026. The reporting requirements of this chapter regarding "students" apply only to interactions between officers and students that take place in a K-12 Public School.

  - (C) Example: A 19-year old person who is enrolled in a K-12 Public School is a student for purposes of these regulations.
  - (D) Example: A 21-year old special education student enrolled in a K-12 Public School is a student for purposes of these regulations.

- (E) Example: An interaction between an officer and a student that takes place at a mall must be reported pursuant to the general reporting requirements set forth in § 999.227, subdivision (a) of these regulations, and not the reporting requirements set forth at § 999.227, subdivision (e)(3) (4) for interactions that take place between a student and an officer in a K-12 Public School.
- (17) "Unique Identifying Information" means personally identifying information, the release of which, either alone or in combination with other data reported, is reasonably likely to reveal the identity of the individual officer who collected the stop data information. It does not include the minimum information that is specified in Government Code section 12525.5, subdivision (b).
- (18) "Vehicle" means motor vehicles as defined in Vehicle Code section 670; motorcycles, mopeds, and motorized scooters as defined in Vehicle Code sections 400, 406, and 407.5, respectively; and any motorized vehicles, including boats.

#### Article 2. Law Enforcement Agencies Subject to Government Code Section 12525.5

#### § 999.225

- (a) The data collection requirements of this chapter apply only to peace officers, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, who are employed by "reporting agencies," subject to the exceptions set forth below.
- (b) Probation officers are not subject to this chapter.
- (c) Peace officers shall not report stops that occur in a custodial setting. Peace officers who work in custodial settings are subject to this chapter for stops that occur in non-custodial settings.
- (d) All peace officers employed by a reporting agency, except for probation officers, are subject to this chapter even if the officer makes a stop while assigned or contracted to work for another governmental agency or a private entity pursuant to a contract or memorandum of understanding between the reporting agency and the governmental agency or private entity.
  - (1) Example: A peace officer of a reporting agency who is also a member of a federal task force is subject to this chapter when stopping a person while the officer is performing duties as part of the task force, regardless of whether the officer must also comply with federal data collection policies, if any.
  - (2) Example: A peace officer of a reporting agency assigned to work as a school resource officer in a K-12 Public School pursuant to a memorandum of understanding or other contractual relationship is subject to this chapter when stopping a person while on that assignment.

(3) Example: A peace officer of a reporting agency hired pursuant to a memorandum of understanding or other contractual relationship between the reporting agency and a private entity to work at a private university or college, or sporting event, is subject to this chapter when stopping a person while working on that assignment.

#### Article 3. Data Elements To Be Reported

#### § 999.226

- (a) The data elements regarding stops that shall be collected by peace officers subject to this chapter are defined as follows:
  - (1) "ORI number" is the data element that refers to the reporting agency's Originating Agency Identifier, a unique identification code number assigned by the Federal Bureau of Investigation.
  - (2) Date, Time, and Duration of Stop
    - (A) "Date of Stop" refers to the year, month, and day when the stop occurred. It shall be recorded as the date on which the stop began. If the stop extends over two days (e.g., if a stop began at 2330 hours on January 1st and concluded at 0030 hours on January 2nd), the "Date of Stop" should be recorded as the first date (in this example, January 1st).
    - (B) "Time of Stop" refers to the approximate time that the stop began and shall be recorded using a 24-hour clock (i.e., military time).
    - (C) "Duration of Stop" is the approximate length of the stop measured from the time the reporting officer, or any other officer, first detains or, if no initial detention, first searches the stopped person until the time when the person is free to leave or taken into physical custody. In reporting this data element, the officer shall enter the approximate length of the stop in minutes.
      - 1. Example: Officer A stops a vehicle for suspected driving under the influence (DUI) at 1300 hours. Officer B then arrives at the scene 15 minutes later and conducts a field sobriety test on the driver, who fails the tests. Officer B then arrests and takes the driver into custody at 1345. "Duration of Stop" would be reported as 45 minutes.
      - 2. Example: Officer A begins interviewing witnesses to a robbery at 1100 hours. After approximately 30 minutes of interviews with different witnesses, Officer A observes what looks like a switchblade knife protruding from the waistband of one of the witnesses. Officer A then searches that person. "Duration of Stop" is measured from the time the person is searched (1130 hours) and not the time during which the officer began interviewing the witnesses to the robbery (1100 hours).

- (3) "Location of Stop" refers to the physical location where the stop took place and shall be reported as follows:
  - (A) The officer shall report one of the following options, which are provided in order of preference:
    - 1. Block number and street name;
    - 2. Closest intersection; or
    - 3. Highway and closest highway exit.
    - 4. If none of these options are applicable, the officer may report a road marker, landmark, or other description, except that the officer shall not provide a street address if the location is a residence.
  - (B) The officer shall report the city. To ensure uniformity, the Department shall provide a list of cities within the State of California.
- (4) "Perceived Race or Ethnicity of Person Stopped" refers to the officer's perception of the race or ethnicity of the person stopped. When reporting this data element, the officer shall make his or her determination of the person's race or ethnicity based on personal observation only. The officer shall not ask the person stopped his or her race or ethnicity, or ask questions or make comments or statements designed to elicit this information.
  - (A) When reporting this data element, the officer shall select all of the following data values that apply:
    - 1. Asian
    - 2. Black/African American
    - 3. Hispanic/Latino(a)
    - 4. Middle Eastern or South Asian
    - 5. Native American
    - 6. Pacific Islander
    - 7. White
      - <u>a. Example: If a person appears to be both Black and Latino(a), the officer shall</u> select both "Black/African American" and "Hispanic/Latino(a)."
  - (B) "Asian" refers to a person having origins in any of the original peoples of the Far East or Southeast Asia, including for example, Cambodia, China, Japan, Korea, Malaysia, the Philippine Islands, Thailand, and Vietnam, but who does not fall within the definition of "Middle Eastern or South Asian" or "Pacific Islander."
  - (C) "Black/African American" refers to a person having origins in any of the Black racial groups of Africa.

- (D) "Hispanic/Latino(a)" refers to a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
- (E) "Middle Eastern or South Asian" refers to a person of Arabic, Israeli, Iranian, Indian, Pakistani, Bangladeshi, Sri Lankan, Nepali, Bhutanese, Maldivian, or Afghan origin.
- (F) "Native American" refers to a person having origins in any of the original peoples of North, Central, and South America.
- (G) "Pacific Islander" refers to a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands, but who does not fall within the definition of "Middle Eastern or South Asian" or "Asian."
- (H) "White" refers to a person of Caucasian descent having origins in any of the original peoples of Europe and Eastern Europe.
- (5) "Perceived Gender of Person Stopped" refers to the officer's perception of the person's gender. When reporting this data element, the officer shall make his or her determination of the person's gender based on personal observation only. The officer shall not ask the person stopped his or her gender or use the gender specified on the person's driver's license or other identification, recognizing that the officer's observation may not reflect the gender specified on the person's identification.
  - (A) When reporting this data element, the officer shall select at least one of the following data values. In doing so and when applicable, the officer may select "Gender nonconforming" in addition to one of the four enumerated gender data values of Male, Female, Transgender man/boy, or Transgender woman/girl. If the officer cannot perceive the person stopped to be within the categories of Male, Female, Transgender man/boy, or Transgender woman/girl, the officer must select "Gender nonconforming" as the only data value.
    - 1. Male
    - 2. Female
    - 3. Transgender man/boy
    - 4. Transgender woman/girl
    - 5. Gender nonconforming
  - (B) For purposes of completing this data element, the officer shall refer to the following definitions:
    - 1. "Transgender man/boy" means a person who was assigned female at birth but who currently identifies as a man, or boy if the person is a minor.
    - 2. "Transgender woman/girl" means a person who was assigned male at birth but who currently identifies as a woman, or girl if the person is a minor.

- 3. "Gender nonconforming" means a person whose gender-related appearance, behavior, or both, differ from traditional conceptions about how males or females typically look or behave. A person of any gender or gender identity may be gender nonconforming. For this reason, an officer may select "Gender nonconforming" in addition to any of the other gender data values, if applicable.
- (6) "Person Stopped Perceived to be LGBT" refers to the officer's perception that the person stopped is LGBT. "LGBT" refers to lesbian, gay, bisexual or transgender. When reporting this data element, the officer shall select "Yes" or "No" and shall make his or her determination based on personal observation only, without asking whether the person is LGBT. If an officer selects "Transgender man/boy" or "Transgender woman/girl" in response to the data element for "Perceived Gender of Person Stopped," he or she must also select "Yes" in response to this data element.
- (7) "Perceived Age of Person Stopped" refers to the officer's perception of the approximate age of the person stopped. When reporting this data element, the officer shall make his or her determination based on personal observation only. The officer shall not ask the person stopped his or her age or use the age specified on the person's identification, recognizing that the officer's observation may not reflect the age specified on the person's identification. In providing this information, the officer shall input an Arabic numeral (e.g., 1, 2, 3, 4) rounded up to the closest whole number.
- (8) "Person Stopped Has Limited or No English Fluency" refers to the officer's perception that the person stopped has limited or no fluency in English. The officer shall only select this data element if it applies to the person stopped.
- (9) "Perceived or Known Disability of Person Stopped" refers to the officer's perception that the person stopped displayed signs of one or more of the following conditions; the officer's knowledge that the person stopped has one or more of the following conditions because the person stopped so advised the officer; or the officer's prior knowledge that the person stopped had one or more of the following conditions. Nothing in this provision alters any existing requirements to comply with reasonable accommodation and anti-discrimination laws with respect to the treatment of people with disabilities. When reporting this data element, the officer shall select all of the following data values that apply:
  - (A) Deafness or difficulty hearing
  - (B) Speech impairment or limited use of language
  - (C) Blind or limited vision
  - (D) Mental health condition
  - (E) Intellectual or developmental disability, including dementia
  - (F) Other disability
  - (G) None. If "None" is selected, no other data values can be selected.

- (10) "Reason for Stop" refers to the primary reason why the officer stopped the person.
  - (A) When reporting this data element, the officer shall identify only the primary reason for stopping a person, by selecting one of the following data values. Justifications that did not inform the officer's primary reason for the stop shall not be selected.
    - 1. Traffic violation. When selecting this data value, the officer shall also identify the applicable Vehicle Code section and subdivision using the Department's standard California Justice Information Services (CJIS) Offense Table. When the person stopped is the driver, the officer shall also designate the primary type of violation:
      - a. Moving violation
      - b. Equipment violation
      - c. Non-moving violation, including registration violation
    - 2. Reasonable suspicion that the person was engaged in criminal activity. This data value should not be selected if "Traffic violation" is the reason for the stop. When selecting this data value, the officer shall select all applicable circumstances that gave rise to the officer's reasonable suspicion from the list provided below. In addition, using the Department's standard CJIS Offense Table, the officer shall identify the primary code section and subdivision of the suspected violation of law that formed the basis for the stop, if known to the officer.
      - a. Officer witnessed commission of a crime
      - b. Matched suspect description
      - c. Witness or victim identification of suspect at the scene
      - d. Carrying suspicious object
      - e. Actions indicative of casing a victim or location
      - f. Suspected of acting as a lookout
      - g. Actions indicative of a drug transaction
      - h. Actions indicative of engaging in a violent crime
      - i. Other reasonable suspicion of a crime
    - 3. Known to be on parole/probation/PRCS/mandatory supervision. The officer shall select this data value if the officer stopped the person because the officer knows that the person stopped is a supervised offender on parole, on probation, on post-release community supervision (PRCS), or on mandatory supervision. The officer shall not select this data value if the officer learns that the person has this status only after the person is stopped.
    - 4. Knowledge of outstanding arrest warrant/wanted person. The officer shall select this data value if the officer stopped the person because the officer knows that the person stopped is the subject of an outstanding arrest warrant or is a wanted person. The officer shall not select this data value if the officer learns, after the person is

- stopped, that the person is the subject of an outstanding arrest warrant or is a wanted person.
- 5. Investigation to determine whether the person is truant.
- 6. Consensual encounter resulting in a search. A consensual encounter is an interaction in which the officer does not exert any authority over, or use any force on, a person, and the person is free to leave. The officer shall only select this data value if a consensual encounter results in a search, regardless of whether the resulting search is consensual.
  - a. Example: During the course of a witness interview in which the person is free to leave, the officer asks to search the person's bag, and the person consents. In this case the reason for stop is a "consensual encounter resulting in a search."
- (B) When reporting the "Reason for Stop," the officer shall also provide a brief explanation (250-character maximum) regarding the reason for the stop. This explanation shall include additional detail beyond the general data values selected for the "Reason for Stop." Officers shall not include any personal identifying information of the persons stopped or Unique Identifying Information of any officer in this explanation.
  - 1. Example: If the officer selected "Reasonable suspicion that the person was engaged in criminal activity/Actions indicative of a drug transaction," the officer must use this field to briefly note the specific nature of the actions indicative of a drug transaction and why they were suspicious.
  - 2. Example: If the officer selected "Vehicle Code 26708 (Material Obstructing or Reducing the Driver's View)" from the Department's standard CJIS Offense Table, the officer shall use this field to briefly note the specific nature of the obstruction/reduction of the driver's view (i.e., what specifically did the officer observe and how was such item obstructing or reducing the driver's view).
- (11) "Stop Made in Response to a Call for Service." The officer shall only select this data element if the stop was made in response to a call for service, radio call, or dispatch. An interaction that occurs when an officer responds to a call for service is only reportable if the interaction meets the definition of "stop," as specified in section 999.224, subdivision (a)(14). A call for service is not a reason for a stop.
- (12) "Actions Taken by Officer During Stop" refers to an officer's actions toward the person stopped.
  - (A) The reporting officer shall select all of the following data values that apply, even if any or all of the actions were undertaken by another officer:
    - 1. Person removed from vehicle by order
    - 2. Person removed from vehicle by physical contact
    - 3. Field sobriety test conducted

- 4. Curbside detention. This refers to any time an officer directs the person to sit on the sidewalk, curb, or ground.
- 5. Handcuffed or flex cuffed
- 6. Patrol car detention
- 7. Canine removed from vehicle or used to search
- 8. Firearm pointed at person
- 9. Firearm discharged or used
- 10. Electronic control device used
- 11. Impact projectile discharged or used (e.g., blunt impact projectile, rubber bullets or bean bags)
- 12. Canine bit or held person
- 13. Baton or other impact weapon used
- 14. Chemical spray used (e.g., pepper spray, mace, or other chemical irritants)
- 15. Other physical or vehicle contact. This refers to any of the following contacts by the officer, when the purpose of such contact is to restrict movement or control a person's resistance: any physical strike by the officer; instrumental contact with a person by an officer; or the use of significant physical contact by the officer. Examples of such contacts include, but are not limited to, carotid restraints, hard hand controls, the forcible taking of a subject to the ground, or use of vehicle in apprehension.
- 16. Person photographed
- 17. Asked for consent to search person
  - a. Consent given
  - b. Consent not given
- 18. Search of person was conducted. This data value should be selected if a search of the person was conducted, regardless of whether the officer asked for or received consent to search the person.
- 19. Asked for consent to search property
  - a. Consent given
  - b. Consent not given
- 20. Search of property was conducted. This data value should be selected if a search of the person's property was conducted, regardless of whether the officer asked for or received consent to search the property.
- 21. Property was seized
- 22. Vehicle impounded

- 23. None. This data value should only be selected if none of the enumerated data values apply. If "None" is selected, no other data values can be selected.
- (B) "Basis for Search." If, during the stop, the officer conducted a search of the person, the person's property, or both, the officer shall report the basis for the search.
  - 1. The officer shall identify the basis for the search by selecting all of the following data values that apply:
    - a. Consent given
    - b. Officer safety/safety of others
    - c. Search warrant
    - d. Condition of parole/probation/PRCS/mandatory supervision
    - e. Suspected weapons
    - f. Visible contraband
    - g. Odor of contraband
    - h. Canine detection
    - i. Evidence of crime
    - i. Incident to arrest
    - k. Exigent circumstances/emergency
    - 1. Vehicle inventory (for search of property only)
  - 2. When reporting the "Basis for Search," the officer shall also provide a brief explanation (250-character maximum) regarding the basis for the search. This explanation shall include additional detail beyond the general data values selected for "Basis for Search." Officers shall not include any personal identifying information of the persons stopped or Unique Identifying Information of any officer in this explanation. If the basis for the search is "Condition of parole/probation/PRCS/mandatory supervision," this explanation is not required.
    - a. Example: If the officer selected "Suspected weapons" as the "Basis for Search," the officer must use this field to explain the specific nature of the suspected weapons (i.e., what were the specific objects, shapes, and/or movements observed that made the officer suspicious and what type of weapons were suspected).
- (C) "Contraband or Evidence Discovered, if Any." The officer shall indicate whether contraband or evidence was discovered during the stop, including contraband or evidence discovered in plain view or as the result of a search, and the type of contraband or evidence discovered, by selecting all of the following data values that apply:
  - 1. None. If "None" is selected, no other data values can be selected.
  - 2. Firearm(s)
  - 3. Ammunition

- 4. Weapon(s) other than a firearm
- 5. Drugs/narcotics
- 6. Alcohol
- 7. Money
- 8. Drug paraphernalia
- 9. Suspected stolen property
- 10. Cell phone(s) or electronic device(s)
- 11. Other contraband or evidence
- (D) Additional Data Regarding Type of Property Seized.
  - 1. "Basis for Property Seizure." If the officer seized property during the stop, regardless of whether the property belonged to the person stopped, the officer shall report the basis for the property seizure by selecting all of the following data values that apply:
    - a. Safekeeping as allowed by law/statute
    - b. Contraband
    - c. Evidence
    - d. Impound of vehicle
    - e. Abandoned Property
  - 2. "Type of Property Seized." If the officer seized property during the stop, regardless of whether the property belonged to the person stopped, the officer shall report the type of property seized, by selecting all of the following data values that apply:
    - a. Firearm(s)
    - b. Ammunition
    - c. Weapon(s) other than a firearm
    - d. Drugs/narcotics
    - e. Alcohol
    - f. Money
    - g. Drug paraphernalia
    - h. Suspected stolen property
    - i. Cell phone(s) or electronic device(s)
    - i. Vehicle
    - k. Other contraband or evidence
- (13) "Result of Stop" refers to the outcome of the stop. When reporting this data element, the officer shall select all of the following data values that apply. In addition, for warnings,

citations, cite and release, and custodial arrests (with the exception of an arrest pursuant to an outstanding warrant) the officer shall also, using the Department's standard CJIS Offense Table, identify the code, including the section number and appropriate subdivision, that is the basis for the warning, citation, cite and release, or custodial arrest, where applicable. If more than one code section forms the basis for the warning, citation, cite and release or custodial arrest, the officer shall identify all applicable code sections and subdivisions. If the Result of Stop is based on an ordinance, the officer shall select "local ordinance viol" from the Department's CJIS Offense Table without the need for the specific section number.

- (A) No action. If "No Action" is selected, no other data values can be selected.
- (B) Warning (verbal or written)
- (C) Citation for infraction
- (D) In-field cite and release
- (E) Custodial arrest pursuant to outstanding warrant
- (F) Custodial arrest without warrant
- (G) Field interview card completed
- (H) Noncriminal transport or caretaking transport. This includes transport by an officer, transport by ambulance, or transport by another agency.
- (I) Contacted parent/legal guardian or other person responsible for the minor
- (J) Psychiatric hold (pursuant to Welfare & Institutions Code sections 5150 and/or 5585.20)
- (K) Contacted U.S. Department of Homeland Security (e.g., Immigration and Customs Enforcement, Customs and Border Protection)
- (14) "Officer's Identification (I.D.) Number" refers to a permanent identification number assigned by the reporting agency to the reporting officer, which shall be used for all reporting to the Department required under this chapter. For purposes of these regulations, an Officer's I.D. Number shall be considered Unique Identifying Information.
- (15) "Officer's Years of Experience" refers to the officer's total number of years he or she has been a peace officer as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code. When reporting this data element, the officer shall count the total number of years he or she has been a peace officer, and not the number of years at his or her current agency. If the officer has served as a peace officer intermittently or part-time, he or she shall only count the time actually worked as a peace officer. In providing this information, the officer shall input an Arabic numeral (e.g., 1, 2, 3, 4) rounded up to the closest whole number.

- (16) "Type of Assignment of Officer" refers to the type of assignment to which an officer is assigned at the time of the stop. When reporting this data element, the officer shall select one of the following data values:
  - (A) Patrol, traffic enforcement, field operations
  - (B) Gang enforcement
  - (C) Compliance check (e.g., parole/probation/PRCS/mandatory supervision)
  - (D) Special events (e.g., sports, concerts, protests)
  - (E) Roadblock or DUI sobriety checkpoint
  - (F) Narcotics/vice
  - (G) Task force
  - (H) K-12 Public School, including school resource officer or school police officer

#### **Article 4. Reporting Requirements**

#### § 999.227

- (a) General Reporting Requirements.
  - (1) Peace officers subject to the reporting requirements of this chapter shall submit the data elements described in section 999.226, subdivision (a) for every person stopped by the officer, except as provided in subdivisions (b), (c), (d) and (e) of this section.
  - (2) The data elements described in section 999.226, subdivision (a) are the minimum that a reporting agency shall collect and report. Nothing in this section prohibits a reporting agency from voluntarily collecting additional data.
  - (3) Nothing in this section prohibits an agency not subject to these regulations from submitting stop data voluntarily to the Department.
  - (4) When two or more reporting agencies are involved in a stop, only the primary agency shall submit a report. The primary agency is the agency with investigative jurisdiction based on local, county, or state law or applicable interagency agreement or memoranda of understanding. If there is uncertainty as to the primary agency, the agencies shall agree on which agency is the primary agency for reporting purposes. If a stop is done in conjunction

- with a reporting agency and an agency that is not subject to the reporting requirements of this chapter, the reporting agency is required to submit data on the stop, even if it is not the primary agency responsible for the stop.
- (5) If more than one peace officer of a reporting agency conducts a stop, only one officer shall collect and report the information required to be reported in this chapter. The officer with the highest level of engagement with the person stopped shall submit the full report for all data elements, regardless of whether that officer performed the specific action(s) reported.
  - (A) Example: If Officer A stops a person, questions them, and conducts a subsequent consensual search that results in the discovery of narcotics, but Officer B handcuffs the person and takes the person into custody, Officer A would complete the stop report and include all relevant actions of both Officer A and B in that stop report.
- (6) If multiple persons are stopped during one incident, then applicable stop data shall be submitted for each person within a single report, except that passengers in a vehicle that is stopped shall be reported only as set forth in subdivision (b) of this section.
- (7) Nothing prohibits agencies subject to this chapter from providing information to the Department earlier than the deadlines set forth in Government Code section 12525.5, subdivision (a).
- (8) On January 1 of each year until the agency begins reporting data to the Department, each reporting agency shall count the number of peace officers it employs who are subject to this chapter to determine the date that agency must start collecting stop data and reporting to the Department pursuant to Government Code section 12525.5, subdivisions (a)(1) and (a)(2).
- (9) An officer shall complete all stop reports for stops made during his or her shift by the end of that shift, unless exigent circumstances preclude doing so. In such circumstances, the data shall be completed as soon as practicable.
- (10) In order to ensure compliance with these regulations, a reporting agency, its officers, or both may review the stop data to correct errors before submitting the stop data to the Department. Once the stop data is submitted to the Department, however, an agency can only revise stop data through the Department's error resolution process.
- (11) Reporting agencies shall create the Officer's I.D. Number defined at section 999.226, subdivision (a)(14) for each officer required to report stops under these regulations. Stop reports submitted to the Department shall include the Officer's I.D. Number, but shall not include the officer's name or badge number. However, each reporting agency shall maintain a system to match an individual officer to his or her Officer's I.D. Number.
- (b) Reporting Requirements for Passengers in Vehicle Stops.
  - (1) Peace officers shall not submit the data elements described in section 999.226, subdivision (a) for passengers in vehicles subject to a stop unless either of the following applies:

- (A) The passenger is observed or suspected of violating the Vehicle Code or any other applicable law or ordinance.
  - 1. Example: An officer pulls over a vehicle because he or she observes the passenger of a vehicle throw a cigarette outside of the vehicle. The "Reason for Stop" is that the passenger was suspected of violating the Vehicle Code.
- (B) The passenger is subjected to any of the actions identified as data values in section 999.226, subdivision (a)(12)(A), excluding "Vehicle impounded" and "None."
  - 1. Example: An officer stops a speeding SUV containing a woman and her two small children. During the stop, the officer learns that the woman's license has been revoked. The officer then orders the family to exit the vehicle and sit on the curb while he or she questions the woman. The officer shall submit stop data for each person, because ordering persons to sit on the curb is a data value in section 999.226, subdivision (a)(12)(A).
  - 2. Example: An officer stops a speeding truck containing a woman and her two teenage children. During the stop, the officer learns that the vehicle is stolen, and must impound the vehicle. The officer arrests the woman, and then asks the teenage children to exit the car so that he can impound the vehicle. The officer shall not submit stop data for the two children because "Vehicle impounded" is excluded from the data values under section 999.226, subdivision (a)(12)(A) that trigger the reporting of stop data regarding passengers.
- (c) Peace Officer Interactions that Are Not Reportable. The following interactions, even if they otherwise meet the definition of "detention" set forth in this chapter, shall not be construed to be "detentions" and shall not be reported as stops.
  - (1) Stops during public safety mass evacuations, including bomb threats, gas leaks, flooding, earthquakes and other similar critical incidents, are not subject to the reporting requirements of this chapter.
  - (2) Stops during an active shooter incident, meaning an individual is actively engaged in killing or attempting to kill people in a populated area, are not subject to the reporting requirements of this chapter.
  - (3) Stops that occur during or as a result of routine security screenings required of all persons to enter a building or special event, including metal detector screenings, including any secondary searches that result from that screening, are not subject to the reporting requirements of this chapter.
- (d) Peace Officer Interactions that Are Reportable Only if the Officer Takes Additional Specified Actions
  - (1) Interactions that take place during the following circumstances shall only be reported if the person is detained based upon individualized suspicion or personal characteristics and/or

the officer engages in any of the actions described in the data values set forth in section 999.226, subdivision (a)(12)(A), excluding "None":

- (A) Traffic control of vehicles due to a traffic accident or emergency situation that requires that vehicles are stopped for public safety purposes.
- (B) Any type of crowd control in which pedestrians are made to remain in a location or routed to a different location for public safety purposes.
- (C) Interactions during which persons are detained at a residence only so that officers may check for proof of age for purposes of investigating underage drinking.
  - 1. Example: An officer is dispatched to a residence to investigate a noise complaint. Upon arrival, the officer suspects that some of the persons at the house party are engaged in underage drinking and he or she detains the persons to request identification to verify proof of age. Because the only action the officer takes is to detain the persons for the sole purpose of verifying proof of age, these interactions are not reportable.
  - 2. Example: At that same party, the officer, in addition to detaining a person to question him/her, also asks to search the person. Regardless of whether the person consents to the search or is actually searched, that interaction is reportable because asking for consent to search and/or conducting a search are data values under section 999.226, subdivision (a)(12)(A) that trigger reporting of stop data in these settings.
- (D) Checkpoints or roadblocks in which an officer detains a person as the result of a blanket regulatory activity or neutral formula that is not based on individualized suspicion or personal characteristics.
  - 1. Example: A checkpoint or roadblock, including a DUI sobriety checkpoint, that stops all vehicles or stops randomly selected vehicles using a neutral formula, i.e., not based on individualized suspicion or personal characteristics, is not subject to the reporting requirements of this chapter.
- (2) Interactions that take place with a person in his or her residence who is the subject of a warrant or search condition are not subject to the reporting requirements of this chapter. A peace officer shall, however, report any interactions with persons in the home who are not the subject of the warrant or search condition, if the officer takes any of the following actions: handcuffs or flex cuffs the person; arrests the person; points a firearm at the person; discharges or uses a firearm, electronic control device, impact projectile, baton or other impact weapon, or chemical spray on the person; or if a canine bit/held the person.
- (3) Interactions that take place with a person in his or her residence who is the subject of home detention or house arrest while an officer is on home detention or house arrest assignment, are not subject to the reporting requirements of this chapter. A peace officer shall, however, report any interactions with persons in the home who are not the subject of the home detention or house arrest, if the officer takes any of the following actions:

handcuffs or flex cuffs the person; arrests the person; points a firearm at the person; discharges or uses a firearm, electronic control device, impact projectile, baton or other impact weapon, or chemical spray on the person; or if a canine bit/held the person.

- (e) Reporting Requirements for Stops of Students at a K-12 Public School.
  - (1) Stops of persons who are not students are subject to the reporting requirements set forth in section 999.227, subdivision (a) (d), even if the stop takes place at a K-12 Public School.
  - (2) The exceptions to reporting set forth at section 999.227, subdivision (b), (c), and (d) shall apply to stops in K-12 Public School, regardless of whether the stops are of students or non-students.
  - (3) In addition, in a K-12 Public School, an officer shall report only the following interactions with students as stops:
    - (A) Any interaction that results in a temporary custody under Welfare and Institutions Code section 625, citation, arrest, permanent seizure of property as evidence of a criminal offense, or referral to a school administrator because of suspected criminal activity.
    - (B) Any interaction in which the student is questioned for the purpose of investigating whether the student committed a violation of law, including violations of Education Code sections 48900, 48900.2, 48900.3, 48900.4, and 48900.7, or to determine whether the student is truant.
    - (C) Any interaction in which an officer engages in one or more of the data values set forth in section 999.226, subdivision (a)(12)(A), excluding "None." This does not include a detention or search that is conducted of all persons as part of a neutrally applied formula that is not based upon personal characteristics. This includes searches conducted at the entries and exits of school facilities by screening devices, and secondary screenings that result from that initial screening.
      - 1. Example: All students entering a school are required to pass through a metal detector. A school police officer searches a student's person or belongings because a metal detector is activated. The interaction shall not be reported.
      - 2. Example: An officer searches a student's backpack because he or she suspects the backpack contains narcotics. The interaction is reportable.
  - (4) In reporting interactions with students at a K-12 Public School, the officer shall utilize the data elements and corresponding data values set forth in section 999.226, with the addition of the following data values, which the officer shall select if applicable:
    - (A) "Location of Stop." In addition to reporting the data values in section 999.226, subdivision (a)(3)(A) and (B) above, the officer shall provide the name of the school where the stop took place. To ensure uniformity, the Department of Justice shall provide a list of the names of K-12 Public Schools, using information obtained from the Department of Education. The officer shall also indicate that the stop is of a student.

- (B) "Perceived or Known Disability." If the stop of a student takes place at a K-12 Public School, in addition to selecting all applicable data values in section 999.226, subdivision (a)(9) above, the officer shall also select the following data value if applicable:
  - 1. Disability related to hyperactivity or impulsive behavior
- (C) "Reason for Stop." When reporting this data element, the officer shall select the primary reason for the stop from among the data values in section 999.226, subdivision (a)(10) as well as the additional data values provided below. "Student violated school policy" should only be selected if other options related to violations of law (e.g., Penal Code or Education Code) do not apply.
  - 1. Possible conduct warranting discipline under Education Code sections 48900, 48900.2, 48900.3, 48900.4, and 48900.7. When selecting this data value, the officer shall identify the primary code section and subdivision from the following options: 48900(a) through 48900(r); 48900.2; 48900.3; 48900.4; and 48900.7(a).
  - 2. Determine whether the student violated school policy
- (D) "Actions Taken by Officer During Stop." When reporting this data element, in addition to selecting the applicable data values in section 999.226, subdivision (a)(12)(A) above, the officer shall also select the following data value if applicable:
  - 1. Admission or written statement obtained from student
- (E) "Basis for Search." When reporting this data element, in addition to selecting the applicable data values in section 999.226, subdivision (a)(12)(B) above, the officer shall also select the following data value if applicable:
  - 1. Suspected violation of school policy
- (F) "Basis for Property Seizure." When reporting this data element, in addition to selecting the applicable data values in section 999.226, subdivision (a)(12)(D)1 above, the officer shall also select the following data value if applicable:
  - 1. Suspected violation of school policy
- (G) "Result of Stop." When reporting this data element, in addition to selecting the applicable data values in section 999.226, subdivision (a)(13) above, the officer shall also select the following data values if applicable:
  - 1. Referral to school administrator
  - 1. Referral to school counselor or other support staff

Note: Authority: Section 12525.5, Government Code. Reference: Section 12525.5, Government Code.

# **Article 5. Technical Specifications and Uniform Reporting Practices**

### § 999.228

- (a) Electronic System. The system developed by the Department shall require the electronic submission of data from reporting agencies.
- (b) Submission of Data. Reporting agencies shall be provided with the following options to submit their stop data to the Department: (1) a web-browser based application, which shall include mobile capabilities for agencies that choose to use the Department's developed and hosted solution to submit stop data; (2) a system-to-system web service for agencies that elect to collect the data in a local system and then submit the data to the Department; and (3) a secured file transfer protocol for agencies that elect to collect the data in a local repository and then submit the data to the Department. Agencies that select option 3 shall be permitted to submit batch uploads of stop data in Excel spreadsheets and other delimited text formats of electronic documentation that complies with the Department's interface specifications.
- (c) Reporting Schedule. Nothing in this section prohibits a reporting agency from submitting this data more frequently than required under Government Code section 12525.5, subdivision (a)(1). Due to the volume of the data, it is recommended that reporting agencies submit stop data on a monthly or quarterly basis. The Department shall accept data submitted on a more frequent basis, including data submitted daily.
- (d) Reporting Responsibilities. Law enforcement agencies are solely responsible to ensure that neither personally identifiable information of the person stopped, nor any other information that is exempt from disclosure pursuant to Government Code section 12525.5, subdivision (d), is transmitted to the Department in the data element entitled "Location of Stop" required by section 999.226, subdivision (a)(3) and the explanatory fields required by section 999.226, subdivisions (a)(10)(B) and (12)(B)2. Unless otherwise provided, all information submitted in the stop data report, including the information entered into the data element entitled "Location of Stop" required by section 999.226, subdivision (a)(3) and the explanatory fields required by section 999.226, subdivisions (a)(10)(B) and (12)(B)2, is subject to public disclosure consistent with Government Code section 12525.5, subdivision (d).
- (e) System Security. The Department shall design its system to be easily accessible for authorized users, confidential, and accurate. The system will provide role-based authorization services. Reporting agencies will be required to authorize and remove users to the system as necessary. Automated systems handling stop data and the information derived therein shall be secure from unauthorized access, alteration, deletion or release.
- (f) Data Standards. The Department shall publish a data dictionary and interface specifications to ensure uniform and complete reporting of stop data. These documents will define each required data element and acceptable data values. These data standards shall be consistent with the definitions and technical specifications set forth in this chapter.
- (g) Data Publication. Data submitted to the Department will be published, at the discretion of the Attorney General and consistent with Government Code section 12525.5, on the Department's OpenJustice website. The data published shall include disaggregated statistical data for each

reporting agency. The Department shall not release to the public the Officer's I.D. Number or Unique Identifying Information. Nothing in this section prohibits the Department from confidentially disclosing all stop data reported to the Department to advance public policy through scientific study and pursuant to the Department's data security protocols, which will ensure that the publication of any data, analyses, or research will not result in the disclosure of an individual officer's identity.

(h) Retention Period. The Department shall retain the stop data collected indefinitely. Each reporting agency shall keep a record of its source data for a minimum of three years, and shall make this data available for inspection by the Department should any issues arise regarding the transfer of data to the Department. If a reporting agency elects to use the Department's webbrowser based application, the Department shall host the data for the agency for the requisite retention period of three years or transfer this data back to the agency for storage, at the agency's election.

Note: Authority cited: Section 12525.5, Government Code. Reference: Section 12525.5, Government Code.

#### **Article 6. Audits and Validation**

### § 999.229

- (a) The Department shall keep an audit log of incoming and outgoing transactions for each agency's submission of stop data. The Department shall retain this audit log for a minimum of three years.
- (b) The Department shall perform data validation on stop data submitted to ensure data integrity and quality assurance. Each reporting agency shall be responsible for ensuring that all data elements, data values, and narrative explanatory fields conform to these regulations and for correcting any errors in the data submission process, and shall do so through the Department's error resolution process.
- (c) Agencies submitting records via the system-to-system web service or the secure file transfer protocol shall include a unique stop record number for each stop. The Department will use this record number to relay information on errors when necessary.

Note: Authority cited: Section 12525.5, Government Code. Reference: Section 12525.5, Government Code.

#### **PENAL CODE - PEN**

PART 4. PREVENTION OF CRIMES AND APPREHENSION OF CRIMINALS [11006 - 14315] (Part 4 added by Stats. 1953, Ch. 1385.)

TITLE 4. STANDARDS AND TRAINING OF LOCAL LAW ENFORCEMENT OFFICERS [13500 - 13553] (Title 4 added by Stats. 1959, Ch. 1823.)

CHAPTER 1. Commission on Peace Officer Standards and Training [13500 - 13553] (Chapter 1 added by Stats. 1959, Ch. 1823.)

ARTICLE 2. Field Services and Standards for Recruitment and Training [13510 - 13519.15] (Heading of Article 2 amended by Stats. 1967, Ch. 1640.)

- **13519.4.** (a) The commission shall develop and disseminate guidelines and training for all peace officers in California as described in subdivision (a) of Section 13510 and who adhere to the standards approved by the commission, on the racial and cultural differences among the residents of this state. The course or courses of instruction and the guidelines shall stress understanding and respect for racial, identity, and cultural differences, and development of effective, noncombative methods of carrying out law enforcement duties in a diverse racial, identity, and cultural environment.
- (b) The course of basic training for peace officers shall include adequate instruction on racial, identity, and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial, identity, and cultural groups. In developing the training, the commission shall consult with appropriate groups and individuals having an interest and expertise in the field of racial, identity, and cultural awareness and diversity.
- (c) For the purposes of this section the following shall apply:
- (1) "Disability," "gender," "nationality," "religion," and "sexual orientation" have the same meaning as in Section 422.55.
- (2) "Culturally diverse" and "cultural diversity" include, but are not limited to, disability, gender, nationality, religion, and sexual orientation issues.
- (3) "Racial" has the same meaning as "race or ethnicity" in Section 422.55.
- (4) "Stop" has the same meaning as in paragraph (2) of subdivision (g) of Section 12525.5 of the Government Code.
- (d) The Legislature finds and declares as follows:
- (1) The working men and women in California law enforcement risk their lives every day. The people of California greatly appreciate the hard work and dedication of peace officers in protecting public safety. The good name of these officers should not be tarnished by the actions of those few who commit discriminatory practices.
- (2) Racial or identity profiling is a practice that presents a great danger to the fundamental principles of our Constitution and a democratic society. It is abhorrent and cannot be tolerated.
- (3) Racial or identity profiling alienates people from law enforcement, hinders community policing efforts, and causes law enforcement to lose credibility and trust among the people whom law enforcement is sworn to protect and serve.
- (4) Pedestrians, users of public transportation, and vehicular occupants who have been stopped, searched, interrogated, and subjected to a property seizure by a peace officer for no reason other than the color of their skin,

7/22/2019 Law section

national origin, religion, gender identity or expression, housing status, sexual orientation, or mental or physical disability are the victims of discriminatory practices.

- (5) It is the intent of the Legislature in enacting the changes to this section made by the act that added this paragraph that additional training is required to address the pernicious practice of racial or identity profiling and that enactment of this section is in no way dispositive of the issue of how the state should deal with racial or identity profiling.
- (e) "Racial or identity profiling," for purposes of this section, is the consideration of, or reliance on, to any degree, actual or perceived race, color, ethnicity, national origin, age, religion, gender identity or expression, sexual orientation, or mental or physical disability in deciding which persons to subject to a stop or in deciding upon the scope or substance of law enforcement activities following a stop, except that an officer may consider or rely on characteristics listed in a specific suspect description. The activities include, but are not limited to, traffic or pedestrian stops, or actions during a stop, such as asking questions, frisks, consensual and nonconsensual searches of a person or any property, seizing any property, removing vehicle occupants during a traffic stop, issuing a citation, and making an arrest.
- (f) A peace officer shall not engage in racial or identity profiling.
- (g) Every peace officer in this state shall participate in expanded training as prescribed and certified by the Commission on Peace Officers Standards and Training.
- (h) The curriculum shall be evidence-based and shall include and examine evidence-based patterns, practices, and protocols that make up racial or identity profiling, including implicit bias. This training shall prescribe evidence-based patterns, practices, and protocols that prevent racial or identity profiling. In developing the training, the commission shall consult with the Racial and Identity Profiling Advisory Board established pursuant to subdivision (j). The course of instruction shall include, but not be limited to, significant consideration of each of the following subjects:
- (1) Identification of key indices and perspectives that make up racial, identity, and cultural differences among residents in a local community.
- (2) Negative impact of intentional and implicit biases, prejudices, and stereotyping on effective law enforcement, including examination of how historical perceptions of discriminatory enforcement practices have harmed police-community relations and contributed to injury, death, disparities in arrest detention and incarceration rights, and wrongful convictions.
- (3) The history and role of the civil and human rights movement and struggles and their impact on law enforcement.
- (4) Specific obligations of peace officers in preventing, reporting, and responding to discriminatory or biased practices by fellow peace officers.

# AB 953 Stop Data Reporting Regulations ADDENDUM TO STD 399 Submitted by the California Department of Justice

(OAL File No. Z-2016-1129-03)

#### INTRODUCTION

The attached STD 399 form and this addendum are intended to replace the prior STD 399 form and addendum published by the Department of Justice (DOJ) on December 9, 2016.

California's Racial and Identity Profiling Act of 2015 (Stats. 2015, ch. 466 (AB 953)) requires the DOJ to draft and issue regulations to implement the stop data reporting requirements of Government Code section 12525.5. (Gov. Code, § 12525.5, subd. (e).) This new statutory program requires specified state and local law enforcement agencies to collect data on "stops" (as that term is defined in the statute) by their officers and to report that data to the DOJ at least annually. (Id., subd. (a)(1).) The statute defines "stop" as "any detention by a peace officer of a person, or any peace officer interaction with a person in which the peace officer conducts a search, including a consensual search, of the person's body or property in the person's possession or control." (Id., subd. (g)(2).) The statute sets forth a schedule for compliance based on the size of each agency. (Id., subd. (a)(2).) The Legislative Counsel's Digest of AB 953 notes that costs incurred by local agencies because of this state-mandated program are reimbursable:

By imposing a higher level of service on local entities that employ peace officers, the bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

(Legis. Counsel's Dig., Assem. Bill No. 953, Stats. 2015, ch. 466, pp. 4153-4154.) Further, Section 5 of AB 953 provides:

If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

(Stats. 2015, ch. 466, § 5, p. 4159.) Accordingly, costs imposed by the statute itself are reimbursable through the state mandates process. The actual costs that will be incurred by local agencies as a result of the statute's implementation are unknown, and can likely only be determined by the Commission on State Mandates once "test claims" are filed by city and county agencies subject to the stop data reporting requirement of Government Code section 12525.5.

Separate from the statutory costs, the Administrative Procedure Act (APA) requires rulemaking agencies to estimate both the economic costs and fiscal impacts of proposed regulations. Following is a summary of the estimated economic costs to businesses and individuals and fiscal impact of the proposed stop data regulations to state and local agencies.

### ECONOMIC COSTS TO CALIFORNIA BUSINESSES AND INDIVIDUALS

The DOJ has determined these proposed regulations will not impose any significant economic costs on California businesses and individuals.

The DOJ received several comments from law enforcement agencies and individuals during the public comment period suggesting that the stop data collection requirements imposed by Government Code section 12525.5 would result in public safety costs by decreasing officer efficiency or providing a disincentive for officers to conduct "proactive" police work. The commenters did not, however, provide any evidence that prior data collection programs have resulted in any negative public safety outcomes.

Although some of these comments attempted to link the additional officer time to collect data on those elements added by the proposed regulations, these comments as a whole reflected a general concern about the statutory requirement to collect stop data rather than any costs specifically attributable to the proposed regulations. Any such costs, therefore, are more properly attributed to the statute than the regulations.

The DOJ has nevertheless carefully evaluated these comments and consulted with police practice/criminal justice researchers on this issue. These consultations confirmed there is no empirical evidence linking stop data collection to decreased public safety. Accordingly, DOJ reiterates its assessment that the proposed regulations do not impose any significant economic costs on California businesses or individuals.

# ESTIMATED REGULATORY FISCAL IMPACT ON LOCAL AND STATE GOVERNMENT

## A. Agencies Affected

Government Code section 12525.5, subdivision (a) requires "each state and local agency that employs peace officers" to comply with the stop data reporting requirements set forth in subdivisions (b) and (c). The statute incorporates the definition of "peace officer" set forth in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, but then limits that definition "to members of the California Highway Patrol, a city or county law enforcement agency, and California state or university education institution." (Gov. Code § 12525.5, subd. (g)(1).) The statute further limits the definition of "peace officer" to exclude "probation officers and officers in a custodial setting."

Using publicly-available data from the Commission on Peace Officer Standards and Training (POST), the DOJ has identified 415 local and 34 state agencies that will be required to collect

<sup>&</sup>lt;sup>1</sup> For example, Professor Emily Owens of the University of California, Irvine, explains: "I believe that assertions that there will be a substantial impact of the reporting requirements rely on two assumptions that are not obviously supported by existing empirical evidence: first, that the data collection will result in a large reduction in FTEs, and second, that the reduction in FTEs will cause a meaningful increase crime." A copy of Professor Owens letter, and similar comments from academics, has been added to the rulemaking file [Z-2016-1129-03-01884].

and submit stop data pursuant to Government Code section 12525.5.<sup>2</sup> Each of these 449 agencies will, in turn, be subject to the proposed implementing regulations.

Section 12525.5, subdivision (a) sets forth a schedule for agencies to begin collecting and reporting stop data. Subdivision (a)(1) requires each agency to report annually to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year (i.e., January 1 through December 31). Subdivision (a)(2) sets out a schedule of reporting deadlines for the initial stop data report to the Attorney General by agency size according to the following schedule:

|      |         | Deadline to Report |                       |       | x. No.<br>encies |
|------|---------|--------------------|-----------------------|-------|------------------|
| ller | Agency  | Data to the DOJ    | Data Collection       | Local | State            |
| 1    | 1,000+  | 4/1/2019           | 1/1/2018              | 8     | 1                |
| 2    | 667-999 | 4/1/2020           | 1/1/2019              | 5     | 0                |
| 3    | 334-666 | 4/1/2022           | 1/1/2021              | 10    | 0                |
| 4    | 1-333   | 4/1/2023           | 1/1/2022              | 392   | 33               |
|      |         |                    | Total Agencies (449): | 415   | 34               |

Therefore, the total estimated fiscal impacts will not accrue within one calendar year. Rather, agencies' one-time costs will accrue on a rolling basis until the last agencies' deadline to first begin reporting stop data, with additional annual ongoing costs thereafter.

#### **B.** Prior Estimates

The legislative history of AB 953 provides some analysis of the total cost to local and state agencies to implement the statutory reporting requirement. In addition, the DOJ conducted its own survey of law enforcement agencies in May-June 2016 in order to inform its rulemaking process. That survey provided an opportunity for agencies to estimate the cost to implement the data collection and reporting requirements. Because the survey was conducted before these proposed regulations were drafted, the survey estimates—like those estimates provided to the Legislature—were necessarily limited to the statutory rather than regulatory costs. Nevertheless, a brief summary of both is included below to provide greater context to the DOJ's estimated fiscal impact of the regulations.

# 1. Legislative History (Statutory Costs)

On August 17, 2015, the Senate Committee on Appropriations held a hearing on AB 953. Its analysis of the bill included the following information regarding AB 953's fiscal impact related to data collection and reporting by local agencies:

<sup>&</sup>lt;sup>2</sup> The actual number of officers and agencies in each reporting tier may vary as agencies add or subtract officers prior to the start of stop data collection. (See proposed 11 CCR § 999.227, subd. (a)(8) ["On January 1 of each year, each reporting agency shall count the number of peace officers it employs that are subject to this chapter to determine the date that agency must start collecting stop data and reporting to the Department pursuant to Government Code section 12525.5, subdivisions (a)(1) and (a)(2)."].)

## Fiscal Impact:

Data collection, reporting, retention, and training: Major one-time and ongoing costs, potentially in the tens of millions of dollars annually to local law enforcement agencies for data collection, reporting, and retention requirements specified in the bill. Additional costs for training on the process would likely be required. There are currently 482 cities and 58 counties in California. To the extent local agency expenditures qualify as a reimbursable state mandate, agencies could claim reimbursement of those costs (General Fund). While costs could vary widely, for context, the Commission on State Mandates' statewide cost estimate for *Crime Statistics Reports for the DOJ* reflects eligible reimbursement of over \$13.6 million per year for slightly over 50 percent of local agencies reporting.

(Sen. Comm. on Approp., Rep. on Assem. Bill No. 953 (2015-2016 Reg. Sess.) as amended June 30, 2016, p. 1 [Z-2016-1129-03-01247].)

In addition, on August 4, 2015, the California Police Chiefs Association (CPCA) issued a report voicing its concerns and costs estimates regarding AB 953. In that report, 86 police agencies throughout California provided estimates of the costs associated with implementing the bill's requirements. (California Police Chiefs Association, AB 953: CPCA Concerns and Cost Estimates (Aug. 4, 2015) pp. 6-18 [Z-2016-1129-03-00161].) Of the 86 agencies that reported, two stated they would incur no additional costs, and 26 stated that additional costs were unknown. The remaining 58 agencies provided estimates ranging from \$5,000 to more than \$500,000 of fiscal impacts. Many estimates did not distinguish between one-time and ongoing costs.

## 2. DOJ Survey (Statutory Costs)

Following the passage of AB 953, the DOJ surveyed local and state law enforcement agencies to obtain information on their anticipated one-time technical development and personnel costs, and anticipated costs for training, equipment, and on-going system maintenance to comply with Government Code section 12525.5. For those agencies that declined to complete a survey or omitted fiscal estimates, the DOJ supplemented the survey data with data included in the CPCA report referenced in the previous paragraph.

According to feedback provided by agencies, the anticipated costs of initially implementing the stop data reporting program ranged from \$0 to \$2 million, with additional ongoing costs anticipated, but not specified, in most responses. As these significant variances demonstrate, and based on discussions the Department has had with law enforcement agencies, the cost to local governments will vary widely based on the degree to which their current technical environments can be leveraged to perform the required new functions for the collection and reporting of stop data.

Based on these surveys, the Department estimated that the fiscal impact on state and local agencies to implement the stop data collection program required by Government Code section 12525.5 (and excluding the amount already provided in the DOJ's approved BCP) would be

approximately \$89.9 million in total costs for local agencies and \$5.0 million in total costs for state agencies. The methodology used to obtain that overall estimate is described below:

Factors to Consider: One-time technical development costs generally will be less for those agencies with existing record management systems that can be readily modified to accommodate additional data elements. Further, costs relating to data collection will be less for agencies that currently have mobile data capture equipment and systems. Some agencies are currently collecting stop data and thus reported minimal cost estimates for the implementation of AB 953. Local governments will also incur varied personnel-related costs based on the time needed to enter stop data in the field and associated data processing support. These costs will be greatly affected by the number of peace officers in the agencies and the volume of stops conducted.

Basis of Estimate: AB 953 separates agencies into four reporting categories based on the number of sworn peace officers at the agency (excluding those in a custodial setting). The larger the agency, the sooner it is required to report stop data. The average estimated one-time cost to the vast majority of agencies (those with less than 334 peace officers) totaled \$169,959 based on data submitted by 113 such agencies. Details from 26 of these agencies indicate that roughly 57% of the costs are tied to technical development and 43% are tied to personnel. Estimates from five larger agencies varied considerably, from no cost to \$2 million, depending mainly on the extent of required technical development and whether the agencies are already collecting stop data.

We took the average for each category of agency size, multiplied it by the number of agencies in that category statewide, and calculated the following totals for each category:

|       | Size of   | Average Estimated      | Number of | Total Estimated            |
|-------|-----------|------------------------|-----------|----------------------------|
|       | Agency    | Fiscal Impact          | Agencies  | Fiscal Impact <sup>a</sup> |

| ,     | 667 – 999 | \$272,500              | 5         | \$1,362,500                |

Limitations on Estimates Provided Many agencies from whom we solicited input did not differentiate between one-time costs (system development) and ongoing costs (personnel and system maintenance). Thus, the estimates they provided may have overlooked some cost factors.

<sup>&</sup>lt;sup>3</sup> Unless otherwise indicated, cost estimates have been rounded up to the nearest whole dollar throughout this document. The summed totals in individual charts may therefore appear to be slightly off as a result of rounding in the underlying calculation.

It should also be noted that many agencies indicated they were currently unable to provide cost estimates regarding the implementation of Government Code section 12525.5.

In addition, at the time of the survey the DOJ had not yet developed its plan to provide a no-cost DOJ-hosted web application to collect and report stop data. As set forth below, agencies that elect to use the DOJ-hosted applicable may be able to implement the stop data collection program at significantly lower costs.

# C. Fiscal Estimate Methodology

In order to estimate the total statewide costs to implement the proposed regulations, the DOJ has developed the following methodology to identify the specific costs an agency would accrue to implement each of four plausible methods of data collection: paper collection, relay-to-dispatch, DOJ-hosted application, and agency-hosted data collection process. Each method is described in greater detail below. The regulations do not require any one particular method of data collection: therefore, the DOJ considered each plausible means of data collection to implement the statute itself as part of this fiscal estimate. Each method carries costs and benefits from a fiscal perspective:

- **DOJ-hosted application** may require up-front costs in technology investment to equip officers in the field with a laptop, tablet, or smartphone (although many departments already provide some or all of their officers with such tools), but it eliminates the need for data input services, paper publication, and data storage costs.
- Paper-based collection will require few upfront costs but significant ongoing resources to produce paper forms and to input the data. It will also require some minimal costs to store the data.
- Relay-to-dispatch eliminates the need for paper forms but requires similar costs for data input. It will also require some minimal costs to store the data.
- Modifying an existing agency-hosted data collection process to accommodate the statutory and regulatory requirements—or acquiring such a system—may result in significant upfront costs for technology, as well as ongoing vendor costs to maintain and support the system, but may streamline the data collection process by syncing with other agency data collection requirements. It may be especially challenging and costly for some law enforcement agencies with older record management systems to modify these systems to allow for the collection of stop data. Some agencies are using systems that are 20+ years old. If agencies are unable to make modifications to their existing systems due to the age or other limitations, an alternative would be to use the DOJ AB 953 application or other acceptable submission methods.

Based on the initial survey responses and focus group meetings with law enforcement prior to the initial notice of rulemaking issued December 9, 2016, and insight from the California Justice Information Systems (CJIS), the DOJ has constructed a model to measure the estimated fiscal impact to implement each of the first three methods of data collection: paper-based collection, relay-to-dispatch, and the DOJ-hosted application.

Each of the calculations set forth below relies on three key factors: (1) the estimated number of officers subject to the data collections requirements of Government Code section 12525.5 and

the AB 953 regulations; (2) the estimated number of stops per year upon which agencies will be required to collect and report information; and (3) the method of data collection. Our methodology follows:

#### 1. Estimated Number of Officers

To estimate the number of agencies and peace officers subject to AB 953 and these regulations, as well as the number of agencies in each reporting tier, the DOJ obtained data on the number of non-jail, sworn personnel as of October 31, 2015 from the Commission on Peace Officer Standards and Training (POST). The actual number of officers and agencies in each reporting tier may vary as agencies add or subtract officers prior to the start of stop data collection.

Using the POST data, the DOJ calculated the following number of agencies and officers subject to these reporting requirements:

| Tier | Agency Type       | Agencies | Officers |
|------|-------------------|----------|----------|
| 4    | Local             | . 8      | 25,772   |
| 1    | State             | 1        | 7,226    |
| 2    | Local             | 5        | 3,807    |
|      | Ştate             | 0        | , oʻ     |
| 3    | Local             | 10       | 4,536    |
|      | State             | 0        | 0        |
|      | Local             | 392      | 23,382   |
| 4    | State             | 33       | 799      |
|      | Statewide Totals: | 449      | 65,522   |

## 2. Estimated Number of Stops

The DOJ considered several methods of calculating the total number of stops, including extrapolation from the responses received in our 2016 survey to law enforcement, and determined that the best estimate should be based on comments received from law enforcement agencies during the initial public comment period:

1. The California Police Chief Association provided the following estimate for the total number of stops per year:

The California Highway Patrol (CHP) employs over 7,200 sworn officers and initiates roughly four million total public contacts per year. Since they are almost all vehicle stops, nearly every one would be reportable under these regulations. Conversely, municipal police departments employ over 37,000 officers in California, which does not include the additional 32,000 sworn and reserve sheriff officers. Even with the most conservative estimates, it is not unlikely we will see over 10 million stops reported under these regulations each year when AB953 is fully implemented. With such a high volume of reporting, the individual time it takes to fill out each report becomes increasingly significant.

(Rulemaking File Z-2016-1129-03-01503 to -01504.)

Although it is not clear whether this estimate was intended to include stops by sheriffs' departments, the DOJ elected to assume for purposes of this analysis that sheriffs' departments were excluded from that estimate. In addition, in order to ensure that our fiscal estimate was not too conservative, DOJ assumed that the CHP was also excluded from this estimate. Therefore, for purposes of this analysis, the DOJ assumes that the 10 million annual stops estimated by the California Police Chief Association are apportioned between police departments and state agencies other than the CHP. Using the same POST data discussed above, we determined that these agencies collectively employ 38,710 non-jail sworn officers, resulting in an estimated 258 stops per year per officer employed by a local or state agency other than a sheriff's department or the California Highway Patrol.

2. The DOJ then reviewed comments submitted by sheriff's departments and determined that the highest estimated stops per officer was provided by the Ventura County Sheriff's Department:

The data collection guidelines proposed by your office will have a detrimental impact on public safety in Ventura County and throughout the state. To put the impacts in perspective, in 2016, my deputies responded to more than 35,000 calls for service and conducted more than 62,000 traffic and pedestrian stops that resulted in detentions. This amounts to roughly 100,000 events that would trigger reporting pursuant to AB 953.

(Rulemaking File Z-2016-1129-03-01618.) Using the same POST data discussed above, we determined that the Ventura County Sheriff's Department employs 498 non-jail sworn officers, resulting in an estimated 201 stops per year for each of the 19,586 officers employed by a sheriff's department.

3. Next, the DOJ reviewed comments received from the California Highway Patrol, which estimated a total of 2.8 million stops per year by the 7,226 California Highway Patrol officers.

Extrapolating across the entire universe of agencies identified through the POST data results in the following estimated stops per year by agency type:

| Estimated Stops, by Agency Type (State and Local Combined) |                |             |                   |  |  |
|--|----------------|-------------|-------------------|--|--|
|  | Total Officers | Total Stops | Stops per officer |  |  |
| Sheriff  | 19,586         | 3,936,786   | . 201             |  |  |
| СНР  | 7,226          | 2,800,000   | 387               |  |  |
| Other  | 38,710         | 10,000,000  | 258               |  |  |
| Statewide Totals:  | 65,522         | 16,736,786  | 255               |  |  |

## 3. Method of Data Collection

Although the fiscal estimate provided here is limited to the regulatory costs—as distinct from those costs imposed by existing laws including Government Code section 12525.5—the DOJ's outreach to law enforcement agencies, including the survey discussed above, makes it clear that agencies are thinking about stop data collection holistically in terms of what is required by the statute and regulations together. For that reason, it is our assessment that agencies will select

among the various possible methods of data collection based on the cost of each method as a whole.

In order to determine the most likely method of data collection, the DOJ therefore constructed a model to estimate each agency's cost to collect the stop data elements and values required by both the statute and the proposed regulations using each of three potential methods. For each of method, the DOJ relied upon the following costs, which are explained in greater detail below:

| Cost calculati        | ons (statute | olus regulations    | )  | - san asa - , aasa aan aan aan assa aan aan aa aan |
|-----------------------|--------------|---------------------|--|--|

#### Explanation of Costs Associated with the DOJ-hosted web application:

<u>Technology investment:</u> Agencies that elect to collect stop data using the DOJ application will need to provide all officers in the field with a smartphone, laptop, tablet, or other handheld webenabled device installed with the application. The DOJ is developing the application to be compatible with all common operating systems.

Many law enforcement agencies already collect stop data electronically, as reported in the DOJ's survey; the officers employed by these agencies are likely to already have sufficient technology available in the field to utilize the DOJ application. Other agencies already provide officers in the field with smartphone or similar devices as discovered during our outreach meetings with law enforcement agencies before the regulations were posted for comment. In addition, many if not all patrol cars are equipped with mobile data terminals (MDTs). The DOJ-hosted application will be compatible with that system; therefore, no additional technology purchase or service will be required for officers with access to an MDT in order to collect stop data via the DOJ-hosted app.

As part of a recent grant proposal, CJIS determined that the cost to provide an officer in the field with a compatible device would be \$150 per device (one-time cost) plus \$100 per device per year for connectivity to the DOJ system (ongoing costs) and \$50 per device per year to account for replacement costs, which we have assumed would be amortized over an estimated three-year lifespan of the devices.

Again, these technology costs are not necessarily attributable to the proposed regulations, because an agency that elected to use a DOJ-hosted application to fulfill only the statutory-minimum data collection program (were such an application available) would incur the same costs. Nevertheless, these estimates are provided to illustrate the cost-effectiveness of this method of data collection and to provide an outer limit of the DOJ's estimated statewide costs to implement the statute and the proposed regulations.

Officer time: In order to assess the amount of officer time to complete a stop data collection form—including the specific time attributable to the additional data elements added by the proposed regulations—the DOJ conducted a field test. Nine law enforcement agencies participated in a field test for the AB 953 project in order to provide a measure of the time to complete the stop data form and to test out certain data elements and values in the field. The LEAs were chosen among the nine (9) largest LEAs and designated first reporters, as well as additional LEAs that expressed interest during the initial outreach conducted by the AB 953 team. Those agencies that participated are:

- 1. California Highway Patrol
- 2. Gardena Police Department
- 3. Los Angeles County Sheriff's Department
- 4. Los Angeles Police Department
- 5. Orange County Sheriff's Department
- 6. San Bernardino County Sheriff's Office
- 7. San Diego County Sheriff's Office
- 8. San Diego Police Department
- 9. Ventura City Police Department

These LEAs were provided 30 individualized survey links (one for each officer participating) that would allow each testing officer to enter 14 stops and provide comments during a final

feedback survey. The web tool used to complete the field test randomly placed officers into one of two groups: the first group was assigned to complete a statute-only form for its first seven stops, followed by a statute-plus-regulations form for the remaining stops; the second group started with the statute-plus-regulations form and then finished with the statute-only form. Both forms included a narrative box requiring officers to explain (in 150 characters or fewer) the reason for the stop and, if applicable, the basis for search. In total, 2,928 individual stop records were utilized for analyses. A complete description of the field testing methodology and results has been added to the rulemaking file.

Results of the field test showed a median completion time of approximately 2.5 minutes (145 seconds) per stop. This included 27 seconds to complete the seven (7) additional eliminates added by the regulations based on the definition of "racial profiling" set forth in the Penal Code as well as the recommendations of the Racial and Identity Profiling Advisory Board and public comments to the regulations as originally proposed in December 2016. Those additional data elements are:

- 1. Stop made in response to a call for service (check if "yes").
- 2. Other actions taken by officer during stop (in addition to searches and seizures).
- 3. Officer's perception that the person stopped had limited or no English fluency.
- 4. Perceived or known disability of person stopped.
- 5. Number of officers engaged in actions taken during the stop.
- 6. Officer's years of experience.
- 7. Type of assignment of officer.

It also includes the time to complete the text field for reason for stop (required for all stops) and the text field for "basis for search," which was applicable to only 20% of the stops conducted during the field test. The DOJ has determined that the text fields for these two data values are necessary to satisfy the statutory requirement that officer record the reason for stop and basis for search; therefore, the time to complete these narrative fields has not been included in the fiscal estimate attributed to the regulations. The median time to complete the text field for "reason for stop" was 16.1 seconds; the median time to complete the text field for "basis for search" was 22.4 seconds.

<u>Data transmission:</u> Stop data reports collected via the DOJ-hosted web application will be reported directly to the DOJ. Agencies will not accrue any additional costs for data transmission beyond the connectivity cost set forth above.

<sup>&</sup>lt;sup>6</sup> The templates used in the field test reflect the current data elements and values set forth in the modified proposed regulations to be noticed for a 15-day public comment period in June 2017. Since the time of the field test, the DOJ has simplified or eliminated certain data values and replaced the prior data element "reason for presence at scene" with a simple box to be checked if the stop was made in response to a call for service. The DOJ has also added a new data element for the officer to indicate whether the officer perceives the person stopped to be lesbian, gay, bisexual, or transgender (single yes/no response). The DOJ has determined that none of these changes is likely to increase the time required to complete the form; in fact, replacing the more detailed "reason for presence at scene" with these two yes/no questions is likely to reduce the time to complete the form.

Storage and related costs: Agencies that use the DOJ web application to collect stop data will have two options for data storage:

- Agencies may elect to have the DOJ retain sole possession of the transmitted stop data. In this case, the DOJ will assume responsibility for the requisite 3-year retention period. Because these records will remain in the DOJ's control, agencies will not be responsible for any storage costs.
- As an alternative, agencies may elect to have the DOJ transmit data back to the agency for storage. Because this option is not required by the regulations, any costs associated with this option are not attributable to the regulations.

Because the regulations do not require any minimum period of data storage for those agencies that elect to collect data using the DOJ-hosted application, these agencies will not incur any costs attributable to the regulations to store the data at DOJ.

#### **Explanation of Costs Associated with Paper Data Collection:**

<u>Printing Costs</u>: An agency that elects to implement Government Code section 12525.5 via paper data collection would be required to produce and distribute a stop data form to officers to complete in the field. The main costs to produce the form are attributable to the statute itself, with only de minimus additional costs to produce the slightly longer form that includes the additional data elements set forth in the regulations.

In order to assess these additional costs, the DOJ created two mock forms: one limited to the statutory elements ("statute form") and a second including the additional data elements set forth in these regulations ("statute plus regulations form"). The statute form is two pages; the statute plus regulations form is three pages. Assuming a standard production cost of \$0.08 for the single additional page required to produce the statute plus regulations form will cost \$.08 more per stop compared to the statute form.

Officer Time: In addition to the physical forms, agencies will incur costs in the form of the time it takes an officer to complete the paper forms. For purpose of this analysis, the DOJ assumes that the time to complete a paper form will be less than or equal to the time to complete the web form used in our field test.

<u>Data Input and Transmission:</u> Section 12525.5, subdivision (a) requires agencies "to annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year." The statute is silent on the method of data transmission, although the statutory requirement that the DOJ promulgate regulations that "provide standards, definitions, and technical specifications to ensure uniform reporting practices across all reporting agencies" could readily be understood to indicate that the Legislature intended that all stop data be transmitted electronically to the DOJ. This is consistent with other data transmitted to the DOJ in other law enforcement contexts such as Live Scan fingerprinting.

Although data input is not properly a regulatory cost, the DOJ nevertheless provides an estimate here in the interest of completeness. The data input staff at CJIS determined that the average time required to input a paper stop data form into a spreadsheet would require 167 seconds of time per

stop. Based on an average annual salary of \$60,758.24 for a data clerk (including benefits), the data input cost attributable to the regulations is \$2.05 per stop. Based on this calculation, local agencies would accrue total costs of \$2,814,7276 annually to input 13,730,379 local stop data forms.

Each data input personnel (or fraction thereof) would also require a computer, including a terminal, monitor, keyboard, and mouse. Based on CJIS's research, the DOJ has determined that the necessary computer equipment would cost no more than \$700 per data input person (or fraction thereof).

In addition, AB 953 requires agencies to transmit (or report) data at least annually to the DOJ. The proposed regulations do not increase the reporting frequency, but do provide three methods of data transmission to the DOJ:

Submission of Data. Agencies shall be provided with the following options to submit their stop data to the Department: (1) a web-browser based application, which shall include mobile capabilities for agencies that choose to use the Department's developed and hosted solution to submit stop data; (2) a system-to-system web service for agencies that elect to collect the data in a local system and then submit the data to the Department; and (3) a secured file transfer protocol for agencies that elect to collect the data in a local repository and then submit the data to the Department. Agencies that select option 3 shall be permitted to submit batch uploads of stop data in Excel spreadsheets and other delimited text formats of electronic documentation that complies with the Department's interface specifications.

(Proposed 11 CCR § 999.228, subd. (b).)

Of these three options, only option three (secured file transfer) is applicable for agencies that use paper data collection. The use of secured file transfer is not, however, specific to these regulations, but rather a standard procedure used by law enforcement agencies to transmit sensitive information electronically. To the extent an agency does not already have a secured file transfer protocol in place, CJIS staff intend to provide technical support, bringing the cost at or near zero for this requirement.

<u>Data Storage</u>: An agency that elects to collect data using paper forms will be required by the regulations to maintain that data for three years. The DOJ estimates that one gigabyte of storage is sufficient to store data for 50,000 stops. At an estimated cost of \$200 per gigabyte for three years of storage, an agency will accrue ongoing costs of approximately \$0.0013 per stop.

#### Explanation of Costs Associated with Relay-to-Dispatch:

This method eliminates the need for paper forms. Therefore, the in-field data collection costs will be limited to the officer's time to complete the stop data report.

Because data input would happen real-time via a radio or telephone conversation with the officer in the field (rather than input of a completed stop-data form), the data input time would be equal to the entire time required for an officer to complete the stop data form (including both statutory

and regulatory elements). According to the field test, the average total time to complete a stop data report is 150 seconds. Assuming that it will take twice as long to verbally complete a stop data form, the DOJ estimates that the average time to complete a stop data form via relay-to-dispatch will be 300 seconds, including 54 seconds attributable to regulatory elements. The data input time in this scenario will be equal to the officer's time on the phone or radio to complete the report (300 seconds).

The same options for data transmission and data storage discussed above for paper collection apply to relay-to-dispatch.

#### 4. Agency Costs, by Method of Data Collection

The following chart provides a summary of the one-time, ongoing, and 5-year total (one-time costs plus 4 years of data collection) to implement each of these three methods of data collections, based on the average number of officers in each reporting tier and an estimated 255 stops per year per officer (as explained above). For the purpose of this estimate only, the DOJ assumes that the agency using the DOJ-application would need to purchase a new device for every officer, including ongoing connectivity and replacement costs for each of those devices. In reality, many officers already have access to the necessary hardware and connectivity, as explained above. Nevertheless, even with this assumption, the DOJ application proves to be significantly more cost effective across all levels of agency size:

| Per-A | gency Cost C | alculations, By | Data Collection Met | hød       |             |              |

|       |              |                 | Paper               | \$700     | \$66,177    | \$265,408    |
|       |              |                 | Relay-to-Dispatch   | \$700     | \$123,947   | \$496,488    |

Based on this analysis, it is the DOJ assessment that most agencies—if not all—will elect to use the free DOJ application to collect stop data. The exception may for agencies with existing agency-hosted data collection systems that are able to negotiate with their vendors to modify existing systems at a lower cost (including hardware, software, and officer time). The DOJ therefore assumes for purposes of this fiscal estimate that the costs associated with the DOJ application provide an upper limit on the estimated fiscal impact to implement these regulations.

#### D. Estimated Fiscal Impact on State and Local Agencies

The DOJ's fiscal estimate for local and state agencies applies the same methodology set forth above, with two exceptions:

- 1) The officer's time to collect the required data in the field. As noted above, only 27 seconds of the 150-second median time to the complete the stop data form is attributable to the regulations. Therefore, using the same calculations set forth above, this results in an average regulatory cost of \$0.44 per stop (compared to a combined statute-and-regulatory cost of \$2.43).
- 2) Number of devices. As noted above, many officers in the field already possess the necessary equipment and connectivity to use the DOJ application. For purposes of our statewide fiscal estimates, the DOJ assumes (conservatively) that only 25 percent of officers have such equipment and that 75 percent of officers will require new devices, as well as the associated ongoing costs for connectivity and device replacement.

Although the APA only requires a two-year fiscal estimate, the DOJ provides here an estimate of the annual fiscal costs through full implementation in FY 2023 in order to demonstrate that the proposed regulations remain below the major regulation threshold set forth in the APA. These estimates account for an estimated annual inflation rate of 3%. In addition, the DOJ has assumed that the number of officers and stops will increase at a rate of 0.43% annually. This number is based on the average increase in law enforcement personnel statewide from 2012 through 2016, the time period during which agency employment began to increase again following the great recession. In contrast, the average annual grown from 2003 through 2015 was just 0.23%.

The following costs are accrued in each fiscal year, based on the collection and reporting schedule set forth in Government Code section 12525.5, subdivision (a):

- FY2017-2018: Tier 1 one-time costs and 9 months of data collection
- FY2018-2019: Tier 1 ongoing costs; Tier 2 one-time costs and 9 months of collection
- FY2019-2020: Tiers 1-2 ongoing costs
- FY2020-2021: Tiers 1-2 ongoing costs; Tier 3 one-time costs and 9 months of collection
- FY2021-2022: Tiers 1-3 ongoing costs; Tier 4 one-time costs and 9 months of collection
- FY2022-2023: Tiers 1-4 ongoing costs

#### E. Statutory Implementation Costs Not Affected by the Regulations

As required by the APA, the above analysis is limited to the additional costs to state and local agencies to implement the proposed regulations beyond the minimum cost to implement the statute itself. In order to provide additional context to that analysis, the following is a brief summary of the ways in which the proposed regulations do not expand the data collection and reporting obligations on officers and agencies set forth in Government Code section 12525.5:

#### 1. Officers/Agencies Subject to Reporting

The proposed regulations do not expand the basic reporting requirements of section 12525.5, which mandates that every "state and local agency that employs peace officers shall annually report to the Attorney General data on all stops conducted by that agency's peace officers for the preceding calendar year." (Gov. Code, § 12525.5, subd. (a)(1).) The statute further defines "peace officer," as used in this section, to be "limited to members of the California Highway Patrol, a city or county law enforcement agency, and California state or university educational institutions" and to exclude "probation officers and officers in a custodial setting." The regulations do not extend the reporting requirements to any officers or agencies not otherwise required to report stop data by the statute.

#### 2. "Stops"

The proposed regulations do not expand the definition of "stop" set forth in section 12525.5, subdivision (g)(2), which provides: "For purposes of this section, 'stop' means any detention by a peace officer of a person, or any peace officer interaction with a person in which the peace officer conducts a search, including a consensual search, of the person's body or property in the person's possession or control." For clarity, the regulations reiterate the same definition of "stop." (See proposed 11 CCR § 999.225, subd. (a)(14).) The regulations provide the DOJ's interpretation of how the statutory definition of "stop" should be applied in certain special settings, including schools, emergencies (bomb threats, active shooters, etc.), building and event security, and the execution of search warrants. The regulations mirror the definition of "stop" in the statute, and, in fact, make clear that a number of incidents that might otherwise technically fit the statutory definition of "stop" should be excluded in order to maintain the integrity of the data and to collect information relevant and consistent with the intent of the statute. As a result, the regulations are likely to result in some cost savings to agencies by clarifying that some incidents that might otherwise within the statutory definition of "stop" are not subject to stop data collection.

#### 3. Data Collection

The regulations to do not impose any limitations on how an agency might instruct its officers to collect the data required by the statute and the proposed regulations. The DOJ, in this STD 399, has identified four potential methods of data collection: paper, relay-to-dispatch, a DOJ-provided web application, or an agency-hosted data collection process. The regulations permit agencies to use any of these methods—or any other method that an agency might identify to collect stop data—to collect that data elements set forth in the statute and proposed regulations.

#### 4. Data Transfer

The regulations require the DOJ to accept stop data reports from agencies using any one of the three plausible methods of data transmission available for electronic records; direct upload through a web based browser, system-to-system file transfer, or secure file transfer protocol. The regulations require the DOJ to permit agencies to use any one of these three methods.

#### 5. Review and Redaction

Although the regulations instruct officers not to include personal identifying information in any narrative field and instruct agencies that they must redact any personal identifying information from stop records before they are transmitted to the DOJ (proposed 11 CCR § 999.228, subd. (d)), that provision is included for clarity purposes only. Government Code section 12525.5, subdivision (d) already provides: "State and local law enforcement agencies shall not report the name, address, social security number or other unique personal identifying information of persons stopped, searched, or subjected to a property seizure, for purposes of this section."

In order to comply with this statutory requirement, any agency that collects stop data internally (via paper forms, relay-to-dispatch, or agency-hosted data collection) before transmitting it to the DOJ will be required to review those records and redact any personal identifying information before submitting those records to the DOJ. Similarly, the Information Practices Act only permit agencies to disclose personal identifying information to another government agency "when required by state or federal law." (Civil Code § 1789.24, subd. (f).) Because this review and redaction requirement derives from Government Code section 12525.5 itself (as well as the Information Practices Act), these costs are not attributable to the proposed regulations.

#### 6. Reporting Frequency

Although the regulations permit agencies to submit stop data to the DOJ as frequently as they choose, the regulations do not require agencies to submit data any more frequently than once per year, as required by Government Code section 12525, subdivision (a).

#### 7. Unique Identifier

Although the regulations provide some direction to agencies on how to develop and use unique officer identifiers in order to protect officer confidentiality while satisfying the statutory requirement that agencies report incident-level data to the DOJ, the requirement to develop and maintain such a system flows from the statute and not the proposed regulations.

#### 8. Narratives

The original version of the regulations did not require an open narrative in any categories, instead offering an "other" category for certain elements, such as reason for stop and reason for search. However, we received numerous comments from advocates, academics, as well as the Racial and Identity Profiling Advisory (RIPA) Board, arguing that open narratives, particularly for reason for stop and basis for search, are essential to any data collection of stops.

Based on the public comment received, as well as an analysis of nearly 3,000 stop reports collected during our field test, the DOJ has concluded that a narrative field is necessary in order to collect and report two of the required statutory elements: reason for stop and basis for search. Solely providing officers with a list of pre-determined data values, including an "other" category, from which to select would not satisfy the statutory requirement that reason for stop and basis for search be reported. For that reason, the DOJ has determined that the time to complete these two narrative fields (and any associated technology costs to collect and report these fields) are attributable to the statute itself and not the regulations.

#### 9. Error Correction

The proposed regulations provide for an optional error resolution process by which an agency may correct its data after the data has been transmitted to the DOJ:

In order to ensure compliance with these regulations, a reporting agency, its officers, or both may review the stop data to correct errors before submitting the stop data to the Department. Once the stop data is submitted to the Department, however, an agency can only revise stop data through the Department's error resolution process.

(Proposed 11 CCR § 999.227, subd. (a)(10).) As provided in the regulations, this error correction process is optional; the regulations do not impose any affirmative obligation on agencies to utilize that process.

#### F. Benefits of Data Collection

The benefits of collecting data regarding stops by law enforcement officers have been recognized by law enforcement agencies, advocates, academics, and other stakeholders. The ACLU of North Carolina describes three broad types of benefits that result from enhanced data collection efforts like those required by AB 953 and the proposed regulations:

Data collection has benefits recognized by the law enforcement community, including the Police Executive Research Forum. First, data collection can provide significant information about a department's traffic stops and their results, which can improve a department's efficiency. It can help departments discern whether racial disparities are rooted in the department's culture or in a small number of officers who may need additional training. Most importantly, data collection can help guide dialogue within communities about racially biased policing and show affected community members a police department's willingness to work with them in addressing the issue.

(ACLU of North Carolina, Road Work Ahead, p. 1 (May 2014) at <a href="http://acluofnc.org/files/Road">http://acluofnc.org/files/Road</a> Work Ahead - Data collection report May 2014.pdf [as of Jan. 5, 2017] [Z-2016-1129-03-01721].)

Using this framework, the remainder of this memorandum expands upon the specific benefits we anticipate to result from implementation of AB 953 and the proposed regulations, as originally set forth in the ISOR. Please note, however, that it is difficult to quantify these benefits. As the U.S. Department of Justice explains:

Calculating the benefits from engaging in data collection and analysis is a very difficult matter. In many respects, only potential benefits can be cited. Individual departments will have to determine how far they are willing to go in using the data collected and for what purposes they are willing to use the data.

(Community Oriented Policing Services, How to Correctly Collect and Analyze Racial Profiling Data: Your Reputation Depends on It!, p. 107 (2002) at <a href="https://cops.usdoj.gov/html/cd\_rom/inaction1/pubs/HowToCorrectlyCollectAnalyzeRacialProfilingData.pdf">https://cops.usdoj.gov/html/cd\_rom/inaction1/pubs/HowToCorrectlyCollectAnalyzeRacialProfilingData.pdf</a> [as of Jan. 4, 2017] [Z-2016-1129-03-00727].) Unfortunately, the DOJ has no means at this time to more specifically estimate the economic benefits that may result from either AB 953 or the proposed regulations.

#### a. Improved Agency Efficiency

The first category of anticipated benefits from implementation of AB 953 is improved agency efficiency. Studies have shown that biased policing—whether it is the result of implicit or explicit bias—results in inefficiencies and resource misallocation. As the ACLU of North Carolina explains:

[A] report by the Institute of Race and Justice lists several potential benefits of a strong data collection program. First, it can help provide important information about the characteristics of different types of stops and their results. Second, data on traffic stops could allow law enforcement agencies to be able to address questions about the effectiveness of their traffic stops. This is an often overlooked but important benefit of data collection, given the aforementioned evidence suggesting that officers need to complete an exorbitant number of stops to find contraband.

(Road Work Ahead, p. 12 [fns. omitted].)

For example, a recent assessment of traffic stop data from the San Francisco Police Department found that officers there were significantly more likely to search black drivers after a traffic stop compared to white drivers, and that searches of black drivers were significantly less likely to result in contraband compared to searches of white drivers. (Community Oriented Policing Services, U.S. Department of Justice, Collaborative Reform Initiative: An Assessment of the San Francisco Police Department, p. 75 (Oct. 2016), at <a href="https://ric-zai-inc.com/Publications/cops-w0817-pub.pdf">https://ric-zai-inc.com/Publications/cops-w0817-pub.pdf</a> [as of Jan. 4, 2017] [Z2016-11129-03-00270]; see also New York Civil Liberties Union, Stop-and-Frisk Data, at <a href="http://www.nyclu.org/content/stop-and-frisk-data">http://www.nyclu.org/content/stop-and-frisk-data</a> [as of Jan. 7, 2017] [revealing that nearly 9 out of 10 people stopped and frisked were completely innocent] [Z-2016-1129-03-01908].)

AB 953 and these proposed regulations will enable the Department and the RIPA Board to conduct similar analysis for agencies statewide and develop training recommendations to promote more equitable and efficient policing.

In addition to addressing racial bias, the data collected pursuant to AB 953 and the proposed regulations will help to inform training recommendations across other metrics. For example, data regarding the number of stops of persons with perceived disabilities or limited English proficiency may help alert an agency of the need for enhanced training to provide better, more efficient services to those communities.

#### b. Understanding and Addressing Disparities

Biased policing—whether implicit or explicit, individual or systemic—results in both tangible and intangible costs for law enforcement agencies. At a minimum, agencies expend financial and staff resources to investigate and respond to citizen complaints about racial profiling. (See, e.g., Community Oriented Policing Services, U.S. Department of Justice, Collaborative Reform Initiative: An Assessment of the San Francisco Police Department, p. 62 (Oct. 2016), at <a href="https://ric-zai-inc.com/Publications/cops-w0817-pub.pdf">https://ric-zai-inc.com/Publications/cops-w0817-pub.pdf</a> [as of Jan. 4, 2017] [Z2016-1129-03-000257] [SFPD report discussing the number of complaints received by the SFPD annually alleging racial bias].) In other cases, law enforcement agencies and municipalities may pay steep financial costs to litigate and settle claims related to allegations of bias. (See, e.g., Susanna Capelouto, *Racial profiling costs Arizona county \$22 million*, CNN (Jan. 3, 2014), available at <a href="http://www.cnn.com/2014/01/03/us/racial-profiling-payments">http://www.cnn.com/2014/01/03/us/racial-profiling-payments</a> [as of Jan. 4, 2017] [Z2016-1129-03-02076].)

The data collection required by the proposed regulations will provide invaluable information to understand where disparities exist, address those disparities, and reduce the high costs of both real and perceived disparities. For example, a recent study of the Oakland Police Department's stop data recommended additional targeted training for new officers based upon its findings that less-experienced officers show more racial disparities in their stops. (See ISOR, p. 20, citing Jennifer L. Eberhardt, et al., Strategies for Change: Research Initiatives and Recommendations To Improve Police Community Relations in Oakland, Calif., p. 5 (June 20, 2016), at <a href="https://stanford.box.com/v/Strategies-for-Change">https://stanford.box.com/v/Strategies-for-Change</a> [as of Nov. 21, 2016] [Z-2016-1129-03-01079].) By requiring similar data collection and analysis statewide, AB 953 and the proposed regulations will enable the Department and RIPA Board to detect similar patterns and craft targeted training recommendations to eliminate such disparities.

#### c. Improved Community Relations

In addition to the immediate benefit to law enforcement agencies with respect to obtaining data regarding stops of their officers, an equally important benefit, albeit less quantifiable, of such data collection is its role in enhancing trust between agencies and the communities they serve, as a result of increased transparency and accountability. As the President's Task Force on 21st Century Policing explained:

[L]aw enforcement's obligation is not only to reduce crime but also to do so fairly while protecting the rights of citizens. Any prevention strategy that unintentionally violates civil rights, compromises police legitimacy, or undermines trust is counterproductive from both ethical and cost-benefit perspectives. Ignoring these considerations can have both financial costs (e.g., lawsuits) and social costs (e.g., loss of public support).

(Final Report of the President's Task Force on 21st Century Policing, p. 42 (May 2015) at <a href="https://cops.usdoj.gov/pdf/taskforce/taskforce\_finalreport.pdf">https://cops.usdoj.gov/pdf/taskforce/taskforce\_finalreport.pdf</a> [as of Jan. 4, 2017] [Z-2016-1129-03-01974].)

Agencies expend both financial and staff resources to compensate for a lack of community cooperation as a result of the trust deficit between some law enforcement agencies and the

communities they serve. Although the link between enhanced data collection and improved community relations is well-recognized, it remains the most difficult benefit to quantify:

[I]t has so far been difficult to quantify the benefits of releasing data for the purpose of improved police community relations. "Better community relations" have been loosely observed, with unstandardized, qualitative measurements not fitting neatly into a metrics report.

(R. Sibley, P. Gibbs, and E. Shaw, The benefits of data in criminal justice: Improving police community relations, The Sunlight Foundation (Apr. 30, 2015) at <a href="https://sunlightfoundation.com/2015/04/30/thebenefitsofdataincriminaljusticeimprovingpolicecommunityrelations/">https://sunlightfoundation.com/2015/04/30/thebenefitsofdataincriminaljusticeimprovingpolicecommunityrelations/</a> [as of Jan. 5, 2017] [Z-2016-1129-03-02064].)

Just as policing strategies that undermine legitimacy and trust accrue both financial and social costs, efforts to counteract such trends—like AB 953 and the Department's implementing regulations—accrue corresponding financial and social benefits. The U.S. Department of Justice has recognized similar benefits to data collection:

An additional benefit from data collection is that it focuses attention on the issue, and may result in making members of the community feel that their concerns are at least being addressed in a substantive fashion. If police departments begin to engage their communities and interact with community groups and leaders, as part of the attempt to defuse racial profiling accusations, there may be positive benefits from this as well. The results from analysis of data collected will offer much new information about police practices and patterns, which will allow for valuable discussion and consideration of the appropriate roles for police and community members. And finally, the data collected can show police managers a great deal of information about the efficiency and productivity of the staffing patterns and practices currently employed.

(Community Oriented Policing Services, How to Correctly Collect and Analyze Racial Profiling Data: Your Reputation Depends on It!, p. 107 (2002) at <a href="https://cops.usdoj.gov/html/cd\_rom/inaction1/pubs/HowToCorrectlyCollectAnalyzeRacialProfilingData.pdf">https://cops.usdoj.gov/html/cd\_rom/inaction1/pubs/HowToCorrectlyCollectAnalyzeRacialProfilingData.pdf</a> [as of Jan. 4, 2017] [Z-2016-1129-03-016-1129-03-016-1129-03-01454] [similar].)

Ultimately, as explained in the ISOR:

Increased transparency, including the publication of this data, as required by AB 953, will be an important step in building bridges between the public and law enforcement agencies that will ultimately promote overall public safety for officers and the communities they serve.

Command Training will take place at NTC. The classroom will be designated the morning of the training.

\*\*\*\*Classes 3, 4, 5 and 6 will be held at the Chabad Academy, located at 10785 Pomerado Rd San Diego, Ca 92131\*\*\*\*

Enter off Pomerado Road and turn onto Chabad Center Drive then enter through security gate.

Also, please send this to all people attending the training – we don't want any popped tires and damaged roofs.

- 1) The gate only allows ONE car per green
- 2) Gate code is # (need to press buttons hard)
- 3) There are two entry lanes one on the left to enter the code and one on the right for RFID tags

Some parents and teachers have RFID tags that open the gate automatically. They are able to pass the vehicle entering the code. Even if someone has entered the code and a vehicle passes them on the right hand side (RFID tag lane) — DO NOT FOLLOW THAT CAR IN — tires will get popped. The person will need to re-enter the code before proceeding. Parents/teachers know that RFID tags have right of way.

**DEPARTMENT PROCEDURE AFFECTED:** 7.01

On October 3, 2015, the State of California passed the Racial and Identity Profiling Act (RIPA), also known as Assembly Bill 953. This law requires the collection and submission of data to the Attorney General and is mandated for the following: <u>ALL</u> stops, detentions, searches, including consensual searches, along with interactions that result in force being used.

RIPA has very specific reporting requirements and exceptions for certain events. The Research, Analysis, and Planning/Special Projects Unit has developed an instructional training video to illustrate the legal requirements under RIPA. The video can be found in SuccessFactors and must be viewed by June 26, 2018.

Effective June 27, 2018, all sworn members of the Department shall collect data required per RIPA regulations. Officers must submit the required data before the end of their shift unless exigent circumstances exist.

The data will be collected and submitted via a Department system application that can be accessed through a link on the SDPD Intranet website or through the Mobile for Public Safety (MPS) application. Additionally, all sworn members shall indicate on their officer daily journal when data is collected per RIPA using the MPS application. In the event that the MPS system is temporarily unavailable, the RIPA data will be collected using form PD-953 and entered into the electronic database as soon as possible. The form is located in F: Templates/Patrol Based Forms/AB-953.

Information related to RIPA, along with a PowerPoint that outlines the data collection application and journal instructions can be found in the Department's online resource library. If you have any questions concerning the video or legal requirements, please e-mail Lieutenant Jeff Jordon at jjordon@pd.sandiego.gov.

| Note: Please print a copy of the completion certificate at the end of the video and send it to Officer |

**DEPARTMENT PROCEDURE AFFECTED:** 6

As of June 27, 2018, all sworn members of the Department are mandated to comply with the requirements of the Racial and Identity Profiling Act (RIPA). This includes the collection and submission of data related to the following: all stops, detentions, searches, including consensual searches, along with interactions that result in force being used.

A Field Interview (FI) is any contact or stop in which an officer reasonably suspects that a person has committed, is committing, or is about to commit a crime. Field Interviews require officers to document the crime potential for the individual stopped, and information from the FI is retained in ARJIS and CRMS databases.

Effective immediately, to ensure compliance with the Racial and Identity Profiling Act, a RIPA entry must be completed for every individual listed in a Field Interview (FI) report or ARJIS-1 submitted by an officer.

As a reminder, the data <u>will be collected and submitted</u> through the SDPD Intranet website or through the Mobile for Public Safety application. Officers will submit the RIPA data before the end of their shift, unless exigent circumstances exist.

## AUDITING RIPA DATA COLLECTED BY DEPARTMENT MEMBERS

#### I. PURPOSE

To ensure compliance with the Racial and Identity Profiling Act, supervisors and command staff will systematically audit collected data and document their findings through the inspection and Quarterly Management Report (QMR) process. This will be accomplished by verifying officers are completing RIPA entries, journalizing them, and properly documenting information in their arrest and detention reports.

#### II. BACKGROUND:

Effective July 1, 2018, the Racial and Identity Profiling Act of 2015, otherwise known as "RIPA" or AB 953, required all sworn members of the Department to collect data mandated under the law's provisions.

Department Orders 18-16, 18-25, and 18-27 were sent to all personnel to ensure compliance with this statute. Additionally, all Department Procedures associated with RIPA were updated with the law's requirements and disseminated. Contained within those directions was an advisement that personnel should access the Department's digital resource library and review the AB 953 - RIPA file to meet expectations.

#### III. <u>INSPECTIONS:</u>

#### 1. MONTHLY INSPECTIONS:

Effective immediately, each Commanding Officer will have their sergeants audit the RIPA entries for two (2) members of their squad on a rotating basis monthly and at least twice annually. They will include the information listed below in the note section of their monthly inspections in the format shown.

- a. Sergeants will review the selected officers' daily journals to determine if the journals are being fully completed and RIPA entries are being properly documented on the journal.
- b. The officers' activities for two (2) shifts per month will be analyzed to confirm their arrests, citations and field interviews were accompanied by required RIPA entries.
- c. Two (2) arrest or detention reports completed by the selected officers will be inspected to verify RIPA information documented in Department Order 18-25 was included in the narrative.
- d. Discrepancies must be noted by the sergeant, addressed with the officers inspected, and the next level supervisor should be verbally briefed on missing documentation to determine if ongoing issues are present that need additional corrective action.
- e. Documented contacts (arrests, citations and field interviews) are not always immediately available in ARJIS, at times with delays as long as several weeks. For this reason, a December inspection would utilize data collected from October.

Example Format – Inspection Notes Section:

Officer John Doe #1111

| Journals | Dates Activities   | Reports              | Discrepancies Noted/ |
|----------|--------------------|----------------------|----------------------|
| Complete | Audited            | Reviewed             | Addressed            |
| Yes/No   | 10/1/18<br>10/2/18 | 18-xxxxx<br>18-xxxxx | Yes/No               |

If these categories are not applicable to the selected officer, document with N/A and provide a brief explanation.

f. Commanding Officers will be notified if audits conducted by Data Systems requires an additional review of their personnel's RIPA entries.

#### 2. QUARTERLY MANAGEMENT REPORTS:

Monthly inspections that indicate discrepancies were noted by supervisors while reviewing RIPA information will be explained in the QMR for the command. A brief description about how the discrepancies were addressed shall be documented under the additional audit section of the QMR.

## IV. VERIFYING RIPA ENTRIES

- 1. RIPA contacts made by officers that resulted in an arrest, citation or field interview, as well as their ARJIS documented contacts for arrests, citations and field interviews, are compiled in excel sheets located in the Quarterly Management Reports area under the RIPA Audits folder in the F drive.
- 2. For example, October 2018 can be found at: F:\Quarterly Mgmt. Reports\2nd Qtr FY19Data\RIPA Audits

3. The Excel workbook is protected. Contact Program Manager, Chris Haley, for access.

4. The Excel workbook has three tabs of information located at the bottom of the application for arrests, citations and field interviews. Each tab contains relevant RIPA entries and ARJIS data for that type of activity.

5. To review data for a specific officer, click on the down arrow next to "IdentificationNumber" (column L), and enter the officer's ID number to filter or narrow the data field.

6. When a filter is utilized with an officer's ID number on the *Arrests* tab, the results show *ARREST* reports from ARJIS and *RIPA Arrest* entries. Look for possible discrepancies by comparing the data by dates, times and locations. In most cases, there should be a one-to-one match between ARJIS arrests and RIPA arrests.

The following example in red highlights arrests from ARJIS and RIPA that are likely associated. In this example, there appear to be 6 ARJIS arrests that do not have a corresponding RIPA arrest and 1 RIPA arrest that does not have a corresponding ARJIS arrest. Further research to determine the cause of the possible mismatches should be completed under this scenario.

7. To clear the officer ID filter so that a different officer can be audited, go to the *Data* menu then click on the *Clear* button located next to the highlighted filter button.

#### V. VERIFYING JOURNAL ENTRIES

- 1. Supervisors will compare RIPA documentation and ARJIS activity from the Excel workbook with Officer Daily Journals (ODJ) to ensure officers are properly journalizing their activity and documenting their completion of a RIPA entry.
  - Journals can be found via the Department's Intranet site, by selecting *Officer Daily Journal* from the *SDPD Applications* menu.
- 2. In order to review journals for an officer, supervisors must make sure their squad members are current by checking the Employee Journal Review Center page of the ODJ application. To add or delete an officer, Select *Modify Employee List* button.

3. Enter the employee ID of the officer journal you wish to review and click *Add Employee* button. When finished, click the *Save List* button, then the *ODJ Main Page* button.

4. To review journals for an officer, select the orange button in the *Journal* column of the grid that corresponds to the officer.

5. To review a specific journal, click the *Review* button next to the journal date you want to review.

6. Items to note in the *Journal Summary* section of the report include the *RIPA Stops* counter, *BWC* counter and individual counters for activities logged.

7. Specific entries can be reviewed in the *Journal Details* section of the report. In the example below, the officer correctly journalized a misdemeanor arrest, but did not indicate whether a RIPA entry was made or BWC captured. In the MPS journal process, officers should toggle to select either *yes* or *no* for RIPA and BWC on each contact. If no value is shown in the ODJ report (as seen in this example that lacks a *yes/no*), the officer did not select a value for the required item.

#### VI. VERIFYING INFORMATION IN REPORTS

1. Department Order 18-25 requires officers to document within each arrest or detention report narrative that RIPA information was submitted for each suspect.

2. To ensure compliance with this order, supervisors can review an arrest report from the Excel workbook previously outlined. Click within the cell of the arrest report number to be reviewed and click Ctrl-C keys to copy the booking number. The item selected must be an *ARREST* activity type, and not a *RIPA Arrest* activity type, in order to copy a valid booking number to paste into CRMS or NetRMS.

3. CRMS can be found via the Department's Intranet site, by selecting *CRMS Web* from the *SDPD Applications* menu.

4. From the CRMS Web main page, click the *Query & Retrieval* button.

5. Then paste the booking number into the Booking Number box, using Ctrl-V, and select the *Submit* button

6. Navigate to the Documents page and select the arrest report for viewing. Once the report is visible, review the narrative for the necessary RIPA statement.

If you have any questions regarding the RIPA Audit workflow, please contact Program Manager Chris Haley at 619-531-2401 or e-mail at <a href="mailto:chaley@pd.sandiego.gov">chaley@pd.sandiego.gov</a>.

If you have any questions concerning the legal requirements of AB 953, please e-mail Lieutenant Jeff Jordon at jjordon@pd.sandiego.gov.

For additional documents related to this law, refer to the AB 953-RIPA folder within the Department's Resource Library.

### **DECLARATION OF SERVICE BY EMAIL**

I, the undersigned, declare as follows:

I am a resident of the County of Sacramento and I am over the age of 18 years, and not a party to the within action. My place of employment is 980 Ninth Street, Suite 300, Sacramento, California 95814.

On August 20, 2019, I served the:

- Notice of Complete Test Claim, Schedule for Comments, and Notice of Tentative Hearing Date issued August 20, 2019
- Test Claim filed by the City of San Diego on June 14, 2019

Racial and Identity Profiling, 18-TC-02 Government Code Section 12525.5 and Penal Code Sections 13012 and 13519.4; Statutes 2015, Chapter 466 (AB 953); Statutes 2017, Chapter 328 (AB 1518); California Code of Regulations, Title 11, Sections 999.224, 999.225, 999.226, 999.227, 999.228, and 999.229, Register 2017, No. 46, effective November 7, 2017<sup>1</sup> City of San Diego, Claimant

by making it available on the Commission's website and providing notice of how to locate it to the email addresses provided on the attached mailing list.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that this declaration was executed on August 20, 2019 at Sacramento, California.

Jill L. Magee

Commission on State Mandates 980 Ninth Street, Suite 300 Sacramento, CA 95814 (916) 323-3562

<sup>&</sup>lt;sup>1</sup> Although the claimant incorrectly pled Notice Register Number 2016, 50-2 regarding changes to California Code of Regulations, Title 11, Sections 999.224, 999.225, 999.226, 999.227, 999.228, and 999.229 with a file and effective date of November 7, 2017, the Commission can take judicial notice of Register 2017, No. 46. In this case, Westlaw incorrectly indicates in the history of each of these sections that the update appears in Register 2017, No. 45 when in fact the adoption of these changes appears in Register 2017, No. 46.
