***Re: Response to Draft Proposed Parameters & Guidelines Decision 18-TC-01,
Public School Restrooms: Feminine Hygiene Products***

Dear Ms. Halsey:

Please be advised the following is in response to the *Draft Expedited Parameters & Guidelines* (“Parameters & Guidelines”) dated May 24, 2019 regarding the aforementioned Test Claim.

Commission adopted the Test Claim decision that Education Code section 35292.6, as added by Statutes 2017, chapter 687, constitutes a reimbursable state-mandated program under article XIII B, section 6 of the California Constitution, beginning January 1, 2018, for school districts with schools identified below to stock 50 percent of the school’s restrooms with feminine hygiene products (defined only as tampons and sanitary napkins) at all times at no cost to pupils. This mandate applies to those schools that meet the following criteria:

- Maintain any combination of classes from grade 6 to grade 12, inclusive; *and*
- Meet the 40 percent pupil poverty threshold required to operate a schoolwide program pursuant to section 6314(a)(1)(A) of Title 20 of the United States Code, in that the school is eligible for Title I, Part A funds, and not less than 40 percent of the children enrolled in the school are from low-income families.

However, Commission Staff Drafted Parameters & Guidelines has rejected the Test Claim requesting reimbursement of the new activities that included costs and labor related to the purchase and installation of dispensers as well as school policies and procedures. Section 35292.6 states the following:

**Re: Response to Draft Expedited Proposed Parameters & Guidelines Decision 18-TC-01,
Public School Restrooms: Feminine Hygiene Products**

- (a) A public school maintaining any combination of classes from grade 6 to grade 12, inclusive, that meets the 40 percent pupil poverty threshold required to operate a schoolwide program pursuant to Section 6314(a)(1)(A) of Title 20 of the United States Code *shall stock at least 50 percent of the school's restrooms with feminine hygiene products at all times.* (DPD 18)

Legislative history acknowledges that the mandate would result in school districts incurring costs to purchase and install dispensers and the claimant has filed evidence supporting that cost. Commission staff has ignored the Commission members and legislative intent in recommending that these activities and costs are not reimbursable. (DPD p. 6) Nor does the DPD decision state any method or means for students to access the feminine hygiene products that are to be stocked at all times.

Desert Sands Unified School District (“Claimant”) contends that the legislative intended to reimburse for time and costs pertaining to the installation of dispensers. serving grades 6 to 12 to stock at least 50% of their restrooms with feminine hygiene products. *“The precise cost will depend on the actual number of bathrooms that will require dispensers to be installed as well as the installation cost for each dispenser, which can vary from anywhere as low as several hundred dollars to as high as two to three thousand dollars.* (emphasis added; Assembly Analysis September 6, 2017) The precise cost can vary from anywhere as low as several hundred dollars to as high as two to three thousand dollars. (Senate Rules Committee; September 1, 2017)

Installing dispensers is a reasonable, healthy, safe and effective method to satisfy the statute’s requirement “to stock at least 50 percent of the school’s restrooms with feminine hygiene products at all times.” (Education Code Section 35292.6.)

Claimant requests the Parameters & Guidelines be amended as follows:

1. Stock (***employee time and cost of materials***) 50 percent of the school’s restrooms with feminine hygiene products (defined only as tampons and sanitary napkins) at all times at no cost to pupils. (Ed. Code §35292.6, Stats. 2017, ch. 687.) Reimbursement is not required to stock more than 50 percent of the school’s restrooms with feminine hygiene products or to stock any menstrual products other than tampons and sanitary napkins).
2. ***Purchasing and installation of dispensers, (employee time and cost of materials) serving grades 6 to 12 to stock at least 50% of their restrooms with feminine hygiene products.***
