**RE: Notice of Extension Request Approval**

*California Regional Water Quality Control Board, San Diego Region,  
Order No. R9-2010-0016, 11-TC-03*

County of Riverside, Riverside County Flood Control and Water Conservation District,  
Cities of Murrieta, Temecula, and Wildomar, Co-Claimants

Dear Ms. Hagan:

On June 16, 2017, the Commission on State Mandates (Commission) received the California Regional Water Quality Control Board, San Diego Region and the State Water Resources Control Board (collectively Water Boards) second request for an extension of time to file the administrative record and comments on the above-captioned Test Claim.

Specifically, the request states that the Water Boards require a 45-day extension beyond the current deadline of July 7, 2017 to file written comments on the Test Claim and to prepare the administrative record for the permit because, among other reasons, the Test Claim identifies at least 13 separate permit provisions as unfunded state mandates and will require extensive time to fully research and prepare a thorough response. In addition, due to the passage of time since the underlying permit was adopted, compiling all of the relevant materials comprising the administrative record is more time consuming than originally anticipated. Additionally, the attorney and staff assigned to test claim matters have competing work priorities and pre-planned vacations that have already been scheduled in June and July.

Section 1187.9(a) of the Commission's regulations provide that so long as a postponement of a hearing would not be required, there is no prejudice to any party or interested party, and there is no other good reason for denial, the request shall be approved.

Therefore, Water Boards' response is now due **August 22, 2017**.

With regard to the administrative record, please include *all* documents that provide evidence that the requirements "were the only means by which the MEP standard could be implemented," to the extent that the boards are asserting that a requirement is necessary to meet MEP, including but not limited to any relevant Report of Waste Discharge (ROWD) for the test claim permit or annual report required to be submitted under the prior permit that the boards rely upon. Please also include relevant evidence (and cite to the evidence and the law in your comments) to support your findings that a requirement is specifically required by federal law.

Ms. Hagan

In addition to other matters pending before the Commission, this matter's tentative hearing date has been updated. This matter is now tentatively set for March 23, 2018.

Sincerely,

A handwritten signature in blue ink, appearing to read "Heather Halsey", with a stylized flourish extending from the end.

Heather Halsey  
Executive Director
